Preface

This volume contains the general laws of a permanent nature enacted by the General Assembly through the 2001 Regular Session that are within Chapters 105A through 115B, and brings to date the annotations included therein.

A majority of the Session Laws are made effective upon becoming law, but a few provide for stated effective dates. If the Session Law makes no provision for an effective date, the law becomes effective under G.S. 120-20 "from and after 60 days after the adjournment of the session" in which passed.

A ready reference index is included at the back of this volume. This index is intended to give the user a quick reference to larger bodies of statutes within this volume only. For detailed research on any subject, both within this volume and the General Statutes as a whole, see the General Index to the General Statutes.

Beginning with formal opinions issued by the North Carolina Attorney General on July 1, 1969, selected opinions which construe a specific statute are cited in the annotations to that statute. For a copy of an opinion or of its headnotes, write the Attorney General, P.O. Box 629, Raleigh, N.C. 27602.

This recompiled volume has been prepared and published under the supervision of the Department of Justice of the State of North Carolina. The members of the North Carolina Bar are requested to communicate any suggestions they may have for improving the General Statutes to the Department, or to LexisNexis, Charlottesville, Virginia.

ARTICLE 1.

In General.

§ 105A-1. Purposes.

The purpose of this Chapter is to establish as policy that all claimant agencies and the Department of Revenue shall cooperate in identifying debtors who owe money to the State or to a local government through their various agencies and who qualify for refunds from the Department of Revenue. It is also the intent of this Chapter that procedures be established for setting off against any refund the sum of any debt owed to the State or to a local government. Furthermore, it is the legislative intent that this Chapter be liberally construed so as to effectuate these purposes as far as legally and practically possible. (1979, c. 801, s. 94; 1997-490, s. 1.)

Effect of Amendments. — The 1997 amendment, effective January 1, 2000, and applicable to income tax refunds determined on or after that date, deleted the Article I heading, which read "In General", substituted "this Chapter" for "this Article" three times, substituted "or to a local government through their

various" for "through its various claimant" in the first sentence, deleted "such" preceding "refund" in the second sentence, and added "or to a local government" at the end of the second sentence.

Editor's Note. — Session Laws 1987, c. 856, which deleted a reference to the Lenox Baker Children's Hospital near the end of subdivision (1)j, provided in s. 20 that ss. 1 through 19 of the act would be effective only upon agreement by Duke University to the terms of ss. 21 through 26 of the act and certification of that

fact by the Secretary of the Department of Human Resources to the Governor, and that ss. 12 to 17 would then be effective on the date of the transfer. Section 20 further provided that any disputes arising out of the transfer would be resolved by the Director of the Budget. Sections 21 through 26 of the act provided

terms for the transfer of the Lenox Baker Hospital to Duke University. The letter of certification from the Secretary of the Department of Human Resources was dated October 5, 1988, but it appears that this was a typographical error and that October 5, 1987, was the correct date.

Session Laws 1996, Second Extra Session, c. 18, s. 24.30, provides that the Department of Human Resources shall immediately elect the optional Aid to Families with Dependent Children Fraud Control program pursuant to 45 C.F.R. 235.112; that this program is deemed to apply to Work First Cash Assistance, effective July 1, 1996, as well as to AFDC, pursuant to the federal waivers received by the Department on February 5, 1996; that the Department shall award incentive bonuses to counties for claims

recouped; that the Department shall implement a statewide automated system to track fraud claims; and that persons charged with or suspected of AFDC fraud are not subjected to certain actions.

Session Laws 1996, Second Extra Session, c. 18, s. 1.1, provides: "This act shall be known as the Current Operations Appropriations Act of 1996."

Session Laws 1996, Second Extra Session, c. 18, s. 29.5, is a severability clause.

Effect of Amendments. — Session Laws 1997-490, s. 1, effective January 1, 2000, and applicable to income tax refunds determined on or after that date, rewrote this section.

Session Laws 1998-98, s. 38(a), effective January 1, 2000, rewrote subdivision (2)(e).

OPINIONS OF ATTORNEY GENERAL

The Attorney General's office cannot act on behalf of counties under the Setoff Debt Collection Act. See opinion of Attorney General

to Mr. Lew Gary Darden, Fraud Investigator, Sampson County Department of Social Services, 52 N.C.A.G. 10 (1982).

§ 105A-3. Remedy additional; mandatory State usage; optional local usage; obtaining identifying information; registration.

(a) **Remedy Additional.** — The collection remedy under this Chapter is in addition to and not in substitution for any other remedy available by law.

(b) **Mandatory State Usage.** — A State agency must submit a debt owed to it for collection under this Chapter unless the State Controller has waived this requirement or the State agency has determined that the validity of the debt is legitimately in dispute, an alternative means of collection is pending and believed to be adequate, or such a collection attempt would result in a loss of federal funds. The State Controller may waive the requirement for a State agency, other than the Department of Health and Human Services or a county acting on behalf of that Department, to submit a debt owed to it for collection under this Chapter if the State Controller finds that collection by this means would not be practical or cost effective. A waiver may apply to all debts owed a State agency or a type of debt owed a State agency.

(b1) **Optional Local Usage.** — A local agency may submit a debt owed to it for collection under this Chapter. A local agency that decides to submit a debt owed to it for collection under this Chapter must establish the debt by following the procedure set in G.S. 105A-5 and must submit the debt through one of the following:

- (1) A clearinghouse that is established pursuant to an interlocal agreement adopted under Article 20 of Chapter 160A of the General Statutes and has agreed to submit debts on behalf of any requesting local agency.
- (2) The North Carolina League of Municipalities.
- (3) The North Carolina Association of County Commissioners.

(c) **Identifying Information.** — All claimant agencies shall whenever possible obtain the full name, social security number, address, and any other identifying information required by the Department from any person for whom the agencies provide any service or transact any business and who the claimant agencies can foresee may become a debtor under this Chapter.

(d) **Registration and Reports.** — A State agency must register with the Department and with the State Controller. Every State agency must report annually to the State Controller the amount of debts owed to the agency for which the agency did not submit a claim for setoff and the reason for not submitting the claim.

A clearinghouse or an organization that submits debts on behalf of a local agency must register with the Department. Once a clearinghouse registers with the Department under this subsection, no other clearinghouse may register to submit debts for collection under this Chapter. (1979, c. 801, s. 94; 1989 (Reg. Sess., 1990), c. 946, s. 1; 1993, c. 512, s. 4; 1997-443, s. 11A.122; 1997-490, s. 1; 1998-212, s. 12.3A(a), (b).)

Editor's Note. — Session Laws 1998-212, s. 12.3A(c) provides: "The State Controller, in consultation with the Attorney General, shall develop guidelines for State agencies to use in determining under G.S. 105A-3(b) when the validity of a debt is legitimately in dispute, when an alternative means of collection may be considered adequate, and when a collection attempt would result in a loss of federal funds."

Session Laws 1998-212, s. 12.3A(d) provides that the amendment by s. 12.3A(a) expires January 1, 2000.

Session Laws 1998-212, s. 1.1 provides: "This act shall be known as the 'Current Operations Appropriations and Capital Improvement Appropriations Act of 1998'."

Session Laws 1998-212, s. 30.2 provides "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 1998-99 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1998-99 fiscal year."

Session Laws 1998-212, s. 30.5 contains a severability clause.

Session Laws 1997-443, s. 1.1, provides "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 1997.'"

Session Laws 1997-443, s. 35.4, is a severability clause.

Session Laws 1997-490, s. 4, provides that the changes to G.S. 105A-3(d) made by the act are effective September 10, 1997, and that the remainder of the changes made to this section by the act become effective January 1, 2000, and applicable to income tax refunds determined on or after that date.

Effect of Amendments. — Session Laws 1997-490, s. 1, effective January 1, 2000, inserted "State", "optional local usage", and "registration" in the section catchline, inserted the subsection catchlines throughout the section, substituted "Chapter" for "Article" in subsections (a) and (c), rewrote the first sentence of subsection (b), added the last two sentences of subsection (b), added subsection (b1), substituted "the Department" for "rules promulgated by the Department pursuant to G.S. 105A-16" in subsection (c), split subsection (d) into two sentences by substituting "State" for "claimant" in the first sentence, inserting "with the State Controller. Every State agency must", and substituting "State Controller" for "department" in the second sentence, and added the last paragraph of subsection (d). See editor's note for effective date.

Session Laws 1997-443, s. 11A.122, effective August 28, 1997, substituted "Health and Human Services" for "Human Resources" in subdivision (b).

The 1998 amendment by Session Laws 1998-212, s.12.3A(a), effective October 30, 1998 and expiring January 1, 2000, substituted "for which the agency determines that" for "that they are advised by the Attorney General not to submit because", and deleted "because" following "an alternative" and following "adequate, or" in subsection (b).

The 1998 amendment by Session Laws 1998-212, s.12.3A(b), effective January 1, 2000, in subsection (b) substituted "State agency has determined that" for "Attorney General has advised the State agency not to submit the debt because," and deleted "because" preceding "an alternative means" and "such a collection."

CASE NOTES

Tax Refunds. — Section (b) dictates that the North Carolina Department of Human Resources must first obtain an opinion from the Attorney General resending the propriety of collecting a child support arrearage by the interception of a state tax refund before doing so. *Davis v. North Carolina Dep't of Human*

Resources, 349 N.C. 208, 505 S.E.2d 77 (1998).

Before a state agency could intercept the state-income tax refund of a father, the agency had the affirmative duty to seek and obtain the Attorney General's advice or opinion that the child support repayment plan established by the district court was an adequate way of

collecting an arrearage, where the father was current with his court-ordered child support obligation, and the arrearage was a public assistance debt that was incurred before the

father's paternity adjudication. *Davis v. North Carolina Dep't of Human Resources*, 349 N.C. 208, 505 S.E.2d 77 (1998).

§ 105A-4. Minimum debt and refund.

This Chapter applies only to a debt that is at least fifty dollars (\$50.00) and to a refund that is at least this same amount. (1979, c. 801, s. 94; 1997-490, s. 1.)

Effect of Amendments. — The 1997 amendment, effective January 1, 2000, and applicable to income tax refunds determined on

or after that date, substituted "debt and refund" for "sum collectible" in the section catchline, and rewrote the section.

§ 105A-5. Local agency notice, hearing, and decision.

(a) Prerequisite. — A local agency may not submit a debt for collection under this Chapter until it has given the notice required by this section and the claim has been finally determined as provided in this section.

(b) Notice. — A local agency must send written notice to a debtor that the agency intends to submit the debt owed by the debtor for collection by setoff. The notice must explain the basis for the agency's claim to the debt and that the agency intends to apply the debtor's refund against the debt. The notice must also inform the debtor that the debtor has the right to contest the matter by filing a request for a hearing with the local agency, must state the time limits and procedure for requesting the hearing, and must state that failure to request a hearing within the required time will result in setoff of the debt.

(c) Administrative Review. — A debtor who decides to contest a proposed setoff must file a written request for a hearing with the local agency within 30 days after the date the local agency mails a notice of the proposed action to the debtor. A request for a hearing is considered to be filed when it is delivered for mailing with postage prepaid and properly addressed. The governing body of the local agency or a person designated by the governing body must hold the hearing.

If the debtor disagrees with the decision of the governing body or the person designated by the governing body, the debtor may file a petition for a contested case under Article 3 of Chapter 150B of the General Statutes. The petition must be filed within 30 days after the debtor receives a copy of the local decision. Notwithstanding the provisions of G.S. 150B-2, a local agency is considered an agency for purposes of contested cases and appeals under this Chapter.

In a hearing under this section, an issue that has previously been litigated in a court proceeding cannot be considered.

(d) Decision. — A decision made after a hearing under this section must determine whether a debt is owed to the local agency and the amount of the debt.

(e) Return of Amount Set Off. — If a local agency submits a debt for collection under this Chapter without sending the notice required by subsection (b) of this section, the agency must send the taxpayer the entire amount set off plus the collection assistance fee retained by the Department. Similarly, if a local agency submits a debt for collection under this Chapter after sending the required notice but before final determination of the debt and a decision finds that the local agency is not entitled to any part of the amount set off, the agency must send the taxpayer the entire amount set off plus the collection assistance fee retained by the Department. That portion of the amount returned that reflects the collection assistance fee must be paid from the local agency's funds.

If a local agency submits a debt for collection under this Chapter after sending the required notice and the net proceeds collected that are credited to the local agency for the debt exceed the amount of the debt, the local agency must send the balance to the debtor. No part of the collection assistance fee retained by the Department may be returned when a notice was sent and a debt is owed but the debt is less than the amount set off.

Interest accrues on the amount of a refund returned to a taxpayer under this subsection in accordance with G.S. 105-266. A local agency that returns a refund to a taxpayer under this subsection must pay from the local agency's funds any interest that has accrued since the fifth day after the Department mailed the notice of setoff to the taxpayer. (1979, c. 801, s. 94; 1997-490, s. 1.)

Editor's Note. — Session Laws 1997-490, s. 1, which rewrote the section and section catchline, was effective January 1, 1999.

§ 105A-6. Procedure Department to follow in making set-off.

(a) Notice to Department. — A claimant agency seeking to attempt collection of a debt through setoff must notify the Department in writing and supply information necessary to identify the debtor whose refund is sought to be set off. The claimant agency may include with the notification the date, if any, that the debt is expected to expire. The agency must notify the Department in writing when a debt has been paid or is no longer owed the agency.

(b) Setoff by Department. — The Department, upon receipt of notification, must determine each year whether the debtor to the claimant agency is entitled to a refund of at least fifty dollars (\$50.00) from the Department. Upon determination by the Department that a debtor specified by a claimant agency qualifies for such a refund, the Department must set off the debt against the refund to which the debtor would otherwise be entitled and must refund any remaining balance to the debtor. The Department must mail the debtor written notice that the setoff has occurred and must credit the net proceeds collected to the claimant agency. If the claimant agency is a State agency, that agency must credit the amount received to a nonreverting trust account and must follow the procedure set in G.S. 105A-8. (1979, c. 801, s. 94; 1989 (Reg. Sess., 1990), c. 946, s. 2; 1997-490, s. 1.)

Effect of Amendments. — The 1997 amendment, effective January 1, 2000, and applicable to income tax refunds determined on or after that date, substituted the present sec-

tion catchline for "Procedure for setoff", inserted the subsection catchlines, and rewrote the section.

§ 105A-7: Repealed by Session Laws 1997-490, s. 1, effective January 1, 2000, and applicable to income tax refunds determined on or after that date.

§ 105A-8. State agency notice, hearing, decision, and refund of setoff.

(a) Notice. — Within 10 days after a State agency receives a refund of a debtor, the agency must send the debtor written notice that the agency has received the debtor's refund. The notice must explain the debt that is the basis for the agency's claim to the debtor's refund and that the agency intends to apply the refund against the debt. The notice must also inform the debtor that the debtor has the right to contest the matter by filing a request for a hearing,

must state the time limits and procedure for requesting the hearing, and must state that failure to request a hearing within the required time will result in setoff of the debt. A State agency that does not send a debtor a notice within the time required by this subsection must refund the amount set off plus the collection assistance fee, in accordance with subsection (e) of this section.

(b) **Hearing.** — A hearing on a contested claim of a State agency, except a constituent institution of The University of North Carolina or the Employment Security Commission, must be conducted in accordance with Article 3 of Chapter 150B of the General Statutes. A hearing on a contested claim of a constituent institution of The University of North Carolina must be conducted in accordance with administrative procedures approved by the Attorney General. A hearing on a contested claim of the Employment Security Commission must be conducted in accordance with rules adopted by that Commission. A request for a hearing on a contested claim of any State agency must be filed within 30 days after the State agency mails the debtor notice of the proposed setoff. A request for a hearing is considered to be filed when it is delivered for mailing with postage prepaid and properly addressed. In a hearing under this section, an issue that has previously been litigated in a court proceeding cannot be considered.

(c) **Decision.** — A decision made after a hearing under this section must determine whether a debt is owed to the State agency and the amount of the debt.

(d) **Return of Amount Set Off.** — If a State agency fails to send the notice required by subsection (a) of this section within the required time or a decision finds that a State agency is not entitled to any part of an amount set off, the agency must send the taxpayer the entire amount set off plus the collection assistance fee retained by the Department. That portion of the amount returned that reflects the collection assistance fee must be paid from the State agency's funds.

If a debtor owes a debt to a State agency and the net proceeds credited to the State agency for the debt exceed the amount of the debt, the State agency must send the balance to the debtor. No part of the collection assistance fee retained by the Department may be returned when a debt is owed but it is less than the amount set off.

Interest accrues on the amount of a refund returned to a taxpayer under this subsection in accordance with G.S. 105-266. A State agency that returns a refund to a taxpayer under this subsection must pay from the State agency's funds any interest that has accrued since the fifth day after the Department mailed the notice of setoff to the taxpayer. (1979, c. 801, s. 94; 1983, c. 419; 1987, c. 827, s. 16; 1989, c. 539, s. 2; 1997-490, s. 1.)

Effect of Amendments. — The 1997 amendment, effective January 1, 2000, and applicable to income tax refunds determined on

or after that date, rewrote the section and section catchline.

CASE NOTES

A constituent member of The University of North Carolina is not specifically exempted from the hearing procedures of the Setoff Debt Collection Act. In re Willett, 56 N.C.

App. 584, 289 S.E.2d 576, cert. withdrawn as improvidently granted, 306 N.C. 617, 295 S.E.2d 469 (1982).

§ 105A-9. Appeals from hearings.

Appeals from hearings allowed under this Chapter, other than those conducted by the Employment Security Commission, shall be in accordance

with the provisions of Chapter 150B of the General Statutes, the Administrative Procedure Act, except that the place of initial judicial review shall be the superior court for the county in which the debtor resides. Appeals from hearings allowed under this Chapter that are conducted by the Employment Security Commission of North Carolina shall be in accordance with the provisions of Chapter 96 of the General Statutes. (1979, c. 801, s. 94; 1989, c. 539, s. 3; 1997-490, s. 1.)

Effect of Amendments. — The 1997 amendment, effective January 1, 2000, and applicable to income tax refunds determined on or after that date, substituted “Chapter, other than those conducted by the Employment Se-

curity Commission” for “Article” in the first sentence, and substituted “hearings” for “actions” and “Chapter that are” for “Article” in the second sentence.

§§ 105A-10, 105A-11: Repealed by Session Laws 1997-490, s. 1, effective January 1, 2000, and applicable to income tax refunds determined on or after that date.

§ 105A-12. Priorities in claims to setoff.

The Department has priority over all other claimant agencies for collection by setoff whenever it is a competing agency for a refund. State agencies have priority over local agencies for collection by setoff. When there are multiple claims by State agencies other than the Department, the claims have priority based on the date each agency registered with the Department under G.S. 105A-3. When there are multiple claims by two or more organizations submitting debts on behalf of local agencies, the claims have priority based on the date each organization registered with the Department under G.S. 105A-3. When there are multiple claims among local agencies whose debts are submitted by the same organization, the claims have priority based on the date each local agency requested the organization to submit debts on its behalf. (1979, c. 801, s. 94; 1997-490, s. 1.)

Effect of Amendments. — The 1997 amendment, effective January 1, 2000, and

applicable to income tax refunds determined on or after that date, rewrote this section.

§ 105A-13. Collection assistance fees.

(a) State Setoff.— To recover the costs incurred by the Department in collecting debts under this Chapter, a collection assistance fee of no more than fifteen dollars (\$15.00) is imposed on each debt collected through setoff. The Department must collect this fee as part of the debt and retain it. The Department must set the amount of the collection assistance fee based on its actual cost of collection under this Chapter for the immediately preceding year. If the Department is able to collect only part of a debt through setoff, the collection assistance fee has priority over the remainder of the debt. The collection assistance fee shall not be added to child support debts or collected as part of child support debts. Instead, the Department shall retain from collections under Division II of Article 4 of Chapter 105 of the General Statutes the cost of collecting child support debts under this Chapter.

ARTICLE 1.

Withholding of Personal Earnings.

§ 105B-1. Purpose and definitions.

(a) It is the purpose of this Article to enable the State Education Assistance Authority to seek an order of withholding of personal earnings against a debtor who owes money to the Authority through default on a student loan as a means of enforcing a judgment which requires the payment of money to the Authority.

(b) As used in this Article:

- (1) "Annual federal poverty guidelines" means the annual federal poverty guidelines issued by the United States Department of Health and Human Services in effect at the time in question.
- (2) "Authority" means the State Education Assistance Authority as enabled by Article 23 of Chapter 116 of the General Statutes.
- (3) "Debtor" means any individual owing money to the Authority through default on a student loan made, guaranteed or owned by the Authority, which obligation has not been adjudicated satisfied by court order, set aside by court order, or discharged in bankruptcy.
- (4) "Family" means a parent or parents and minor children or spouses that reside together.
- (5) "Family income" means family income as set out in the annual federal poverty guidelines.
- (6) "Mistake of fact" means that the debtor:
 - a. Is not the actual person named in the judgment that is the basis for a withholding action under this section;
 - b. Has satisfied the obligation represented by the judgment in full and is entitled to have the judgment cancelled; or
 - c. Does not have monthly disposable earnings or is not employed by the payor as stated by the Authority in its motion to the court.
 - d. Has family income at or below two hundred percent (200%) of the annual federal poverty guidelines.
- (7) "Payor" means the person, firm, association or corporation by whom the debtor is employed.
- (8) "Student loan" means a loan or loans made to eligible students or parents of students to aid in obtaining an education beyond the high school level. (1989, c. 475, s. 1.)

§ 105B-2. Remedy additional.

The collection remedy under this Article is in addition to and not in substitution for any other remedy available by law. (1989, c. 475, s. 1.)

§ 105B-3. Procedure.

(a) Notwithstanding any other provision of the law, in any case in which the Authority obtains a judgment against a debtor as defined in this Chapter, a judge of the district court in the county where the debtor resides or is found may enter an order of withholding whereby no more than ten percent (10%) of the debtor's monthly disposable earnings shall be withheld for the repayment of the debt owed to the Authority. For purposes of this section, "disposable earnings" is defined as that part of the compensation paid or payable to the debtor for personal services; whether denominated as wages, salary, commission, bonus, or otherwise (including periodic payments pursuant to a pension or retirement program) which remains after the deduction of any amounts required by law to be withheld.

(b) The Authority may move the court for an order of withholding. The motion shall be verified and shall state the name and address of the employer of the debtor, the debtor's monthly disposable earnings from said employer (which may be based upon information and belief, and the amount sought to be withheld, not to exceed ten percent (10%) of the debtor's monthly disposable earnings. The motion shall be accompanied by a letter to the debtor which includes information that the Authority will withdraw the motion if the debtor executes a sworn statement to the Authority that his family income is at or below two hundred percent (200%) of the annual federal poverty guidelines. The letter shall include the definitions of family and family income, the federal poverty guidelines in effect as of the date of the letter, and the procedure to contest the proposed garnishment. The Authority shall provide a form to the debtor for the purpose of securing his sworn statement about the level of his annual family income. The motion shall be served on both the debtor and his alleged employer either personally or by certified mail, return receipt requested as set forth in G.S. 1A-1, Rules of Civil Procedure.

(c) At any time following the filing with the district court of a motion under this section, the debtor may inspect and copy records relating to the debtor or debts at the offices of the Authority.

(d) In lieu of or in conclusion of any legal proceeding instituted under this section, the debtor may enter into a written agreement with the State Education Assistance Authority to establish a schedule for the repayment of the debt or debts by periodic payments made directly to the Authority. Upon acceptance of any such repayment agreement, the Authority shall withdraw the motion for withholding.

(e) Contested Withholding. — The debtor or the payor may contest the withholding only on the basis of mistake of fact. To contest the withholding, the debtor or the payor must, within 30 days from the date of service, request a hearing before the district court by serving a written request upon the court and the Authority which specifies the mistake of fact upon which the hearing request is based. If the asserted mistake of fact can be resolved by agreement between the Authority and the debtor or the payor, whoever has asserted the mistake of fact, no hearing shall occur. Otherwise, a hearing shall be held and a determination made within 30 days of the filing of the request by the debtor or payor. Following the hearing the court may enter an order of withholding not to exceed ten percent (10%) of the debtor's monthly disposable earnings and not to reduce the debtor's annual family income to a point at or below two hundred percent (200%) of the annual federal poverty guidelines. However, the court shall not enter an order of garnishment unless the court makes findings of fact that the family income of the debtor at the time of the hearing exceeds two hundred percent (200%) of the annual federal poverty guidelines. If an order of withholding is entered, a copy of same shall be served on the debtor and the payor either personally or by certified mail, return receipt requested.

The order shall set forth sufficient findings of fact to support the action by the court and the amount to be withheld for each pay period. The order shall be subject to review for modification and dissolution upon the filing of a motion in the cause.

(f) **Uncontested Withholding.** — If neither the debtor nor the payor contests the withholding as provided in subsection (e) within the 30-day response period, the court may, without further hearing, enter an order of withholding not to exceed ten percent (10%) of the debtor's monthly disposable earnings and not to reduce the debtor's annual family income to a point at or below two hundred percent (200%) of the annual federal poverty guidelines. However, the court shall not enter an order of garnishment unless the court makes findings of fact that the family income of the debtor at the time of the hearing exceeds two hundred percent (200%) of the annual federal poverty guidelines. If an order of withholding is entered, a copy of same shall be served on the debtor and the payor either personally or by certified mail, return receipt requested. The order shall set forth sufficient findings of fact to support the action by the court and the amount to be withheld for each pay period. The order shall be subject to review for modification and dissolution upon the filing of a motion in the cause.

(g) Upon receipt of an order of withholding, the payor shall transmit without delay the amount ordered to be withheld to the clerk of superior court who shall disburse it to the State Education Assistance Authority. The amount ordered to be withheld shall be increased by a processing fee of two dollars (\$2.00) to be retained by the payor, unless waived, for each withholding under the order. (1989, c. 475, s. 1.)

§ 105B-4. Prohibited conduct by payor; civil penalty.

(a) Notwithstanding any other provision of law, when a court finds, pursuant to a motion in the cause filed by the Authority joining the payor as a third party defendant, with 30 days notice to answer the motion, that a payor has willfully refused to comply with the provisions of this section, such payor shall be ordered to commence withholding and shall be held liable to the Authority for any amount which such payor should have withheld, except that such payor shall not be required to vary his normal pay or disbursement cycles in order to comply with these provisions.

(b) A payor shall not discharge from employment, refuse to employ, or otherwise take disciplinary action against any debtor because of the withholding. When a court finds that a payor has taken any of these actions, the payor shall be liable for a civil penalty. For a first offense, the civil penalty shall be one hundred dollars (\$100.00). For second and third offenses, the civil penalty shall be five hundred dollars (\$500.00) and one thousand dollars (\$1,000), respectively. Any payor who violates any provision of this paragraph shall be liable in a civil action for reasonable damages suffered by a debtor as a result of the violation, and a debtor discharged or demoted in violation of this paragraph shall be entitled to be reinstated to his former position. The statute of limitations for actions under this subsection shall be one year pursuant to G.S. 1-54.

The clear proceeds of civil penalties provided for in this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(c) Any payor who withholds the sum provided in any notice or order to the payor shall not be liable for any penalties under this section. (1989, ch. 475, s. 1; 1998-215, s. 116.)

§ 105B-5. Termination of withholding.

A requirement that income be withheld under this section shall promptly terminate as to prospective payments when the payor receives notice from the court that the withholding order has expired or become invalid. (1989, c. 475, s. 1.)

§ 106-9: Repealed by Session Laws 1997-74, s. 2.

§ **106-9.1:** Repealed by Session Laws 1995, c. 509, s. 54.

Part 1A. Collection and Refund of Fees and Taxes.

§ **106-9.2. Records and reports required of persons paying fees or taxes to Commissioner or Department; examination of records; determination of amount due by Commissioner in case of non-compliance.**

(a) Every person paying fees or taxes to the Commissioner of Agriculture or to the Department of Agriculture and Consumer Services under the provisions of this Chapter shall keep such records as the Commissioner may prescribe to indicate accurately the fees or taxes due to the Commissioner or Department, and such records shall be preserved for a period of three years, and shall at all times during the business hours of the day be subject to inspection by the Commissioner or his deputies or such other agents as may be duly authorized by the Commissioner. Any person failing to comply with or violating any of the provisions of this section shall be guilty of a Class 1 misdemeanor.

(b) It shall be the duty of the Commissioner of Agriculture, by competent auditors, to have the books and records of every person paying fees or taxes to the Commissioner or Department examined at least once each year to determine if such persons are keeping complete records as provided by this section, and to determine if correct reports have been made to the Commissioner or Department covering the total amount of fees or taxes due by such persons.

(c) If any person shall fail, neglect or refuse to keep such records or to make such reports or pay fees or taxes due as required, and within the time provided in this Chapter, the Commissioner shall immediately inform himself as best he may as to the matters and things required to be set forth in such records and reports, and from such information as he may be able to obtain, determine and fix the amount of fees or taxes due the State from such delinquent person for the period covering the delinquency. The Commissioner shall proceed immediately to collect the fees or taxes due the State, including any penalties and interest thereon, in the manner provided in this Article. (1963, c. 458; 1993, c. 539, s. 736; 1994, Ex. Sess., c. 24, s. 14(c); 1997-261, s. 109.)

§ **106-9.3. Procedure for assessment of fees and taxes.**

(a) If the Commissioner of Agriculture discovers from the examination of any report filed by a taxpayer or otherwise that any fee or tax or additional fee or tax is due from any taxpayer, he shall give notice to the taxpayer in writing of the kind and amount of fee or tax which is due and of his intent to assess the same, which notice shall contain advice to the effect that unless application for a rehearing is made within the time specified in subsection (c), the proposed assessment will become conclusive and final.

If the Commissioner is unable to obtain from the taxpayer adequate and reliable information upon which to base such assessment, the assessment may be made upon the basis of the best information available and, subject to the provisions hereinafter made, such assessment shall be deemed correct.

(b) The notice required to be given in subsection (a) may be delivered to the taxpayer by an agent of the Commissioner or may be sent by mail to the last known address of the taxpayer and such notice will be deemed to have been received in due course of the mail unless the taxpayer shall make an affidavit to the contrary within 90 days after such notice is mailed, in which event the

taxpayer shall be heard by the Commissioner in all respects as if he had made timely application.

(c) Any taxpayer who objects to a proposed assessment of fee or tax or additional fee or tax shall be entitled to a hearing before the Commissioner of Agriculture, provided application therefor is made in writing within 30 days after the mailing or delivery of the notice required by subsection (a). If application for a hearing is made in due time, the Commissioner of Agriculture shall set a time and place for the hearing and after considering the taxpayer's objections shall give written notice of his decision to the taxpayer. The amount of fee or tax or additional fee or tax due from the taxpayer as finally determined by the Commissioner shall thereupon be assessed and upon assessment shall become immediately due and collectible.

Provided, the taxpayer may request the Commissioner at any time within 30 days of notice of such proposed assessment for a written statement, or transcript, of the information and the evidence upon which the proposed assessment is based, and the Commissioner of Agriculture shall furnish such statement, or transcript, to the taxpayer. Provided, further, after request by the taxpayer for such written statement, or transcript, the taxpayer shall have 30 days after the receipt of the same from the Commissioner of Agriculture to apply in writing for such hearing, explaining in detail his objections to such proposed assessment. If no request for such hearing is so made, such proposed assessment shall be final and conclusive.

(d) If no timely application for a hearing is made within 30 days after notice of a proposed assessment of fee or tax or additional fee or tax is given pursuant to subsection (a), such proposed fee or tax or additional fee or tax assessment shall become final without further notice and shall be immediately due and collectible.

(e) Where a proper report has been filed by a taxpayer and in the absence of fraud, the Commissioner of Agriculture shall assess any fee or tax or additional fee or tax due from the taxpayer within three years after the date upon which such report is filed or within three years after the date upon which such report was required by law to be filed, whichever is the later. If no report has been filed, and in the absence of fraud, any fee or tax or additional fee or tax due from a taxpayer may be assessed at any time within five years after the date upon which such report was required by law to be filed. In the event a false and fraudulent report has been filed or there has been an attempt in any manner to fraudulently defeat or evade a fee or tax, any fee or tax or additional fee or tax due from the taxpayer may be assessed at any time.

(f) Except as hereinafter provided in subsection (g), the Commissioner of Agriculture shall have no authority to assess any fee or tax or additional fee or tax under this section until the notice required by subsection (a) shall have been given and the period within which an application for a hearing may be filed has expired, or if a timely application for a hearing is filed, until written notice of the Commissioner's decision has been given to the taxpayer, provided, however that if the notice required by subsection (a) shall be mailed or delivered within the limitation prescribed in subsection (e), such limitation shall be deemed to have been complied with and the proceeding may be carried forward to its conclusion.

(g) Notwithstanding any other provision of this section, the Commissioner of Agriculture shall have authority at any time within the applicable period of limitations to proceed at once to assess any fee or tax or additional fee or tax which he finds is due from a taxpayer if, in his opinion, the collection of such fee or tax is in jeopardy and immediate assessment is necessary in order to protect the interest of the State, provided, however, that if an assessment is made pursuant to the authority set forth in this subsection before the notice required by subsection (a) is given, such assessment shall not be valid unless

the notice required by subsection (a) shall be given within 30 days after the date of such assessment.

(h) All assessments of fees or taxes or additional fees or taxes (exclusive of penalties assessed thereon) shall bear interest at the rate of one half of one percent (0.5%) per month or fraction thereof from the time said fees or taxes or additional fees or taxes were due to have been paid until paid. (1963, c. 458.)

§ 106-9.4. Collection of delinquent fees and taxes.

(a) If any fee or tax imposed by this Chapter, or any other fee or tax levied by the State and payable to the Commissioner of Agriculture or the Department of Agriculture and Consumer Services, or any portion of such fee or tax, be not paid within 30 days after the same becomes due and payable, and after the same has been assessed, the Commissioner of Agriculture shall issue an order under his hand and official seal, directed to the sheriff of any county of the State commanding him to levy upon and sell the real and personal property of the taxpayer found within his county for the payment of the amount thereof, with the added penalties, additional taxes, interest, and cost of executing the same, and to return to the Commissioner of Agriculture the money collected by virtue thereof within a time to be therein specified, not less than 60 days from the date of the order. The said sheriff shall, thereupon, proceed upon the same in all respects with like effect and in the same manner prescribed by law in respect to executions issued against property upon judgments of a court of record, and shall be entitled to the same fees for his services in executing the order, to be collected in the same manner.

(b) Bank deposits, rents, salaries, wages, and all other choses in action or property incapable of manual levy or delivery, hereinafter called the intangible, belonging, owing, or to become due to any taxpayer subject to any of the provisions of this Chapter, or which has been transferred by such taxpayer under circumstances which would permit it to be levied upon if it were tangible, shall be subject to attachment or garnishment as herein provided, and the person owing said intangible, matured or unmatured, or having same in his possession or control, hereinafter called the garnishee, shall become liable for all sums due by the taxpayer under this Chapter to the extent of the amount of the intangible belonging, owing, or to become due to the taxpayer subject to the setoff of any matured or unmatured indebtedness of the taxpayer to the garnishee. To effect such attachment or garnishment the Commissioner of Agriculture shall serve or cause to be served upon the taxpayer and the garnishee a notice as hereinafter provided, which notice may be served by any deputy or employee of the Commissioner of Agriculture or by any officer having authority to serve summonses. Said notice shall show:

- (1) The name of the taxpayer and his address, if known;
- (2) The nature and amount of the fee or tax, and the interest and penalties thereon, and the year or years for which the same were levied or assessed, and
- (3) Shall be accompanied by a copy of this subsection, and thereupon the procedure shall be as follows:

If the garnishee has no defense to offer or no setoff against the taxpayer, he shall, within 10 days after service of said notice, answer the same by sending to the Commissioner of Agriculture by registered mail a statement to that effect, and if the amount due or belonging to the taxpayer is then due or subject to his demand, it shall be remitted to the Commissioner with said statement, but if said amount is to mature in the future, the statement shall set forth that fact and the same shall be paid to the Commissioner upon maturity, and any payment by the garnishee hereunder shall be a complete extinguishment of any liability therefor on his part to the taxpayer. If the garnishee has any

defense or setoff, he shall state the same in writing under oath, and, within 10 days after service of said notice, shall send two copies of said statement to the Commissioner by registered mail; if the Commissioner admits such defense or setoff, he shall so advise the garnishee in writing within 10 days after receipt of such statement and the attachment or garnishment shall thereupon be discharged to the amount required by such defense or setoff, and any amount attached or garnished hereunder which is not affected by such defense or setoff shall be remitted to the Commissioner as above provided in cases where the garnishee has no defense or setoff, and with like effect. If the Commissioner shall not admit the defense or setoff, he shall set forth in writing his objections thereto and shall send a copy thereof to the garnishee within 10 days after receipt of the garnishee's statement, or within such further time as may be agreed on by the garnishee, and at the same time he shall file a copy of said notice, a copy of the garnishee's statement, and a copy of his objections thereto in the superior court of the county where the garnishee resides or does business where the issues made shall be tried as in civil actions.

If judgment is entered in favor of the Commissioner of Agriculture by default or after hearing, the garnishee shall become liable for the fee or taxes, interest and penalties due by the taxpayer to the extent of the amount over and above any defense or setoff of the garnishee belonging, owing, or to become due to the taxpayer, but payments shall not be required from amounts which are to become due to the taxpayer until the maturity thereof, nor shall more than ten percent (10%) of any taxpayer's salary or wages be required to be paid hereunder in any one month. The garnishee may satisfy said judgment upon paying said amount, and if he fails to do so, execution may issue as provided by law. From any judgment or order entered upon such hearing either the Commissioner of Agriculture or the garnishee may appeal as provided by law. If, before or after judgment, adequate security is filed for the payment of said taxes, interest, penalties, and costs, the attachment or garnishment may be released or execution stayed pending appeal, but the final judgment shall be paid or enforced as above provided. The taxpayer's sole remedies to question his liability for said fees or taxes, interest, and penalties shall be those provided in this Article, as now or hereinafter amended or supplemented. If any third person claims any intangible attached or garnished hereunder and his lawful right thereto, or to any part thereof, is shown to the Commissioner, he shall discharge the attachment or garnishment to the extent necessary to protect such right, and if such right is asserted after the filing of said copies as aforesaid, it may be established by interpleader as now or hereafter provided by the General Statutes in cases of attachment and garnishment. In case such third party has no notice of proceedings hereunder, he shall have the right to file his petition under oath with the Commissioner at any time within 12 months after said intangible is paid to him and if the Commissioner finds that such party is lawfully entitled thereto or to any part thereof, he shall pay the same to such party as provided for refunds by G.S. 105-407 and if such payment is denied, said party may appeal from the determination of the Commissioner to the Superior Court of Wake County or to the superior court of the county wherein he resides or does business. The intangibles of a taxpayer shall be paid or collected hereunder only to the extent necessary to satisfy said fees or taxes, interest, penalties, and costs. Except as hereinafter set forth, the remedy provided in this section shall not be resorted to unless a warrant for collection or execution against the taxpayer has been returned unsatisfied: Provided, however, if the Commissioner is of opinion that the only effective remedy is that herein provided, it shall not be necessary that a warrant for collection or execution shall be first returned unsatisfied, and in no case shall it be a defense to the remedy herein provided that a warrant for collection or execution has not been first returned unsatisfied: Provided,

however, that no salary or wage at the rate of less than two hundred dollars (\$200.00) per month, whether paid weekly or monthly, shall be attached or garnished under the provisions of this section.

(c) In addition to the remedy herein provided, the Commissioner of Agriculture is authorized and empowered to make a certificate setting forth the essential particulars relating to the said fee or tax, including the amount thereof, the date when the same was due and payable, the person, firm, or corporation chargeable therewith, and the nature of the fee or tax, and under his hand and seal transmit the same to the clerk of the superior court of any county in which the delinquent taxpayer resides or has property; whereupon, it shall be the duty of the clerk of the superior court of the county to docket the said certificate and index the same on the cross index of judgments, and execution may issue thereon with the same force and effect as an execution upon any other judgment of the superior court; said tax shall become a lien on realty only from the date of the docketing of such certificate in the office of the clerk of the superior court and in personalty only from the date of the levy on such personalty and upon execution thereon no homestead or personal property exemption shall be allowed.

(d) The remedies herein given are cumulative and in addition to all other remedies provided by law for the collection of said fees and taxes. (1963, c. 458; 1997-261, s. 109.)

Editor's Note. — Section 105-407, referred to in the last paragraph of subsection (b), was transferred to § 105-267.1 by Session Laws 1971, c. 806, s. 2. The section was repealed by Session Laws 1991, c. 45, s. 30. As to refund of overpayment, see now § 105-163.16.

§ 106-9.5. Refund of overpayment.

If the Commissioner of Agriculture discovers from the examination of any report, or otherwise, that any taxpayer has overpaid the correct amount of any fee or tax (including penalties, interest and costs, if any), such overpayment shall be refunded to the taxpayer within 60 days after it is ascertained together with interest thereon at the rate of six percent (6%) per annum: Provided, that interest on any such refund shall be computed from a date 90 days after date tax was originally paid by the taxpayer. Provided, further, that demand for such refund is made by the taxpayer within three years from the date of such overpayment or the due date of the report, whichever is later. (1963, c. 458.)

§ 106-9.6. Suits to prevent collection prohibited; payment under protest and recovery of fee or tax so paid.

No court of this State shall entertain a suit of any kind brought for the purpose of preventing the collection of any fee or tax imposed in this Chapter. Whenever a person shall have a valid defense to the enforcement of the collection of a fee or tax assessed or charged against him or his property, such person shall pay such fee or tax to the proper officer, and notify such officer in writing that he pays the same under protest. Such payment shall be without prejudice to any defense or rights he may have in the premises, and he may, at any time within 30 days after such payment, demand the same in writing from the Commissioner of Agriculture; and if the same shall not be refunded within 90 days thereafter, may sue such official in the courts of the State for the amount so demanded. Such suit must be brought in the Superior Court of Wake County, or in the county in which the taxpayer resides. (1963, c. 458.)

Part 2. Commissioner of Agriculture.

§ 106-10. Election; term; vacancy.

The Commissioner of Agriculture shall be elected at the general election for other State officers, shall be voted for on the same ballot with such officers, and his term of office shall be four years, and until his successor is elected and qualified. Any vacancy in the office of such Commissioner shall be filled by the Governor, the appointee to hold until the next regular election to the office and the qualification of his successor. (1901, c. 479, s. 4; Rev., s. 3938; C.S., s. 4675.)

§ 106-11. Salary of Commissioner of Agriculture.

The salary of the Commissioner of Agriculture shall be set by the General Assembly in the Current Operations Appropriations Act. In addition to the salary set by the General Assembly in the Current Operations Appropriations Act, longevity pay shall be paid on the same basis as is provided to employees of the State who are subject to the State Personnel Act. (1901, c. 479, s. 4; 1905, c. 529; Rev., s. 2749; 1907, c. 887, s. 1; 1913, c. 58; C. CASE NOTES

Constitutionality. — Legislation of this character has been upheld by well considered decisions in this and other jurisdictions. *Morgan v. Stewart*, 144 N.C. 424, 57 S.E. 149 (1907).

The authority to make administrative rules is not a delegation of legislative power, and such rules do not become legislation, because violations thereof are punished as "public offenses." *State v. Southern Ry.*, 141 N.C. 846, 54 S.E. 294 (1906).

Cattle and Cattle Diseases. — The State Board of Agriculture has authority to make and enforce regulations for the quarantine of cattle and to prevent their transportation in view of preventing the spreading of contagious diseases. And an owner permitting cattle to run at large in a no-fence county who willfully allows cattle to stray across the line is guilty of a violation of the act. *State v. Garner*, 158 N.C. 630, 74 S.E. 458 (1912).

Subdivision (3) of this section confers power

upon the Commissioner to make regulations prohibiting the transportation of cattle. *State v. Southern Ry.*, 141 N.C. 846, 54 S.E. 294 (1906).

The provision to get rid of the ticks on cattle and prevent infection is a reasonable and valid regulation. *State v. Hodges*, 180 N.C. 751, 105 S.E. 417 (1920).

Judicial Notice of Quarantined District. — Where the quarantine regulations of the United States Department of Agriculture, relating to the transportation of cattle, which were adopted by the State Board of Agriculture, provided that no cattle originating in the quarantined district as therein described should be moved into "that part of Burke south of the Catawba River," the court judicially knows that a shipment of cattle from Burlington to Morganton has been across the line fixed as a quarantine line. *State v. Southern Ry.*, 141 N.C. 846, 54 S.E. 294 (1906).

ARTICLE 4C.

Structural Pest Control Act.

§ 106-65.22. Title.

This Article shall be known by the title of "Structural Pest Control Act of North Carolina of 1955." It is declared to be the policy of this State that the regulation of persons, corporations and firms engaged in the business of

structural pest control in this State, as defined in G.S. 106-65.25, is in the public interest in order to ensure a high quality of workmanship and in order to prevent deception, fraud and unfair trade practices in the conduct of said business. The General Assembly finds that quality of structural pest control work is not easily determined by the general public due to the inaccessibility of the areas treated and the complexity of the methods of treatment. (1955, c. 1017; 1977, c. 231, s. 1.)

§ 106-65.23. Structural Pest Control Division of Department of Agriculture and Consumer Services recreated; Director; powers and duties of Commissioner; Structural Pest Control Committee created; appointment; terms; powers and duties; quorum.

(a) There is recreated, within the North Carolina Department of Agriculture and Consumer Services, a Division to be known as the Structural Pest Control Division. The Commissioner of Agriculture may appoint a Director of the Division, chosen from a list of nominees submitted to him by the Structural Pest Control Committee created in this section, whose duties and authority shall be determined by the Commissioner in consultation with the Committee. The Director shall be responsible for and answerable to the Commissioner of Agriculture and the Structural Pest Control Committee as to the operation and conduct of the Structural Pest Control Division. The Director shall act as secretary to the Structural Pest Control Committee.

(b) The Commissioner shall have the following powers and duties under this Article:

- (1) To administer and enforce the provisions of this Article and the rules adopted thereunder by the Structural Pest Control Committee. - (2) To assign the administrative and enforcement duties assigned to him in this Article.
- (3) To direct, in consultation with the Structural Pest Control Committee, the work of the personnel employed by the Structural Pest Control Committee and the work of the personnel of the Department assigned to perform the administrative and enforcement functions of this Article.

- (5) To monitor existing enforcement programs and to provide evaluations of these programs to the Structural Pest Control Committee.
- (6) To attend all meetings of the Structural Pest Control Committee, but without the power to vote unless the Commissioner attends as the designee on the Committee from the Department of Agriculture and Consumer Services.
- (7) To keep an accurate and complete record of all meetings of the Structural Pest Control Committee and to have legal custody of all books, papers, documents, and other records of the Committee.
- (8) To perform such other duties as may be assigned to him by the Structural Pest Control Committee.

The Governor's initial appointees from the pest control industry shall be appointed as follows: one for a two-year term and one for a three-year term. The Governor shall appoint one member of the Committee who is a public member and who is unaffiliated with the structural pest control industry, the pesticide industry, the Department of Agriculture and Consumer Services, the Department of Health and Human Services and the School of Agriculture at North Carolina State University at Raleigh. The initial public member shall be appointed for a term of two years, commencing July 1, 1991. After the initial appointments by the Governor, all ensuing appointments by the Governor shall be for terms of four years. Any vacancy occurring on the Committee by reason of death, resignation, or otherwise shall be filled by the Governor or the Commissioner of Agriculture, as the case may be, for the unexpired term of the member whose seat is vacant.

(e) Each member of the Committee who is not an employee of the State shall receive as compensation for services per diem and necessary travel expenses

and registration fees in accordance with the provisions as outlined for members of occupational licensing boards and currently provided for in G.S. 93B-5. Such per diem and necessary travel expenses and registration fees shall apply to the same effect that G.S. 93B-5 might hereafter be amended.

During the 90-day period the use of any restricted use pesticide shall be by or under the direct supervision of the certified applicator designated in writing to the Division. (d) Any licensee whose license or certified applicator or operator whose identification card is revoked under the provisions of this Article shall not be eligible to apply for a new license or certified applicator's identification card or registered technician's identification card hereunder until two years have elapsed from the date of the order revoking said license or certified applicator's identification card or registered technician's identification card or if an appeal is taken from said order of revocation, two years from the date of the order or final judgment sustaining said revocation.

(e) The lapsing of a State structural pest control license or certified applicator's identification card or registered technician's identification card by operation of law or the voluntary surrender of said license or said card shall not deprive the Committee of jurisdiction to proceed with any investigation or disciplinary proceedings against such licensee or card holder or to render a decision suspending or revoking such license or card.

(f) The Committee may deny an application for a license, a certified applicator's identification card or a registered technician's identification card of any person whose license, certified applicator's identification card or equivalent thereto has been suspended or revoked in another state within two years prior to the application.

(g) Any pesticide, material, or device for which such information is requested by the Committee pursuant to G.S. 106-65.29(9a) and denied by the registrant or manufacturer shall not be used in any structural pest control performed for compensation and may only be used by an individual performing structural pest control on the individual's own property. The Commissioner shall cause the prompt and diligent investigation of all reports of violations of the provisions of this Article and all rules and regulations adopted pursuant to the provisions hereof; provided, however, no inspection shall be made by a representative of the Commissioner of any property without first securing the permission of the owner or occupant thereof.

Said special inspectors shall take offenders before the several courts of this State for prosecution or other proceedings. The provisions of this section do not apply to any person holding a valid structural pest control license, or a certified applicator’s identification card, or a registered technician’s identification card as issued under the provisions of this Article. (a) Certified Applicator’s Identification Card. — The fee for issuance or renewal of a certified applicator’s identification card shall be thirty dollars (\$30.00). Within 75 days after the employment of a certified applicator, the licensee shall apply to the Division for the issuance of a certified applicator’s identification card. A certified applicator’s identification card shall expire on June 30 of each year and shall be renewed annually. All certified applicators who fail or neglect to renew their card on or before June 30 but make application before January 1 of the following year may have their card renewed without having to be reexamined unless the applicant is scheduled for periodic reexamination under regulations adopted pursuant to G.S. 106-65.27(d)(3). All applicants submitting applications for the renewal of their cards after June 30 shall not use or supervise the use of restricted use pesticides until a new card has been issued.

Any certified applicator whose employment is terminated with a licensee or agent prior to the end of any license year may at any time prior to the end of the license year be reissued a certified applicator's identification card for the remainder of the license year as an employee of another licensee or agency or as an individual for a fee of five dollars (\$5.00). The licensee shall notify the Division of the termination or change in status of any certified applicator.

Any certified applicator whose identification card is lost or destroyed or changed in any way may be reissued a new card for the remainder of the license year for a fee of five dollars (\$5.00).

(b) License. — The fee for the issuance or renewal of a license for any one phase of structural pest control shall be one hundred fifty dollars (\$150.00). Each additional phase shall be sixty-five dollars (\$65.00). The fee for each subphase shall be fifteen dollars (\$15.00). Licenses shall expire on June 30 of each year and shall be renewed annually. All licensees who fail or neglect to renew their license on or before June 30, but who make application before January 1 of the following year, may have their license renewed without having to be reexamined, unless the applicant is scheduled for periodic reexamination under regulations adopted pursuant to G.S. 106-65.27(d)(3). No structural pest control work may be performed until the license has been renewed or until a new license has been issued.

Any licensee whose employment is terminated by his employer or any licensee who is transferred to another company or location other than the company or location shown on his license certificate, may at any time, have his license reissued for the remainder of the license year for a fee of ten dollars (\$10.00).

Any licensee whose license is lost or destroyed may secure a duplicate license for a fee of ten dollars (\$10.00).

The application must be accompanied by a fee of twenty-five dollars (\$25.00) for each card. The card shall be issued in the name of the employee and shall bear the name of the employing licensee, the employer's license number and phases, the name and address of the employer's business, and such other information as the Committee may specify. The identification card shall be carried by the employee on his person at all times while performing any phase of structural pest control work. The card must be displayed upon demand by the Commissioner, the Committee, the Division, or any representative thereof, or the person for whom any phase of structural pest control work is being performed. A registered technician's identification card must be renewed annually on or before June 30 by payment of a renewal fee of twenty-five dollars (\$25.00). If a card is lost or destroyed the licensee may secure a duplicate for a fee of five dollars (\$5.00). The licensee shall notify the Division of the termination or change in status of any registered technician. All identification cards expire when a license expires.

When a license is reissued, the licensee shall be responsible for registering and securing identification cards for all existing employees who engage in structural pest control within 10 days of the reissuance of the license.

A certified applicator who is not an employee of a licensed individual shall register the names of all employees under his supervision who are engaged in the performance of structural pest control with the Division and shall purchase a registered technician's identification card for each such employee.

(b2) No person shall act as an estimator, serviceman, salesman, solicitor, or agent for any licensee under this Article nor shall any such person be issued an identification card by the Committee who has within three years of the date of application for an identification card been convicted of, plead guilty or nolo

contendere, or forfeited bond in any State or federal court for a felony or any violation of the North Carolina Structural Pest Control Act or any regulation promulgated by the Committee. This provision shall not apply to any person whose citizenship has been restored as provided by law.

(b3) No person or business shall advertise as a contractor for structural pest control services nor actually contract for such services unless that person or business advertises or contracts in the name of the company shown on the license certificate of the licensee or identification card of the certified applicator who will perform the services.

(c) Notwithstanding any other provision of this law, the Committee may adopt rules to provide for the issuance of licenses, certified applicator's cards, and registered technician's identification cards with staggered expiration dates and may prorate renewal fees on a monthly basis to implement such rules. (1955, c. 1017; 1957, c. 1243, s. 4; 1967, c. 1184, s. 10; 1973, c. 47, s. 2; c. 556, s. 10; 1975, c. 570, s. 16; 1981, c. 495, s. 2; 1987, c. 368, s. 3; 1989, c. 544, s. 16; c. 725, s. 7; 1991, c. 636, s. 7; 1999-381, s. 9.)

(a) Any person who shall be adjudged to have violated any provision of this Article or who falsifies any records required to be kept by this Article or by the rules and regulations pursuant to this Article or who uses a registered pesticide in a manner inconsistent with its labeling shall be guilty of a Class 2 misdemeanor. In addition, if any person continues to violate or further violates any provision of this Article after written notice from the Committee, the court may determine that each day during which the violation continued or is repeated constitutes a separate violation subject to the foregoing penalties.

(b) Nothing in this Article shall be construed to require the Committee or the Commissioner to initiate, or attempt to initiate, any criminal or administrative proceedings under this Article for a minor violation of this Article whenever the Committee or Commissioner determines that the public interest will be adequately served in the circumstances by a suitable written notice or warning. (1955, c. 1017; 1957, c. 1243, s. 6; 1967, c. 1184, s. 12; 1977, c. 231, s. 11; 1993, c. 539, s. 740; 1994, Ex. Sess., c. 24, s. 14(c); 1999-381, s. 10.)

The amount of this insurance or financial ability shall be determined by the Committee.

(b) Any regulation adopted by the Committee pursuant to G.S. 106-65.29 to implement this section may provide for such conditions, limitations and requirements concerning the financial responsibility required by this section as the Committee deems necessary including but not limited to notice or reduction or cancellation of coverage and deductible provisions. ARTICLE 4E.

Pest Control Compact.

§ 106-65.55. Adoption of Compact.

The Pest Control Compact is hereby enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

PEST CONTROL COMPACT.

Article I. Findings.

The party states find that:

(a) In the absence of the higher degree of cooperation among them possible under this Compact, the annual loss of approximately ten billion dollars (\$10,000,000,000) from the depredations of pests is virtually certain to continue, if not to increase.

(b) Because of varying climatic, geographic and economic factors, each state may be affected differently by particular species of pests; but all states share the inability to protect themselves fully against those pests which present serious dangers to them.

(c) The migratory character of pest infestations makes it necessary for states both adjacent to and distant from one another, to complement each other's activities when faced with conditions of infestation and reinfestation.

(d) While every state is seriously affected by a substantial number of pests, and every state is susceptible of infestation by many species of pests not now causing damage to its crop and plant life and products, the fact that relatively few species of pests present equal danger to or are of interest to all states makes the establishment and operation of an insurance fund, from which individual states may obtain financial support for pest control programs of benefit to them in other states and to which they may contribute in accordance with their relative interests, the most equitable means of financing cooperative pest eradication and control programs.

Article II. Definitions.

As used in this Compact, unless the context clearly requires a different construction:

(a) "State" means a state, territory or possession of the United States, the District of Columbia, and the Commonwealth of Puerto Rico.

(b) "Requesting state" means a state which invokes the procedures of the Compact to secure the undertaking or intensification of measures to control or eradicate one or more pests within one or more other states.

(c) "Responding state" means a state requested to undertake or intensify the measures referred to in subdivision (b) of this Article.

(d) "Pest" means any invertebrate animal, pathogen, parasitic plant or similar or allied organism which can cause disease or damage in any crops, trees, shrubs, grasses or other plants of substantial value.

(e) "Insurance fund" means the Pest Control Insurance Fund established pursuant to this Compact.

(f) "Governing board" means the administrators of this Compact representing all of the party states when such administrators are acting as a body in pursuance of authority vested in them by this Compact.

(g) "Executive committee" means the committee established pursuant to Article V(e) of this Compact.

Article III. The Insurance Fund.

There is hereby established the Pest Control Insurance Fund for the purpose of financing other than normal pest control operations which states may be called upon to engage in pursuant to this Compact. The insurance fund shall contain moneys appropriated to it by the party states and any donations and grants accepted by it. All appropriations, except as conditioned by the rights and obligations of party states expressly set forth in this Compact, shall be unconditional and may not be restricted by the appropriating state to use in the control of any specified pest or pests. Donations and grants may be conditional or unconditional, provided that the insurance fund shall not accept any donation or grant whose terms are inconsistent with any provision of this Compact.

Article IV. The Insurance Fund, Internal Operations and Management.

(a) The insurance fund shall be administered by a governing board and executive committee as hereinafter provided. The actions of the governing board and executive committee pursuant to this Compact shall be deemed the actions of the insurance fund.

(b) The members of the governing board shall be entitled to one vote each on such board. No action of the governing board shall be binding unless taken at a meeting at which a majority of the total number of votes on the governing board are cast in favor thereof. Action of the governing board shall be only at a meeting at which a majority of the members are present.

(c) The insurance fund shall have a seal which may be employed as an official symbol and which may be affixed to documents and otherwise used as the governing board may provide.

(d) The governing board shall elect annually, from among its members, a chairman, a vice-chairman, a secretary and a treasurer. The chairman may not succeed himself. The governing board may appoint an executive director and fix his duties and his compensation, if any. Such executive director shall serve at the pleasure of the governing board. The governing board shall make provision for the bonding of such of the officers and employees of the insurance fund as may be appropriate.

(e) Irrespective of the civil service, personnel or other merit system laws of any of the party states, the executive director, or if there be no executive director, the chairman, in accordance with such procedures as the bylaws may provide, shall appoint, remove or discharge such personnel as may be necessary for the performance of the functions of the insurance fund and shall fix the duties and compensation of such personnel. The governing board in its bylaws shall provide for the personnel policies and programs of the insurance fund.

(f) The insurance fund may borrow, accept or contract for the services of personnel from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation.

(g) The insurance fund may accept for any of its purposes and functions under this Compact any and all donations, and grants of money, equipment, supplies, materials and services, conditional or otherwise, from any state, the United States, or any other governmental agency, or from any person, firm, association or corporation, and may receive, utilize and dispose of the same. Any donation, gift or grant accepted by the governing board pursuant to this paragraph or services borrowed pursuant to paragraph (f) of this Article shall be reported in the annual report of the insurance fund. Such report shall include the nature, amount and conditions, if any, of the donation, gift, grant or services borrowed and the identity of the donor or lender.

(h) The governing board shall adopt bylaws for the conduct of the business of the insurance fund and shall have the power to amend and rescind these bylaws. The insurance fund shall publish its bylaws in convenient form and shall file a copy thereof and a copy of any amendment thereto with the appropriate agency or officer in each of the party states.

(i) The insurance fund annually shall make to the Governor and legislature of each party state a report covering its activities for the preceding year. The insurance fund may make such additional reports as it may deem desirable.

(j) In addition to the powers and duties specifically authorized and imposed, the insurance fund may do such other things as are necessary and incidental to the conduct of its affairs pursuant to this Compact.

Article V. Compact and Insurance Fund Administration.

(a) In each party state there shall be a Compact administrator, who shall be selected and serve in such manner as the laws of his state may provide, and who shall:

(1) Assist in the coordination of activities pursuant to the Compact in his state; and

(2) Represent his state on the governing board of the insurance fund.

(b) If the laws of the United States specifically so provide, or if administrative provision is made therefor within the federal government, the United States may be represented on the governing board of the insurance fund by not to exceed three representatives. Any such representative or representatives of the United States shall be appointed and serve in such manner as may be provided by or pursuant to federal law, but no such representative shall have a vote on the governing board or on the executive committee thereof.

(c) The governing board shall meet at least once each year for the purpose of determining policies and procedures in the administration of the insurance fund and, consistent with the provisions of the Compact, supervising and giving direction to the expenditure of moneys from the insurance fund. Additional meetings of the governing board shall be held on call of the chairman, the executive committee, or a majority of the membership of the governing board.

(d) At such times as it may be meeting, the governing board shall pass upon applications for assistance from the insurance fund and authorize disbursements therefrom. When the governing board is not in session, the executive committee thereof shall act as agent of the governing board, with full authority to act for it in passing upon such applications.

(e) The executive committee shall be composed of the chairman of the governing board and four additional members of the governing board chosen by it so that there shall be one member representing each of four geographic groupings of party states. The governing board shall make such geographic groupings. If there is representation of the United States on the governing board, one such representative may meet with the executive committee. The chairman of the governing board shall be chairman of the executive committee.

No action of the executive committee shall be binding unless taken at a meeting at which at least four members of such committee are present and vote in favor thereof. Necessary expenses of each of the five members of the executive committee incurred in attending meetings of such committee, when not held at the same time and place as a meeting of the governing board, shall be charges against the insurance fund.

Article VI. Assistance and Reimbursement.

(a) Each party state pledges to each other party state that it will employ its best efforts to eradicate, or control within the strictest practicable limits, any and all pests. It is recognized that performance of this responsibility involves:

- (1) The maintenance of pest control and eradication activities of interstate significance by a party state at a level that would be reasonable for its own protection in the absence of this Compact.
- (2) The meeting of emergency outbreaks or infestations of interstate significance to no less an extent than would have been done in the absence of this Compact.

(b) Whenever a party state is threatened by a pest not present within its borders but present within another party state, or whenever a party state is undertaking or engaged in activities for the control or eradication of a pest or pests, and finds that such activities are or would be impracticable or substantially more difficult of success by reason of failure of another party state to cope with infestation or threatened infestation, that state may request the governing board to authorize expenditures from the insurance fund for eradication or control measures to be taken by one or more of such other party states at a level sufficient to prevent, or to reduce to the greatest practicable extent, infestation or reinfestation of the requesting state. Upon such authorization the responding state or states shall take or increase such eradication or control measures as may be warranted. A responding state shall use moneys made available from the insurance fund expeditiously and efficiently to assist in affording the protection requested.

(c) In order to apply for expenditures from the insurance fund, a requesting state shall submit the following in writing:

- (1) A detailed statement of the circumstances which occasion the request for the invoking of the Compact.
- (2) Evidence that the pest on account of whose eradication or control assistance is requested constitutes a danger to an agricultural or forest crop, product, tree, shrub, grass or other plant having a substantial value to the requesting state.
- (3) A statement of the extent of the present and projected program of the requesting state and its subdivisions, including full information as to the legal authority for the conduct of such program or programs and the expenditures being made or budgeted therefor, in connection with the eradication, control, or prevention of introduction of the pest concerned.
- (4) Proof that the expenditures being made or budgeted as detailed in item (3) do not constitute a reduction of the effort for the control or eradication of the pest concerned or, if there is a reduction, the reasons why the level of program detailed in item (3) constitutes a normal level of pest-control activity.
- (5) A declaration as to whether, to the best of its knowledge and belief, the conditions which in its view occasion the invoking of the Compact in the particular instance can be abated by a program undertaken with the aid of moneys from the insurance fund in one year or less, or whether the request is for an installment in a program which is likely to continue for a longer period of time.

(6) Such other information as the governing board may require consistent with the provisions of this Compact.

(d) The governing board or executive committee shall give due notice of any meeting at which an application for assistance from the insurance fund is to be considered. Such notice shall be given to the Compact administrator of each party state and to such other officers and agencies as may be designated by the laws of the party states. The requesting state and any other party state shall be entitled to be represented and present evidence and argument at such meeting.

(e) Upon the submission as required by paragraph (c) of this Article and such other information as it may have or acquire, and upon determining that an expenditure of funds is within the purposes of this Compact and justified thereby, the governing board or executive committee shall authorize support of the program. The governing board or the executive committee may meet at any time or place for the purpose of receiving and considering an application. Any and all determinations of the governing board or executive committee, with respect to an application, together with the reasons therefor shall be recorded and subscribed in such manner as to show and preserve the votes of the individual members thereof.

(f) A requesting state which is dissatisfied with a determination of the executive committee shall, upon notice in writing given within 20 days of the determination with which it is dissatisfied, be entitled to receive a review thereof at the next meeting of the governing board. Determinations of the executive committee shall be reviewable only by the governing board at one of its regular meetings, or at a special meeting held in such manner as the governing board may authorize.

(g) Responding states required to undertake or increase measures pursuant to this Compact may receive moneys from the insurance fund, either at the time or times when such state incurs expenditures on account of such measures, or as reimbursement for expenses incurred and chargeable to the insurance fund. The governing board shall adopt and, from time to time, may amend or revise procedures for submission of claims upon it and for payment thereof.

(h) Before authorizing the expenditure of moneys from the insurance fund pursuant to an application of a requesting state, the insurance fund shall ascertain the extent and nature of any timely assistance or participation which may be available from the federal government and shall request the appropriate agency or agencies of the federal government for such assistance and participation.

(i) The insurance fund may negotiate and execute a memorandum of understanding or other appropriate instrument defining the extent and degree of assistance or participation between and among the insurance fund, cooperating federal agencies, states and any other entities concerned.

Article VII. Advisory and Technical Committees.

The governing board may establish advisory and technical committees composed of State, local, and federal officials, and private persons to advise it with respect to any one or more of its functions. Any such advisory or technical committee, or any member or members thereof may meet with and participate in its deliberations. Upon request of the governing board or executive committee an advisory or technical committee may furnish information and recommendations with respect to any application for assistance from the insurance fund being considered by such board or committee and the board or committee may receive and consider the same: Provided that any participant in a meeting of the governing board or executive committee held pursuant to Article VI(d) of

the Compact shall be entitled to know the substance of any such information and recommendations, at the time of the meeting if made prior thereto or as a part thereof or, if made thereafter, no later than the time at which the governing board or executive committee makes its disposition of the application.

Article VIII. Relations with Nonparty Jurisdictions.

(a) A party state may make application for assistance from the insurance fund in respect of a pest in a nonparty state. Such application shall be considered and disposed of by the governing board or executive committee in the same manner as an application with respect to a pest within a party state, except as provided in this Article.

(b) At or in connection with any meeting of the governing board or executive committee held pursuant to Article VI(d) of this Compact a nonparty state shall be entitled to appear, participate, and receive information only to such extent as the governing board or executive committee may provide. A nonparty state shall not be entitled to review of any determination made by the executive committee.

(c) The governing board or executive committee shall authorize expenditures from the insurance fund to be made in a nonparty state only after determining that the conditions in such state and the value of such expenditures to the party states as a whole justify them. The governing board or executive committee may set any conditions which it deems appropriate with respect to the expenditure of moneys from the insurance fund in a nonparty state and may enter into such agreement or agreements with nonparty states and other jurisdictions or entities as it may deem necessary or appropriate to protect the interests of the insurance fund with respect to expenditures and activities outside of party states.

Article IX. Finance.

(a) The insurance fund shall submit to the executive head or designated officer or officers of each party state a budget for the insurance fund for such period as may be required by the laws of that party state for presentation to the legislature thereof.

(b) Each of the budgets shall contain specific recommendations of the amount or amounts to be appropriated by each of the party states. The requests for appropriations shall be apportioned among the party states as follows: one tenth of the total budget in equal shares and the remainder in proportion to the value of agricultural and forest crops and products, excluding animals and animal products, produced in each party state. In determining the value of such crops and products the insurance fund may employ such source or sources of information as in its judgment present the most equitable and accurate comparisons among the party states. Each of the budgets and requests for appropriations shall indicate the source or sources used in obtaining information concerning value of products.

(c) The financial assets of the insurance fund shall be maintained in two accounts to be designated respectively as the "operating account" and the "claims account." The operating account shall consist only of those assets necessary for the administration of the insurance fund during the next ensuing two-year period. The claims account shall contain all moneys not included in the operating account and shall not exceed the amount reasonably estimated to be sufficient to pay all legitimate claims on the insurance fund for a period of three years. At any time when the claims account has reached its maximum limit or would reach its maximum limit by the addition of moneys requested for

appropriation by the party states, the governing board shall reduce its budget requests on a pro rata basis in such manner as to keep the claims account within such maximum limit. Any moneys in the claims account by virtue of conditional donations, grants or gifts shall be included in calculations made pursuant to this paragraph only to the extent that such moneys are available to meet demands arising out of claims.

(d) The insurance fund shall not pledge the credit of any party state. The insurance fund may meet any of its obligations in whole or in part with moneys available to it under Article IV(g) of this Compact, provided that the governing board takes specific action setting aside such moneys prior to incurring any obligation to be met in whole or in part in such manner. Except where the insurance fund makes use of moneys available to it under Article IV(g) hereof, the insurance fund shall not incur any obligation prior to the allotment of moneys by the party states adequate to meet the same.

(e) The insurance fund shall keep accurate accounts of all receipts and disbursements. The receipts and disbursements of the insurance fund shall be subject to the audit and accounting procedures established under its bylaws. However, all receipts and disbursements of funds handled by the insurance fund shall be audited yearly by a certified or licensed public accountant and a report of the audit shall be included in and become part of the annual report of the insurance fund.

(f) The accounts of the insurance fund shall be open at any reasonable time for inspection by duly authorized officers of the party states and by any persons authorized by the insurance fund.

Article X. Entry into Force and Withdrawal.

(a) This Compact shall enter into force when enacted into law by any five or more states. Thereafter, this Compact shall become effective as to any other state upon its enactment thereof.

(b) Any party state may withdraw from this Compact by enacting a statute repealing the same, but no such withdrawal shall take effect until two years after the executive head of the withdrawing state has given notice in writing of the withdrawal to the executive heads of all other party states. No withdrawal shall affect any liability already incurred by or chargeable to a party state prior to the time of such withdrawal.

Article XI. Construction and Severability.

This Compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this Compact shall be severable and if any phrase, clause, sentence or provision of this Compact is declared to be contrary to the constitution of any state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this Compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this Compact shall be held contrary to the constitution of any state participating herein, the Compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters. (1975, c. 810, s. 1.)

§ 106-65.58. Compact administrator.

The Compact administrator for this State shall be the Commissioner of Agriculture or his designated representative. The duties of the Compact administrator shall be deemed a regular part of the duties of his office. (1975, c. 810, s. 4.)

§ 106-65.59. Request for assistance from insurance fund.

Within the meaning of Article VI(b) or Article VIII(a), a request or application for assistance from the insurance fund may be made by the Commissioner of Agriculture or his designee whenever in his judgment the conditions qualifying this State for such assistance exist and it would be in the best interest of this State to make such request. (1975, c. 810, s. 5.)

§ 106-65.60. Credit for expenditures.

The department, agency, or officer expending or becoming liable for an expenditure on account of a control or eradication program undertaken or intensified pursuant to the Compact shall have credited to his account in the State treasury the amount or amounts of any payments made to this State to defray the cost of such program, or any part thereof, or as reimbursement thereof. The Commissioner is also authorized to promulgate regulations governing the movement of regulated articles from other states or portions thereof into this State when such state is known to be infested with the boll weevil. Before quarantining any area, the Commissioner shall hold a public hearing under such rules as he shall determine, at which hearing any interested party may appear and be heard either in person or by attorney: Provided, however, the Commissioner may promulgate regulations, imposing a temporary quarantine for a period not to exceed 60 days, during which time a public hearing, as herein provided, shall be held if it appears that a quarantine for more than 60 days will be necessary to prevent or retard the spread of the boll weevil. It shall be unlawful for any person to store or handle any regulated article in a quarantined area, or to move into or from a quarantined area any regulated article, except under such conditions as may be prescribed by the regulations promulgated by the Commissioner. (1975, c. 958, s. 7; 1977, c. 507, s. 1.)

The Commissioner is authorized to promulgate reasonable regulations regarding areas where cotton cannot be planted within an elimination zone when he has reason to believe it will jeopardize the success of the program or present a hazard to public health or safety. The Commissioner is authorized to issue regulations prohibiting the planting of noncommercial cotton in such elimination zones, and requiring that all growers of commercial cotton in the elimination zones participate in a

program of boll weevil eradication including cost sharing as prescribed in the regulations. Notice of such prohibition and requirement shall be given by publication for one day each week for three successive weeks in a newspaper having general circulation in the affected area. The Commissioner is authorized to set by regulation a reasonable schedule of penalty fees to be assessed when growers in designated "elimination zones" do not meet the requirements of (G.S. 106-65.73) and participation in cost sharing as prescribed by regulation. Such penalty fees shall not exceed a charge of twenty-five dollars (\$25.00) per acre. When a grower fails to meet the requirements of regulations promulgated by the Commissioner, the Commissioner shall have authority in elimination zones to destroy cotton not in compliance with such regulations. No payment shall be made by the Commissioner to the owner or lessee for the destruction or injury of any cotton which was planted in an elimination zone after publication of notice as provided in G.S. 106-65.74, or which was otherwise handled in violation of this Article or the regulations adopted pursuant thereto. However, the Commissioner shall pay for losses resulting from the destruction of cotton which was planted in such zones prior to promulgation of such notice. (1975, c. 958, s. 10.)

§ 106-65.77. Rules and regulations.

The Commissioner shall have authority to adopt such other rules and regulations as he deems necessary to further effectuate the purposes of this Article. ARTICLE 4G.

Official Cotton Growers' Organization.

§ 106-65.84. Findings and purpose.

The General Assembly of North Carolina finds that due to the interstate nature of boll weevil infestation, it is necessary to secure the cooperation of cotton growers, other State governments and agencies of the federal government, in order to carry out a program of boll weevil suppression and eradication. The purpose of this Article is to provide for the certification of a cotton growers' organization to cooperate with State and federal agencies in the administration of cost-sharing programs for the eradication and suppression of the boll weevil (*Anthonomus grandis* Boheman) and other cotton pests. (1983, c. 136, s. 1.)

§ 106-65.85. Definitions.

As used in this Article:

(a) The Board may certify a cotton growers' organization for the purpose of entering into agreements with the State of North Carolina, other states, the federal government and other parties as may be necessary to carry out the purposes of this Article.

(b) In order to be eligible for certification by the Board, the cotton growers' organization must demonstrate to the satisfaction of the Board that:

- (1) It is a nonprofit organization and could qualify as a tax-exempt organization under section 501(a) of the Internal Revenue Code of 1954 (26 USC 501(a));
- (2) Membership in the organization shall be open to all cotton growers in this State;
- (3) The organization shall have only one class of members with each member entitled to only one vote;
- (4) The organization's board of directors shall be composed of:
 - a. Two cotton growers from this State being appointed by the Commissioner, with the consent of the Board; and

- b. One representative of State government from this State, appointed by the Commissioner, with the consent of the Board.
- (5) All books and records of account and minutes of proceedings of the organization shall be available for inspection or audit by the Commissioner or his representative at any reasonable time; and
- (6) Employees or agents of the growers' organization who handle funds of the organization shall be adequately bonded. (1983, c. 136, s. 3.)

§ 106-65.87. Certification; revocation.

(a) Upon determination by the Board that the organization meets the requirements of the preceding section, the Board shall certify the organization as the official cotton growers' organization. Such certification shall be for the purposes of this Article only, and shall not affect other organizations or associations of cotton growers established for other purposes.

(b) The Board shall certify only one such organization; provided, that the Board may revoke the certification of the organization if at any time the organization shall fail to meet the requirements of this Article. (1983, c. 136, s. 4.)

§ 106-65.88. Referendum; assessments.

(a) At the request of the certified organization, the Board shall authorize a referendum among cotton growers upon the question of whether an assessment shall be levied upon cotton growers in the State to offset, in whole or in part, the cost of boll weevil or other cotton pest eradication and suppression programs authorized by this Article or by any other law of this State.

(b) The assessment levied under this Article shall be based upon the number of acres of cotton planted. The amount of the assessment, the period of time for which it shall be levied, and the geographical area to be covered by the assessment shall be determined by the Board.

(c) All affected cotton growers shall be entitled to vote in any such referendum and the Board shall determine any questions of eligibility to vote.

(d) If at least two-thirds of those voting vote in favor of the assessment, then the assessment shall be collected by the Department from the affected cotton growers.

(e) The assessments collected by the Department under this Article shall be promptly remitted to the certified organization under such terms and conditions as the Commissioner shall deem necessary to ensure that such assessments are used in a sound program of eradication or suppression of the boll weevil or other cotton pests.

(f) The certified organization shall provide to the Department an annual audit of its accounts performed by a certified public accountant.

(g) For the purposes of the Executive Budget Act, G.S. 143-1 et seq., the assessments collected by the Department under this Article shall not be "State funds." (1983, c. 136, s. 5.)

(b) A cotton grower who fails to pay all assessments, including penalties, within 30 days of notice of penalty, shall destroy any cotton plants growing on his acreage which is subject to the assessment. Any such cotton plants which are not destroyed shall be deemed to be a public nuisance. The Commissioner may apply to a court of competent jurisdiction to abate and prevent such nuisance. Upon judgment and order of the court, such nuisance shall be condemned and destroyed in the manner directed by the court. The grower shall be liable for all court costs and fees, and other proper expenses incurred in the enforcement of this section.

(c) In addition to any other remedies for the collection of assessments, including penalties, the Department of Agriculture and Consumer Services has a lien upon cotton subject to such assessments. Provided, that any buyer of cotton shall take free of such lien if he has not received written notice of the lien from the Department or if he has paid for such cotton by a check in which the Department is named as joint payee. In any action to enforce the lien, the burden shall be upon the Department to prove that the buyer of cotton received written notice of the lien. A buyer of cotton other than a person buying cotton from the grower takes free of the lien created herein. (1983, c. 136, s. 7; 1987, c. 293; 1997-261, s. 109.)

- (14) The using by any person to his own advantage, or revealing, other than to the Commissioner or authorized officers or employees of the Department, or to the courts when relevant in any judicial proceeding under this Article, any information acquired under authority of this Article concerning any method or process which as a trade secret is entitled to protection.

§ 106-125. Detention of product or article suspected of being adulterated or misbranded.

(a) Whenever a duly authorized agent of the Department of Agriculture and Consumer Services finds or has probable cause to believe, that any food, drug, device, cosmetic or consumer commodity is adulterated, or so misbranded as to be dangerous or fraudulent within the meaning of this Article or is in violation of G.S. 106-131 or 106-135 of this Article, he shall affix to such article a tag or other appropriate marking giving notice that such article is, or is suspected of being, adulterated or misbranded and has been detained or embargoed, and warning all persons not to remove or dispose of such article by sale or otherwise until permission for removal or disposal is given by such agent or the court. It shall be unlawful for any person to remove or dispose of such detained or embargoed article by sale or otherwise without such permission.

(b) When an article detained or embargoed under subsection (a) has been found by such agent to be adulterated, or misbranded or to be in violation of G.S. 106-131 or 106-135 of this Article, he shall petition a judge of the district, or superior court in whose jurisdiction the article is detained or embargoed for an order for condemnation of such article. When such agent has found that an article so detained or embargoed is not adulterated or misbranded, he shall remove the tag or other marking.

(c) If the court finds that a detained or embargoed article is adulterated or misbranded, such article shall, after entry of the decree, be destroyed at the expense of the claimant thereof, under the supervision of such agent; and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of such article or his agent: Provided, that when the adulteration or misbranding can be corrected by proper labeling or processing of the article, the court, after entry of the decree and after such costs, fees, and expenses have been paid and a good and sufficient bond, conditioned that such article shall be so labeled or processed, has been executed, may by order direct that such article be delivered to the claimant thereof for such labeling or processing under the supervision of an agent of the Department of Agriculture and Consumer Services. The expense of such supervision shall be paid by the claimant. Such bond shall be returned to the claimant of the article on representation to the court by the Department of Agriculture and Consumer Services that the article is no longer in violation of this Article, and that the expenses of such supervision have been paid.

(d) Whenever any duly authorized agent of the Department of Agriculture and Consumer Services shall find in any room, building, vehicle of transportation or other structure, any meat, seafood, poultry, vegetable, fruit or other perishable articles which are unsound, or contain any filthy, decomposed or putrid substance, or that may be poisonous or deleterious to health or otherwise unsafe, the same being hereby declared to be a nuisance, the agent shall forthwith condemn or destroy the same, or in any other manner render the same unsalable as human food. § 106-127. Report of minor violations in discretion of Commissioner.

Nothing in this Article shall be construed as requiring the Commissioner of Agriculture to report for the institution of proceedings under this Article, minor violations of this Article, whenever the Commissioner believes that the public interest will be adequately served in the circumstances by a suitable written notice or warning. (1939, c. 320, s. 8.)

§ 106-128. Establishment of reasonable standards of quality by Board of Agriculture.

Whenever in the judgment of the Board of Agriculture such action will promote honesty and fair dealing in the interest of consumers, the Board shall promulgate regulations fixing and establishing for any food or class of food a reasonable definition and standard of identity, and/or reasonable standard of quality and/or fill of container. In prescribing a definition and standard of

identity for any food or class of food in which optional ingredients are permitted, the Board shall, for the purpose of promoting honesty and fair dealing in the interest of consumers, designate the optional ingredients which shall be named on the label. The definitions and standards so promulgated shall conform so far as practicable to the definitions and standards promulgated by the Commissioner of the Federal Food and Drug Administration under authority conferred by section 401 of the federal act.

Temporary permits now or hereafter granted for interstate shipment of experimental packs of food varying from the requirements of federal definitions and standards of identity are automatically effective in this State under the conditions provided in such permits. In addition, the Board of Agriculture may cause to be issued additional permits where they are necessary to the completion or conclusiveness of an otherwise adequate investigation and where the interests of consumers are safeguarded. § 106-129. Foods deemed to be adulterated.

A food shall be deemed to be adulterated:

- (1)a. If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance such food shall not be considered adulterated under this paragraph if the quantity of such substance in such food does not ordinarily render it injurious to health; or
 - b. 1. If it bears or contains any added poisonous or added deleterious substance, other than one which is
 - I. A pesticide chemical in or on a raw agricultural commodity;
 - II. A food additive; or
 - III. A color additive, which is unsafe within the meaning of G.S. 106-132; or
 2. If it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of G.S. 106-132; or
 3. If it is or it bears or contains any food additive which is unsafe within the meaning of G.S. 106-132;
- provided, that where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or tolerance prescribed under G.S. 106-132 of this Article, and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling, the residue of such pesticide chemical remaining in or on such processed food shall, notwithstanding the provisions of G.S. 106-132 and clause 3 of this section, not be deemed unsafe if such residue in or on the raw agricultural commodity has been removed to the extent possible in good manufacturing practice, and the concentration of such residue in the processed food when ready-to-eat, is not greater than the tolerance prescribed for the raw agricultural commodity; or

- c. If it consists in whole or in part of a diseased, contaminated, filthy, putrid or decomposed substance, or if it is otherwise unfit for food; or
 - d. If it has been produced, prepared, packed or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered diseased, unwholesome or injurious to health; or
 - e. If it is the product of a diseased animal or an animal which has died otherwise than by slaughter, or that has been fed upon the uncooked offal from a slaughterhouse; or
 - f. If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health;
 - g. If it has been intentionally subjected to radiation, unless the use of the radiation was in conformity with a regulation or exemption in effect pursuant to G.S. 106-132 of this Article; or
 - h. If a retail or wholesale establishment has added sulfiting agents, including sulfur dioxide, sodium sulfite, sodium or potassium bisulfite, and sodium or potassium metabisulfite, separately or in combination, to fresh fruits and fresh vegetables intended for retail sale as fresh food products.
- (2)a. If any valuable constituent has been in whole or in part omitted or abstracted therefrom; or
- b. If any substance has been substituted wholly or in part therefor; or
 - c. If damage or inferiority has been concealed in any manner; or

- (3) If it is confectionery, and:
- a. Has partially or completely imbedded therein any nonnutritive object: Provided, that this clause shall not apply in the case of any nonnutritive object if, in the judgment of the Board of Agriculture as provided by regulations, such object is of practical functional value to the confectionery product and would not render the product injurious or hazardous to health; or
 - b. Bears or contains any alcohol other than alcohol not in excess of one half of one per centum (0.5%) by volume derived solely from the use of flavoring extracts; or
 - c. Bears or contains any nonnutritive substance: Provided, that this clause shall not apply to a safe nonnutritive substance which is in or on confectionery by reason of its use for some practical functional purpose in the manufacture, packaging, or storing of such confectionery if the use of the substance does not promote deception of the consumer or otherwise result in adulteration or misbranding in violation of any provision of this Article; and provided further, that the Board may, for the purpose of avoiding or resolving uncertainty as to the application of this clause, issue regulations allowing or prohibiting the use of particular nonnutritive substances.
- (4) If it is or bears or contains any color additive which is unsafe within the meaning of G.S. 106-132. (1939, c. 320, s. 10; 1975, c. 614, ss. 13-16; 1985, c. 399.)

§ 106-130. Foods deemed misbranded.

A food shall be deemed to be misbranded:

- (1) a. If its labeling is false or misleading in any particular, or
 - b. If its labeling or packaging fails to conform with the requirements of G.S. 106-139 and 106-139.1 of this Article.
- (2) If it is offered for sale under the name of another food.
- (3) If it is an imitation of another food, unless its label bears, in type of uniform size and prominence, the word "imitation" and, immediately thereafter, the name of the food imitated.
- (4) If its container is so made, formed or filled as to be misleading.
- (5) If in package form, unless it bears a label containing
 - a. The name and place of business of the manufacturer, packer, or distributor; and
 - b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label:

Provided, that under paragraph b of this subdivision reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Board of Agriculture.

- (6) If any word, statement, or other information required by or under authority of this Article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.
- (7) If it purports to be or is represented as a food for which a definition and standard of identity has been prescribed by regulations as provided by G.S. 106-128, unless
 - a. It conforms to such definition and standard, and
 - b. Its label bears the name of the food specified in the definition and standard, and, insofar as may be required by such regulations, the common names of optional ingredients (other than spices, flavoring, and coloring) present in such food.
- (8) If it purports to be or is represented as
 - a. A food for which a standard of quality has been prescribed by regulations as provided by G.S. 106-128 and its quality falls below such standard unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard; or
 - b. A food for which a standard or standards of fill of container have been prescribed by regulation as provided by G.S. 106-128, and it falls below the standard of fill of container applicable thereto, unless its label bears, in such manner and form as such regulations specify, a statement that it falls below such standard.
- (9) If it is not subject to the provisions of subdivision (7) of this section, unless its label bears
 - a. The common or usual name of the food, if any there be, and
 - b. In case it is fabricated from two or more ingredients, the common

or usual name of each such ingredient; except that spices, flavorings, and colorings, other than those sold as such, may be designated as spices, flavorings, and colorings without naming each:

Provided, that, to the extent that compliance with the requirements of paragraph b of this subdivision is impracticable or results in deception or unfair competition, exemptions shall be established by regulations promulgated by the Board of Agriculture.

- (10) If it purports to be or is represented for special dietary uses, unless its label bears such information concerning its vitamin, mineral, and other dietary properties as the Board of Agriculture determines to be, and by regulations prescribes as, necessary in order to fully inform purchasers as to its value for such uses.
- (11) If it bears or contains any artificial flavoring, artificial coloring, or chemical preservatives, unless it bears labeling stating that fact: Provided, that to the extent that compliance with the requirements of this subdivision are impracticable, exemptions shall be established by regulations promulgated by the Board of Agriculture. The provisions of this subdivision and subdivisions (7) and (9) with respect to artificial coloring do not apply to butter, cheese, or ice cream. The provisions of this subdivision with respect to chemical preservatives do not apply to a pesticide chemical when used in or on a raw agricultural commodity which is the product of the soil.
- (12) If it is a raw agricultural commodity which is the produce of the soil, bearing or containing a pesticide chemical applied after harvest, unless the shipping container of such commodity bears labeling which declares the presence of such chemical in or on such commodity and the common or usual name and the function of such chemical: Provided, however, that no such declaration shall be required while such commodity, having been removed from the shipping container, is being held or displayed for sale at retail out of such container in accordance with the custom of the trade.
- (13) If it is a product intended as an ingredient of another food and when used according to the directions of the purveyor will result in the final food product being adulterated or misbranded.
- (14) If it is a color additive unless its packaging and labeling are in conformity with such packaging and labeling requirements applicable to such color additive prescribed under the provisions of G.S. 106-132 of this Article.
- (15) If the labeling provided by the manufacturer, packer, distributor, or retailer on meat, meat products, poultry, or seafood includes a "sell-by" date or other indicator of a last recommended day of sale, and the date has been removed, obscured, or altered by any person other than the customer. This subdivision does not prohibit the removal of a label for the purpose of repackaging and relabeling a food item so long as the new package or new label does not bear a "sell-by" date or other indicator of a last recommended day of sale later than the original package. This subdivision does not prohibit relabeling of meat, meat products, poultry, or seafood that has had its shelf life extended through freezing, cooking, or other additional processing that extends the shelf life of the product. Effect of Amendments. — Session Laws

§ 106-131. Permits governing manufacture of foods subject to contamination with microorganisms.

(a) Whenever the Commissioner of Agriculture finds after investigation by himself or his duly authorized agents, that the distribution in North Carolina of any class of food may, by reason of contamination with microorganisms during manufacture, processing, or packing thereof in any locality in this State, be injurious to health, and that such injurious nature cannot be adequately determined after such articles have entered commerce, the Commissioner, then, and in such case only, shall promulgate regulations providing for the issuance, to manufacturers, processors, or packers of such class of food in such locality, of permits to which shall be attached such conditions governing the manufacture, processing, or packing of such class of food, for such temporary period of time, as may be necessary to protect the public health; and after the effective date of such regulations, and during such temporary period, no person shall introduce or deliver for introduction into commerce any such food manufactured, processed, or packed by any such manufacturer, processor, or packer unless such manufacturer, processor, or packer holds a permit issued by the Commissioner as provided by such regulations.

(b) The Commissioner of Agriculture is authorized to suspend immediately upon notice any permit issued under authority of this section if it is found that any of the conditions of the permit have been violated. The holder of a permit so suspended shall be privileged at any time to apply for the reinstatement of such permit, and the Commissioner shall immediately after prompt hearing and an inspection of the establishment, reinstate such permit if it is found that adequate measures have been taken to comply with and maintain the conditions of the permit, as originally issued, or as amended.

(c) Any officer or employee duly designated by the Commissioner of Agriculture shall have access to any factory or establishment, the operator of which holds a permit from the Commissioner of Agriculture for the purpose of ascertaining whether or not the conditions of the permit are being complied with, and denial of access for such inspection shall be ground for suspension of the permit until such access is freely given by the operator. (1939, c. 320, s. 12.)

§ 106-132. Additives, etc., deemed unsafe.

Any added poisonous or added deleterious substance, any food additive, any pesticide chemical in or on a raw agricultural commodity or any color additive, shall with respect to any particular use or intended use be deemed unsafe for the purpose of application of G.S. 106-129(1), paragraphs b and g and 106-129(4) with respect to any food, 106-133(1) with respect to any drug or device, or 106-136(1) and (5) with respect to any cosmetic, unless there is in effect a regulation pursuant to G.S. 106-139 of this Article limiting the quantity of substance, and the use or intended use of such substance conforms to the terms prescribed by such regulation. While such regulations relating to such substance are in effect, a food, drug, or cosmetic shall not, by reason of bearing or containing such substance in accordance with the regulations be considered adulterated within the meaning of G.S. 106-129(1)a, 106-133(1) and 106-136(1). (1939, c. 320, s. 13; 1975, c. 614, s. 21.)

 - c. If it is a drug and its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health; or
 - d. If
 1. It is a drug and it bears or contains, for purposes of coloring only, a color additive which is unsafe within the meaning of G.S. 106-132, or
 2. If it is a color additive, the intended use of which in or on drugs is for purposes of coloring only, and is unsafe within the meaning of G.S. 106-132;
 - e. If it is a drug and the methods used in, or the facilities or controls used for, its manufacture, processing, packing, or holding do not conform to or are not operated or administered in conformity with current good manufacturing practice to assure that such drug meets the requirements of this Article as to safety and has the identity and strength, and meets the quality and purity characteristics, which it purports or is represented to possess.
- (2) If it purports to be or is represented as a drug the name of which is recognized in an official compendium, and its strength differs from, or its quality or purity falls below, the standard set forth in such compendium. Such determination as to strength, quality, or purity shall be made in accordance with the tests or methods of assay set forth in such compendium, or in the absence of or inadequacy of such tests or methods of assay, those so prescribed under authority of the federal act. No drug defined in an official compendium shall be deemed to be adulterated under this subdivision because it differs from the standard of strength, quality, or purity therefor set forth in such compendium, if its difference in strength, quality, or purity from such standard is plainly stated on its label. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States it shall be subject to the requirements of the United States Pharmacopoeia unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States and not to those of the United States Pharmacopoeia.
 - (3) If it is not subject to the provisions of subdivision (2) of this section and its strength differs from, or its purity or quality falls below, that which it purports or is represented to possess.
 - (4) If it is a drug and any substance has been
 - a. Mixed or packed therewith so as to reduce its quality or strength; or
 - b. Substituted wholly or in part therefor. (1939, c. 320, s. 14; 1975, c. 614, ss. 22-24.)

§ 106-134. Drugs deemed misbranded.

A drug or device shall be deemed to be misbranded:

- (1) If its labeling is false or misleading in any particular, or if its labeling or packaging fails to conform with the requirements of G.S. 106-139 or 106-139.1 of this Article.

- (2) If in package form unless it bears a label containing
 - a. The name and place of business of the manufacturer, packer, or distributor; and
 - b. An accurate statement of the quantity of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label, except as exempted with respect to this clause by G.S. 106-121(2a)c of this Article; provided, that under paragraph b of this subdivision reasonable variations shall be permitted, and exemptions as to small packages shall be established, by regulations prescribed by the Board of Agriculture.
- (3) If any word, statement, or other information required by or under authority of this Article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.
- (4) If it is for use by man and contains any quantity of the narcotic or hypnotic substance alphaeucaine, barbituric acid, betaeucaine, bromal, cannabis, carbromal, chloral, coca, cocaine, codeine, heroin, marijuana, morphine, opium, paraldehyde, peyote, or sulphonmethane; or any chemical derivative of such substances, which derivative has been by the Board after investigation, found to be, and by regulations under this Article, designated as, habit forming; unless its label bears the name and quantity or proportion of such substance or derivative and in juxtaposition therewith the statement "Warning — May be habit forming."
- (5)a. If it is a drug, unless:
 1. Its label bears, to the exclusion of any other nonproprietary name (except the applicable systematic chemical name or the chemical formula),
 - I. The established name (as defined in paragraph b of this subdivision) of the drug, if such there be, and
 - II. In case it is fabricated from two or more ingredients the established name and quantity of each active ingredient, including the kind and quantity or proportion of any alcohol and also including, whether active or not, the established name and quantity or proportion of any bromides, ether, chloroform, acetanilid, acetphenetidin, amidopyrine, antipyrine, atropine, hyoscine, hyoscyamine, arsenic, digitalis, digitalis glucosides, mercury, ouabain, strophanthin, strychnine, thyroid, or any derivative or preparation of any such substances, contained therein: Provided, that the requirement for stating the quantity of the active ingredients, other than the quantity of those specifically named in this subdivision, shall apply only to prescription drugs; and
 2. For any prescription drug the established name of such drug or ingredient, as the case may be, on such label (and on any labeling on which a name for such drug or ingredient is used) is printed prominently and in type at least half as large as that used thereon for any proprietary name or designation for such drug or ingredient; and provided, that to the extent that compliance with the requirements of 1 II or 2 of this subdivision is impracticable, exemptions shall be allowed under regulations promulgated by the Board.

- b. As used in this subdivision (5), the term “established name,” with respect to a drug or ingredient thereof, means:
 - 1. The applicable official name designated pursuant to section 508 of the federal act, or
 - 2. If there is no such name and such drug, or such ingredient, is an article recognized in an official compendium, then the official title thereof, in such compendium, or
 - 3. If neither 1 nor 2 of this paragraph applies, then the common or usual name, if any, of such drug or of such ingredient:

Provided further, that where 2 of this sub-subdivision applies to an article recognized in the United States Pharmacopoeia and in the Homeopathic Pharmacopoeia under different official titles, the official title used in the United States Pharmacopoeia shall apply unless it is labeled and offered for sale as a homeopathic drug, in which case the official title used in the Homeopathic Pharmacopoeia shall apply.
- (6) Unless its labeling bears
 - a. Adequate directions for use; and
 - b. Such adequate warnings against use in those pathological conditions or by children where its use may be dangerous to health, or against unsafe dosage or methods or duration of administration or application, in such manner and form, as are necessary for the protection of users: Provided, that where any requirement of paragraph a of this subdivision, as applied to any drug or device, is not necessary for the protection of the public health, the Board of Agriculture shall promulgate regulations exempting such drug or device from such requirements.
- (7) If it purports to be a drug the name of which is recognized in an official compendium, unless it is packaged and labeled as prescribed therein: Provided, that the method of packing may be modified with the consent of the Board of Agriculture. Whenever a drug is recognized in both the United States Pharmacopoeia and the Homeopathic Pharmacopoeia of the United States, it shall be subject to the requirements of the United States Pharmacopoeia with respect to packaging and labeling unless it is labeled and offered for sale as a homeopathic drug, in which case it shall be subject to the provisions of the Homeopathic Pharmacopoeia of the United States and not to those of the United States Pharmacopoeia.
- (8) If it has been found by the Department of Agriculture and Consumer Services to be a drug liable to deterioration, unless it is packaged in such form and manner, and its label bears a statement of such precautions, as the Board of Agriculture shall by regulations require as necessary for the protection of public health. No such regulation shall be established for any drug recognized in an official compendium until the Commissioner of Agriculture shall have informed the appropriate body charged with the revision of such compendium of the need for such packaging or labeling requirements and such body shall have failed within a reasonable time to prescribe such requirements.
- (9) a. If it is a drug and its container is so made, formed, or filled as to be misleading; or
 - b. If it is an imitation of another drug; or
 - c. If it is offered for sale under the name of another drug.
- (10) If it is dangerous to health when used in the dosage, or with the frequency or duration prescribed, recommended, or suggested in the labeling thereof.
- (11), (12) Repealed by Session Laws 1975, c. 614, s. 28.

- (13) If it is, or purports to be, or is represented as a drug composed wholly or partly of insulin, unless:
 - a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 506 of the federal act, and
 - b. Such certificate or release is in effect with respect to such drug.
- (14) If it is, or purports to be, or is represented as a drug composed wholly or partly of any kind of penicillin, streptomycin, chlortetracycline, chloramphenicol, bacitracin, or any other antibiotic drug, or any derivative thereof, unless:
 - a. It is from a batch with respect to which a certificate or release has been issued pursuant to section 507 of the federal act, and
 - b. Such certificate or release is in effect with respect to such drug:Provided, that this subsection shall not apply to any drug or class of drugs exempted by regulations promulgated under section 507(c) or (d) of the federal act. For the purpose of this subsection the term "antibiotic drug" means any drug intended for use by man containing any quantity of any chemical substance which is produced by microorganisms and which has the capacity to inhibit or destroy microorganisms in dilute solution (including the chemically synthesized equivalent of any such substance).
- (15) If it is a color additive, the intended use of which in or on drugs is for the purpose of coloring only, unless its packaging and labeling are in conformity with such packaging and labeling requirements applicable to such color additive, prescribed under the provisions of G.S. 106-132 of this Article.
- (16) In the case of any prescription drug distributed or offered for sale in this State, unless the manufacturer, packer, or distributor thereof includes in all advertisements and other descriptive printed matter issued or caused to be issued by the manufacturer, packer, or distributor with respect to that drug a true statement of
 - a. The established name, as defined in G.S. 106-134(5)b of this Article, printed prominently and in type at least half as large as that used for any trade or brand name thereof,
 - b. The formula showing quantitatively each ingredient of such drug to the extent required for labels under section 502(e) of the federal act, and
 - c. Such other information in brief summary relating to side effects, contraindications, and effectiveness as shall be required in regulations issued under the federal act.
- (17) If a trademark, trade name or other identifying mark, imprint or device of another or any likeness of the foregoing has been placed thereon or upon its container with intent to defraud.
- (18) If it is a drug and its packaging or labeling is in violation of an applicable regulation issued pursuant to section 3 or 4 of the Federal Poison Prevention Packaging Act of 1970. (1939, c. 320, s. 15; 1949, c. 370; 1973, c. 831, s. 1; 1975, c. 614, ss. 25-28, 30; 1997-261, s. 33.)

§ 106-134.1. Prescriptions required; label requirements; removal of certain drugs from requirements of this section.

- (a) A drug intended for use by man which:
 - (1) Is a habit-forming drug to which G.S. 106-134(4) applies; or
 - (2) Because of its toxicity or other potentiality for harmful effect, or the method of its use, or the collateral measures necessary to its use, is

- not safe for use except under the supervision of a practitioner licensed by law to administer such drug in the course of his normal practice; or
- (3) Is limited by an approved application under section 505 of the federal act to use under the professional supervision of a practitioner licensed by law to administer such drug; or
 - (4) Is a drug the label of which bears the statement "Caution: Federal law prohibits dispensing without a prescription," shall be dispensed only
 - a. Upon a written prescription of a practitioner licensed by law to administer such drug, or authorized to issue orders pursuant to G.S. 90-87(23)(a), provided that the written prescription must bear the printed or stamped name, address, telephone number and DEA number of the prescriber in addition to his legal signature, or
 - b. Upon an oral prescription of such practitioner which is reduced promptly to writing and filed by the pharmacist, or
 - c. By refilling any such written or oral prescription if such refilling is authorized by the prescriber either in the original prescription or by oral order which is reduced promptly to writing and filed by the pharmacist. If any prescription for such drug does not indicate the times it may be refilled, if any, such prescription may not be refilled unless the pharmacist is subsequently authorized to do so by the practitioner.

The act of dispensing a drug contrary to the provisions of this subdivision shall be deemed to be an act which results in a drug being misbranded while held for sale.

(b) Any drug dispensed by filling or refilling a written or oral prescription of a practitioner licensed by law to administer such drug shall be exempt from the requirements of G.S. 106-134, except subsections (1), (9)b and c, (13) and (14), and the packaging requirements of subsections (7) and (8), if the drug bears an affixed label containing the name of the patient, the name and address of the pharmacy, the phrase "Filled by _____" or "Dispensed by _____," with the name of the practitioner who dispenses the prescription appearing in the blank, the serial number and date of the prescription or of its filling, the name of the prescriber, the directions for use, and unless otherwise directed by the prescriber of such drug, the name and strength of such drug. This exemption shall not apply to any drugs dispensed in the course of the conduct of a business of dispensing drugs pursuant to diagnosis by mail, or to a drug dispensed in violation of subsection (a) of this section.

Any tranquilizer or sedative dispensed by filling or refilling a written or oral prescription of a practitioner licensed by law to administer such drug shall be labelled by the pharmacist, if the prescriber so directs on the prescription, with a warning that: "The consumption of alcoholic beverages while on this medication can be harmful to your health."

(c) The Board may, by regulation, remove drugs subject to G.S. 106-134(4) and G.S. 106-135 from the requirements of subsection (a) of this section when such requirements are not necessary for the protection of the public health. Drugs removed from the prescription requirements of the federal act by regulations issued thereunder shall also, by regulations issued by the Board, be removed from the requirement of subsection (a).

(d) A drug which is subject to subsection (a) of this section shall be deemed to be misbranded if at any time prior to dispensing its label fails to bear the statement "Caution: Federal Law Prohibits Dispensing Without Prescription." A drug to which subsection (a) of this section does not apply shall be deemed to be misbranded if at any time prior to dispensing its label bears the caution statement quoted in the preceding sentence.

(e) Nothing in this section shall be construed to relieve any person from any requirement prescribed by or under authority of law with respect to drugs now

included or which may hereafter be included within the classification of "controlled substances" as this term is defined in applicable federal and State controlled substance acts. (1975, c. 614, s. 29; 1977, c. 421; 1979, c. 626; 1981, c. 75, s. 2.)

§ 106-135. Regulations for sale of new drugs.

(a) No person shall sell, deliver, offer for sale, hold for sale or give away any new drug unless:

- (1) An application with respect thereto has been approved and said approval has not been withdrawn under section 505 of the federal act, or
- (2) When not subject to the federal act, by virtue of not being a drug in interstate commerce, unless such drug has been tested and has been found to be safe for use and effective in use under the conditions prescribed, recommended, or suggested in the labeling thereof, and prior to selling or offering for sale such drug, there has been filed with the Commissioner an application setting forth
 - a. Full reports of investigations which have been made to show whether or not such drug is safe for use and whether such drug is effective in use;
 - b. A full list of the articles used as components of such drug;
 - c. A full statement of the composition of such drug;
 - d. A full description of the methods used in, and the facilities and controls used for, the manufacture, processing, and packing of such drug;
 - e. Such samples of such drug and of the articles used as components thereof as the Commissioner may require; and
 - f. Specimens of the labeling proposed to be used for such drug.

(b) An application provided for in subdivision (a)(2) of this section shall become effective on the one hundred eightieth day after the filing thereof, except that if the Commissioner finds, after due notice to the applicant and giving him an opportunity for hearing,

- (1) That the drug is not safe or not effective for use under the conditions prescribed, recommended or suggested in the proposed labeling thereof; or
- (2) The methods used in, and the facilities and controls used for, the manufacture, processing and packing of such drug is inadequate to preserve its identity, strength, quality, and purity; or
- (3) Based on a fair evaluation of all material facts, such labeling is false or misleading in any particular; he shall, prior to the effective date of the application, issue an order refusing to permit the application to become effective.

(c) An order refusing to permit an application under this section to become effective may be revoked by the Commissioner.

(d) The Commissioner shall promulgate regulations for exempting from the operation of the foregoing subsections and subdivisions of this section drugs intended solely for investigational use by experts qualified by scientific training and experience to investigate the safety and effectiveness of drugs. Such regulations may, within the discretion of the Commissioner among other conditions relating to the protection of the public health, provide for conditioning such exemption upon

- (1) The submission to the Commissioner, before any clinical testing of a new drug is undertaken, of reports, by the manufacturer or the sponsor of the investigation of such drug, of preclinical tests (including tests on animals) of such drug adequate to justify the proposed clinical testing;

- (2) The manufacturer or the sponsor of the investigation of a new drug proposed to be distributed to investigators for clinical testing obtaining a signed agreement from each of such investigators that patients to whom the drug is administered will be under his personal supervision, or under the supervision of investigators responsible to him, and that he will not supply such drug to any other investigator, or to clinics, for administration to human beings; and
- (3) The establishment and maintenance of such records, and the making of such reports to the Commissioner, by the manufacturer or the sponsor of the investigation of such drug, of data (including but not limited to analytical reports by investigators) obtained as the result of such investigational use of such drug, as the Commissioner finds will enable him to evaluate the safety and effectiveness of such drug in the event of the filing of an application pursuant to subsection (b).

Such regulations shall provide that such exemption shall be conditioned upon the manufacturer, or the sponsor of the investigation, requiring that experts using such drugs for investigational purposes certify to such manufacturer or sponsor that they will inform any human beings to whom such drugs, or any controls used in connection therewith, are being administered, or their representatives, that such drugs are being used for investigational purposes and will obtain the consent of such human beings or their representatives, except where they deem it not feasible, or, in their professional judgment, contrary to the best interests of such human beings. Nothing in this subsection shall be construed to require any clinical investigator to submit directly to the Commissioner reports on the investigational use of drugs; provided, that regulations adopted under section 505(i) of the federal act may be adopted by the Commissioner as the regulations in this State.

- (e)(1) In the case of any drug for which an approval of an application filed pursuant to this section is in effect, the applicant shall establish and maintain such records, and make such reports to the Commissioner, of data relating to clinical experience and other data or information, received or otherwise obtained by such applicant with respect to such drug, as the Commissioner may by general regulation, or by order with respect to such application, prescribe: Provided, however, that regulations and orders issued under this subsection and under subsection (d) shall have due regard for the professional ethics of the medical profession and the interests of patients and shall provide, where the Commissioner deems it to be appropriate, for the examination, upon request, by the persons to whom such regulations or orders are applicable, of similar information received or otherwise obtained by the Commissioner.
- (2) Every person required under this section to maintain records, and every person in charge or custody thereof, shall, upon request of an officer or employee designated by the Commissioner, permit such officer or employee at all reasonable times to have access to and copy and certify such records.
- (f) The Commissioner may, after affording an opportunity for public hearing, revoke an application approved pursuant to this section if he finds that the drug, based on evidence acquired after such approval, may not be safe or effective for its intended use, or that the facilities or controls used in the manufacture, processing, or labeling of such drug may present a hazard to the public health.
- (g) This section shall not apply:
 - (1) To a drug sold in this State or introduced into interstate commerce at any time prior to the enactment of the federal act, if its labeling contained the same representations concerning the conditions of its use; or
 - (2) To any drug which is licensed under the Public Health Service Act of

July 1, 1944 (58 Stat. 682, as amended; 42 U.S.C. 201 et seq.) or under the Animal Virus-Serum-Toxin Act of March 4, 1913 (13 Stat. 832; 21 U.S.C. 151 et seq.); or

- (3) To any drug which is subject to G.S. 106-134 (14) of this Article. (1939, c. 320, s. 16; 1975, c. 614, s. 31.)

A cosmetic shall be deemed to be adulterated:

- (1) If it bears or contains any poisonous or deleterious substance which may render it injurious to users under the conditions of use prescribed in the labeling or advertisement thereof, or under such conditions of use as are customary or usual: Provided, that this provision shall not apply to coal-tar hair dye, the label of which bears the following legend conspicuously displayed thereon: "Caution — This product contains ingredients which may cause skin irritation on certain individuals and a preliminary test according to accompanying directions should first be made. This product must not be used for dyeing the eyelashes or eyebrows; to do so may cause blindness," and the labeling of which bears adequate directions for such preliminary testing. For the purposes of this subdivision and subdivision (5) the term "hair dye" shall not include eyelash dyes or eyebrow dyes.
- (2) If it consists in whole or in part of any filthy, putrid, or decomposed substance.
- (3) If it has been produced, prepared, packed, or held under insanitary conditions whereby it may have become contaminated with filth, or whereby it may have been rendered injurious to health.
- (4) If its container is composed, in whole or in part, of any poisonous or deleterious substance which may render the contents injurious to health.
- (5) If it is not a hair dye and it is, or it bears or contains a color additive which is unsafe within the meaning of G.S. 106-132. (1939, c. 320, s. 17; 1975, c. 614, s. 32.)

§ 106-137. Cosmetics deemed misbranded.

A cosmetic shall be deemed to be misbranded:

- (1)a. If its labeling is false or misleading in any particular; or
b. If its labeling or packaging fails to conform with the requirements of G.S. 106-139 and 106-139.1 of this Article.
- (2) If in package form unless it bears a label containing

 - b. An accurate statement of the quantity, of the contents in terms of weight, measure, or numerical count, which statement shall be separately and accurately stated in a uniform location upon the principal display panel of the label: Provided, that under para-

graph b of this subdivision reasonable variations shall be permitted, and exemptions as to small packages shall be established by regulations prescribed by the Board of Agriculture.

- (3) If any word, statement, or other information required by or under authority of this Article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices, in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use.
- (4) If its container is so made, formed, or filled as to be misleading.
- (5) If it is a color additive, unless its packaging and labeling are in conformity with such packaging and labeling requirements applicable to such color additive prescribed under the provisions of G.S. 106-132 of this Article. This subdivision shall not apply to packages of color additives which, with respect to their use for cosmetics, are marketed and intended for use only in or on hair dyes (as defined in the last sentence of G.S. 106-136(1)). (a) An advertisement of a food, drug, device or cosmetic shall be deemed to be false if it is false or misleading in any particular.

(b) For the purpose of this Article the advertisement of a drug or device representing it to have any effect in albuminuria, appendicitis, arteriosclerosis, blood poison, bone disease, Bright's disease, cancer, carbuncles, cholecystitis, diabetes, diphtheria, dropsy, erysipelas, gallstones, heart and vascular diseases, high blood pressure, mastoiditis, measles, meningitis, mumps, nephritis, otitis, media, paralysis, pneumonia, poliomyelitis, (infantile paralysis), prostate gland disorders, pyelitis, scarlet fever, sexual impotence, sinus infection, smallpox, tuberculosis, tumors, typhoid, uremia, or venereal diseases, shall also be deemed to be false; except that no advertisement not in violation of subsection (a) shall be deemed to be false under this subsection if it is disseminated only to members of the medical, dental, pharmaceutical, or veterinary professions, or appears only in the scientific periodicals of these professions, or is disseminated only for the purpose of public health education by persons not commercially interested, directly or indirectly, in the sale of such drugs or devices: Provided, that whenever the Department of Agriculture and Consumer Services determines that an advance in medical science has made any type of self-medication safe as to any of the diseases named above, the Board shall by regulation authorize the advertisement of drugs having curative or therapeutic effect for such disease, subject to such conditions and restrictions as the Board may deem necessary in the interest of public health: Provided, that this subsection shall not be construed as indicating that self-medication for diseases other than those named herein is safe or efficacious. § 106-139. Regulations by Board of Agriculture.

(a) The authority to promulgate regulations for the efficient enforcement of this Article is hereby vested in the Board of Agriculture, except the Commissioner of Agriculture is hereby authorized to promulgate regulations under G.S. 106-131 and 106-135. The Board and Commissioner are hereby authorized to make the regulations promulgated under this Article conform, insofar as practicable, with those promulgated for foods, drugs, devices, cosmetics and consumer commodities under the federal act, including but not limited to pesticide chemical residues on or in foods, food additives, color additives, special dietary foods, labeling of margarine for retail sale or distribution, nutritional labeling of foods, the fair packaging and labeling of consumer commodities and new drug clearance. Notwithstanding the provisions of subsection (e) of this section, a federal regulation adopted by the Board or Commissioner pursuant to this Article shall take effect in this State on the date it becomes effective as a federal regulation.

(b) The Board may promulgate regulations exempting from any affirmative labeling requirement of this Article consumer commodities which are, in accordance with the practice of the trade, to be processed, labeled or repacked in substantial quantities at establishments other than those where originally processed or packed, on condition that such consumer commodities are not adulterated or misbranded under the provisions of this Article upon removal from such processing, labeling or repacking establishment. The Board may additionally promulgate regulations exempting from any labeling requirement of this Article foods packaged or dispensed at the direction of the retail purchaser at the time of sale, whether or not for immediate consumption by the purchaser on the premises of the seller.

(c) Whenever the Board determines that regulations containing prohibitions or requirements other than those prescribed by G.S. 106-139.1(a) are necessary to prevent the deception of consumers or to facilitate value comparisons as to any consumer commodity, the Board shall promulgate with respect to that commodity regulations effective to:

- (1) Establish and define standards for the characterization of the size of a package enclosing any consumer commodity, which may be used to supplement the label statement of net quantity of contents of packages containing such commodity, but this paragraph shall not be construed as authorizing any limitation of the size, shape, weight, dimensions, or number of packages which may be used to enclose any commodity;
- (2) Regulate the placement upon any package containing any commodity or upon any label affixed to such commodity, of any printed matter stating or representing by implication that such commodity is offered for retail sale at a price lower than the ordinary and customary retail sale price or that a retail sale price advantage is accorded to purchasers thereof by reason of the size of that package or the quantity of its contents;
- (3) Require that the label on each package of a consumer commodity bear
 - a. The common or usual name of such consumer commodity, if any, and
 - b. In case such consumer commodity consists of two or more ingredients, the common or usual name of each such ingredient listed in order of decreasing predominance, but nothing in this paragraph shall be deemed to require that any trade secret be divulged; or
- (4) Prevent the nonfunctional slack-fill of packages containing consumer commodities.

For the purposes of subdivision (4) of this subsection, a package

shall be deemed to be nonfunctionally slack-filled if it is filled of substantially less than its capacity for reasons other than

- a. Protection of the contents of such package, or
- b. The requirements of machines used for enclosing the contents in such package;

provided, the Board may adopt any regulations promulgated pursuant to the Federal Fair Packaging and Labeling Act which shall have the force and effect of law in this State.

(d) Hearings authorized or required by G.S. 106-131 or G.S. 106-135 shall be conducted in accordance with Chapter 150B of the General Statutes.

(e) Repealed by Session Laws 1987, c. 827, s. 30. (1939, c. 320, s. 20; 1973, c. 476, s. 128; 1975, c. 614, s. 36; 1987, c. 827, s. 30.)

§ 106-139.1. Declaration of net quantity of contents.

(a) All labels of consumer commodities, as defined by this Article, shall conform with the requirement for the declaration of net quantity of contents of section 4 of the Federal Fair Packaging and Labeling Act (15 U.S.C. 1451, et seq.) and the regulations promulgated pursuant thereto: Provided, that consumer commodities exempted from such requirements of section 4 of the Federal Fair Packaging and Labeling Act shall also be exempt from this subsection.

(b) The label of any package of a consumer commodity which bears a representation as to the number of servings of such commodity contained in such package shall bear a statement of the net quantity (in terms of weight, measure, or numerical count) of each such serving.

(c) No person shall distribute or cause to be distributed in commerce any packaged consumer commodity if any qualifying words or phrases appear in conjunction with the separate statement of the net quantity of contents required by subsection (a) of this section, but nothing in this section shall prohibit supplemental statements, at other places on the package, describing in nondeceptive terms the net quantity of contents: Provided, that such supplemental statements of net quantity of contents shall not include any term qualifying a unit of weight, measure, or count that tends to exaggerate the amount of the commodity contained in the package. (1975, c. 614, s. 37.)

§ 106-140. Further powers of Commissioner of Agriculture for enforcement of Article; report by inspector to owner of establishment.

(a) For purposes of enforcement of this Article, the Commissioner or any of his authorized agents, are authorized upon presenting appropriate credentials and a written notice to the owner, operator or agent in charge,

- (1) To enter at reasonable times any factory, warehouse or establishment in which food, drugs, devices or cosmetics are manufactured, processed, or packed or held for introduction into commerce or after such introduction or to enter any vehicle being used to transport or hold such food, drugs, devices or cosmetics in commerce; and
- (2) To inspect at reasonable times and in a reasonable manner such factory, warehouse, establishment or vehicle and all pertinent equipment, finished or unfinished materials, containers and labeling therein, and to obtain samples necessary to the endorsement of this Article. In the case of any factory, warehouse, establishment, or consulting laboratory in which any food, drug, device or cosmetic is

manufactured, processed, analyzed, packed or held, the inspection shall extend to all things therein (including records, files, papers, processes, controls and facilities) bearing on whether any food, drug, device or cosmetic which is adulterated or misbranded within the meaning of this Article or which may not be manufactured, introduced into commerce or sold or offered for sale by reason of any provision of this Article, has been or is being manufactured, processed, packed, transported or held in any such place or otherwise bearing on violation of this Article. No inspection authorized by the preceding sentence shall extend to

- a. Financial data,
- b. Sales data other than shipment data,
- c. Personnel data (other than data as to qualifications of technical and professional personnel performing functions subject to this Article),
- d. Pricing data, and
- e. Research data (other than data relating to new drugs and antibiotic drugs, subject to reporting and inspection under lawful regulations issued pursuant to section 505(i) or (j) or section 507 (d) or (g) of the federal act, and data, relating to other drugs, which in the case of a new drug would be subject to reporting or inspection under lawful regulations issued pursuant to section 505(j) of the federal act).

Such inspection shall be commenced and completed with reasonable promptness. The provisions of the second sentence of this subsection shall not apply to such classes of persons as the Board may by regulation exempt from the application of this section upon a finding that inspection as applied to such classes of persons in accordance with this section is not necessary for the protection of the public health.

- (3) To have access to and to copy all records of carriers in commerce showing the movement in commerce of any food, drug, device, or cosmetic, or the holding thereof during or after such movement, and the quantity, shipper and consignee thereof: Provided, that evidence obtained under this subsection shall not be used in a criminal prosecution of the person from whom obtained; and provided further, that carriers shall not be subject to the other provisions of this Article by reason of their receipt, carriage, holding, or delivery of food, drugs, devices or cosmetics in the usual course of business as carriers.
- (b) Upon completion of any such inspection of a factory, warehouse, consulting laboratory or other establishment and prior to leaving the premises, the authorized agent making the inspection shall give to the owner, operator, or agent-in-charge a report in writing setting forth any conditions or practices observed by him which in his judgment indicate that any food, drug, device or cosmetic in such establishment:
 - (1) Consists in whole or in part of any filthy, putrid, or decomposed substance; or
 - (2) Has been prepared, packed or held under insanitary conditions whereby it may have become contaminated with filth or whereby it may have been rendered injurious to health.
- (c) If the authorized agent making any such inspection of a factory, warehouse or other establishment has obtained any salable product samples in the course of the inspection, upon completion of the inspection and prior to leaving the premises he shall offer reasonable payment for any such product samples.
- (d) It shall be the duty of the Commissioner of Agriculture to make or cause to be made examination of samples secured under the provisions of this section

to determine whether or not any provision of this Article is being violated. (1939, c. 320, s. 21; 1975, c. 614, s. 38.)

§ 106-140.1. Registration of producers of prescription drugs and devices.

(a) On or before December 31 of each year, every person doing business in North Carolina and operating as a wholesaler, manufacturer, or repackager, as those terms are defined in subsection (j) of this section, shall register with the Commissioner his name and business location(s) in North Carolina. § 106-145.3. Wholesale distributor must have license.

(a) Requirement. — Every wholesale distributor engaged in the wholesale distribution of prescription drugs in interstate commerce in this State shall obtain a license from the Commissioner for each location from which prescription drugs are distributed and shall renew each license annually. A license may cover multiple buildings and multiple operations at a single location, at the wholesale distributor's discretion. A license expires on December 31 of the year in which it is issued. A wholesale distributor licensed under this section is not required to register under G.S. 106-140.1. In lieu of licensing under this section, a wholesale distributor who has no facilities in this State may register under G.S. 106-140.1 if the wholesale distributor possesses a valid license granted by another state that has requirements substantially similar to this Article.

(b) Reciprocity. — The Commissioner may license an out-of-State wholesale distributor on the basis of reciprocity with another state when the following conditions apply:

- (1) The out-of-State wholesale distributor possesses a valid license granted by another state pursuant to requirements substantially equivalent to the license requirements of this State.
- (2) The other state extends reciprocal treatment under its own laws to wholesale distributors licensed in this State. (1991, c. 699, s. 2.)

§ 106-145.4. Application and fee for license.

(a) Application. — An application for a wholesale distributor license or for renewal of a wholesale distributor license shall be on a form prescribed by the Commissioner and shall include the following information:

- (4) The type of ownership or operation of the applicant, such as a partnership, a corporation, or a sole proprietorship.
- (5) The name of each owner and operator of the applicant, including:
 - a. If the applicant is an individual, the individual's name.
 - b. If the applicant is a partnership, the name of each partner and the name of the partnership.
 - c. If the applicant is a corporation, the name and title of each corporate officer and director, the corporate name of the corporation, and the state of incorporation.
 - d. If the applicant is a sole proprietorship, the full name of the sole proprietor and the name of the business entity.
- (6) Any other information required by the Commissioner to determine if the applicant is qualified to receive a license.

When a change occurs in any information listed in this subsection after a license is issued, the license holder shall report the change to the Commissioner within 90 days after the change.

(b) Fee. — An application for an initial license or a renewed license as a wholesale distributor shall be accompanied by a nonrefundable fee of five hundred dollars (\$500.00) for a manufacturer or three hundred fifty dollars (\$350.00) for any other person. (1991, c. 699, s. 2.)

§ 106-145.5. Review of application and qualifications of applicant.

The Commissioner shall determine whether to issue or deny a wholesale distributor license within 90 days after an applicant files an application for a license with the Commissioner. In reviewing an application, the Commissioner shall consider the factors listed in this subsection. In the case of a partnership or corporation, the Commissioner shall consider the factors as applied to each individual whose name is required to be included in the license application.

The factors to be considered are:

- (1) Any convictions of the applicant under any federal, state, or local law relating to drug samples, wholesale or retail drug distribution, or distribution of controlled substances.
- (2) Any felony convictions of the applicant under federal, state, or local law.
- (3) The applicant's past experience in the manufacture or distribution of controlled substances and other prescription drugs.
- (4) Whether the applicant has previously given any false or fraudulent information in an application made in connection with drug manufacturing or distribution.
- (5) Suspension or revocation by the federal government or a state or local government of any license currently or previously held by the applicant for the manufacture or distribution of any controlled substances or other prescription drugs.
- (6) Compliance with the licensing requirements under any previously granted license.
- (7) Compliance with the requirements to maintain or make available to the Commissioner or to a federal, state, or local law enforcement official those records required under G.S. 106-145.8.
- (8) Whether the applicant requires employees of the applicant who are involved in any prescription drug wholesale distribution activity to have education, training, experience, or any combination of these factors sufficient to enable the employee to perform assigned functions in a manner that ensures that prescription drug quality, safety, and security will be maintained at all times as required by law.
- (9) Any other factors or qualifications the Commissioner considers relevant to and consistent with the public health and safety.

The Commissioner shall inspect the facility of an applicant at which prescription drugs will be stored, handled, or distributed before issuing the applicant a license. (1991, c. 699, s. 2.)

§ 106-145.6. Denial, revocation, and suspension of license; penalties for violations.

(a) Adverse Action. — The Commissioner may deny a license to an applicant if the Commissioner determines that granting the applicant a license would not be in the public interest. Public interest considerations shall be limited to factors and qualifications that are directly related to the protection of public health and safety. The Commissioner may deny, suspend, or revoke a license for substantial or repeated violations of this Article or for conviction of a violation of any other federal, state, or local prescription drug law or regula-

tion. Chapter 150B of the General Statutes governs the denial, suspension, or revocation of a license under this Article.

(b) Criminal Sanctions. — It is unlawful to engage in wholesale distribution in this State without a wholesale distributor license or to violate any other provision of this Article. A person who violates this Article commits a Class H felony. A fine imposed for a violation of this Article may not exceed two hundred fifty thousand dollars (\$250,000).

(c) Civil Penalty. — The Commissioner may assess a civil penalty of not more than ten thousand dollars (\$10,000) against a person who violates any provision of this Article. In determining the amount of a civil penalty, the Commissioner shall consider the degree and extent of harm caused by the violation. Chapter 150B of the General Statutes governs the assessment of a civil penalty under this subsection. If a civil penalty is not paid within 30 days after the completion of judicial review of a final agency decision by the Commissioner, the penalty may be collected in any manner by which a debt may be collected. The clear proceeds of civil penalties assessed pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1991, c. 699, s. 2; 1993, c. 539, s. 1294; 1994, Ex. Sess., c. 24, s. 14(c); 1998-215, s. 7.)

§ 106-145.7. Storage, handling, and records of prescription drugs.

(a) Facilities. — All facilities at which prescription drugs are stored, warehoused, handled, held, offered, marketed, or displayed for wholesale distribution shall meet the following requirements:

- (1) Be of suitable size and construction to facilitate cleaning, maintenance, and proper operations.
- (2) Have storage areas designed to provide adequate lighting, ventilation, temperature, sanitation, humidity, space, equipment, and security conditions.
- (3) Have a quarantine area for the storage of prescription drugs that are outdated, damaged, deteriorated, misbranded, or adulterated, or that are in immediate or sealed secondary containers that have been opened.
- (4) Be maintained in a clean and orderly condition.
- (5) Be free from infestation by insects, rodents, birds, or vermin of any kind.

(b) Security. — All facilities used for wholesale distribution shall be secure from unauthorized entry. Access from outside the premises shall be kept to a minimum and be well-controlled. The outside perimeter of the premises shall be well-lighted. Entry into areas where prescription drugs are held shall be limited to authorized personnel. The facilities shall be equipped with the following:

- (1) An alarm system to detect entry after hours.
- (2) A security system that will provide suitable protection against theft and diversion. When appropriate, the security system shall provide protection against theft or diversion that is facilitated or hidden by tampering with computers or electronic records.

(c) Storage. — All prescription drugs for wholesale distribution shall be stored at appropriate temperatures and under appropriate conditions in accordance with any requirements stated in the labeling of the prescription drugs or with requirements in the current edition of an official compendium, such as the United States Pharmacopeia/National Formulary (USP/NF). If the labeling of a prescription drug or a compendium do not establish storage

requirements for a prescription drug, the drug may be held at “controlled” room temperature, as defined in an official compendium, to help ensure that its identity, strength, quality, and purity are not adversely affected.

(d) Examination of Materials. — A wholesale distributor shall visually examine each outside shipping container upon receipt for identity and to prevent the acceptance of contaminated prescription drugs or prescription drugs that are otherwise unfit for distribution. The examination shall be adequate to reveal container damage that would suggest possible contamination or other damage to the contents. A wholesale distributor shall carefully inspect each outgoing shipment for identity of the prescription drugs and to ensure that no prescription drugs that have been damaged in storage or held under improper conditions are delivered.

(e) Returned, Damaged, and Outdated Prescription Drugs. — A wholesale distributor shall quarantine and physically separate prescription drugs that are outdated, damaged, deteriorated, misbranded, or adulterated from other prescription drugs until their destruction or their return to their supplier. A prescription drug whose immediate or sealed outer or sealed secondary container has been opened or used shall be identified as having been opened or used and shall be treated in the same manner as outdated prescription drugs.

If the conditions under which a prescription drug has been returned to a wholesale distributor cast doubt on the drug’s safety, identity, strength, quality, or purity, then the drug shall be destroyed or returned to its supplier unless examination, testing, or other investigation proves that the drug meets appropriate standards of safety, identity, strength, quality, and purity. In determining whether the conditions under which a prescription drug has been returned cast doubt on the drug’s safety, identity, strength, quality, or purity, the wholesale distributor shall consider, among other things, the conditions under which the drug has been held, stored, or shipped before or during its return and the condition of the drug and its container, carton, or labeling as a result of storage or shipping. (1991, c. 699, s. 2.)

§ 106-145.8. Records of prescription drugs.

(a) Records. — A wholesale distributor shall establish and maintain inventories and records of all transactions regarding the receipt and distribution or other disposition of prescription drugs, including all stored prescription drugs, all incoming and outgoing prescription drugs, and all outdated, damaged, deteriorated, misbranded, or adulterated prescription drugs. A wholesale distributor is not required, however, to keep a record of the lot number or expiration date of a prescription drug disposed of or distributed by the distributor.

A record of a prescription drug shall include all of the following information:

- (1) The source of the prescription drug, including the name and principal address of the seller or transferor and the address of the location from which the drug was shipped.
- (2) The identity and quantity of the prescription drug received and distributed or disposed of through another method.
- (3) The date the wholesale distributor received the prescription drug and the date the wholesale distributor distributed or otherwise disposed of the drug.
- (4) Documentation of the proper storage of prescription drugs. Documentation may be by manual, electromechanical, or electronic temperature and humidity recording equipment, devices, or logs.

A wholesale distributor shall keep a record of a prescription drug for two years after its disposition.

(b) Inspection. — A wholesale distributor shall make inventories and records of prescription drugs available for inspection and photocopying by representatives of the Department or authorized federal, State, or local law enforcement officials. A wholesale drug distributor shall permit the Department or an authorized federal, State, or local law enforcement official to enter and inspect the distributor's premises and delivery vehicles and to audit the distributor's records and written operating procedures at reasonable times and in a reasonable manner.

A record that is kept at the inspection site or is immediately retrievable by computer or other electronic means shall be readily available for authorized inspection during the two-year retention period. A record kept at a central location apart from the inspection site and not electronically retrievable shall be made available for inspection within two working days of a request by an authorized official of a federal, State, or local law enforcement agency. (1991, c. 699, s. 2.)

§ 106-145.9. Written procedures concerning prescription drugs and lists of responsible persons.

(a) Procedures. — A wholesale distributor shall establish, maintain, and adhere to written procedures for the receipt, security, storage, inventory, and distribution of prescription drugs. These shall include all of the following:

- (1) A procedure for identifying, recording, and reporting a loss or theft of a prescription drug.
- (2) A procedure for correcting all errors and inaccuracies in inventories of prescription drugs.
- (3) A procedure whereby the oldest approved stock of a prescription drug is distributed first. The procedure may permit deviation from this requirement, if the deviation is temporary and appropriate.
- (4) A procedure for handling recalls and withdrawals of prescription drugs that adequately addresses recalls and withdrawals due to any of the following:
 - a. An action initiated at the request of the Food and Drug Administration or other federal, State, or local law enforcement or other governmental agency, including the Department.
 - b. Any voluntary action by the manufacturer to remove defective or potentially defective prescription drugs from the market.
 - c. Any action undertaken to promote public health and safety by replacing existing prescription drugs with an improved product or new package design.
- (5) A procedure to ensure that the wholesale distributor prepares for, protects against, and handles any crisis that affects security or operation of any facility in the event of a strike, a fire, flood, or other natural disaster, or another emergency.
- (6) A procedure to ensure that any outdated prescription drugs are segregated from other prescription drugs and either returned to the manufacturer or destroyed.

(b) Responsible Persons. — A wholesale distributor shall establish and maintain lists of officers, directors, managers, and other persons in charge of the distribution, storage, or handling of prescription drugs. The lists shall include a description of the duties of those on the list and a summary of their qualifications. (1991, c. 699, s. 2.)

§ 106-145.10. Application of other laws.

A wholesale drug distributor shall comply with applicable federal, State, and local laws and regulations. A wholesale distributor that deals in controlled substances shall register with the federal Drug Enforcement Administration (DEA) and shall comply with all applicable federal, State, and local laws and regulations. A wholesale drug distributor is subject to any applicable federal, State, or local laws or regulations that relate to prescription drug salvaging or reprocessing. (1991, c. 699, s. 2.)

§ 106-145.11. Wholesale Distributor Advisory Committee.

The committee upon notification by the Commissioner shall promptly inspect the plans, specifications, and selected site in the case of proposed rendering plants and shall inspect the buildings, grounds, and equipment of established rendering plants. If the committee finds that the plans, specifications, and selected site in the case of proposed plants, or the buildings, grounds, and equipment in the case of established plants, comply with the requirements of this Article and the rules and regulations promulgated by the Commissioner not inconsistent therewith, it shall certify its findings in writing and forward same to the Commissioner. If there is a failure in any respect to meet such requirements, the committee shall notify the applicant in writing of such deficiencies and the committee shall within a reasonable time to be determined by the Commissioner make a second inspection. If the specified defects are remedied, the committee shall thereupon certify its findings in writing to the Commissioner. Not more than two inspections shall be required of the committee under any one application. (1953, c. 732.)

§ 106-168.7. Issuance of license.

Upon receipt of the certificate of compliance from the committee, the Commissioner shall issue a license to the applicant to conduct rendering operations as specified in the application. A license shall be valid until revoked for cause as hereinafter provided. (1953, c. 732.)

§ 106-168.8. Minimum standards for conducting rendering operations.

The following minimum standards shall be required for all rendering operations subject to the provisions of this Article:

- (1) Buildings utilized in connection with the rendering plant shall be of sufficient size and shape to accommodate all phases of actual or intended processing. Adequate partitions shall be installed therein so as to eliminate any contact between raw materials and finished products and so as to preclude contamination of finished products. The buildings shall be constructed in a manner and of materials which will insure adequate drainage and sanitation in all phases of operation.

- (2) Raw material upon arrival at the rendering plant shall be unloaded into a building for processing. All raw material shall be processed by approved methods within 24 hours after delivery to the rendering plant.
- (3) Processing equipment shall be airtight, except for proper escapes for vapors caused by the cooking process.
- (4) Cooking vapors shall be controlled and disposed of by approved methods.
- (5) Vehicles used to transport raw material shall be so constructed as to prevent any drippings or seepings from such material from escaping from the truck. Such vehicles shall have body sides of sufficient height that no portion of any raw material transported therein shall be visible. All vehicles shall be provided with suitable top or covering to prevent the spread of disease by flies or other agents during the transportation of raw material.
- (6) All vehicles and containers used in transporting raw material shall be disinfected at the earliest practicable time after unloading, and shall, in any event, be disinfected before again being taken upon a public highway or before leaving the rendering plant. Approved facilities and materials for disinfection shall be carried on vehicles transporting carcasses. Employees shall be required to wear rubber boots which shall be disinfected prior to entry to a farm.
- (7) Approved facilities, means and methods for disinfection shall be available at the rendering plant at all times. Employees and employees' clothing coming in contact with raw material shall be disinfected before coming in contact with any finished products, or any portion of the plant in which the same are located. Rodent and fly control measures shall be practiced as a further means of prevention of the spread of disease. (1953, c. 732.)

§ 106-168.9. Transportation by licensee.

Any person holding a license under the provisions of this Article, or acting as a collector as herein defined, may haul and transport raw material, except such material as may be specifically prohibited by law or by the rules and regulations promulgated by the Commissioner, when such transporting and hauling is done in accordance with the provisions of this Article. (1953, c. 732.)

§ 106-168.10. Disposal of diseased animals.

Any person holding a license under the provisions of this Article is authorized to kill diseased, sick, old or crippled animals on the premises of the owner upon his request; provided that no animal known to have tuberculosis, Bang's disease, anthrax, or any other disease for which quarantine may be imposed, shall be removed from any premises placed under quarantine without permission of the State Veterinarian, or his authorized agent. The licensee shall keep and make available to the Commissioner, upon request, such records as the Commissioner may require with respect to the collection and disposal of dead animals. § 106-168.13. Effect of failure to comply.

Failure to comply with the provisions of this Article or rules and regulations not inconsistent therewith shall be cause of revocation of license, if such failure shall not be remedied within a reasonable time after notice to the licensee. Any person whose license is revoked may reapply for a license in the manner provided in this Article for an initial application, except that the Commissioner shall not be required to cause the rendering plant and equipment of the applicant to be inspected by the committee until the expiration of 30 days from the date of revocation. (1953, c. 732.)

§ 106-168.14. Collectors subject to certain provisions.

§ 106-168.16. Civil penalties.

The Commissioner may assess a civil penalty of not more than five thousand dollars (\$5,000) against any person who violates a provision of this Article or any rule promulgated thereunder. In determining the amount of the penalty, the Commissioner shall consider the degree and extent of harm caused by the violation.

The clear proceeds of civil penalties assessed pursuant to this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1995, c. 516, s. 7; 1998-215, s. 8.)

*Marketing and Branding Farm Products.***§ 106-185. Scope of Article; federal-State cooperation.**

(a) Scope. — This Article gives the Department of Agriculture and Consumer Services the authority to investigate marketing conditions for and establish and maintain standard grades, packages, and State brands for farm products. As used in this Article, the term “farm products” means farm crops, horticultural crops, and animal products.

(b) Cooperation. — The Commissioner of Agriculture may enter into agreements with the United States Department of Agriculture that require State and federal cooperation in performing the duties imposed by this Article. (1919, c. 325, s. 1; C.S., s. 4781; 1921, c. 140; 1993, c. 223, s. 1; 1997-261, s. 36.)

§ 106-186. Power to employ agents and assistants.

The Board of Agriculture is charged with the execution of the provisions of this Article, and has authority to employ such agents and assistants as may be necessary, fix their compensation and define their duties, and may require bonds in such amount as they may deem advisable, conditioned upon the faithful performance of duties by any employee or agent. (1919, c. 325, s. 2; C.S., s. 4782.)

§ 106-187. Board of Agriculture to investigate marketing of farm products.

It shall be the duty of the Board of Agriculture to investigate the subject of marketing farm products, to diffuse useful information relating thereto, and to furnish advice and assistance to the public in order to promote efficient and economical methods of marketing farm products, and authority is hereby given to gather and diffuse timely information concerning the supply, demand, prevailing prices, and commercial movement of farm products, including quantities in common and cold storage, and may interchange such information with the United States Department of Agriculture. (1919, c. 325, s. 3; C.S., s. 4783.)

§ 106-188. Promulgation of standards for receptacles, etc.

After investigation, and from time to time as may be practical and advisable, the Board shall have authority to establish and promulgate standards of opened and closed receptacles for, and standards for the grade and other classification of farm products, by which their quantity, quality, and value may be determined, and prescribe and promulgate rules and regulations governing the marks, brands, and labels which may be required for receptacles for farm products, for the purpose of showing the name and address of the producer or packer; the quantity, nature and quality of the product, or any of them, and for the purpose of preventing deception in reference thereto, and for the purpose of establishing a State brand for any farm product produced in North Carolina: Provided, that any standard for any farm product or receptacle therefor, or any requirement for marking receptacles for farm products, now or hereafter established under authority of the Congress of the United States, shall forthwith, as far as applicable, be established or prescribed and promulgated as the official standard or requirement in this State: Provided, that no standard established or requirement for marking prescribed under this Article shall become effective until the expiration of 30 days after it shall have been promulgated. (1919, c. 325, s. 4; C.S., s. 4784.)

§ 106-189. Sale and receptacles of standardized products must conform to requirements.

Whenever any standard for the grade or other classification of any farm product becomes effective under this Article no person thereafter shall pack for sale, offer to sell, or sell within this State any such farm product to which such standard is applicable, unless it conforms to the standard, subject to such reasonable variations therefrom as may be allowed in the rules and regulations made under this Article: Provided, that any farm product may be packed for sale, offered for sale, or sold, without conforming to the standard for grade or other classification applicable thereto, if it is especially described as not graded or plainly marked as "Not graded." This proviso shall not apply to peaches. (It is the intent and purpose of this exemption to exempt peaches from the requirements of Article 17 of Chapter 106 that ungraded peaches, when sold or offered for sale, shall be marked "ungraded," "field run," "not graded," "grade not determined" or "unclassified," or words of similar import.) The Board of Agriculture, or the Commissioner of Agriculture, and their authorized agents, are authorized to issue "stop-sale" orders which shall prohibit further sale of the products if they have reason to believe such products are being offered, or exposed, for sale in violation of any of the provisions of this Article until the law has been complied with or said violations otherwise legally disposed of.

Whenever any standard for an open or closed receptacle for a farm product shall be made effective under this Article no person shall pack for sale in and deliver in a receptacle, or sell in and deliver in a receptacle, any such farm product to which such standard is applicable, unless the receptacle conforms to the standard, subject to such variations therefrom as may be allowed in the rules and regulations made under this Article, or unless the receptacle be of a capacity twenty-five percent (25%) less than the capacity of the minimum standard receptacle for the product: Provided, that any receptacle for such farm product of a capacity within twenty-five percent (25%) of, or larger than, the minimum standard receptacle for the product may be used if it be specifically described as not a standard size, or be conspicuously marked with the phrase, "Not standard size," in addition to any other marking which may be prescribed for such receptacles under authority given by this Article.

Whenever any requirement for marking a receptacle for a farm product shall have been made effective under this Article no person shall sell and deliver in this State any such farm product in a receptacle to which such requirement is applicable unless the receptacle be marked according to such requirements. The apple grade standards shall include the requirements for maturity of the United States standards for grades of apples and may employ the use of the refractometer to determine the sugar content and maturity of apples and the pressure test to determine the maturity of apples. All apples sold, offered for sale, or shipped into this State shall meet these requirements.

(b) Any person, firm or corporation violating the provisions of this section shall be guilty of a Class 3 misdemeanor and shall be punished only by a fine of not less than one hundred dollars (\$100.00). Credit shall be given for purposes of determining the amount of leave earned by the employee, eligibility for and amount of longevity pay, and any other determinations for which the length of State service is relevant.

Employees given retroactive aggregate State service credit under this section shall receive retroactive longevity pay, to the extent for which they would have been eligible for longevity pay if they had been correctly classified from the date of their initial employment, for all service beginning January 1, 1974, until August 1, 1977, with any longevity pay actually paid to be subtracted therefrom. (1977, c. 1038, s. 1.)

- (3) To supervise and regulate the transportation, processing, storage, distribution, delivery and sale of milk for consumption; provided that

nothing in this Article shall be interpreted as giving the Commission any power to limit the quantity of milk that any producer can produce nor the power to prohibit or restrict the admission of new producers. To classify milk on the basis of use or form; to adopt or approve base plans for allocating classes of milk and to provide for the pooling on a market-wide or statewide plan the total utilization of licensed distributors, or may assign base and/or milk in order to obtain the highest utilization possible for producers and/or associations of producers supplying milk to the market; and the Commission may provide for an equalization payment in order that producer milk will not be paid for in a lower class through the recombining of water and milk constituents.

- (4) To act as mediator or arbiter in any controversial issue that may arise among or between milk producers and distributors as between themselves, or that may arise between them as groups.
- (5) To cause examination into the business, books, and accounts of any milk producer, association of producers or milk distributors, their affiliates or subsidiaries; to issue subpoenas to milk producers, associations of producers, and milk distributors, and require them to produce their records, books, and accounts; to subpoena any other person from whom information is desired.
- (6) To take depositions of witnesses within or without the State. Any member of the Commission or any employee of the Commission, so designated, may administer oaths to witnesses and sign and issue subpoenas.
- (7) To make, adopt, and enforce all rules, regulations and orders necessary to carry out the purposes of this Article. Every rule, regulation and order of the Commission shall be posted for inspection in the main office of the Commission. A certified copy of all general administrative rules and regulations or rules of practice and procedure shall be filed as required by Chapter 150B of the General Statutes, and a certified copy thereof shall likewise be mailed in a sealed envelope, with postage prepaid, to all licensed distributors and associations of producers in the State. Such filing and mailing shall constitute due and sufficient notice to all persons affected by such rule, regulation or order. A order which applies only to a person or persons named therein shall be served on the person or persons affected. An order, herein required to be served, shall be served by personal delivery of a certified copy, or by mailing a certified copy in a sealed envelope, with postage prepaid, to each person affected thereby, or in the case of a corporation, to any officer or agent of the corporation upon whom legal process may be served.
- (8) The operation and effect of any provision of this Article conferring a general power upon the Commission shall not be impaired or qualified by the granting to the Commission by this Article of a specific power or powers.
- (9) The Commission shall not exercise its power in any market until a public hearing has been held for such market, and the Commission determines that it will be to the public interest that it shall so exercise its power in such market. The Commission may, on its own motion, call such a hearing, and shall call such a hearing upon the written application of a producers' association organized under the laws of the State, supplying in the judgment of the Commission, a substantial proportion of the milk consumed in such market, but if no such producers' organization exists on said market, the Commission shall call such hearing upon the written application of producers supplying

a substantial proportion of the milk consumed in said market; and shall call such hearing upon the written application of distributors, distributing a substantial proportion of the milk consumed in such market. Such hearing may be held at the time and place and after such notice as the Commission may determine.

The Commission may withdraw the exercise of its powers from any market after a public hearing has been held for such market, and the Commission determines that it will be to the public interest to withdraw the exercise of its powers from such market.

- (10)a. The Commission may fix prices to be paid producers and/or associations of producers by distributors in any market or markets, and may also fix different prices for different grades or classes of milk. Notwithstanding the provisions of G.S. 150B-59(a), such rules shall become effective when approved by the Commission. The Commission shall file any rule with the Director of the Office of Administrative Hearings within two working days of its adoption by the Commission.
 - b. The Commission, after investigation and public hearing and finding as a fact that it is in the public interest, may fix the maximum and minimum wholesale and retail prices to be charged for milk in any market area by any person subject to this section and may fix different prices for different grades or classes of milk. The Commission may take into consideration the type of service rendered, the quantity delivered and the cost of the container.
 - c. Prices fixed under this subdivision (10) shall not become effective until 10 days after the mailing of notice of the action of the Commission. Prices fixed under b above shall remain in effect for at least 30 days and until the Commission finds it is in the public interest to remove said prices.
 - d. In determining the reasonableness of prices to be paid or charged in any market, the Commission shall be guided by the cost of production and distribution, including compliance with all sanitary regulations in force in such market or markets, necessary operating, processing, storage and delivery charges, the prices of other foods and other commodities, and the welfare of the general public. The Commission may adopt a formula incorporating such of these economic factors as well as other pertinent economic factors relevant to the production of milk which will determine automatically the prices to be paid producers or associations of producers by distributors in any market or markets, and then provide for the periodic automatic readjustment of such prices according to the result obtained by the use of this formula. Public hearings shall be held for adoption, or amendment of the formula itself, but shall not be required for price adjustments which are made based upon use of the formula.
 - e. In establishing producer prices for milk moving into other states, the Commission shall consider prevailing producer prices established by state or federal authority in such states.
- (11) The Commission may require all distributors in any market designated by the Commission to be licensed by the Commission for the purpose of carrying out the provisions of this Article. One who purchases milk from a licensed distributor for the purpose of retail sales shall not be required to be licensed hereunder. The Commission may decline to grant a license, or may suspend or revoke a license already granted upon due notice and after a hearing, whenever said applicant or licensee shall have violated the regulations adopted by

the Commission or failed to comply with the requirements of this Article 28B, or upon any of the following grounds:

- a. Where the distributor has failed to account and make payment for any milk purchased or received on consignment or otherwise from a producer or association of producers, or has, if a subdistributor, failed to account and make payment for any milk purchased or received on consignment or otherwise from a distributor; provided, however, that it be shown there was reasonable cause for any such failure to account and make payment, and that such accounting and payment can and will be made promptly, the Commission shall not suspend or revoke a license solely for such failure until a reasonable opportunity has been afforded to make such accounting and payment.
- b. Where the applicant or distributor has made a general assignment for the benefit of creditors, or has been adjudged a bankrupt or there has been entered against him a judgment upon which an execution remains wholly or partly unsatisfied, or where it is shown that the applicant or distributor has insufficient financial responsibility, personnel or equipment properly to conduct the milk business.
- c. Where the applicant or distributor has engaged in a course of action such as to satisfy the Commission of an intent on his part to deceive or defraud customers, producers or consumers.
- d. Where the applicant or distributor has failed to maintain such records as are required by the rules and regulations of the Commission or has failed to furnish the statements or information required by the Commission under this Article 28B or has kept false records or furnished false statements with respect to such information.
- e. Where the applicant or distributor has rejected, without reasonable cause, any milk purchased from a producer, or has refused to accept, without either reasonable cause or reasonable advance notice, milk delivered by or on behalf of a producer in ordinary continuance of a previous course of dealing, except when the contract has been lawfully terminated.

In any case where the Commission shall suspend a license, the Commission may, in its discretion, accept from the licensee an offer in compromise of not less than fifty dollars (\$50.00) and not more than five thousand dollars (\$5,000) as a penalty in lieu of such suspension, and thereupon rescind the suspension. All receipts from such penalties shall be paid by the Commission to the State Treasurer for disposition in the same manner as assessments, as provided by G.S. 106-266.12. The Commission may classify licenses, and may issue licenses to distributors to process or store or sell milk to a particular city or village or to a market or markets within the State of North Carolina.

- (12) Any member of the Commission, or any person designated for the purpose, shall have access to, and may enter at all reasonable hours, all places where milk is processed, stored, bottled or manufactured into food products. Any member of the Commission or designated employee shall have the power to inspect and copy books and records in any place within the State for the purpose of ascertaining facts to enable the Commission to administer this Article. The Commission may combine such information for any market or markets and make it public.
- (13) The Commission may define after a public hearing what shall constitute a natural-market area and define and fix limits of the milk

shed or territorial area within which milk shall be produced to supply any such market area: Provided, that producers, producer-distributors or their successors now shipping milk to any market may continue to do so until they voluntarily discontinue shipping to the designated milk market.

- (14) Each licensee shall from time to time, as required by the Commission, submit verified reports containing such information as the Commission may require. CASE NOTES

Editor's Note. — *Some of the cases below were decided prior to the 1971 revision of this Article and subsequent amendments.*

Constitutionality. — That part of subdivision (3) conferring upon the Commission power to require a distributor of milk, reconstituted from milk powder produced in another state, to make "equalization" payments for the benefit of North Carolina milk producers, with whom it has no dealings, violates N.C. Const., Art. I, § 19, and the commerce clause of the U.S. Constitution. In re Arcadia Dairy Farms, Inc., 43 N.C. App. 459, 259 S.E.2d 368 (1979), appeal dismissed, 299 N.C. 328, 265 S.E.2d 393 (1980).

Former Provisions Held Constitutional. — See State ex rel. North Carolina Milk Comm'n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959).

Regulation of Milk Prices. — The Commission was established as a state agency to protect the interest of the public in a regularly flowing supply of wholesome milk and is authorized, for that purpose, and that purpose only, to regulate, under proper circumstances and to a proper degree, the price of milk. State ex rel. North Carolina Milk Comm'n v. National Food Stores, Inc., 270 N.C. 323, 154 S.E.2d 548 (1967).

U.S. Const., Amend. XIV does not forbid a state to confer upon an administrative agency the power to fix minimum and maximum retail prices to be charged for the sale of milk in grocery stores to consumers for the purpose of assuring the steady flow of an adequate supply of clean, wholesome milk from the producing farms to the consumer. State ex rel. North Carolina Milk Comm'n v. National Food Stores, Inc., 270 N.C. 323, 154 S.E.2d 548 (1967).

Regulation and Fixing of Transportation Rates. — See State ex rel. North Carolina Milk Comm'n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959).

An order of the Milk Commission pursuant to this section prescribing a uniform hauling charge per cwt. upon all producers delivering milk to a certain distributor, regardless of the distance or route, is not arbitrary or discriminatory and is relevant to the legislative purpose of the Milk Commission Act. It does not deny a producer the equal protection of the laws or deprive him of property without due process of law, even though he is subject under the regulation to a higher charge than he was under a former system, and does not violate former N.C. Const., Art. I, §§ 17 and 37 (see now N.C. Const., Art. I, §§ 19 and 29), nor U.S. Const., Amend. XIV. State ex rel. North Carolina Milk Comm'n v. Galloway, 249 N.C. 658, 107 S.E.2d 631 (1959).

Neither N.C. Const., Art. I, § 32, nor N.C. Const., Art. I, § 19, forbids the legislature of this State to confer upon the Milk Commission authority to fix a uniform rate for the transportation of milk from the farm to the processing plant so as to enable the producers of milk to secure a fair price for their product. State ex rel. North Carolina Milk Comm'n v. National Food Stores, Inc., 270 N.C. 323, 154 S.E.2d 548 (1967).

Regulation of Competition Among Retail Grocery Stores Not Intended. — The Milk Commission was not established as an agency to regulate competition among retail grocery stores per se. State ex rel. North Carolina Milk Comm'n v. National Food Stores, Inc., 270 N.C. 323, 154 S.E.2d 548 (1967).

Sections of Milk Marketing Order Held Constitutional. — Sections IV-A-1, IV-B-2, IV-C-1, IV-C-2, IV-E-1A, V-C-2, and V-C-4 of Milk Marketing Order Number Two of the North Carolina Milk Commission were held not to constitute a burden on interstate commerce, conflict with federal regulation of interstate

commerce as provided in the Capper-Volstead Act, deny equal protection of the law and due process of law, or impair the obligations of contract. *Southeast Milk Sales Ass'n v. Swaringen*, 290 F. Supp. 292 (M.D.N.C. 1968).

§ 106-266.9. Distributors to be licensed; prices and practices of distributors regulated.

No distributor in a market in which the provisions of this Article are in effect shall buy milk from producers, or others, for sale within the State, or sell or distribute milk within the State, unless such distributor is duly licensed under the provisions of this Article. It shall be unlawful for a distributor to buy from or sell milk to a distributor who is not licensed as required by this Article. It shall be unlawful for any distributor to deal in, or handle milk if such distributor has reason to believe that the milk has been previously dealt in, or handled, in violation of the terms and provisions of this Article. No distributor shall violate the prices as established by or filed with the Commission or offer any discounts or rebates without authority from the Commission; and the Commission may prohibit such practices as it may deem to be contrary to the welfare of the public and the dairy industry, such as the use of special prices or special inducements in any form or any unfair trade practices in order to vary from the established prices. The Commission may require each distributor to file with the Commission one complete schedule of his wholesale and retail prices for each marketing area and may require each distributor to charge his posted prices for all sales and to give 10 days' notice by certified mail to the Commission and every licensed distributor in each marketing area affected prior to the effective date of any changes in said posted prices. The requirements as to filing price schedules shall not apply to retail stores the principal business of which is selling other than dairy products and which do not maintain or control directly or indirectly a milk processing plant. The Commission may prohibit a distributor from selling or offering for sale milk in any market or county at prices less than the prices filed for the market or county in which such distributor's processing or bottling plant is located, except in such cases as such sales may be made at a lower price or prices in good faith to meet competition. (1953, c. 1338, s. 4; 1955, c. 406, s. 4; 1963, c. 797, ss. 2, 4, 41/2; 1971, c. 779, s. 1.)

§ 106-266.10. Licenses for distributors and subdistributors.

An application to the Commission for a license to operate as a distributor or subdistributor shall be made by mail or otherwise within 30 days after the provisions of this Article become effective in a market, and as to any distributor or subdistributor thereafter beginning business, before such distributor or subdistributor shall begin such business therein. The application shall be made on blanks furnished by the Commission for that purpose. Each distributor shall cooperate with the Commission in seeing to it that its subdistributors are informed concerning, and comply with, the provisions of this Article and the rules and regulations duly adopted by the Commission. (1953, c. 1338, s. 5; 1971, c. 779, s. 1.)

§ 106-266.11. Annual budget of Commission; collection of monthly assessments.

The Commission shall prepare an annual budget and shall collect the sums of money required for this budget from the distributors in the form of monthly assessments. The assessment so levied shall be fixed at a rate per hundred-weight on the volume of all milk handled. The rate set shall not exceed one-half of one percent (1/2%) of the Statewide blend price paid to all North Carolina producers during the previous calendar year for three and one-half percent (3.5%) milk as computed by the North Carolina Milk Commission. One half of any such assessment shall be deducted from funds owed to a producer or any association of producers. (1953, c. 1338, s. 6; 1971, c. 779, s. 1; 1983 (Reg. Sess., 1984), c. 1062, s. 4.)

§ 106-266.12. Milk Commission Account; deductions by distributor from funds owed to producer.

All receipts from assessments collected under this Article shall be paid by the Commission to the State Treasurer and shall be placed by the State Treasurer in a general fund to the credit of an account to be known as the "Milk Commission Account" and such an amount as may be necessary, and no more, is hereby appropriated out of this Milk Commission Account, for the payment of all expenses incurred by the Commission in administering and enforcing this Article. The Commission shall require a distributor to make such deductions from funds owed to a producer as authorized by the producer. (1953, c. 1338, s. 7; 1971, c. 779, s. 1.)

§ 106-266.13. Injunctive relief.

In the event of violation of any provisions of this Article, or order promulgated under the provisions thereof, in addition to any other remedy, the Commission may apply to any court of record in the State of North Carolina for relief by injunction, if necessary, to protect the public interest without being compelled to allege or prove that any adequate remedy at law does not exist. (1953, c. 1338, s. 10; 1971, c. 779, s. 1.)

§ 106-266.14. Penalties.

Any person violating any provisions of this Article, or order promulgated under the provisions thereof, or of any license issued by the Commission shall be guilty of a Class 1 misdemeanor, and each day during which such violation shall continue shall be deemed a separate violation. Prosecutions for violations of this Article shall be instituted by the Attorney General or otherwise, in any county or city of the State of North Carolina in which such violations occur. (1953, c. 1338, s. 11; 1971, c. 779, s. 1; 1993, c. 539, s. 754; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-266.15. Judicial review.

Judicial review of the following may be had under Chapter 150B of the General Statutes:

- (1) A rule, order, or regulation adopted by the Commission under this Article.
- (2) A decision of the Commission under this Article to deny, suspend, revoke, or refuse to transfer or reissue a license.
- (3) An order of the Commission under this Article to fix or amend the price or terms upon which milk may be bought or sold. (1953, c. 1338, s. 12; 1969, c. 44, s. 67; 1971, c. 779, s. 1; 1973, c. 1331, s. 3; 1987, c. 827, s. 24.)

CASE NOTES

Right of Appeal and Hearing De Novo. — A person aggrieved by a decision of the Commission in North Carolina has a right of appeal and to be heard de novo in the superior court. *Southeast Milk Sales Ass'n v. Swaringen*, 290 F. Supp. 292 (M.D.N.C. 1968), decided prior to the 1971 revision of this Article and subsequent amendments.

the proceeding shall be heard de novo in the superior court. *State ex rel. North Carolina Milk Comm'n v. Galloway*, 249 N.C. 658, 107 S.E.2d 631 (1959), decided prior to the 1971 revision of this Article and subsequent amendments.

§ 106-266.16. Saving clause.

No provisions of this Article shall apply or be construed to apply to foreign or interstate commerce, except insofar as the same may be effective pursuant to the United States Constitution and to the laws of the United States enacted pursuant thereto. (1953, c. 1338, s. 13; 1971, c. 779, s. 1.)

§ 106-266.17. Marketing agreements not to be deemed illegal or in restraint of trade; conflicting laws.

The making of marketing agreements between producers' cooperative marketing associations and distributors and producer-distributors under the provisions of this Article shall not be deemed a combination in restraint of trade or an illegal monopoly, or an attempt to lessen competition or fix prices arbitrarily nor shall the marketing contract or agreements between the association and the distributors and producer-distributors, or any agreements authorized in this Article, be considered illegal or in restraint of trade. All laws and clauses of laws in conflict with the provisions of this Article are hereby repealed to the extent necessary for the full operation of this Article. No provisions of this Article shall be deemed in conflict with Articles 28 and 28A of Chapter 106 of the General Statutes. No provisions of this Article shall be deemed in conflict with the authority granted to local boards of health by G.S. 130-19, 130-20, 130-66, to make and enforce rules and regulations governing milk sanitation or with the authority granted to the Department of Health and Human Services by G.S. 130-3 to make sanitary inquiries and investigations. (1953, c. 1338, s. 14; 1971, c. 779, s. 1; 1973, c. 476, s. 128; 1997-443, s. 11A.118(a); 1997-502, s. 7.)

Editor's Note. — Sections 130-3, 130-19, 130-20, and 130-66, referred to in this section, have been repealed. As to county and district boards of health, see now § 130A-34 et seq.

§ 106-266.18. Limitations upon power of Commission.

Nothing in this Article shall be interpreted as giving the Commission any power to limit the quantity of milk that any producer can produce, nor the power to prohibit or restrict the admission of new producers, nor the power to restrict the marketing area of any producer, except as provided in G.S. 106-266.8(3). (1953, c. 1338, s. 141/2; 1971, c. 779, s. 1; 1977, c. 426, s. 4.)

§ 106-266.19. Sale below cost to injure or destroy competition prohibited.

The sale of milk by any distributor or producer-distributor or retailer below cost for the purpose of injuring, harassing or destroying competition is hereby prohibited; and the offering for sale of milk by a retailer at below-cost prices to induce the public to patronize his store, or what is commonly known in the trade as using milk as a "loss leader" is also hereby prohibited. However, milk may be sold below cost to meet competition if notice has been sent to the Commission by registered or certified mail identifying the competitor or competitors. At any hearing or trial on a complaint under this section, evidence of sale of milk by a distributor or subdistributor or retailer below cost shall constitute prima facie evidence of the violation or violations alleged, and the burden of rebutting the prima facie case thus made, by showing that the same was justified in that it was not, in fact, made below cost or that it was not for the purpose of injuring, harassing or destroying competition, or that it was sold below cost to meet competition after notice has been sent to the Commission by registered or certified mail identifying the competitor or competitors, or that it was not used as a "loss leader" or to induce the public to patronize his store, shall be upon the person charged with a violation of this section. As used herein the term "cost" for a distributor or producer-distributor shall be construed to mean the price paid for Grade A or Class I milk in the area where such sale is made plus a reasonable allocation of processing and marketing expenses. For a retailer the term "cost" shall be construed to mean the wholesale invoice price paid for Grade A or Class I milk in the area where such sale is made, provided, however, in determining whether any sale has been made in violation of this section, the Commission shall consider all discounts, rebates, gratuities or any other matters which may have the effect of either directly or indirectly reducing the price paid by the retailer involved. The prima facie case of a violation of this section, made by proof of sale below cost, may be rebutted by proof of any of the following facts:

- (1) The merchandise was damaged, or
- (2) The milk was sold upon the final liquidation of a business, or
- (3) The milk was sold to an organized charity or to a relief agency, or
- (4) The milk was sold by an officer acting under the direction of any court. (1955, c. 406, s. 1; 1959, c. 1021; 1965, c. 936, s. 2; 1971, c. 779, s. 1; 1975, c. 815.)

CASE NOTES

Inspection, Grading and Testing Milk and Dairy Products.

§ 106-267. Inspection, grading and testing dairy products; authority of State Board of Agriculture.

The State Board of Agriculture shall have full power to make and promulgate rules and regulations for the Department of Agriculture and Consumer Services in its inspection and control of the purchase and sale of milk and other dairy products in North Carolina; to make and establish definitions, not inconsistent with the laws pertaining thereto; to qualify and determine the grade and contents of milk and of other dairy products sold in this State; to regulate the manner of testing the same and the handling, treatment and sale of milk and dairy products, to require processors of fortified milk and milk products to pay all costs for assays of vitamin-fortified products, to provide for the issuance of permits upon compliance with this Article and the rules and regulations promulgated thereunder and to promulgate such other rules and regulations not inconsistent with the law as may be necessary in connection with the authority hereby given to the Commissioner of Agriculture on this subject. § 106-267.1. License required; fee; term of license; examination required.

Every person who shall test milk or cream in this State by, or sample milk for, the Babcock method or otherwise for the purpose of determining the percentage of butterfat or milk fat contained therein, where such milk or

cream is bought and paid for on the basis of the amount of butterfat contained therein, shall first obtain a license from the Commissioner of Agriculture. Any person applying for such license or renewal of license shall make written and signed application on blanks to be furnished by the Commissioner of Agriculture. The granting of a license shall be conditioned upon the passing by the applicant of an examination, to be conducted by or under the direction of the Commissioner of Agriculture. All licenses so issued or renewed shall expire on December 31 of each year, unless sooner revoked, as provided in G.S. 106-267.3. A license fee of five dollars (\$5.00) for each license so granted or renewed shall be paid to the Commissioner of Agriculture by the applicant before any license is granted. (1951, c. 1121, s. 1; 1959, c. 707, s. 5; 1989, c. 544, s. 14.)

The Commissioner of Agriculture shall establish and promulgate rules and regulations not inconsistent with this Article that shall govern the granting of licenses under this Article and shall establish and promulgate rules and regulations not inconsistent with this Article that shall govern the manner of testing, including, but not in limitation thereof, the taking of samples, location where the testing of said samples shall be made and the length of time samples of milk or cream shall be held after testing. (1951, c. 1121, s. 1.)

§ 106-267.3. Revocation of license; hearing.

The Commissioner of Agriculture shall have power to revoke any license granted under the provisions of this Article, upon good and sufficient evidence that the provisions of this Article or the rules and regulations of the Commissioner of Agriculture are not being complied with: Provided, that before any license shall be revoked, an opportunity shall be granted the licensee, upon being confronted with the evidence, to show cause why such license should not be revoked. (1951, c. 1121, s. 1.)

§ 106-267.4. Representative average sample; misdemeanor, what deemed.

In taking samples of milk or cream from any milk can, cream can or any container of milk or cream, the contents of such milk can, cream can, or container of milk and cream shall first be thoroughly mixed either by stirring or otherwise, and the sample shall be taken immediately after mixing or by any other method which gives a representative average sample of the contents, and it is hereby made a Class 2 misdemeanor to take samples by any method or to fraudulently manipulate such samples so as not to give an accurate and representative average sample where milk or cream is bought or sold and where the value of said milk or cream is determined by the butterfat contained therein. (1951, c. 1121, s. 1; 1993, c. 539, s. 755; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-267.5. Standard Babcock testing glassware; scales and weights.

In the use of the Babcock test all persons shall use the “standard Babcock testing glassware, scales, and weights.” The term “standard Babcock testing glassware, scales and weights” shall apply to glassware, scales and weights. It shall be unlawful for any person, firm, company, association, corporation or agent thereof to falsely manipulate, underread or overread the Babcock test or any other contrivance used for determining the quality of value of milk or

cream where the value of said milk or cream is determined by the percentage of butterfat contained in the same or to make a false determination by the Babcock test or otherwise, or to falsify the record of such test or to pay on the basis of any test, measurement or weight except the true test, measurement or weight. (1951, c. 1121, s. 1.)

§ 106-268. Definitions; enforcement of Article.

(a) The definitions set forth in this section shall apply to milk, dairy products, ice cream, frozen desserts, frozen confections or any other products which purport to be milk, dairy products or frozen desserts for which a definition and standard of identity has been established and when any of such products heretofore enumerated shall be sold, offered for sale or held with intent to sell by a milk producer, manufacturer or distributor, and insofar as practicable and applicable, the definitions contained in Article 12 of Chapter 106 of the General Statutes, as amended, shall be effective as to the products enumerated in this Article and section.

(b) The term "adulteration" means:

- (1) Failure to meet definitions and standards as established by the Board of Agriculture.
- (2) If any valuable constituent has been in whole or in part omitted or abstracted therefrom.
- (3) If any substance has been substituted wholly or in part thereof.
- (4) If it is adjudged to be unfit for human consumption.

(c) The term "misbranded" means:

- (1) If its labeling is false or misleading in any particular.
- (2) If it is offered for sale under the name of another dairy product or frozen dessert.
- (3) If it is sold in package form unless it bears a prominent label containing the name of the defined product, name and address of the producer, processor or distributor and carries an accurate statement of the quantity of contents in terms of weight or measure.

(d) The Department of Agriculture and Consumer Services, through its agents or inspectors, shall have free access during business hours to all places of business, buildings, vehicles, cars, storage places, containers and vessels used in the production, testing, processing and distribution of milk, cream, butter, cheese, ice cream, frozen dessert or any dairy product for which standards of purity and of identity have been established, as well as any substance which purports to be milk, dairy products, frozen dessert or confection for which a definition and standard of purity has been established; the Department acting through its duly authorized agents and inspectors, may open any box, carton, parcel, package or container holding or containing, or supposed to hold or contain any of the above-enumerated dairy products, as well as related products, and may take therefrom samples for analysis, test or inspection. If it appears that any of the provisions of this Article or of this section have been violated, or whenever a duly authorized agent of the Department has cause to believe that any milk, cream, butter, cheese, ice cream, frozen dessert or any dairy product for which standards of purity and of identity have been established or any substance which purports to be milk, a dairy product or a frozen dessert for which a definition and standard of identity has been established, is adulterated or misbranded or by reason of contamination with microorganisms has become deleterious to health during production, processing or distribution, and such products, or any of them, are in a stage of production, or are being exposed for sale, or are being held for processing or distribution or such products are being held with intent to sell the same, such agent or inspector is hereby authorized to issue a "stop-sale"

order which shall prohibit further sale of any of the products above enumerated or which shall prohibit further processing, production or distribution of any of the products above enumerated. The agent or inspector shall affix to such product a tag or other appropriate marking giving notice that such product is, or is suspected of, being adulterated, misbranded or contaminated and that the same has been detained or embargoed, and warning all persons not to remove or dispose of such product, by sale or otherwise, until permission for removal or disposal is given by such agent or inspector, until the law or regulation has been complied with or said violation has otherwise been legally disposed of. It shall be unlawful for any person to remove or dispose of any embargoed product, by sale or otherwise, without such permission: Provided, that if such adulteration or misbranding can be corrected by proper labeling or processing of the products so that the products meet the definitions and standards of purity and identity, then with the approval of such agent or inspector, sale and removal may be made. Any milk, dairy products or any of the products enumerated in this Article or section not in compliance with this Article or section shall be subject to seizure upon complaint of the Commissioner of Agriculture, or any of the agents or inspectors of the Department of Agriculture and Consumer Services, to a court of competent jurisdiction in the area in which said products are located. In the event the court finds said products, or any of them, to be in violation of this Article or of this section, the court may order the condemnation of said products, and the same shall be disposed of in any manner consistent with the rules and regulations of the Board of Agriculture and the laws of the State and in such a manner as to minimize any loss or damage as far as possible: Provided, that in no instance shall the disposition of said products be ordered by the court without first giving the claimant or owner of same an opportunity to apply to the court for the release of said products or for permission to again process or relabel the same so as to bring the product in compliance with this Article or section. In the event any "stop-sale" order shall be issued under the provisions of this Article or section, the agents, inspectors or representatives of the Department of Agriculture and Consumer Services shall release the products, or any of them, so withdrawn from sale when the requirements of the provisions of this Article and section have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. (1951, c. 1121, s. 1; 1997-456, s. 27; 1997-261, s. 46.)

CASE NOTES

Protective Purpose of Article. — This Article has declared the policy of North Carolina to be one of protecting the farmer from the disastrous consequences of planting seed of one kind, believing he is planting another, and from the consequences of the sale and delivery to farmers of seed falsely labeled. *Gore v. George J. Ball, Inc.*, 279 N.C. 192, 182 S.E.2d 389 (1971).

This Article is not limited in its purpose or scope to the protection of the purchaser from fraud by the immediate vendor. *Gore v. George*

J. Ball, Inc., 279 N.C. 192, 182 S.E.2d 389 (1971).

The North Carolina Seed Law is aimed at protecting farmers by strict labeling, quality control inspections and branding regulations. The seed law has no effect on a nonconflicting disclaimer which governs activity beyond its scope. *Billings v. Joseph Harris Co.*, 27 N.C. - (7) Percentage by weight of all weed seeds, including noxious-weed seeds.
- (8) For each named agricultural seed:
 - a. Percentage of germination, exclusive of hard seed.
 - b. Percentage of hard seeds, if present.

Stated in *Gore v. George J. Ball, Inc.*, 279 N.C. 192, 182 S.E.2d 389 (1971).

§ 106-277.10. Exemptions.

(a) When the required analysis and other information regarding the seed is present on a seedman's label or tag which bears an official North Carolina seed stamp or is accompanied by the North Carolina seed analysis tag on which is written, stamped or printed the words "See Attached Tag for Seed Analysis," the provisions of G.S. 106-277.5 through 106-277.7 shall be deemed to have been complied with.

(b) The official tag or label of the North Carolina Crop Improvement Association shall be considered an "official North Carolina seed analysis tag" when attached to containers of seed duly certified by the said Association or when it refers to an accompanying tag which carries the same information required in G.S. 106-277.5 to 106-277.7 and when fees applicable to the North Carolina seed analysis tag have been paid to the Commissioner.

(c) The label requirements for peanuts, cotton and tobacco seed may be limited to:

- (6) Name and address of person who labeled said seed or who sells, offers, or exposes said seed for sale.
- (d) The provisions of G.S. 106-277.3 through 106-277.7 do not apply:
 - (1) To seed or grain sold or represented to be sold for purposes other than for seeding provided that said seed is labeled "not for seeding purposes" and that the vendor shall make it unmistakably clear to the purchaser of such seed or grain that it is not for seeding purposes.
 - (2) To seed for processing when consigned to, being transported to or stored in an approved processing establishment, provided that the invoice or labeling accompanying said seed bears the statement "seed for processing" and provided further that other labeling or representation which may be made with respect to the uncleaned or unprocessed seed shall be subject to this Article.
 - (3) To seed sold by a farmer grower to a seed dealer or processor, or to seed in storage in or consigned to a seed-cleaning or processing plant; provided that any labeling or other representation which may be made with respect to the uncleaned or unprocessed seed shall be subject to this Article.

(1941, c. 114, s. 4; 1943, c. 203, s. 2; 1945, c. 828; 1949, c. 725; 1959, c. 585, s. 1; 1963, c. 1182.)

CASE NOTES

Exemptions under this section are to be strictly construed. *Gore v. George J. Ball, Inc.*, 279 N.C. 192, 182 S.E.2d 389 (1971).

Exemption Does Not Apply to Breach of Contract. — Exemptions from the penalties imposed by this Article are not intended to absolve the vendor from liability to the purchaser for breach of contract. *Gore v. George J. Ball, Inc.*, 279 N.C. 192, 182 S.E.2d 389 (1971).

Mislabeled Seed. — The failure of a seed company to notify a customer, after receiving

complaints from other customers that tomato seeds delivered to the customer were mislabeled, did not constitute negligence where the evidence disclosed that the defendant kept no records of the particular source of seed used to fill a given order, there being no duty to maintain such records, and defendant being unable to notify the customer in the absence of such data. *Gore v. George J. Ball, Inc.*, 10 N.C. App. 310, 178 S.E.2d 237 (1971).

§ 106-277.11. Disclaimers, nonwarranties and limited warranties.

The use of a disclaimer, nonwarranty or limited warranty clause in any invoice, advertising [or] written, printed or graphic matter pertaining to any seed shall not constitute a defense, or be used as a defense in any way, in any prosecution or in any proceedings for confiscation of seeds brought under the provisions of this Article or rules and regulations made and promulgated thereunder. (1945, c. 828; 1949, c. 725; 1963, c. 1182.)

CASE NOTES

Effect of Warranty Limitation. — The provision of this section barring a defense based on a warranty limitation clause in any prosecution or in any proceedings for confiscation of seeds, does not have any bearing upon any other effect of such disclaimer or limitation clause. *Gore v. George J. Ball, Inc.*, 279 N.C. 192, 182 S.E.2d 389 (1971).

Warranty Limitation Does Not Bar Recovery of Full Damages. — The phrase, “to the extent of the purchase price,” used in a

limitation of warranty, relied on by the seller of mislabeled seed, is contrary to the public policy of this State as declared in this Article and is invalid. Such a provision, even if it otherwise be deemed a part of the contract of sale, does not bar the buyer from a recovery of the full damages which he would otherwise be entitled to recover for the breach of the contract by the seller. *Gore v. George J. Ball, Inc.*, 279 N.C. 192, 182 S.E.2d 389 (1971).

§ 106-277.12. Records.

The Commissioner or his duly authorized agents shall have the right to inspect such records in connection with the administration of this Article at any time during customary business hours. (1945, c. 828; 1949, c. 725; 1963, c. 1182.)

§ 106-277.13. Tolerances to be established and used in enforcement.

Due to variations which may occur between the analyses or tests and likewise between label statements and the results of subsequent analyses and tests, recognized tolerances shall be employed in the enforcement of the provisions of this Article, except as otherwise established by appropriate rules and regulations promulgated under authority of this Article. (1963, c. 1182.)

§ 106-277.14. Administration.

The duty of enforcing this Article and its rules and regulations and carrying out its provisions and requirements shall be vested in the Commissioner of Agriculture. (1963, c. 1182.)

§ 106-277.15. Rules, regulations and standards.

The Commissioner is authorized to revoke any seed license issued, or to refuse to issue a seed license to any person as hereinafter provided, upon satisfactory proof that said person has repeatedly violated any of the provisions of this Article or any of the rules and regulations made and promulgated thereunder; provided that no license shall be revoked or refused until the person shall have first been given an opportunity to appear at a hearing before the Commissioner. Any person who is refused a license, or whose license is revoked by any order of the Commissioner, may appeal within 30 days from said order to the Superior Court of Wake County or the superior court of the county of his residence. § 106-277.20. Right of entry for purposes of inspection; duty of vendors.

For the purpose of carrying out this Article the Commissioner or his agent is authorized to enter upon any public or private premises during regular business hours in order to have access to seeds subject to this Article and the rules and regulations thereunder. It shall be the duty of the dealer or vendor to arrange seed lots so as to be accessible for inspection, and to provide such information and records as may be deemed necessary. A filing fee of one hundred dollars (\$100.00) shall be paid to the Department by the party requesting the investigation. § 106-277.31. Notice required.

Dealers shall legibly print or type on each seed container or affix a label on each seed container a notice in the following form or using reasonably equivalent language:

“Notice of Claims Procedure for Defective Seed

North Carolina provides an opportunity for persons who believe that they have suffered damage from the failure of agriculture or vegetable seeds to perform as labeled or warranted, or as a result of negligence, to have the matter investigated and heard before a special seed board as an alternative to filing a court action. To take advantage of this procedure, a purchaser of seed must file a complaint with the North Carolina Commissioner of Agriculture in time for the seed, crop, or plants to be inspected. Failure to follow this procedure will limit the amount of damages you may be able to recover. Please contact the Commissioner of Agriculture for information about this claims procedure.” (1998-210, s. 3.)

Editor’s Note. — Session Laws 1998-210, s. 5, made this section effective January 1, 1999, and applicable to agricultural and vegetable seed purchased on or after that date.

The other two members shall include: one farmer who is not connected in any way to selling seeds at retail or wholesale and one employee of the Department. An alternate for each member shall also be appointed in the same manner as that member was appointed to serve whenever that member is unable or unwilling to serve. Each member of the Board shall serve a four-year term at the discretion of the Commissioner. The Board shall elect a chairperson. The chairperson shall conduct all meetings and deliberations and direct all other activities of the Board. Three members of the Board shall constitute a quorum and at least three board members must vote affirmatively for the Board to take any action.

(b) The Board shall keep a record of its activities and reports on file in the Department. The Department shall transmit all findings and recommendations to the buyer and to the dealer within 30 days of completion of the investigation.

(c) No investigation shall be made by less than the whole membership of the Board unless the chairperson directs such investigation in writing. Such investigation shall be summarized in writing and considered by the Board in reporting its findings and making its recommendations.

(d) The report of the investigation and the recommendations of the Seed Board shall be binding upon all parties to the extent, if any, that they have so agreed in writing subsequent to the filing of the complaint pursuant to G.S. 106-277.30. (1998-210, s. 3.)

§ 106-277.34. Actions regarding defective seed claims; evidence.

(a) In any court action involving a complaint that has been the subject of an investigation under G.S. 106-277.32, any party may introduce evidence of seed quality, cultivation practices and procedures, and scientific opinion contained in the report of the Seed Board. Statements of the parties and recommendations of the Seed Board as resolution of the dispute are not admissible as evidence unless such evidence is otherwise discoverable.

(b) In any court action where a buyer alleges that he or she suffered damages due to the failure of agricultural or vegetable seed to produce or perform as labeled or warranted, or as the result of negligence, and the buyer failed to make a sworn complaint against the dealer as set forth in G.S. 106-277.30, the buyer's right to recover damages shall be limited to actual expenditures paid by the buyer to other persons for the cost of seed, labor, equipment, fertilizer, insecticide, herbicide, land rent, or other expenses incurred in connection with the cultivation of the seed alleged to be defective, less any value received by the buyer arising from the sale or transfer of any crops grown from the seed in question. All commercial feed, except that in bags or packages of five pounds or less, shall be in such standard-weight bags or packages as the Board by regulation shall prescribe. (1973, c. 771, s. 7.)

§ 106-284.37. Misbranding.

A commercial feed shall be deemed to be misbranded:

- (1) If its labeling is false or misleading in any particular.
- (2) If it is distributed under the name of another commercial feed.
- (3) If it is not labeled as required in G.S. 106-284.35.
- (4) If it purports to be or is represented as a commercial feed, or if it purports to contain or is represented as containing a commercial feed ingredient, unless such commercial feed or feed ingredient conforms to the definition, if any, prescribed by regulation by the Board.
- (5) If any word, statement, or other information required by or under authority of this Article to appear on the label or labeling is not prominently placed thereon with such conspicuousness (as compared with other words, statements, designs, or devices in the labeling) and in such terms as to render it likely to be read and understood by the ordinary individual under customary conditions of purchase and use. (1973, c. 771, s. 8.)

§ 106-284.38. Adulteration.

A commercial feed shall be deemed to be adulterated:

- (1)a. If it bears or contains any poisonous or deleterious substance which may render it injurious to health; but in case the substance is not an added substance, such commercial feed shall not be considered adulterated under this subdivision if the quantity of such substance in such commercial feed does not ordinarily render it injurious to health; or
- b. If it bears or contains any added poisonous, added deleterious, or added nonnutritive substance which is unsafe within the meaning of section 406 of the Federal Food, Drug and Cosmetic Act (other than one which is (i) a pesticide chemical in or on a raw agricultural commodity; or (ii) a food additive); or
- c. If it is, or it bears or contains, any food additive which is unsafe within the meaning of section 409 of the Federal Food, Drug and Cosmetic Act; or
- d. If it is a raw agricultural commodity and it bears or contains a pesticide chemical which is unsafe within the meaning of section 408(a) of the Federal Food, Drug and Cosmetic Act; provided, that where a pesticide chemical has been used in or on a raw agricultural commodity in conformity with an exemption granted or a tolerance prescribed under section 408 of the Federal Food, Drug and Cosmetic Act and such raw agricultural commodity has been subjected to processing such as canning, cooking, freezing, dehydrating, or milling, the residue of such pesticide chemical remaining in or on such processed feed shall not be deemed unsafe if such residue in or on the raw agricultural commodity

has been removed to the extent possible in good manufacturing practice and the concentration of such residue in the processed feed is not greater than the tolerance prescribed for the raw agricultural commodity unless the feeding of such processed feed will result or is likely to result in a pesticide residue in the edible product of the animal, which is unsafe within the meaning of section 408(a), of the Federal Food, Drug and Cosmetic Act.

- e. If it is, or it bears or contains, any color additive which is unsafe within the meaning of section 706 of the Federal Food, Drug and Cosmetic Act.
- (2) If any valuable constituent has been in whole or in part omitted or abstracted therefrom or any less valuable substance substituted therefor.
- (3) If its composition or quality falls below or differs from that which it is purported or is represented to possess by its labeling.
- (4) If it contains a drug and the methods used in or the facilities or controls used for its manufacture, processing, or packaging do not conform to current good manufacturing practice regulations promulgated by the Board to assure that the drug meets the requirements of this Article as to safety and has the identity and strength and meets the quality and purity characteristics which its purports or is represented to possess. In promulgating such regulations, the Board shall adopt the current good manufacturing practice regulations for medicated feed premixes and for medicated feeds established under authority of the Federal Food, Drug and Cosmetic Act, unless it determines that they are not appropriate to the conditions which exist in this State.
- (5) If it contains viable weed seeds in amounts exceeding the limits which the Board shall establish by rule or regulation. (1973, c. 771, s. 9.)

§ 106-284.39. Prohibited acts.

The following acts and the causing thereof within the State of North Carolina are hereby prohibited:

- (1) The manufacture or distribution of any commercial feed that is adulterated or misbranded.
- (2) The adulteration or misbranding of any commercial feed.
- (3) The distribution of agricultural commodities such as whole seed, hay, straw, stover, silage, cobs, husks, and hulls, which are adulterated within the meaning of G.S. 106-284.38(1).
- (4) The removal or disposal of a commercial feed in violation of an order under G.S. 106-284.43.
- (5) The failure or refusal to register in accordance with G.S. 106-284.34.
- (6) The violation of G.S. 106-284.44(f).
- (7) Failure to pay inspection fees and file reports as required by G.S. 106-284.40.
- (8) The use of metal fasteners as bag fasteners or for attaching labels to the containers of commercial feed. (1973, c. 771, s. 10.)

§ 106-284.40. Inspection fees and reports.

(a) An inspection fee at the rate of three cents (3¢) for each carton of 48 cans shall be paid on canned pet food distributed in this State by the person whose name appears on the label as the manufacturing distributor or guarantor subject to (b)(1), (2), (3), and (5) of this section.

(b) An inspection fee at the rate of twelve cents (12¢) per ton shall be paid on commercial feeds distributed in the State by the person whose name

appears on the label of the commercial feed as the manufacturer, distributor or guarantor of the commercial feed, subject to the following:

- (1) No fee shall be paid on a commercial feed if the payment has been made by a previous distributor.
- (2) No fee shall be paid on customer-formula feeds if the inspection fee is paid on the commercial feeds which are used as ingredients therein.
- (3) No fee shall be paid on commercial feeds which are used as ingredients or a base for the manufacture of commercial feeds which are registered, if the fee has already been paid. If the inspection fee has already been paid on such commercial feed, the amount paid shall be deducted from the gross amount due on the total feed produced.
- (4) In the case of a commercial feed other than canned pet food which is distributed in the State only in packages of five pounds or less, an annual registration fee of thirty dollars (\$30.00) shall be paid in lieu of the inspection fee specified above.
- (5) The minimum inspection fee shall be ten dollars (\$10.00) per quarter unless no feed was sold in the State during the quarter.
- (6) Manufacturers of commercial feeds may appear before the Board, and after finding there exists a contract feeder relationship between a manufacturer of commercial feeds and an independent contractor, the Board may issue annual numbered permits exempting that manufacturer of commercial feed from paying the inspection fee assessed by the provisions of this law for that feed delivered to the contract feeder. The manufacturer of ingredients who sells such ingredients to manufacturers of commercial feeds under this subdivision shall have in his possession the exemption number of the permit referred to in G.S. 106-284.34(b) and/or the permit issued by the Board under this subdivision before the supplier may be relieved of the responsibility for payment of the inspection fee. The holder of a valid contract feeder exemption permit shall be exempt from paying the inspection fee on all ingredients purchased for its own use, provided that at least one-half of the ingredients purchased in the previous calendar year were used in feed delivered to contract feeders.

The holder of said permit may voluntarily return said permit to the Commissioner for cancellation at which time said holder may not apply for or receive another exemption permit under this subdivision for a period of 12 months. The exemption permits under this subdivision shall be renewable automatically every year by the Board without additional findings of fact unless it is brought to the Board's attention by the Commissioner or his duly designated officer or employee that there no longer exists the relationship of a contract feeder between the manufacturer of commercial feeds and an independent contractor. In the event the Commissioner or his duly designated officer or employee notifies the Board when the permit is to be automatically renewed or anytime the permit is in effect, that there no longer exists a contract feeder relationship for the permit holder, the Board shall determine the veracity of the notification and revoke said permit if the facts are found to be true by the Board.

Commercial feeds exempt from inspection fees under this subdivision shall not be subject to sampling and analysis other than as may be necessary to determine compliance with good manufacturing practice regulations pertaining to medicated animal feed and medicated feed premixes established under G.S. 106-284.38(4) of this law.

- (c) Each person who is liable for the payment of such fee shall:
 - (1) File, not later than the last day of January, April, July and October of each year, a quarterly statement setting forth the number of net tons

of commercial feeds and/or cases of canned pet food distributed in this State during the preceding calendar quarter, and upon filing such statements shall pay the inspection fee at the rate stated in subsections (a) and (b) of this section. Inspection fees which are due and owing and have not been remitted to the Commissioner within 15 days following the due date shall have a penalty fee of ten percent (10%) (minimum ten dollars (\$10.00)) added to the amount due when payment is finally made. The assessment of this penalty fee shall not prevent the Commissioner from taking other actions as provided in this Chapter.

- (2) Keep such records as may be necessary or required by the Commissioner to indicate accurately the tonnage of commercial feed distributed in this State, and the Commissioner or his duly designated agent shall have the right to examine such records during normal business hours, to verify statements of tonnage. Failure to make an accurate statement of tonnage or to pay the inspection fee or comply as provided herein shall constitute sufficient cause for the cancellation of all registrations on file for the distributor. (1973, c. 771, s. 11; 1975, c. 900, s. 2; c. 961, s. 2; 1987 (Reg. Sess., 1988), c. 1043; 1989, c. 544, s. 6.)

§ 106-284.41. Rules and regulations.

(a) The Board is authorized to promulgate such rules and regulations for commercial feeds and pet foods as are specifically authorized in this Article and such other reasonable rules and regulations as may be necessary for the efficient enforcement of this Article. In the interest of uniformity the Board shall by regulation adopt, unless it determines that they are inconsistent with the provisions of this Article or are not appropriate to conditions which exist in this State, the following:

- (1) The official definitions of feed ingredients and official feed terms adopted by the Association of American Feed Control Officials and published in the official publication of that organization, and
- (2) Any regulations promulgated pursuant to the authority of the Federal Food, Drug and Cosmetic Act (21 U.S.C. section 301 et seq.).

(b) Before the issuance, amendment, or repeal of any rule or regulation authorized by this Article, the Board shall publish the proposed regulation, amendment, or notice to repeal an existing regulation in a manner reasonably calculated to give interested parties, including all current registrants, adequate notice and shall afford all interested persons an opportunity to present their views thereon, orally or in writing, within a reasonable period of time. After consideration of all views presented by interested persons, the Board shall take appropriate action to issue the proposed rule or regulation or to amend or repeal an existing rule or regulation. The provisions of this subsection notwithstanding, if the Board pursuant to the authority of this Article, adopts the official definitions of feed ingredients or official feed terms as adopted by the Association of American Feed Control Officials, or regulations promulgated pursuant to the authority of the Federal Food, Drug and Cosmetic Act, any amendment or modification adopted by said Association or by the Secretary of Health, Education and Welfare in the case of regulations promulgated pursuant to the Federal Food, Drug and Cosmetic Act, shall be deemed adopted automatically under this Article without regard to the publication of the notice required by this subsection (b), unless the Board by resolution specifically determines that said amendment or modification shall not be adopted. (1973, c. 771, s. 12; 1975, c. 19, s. 32.)

§ 106-284.42. Inspection, sampling, and analysis.

(a) For the purpose of enforcement of this Article, and in order to determine whether its provisions have been complied with, including whether or not any operations may be subject to such provisions, officers or employees duly designated by the Commissioner upon presenting appropriate credentials, to the owner, operator, or agent in charge, are authorized (i) to enter, during normal business hours or actual operation, any factory, warehouse, or establishment within the State in which commercial feeds are manufactured, processed, packed, or held for distribution and take samples therefrom or to enter any vehicle being used to transport or hold such feeds and take samples therefrom; and (ii) to inspect during normal business hours or while in operation, such factory, warehouse, establishment or vehicle and all pertinent equipment, finished or unfinished materials, containers, and labeling therein. The inspection may include the verification of such records, and production and control procedures as may be necessary to determine compliance with this Article.

(b) A separate presentation of appropriate credentials shall be given for each such inspection, but a presentation shall not be required for each entry made during the period covered by the inspection. Each such inspection shall be commenced and completed with reasonable promptness. Upon completion of the inspection, the person in charge of the facility or vehicle shall be so notified.

(c) If the officer or employee making such inspection of a factory, warehouse, or other establishment has obtained a sample(s) in the course of the inspection, upon completion of the inspection and prior to leaving the premises he shall give to the owner, operator, or agent in charge a receipt describing the sample(s) obtained.

(d) If the owner of any factory, warehouse or establishment described in subsection (a), or his agent, refuses to admit the Commissioner or his agent to inspect in accordance with subsections (a) and (b), the Commissioner or his agent is authorized to obtain without notice from any district or superior court judge within the county where the facility is located, an order directing such owner or his agent to submit the premises described in such order to inspection.

(e) Sampling and analysis shall be conducted in accordance with methods published by the Association of Official Analytical Chemists, or in accordance with other generally recognized methods.

(f) The results of all analyses of official samples shall be forwarded by the Commissioner to the person named on the label and to the dealer. When the inspection and analysis of an official sample indicates a commercial feed has been adulterated or misbranded, and upon written request within 30 days following receipt of the analysis, the Commissioner shall furnish to the registrant a portion of the sample concerned.

(g) The Commissioner, in determining for administrative purposes whether a commercial feed is deficient in any component, shall be guided by the official sample as defined in G.S. 106-284.33, subdivision (14), and obtained and analyzed as provided for in subsections (a), (c), and (e) of this section.

(h) The Board is authorized to adopt regulations establishing permitted analytical variation providing for reasonable deviation from the guaranteed analysis.

(i) The registrant of a commercial feed found to be in significant violative deviation from the guarantee shall be subject to a penalty for this deviation.

(j) If the analysis of a sample shows a deviation from permitted analytical variation established by the Board, the registrant or other responsible person shall be penalized according to the following schedule:

Component Deviating

Method of Penalty Assessment

Crude protein	Three times the relative percentage * of deviation from the guarantee times the retail value of the commercial feed.
Crude fat	Ten percent (10%) of retail value of the lot of commercial feed.
Crude fiber	Ten percent (10%) of retail value of the lot of commercial feed.
Vitamins	Ten percent (10%) of retail value of the lot of commercial feed.
Minerals	Ten percent (10%) of retail value of the lot of commercial feed.
Crude protein equivalent from nonprotein nitrogen	Ten percent (10%) of retail value of the lot of commercial feed.
Animal drugs	Twenty percent (20%) of retail value of the lot of commercial feed.
Antibiotics	Twenty percent (20%) of retail value of the lot of commercial feed.
Other analysis	Ten percent (10%) of retail value of the lot of commercial feed.

* Example, a feed guaranteed 16.0% protein and assaying only 14.0%, will be considered as 2.0%/16.0%, or 12.5% deficient in protein. The penalty will be computed as 3 x 0.125 x retail value of the feed, or 0.375 x retail value of the feed.

(k) Penalties for multiple deficiencies within a sample shall be additive; provided that in no case shall the penalty exceed the retail value of the product. The minimum penalty under any of the foregoing provisions shall be twenty-five dollars (\$25.00) or the retail value of the product whichever is smaller, regardless of the value of the deficiency.

(l) Within 60 days from the date of written notice by the Commissioner or his duly designated agent to the manufacturer, guarantor, dealer or agent, all penalties assessed and collected under this section shall be paid to the purchaser of the lot of feed or canned pet food represented by the sample analyzed. When such penalties are paid, receipts shall be taken and promptly forwarded to the Commissioner of Agriculture. If said consumers cannot be found, the clear proceeds of the penalty assessed shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1973, ch. 771, s. 13; 1997-261, s. 109; 1998-215, s. 11.)

§ 106-284.43. Detained commercial feeds.

(a) “Withdrawal from distribution” orders: When the Commissioner or his authorized agent has reasonable cause to believe any lot of commercial feed is being distributed in violation of any of the provisions of this Article or of any of the prescribed regulations under this Article, he may issue and enforce a written or printed “withdrawal from distribution” order, ordering the distributor not to dispose of the lot of commercial feed in any manner until written permission is given by the Commissioner or a court. The Commissioner shall release the lot of commercial feed so withdrawn when said provisions and regulations have been complied with. If compliance is not obtained within 30 days, the Commissioner may begin, or upon request of the distributor or registrant shall begin, proceedings for condemnation.

(b) “Condemnation and confiscation”: Any lot of commercial feed not in compliance with said provisions and regulations shall be subject to seizure on complaint of the Commissioner to the superior court in the county in which said commercial feed is located. In the event the court finds the said commercial feed to be in violation of this Article, and orders the condemnation of said commercial feed, it shall be disposed of in any manner consistent with the quality of the commercial feed and the laws of the State, provided, that in no instance shall the disposition of said commercial feed be ordered by the court without first giving the claimant an opportunity to apply to the court for release of said commercial feed or for permission to process or relabel said commercial feed to bring it into compliance with this Article. All costs and expenses incurred by the Department of Agriculture and Consumer Services in any proceedings associated with such seizure and confiscation shall be paid by the claimant. (1973, c. 771, s. 14; 1997-261, s. 109.)

§ 106-284.44. Penalties; enforcement of Article; judicial review; confidentiality of information.

(a) Any person who shall be adjudged to have violated any provision of this Article, or any regulation of the Board adopted pursuant to this Article, shall be guilty of a Class 2 misdemeanor. In addition, if any person continues to violate or further violates any provision of this Article after written notice from the Commissioner, or his duly designated agent, the court may determine that each day during which the violation continued or is repeated constitutes a separate violation subject to the foregoing penalties.

(b) Nothing in this Article shall be construed as requiring the Commissioner or his representative to: (i) report for prosecution, or (ii) institute seizure proceedings, or (iii) issue a withdrawal from distribution order, as a result of minor violations of the Article, or when he believes the public interest will best be served by suitable notice of warning in writing.

(c) It shall be the duty of each district attorney to whom any violation is reported to cause appropriate proceedings to be instituted and prosecuted in a court of competent jurisdiction without delay. Before the Commissioner reports a violation for such prosecution, an opportunity shall be given the distributor to present his view to the Commissioner or his designated agent.

(d) The Commissioner is hereby authorized to apply for and the court to grant a temporary restraining order and a preliminary or permanent injunction restraining any person from violating or continuing to violate any of the provisions of this Article or any rule or regulation promulgated under the Article notwithstanding the existence of other remedies at law.

(e) Any person adversely affected by an act, order, or ruling made pursuant to the provisions of this Article may within 30 days thereafter bring action in the Superior Court of Wake County for judicial review of such act, order or ruling according to the provisions of Chapter 150B of the General Statutes.

(f) Any person who uses to his own advantage, or reveals to other than the Board, or officers of the other State agencies whose requests are deemed justifiable by the Commissioner, or to the courts when relevant in any judicial proceeding, any information acquired under the authority of this Article, concerning any method, records, formulations, or processes which as a trade secret is entitled to protection, is guilty of a Class 2 misdemeanor; provided, that this prohibition shall not be deemed as prohibiting the Commissioner, or his duly authorized agent, from exchanging information of a regulatory nature with duly appointed officials of the United States government, or of the other states, who are similarly prohibited by law from revealing this information. (1973, c. 47, s. 2; c. 771, s. 15; c. 1331, s. 3; 1987, c. 827, s. 1; 1993, c. 539, ss. 760, 761; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-284.45. Cooperation with other entities.

The Commissioner may cooperate with and enter into agreements with governmental agencies of this State, other states, agencies of the federal government, and private associations in order to carry out the purpose and provisions of this Article. (1973, c. 771, s. 16.)

§ 106-284.46. Publication.

The Commissioner shall publish at least annually, in such forms as he may deem proper, information concerning the sales of commercial feeds, together with such data on their production and use as he may consider advisable, and a report of the results of the analyses of official samples of commercial feeds sold within the State as compared with the analyses guaranteed in the registration and on the label; provided, that the information concerning production and use of commercial feed shall not disclose the operations of any person. The emergency rules and regulations promulgated by the North Carolina Commissioner of Agriculture shall be subject to approval, disapproval or change at the next regular or special meeting of the North Carolina Board of Agriculture. The State Veterinarian is authorized to agree on the part of the State, in the case of swine destroyed or slaughtered on account of being affected with hog cholera or exposure to same to pay one half of the difference between the appraised value of each animal destroyed or slaughtered and the value of the salvage thereof; provided, that the State indemnity shall not be in excess of the indemnity payments made by the federal cooperating agency; provided further, that State indemnity payments shall be restricted to swine located on the farm or feedlot of the owner or authorized representative of the owner; provided further, that in no case shall any payments by the State be more than twenty-five dollars (\$25.00) for any grade swine nor more than one hundred dollars (\$100.00) for any purebred swine and subject to available State funds. All animals reacting to a tuberculin test applied by a qualified veterinarian shall be known as reactors and be forever considered as affected with tuberculosis. (1921, c. 177, s. 1; C.S., s. 4895(a).)

§ 106-337. Animals to be branded.

All veterinarians who, either by clinical examination or by tuberculin test, find an animal affected with tuberculosis, shall, unless the animal is immediately slaughtered, properly brand said animal for identification on the left jaw with the letter "T," not less than two inches high, and promptly report the same to the State Veterinarian. (1921, c. 177, s. 2; C.S., s. 4895(b).)

§ 106-338. Quarantine; removal or sale; sale and use of milk.

The owner or owners of an animal affected with tuberculosis shall keep said animal isolated and quarantined in such a manner as to prevent the spread of the disease to the other animals or man. Said animals must not be moved from the place where quarantined or sold, or otherwise disposed of except upon permission of the State Veterinarian, and then only in accordance with his instructions. The milk from said animals must not be sold, and if used shall be first boiled or properly pasteurized. (1921, c. 177, s. 3; C.S., s. 4895(c).)

§ 106-339. Seller liable in civil action.

Any person or persons who sell or otherwise dispose of to another an animal affected with tuberculosis shall be liable in a civil action to any person injured, and for any and all damages resulting therefrom. (1921, c. 177, s. 4; C.S., s. 4895(d).)

cated animals, see § 106-403. As to killing of animals affected with glanders, see § 106-404.

§ 106-340. Responsibility of owner of premises where sale is made.

When cattle are sold or otherwise disposed of in this State by a nonresident of this State, the person or persons on whose premises the cattle are sold or otherwise disposed of with his knowledge and consent shall be equally responsible for violation of this law and the regulations of the Department of Agriculture and Consumer Services. (1921, c. 177, s. 5; C.S., s. 4895(e); 1997-261, s. 109.)

§ 106-341. Sale of tuberculin.

When the State Veterinarian receives information, or has reason to believe, that tuberculosis exists in any animal or animals, he shall promptly notify the owner or owners, and recommend that a tuberculin test be applied to said animals, that diseased animals shall be properly disposed of, and the premises disinfected under the supervision of the State Veterinarian, or his authorized representative. Should the owner or owners fail or refuse to comply with the said recommendations of the State Veterinarian within 10 days after said notice, then the State Veterinarian shall quarantine said animals on the premises of the owner or owners. Said animals shall not be removed from the premises where quarantined and milk or other dairy products from same shall not be sold or otherwise disposed of. Said quarantine shall remain in effect until the said recommendations of the State Veterinarian have been complied with, and the quarantine canceled by the State Veterinarian. (1921, c. 177, s. 7; C.S., s. 4895(g).)

The several boards of county commissioners in the State are hereby expressly authorized and empowered to make such appropriations from the general funds of their county as will enable them to cooperate effectively with the state Department of Agriculture and Consumer Services and Federal Department of Agriculture in the eradication of tuberculosis in their respective counties: Provided, that if in 10 days after said appropriation is voted, one fifth of the qualified voters of the county petition the board of commissioners to submit the question of tuberculosis eradication or no tuberculosis eradication to the voters of the county, said commissioners shall submit such questions to said voters. Said election shall be held and conducted under the rules and regulations provided for holding stock-law elections in G.S. 68-16, 68-20 and 68-21. If at any such election a majority of the votes cast shall be in favor of said tuberculosis eradication, the said board shall record the result of the election upon its minutes, and cooperative tuberculosis eradication shall be taken up with the state Department of Agriculture and Consumer Services and Federal Department of Agriculture. If, however, a majority of the votes cast shall be adverse, then said board shall make no appropriation. (1921, c. 177, s. 8; C.S., s. 4895(h); 1997-261, s. 109.)

with the distinction between "stock-law" and "no-stock-law" territory and eliminated provisions for elections on the question of "stock law" or "no stock law."

§ 106-344. Petition for election if commissioners refuse cooperation; order; effect.

If the board of commissioners of any county should exercise their discretion and refuse to cooperate as set out in G.S. 106-343, then if a petition is presented to said board by one fifth of the qualified voters of the county requesting that an election be held as provided in G.S. 106-343 to determine the question of tuberculosis eradication in the county, the board of commissioners shall order said election to be held in the way provided in G.S. 106-343, and if a majority of the votes cast at such election shall be in favor of tuberculosis eradication, then said board shall cooperate with the State and federal governments as herein provided. Any person or persons, firms or corporations, owning or having in charge any cattle, horses or mules in any county where tick eradication shall be taken up, or is in progress under existing laws, shall, on notification by any quarantine inspector to do so, have such cattle, horses or mules dipped regularly every 14 days in a vat properly charged with arsenical solution as recommended by the United States Bureau of Animal Industry, under the supervision of said inspector at such time and place and in such manner as may be designated by the quarantine inspector. The dipping period shall be continued as long as may be required by the rules and regulations of the State Board of Agriculture, which shall be sufficient in number and length of time to completely destroy and eradicate all cattle ticks (*Margaropus annulatus*) in such county or counties. The said advertisement shall state therein the time and place of sale, which place shall be where the animal is confined. The sale shall be at public auction and to the highest bidder for cash. Suis*), irrespective of the occurrence or absence of abortion or other symptoms. An animal shall be declared affected with brucellosis if it is classified as a reactor to a serological test for the disease, or if the *Brucella* organism has been found in the body, its secretions or discharges. The State Veterinarian is hereby authorized and empowered to set up a program for the vaccination of calves in accordance with the recommendations of the Brucellosis Committee of the

United States Livestock Sanitary Association, and approved by the United States Department of Agriculture, when in his opinion vaccination is necessary for the control and eradication of brucellosis. Vaccinated animals shall be permanently identified by tattooing or other methods approved by the Commissioner of Agriculture. Above the ages designated by regulation of the Board of Agriculture, all such vaccinates classified as reactors on an official test for brucellosis, shall be considered as affected with brucellosis and shall be branded with the letter "B" in accordance with G.S. 106-390. It shall be the duty of the person owning said cattle at the time of said testing to assist with and cooperate with the person testing said cattle. Cattle affected with brucellosis shall be quarantined and slaughtered at a State or federally inspected slaughter plant within 10 days after branding and tagging; provided the State Veterinarian, in his discretion, may grant an extension of time for said slaughter not to exceed 30 days; and provided further that the Commissioner of Agriculture may allow a branded and tagged animal having unusual breeding value to be held for a period of time determined by him under conditions of isolation and quarantine prescribed by the State Veterinarian. Animals believed by the State Veterinarian or his authorized representative to have been exposed to brucellosis, or animals classified as suspects, shall be quarantined on the owner's premises or at such other place as is mutually agreeable to the owner and the State Veterinarian until the quarantine is removed in accordance with law or until the animal is disposed of in accordance with law. No animal affected with, or exposed to, brucellosis shall be sold, traded or otherwise disposed of except for immediate slaughter, and it shall be the duty of the person disposing of such infected animals to see that they are promptly slaughtered and a written report of same made to the State Veterinarian.

No ear tag, back tag, or other mark of identification approved by the Commissioner of Agriculture for identifying animals for the purpose of

brucellosis testing, including testing at slaughter plants, shall be removed from the animal without authorization from the State Veterinarian or his authorized representative. (1937, c. 175, s. 3; 1945, c. 462, s. 2; 1959, c. 1171; 1963, c. 489; 1967, c. 511; 1969, c. 465.)

Said animals shall not be removed from premises where quarantined until quarantine has been released by State Veterinarian or his authorized representative. A permit to move such infected or exposed animals to immediate slaughter may be issued by the State Veterinarian or his authorized representative. The Board of Agriculture is empowered to make regulations to provide for compulsory testing of animals for brucellosis. (1937, c. 175, s. 6; 1967, c. 511.)

§ 106-394. Cooperation of county boards of commissioners.

The several boards of county commissioners in the State are hereby expressly authorized and empowered within their discretion to make such appropriations from the general funds of their county as will enable them to cooperate effectively with the State and United States Departments of Agriculture in the eradication of brucellosis in their respective counties. The operation fee shall be waived when a livestock market operator employs a licensed, accredited veterinarian approved by the State Veterinarian to be present at the market from the starting time of the sale until all livestock to be admitted to the sales barn on that sale day have entered and such work in inspection, testing and vaccination as designated by the State Veterinarian has been completed. § 106-435. Fund for support of system; collection and investment.

In order to provide a sufficient indemnifying or guarantee fund to cover any loss not covered by the bonds hereinbefore mentioned, in order to provide the financial backing which is essential to make the warehouse receipt universally acceptable as collateral, and in order to provide that a State warehouse system intended to benefit all cotton growers in North Carolina shall be supported by the class it is designed to benefit, it is hereby declared: that on each bale of cotton ginned in North Carolina during the period from the ratification of this bill until June 30, 1922, twenty-five cents (25¢) shall be collected through the

ginner of the bale and paid into the State treasury, to be held there as a special guarantee or indemnifying fund to safeguard the State warehouse system against any loss not otherwise covered. The State Tax Commission shall provide and enforce the machinery for the collection of this tax, which shall be held in the State treasury to the credit of the State warehouse system. Not less than ten per centum (10%) of the entire amount collected from the per bale tax shall be invested in United States government or farm loan bonds or North Carolina bonds, and the remainder may be invested in amply secured first mortgage notes or bonds to aid and encourage the establishment of warehouses operating under this system, and to aid and encourage the establishment of farm markets designed to serve the marketing, packaging, and grading needs for the sale and distribution of unprocessed farm commodities when adequate markets are not otherwise provided. Such investments shall be made by the Board of Agriculture, with the approval of the Governor and Attorney General: Provided, such first mortgages shall be for not more than one-half the actual value of the warehouse property covered by such mortgages, and run not more than 10 years: Provided further, that the interest received from all investments shall be available for appropriation for capital projects and nonrecurring expenditures as provided in the bill making the appropriation, and for the administrative expense of carrying into effect the provisions of this law, including the employment of such persons and such means as the State Board of Agriculture in its discretion may deem necessary: Provided further, that the guarantee fund, raised under the provisions of sections 4907 to 4925 of the Consolidated Statutes of 1919, shall become to all intents and purposes a part of guarantee fund to be raised under this law and subject to all the provisions hereof. The fund created by this section may be used for loans to owners of cotton gins to make improvements to gins to comply with federal and State air quality regulations, rules, and laws. The loans shall be secured and made under terms and conditions approved by the Board of Agriculture. Income earnings, including earnings from interest, may also be used by the Department of Agriculture and Consumer Services for cotton promotion activities. CASE NOTES

Constitutionality. — The tax contemplated under this section, being uniform upon those of the class designated, and being laid upon a trade, whether that of cotton ginning or farming, is within the authority conferred on the legislature to further “tax trades,” etc., and is constitutional. *Bickett v. State Tax Comm’n*, 177 N.C. 433, 99 S.E. 415 (1919).

Purpose of Fund. — The General Assembly, when by this section it created the State Indemnifying and Guaranty Fund to safeguard the state warehouse system and to make its receipts acceptable as collateral, did not intend that it should encourage individuals or financial institutions to engage in transactions from which they would otherwise have recoiled. On the contrary, the fund was created to protect those parties to or purchasers of warehouse receipts who, acting in good faith and without reason to know that the goods described thereon are misdescribed or nonexistent, suffer loss through their acceptance or purchase of the

receipt. *Branch Banking & Trust Co. v. Gill*, 293 N.C. 164, 237 S.E.2d 21 (1977).

Proper Parties in Action to Enforce Section. — The Governor, the State Board of Agriculture, and the State warehouse superintendent are proper parties plaintiff in an action against the members of the State Tax Commission to require them to provide and enforce the machinery for the collection of the tax provided by this Article. *Bickett v. State Tax Comm’n*, 177 N.C. 433, 99 S.E. 415 (1919).

Liability of Fund Is Secondary. — A judgment against defendants who had deposited cotton and received negotiable warehouse receipts without disclosing that the cotton was a portion of crops included in recorded liens held by plaintiff, and a judgment against the State Treasurer to be paid from the fund provided by this section, should provide that the liability of the defendants depositing the cotton is primary and the liability of guaranty fund is secondary. *Ahoskie Prod. Credit Ass’n v. Whedbee*, 251

N.C. 24, 110 S.E.2d 795 (1959).

Recovery on Bond. — Where a warehouse superintendent fraudulently negotiates spent warehouse receipts and the bona fide holder thereof recovers from the indemnifying fund provided by this section, the State may recover on the bond of the superintendent. The bond is the fund primarily liable. *Lacy v. Globe Indem. Co.*, 189 N.C. 24, 126 S.E. 316 (1925). See *Ellison v. Hunsinger*, 237 N.C. 619, 75 S.E.2d 884 (1953).

Loss Due to Failure to Issue Receipt Not Recoverable from State Treasurer. — A recovery may not be had against the State

Treasurer out of the fund accumulated under this section, for a loss resulting to plaintiff by failure of a warehouse to issue official receipts for cotton to plaintiff as agreed, the receipts having been issued to the holder of a lien against the cotton and the warehouse having refused delivery of the cotton to plaintiff upon his demand, since the purpose of the statute is to make warehouse receipts acceptable as collateral, and plaintiff is not the holder of the receipts. *Northcutt v. People's Bonded Whse. Co.*, 206 N.C. 842, 175 S.E. 165 (1934).

§ 106-461. Nested, shingled or overhung tobacco.

It shall be unlawful for any person, firm or corporation to sell or offer to sale, upon any leaf tobacco warehouse floor, any pile or piles of tobacco, which are nested, or shingled, or overhung, or either as hereinafter defined:

- (1) Nesting tobacco: That is, so arranging tobacco in the pile offered for sale that it is impossible for the buyer thereof to pull leaves from the bottom of such pile for the purpose of inspection;
- (2) Shingling tobacco: That is, so arranging a pile of tobacco that a better quality of tobacco appears upon the outside and tobacco of inferior quality appears on the inside of such pile; and
- (3) Overhanging tobacco: This is, so arranging a pile of tobacco that there are alternate bundles of good and sorry tobacco. (1933, c. 467, s. 1.)

§ 106-462. Sale under name other than that of true owner prohibited.

It shall be unlawful for any person, firm or corporation to sell or offer for sale or cause to be sold, or offered for sale, any leaf tobacco upon the floors of any leaf tobacco warehouse, in the name of any person, firm or corporation, other than that of the true owner or owners thereof, which true owner's name shall be registered upon the warehouse sales book in which it is being offered for sale. (1933, c. 467, s. 2.)

§ 106-464. Violation made misdemeanor.

Any person, firm or corporation violating the provisions of G.S. 106-461 to 106-463 shall be guilty of a Class 3 misdemeanor. (1933, c. 467, s. 4; 1993, c. 539, s. 789; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-465. Organization and membership of tobacco boards of trade; rules and regulations; fire insurance and extended coverage required; price fixing prohibited.

Tobacco warehousemen and the purchasers of leaf tobacco, at auction, on warehouse floors, are hereby authorized to organize, either as nonstock

corporations, or voluntary associations, tobacco boards of trade in the several towns and cities in North Carolina in which leaf tobacco is sold on warehouse floors, at auction.

Such tobacco boards of trade as may now exist, or which may hereafter be organized, are authorized to make reasonable rules and regulations for the economical and efficient handling of the sale of leaf tobacco at auction on the warehouse floors in the several towns and cities in North Carolina in which an auction market is situated.

Each tobacco board of trade organized pursuant to this section shall, on or before June 1, 1973, by regulation, require that all auction warehouse firms which are members of, or may hereafter request membership in, such board of trade for the purpose of displaying for sale and selling leaf tobacco, deposit with the board of trade prior to the market opening, a copy of a policy of fire insurance and extended coverage in a company licensed to do business in North Carolina to fully insure, as determined by the board of trade, the market value of the maximum volume of tobacco that will be weighed and left displayed for sale on said warehouse floor at any time during the marketing season. Warehouses using mechanized conveyor-line auction sales where tobacco is not displayed for sale on sales floor would be excluded from the requirement of this regulation.

In determining the market value and maximum volume of tobacco that will be weighed and placed on said warehouse floor at any one time, the board of trade shall use as criteria the prior season's official gross average price for that belt, as recorded by the North Carolina Department of Agriculture and Consumer Services and the maximum limit of daily sales, as recommended by the currently functioning flue-cured and burley tobacco marketing organizations, applied to each warehouse based on the firm's pro rata share of the market's maximum limit daily sales opportunity, multiplied times the number of days of sales that said warehouse plans to place on sales floor at any one time, including any and all tobacco weighed and deposited with the warehouse as bailee for future sale. The data relating to the official average price and the maximum limits of daily sales shall be assembled and supplied by the North Carolina Commissioner of Agriculture or his representative to the board of trade in each tobacco market in North Carolina, at least 30 days prior to the opening of markets in each belt.

It shall be unlawful for any person, firm, or corporation to operate an auction sale in said market until said policy is so deposited with and approved by the board of trade. The board of trade shall enjoin the sale of tobacco by any warehouse firm that fails to so deposit a policy of fire insurance and extended coverage with the board.

The tobacco boards of trade in the several towns and cities in North Carolina are authorized to require as a condition to membership therein the applicants to pay a reasonable membership fee and the following schedule of maximum fees shall be deemed reasonable, to wit:

A membership fee of fifty dollars (\$50.00) in those towns in which less than 3,000,000 pounds of tobacco was sold at auction between the dates of August 20, 1931, and May 1, 1932; a fee of one hundred dollars (\$100.00) in those towns in which during said period of time more than 3,000,000 and less than 10,000,000 pounds of tobacco was sold; a fee of one hundred fifty dollars (\$150.00) in those towns in which during said period of time more than 10,000,000 and less than 25,000,000 pounds of tobacco was sold; a fee of three hundred dollars (\$300.00) in those towns in which during said period of time more than 25,000,000 pounds of tobacco was sold.

Membership, in good standing, in a local board of trade shall be deemed a reasonable requirement by such board of trade as a condition to participating

in the business of operating a tobacco warehouse or the purchase of tobacco at auction therein.

Membership in the several boards of trade may be divided into two categories:

- (1) Warehousemen;
- (2) Purchasers of leaf tobacco other than warehousemen.

Purchasers of leaf tobacco may be: (i) participating or (ii) nonparticipating. The holder of a membership as a purchaser of leaf tobacco shall have the option of becoming, upon written notice to the board of trade, either a participating or a nonparticipating member. Individuals, partnerships, and/or corporations who are members of tobacco boards of trade, established under this section or coming within the provisions of this section, as nonparticipating members shall not participate in or have any voice or vote in the management, conduct, activities, allotment of sales time, and/or hours, the fixing of dates for the opening or closing of tobacco auction markets, or in any other manner or respect. Individuals, partnerships, and/or corporations who are such nonparticipating members in any of the several tobacco boards of trade shall not be responsible or liable for any of the acts, omissions or commissions of the several tobacco boards of trade.

It shall be unlawful and punishable as of a Class 1 misdemeanor for any bidder or purchaser of tobacco upon warehouse floors to refuse to take and pay for any basket or baskets so bid off from the seller when the seller has or has not accepted the price offered by the purchaser or bidder of other baskets. Any person suspended or expelled from a tobacco board of trade under the provisions of this section may appeal from such suspension to the superior court of the county in which said board of trade is located.

Nothing in this section shall authorize the organization of any association having for its purpose the control of prices or the making of rules and regulations in restraint of trade. (1933, c. 268; 1951, c. 383; 1973, c. 96; 1993, c. 539, s. 790; 1994, Ex. Sess., c. 24, s. 14(c); 1997-261, s. 109.)

CASE NOTES

Interests of Warehousemen, Buyers and Sellers of Tobacco. — The warehousemen have an economic stake in the markets' operations, but the markets exist for the purpose of serving the interests of buyers and sellers of tobacco. Those interests deserve inquiry and consideration in an appraisal of any plan containing market restrictions and limitations. *Robertson v. FTC*, 415 F.2d 49 (4th Cir. 1969).

The very nature of leaf tobacco demands regulation of its sale, as this section recognizes and the decisions of the courts confirm. *Eagles v. Harriss Sales Corp.*, 368 F.2d 927 (4th Cir. 1966).

Jurisdiction of Federal Trade Commission. — There is a substantial public interest in maintaining free and open competition among warehousemen on tobacco auction markets. The public interest often is specific and substantial, because the unfair method employed threatens the existence of present or potential competition. That is the basis for the jurisdiction of the Federal Trade Commission in a case involving regulations adopted pursuant

to this section governing the allocation of selling time to tobacco warehouses. *Asheville Tobacco Bd. of Trade, Inc. v. FTC*, 263 F.2d 502 (4th Cir. 1959).

The decisions of the North Carolina courts since the enactment of this section make it clear that the sale of tobacco at auction is of great public importance to the State of North Carolina, but they also show that the operation of the business is in the hands of private parties. A tobacco board of trade is organized primarily for the benefit of those engaged in the business; its articles of association and bylaws constitute a contract amongst the members by which each member consents to reasonable regulations pertaining to the conduct of the business. Such a board is not an instrumentality of the State, and its activities are subject to the jurisdiction of the Federal Trade Commission. *Asheville Tobacco Bd. of Trade, Inc. v. FTC*, 263 F.2d 502 (4th Cir. 1959).

Unfair Trade Regulations Are Subject to Correction by Federal Trade Commission, Not Courts. — The Federal Trade Commission

rather than the courts has the expertise, the power, and the implements to explore and correct unfair trade regulations. *Eagles v. Harriss Sales Corp.*, 368 F.2d 927 (4th Cir. 1966).

Members Have Technical Representation Through Board. — Under this section, tobacco purchasers are, or may be, members of a board of trade. To the extent that they are, they have had technical representation through the board of trade. *Roberts v. Fuquay-Varina Tobacco Bd. of Trade, Inc.*, 405 F.2d 283 (4th Cir. 1968).

By becoming a member of a board a person consents to be bound by its reasonable regulations. *Eagles v. Harriss Sales Corp.*, 368 F.2d 927 (4th Cir. 1966).

Rules and Regulations of Board. — The authority granted to a tobacco board of trade, under and by virtue of the provisions of this section, to make reasonable rules and regulations for the economical and efficient handling of the sale of leaf tobacco at auction on warehouse floors where an auction market is situated, is sufficiently broad to include the authority to make reasonable rules and regulations in respect to allotment of sales time. *Cooperative Warehouse v. Lumberton Tobacco Bd. of Trade, Inc.*, 242 N.C. 123, 87 S.E.2d 25; *Day v. Asheville Tobacco Bd. of Trade*, 242 N.C. 136, 87 S.E.2d 18 (1955).

The articles of association for the purposes expressed in the charter and bylaws of a tobacco board of trade, organized and existing under and by virtue of this section, constitute a contract between it and its members, and as a consequence of membership in the corporation for mutual membership, each member is deemed to have consented to all reasonable rules and regulations pertaining to the business. *Cooperative Warehouse v. Lumberton Tobacco Bd. of Trade*, 242 N.C. 123, 87 S.E.2d 25; *Day v. Asheville Tobacco Bd. of Trade*, 242 N.C. 136, 87 S.E.2d 18 (1955).

Regulations adopted by a local tobacco board

of trade involving allocation of selling time to warehouses were held in the instant case to unreasonably and unduly restrain trade in the purchase and sale of tobacco and to constitute unfair methods of competition and unfair acts or practices in commerce within the meaning of the Federal Trade Commission Act. *Asheville Tobacco Bd. of Trade, Inc. v. FTC*, 263 F.2d 502 (4th Cir. 1959).

A tobacco board of trade has no authority to legislate. It cannot create a duty where the law creates none. The legislature has the authority to regulate, within constitutional limits, the sale of leaf tobacco upon the auction markets of this State, and in doing so may prescribe standards of conduct to be observed by those who conduct auction warehouses as well as others participating in the sales. But this is a nondelegable power. *Kinston Tobacco Bd. of Trade v. Liggett & Myers Tobacco Co.*, 235 N.C. 737, 71 S.E.2d 21, cert. denied, 344 U.S. 866, 73 S. Ct. 108, 97 L. Ed. 671 (1952).

Board Has No Right to Establish Sales and Require Buyers to Purchase Thereat.

— This section is silent upon the question of the number of sales and prescribes no standard by which the number of sales may be determined. Therefore, in the absence of an agreement, either expressed or implied, a board organized under this section has no right to establish sales and require buyers to purchase thereat. *Kinston Tobacco Bd. of Trade v. Liggett & Myers Tobacco Co.*, 235 N.C. 737, 71 S.E.2d 21, cert. denied, 344 U.S. 866, 73 S. Ct. 108, 97 L. Ed. 671 (1952).

Regulation adjusting divisions of selling time to establish an equitable market participation did not constitute conspiracy, monopoly, or an unreasonable restraint of trade. *Eagles v. Harriss Sales Corp.*, 368 F.2d 927 (4th Cir. 1966).

Applied in *Roberts v. Fuquay-Varina Tobacco Bd. of Trade, Inc.*, 220 F. Supp. 608 (E.D.N.C. 1963).

*Unfair Practices by Handlers of Fruits and Vegetables.***§ 106-496. Protection against unfair trade practices.**

The Board of Agriculture is hereby authorized to make such rules and regulations as it deems necessary to protect producers of fruits and vegetables from loss caused by financial irresponsibility and unfair, harmful or unethical trade practices of handlers who incur financial liability for the purchase or production of fruits and vegetables. A "handler," as used herein, is a person, firm, corporation or other legal entity or his agent or employee who enters into a written contract for the purchase from or production by a producer of fruits and vegetables. (1941, c. 359, s. 1; 1971, c. 1064, s. 1.)

Carolina, with federal law compared, see 50 N.C.L. Rev. 199 (1972).

CASE NOTES

Commissioner Is Not Individually Liable. — The Commissioner of Agriculture could not be held individually liable to producers of soybeans for failure to require a soybean dealer to obtain a permit to operate as a grain dealer and to furnish bond as set forth in § 106-496 et

seq., since the sections did not place a mandatory duty on the Commissioner to require permits or bonds, and there was no liability provision in the statute. *Etheridge v. Graham*, 14 N.C. App. 551, 188 S.E.2d 551 (1972), decided prior to 1971 amendments to this Article.

§ 106-497. Permits required.

A handler of fruits and vegetables shall not enter into a written contract with a producer until he obtains a written permit from the Commissioner of Agriculture. The Board of Agriculture may prescribe by regulation the form of the application for a permit, the information to be furnished to the Commis-

sioner by the applicant for a permit and the date for filing the application. A permit shall not be issued until the applicant files on or before the date set by the Board a written request with the Commissioner and files with the request two copies of the applicant's proposed contract. A penalty of twenty-five dollars (\$25.00) shall be paid by the applicant if the application is filed after the date established by the Board and no permit shall be issued until such penalty is paid. Any penalties collected by the Commissioner shall be used to help defray the costs of administering Article 44 of Chapter 106.

This Article shall not apply to transactions by a handler with a producer on a cash basis. "Cash" as used herein shall include bank bills, checks drawn on banks and bank notes. (1941, c. 359, s. 2; 1971, c. 1064, s. 2.)

§ 106-498. Bond required.

No permit shall be issued to a handler until such handler has furnished the Commissioner of Agriculture a bond satisfactory to the Commissioner in an amount of not less than ten thousand dollars (\$10,000). The Commissioner may require a new bond or he may require the amount of any bond to be increased if he finds it necessary for the protection of the producer. Such bond shall be payable to the State and shall be conditioned upon the fulfilling of all financial obligations incurred by the handler with all producers with whom the handler contracts. Any producer alleging any injury by the fraud, deceit, willful injury or failure to comply with the terms of any written contract by a handler may bring suit on the bond against the principal and his surety in any court of competent jurisdiction and may recover the damages found to be caused by such acts complained of. (1941, c. 359, s. 3; 1967, c. 154; 1971, c. 1064, s. 3.)

§ 106-499. Contracts between handlers and producers; approval of Commissioner.

All contracts filed with the Commissioner by an applicant shall be approved by the Commissioner before a permit is issued. The Commissioner may withhold his approval in his discretion if he is of the opinion that the contract is illegal or unfair to the producer, or that the contractor is insolvent or financially irresponsible, or if for any other cause it reasonably appears to him that the contract in question might defeat the purpose of this Article. (1941, c. 359, s. 4; 1971, c. 1064, s. 4.)

§ 106-500. Additional powers of Commissioner to enforce Article.

In order to enforce this Article, the Commissioner of Agriculture, upon his own motion or upon the verified complaint of any producer, shall have the following additional powers:

- (1) To inspect or investigate transactions for the sale or delivery of fruits and vegetables to persons acting as handlers; to require verified reports and accounts of all authorized handlers; to examine books, accounts, memoranda, equipment, warehouses, storage, transportation and other facilities, fruits and vegetables and other articles connected with the business of the handlers; to inquire into failure or refusal of any handlers to accept produce under his contracts and to pay for it as agreed;
- (2) To hold hearings after due notice to interested parties and opportunity to all to be heard; to administer oaths, take testimony and issue subpoenas; to require witnesses to bring with them relevant books, papers, and other evidence; to compel testimony; to make written

findings of fact and on the basis of these findings to issue orders in controversies before him, and to revoke the permits of persons disobeying the terms of this Article or of rules, regulations, and orders made by the Board or the Commissioner. Any party disobeying any order or subpoena of the Commissioner shall be guilty of contempt, and shall be certified to the superior court for punishment. Any party may appeal to the superior court from any final order of the Commissioner;

- (3) To issue all such rules and regulations, with the approval of the Board, and to appoint necessary agents and to do all other lawful things necessary to carry out the purposes of this Article.
- (4) This Article will not apply to peanuts and corn grown under contract for seed purposes. (1941, c. 359, s. 5; 1971, c. 1064, ss. 5, 6.)

§ 106-501. Violation of Article or rules made misdemeanor.

Any person who violates the provisions of this Article or the rules and regulations promulgated thereunder shall be guilty of a Class 1 misdemeanor. (1941, c. 359, s. 6; 1993, c. 539, s. 792; 1994, Ex. Sess., c. 24, s. 14(c).)

ARTICLE 45.

Agricultural Societies and Fairs.

Part 1. State Fair.

§ 106-502. Land set apart.

For the purpose of the operating of a State fair, expositions and other projects which properly represent the agricultural, manufacturing, industrial and other interests of the State of North Carolina, there is hereby dedicated and set apart 200 acres of land owned by the State or any department thereof within five miles of the State Capitol, the particular acreage to be selected, set apart, and approved by the Governor and Council of the State of North Carolina. (1927, c. 209, s. 1; 1959, c. 1186, s. 1.)

§ 106-503. Board of Agriculture to operate fair.

(a) The State fair and other projects provided for in G.S. 106-502, shall be managed, operated and conducted by the Board of Agriculture established in G.S. 106-502. To that end, said Board of Agriculture shall, at its first meeting after the ratification of this section, take over said State fair, together with all the lands, buildings, machinery, etc., located thereon, now belonging to said State fair and shall operate said State fair and other projects with all the authority and power conferred upon the former board of directors, and it shall make such rules and regulations as it may deem necessary for the holding and conducting of said fair and other projects, and/or lease said fair properties so as to provide a State fair.

(b) The Board of Agriculture may adopt regulations establishing fees or charges for admission to the State Fairgrounds and for services provided incidental to the use of the State Fairgrounds.

(c) The Board of Agriculture, subject to the provisions of Chapter 146 of the General Statutes, may establish a schedule of rental rates for fair properties and specifications for the issuance of premiums so as to provide a State fair and other projects.

(d) The Board of Agriculture shall provide and maintain recycling bins for the collection and recycling of newspaper, aluminum cans, glass containers, and recyclable plastic beverage containers at the State Fairgrounds. (1931, c. 360, s. 3; 1959, c. 1186, s. 2; 1981, c. 495, s. 4; 1981 (Reg. Sess., 1982), c. 1359, s. 2; 1987, c. 827, s. 34; 1991, c. 336, s. 2.)

Editor's Note. — Session Laws 1991, c. 336, s. 5 provides: "This act shall not be construed to obligate the General Assembly to make any appropriation to implement the provisions of

this act. Each department and agency to which this act applies shall implement the provisions of this act from funds otherwise appropriated to that department or agency."

§ 106-503.1. Board authorized to construct and finance facilities and improvements for fair.

(a) **Borrowing Money and Issuing Bonds.** — For the purpose of building, enlarging and improving the facilities on the properties of the State fair, the State Board of Agriculture is hereby empowered and authorized to borrow a sum of money not to exceed one hundred thousand dollars (\$100,000), and to issue revenue bonds therefor, payable in series at such time or times and bearing such rate of interest as may be fixed by the Governor and Council of State: Provided, that no part of the payments of the principal or interest charges on said loan shall be made out of the general revenue of the State of North Carolina, and the credit of the State of North Carolina and the State Department of Agriculture and Consumer Services or the agricultural fund, other than the revenue of the State fair funds, shall not be pledged either directly or indirectly for the payment of said principal or interest charges. The receipts, funds, and any other State fair assets may be pledged as security for the payment of any bonds that may be issued.

(b) **Contracts and Leases; Pledge of Gate Receipts, etc.** — For the further purpose of acquiring, constructing, operating and financing said properties and facilities on the North Carolina State fairgrounds, the Board of Agriculture may enter into such agreements, contracts and leases as may be necessary for the purpose of this section, and may pledge, appropriate, and pay such sums out of the gate receipts or other revenues coming to the State Board of Agriculture from the operation of any facilities of the State fair as may be required to secure, repay, or meet the principal and interest charges on the loan herein authorized. Prior to execution, the Board of Agriculture shall consult with the Joint Legislative Commission on Governmental Operations on all agreements, contracts, and leases authorized under this subsection. The preceding sentence applies only to agreements, contracts, and leases with an estimated revenue to the State of one hundred thousand dollars (\$100,000) or more.

(c) **Gifts and Endowments.** — The State Board of Agriculture may receive gifts and endowments, whether real estate, moneys, goods or chattels, given or bestowed upon or conveyed to them for the benefit of the State fair, and the same shall be administered in accordance with the requirements of the donors. (1945, c. 1009; 1959, c. 1186, s. 3; 1997-261, s. 109; 2001-487, s. 71.)

Effect of Amendments. — Session Laws added the last two sentences to the end of 2001-487, s. 71, effective December 16, 2001, subsection (b).

§ 106-504. Lands dedicated by State may be repossessed at will of General Assembly.

Any lands which may be dedicated and set apart under the provisions of this Article may be taken possession of and repossessed by the State of North Carolina, at the will of the General Assembly. (1927, c. 209, s. 4(a).)

Part 2. County Societies.

§ 106-505. Incorporation; powers and term of existence.

Any number of resident persons, not less than 10, may associate together in any county, under written articles of association, subscribed by the members thereof, and specifying the object of the association to encourage and promote agriculture, domestic manufactures, and the mechanic arts, under such name and style as they may choose, subject to any other applicable provisions of law, and thereby become a body corporate with all the powers incident to such a body, and may take and hold such property, both real and personal, as may be needful to promote the objects of their association.

Whenever any such association is formed subsequent to April 1, 1949, a copy of the articles of incorporation shall be filed with the Secretary of State, together with any other information the Secretary of State may require. A fee of ten dollars (\$10.00) shall be paid to the Secretary of State when such articles are filed. Upon receipt of such articles in proper form, and such other information as may be required, and the filing fee, the Secretary of State shall issue a charter of incorporation.

The corporate existence shall continue as long as there are 10 members, during the will and pleasure of the General Assembly. (1852, c. 2, ss. 1, 2, 3; R.C., c. 2, ss. 6, 7; Code, s. 2220; Rev., ss. 3868, 3869; C.S., s. 4941; 1949, c. 829, s. 2.)

§ 106-506. Organization; officers; new members.

Such society shall be organized by the appointment of a president, two vice-presidents, a secretary and treasurer, and such other officers as they may deem proper, who shall thereafter be chosen annually, and hold their places until others shall be appointed. And the society may from time to time, on such conditions as may be prescribed, receive other members of the corporation. (1852, c. 2, s. 3; R.C., c. 2, s. 7; Code, s. 2221; Rev., s. 3869; C.S., s. 4942.)

§ 106-507. Exhibits exempt from State and county taxes.

Any society or association organized under the provisions of this Chapter, desiring to be exempted from the payment of State, county, and city license taxes on its exhibits, shows, attractions, and amusements, shall each year, not later than 60 days prior to the opening date of its fair, file an application with the Secretary of Revenue for a permit to operate without the payment of said tax; said application shall state the various types of exhibits and amusements for which the exemption is asked, and also the date and place they are to be exhibited. The Secretary of Revenue shall immediately refer said application to the Commissioner of Agriculture for approval or rejection. If the application is approved by said Commissioner of Agriculture, the Secretary of Revenue shall issue a permit to said society or association authorizing it to exhibit within its fairgrounds and during the period of its fair, without the payment of any State, county, or city license tax, all exhibits, shows, attractions, and amusements as were approved. Provided, however, that the Secretary of Revenue shall have the right to cancel said permit at any time upon the recommendation of said Commissioner of Agriculture. Any society or association failing to so obtain a permit from the Secretary of Revenue or having its permit canceled shall pay the same State, county, and city license taxes as may be fixed by law for all other persons or corporations exhibiting for profit within the State shows, carnivals, or other attractions. (1905, c. 513, s. 2; Rev., s. 3871; C.S., s. 4944; 1935, c. 371, s. 107; 1949, c. 829, s. 2; 1973, c. 476, s. 193.)

§ 106-508. Funds to be used in paying premiums.

All moneys so subscribed, as well as that received from the State treasury as herein provided, shall after paying the necessary incidental expenses of such society, be annually paid for premiums awarded by such societies, in such sums and in such way and manner as they severally, under their bylaws, rules and regulations, shall direct, on such live animals, articles of production, and agricultural implements and tools, domestic manufacturers, mechanical implements, tools and productions as are of the growth and manufacture of the county or region, and also such experiments, discoveries, or attainments in scientific or practical agriculture as are made within the county or region wherein such societies are respectively organized. (1852, c. 2, s. 7; R.C., c. 2, s. 9; Code, s. 2223; Rev., s. 3873; C.S., s. 4945; 1949, c. 829, s. 2.)

§ 106-509. Annual statements to State Treasurer.

Each agricultural society entitled to receive money from the State Treasurer shall, through its treasurer, transmit to the Treasurer of the State, in the month of December or before, a statement showing the money received from the State, the amount received from the members of the society for the preceding year, the expenditures of all such sums, and the number of the members of such society. (1852, c. 2, s. 8; R.C., c. 2, s. 10; Code, s. 2224; Rev., s. 3874; C.S., s. 4946.)

§ 106-510. Publication of statements required.

Each agricultural society receiving money from the State under this Chapter shall, in each year, publish at its own expense a full statement of its experiments and improvements, and reports of its committees, in at least one newspaper in the State; and evidence that the requirements of this Chapter have been complied with shall be furnished to the State Treasurer before he shall pay to such society the sum of fifty dollars (\$50.00) for the benefit of such society for the next year. (1852, c. 2, s. 9; R.C., c. 2, s. 11; Code, s. 2225; Rev., s. 3875; C.S., s. 4947.)

§ 106-511. Records to be kept; may be read in evidence.

The secretary of such society shall keep a fair record of its proceedings in a book provided for that purpose, which may be read in evidence in suits wherein the corporation may be a party. (1852, c. 2, s. 5; R.C., c. 2, s. 12; Code, s. 2226; Rev., s. 3876; C.S., s. 4948.)

Part 3. Protection and Regulation of Fairs.**§ 106-512. Lien against licensees' property to secure charge.**

All agricultural fairs which shall grant any privilege, license, or concession to any person, persons, firm, or corporation for vending wares or merchandise within any fairgrounds, or which shall rent any ground space for carrying on any kind of business in such fairgrounds, either upon stipulated price or for a certain percent of the receipts taken in by such person, persons, firm, or corporation, shall have the right to retain possession of and shall have a lien upon any or all the goods, wares, fixtures, and merchandise or other property of such person, persons, firm, or corporation until all charges for privileges,

licenses, or concessions are paid, or until their contract is fully complied with. (1915, c. 242, s. 1; C.S., s. 4950.)

§ 106-513. Notice of sale to owner.

Written notice of such sale shall be served on the owner of such goods, wares, merchandise, or fixtures or other property 10 days before such sale, if he or it be a resident of the State, but if a nonresident of the State, or his or its residence be unknown, the publication of such notice for 10 days at the courthouse door and three other public places in the county shall be sufficient service of the same. (1915, c. 242, s. 2; C.S., s. 4951.)

§ 106-514. Unlawful entry on grounds a misdemeanor.

If any person, after having been expelled from the fairgrounds of any agricultural or horticultural society, shall offer to enter the same again without permission from such society; or if any person shall break over [open] the enclosing structure of said fairgrounds and enter the same, or shall enter the enclosure of said fairgrounds by means of climbing over, under or through the enclosing structure surrounding the same, or shall enter the enclosure through the gates without the permission of its gatekeeper or the proper officer of said fair association, he shall be guilty of a Class 3 misdemeanor. (1870-1, c. 184, s. 3; Code, s. 2795; 1901, c. 291; Rev., s. 3669; C.S., s. 4952; 1993, c. 539, s. 793; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-515. Assisting unlawful entry on grounds a misdemeanor.

It shall be unlawful for any person or persons to assist any other person or persons to enter upon the grounds of any fair association when an admission fee is charged, by assisting such other person or persons to climb over or go under the fence or by pulling off a plank or to enter the enclosed grounds by any trick or device or by passing out a ticket or a pass or in any other way. Any violation of this section shall be a Class 3 misdemeanor. (1915, c. 242, ss. 3, 4; C.S., s. 4953; 1993, c. 539, s. 794; 1994, Ex. Sess., c. 24, s. 14(c).)

Every fair, and every exhibition using the word “fair” in its name, except fairs classified by the Commissioner of Agriculture as noncommercial community fairs, must comply with the standards, rules and regulations set up and promulgated by the Commissioner of Agriculture, and must secure a license from the Commissioner of Agriculture before such exhibition or fair is staged or operated. ARTICLE 47.

State Marketing Authority.

§ 106-528. State policy and purpose of Article.

It is declared to be the policy of the State of North Carolina and the purpose of this Article to promote, encourage and develop the orderly and efficient marketing of products of the home, farm, sea and forest; to establish, maintain, supervise and control, with the cooperation of counties, cities and towns, centrally located markets for the sale and distribution of such products, so as to promote a steady flow of commodities, properly graded and labeled, into the channels of trade at the time and place to enable the producer to get the market price and the consumer to get a product in keeping with the price paid. (1941, c. 39, s. 1.)

§ 106-529. State Marketing Authority created; members and officers; commodity advisers; meetings and expenses.

To secure these aims, there is hereby created an incorporated public agency of the State, to be known as the State Marketing Authority, hereinafter referred to as the "Authority." It shall consist of the members of the State Board of Agriculture, and the Commissioner of Agriculture shall be the chairman. They shall perform the duties and exercise the powers herein set out as a part of their official duties as members of the Board of Agriculture. The Governor shall appoint from time to time commodity advisers to plan with the Authority the programs undertaken in their respective communities. The Authority shall elect and prescribe the duties of a secretary-treasurer, who shall not be a member of the Authority. He shall give bond in such amount as the Authority shall determine in some reliable surety company doing business in North Carolina, and the Authority shall pay the premiums. The Authority shall meet in regular session annually at a fixed place and date, and shall meet in special session at such other times and places as the chairman may request. The members shall receive no salary, but shall receive actual expenses plus seven dollars (\$7.00) per day for actual time spent in performing their duties. (1941, c. 39, s. 2.)

§ 106-530. Powers of Authority.

The Authority shall have the following powers:

- (1) To sue and be sued in its corporate name in any court or before any administrative agency of the State or of the United States, and to enter into agreements with the United States Department of Agriculture or any other legally constituted State or federal agency, or with any county, city or town in the furtherance of the purposes of this Article.
- (2) To plan, build, construct, or cause to be built or constructed, or to purchase, lease or acquire the use of any warehouses or other facilities that may be necessary for the successful operation by the Authority of wholesale markets for products of the home, farm, sea and forest at chosen points in North Carolina. The Authority may make such contracts as may be needed for these purposes. In no case shall the Authority be responsible for any rent except from the income of the market in excess of other operating expenses. The Authority may select and employ for each market capable managers, who shall be familiar with the problems of the grower and the distributor, and of the marketing of farm products, and who shall have the business ability and training to operate a market and to plan for its proper development and growth in order best to serve the interests of producers, distributors, consumers in the area, and the general public. The managers may employ assistants and agents with the approval of the Authority. The Authority may make such regulations as will promote the policy of this Article, as to the manner in which the markets shall be operated, the business conducted, and stalls sublet to dealers.
- (3) To fix the terms upon which individual, cooperative or corporate wholesale merchants, warehouses or warehousemen may place their facilities or services under the supervision and regulation of the Authority. The Authority may extend to any such wholesale merchants, warehouses or warehousemen marketing benefits in the form of inspection, market informational and news service and may make regulations as to the operation of such facilities or services and as to forms, reports, handling, grades, weights, packages, labels, and other standards for the products handled by such merchants, warehouses or warehousemen.
- (4) To fix rentals and charges for each type of service or facility in the markets under its control, taking into consideration the cost of such facility or service, the interest and amortization period required, a proper relationship between types of operators in the market, cost of operation, and the need for reasonable reserves for repairs, depreciation, expansion, and similar items. These rentals and charges shall not bring any profit to any agency over and above the costs of operation, necessary reserves, and debt service.
- (5) To issue permits to itinerant dealers in intrastate commerce, who express a willingness to come under the program of the State Marketing Authority. Such permits shall enable the holders to solicit orders and to buy and sell produce under the rules and regulations of the Authority and in conformance with G.S. 106-185 to 106-196 and not inconsistent with the United States Perishable Agricultural Commodities Act, 1930 (46 Stat. 531).
- (6) To issue bonds and other securities to obtain funds to acquire, construct, and equip warehouses to be used in carrying out the purposes of this Article. The bonds shall be entitled "North Carolina

Marketing Authority Bonds” and shall be issued in such form and denominations and shall mature at such time or times, not exceeding 30 years after their date, and shall bear such interest, not exceeding five percent (5%) per annum, payable either annually or semiannually, as the Authority shall determine. They shall be signed by the chairman of the Authority, and the corporate seal affixed or impressed upon each bond and attested by the secretary-treasurer of the Authority. The coupons shall bear the facsimile signature of the chairman officiating when the bonds are issued. Any issue of these bonds and notes may be sold publicly, or at private sale for not less than par to the Reconstruction Finance Corporation or other State or federal agency or may be given in exchange to any county, city, town or individual for the lease or purchase of property to be used by the Authority. To secure such indebtedness, the Authority may give mortgages or deeds of trust, executed in the same manner as the bonds, on the property purchased or acquired, and may pledge the revenues from the markets in excess of operating expenses, interest and insurance: Provided, that each market shall be operated on a separate financial basis, and only such revenues and properties of each separate market shall be liable for the obligations of that market. No obligations incurred by the Authority shall be obligations of the State of North Carolina or any of its political subdivisions, or a burden on the taxpayers of the State or any political subdivision. This does not prevent the State or any of its agencies, departments or institutions, or any private or public agency from making a contribution to the Authority, in money or services or otherwise.

Bonds and notes issued under this Article shall be exempt from all State, county or municipal taxes or assessments of any kind; the interest shall not be taxable as income, nor shall the notes, bonds, nor coupons be taxable as part of the surplus of any bank, trust company or other corporation.

Any resolution or resolutions authorizing any bonds shall contain provisions which shall be a part of the contract with the holders of the bonds, as to:

- a. Pledging the fees, rentals, charges, dues, tolls, and inspection and sales fees, and other revenues to secure payment of the bonds;
 - b. The rates of the fees or tolls to be charged for the use of the facilities of the warehouse or warehouses, and the use and disposition of the revenues from its operation;
 - c. The setting aside of reserves or working funds, and the regulation and disposition thereof;
 - d. Limitations on the purposes to which the proceeds of sale of any issue of bonds may be applied;
 - e. Limitations on the issuance of additional bonds; and
 - f. The procedure, if any, by which the terms of any contract with bondholders may be amended or abrogated, the amount of bonds the holders of which must consent thereto, and the manner in which such consent may be given.
- (7) To accept grants in aid or free work.
 - (8) To adopt, use and alter a corporate seal.
 - (9) To dispossess tenants for nonpayment of rent and for failure to abide by the regulations of the Authority.
 - (10) To hire necessary agents, engineers, and attorneys, and to do all things necessary to carry out the powers granted by this Article.
- (1941, c. 39, s. 3.)

§ 106-531. Discrimination prohibited; restriction on use of funds.

The Authority shall not permit:

- (1) Any discrimination against the sale, on any of the markets under their control, of any farm product because of type of operator or area of production.
- (2) The use of any of its funds for any purpose other than for the support, necessary expansion, and operation of this State marketing system, or the use of any of its funds to establish any retail market or to build or furnish more than one market in any town. (1941, c. 39, s. 4.)

§ 106-532. Fiscal year; annual report to Governor.

The Authority shall operate on a fiscal year, which shall be from July first to June thirtieth. The Commissioner of Agriculture shall file an annual report with the Governor containing a statement of receipts and disbursements and the purposes of such disbursements, and a complete statement of the financial condition of the Authority, and an account of its activities for the year. (1941, c. 39, s. 5.)

§ 106-533. Application of revenues from operation of warehouses.

All rentals and charges, fees, tolls, storage and sales commissions and revenues of any sort from operation of each warehouse shall be applied to the payment of the cost of operating and administering the warehouse and market facilities including interest on bonds and other evidences of indebtedness issued therefor, and the cost of insurance against loss by injury to persons or property, and the balance shall be paid to the secretary-treasurer of the Authority and be used to provide a sinking fund to pay at or before maturity all bonds and notes and other evidences of indebtedness incurred for and on behalf of the building, constructing, maintaining and operating of each warehouse. A separate sinking fund account shall be kept for each market, and no market shall be liable for the obligations of any other market. (1941, c. 39, s. 6.)

§ 106-534. Exemption from taxes and assessments.

The Authority shall be regarded as performing an essential governmental function in constructing, operating or maintaining these markets, and shall be required to pay no taxes or assessments on any property acquired or used by it for the purposes herein set out. (1941, c. 39, s. 7.)

§ 106-549.16. Statement of purpose.

Meat and meat food products are an important source of the nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that meat and meat food products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded meat or meat food products are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged meat and meat food products, and results in sundry losses to livestock producers and processors of meat and meat food products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the Board and cooperation by North Carolina and the United States as contemplated by this and the subsequent Article are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of this and the subsequent Article. (1969, c. 893, s. 2; 1971, c. 54, s. 3.)

§ 106-549.17. Inspection of animals before slaughter; humane methods of slaughtering.

(a) For the purpose of preventing the use in intrastate commerce, as hereinafter provided, of meat and meat food products which are adulterated, the Commissioner shall cause to be made, by inspectors appointed for that purpose, an examination and inspection of all cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines before they shall be allowed to enter into any slaughtering, packing, meat-canning, rendering, or similar establishment in this State in which slaughtering and preparation of meat and meat food products of such animals are conducted for intrastate commerce; and all cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines found on such inspection to show symptoms of disease shall be set apart and slaughtered separately from all other cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, or other equines, and when so slaughtered, the carcasses of said cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, or other equines shall be subject to a careful examination and inspection, all as provided by the rules and regulations to be prescribed by the Board as herein provided for.

(b) For the purpose of preventing the inhumane slaughtering of livestock, the Commissioner shall cause to be made, by inspectors appointed for that

purpose, an examination and inspection of the method by which cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines are slaughtered and handled in connection with slaughter in the slaughtering establishments inspected under this law. The Commissioner may refuse to provide inspection to a new slaughtering establishment or may cause inspection to be temporarily suspended at a slaughtering establishment if the Commissioner finds that any cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, or other equines have been slaughtered or handled in connection with slaughter at such establishment by any method not in accordance with subsection (c) of this section until the establishment furnishes assurances satisfactory to the Commissioner that all slaughtering and handling in connection with slaughter of livestock shall be in accordance with such a method.

(c) Either of the following two methods of slaughtering of livestock and handling of livestock in connection with slaughter are found to be humane:

- (1) In the case of cattle, calves, fallow deer, red deer, bison, horses, mules, sheep, swine, and other livestock, all animals are rendered insensible to pain by a single blow or gunshot or an electrical, chemical, or other means that is rapid and effective, before being shackled, hoisted, thrown, cast, or cut; or
- (2) By slaughtering in accordance with the ritual requirements of the Jewish faith or any other religious faith that prescribes a method of slaughter whereby the animal suffers loss of consciousness by anemia of the brain caused by the simultaneous and instantaneous severance of the carotid arteries with a sharp instrument and handling in connection with such slaughtering. (1969, c. 893, s. 3; 1981, c. 376, s. 1; 1991, c. 317, s. 6; 1995, c. 194, s. 3; 1997-142, s. 6.)

§ 106-549.18. Inspection; stamping carcass.

For the purposes hereinbefore set forth the Commissioner shall cause to be made by inspectors appointed for that purpose, as hereinafter provided, a post mortem examination and inspection of the carcasses and parts thereof of all cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines, capable of use as human food, to be prepared at any slaughtering, meat-canning, salting, packing, rendering, or similar establishment in this State in which such articles are prepared for intrastate commerce; and the carcasses and parts thereof of all such animals found to be not adulterated shall be marked, stamped, tagged, or labeled, as "Inspected and Passed"; and said inspectors shall label, mark, stamp, or tag as "Inspected and Condemned," all carcasses and parts thereof of animals found to be adulterated; and all carcasses and parts thereof thus inspected and condemned shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the Commissioner or his authorized representative may remove inspectors from any such establishment which fails to so destroy any such condemned carcass or part thereof, and said inspectors, after said first inspection shall, when they deem it necessary, reinspect said carcasses or parts thereof to determine whether since the first inspection the same have become adulterated and if any carcass or any part thereof shall, upon examination and inspection subsequent to the first examination and inspection, be found to be adulterated, it shall be destroyed for food purposes by the said establishment in the presence of an inspector, and the Commissioner or his authorized representative may remove inspectors from any establishment which fails to so destroy any such condemned carcass or part thereof. (1969, c. 893, s. 4; 1991, c. 317, s. 7; 1995, c. 194, s. 4; 1997-142, s. 7.)

§ 106-549.19. Application of Article; place of inspection.

The foregoing provisions shall apply to all carcasses or parts of carcasses of cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines or the meat or meat products thereof, capable of use as human food, which may be brought into any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where inspection under this Article is maintained, and such examination and inspection shall be had before the said carcasses or parts thereof shall be allowed to enter into any department wherein the same are to be treated and prepared for meat food products; and the foregoing provisions shall also apply to all such products which, after having been issued from any such slaughtering, meat-canning, salting, packing, rendering, or similar establishment, shall be returned to the same or to any similar establishment where such inspection is maintained. The Commissioner or his authorized representative may limit the entry of carcasses, part of carcasses, meat and meat food products, and other materials into any establishment at which inspection under this Article is maintained, under such conditions as he may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this and the subsequent Article. (1969, c. 893, s. 5; 1991, c. 317, s. 8; 1995, c. 194, s. 5; 1997-142, s. 8.)

§ 106-549.20. Inspectors' access to businesses.

For the purposes hereinbefore set forth the Commissioner or his authorized representative shall cause to be made by inspectors appointed for that purpose an examination and inspection of all meat food products prepared in any slaughtering, meat-canning, salting, packing, rendering, or similar establishment, where such articles are prepared for intrastate commerce and for the purposes of any examination and inspection said inspectors shall have access at all times during regular business hours to every part of said establishment; and said inspectors shall mark, stamp, tag, or label as "North Carolina Department of Agriculture and Consumer Services Inspected and Passed" all such products found to be not adulterated; and said inspectors shall label, mark, stamp, or tag as "North Carolina Department of Agriculture and Consumer Services Inspected and Condemned" all such products found adulterated, and all such condemned meat food products shall be destroyed for food purposes, as hereinbefore provided, and the Commissioner or his authorized representative may remove inspectors from any establishment which fails to so destroy such condemned meat food products. (1969, c. 893, s. 6; 1997-261, s. 109.)

§ 106-549.21. Stamping container or covering; regulation of container.

(a) When any meat or meat food product prepared for intrastate commerce which has been inspected as hereinbefore provided and marked "North Carolina Department of Agriculture and Consumer Services Inspected and Passed" shall be placed or packed in any can, pot, tin, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Article is maintained, the person, firm, or corporation preparing said product shall cause a label to be attached to said can, pot, tin, canvas, or other receptacle or covering, under supervision of an inspector, which label shall state that the contents thereof have been "North Carolina Department of Agriculture and Consumer Services Inspected and Passed" under the provisions of this Article, and no inspection and examination of meat

or meat food products deposited or inclosed in cans, tins, pots, canvas, or other receptacle or covering in any establishment where inspection under the provisions of this Article is maintained shall be deemed to be complete until such meat or meat food products have been sealed or inclosed in said can, tin, pot, canvas, or other receptacle or covering under the supervision of an inspector.

(b) All carcasses, parts of carcasses, meat and meat food products inspected at any establishment under the authority of this Article and found to be not adulterated shall at the time they leave the establishment bear, in distinctly legible form, directly thereon or on their containers, as the Commissioner or authorized representative may require, the information required under subdivision (15) of G.S. 106-549.15.

(c) The Board whenever it determines such action is necessary for the protection of the public, may prescribe:

- (1) The styles and sizes of type to be used with respect to material required to be incorporated in labeling to avoid false or misleading labeling of any articles or animals subject to this and the subsequent Article;
- (2) Definitions and standards of identity or composition for articles subject to this Article and standards of fill of container for such articles not inconsistent with any such standards established under the Federal Food, Drug, and Cosmetic Act, or under the Federal Meat Inspection Act, and there shall be consultation between the Commissioner or his authorized representative and the Secretary of Agriculture of the United States prior to the issuance of such standards to avoid inconsistency between such standards and the federal standards.

(d) No article subject to this title shall be sold or offered for sale by any person, firm, or corporation, in intrastate commerce, under any name or other marking or labeling which is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers which are not false or misleading, and which are approved by the Commissioner or his authorized representative, are permitted.

(e) If the Commissioner or his authorized representative has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this title is false or misleading in any particular, he may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as he may prescribe so that it will not be false or misleading. If the person, firm, or corporation using or proposing to use the marking, labeling or container does not accept the determination of the Commissioner or his authorized representative, such person, firm, or corporation may request a hearing, but the use of the marking, labeling, or container shall, if the Commissioner so directs, be withheld pending hearing and final determination by the Commissioner. A person who uses or proposes to use the marking, labeling, or container and who does not accept the determination of the Commissioner may commence a contested case under G.S. 150B-23. If directed by the Commissioner, the marking, labeling, or container may not be used pending a final decision. (1969, c. 893, s. 7; 1973, c. 1331, s. 3; 1987, c. 827, s. 35; 1997-261, s. 109.)

§ 106-549.22. Rules and regulations of Board.

The Commissioner or his authorized representative shall cause to be made, by experts in sanitation, or by other competent inspectors, such inspection of all slaughtering, meat-canning, salting, packing, rendering, or similar estab-

lishments in which cattle, sheep, swine, goats, fallow deer, red deer, bison, horses, mules, and other equines are slaughtered and the meat and meat food products thereof are prepared for intrastate commerce as may be necessary to inform himself concerning the sanitary conditions of the same, and the Board shall prescribe the rules and regulations of sanitation under which such establishments shall be maintained; and where the sanitary conditions of any such establishment are such that the meat or meat food products are rendered adulterated, the Commissioner or his authorized representative shall refuse to allow said meat or meat food products to be labeled, marked, stamped, or tagged as "North Carolina Department of Agriculture and Consumer Services Inspected and Passed." § 106-549.30. Refusal of Commissioner to inspect and certify meat.

The Commissioner may (for such period, or indefinitely, as he deems necessary to effectuate the purposes of this and the previous Article) refuse to provide, or withdraw, inspection service under Article 49B with respect to any establishment if he determines, after opportunity for a hearing is accorded to the applicant for, or recipient of, such service, that such applicant or recipient is unfit to engage in any business requiring inspection under Article 49B because the applicant or recipient, or anyone responsibly connected with the applicant or recipient, has been convicted, in any federal or state court, of (i) any felony, or (ii) more than one violation of any law, other than a felony, based upon the acquiring, handling, or distributing of unwholesome, mislabeled, or deceptively packaged food or upon fraud in connection with transactions in food. This section shall not affect in any way other provisions of this or the previous Article for withdrawal of inspection services under Article 49B from establishments failing to maintain sanitary conditions or to destroy condemned carcasses, parts, meat or meat food products.

For the purpose of this section a person shall be deemed to be responsibly connected with the business if he was a partner, officer, director, holder, or owner of ten per centum (10%) or more of its voting stock or employee in a managerial or executive capacity. The determination and order of the Commissioner with respect thereto under this section shall be final and conclusive unless the affected applicant for, or recipient of, inspection service files application for judicial review within 30 days after the effective date of such order in the appropriate court as provided in G.S. 106-549.33. (1969, c. 893, s. 16.)

§ 106-549.31. Enforcement against uninspected meat.

Whenever any carcass, part of a carcass, meat or meat food product of cattle, sheep, swine, goats, horses, mules, or other equines, or any product exempted from the definition of a meat food product, or any dead, dying, disabled, or diseased cattle, sheep, swine, goat, or equine is found by any inspector of the Meat and Poultry Inspection Service of the North Carolina Department of Agriculture and Consumer Services upon any premises where it is held for purposes of, or during or after distribution in intrastate commerce, and there is reason to believe that any such article is adulterated or misbranded and is capable of use as human food, or that it has not been inspected, in violation of the provisions of Article 49B or of the Federal Meat Inspection Act or the Federal Food, Drug and Cosmetic Act, or that such article or animal has been or is intended to be distributed in violation of any such provisions, it may be detained by such inspector, upon approval of his supervisor, for a period not to exceed 20 days, pending action under G.S. 106-549.33, and shall not be moved by any person, firm, or corporation from the place at which it is located when so detained, until released by the area supervisor of the Meat and Poultry Inspection Service. All official marks may be required by such inspector to be removed from such article or animal before it is released unless it appears to

the satisfaction of the area supervisor that the article or animal is eligible to retain such marks. (1969, c. 893, s. 17; 1997-261, s. 109.)

§ 106-549.32. Enforcement against condemned meat; appeal.

If the article or animal is condemned it shall, after entry of the order be disposed of by destruction or sale as the court may direct and the proceeds, if sold, less the court costs and fees, and storage and other proper expenses, shall be paid into the general fund of this State, but the article or animals shall not be sold contrary to the provisions of this or the previous Article. Provided, that upon the execution and delivery of a good and sufficient bond conditioned that the article or animal shall not be sold or otherwise disposed of contrary to the provisions of this or the previous Article, the court may direct that such article or animal be delivered to the owner thereof subject to such supervision by the authorized representative of the Commissioner as is necessary to insure compliance with the applicable laws. When an order of condemnation is entered against the article or animal and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article or animal. The proceedings in such cases shall be heard by the superior court without a jury, with the right of the aggrieved party to appeal to the Court of Appeals, and all such proceedings shall be at the suit of and in the name of this State. (b) Nothing in this Article shall be construed as requiring the Commissioner or his authorized representative to report for prosecution or for the institution of condemnation or injunction proceedings, minor violations of this Article whenever he believes that the public interest will be adequately served by a suitable written notice of warning.

(c) The Commissioner may assess a civil penalty of not more than five thousand dollars (\$5,000) against any person who violates a provision of this Article or Article 49B, or any rule promulgated thereunder. In determining the amount of the penalty, the Commissioner shall consider the degree and extent of harm caused by the violation.

ARTICLE 49D.

Poultry Products Inspection Act.

§ 106-549.49. Short title.

This Article shall be designated as the North Carolina Poultry Products Inspection Act. (1971, c. 677, s. 1.)

§ 106-549.50. Purpose and policy.

(a) Poultry and poultry products are an important source of the nation's total supply of food. It is essential in the public interest that the health and welfare of consumers be protected by assuring that slaughtered poultry and poultry products distributed to them are wholesome, not adulterated, and properly marked, labeled, and packaged. Unwholesome, adulterated, or misbranded poultry or poultry products are injurious to the public welfare, destroy markets for wholesome, not adulterated, and properly labeled and packaged poultry and poultry products, and result in sundry losses to poultry producers and processors of poultry and poultry products, as well as injury to consumers. The unwholesome, adulterated, mislabeled, or deceptively packaged articles can be sold at lower prices and compete unfairly with the wholesome, not adulterated, and properly labeled and packaged articles, to the detriment of consumers and the public generally. It is hereby found that regulation by the Board and cooperation by this State and the United States as contemplated by

this Article are appropriate to protect the health and welfare of consumers and otherwise effectuate the purposes of this Article.

(b) It is hereby declared to be the policy of the General Assembly to provide for the inspection of poultry and poultry products and otherwise regulate the processing and distribution of such articles as hereinafter prescribed to prevent the movement or sale in intrastate commerce of poultry and poultry products which are adulterated or misbranded. It is the intent of the General Assembly that when poultry and poultry products are condemned because of disease, the reason for condemnation in such instances shall be supported by scientific fact, information, or criteria, and such condemnation under this Article shall be achieved through uniform inspection standards and uniform application thereof. (1971, c. 677, ss. 2, 3.)

The provisions of this Article shall apply to domesticated rabbits. (1971, c. 677, s. 25.)

§ 106-549.52. State and federal cooperation.

(a) The Department of Agriculture and Consumer Services is hereby designated as the State agency which shall be responsible for cooperating with the Secretary of Agriculture of the United States under the provisions of section 5 of the Federal Poultry Products Inspection Act and such agency is directed to cooperate with the Secretary of Agriculture of the United States in developing and administering the poultry products inspection program of this State under this Article and in developing and administering the program of this State under G.S. 106-549.58 in such a manner as will effectuate the purposes of this Article and said federal act.

(b) In such cooperative efforts, the Department is authorized to accept from said Secretary advisory assistance in planning and otherwise developing the State program, technical and laboratory assistance and training (including necessary curricular and instructional materials and equipment), and financial and other aid for administration of such a program.

(c) The Department is further authorized to recommend to the Secretary of Agriculture such officials or employees of this State as the Commissioner shall designate, for appointment to the advisory committees provided for in section 5 of the Federal Poultry Products Inspection Act; and the Commissioner shall serve as the representative of the Governor for consultation with said Secretary under subsection (c) of section 5 of said act. (1971, c. 677, s. 5; 1985 (Reg. Sess., 1986), c. 1014, s. 155(b); 1997-261, s. 62.)

§ 106-549.53. Inspection; condemnation of adulterated poultry.

(a) For the purpose of preventing the entry into or flow or movement in intrastate commerce of any poultry product which is capable of use as human food and is adulterated, the Commissioner shall, where and to the extent considered by him necessary, cause to be made by inspectors antemortem inspection of poultry in each official establishment engaged in processing poultry or poultry products solely for intrastate commerce.

(b) The Commissioner, whenever processing operations are being conducted, shall cause to be made by inspectors postmortem inspection of the carcass of each bird processed, and at any time such quarantine, segregation and reinspection as he deems necessary of poultry and poultry products capable of use as human food in each official establishment engaged in processing such poultry or poultry products solely for intrastate commerce.

(c) All poultry carcasses and parts thereof and other poultry products found to be adulterated shall be condemned and shall, if no appeal be taken from

such determination of condemnation, be destroyed for human food purposes under the supervision of an inspector: Provided, that carcasses, parts, and products, which may by reprocessing be made not adulterated, need not be so condemned and destroyed if so reprocessed under the supervision of an inspector and thereafter found to be not adulterated. If an appeal be taken from such determination, the carcasses, parts, or products shall be appropriately marked and segregated pending completion of an appeal inspection, which appeal shall be at the cost of the appellant if the Commissioner determines that the appeal is frivolous. If the determination of condemnation is sustained the carcasses, parts, and products shall be destroyed for food purposes under the supervision of an inspector. (1971, c. 677, s. 6.)

§ 106-549.54. Sanitation of premises; regulations.

(a) Each official establishment slaughtering poultry or processing poultry products solely for intrastate commerce shall have such premises, facilities, and equipment, and be operated in accordance with such sanitary practices, as are required by regulations promulgated by the Board for the purpose of preventing the entry into or flow or movement in intrastate commerce of poultry products which are adulterated.

(b) The Commissioner shall refuse to render inspection to any establishment whose premises, facilities, or equipment, or the operation thereof, fail to meet the requirements of this section. (1971, c. 677, s. 7.)

§ 106-549.55. Labeling standards; false and misleading labels.

(a) All poultry products inspected at any official establishment under the authority of this Article and found to be not adulterated, shall at the time they leave the establishment bear, in distinctly legible form, on their shipping containers and immediate containers as the Commissioner may require, the information required under subdivision (17) of G.S. 106-549.51. In addition, the Commissioner whenever he determines such action is practicable and necessary for the protection of the public, may require nonconsumer packaged carcasses at the time they leave the establishment to bear directly thereon in distinctly legible form any information required under such subdivision (17).

(b) The Board, whenever it determines such action is necessary for the protection of the public, may prescribe:

- (1) The styles and sizes of type to be used with respect to material required to be incorporated in labeling to avoid false or misleading labeling in marking or otherwise labeling any articles or poultry subject to this Article;
- (2) Definitions and standards of identity or composition for articles subject to this Article and standards of fill of container for such articles not inconsistent with any such standards established under the Federal Food, Drug and Cosmetic Act, or under the Federal Poultry Products Inspection Act, and there shall be consultation between the Commissioner or his authorized representative and the Secretary of Agriculture of the United States prior to the issuance of such standards to avoid inconsistency between such standards and the federal standards.

(c) No article subject to this Article shall be sold or offered for sale by any person in intrastate commerce, under any name or other marking or labeling which is false or misleading, or in any container of a misleading form or size, but established trade names and other marking and labeling and containers which are not false or misleading and which are approved by the Commissioner, are permitted.

(d) If the Commissioner has reason to believe that any marking or labeling or the size or form of any container in use or proposed for use with respect to any article subject to this Article is false or misleading in any particular, he may direct that such use be withheld unless the marking, labeling, or container is modified in such manner as he may prescribe so that it will not be false or misleading. A person who uses or proposes to use the marking, labeling, or container and who does not accept the determination of the Commissioner may commence a contested case under G.S. 150B-23. If directed by the Commissioner, the marking, labeling, or container may not be used pending a final decision. (1971, c. 677, s. 8; 1973, c. 1331, s. 3; 1987, c. 827, s. 36; 1989, c. 770, s. 26.)

§ 106-549.56. Prohibited acts.

§ 106-549.58. Poultry not for human consumption; records; registration.

(a) Inspection shall not be provided under this Article at any establishment for the slaughter of poultry or the processing of any carcasses or parts or products of poultry, which are not intended for use as human food, but such articles shall, prior to their offer for sale or transportation in intrastate commerce, unless naturally inedible by humans, be denatured or otherwise identified as prescribed by regulations of the Board to deter their use for human food. No person shall buy, sell, transport, or offer for sale or transportation, or receive for transportation, in intrastate commerce, any poultry carcasses or parts or products thereof which are not intended for use as human food unless they are denatured or otherwise identified as required by the regulations of the Board or are naturally inedible by humans.

(b) The following classes of persons shall, for such period of time as the Board may by regulations prescribe, not to exceed two years unless otherwise directed by the Commissioner for good cause shown, keep such records as are properly necessary for the effective enforcement of this Article in order to insure against adulterated or misbranded poultry products for the American consumer; and all persons subject to such requirements shall, at all reasonable times, upon notice by a duly authorized representative of the Department of Agriculture and Consumer Services, afford such representative access to their places of business and opportunity to examine the facilities, inventory, and records thereof, to copy all such records, and to take reasonable samples of their inventory upon payment of the fair market value therefor:

When construing or enforcing the provisions of said sections the act, omission, or failure of any person acting for or employed by any individual, partnership, corporation, or association within the scope of his employment or office shall in every case be deemed the act, omission, or failure of such individual, partnership, corporation, or association, as well as of such person.

(b) No carrier shall be subject to the penalties of this Article, other than the penalties for violation of G.S. 106-549.58, by reason of his receipt, carriage, holding, or delivery, in the usual course of business, as a carrier, of poultry or poultry products, owned by another person unless the carrier has knowledge, or is in possession of facts which would cause a reasonable person to believe that such poultry or poultry products were not inspected or marked in accordance with the provisions of this Article or were otherwise not eligible for transportation under this Article or unless the carrier refuses to furnish on request of a representative of the Department of Agriculture and Consumer Services the name and address of the person from whom he received such poultry or poultry products, and copies of all documents, if any there be, pertaining to the delivery of the poultry or poultry products to such carrier.

§ 106-549.60. Notice of violation.

Before any violation of this Article is reported by the Commissioner to any North Carolina district attorney for institution of a criminal proceeding, the person against whom such proceeding is contemplated shall be given reasonable notice of the alleged violation and opportunity to present his views orally or in writing with regard to such contemplated proceeding. Nothing in this Article shall be construed as requiring the Commissioner or his authorized representative to report for criminal prosecution of this Article whenever he believes that the public interest will be adequately served and compliance with the Article obtained by a suitable written notice or warning. (1971, c. 677, s. 13; 1973, c. 47, s. 2.)

§ 106-549.61. Regulations authorized.

(a) The Commissioner may by regulations prescribe conditions under which poultry products capable of use as human food shall be stored or otherwise handled by any person engaged in the business of buying, selling, freezing, storing, or transporting, in or for intrastate commerce, such articles, whenever the Commissioner deems such action necessary to assure that such articles will not be adulterated or misbranded when delivered to the consumer. Violation of any such regulation is prohibited.

(b) The Board shall promulgate such other rules and regulations as are necessary to carry out the provisions of this Article.

(c) When opportunity is afforded for submission of comments by interested persons on proposed rules or regulations under this Article, it shall include opportunity for oral presentation of views. (1971, c. 677, s. 14.)

§ 106-549.62. Intrastate operations exemptions.

(a) The Board shall, by regulation and under such conditions, including requirements, as to sanitary standards, practices, and procedures as it may prescribe, exempt from specific provisions of this Article with respect to processing of poultry or poultry products solely for intrastate commerce and distribution of poultry or poultry products only in such commerce:

- (1) Retail dealers with respect to poultry products sold directly to consumers in individual retail stores, if the only processing operation performed by such retail dealers is the cutting up of poultry products on the premises where such sales to consumers are made;
- (2) For such period of time as the Commissioner determines that it would be impracticable to provide inspection and the exemption will aid in the effective administration of this Article, any person engaged in the processing of poultry or poultry products and the poultry or poultry products processed by such person: Provided, however, that no such exemption shall continue in effect more than 120 days after enactment of this Article;
- (3) Persons slaughtering, processing, or otherwise handling poultry or poultry products which have been or are to be processed as required by recognized religious dietary laws, to the extent that the Commissioner determines necessary to avoid conflict with such requirements while still effectuating the purposes of this Article;
- (4) The slaughtering by any person of poultry of his own raising, and the processing by him and transportation of the poultry products exclusively for use by him and members of his household and his nonpaying guests and employees;
- (5) The custom slaughter by any person of poultry delivered by the owner thereof for such slaughter, and the processing by such slaughterer and

transportation of the poultry products exclusively for use, in the household of such owner, by him and members of his household and his nonpaying guests and employees: Provided, that such custom slaughterer does not engage in the business of buying or selling any poultry products capable of use as human food;

- (6) The slaughtering and processing of poultry products by any poultry producer on his own premises with respect to sound and healthy poultry raised on his premises and the distribution by any person of the poultry products derived from such operations, if, in lieu of other labeling requirements, such poultry products are identified with the name and address of such poultry producer, and if they are not otherwise misbranded, and are sound, clean, and fit for human food when so distributed; and
- (7) The slaughtering of sound and healthy poultry or the processing of poultry products of such poultry by any poultry producer or other person for distribution by him directly to household consumers, restaurants, hotels, and boardinghouses, for use in their own dining rooms, or in the preparation of meals for sales direct to consumers, if, in lieu of other labeling requirements, such poultry products are identified with the name and address of the processor, and if they are not otherwise misbranded and are sound, clean, and fit for human food when distributed by such processor.

(b) In addition to the specific exemptions authorized in subsection (a), the Board shall, when it determines that the protection of consumers from adulterated or misbranded poultry products will not be impaired by such action, provide by regulation, consistent with subsection (c) for the exemption of the operation and products of small enterprises (including poultry producers), not exempted under subsection (a), which are engaged in slaughtering and/or cutting up poultry for distribution as carcasses or parts thereof, solely for distribution within this State, from such provisions of this Article as it deems appropriate, while still protecting the public from adulterated or misbranded products, under such conditions, including sanitary requirements, as it shall prescribe to effectuate the purposes of this Article.

(c) The exemptions provided for in subdivisions (a)(6) and (7) above shall not apply if the poultry producer or other person engages in the current calendar year in the business of buying or selling any poultry or poultry products other than as specified in such subdivisions. No exemption under subdivisions (a)(6) or (7) or subsection (b) shall apply to any poultry producer or other person who slaughters or processes the products of more than 5,000 turkeys or an equivalent number of poultry of all species in the current calendar year (four birds of other species being deemed the equivalent of one turkey).

(d) The provisions of this Article requiring inspection shall not apply to operations of types traditionally and usually conducted at retail stores and restaurants, when conducted at any retail store or restaurant or similar retail-type establishment for sale in normal retail quantities or service of such articles to consumers at such establishments, if no poultry or poultry products are processed at the establishment for distribution outside this State or otherwise subject to inspection under the Federal Poultry Products Inspection Act.

(e) The provisions of this Article shall not apply to poultry producers with respect to poultry of their own raising on their own farms if (i) such producers slaughter not more than 250 turkeys, or not more than an equivalent number of birds of all species during the calendar year for which this exemption is being determined (four birds of other species being deemed the equivalent of one turkey); (ii) such poultry producers do not engage in buying or selling poultry products other than those produced from poultry raised on their own farms; and (iii) such poultry moves only in intrastate commerce.

(f) The adulteration and misbranding provisions of this Article, other than the requirement of the inspection legend, shall apply to articles which are exempted from inspection under this section, except as otherwise specified under subsections (a), (b), or (e).

(g) The Commissioner may by order suspend or terminate any exemption under subsections (a) or (b) of this section with respect to any person whenever he finds that such action will aid in effectuating the purposes of this Article. (1971, c. 677, s. 15.)

§ 106-549.63. Commissioner may limit entry of products to establishments.

The Commissioner may limit the entry of poultry products and other materials into any official establishment, under such conditions as he may prescribe to assure that allowing the entry of such articles into such inspected establishments will be consistent with the purposes of this Article. (1971, c. 677, s. 16.)

§ 106-549.64. Refusal of inspection services; hearing; appeal.

(a) The Commissioner may (for such period, or indefinitely, as he deems necessary to effectuate the purposes of this Article) refuse to provide, or withdraw, inspection service under this Article with respect to any establishment if he determines that such applicant or recipient is unfit to engage in any business requiring inspection upon this Article because the applicant or recipient or anyone responsibly connected with the applicant or recipient, has been convicted, in any federal or State court, within the previous 10 years of

(1) Any felony or more than one misdemeanor under any law based upon the acquiring, handling, or distributing of adulterated, mislabeled, or deceptively packaged food or fraud in connection with transactions in food; or

(2) Any felony, involving fraud, bribery, extortion, or any other act or circumstances indicating a lack of the integrity needed for the conduct of operations affecting the public health. For the purpose of this subsection a person shall be deemed to be responsibly connected with the business if he was a partner, officer, director, holder, or owner of ten per centum (10%) or more of its voting stock or employee in a managerial or executive capacity.

(b) Proceedings concerning the refusal or withdrawal of inspection services shall be conducted in accordance with Chapter 150B of the General Statutes. A refusal or withdrawal of inspection services by the Commissioner shall continue in effect pending a final decision in a contested case unless the Commissioner orders otherwise.

(c) Repealed by Session Laws 1987, c. 827, s. 37. (1971, c. 677, s. 17; 1973, c. 1331, s. 3; 1987, c. 827, s. 37.)

§ 106-549.65. Product detained if in violation.

Whenever any poultry product, or any product exempted from the definition of a poultry product, or any dead, dying, disabled, or diseased poultry is found by any inspector of the Meat and Poultry Inspection Service of the Department of Agriculture and Consumer Services upon any premises where it is held for purposes of, or during or after distribution in intrastate commerce, and there is reason to believe that any such article is adulterated or misbranded and is capable of use as human food, or that it has not been inspected, in violation of

the provisions of this Article or of any other State or federal law or that it has been or is intended to be, distributed in violation of any such provisions, it may be detained by such representative for a period not to exceed 20 days, pending action under G.S. 106-549.66 or notification of any federal, State, or other governmental authorities having jurisdiction over such article or poultry, and shall not be moved by any person, from the place at which it is located when so detained, until released by such representative. All official marks may be required by such representative to be removed from such article or poultry before it is released unless it appears to the satisfaction of the area supervisor of the Department of Agriculture and Consumer Services Poultry Inspection Service that the article or poultry is eligible to retain such marks. (1971, c. 677, s. 18; 1997-261, s. 109.)

§ 106-549.66. Seizure or condemnation proceedings.

(a) Any poultry product, or any dead, dying, or disabled, or diseased poultry, that is being transported in intrastate commerce, subject to this Article, or is held for sale in this State after such transportation, and that

- (1) Is or has been processed, sold, transported, or otherwise distributed or offered or received for distribution in violation of this Article, or
- (2) Is capable of use as human food and is adulterated or misbranded, or
- (3) In any other way is in violation of this Article, shall be liable to be proceeded against and seized and condemned, at any time, on an affidavit filed in any superior court within the jurisdiction of which the article or poultry is found. If the article or poultry is condemned it shall, after entry of the judgment, be disposed of by destruction or sale as the court may direct and the proceeds, if sold, less the court costs and fees, and storage and other proper expenses, shall be paid into the general fund of this State, but the article or poultry shall not be sold contrary to the provisions of this Article, or the Federal Poultry Products Inspection Act or the Federal Food, Drug, and Cosmetic Act: Provided, that upon the execution and delivery of a good and sufficient bond conditioned that the article or poultry shall not be sold or otherwise disposed of contrary to the provisions of this Article or the laws of the United States, the court may direct that such article or poultry be delivered to the owner thereof subject to such supervision by authorized representatives of the Commissioner as is necessary to insure compliance with the applicable laws. When an order of condemnation is entered against the article or poultry and it is released under bond, or destroyed, court costs and fees, and storage and other proper expenses shall be awarded against the person, if any, intervening as claimant of the article or poultry. The proceedings in such cases shall conform, as nearly as may be, to civil actions and either party may demand trial by jury of any issue of fact joined in any case, and all such proceedings shall be at the suit of and in the name of the State.

(b) The provisions of this section shall in no way derogate from authority for condemnation or seizure conferred by other provisions of this Article, or other laws. (1971, c. 677, s. 19.)

§ 106-549.67. Superior court jurisdiction; proceedings in name of State.

The superior court is vested with jurisdiction specifically to enforce, and to prevent and restrain violations of this Article, and shall have jurisdiction in all other kinds of cases arising under this Article. All proceedings for the

enforcement or to restrain violations of this Article shall be by and in the name of this State. (1971, c. 677, s. 20.)

§ 106-549.68. Powers of Commissioner; subpoenas; mandamus; self-incrimination; penalties.

(a) The Commissioner shall also have power:

- (1) To gather and compile information concerning and, to investigate from time to time the organization, business, conduct, practices, and management of any person engaged in intrastate commerce, and the relation thereof to other persons;
 - (2) To require, by general or special orders, persons engaged in intrastate commerce, or any class of them, or any of them to file with the Commissioner, in such form as the Commissioner may prescribe, annual or special, or both annual and special, reports or answers in writing to specific questions, furnishing to the Commissioner such information as he may require as to the organization, business, conduct, practices, management, and relation to other persons of the person filing such reports or answers in writing. Such reports and answers shall be made under oath, or otherwise, as the Commissioner may prescribe, and shall be filed with the Commissioner within such reasonable period as the Commissioner may prescribe, unless additional time be granted in any case by the Commissioner.
- (b)(1) For the purposes of this Article the Commissioner shall at all reasonable times have access to, for the purpose of examination, and the right to copy, any documentary evidence of any person being investigated or proceeded against, and may require by subpoena the attendance and testimony of witnesses and the production of all documentary evidence of any person relating to any matter under investigation. The Commissioner may sign subpoenas and may administer oaths and affirmations, examine witnesses, and receive evidence.
- (2) Such attendance of witnesses, and the production of such documentary evidence, may be required at any designated place of hearing. In case of disobedience to a subpoena the Commissioner may invoke the aid of any court designated in G.S. 106-549.67 in requiring the attendance and testimony of witnesses and the production of documentary evidence.
 - (3) Any of the courts designated in G.S. 106-549.67 within the jurisdiction of which such inquiry is carried on may, in case of contumacy or refusal to obey a subpoena issued to any person, issue an order requiring such person to appear before the Commissioner or to produce documentary evidence if so ordered, or to give evidence touching the matter in question; and any failure to obey such order of the court may be punished by such court as a contempt thereof.
 - (4) Upon the application of the Attorney General of this State at the request of the Commissioner, the superior court shall have jurisdiction to issue writs or [of] mandamus commanding any person to comply with the provisions of this Article or any order of the Commissioner made in pursuance thereof.
 - (5) The Commissioner may order testimony to be taken by deposition in any proceeding or investigation pending under this Article at any stage of such proceeding or investigation. Such depositions may be taken before any person designated by the Commissioner and having power to administer oaths. Such testimony shall be reduced to writing by the person taking the deposition, or under his direction and shall

then be subscribed by the deponent. Any person may be compelled to appear and depose and to produce documentary evidence in the same manner as witnesses may be compelled to appear and testify and produce documentary evidence before the Commissioner as hereinbefore provided.

- (6) Witnesses summoned before the Commissioner shall be paid the same fees and mileage that are paid witnesses in the courts of this State, and witnesses whose depositions are taken and the persons taking the same shall severally be entitled to the same fees as are paid for like services in such courts.
- (7) No person shall be excused from attending and testifying or from producing books, papers, schedules of charges, contracts, agreements, or other documentary evidence before the Commissioner or in obedience to the subpoena of the Commissioner whether such subpoena be signed or issued by him or his delegate, or in any cause or proceeding, criminal or otherwise, based upon or growing out of any alleged violation of this Article, or of any amendments thereto, on the ground or for the reason that the testimony or evidence, documentary or otherwise, required of him or it may tend to incriminate him or it or subject him or it to a penalty or forfeiture; but no individual shall be prosecuted or subjected to any penalty or forfeiture for or on account of any transaction, matter, or thing concerning which he is compelled, after having claimed his privilege against self-incrimination, to testify or produce evidence, documentary or otherwise, except that any individual so testifying shall not be exempt from prosecution and punishment for perjury committed in so testifying.
- (c)(1) Any person that shall neglect or refuse to attend and testify or to answer any lawful inquiry, or to produce documentary evidence, if in his or its power to do so, in obedience to the subpoena or lawful requirement of the Commissioner shall be guilty of a Class 1 misdemeanor.
- (2) Any person that shall willfully make, or cause to be made, any false entry or statement of fact in any report required to be made under this Article, or that shall willfully make, or cause to be made, any false entry in any account, record, or memorandum kept by any person subject to this Article or that shall willfully neglect or fail to make, or to cause to be made, full, true, and correct entries in such accounts, records, or memoranda, of all facts and transactions appertaining to the business of any person subject to this Article or that shall willfully remove out of the jurisdiction of this State, or willfully mutilate, alter, or by any other means falsify any documentary evidence of any such person, or that shall willfully refuse to submit to the Commissioner or to any of his authorized agents, for the purpose of inspection and taking copies, any documentary evidence of any person subject to this Article in his or its possession or within his or its control, shall be deemed guilty of a Class 1 misdemeanor.

§ 106-564. Collection of assessments; custody and use of funds.

In the event two thirds or more of the farmers eligible for participation in such referendum and voting therein shall vote in favor of such assessment, then the said assessment shall be collected annually or at regular intervals during the year established by the rules and regulations of the duly certified commission, council, board or other agency for the number of years set forth in the call for such referendum, and the collection of such assessment shall be under such method, rules and regulations as may be determined by the agency conducting the same; and the said assessment so collected shall be paid into the treasury of the agency conducting such referendum, to be used together with other funds from other sources, including donations from individuals, concerns or corporations, and grants from State or governmental agencies, for the purpose of promoting and stimulating, by advertising and other methods, the increased use and sale, domestic and foreign, of the agricultural commodity covered by such referendum. Such assessments may also be used for the purpose of financing or contributing toward the financing of a program of production, use and sale of any and all such agricultural commodities. (1947, c. 1018, s. 15; 1951, c. 1172, s. 3; 1965, c. 1046, s. 1; 1975, c. 708, s. 1.)

§ 106-564.1. Alternate method for collection of assessments.

As an alternate method for the collection of assessments provided for in G.S. 106-564, and upon the request of the duly certified agency of the producers of any agricultural products referred to in G.S. 106-550, the Commissioner of Agriculture shall notify, by registered letter, all persons, firms and corporations engaged in the business of purchasing any such agricultural products in this State, that on and after the date specified in the letter the assessments shall be deducted by the purchaser, or his agent or representative, from the purchase price of any such agricultural products. The assessment so deducted, shall, on or before the first day of June of each year following such deduction or at regular intervals during the year following such deductions, be remitted by such purchaser to the Commissioner of Agriculture of North Carolina who shall thereupon pay the amount of the assessments to the duly certified agency of the producers entitled thereto. The books and records of all such purchasers of agricultural products shall at all times during regular business hours be open for inspection by the Commissioner of Agriculture or his duly authorized agents.

For the purposes of this Article the Commissioner may designate the duly certified agency of the producers as his agent to conduct inspections or audits of the books of the purchaser of such agricultural products. If it is discovered, as the result of such inspection or audit, that such purchaser has willfully failed to remit assessments when due, then such purchaser shall be liable to the duly certified producers agency for the reasonable costs of such inspection or audit. Such costs may be recovered by the agency by an action against the purchaser in a court of competent jurisdiction. The agency shall also be entitled to recover from such purchaser a penalty of five percent (5%) of the amount due for each month it remains unpaid, not to exceed twenty percent (20%) of the total amount due.

Any packer, processor or other purchaser who originally purchases from the grower, apples grown in North Carolina, shall collect from the grower thereof any marketing assessment due under the provisions of Article 50 of Chapter 106 and shall remit the same to the North Carolina Department of Agriculture and Consumer Services. Upon failure of said packer, processor or other

purchaser to collect and remit said assessment then the amount of the assessment shall become the obligation of the packer, processor or other purchaser who originally purchased the apples from the grower and he shall become liable therefor to the North Carolina Department of Agriculture and Consumer Services. Failure of the packer, processor or other purchaser to comply with the provisions of this section shall constitute a bar to engaging in said business in this State upon proper notice from the Board of Agriculture. The Board of Agriculture shall have authority to promulgate such rules and regulations as shall be necessary to carry out the purpose and intent of this section. (1953, c. 917; 1969, c. 605, s. 3; 1975, c. 708, s. 2; 1983, c. 395; 1997-261, s. 109.)

§ 106-564.2. Further alternative method for collection of assessments.

As an alternate method for the collection of assessments provided for in G.S. 106-564, the duly certified agency representing the producers of peaches, apples or other tree fruits, is hereby authorized to establish the names, addresses and number of trees or acres of trees and certify same to the Commissioner of Agriculture. The Commissioner of Agriculture shall then notify by registered letter such certified producers that on or before the date specified by the duly certified agency, the assessments shall be paid to the Commissioner of Agriculture by the producers. The date of collections of such assessments may be established by the duly certified agency representing the producers of any agricultural product referred to in G.S. 106-550. (1955, c. 374.)

§ 106-564.3. Alternative method for collection of assessments relating to cattle.

As an alternative method for the collection of assessments provided for in Article 50 of Chapter 106 of the General Statutes, as amended, and as the same relates to all cattle, including those cattle sold for slaughter, upon the request of the duly certified agency of the producers of all cattle, including those which are to be sold for slaughter, the Commissioner of Agriculture shall notify, by registered letter, all livestock auction markets, slaughterhouses, abattoirs, packinghouses, and any and all persons, firms and corporations, engaged in the buying, selling or handling of cattle in this State, and on and after the date specified in the letter, the assessments approved and in force under said referendum shall be deducted by the purchaser, or his agent or representative, from the purchase price of all cattle bought, acquired or sold. It shall be unlawful for any livestock auction market, slaughterhouse, abattoir, packinghouse or the administrators or managers or agents of same or for any person, firm or corporation to acquire, buy or sell any cattle, including cattle for slaughter, without deducting the assessments previously authorized by said referendum. The assessment or assessments for any month so deducted, shall, on or before the twentieth day of the following month, be remitted by such purchaser as above described, to the Commissioner of Agriculture of North Carolina, who shall thereupon pay the amount of the assessments to the duly certified agency of the producers of all such cattle entitled thereto. The books and records of all such livestock auction markets, slaughterhouses, abattoirs, packinghouses, or persons, firms or corporations engaged in buying, acquiring or selling all cattle shall at all times during regular business hours be open for inspection by the Commissioner of Agriculture or his duly authorized agents. Provided, however, that if any livestock auction market, slaughterhouse, abattoir, packinghouse, or any person, firm or corporation engaged in buying,

selling or handling cattle in this State shall fail to collect or pay such assessments so deducted to the Commissioner of Agriculture of North Carolina, as herein provided, then and in such event suit may be brought by the duly certified agency concerned in a court of competent jurisdiction to enforce the collection of such assessments. (1959, c. 1176; 1969, c. 184.)

§ 106-564.4. Alternative method for collection of assessments relating to sweet potatoes.

(a) In the event the producers of sweet potatoes approve an assessment pursuant to G.S. 106-564, which assessment shall be paid by the producer based on the number of acres produced, the producer shall report the number of acres planted and shall remit the assessment due to the Commissioner of Agriculture. Sweet potato producers shall report acreage planted at a time and place determined by the duly certified agency representing the producers of sweet potatoes.

(b) Assessments shall be due on September 1 of each year. Any producer who fails to pay assessments by September 30 of each year shall also pay a penalty of ten percent (10%) of the unpaid assessment, plus a penalty of one percent (1%) of the unpaid assessment for each month the assessment remains unpaid. The Commissioner of Agriculture shall remit all assessments received to the duly certified agency representing the producers of sweet potatoes. The duly certified agency representing the producers of sweet potatoes may conduct inspections and audits of sweet potato producers in order to verify the number of acres of sweet potatoes planted and may bring an action to recover unpaid assessments and penalties and the reasonable costs of such action, including attorneys' fees.

(c) There shall be no refund of assessments collected pursuant to this section.

(d) For the purposes of this section, "producer" shall be defined as a grower of one acre or more of sweet potatoes. (1995, c. 521, s. 2.)

§ 106-565. Subsequent referendum.

In the event such referendum so to be conducted as herein provided shall not be supported by two thirds or more of those eligible for participation therein and voting therein, then the duly certified agency conducting the said referendum shall have full power and authority to call another referendum for the purposes herein set forth in the next succeeding year, on the question of an annual assessment for three years. (1947, c. 1018, s. 16.)

§ 106-566. Referendum as to continuance of assessments approved at prior referendum.

In the event the first such referendum or any subsequent referendum is carried by the votes of two thirds or more of the eligible farmers participating therein and assessments in pursuance thereof are levied annually for the period set forth in the call for such referendum, then the agency conducting such referendum shall in its discretion have full power and authority to call and conduct during the third year of such first period or the last year of any subsequent period another referendum in which the farmers and producers of such agricultural commodity shall vote upon the question of whether or not such assessments shall be continued for the next ensuing three years or continued for the next ensuing six years. (1947, c. 1018, s. 17; 1965, c. 1046, s. 2.)

§ 106-567. Rights of farmers dissatisfied with assessments; time for demanding refund.

In the event such referendum is carried in the affirmative and the assessment is levied and collected as provided herein and under the regulations to be promulgated by the duly certified agency conducting the same, any farmer or producer upon and against whom such assessments shall have been levied and collected under the provisions of this Article, if dissatisfied with said assessment and the result thereof, shall have the right to demand of and receive from the treasurer of said agency a refund of such assessment so collected from such farmer or producer, provided such demand for refund is made in writing within 30 days from the date on which said assessment is collected or due to be collected, whichever is earlier from such farmer or producer under the rules and regulations of the duly certified commission, council, board or other agency. Provided, however, that as to growers or producers of potatoes, apples or peaches the right of refund of assessments as provided herein shall be contingent upon such growers or producers having paid said assessment on or before the end of the assessment year in which the assessment was levied. The assessment year shall be determined by the duly certified commission, council, board or agency representing the respective commodity: Provided further, that any farmer or producer of potatoes, apples or peaches who fails to make any protest against the assessment and levy in writing, addressed to the duly certified commission, council, board or agency representing the commodity concerned, within 30 days from the date such assessment shall become due and payable, then, and in such event, suit may be brought by the duly certified commission, council, board or agency concerned in a court of competent jurisdiction to enforce the collection of the assessment. Provided further that on and after July 1, 1972, as to growers or producers of apples there shall be no right of refund of assessments levied pursuant to the referendum provided for by Article 50, Chapter 106 of the General Statutes of North Carolina. (1947, c. 1018, s. 18; 1959, c. 311; 1969, c. 605, ss. 1, 2; 1975, c. 708, ss. 3, 4.)

§ 106-567.1. Refund of milk product assessments.

Notwithstanding any other provision of this Article, on and after January 1, 1982, a milk producer shall be entitled to receive a monthly refund of assessments paid by him by making written demand in the first month of each calendar quarter upon the association receiving such assessment. (1981, c. 216, s. 4.)

§ 106-568. Publication of financial statement by treasurer of agency; bond required.

In the event of the levying and collection of assessments as herein provided, the treasurer of the agency conducting same shall within 30 days after the end of any calendar year in which such assessments are collected, publish through the medium of the press of the State a statement of the amount or amounts so received and collected by him under the provisions of this Article. Before collecting and receiving such assessments, such treasurer shall give a bond in the amount of at least the estimated total of such assessments as will be collected, such bond to have as surety thereon a surety company licensed to do business in the State of North Carolina, and to be in the form and amount approved by the agency conducting such referendum and to be filed with the chairman or executive head of such agency. (1947, c. 1018, s. 19.)

(a) The State Board of Agriculture, upon a petition being filed with it so requesting and signed by the governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall examine such petition and upon finding that it complies with the provisions of this Article shall authorize the holding of a referendum as hereinafter set out and the governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall thereupon be fully authorized and empowered to hold and conduct on the part of the producers and growers of the commodities herein mentioned a referendum on the question of whether or not such growers and producers shall levy upon themselves an assessment under and subject to and for the purposes stated in this Article. (1951, c. 827, s. 4; 1991, c. 102, s. 3.)

If in such referendum more than one third of the farmers and producers eligible to participate therein and voting therein shall vote in the negative and against the levying or collection of such assessment, then in such event no assessment shall be levied or collected, but if two thirds or more of such farmers and producers voting therein shall vote in the affirmative and in favor of the levying or collection of such assessment, then such assessment shall be collected in the manner hereinafter provided. (1951, c. 827, s. 5.)

Such notice, so published and furnished to the several agencies, shall contain, in addition to the other information herein required, a statement of the amount of annual assessment proposed to be levied, and the purposes for which such assessment shall be applied. The Commissioner shall then remit the assessment for the total tonnage as reported by all manufacturers of commercial feeds, fertilizers, and their ingredients to the treasurer of the North Carolina Agricultural Foundation, Inc., who shall disburse such funds for the purposes herein enumerated and not inconsistent with provisions contained in the charter and bylaws of the North Carolina Agricultural Foundation, Inc. It shall be the duty of the Commissioner of Agriculture to audit and check the remittances of the assessment by the manufacturer to the Commissioner in the same manner and at the same time as audits and checks are made of remittances of the inspection tax on commercial feeds and fertilizers.

Any commercial feed excluded from the payment of the inspection fee required by G.S. 106-284.40 shall nevertheless be subject to the assessment provided for by this Article and to quarterly tonnage reports to the Department of Agriculture and Consumer Services as provided for in G.S. 106-284.40(c).

In the event two-thirds or more of the eligible farmers and producers participating in the tobacco referendum vote in favor of the tobacco poundage assessment authorized under this Article, then said assessment shall be collected for a period of six years under rules,

regulations, and methods adopted by the North Carolina Tobacco Research Commission. The North Carolina Tobacco Research Commission is exempt from the provisions of Chapter 150B of the General Statutes.

The assessments collected shall be remitted to the Department of Agriculture and Consumer Services to be expended under the direction of the Tobacco Research Commission for research and dissemination of research facts concerning tobacco. Any person that receives assessment funds from the Tobacco Research Commission shall file quarterly written reports with the Tobacco Research Commission on the receipt and expenditure of assessment funds. The Tobacco Research Commission may transfer assessments to the North Carolina Tobacco Foundation, Inc., to be held and invested by the Tobacco Foundation until such time as the Commission shall direct their expenditure for the purposes set forth in this section. Provided, that the Department of Agriculture and Consumer Services shall make tobacco poundage assessment refunds to tobacco farmers when such demand for refund is made in writing by the tobacco farmer within 30 days of the close of the marketing season. (1951, c. 827, s. 9; 1991, c. 102, s. 7; 1997-261, s. 109.)

If the assessment is defeated in the referendum, the governing boards of the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the North Carolina Agricultural Foundation, Inc., shall have full power and authority to call another referendum for the purposes herein set out in the next succeeding year on the question of the annual assessment for six years. In the event the assessment carried in a referendum by two-thirds or more of the eligible farmers participating therein, such assessment shall be levied annually for the six years set forth in the call for such referendum and a new referendum may be called and conducted during the sixth year of such period on the question of whether or not such assessment shall be continued for the next ensuing six years. Provided, that if the tobacco poundage assessment is defeated in the referendum, the governing boards of the North Carolina Farm Bureau Federation, Inc., the North Carolina State Grange, the North Carolina Tobacco Foundation, Inc., and Tobacco Growers Association of North Carolina, Incorporated, may call another referendum in the next succeeding year on the question of the annual assessment for six years. If the tobacco assessment carried in a referendum by two-thirds or more of the eligible farmers participating therein, the assessment shall be levied annually for the six years set forth in the call for the referendum and a new referendum may be called and conducted during the sixth year of the period on the question of whether or not

the assessment shall be continued for the next ensuing six years. (1951, c. 827, s. 10; 1967, c. 631, s. 2; 1991, c. 102, s. 8.)

§ 106-568.11. Effect of more than one-third vote against assessment.

If in such referendum called under the provisions of this Article more than one third of the farmers and producers in the State of North Carolina, eligible to participate and voting therein, shall vote in the negative and against the levying or collection of such assessment, then in such an event no assessment shall be levied or collected. (1951, c. 827, s. 11.)

§ 106-568.12. Effect of two-thirds vote in favor of assessment.

If in such referendum called under the provisions of this Article two thirds or more of the farmers or producers in the State of North Carolina, eligible to participate and voting therein, shall vote in the affirmative and in favor of the levying and collection of such assessment proposed in such referendum on the commodities covered thereby, then such assessment shall be collected in the manner prescribed herein (determined and announced by the agencies conducting such referendum). § 106-568.21. Effect of more than one-third vote against assessment in referendum.

If in such referendum more than one-third of the tobacco farmers eligible to participate therein and voting therein shall vote in the negative and against the levying or collection of such assessment, then no assessment shall be levied or collected pursuant to that referendum. (1959, c. 309, s. 4; 1987, c. 294, s. 2.)

§ 106-568.22. Effect of two-thirds vote for assessment in referendum.

If in such referendum two-thirds or more of the eligible tobacco farmers voting therein shall vote in the affirmative and in favor of the levying or collection of such assessment to be determined by the board of directors of Tobacco Associates, Incorporated, but in an amount of not more than four dollars (\$4.00) per acre per year on all flue-cured tobacco acreage in the State of North Carolina, then such assessment shall be collected in the manner hereinafter provided. (1959, c. 309, s. 5; 1987, c. 294, s. 3; 1989, c. 349, s. 2.)

§ 106-568.23. Regulations as to referendum; notice to farm organizations and county agents.

The exact date, on which such referendum shall be held and the hours, voting places, and rules and regulations under which such referendum shall be conducted, shall be established and determined by the board of directors of the North Carolina corporation known and designated as Tobacco Associates, Incorporated, established under the leadership of farm organizations in the State of North Carolina for the purpose of stimulating, developing and expanding export trade for flue-cured tobacco and the use of tobacco everywhere; the said referendum date, hours, voting places, rules and regulations with respect to the holding of such referendum shall be published through the

medium of the public press in the State of North Carolina by said board of directors at least 15 days before the holding of such referendum, and direct written notice thereof shall likewise be given to all farm organizations within the State of North Carolina and to each county agent in any county in which flue-cured tobacco is grown. (1959, c. 309, s. 6; 1987, c. 294, s. 4.)

§ 106-568.24. Distribution of ballots; arrangements for holding referendum; declaration of results.

The said board of directors of Tobacco Associates, Incorporated, shall likewise prepare and distribute in advance of said referendum all necessary ballots for the purpose thereof, and shall under the rules and regulations promulgated by said board arrange for the necessary poll holders for conducting the said referendum; and following such referendum and within 10 days thereafter the said board of directors shall canvass and publicly declare the results of such referendum. (1959, c. 309, s. 7; 1987, c. 294, s. 5.)

§ 106-568.25. Question at referendum.

Said referendum shall be upon the question of whether or not the farmers eligible for participation therein and voting therein shall favor an assessment upon themselves for the period of the next three tobacco marketing years, in an amount in each of said years as determined by or to be determined by the board of directors of Tobacco Associates, Incorporated but not more than four dollars (\$4.00) per acre per year on all flue-cured tobacco acreage in the State of North Carolina, for the purpose of providing farmer participation in the fund and through the agency established for the stimulation, expansion and development of export markets for flue-cured tobacco and the encouragement of the use of flue-cured tobacco everywhere. (1959, c. 309, s. 8; 1987, c. 294, s. 6; 1989, c. 349, s. 3.)

§ 106-568.26. Collection of assessments; custody and use of funds.

In the event two-thirds or more of the eligible farmers voting therein shall vote in favor of such assessment, then the said assessment shall be collected annually for the years herein set forth and under such method, rules and regulations as may be determined by the board of directors of the said Tobacco Associates, Incorporated, and the said assessment so collected shall be paid into the treasurer [treasury] of said Tobacco Associates, Incorporated, to be used along with funds from other sources, for the purpose of stimulating, developing and expanding export trade for flue-cured tobacco and encouraging the use of flue-cured tobacco everywhere. (1959, c. 309, s. 9.)

§ 106-568.27. Required affirmative vote of directors of Tobacco Associates, Incorporated.

No assessment shall be made pursuant to this Article unless same shall receive the affirmative vote of not less than two-thirds of the members of the board of directors of Tobacco Associates, Incorporated, including the affirmative vote of not less than two thirds of such board members who were elected by North Carolina farm organizations. (1959, c. 309, s. 10.)

§ 106-568.28. Right of farmers dissatisfied with assessments; time for demanding refund.

In the event any referendum authorized by this Article is carried in the affirmative by such two-thirds vote and the assessment is levied and collected

as herein provided and under the regulations to be promulgated by the board of directors of Tobacco Associates, Incorporated, any farmer or tobacco producer upon whom and against whom any such annual assessment shall have been levied and collected under the provisions of this Article, if dissatisfied with the said assessment, shall have the right to demand of and receive from the treasurer of said Tobacco Associates, Incorporated, a refund of such annual assessment so collected from such farmer or producer of tobacco, provided such demand for refund is made in writing within 30 days from the last date on which such assessment is collected from such farmer or producer or deducted from the proceeds of the sale of tobacco of such farmer or producer. (1959, c. 309, s. 11; 1987, c. 294, s. 7.)

§ 106-568.29. Subsequent referendum after defeat of assessment.

In the event any referendum conducted as provided for in this Article shall not be supported by two-thirds or more of those voting therein, then the board of directors of Tobacco Associates, Incorporated shall have full power and authority to call another referendum for the purposes herein set forth in any succeeding year, on the question of an annual assessment for the next three tobacco marketing years or less. If the referendum is carried as provided in this Article, then the assessments may be levied and collected as provided in this Article. (1959, c. 309, s. 12; 1989, c. 349, s. 4.)

§ 106-568.30. Referendum as to continuance of assessments approved at prior referendum.

In the event any referendum, held at any time under the provisions of this Article, is carried by the vote of two-thirds or more of the eligible farmers participating therein and assessments in pursuance thereof are being levied annually, then the board of directors of Tobacco Associates, Incorporated shall, in its discretion, have full power and authority to call and conduct another referendum in which the farmers and producers of flue-cured tobacco shall vote upon the question of whether or not assessments under this Article shall be continued for the next three tobacco marketing years. If the referendum is carried as provided in this Article, then assessments may be levied and collected as provided in this Article. (1959, c. 309, s. 13; 1987, c. 294, s. 8.)

§ 106-568.31. Filing and publication of financial statement by treasurer of Tobacco Associates, Incorporated.

The treasurer of Tobacco Associates, Incorporated shall, within 60 days after the end of any fiscal year, file with the State Auditor a financial statement as of the end of the fiscal year and a detailed statement of operations for the year ended. Further a condensed statement of the financial condition and operating expenses for said fiscal year shall be published in a newspaper of general circulation, if one exists, in each county from which assessments are collected. (1959, c. 309, s. 14; 1987, c. 294, s. 9.)

§ 106-568.32: Repealed by Session Laws 1987, c. 294, s. 11.

§ 106-568.33. Effect of Article on prior acts.

Insofar as the provisions of this Article are different from and in conflict with the provisions of Chapter 511, Session Laws of 1947 and Chapter 63, Session

Laws of 1951, to the extent of such conflict the provisions of this Article shall be applicable and shall supersede and prevail over the provisions of said former acts and all provisions of this Article shall be in full effect. So long as assessments are made under this Article, no assessment shall be made and collected under the provisions of Chapter 511, Session Laws of 1947, as amended. (1959, c. 309, s. 16.)

§ 106-568.34. Alternate method for levy of assessment.

At any time when it may be found by the Board of Directors of Tobacco Associates, that it is not reasonably feasible to base the authorization of an assessment or the making of an assessment or the collection of an assessment on a "per-acre" unit, then the Board of Directors of Tobacco Associates, by an affirmative vote of not less than two thirds of its members (which vote shall include the affirmative vote of not less than two thirds of the board members who were elected by North Carolina farm organizations), may use a "tobacco poundage" unit as the basis for the authorization or making or collecting an assessment. No alternative assessment for any year after 1988 shall exceed one-fifth cent ($\frac{1}{5}\text{¢}$) per pound of the flue-cured tobacco marketed by each farmer. The amount of any alternate assessment, based upon a "tobacco poundage" unit as permitted by the provisions of this section shall not be related to or limited by the amount of the assessment which could be authorized, made or collected if it were based upon a "per-acre" unit. (1973, c. 81; 1979, c. 474, s. 1; 1987, c. 294, s. 10; 1989, c. 349, s. 5.)

§ 106-568.35. Alternate provision for referendum voting by mail.

(a) At any time when it may be found that it is not desirable or reasonably possible to conduct a referendum by written ballots to be cast at polling places (as provided in G.S. 106-568.23 and 106-568.24 of this Article), the board of directors of Tobacco Associates, Incorporated, by an affirmative vote of not less than two-thirds of its members (which vote shall include the affirmative vote of not less than two thirds of such board members who were elected by North Carolina farm organizations), may prescribe and provide for a vote by mail by written or printed ballot.

(b) In the event that the board of directors shall decide to conduct the referendum by mail vote, the board shall prescribe the rules and regulations under which such mail referendum shall be conducted; shall provide the necessary ballots and cause them to be mailed to the farmers of North Carolina who are engaged in the production of flue-cured tobacco; shall provide envelopes for the return of such ballots by individual voters; shall cause to be published through the medium of the public press in the State of North Carolina notice of the holding of such referendum at least 15 days before the mailing out of the ballots; shall give direct written notice of such proposed mail referendum to all statewide farm organizations within the State of North Carolina and to each county agent in each county in which flue-cured tobacco is grown; shall provide a closing date for the return of the ballots; shall provide for the receipt and safeguarding of such ballots; and, within 30 days of the date set as the latest date for the return of such ballots, shall canvass the ballots and publish and declare the results of such referendum. (1975, c. 125; 1987, c. 294, s. 12.)

§ 106-568.36. Maximum levy after 1988.

The maximum amount which may be authorized in any referendum held pursuant to the provisions of this Article during 1989 or thereafter, and the

maximum amount which may be assessed, collected or levied for any year after 1988 by the Board of Directors of Tobacco Associates pursuant to the provisions of this Article, is four dollars (\$4.00) per acre per year on all flue-cured tobacco acreage in the State, or, under the alternate method for levy of assessment set out in G.S. 106-568.34, one-fifth cent ($\frac{1}{5}\text{¢}$) per pound of the flue-cured tobacco marketed by each farmer. (1979, c. 474, s. 2; 1987, c. 294, s. 13; 1989, c. 349, s. 6.)

§ 106-568.37. Report on use of assessments.

The Board of Directors of the Tobacco Associates, Incorporated shall make an annual written report of the financial transactions and a financial statement concerning the receipts and disbursements of the revenue from the assessment. A copy of the report shall be provided by the Board of Directors of the Tobacco Associates, Incorporated to the Commissioner of Agriculture, the Dean of the College of Agriculture and Life Sciences at North Carolina State University, the North Carolina Farm Bureau Federation, the North Carolina State Grange, and the Bright Belt Warehouse Association. (1989, c. 349, s. 7.)

ARTICLE 51A.

North Carolina Antifreeze Law of 1975.

§ 106-579.1. Short title.

This Article shall be known as the "North Carolina Antifreeze Law of 1975." (1975, c. 719, s. 1.)

Editor's Note. — Session Laws 1975, c. 719, effective July 1, 1975, repealed Article 51 and enacted this Article. Where appropriate, the historical citations to the sections of the repealed Article have been added to corresponding sections of this Article.

§ 106-579.2. Purpose.

It is desirable that there should be uniformity between the requirements of the several states. Therefore, the Board and Commission are directed, consistent with the purposes of this Article, to so enforce this Article as to strive for achievement of such uniformity and are also authorized and empowered to cooperate with and enter into agreements with any other agency of this State, or any other state regulating antifreeze, for the purpose of carrying out the provisions of this Article and securing uniformity of regulations in conformity to the primary standards established by this Article. (1975, c. 719, s. 2.)

§ 106-579.3. Definitions.

As used in this Article, the following words and phrases have the following meanings:

- (1) "Advertisement" means all representations disseminated in any manner or by any means, other than by labeling, for the purpose of inducing, or which are likely to induce, directly or indirectly, the purchase of antifreeze products.
- (2) "Antifreeze" means any substance or preparation sold, distributed or intended for use as the cooling liquid, or to be added to the cooling liquid, in the cooling system of internal combustion engines of motor vehicles to prevent freezing of the cooling liquid or to lower its freezing point.
- (3) "Antifreeze-coolant" or "antifreeze and summer coolant" or "summer coolant" means any substance as defined in (2) above which also is sold, distributed or intended for raising the boiling point of water or for the prevention of engine overheating whether or not used as a year-round cooling system fluid. Unless otherwise stated, the term "antifreeze" includes "antifreeze," "antifreeze-coolant," "antifreeze and summer coolant," and "summer coolant."
- (4) "Board" means the North Carolina State Board of Agriculture, as defined by G.S. 106-2.
- (5) "Commissioner" means the Commissioner of Agriculture of the State of North Carolina.
- (6) "Distribute" means to hold with intent to sell, offer for sale, to sell, barter or otherwise supply to the consumer.
- (7) "Home consumer-sized package" as used in G.S. 106-579.9(12) shall refer to packages of one fluid U.S. gallon or less.
- (8) "Label" means any display of written, printed, or graphic matter on, or attached to, a package, or to the outside individual container or wrapper of the package.
- (9) "Labeling" means (i) the labels and (ii) any other written, printed or graphic matter accompanying a package.
- (10) "Package" means (i) a sealed tamperproof retail package, drum, or other container designed for the sale of antifreeze directly to the consumer or (ii) a container from which the antifreeze may be installed directly by the seller into the cooling system, but does not include shipping containers containing properly labeled inner containers.
- (11) "Person," as used in this Article, shall be construed to mean both the singular and plural as the case demands, and shall include individuals, partnerships, corporations, companies and associations. (1949, c. 1165; 1975, c. 719, s. 3.)

§ 106-579.4. Registrations.

On or before the first day of July of each year, and before any antifreeze may be distributed for the permit year beginning July 1, the manufacturer, packager, or person whose name appears on the label shall make application to the Commissioner on forms provided by the latter for registration for each brand of antifreeze which he desires to distribute. The application shall be accompanied by specimens or facsimiles of labeling for all container sizes to be distributed, when requested by the Commissioner; a license and inspection fee of two hundred fifty dollars (\$250.00) for each brand of antifreeze and a properly labeled sample of the antifreeze shall also be submitted at this time. The Commissioner may inspect, test, or analyze the antifreeze and review the

labeling. If the antifreeze is not adulterated or misbranded, if it meets the standards established and promulgated by the Board, and if the said antifreeze is not such a type or kind that is in violation of this Article, the Commissioner shall thereafter issue a written license or permit authorizing the sale of such antifreeze in this State for the fiscal year in which the license or inspection fee is paid. If the antifreeze is adulterated or misbranded, if it fails to meet standards promulgated by the Board, or is in violation of this Article or regulations thereunder, the Commissioner shall refuse to register the antifreeze, and he shall return the application to the applicant, stating how the antifreeze or labeling is not in conformity. If the Commissioner shall, at a later date, find that a properly registered antifreeze product has been materially altered or adulterated, or a change has been made in the name, brand or trademark under which the antifreeze is sold, or that it violates the provisions of this Article, or that it violates regulations, definitions or standards duly promulgated by the Board, he shall notify the applicant that the license authorizing sale of the antifreeze is canceled. No antifreeze license shall be canceled unless the registrant shall have been given an opportunity to be heard before the Commissioner or his duly designated agent and to modify his application in order to comply with the requirements of this Article and regulations, definitions, and standards promulgated by the Board. All fees received by the Commissioner shall be placed in the Department of Agriculture and Consumer Services fund for the purpose of supporting the antifreeze enforcement and testing program. (1949, c. 1165; 1975, c. 719, s. 4; 1997-261, s. 109.)

§ 106-579.5. Adulteration.

Antifreeze shall be deemed to be adulterated:

- (1) If, in the form in which it is sold and directed to be used, it would be injurious to the cooling system in which it is installed, or if, when used in such cooling system, it would make the operation of the engine dangerous to the user.
- (2) If its strength, quality, or purity falls below the standard of strength, quality, or purity established by the Board for the particular type or composition of antifreeze product. (1949, c. 1165; 1975, c. 719, s. 5.)

§ 106-579.6. Misbranding.

Antifreeze shall be deemed to be misbranded:

- (1) If it does not bear a label which (i) specifies the identity of the product, (ii) states the name and place of business of the registrant, (iii) states the correct net quantity of contents (in terms of liquid measure) separately and accurately in a uniform location upon the principal display panel, and (iv) contains a statement warning of any hazard of substantial injury to human beings which may result from the intended use or reasonably foreseeable misuse of the antifreeze, as provided by applicable federal and State product safety laws.
- (2) If the label on a container of less than five gallons, or the labeling for a container of five gallons or more, does not contain a statement or chart showing the appropriate amount, percentage, proportion or concentration of the antifreeze to be used to provide (i) claimed protection from freezing at a specified degree or degrees of temperature, (ii) claimed protection from corrosion, or (iii) claimed increase of boiling point or protection from overheating.
- (3) If its labeling contains any claim that it has been approved or recommended by the Commissioner or the State of North Carolina.

- (4) If its labeling is false, deceptive, or misleading. (1949, c. 1165; 1975, c. 719, s. 6.)

CASE NOTES

Failure to Label Properly Constitutes Misbranding and Deceptive Practice. — The failure to label drums of antifreeze properly is statutorily deemed to be a misbranding, which is deceptive as a matter of law. *State ex rel. Edmisten v. Zim Chem. Co.*, 45 N.C. App. 604, 263 S.E.2d 849 (1980).

Defendant's failure properly to label drums of antifreeze constituted a misbranding under former § 106-571(2), and such misbranding was a deceptive practice within the meaning of § 75-1.1 as a matter of law. *State ex rel. Edmisten v. Zim Chem. Co.*, 45 N.C. App. 604, 263 S.E.2d 849 (1980).

§ 106-579.7. Rules and regulations.

(a) The Board is authorized to promulgate such reasonable rules, regulations and standards for antifreezes as are specifically authorized in this Article and such other reasonable rules and regulations as may be necessary for the efficient enforcement of this Article and the protection of the public. The Board is authorized to promulgate regulations banning the distribution in North Carolina of any type of product not suitable for antifreeze usage in modern internal combustion engines or motor vehicles, whether by reason of potential damage to the cooling system, improper heat transfer from the engine, absence of a convenient and suitable test method for measuring freeze protection, or other reason bearing upon the ultimate effect of the product when used in such automotive cooling systems. Before the issuance, amendment, or repeal of any rule, regulation or standard authorized by this Article, the Board shall publish the proposed regulation, amendment, or notice to repeal an existing regulation in a manner reasonably calculated to give interested parties, including all current registrants, adequate notice and shall afford all interested persons an opportunity to present their views thereon, orally or in writing, within a reasonable period of time. After consideration of all views presented by interested persons, the Board shall take appropriate action as dictated by the material weight of objective information presented to the Board.

(b) The Commissioner shall administer this Article by inspections, chemical analyses and other appropriate methods. The Commissioner shall also execute all orders, rules and regulations established by the Board. All authority vested in the Commissioner by virtue of the provisions of this Article may, with like force and effect, be executed by such agents of the Commissioner as he shall designate for such purpose; provided, however, that confidential formula information referred to in G.S. 106-579.11 must be confined to the files of the administrative chemist specifically designated by the Commissioner to handle such information. (1949, c. 1165; 1975, c. 719, s. 7.)

§ 106-579.8. Inspection, sampling and analysis.

The Commissioner, or his authorized agent, shall have free access at reasonable hours to all places and property in this State where antifreeze is manufactured, stored, transported, or distributed, or offered or intended to be offered, for sale, including the right to inspect and examine all antifreeze there found, and to take reasonable samples of such antifreeze for analysis together with specimens of labeling. All samples so taken shall be properly sealed and sent to the Department of Agriculture and Consumer Services laboratories for examination together with all labeling appertaining thereto. It shall be the duty of the Commissioner to examine promptly all samples received in connection with the administration and enforcement of this Article and to

report the results of such examination to the owner and registrant of the antifreeze. (1949, c. 1165; 1975, c. 179, s. 8; 1997-261, s. 109.)

§ 106-579.9. Prohibited acts.

It shall be unlawful to:

- (1) Distribute any antifreeze which is adulterated or misbranded.
- (2) Distribute any antifreeze which has been banned by the Board.
- (3) Distribute any antifreeze which has not been registered in accordance with G.S. 106-579.4 or whose labeling is different from that accepted for registration; provided, that any antifreeze declared to be discontinued by the registrant must be registered by the registrant for one full year after distribution is discontinued; provided further, that any antifreeze in channels of distribution after the aforesaid registration period may be confiscated and disposed of by the Commissioner, unless the antifreeze is acceptable for registration and is continued to be registered by the manufacturer or the person offering the antifreeze for wholesale or retail sale.
- (4) Refuse to permit entry or inspection or to permit the acquisition of a sample of antifreeze as authorized by G.S. 106-579.8.
- (5) Dispose of any antifreeze that is under "stop sale" or "withdrawal from distribution" order in accordance with G.S. 106-579.10.
- (6) Distribute any antifreeze unless it is in the registrant's or manufacturer's unbroken package or is installed by the seller into the cooling system of the purchaser's vehicle directly from the registrant's or manufacturer's package, and the label on such package if less than five gallons, or the labeling of such package if five gallons or more, does not bear the information required by G.S. 106-579.6(1), (2), (3), and (4).
- (7) Use the term "ethylene glycol" in connection with the name of a product which contains other glycols unless it is qualified by the word "base," "type," or similar word, and unless the product meets the following requirements:
 - a. It consists essentially of ethylene glycol;
 - b. If it contains suitable glycols other than ethylene glycol, that no more than a maximum of fifteen percent (15%) of such other glycols be present;
 - c. It contains a minimum total glycol content of ninety-three percent (93%) by weight;
 - d. The specific gravity is corrected to give reliable freezing-point readings on a commercial ethylene glycol type hydrometer; and
 - e. The freezing point of a fifty percent (50%) by volume aqueous mixture of the antifreeze shall not be above -34° F.
- (8) Refuse, when requested, to permit a purchaser to see the container from which antifreeze is drawn for installation into the purchaser's vehicle.
- (9) Refill any container bearing a registered label, unless by the registrant or his duly designated jobber, under regulations established by the Board.
- (10) Distribute any antifreeze for which a practical, rapid means for measuring the freeze protection by the user is not readily available, whether by hydrometer or other means.
- (11) Distribute antifreeze which is in violation of the Federal Poison Prevention Packaging Act and regulations and related federal and State product safety laws and regulations.
- (12) Distribute antifreeze in home consumer-sized packages which are constructed of either transparent or translucent packaging materials.

- (13) Disseminate any false or misleading advertisement relating to an antifreeze product. (1975, c. 719, s. 9.)

§ 106-579.10. Enforcement.

(a) When the Commissioner finds any antifreeze being distributed in violation of any of the provisions of this Article or of any of the rules and regulations duly promulgated and adopted under this Article by the Board, he may issue and enforce a written or printed “stop sale” or “withdrawal from distribution” order, warning the distributor not to dispose of any of the lot of antifreeze in any manner until written permission is given by the Commissioner or the court. Copies of such orders shall also be sent by certified mail to the registrant and to the person whose name and address appears on the labeling of the antifreeze. The Commissioner shall release for distribution the lot of antifreeze so withdrawn when said provisions of this Article and applicable rules and regulations have been complied with. If compliance is not obtained within 30 days of the date of notification to the registrant and the person whose name and address appears on the label, the Commissioner may begin proceedings for condemnation.

(b) Notwithstanding the provisions of subsection (a) of this section, any lot of antifreeze not in compliance with said provisions and regulations shall be subject to seizure upon complaint of the Commissioner to the district court in the county in which said antifreeze is located. In the event the court finds said antifreeze to be in violation of this Article and its duly adopted regulations, it may then order the condemnation of said antifreeze and the same shall be disposed of in any manner consistent with the rules and regulations of the Board and the laws of the State at the expense of the claimants thereof, under the supervision of the Commissioner; and all court costs and fees, and storage and other proper expenses, shall be taxed against the claimant of such article or his agent; provided, however, that in no instance shall the disposition of said antifreeze be ordered by the court without first giving 30 days’ notice, by certified mail at his last known address, to the owner of same, if he is known to the Commissioner, and to the registrant, if the antifreeze is registered, at the address shown on the label or on the registration certificate, so that such persons may apply to the court for the release of said antifreeze or for permission to process or relabel said antifreeze so as to bring it into compliance with this Article. When the violation can be corrected by proper labeling, processing of the product, or other action, the court, after all costs, fees and expenses incurred by the Commissioner have been paid and a good and sufficient bond, conditioned that such article shall be so corrected, has been executed, may by order direct that such article be delivered to the claimant thereof for such action as necessary to bring it into compliance with this Article and regulations under the supervision of the Commissioner. The expense of such supervision shall be paid by the claimant. Such bond shall be returned to the claimant of the article on representation to the court by the Commissioner that the antifreeze is no longer in violation of this Article, and that the expenses of such supervision have been paid.

(c) A copy of the analysis made by any chemist of the Department of Agriculture and Consumer Services of any antifreeze certified to by him shall be administered as evidence in any court of the State on trial of any issue involving the merits of antifreeze as defined and covered by this Article.

(d) When the Commissioner finds any antifreeze being distributed in violation of any of the provisions of this Article or of any of the rules and regulations duly promulgated and adopted by the Board, he may request, and the person whose name and address appears on the labeling or the person who is primarily responsible for the product must promptly supply to him, the

distribution data for such product in this State, so as to assure that violative products are not further distributed herein and that an orderly withdrawal from distribution may be attained where necessary to protect the public interest. (1949, c. 1165; 1975, c. 719, s. 10; 1997-261, s. 109.)

§ 106-579.11. Submission of formula.

When application for a license or permit to sell antifreeze in this State is made to the Commissioner, he may require the applicant to furnish a statement of the formula or contents of such antifreeze, which said statement shall conform to rules and regulations established by the Commissioner; provided, however, that the statement of formula or contents may state the content of inhibitor ingredients in generic terms if such inhibitor ingredients total less than five percent (5%) by weight of the antifreeze and if in lieu thereof the manufacturer, packer, seller or distributor furnishes the Commissioner with satisfactory evidence, other than by disclosure of the actual chemical names and percentages of the inhibitor ingredients, that the said antifreeze is in conformity with this Article and any rules and regulations promulgated and adopted by the Board. All statements of content, formulas or trade secrets furnished under this section shall be privileged and confidential and shall not be made public or open to the inspection of any person, firm, association or corporation other than the Commissioner. All such statements of contents shall not be subject to subpoena nor shall the same be exhibited or disclosed before any administrative or judicial tribunal by virtue of any order or subpoena of such tribunal unless with the consent of the applicant furnishing such statements to the Commissioner; provided, however, that in emergency situations information may be revealed to physicians or to other qualified persons for use in preparation of antidotes. The disclosure of any such information, except as provided in this section, shall be a Class 2 misdemeanor. (1949, c. 1165; 1975, c. 719, s. 11; 1993, c. 539, s. 806; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-641. Giving false information to Commissioner; hives; certificates, permits, etc.

It is unlawful to knowingly give false information to the Commissioner concerning diseased bees or bees exposed to disease, their treatment, or disposition.

The Commissioner may require that bees be kept in moveable frame hives and be maintained in an inspectable condition or in other hives where an inspection for disease or disorder can be readily made.

The Board may adopt regulations for issuance of health certificates, moving permits, and the registration of honeybees and may require marking or identification of honeybee colonies or apiaries. (1977, c. 238, s. 8.)

§ 106-642. Emergency action by Commissioner.

The Commissioner may take emergency action with respect to Board authority in the provisions of this Article if needed to protect the bee and honey industry in North Carolina. Such action shall remain in force until rescinded by the Commissioner or acted on by the Board. (1977, c. 238, s. 9.)

The Commissioner is authorized to survey or inspect premises for the presence of bees or other regulated articles, inspect colonies for bee diseases and disorders, and otherwise enforce the provisions of this Article and pursuant regulations. The Commissioner or his designated agent shall have authority to inspect vehicles or other means of transportation and their cargo suspected of carrying bees or regulated articles, and enter upon any premises to inspect any bees or regulated articles to determine the presence or absence of diseases or disorders.

Such inspections and other activities may be conducted with the permission of the owner or person in charge. If permission is denied the Commissioner or his designated agent, such inspections and other activities may be conducted in a reasonable manner, with a warrant, with respect to any premises or vehicles. Such warrant shall be issued pursuant to Article 4A of Chapter 15. A superior court or district court judge may issue confiscation orders on any bees or articles for which confiscation is authorized in this Article or pursuant regulations. (1977, c. 238, s. 10.)

(a) If anyone shall attempt to prevent inspection as provided in this Article or shall otherwise interfere with the Commissioner of Agriculture, or any of his

agents, while engaging in the performance of his duties under this Article, or shall violate any provisions of this Article or any regulation of the Board of Agriculture adopted pursuant to this Article, he shall be guilty of a Class 3 misdemeanor. Each day's violation shall constitute a separate offense.

(b) The Commissioner may assess a civil penalty of not more than ten thousand dollars (\$10,000) against a person who violates this Article or a rule adopted to implement this Article. In determining the amount of the penalty, the Commissioner shall consider the degree and extent of harm caused by the violation. No civil penalty may be assessed under this section unless the person has been given the opportunity for a hearing pursuant to the Administrative Procedure Act, Chapter 150B of the General Statutes. If not paid within 30 days after the effective date of a final decision by the Commissioner, the penalty may be collected by any lawful means for the collection of a debt.

The clear proceeds of civil penalties assessed pursuant to this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1977, c. 238, s. 11; 1991, c. 349, s. 2; 1993, c. 539, s. 809; 1994, Ex. Sess., c. 24, s. 14(c); 1998-215, s. 20.)

§ 106-659. Minimum plant food content.

Superphosphate containing less than eighteen percent (18%) available phosphate, or any mixed fertilizer in which the guarantees for the nitrogen, available phosphate, or soluble potash are in fractional percentages shall not be offered for sale, sold, or distributed in this State; provided, however, packages of 16 fluid ounces or less when in liquid form, or 16 ounces or less avoirdupois when in a dry form, may be sold in fractional percentages, but such packages are not exempt from any other requirements of this Article. (1947, c. 1086, s. 10; 1951, c. 1026, s. 7; 1973, c. 611, s. 6; 1975, c. 126; 1977, c. 303, s. 5; 1983, c. 146, s. 4; 1987, c. 292, s. 1; 1993, c. 216, s. 4.)

§ 106-660. Registration of brands; licensing of manufacturers and distributors; fluid fertilizers.

(a) Each brand of commercial fertilizer for tobacco, specialty fertilizer, fertilizer materials, manipulated manure and fortified mulch shall be registered by the person whose name appears upon the label before being offered for sale, sold or distributed in this State, except those brands expressly produced for experimental and demonstration purposes only. Other fertilizers may be manufactured and sold without registration after obtaining a license as required in G.S. 106-661(a). The application for registration shall be submitted in duplicate to the Commissioner for his approval on forms furnished by the Commissioner, and shall include a fee of five dollars (\$5.00) per brand and grade for all packages greater than five pounds. The registration fee for packages of five pounds or less shall be thirty dollars (\$30.00). All approved registrations expire on June 30 of each year. The application shall include such information as deemed necessary by the Board of Agriculture.

(b) The distributor of any brand and grade of commercial fertilizer shall not be required to register the same if it has already been registered under this Article by a person entitled to do so and such registration is then outstanding.

(c) The grade of any brand of mixed fertilizer shall not be changed during the registration period, but the guaranteed analysis may be changed in other respects and the sources of materials may be changed: Provided, prompt notification of such change is given to the Commissioner and the change is noted on the container or tag: Provided, further, that the guaranteed analysis shall not be changed if it, in any way, lowers the quality of the fertilizer: Provided, further, that if at a subsequent registration period, the registrant desires to make any change in the registration of a given brand and grade of fertilizer, said registrant shall notify the Commissioner of such change 30 days in advance of such registration. If the Commissioner, after consultation with the director of the agricultural experiment station decides that such change materially lowers the crop producing value of the fertilizer, he shall notify the registrant of his conclusions, and if the registrant registers the brand and grade with the proposed changes, then the Commissioner shall give due

publicity to said changes through the Agricultural Review or by such other means as he may deem advisable.

(d) Any person desiring to manufacture or distribute fertilizers not required to be registered shall first secure a license. Application for said license shall be made on forms provided by the Commissioner and shall be accompanied by a reasonable fee to be determined by the Board of Agriculture. The Board shall charge a maximum of one hundred dollars (\$100.00) for said license. Said license shall be renewable annually on the first day of July. Said license may be suspended, revoked or terminated for a violation of this Article or any rule promulgated thereunder.

(e) When fluid fertilizer is offered for sale or sold in this State, the method of transfer of custody shall be by weight expressed in pounds, and shall be invoiced in such a manner as to show the name of the seller, the name of the purchaser, the date of sale, the grade, and the net weight; provided, however, that fluid fertilizer may be measured in gallons of 231 cubic inches and its equivalent expressed in pounds, with a formula for converting from gallons to pounds shown on the invoice.

(f) Repealed by Session Laws 1983, c. 146, s. 2.

(g) Before any anhydrous ammonia installation that handles, stores, distributes, or applies anhydrous ammonia for fertilizer use shall be built in this State, a general layout of the installation shall be submitted in duplicate and approved by the Commissioner. In order that the layout may be approved it must conform to the minimum standards and rules and regulations, relating to safe handling, storage, distribution, or application adopted by the Board of Agriculture. All storage tanks, transfer or transport containers, applicator containers, and attached equipment for fertilizer use shall conform to the minimum standards adopted by the Board of Agriculture. It shall be the duty of a contractor, as defined in G.S. 106-657 to obtain, maintain and operate in accordance with the minimum standards and rules and regulations adopted by the Board of Agriculture, any equipment that the contractor may use in the application of anhydrous ammonia. It shall be the duty of the Commissioner to inspect and ascertain whether or not the provisions of this section are complied with. (1947, c. 1086, s. 4; 1949, c. 637, s. 1; 1951, c. 1026, ss. 3-6; 1959, c. 706, ss. 3-5; 1961, c. 66, ss. 3, 4; 1973, c. 611, ss. 1-4; 1977, c. 303, s. 6; 1981, c. 448, ss. 5, 6; 1983, c. 146, ss. 2, 3; 1987, c. 292, s. 2; 1989, c. 544, s. 5; 2001-440, s. 2.)

Effect of Amendments. — Session Laws 2001-440, s. 2, effective October 15, 2001, in subsection (g), in the first sentence, inserted the language “that handles . . . for fertilizer use” and substituted “the installation” for “such installation”; in the second sentence, substituted “the layout” for “such a layout,” and substituted

“distribution, or” for “distribution and/or”; inserted “for fertilizer use” in the third sentence; and in the next to last sentence, substituted “a contractor, as defined in G.S. 106-657” for “the contractors referred to in G.S. 106-657(4),” and substituted “any equipment that the contractor” for “any and all equipment which he.”

§ 106-661. Labeling.

(a) Any commercial fertilizer offered for sale, sold, or distributed in this State in bags, barrels, or other containers shall have placed on or affixed to the container the net weight and the data in written or printed form, required by G.S. 106-660(a), either (i) on tags to be affixed to the end of the package or (ii) directly on the package. In case the brand name appears on the package, the grade shall also appear on the package, immediately preceding the guaranteed analysis or as a part of the brand name. The size of the type of numerals indicating the grade on the containers shall not be less than two inches in height for containers of 100 pounds or more; not less than one inch for containers of 50 to 99 pounds; and not less than 1/2 inch for packages of 25 to

49 pounds. On packages of less than 25 pounds, the grade must appear in numerals at least one half as large as the letters in the brand name. In case of fertilizers sold in containers on which the brand name or other designations of the distributor do not appear, the grade must appear in a manner prescribed by the Commissioner on tags attached to the container.

(b) If transported in bulk, the net weight and the data, in written or printed form, as required by G.S. 106-660(a), shall accompany delivery and be supplied to the purchaser.

(c) If mixed fertilizer is sold or intended to be sold in bags weighing more than 100 pounds, each bag must have a tag attached thereto, of a type approved by the Commissioner, showing the grade of the fertilizer contained therein. Such tag must be attached on the end of each bag, approximately at the center of the sewed end of the bag: Provided, that in lieu of such tag the grade of the fertilizer may be printed on the end of the bag in readily legible numerals.

(d) All labels and registrations shall carry identical guarantees for each fertilizer product requiring registration. (1947, c. 1086, s. 5; 1949, c. 637, s. 2; 1955, c. 354, s. 2; 1975, c. 127; 1977, c. 303, s. 7; 1981, c. 448, s. 7; 1989, c. 770, s. 28.)

CASE NOTES

Editor's Note. — *Many of the cases cited below were decided under prior law.*

Warranty of Contents. — Manufacturers and vendors of commercial fertilizers impliedly warrant that they contain the ingredients specified on the tags placed on the bags, according to the requirements of the statute. *Swift & Co. v. Aydtlett*, 192 N.C. 330, 135 S.E. 141 (1926).

Compliance with Statute Warranted. — When plaintiffs, as manufacturers, dealers or agents, sold commercial fertilizers to defendant, they would be held to have warranted that they had complied with the statute, and that the articles delivered as commercial fertilizers were truthfully branded as required by the statute. *Swift & Co. v. Etheridge*, 190 N.C. 162, 129 S.E. 453 (1925).

Note for Purchase Price of Fertilizers Not Complying with Statute. — If the contents of the bags or packages delivered to defendant by plaintiffs were not in fact commercial fertilizers of the analysis guaranteed on each bag or package, as required, there was no consideration for the note given for the purchase price of the articles bought by defendant, and plaintiffs were not entitled to recover

on said note. *Swift & Co. v. Etheridge*, 190 N.C. 162, 129 S.E. 453 (1925).

The rule of caveat emptor, as applied at common law in the sale of articles of personal property, is not applicable to the sale of commercial fertilizers in this State. *Swift & Co. v. Etheridge*, 190 N.C. 162, 129 S.E. 453 (1925); *Swift & Co. v. Aydtlett*, 192 N.C. 330, 135 S.E. 141 (1926).

The burden of proof is upon the manufacturer to show, in an action against a purchaser for the purchase price, that the goods were at least merchantable, and that the ingredients used in their manufacture were in accordance with the specifications upon the tags placed on the bags under the requirements of the statute. *Swift & Co. v. Aydtlett*, 192 N.C. 330, 135 S.E. 141 (1926).

A waiver by the purchaser of any demand for damages on account of any deficiencies in the ingredients of fertilizers, except such as may be ascertained in the manner specified in the statute, is valid and enforceable. *Armour Fertilizer Works v. Aiken*, 175 N.C. 398, 95 S.E. 657 (1918).

§ 106-662. Sampling, inspection and testing.

(a) It shall be the duty of the Commissioner to sample, inspect, make analysis of, and test commercial fertilizers offered for sale, sold, or distributed within the State at such time and place and to such an extent as he may deem necessary to determine whether such commercial fertilizers are in compliance with the provisions of this Article. The Commissioner is authorized with permission or under court warrant to enter upon any public or private premises during regular business hours or at any time business is being

conducted therein in order to have access to commercial fertilizers subject to the provisions of this Article and the rules and regulations thereto.

(b) The methods of sampling shall be as follows:

- (1) For the purposes of analysis by the Commissioner and for comparison with the guarantee supplied to the Commissioner in accordance with G.S. 106-660 and 106-661, the Commissioner, shall take an official sample of not less than one pound from containers of commercial fertilizer. No sample shall be taken from less than five containers. Portions shall be taken from containers as shown in the following table:

5 to 10 containers	all containers
11 to 20 containers	10 containers
21 to 40 containers	15 containers
above 40 containers	20 containers

Ten cores from bulk lots or as specified by the Association of Official Analytical Chemists (A.O.A.C.).

- (2) A core sampler shall be used that removes a core from a bag or other container in a horizontal position from a corner to the diagonal corner at the other end of the package, and the cores taken shall be mixed, and if necessary, shall be reduced after thoroughly mixing, to the quantity of sample required. The composite sample taken from any lot of commercial fertilizer under the provisions of this subdivision shall be placed in a tight container and shall be forwarded to the Commissioner with proper identification marks.
- (3) The Board of Agriculture may modify the provisions of this subsection to bring them into conformity with any changes that may hereafter be made in the official methods of and recommendations for sampling commercial fertilizers which shall have been adopted by the Association of Official Analytical Chemists or by the Association of American Plant Food Control Officials. Thereafter, such methods and recommendations shall be used in all sampling done in connection with the administration of this Article in lieu of those prescribed in subdivisions (1) and (2) of this subsection.
- (4) All samples taken under the provisions of this section shall be taken from original unbroken bags or containers, the contents of which have not been damaged by exposure, water or otherwise; provided, that any commercial fertilizer offered for sale, sold or distributed in bulk may be sampled in a manner approved by the Commissioner.
- (5) The Commissioner shall refuse to analyze all samples except those taken under the provisions of this section and no sample, unless so taken, shall be admitted as evidence in the trial of any suit or action wherein there is called into question the value or composition of any lot of commercial fertilizer distributed under the provisions of this Article.
- (6) In the trial of any suit or action wherein there is called in question the value or composition of any lot of commercial fertilizer, a certificate signed by the fertilizer chemist and attested with the seal of the Department of Agriculture and Consumer Services, setting forth the analysis made by the chemist of the Department of any sample of said commercial fertilizer, drawn under the provisions of this section and analyzed by them under the provisions of the same, shall be prima facie proof that the lot of fertilizer represented by the sample was of the value and constituency shown by said analysis. And the said certificate of the chemist shall be admissible in evidence.
- (c) The methods of analysis shall be those adopted as official by the Board of Agriculture and shall conform to sound laboratory practices as evidenced by

methods prescribed by the Association of Official Analytical Chemists of the United States. In the absence of methods prescribed by the Board, the Commissioner shall prescribe the methods of analysis.

(d) The result of official analysis of any commercial fertilizer which has been found to be subject to penalty shall be forwarded by the Commissioner to the registrant at least 10 days before the report is submitted to the purchaser. If, during that period, no adequate evidence to the contrary is made available to the Commissioner, the report shall become official. Upon request the Commissioner shall furnish to the registrant a portion of any sample found subject to penalty.

(e) Any purchaser or consumer may take and have a sample of mixed fertilizer or fertilizer material analyzed for available plant food, if taken in accordance with the following rules and regulations:

- (1) At least five days before taking a sample, the purchaser or consumer shall notify the manufacturer or seller of the brand in writing, at his permanent address, of his intention to take such a sample and shall request the manufacturer or seller to designate a representative to be present when the sample is taken.
- (2) The sample shall be drawn in the presence of the manufacturer, seller, or representative designated by either party together with two disinterested adult persons; or in case the manufacturer, seller, or representative of either refuses or is unable to witness the drawing of such a sample, a sample may be drawn in the presence of three disinterested adult persons; provided, any such sample shall be taken with the same type of sampler as used by the inspector of the Department of Agriculture and Consumer Services in taking samples and shall be drawn, mixed, and divided, as directed in subdivisions (1), (2), (3), and (4) of subsection (b) of this section, except that the sample shall be divided into two parts each to consist of at least one pound. Each of these is to be placed into a separate, tight container, securely sealed, properly labeled, and one sent to the Commissioner for analysis and the other to the manufacturer. A certificate statement in a form which will be prescribed and supplied by the Commissioner must be signed by the parties taking and witnessing the taking of the sample. Such certificate is to be made and signed in duplicate and one copy sent to the Commissioner and the other to the manufacturer or seller of the brand sampled. The witnesses of the taking of any sample, as provided for in this section, shall be required to certify that such sample has been continuously under their observation from the taking of the sample up to and including the delivery of it to an express agency, a post office or to the office of the Commissioner.
- (3) Samples drawn in conformity with the requirements of this section shall have the same legal status in the courts of the State, as those drawn by the Commissioner or any official inspector appointed by him as provided for in subsection (b) of this section.
- (4) No suit for damages claimed to result from the use of any lot of mixed fertilizer or fertilizer material may be brought unless it shall be shown by an analysis of a sample taken and analyzed in accordance with the provisions of this Article, that the said lot of fertilizer as represented by a sample or samples taken in accordance with the provisions of this section does not conform to the provisions of this Article with respect to the composition of the mixed fertilizer or fertilizer material, unless it shall appear to the Commissioner that the manufacturer of the fertilizer in question has, in the manufacture of other goods offered in this State during such season, employed such ingredients as are prohibited by the provisions of this Article, or

unless it shall appear to the Commissioner that the manufacturer of such fertilizer has offered for sale during that season any kind of dishonest or fraudulent goods or unless it shall appear to the Commissioner that the manufacturer of the fertilizer in question, or a representative, agent or employee of the manufacturer, has violated any provisions of G.S. 106-663. (1947, c. 1086, s. 7; 1955, c. 354, s. 3; 1973, c. 1304, s. 1; 1977, c. 303, s. 8; 1981, c. 448, s. 8; 1997-261, ss. 68, 69.)

CASE NOTES

Editor's Note. — *Most of the cases cited below were decided under prior law.*

This section does not apply to actions for damages for breach of an express warranty of fitness of the fertilizer for the purposes for which it was warranted. *Potter v. Tyndall*, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

When a litigant alleges that his losses are the result of false statements concerning fertilizer which constitute an express warranty of fitness, he is not required to comply with the provisions of this section. *Potter v. Tyndall*, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

It is impossible for any farmer suffering damages from the breach of an express warranty of fitness to satisfy the requirements of this statute. *Potter v. Tyndall*, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

But Does Apply to Action for Breach of Implied Warranty. — An action to recover damages for breach of implied warranty is in

essence an action based on the inherent defects of the goods and is within the scope of this section. *Potter v. Tyndall*, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

Section 25-2-315 does not repeal or limit the scope of subdivision (e) (4) of this section, since § 25-2-102 provides that the Uniform Commercial Code does not "impair or repeal any statute regulating sales to ... farmers." *Potter v. Tyndall*, 22 N.C. App. 129, 205 S.E.2d 808 (1974).

Nitrogen content sample, which was obtained from a storage tank on plaintiffs' farm some time following delivery of nitrate solution, was not obtained from an approved source under the Commissioner's rule and did not comply with the manner approved by the Commissioner. *Barber v. Continental Grain Co.*, 124 N.C. App. 310, 477 S.E.2d 77 (1996).

Applied in *L. Harvey & Son Co. v. Jarman*, 76 N.C. App. 191, 333 S.E.2d 47 (1985).

§ 106-663. False or misleading statements.

It shall be unlawful to make, in any manner whatsoever, any false or misleading statement or representation with regard to any commercial fertilizer offered for sale, sold, or distributed in this State, or to use any misleading or deceptive trademark or brand name in connection therewith. The Commissioner is authorized to refuse, suspend, revoke or terminate the license of any manufacturer or to refuse, suspend, revoke or terminate the registration of such commercial fertilizer for any violations of this section. (1947, c. 1086, s. 12; 1977, c. 303, s. 9; 1981, c. 448, s. 9.)

§ 106-664. Determination and publication of commercial values.

For the purpose of determining the commercial values to be applied under the provisions of G.S. 106-665, the Commissioner shall determine and publish annually the values per pound of nitrogen, available phosphate, and soluble potash in commercial fertilizers in this State. The values so determined and published shall be used in determining and assessing penalties. (1947, c. 1086, s. 9; 1977, c. 303, s. 10; 1993, c. 216, s. 5.)

§ 106-665. Plant food deficiency.

(a) The Commissioner, in determining for administrative purposes, whether any commercial fertilizer is deficient in plant food, shall be guided solely by the

official sample as defined in subdivision (15) of G.S. 106-657, and as provided for in subsections (b), (c), and (d) of G.S. 106-662.

(b) If the analysis shall show that any commercial fertilizer falls short of the guaranteed analysis in any ingredient, a penalty shall be assessed in accordance with the following provisions:

- (1) For total nitrogen, available phosphate, or available potash: A penalty of three times the value of the deficiency if the deficiency is in excess of the following investigational allowances.

<i>Guarantee Percentage</i>	<i>Total Nitrogen</i>	<i>Available Phosphoric Acid</i>	<i>Soluble Potash Percentage</i>
4 or less	0.49	0.67	0.41
5	0.51	0.67	0.43
6	0.52	0.67	0.47
7	0.54	0.68	0.53
8	0.55	0.68	0.60
9	0.57	0.68	0.65
10	0.58	0.69	0.70
12	0.61	0.69	0.79
14	0.63	0.70	0.87
16	0.67	0.70	0.94
18	0.70	0.71	1.01
20	0.73	0.72	1.08
22	0.75	0.72	1.15
24	0.78	0.73	1.21
26	0.81	0.73	1.27
28	0.83	0.74	1.33
30	0.86	0.75	1.39
32 or more	0.88	0.76	1.44

Provided that when the found relative value of a sample is equal to or exceeds the guaranteed relative value, an overage in primary nutrients may compensate for a deficiency in another primary nutrient up to 10% of the guarantee of the deficient nutrient, not to exceed two units. No compensation shall be allowed toward a deficiency if the overage does not compensate for the entire amount of the deficiency or if the deficiency exceeds 10% of the guarantee or the deficiency exceeds two units. If more than one primary nutrient is in penalty status, no compensation shall be allowed.

- (2) Should the basicity or acidity as equivalent of calcium carbonate of any sample of fertilizer be found upon analysis to differ more than five percent (5%) (or 100 pounds of calcium carbonate equivalent per ton) from the guarantee, a penalty of fifty cents (50¢) per ton for each 50 pounds calcium carbonate equivalent, or fraction thereof in excess of the 100 pounds allowed, shall be assessed and paid as is prescribed in subsection (c) of this section.
- (3) Chlorine: If the chlorine content of any lot of fertilizer branded for tobacco shall exceed the maximum amount guaranteed by more than 0.5 of one percent, a penalty shall be assessed equal to ten percent (10%) of the value of the fertilizer for each additional 0.5 of one percent of excess or fraction thereof.
- (4) Water insoluble nitrogen: A penalty of three times the value of the deficiency shall be assessed, if such deficiency is in excess of 0.15 of one percent on goods guaranteed up to and including five-tenths

percent; 0.20 of one percent on goods guaranteed from five-tenths percent to one percent; 0.30 of one percent on goods guaranteed from one percent to two percent; 0.50 of one percent on goods guaranteed above two percent and up to and including five percent; and 1.00 percent on goods guaranteed over five percent.

- (5) Nitrate nitrogen: A penalty of three times the value of the deficiency shall be assessed if the deficiency shall exceed 0.20 of one percent for goods guaranteed up to and including five-tenths percent; 0.25 of one percent for goods guaranteed from five-tenths to one percent; 0.30 of one percent for goods guaranteed from one to two percent; and 0.35 of one percent for goods guaranteed above two percent up to four percent. Tolerances for goods guaranteed above four percent shall be the same as for total nitrogen.
- (6) Total magnesium: If the magnesium content is as much as 0.2 unit plus 5 percent of the guarantee below the minimum amount guaranteed, a penalty of one dollar (\$1.00) per ton shall be assessed for each 0.15 of one percent additional deficiency or fraction thereof.
- (7) Total calcium: If the calcium content is as much as 0.2 unit plus 5 percent of the guarantee below the minimum amount guaranteed, a penalty of one dollar (\$1.00) per ton shall be assessed for each 0.35 of one percent additional deficiency or fraction thereof.
- (8) Sulfur: If the sulfur content is as much as 0.2 unit plus 5 percent of the guarantee below the minimum amount guaranteed in the case of all mixed fertilizers, including mixed fertilizers branded for tobacco, a penalty of one dollar (\$1.00) per ton for each 0.50 of one percent additional excess or fraction thereof, shall be assessed.
- (9) Deficiencies or excesses in any other constituent or constituents covered under subdivisions (6) and (7), subsection (a), G.S. 106-660 which the registrant is required to or may guarantee shall be evaluated by the Commissioner and penalties therefor shall be prescribed by the Commissioner in fertilizer regulations.
- (10) For micro-nutrients as are not specifically covered in this Article, a tolerance of twenty-five percent (25%) of the guarantee will be allowed for each element, not to exceed 1/2 unit (.5%) on guarantees up to 15 units or percent and not to exceed one unit (1%) on guarantees above 15 units or percent.

(c) All penalties assessed under this section shall be paid to the consumer of the lot of fertilizer represented by the sample analyzed within three months from the date of notice by the Commissioner to the distributor, receipts taken therefor, and promptly forwarded to the Commissioner; provided, that in no case shall the total assessed penalties exceed the commercial value of the goods to which it applies. If said consumer cannot be found, the clear proceeds of the penalty assessed shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. Such sums as shall be found to be payable to consumers on lots of fertilizer against which said penalties were assessed shall not be subject to claim by the consumer after 12 months from the date of assessment. (1947, c. 1086, s. 8; 1955, c. 354, s. 4; 1977, c. 303, s. 11; 1983, c. 146, s. 5; 1993, c. 216, s. 6; 1997-261, s. 109; 1998-215, s. 21.)

§ 106-666. "Stop sale," etc., orders.

(a) When the Commissioner finds that a lot of commercial fertilizer is being offered or exposed for sale in violation of any of the provisions of this Article, the Commissioner shall issue and enforce a written or printed "stop sale, use, or removal" order to the owner or custodian of any lot of commercial fertilizer and shall cause the fertilizer to be held at a designated place until (i) the law

has been complied with and the commercial fertilizer is released in writing by the Commissioner or (ii) the violation has been otherwise legally disposed of by written authority. The Commissioner shall release the commercial fertilizer so withdrawn when the requirements of the provisions of this Article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal.

(b) If any manufacturer, dealer, or agent fails to pay a penalty owed on commercial fertilizer within 90 days after notice of assessment by the Commissioner, the Commissioner may issue and enforce a written or printed "stop sale, use, or removal" order to that manufacturer, dealer, or agent and shall cause any commercial fertilizer distributed and offered by that manufacturer, dealer, or agent for sale in the State to be held until (i) the penalties are paid in full and the commercial fertilizer is released in writing by the Commissioner or (ii) the penalties have been otherwise legally disposed of by written authority. The Commissioner shall release the commercial fertilizer so withdrawn when the requirements of the provisions of this Article have been complied with and upon payment of all costs and expenses incurred in connection with the withdrawal. (1947, c. 1086, s. 18; 1955, c. 354, s. 5; 1977, c. 303, s. 12; 1993, c. 216, s. 1.)

§ 106-667. Seizure, condemnation and sale.

Any lot of commercial fertilizer not in compliance with the provisions of this Article shall be subject to seizure on complaint of the Commissioner to a court of competent jurisdiction in the area in which said commercial fertilizer is located. In the event the court finds the said commercial fertilizer to be in violation of this Article and orders the condemnation of said commercial fertilizer, it shall be disposed of in any manner consistent with the quality of the commercial fertilizer and the laws of the State; provided, that in no instance shall the disposition of said commercial fertilizer be ordered by the court without first giving the claimant an opportunity to apply to the court for the release of said commercial fertilizer or for permission to process or relabel said commercial fertilizer to bring it into compliance with this Article. (1947, c. 1086, s. 19; 1977, c. 303, s. 13.)

§ 106-668. Punishment for violations.

Each of the following offenses shall be a Class 1 misdemeanor and any person upon conviction thereof shall be punished as provided by law for the punishment of Class 1 misdemeanors:

- (1) To manufacture, offer for sale, or sell in this State any mixed fertilizer or fertilizer materials containing any substance that is injurious to crop growth or deleterious to the soil, or to use in such mixed fertilizer or fertilizer materials as a filler any substance with the effect of defrauding the purchaser.
- (2) To offer for sale or to sell in this State for fertilizer purposes any raw or untreated leather, hair, wool waste, hoof, horn, rubber or similar nitrogenous materials, the plant food content of which is largely unavailable, either as such or mixed with other fertilizer materials.
- (3) To make any false or misleading representation in regard to any mixed fertilizer or fertilizer material shipped, sold or offered for sale by him in this State, or to use any misleading or deceptive trademark or brand in connection therewith. The sale or offer for sale of any mixture of nitrogenous fertilizer materials under a name or other designation descriptive of only one of the components of the mixture shall be considered deceptive and fraudulent.

The Commissioner is authorized to refuse registration for any commercial fertilizer with respect to which this section is violated.

- (4) The filing with the Commissioner of any false statement of fact in connection with the registration under G.S. 106-660 of any commercial fertilizer.
- (5) Forcibly obstructing the Commissioner or any official inspector authorized by the Commissioner in the lawful performance by him of his duties in the administration of this Article.
- (6) Knowingly taking a false sample of commercial fertilizer for use under provisions of this Article; or knowingly submitting to the Commissioner for analysis a false sample thereof; or making to any person any false representation with regard to any commercial fertilizer sold or offered for sale in this State for the purpose of deceiving or defrauding such other person.
- (7) The fraudulent tampering with any lot of commercial fertilizer so that as a result thereof any sample of such commercial fertilizer taken and submitted for analysis under this Article may not correctly represent the lot; or tampering with any sample taken or submitted for analysis under this Article, if done prior to such analysis and disposition of the sample under the direction of the Commissioner.
- (8) The delivery to any person by the fertilizer chemist or his assistants or other employees of the Commissioner of a report that is willfully false and misleading on any analysis of commercial fertilizer made by the Department in connection with the administration of this Article.
- (9) Selling or offering for sale in this State commercial fertilizer without marking the same as required by G.S. 106-661.
- (10) Selling or offering for sale in this State commercial fertilizer containing less than the minimum content required by G.S. 106-659.
- (11) Failure of any manufacturer, importer, jobber, agent, or dealer to have applied for and to have been issued a permit as required by G.S. 106-671 before selling, offering, or exposing for sale or distributing commercial fertilizers in this State.
- (12) Failure of any manufacturer or contractor to procure a license under the provisions of G.S. 106-660(d) before beginning operations within the State. (1947, c. 1086, s. 20; 1959, c. 706, ss. 10, 11; 1977, c. 303, s. 14; 1993, c. 539, s. 810; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 106-669. Effect of violations on license and registration.

The Commissioner is authorized to suspend, revoke or terminate the license of any manufacturer or to refuse, suspend, revoke or terminate the registration of any commercial fertilizer upon proof that the manufacturer has been guilty of fraudulent or deceptive practices, or in the evasion or attempted evasion of this Article or any rule promulgated thereunder. (1947, c. 1086, s. 17; 1977, c. 303, s. 15; 1981, c. 448, s. 10.)

§ 106-670. Appeals from assessments and orders of Commissioner.

§ 106-671. Inspection fees; reporting system.

(a) For the purpose of defraying expenses on the inspection and of otherwise determining the value of commercial fertilizers in this State, there shall be

paid to the Department of Agriculture and Consumer Services a charge of twenty-five cents (25¢) per ton on all commercial fertilizers other than packages of five pounds or less. Inspection fees shall be paid on all tonnage distributed into North Carolina to any person not having a valid reporting permit. On individual packages of five pounds or less there shall be paid in lieu of the tonnage fee an annual registration fee of twenty-five dollars (\$25.00) for each brand offered for sale, sold, or distributed; provided that any per annum (fiscal) tonnage of any brand sold in excess of one hundred tons may be subject to the charge of twenty-five cents (25¢) per ton on any amount in excess of one hundred tons as provided herein. Whenever any manufacturer of commercial fertilizer shall have paid the charges required by this section his goods shall not be liable to further tax, whether by city, town, or county; provided, this shall not exempt the commercial fertilizers from an ad valorem tax.

(b) Reporting System. — Each manufacturer, importer, jobber, firm, corporation or person who distributes commercial fertilizers in this State shall make application to the Commissioner for a permit to report the tonnage of commercial fertilizer sold and shall pay to the North Carolina Department of Agriculture and Consumer Services an inspection fee of twenty-five cents (25¢) per ton. The Commissioner is authorized to require each such distributor to keep such records as may be necessary to indicate accurately the tonnage of commercial fertilizers sold in the State, and as are satisfactory to the Commissioner. Such records shall be available to the Commissioner, or his duly authorized representative, at any and all reasonable hours for the purpose of making such examination as is necessary to verify the tonnage statement and the inspection fees paid. Each registrant shall report monthly the tonnage sold to non-registrants on forms furnished by the Commissioner. Such reports shall be made and inspection fees shall be due and payable monthly on the fifteenth of each month covering the tonnage and kind of commercial fertilizers sold during the past month. If the report is not filed and the inspection fee paid by the last day of the month it is due, the amount due shall bear a penalty of ten percent (10%), which shall be added to the inspection fee due. If the report is not filed and the inspection fee paid within 60 days of the date due, or if the report or tonnage be false, the Commissioner may revoke the permit. (1947, c. 1086, s. 6; 1949, c. 637, s. 3; 1959, c. 706, ss. 6, 7; 1973, c. 611, s. 5; 1977, c. 303, s. 17; 1991, c. 98, s. 2; 1997-261, s. 109.)

CASE NOTES

Editor's Note. — *Many of the cases cited below were decided under prior law.*

Action to Secure Tax Wrongfully Collected. — The Board of Agriculture is a department of the state government, and an action against it to recover money alleged to have been wrongfully collected by it as a license tax cannot be maintained, the State not having given its consent to be sued in that respect. *Lord &*

Polk Chem. Co. v. Board of Agric., 111 N.C. 135, 15 S.E. 1032 (1892).

Property Tax. — The statute will not be so construed as to relieve manufacturers of fertilizers or fertilizing material, paying this inspection tax, from the payment of property tax required by the Constitution. *Pocomoke Guano Co. v. Biddle*, 158 N.C. 212, 73 S.E. 996 (1912).

§ 106-672. Declaration of policy.

The General Assembly hereby finds and declares that it is in the public interest that the State regulate the activities of those persons engaged in the business of preparing, mixing, or manufacturing commercial fertilizers, in order to insure the manufacturer, distributor and consumer of the correct quantity and quality of all commercial fertilizer sold or offered for sale in this State. It shall therefore be the policy of this State to regulate the activities of

those persons engaged in the business of preparing, mixing or manufacturing commercial fertilizer. (1977, c. 303, s. 18.)

- (14) The labeling and bag requirements of fertilizer- landplaster-pesticide mixtures;
- (15) The standards and requirements which must be met before fertilizer-pesticide mixtures may be registered in this State. These requirements may include, but are not limited to, approval in North Carolina of both the pesticide and the fertilizer grades, approval of the mixture by the Board of Agriculture, and any labeling requirements;
- (16) The standards and requirements which must be complied with before fertilizers-pesticides may, without registering the mixture, be mixed for direct application at the farmer's request;
- (17) Requests for mixing any pesticide with fertilizer, for products not previously approved by the Board of Agriculture;
- (18) Packaging requirements for fertilizer-pesticide mixtures sold either in bulk or in bags, such that dusting, spillage, sifting, or a loss of any fertilizer-pesticide mixture will not occur;

- (19) The percentages of nitrogen required to be in nitrogen solutions, before such solutions may be registered and sold in this State;
- (20) The labeling of fertilizer products to ascertain their compliance to the Fertilizer or Lime and Landplaster Law;

§ 106-674. Short weight.

If any commercial fertilizer in the possession of the consumer is found by the Commissioner to be short in weight, the registrant of said commercial fertilizer shall within 30 days after official notice from the Commissioner pay to the consumer a penalty equal to four times the value of the actual shortage. The Commissioner may in his discretion allow reasonable tolerance for short weight due to loss through handling and transporting. (1947, c. 1086, s. 16; 1977, c. 303, s. 20.)

§ 106-675. Publication of information concerning fertilizers.

The Commissioner shall publish at least annually, in such forms as he may deem proper, complete information concerning the sales of commercial fertilizers, together with a report of the results of the analyses based on official samples of commercial fertilizers sold or offered for sale within the State; such data on their production and use as he may consider advisable; provided, however, that the information concerning production and use of commercial fertilizers shall be shown separately for periods July first to December thirty-first and January first to June thirtieth of each year, and that no disclosure shall be made of the operations of any person. (1947, c. 1086, s. 14; 1959, c. 706, s. 9; 1977, c. 303, s. 21.)

§ 106-676. Sales or exchanges between manufacturers, etc.

Nothing in this Article shall be construed to restrict or avoid sales or exchanges of commercial fertilizers to each other by importers or manufacturers who mix fertilizer materials for sale or as preventing the free and unrestricted shipments of commercial fertilizers to manufacturers who have

registered their brands as required by the provisions of this Article. (1947, c. 1086, s. 21; 1977, c. 303, s. 22.)

§ 106-677. Grade-tonnage reports.

Each person registering commercial fertilizers under this Article shall furnish the Commissioner with a written statement of the tonnage of each grade of fertilizer sold by him in this State. This information shall be held in confidence by the Commissioner. Said statement shall include all sales for the periods of July first to and including December thirty-first and of January first to and including June thirtieth of each year. The Commissioner may suspend, revoke or terminate the registration of said commercial fertilizer and suspend, revoke or terminate the license of any person failing to comply with this section within 30 days of the close of each period. All information published by the Department of Agriculture and Consumer Services pursuant to this section shall be classified so as to prevent the identification of information received from individual registrants. §§ 106-678 through 106-699: Reserved for future codification purposes.

ARTICLE 57.

Nuisance Liability of Agricultural and Forestry Operations.

§ 106-700. Legislative determination and declaration of policy.

It is the declared policy of the State to conserve and protect and encourage the development and improvement of its agricultural land and forestland for the production of food, fiber, and other products. When other land uses extend into agricultural and forest areas, agricultural and forestry operations often become the subject of nuisance suits. As a result, agricultural and forestry operations are sometimes forced to cease. Many others are discouraged from making investments in farm and forest improvements. It is the purpose of this Article to reduce the loss to the State of its agricultural and forestry resources by limiting the circumstances under which an agricultural or forestry operation may be deemed to be a nuisance. § 106-701. When agricultural and forestry operation, etc., not constituted nuisance by changed conditions in locality.

(a) No agricultural or forestry operation or any of its appurtenances shall be or become a nuisance, private or public, by any changed conditions in or about the locality thereof after the same has been in operation for more than one year, when such operation was not a nuisance at the time the operation began; provided, that the provisions of this subsection shall not apply whenever a nuisance results from the negligent or improper operation of any such agricultural or forestry operation or its appurtenances.

(b) For the purposes of this Article, "agricultural operation" includes, without limitation, any facility for the production for commercial purposes of crops, livestock, poultry, livestock products, or poultry products.

(b1) For the purposes of this Article, "forestry operation" shall mean those activities involved in the growing, managing, and harvesting of trees, but not sawmill operations.

(c) The provisions of subsection (a) shall not affect or defeat the right of any person, firm, or corporation to recover damages for any injuries or damages sustained by him on account of any pollution of, or change in condition of, the waters of any stream or on the account of any overflow of lands of any such person, firm, or corporation.

(d) Any and all ordinances of any unit of local government now in effect or hereafter adopted that would make the operation of any such agricultural or forestry operation or its appurtenances a nuisance or providing for abatement thereof as a nuisance in the circumstance set forth in this section are and shall be null and void; provided, however, that the provisions of this subsection shall not apply whenever a nuisance results from the negligent or improper operation of any such agricultural or forestry operation or any of its appurtenances. Provided further, that the provisions shall not apply whenever a nuisance results from an agricultural or forestry operation located within the corporate limits of any city at the time of enactment hereof.

(e) This section shall not be construed to invalidate any contracts heretofore made but insofar as contracts are concerned, it is only applicable to contracts and agreements to be made in the future. (1979, c. 202, s. 1; 1991 (Reg. Sess., 1992), c. 892, s. 1.)

CASE NOTES

Nuisance Claim Not Barred by Federal Law. — Compliance with the provisions of the Federal Watershed Protection and Flood Prevention Act (16 U.S.C. § 1001, et seq.) would not serve as a bar to a plaintiff's nuisance claim by virtue of the Supremacy Clause of the United States Constitution. This act does not specifically preempt or conflict with state law and therefore has no effect on plaintiff's common law right to bring a nuisance claim. *Durham v. Britt*, 117 N.C. App. 250, 451 S.E.2d 1 (1994).

Fundamental Changes in Activity. — The

legislature intended this section to cover any agricultural operation, without limitation, when the operation was initially begun, but did not intend it to cover situations in which a party fundamentally changes the nature of the agricultural activity which had theretofore been covered under the statute. *Durham v. Britt*, 117 N.C. App. 250, 451 S.E.2d 1 (1994).

Turkey Production Changed to Hog Production. — The change in the nature of the agricultural use of land from the operation of turkey houses to the operation of a hog production facility was not included in this section so

as to continue to be considered as not constituting a nuisance. *Durham v. Britt*, 117 N.C. App. 250, 451 S.E.2d 1 (1994).

Applied in *Mayes v. Tabor*, 77 N.C. App. 197, 334 S.E.2d 489 (1985).

The Board may prescribe standards under which commercially reared fish may be transported, possessed, bought, and sold. The Department and Board of Agriculture authority shall be limited to commercially reared fish and shall not include authority over the wild fishery resource which is managed under the authority of the North Carolina Wildlife Resources Commission. The authority granted herein to regulate facilities licensed pursuant to this section does not authorize the Department of Agriculture or the Board of Agriculture to promulgate rules that (i) are inconsistent with rules adopted by any other State agency; or (ii) exempt such facilities from the rules adopted by any other State agency.

(b) Species subject to this section. The following species are exempt from special restrictions on introduction of exotic species promulgated by the Wildlife Resources Commission except to prevent disease. All other species are prohibited from propagation and production unless the applicant for the permit first obtains written permission from the Wildlife Resources Commission.

(c) Exceptions for Species Not Listed. — The following fish species that are not listed in subsection (b) of this section may be produced and sold as if they were listed in that subsection with the following restrictions:

- (1) Hybrid striped bass. — Production, propagation, and holding facilities in the Neuse, Roanoke, or Tar/Pamlico River basins for the hybrid striped bass shall comply with additional escapement prevention measures prescribed by the Wildlife Resources Commission.
- (2) Yellow perch. — A letter of approval from the Wildlife Resources Commission is required before the yellow perch, *perca flavescens*, may be raised at a facility located west of Interstate Highway 77.

(d) Aquaculture Propagation and Production Facility License. The Board of Agriculture may, by rule, authorize and license the operation of fish hatcheries and production facilities for species of fish listed in subsection (b) of this section. The Board may prescribe standards of operation, qualifications of operators, and the conditions under which fish may be commercially reared, transported, possessed, bought, and sold. Aquaculture Propagation and Production Licenses issued by the Department shall be valid for a period of five years.

(e) Commercial Catchout Facility License.

- (1) Commercial catchout facilities must be stocked exclusively with hatchery reared fish obtained from hatcheries approved by the Department to prevent the introduction of diseases. The Board of Agriculture may, by rule, prescribe standards of operation and conditions under which fish from such ponds may be taken, transported, possessed, bought, and sold.
- (2) The Commercial Catchout Facility License shall be valid for a period of five years. A pond owner or operator licensed under this subsection shall be authorized to sell fish taken by fishermen from the pond to such fishermen. Fish sold at such facilities shall be limited to those fish covered under this section.
- (3) The holder of the Catchout Facility License shall provide receipts to the purchasers of fish. The receipt shall describe the species, number, total weight, and the location of the catchout facility.

- (5) No fishing, special trout, or other license shall be required of anglers fishing in licensed commercial catchout facilities.

(f) Holding Pond/Tank Permit. All facilities holding live food or bait species for sale must obtain a Holding Pond/Tank Permit. Permits shall be valid for a period of two years and shall only authorize possession of fish specified in this section. All fish held live for sale shall be kept in accordance with rules promulgated by the Board of Agriculture. Possession of an Aquaculture Propagation and Production Facility or Commercial Catchout Facility License shall serve in lieu of a Holding Pond/Tank Permit for possession both on and off their facilities premises. No permit shall be required for holding lobsters for sale.

(g) Possession of species other than those listed in subsection (b) of this section or as authorized in writing by the Wildlife Resources Commission shall be a violation which shall result in the revocation of the Aquaculture Propagation and Production Facility or Commercial Catchout Facility License until such time that proper authorization is received from the Wildlife Resources Commission or the unauthorized species is removed from the facility. In the event of possession of unauthorized fish species, the Wildlife Resources Commission may take further regulatory action. The Department and the Wildlife Resources Commission shall have authority to enter the premises of such facilities to inspect for the possession of a species other than those authorized in subsection (b) of this section or authorized by written permission of the Wildlife Resources Commission.

(h) Nothing in this act shall apply to the aquarium or ornamental trade in fish. The Wildlife Resources Commission may by rule identify species for which possession in the State is prohibited. (1993, c. 18, s. 2; 1997-198, s. 1; 1997-261, ss. 73-76.)

§ 106-762. Fish disease management.

(a) The North Carolina Department of Agriculture and Consumer Services shall, with the assistance of the Wildlife Resources Commission, develop and implement a fish disease management plan to prevent the introduction of fish diseases through aquaculture facilities subject to the provisions and duly adopted rules of this section into the State.

(b) Release of fish. It shall be unlawful to willfully release domestically raised fish into the waters of the State, other than in private ponds as defined by G.S. 113-129, without written permission of the Wildlife Resources Commission, or the Division of Marine Fisheries of the Department of Environment

and Natural Resources. (1993, c. 18, s. 2; 1997-261, s. 77; 1997-443, s. 11A.119(a).)

§ 106-763. Fish passage and residual stream flow.

(a) Natural watercourses as designated by law or regulation shall not be blocked with a stand, dam, weir, hedge, or other water diversion structure to supply an aquaculture facility that in any way prevents or fails to maintain the free passage of anadromous or indigenous fish.

(b) Residual flow in a natural watercourse below the point of water withdrawal supplying an aquaculture operation shall be sufficient to prevent destruction or serious diminution of downstream fishery habitat and shall be consistent with rules adopted by the Environmental Management Commission. (1993, c. 18, s. 2.)

§ 106-763.1. Propagation and production of American alligators.

(a) License Required. — A person who intends to raise American alligators commercially must first obtain an Aquaculture Propagation and Production Facility License from the Department. The Board of Agriculture may regulate a facility that raises American alligators to the same extent that it can regulate any other facility licensed under this Article.

(b) Requirements. — A facility that raises American alligators commercially must comply with all of the following requirements:

- (1) Before a facility begins operation, it must prepare and implement a confinement plan. After a facility begins operation, it must adhere to the confinement plan. A confinement plan must comply with guidelines developed and adopted by the Wildlife Resources Commission. The Department may inspect a facility to determine if the facility is complying with the confinement plan. As used in this subdivision, “confinement” includes production within a building or similar structure and a perimeter fence.
- (2) A facility can possess only hatchlings that have been permanently tagged and have an export permit from their state of origin. The facility must keep records of all hatchlings it receives and must make these records available for inspection by the Wildlife Resources Commission and the Department upon request.
- (3) If the facility uses swine, poultry, or other livestock for feed, it must have a disease management plan that has been approved by the State Veterinarian, and it must comply with the plan.
- (4) The activities of the facility must comply with the Endangered Species Act and the Convention on International Trade in Endangered Species. The Department is the State agency responsible for the administration of this program for farm-raised alligators.

(c) Sanctions. — The operator of a facility that possesses an untagged or undocumented alligator commits a Class H felony if the operator knows the alligator is untagged or undocumented. Conviction of an operator of a facility under this section revokes the license of the facility for five years beginning on the date of the conviction. An operator convicted under this section may not be the operator of any other facility required to be licensed under this Article for five years beginning on the date of the conviction. (1997-198, s. 2.)

§ 106-764. Violation.

A person who violates this act or a rule of the Board of Agriculture adopted hereunder is guilty of a Class 3 misdemeanor. (1993, c. 18, s. 2; 1994, Ex. Sess., c. 14, s. 56.)

*Strawberry Assessment Act.***§ 106-781. Title.**

This Article shall be known as the "Strawberry Assessment Act." (1989 (Reg. Sess., 1990), c. 1027, s. 1.)

§ 106-782. Findings and purpose.

The General Assembly hereby finds that strawberry production makes an important contribution to the State's economy; and that it is appropriate for the State to provide a means whereby strawberry producers may voluntarily assess themselves in order to provide funds for strawberry research and marketing. (1989 (Reg. Sess., 1990), c. 1027, s. 1.)

§ 106-783. Definitions.

As used in this Article:

- (1) "Association" means the North Carolina Strawberry Association, Inc.
- (2) "Commercial production" means the production of strawberries for sale.
- (3) "Department" means the North Carolina Department of Agriculture and Consumer Services.
- (4) "Strawberry plant seller" means a person who sells strawberry plants to growers for commercial production of strawberries. (1989 (Reg. Sess., 1990), c. 1027, s. 1; 1997-261, s. 78; 1997-371, s. 2.)

§ 106-784. Referendum.

(a) At any time after the effective date of this Article, the Association may conduct a referendum among strawberry producers upon the question of whether an assessment shall be levied as provided for herein.

(b) The Association shall determine:

- (1) The amount of the proposed assessment;
- (2) The period for which the assessment shall be levied, not to exceed three years;
- (3) The time and place of the referendum;
- (4) Procedures for conducting the referendum and counting of votes; and
- (5) Any other matters pertaining to the referendum.

(c) The amount of the proposed assessment and the method of collection shall be set forth on the ballot; provided that no annual assessment shall

exceed five percent (5%) of the value of the previous year's strawberry plant sales.

(d) All persons engaged in the commercial production of strawberries, including owners of farms, tenants and sharecroppers shall be eligible to vote in the referendum. Any questions concerning eligibility to vote shall be resolved by the Board of Directors of the Association. (1989 (Reg. Sess., 1990), c. 1027, s. 1.)

§ 106-785. Two-thirds vote required; collection of assessment; penalties; audits.

(a) The assessment shall not be collected unless at least two-thirds of the votes cast in the referendum are in favor of the assessment. If at least two-thirds of the votes cast in the referendum are in favor of the assessment, then the Department shall notify all strawberry plant sellers of the assessment. The assessment shall be added by the strawberry plant sellers to the price of all strawberry plants sold for commercial planting in North Carolina. The Department shall provide forms to the strawberry plant sellers for reporting the assessment. All strawberry plant sellers shall provide each purchaser of strawberry plants for commercial production with an invoice that sets forth the amount of the assessment on the purchase covered by the invoice. Persons who purchase strawberry plants for commercial production on which the assessment has not been collected by the seller shall report such purchases and pay the assessment to the Department.

(b) Each strawberry plant seller shall remit to the Department no later than the tenth day following the end of each calendar quarter the assessment on strawberry plants sold during that quarter. Any strawberry plant seller who fails to remit the assessment for the previous year's sales by January 10 shall pay a penalty of five percent (5%) of the unpaid assessment plus a penalty of one percent (1%) of the unpaid assessment for each month after January 10 that the assessment remains unpaid.

(c) The Association may conduct inspections or audits of the books of any strawberry plant seller. If the inspection or audit reveals that a strawberry plant seller has willfully failed to remit assessments when due, the seller shall pay the Association the reasonable costs of the inspection or audit.

(d) The Association may bring an action to collect unpaid assessments, penalties, and reasonable costs of any inspection or audit as provided in subsection (c) of this section, against any strawberry plant seller who fails to pay the assessment, penalties, or costs. If successful, the Association shall also recover the cost of such action, including attorneys' fees. (1989 (Reg. Sess., 1990), c. 1027, s. 1; 1997-371, s. 3.)

§ 106-786. Use of funds; refunds.

The Department shall remit all funds collected under this Article to the Association at least monthly.

The Association shall use such funds for research and marketing related to strawberries including such administrative expenses as may be reasonably necessary to carry out this function. A funding committee composed of seven members of the Association appointed by the Commissioner of Agriculture, shall approve all expenditures of such funds. Funding committee members may be reimbursed for necessary expenses as determined by the Association's Board of Directors.

Any person who has purchased strawberry plants upon which the assessment has been paid shall have the right to receive a refund of the assessment by making demand in writing to the Association within 30 days of purchase of

the plants. Such demand must be accompanied by proof of purchase satisfactory to the funding committee. (1989 (Reg. Sess., 1990), c. 1027, s. 1.)

ARTICLE 66.

Pork Promotion Assessment Act.

§ 106-790. Title.

This Article shall be known as the “Pork Promotion Assessment Act.” (1991, c. 605, s. 1.)

§ 106-791. Purpose.

It is in the public interest for the State to enable producers of porcine animals to assess themselves in order to raise funds to promote the interests of the pork industry. (1991, c. 605, s. 1.)

§ 106-792. Definitions.

The following definitions apply in this Article:

- (1) Association. — The North Carolina Pork Producers Association, Inc., a North Carolina nonprofit corporation.
- (2) Buyer. — Any person engaged as (i) a commission merchant, (ii) an auction market, or (iii) a livestock market in the business of receiving porcine animals for sale on commission for or on behalf of a pork producer.
- (3) Department. — The North Carolina Department of Agriculture and Consumer Services.
- (4) Market. — To sell, slaughter for sale, or otherwise dispose of a porcine animal in commerce.
- (5) Person. — An individual, a partnership, a firm, or a corporation.
- (6) Porcine animal. — Swine raised for seed stock, market hogs, or slaughter.

§ 106-793. Referendum.

(a) The Association may conduct among pork producers a referendum upon the question of whether an assessment shall be levied on porcine animals sold in this State.

(b) The Association shall determine:

- (1) The amount of the proposed assessment.
- (2) The time and place of the referendum.
- (3) Procedures for conducting the referendum and counting of votes.
- (4) Any other matters pertaining to the referendum.

(c) The amount of the proposed assessment shall be stated on the referendum ballot. The amount may not exceed five cents (5¢) for each porcine animal sold in this State. If the assessment is approved in the referendum, the

Association may set the assessment at an amount equal to or less than the amount stated on the ballot. If the Association sets a lower amount than the amount approved by referendum, it may increase the amount annually without a referendum by no more than one cent (1¢) for each porcine animal. The increased rate may not exceed the amount approved by referendum and may not exceed the maximum allowable rate of five cents (5¢) for each porcine animal.

(d) All pork producers may vote in the referendum. Any dispute over eligibility to vote or any other matter relating to the referendum shall be determined by the Association. The Association shall make reasonable efforts to provide pork producers with notice of the referendum and an opportunity to vote. (1991, c. 605, s. 1.)

§ 106-794. Payment and collection of assessment.

(a) The assessment shall not be collected unless more than half of the votes cast in the referendum are in favor of the assessment. If more than half of the votes cast in the referendum are in favor of the assessment, then the Association shall notify the Department of the amount of the assessment and the effective date of the assessment. The Department shall notify all buyers and pork producers of the assessment.

(b) Each pork producer must pay an assessment on each porcine animal sold to a buyer.

(c) A buyer of a porcine animal shall collect the assessment when buying a porcine animal by deducting the assessment from the price paid for the animal. The buyer shall remit collected assessments to the Department no later than the 10th day of the following month. The Department shall provide forms to buyers for reporting the assessment. If the total assessments collected by a buyer in a month are less than twenty-five dollars (\$25.00), the buyer may keep the assessments until the total amount due is at least twenty-five dollars (\$25.00) or the end of the quarter, whichever comes first. All buyers shall file at least one report in each calendar quarter, regardless of the amount due.

(d) A buyer of porcine animals shall keep records of the number of porcine animals purchased and the date purchased. All information or records regarding purchases of porcine animals by individual buyers shall be kept confidential by employees or agents of the Department and the Association, and shall not be disclosed except by court order.

(e) The Association may bring an action to recover any unpaid assessments, plus the reasonable costs, including attorney fees, incurred in the action. (1991, c. 605, s. 1.)

§ 106-795. Use of assessments; refunds.

(a) The Department shall remit all funds collected under this Article to the Association at least monthly. The Association shall use the funds to promote the interests of the pork industry. In order to prevent duplication of effort, these funds shall not be used for activities funded under 7 U.S.C. Chapter 79, Pork Promotion, Research, and Consumer Information.

(b) A pork producer may request a refund of an assessment deducted from the sales price of a porcine animal sold by the producer by submitting a written request for a refund to the Association within 30 days after the buyer of the animal collected the assessment. A refund request must be accompanied by proof of payment of the assessment satisfactory to the Association. The Association shall mail a refund to the producer within 30 days of receipt of a properly documented refund request. (1991, c. 605, s. 1.)

§ 106-796. Termination of assessment.

Upon receipt of a petition signed by at least ten percent (10%) of the pork producers in North Carolina known to the Association, the Department shall notify the Association, and the Association shall, within six months, conduct a referendum upon the question of continuing the assessment. If a majority of the votes cast in the referendum are against continuing the assessment, or if the Association fails to conduct a referendum within the six-month period, the assessment expires at the end of the six-month period. If a majority of the votes cast in the referendum are in favor of continuing the assessment, then no subsequent referendum shall be held for at least three years. (1991, c. 605, s. 1.)

§§ 106-797 through 106-799: Reserved for future codification purposes.

Swine Farms.

§ 106-800. Title.

This Article shall be known as the "Swine Farm Siting Act". (1995, c. 420, s. 1; 1995 (Reg. Sess., 1996), c. 626, s. 7(a); 1997-458, s. 4.1.)

Cross References. — As to moratorium on construction or expansion of swine farms, see notes under § 143-215.10A.

Editor's Note. — Session Laws 1995, c. 420, s. 2, as amended by Session Laws 1995 (Reg. Sess., 1996), c. 626, s. 8, provides: "This act applies to the construction or enlargement, on or after October 1, 1995, of swine houses, lagoons, and land areas onto which waste is applied from a lagoon that are components of a swine farm. This act does not apply under each of the following circumstances:

"(1) When the construction or enlargement occurs on or after October 1, 1995, for the purpose of increasing the swine population to that set forth as the projected population in a registration of the swine operation filed with the Department of Environment, Health, and Natural Resources (now the Department of Environment and Natural Resources) before October 1, 1995.

"(2) When the construction or enlargement occurs on or after October 1, 1995, for the purpose of increasing the swine population to the population that the animal waste management system is designed to accommodate

as that system is set forth in a registration of the swine operation filed with the Department of Environment, Health, and Natural Resources (now the Department of Environment and Natural Resources) before October 1, 1995, or as that system is set forth in an animal waste management plan approved before October 1, 1995.

"(3) When the construction or enlargement occurs on or after October 1, 1995, for the purpose of complying with applicable animal waste management rules and not for the purpose of increasing the swine population." Session Laws 1995 (Reg. Sess., 1996), c. 626, s. 7(b), provides: "Subsection (a) of this section does not repeal any rule that does not conflict with the amendments to Article 67 of Chapter 106 of the General Statutes made by subsection (a) of this section."

CASE NOTES

Construction with Local Laws. — Counties may not act to zone a swine farm other than as authorized by the limited statutory exception of § 143-360(b)(3); because the Gen-

eral Assembly has provided a "complete and integrated regulatory scheme" of swine farm regulations, the county Swine Ordinance and the county Health Board Rules, which were

more burdensome than State law, were pre-empted by State law. *Craig v. County of Chatham*, 143 N.C. App. 30, 545 S.E.2d 455 (2001), cert. granted, 354 N.C. 68, — S.E.2d — (2001):

§ 106-801. Purpose.

The General Assembly finds that certain limitations on the siting of swine houses and lagoons for swine farms can assist in the development of pork production, which contributes to the economic development of the State, by lessening the interference with the use and enjoyment of adjoining property. (1995, c. 420, s. 1; 1995 (Reg. Sess., 1996), c. 626, s. 7(a); 1997-458, s. 4.1.)

OPINIONS OF ATTORNEY GENERAL

Previous Lesser Setback Requirements.

— Any person commencing new construction or expansion of a covered animal waste management system must comply with the setbacks required by this section, even if the requisite permits from the Division of Water Quality were based on an application or site evaluation with lesser setbacks prior to the effective date

of the relevant 1997 amendments, unless such person can show he has a vested right due to detrimental reliance. See opinion of Attorney General to Mr. Preston Howard, Director Division of Water Quality Department of Environment and Natural Resources, 1997 N.C.A.G. 60 (9/29/97).

§ 106-804. Enforcement.

(a) Any person who owns property directly affected by the siting requirements of G.S. 106-803 pursuant to subsection (b) of this section may bring a civil action against the owner or operator of a swine farm who has violated G.S. 106-803 and may seek any one or more of the following:

- (1) Injunctive relief.
- (2) An order enforcing the siting requirements under G.S. 106-803.
- (3) Damages caused by the violation.

ARTICLE 68.

Southern Dairy Compact.

§ 106-810. Southern Dairy Compact entered into; form of Compact.

The Southern Dairy Compact is enacted into law and entered into with all other jurisdictions legally joining therein in the form substantially as follows:

ARTICLE I. Statement of Purpose, Findings, and Declaration of Policy

§ 1. Statement of purpose, findings, and declaration of policy.

The purpose of this compact is to recognize the interstate character of the southern dairy industry and the prerogative of the states under the United States Constitution to form an interstate commission for the southern region. The mission of the Commission is to take such steps as are necessary to assure the continued viability of dairy farming in the South, and to assure consumers of an adequate, local supply of pure and wholesome milk.

The participating states find and declare that the dairy industry is an essential agricultural activity of the South. Dairy farms, and associated suppliers, marketers, processors, and retailers, are an integral component of the region's economy. Their ability to provide a stable, local supply of pure, wholesome milk is a matter of great importance to the health and welfare of the region.

The participating states further find that dairy farms are essential, and they are an integral part of the region's rural communities. The farms preserve land for agricultural purposes and provide needed economic stimuli for rural communities.

By entering into this compact, the participating states affirm that their ability to regulate the price that southern dairy farmers receive for their product is essential to the public interest. Assurance of a fair and equitable price for dairy farmers ensures their ability to provide milk to the market and the vitality of the southern dairy industry, with all the associated benefits.

Recent dramatic price fluctuations, with a pronounced downward trend, threaten the viability and stability of the southern dairy region. Historically, individual state regulatory action had been an effective emergency remedy available to farmers confronting a distressed market. The system of federal orders, implemented by the Agricultural Marketing Agreement Act of 1937, establishes only minimum prices paid to producers for raw milk, without preempting the power of states to regulate milk prices above the minimum levels so established.

In today's regional dairy marketplace, cooperative, rather than individual state action is needed to more effectively address the market disarray. Under our constitutional system, properly authorized states acting cooperatively may exercise more power to regulate interstate commerce than they may assert individually without such authority. For this reason, the participating states invoke their authority to act in common agreement, with the consent of Congress, under the compact clause of the Constitution.

In establishing their constitutional regulatory authority over the region's fluid milk market by this compact, the participating states declare their purpose that this compact neither displace the system of federal orders nor encourage the merging of federal orders. Specific provisions of the compact itself set forth this basic principle.

Designed as a flexible mechanism able to adjust to changes in a regulated marketplace, the compact also contains a contingency provision should the system of federal orders be discontinued. In that event, the interstate commission may regulate the marketplace in lieu of the system of federal orders. This contingent authority does not anticipate such a change, however, and should not be so construed. It is only provided should developments in the market other than establishment of this compact result in discontinuance of the system of federal orders.

ARTICLE II. Definitions and Rules of Construction

§ 2. Definitions.

For the purposes of this compact, and of any supplemental or concurring legislation enacted pursuant thereto, except as may be otherwise required by the context:

- (1) "Class I milk" means milk disposed of in fluid form or as a fluid milk product, subject to further definition in accordance with the principles expressed in subsection (b) of Section 3.
- (2) "Commission" means the Southern Dairy Compact Commission established by this compact.
- (3) "Commission marketing order" means regulations adopted by the Commission pursuant to Sections 9 and 10 of this compact in place of a terminated federal marketing order or state dairy regulation. Such order may apply throughout the region or in any part or parts thereof as defined in the regulations of the Commission. Such order may establish minimum prices for any or all classes of milk.
- (4) "Compact" means this interstate compact.
- (5) "Compact over-order price" means a minimum price required to be paid to producers for Class I milk established by the Commission in regulations adopted pursuant to Sections 9 and 10 of this compact, which is above the price established in federal marketing orders or by state farm price regulation in the regulated area. Such price may apply throughout the region or in any part or parts thereof as defined in the regulations of the Commission.
- (6) "Milk" means the lacteal secretion of cows and includes all skim, butterfat, or other constituents obtained from separation or any other process. The term is used in its broadest sense and may be further defined by the Commission for regulatory purposes.
- (7) "Partially regulated plant" means a milk plant not located in a regulated area but having Class I distribution within such area. Commission regulations may exempt plants having such distribution or receipts in amounts less than the limits defined therein.
- (8) "Participating state" means a state which has become a party to this compact by the enactment of concurring legislation.
- (9) "Pool plant" means any milk plant located in a regulated area.
- (10) "Region" means the territorial limits of the states which are parties to this compact.

- (11) "Regulated area" means any area within the region governed by and defined in regulations establishing a compact over-order price or commission marketing order.
- (12) "State dairy regulation" means any state regulation of dairy prices and associated assessments, whether by statute, marketing order, or otherwise.

§ 3. Rules of construction.

(a) This compact shall not be construed to displace existing federal milk marketing orders or state dairy regulation in the region but to supplement them. In the event some or all federal orders in the region are discontinued, the compact shall be construed to provide the Commission the option to replace them with one or more commission marketing orders pursuant to this compact.

(b) This compact shall be construed liberally in order to achieve the purposes and intent enunciated in Section 1. It is the intent of this compact to establish a basic structure by which the Commission may achieve those purposes through the application, adaptation, and development of the regulatory techniques historically associated with milk marketing and to afford the Commission broad flexibility to devise regulatory mechanisms to achieve the purposes of this compact. In accordance with this intent, the technical terms which are associated with market order regulation and which have acquired commonly understood general meanings are not defined herein but the Commission may further define the terms used in this compact and develop additional concepts and define additional terms as it may find appropriate to achieve its purposes.

ARTICLE III. Commission Established

§ 4. Commission established.

There is hereby created a commission to administer the compact, composed of delegations from each state in the region. The Commission shall be known as the Southern Dairy Compact Commission. A delegation shall include not less than three nor more than five persons. Each delegation shall include at least one dairy farmer who is engaged in the production of milk at the time of appointment or reappointment, and one consumer representative. Delegation members shall be residents and voters of, and subject to such confirmation process as is provided for in, the appointing state. Delegation members shall serve no more than three consecutive terms with no single term of more than four years, and be subject to removal for cause. In all other respects, delegation members shall serve in accordance with the laws of the state represented. The compensation, if any, of the members of a state delegation shall be determined and paid by each state, but their expenses shall be paid by the Commission.

§ 5. Voting requirements.

All actions taken by the Commission, except for the establishment or termination of an over-order price or commission marketing order, and the adoption, amendment, or rescission of the Commission's bylaws, shall be by majority vote of the delegations present. Each state delegation shall be entitled to one vote in the conduct of the Commission's affairs. Establishment or termination of an over-order price or commission marketing order shall require at least a two-thirds vote of the delegations present. The establishment of a regulated area that covers all or part of a participating state shall require also the affirmative vote of that state's delegation. A majority of the delegations from the participating states shall constitute a quorum for the conduct of the Commission's business.

§ 6. Administration and management.

(a) The Commission shall elect annually from among the members of the participating state delegations a chairperson, a vice-chairperson, and a treasurer. The Commission shall appoint an executive director and fix his or her duties and compensation. The executive director shall serve at the pleasure of

the Commission, and, together with the treasurer, shall be bonded in an amount determined by the Commission. The Commission may establish through its bylaws an executive committee composed of one member elected by each delegation.

(b) The Commission shall adopt bylaws for the conduct of its business by a two-thirds vote and shall have the power by the same vote to amend and rescind these bylaws. The Commission shall publish its bylaws in convenient form with the appropriate agency or officer in each of the participating states. The bylaws shall provide for appropriate notice to the delegations of all Commission meetings and hearings and of the business to be transacted at such meetings or hearings. Notice also shall be given to other agencies or officers of participating states as provided by the laws of those states.

(c) The Commission shall file an annual report with the Secretary of Agriculture of the United States, and with each of the participating states by submitting copies to the Governor, both houses of the legislature, and the head of the state department having responsibilities for agriculture.

(d) In addition to the powers and duties elsewhere prescribed in this compact, the Commission may engage in all of the following:

- (1) Sue and be sued in any state or federal court.
- (2) Have a seal and alter the same at pleasure.
- (3) Acquire, hold, and dispose of real and personal property by gift, purchase, lease, license, or other similar manner, for its corporate purposes.
- (4) Borrow money and to issue notes, to provide for the rights of the holders thereof, and to pledge the revenue of the Commission as security therefor, subject to the provisions of Section 18 of this compact.
- (5) Appoint such officers, agents, and employees as it may deem necessary, prescribe their powers, duties, and qualifications.
- (6) Create and abolish such offices, employments, and positions as it deems necessary for the purposes of the compact and provide for the removal, term, tenure, compensation, fringe benefits, pension, and retirement rights of its officers and employees.
- (7) Retain personal services on a contract basis.

§ 7. Rule-making power.

In addition to the power to promulgate a compact over-order price or commission marketing orders as provided by this compact, the Commission is further empowered to make and enforce such additional rules and regulations as it deems necessary to implement any provisions of this compact, or to effectuate in any other respect the purposes of this compact.

ARTICLE IV. Powers of the Commission

§ 8. Powers to promote regulatory uniformity, simplicity, and inter-state cooperation.

The Commission may:

- (1) Investigate or provide for investigations or research projects designed to review the existing laws and regulations of the participating states, to consider their administration and costs, to measure their impact on the production and marketing of milk and their effects on the shipment of milk and milk products within the region.
- (2) Study and recommend to the participating states joint or cooperative programs for the administration of the dairy marketing laws and regulations and to prepare estimates of cost savings and benefits of such programs.
- (3) Encourage the harmonious relationships between the various elements in the industry for the solution of their material problems. Conduct symposia or conferences designed to improve industry relations, or a better understanding of problems.

- (4) Prepare and release periodic reports on activities and results of the Commission's efforts to the participating states.
- (5) Review the existing marketing system for milk and milk products and recommend changes in the existing structure for assembly and distribution of milk which may assist, improve, or promote more efficient assembly and distribution of milk.
- (6) Investigate costs and charges for producing, hauling, handling, processing, distributing, selling, and for all other services, performed with respect to milk.
- (7) Examine current economic forces affecting producers, probable trends in production and consumption, the level of dairy farm prices in relation to costs, the financial conditions of dairy farmers, and the need for an emergency order to relieve critical conditions on dairy farms.

§ 9. Equitable farm prices.

(a) The powers granted in this section and Section 10 shall apply only to the establishment of a compact over-order price, so long as federal milk marketing orders remain in effect in the region. In the event that any or all such orders are terminated, this Article authorizes the Commission to establish one or more commission marketing orders, as herein provided, in the region or parts thereof as defined in the order.

(b) A compact over-order price established pursuant to this section shall apply only to Class I milk. Such compact over-order price shall not exceed one dollar and fifty cents (\$1.50) per gallon at Atlanta, Georgia, however, this compact over-order price shall be adjusted upward or downward at other locations in the region to reflect differences in minimum federal order prices. Beginning in 1990, and using that year as a base, the foregoing one dollar and fifty cents (\$1.50) per gallon maximum shall be adjusted annually by the rate of change in the Consumer Price Index as reported by the Bureau of Labor Statistics of the United States Department of Labor. For purposes of the pooling and equalization of an over-order price, the value of milk used in other use classifications shall be calculated at the appropriate class price established pursuant to the applicable federal order or state dairy regulation and the value of unregulated milk shall be calculated in relation to the nearest prevailing class price in accordance with and subject to such adjustments as the Commission may prescribe in regulations.

(c) A commission marketing order shall apply to all classes and uses of milk.

(d) The Commission may establish a compact over-order price for milk to be paid by pool plants and partially regulated plants. The Commission also may establish a compact over-order price to be paid by all other handlers receiving milk from producers located in a regulated area. This price shall be established either as a compact over-order price or by one or more commission marketing orders. Whenever such a price has been established by either type of regulation, the legal obligation to pay such price shall be determined solely by the terms and purpose of the regulation without regard to the situs of the transfer of title, possession, or any other factors not related to the purposes of the regulation and this compact. Producer-handlers as defined in an applicable federal market order shall not be subject to a compact over-order price. The Commission shall provide for similar treatment of producer-handlers under commission marketing orders.

(e) In determining the price, the Commission shall consider the balance between production and consumption of milk and milk products in the regulated area, the costs of production including, but not limited to, the price of feed, the cost of labor including the reasonable value of the producer's own labor and management, machinery expense and interest expense, the prevailing price for milk outside the regulated area, the purchasing power of the

public, and the price necessary to yield a reasonable return to the producer and distributor.

(f) When establishing a compact over-order price, the Commission shall take such other action as is necessary and feasible to help ensure that the over-order price does not cause or compensate producers so as to generate local production of milk in excess of those quantities necessary to assure consumers of an adequate supply for fluid purposes.

(g) The Commission shall whenever possible enter into agreements with state or federal agencies for exchange of information or services for the purpose of reducing regulatory burden and cost of administering the compact. The Commission may reimburse other agencies for the reasonable cost of providing these services.

§ 10. Optional provisions for pricing order.

Regulations establishing a compact over-order price or a commission marketing order may contain, but shall not be limited to, any of the following:

- (1) Provisions classifying milk in accordance with the form in which or purpose for which it is used, or creating a flat pricing program.
- (2) With respect to a commission marketing order only, provisions establishing or providing a method for establishing separate minimum prices for each use classification prescribed by the Commission, or a single minimum price for milk purchased from producers or associations of producers.
- (3) With respect to an over-order minimum price, provisions establishing or providing a method for establishing such minimum price for Class I milk.
- (4) Provisions for establishing either an over-order price or a commission marketing order may make use of any reasonable method for establishing such price or prices including flat pricing and formula pricing. Provision may also be made for location adjustments, zone differentials, and competitive credits with respect to regulated handlers who market outside the regulated area.
- (5) Provisions for the payment to all producers and associations of producers delivering milk to all handlers of uniform prices for all milk so delivered, irrespective of the uses made of such milk by the individual handler to whom it is delivered, or for the payment of producers delivering milk to the same handler of uniform prices for all milk delivered by them.
 - a. With respect to regulations establishing a compact over-order price, the Commission may establish one equalization pool within the regulated area for the sole purpose of equalizing returns to producers throughout the regulated area.
 - b. With respect to any commission marketing order, as defined in Section 2, subdivision (9), which replaces one or more terminated federal orders or state dairy regulation, the marketing area of now separate state or federal orders shall not be merged without the affirmative consent of each state, voting through its delegation, which is partly or wholly included within any such new marketing area.
- (6) Provisions requiring persons who bring Class I milk into the regulated area to make compensatory payments with respect to all such milk to the extent necessary to equalize the cost of milk purchased by handlers subject to a compact over-order price or commission marketing order. No such provisions shall discriminate against milk producers outside the regulated area. The provisions for compensatory payments may require payment of the difference between the Class I price required to be paid for such milk in the state of production by a

federal milk marketing order or state dairy regulation and the Class I price established by the compact over-order price or commission marketing order.

- (7) Provisions specially governing the pricing and pooling of milk handled by partially regulated plants.
- (8) Provisions requiring that the account of any person regulated under the compact over-order price shall be adjusted for any payments made to or received by such persons with respect to a producer settlement fund of any federal or state milk marketing order or other state dairy regulation within the regulated area.
- (9) Provision requiring the payment by handlers of an assessment to cover the costs of the administration and enforcement of such order pursuant to subsection (a) of Section 18 of Article VII.
- (10) Provisions for reimbursement to participants of the Women, Infants and Children Special Supplemental Food Program of the United States Child Nutrition Act of 1966.
- (11) Other provisions and requirements as the Commission may find are necessary or appropriate to effectuate the purposes of this compact and to provide for the payment of fair and equitable minimum prices to producers.

ARTICLE V. Rule-Making Procedure

§ 11. Rule-making procedure.

Before promulgation of any regulations establishing a compact over-order price or commission marketing order, including any provision with respect to milk supply under subsection (f) of Section 9, or amendment thereof, as provided in Article IV, the Commission shall conduct an informal rule-making proceeding to provide interested persons with an opportunity to present data and views. Such rule-making proceeding shall be governed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553). In addition, the Commission shall, to the extent practicable, publish notice of rule-making proceedings in the official register of each participating state. Before the initial adoption of regulations establishing a compact over-order price or a commission marketing order and thereafter before any amendment with regard to prices or assessments, the Commission shall hold a public hearing. The Commission may commence a rule-making proceeding on its own initiative or may in its sole discretion act upon the petition of any person including individual milk producers, any organization of milk producers or handlers, general farm organizations, consumer or public interest groups, and local, state or federal officials.

§ 12. Findings and referendum.

(a) In addition to the concise general statement of basis and purpose required by section 4(b) of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 53 (c)), the Commission shall make findings of fact with respect to:

- (1) Whether the public interest will be served by the establishment of minimum milk prices to dairy farmers under Article IV.
- (2) What level of prices will assure that producers receive a price sufficient to cover their costs of production and will elicit an adequate supply of milk for the inhabitants of the regulated area and for manufacturing purposes.
- (3) Whether the major provisions of the order, other than those fixing minimum milk prices, are in the public interest and are reasonably designed to achieve the purposes of the order.
- (4) Whether the terms of the proposed regional order or amendment are approved by producers as provided in Section 13.

§ 13. Producer referendum.

(a) For the purpose of ascertaining whether the issuance or amendment of regulations establishing a compact over-order price or a commission marketing order, including any provision with respect to milk supply under subsection (f) of Section 9, is approved by producers, the Commission shall conduct a referendum among producers. The referendum shall be held in a timely manner, as determined by regulation of the Commission. The terms and conditions of the proposed order or amendment shall be described by the Commission in the ballot used in the conduct of the referendum, but the nature, content, or extent of such description shall not be a basis for attacking the legality of the order or any action relating thereto.

(b) An order or amendment shall be deemed approved by producers if the Commission determines that it is approved by at least two-thirds of the voting producers who, during a representative period determined by the Commission, have been engaged in the production of milk the price of which would be regulated under the proposed order or amendment.

(c) For purposes of any referendum, the Commission shall consider the approval or disapproval by any cooperative association of producers, qualified under the provisions of the Act of Congress of February 18, 1922, as amended, known as the Capper-Volstead Act, bona fide engaged in marketing milk, or in rendering services for or advancing the interests of producers of such commodity, as the approval or disapproval of the producers who are members or stockholders in, or under contract with, such cooperative association of producers, except as provided in subdivision (1) of this subsection and subject to the provisions of subdivisions (2) through (5) of this subsection.

- (1) No cooperative that has been formed to act as a common marketing agency for both cooperatives and individual producers shall be qualified to block vote for either.
- (2) Any cooperative that is qualified to block vote shall, before submitting its approval or disapproval in any referendum, give prior written notice to each of its members as to whether and how it intends to cast its vote. The notice shall be given in a timely manner as established, and in the form prescribed, by the Commission.
- (3) Any producer may obtain a ballot from the Commission in order to register approval or disapproval of the proposed order.
- (4) A producer who is a member of a cooperative which has provided notice of its intent to approve or not to approve a proposed order, and who obtains a ballot and with such ballot expresses his or her approval or disapproval of the proposed order, shall notify the Commission as to the name of the cooperative of which he or she is a member, and the Commission shall remove such producer's name from the list certified by such cooperative with its corporate vote.
- (5) In order to ensure that all milk producers are informed regarding a proposed order, the Commission shall notify all milk producers that an order is being considered and that each producer may register his or her approval or disapproval with the Commission either directly or through his or her cooperative.

§ 14. Termination of over-order price or marketing order.

(a) The Commission shall terminate any regulations establishing an over-order price or commission marketing order issued under this Article whenever it finds that such order or price obstructs or does not tend to effectuate the declared policy of this compact.

(b) The Commission shall terminate any regulations establishing an over-order price or a commission marketing order issued under this Article whenever it finds that such termination is favored by a majority of the producers who, during a representative period determined by the Commission,

have been engaged in the production of milk, the price of which is regulated by such order; but such termination shall be effective only if announced on or before such date as may be specified in such marketing agreement or order.

(c) The termination or suspension of any order or provision thereof, shall not be considered an order within the meaning of this Article and shall require no hearing, but shall comply with the requirements for informal rule making prescribed by Section 4 of the Federal Administrative Procedure Act, as amended (5 U.S.C. § 553).

ARTICLE VI. Enforcement

§ 15. Records, reports, access to premises.

(a) The Commission may by rule and regulation prescribe record keeping and reporting requirements for all regulated persons. For purposes of the administration and enforcement of this compact, the Commission may examine the books and records of any regulated person relating to his or her milk business and for that purpose, the Commission's properly designated officers, employees, or agents shall have full access during normal business hours to the premises and records of all regulated persons.

(b) Information furnished to or acquired by the Commission officers, employees, or its agents pursuant to this section shall be confidential and not subject to disclosure except to the extent that the Commission deems disclosure to be necessary in any administrative or judicial proceeding involving the administration or enforcement of this compact, an over-order price, a compact marketing order, or other regulations of the Commission. The Commission may adopt rules further defining the confidentiality of information pursuant to this section. Nothing in this section shall be deemed to prohibit (i) the issuance of general statements based upon the reports of a number of handlers, which do not identify the information furnished by any person, or (ii) the publication by direction of the Commission of the name of any person violating any regulation of the Commission, together with a statement of the particular provisions violated by such person.

(c) No officer, employee, or agent of the Commission shall intentionally disclose information, by inference or otherwise, that is made confidential pursuant to this section. Any person violating the provisions of this section shall, upon conviction, be subject to a fine of not more than one thousand dollars (\$1,000) or to imprisonment for not more than one year, or both, and shall be removed from office. The Commission shall refer any allegation of a violation of this section to the appropriate state enforcement authority or United States Attorney.

§ 16. Subpoena, hearings, and judicial review.

(a) The Commission is hereby authorized and empowered by its members and its properly designated officers to administer oaths and issue subpoenas throughout all signatory states to compel the attendance of witnesses and the giving of testimony and the production of other evidence.

(b) Any handler subject to an order may file a written petition with the Commission stating that any order or any provision of any such order or any obligation imposed in connection therewith is not in accordance with law and praying for a modification thereof or to be exempted therefrom. The handler shall thereupon be given an opportunity for a hearing upon such petition, in accordance with regulations made by the Commission. After such hearing, the Commission shall make a ruling upon the prayer of such petition which shall be final, if in accordance with law.

(c) The district courts of the United States in any district in which the handler is an inhabitant, or has his or her principal place of business, are hereby vested with jurisdiction to review such ruling, provided a complaint for that purpose is filed within 30 days from the date of the entry of the ruling. Service of process in these proceedings may be had upon the Commission by

delivering to it a copy of the complaint. If the court determines that the ruling is not in accordance with law, it shall remand such proceedings to the Commission with directions either (i) to make such ruling as the court shall determine to be in accordance with law, or (ii) to take such further proceedings as, in its opinion, the law requires. The pendency of proceedings instituted pursuant to this subdivision shall not impede, hinder, or delay the Commission from obtaining relief pursuant to Section 17. Any proceedings brought pursuant to Section 17, except where brought by way of counterclaim in proceedings instituted pursuant to this section, shall abate whenever a final decree has been rendered in proceedings between the same parties, and covering the same subject matter, instituted pursuant to this section.

§ 17. Enforcement with respect to handlers.

(a) Any violation by a handler of the provisions of regulation establishing an over-order price or a commission marketing order, or other regulations adopted pursuant to this compact shall:

- (1) Constitute a violation of the laws of each of the signatory states. Such violation shall render the violator subject to a civil penalty in an amount as may be prescribed by the laws of each of the participating states, recoverable in any state or federal court of competent jurisdiction. Each day such violation continues shall constitute a separate violation.
- (2) Constitute grounds for the revocation of license or permit to engage in the milk business under the applicable laws of the participating states.

(b) With respect to handlers, the Commission shall enforce the provisions of this compact, regulations establishing an over-order price, a commission marketing order or other regulations adopted hereunder by:

- (1) Commencing an action for legal or equitable relief brought in the name of the Commission in any state or federal court of competent jurisdiction; or
- (2) Referral to the state agency for enforcement by judicial or administrative remedy with the agreement of the appropriate state agency of a participating state.

(c) With respect to handlers, the Commission may bring an action for injunction to enforce the provisions of this compact or the order or regulations adopted thereunder without being compelled to allege or prove that an adequate remedy of law does not exist.

ARTICLE VII. Finance

§ 18. Finance of start-up and regular costs.

(a) To provide for its start-up costs, the Commission may borrow money pursuant to its general power under Section 6, subdivision (d), paragraph 4. In order to finance the cost of administration and enforcement of this compact, including payback of start-up costs, the Commission may collect an assessment from each handler who purchases milk from producers within the region. If imposed, this assessment shall be collected on a monthly basis for up to one year from the date the Commission convenes, in an amount not to exceed \$.015 per hundred weight of milk purchased from producers during the period of the assessment. The initial assessment may apply to the projected purchases of handlers for the two-month period following the date the Commission convenes. In addition, if regulations establishing an over-order price or a compact marketing order are adopted, they may include an assessment for the specific purpose of their administration. These regulations shall provide for establishment of a reserve for the Commission's ongoing operating expenses.

(b) The Commission shall not pledge the credit of any participating state or of the United States. Notes issued by the Commission and all other financial obligations incurred by it, shall be its sole responsibility and no participating state or the United States shall be liable therefor.

§ 19. Audit and accounts.

(a) The Commission shall keep accurate accounts of all receipts and disbursements, which shall be subject to the audit and accounting procedures established under its rules. In addition, all receipts and disbursements of funds handled by the Commission shall be audited yearly by a qualified public accountant and the report of the audit shall be included in and become part of the annual report of the Commission.

(b) The accounts of the Commission shall be open at any reasonable time for inspection by duly constituted officers of the participating states and by any persons authorized by the Commission.

(c) Nothing contained in this Article shall be construed to prevent commission compliance with laws relating to audit or inspection of accounts by or on behalf of any participating state or of the United States.

ARTICLE VIII. Entry into Force; Additional Members and Withdrawal

§ 20. Entry into force; additional members.

The compact shall enter into force effective when enacted into law by any three states of the group of states composed of Alabama, Arkansas, Florida, Georgia, Kentucky, Louisiana, Maryland, Mississippi, North Carolina, Oklahoma, South Carolina, Tennessee, Texas, Virginia, and West Virginia and when the consent of Congress has been obtained.

§ 21. Withdrawal from compact.

Any participating state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until one year after notice in writing of the withdrawal is given to the Commission and the governors of all the participating states. No withdrawal shall affect any liability already incurred by or chargeable to a participating state prior to the time of such withdrawal.

§ 22. Severability.

If any part or provision of this compact is adjudged invalid by any court, such judgment shall be confined in its operation to the part or provision directly involved in the controversy in which such judgment shall have been rendered and shall not affect or impair the validity of the remainder of this compact. In the event Congress consents to this compact subject to conditions, said conditions shall not impair the validity of this compact when said conditions are accepted by three or more compacting states. A compact state may accept the conditions of Congress by implementation of this compact. (1997-494, s. 1.)

CASE NOTES

Personal Jurisdiction. — In a case alleging negligent placement of a foster child who sexually assaulted another child, where defendants raised the issues of failure to state a claim and lack of subject matter jurisdiction, but failed to raise the issue of personal jurisdiction, and stipulated in the record before the appellate court that they were properly before the trial court, the defendants could not argue that they were not subject to suit under Chapters 108A and 122C and under § 153A-77. *Hobbs v. North Carolina Dep't of Human Resources*, 135 N.C. App. 412, 520 S.E.2d 595 (1999).

Employees of Local Departments — Applicability of Eleventh Amendment. — After examining the characterization of the local departments of social service under state law, the relative extent of state control over the

departments, the relative extent to which the departments depends on state funding, and the effect of a potential damage award on the state treasury, the departments were found to be an arm of the state and, therefore, the individual defendants, each of whom worked for a department, were state officials for Eleventh Amendment purposes. *Shell v. Wall*, 808 F. Supp. 481 (W.D.N.C. 1992).

The Commission misapplied the law by concluding that the Davie County Department of Social Services (DSS) was not an agent of the North Carolina Department of Human Resources (DHR) in its delivery of child protective services. *Whitaker v. OPINIONS OF ATTORNEY GENERAL

County Commissioner May Serve on Social Services Board. — There is nothing in this Chapter to suggest any impropriety with the "county commissioner member" also serv-

ing as chairman of the social services board. See opinion of Attorney General to C. Preston Cornelius, Senior Resident, Superior Court Judge, 60 N.C.A.G. 50 (1990).

§ 108A-2. Size.

The county board of social services of a county shall consist of three members, except that the board of commissioners of any county may increase such number to five members. The decision to increase the size to five members or to reduce a five-member board to three shall be reported immediately in writing by the chairman of the board of commissioners to the Department of Health and Human Services. Subsection (b) requires that the other four members of a county board of social services be unanimous in their selection of the fifth mem-

§ 108A-4. Term of appointment.

Each member of a county board of social services shall serve for a term of three years. No member may serve more than two consecutive terms. Notwithstanding the previous sentence, the limitation on consecutive terms does not apply if the member of the social services board was a member of the board of county commissioners at any time during the first two consecutive terms, and is a member of the board of county commissioners at the time of reappointment. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 186; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1981, c. 275, s. 1; c. 770.)

(a) Three-Member Board: The term of the member appointed by the Social Services Commission shall expire on June 30, 1981, and every three years thereafter; the term of the member appointed by the board of commissioners shall expire on June 30, 1983, and every three years thereafter; and the term of the third member shall expire on June 30, 1982, and every three years thereafter.

(b) Five-Member Board: Whenever a board of commissioners of any county decides to expand a three-member board to a five-member board of social services, the Social Services Commission shall appoint an additional member for a term expiring at the same time as the term of the existing member appointed by the board of commissioners, and the board of commissioners shall appoint an additional member for a term expiring at the same time as the term of the existing member appointed by the Social Services Commission. The change to a five-member board shall become effective at the time when the additional members shall have been appointed by both the county board of commissioners and the Social Services Commission. Thereafter all appointments shall be for three-year terms.

(c) Change from Five-Member to Three-Member Board: The change shall become effective on the first day of July following the decision to change by the board of commissioners. On that day, the following two seats on the board of social services shall cease to exist:

- (1) The seat held by the member appointed by the Social Services Commission whose term would have expired on June 30, 1983, or triennially thereafter; and
- (2) The seat held by the member appointed by the board of commissioners whose term would have expired June 30, 1981, or triennially thereafter. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 1986; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1973, c. 476, s. 138; c. 724, s. 1; 1981, c. 275, s. 1.)

§ 108A-6. Vacancies.

Appointments to fill vacancies shall be made in the manner set out in G.S. 108A-3. All such appointments shall be for the remainder of the former member's term of office and shall not constitute a term for the purposes of G.S. 108A-4. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 186; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

A consolidated county human services board shall meet in accordance with the provisions of G.S. 153A-77. (1917, c. 170, s. 1; 1919, c. 46, s. 4; C.S., s. 5015; 1937, c. 319, s. 4; 1941, c. 270, s. 3; 1947, c. 92; 1959, c. 320; 1961, c. 186; 1969, c. 546, s. 1; 1981, c. 275, s. 1; 1995 (Reg. Sess., 1996), c. 690, s. 8.)

The county board of social services shall have the following duties and responsibilities:

- (1) To select the county director of social services according to the merit system rules of the State Personnel Commission;
- (2) To advise county and municipal authorities in developing policies and plans to improve the social conditions of the community;
- (3) To consult with the director of social services about problems relating to his office, and to assist him in planning budgets for the county department of social services;
- (4) To transmit or present the budgets of the county department of social services for public assistance, social services, and administration to the board of county commissioners;
- (5) To have such other duties and responsibilities as the General Assembly, the Department of Health and Human Services or the Social Services Commission or the board of county commissioners may assign to it. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 186; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1973, c. 476, s. 138; 1977, 2nd Sess., c. 1219, s. 7; 1981, c. 275, s. 1; 1997-443, s. 11A.118(a).)

CASE NOTES

The county department of social services is merely an extension of the county. *Meares v. Brunswick County*, 615 F. Supp. 14 (E.D.N.C. 1985).

And Has No Sovereign Immunity. — Because the Brunswick County Department of Social Services and the Brunswick County Board of Social Services are extensions of Brunswick County which does not enjoy sovereign immunity, neither do they have sovereign immunity. *Meares v. Brunswick County*, 615 F. Supp. 14 (E.D.N.C. 1985).

The sole involvement of the county board of social services in personnel matters is to select the county director of social services. And the director derives his authority to appoint personnel directly from the General Assembly, not from the board. Thus the local board does not become the “local appointing authority” pursuant to G.S. 126-37 in the absence of a permanent full-time director. In *re Brunswick County*, 81 N.C. App. 391, 344 S.E.2d 584 (1986).

Extent of Authority Exercised by County over Director. — It is apparent that the county is at most only equal to the State in the authority it can exert over the director of social services. *Fracaro v. Priddy*, 514 F. Supp. 191 (M.D.N.C. 1981), decided under former Chapter 108.

In an action by eligibility supervisor of county department of social services alleging that her constitutional rights had been violated when her employment was terminated by the director of social services, the county could not be held liable to the plaintiff since the director was not acting for the county, but rather for the State, and since the county board of social services did not have the authority to dismiss the eligibility supervisor. *Fracaro v. Priddy*, 514 F. Supp. 191 (M.D.N.C. 1981), decided under former Chapter 108.

Quoted in *Shell v. Wall*, 808 F. Supp. 481 (W.D.N.C. 1992).

§ 108A-10. Fees.

The county board of social services is authorized to enter into contracts with any governmental or private agency, or with any person, whereby the board of

social services agrees to render services to or for such agency or person in exchange for a fee to cover the cost of rendering such service. This authority is to be limited to services voluntarily rendered and voluntarily received, but shall not apply where the charging of a fee for a particular service is specifically prohibited by statute or regulation. The fees to be charged under the authority of this section are to be based upon a plan recommended by the county director of social services and approved by the local board of social services and the board of county commissioners. In no event is the fee charged to exceed the cost to the board of social services. Fee policies may not conflict with rules and regulations adopted by the Social Services Commission or Department of Health and Human Services regarding fees.

The fees collected under the authority of this section are to be deposited to the account of the social services department so that they may be expended for social services purposes in accordance with the provisions of Article 3 of Chapter 159, the Local Government Budget and Fiscal Control Act. No individual employee is to receive any compensation over and above his regular salary as a result of rendering services for which a fee is charged.

The county board of social services shall annually report to the county commissioners receipts received under this section. Fees collected under this section shall not be used to replace any other funds, either State or local, for the program for which the fees were collected. (1981, c. 275, s. 1; 1997-443, s. 11A.118(a).)

§ 108A-11. Inspection of records by members.

Every member of the county board of social services may inspect and examine any record on file in the office of the director relating in any manner to applications for and provision of public assistance and social services authorized by this Chapter. No member shall disclose or make public any information which he may acquire by examining such records. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5014; 1937, c. 319, s. 3; 1941, c. 270, s. 2; 1945, c. 47; 1953, c. 132; 1955, c. 249; 1957, c. 100, s. 1; 1959, c. 1255, s. 1; 1961, c. 186; 1963, c. 139; c. 247, ss. 1, 2; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

Part 2. County Director of Social Services.

§ 108A-12. Appointment.

(a) The board of social services of every county shall appoint a director of social services in accordance with the merit system rules of the State Personnel Commission. Any director dismissed by such board shall have the right of appeal under the same rules.

(b) Two or more boards of social services may jointly employ a director of social services to serve the appointing boards and such boards may also combine any other functions or activities as authorized by Part 1 of Article 20 of Chapter 160A. The boards shall agree on the portion of the director's salary and the portion of expenses for other joint functions and activities that each participating county shall pay. (1917, c. 170, s. 1; 1919, c. 46, ss. 3, 4; C.S., s. 5016; 1921, c. 128; 1929, c. 291, s. 1; 1931, c. 423; 1937, c. 319, s. 5; 1941, c. 270, s. 4; 1957, c. 100, s. 1; 1961, c. 186; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

Department of Human Resources Liable for Acts of County Director Negligently Placing Foster Child. — In an action alleging

that a foster child was negligently placed in a home by the Durham County Department of Social Services, the Department of Human Re-

sources would be liable for the negligent acts of its agents, the Durham County Director of Social Services and his subordinates, since the Department of Human Resources, through the Social Services Commission, has the right to control the manner in which the county director is to execute his obligation to place children in foster homes. *Vaughn v. § 108A-13. Salary.

The board of social services of every county, with the approval of the board of county commissioners, shall determine the salary of the director in accordance with the classification plan of the State Personnel Commission, and such salary shall be paid by the county from the federal, State and county funds available for this purpose. (1917, c. 170, s. 1; 1919, c. 46, ss. 3, 4; C.S., s. 5016; 1921, c. 128; 1929, c. 291, s. 1; 1931, c. 423; 1937, c. 319, s. 5; 1941, c. 270, s. 4; 1957, c. 100, s. 1; 1961, c. 186; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

- (12) To accept children for placement in foster homes and to supervise placements for so long as such children require foster home care;
- (13) To respond by investigation to notification of a proposed adoptive placement pursuant to G.S. 48-3(b) and (c); and

- (14) To receive and evaluate reports of abuse, neglect, or exploitation of disabled adults and to take appropriate action as required by the Protection of the Abused, Neglected, or Exploited Disabled Adults Act, Article 6 of this Chapter, to protect these adults.

(b) The director may delegate to one or more members of his staff the authority to act as his representative. (1917, c. 170, s. 1; 1919, c. 46, s. 3; C.S., s. 5017; 1941, c. 270, s. 5; 1957, c. 100, s. 1; 1961, c. 186; 1969, c. 546, s. 1; 1971, c. 710, s. 5; 1973, c. 476, ss. 133.3, 138; c. 1262, s. 109; c. 1339, s. 2; 1977, 2nd Sess., c. 1219, s. 8; 1981, c. 275, s. 1; 1983, c. 293; 1985, c. 203, ss. 1, 2; 1991, c. 258, s. 1; 1993, c. 553, s. 31; 1995, c. 214, s. 2; c. 535, s. 4; 1997-443, s. 11A.118(a); 1998-202, s. 13(v).)

CASE NOTES

The sole involvement of the county board of social services in personnel matters is to select the county director of social services. And the director derives his authority to appoint personnel directly from the General Assembly, not from the board. Thus the local board does not become the "local appointing authority" pursuant to G.S. 126-37 in the absence of a permanent full-time director. In re Brunswick County, 81 N.C. App. 391, 344 S.E.2d 584 (1986).

Director Has Exclusive Power to Hire and Fire Department Personnel. — Subdivision (a)(2) of this section gives the director of a county department of social services the exclusive power to hire and fire the department's personnel; the statute makes no distinction between "acting" and "permanent" directors. In re Brunswick County, 81 N.C. App. 391, 344 S.E.2d 584 (1986).

Chapter 126 establishes and provides for the administration of the state personnel system. Yow v. Alexander County Dep't of Social Servs., 70 N.C. App. 174, 319 S.E.2d 626, cert. denied, 312 N.C. 625, 323 S.E.2d 927 (1984).

Authority Exercised by County over Director. — It is apparent that the county is at most only equal to the State in the authority it can exert over the director of social services. Fracaro v. Priddy, 514 F. Supp. 191 (M.D.N.C. 1981), decided under former Chapter 108.

Trainee Has No Property Interest in Continued Employment. — An employee who is subject to the State Personnel Act and who holds a "trainee" appointment as defined by the North Carolina Administrative Code does not have a property interest in her continued employment which is protected by the due process clause of the Fourteenth Amendment. Yow v. Alexander County Dep't of Social Servs., 70 N.C. App. 174, 319 S.E.2d 626, cert. denied, 312 N.C. 625, 323 S.E.2d 927 (1984).

Liability of Social Workers Negligently Placing Foster Child. — The language of subsection (b) of this section and the holding of Meyer v. Walls, 347 N.C. at 111, 489 S.E.2d at 888, lead to the conclusion that defendants who were acting for and representing a director of social services were acting as public officials and could therefore not be held individually liable in a case alleging negligent placement of a foster child. Hobbs v. North Carolina Dep't of Human Resources, 135 N.C. App. 412, 520 S.E.2d 595 (1999).

The Commission misapplied the law by concluding that the Davie County Department of Social Services (DSS) was not an agent of the North Carolina Department of Human Resources (DHR) in its delivery of child protective services. Investigation of Child Abuse and Neglect. — Under subdivision (a)(11), the General Assembly made clear its intent to include as work required of a county director of social services the investigation of reports of child abuse and neglect. Gammons v. North Carolina Dep't of Human Resources, 344 N.C. 51, 472 S.E.2d 722 (1996).

§ 108A-15. Social services officials and employees as public guardians.

The director and assistant directors of social services of each county may serve as guardians for adults adjudicated incompetent under the provisions of Chapter 35A, and they shall do so if ordered to serve in that capacity by the clerk of superior court having jurisdiction of a guardianship proceeding brought under either Article. Subject to any limitations imposed by law, the Department shall allow counties to request to be designated as either Electing Counties or Standard Program Counties in the Work First Program.

(e) All counties shall notify the Department in writing as to whether they desire to be designated as either Electing or Standard Program. An independent evaluator shall evaluate the operation of the Work First Program based on criteria established by the State Auditor in consultation with the Standard program Counties and the Electing Counties. The independent evaluator shall present a report of the findings to the 2000 General Assembly. The Department of Health and Human Services shall study the movement of recipients of Work First Program assistance between counties within the State, and the reasons for movement, including differences in eligibility criteria, benefit levels, and time limits and shall report on or before February 1, 2000. The Department of Health and Human Services shall monitor and report on the number of Work First Program recipients anticipated to remain without work and lose benefits due to time limits, efforts to intensify effort designed to prevent recipients from losing benefits where they are making reasonable efforts to become and remain employed and the reasons recipients were unable to find work.

CASE NOTES

Compliance with Federal Standards. — It is true that the State must administer its public assistance program in accordance with

federal regulations. However, a state plan need not strictly follow the language of 42 U.S.C. § 602(a)(26)(A) in order to satisfy federal re-

quirements, but may substitute an assignment by operation of law which is "substantially identical" to that described by the federal act. North Carolina's public assistance plan has

been duly approved. State ex rel. Pender County Child Support Enforcement Agency ex rel. Crews v. Parker, 319 N.C. 354, 354 S.E.2d 501 (1987).

§ 108A-27.1. Time limitations on assistance.

(a) Under the Standard Work First Program, unless an extension or an exemption is provided pursuant to the provisions of the Part or the State Plan, any cash assistance provided to a person or family in the employment program shall only be provided for a cumulative total of 24 months. After having received cash assistance for 24 months, the person or the family may reapply for cash assistance, but not until after 36 months from the last month the person or the family received cash assistance. This subsection shall not apply to child-only cases.

(b) Electing Counties may set any time limitations on assistance it finds appropriate, so long as the time limitations do not conflict with or exceed any federal time limitations. (1997-443, s. 12.6; 1998-212, s. 12.27A(f).)

§ 108A-27.2. General duties of the Department.

The Department shall have the following general duties with respect to the Work First Program:

- (1) Ensure that the specifications of the general provisions of the State Plan regarding the procedures required when recipients are sanctioned, prescribed in G.S. 108A-27.9(c), are uniformly developed and implemented across the State;

- (1b) Reserved for future codification purposes.
- (1c) Ensure that two-parent families receive cash assistance for three months after qualifying for assistance without being subject to pay for performance requirements, in order to encourage families to stay together and to overcome barriers to self-sufficiency and gainful employment. Cash assistance or diversion assistance received prior to being subject to pay for performance requirements is limited to one time within a 12-month period.
- (2) Describe authorized federal and State work activities. For up to twenty percent (20%) of Work First recipients, authorized State work activities shall include at least part-time enrollment in a postsecondary education program. In Standard Counties, recipients enrolled on at least a part-time basis in a postsecondary education program and maintaining a 2.5 grade point average or its equivalent shall have their two-year time limit suspended for up to three years.
- (3) Define requirements for assignment of child support income and compliance with child support activities;
- (4) Establish a schedule for counties to submit their County Plans to ensure that all Standard County Plans are adopted by the Standard Program Counties by January 15 of each odd-numbered year and all Electing County Plans are adopted by Electing Counties by February 1 of each odd-numbered year and review and then recommend a State Plan to the General Assembly;
- (5) Ensure that the County Plans comply with federal and State laws, rules, and regulations, are consistent with the overall purposes and

- goals of the Work First Program, and maximize federal receipts for the Work First Program;
- (6) Prepare the State Plan in accordance with G.S. 108A-27.9 and federal laws and regulations and submit it to the Budget Director for approval;
 - (7) Submit the State Plan, as approved by the Budget Director, to the General Assembly for approval;
 - (8) Report monthly to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services on the monthly progress reports submitted by the counties to the Department;
 - (9) Develop and implement a system to monitor and evaluate the impact of the Work First Program on children and families, including the impact of the Work First Program on job retention and advancement, child abuse and neglect, caseloads for child protective services and foster care, school attendance, academic and behavioral performance, and other measures of the economic security and health of children and families. The system should be developed to allow monitoring and evaluation of impact based on both aggregated and disaggregated data. State and county agencies shall cooperate in providing information needed to conduct these evaluations, sharing data and information except where prohibited specifically by federal law or regulation;
 - (10) Monitor the performance of counties relative to their County Plans and the overall goals of the Work First Program and report every six months to the Director of the Budget and the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services and annually to the General Assembly on the counties' attainment of the outcomes and goals;

 - (13) Make recommendations to the General Assembly for approval of counties to become Electing Counties which represent, in aggregate, no more than fifteen and one-half percent (15.5%) of the total Work First caseload at September 1 of each year and, for each county submitting a plan, the reasons individual counties were or were not recommended.
 - (14) Review the county Work First Program of each electing county and recommend whether the county should continue to be designated an

electing county or whether it should be redesignated as a standard county. In conducting its review and making its recommendation, the Department shall:

- a. Examine and consider the results of the Department's monitoring and evaluation of the impact of the electing county's Work First Program as required under subdivision (9) of this section;
- b. Determine whether the electing county's Work First Program's unique design requires implementation by an electing county or whether the Work First Program could be implemented by a county designated as a standard county;
- c. Determine whether the electing county's Work First Program and policies are unique and innovative in meeting the purpose of the Work First Program as stated under G.S. 108A-27, and State and federal laws, rules, and regulations, as compared to other standard and electing county Work First programs.

The Department shall make its recommendation and the reasons therefor to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services not later than three months prior to submitting the State Plan to the Commission for review as required under G.S. 108A-27.9(a). Editor's Note. — This section was amended by Session Laws 2001-424, s. 21.13(b) in the coded bill drafting format provided by § 120-20.1. (h) The State Plan may provide that in cases where benefits are paid only for a child, the case is considered a family case. (1997-443, s. 12.6; 1997-456, s. 55.10; 1998-212, s. 12.27A(b), (b1); 1999-359, ss. 1.2(b), 2(c); 2001-424, s. 21.13(c), (e).)

Effect of Amendments. — Session Laws

2001-424, ss. 21.13(c) and (e), effective July 1, 2001, substituted "Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services" for "Joint Legislative Public Assistance Commission" in subsection (a) and substituted "Senate

Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division within one month" for "Joint Legislative

Public Assistance Commission at the next meeting of the Commission following the changes and to the General Assembly during the next session" in the last paragraph of subsection (d).

§ 108A-27.10. Duties of the Director of the Budget/Governor.

(a) The Director of the Budget shall, by May 15 of each even-numbered calendar year, approve and recommend adoption by the General Assembly of the State Plan.

(b) At the beginning of every fiscal year, the Director of the Budget shall report to the General Assembly the number of permanent State employees who have been Work First Program recipients during the previous calendar year.

(c) After the State Plan has become law, the Governor shall sign it and cause it to be submitted to federal officials in accordance with federal law. (1997-443, s. 12.6.)

§ 108A-27.11. Work First Program funding.

(a) County block grants, except funds for Work First Family Assistance, shall be computed based on the percentage of each county's total AFDC (including AFDC-EA) and JOBS expenditures, except expenditures for cash assistance, to statewide actual expenditures for those programs in fiscal year 1995-96. The resulting percentage shall be applied to the State's total certified budget enacted by the General Assembly for each fiscal year, except for State funds budgeted for State and county demonstration projects authorized by the General Assembly and for Work First Family Assistance payments.

(b) The following shall apply to funding for Standard Program Counties:

- (1) The Department shall make payments of Work First Family Assistance and Work First Diversion Assistance subject to the availability of federal, State, and county funds.
- (2) The Department shall reimburse counties for county expenditures under the Work First Program subject to the availability of federal, State, and county funds.

(c) Each Electing County's allocation for Work First Family Assistance shall be computed based on the percentage of each Electing County's total expenditures for cash assistance to statewide actual expenditures for cash assistance in 1995-96. The resulting percentage shall be applied to the federal TANF block grant funds appropriated for cash assistance by the General Assembly each fiscal year. The Department shall transmit the federal funds contained in the county block grants to Electing Counties as soon as practicable after they become available to the State and in accordance with federal cash management laws and regulations. The Department shall transmit one-fourth of the State funds contained in county block grants to Electing Counties at the beginning of each quarter. Once paid, the county block grant funds shall not revert. (1997-443, s. 12.6; 1998-212, s. 12.27A(i); 1999-359, s. 3.)

§ 108A-27.12. Maintenance of effort.

(a) The Department shall define in the State Plan the services that can be provided with TANF federal funds and with State and county maintenance of effort funds. The Department shall work with counties to allow flexibility in the spending of county, State, and federal funds so as to maximize the use of resources while assuring that federal maintenance of effort requirements are met.

(b) Counties that fail to meet maintenance of effort requirements and that fail to meet the performance indicators for reducing maintenance of effort shall submit a corrective action plan to the Department and shall be subject to G.S. 108A-27.14. The Department may reduce block grant allocations to counties that fail to meet maintenance of effort requirements and performance indicators or may use some of the county's block grant allocation to secure needed services for clients in that county. If a county fails to comply with maintenance of effort requirements, the Director of the Budget may also withhold State funds appropriated to the county pursuant to G.S. 108A-93.

(c) The Department shall maintain the State's maintenance of effort at one hundred percent (100%) of the State certified budget enacted by the General Assembly for programs under this Part during fiscal year 1996-97. At no time shall the Department reduce or reallocate State funds previously obligated or appropriated for Work First or child welfare services.

(d) Each standard county shall maintain funding in Work First, child welfare, and related activities as defined by the Department at one hundred percent (100%) of the county funds budgeted in State Fiscal Year 1996-97 for AFDC Administration, JOBS employment and training, and AFDC Emergency Assistance (cash and services). A county may request to reduce its block grant and maintenance of effort if that county can demonstrate that it is meeting all the needs of its clients, as defined by the Department's performance indicators, without spending all of the block grant funds. The needs of clients include child protection, employment services, and related supportive services such as child care. The Department may reallocate any State or federal funds released from a county that reduced its maintenance of effort or from counties not spending their block grants. Funds reallocated to counties will require county match.

(e) During the first year a county operates as an Electing County, the county's maintenance of effort shall be no less than ninety percent (90%) of the amount the county budgeted for programs under this Part during fiscal year 1996-97. If during the first year of operation as Electing the Electing County achieves one hundred percent (100%) of its goals as set forth in its Electing County Plan, then the Electing County may reduce its maintenance of effort to eighty percent (80%) of the amount the county budgeted for programs under this Part during fiscal year 1996-97 for the second year of the Electing County's operation and for all years thereafter that the county maintains Electing Status.

(f) The Department may realign funds if the realignment will assure that maintenance of effort requirements are met while maximizing federal revenues.

(g) The Department of Health and Human Services shall report quarterly on the extent to which the State and counties are meeting federal maintenance of effort requirements under Temporary Assistance of Needy Families and on any realignment of funds. The Department and the counties shall work together to maximize full achievement of the State and county maintenance of effort. The Department shall make its report to members of the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Human Resources, and the Joint Legislative Public Assistance Committee, and to the Fiscal Research Division. (1997-443, s. 12.6; 1998-212, s. 12.27A(j); 1999-359, s. 4(a), (c).)

Editor's Note. — Session Laws 1999-359, s. 4(b) provides that notwithstanding G. S. 108A-27.12(e), during the 1999-2000 fiscal year, Electing Counties maintenance of effort shall be no less than 90% of the amount the county budgeted for programs under this Part during fiscal year 1996-97. If during the 1999-2000

fiscal year the Electing County achieves 100% of its goals as set forth in its Electing County Plan, then the Electing County may reduce its maintenance of effort to 80% of the amount the county budgeted for programs under this Part during fiscal year 1996-97 for the next year of the Electing County's operation and for all

years thereafter that the county maintains Electing Status. Section 4(b) does not apply to any electing county that achieved 100% of its goals as set forth in its Electing County Plan during the 1998-99 fiscal year.

Session Laws 1999-359, s. 4(c) was codified as subsection (g) of this section at the direction of the Revisor of Statutes.

Session Laws 1999-359, s. 4(d) provides that the Department shall continue to work with counties, area mental health authorities, and

other public and private entities or partnerships that provide services to Temporary Assistance for Needy Families recipients paid for with state and local funds to identify those services and activities that meet federal maintenance of effort requirements. The Department shall report the status of identifying services and activities in its quarterly report on meeting federal maintenance of effort requirements as required under s. 4(c) (codified as subsection (g) of G.S. 108A-27.12).

§ 108A-27.13. Performance standards.

(a) The Department, in consultation with the county department of social services and county board of commissioners, shall establish acceptable levels of performance for Standard Program Counties in meeting Work First expectations, measured by outcome and performance goals contained in the State Plan. The Department shall establish monitoring mechanisms and reporting requirements to assess progress toward the goals. The well-being of children and economic factors and conditions within the counties, including the increased numbers of persons employed and increased numbers of hours worked by and wages earned by recipients, shall be considered by the Department.

(b) Electing County performance shall be judged upon the county's ability to attain the outcomes and goals established in that county's County Plan.

(c) All adult recipients of Work First Program assistance are expected to achieve full-time employment, subject to applicable exceptions. Adult recipients of Work First Program assistance shall comply with the provisions and requirements in their MRAs. (1997-443, s. 12.6.)

§ 108A-27.14. Corrective action.

(a) When any county fails to meet acceptable levels of performance, the Department may take one or more of the following actions to assist the county in meeting its Work First goals:

- (1) Notify the county of the deficiencies and add additional monitoring and reporting requirements.
- (2) Require the county to develop and submit for approval by the Department a corrective action plan.

(b) If any Standard Program County fails to meet acceptable levels of performance for two consecutive years, or fails to comply with a corrective action plan developed pursuant to this section, the Department may assume control of the county's Work First Program, appoint an administrator to administer the county's Work First Program, and exercise the powers assumed to administer the Work First Program either directly or through contract with private or public agencies. County funding shall continue at levels established by the State Plan when the State has assumed control of a county Work First Program. At no time after the State has assumed control of a Work First Program shall a county withdraw funds previously obligated or appropriated to the Work First Program.

(c) If an Electing County fails to achieve its Work First Program goals for two consecutive years, or fails to comply with a corrective action plan developed pursuant to this section, and as a result the federal government imposes a penalty upon the State, then the county shall lose its Electing County status. (1997-443, s. 12.6.)

§ 108A-27.15. Assistance not an entitlement; appeals.

(a) Any assistance programs established under this Part, whether administered by the Department or the counties, are not entitlements, and nothing in this Part shall create any property right.

(b) The Standard Work First Program is a program of temporary public assistance for the purpose of an appeal under G.S. 108A-79. (1997-443, s. 12.6.)

§ 108A-27.16: Repealed by Session Laws 1999-237, s. 6(h), effective July 1, 1999.

§§ 108A-28, 108A-28.1: Repealed by Session Laws 1997-443, s. 12.14.

§ 108A-29. First Stop Employment Assistance; priority for employment services.

(a) There is established in the Employment Security Commission a program to be called First Stop Employment Assistance. The Chair of the Employment Security Commission shall administer the program with the participation and cooperation of the Department of Commerce, county boards of commissioners, the Department of Health and Human Services, the Department of Labor, the Department of Crime Control and Public Safety, and the community college system. The responsibilities of each agency shall be specified in a Memorandum of Understanding between the Employment Security Commission and the Department of Health and Human Services, in consultation with the Department of Commerce, the Department of Labor, and the community college system. The Employment Security Commission shall be the presumptive primary deliverer of job placement services for the Work First Program.

(b) Individuals seeking to apply or reapply for Work First Program assistance and who are not exempt from work requirements shall register with the First Stop Employment Assistance Program. The point of registration shall be at an office of the Employment Security Commission in the county in which the individual resides or at another location designated in a Memorandum of Understanding between the Employment Security Commission and the local department of social services.

(c) Individuals who are not otherwise exempt shall present verification of registration at the time of applying for Work First Program assistance. Unless exempt, the individual shall not be approved for Work First Program assistance until verification is received. Child-only cases are exempt from this requirement.

(d) Once an individual has registered as required in subsection (c) of this section and upon verification of the registration by the agency or contractor providing the Work First Program assistance, the individual's eligibility for Work First Program assistance may be evaluated and the application completed. Continued receipt of Work First Program benefits is contingent upon successful participation in the First Stop Employment Program, and lack of cooperation and participation in the First Stop Employment Program may result in the termination of benefits to the individual.

(e) The county board of commissioners shall determine which agencies or nonprofit or private contractors will participate with the Employment Security Commission and the local department of social services in developing the rules to implement the First Stop Employment Program.

(f) At the county's option, the Employment Security Commission, in consultation with and with the assistance of the agencies specified in the Memorandum of Understanding described in subsection (b) of this section, shall provide

to Work First Program registrants the continuum of services available through its Employment Security Commission. Each County Plan may provide that the county department of social services enter into a cooperative agreement with the Employment Security Commission to operate the Job Search component on behalf of Work First Program registrants. The cooperative agreement shall include a provision for payment to the Employment Security Commission by the county department of social services for the cost of providing those services, not otherwise available to all clients of the Employment Security Commission, described in this subsection as the same are reflected as a component of the County Plan payable from fund allocations in the county block grant. The county department of social services may also enter into a cooperative agreement with the community college system or any other entity to operate the Job Preparedness component. This cooperative agreement shall include a provision for payment to that entity by the county department of social services for the cost of providing those services, not otherwise available to all clients of the Employment Security Commission, described in this subsection as the same are reflected as a component of the County Plan payable from fund allocations in the county block grant.

(g) The Employment Security Commission shall be the primary job placement entity of the Work First Program. The Employment Security Commission shall further assist registrants through job search, job placement, or referral to community service, if contracted to do so.

(h) An individual placed in the Job Search component of the First Stop Employment Program shall look for work and shall accept any suitable employment. If contracted, the Employment Security Commission shall refer individuals to current job openings and shall make job development contacts for individuals. Individuals so referred shall be required to keep a record of their job search activities on a job search record form provided by the Commission, and the Employment Security Commission will monitor these activities. A "job search record" means a written list of dates, times, places, addresses, telephone numbers, names, and circumstances of job interviews. The Job Search component shall include at least one weekly contact with the Employment Security Commission. The Employment Security Commission shall adopt rules to accomplish this subsection.

(i) The Employment Security Commission shall notify all employers in the State of the "Exclusive No-Fault" Referral Service available through the Employment Security Commission to employers who hire personnel through Job Service referrals.

(j) All individuals referred to jobs through the Employment Security Commission shall be instructed in the procedures for applying for the Federal Earned Income Credit (FEIC). All individuals referred to jobs through the Employment Security Commission who qualify for the FEIC shall apply for the FEIC by filing a W-5 form with their employers.

(k) The FEIC shall not be counted as income when eligibility is determined for Work First Program assistance, Medicaid, food stamps, subsidies, public housing, or Supplemental Security Income.

(l) The Employment Security Commission shall work with the Department of Labor to develop a relationship with these private employment agencies to utilize their services and make referrals of individuals registered with the Employment Security Commission.

(m) An individual who has not found a job within 12 weeks of being placed in the Job Search component of the Program may also be placed in the Community Service component at the county's option.

(n) If after evaluation of an individual the Employment Security Commission believes it necessary, the Employment Security Commission or the county department of social services also may refer an individual to the Job Prepared-

ness component of the First Stop Employment Program. The local community college should include General Education Development, Adult Basic Education, or Human Resources Development programs that are already in existence as a part of the Job Preparedness component. Additionally, the Commission or the county department of social services may refer an individual to a literacy council. Through a Memorandum of Understanding between the Employment Security Commission, the local department of social services, and other contracted entities, a system shall be established to monitor an individual's progress through close communications with the agencies assisting the individual. The Employment Security Commission or Job Preparedness provider shall adopt rules to accomplish this subsection.

(o) The Job Preparedness component of the Program shall last a maximum of 12 weeks unless the recipient is registered and is satisfactorily progressing in a program that requires additional time to complete. Every reasonable effort shall be made to place the recipient in part-time employment or part-time community service if the time required exceeds the 12-week maximum. The county department of social services may contract with service providers to provide the services described in this section and shall monitor the provision of the services by the service providers. Registrants may participate in more than one component at a time.

(p) The Employment Security Commission shall expand its Labor Market Information System. The expansion shall at least include: statistical information on unemployment rates and other labor trends by county; and publications dealing with licensing requirements, economic development, and career projections, and information technology systems which can be used to track participants through the employment and training process.

(q) Each county Employment Security Commission local or branch office shall organize a Job Service Employer Committee. The Chairman of the Employment Security Commission shall appoint the Job Service Employer Committee members, each of whom shall serve two-year terms, from persons nominated by the local Job Service Employer Committee. The Employment Security Commission shall organize a State Job Service Employer Committee consisting of eight members who shall serve two-year terms. The Chairman of the Employment Security Commission shall appoint the State Job Service Employer Committee members after consultation with the Governor. The Employment Security Commission shall adopt rules and regulations concerning the meeting schedule and the conduct of meetings of each Job Service Employer Committee. Each Job Service Employer Committee in counties participating in the First Stop Employment Program shall oversee the operation of the First Stop Employment Program in that county and shall report to the local Employment Security Commission quarterly on its recommendations to improve the First Stop Employment Program. The Employment Security Commission shall develop the reporting method and time frame and shall coordinate a full report to be presented to the Senate Appropriations Committee on Health and Human Services and the House of Representatives Appropriations Subcommittee on Health and Human Services by the end of each calendar year.

(r) Each county's Job Service Employer Committee or Workforce Development Board shall continue the study of the working poor, titled "NC WORKS", in their respective counties and shall include the following in the study:

- (1) Determination of the extent to which current labor market participation enables individuals and families to earn the amount of disposable income necessary to meet their basic needs;
- (2) Determination of how many North Carolinians work and earn wages below one hundred fifty percent (150%) of the Federal Poverty Guideline and study trends in the size and demographic profiles of this underemployed group within the respective county;

- (3) Examination of job market factors that contribute to any changes in the composition and numbers of the working poor including, but not limited to, shifts from manufacturing to service, from full-time to part-time work, from permanent to temporary or their contingent employment;
- (4) Consideration and determination of the respective responsibilities of the public and private sectors in ensuring that working families and individuals have disposable income adequate to meet their basic needs;
- (5) Evaluation of the effectiveness of the unemployment insurance system in meeting the needs of low-wage workers when they become unemployed;
- (6) Examination of the efficacy of a State-earned income tax credit that would enable working families to meet the requirements of the basic needs budget;
- (7) Examination of the wages, benefits, and protections available to part-time and temporary workers, leased employees, independent contractors, and other contingent workers as compared to regular full-time workers;
- (8) Solicitation, receipt, and acceptance of grants or other funds from any person or entity and enter into agreements with respect to these grants or other funds regarding the undertaking of studies or plans necessary to carry out the purposes of the committee; and
- (9) A request of any necessary data from either public or private entities that relate to the needs of the committee or board.

Each committee or board shall prepare and submit a report on the finding for the county which it represents by May 1 of each year to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, the Senate Appropriations Committee on Natural and Economic Resources, and the House of Representatives Appropriations Subcommittee on Natural and Economic Resources.

(s) Members of families with dependent children and with aggregate family income at or below the level required for eligibility for Work First Family Assistance, regardless of whether or not they have applied for such assistance, shall be given priority in obtaining employment services including training and community service provided by or through State agencies or counties or with funds which are allocated to the State of North Carolina directly or indirectly through prime sponsors or otherwise for the purpose of employment of unemployed persons. (b) Upon receipt of such petition, the court shall promptly hold a hearing, provided the recipient shall receive five days' notice in writing of the time and place of such hearing. If the court, sitting without a jury, shall find at the hearing that the facts alleged in the petition are true, it may appoint some responsible person as personal representative. The personal representative shall serve without compensation and be responsible to the court for the faithful performance of his duties. He shall serve until the director of social services or the recipient shows to the court that the personal representative is no longer required or is unsuitable. All costs of court relating to proceedings under this section shall be waived.

(c) Any recipient for whom a personal representative is appointed may appeal such appointment to superior court for a hearing de novo without a jury.

(d) All findings of fact made under the proceedings authorized by this section shall not be competent as evidence in any case or proceeding which

concerns any subject matter other than that of appointing a personal representative. (1959, c. 1239, ss. 1, 3; 1961, c. 186; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

- (1) Is 65 years of age and older, or is between the ages of 18 and 65 and is permanently and totally disabled; and

(1949, c. 1038, s. 2; 1969, c. 546, s. 1; 1973, c. 476, s. 138; c. 717, s. 6; 1975, c. 92, s. 3; 1977, 2nd Sess., c. 1252, s. 2; 1981, c. 275, s. 1.)

§ 108A-46. Transfer of property for purposes of qualifying for State-county special assistance for adults; periods of ineligibility.

(a) Any person, otherwise eligible, who, either while receiving State-county special assistance or within one year prior to the date of applying for assistance, unless some other time period is mandated by controlling federal law, sells, gives, assigns or transfers countable real or personal property or an interest therein, either by himself or through his legal representative, for the purpose of retaining or establishing eligibility for State-county special assistance, shall be ineligible to receive assistance thereafter as set forth in subsection (c) of this section.

Countable real and personal property shall be real property, excluding a homesite, intangible personal property, nonessential motor and recreational vehicles, nonincome producing business equipment, boats and motors. The provisions of this act shall not apply to the sale, gift, assignment or transfer of real or personal property if and to the extent that the person applying for State-county special assistance would have been eligible for such assistance notwithstanding ownership of such property or an interest therein.

(b) Any sale, gift, assignment or transfer of real or personal property or an interest therein, as provided in subsection (a) of this section, shall be presumed to have been made for the purpose of retaining or establishing eligibility for State-county special assistance unless the person, or his legal representative, who sells, gives, assigns or transfers the property or interest, receives valuable consideration at least equal to the fair market value, less encumbrances, of the property or interest.

(c) Any person who, by himself or through his legal representative, sells, gives, assigns or transfers real or personal property or an interest therein for the purpose of retaining or establishing eligibility for State-county special assistance, as provided in subsection (a) of this section, shall be ineligible to receive assistance thereafter until an amount equal to the uncompensated value of the property or interest has been expended by or on behalf of such person for maintenance and support, including medical expenses, paid or incurred, or shall be ineligible in accordance with the following schedule, whichever is sooner:

- (1) For uncompensated value of at least one thousand dollars (\$1,000) but not more than six thousand dollars (\$6,000), a one-year period of ineligibility from date of sale, gift, assignment or transfer;
- (2) For uncompensated value of more than six thousand dollars (\$6,000) but not more than twelve thousand dollars (\$12,000), a two-year period of ineligibility from date of sale, gift, assignment or transfer;
- (3) For uncompensated value of more than twelve thousand dollars (\$12,000), a two-year period of ineligibility from date of sale, gift, assignment or transfer, plus one additional month of ineligibility for each five hundred dollar (\$500.00) increment or portion thereof by which the uncompensated value exceeds twelve thousand dollars (\$12,000), but in no event to exceed three years.

(d) The sale, gift, assignment or transfer for a consideration less than fair market value, less encumbrances, or any tangible personal property which was acquired with the proceeds of sale, assignment or transfer of real or intangible personal property described in subsection (a) of this section or in exchange for such real or intangible personal property shall be presumed to have been for the purpose of evading the provisions of this section if the acquisition and sale, gift, assignment or transfer of the tangible personal property is by or on behalf of a person receiving State-county special assistance or within one year of making application for such assistance and the consequences of the sale, gift, assignment or transfer of such tangible personal property shall be determined under the provisions of subsections (c), (f) and (g) of this section.

(e) The presumption created by subsections (b) and (d) may be overcome if the person receiving or applying for State-county special assistance, or his legal representative, establishes by the greater weight of the evidence that the sale, gift, assignment or transfer was exclusively for some purpose other than retaining or establishing eligibility for such assistance.

(f) For the purpose of establishing uncompensated value under subsection (c), the value of property or an interest therein shall be the fair market value of the property or interest at the time of the sale, gift, assignment or transfer, less the amount of compensation received for the property or interest, if any. There shall be a rebuttable presumption that the fair market value of real property is the most recent property tax value of the property, as ascertained according to Subchapter II of Chapter 105 of the General Statutes. Fair market value for purpose of this subsection shall be such value, determined as above set out, less any legally enforceable encumbrances to which the property is subject.

(g) In the event that there is more than one sale, gift, assignment or transfer of property or an interest therein by a person receiving State-county special

assistance or within one year of the date of an application for such assistance, unless some other time period is mandated by controlling federal law, the uncompensated value for the purposes of subsection (c) shall be the aggregate uncompensated value of all sales, gifts, assignments and transfers. The date which is the midpoint between the date of the first and the last sale, gift, assignment or transfer shall be the date from which the period of ineligibility shall be determined under subsection (c). (1979, c. 585, s. 1; 1981, c. 275, s. 1; c. 758, s. 1.)

§ 108A-47. Limitations on payments.

- (1) A member of the Social Services Commission, of any county board of social services, or of any board of county commissioners;
- (2) An official or employee of the Department, unless the official or employee has been appointed temporary manager of the facility pursuant to G.S. 131E-237, or of any county department of social services;

Such appropriations, together with county contributions for this purpose, shall be expended to provide for the costs of keeping children in foster care facilities.

(b) No benefits provided by this section shall be granted to any individual who has passed his eighteenth birthday unless he is less than 21 years of age and is a full-time student or has been accepted for enrollment as a full-time student for the next school term pursuing a high school diploma or its equivalent; a course of study at the college level; or a course of vocational or technical training designed to fit him for gainful employment. (1981, c. 275, s. 1.)

§ 108A-49. Foster care and adoption assistance payments.

(a) Benefits in the form of foster care assistance shall be granted in accordance with the rules of the Social Services Commission to any dependent child who would have been eligible to receive Aid to Families with Dependent Children (as that program was in effect on June 1, 1995), but for his or her removal from the home of a specified relative for placement in a foster care facility; provided, that the child's placement and care is the responsibility of a county department of social services. A county department of social services shall pay, at a minimum, the monthly graduated foster care assistance payments for eligible children as set by the General Assembly. A county department of social services may make foster care assistance payments in excess of the monthly graduated rates set by the General Assembly.

(b) Adoption assistance payments for certain adoptive children shall be granted in accordance with the rules of the Social Services Commission to adoptive parents who adopt a child eligible to receive foster care maintenance payments or supplemental security income benefits; provided, that the child cannot be returned to his or her parents; and provided, that the child has special needs which create a financial barrier to adoption. A county department of social services shall pay, at a minimum, the monthly graduated adoption assistance payments for eligible children as set by the General Assembly. A county department of social services may make adoption assistance payments in excess of the monthly graduated rates set by the General Assembly.

§ 108A-50. State benefits for certain adoptive children.

(a) The Department is authorized to establish a program of State benefits for certain adoptive children from appropriations made by the General Assembly and from grants available from the federal government to the State. This program shall be used exclusively for the purpose of meeting the needs of adoptive children who are physically or mentally handicapped, older, or otherwise hard to place for adoption.

(b) The purpose of this program is to encourage, within the limits of available funds, the adoption of certain hard-to-place children in order to make it possible for children living in, or likely to be placed in foster homes or institutions, to benefit from the stability and security of permanent homes where such children can receive continuous care, guidance, protection and love to reduce the number of such children who might be placed or remain in foster homes or institutions until they become adults.

(c) Eligibility for an adoptive child to receive assistance shall be determined by the Department under the rules and regulations of the Social Services Commission.

(d) Financial assistance under this program shall not be provided when the needed services are available free of cost to the adoptive child; or are covered by an insurance policy of the adoptive parents; or are available to the child under the Adoption Assistance Program specified in G.S. 108A-49. § 108A-53.1. Illegal possession or use of food stamps.

(a) Any person who knowingly buys, sells, distributes, or possesses with the intent to sell, or distribute food stamp coupons, authorization cards, or access devices in any manner contrary to that authorized by this Part or the regulations issued pursuant thereto shall be guilty of a Class H felony.

(b) Any person who knowingly uses, transfers, acquires, alters, or possesses food stamp coupons, authorization cards, or access devices in any manner contrary to that authorized by this Part or the regulations issued pursuant thereto, other than as set forth in subsection (a) of this section, shall be guilty of a Class 1 misdemeanor if the value of such food stamp coupons, authorization cards, or access devices is less than one hundred dollars (\$100.00), or a Class A1 misdemeanor if the value of such food stamp coupons, authorization cards, or access devices is equal to at least one hundred dollars (\$100.00) but less than five hundred dollars (\$500.00), or a Class I felony if the value of such food stamp coupons, authorization cards, or access devices is equal to at least five hundred dollars (\$500.00) but less than one thousand dollars (\$1,000), or a Class H felony if the value of such food stamp coupons, authorization cards, or access devices equals or exceeds one thousand dollars (\$1,000). Part 6. Medical Assistance Program.

§ 108A-54. Authorization of Medical Assistance Program.

The Department is authorized and empowered to establish a Medical Assistance Program from federal, State and county appropriations and to

adopt rules and regulations under which payments are to be made in accordance with the provisions of this Part. The nonfederal share may be divided between the State and the counties, in a manner consistent with the provisions of the federal Social Security Act, except that the share required from the counties may not exceed the share required from the state. If a portion of the nonfederal share is required from the counties, the boards of county commissioners of the several counties shall levy, impose and collect the taxes required for the special purpose of medical assistance as provided in this Part, in an amount sufficient to cover each county's share of such assistance. (1965, c. 1173, s. 1; 1969, c. 546, s. 1; 1973, c. 476, s. 138; 1977, 2nd Sess., c. 1219, s. 24; 1981, c. 275, s. 1.)

Editor's Note. — Session Laws 2000-67, s. 1.1, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2000.'"

Session Laws 2000-67, s. 11.6(a), provides: "Of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services for the 1999-2000 fiscal year, the Department shall transfer to the Mental Health Restricted Reserve not more than the amount of actual expenditures for Medicaid payments for the 1998-99 fiscal year for services provided by area mental health authorities. The Department shall transfer from the Division of Medical Assistance the estimated amount needed to match Medicaid payments for the former Carolina Alternatives Programs. The Department shall not transfer from area program allocations funds to cover Medicaid payment expen-

ditures that exceed the amount of funds in the Reserve for the 1999-2000 fiscal year."

Session Laws 2000-67, s. 11.6(c), provides: "Effective July 1, 2000, the county share of the cost of Medicaid Personal Care Services paid to adult care homes shall be decreased incrementally each fiscal year until the county share reaches fifteen percent (15%) of the nonfederal share by State fiscal year 2009-2010."

Session Laws 2000-67, s. 28.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2000-2001 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2000-2001 fiscal year."

Session Laws 2000-67, s. 28.4, contains a severability clause.

CASE NOTES

Compliance with Statutes and Regulations in Determining Eligibility Required.

— A state agency designated by the legislature as being responsible for determining eligibility for medical assistance must comply with state and federal statutes and regulations in making such determinations. *Lowe v. North Carolina Dep't of Human Resources*, 72 N.C. App. 44, 323 S.E.2d 454 (1984).

Medicaid Has No Resource Spend-Down Provision. — The North Carolina Medicaid statute, like the federal statute, does not have a specific resource spend-down provision in its plan. *Elliot ex rel. Casstevens v. Department of Human Resources*, 115 N.C. App. 613, 446 S.E.2d 809, aff'd, 341 N.C. 191, 459 S.E.2d 273 (1995).

Use of Resource Spend-Down Not Required. — The North Carolina Medicaid plan does not require the use of resource spend-down when evaluating Medicaid eligibility. *Elliot ex rel. Casstevens v. Department of Human Resources*, 115 N.C. App. 613, 446 S.E.2d 809, aff'd, 341 N.C. 191, 459 S.E.2d 273 (1995).

Calculation of Medicaid Reserve. — The

Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA), 42 U.S.C. § 1396a(a)-(10)(C)(i)(III), mandates that North Carolina use the "\$6,000/6% rule" for calculating what property should be excluded from a person's Medicaid reserve, under which rule property may be excluded from an applicant's or recipient's reserve of property if it has equity value of less than \$6,000 and earns an annual income equal to or greater than 6% of its value, but will be included if it has equity value greater than \$6,000 or earns an annual income of less than 6% of its value, because it is a part of a methodology for determining Supplemental Security Income eligibility. *Morris ex rel. Simpson v. Morrow*, 783 F.2d 454 (4th Cir. 1986).

Payment by tort-feasor of injured party's claim without notice of subrogee's interest is a complete defense to a subrogee's claim against the tort-feasor. *Johnston County v. McCormick*, 65 N.C. App. 63, 308 S.E.2d 872 (1983).

Intervenor insurer was not entitled to attorneys' fees under § 97-88, where intervenor had accepted Medicaid as payment for

the injured employee's medical care under Medicaid, Title XIX of the Social Security Act, 42 U.S.C. §§ 1396-1396v (1994), and in conjunction with North Carolina's Medicaid program as set out in §§ 108A-54 thru 108A-70.5, and, thereby, gave up its right to hold the injured employee liable for any costs associated with that care aside from the standard deductible, coinsurance or copayment required. *Pearson v. § 108A-55. Payments.

(a) The Department may authorize, within appropriations made for this purpose, payments of all or part of the cost of medical and other remedial care for any eligible person when it is essential to the health and welfare of such person that such care be provided, and when the total resources of such person are not sufficient to provide the necessary care. When determining whether a person has sufficient resources to provide necessary medical care, there shall be excluded from consideration the person's primary place of residence and the land on which it is situated, and in addition there shall be excluded real property contiguous with the person's primary place of residence in which the property tax value is less than twelve thousand dollars (\$12,000).

(b) Payments shall be made only to intermediate care facilities, hospitals and nursing homes licensed and approved under the laws of the State of North Carolina or under the laws of another state, or to pharmacies, physicians, dentists, optometrists or other providers of health-related services authorized by the Department. Payments may also be made to such fiscal intermediaries and to the capitation or prepaid health service contractors as may be authorized by the Department. Arrangements under which payments are made to capitation or prepaid health services contracts are not subject to the provisions of Chapter 58 of the General Statutes or of Article 3 of Chapter 143 of the General Statutes.

(c) The Department shall reimburse providers of services, equipment, or supplies under the Medical Assistance Program in the following amounts:

- (1) The amount approved by the Health Care Financing Administration of the United States Department of Health and Human Services, if that Administration approves an exact reimbursement amount;
- (2) The amount determined by application of a method approved by the Health Care Financing Administration of the United States Department of Health and Human Services, if that Administration approves the method by which a reimbursement amount is determined, and not the exact amount.

The Department shall establish the methods by which reimbursement amounts are determined in accordance with Chapter 150B of the General Statutes. A change in a reimbursement amount becomes effective as of the date for which the change is approved by the Health Care Financing Administration of the United States Department of Health and Human Services. The Department shall report to the Fiscal Research Division of the Legislative Services Office and to the Senate Appropriations Committee on Human Resources and the House of Representatives Appropriations Subcommittee on Human Resources or the Joint Legislative Commission on Health Care Oversight on any change in a reimbursement amount at the same time as it sends out public notice of this change prior to presentation to the Health Care Financing Administration.

(d) No payments shall be made for the care of any person in a nursing home or intermediate care home which is owned or operated in whole or in part by

a member of the Social Services Commission, of any county board of social services, or of any board of county commissioners, or by an official or employee of the Department or of any county department of social services or by a spouse of any such person. This section does not require that Medicaid applicants own their primary place of residence in order to exclude property they own contiguous to their residence from their assets for purposes of determining their eligibility for Medicaid benefits. *Correll v. Division of Social Servs.*, 332 N.C. 141, 418 S.E.2d 232 (1992).

Medically Unnecessary Abortions. — By no stretch of the imagination can medically unnecessary abortions be considered as "essential to the health and welfare" of the recipients. *Stam v. State*, 302 N.C. 357, 275 S.E.2d 439 (1981), decided under former Chapter 108.

§ 108A-56. Acceptance of federal grants.

All of the provisions of the federal Social Security Act providing grants to the states for medical assistance are accepted and adopted, and the provisions of this Part shall be liberally construed in relation to such act so that the intent to comply with it shall be made effectual. Nothing in this Part or the regulations made under its authority shall be construed to deprive a recipient of assistance of the right to choose the licensed provider of the care or service made available under this Part within the provisions of the federal Social Security Act. (1965, c. 1173, s. 1; 1969, c. 546, s. 1; 1981, c. 275, s. 1.)

§ 108A-57. Subrogation rights; withholding of information a misdemeanor.

(a) Notwithstanding any other provisions of the law, to the extent of payments under this Part, the State, or the county providing medical assistance benefits, shall be subrogated to all rights of recovery, contractual or otherwise, of the beneficiary of this assistance, or of the beneficiary's personal representative, heirs, or the administrator or executor of the estate, against any person. The county attorney, or an attorney retained by the county or the State or both, or an attorney retained by the beneficiary of the assistance if this attorney has actual notice of payments made under this Part shall enforce this section. Any attorney retained by the beneficiary of the assistance shall, out of the proceeds obtained on behalf of the beneficiary by settlement with, judgment against, or otherwise from a third party by reason of injury or death, distribute to the Department the amount of assistance paid by the Department on behalf of or to the beneficiary, as prorated with the claims of all others having medical subrogation rights or medical liens against the amount received or recovered, but the amount paid to the Department shall not exceed one-third of the gross amount obtained or recovered.

The United States and the State of North Carolina shall be entitled to shares in each net recovery under this section. Their shares shall be promptly paid under this section and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid to the recipient.

(b) It is a Class 1 misdemeanor for any person seeking or having obtained assistance under this Part for himself or another to willfully fail to disclose to the county department of social services or its attorney the identity of any person or organization against whom the recipient of assistance has a right of recovery, contractual or otherwise. (1973, c. 476, s. 138; c. 1031, s. 1; 1979, 2nd Sess., c. 1312, ss. 1, 2; 1981, c. 275, s. 1; 1987 (Reg. Sess., 1988), c. 1022; 1993, c. 539, s. 815; 1994, Ex. Sess., c. 24, s. 14(c); 1996, 2nd Ex. CASE NOTES

Who May Bring Action. — Where a cause of action is created by statute and the statute also provides who is to bring the action, the person or persons so designated, and, ordinarily, only such persons, may sue. *Malloy v. Durham County Dep't of Social Servs.*, 58 N.C. App. 61, 293 S.E.2d 285 (1982), decided under former § 108-61.2.

Subdivision of County May Not Be Subrogated to Its Rights. — A county department of social services may not recover by subrogation under this section, since that right inheres only in the county involved, not such county department. *Malloy v. Durham County*

Dep't of Social Servs., 58 N.C. App. 61, 293 S.E.2d 285 (1982), decided under former § 108-61.2.

Payment by tort-feasor of injured party's claim without notice of subrogee's interest is a complete defense to a subrogee's claim against the tort-feasor. *Johnston County v. McCormick*, 65 N.C. App. 63, 308 S.E.2d 872 (1983).

Evidence of a Collateral Benefit. — In tort actions, evidence of a collateral benefit is improper when the plaintiff will not receive a double recovery. Because Medicaid provides for a right of subrogation in the State to recover

sums paid to plaintiffs, this principle is applicable thereto. *Cates v. Wilson*, 321 N.C. 1, 361 S.E.2d 734 (1987).

Subrogation Rights. — The plain language of this section does not provide that the state is subrogated to all rights of recovery to the extent of all money a medical assistance beneficiary receives, only that the state is subrogated to all rights of recovery of the beneficiary of medical assistance to the extent of payments under the entitled Medical Assistance Program. *North Carolina Dep't of Human Resources v. Weaver*, 121 N.C. App. 517, 466 S.E.2d 717, cert. denied, 342 N.C. 896, 467 S.E.2d 905 (1996).

Subrogation Rights — Similarities Between This Section And the FMCRA. — The

Federal Medical Care Recovery Act (FMCRA), 42 U.S.C.A. §§ 2651-2653, like this section, provides for a right of subrogation by the United States, which right the government may abandon, although not to the benefit of the defendant tortfeasor. *Kaminsky v. Sebile*, 140 N.C. App. 71, 535 S.E.2d 109 (2000).

Attorney's Fees. — This section does not govern a private attorney's fee arrangement with his client. The section regulates the amount of the attorney's fee only as it relates to the amount of the "medicaid lien" payable to plaintiff. *North Carolina Dep't of Human Resources v. Weaver*, 121 N.C. App. 517, 466 S.E.2d 717, cert. denied, 342 N.C. 896, 467 S.E.2d 905 (1996).

§ 108A-57.1. Rules governing transfer of medical assistance benefits between counties.

Any recipient of medical assistance who moves from one county to another county of this State shall continue to receive medical assistance if eligible. The county director of social services of the county from which the recipient has moved shall transfer all necessary records relating to the recipient to the county director of social services of the county to which the recipient has moved. The county from which the recipient has moved shall pay the county portion of the nonfederal share of medical assistance payments paid for services provided to the recipient during the month following the recipient's move. Thereafter, the county to which the recipient has moved shall pay the county portion of the nonfederal share of medical assistance payments paid for the services provided to the recipient. (1998-212, s. 12.6.)

§ 108A-58. Transfer of property for purposes of qualifying for medical assistance; periods of ineligibility.

(a) Any person, otherwise eligible, who, either while receiving medical assistance benefits or within one year prior to the date of applying for medical assistance benefits, unless some other time period is mandated by controlling federal law, sells, gives, assigns or transfers countable real or personal property or an interest in real or personal property for the purpose of retaining or establishing eligibility for medical assistance benefits, shall be ineligible to receive medical assistance benefits as set forth in subsection (c) of this section.

Countable real and personal property includes real property, excluding a homesite, intangible personal property, nonessential motor and recreational vehicles, nonincome producing business equipment, boats and motors. The provisions of this act shall not apply to the sale, gift, assignment or transfer of real or personal property if and to the extent that the person applying for medical assistance would have been eligible for such assistance notwithstanding ownership of such property or an interest therein.

(b) Any sale, gift, assignment or transfer of real or personal property or an interest in real or personal property, as provided in subsection (a) of this section, shall be presumed to have been made for the purpose of retaining or establishing eligibility for medical assistance benefits unless the person, or the person's legal representative, who sells, gives, assigns or transfers the property or interest, receives valuable consideration at least equal to the fair market value, less encumbrances, of the property or interest.

(c) Any person who sells, gives, assigns or transfers real or personal property or an interest in real or personal property for the purpose of retaining or establishing eligibility for medical assistance benefits, as provided in subsection (a) of this section, shall, after the time of transfer, be ineligible to receive these benefits until an amount equal to the uncompensated value of the property or interest has been expended by or on behalf of the person for the person's maintenance and support, including medical expenses, paid or incurred, or shall be ineligible in accordance with the following schedule, whichever is sooner;

- (1) For uncompensated value of at least one thousand dollars (\$1,000) but not more than six thousand dollars (\$6,000), a one-year period of ineligibility from date of sale, gift, assignment or transfer;
- (2) For uncompensated value of more than six thousand dollars (\$6,000) but not more than twelve thousand dollars (\$12,000), a two-year period of ineligibility from date of sale, gift, assignment or transfer;
- (3) For uncompensated value of more than twelve thousand dollars (\$12,000), a two-year period of ineligibility from date of sale, gift, assignment or transfer, plus one additional month of ineligibility for each five hundred dollar (\$500.00) increment or portion thereof by which the uncompensated value exceeds twelve thousand dollars (\$12,000), but in no event to exceed three years.

(d) The sale, gift, assignment or transfer for a consideration less than fair market value, less encumbrances, of any tangible personal property which was acquired with the proceeds of sale, assignment or transfer of real or intangible personal property described in subsection (a) of this section or in exchange for such real or intangible personal property shall be presumed to have been for the purpose of evading the provisions of this section if the acquisition and sale, gift, assignment or transfer of the tangible personal property is by or on behalf of a person receiving medical assistance or within one year of making application for such assistance and the consequences of the sale, gift, assignment of transfer of such tangible personal property shall be determined under the provisions of subsections (c), (f) and (g) of this section.

(e) The presumptions created by subsections (b) and (d) may be overcome if the person receiving or applying for medical assistance, or the person's legal representative, establishes by the greater weight of the evidence that the sale, gift, assignment or transfer was exclusively for some purpose other than retaining or establishing eligibility for medical assistance benefits.

(f) For the purpose of establishing uncompensated value under subsection (c), the value of property or an interest therein shall be the fair market value of the property or interest at the time of the sale, gift, assignment or transfer, less the amount of compensation, if any, received for the property or interest. There shall be a rebuttable presumption that the fair market value of real property is the most recent property tax value of the property, as ascertained according to Subchapter II of Chapter 105 of the General Statutes. Fair market value for purpose of this subsection shall be such value, determined as above set out, less any legally enforceable encumbrances to which the property is subject.

(g) In the event that there is more than one sale, gift, assignment or transfer of property or an interest therein by a person receiving medical assistance or within one year of the date of an application for medical assistance, unless some other time period is mandated by controlling federal law, the uncompensated value, for the purposes of subsection (c), shall be the aggregate uncompensated value of all sales, gifts, assignments and transfers. The date which is the midpoint between the date of the first and last sale, gift, assignment or transfer shall be the date from which the period of ineligibility shall be determined under subsection (c).

(h) This section shall not apply to applicants for or recipients of Work First Family Assistance or to persons entitled to medical assistance by virtue of their eligibility for Work First Family Assistance.

(i) This section shall apply only to transfers made before July 1, 1988. (1977, c. 59, s. 1; 1981, c. 275, s. 1; c. 758, s. 2; 1989, c. 120; 1997-443, s. 12.11.)

Calculation of Medicaid Reserve. — The Tax Equity and Fiscal Responsibility Act of 1982 (TEFRA), 42 U.S.C. § 1396a(a)-(10)(C)(i)(III), mandates that North Carolina use the “\$6,000/6% rule” for calculating what property should be excluded from a person’s Medicaid reserve, under which rule property may be excluded from an applicant’s or recipient’s reserve of property if it has equity value of less than \$6,000 and earns an annual income

equal to or greater than 6% of its value, but will be included if it has equity value greater than \$6,000 or earns an annual income of less than 6% of its value, because it is a part of a methodology for determining Supplemental Security Income eligibility. *Morris ex rel. Simpson v. Morrow*, 783 F.2d 454 (4th Cir. 1986).

§ 108A-59. Acceptance of medical assistance constitutes assignment to the State of right to third party benefits; recovery procedure.

(a) Notwithstanding any other provisions of the law, by accepting medical assistance, the recipient shall be deemed to have made an assignment to the State of the right to third party benefits, contractual or otherwise, to which he may be entitled.

It shall be the responsibility of the county attorney of the county from which the medical assistance benefits are received or an attorney retained by that county and/or the State to enforce this subsection, and said attorney shall be compensated for his services in accordance with the attorneys’ fee arrangements approved by the Department of Health and Human Services.

(b) The responsible State agency will establish a third party resources collection unit that is adequate to assure maximum collection of third party resources.

(c) Notwithstanding any other law to the contrary, in all actions brought pursuant to subsection (a) of this section to obtain reimbursement for payments for medical services, liability shall be determined on the basis of the same laws and standards, including bases for liability and applicable defenses, as would be applicable if the action were brought by the individual on whose behalf the medical services were rendered. (1977, c. 664; 1979, 2nd Sess., c. 1312, ss. 3-5; 1981, c. 275, s. 1; 1995, c. 508, s. 2; 1997-443, s. 11A.118(a).)

CASE NOTES

Pharmacist who actually furnished and provided medical assistance to Medicaid patients is a "provider" under the statute, unless some other provision of law gives the word a different meaning from the one commonly understood. None does. *State v. Beatty*, 64 N.C. App. 511, 308 S.E.2d 65, cert. denied, 309 N.C. 823, 310 S.E.2d 354 (1983).

Definition of "Provider" in Federal Medicaid Regulations. — Under Title XIX of the Social Security Act 42 U.S.C. § 1396, et seq., drugs prescribed for and dispensed to eligible patients are part of the medical care, and services covered by Medicaid and regulations governing all aspects of Medicaid were adopted. These regulations may be found in the Code of Federal Regulations. One of them defines a

Medicaid "provider" as "any individual or entity furnishing Medicaid services under a provider agreement with the [state] Medicaid agency." 42 C.F.R. § 430.1 (1982). Another refers to a "provider" as "an individual or entity which furnishes items or services for which payment is claimed under Medicaid." 42 C.F.R. § 455.300(a) (1982). These regulations are as much a part of the law as they would be if they had been read three times and adopted by the General Assembly and explicitly set forth in the General Statutes. *State v. Beatty*, 64 N.C. App. 511, 308 S.E.2d 65, cert. denied, 309 N.C. 823, 310 S.E.2d 354 (1983).

This misuse includes the sale, alteration, or lending of the Medicaid identification card to others for services and the use of the card by someone other than the recipient

to receive or attempt to receive Medicaid program coverage for services rendered to that individual.

Proof of intent to defraud does not require proof of intent to defraud any particular person.

(c)(1) A person who violates a provision of this section shall be guilty of a Class I felony if the value of the assistance wrongfully obtained is more than four hundred dollars (\$400.00).

OPINIONS OF ATTORNEY GENERAL

Medical Child Support Enforcement Provisions. — The medical child support enforcement provisions of House Bill 1563, 1993 (Reg. Sess., 1994) N.C. Session Laws c. 644, are

inapplicable to the North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan and the governmental entities whose employees and retirees, along with their dependents, are eligible for coverage under the Plan or its HMO option. Medical child support orders nonetheless may be enforced directly against State employees and retirees who fail

to enroll, or maintain coverage for, their eligible dependent children under the State Health Plan in accordance with the provisions of §§ 50-13.4(f), 50-13.9 and 50-13.11. See opinion of Attorney General to Patricia Crawford, Associate General Counsel, University of North Carolina at Chapel Hill, — N.C.A.G. — (August 10, 1995).

§ 108A-70. Recoupment of amounts spent on medical care.

(a) The Department may garnish the wages, salary, or other employment income of, and the Secretary of Revenue shall withhold amounts from State tax refunds to, any person who:

- (1) Is required by court or administrative order to provide health benefit plan coverage for the cost of health care services to a child eligible for medical assistance under Medicaid; and
- (2) Has received payment from a third party for the costs of such services; but
- (3) Has not used such payments to reimburse, as appropriate, either the other parent or guardian of the child or the provider of the services; to the extent necessary to reimburse the Department for expenditures for such costs under this Part; provided, however, claims for current and past due child support shall take priority over any such claims for the costs of such services.

(b) To the extent that payment for covered services has been made under G.S. 108A-55 for health care items or services furnished to an individual, in any case where a third party has a legal liability to make payments, the Department of Health and Human Services is considered to have acquired the rights of the individual to payment by any other party for those health care items or services. § 108A-70.5. Medicaid Estate Recovery Plan.

(a) There is established in the Department of Health and Human Services, the Medicaid Estate Recovery Plan, as required by the Omnibus Budget Reconciliation Act of 1993, to recover from the estates of recipients of medical assistance an equitable amount of the State and federal shares of the cost paid the recipient. The Department shall administer the program in accordance with applicable federal law and regulations, including those under Title XIX of the Social Security Act, 42 U.S.C. § 1396(p).

(b) As used in this section:

- (1) "Medical assistance" means medical care services paid for by the North Carolina Medicaid Program on behalf of the recipient:
 - a. If the recipient is receiving these medical care services as an inpatient in a nursing facility, intermediate care facility for the mentally retarded, or other medical institution, and cannot reasonably be expected to be discharged to return home; or
 - b. If the recipient is 55 years of age or older and is receiving these medical care services, including related hospital care and prescription drugs, for nursing facility services or home- and community-based services.
- (2) "Estate" means all the real and personal property considered assets of the estate available for the discharge of debt pursuant to G.S. 28A-15-1.

(c) The amount the Department recovers from the estate of any recipient shall not exceed the amount of medical assistance made on behalf of the recipient and shall be recoverable only for medical care services prescribed in subsection (b) of this section. The Department is a fifth-class creditor, as prescribed in G.S. 28A-19-6, for purposes of determining the order of claims against an estate; provided, however, that judgments in favor of other fifth-class creditors docketed and in force before the Department seeks recovery for medical assistance shall be paid prior to recovery by the Department.

(d) The Department of Health and Human Services shall adopt rules pursuant to Chapter 150B of the General Statutes to implement the Plan, including rules to waive whole or partial recovery when this recovery would be inequitable because it would work an undue hardship or because it would not be administratively cost-effective and rules to ensure that all recipients are notified that their estates are subject to recovery at the time they become eligible to receive medical assistance.

(e) Regarding trusts that contain the assets of an individual who is disabled as defined in Title 19 of Section 1014(a)(3) of the Social Security Act, as amended, if the trust is established and managed by a nonprofit association, to the extent that amounts remaining in the beneficiary's account upon the death of the beneficiary are not retained by the nonprofit association, the trust pays to the Department from these remaining amounts in the account an amount equal to the total amount of medical assistance paid on behalf of the beneficiary under the North Carolina Medicaid Program. (1993 (Reg. Sess., 1994), c. 769, s. 25.47(a); 1997-443, s. 11A.118(a).)

- (8) Designate a person to whom answers to written interrogatories shall be submitted and to whom any document or object shall be produced; and
- (9) Contain a copy of subsections (b) and (c) of this section.

(c) The date within which to answer any written interrogatories and within which any document or object must be produced shall be more than 30 days after the civil investigative demand has been served upon the person. The date within which a person must appear to testify shall be more than 15 days after the demand has been served upon a person who resides out-of-state or more than 10 days after the demand has been served upon a person who resides in-state.

(d) The person before whom the oral examination is to be taken shall put the person to be examined on oath and shall personally, or by someone acting under the person's direction and in the person's presence, record the testimony of the person to be examined. The Attorney General may exclude from the place where the examination is held all persons except the person giving the testimony, the attorney or other representative of the person giving the

testimony, the Attorney General conducting the examination, the investigator assisting the Attorney General, the stenographer, and any other person agreed upon by the Attorney General and the person giving the testimony. When the testimony is transcribed, the person shall have a reasonable opportunity to examine and read the transcript, unless an examination and reading are waived by the person. Any changes in form or substance which the person desires to make shall be entered and identified upon the transcript by the person. The transcript shall then be signed by the person, unless the person in writing waives the signing, is ill, cannot be found, or refuses to sign.

(e) Each interrogatory in a civil investigative demand served under this section shall be answered separately and fully in writing under oath and shall be submitted under sworn certificate by the person to whom the demand is directed, or in the case of a person other than a natural person, a person having knowledge of the facts and circumstances relating to the production and authorized to act on behalf of the person. If a person objects to any interrogatory, the reasons for the objection shall be stated in the certificate instead of an answer. The certificate shall state that all information required by the demand and in the possession, custody, control, or knowledge of the person to whom the demand is directed has been submitted. To the extent that any information is not furnished, the information shall be identified and reasons set forth with particularity regarding the reasons why the information was not furnished.

(f) The production of documents and objects in response to a civil investigative demand served under this section shall be made under a sworn certificate by the person to whom the demand is directed, or in the case of a person other than a natural person, a person having knowledge of the facts and circumstances relating to the production and authorized to act on behalf of the person. The certificate shall state that all of the documentary material required by the demand and in the possession, custody, or control of the person to whom the demand is directed has been produced and made available. Upon written agreement between the person served with the civil investigative demand and the Attorney General, the person may substitute copies for originals of all or any part of the documents requested.

(g) No person shall be excused from testifying, answering interrogatories, or producing documents or objects in response to a civil investigative demand on the ground that the testimony, answers, documents, or objects required of the person may tend to incriminate the person. However, no testimony, answers, documents, or objects compelled pursuant to G.S. 108A-70.14 may be used against the person in a criminal action, except a prosecution for perjury or for contempt arising from a failure to comply with an order of the court.

(h) Any person appearing for oral testimony under a civil investigative demand issued pursuant to this section shall be entitled to the same fees and allowances paid to witnesses in the General Court of Justice of the State of North Carolina.

(i) If a person objects to or otherwise fails to comply with a civil investigative demand served upon the person under subsection (a) of this section, the Attorney General may file an action in superior court for an order to enforce the demand. Venue for the action to enforce the demand shall be in either Wake County or the county in which the person resides. Notice of a hearing on the action to enforce the demand and a copy of the action shall be served upon the person in the same manner as prescribed in the Rules for Civil Procedure. If the court finds that the demand is proper, that there is reasonable cause to believe that there may have been a violation of G.S. 108A-70.12, and that the information sought or document or object demanded is relevant to the violation, the court shall order the person to comply with the demand, subject to modifications the court may prescribe.

- (j) If the person fails to comply with an order entered pursuant to subsection (i) of this section, the court may:
 - (1) Adjudge the person to be in contempt of court;
 - (2) Grant injunctive relief against the person to whom the demand is issued to restrain the conduct which is the subject of the investigation; or
 - (3) Grant any other relief as the court may deem proper.
- (k) Any transcript of oral testimony, answers to written interrogatories, and documents and objects produced pursuant to this section may be used in connection with any civil action brought under G.S. 108A-70.12.
- (l) The North Carolina Rules of Civil Procedure shall apply to this section to the extent that the rules are not inconsistent with the provisions of this section. (1997-338, s. 1.)

§ 108A-70.15. Employee remedies.

- (a) In the absence of fraud or malice, no person who furnishes information to officials of the State responsible for investigating false claims violations shall be liable for damages in a civil action for any oral or written statement made or any other action that is necessary to supply information required pursuant to this Part.
- (b) Any employee of a provider who is discharged, demoted, suspended, threatened, harassed, or in any other manner discriminated against in the terms and conditions of employment by the employee's employer because of lawful acts done by the employee on behalf of the employee or others in furtherance of an action under G.S. 108A-70.12, including investigation for, initiation of, testimony for, or assistance in an action filed or to be filed under G.S. 108A-70.12, shall be entitled to all relief necessary to make the employee whole. Relief shall include reinstatement with the same seniority status as the employee would have had but for the discrimination, two times the amount of back pay, interest on the back pay, and compensation for any special damages sustained as a result of the discrimination, including litigation costs and reasonable attorneys' fees. An employee may bring an action in the appropriate court for the relief provided in this section. (1997-338, s. 1.)

§ 108A-70.16. Uniformity of interpretation.

This Part shall be so interpreted and construed as to be consistent with the federal False Claims Act, 31 U.S.C. § 3729, et seq., and any subsequent amendments to that act. (1997-338, s. 1.)

§ 108A-70.17: Reserved for future codification purposes.

Editor's Note. — Session Laws 1998-1, s. 1, effective May 7, 1998, enacted this section. Subsequently, Session Laws 1998-166, s. 6, effective July 1, 1998 amended this section. Subdivision (8), prior to the amendment by Session Laws 1998-166 read as follows: "'Uninsured' means the applicant for Program benefits was not covered under any private or employer-sponsored comprehensive health insurance plan for the six-month period immediately preceding the date the Program becomes effective. Effective six months from date the Program becomes effective, 'uninsured' means the applicant is and was not covered under any private or employer-sponsored comprehensive health insurance plan for 60 days immediately preceding the date of application. The waiting periods required under this subdivision shall be waived if the child has lost Medicaid eligibility due to a change in family income or has lost employer-sponsored comprehensive health care coverage due to termination of employment, cessation by the employer of employer-sponsored health coverage, or cessation of the employer's business."

Session Laws 1998-1, s. 7, provides: "In order to ensure that health insurance coverage provided to children from public funds is not duplicative of coverage provided to the same children pursuant to court orders for medical support or health insurance, the Department of Health and Human Services shall develop a plan for collecting and retrieving data to enable the Department to readily identify children covered by support orders and also covered under private health insurance, or eligible for coverage under the State Medicaid Program or the Health Insurance Program for Children established in this act. No later than October 1, 1998, the Department shall report on the development of this plan to the Joint Legislative Health Care Oversight Committee."

Session Laws 1998-1, s. 8, as amended by Session Laws 1999-4, s. 1, provides: "The Executive Administrator and Board of Trustees of the Teachers' and State Employees' Compre-

hensive Major Medical Plan shall conduct a survey of any claims paid by the Plan's self-insured indemnity program during each of the last three plan years. Any results of the survey shall be used by the Plan in conducting a study of the array of medical services delivered in school-based settings and whether or not such services should be eliminated, curtailed, or expanded. No later than March 31, 1999, the Plan shall make its findings and recommendations pursuant to this study known to the Committee on Employee Hospital and Medical Benefits, the Joint Legislative Health Care Oversight Committee, and the 1999 Session of the General Assembly."

Session Laws 1998-1, s. 9 provides that the Department of Health and Human Services shall select a name for the Health Insurance Program for Children established under this act not later than September 1, 1998, and the Department shall establish procedures for public input into the selection of the name and prior to final selection of the Program name, the Department shall report to the Joint Legislative Health Care Oversight Committee the results of the public input solicited by the Department and the name selected by the Department.

Session Laws 1998-1, s. 10, effective July 1, 1998, provides "(a) ...that fifteen million six hundred seventeen thousand eight hundred twenty-two dollars (\$15,617,822) is appropriated to the Department of Health and Human Services for the 1998-99 fiscal year to be used for the Health Insurance Program for Children. The Office of State Budget and Management [now the Office of State Budget, Planning, and Management] shall include the amount of State funds necessary for Program implementation for the budgeted fiscal year but not more than the amount necessary to draw down the maximum amount of federal funds available to the State for the Health Insurance Program for Children under Title XXI of the Social Security Act, as added by Pub. L. 105-33, 111 Stat. 552.

"(b) Of the funds appropriated under subsec-

tion (a) of this section, the Department of Health and Human Services may use up to two million dollars (\$2,000,000) for the 1998-99 fiscal year to cover unmatched start-up costs for the Health Insurance Program for Children established under this act.

“(c) No State funds appropriated under this act may be expended for any purpose other than as provided under this act for the implementation of the Health Insurance Program for Children established under this act and approved by the United States Secretary of Health and Human Services under Title XXI of the Social Security Act, as added by Pub. L. 105-33, 111 Stat. 552.

“(d) Funds appropriated under this section and not expended or obligated in the 1998-99 fiscal year shall revert to the General Fund on June 30, 1999.”

Session Laws 1998-1, s. 11 provides in part that health insurance coverage provided to children under the Health Insurance Program for Children established under this act shall become effective no earlier than October 1, 1998. Since the Health Insurance Program for Children established in this act is dependent upon federal funds, it is the intent of the General

Assembly that the Health Insurance Program for Children will continue and benefits will be paid for so long as federal funds are available and State funds are specifically appropriated for this purpose.

Session Laws 1998-166, s. 11 contains a severability clause.

Session Laws 2000-67, s. 1.1, provides: “This act shall be known as ‘The Current Operations and Capital Improvements Appropriations Act of 2000.’”

Session Laws 2001-424, s. 36.5 is a severability clause.

Effect of Amendments. — Session Laws 2000-67, s. 11.8.(a), as amended by Session Laws 2000-140, s. 90(d), effective July 1, 2000, substituted “As used in this Part, unless” for “Unless” in the introductory paragraph and rewrote subdivision (8).

Session Laws 2001-424, s. 21.22(b), effective July 1, 2001, rewrote subdivision (8).

§ 108A-70.19. Short title; purpose; no entitlement.

This Part may be cited as “The Health Insurance Program for Children Act of 1998.” The purpose of this Part is to provide comprehensive health insurance coverage to uninsured low-income children who are residents of this State. Coverage shall be provided from federal funds received, State funds appropriated, and other nonappropriated funds made available for this purpose. Nothing in this Part shall be construed as obligating the General Assembly to appropriate funds for the Program or as entitling any person to coverage under the Program. (1998-1, s. 1.)

§ 108A-70.20. Program established.

The Health Insurance Program for Children is established. The Program shall be administered by the Department of Health and Human Services in accordance with this Part and as required under Title XXI and related federal rules and regulations. Administration of Program benefits and claims processing shall be as provided under Part 5 of Article 3 of Chapter 135 of the General Statutes. (1998-1, s. 1.)

§ 108A-70.21. Program eligibility; benefits; enrollment fee and other cost-sharing; coverage from private plans; purchase of extended coverage.

(a) Eligibility. — The Department may enroll eligible children based on availability of funds. Following are eligibility and other requirements for participation in the Program:

(1) Children must:

- a. Be under the age of 19;
- b. Be ineligible for Medicaid, Medicare, or other federal government-sponsored health insurance;

- c. Be uninsured;
- d. Be in a family that meets the following family income requirements:
 - 1. Infants under the age of one year whose family income is from one hundred eighty-five percent (185%) through two hundred percent (200%) of the federal poverty level;
 - 2. Children age one year through five years whose family income is above one hundred thirty-three percent (133%) through two hundred percent (200%) of the federal poverty level; and

- e. Be a resident of this State and eligible under federal law; and
- f. Have paid the Program enrollment fee required under this Part.

- (2) Proof of family income and residency and declaration of uninsured status shall be provided by the applicant at the time of application for Program coverage. The family member who is legally responsible for the children enrolled in the Program has a duty to report any change in the enrollee's status within 60 days of the change of status.
- (3) If a responsible parent is under a court order to provide or maintain health insurance for a child and has failed to comply with the court order, then the child is deemed uninsured for purposes of determining eligibility for Program benefits if at the time of application the custodial parent shows proof of agreement to notify and cooperate with the child support enforcement agency in enforcing the order.

If health insurance other than under the Program is provided to the child after enrollment and prior to the expiration of the eligibility period for which the child is enrolled in the Program, then the child is deemed to be insured and ineligible for continued coverage under the Program. The custodial parent has a duty to notify the Department within 10 days of receipt of the other health insurance, and the Department, upon receipt of notice, shall disenroll the child from the Program. As used in this paragraph, the term "responsible parent" means a person who is under a court order to pay child support.

- (4) Except as otherwise provided in this section, enrollment shall be continuous for one year. At the end of each year, applicants may reapply for Program benefits.

(b) Benefits. — Except as otherwise provided for eligibility, fees, deductibles, copayments, and other cost-sharing charges, health benefits coverage provided to children eligible under the Program shall be equivalent to coverage provided for dependents under the North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan, including optional prepaid plans. Prescription drug providers shall accept as payment in full, for outpatient prescriptions filled, ninety percent (90%) of the average wholesale price for the prescription drug or the amounts published by the Health Care Financing Administration plus a fee established by the provider not to exceed the amount authorized under subdivision (d)(3) of this section. All other health care providers providing services to Program enrollees shall accept as payment in full for services rendered the maximum allowable charges under the North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan for services less any copayments assessed to enrollees under this Part. No child enrolled in the Plan's self-insured indemnity program shall be required by the Plan to change health care providers as a result of being enrolled in the Program.

In addition to the benefits provided under the Plan, the following services and supplies are covered under the Health Insurance Program for Children established under this Part:

- (1) Dental: Oral examinations, teeth cleaning, and scaling twice during a 12-month period, full mouth X rays once every 60 months, supplemental bitewing X rays showing the back of the teeth once during a 12-month period, fluoride applications twice during a 12-month period, sealants, simple extractions, therapeutic pulpotomies, prefabricated stainless steel crowns, and routine fillings of amalgam or other tooth-colored filling material to restore diseased teeth. No benefits are to be provided for services under this subsection that are not performed by or upon the direction of a dentist, doctor, or other professional provider approved by the Plan nor for services and materials that do not meet the standards accepted by the American Dental Association.
- (2) Vision: Scheduled routine eye examinations once every 12 months, eyeglass lenses or contact lenses once every 12 months, routine replacement of eyeglass frames once every 24 months, and optical supplies and solutions when needed. Optical services, supplies, and solutions must be obtained from licensed or certified ophthalmologists, optometrists, or optical dispensing laboratories. Eyeglass lenses are limited to single vision, bifocal, trifocal, or other complex lenses necessary for a Plan enrollee's visual welfare. Coverage for oversized lenses and frames, designer frames, photosensitive lenses, tinted contact lenses, blended lenses, progressive multifocal lenses, coated lenses, and laminated lenses is limited to the coverage for single vision, bifocal, trifocal, or other complex lenses provided by this subsection. Eyeglass frames are limited to those made of zylonite, metal, or a combination of zylonite and metal. All visual aids covered by this subsection require prior approval of the Plan. Upon prior approval by the Plan, refractions may be covered more often than once every 12 months.
- (3) Hearing: Auditory diagnostic testing services and hearing aids and accessories when provided by a licensed or certified audiologist, otolaryngologist, or other hearing aid specialist approved by the Plan. Prior approval of the Plan is required for hearing aids, accessories, earmolds, repairs, loaners, and rental aids.

(c) Annual Enrollment Fee. — There shall be no enrollment fee for Program coverage for enrollees whose family income is at or below one hundred fifty percent (150%) of the federal poverty level. The enrollment fee for Program coverage for enrollees whose family income is above one hundred fifty percent (150%) of the federal poverty level shall be fifty dollars (\$50.00) per year per child with a maximum annual enrollment fee of one hundred dollars (\$100.00) for two or more children. The enrollment fee shall be collected by the county department of social services and retained to cover the cost of determining eligibility for services under the Program. County departments of social services shall establish procedures for the collection of enrollment fees.

(d) Cost-Sharing. — There shall be no deductibles, copayments, or other cost-sharing charges for families covered under the Program whose family income is at or below one hundred fifty percent (150%) of the federal poverty level. Families covered under the Program whose family income is above one hundred fifty percent (150%) of the federal poverty level shall be responsible for copayments to providers as follows:

- (1) Five dollars (\$5.00) per child for each visit to a provider, except that there shall be no copayment required for well-baby, well-child, or age-appropriate immunization services;
- (2) Five dollars (\$5.00) per child for each outpatient hospital visit;
- (3) A six-dollar (\$6.00) fee for each outpatient prescription drug purchased;

- (4) Twenty dollars (\$20.00) for each emergency room visit unless:
 - a. The child is admitted to the hospital, or
 - b. No other reasonable care was available as determined by the Claims Processing Contractor of the North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan.

Copayments required under this subsection for prescription drugs apply only to prescription drugs prescribed on an outpatient basis.

(e) Cost-Sharing Limitations. — The total annual aggregate cost-sharing, including fees, with respect to all children in a family receiving Program benefits under this Part shall not exceed five percent (5%) of the family's income for the year involved. To assist the Department in monitoring and ensuring that the limitations of this subsection are not exceeded, the Executive Administrator and Board of Trustees of the North Carolina Teachers' and State Employees' Comprehensive Major Medical Plan shall provide data to the Department showing cost-sharing paid by Program enrollees.

(f) Coverage From Private Plans. — The Department shall, from funds available for the Program, pay the cost for dependent coverage provided under a private insurance plan for persons eligible for coverage under the Program if all of the following conditions are met:

- (1) The person eligible for Program coverage requests to obtain dependent coverage from a private insurer in lieu of coverage under the Program and shows proof that coverage under the private plan selected meets the requirements of this subsection;
- (2) The dependent coverage under the private plan is actuarially equivalent to the coverage provided under the Program and the private plan does not engage in the exclusive enrollment of children with favorable health care risks;
- (3) The cost of dependent coverage under the private plan is the same as or less than the cost of coverage under the Program; and
- (4) The total annual aggregate cost-sharing, including fees, paid by the enrollee under the private plan for all dependents covered by the plan, do not exceed five percent (5%) of the enrollee's family income for the year involved.

The Department may reimburse an enrollee for private coverage under this subsection upon a showing of proof that the dependent coverage is in effect for the period for which the enrollee is eligible for the Program.

(g) Purchase of Extended Coverage. — An enrollee in the Program who loses eligibility due to an increase in family income above two hundred percent (200%) of the federal poverty level and up to and including two hundred twenty-five percent (225%) of the federal poverty level may purchase at full premium cost continued coverage under the Program for a period not to exceed one year beginning on the date the enrollee becomes ineligible under the income requirements for the Program. The same benefits, copayments, and other conditions of enrollment under the Program shall apply to extended coverage purchased under this subsection.

(h) No State Funds for Voluntary Participation. — No State or federal funds shall be used to cover, subsidize, or otherwise offset the cost of coverage obtained under subsection (g) of this section. (1998-1, s. 1; 1999-237, s. 11.9.)

§ 108A-70.22. Allocation of federal and State funds for Program; consultation with Joint Legislative Health Care Oversight Committee.

The Department of Health and Human Services, after having consulted with and received advice from the Joint Legislative Health Care Oversight Committee established under G.S. 120-70.110, shall from total funds available to

the Department for Program implementation, allocate and adjust, as needed, funds to pay the North Carolina Teachers' and State Employees' Major Medical Plan in accordance with G.S. 108A-70.23 and Part 5 of Article 3 of Chapter 135 of the General Statutes, and funds to pay for eligible services provided for children with special needs in accordance with G.S. 108A-70.23. Except as otherwise provided in this section, the Department shall not amend the State Plan nor submit any amendments thereto to the federal government for review or approval without the specific approval of the General Assembly. In the event federal law requires that an amendment be made to the State Plan and further requires that the amendment be submitted or implemented within a time period when the General Assembly is not and will not be in session to approve the amendment, then the Department may submit the amendment to the federal government for review and approval without the approval of the General Assembly. Prior to submitting an amendment to the federal government without General Assembly approval as authorized in this section, the Department shall report the proposed amendment to the Joint Legislative Health Care Oversight Committee and to members of the Joint Appropriations Subcommittee on Health and Human Services. The Department shall seek private and federal grant funds for outreach activities. The Department shall also seek the participation of the private sector in providing no-cost or low-cost avenues for publicizing the Program in local communities and statewide. The Department may work with the State Health Plan Purchasing Alliance Board to develop programs that utilize the expertise and resources of the Alliances in outreach activities to employees of small businesses.

(c) Appeals. — A person who is dissatisfied with the action of a county department of social services with respect to the determination of eligibility for benefits under the Program may appeal the action in accordance with G.S. 108A-79. (1998-1, s. 1.)

§ 108A-70.27. Data collection; reporting.

(a) The Department shall ensure that the following data are collected, analyzed, and reported in a manner that will most effectively and expeditiously enable the State to evaluate Program goals, objectives, operations, and health outcomes for children:

- (1) Number of applicants for coverage under the Program;
- (2) Number of Program applicants deemed eligible for Medicaid;
- (3) Number of applicants deemed eligible for the Program, by income level, age, and family size;
- (4) Number of applicants deemed ineligible for the Program and the basis for ineligibility;
- (5) Number of applications made at county departments of social services, public health departments, and by mail;
- (6) Total number of children enrolled in the Program to date and for the immediately preceding fiscal year;
- (7) Total number of children enrolled in Medicaid through the Program application process;

- (8) Trends showing the Program's impact on hospital utilization, immunization rates, and other indicators of quality of care, and cost-effectiveness and efficiency;
- (9) Trends relating to the health status of children;
- (10) Other data that would be useful in carrying out the purposes of this Part.

(b) The Department shall report annually to the Joint Legislative Health Care Oversight Committee and shall provide a copy of the report to the Joint Appropriations Subcommittees on Health and Human Services. The report shall include:

- (1) Data collected as required under subsection (a) of this section and an analysis thereof giving trends and projections for continued Program funding;
- (2) Program areas working most effectively and least effectively;
- (3) Performance measures used to ensure Program quality, fiscal integrity, ease of access, and appropriate utilization of preventive and medical care;
- (4) Effectiveness of system linkages in addressing access, quality of care, and Program efficiency;
- (5) Recommended changes in the Program necessary to improve Program efficiency and effectiveness;
- (6) Any other information requested by the Committee pertinent to the provision of health insurance for children and the implementation of the Program.

(c) The Executive Administrator and Board of Trustees of the North Carolina Teachers' and State Employees' Major Medical Plan ("Plan") shall provide to the Department data required under this section that are collected by the Plan. Data shall be reported by the Plan in sufficient detail to meet federal reporting requirements under Title XXI. The Plan shall report periodically to the Joint Legislative Health Care Oversight Committee claims processing data for the Program and any other information the Plan or the Committee deems appropriate and relevant to assist the Committee in its review of the Program. (1998-1, s. 1.)

§ 108A-70.28. Fraudulent misrepresentation.

(a) It shall be unlawful for any person to knowingly and willfully, and with intent to defraud, make or cause to be made a false statement or representation of a material fact in an application for coverage under this Part or intended for use in determining eligibility for coverage.

(b) It shall be unlawful for any applicant, recipient, or person acting on behalf of the applicant or recipient to knowingly and willfully, and with intent to defraud, conceal, or fail to disclose any condition, fact, or event affecting the applicant's or recipient's initial or continued eligibility to receive coverage or benefits under this Part.

(c) It is unlawful for any person knowingly, willingly, and with intent to defraud, to obtain or attempt to obtain, or to assist, aid, or abet another person, either directly or indirectly, to obtain money, services, or any other thing of value to which the person is not entitled as a recipient under this Part, or otherwise to deliberately misuse a Program identification card. This misuse includes the sale, alteration, or lending of the Program identification card to others for services and the use of the card by someone other than the recipient to receive or attempt to receive Program coverage for services rendered to that individual.

Proof of intent to defraud does not require proof of intent to defraud any particular person.

(d) A person who violates a provision of this section shall be guilty of a Class I felony.

(e) For purposes of this section the word "person" includes any natural person, association, consortium, corporation, body politic, partnership, or other group, entity, or organization. (1998-1, s. 1.)

ARTICLE 3.

Social Services Programs.

§ 108A-71. Authorization of social services programs.

The Department is hereby authorized to accept all grants-in-aid available for programs of social services under the Social Security Act, other federal laws or regulations, State appropriations and other non-federal sources. The Department is designated as the single State agency responsible for administering or supervising the administration of such programs. It is the intent of this Article that programs of social services be administered so that the State and its citizens may benefit fully from any grants-in-aid. (1981, c. 275, s. 1.)

CASE NOTES

Limitations on Rule Making Authority of Social Services Commission. — The Social Services Commission has and continues to have general rule making authority under its grant in § 143B-153 and by the provision of this section which authorizes the Department of Human Resources to accept all "State appropriations" for programs of social services. That grant became limited, however, by Chapter 150B upon its enactment, thereby requiring the Commission to comply with certain procedural requirements in adopting rules if specifically authorized by legislative enactment to adopt rules. *Whittington v. North Carolina Dep't of Human Resources*, 100 N.C. App. 603, 398 S.E.2d 40 (1990).

Administration of State Abortion Fund. — Since the State Abortion Fund prior to the

enactment of Session Laws 1985, c. 479, s. 93 was merely a "state appropriation," the Department of Human Resources, through its Social Services Commission, could and did enact rules and regulations pertaining to the program. However, by the passage of Section 93, which specifically limits by legislative enactment how the Fund is to be administered, the Department of Human Resources and the Commission's rule making authority must comply with the requirements of Chapter 150B. *Whittington v. North Carolina Dep't of Human Resources*, 100 N.C. App. 603, 398 S.E.2d 40 (1990).

§ 108A-72. Social services checks payable to decedents.

In the event of the death of a recipient of a cash payment service, any check or checks payable to such recipient but not endorsed prior to such recipient's death shall be returned to the issuing agency, made void, and reissued to the provider of the service. (1981, c. 275, s. 1.)

§ 108A-73. Services appeals and confidentiality of records.

The provisions of Article 4 on public assistance and social services appeals and confidentiality of records shall be applicable to social services programs authorized under this Article. (1981, c. 275, s. 1.)

§ 108A-74. County department failure to provide services; State intervention in or control of service delivery.

(a) Notwithstanding any other provision of law to the contrary, the Secretary of Health and Human Services may take action in accordance with this section to ensure the delivery of child welfare services in accordance with State laws and applicable rules. As used in this section, the terms:

- (1) "County department of social service" also means the consolidated human services agency, whichever applies;
- (2) "County director of social services" also means the human services director, whichever applies; and
- (3) "County board of social services" also means the consolidated human services board, whichever applies.

(b) If the Secretary of Health and Human Services determines that a county department of social services is not providing child protective services, foster care services, or adoption services in accordance with State law and with applicable rules adopted by the Social Services Commission, or fails to demonstrate reasonable efforts to do so, then the Secretary, after providing written notification of intent to the county director of social services, to the chair of the county board of commissioners, and to the chair of the county board of social services, and after providing them with an opportunity to be heard, may intervene in the particular service or services in question. Intervention includes, but is not limited to, the following activities:

- (1) Sending staff of the Department of Health and Human Services to the county department of social services to provide technical assistance and to monitor the services being provided;
- (2) Establishing a corrective plan of action to correct inappropriate policies and procedures; and
- (3) Advising county personnel as to appropriate policies and procedures.

If within 60 days of completion of the intervention activities, the Secretary finds that the county department of social services is not providing in accordance with State laws and applicable rules the particular service or services for which intervention was initiated, or has not demonstrated reasonable efforts to do so, the Secretary shall withhold State and federal child welfare services administrative funds until the particular service or services are provided in accordance with State laws and applicable rules.

(c) If the Secretary determines that a county department of social services is not providing child protective, foster care, or adoption services in accordance with State law and with applicable rules adopted by the Social Services Commission, or fails to demonstrate reasonable efforts to do so, and the failure to provide the services poses a substantial threat to the safety and welfare of children in the county who receive or are eligible to receive the services, then the Secretary, after providing written notification of intent to the chair of the county board of commissioners, to the chair of the county board of social services, and to the county director of social services, and after providing them with an opportunity to be heard, shall withhold funding for the particular service or services in question and shall ensure the provision of these services through contracts with public or private agencies or by direct operation by the Department of Health and Human Services.

(d) In the event that the Secretary assumes control of service delivery pursuant to subsection (c) of this section, the county director of social services shall be divested of all service delivery powers conferred upon the director by G.S. 108A-14 and other applicable State law as the powers pertain to the services in question. Upon assumption of control of service delivery, the Secretary may assign any of the powers and duties of the county director of

social services to the Director of the Division of Social Services of the Department of Health and Human Services or to a contractor as the Secretary deems necessary and appropriate to continue the provision of the services in the county.

(e) In the event the Secretary takes action under this section, the Department of Health and Human Services shall, in conjunction with the county board of commissioners, the county board of social services, and the county director of social services develop and implement a corrective plan of action. The Department of Health and Human Services shall also keep the chair of the county board of commissioners, the chair of the county board of social services, and the county director of social services informed of any ongoing concerns or problems with the delivery of the services in question.

(f) Upon the Secretary taking action pursuant to subsection (c) of this section, county funding of the services in question shall continue and at no time during the period of time that the Secretary is taking action shall a county withdraw funds previously obligated or appropriated for the services. Upon the Secretary's assumption of the control of service delivery, the county shall also pay the nonfederal share of any additional cost that may be incurred to operate the services in question at the level necessary to comply fully with State law and Social Services Commission rules.

(g) During the period of time that the Secretary is taking action pursuant to subsection (c) of this section, the Department of Health and Human Services shall work with the county board of commissioners, the county board of social services, and the county director of social services, to enable service delivery to be returned to the county if and when the Secretary has determined that services can be provided by the county in accordance with State law and applicable rules. (1997-390, s. 10; 1997-443, s. 11A.118(a).)

ARTICLE 4.

Public Assistance and Social Services Appeals and Access to Records.

§ 108A-79. Appeals.

(a) A public assistance applicant or recipient shall have a right to appeal the decision of the county board of social services, county department of social services, or the board of county commissioners granting, denying, terminating, or modifying assistance, or the failure of the county board of social services or county department of social services to act within a reasonable time under the rules and regulations of the Social Services Commission or the Department. Each applicant or recipient shall be notified in writing of his right to appeal upon denial of his application for assistance and at the time of any subsequent action on his case.

(b) In cases involving termination or modification of assistance, no action shall become effective until 10 workdays after notice of this action and of the right to appeal is mailed or delivered by hand to the recipient; provided, however, termination or modification of assistance may be effective immediately upon the mailing or delivery of notice in the following circumstances:

- (1) When the modification is beneficial to the recipient; or
- (2) When federal regulations permit immediate termination or modification upon mailing or delivery of notice and the Social Services Commission or the Department of Health and Human Services promulgates regulations adopting said federal law or regulations. When federal and State regulations permit immediate termination or modification, the recipient shall have no right to continued assistance at the present level pending a hearing, as would otherwise be provided by subsection (d) of this section.
- (c) The notice of action and the right to appeal shall comply with all applicable federal and State law and regulations; provided, such notice shall, at a minimum contain a clear statement of:
 - (1) The action which was or is to be taken;
 - (2) The reasons for which this action was or is to be taken;
 - (3) The regulations supporting this action;
 - (4) The applicant's or recipient's right to both a local and State level hearing, or to a State level hearing in the case of the food stamp program, on the decision to take this action and the method for obtaining these hearings;
 - (5) The right to be represented at the hearings by a personal representative, including an attorney obtained at the applicant's or recipient's expense;
 - (6) In cases involving termination or modification of assistance, the recipient's right upon timely request to continue receiving assistance at the present level pending an appeal hearing and decision on that hearing.

An applicant or recipient may give notice of appeal by written or oral statement to the county department of social services, which shall record such notice by completing a form developed by the Department.

Such notice of appeal must be given within 60 days from the date of the action, or 90 days from the date of notification in the case of the food stamp program. Failure to give timely notice of appeal constitutes a waiver of the right to a hearing except that, for good cause shown, the county department of social services may permit an appeal notwithstanding the waiver. The waiver shall not affect the right to reapply for benefits.

(d) If there is such timely appeal in cases not involving disability, in the first instance the hearing shall consist of a local appeal hearing before the county director or a designated representative of the county director, provided whoever hears the local appeal shall not have been involved directly in the initial decision giving rise to the appeal. If there is such timely appeal in cases involving disability, the county director or a designated representative of the county director shall within five days of the request for an appeal forward the request to the Department of Health and Human Services, and the Department shall designate a hearing officer who shall promptly hold a hearing in the county according to the provisions of subsections (i) and (j) of this section. In cases involving termination or modification of assistance (other than cases of immediate termination or modification of assistance pursuant to subsection (b) (2) of this section), the recipient shall continue to receive assistance at the present level pending the decision at the initial hearing, whether that be the local appeal hearing decision or, in cases involving questions of disability, the Department of Health and Human Services hearing decision, provided that in order to continue receiving assistance pending the initial hearing decision the recipient must request a hearing on or before the effective date of the termination or modification of assistance.

(e) The local appeal hearing shall be held not more than five days after the request for it is received. The recipient may, for good cause shown as defined by

rule or regulation of the Social Services Commission or the Department, petition the county department of social services, in writing, for a delay, but in no event shall the local appeal hearing be held more than 15 days after the receipt of the request for hearing. At the local appeal hearing:

- (1) The appellant and the county department may be represented by personal representatives, including attorneys, obtained at their expense.
 - (2) The appellant or his personal representative and the county department shall present such sworn evidence and law or regulations as bear upon the case. The hearing need not be recorded or transcribed, but the director or his representative shall summarize in writing the substance of the hearing.
 - (3) The appellant or his personal representative and the county department may cross-examine witnesses and present closing arguments summarizing their views of the case and the law.
 - (4) Prior to and during the hearing, the appellant or his personal representative shall have adequate opportunity to examine the contents of his case file for the matter pending together with those portions of other public assistance or social services case files which pertain to the appeal, and all documents and records which the county department of social services intends to use at the hearing. Those portions of the public assistance or social services case file which do not pertain to the appeal or which are required by federal statutes or regulations or by State statutes or regulations to be held confidential shall not be released to the appellant or his personal representative. In cases where the appellant has been denied access to the public assistance or social services case file the hearing officer shall certify as part of the official record that the hearing officer has examined the case files and that no portion of those files pertain to the appeal. Such certification may be subject to judicial review as provided in subsection (k) of this section. Nothing in this section is intended to restrict an applicant or recipient access to information if that access is allowed by rules and regulations promulgated pursuant to G.S. 108A-80.
- (f) The director or his designated representative shall make the decision based upon the evidence presented at the hearing and all applicable regulations, and shall prepare a written statement of his decision citing the regulations and evidence to support it. This written statement of the decision will be served by certified mail on the appellant within five days of the local appeal hearing. If the decision terminating or modifying the appellant's benefits is affirmed, the assistance shall be terminated or modified, not earlier than the date the decision is mailed, and any assistance received during the time of the appeal is subject to recovery.
- (g) If the appellant is dissatisfied with the decision of the local appeal hearing, he may within 15 days of the mailing notification of the decision take a further appeal to the Department. However, assistance may not be received pending this further appeal. Failure to give timely notice of further appeal constitutes a waiver of the right to a hearing before an official of the Department except that, for good cause shown, the Department may issue an order permitting a review of the local appeal hearing notwithstanding the waiver. The waiver shall not affect the right to reapply for benefits.
- (h) Subsections (d)-(g) of this section shall not apply to the food stamp program. The first appeal for a food stamp recipient or his representative shall be to the Department. Pending hearing, the recipient's assistance shall be continued at the present level upon timely request.
- (i) If there is an appeal from the local appeal hearing decision, or from a food stamp recipient or his representative where there is no local hearing, or if

there is an appeal of a case involving questions of disability the county director shall notify the Department according to its rules and regulations. The Department shall designate a hearing officer who shall promptly hold a de novo administrative hearing in the county after giving reasonable notice of the time and place of such hearing to the appellant and the county department of social services. Such hearing shall be conducted according to applicable federal law and regulations and Article 3, Chapter 150B, of the General Statutes of North Carolina; provided the Department shall adopt rules and regulations to ensure the following:

- (1) Prior to and during the hearing, the appellant or his personal representative shall have adequate opportunity to examine his case file and all documents and records which the county department of social services intends to use at the hearing together with those portions of other public assistance or social services case files which pertain to the appeal. Those portions of the public assistance or social services case files which do not pertain to the appeal or which are required by federal statutes or regulations or by State statutes or regulations to be held confidential shall not be released to the appellant or his personal representative. In cases where the appellant has been denied access to portions of the public assistance or social services case file, the hearing officer shall certify as part of the official record that the hearing officer has examined the case files and that no portion of those files pertain to the appeal. Such certification may be subject to judicial review as provided in subsection (k) of this section. Nothing in this section is intended to restrict an applicant or recipient access to information if that access is allowed by rules or regulations promulgated pursuant to G.S. 108A-80.
- (2) At the appeal hearing, the appellant and personnel of the county department of social services may present such sworn evidence, law and regulations as bear upon the case.
- (3) The appellant and county department shall have the right to be represented by the person of his choice, including an attorney obtained at his own expense.
- (4) The appellant and county department shall have the right to cross-examine the other party as well as make a closing argument summarizing his view of the case and the law.
- (5) The appeal hearing shall be recorded; however, no transcript will be prepared unless a petition for judicial review is filed pursuant to subsection (k) herein, in which case, the transcript will be made a part of the official record. In the absence of the filing of a petition for a judicial review, the recording of the appeal hearing may be erased or otherwise destroyed 180 days after the final decision is mailed.
- (6) Notwithstanding G.S. 150B-28 or any other provision of State law, discovery shall be no more extensive or formal than that required by federal law and regulations applicable to such hearings.
- (j) After the administrative hearing, the hearing officer shall prepare a proposal for decision, citing pertinent law, regulations, and evidence, which shall be served upon the appellant and the county department of social services or their personal representatives. The appellant and the county department of social services shall have the opportunity to present oral and written arguments in opposition to or in support of the proposal for decision to the designated official of the Department who is to make the final decision. The final decision shall be based on, conform to, and set forth in detail the relevant evidence, pertinent State and federal law and regulations, and matters officially noticed. The decision shall be rendered not more than 90 days, or 45 days in the case of the food stamp program, from the date of request for the

hearing, unless the hearing was delayed at the request of the appellant. If the hearing was delayed at the appellant's request, the decision may only be delayed for the length of time the appellant requested a delay. The final decision shall be served upon the appellant and upon the county department of social services by certified mail, with a copy furnished to either party's attorney of record. In the absence of a petition for judicial review filed pursuant to subsection (k) herein, the final decision shall be binding upon the appellant, the county department of social services, the county board of social services, and the board of county commissioners.

(k) Any applicant or recipient who is dissatisfied with the final decision of the Department may file, within 30 days of the receipt of notice of such decision, a petition for judicial review in superior court of the county from which the case arose. Failure to file a petition within the time stated shall operate as a waiver of the right of such party to review, except that, for good cause shown, a judge of the superior court resident in the district or holding court in the county from which the case arose may issue an order permitting a review of the agency decision under this Chapter notwithstanding such waiver. The hearing shall be conducted according to the provisions of Article 4, Chapter 150B, of the North Carolina General Statutes. The court shall, on request, examine the evidence excluded at the hearing under G.S. 108A-79(e)(4) or G.S. 108A-79(i)(1) and if the evidence was improperly excluded, the court shall consider it. Notwithstanding the foregoing provisions, the court may take testimony and examine into the facts of the case, including excluded evidence, to determine whether the final decision is in error under federal and State law, and under the rules and regulations of the Social Services Commission or the Department of Health and Human Services. Furthermore, the court shall set the matter for hearing within 15 days from the filing of the record under G.S. 150B-47 and after reasonable written notice to the Department of Health and Human Services and the applicant or recipient. Nothing in this subsection shall be construed to abrogate any rights that the county may have under Article 4 of Chapter 150B.

(l) In the event of conflict between federal law or regulations and State law or regulations, the federal law or regulations shall control. (1937, c. 288, ss. 18, 48; 1939, c. 395, s. 1; 1957, c. 100, s. 1; 1969, c. 546, s. 1; cc. 735, 754; 1973, c. 476, s. 138; 1977, 2nd Sess., c. 1219, ss. 14-18; 1979, c. 691; 1981, c. 275, s. 1; c. 419, ss. 1-3; c. 420, ss. 1-3; 1987, c. 599, ss. 1-3; c. 827, s. 1; 1997-443, s. 11A.118(a).)

CASE NOTES

Failure to Give Notice of Right to Counsel. — The omission of information concerning the right to counsel in the notice of termination of services under subsection (c) was a serious error; lack of assistance of counsel could have a major impact on the proceedings, and the notice fell short of the necessary specificity regarding the reasons for termination. *King v. North Carolina Dep't of Human Resources*, 93 N.C. App. 89, 376 S.E.2d 245 (1989).

Failure to Apprise Petitioner of Basis for Decision. — Use of the general language "continuing refusal to cooperate" did not sufficiently apprise the petitioner of the basis for

the decision and seriously impaired his ability to rebut those grounds at the subsequent hearing. *King v. North Carolina Dep't of Human Resources*, 93 N.C. App. 89, 376 S.E.2d 245 (1989).

Standing to Appeal Eligibility Decision. — Daughter of deceased Medicaid recipient had no right to appeal from Department of Human Resources decision regarding her father's eligibility, as she was neither an "applicant" nor a "recipient," nor the legal representative of her father's estate. *Yates v. North Carolina Dep't of Human Resources*, 98 N.C. App. 402, 390 S.E.2d 761 (1990).

Omission of Information Concerning Right to Counsel Was Error. — The omission of information concerning the right to counsel in the notice of termination of services under subsection (c) was a serious error; lack of assistance of counsel could have a major impact on the proceedings, and the notice fell short of the necessary specificity regarding the reasons for termination; the general “continuing refusal to cooperate” does not sufficiently apprise the petitioner of the basis for the decision and seriously impairs his ability to rebut those grounds at the subsequent hearing; therefore, plaintiff’s benefits were improperly terminated by the failure to follow prescribed statutory requirements for notice. *King v. North Carolina Dep’t of Human Resources*, 93 N.C. App. 89, 376 S.E.2d 245 (1989).

OPINIONS OF ATTORNEY GENERAL

Provisions Governing Appeals. — Appeals by applicants and recipients of public assistance or social services from adverse decisions of county agencies or boards are governed by the substantive provisions and procedural requirements of this section, including the procedural provisions of the Administrative Procedure Act (§ 150B-1 et seq.), consistent with the statute, to the extent that substance and procedure are not in conflict with applicable federal law and regulations. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 55 N.C.A.G. 91 (1986).

Electing County Appeals. — An Electing County cannot utilize the hearing officers provided by the State to Standard Counties and have them resolve Electing County appeals pursuant to this section. See opinion of Attorney General to Kevin M. FitzGerald, Director, Division of Social Services. N.C. Dept. of Health and Human Services, N.C. General Assembly, 1999 N.C.A.G. 12 (4/9/99).

Substantive Provisions of Section Govern over Administrative Procedure Act. — Given the detailed substantive provisions of this section, designed specifically to apply to appeals of county agency decisions, and the fact that the Administrative Procedure Act, by its terms, does not apply to such appeals, the legislature, by reference to such act, did not intend to substitute the act’s substantive requirements for those of this section. The citation to the act simply indicated a legislative intent to incorporate the powers of hearing officers and the hearing procedures detailed in the act into subsection (i) of this section by reference. See opinion of Attorney General to Mr. Phillip J. Kirk, Jr., Secretary, Department of Human Resources, 55 N.C.A.G. 91 (1986).

Secretary May Delegate Decision-Making Authority Regarding Appeals. — See opinion of Attorney General to Mr. David T. Flaherty, N.C. Department of Human Resources, 42 N.C.A.G. 313 (1973), issued under former Chapter 108.

§ 108A-80. Confidentiality of records.

(a) Except as provided in (b) below, it shall be unlawful for any person to obtain, disclose or use, or to authorize, permit, or acquiesce in the use of any list of names or other information concerning persons applying for or receiving public assistance or social services that may be directly or indirectly derived from the records, files or communications of the Department or the county boards of social services, or county departments of social services or acquired in the course of performing official duties except for the purposes directly connected with the administration of the programs of public assistance and social services in accordance with federal law, rules and regulations, and the rules of the Social Services Commission or the Department.

(b) The Department shall furnish a copy of the recipient check register monthly to each county auditor showing a complete list of all recipients of Work First Family Assistance in Standard Program Counties and State-

County Special Assistance for Adults, their addresses, and the amounts of the monthly grants. An Electing County whose checks are not being issued by the State shall furnish a copy of the recipient check register monthly to its county auditor showing a complete list of all recipients of Work First Family Assistance in the Electing County, their addresses, and the amounts of the monthly payments. These registers shall be public records open to public inspection during the regular office hours of the county auditor, but the registers or the information contained therein may not be used for any commercial or political purpose. Any violation of this section shall constitute a Class 1 misdemeanor.

(c) Any listing of recipients of benefits under any public assistance or social services program compiled by or used for official purposes by a county board of social services or a county department of social services shall not be used as a mailing list for political purposes. This prohibition shall apply to any list of recipients of benefits of any federal, State, county or mixed public assistance or social services program. (b) When a caretaker of a disabled adult who consents to the receipt of protective services refuses to allow the provision of such services to the

If the judge finds by clear, cogent, and convincing evidence that the disabled adult is in need of protective services and consents to the receipt of protective services and that the caretaker refuses to allow the provision of such services, he may issue an order enjoining the caretaker from interfering with the provision of protective services to the disabled adult.

(c) If a disabled adult does not consent to the receipt of protective services, or if he withdraws his consent, the services shall not be provided. (1973, c. 1378, s. 1; 1975, c. 797; 1981, c. 275, s. 1.)

(b) The court shall set the case for hearing within 14 days after the filing of the petition. The disabled adult must receive at least five days' notice of the hearing. He has the right to be present and represented by counsel at the hearing. If the person, in the determination of the judge, lacks the capacity to waive the right to counsel, then a guardian ad litem shall be appointed pursuant to G.S. 1A-1, Rule 17, and rules adopted by the Office of Indigent Defense Services. If the person is indigent, the cost of representation shall be borne by the State.

(c) If, at the hearing, the judge finds by clear, cogent, and convincing evidence that the disabled adult is in need of protective services and lacks capacity to consent to protective services, he may issue an order authorizing the provision of protective services. This order may include the designation of an individual or organization to be responsible for the performing or obtaining of essential services on behalf of the disabled adult or otherwise consenting to protective services in his behalf. Within 60 days from the appointment of such an individual or organization, the court will conduct a review to determine if a petition should be initiated in accordance with Chapter 35A; for good cause shown, the court may extend the 60 day period for an additional 60 days, at the end of which it shall conduct a review to determine if a petition should be initiated in accordance with Chapter 35A. No disabled adult may be committed to a mental health facility under this Article.

(d) A determination by the court that a person lacks the capacity to consent to protective services under the provisions of this Chapter shall in no way affect incompetency proceedings as set forth in Chapters 33, 35 or 122 of the General Statutes of North Carolina, or any other proceedings, and incompetency proceedings as set forth in Chapters 33, 35, or 122 shall have no conclusive effect upon the question of capacity to consent to protective services as set forth in this Chapter. Child Care Facilities.

§ 110-85. Legislative intent and purpose.

Recognizing the importance of the early years of life to a child's development, the General Assembly hereby declares its intent with respect to the early care and education of children:

- (1) The State should protect children in child care facilities by ensuring that these facilities provide a physically safe and healthy environment where the developmental needs of these children are met and where these children are cared for by qualified persons of good moral character.
- (2) Repealed by Session Laws 1997-506, s. 2, effective September 16, 1997.
- (3) Achieving this level of protection and early education requires the following elements: mandatory licensing of child care facilities; promotion of higher quality child care through the development of enhanced standards which operators may comply with on a voluntary basis; and a program of education to help operators improve their programs and to deepen public understanding of child care needs and issues. (1971, c. 803, s. 1; 1987, c. 788, s. 1; 1997-506, ss. 1, 2.)

Cross References. — As to privilege license tax on day-care facilities, see § 105-60.

Early Childhood Education and Development Initiatives. — Session Laws 2001-424, ss. 21.72(a) to (e), provide: "(a) Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. What counts as administrative costs shall be as defined in the Smart Start Performance Audit.

"(b) The North Carolina Partnership for Children, Inc., and all local partnerships shall use competitive bidding practices in contracting for goods and services on contract amounts as follows:

"(1) For amounts of five thousand dollars (\$5,000) or less, the procedures specified by a written policy to be developed by the Board of

Directors of the North Carolina Partnership for Children, Inc.;

"(2) For amounts greater than five thousand dollars (\$5,000) but less than fifteen thousand dollars (\$15,000), three written quotes;

"(3) For amounts of fifteen thousand dollars (\$15,000) or more but less than forty thousand dollars (\$40,000), a request for proposal process; and

"(4) For amounts of forty thousand dollars (\$40,000) or more, request for proposal process and advertising in a major newspaper.

"(c) The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match no less than fifty percent (50%) of the total amount budgeted for the Program in each fiscal year of the biennium as follows: contributions of cash equal to at least fifteen percent (15%) and in-kind donated resources equal to no more

than five percent (5%) for a total match requirement of twenty percent (20%) for each fiscal year. The North Carolina Partnership for Children, Inc., may carryforward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Employment Security Commission in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses, including both those paid by cash and in-kind contributions, incurred by other participating non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local partnerships, also may be considered resources available to meet the required private match. In order to qualify to meet the required private match, the expenses shall:

"(1) Be verifiable from the contractor's records;

"(2) If in-kind, other than volunteer services, be quantifiable in accordance with generally accepted accounting principles for nonprofit organizations;

"(3) Not include expenses funded by State funds;

"(4) Be supplemental to and not supplant preexisting resources for related program activities;

"(5) Be incurred as a direct result of the Early Childhood Initiatives Program and be necessary and reasonable for the proper and efficient accomplishment of the Program's objectives;

"(6) Be otherwise allowable under federal or State law;

"(7) Be required and described in the contractual agreements approved by the North Carolina Partnership for Children, Inc., or the local partnership; and

"(8) Be reported to the North Carolina Partnership for Children, Inc., or the local partnership by the contractor in the same manner as reimbursable expenses.

"The North Carolina Partnership for Children, Inc., shall establish uniform guidelines and reporting format for local partnerships to document the qualifying expenses occurring at the contractor level. Local partnerships shall monitor qualifying expenses to ensure they have occurred and meet the requirements prescribed in this subsection.

"Failure to obtain a twenty percent (20%)

match by June 30 of each fiscal year shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be responsible for compiling information on the private cash and in-kind contributions into a report that is submitted to the Joint Legislative Commission on Governmental Operations in a format that allows verification by the Department of Revenue. The same match requirements shall apply to any expansion funds appropriated by the General Assembly.

"(d) Counties participating in the Program may use the county's allocation of State and federal child care funds to subsidize child care according to the county's Early Childhood Education and Development Initiatives Plan as approved by the North Carolina Partnership for Children, Inc. The use of federal funds shall be consistent with the appropriate federal regulations. Child care providers shall, at a minimum, comply with the applicable requirements for State licensure pursuant to Article 7 of Chapter 110 of the General Statutes, with other applicable requirements of State law or rule, including rules adopted for nonlicensed child care by the Social Services Commission, and with applicable federal regulations.

"(e) The Department of Health and Human Services shall continue to implement the performance-based evaluation system."

Payments for Purchase of Child Care Service. — Session Laws 2001-424, ss. 21.73(e) to (h) and (j), provide: "(e) On or before September 30, 2001, payments for the purchase of child care services for low-income children shall be the same as would have resulted under Section 11.27 of S.L. 2000-67. Effective October 1, 2001, payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

"(1) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower.

"(2) Religious-sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that are receiving a higher rate than the market rates that will be implemented with this provision shall continue to receive that higher rate until September 30, 2002.

"(3) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower.

"(4) Nonlicensed homes shall receive fifty

percent (50%) of the county market rate or the rate they charge privately paying parents, whichever is lower.

“(5) Maximum payment rates shall also be calculated periodically by the Division of Child Development for transportation to and from child care provided by the child care provider, individual transporter, or transportation agency, and for fees charged by providers to parents. These payment rates shall be based upon information collected by market rate surveys.

“(f) Provision of payment rates for child care providers in counties that do not have at least 75 children in each age group for center-based and home-based care are as follows:

“(1) Payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

“(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 75 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

“(g) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to unsubsidized privately paying parents for each age group of enrollees within the county. The Division of Child Development shall also calculate a statewide rate and regional market rates for each rated license level for each age category.

“(h) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. No separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any

additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

“County departments of social services or other local contracting agencies shall not use a provider’s failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider’s subsidized child care rate.

“(j) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

“(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

“(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.

“(3) The child for whom a child care subsidy is sought is a citizen of the United States.”

CASE NOTES

After-School Program Not a Day-Care Facility. — Court disagreed with the plaintiff's contention that after-school program was a day-care facility and a non-traditional governmental activity not entitled to governmental immunity under § 115C-42, because the program did not meet the statutory definition of "day-care facility" under this section, the record revealed no evidence of profits, and the fees

were insubstantial. *Schmidt v. Breeden*, 134 N.C. App. 248, 517 S.E.2d 171 (1999).

The Department shall ensure that all other child care providers are checked for county, State, and national criminal histories. “NOTICE

CHILD CARE PROVIDER MANDATORY CRIMINAL HISTORY CHECK

NORTH CAROLINA LAW REQUIRES THAT A CRIMINAL HISTORY CHECK BE CONDUCTED ON ALL PERSONS WHO PROVIDE CHILD CARE IN A LICENSED CHILD CARE FACILITY, AND ALL PERSONS PROVIDING CHILD CARE IN NONLICENSED CHILD CARE HOMES THAT RECEIVE STATE OR FEDERAL FUNDS.

“Criminal history” includes county, state, and federal convictions or pending indictments of any of the following crimes: the following Articles of Chapter 14 of the General Statutes: Article 6, Homicide; Article 7A, Rape and Kindred Offenses; Article 8, Assaults; Article 10, Kidnapping and Abduction; Article 13, Malicious Injury or Damage by Use of Explosive or Incendiary Device or Material; Article 26, Offenses Against Public Morality and Decency; Article 27, Prostitution; Article 39, Protection of Minors; Article 40, Protection of the Family; and Article 59, Public Intoxication; violation of the North Carolina Controlled Substances Act, Article 5 of Chapter 90 of the General Statutes, and alcohol-related offenses such as sale to underage persons in violation of G.S. 18B-302 or driving while impaired in violation of G.S. 20-138.1 through G.S. 20-138.5; or similar crimes under federal law or under the laws of other states. Your fingerprints will be used to check the criminal history records of the State Bureau of Investigation (SBI) and the Federal Bureau of Investigation (FBI).

If it is determined, based on your criminal history, that you are unfit to have responsibility for the safety and well-being of children, you shall have the opportunity to complete, or challenge the accuracy of, the information contained in the SBI or FBI identification records.

If you disagree with the determination of the North Carolina Department of Health and Human Services on your fitness to provide child care, you may file a civil lawsuit within 60 days after receiving written notification of disqualification in the district court in the county where you live.

Any child care provider who intentionally falsifies any information required to be furnished to conduct the criminal history shall be guilty of a Class 2 misdemeanor.”

Refusal to consent to a criminal history check is grounds for the Department to prohibit the child care provider from providing child care. Any child care provider who intentionally falsifies any information required to be furnished to conduct the criminal history shall be guilty of a Class 2 misdemeanor.

(d) The Department shall notify in writing the child care provider, and the child care provider’s employer, if any, or for nonlicensed child care homes the local purchasing agency, of the determination by the Department whether the child care provider is qualified to provide child care based on the child care provider’s criminal history. In accordance with the law regulating the dissemination of the contents of the criminal history file furnished by the Federal Bureau of Investigation, the Department shall not release nor disclose any portion of the child care provider’s criminal history to the child care provider or the child care provider’s employer or local purchasing agency. The Department shall also notify the child care provider of the procedure for completing or challenging the accuracy of the criminal history and the child care provider’s right to contest the Department’s determination in court.

A child care provider who disagrees with the Department’s decision may file a civil action in the district court of the county of residence of the child care provider within 60 days after receiving written notification of disqualification.

(e) All the information that the Department receives through the checking of the criminal history is privileged information and is not a public record but is for the exclusive use of the Department and those persons authorized under this section to receive the information. The Department may destroy the information after it is used for the purposes authorized by this section after one calendar year.

(f) There shall be no liability for negligence on the part of an employer of a child care provider, an owner or operator of a child care facility, a State or local agency, or the employees of a State or local agency, arising from any action taken or omission by any of them in carrying out the provisions of this section. The immunity established by this subsection shall not extend to gross negligence, wanton conduct, or intentional wrongdoing that would otherwise be actionable. The immunity established by this subsection is waived to the extent of indemnification by insurance, indemnification under Article 31A of Chapter 143 of the General Statutes, and to the extent sovereign immunity is waived under the Torts Claim Act, as set forth in Article 31 of Chapter 143 of the General Statutes.

(g) The child care provider shall pay the cost of the fingerprinting and the local check. The Department of Justice shall perform the State criminal history check. If the Department determines that a child care provider who has lived continuously in the State less than five years is not disqualified based on the local and State criminal history record check, the Department shall request a criminal history check from the National Repository of Criminal History from the Department of Justice. The Department of Health and Human Services shall pay the cost for the national criminal history record check. (1995, c. 507, s. 23.25(a); c. 542, s. 25.2; 1997-443, s. 11A.118(a); 1997-506, s. 7.)

Editor's Note. — Session Laws 1995, c. 507, which enacted this section, in s. 23.25(c) provides: "The North Carolina Day Care Commission shall adopt rules to implement this section, in consultation with the Divisions of Child

Development and Social Services of the Department of Human Resources, and the Division of Criminal Information of the Department of Justice."

CASE NOTES

Jurisdiction. — District court did not have the authority to delegate or transfer its jurisdiction over matter in which petitioner had challenged petitioner's disqualification as a child care provider because of a previous con-

viction; the district court was the legislature's choice of forum to hear such matters. *Long v. State Dep't of Human Resources*, 145 N.C. App. 186, 548 S.E.2d 832 (2001).

§ 110-91. Mandatory standards for a license.

All child care facilities shall comply with all State laws and federal laws and local ordinances that pertain to child health, safety, and welfare. Except as otherwise provided in this Article, the standards in this section shall be complied with by all child care facilities. However, none of the standards in this section apply to the school-age children of the operator of a child care facility but do apply to the preschool-age children of the operator. Children 13 years of age or older may receive child care on a voluntary basis provided all applicable required standards are met. The standards in this section, along with any other applicable State laws and federal laws or local ordinances, shall be the required standards for the issuance of a license by the Secretary under the policies and procedures of the Commission except that the Commission may, in its discretion, adopt less stringent standards for the licensing of facilities which provide care on a temporary, part-time, drop-in, seasonal, after-school or other than a full-time basis.

- (1) **Medical Care and Sanitation.** — The Commission for Health Services shall adopt rules which establish minimum sanitation standards for child care centers and their personnel. The sanitation rules adopted by the Commission for Health Services shall cover such matters as the cleanliness of floors, walls, ceilings, storage spaces, utensils, and other facilities; adequacy of ventilation; sanitation of water supply, lavatory

facilities, toilet facilities, sewage disposal, food protection facilities, bactericidal treatment of eating and drinking utensils, and solid-waste storage and disposal; methods of food preparation and serving; infectious disease control; sleeping facilities; and other items and facilities as are necessary in the interest of the public health. The Commission for Health Services shall allow child care centers to use domestic kitchen equipment, provided appropriate temperature levels for heating, cooling, and storing are maintained. Child care centers that fry foods shall use commercial hoods. These rules shall be developed in consultation with the Department.

The Commission shall adopt rules for child care facilities to establish minimum requirements for child and staff health assessments and medical care procedures. These rules shall be developed in consultation with the Department. Each child shall have a health assessment before being admitted or within 30 days following admission to a child care facility. The assessment shall be done by: (i) a licensed physician, (ii) the physician's authorized agent who is currently approved by the North Carolina Medical Board, or comparable certifying board in any state contiguous to North Carolina, (iii) a certified nurse practitioner, or (iv) a public health nurse meeting the Department's Standards for Early Periodic Screening, Diagnosis, and Treatment Program. However, no health assessment shall be required of any staff or child who is and has been in normal health when the staff, or the child's parent, guardian, or full-time custodian objects in writing to a health assessment on religious grounds which conform to the teachings and practice of any recognized church or religious denomination.

Organizations that provide prepared meals to child care centers only are considered child care centers for purposes of compliance with appropriate sanitation standards.

- (2) **Health-Related Activities.** — The Commission shall adopt rules for child care facilities to ensure that all children receive nutritious food and beverages according to their developmental needs. After consultation with the State Health Director, nutrition standards shall provide for requirements appropriate for children of different ages.

Each child care facility shall have a rest period for each child in care after lunch or at some other appropriate time and arrange for each child in care to be out-of-doors each day if weather conditions permit.

- (3) **Location.** — Each child care facility shall be located in an area which is free from conditions which are considered hazardous to the physical and moral welfare of the children in care in the opinion of the Secretary.
- (4) **Building.** — Each child care facility shall be located in a building which meets the appropriate requirements of the North Carolina Building Code under standards which shall be developed by the Building Code Council, subject to adoption by the Commission specifically for child care facilities, including facilities operated in a private residence. These standards shall be consistent with the provisions of this Article. A local building code enforcement officer shall approve any proposed alternate material, design, or method of construction, provided the building code enforcement officer finds that the alternate, for the purpose intended, is at least the equivalent of that prescribed in the technical building codes in quality, strength, effectiveness, fire resistance, durability, or safety. A local building code enforcement officer shall require that sufficient evidence or proof be

submitted to substantiate any claim made regarding the alternate. The Child Care Commission may request changes to the Building Code to suit the special needs of preschool children. Satisfactorily written reports from representatives of building inspection agencies shall be required prior to the issuance of a license and whenever renovations are made to a child care center, or when the operator requests licensure of space not previously approved for child care.

- (5) Fire Prevention. — Each child care facility shall be located in a building that meets appropriate requirements for fire prevention and safe evacuation that apply to child care facilities as established by the Department of Insurance in consultation with the Department. Except for child care centers located on State property, each child care center shall be inspected at least annually by a local fire department or volunteer fire department for compliance with these requirements. Child care centers located on State property shall be inspected at least annually by an official designated by the Department of Insurance.
- (6) Space and Equipment Requirements. — There shall be no less than 25 square feet of indoor space for each child for which a child care center is licensed, exclusive of closets, passageways, kitchens, and bathrooms, and this floor space shall provide during rest periods 200 cubic feet of airspace per child for which the center is licensed. There shall be adequate outdoor play area for each child under rules adopted by the Commission which shall be related to the size of center and the availability and location of outside land area. In no event shall the minimum required exceed 75 square feet per child. The outdoor area shall be protected to assure the safety of the children receiving child care by an adequate fence or other protection. A center operated in a public school shall be deemed to have adequate fencing protection. A center operating exclusively during the evening and early morning hours, between 6:00 P.M. and 6:00 A.M., need not meet the outdoor play area requirements mandated by this subdivision.

Each child care facility shall provide indoor area equipment and furnishings that are child size, sturdy, safe, and in good repair. Each child care facility that provides outdoor area equipment and furnishings shall provide outdoor area equipment and furnishings that are child size, sturdy, free of hazards that pose a threat of serious injury to children while engaged in normal play activities, and in good repair. The Commission shall adopt standards to establish minimum requirements for equipment appropriate for the size of child care facility. Space shall be available for proper storage of beds, cribs, mats, cots, sleeping garments, and linens as well as designated space for each child's personal belongings.

- (7) Staff-Child Ratio and Capacity for Child Care Facilities. — In determining the staff-child ratio in child care facilities, all children younger than 13 years old shall be counted.
 - a. The Commission shall adopt rules for child care centers regarding staff-child ratios, group sizes and multi-age groupings other than for infants and toddlers, provided that these rules shall be no less stringent than those currently required for staff-child ratios as enacted in Section 156(e) of Chapter 757 of the 1985 Session Laws.
 1. Except as otherwise provided in this subdivision, the staff-child ratios and group sizes for infants and toddlers in child care centers shall be no less stringent than as follows:

Age	Ratio Staff/Children	Group Size
0 to 12 months	1/5	10
12 to 24 months	1/6	12
2 to 3 years	1/10	20.

No child care center shall care for more than 25 children in one group. Child care centers providing care for 26 or more children shall provide for two or more groups according to the ages of children and shall provide separate supervisory personnel and separate identifiable space for each group.

- 2. When any preschool-aged child is enrolled in a child care center and the licensed capacity of the center is six through 12 children, the staff-child ratios shall be no less stringent than as follows:

Age	Ratio Staff/Children
0 to 12 months	1/5 preschool children plus 3 additional school-aged children
12 to 24 months	1/6 preschool children plus 2 additional school-aged children.

The following shall also apply:

- I. There is no specific group size.
 - II. When only one caregiver is required to meet the staff-child ratio, the operator shall make available to parents the name, address, and phone number of an adult who is nearby and available for emergency relief.
 - III. Children shall be supervised at all times. All children who are not asleep or resting shall be visually supervised. Children may sleep or rest in another room as long as a caregiver can hear them and respond immediately.
- b. Family Child Care Home Capacity. — Of the children present at any one time in a family child care home, no more than five children shall be preschool-aged, including the operator's own preschool-age children.
- (8) Qualifications for Staff. — All child care center administrators shall be at least 21 years of age. All child care center administrators shall have the North Carolina Early Childhood Administration Credential or its equivalent as determined by the Department. All child care administrators performing administrative duties as of the date this act becomes law and child care administrators who assume administrative duties at any time after this act becomes law and until September 1, 1998, shall obtain the required credential by September 1, 2000. Child care administrators who assume administrative duties after September 1, 1998, shall begin working toward the completion of the North Carolina Early Childhood Administration Credential or its equivalent within six months after assuming administrative duties and shall complete the credential or its equivalent within two years after beginning work to complete the credential. Each child care center shall be under the direction or supervision of a person meeting these requirements. All staff counted toward meeting the required staff-child ratio shall be at least 16 years of age, provided that persons younger than 18 years of age work under the direct supervision of a credentialed staff person who is at least 21 years of age. All lead teachers in a child care center shall have at least a North Carolina Early Childhood Credential or its equivalent as determined by the Department. Lead teachers shall be enrolled in the North Carolina Early Childhood Credential coursework or its equivalent as deter-

mined by the Department within six months after becoming employed as a lead teacher or within six months after this act becomes law, whichever is later, and shall complete the credential or its equivalent within 18 months after enrollment.

For child care centers licensed to care for 200 or more children, the Department, in collaboration with the North Carolina Institute for Early Childhood Professional Development, shall establish categories to recognize the levels of education achieved by child care center administrators and teachers who perform administrative functions. The Department shall use these categories to establish appropriate staffing based on the size of the center and the individual staff responsibilities.

Effective January 1, 1998, an operator of a licensed family child care home shall be at least 21 years old and have a high school diploma or its equivalent. Operators of a family child care home licensed prior to January 1, 1998, shall be at least 18 years of age and literate. Literate is defined as understanding licensing requirements and having the ability to communicate with the family and relevant emergency personnel. Any operator of a licensed family child care home shall be the person on-site providing child care.

No person shall be an operator of nor be employed in a child care facility who has been convicted of a crime involving child neglect, child abuse, or moral turpitude, or who is an habitually excessive user of alcohol or who illegally uses narcotic or other impairing drugs, or who is mentally or emotionally impaired to an extent that may be injurious to children.

The Commission shall adopt standards to establish appropriate qualifications for all staff in child care centers. These standards shall reflect training, experience, education and credentialing and shall be appropriate for the size center and the level of individual staff responsibilities. It is the intent of this provision to guarantee that all children in child care are cared for by qualified people. Pursuant to G.S. 110-106, no requirements may interfere with the teachings or doctrine of any established religious organization. The staff qualification requirements of this subdivision do not apply to religious-sponsored child care facilities pursuant to G.S. 110-106.

- (9) Records. — Each child care facility shall keep accurate records on each child receiving care in the child care facility and on each staff member or other person delegated responsibility for the care of children in accordance with a form furnished or approved by the Commission, and shall submit records as required by the Department.

All records of any child care facility, except financial records, shall be available for review by the Secretary or by duly authorized representatives of the Department or a cooperating agency who shall be designated by the Secretary and shall be submitted as required by the Department.

- (10) Each operator or staff member shall attend to any child in a nurturing and appropriate manner, and in keeping with the child's developmental needs.

Each child care facility shall have a written policy on discipline, describing the methods and practices used to discipline children enrolled in that facility. This written policy shall be discussed with, and a copy given to, each child's parent prior to the first time the child attends the facility. Subsequently, any change in discipline methods or practices shall be communicated in writing to the parents prior to the effective date of the change.

The use of corporal punishment as a form of discipline is prohibited in child care facilities and may not be used by any operator or staff member of any child care facility, except that corporal punishment may be used in religious sponsored child care facilities as defined in G.S. 110-106, only if (i) the religious sponsored child care facility files with the Department a notice stating that corporal punishment is part of the religious training of its program, and (ii) the religious sponsored child care facility clearly states in its written policy of discipline that corporal punishment is part of the religious training of its program. The written policy on discipline of nonreligious sponsored child care facilities shall clearly state the prohibition on corporal punishment.

- (11) Staff Development. — The Commission shall adopt minimum standards for ongoing staff development for facilities but limited to the following topic areas:
- a. Planning a safe, healthy learning environment;
 - b. Steps to advance children's physical and intellectual development;
 - c. Positive ways to support children's social and emotional development;
 - d. Strategies to establish productive relationships with families;
 - e. Strategies to manage an effective program operation;
 - f. Maintaining a commitment to professionalism;
 - g. Observing and recording children's behavior;
 - h. Principles of child growth and development; and
 - i. Learning activities that promote inclusion of children with special needs.

These standards shall include annual requirements for ongoing staff development appropriate to job responsibilities. A person may carry forward in-service training hours that are in excess of the previous year's requirement to meet up to one-half of the current year's required in-service training hours.

- (12) Developmentally Appropriate Activities. — Each facility shall have developmentally appropriate activities and play materials. The Commission shall establish minimum standards for developmentally appropriate activities for child care facilities. Each child care facility shall have a planned schedule of developmentally appropriate activities displayed in a prominent place for parents to review and the appropriate materials and equipment available to implement the scheduled activities. Each child care center shall make four of the following activity areas available daily: art and other creative play, children's books, blocks and block building, manipulatives, and family living and dramatic play.
- (13) Transportation. — When a child care facility staff person or a volunteer of a child care facility transports children in a vehicle, each adult and child shall be restrained by an appropriate seat safety belt or restraint device when the vehicle is in motion. Children may never be left unattended in a vehicle.

The ratio of adults to children in child care vehicles may not be less than the staff/child ratios prescribed by G.S. 110-91(7). The Commission shall adopt standards for transporting children under the age of two, including standards addressing this particular age's staff/child ratio during transportation.

- (14) Any effort to falsify information provided to the Department shall be considered by the Secretary to be evidence of violation of this Article on the part of the operator or sponsor of the child care facility and shall constitute a cause for revoking or denying a license to such child

care facility. (1971, c. 803, s. 1; 1973, c. 476, s. 128; 1975, c. 879, s. 15; 1977, c. 1011, s. 4; c. 1104; 1979, c. 9, ss. 1, 2; 1981 (Reg. Sess., 1982), c. 1382, ss. 1, 2; 1983, c. 46, s. 2; cc. 62, 277, 612; 1985, c. 757, ss. 155(h), (i), 156(c)-(h); 1987, c. 543, s. 3; c. 788, s. 6; c. 827, s. 234; 1989 (Reg. Editor's Note. — Section 156(e) of Session Laws 1985, c. 757, referred to in subdivision (7) of this section, was formerly codified as paragraphs (7)a to (7)c of this section.

Session Laws 1997-506, s. 28, provides: "G.S. 110-91(6) limits the authority of the Child Care Commission to adopt rules to ensure that out-

door play area equipment and furnishings at child care facilities are free of hazards that pose a threat of serious injury to children while engaged in normal supervised play activities. Accordingly, pursuant to G.S. 150B-21.7, rules adopted by the Child Care Commission requiring conformance to United States Consumer Product Safety Commission guidelines for playground safety, including amendments thereto, are repealed."

(b) A person who provides only drop-in or short-term child care as described in G.S. 110-86(2)(d), excluding drop-in or short-term child care provided in churches, shall notify the Department that the person is providing only drop-in or short-term child care. Any person providing only drop-in or short-term child care as described in G.S. 110-86(2)(d), excluding drop-in or short-term child care provided in churches, shall display in a prominent place at all times a notice that the child care arrangement is not required to be licensed and regulated by the Department and is not licensed and regulated by the Department. (1971, c. 803, s. 1; 1997-506, s. 14; 1999-130, s. 4.)

§ 110-100: Repealed by Session Laws 1997-506, s. 15.

§ 110-101: Repealed by Session Laws 1997-506, s. 16.

§ 110-101.1. Corporal punishment banned in certain "nonlicensed" homes.

The use of corporal punishment as a form of discipline is prohibited in those child care homes that are not required to be licensed under this Article but that receive State or federal subsidies for child care unless this care is provided to children by their parents, stepparents, grandparents, aunts, uncles, step-grandparents, or great-grandparents. Care provided children by their parents, stepparents, grandparents, aunts, uncles, step-grandparents, or great-grandparents is not subject to this section. Religious sponsored nonlicensed homes are also exempt from this section. (1993, c. 268, s. 1; 1997-506, s. 17.)

§ 110-102. Information for parents.

The Secretary shall provide to each operator of a child care facility a summary of this Article for the parents, guardian, or full-time custodian of

each child receiving child care in the facility to be distributed by the operator. The summary shall include the name and address of the Secretary and the address of the Commission. The summary shall also include a statement regarding the mandatory duty prescribed in G.S. 7B-301 of any person suspecting child abuse or neglect has taken place in child care, or elsewhere, to report to the county Department of Social Services. The statement shall include the definitions of child abuse and neglect described in the Juvenile Code in G.S. 7B-101 and of child abuse described in the Criminal Code in G.S. 14-318.2 and G.S. 14-318.4. The statement shall stress that this reporting law does not require that the person reporting reveal the person's identity. (1971, c. 803, s. 1; 1975, c. 879, s. 15; 1977, c. 1011, s. 3; 1985, c. 757, ss. 155(o), 156(v); 1997-443, s. 11A.118(a); 1997-506, s. 18; 1998-202, s. 13(w).)

For purposes of this Article, a child is anyone under the age of 18.

(b) If a child dies while in child care, or of injuries sustained in child care, a report of the death must be made by the child care operator to the Secretary within 24 hours of the child's death or on the next working day. (1985, c. 392; 1987, c. 788, s. 12; 1997-506, s. 19.)

§ 110-102.2. Administrative penalties.

For failure to comply with this Article, the Secretary may:

- (1) Issue a written warning and a request for compliance;
- (2) Issue an official written reprimand;
- (3) Place a licensee upon probation until his compliance with this Article has been verified by the Commission or its agent;
- (4) Order suspension of a license for a specified length of time not to exceed one year;
- (5) Permanently revoke a license issued under this Article.

The issuance of an administrative penalty may be appealed as provided in G.S. 110-90(5) and G.S. 110-90(9). (1985, c. 757, s. 156(ff); 1987, c. 788, s. 13; c. 827, s. 235.)

Editor's Note. — The introductory language of the first sentence is set out as rewritten by

Session Laws 1987, c. 827, s. 235, at the direction of the Revisor of Statutes.

Any person who violates the provisions of G.S. 110-98 through G.S. 110-99 or G.S. 110-102 shall be guilty of a Class 1 misdemeanor, except that any person operating a family child care home as defined in G.S. 110-86(3) who violates the provisions of G.S. 110-98 through G.S. 110-99 or G.S. 110-102 shall be guilty of a Class 3 misdemeanor. (1971, c. 803, s. 1; 1983, c. 297, s. 3; 1985, c. 757, s. 156(gg); 1987, c. 788, s. 14; 1993, c. 539, s. 824; 1994, Ex. Sess., c. 24, s. 14(c); 1997-506, s. 20.)

§ 110-103.1. Civil penalty.

(a) A civil penalty may be levied against any operator of any child care facility who violates any provision of this Article. The penalty shall not exceed one thousand dollars (\$1,000) for each violation documented on any given date. Every operator shall be provided a schedule of the civil penalties established by the Commission pursuant to this Article.

(b) In determining the amount of the penalty, the threat of or extent of harm to children in care as well as consistency of violations shall be considered, and no penalty shall be imposed under this section unless there is a specific finding that this action is reasonably necessary to enforce the provisions of this Article or its rules.

(c) A person who is assessed a penalty shall be notified of the penalty by registered or certified mail. The notice shall state the reasons for the penalty. If a person fails to pay a penalty, the Secretary shall refer the matter to the Attorney General for collection.

§ 110-104. Injunctive relief.

The Secretary or the Secretary's designee may seek injunctive relief in the district court of the county in which a child care facility is located against the continuing operation of that child care facility at any time, whether or not any

administrative proceedings are pending. The district court may grant injunctive relief, temporary, preliminary, or permanent, when there is any violation of this Article or of the rules promulgated by the Commission or the Commission for Health Services that threatens serious harm to children in the child care facility, or when a final order to deny or revoke a license has been violated, or when a child care facility is operating without a license, or when a child care facility repeatedly violates the provisions of this Article or rules adopted pursuant to it after having been notified of the violation. CASE NOTES

Action for Declaratory Judgment Not Barred. — The spirit and intent of this section do not permit, much less compel, a conclusion that the Day-Care Facilities Act is intended to restrict the general statewide jurisdiction of the superior court or to limit the scope of relief normally available in declaratory judgment actions. The mere existence of an alternate adequate remedy under this section will not be held to bar an appropriate action for declaratory judgment. *State, Child Day-Care Licensing Comm'n v. Fayetteville St. Christian School*, 299 N.C. 351, 261 S.E.2d 908, appeal dismissed, 449 U.S. 807, 101 S. Ct. 55, 66 L. Ed. 2d 11 (1980).

Preliminary injunction serves to place the parties in the position they were before the dispute between them arose. *State, Child Day-Care Licensing Comm'n v. Fayetteville St. Christian School*, 299 N.C. 731, 265 S.E.2d 387, appeal dismissed, 449 U.S. 807, 101 S. Ct. 55, 66 L. Ed. 2d 11 (1980).

Defendants' compliance with prelimi-

nary injunction does not moot issues raised by defendants' assertions of constitutional defenses to the State's action. The preliminary injunction requires defendants to comply with the statutory licensing requirements until a final determination can be made on fully developed facts of the ultimate question in the case, i.e., whether the licensing statutes can be constitutionally applied to these defendants. Until such a determination is made the statutes, conceded to be facially valid, are presumably applicable to defendants and defendants must perforce comply with them. *State, Child Day-Care Licensing Comm'n v. Fayetteville St. Christian School*, 299 N.C. 731, 265 S.E.2d 387, appeal dismissed, 449 U.S. 807, 101 S. Ct. 55, 66 L. Ed. 2d 11 (1980).

Preliminary injunction under this section is not immediately appealable. *State, Child Day-Care Licensing Comm'n v. Fayetteville St. Christian School*, 299 N.C. 731, 265 S.E.2d 387, appeal dismissed, 449 U.S. 807, 101 S. Ct. 55, 66 L. Ed. 2d 11 (1980).

§ 110-105. Authority to inspect facilities.

(a) The Commission shall adopt standards and rules under this subsection which provide for the following types of inspections:

- (1) An initial licensing inspection, which shall not occur until the administrator of the facility receives prior notice of the initial inspection visit;
- (2) A plan for visits to all facilities, including announced and unannounced visits, which shall be confidential unless a court orders its disclosure;
- (3) An inspection that may be conducted without notice, if there is probable cause to believe that an emergency situation exists or there is a complaint alleging a violation of licensure law. When the Department is notified by the county director of social services that the director has received a report of child abuse or neglect in a child care facility, or when the Department is notified by any other person that alleged abuse or neglect has occurred in a facility, the Commission's rules shall provide for an inspection conducted without notice to the

child care facility to determine whether the alleged abuse or neglect has occurred. This inspection shall be conducted within seven calendar days of receipt of the report, and when circumstances warrant, additional visits shall be conducted.

The Secretary or the Secretary's designee, upon presenting appropriate credentials to the operator of the child care facility, may perform inspections in accordance with the standards and rules promulgated under this subsection. The Secretary or the Secretary's designee may inspect any area of a building in which there is reasonable evidence that children are in care.

(b) If an operator refuses to allow the Secretary or the Secretary's designee to inspect the child care facility, the Secretary shall seek an administrative warrant in accordance with G.S. 15-27.2. (1983, c. 261, s. 1; 1985, c. 757, s. 156(ii); 1987, c. 788, s. 17; c. 827, s. 238; 1991, c. 273, s. 10; 1997-506, s. 23.)

§ 110-105.1: Repealed by Session Laws 1997-506, s. 24.

§ 110-105.2. Abuse and neglect violations.

(a) For purposes of this Article, child abuse and neglect, as defined in G.S. 7B-101 and in G.S. 14-318.2 and G.S. 14-318.4, occurring in child care facilities, are violations of the licensure standards and of the licensure law.

(b) When an investigation pursuant to G.S. 110-105(a)(3) substantiates that child abuse or neglect did occur in a child care facility, the Department may issue a written warning which shall specify any corrective action to be taken by the operator. The Department shall make an unannounced visit within one month after issuance of the written warning to determine whether the corrective action has occurred. If the corrective action has not occurred, then the Department may issue a special provisional license.

(c) When the Department issues a special provisional license pursuant to this section, the Department shall send a letter which states the reasons for the special provisional status, and the license shall specify corrective action that shall be taken by the operator. A special provisional license issued pursuant to this section shall be in effect for no more than six months from issuance. The operator shall post, where parents can see them, the letter stating the reasons for the special provisional status and the special provisional license. Under the terms of the special provisional license, the Secretary may limit enrollment of new children until satisfied the abusive or neglectful situation no longer exists. The Department shall make unannounced visits as often as the Department believes it is necessary during the period the special provisional license is in effect.

(d) Specific corrective action required by a written warning, special provisional license, or any other administrative penalty authorized by this Article may include the permanent removal of the substantiated abuser or neglecter from child care.

(e) Nothing in this section shall restrict the Secretary from using any other statutory or administrative remedies available. (1985, c. 757, s. 156(w); 1987, c. 788, s. 19; 1997-506, s. 25; 1998-202, s. 13(x).)

§ 110-106. Religious sponsored child care facilities.

(a) The term "religious sponsored child care facility" as used in this section shall include any child care facility or summer day camp operated by a church, synagogue or school of religious charter.

(b) Procedure Regarding Religious Sponsored Child Care Facilities. —

(1) Religious sponsored child care facilities shall file with the Department a notice of intent to operate a child care facility and the date it will

begin operation at least 30 days prior to that date. Within 30 days after beginning operation, the facility shall provide to the Department written reports and supporting data which show the facility is in compliance with applicable provisions of G.S. 110-91. After the religious sponsored child care facility has filed this information with the Department, the facility shall be visited by a representative of the Department to ensure compliance with the applicable provisions of G.S. 110-91.

- (2) Each religious sponsored child care facility shall file with the Department a report indicating that it meets the minimum standards for facilities as provided in the applicable provisions of G.S. 110-91 as required by the Department. The reports shall be in accordance with rules adopted by the Commission. Each religious sponsored child care facility shall be responsible for supplying with its report the necessary supporting data to show conformity with those minimum standards, including reports from the local and district health departments, local building inspectors, local firemen, volunteer firemen, and other, on forms which shall be provided by the Department.
 - (3) It shall be the responsibility of the Department to notify the facility if it fails to meet the minimum requirements. The Secretary shall be responsible for carrying out the enforcement provisions provided by the General Assembly in Article 7 of Chapter 110 including inspection to ensure compliance. The Secretary may issue an order requiring a religious sponsored child care facility which fails to meet the standards established pursuant to this Article to cease operating. A religious sponsored child care facility may request a hearing to determine if it is in compliance with the applicable provisions of G.S. 110-91. If the Secretary determines that it is not, the Secretary may order the facility to cease operation until it is in compliance.
 - (4) Religious sponsored child care facilities including summer day camps shall be exempt from the requirement that they obtain a license and that the license be displayed and shall be exempt from any subsequent rule or regulatory program not dealing specifically with the minimum standards as provided in the applicable provisions of G.S. 110-91. Nothing in this Article shall be interpreted to allow the State to regulate or otherwise interfere with the religious training offered as a part of any religious sponsored child care program. Nothing in this Article shall prohibit any religious sponsored child care facility from becoming licensed by the State if it so chooses.
 - (5) Religious sponsored child care facilities found to be in violation of the applicable provisions of G.S. 110-91 shall be subject to the injunctive provisions of G.S. 110-104, except that they may not be enjoined for operating without a license. The Secretary may seek an injunction against any religious sponsored child care facility under the conditions specified in G.S. 110-104 with the above exception and when any religious sponsored child care facility operates without submitting the required forms and following the procedures required by this Article.
- (c) G.S. 110-91(8), 110-91(11), 110-91(12) do not apply to religious sponsored child care facilities, and these facilities are exempt from any requirements prescribed by subsection (b) of this section that arise out of these provisions.
- (d) No person shall be an operator of nor be employed in a religious sponsored child care facility who has been convicted of a crime involving child neglect, child abuse, or moral turpitude, or who is a habitually excessive user of alcohol or who illegally uses narcotic or other impairing drugs, or who is mentally or emotionally impaired to an extent that may be injurious to children.
- (e) Each religious sponsored child care facility shall be under the direction

or supervision of a literate person at least 21 years of age. All staff counted toward meeting the required staff/child ratio shall be at least 16 years old, provided that persons younger than 18 years old work under the direct supervision of a literate staff person at least 21 years old. Effective January 1, 1998, a person operating a religious sponsored child care home must be at least 21 years old and literate. Persons operating religious sponsored child care homes prior to January 1, 1998, shall be at least 18 years old and literate. The definition of literate in G.S. 110-91(8) shall apply to this subsection. (1983, c. 283, ss. 1, 2; 1985, c. 757, ss. 155(p), 156(k); 1987, c. 788, s. 20; 1997-506, s. 26.)

§ 110-106.1: Repealed by Session Laws 1997-506, s. 27.

§ 110-107. Fraudulent misrepresentation.

(a) A person, whether a provider or recipient of child care subsidies or someone claiming to be a provider or recipient of child care subsidies, commits the offense of fraudulent misrepresentation when both of the following occur:

- (1) With the intent to deceive, that person makes a false statement or representation regarding a material fact, or fails to disclose a material fact.
- (2) As a result of the false statement or representation or the omission, that person obtains, attempts to obtain, or continues to receive a child care subsidy for himself or herself or for another person.

(b) If the child care subsidy is not more than one thousand dollars (\$1,000), the person is guilty of a Class 1 misdemeanor. If the child care subsidy is more than one thousand dollars (\$1,000), the person is guilty of a Class I felony.

(c) As used in this section:

- (1) "Child care subsidy" means the use of public funds to pay for day care services for children.
- (2) "Person" means an individual, association, consortium, corporation, body politic, partnership, or other group, entity, or organization. (1999-279, s. 1.)

§ 110-108. Financial incentives for counties to investigate and pursue alleged child care fraud.

The Department of Health and Human Services shall allow each local purchasing agency to retain as an incentive bonus the actual amount of child care fraud and overpayment claims collected by the local purchasing agency. Incentive bonuses under this section shall be used by the agency for the purchase of subsidized child care or to enhance and improve program integrity. The agency shall use at least seventy-five percent (75%) of the incentive bonus funds under this section for the purchase of subsidized child care. The agency shall not use more than twenty-five percent (25%) of the incentive bonus funds under this section for program integrity. On or before October 1 each year, each agency shall report to the Department of Health and Human Services on the use of the incentive bonuses under this section during the previous fiscal year. This section does not apply to overpayments due to administrative errors of local purchasing agency staff. (1999-279, s. 2.)

§ 110-109: Repealed by Session Laws 2001-424, s. 21.73(a), effective July 1, 2001.

Editor's Note. — Session Laws 2001-424, s. 11.27(d), which had directed the Department of 21.73(b) repeals Session Laws 2000-67, s. Health and Human Services to conduct a one-

time interim market rate study, to be completed no later than April 1, 2002, to contain a survey of rates charged at child care facilities that have changed their rate quality level since the survey conducted for the April 2001 study and to implement the results of this study within six months of its completion.

Child Support.

§ 110-128. Purposes.

The purposes of this Article are to provide for the financial support of dependent children; to enforce spousal support when a child support order is being enforced; to provide that public assistance paid to dependent children is a supplement to the support required to be provided by the responsible parent; to provide that the payment of public assistance creates a debt to the State; to provide that the acceptance of public assistance operates as an assignment of the right to child support; to provide for the location of absent parents; to provide for a determination that a responsible parent is able to support his children; and to provide for enforcement of the responsible parent's obligation to furnish support and to provide for the establishment and administration of a program of child support enforcement in North Carolina. CASE NOTES

Intervention in Support Action Brought by State. — The language of § 110-137 operates to assign to the state or county only the right to reimbursement for those amounts of support money provided through AFDC. Thus grandmother who had cared for child since her birth and had applied for assistance from the AFDC program retained her interest in defendant father's support obligation, and was entitled to intervene in an action for child support brought against defendant by the State. *State ex rel. Crews v. Parker*, 319 N.C. 354, 354 S.E.2d 501 (1987).

Blood Test Appropriate. — Court did not err in ordering defendant to submit to a blood grouping test where blood test evidence demonstrated that another man was not the father and defendant admitted to having had sexual relations with plaintiff at the approximate time

of conception. *Guilford County ex rel. Child Support Enforcement Unit ex rel. Gardner v. Davis*, 123 N.C. App. 527, 473 S.E.2d 640 (1996).

General to Jean Prewitt Bost, Supervisor, Mecklenburg-Union Counties Child Support Enforcement Unit, 47 N.C.A.G. 45 (1977).

§ 110-129. Definitions.

As used in this Article:

- (1) "Court order" means any judgment or order of the courts of this State or of another state.
- (2) "Dependent child" means any person under the age of 18 who is not otherwise emancipated, married or a member of the armed forces of the United States, or any person over the age of 18 for whom a court orders that support payments continue as provided in G.S. 50-13.4(c).
- (3) "Responsible parent" means the natural or adoptive parent of a dependent child who has the legal duty to support said child and includes the father of a child born out-of-wedlock and the parents of a dependent child who is the custodial or noncustodial parent of the dependent child requiring support. If only one parent of the child requiring support was an unemancipated minor at the time of the child's conception, the parents of both parents are liable for any arrearages in child support owed by the adult or emancipated parent until the other parent reaches the age of 18 or becomes emancipated.

However, Supplemental Security Income, Work First Family Assistance, and other public assistance payments shall be excluded from disposable income. For employers, disposable income means "wage" as it is defined by G.S. 95-25.2(16). Unemployment compensation benefits shall be treated as disposable income only for the purposes of income withholding under the provisions of G.S. 110-136.4, and the amount withheld shall not exceed twenty-five percent (25%) of the unemployment compensation benefits.

- (7) "IV-D case" means a case in which services have been applied for or are being provided by a child support enforcement agency established pursuant to Title IV-D of the Social Security Act as amended and this Article.
- (8) "Non-IV-D case" means any case, other than a IV-D case, in which child support is legally obligated to be paid.
- (9) "Initiating party" means the party, the attorney for a party, a child support enforcement agency, or the clerk of superior court who initiates an action, proceeding, or procedure as allowed or required by law for the establishment or enforcement of a child support obligation.
- (10) "Mistake of fact" means that the obligor:
 - a. Is not in arrears in an amount equal to the support payable for one month; or
 - b. Did not request that withholding begin, if withholding is pursuant to a purported request by the obligor for withholding; or
 - c. Is not the person subject to the court order of support for the child named in the advance notice of withholding; or
 - d. Does not owe the amount of current support or arrearages specified in the advance notice or motion of withholding; or
 - e. Has a rate of withholding which exceeds the amount of support specified in the court order.
- (11) "Obligee", in a IV-D case, means the child support enforcement agency, and in a non-IV-D case means the individual to whom a duty of support, whether child support, alimony, or postseparation support, is owed or the individual's legal representative.
- (12) "Obligor" means the individual who owes a duty to make child support payments or payments of alimony or postseparation support under a court order.
- (13) "Payor" means any payor, including any federal, State, or local governmental unit, of disposable income to an obligor. When the payor is an employer, payor means employer as is defined at 29 USC § 203(d) in the Fair Labor Standards Act. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, ss. 2, 3; 1985, c. 592; 1985 (Reg. Sess., 1986), c. 949, s. 1; 1987, c. 764, s. 3; 1989, c. 601, s. 1; 1991, c. 541, s. 3; 1995, c. 518, s. 2; 1997-443, ss. 11A.118(a), 12.27; 1997-465, s. 27; 1998-176, ss. 9, 10.)

Editor's Note. — Session Laws 1995, c. 518, s. 2, amended this section effective October 1, 1995, and applicable to child support assessed for children born on or after that date.

Subdivisions (10)(a) through (10)(e) were re-numbered as subdivisions (10)a. through (10)e. pursuant to Session Laws 1997-456, s. 27, which authorized the Revisor of Statutes to

CASE NOTES

Responsible Parent Remains Liable for Future Support. — Section 49-7, read together with § 50-13.7, clearly contemplates a continuing obligation on the part of the parents of an illegitimate child to provide support, including when necessary the modification or increase of payments ordered to satisfy this obligation. Having been conclusively determined a "responsible parent," as that term is defined in this section, the father of an illegitimate child must necessarily remain liable for the future support of his minor child. *Wilkes County ex rel. Child Support Enforcement Agency ex rel. Nations v. Gentry*, 311 N.C. 580, 319 S.E.2d 224 (1984).

Plea of guilty may be considered as evidentiary admission by defendant on issue of paternity, where defendant makes no attempt to refute or explain this evidence and it is therefore uncontroverted. It is unnecessary to determine whether defendant's plea of guilty to an earlier criminal charge of nonsupport must be given collateral estoppel effect. *Wilkes County ex rel. Child Support Enforcement Agency ex rel. Nations v. Gentry*, 311 N.C. 580, 319 S.E.2d 224 (1984).

The credible, uncontroverted evidence of defendant's plea of guilty to a criminal charge of nonsupport of the minor child is sufficient to establish paternity so as to bring defendant within the definition of "responsible parent" under this section. That definition includes "the father of an illegitimate child." *Wilkes County ex rel. Child Support Enforcement Agency ex rel. Nations v. Gentry*, 311 N.C. 580, 319 S.E.2d 224 (1984).

§ 110-129.1. Additional powers and duties of the Department.

(a) In addition to other powers and duties conferred upon the Department of Health and Human Services, Child Support Enforcement Program, by this Chapter or other State law, the Department shall have the following powers and duties:

- (1) Upon authorization of the Secretary, to issue a subpoena for the production of books, papers, correspondence, memoranda, agreements, or other information, documents, or records relevant to a child support establishment or enforcement proceeding or paternity establishment proceeding. The subpoena shall be signed by the Secretary and shall state the name of the person or entity required to produce the information authorized under this section, and a description of the information compelled to be produced. The subpoena may be served in the manner provided for service of subpoenas under the North Carolina Rules of Civil Procedure. The form of subpoena shall generally follow the practice in the General Court of Justice in North Carolina. Return of the subpoena shall be to the person who issued the subpoena. Upon the refusal of any person to comply with the subpoena, it shall be the duty of any judge of the district court, upon application by the person who issued the subpoena, to order the person subpoenaed to show cause why he should not comply with the requirements, if in the discretion of the judge the requirements are reasonable and proper. Refusal to comply with the subpoena or with the order shall be dealt with as for contempt of court and as otherwise provided by law. Information obtained as a result of a subpoena issued

pursuant to this subdivision is confidential and may be used only by the Child Support Enforcement Program in conjunction with a child support establishment or enforcement proceeding or paternity establishment proceeding.

- (2) For the purposes of locating persons, establishing paternity, or enforcing child support orders, the Program shall have access to any information or data storage and retrieval system maintained and used by the Department of Transportation for drivers license issuance or motor vehicle registration, or by a law enforcement agency in this State for law enforcement purposes, as permitted pursuant to G.S. 132-1.4, except that the Program shall have access to information available to the law enforcement agency pertaining to drivers licenses and motor vehicle registrations issued in other states.
- (3) Establish and implement procedures under which in IV-D cases either parent or, in the case of an assignment of support, the State may request that a child support order enforced under this Chapter be reviewed and, if appropriate, adjusted in accordance with the most recently adopted uniform statewide child support guidelines prescribed by the Conference of Chief District Court Judges.
- (4) Develop procedures for entering into agreements with financial institutions to develop and operate a data match system as provided under G.S. 110-139.2.
- (5) Develop procedures for ensuring that when a noncustodial parent providing health care coverage pursuant to a court order changes employers and is eligible for health care coverage from the new employer, the new employer, upon receipt of notice of the order from the Department, enrolls the child in the employer's health care plan.
- (6) Develop and implement an administrative process for paternity establishment in accordance with G.S. 110-132.2.
- (7) Establish and implement administrative procedures to change the child support payee to ensure that child support payments are made to the appropriate caretaker when custody of the child has changed, in accordance with G.S. 50-13.4(d).
- (8) Establish and implement expedited procedures to take the following actions relating to the establishment of paternity or to establishment of support orders, without obtaining an order from a judicial tribunal:
 - a. Subpoena the parties to undergo genetic testing as provided under G.S. 110-132.2;
 - b. Implement income withholding in accordance with this Chapter;
 - c. For the purpose of securing overdue support, increase the amount of monthly support payments by implementation of income withholding procedures established under G.S. 110-136.4, or by notice and opportunity to contest to an obligor who is not subject to income withholding. Increases under this subdivision are subject to the limitations of G.S. 110-136.6;
 - d. For purposes of exerting and retaining jurisdiction in IV-D cases, transfer cases between jurisdictions in this State without the necessity for additional filing by the petitioner or service of process upon the respondent.

(b) As used in this section, the term "Secretary" means the Secretary of Health and Human Services, the Secretary's designee, or a designated representative as defined under G.S. 110-129(5). (1997-433, s. 2; 1997-443, s. 11A.122; 1998-17, s. 1.)

Editor's Note. — Session Laws 2001-424, the General Assembly to increase the productivity and enhance the performance of child ss. 21.53(a) to (d), provide: "(a) It is the intent of

support enforcement offices statewide.

“(b) The Department of Health and Human Services shall develop and implement performance standards for each of the State and county child support enforcement offices across the State. In development of these performance standards, the Department of Health and Human Services shall evaluate other private and public child support models and national standards as well as other successful collections models. These performance standards shall include the following:

- “(1) Cost per collections.
- “(2) Consumer satisfaction.
- “(3) Paternity establishments.
- “(4) Administrative costs.
- “(5) Orders established.
- “(6) Collections on arrearages.
- “(7) Location of absent parents.
- “(8) Other related performance measures.

“The Department of Health and Human Services shall monitor the performance of each office and shall implement a system of reporting which allows each local office to review its performance as well as the performance of other local offices. The Department of Health and Human Services shall publish an annual performance report that shall include the statewide and local office performance of each child support office.

“(c) The Department of Health and Human Services shall develop and implement a program to reward its child support enforcement offices for exemplary performance.

“(d) The Department of Health and Human Services shall report on its progress in complying with the provisions of this section [s. 21.53 of Session Laws 2001-424] to the Senate Appropriations Committee on Health and Human Services, the House of Representatives Appropriations Subcommittee on Health and Human Services, and the Fiscal Research Division. The Department shall make an interim report no later than January 15, 2002, and a final report no later than May 1, 2002.”

Session Laws 2001-424, s. 1.2, provides: “This act shall be known as the ‘Current Operations and Capital Improvements Appropriations Acts of 2001’.”

Session Laws 2001-424, s. 36.3, provides: “Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium.”

Session Laws 2001-424, s. 36.5 is a severability clause.

§ 110-129.2. State Directory of New Hires established; employers required to report; civil penalties for noncompliance; definitions.

(a) Directory Established. — There is established the State Directory of New Hires. The Directory shall be developed and maintained by the Department. The Directory shall be a central repository for employment information to assist in the location of persons owing child support, and in the establishment and enforcement of child support orders.

(b) Employer Reporting. — Every employer in this State shall report to the Directory the hiring of every employee for whom a federal W-4 form is required to be completed by the employee at the time of hiring. The employer shall report the information required under this section not later than 20 days from the date of hire, or, in the case of an employer who transmits new hire reports magnetically or electronically by two monthly transmissions, not less than 12 nor more than 16 days apart. The Department shall notify employers of the information they must report under this section and of the penalties for not reporting the required information. The required forms must be provided by the Department to employers.

(c) Report Contents. — Each report required by this section shall contain the name, address, and social security number of the employee, and the name and address of the employer and the employer’s identifying number assigned under section 6109 of the Internal Revenue Code of 1986 and the employer’s State employer identification number. Reports shall be made on the W-4 form or, at the option of the employer, an equivalent form, and may be transmitted magnetically, electronically, or by first-class mail.

(d) Penalties for Failure to Report. — Upon a finding that an employer has failed to comply with the reporting requirements of this section, the district court shall impose a civil penalty in an amount not to exceed twenty-five

dollars (\$25.00). If the court finds that an employer's failure to comply with the reporting requirements is the result of a conspiracy between the employer and the employee to not supply the required report or to supply a false or incomplete report, then the court shall impose upon the employer a civil penalty in an amount not to exceed five hundred dollars (\$500.00). Penalties collected under this subsection shall be deposited to the General Fund.

(e) **Entry of Report Data Into Directory.** — Within five business days of receipt of the report from the employer, the Department shall enter the information from the report into the Directory.

(f) **Notice to Employer to Withhold.** — Within two business days of the date the information was entered into the Directory, the Department or its designated representative as defined under G.S. 110-129(5) shall transmit notice to the employer of the newly hired employee directing the employer to withhold from the income of the employee an amount equal to the monthly or other periodic child support obligation, including any past-due support obligation of the employee and subject to the limitations of G.S. 110-136.6, unless the employee's income is not subject to withholding.

(g) **Other Uses of Directory Information.** — The following agencies may access information entered into the Directory from employer reports for the purposes stated:

- (1) The Employment Security Commission for the purpose of administering employment security programs.
- (2) The North Carolina Industrial Commission for the purpose of administering workers' compensation programs.
- (3) The Department of Revenue for the purpose of administering the taxes it has a duty to collect under Chapter 105 of the General Statutes.

(h) **Department May Contract for Services.** — The Department may contract with other State or private entities to perform the services necessary to implement this section.

(i) **Information Confidential.** — Except as otherwise provided in this section, information contained in the Directory is confidential and may be used only by the State Child Support Enforcement Program.

(j) **Definitions.** — As used in this section, unless the context clearly requires otherwise, the term:

- (1) "Business day" means a day on which State offices are open for business.
- (2) "Department" means the Department of Health and Human Services.
- (3) "Employee" means an individual who is an employee within the meaning of Chapter 24 of the Internal Revenue Code of 1986. The term "employee" does not include an employee of a federal or State agency performing intelligence or counterintelligence functions, if the head of the agency has determined that reporting information as required under this section could endanger the safety of the employee or compromise an ongoing investigation or intelligence mission.
- (4) "Employer" has the meaning given the term in section 3401(d) of the Internal Revenue Code of 1986 and includes persons who are governmental entities and labor organizations. The term "labor organization" shall have the meaning given that term in section 2(5) of the National Labor Relations Act, and includes any entity which is used by the organization and an employer to carry out requirements described in section 8(f)(3) of the National Labor Relations Act of an agreement between the organization and the employer. (1997-433, s. 1; 1997-443, s. 11A.122; 1998-17, s. 1; 1999-438, s. 30.)

§ 110-130. Action by the designated representatives of the county commissioners.

Any county interested in the paternity and/or support of a dependent child may institute civil or criminal proceedings against the responsible parent of the child, or may take up and pursue any paternity and/or support action commenced by the mother, custodian or guardian of the child. Such action shall be undertaken by the designated representative in the county where the mother of the child resides or is found, in the county where the father resides or is found, or in the county where the child resides or is found. Any legal proceeding instituted under this section may be based upon information or belief. The parent of the child may be subpoenaed for testimony at the trial of the action to establish the paternity of and/or to obtain support for the child either instituted or taken up by the designated representative of the county commissioners. The husband-wife privilege shall not be grounds for excusing the mother or father from testifying at the trial nor shall said privilege be grounds for the exclusion of confidential communications between husband and wife. If a parent called for examination declines to answer upon the grounds that his testimony may tend to incriminate him, the court may require him to answer in which event he shall not thereafter be prosecuted for any criminal act involved in the conception of the child whose paternity is in issue and/or for whom support is sought, except for perjury committed in this testimony. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, s. 4; 1985, c. 410.)

CASE NOTES

County has the authority and the duty to pursue an action against the responsible parent for the maintenance of the child and recovery of amounts paid by the county for support of the child. The county may bring the action in the name of the mother or in its own name. She is in either case required to cooperate with the county in the trial of the action. *Settle ex rel. Sullivan v. Beasley*, 309 N.C. 616, 308 S.E.2d 288 (1983).

County is the real party in interest in an action to recover amounts paid by the county for support of a child. The child's mother is not the real party in interest. By accepting public assistance, she assigned her right to child support to the county. *Settle ex rel. Sullivan v. Beasley*, 309 N.C. 616, 308 S.E.2d 288 (1983).

County Not Estopped by Non-Paternity Ruling in Former Criminal Matter, as County Not in Privity with State. — Although State and county were interested in proving same state of facts (that defendant was child's father), county had no control over previous criminal litigation where it was determined that defendant was not father, and nothing in record indicated that interest of county

was legally represented in criminal trial. Accordingly, trial court erred in concluding that county was in privity with State, and doctrine of collateral estoppel did not bar county's action against defendant in its effort to seek reimbursement for public assistance paid on behalf of child. *County of Rutherford ex rel. Child Support Enforcement Agency ex rel. Hedrick v. Whitener*, 100 N.C. App. 70, 394 S.E.2d 263 (1990).

Past Public Assistance Debt Owed by Indian. — The exercise of state court jurisdiction over paternity actions, where the mother, the child, and the putative father are all Indians living on the reservation, unduly infringes on tribal self-governance. However, once paternity is established, the state courts have subject matter jurisdiction over causes of action brought by the State pursuant to requirements of the Aid to Families with Dependent Children program to collect a debt owed to the State for past public assistance and to obtain a judgment for future child support. *Jackson County ex rel. Child Support Enforcement Agency ex rel. Jackson v. Swayney*, 319 N.C. 52, 352 S.E.2d 413, rehearing denied, 319 N.C. 412,

354 S.E.2d 713, cert. denied, 484 U.S. 826, 108 S. Ct. 93, 98 L. Ed. 2d 54 (1987).

§ 110-130.1. Non-Work First services.

(a) All child support collection and paternity determination services provided under this Article to recipients of public assistance shall be made available to any individual not receiving public assistance in accordance with federal law and as contractually authorized by the nonrecipient, upon proper application and payment of a nonrefundable application fee of twenty-five dollars (\$25.00). The fee shall be reduced to ten dollars (\$10.00) if the individual applying for the services is indigent. An indigent individual is an individual whose gross income does not exceed one hundred percent (100%) of the federal poverty guidelines issued each year in the Federal Register by the U.S. Department of Health and Human Services. For the purposes of this subsection, the term "gross income" has the same meaning as defined in G.S. 105-134.1.

(b) Repealed by Session Laws 1989, c. 490.

(b1) In cases in which a public assistance debt which accrued pursuant to G.S. 110-135 remains unrecovered, support payments shall be transmitted to the Department of Health and Human Services for appropriate distribution. When services are terminated and all costs and any public assistance debts have been satisfied, the support payment shall be redirected to the client.

(c) Actions or proceedings to establish, enforce, or modify a duty of support or establish paternity as initiated under this Article shall be brought in the name of the county or State agency on behalf of the public assistance recipient or nonrecipient client. Collateral disputes between a custodial parent and noncustodial parent, involving visitation, custody and similar issues, shall be considered only in separate proceedings from actions initiated under this Article. The attorney representing the designated representative of programs under Title IV-D of the Social Security Act shall be deemed attorney of record only for proceedings under this Article, and not for the separate proceedings. No attorney/client relationship shall be considered to have been created between the attorney who represents the child support enforcement agency and any person by virtue of the action of the attorney in providing the services required.

(c1) The Department is hereby authorized to use the electronic and print media in attempting to locate absent and deserting parents. Due diligence must be taken to ensure that the information used is accurate or has been verified. Print media shall be under no obligation or duty, except that of good faith, to anyone to verify the correctness of any information furnished to it by the Department or county departments of social services.

(d) Any fee imposed by the North Carolina Department of Revenue or the Secretary of the Treasury to cover their costs of withholding for non-Work First arrearages certified for the collection of past due support from State or federal income tax refunds shall be borne by the client by deducting the fee from the amount collected.

Any income tax refund offset amounts which are subsequently determined to have been incorrectly withheld and distributed to a client, and which must be refunded by the State to a responsible parent or the nondebtor spouse, shall constitute a debt to the State owed by the client. (1983, c. 527, s. 1; 1985, c. 781, ss. 1-5; 1985 (Reg. Sess., 1986), c. 931, ss. 1-3; 1989, c. 490; 1995, c. 538, s. 3; 1997-223, s. 2; 1997-443, ss. 11A.118(a), 12.28.)

Editor's Note. — Session Laws 1997-223, s. 1, provides that, effective 30 days after that act becomes law, the Department of Human Re-

sources [now Department of Health and Human Services] shall not elect any child support distribution option for families receiving cash

assistance under the State Plan for the Temporary Assistance for Needy Families (TANF) Block Grant Program for which the federal government does not provide funding to the State to exercise the option. Section 1 became effective June 25, 1997.

CASE NOTES

Child Support Action Not Barred. — The inclusion in a divorce judgment of a paragraph identifying plaintiff's former husband as the father of plaintiff's child operated only to identify the existence of a child born of the marriage and was not the subject of litigation; thus, collateral estoppel did not bar child support

action against defendant. Guilford County ex rel. Child Support Enforcement Unit ex rel. Gardner v. Davis, 123 N.C. App. 527, 473 S.E.2d 640 (1996).

Cited in State ex rel. Harnes v. Lawrence, 140 N.C. App. 707, 538 S.E.2d 223 (2000).

§ 110-130.2. Collection of spousal support.

Spousal support shall be collected for a spouse or former spouse with whom the absent parent's child is living when a child support order is being enforced under this Article. However, the spousal support shall be collected: (i) only if there is an order establishing the support obligation with respect to such spouse; and (ii) only if an order establishing the support obligation with respect to the child is being enforced under this Article. The Child Support Enforcement Program is not authorized to assist in the establishment of a spousal support obligation. (1985, c. 506, s. 1.)

§ 110-131. Compelling disclosure of information respecting the nonsupporting responsible parent of a child receiving public assistance.

(a) If a parent of any dependent child receiving public assistance fails or refuses to cooperate with the county in locating and securing support from a nonsupporting responsible parent, this parent may be cited to appear before any judge of the district court and compelled to disclose such information under oath and/or may be declared ineligible for public assistance by the county department of social services for as long as he fails to cooperate.

(b) Any parent who, having been cited to appear before a judge of the district court pursuant to subsection (a), fails or refuses to appear or fails or refuses to provide the information requested may be found to be in contempt of said court and may be fined not more than one hundred dollars (\$100.00) or imprisoned not more than six months or both.

(c) Any parent who is declared ineligible for public assistance by the county department of social services shall have his needs excluded from consideration in determining the amount of the grant, and the needs of the remaining family members shall be met in the form of a protective payment in accordance with G.S. 108-50. (1975, c. 827, s. 1.)

§ 110-131.1. Notice; due process requirements met.

In any child support enforcement proceeding the trial court may deem State due process requirements for notice and service of process to be met with respect to the nonmoving party, upon delivery of written notice in accordance with the notice requirements of Chapter 1A-1, Rule 5(b) of the Rules of Civil Procedure with respect to all pleadings subsequent to the original complaint. (1997-433, s. 2.3; 1998-17, s. 1.)

§ 110-132. Affidavit of parentage and agreement to support.

(a) In lieu of or in conclusion of any legal proceeding instituted to establish paternity, the written affidavits of parentage executed by the putative father and the mother of the dependent child shall constitute an admission of paternity and shall have the same legal effect as a judgment of paternity for the purpose of establishing a child support obligation, subject to the right of either signatory to rescind within the earlier of:

- (1) 60 days of the date the document is executed, or
- (2) The date of entry of an order establishing paternity or an order for the payment of child support.

In order to rescind, a challenger must request the district court to order the rescission and to include in the order specific findings of fact that the request for rescission was filed with the clerk of court within 60 days of the signing of the document. The court must also find that all parties, including the child support enforcement agency, if appropriate, have been served in accordance with Rule 4 of the North Carolina Rules of Civil Procedure. In the event the court orders rescission and the putative father is thereafter found not to be the father of the child, then the clerk of court shall send a copy of the order of rescission to the State Registrar of Vital Statistics. Upon receipt of an order of rescission, the State Registrar shall remove the putative father's name from the birth certificate. In the event that the putative father defaults or fails to present or prosecute the issue of paternity, the trial court shall find the putative father to be the biological father as a matter of law.

After 60 days have elapsed, execution of the document may be challenged in court only upon the basis of fraud, duress, mistake, or excusable neglect. The burden of proof shall be on the challenging party, and the legal responsibilities, including child support obligations, of any signatory arising from the executed documents may not be suspended during the challenge except for good cause shown.

A written agreement to support the child by periodic payments, which may include provision for reimbursement for medical expenses incident to the pregnancy and the birth of the child, accrued maintenance and reasonable expense of prosecution of the paternity action, when acknowledged as provided herein, filed with, and approved by a judge of the district court at any time, shall have the same force and effect as an order of support entered by that court, and shall be enforceable and subject to modification in the same manner as is provided by law for orders of the court in such cases. The written affidavit shall contain the social security number of the person executing the affidavit. Voluntary agreements to support shall contain the social security number of each of the parties to the agreement. The written affidavits and agreements to support shall be sworn to before a certifying officer or notary public or the equivalent or corresponding person of the state, territory, or foreign country where the affirmation, acknowledgment, or agreement is made, and shall be binding on the person executing the same whether the person is an adult or a minor. The child support enforcement agency shall ensure that the mother and

putative father are given oral and written notice of the legal consequences and responsibilities arising from the signing of an affidavit of parentage and of any alternatives to the execution of an affidavit of parentage. The mother shall not be excused from making the affidavit on the grounds that it may tend to disgrace or incriminate her; nor shall she thereafter be prosecuted for any criminal act involved in the conception of the child as to whose paternity she attests.

(b) At any time after the filing with the district court of an affidavit of parentage, upon the application of any interested party, the court or any judge thereof shall cause a summons signed by him or by the clerk or assistant clerk of superior court, to be issued, requiring the putative father to appear in court at a time and place named therein, to show cause, if any he has, why the court should not enter an order for the support of the child by periodic payments, which order may include provision for reimbursement for medical expenses incident to the pregnancy and the birth of the child, accrued maintenance and reasonable expense of the action under this subsection on the affidavit of parentage previously filed with said court. The court may order the responsible parents in a IV-D establishment case to perform a job search, if the responsible parent is not incapacitated. This includes IV-D cases in which the responsible parent is a noncustodial mother or a noncustodial father whose affidavit of parentage has been filed with the court or when paternity is not at issue for the child. The court may further order the responsible parent to participate in the work activities, as defined in 42 U.S.C. § 607, as the court deems appropriate. The amount of child support payments so ordered shall be determined as provided in G.S. 50-13.4(c). The prior judgment as to paternity shall be res judicata as to that issue and shall not be reconsidered by the court. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, ss. 5, 6; 1981, c. 275, s. 8; 1989, c. 529, s. 8; 1997-433, s. 4.7; 1998-17, s. 1; 1999-293, s. 1; 2001-237, s. 2.)

Effect of Amendments. — Session Laws 2001-237, s. 2, effective June 23, 2001, substituted “Affidavit of parentage” for “Acknowledgment of paternity” in the section catchline; substituted “affidavits of parentage executed by the putative father and” for “acknowledgment of paternity executed by the putative father of the dependent child when accompanied by a written affirmation of paternity executed and sworn to by,” substituted “rescission” for “recission” throughout the second paragraph, substituted “affidavit” for “affirmation” in the second sentence of the fourth paragraph, substituted “affidavit” for “affirmation, and the written acknowledgment shall contain the social security number of the person executing the acknowledgment” at the end of the second sentence of the fourth paragraph; substituted “affidavits” for “affirmations, acknowledgments” in the

third sentence of the fourth paragraph; substituted “affidavit of parentage and of any alternatives to the execution of an affidavit of parentage” for “acknowledgement of paternity, and of any alternatives to the execution of an acknowledgment or affirmation of paternity” at the end of the fourth sentence of the fourth paragraph, and in the fifth sentence of the fourth paragraph, substituted “affidavit” for “affirmation,” and substituted “attests” for “makes affirmation”; in subsection (b), substituted “affidavit of parentage” for “acknowledgment of paternity” throughout, and added the second, third, and fourth sentences.

CASE NOTES

Legislative Intent. — Judgments of paternity clearly impact heavily on the property interests, liberty interests, and family relationships of the purported father. If the General Assembly intends that such judgments, once entered, are unalterable, regardless of the circumstances, it should expressly so state. The courts are unwilling, by judicial fiat in the

process of statutory interpretation, to impose a rule so inflexible and with such potential for manifestly unjust results. *Leach v. Alford*, 63 N.C. App. 118, 304 S.E.2d 265 (1983).

The apparent legislative purpose in enactment of the “shall be res judicata . . . and shall not be reconsidered” provision in the portion of the statute relating solely to support proceed-

ings (subsection (b)) was to avert costly consumption of the finite time resources of the trial courts by relitigation, in proceedings relating solely to support, of the underlying paternity issue. The absence of such a provision from the portion of the statute relating to the paternity issue (subsection (a)) itself, together with the manifest potential for substantial injustice which would result from inability, regardless of the circumstances, to obtain relief from an acknowledgment of paternity (now affidavit of parentage), indicates that the General Assembly did not intend to render court approved acknowledgments of paternity (now affidavits of parentage) a unique category of judgments, peculiarly immune from the grand reservoir of equitable power to do justice in a particular case provided by § 1A-1, Rule 60(b)(6). If such were the case, relief would not be possible, for example, even from an acknowledgment (now affidavit) entered under extreme duress, such as a threat of death issued with the apparent means and intent to effectuate it. *Leach v. Alford*, 63 N.C. App. 118, 304 S.E.2d 265 (1983).

The legislature did not intend for Chapter 50 to control all actions for child support. Reading Chapter 50 together with this chapter, the more specific provisions of this chapter dealing with the procedure for determining and enforcing support obligations of a father who voluntarily acknowledges paternity (now affidavit of parentage) prevails over any conflicting procedure in Chapter 50 for determining and enforcing custody and support of minor children. *Wake County ex rel. Horton v. Ryles*, 112 N.C. App. 754, 437 S.E.2d 404 (1993).

The purpose of a child support proceeding is to determine the nature and extent of the support required. The initial determination is subject to modification or vacation at any time upon motion and a showing of changed circumstances. The support issue thus may be before the court on numerous occasions during a child's minority. *Leach v. Alford*, 63 N.C. App. 118, 304 S.E.2d 265 (1983).

Effect of Subsection (a). — Subsection (a) makes a father's voluntary written acknowledgment of paternity (now affidavit of parentage) and agreement to support his illegitimate child a binding and fully enforceable substitute for a judicial determination of paternity and order of support. *Durham County Dep't of Social Servs. v. Williams*, 52 N.C. App. 112, 277 S.E.2d 865 (1981).

Father's Acknowledgment (Affidavit) Be Sworn and Accompanied by Mother's. — Although this section allows a written acknowledgment of paternity (now affidavit of parentage) in lieu of any legal proceeding instituted to establish paternity in actions to enforce duties of support under this chapter, such an acknowl-

edgment (now affidavit) must be sworn to before a certifying officer or notary public, and accompanied by a written affirmation of paternity (now affidavit of parentage) executed and sworn to by the mother of the dependent child for whom support is sought. *Reynolds v. Motley*, 96 N.C. App. 299, 385 S.E.2d 548 (1989).

The court may not approve defendant's voluntary agreement for support of an illegitimate child where defendant's acknowledgment of paternity (now affidavit of parentage) is not simultaneously accompanied by a sworn affirmation of paternity (now affidavit of parentage) by the child's mother as required by this section. *Durham County Dep't of Social Servs. v. Williams*, 52 N.C. App. 112, 277 S.E.2d 865 (1981).

Standing of County in Action to Modify Support Order. — Where plaintiff mother, who received public assistance under the Aid to Families with Dependent Children Program, assigned to a county her right to receive any support on behalf of her children, the county, by virtue of the assignment pursuant to this section, had an interest in the order for the support of plaintiff's children. Therefore, under § 50-13.7(a), the county had standing to make a motion in an action between plaintiff mother and defendant father to modify a child support order to require that the support be paid to the county. *Cox v. Cox*, 44 N.C. App. 339, 260 S.E.2d 812 (1979).

A trial court had no authority to dismiss a county's action to show cause for nonpayment of child support, where the putative father had earlier acknowledged paternity under oath and had entered into a voluntary support agreement. *Holt v. Shoffner*, 63 N.C. App. 381, 304 S.E.2d 787 (1983).

Notice to Putative Father. — Three requirements must be met to enter an order for child support "on the acknowledgment of paternity (now affidavit of parentage)": (1) the putative father's acknowledgment of paternity (now affidavit of parentage) must be filed, (2) an interested party must make an application for an order to show cause, and (3) the court or any judge thereof must cause a summons to be issued requiring the putative father to appear in court to show cause why the court should not enter an order for support of the child. These requirements provide sufficient notice to a putative father who has had a judgment of paternity entered against him pursuant to subsection (a) of this section for the court to enter an order for child support on this judgment. *Wake County ex rel. Horton v. Ryles*, 112 N.C. App. 754, 437 S.E.2d 404 (1993).

Relitigation of Paternity Precluded in Support Proceeding. — A voluntary support agreement may, upon motion and a showing of changed circumstances, be modified or vacated

at any time. It cannot, however, be modified or vacated on the basis of relitigation, in a proceeding related solely to the order for support, of the paternity issue. That issue is res judicata and shall not be reconsidered by the court in such a proceeding. *Person County ex rel. Lester v. Holloway*, 74 N.C. App. 734, 329 S.E.2d 713 (1985).

Where, twelve years before trial, defendant acknowledged that he was the natural father of a child by executing and filing with the court an acknowledgment of paternity (now affidavit of parentage), and by executing and filing an agreement to pay \$65.00 per month for care and benefit of the child, the trial court improperly ordered blood test to determine whether the putative father was the biological father of the child in an action to enforce child support payments. *Sampson County Child Support Enforcement Agency ex rel. McNeil v. Stevens*, 101

N.C. App. 719, 400 S.E.2d 776 (1991).

The defendant was not barred from contesting paternity pursuant to § 8-50.1(b1) where the issue had not been litigated and where the defendant never formally acknowledged paternity in the manner prescribed by § 110-132; furthermore, the defendant was not required to present evidence that another man had acknowledged paternity in order for the court to authorize the test. *Ambrose v. Ambrose*, 140 N.C. App. 545, 536 S.E.2d 855 (2000).

Applied in *Beaufort County v. Hopkins*, 62 N.C. App. 321, 302 S.E.2d 662 (1983).

§ 110-132.1. Paternity determination by another state entitled to full faith and credit.

A paternity determination made by another state:

(1) In accordance with the laws of that state, and

(2) By any means that is recognized in that state as establishing paternity shall be entitled to full faith and credit in this State. (1993 (Reg. Sess., 1994), c. 733, s. 2.)

§ 110-132.2. Expedited procedures to establish paternity in IV-D cases.

(a) In a IV-D court action, a local child support enforcement office may, without obtaining a court order, subpoena a minor child, the minor child's mother, and the putative father of the minor child (including the mother's husband, if different from the putative father) to appear for the purpose of undergoing blood or genetic testing to establish paternity. A subpoena issued pursuant to this section must be served in accordance with Rule 4 of the North Carolina Rules of Civil Procedure. Refusal to comply with a subpoena may be dealt with as for contempt of court, and as otherwise provided under law. A party may contest the results of the genetic or blood test. If the results are contested, the agency shall, upon request and advance payment by the contestant, obtain additional testing.

(b) A person subpoenaed to submit to testing pursuant to subsection (a) of this section may contest the subpoena. To contest the subpoena, a person must, within 15 days of receipt of the subpoena, request a hearing in the county where the local child support enforcement office that issued the subpoena is located. The hearing shall be before the district court and notice of the hearing must be served by the petitioner on all parties to the proceeding. Service shall be in accordance with Rule 4 of the North Carolina Rules of Civil Procedure. The hearing shall be held and a determination made within 30 days of the petitioner's request for hearing as to whether the petitioner must comply with

the subpoena to undergo testing. If the trial court determines that the petitioner must comply with the subpoena, the determination shall not prejudice any defenses the petitioner may present at any future paternity litigation. (1997-433, s. 4.11; 1998-17, s. 1.)

§ 110-133. Agreements of support.

In lieu of or in conclusion of any legal proceeding instituted to obtain support from a responsible parent for a dependent child born of the marriage, a written agreement to support the child by periodic payments executed by the responsible parent when acknowledged before a certifying officer or notary public or the equivalent or corresponding person of the state, territory, or foreign country where the acknowledgment is made and filed with and approved by a judge of the district court in the county where the custodial parent of the child resides or is found, or in the county where the noncustodial parent resides or is found, or in the county where the child resides or is found shall have the same force and effect, retroactively and prospectively, in accordance with the terms of the agreement, as an order of support entered by the court, and shall be enforceable and subject to modification in the same manner as is provided by law for orders of the court in such cases. A responsible parent executing a written agreement under this section shall provide on the agreement the responsible parent's social security number. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, s. 7; 1995, c. 538, s. 5; 1997-433, s. 4.8; 1998-17, s. 1.)

Modification or Vacation of Agreement.

— The voluntary support agreement may, upon motion and a showing of changed circumstances, be modified or vacated at any time. It cannot, however, be modified or vacated on the basis of relitigation, in a proceeding related solely to the order for support, of the paternity issue; that issue is *res judicata* and shall not be reconsidered by the court in such a proceeding. *Beaufort County v. Hopkins*, 62 N.C. App. 321, 302 S.E.2d 662 (1983).

Relitigation of Paternity Precluded in Support Proceeding. — A voluntary support agreement may, upon motion and a showing of changed circumstances, be modified or vacated at any time. It cannot, however, be modified or

OPINIONS OF ATTORNEY GENERAL

The filing fee for a voluntary support agreement set up under this section is \$4.00. Opinion of Attorney General to Mr. J. Donald

Chappell, Controller, Administrative Office of the Courts, Fiscal Management Division, 47 N.C.A.G. 93 (1977).

§ 110-134. Filing of affidavits, agreements, and orders; fees.

All affidavits, agreements, and resulting orders entered into under the provisions of G.S. 110-132 and G.S. 110-133 shall be filed by the clerk of superior court in the county in which they are entered. The filing fee for the institution of an action through the entry of an order under either of these provisions shall be four dollars (\$4.00). (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, s. 8; 2001-237, s. 3.)

Effect of Amendments. — Session Laws 2001-237, s. 3, effective June 23, 2001, substituted “affidavits, agreements,” for “affirmations, acknowledgments, agreements”

in the section head; and substituted “affidavits, agreements,” for “affirmations, acknowledgments, agreements” near the beginning of the section.

§ 110-135. Debt to State created.

Acceptance of public assistance by or on behalf of a dependent child creates a debt, in the amount of public assistance paid, due and owing the State by the responsible parent or parents of the child. Provided, however, that in those cases in which child support was required to be paid incident to a court order during the time of receipt of public assistance, the debt shall be limited to the amount specified in such court order. This liability shall attach only to public assistance granted subsequent to June 30, 1975, and only with respect to the period of time during which public assistance is granted, and only if the responsible parent or parents were financially able to furnish support during this period.

The United States, the State of North Carolina, and any county within the State which has provided public assistance to or on behalf of a dependent child shall be entitled to share in any sum collected under this section, and their proportionate parts of such sum shall be determined in accordance with the matching formulas in use during the period for which assistance was paid.

No action to collect such debt shall be commenced after the expiration of five years subsequent to the receipt of the last grant of public assistance. The county attorney or an attorney retained by the county and/or State shall represent the State in all proceedings brought under this section. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, ss. 9, 10.)

CASE NOTES

This section provides that an action to compel reimbursement of debt created must be commenced within “five years subsequent to the receipt of the last grant of

public assistance.” An action to collect a public assistance debt, if timely filed, may claim all public assistance granted subsequent to June 30, 1975, provided there is no five year gap in

payments. State ex rel. Terry v. Marrow, 71 N.C. App. 170, 321 S.E.2d 575 (1984).

The only limitations in this section on the extent of reimbursement for which judgment may be obtained relate to the defendant's financial ability to furnish support during the relevant period of time. State ex rel. Terry v. Marrow, 71 N.C. App. 170, 321 S.E.2d 575 (1984).

The trial court erred in ruling that the State was not entitled to recover from defendant for benefits paid for the benefit of his minor illegitimate son before he had any knowledge of the birth of his son and before demand was made upon him to support the child. State ex rel. Terry v. Marrow, 71 N.C. App. 170, 321 S.E.2d 575 (1984).

Intervention in Support Action Brought by State. — The language of § 110-137 operates to assign to the state or county only the right to reimbursement for those amounts of support money provided through AFDC. Thus grandmother who had cared for child since her birth and had applied for assistance from the AFDC program retained her interest in defendant father's support obligation, and was entitled to intervene in an action for child support brought against defendant by the State. State ex rel. Pender County Child Support Enforcement Agency ex rel. Crews v. Parker, 319 N.C. 354, 354 S.E.2d 501 (1987).

Discretion of Court. — The trial court was not required to grant the Department of Social Services' motion to establish arrearages just because it moved to establish arrearages within the applicable statute of limitations; the trial court was vested with discretion to consider the equity of granting the motion to pursue the

defendant-father for arrearages. Moore County ex rel. Child Enforcement Agency v. Brown, 142 N.C. App. 692, 543 S.E.2d 529 (2001), cert. denied, 353 N.C. 728, 550 S.E.2d 780 (2001).

No Privity Between State and County Program. — Where the State brings an action seeking to establish paternity and recover public assistance paid on behalf of a State-administered child support enforcement program, the State is not in privity with a county-administered child support enforcement program. State ex rel. Tucker v. Frinzi, 344 N.C. 411, 474 S.E.2d 127 (1996).

In respective actions where county DSS and the State sought to prove that defendant was the father of child and to recover past public assistance paid, the State had no control over the first action, and the interest of the State was not represented in the first action; thus, the state was not in privity with county DSS and the doctrines of res judicata and collateral estoppel did not bar the State's action. State ex rel. Tucker v. Frinzi, 344 N.C. 411, 474 S.E.2d 127 (1996).

OPINIONS OF ATTORNEY GENERAL

Application of Last Sentence. — The last sentence applies to all proceedings brought by or on behalf of the State under this section and § 110-137. See opinion of Attorney General to

Mr. David R. Johnson, Staff Attorney, The North Carolina State Bar, 50 N.C.A.G. 70 (1981).

§ 110-136. Garnishment for enforcement of child-support obligation.

(a) Notwithstanding any other provision of the law, in any case in which a responsible parent is under a court order or has entered into a written agreement pursuant to G.S. 110-132 or 110-133 to provide child support, a judge of the district court in the county where the mother of the child resides or is found, or in the county where the father resides or is found, or in the county where the child resides or is found may enter an order of garnishment whereby no more than forty percent (40%) of the responsible parent's monthly disposable earnings shall be garnished for the support of his minor child. For purposes of this section, "disposable earnings" is defined as that part of the compensation paid or payable to the responsible parent for personal services, whether denominated as wages, salary, commission, bonus, or otherwise

(including periodic payments pursuant to a pension, retirement, or other deferred compensation program) which remains after the deduction of any amounts required by law to be withheld. The garnishee is the person, firm, association, or corporation by whom the responsible parent is employed.

(b) The mother, father, custodian, or guardian of the child or any designated representative interested in the support of a dependent child may move the court for an order of garnishment. The motion shall be verified and shall state that the responsible parent is under court order or has entered into a written agreement pursuant to G.S. 110-132 or 110-133 to provide child support, that said parent is delinquent in such child support or has been erratic in making child-support payments, the name and address of the employer of the responsible parent, the responsible parent's monthly disposable earnings from said employer (which may be based upon information and belief), and the amount sought to be garnished, not to exceed forty percent (40%) of the responsible parent's monthly disposable earnings. The motion for the wage garnishment order along with a motion to join the alleged employer as a third-party garnishee defendant shall be served on both the responsible parent and the alleged employer in accordance with the provisions of G.S. 1A-1, Rules of Civil Procedure. The time period for answering or otherwise responding to pleadings, motions and other papers issued pursuant to this section shall be in accordance with the time periods set forth in G.S. 1A-1, Rules of Civil Procedure, except that the alleged employer third-party garnishee shall have 10 days from the date of service of process to answer both the motion to join him as a defendant garnishee and the motion for the wage garnishment order.

(b1) In addition to the foregoing method for instituting a continuing wage garnishment proceeding for child support through motion, the mother, father, custodian, or guardian of the child or any designated representative interested in the support of a dependent child may in an independent proceeding petition the court for an order of continuing wage garnishment. The petition shall be verified and shall state that the responsible parent is under court order or has entered into a written agreement pursuant to G.S. 110-132 or 110-133 to provide child support, that said parent is delinquent in such child support or has been erratic in making child-support payments, the name and address of the alleged-employer garnishee of the responsible parent, the responsible parent's monthly disposable earnings from said employer (which may be based on information and belief), and the amount sought to be garnished, not to exceed forty percent (40%) of the responsible parent's monthly disposable earnings. The petition shall be served on both the responsible parent and his alleged employer in accordance with the provisions for service of process set forth in G.S. 1A-1, Rule 4. The time period for answering or otherwise responding to process issued pursuant to this section shall be in accordance with the time periods set forth in G.S. 1A-1, Rules of Civil Procedure.

(c) Following the hearing held pursuant to this section, the court may enter an order of garnishment not to exceed forty percent (40%) of the responsible parent's monthly disposable earnings. If an order of garnishment is entered, a copy of same shall be served on the responsible parent and the garnishee either personally or by certified or registered mail, return receipt requested. The order shall set forth sufficient findings of fact to support the action by the court and the amount to be garnished for each pay period. The amount garnished shall be increased by an additional one dollar (\$1.00) processing fee to be assessed and retained by the employer for each payment under the order. The order shall be subject to review for modification and dissolution upon the filing of a motion in the cause.

(d) Upon receipt of an order of garnishment, the garnishee shall transmit without delay to the State Child Support Collection and Disbursement Unit the amount ordered by the court to be garnished. These funds shall be

disbursed to the party designated by the court which in those cases of dependent children receiving public assistance shall be the North Carolina Department of Health and Human Services.

(e) Any garnishee violating the terms of an order of garnishment shall be subject to punishment as for contempt. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, ss. 11, 12; 1979, c. 386, ss. 1-8; 1983 (Reg. Sess., 1984), c. 1047, s. 1; 1985, c. 660, s. 2; 1997-443, s. 11A.118(a); 1999-293, s. 17.)

CASE NOTES

Section Does Not Authorize Garnishment of Wages for Alimony. — The exception in the case of child support to the long-standing prohibition against garnishment of wages has not been extended to allow garnishment of wages for alimony. *Phillips v. Phillips*, 34 N.C. App. 612, 239 S.E.2d 743 (1977).

This section does not alter the long-standing rule prohibiting the garnishment of prospective wages for the nonpayment of alimony and other debts. *Elmwood v. Elmwood*, 34 N.C. App. 652, 241 S.E.2d 693 (1977), modified on other grounds, 295 N.C. 168, 244 S.E.2d 668 (1978).

Garnishment at Higher Rate Than Set in Underlying Support Order Prohibited. — Where, in 1985, court reduced future child support obligations of non-custodial parent (defendant) to \$5.00 per week and set rate for payment on arrearages at \$10.00 per week, and in 1987, Child Support Enforcement Agency served defendant with notice of garnishment stating that defendant's wages would be garnished at rate of \$60.00 per week, due process required that plaintiff could only garnish automatically at rate set out in controlling support order; once underlying order set out amount of ongoing obligation and amount to be applied toward liquidation of overdue support plaintiff could not garnish at higher rate without first applying by motion for modification in rate at which defendant was to pay arrearage; therefore, defendant was entitled to reimbursement of \$100.00 for two weeks he was garnished above \$10.00 per week allowed in court's 1985 order. *Sampson County Child Support Enforcement Agency ex rel. Bolton v. Bolton*, 93 N.C. App. 134, 377 S.E.2d 88 (1989).

The phrase "notwithstanding any other provision of the law" would include the exemption provision of § 1-362. *Elmwood v. Elmwood*, 295 N.C. 168, 244 S.E.2d 668 (1978).

Garnishment of Military Retirement Pay for Child Support. — Defendant's military retirement pay for future pay periods was not subject to garnishment except to the extent of 20% thereof for child support pursuant to this section. *Elmwood v. Elmwood*, 295 N.C. 168, 244 S.E.2d 668 (1978) (decided prior to 1977 amendment).

Subsection (c) Contemplates Continuing Order Reaching Future Earnings. — Subsection (c) seems clearly to contemplate the entry of a continuing order of garnishment to enforce a child support order reaching earnings for future pay periods, thus changing the former law of this State with reference to the garnishment of, as yet, unaccrued wages. The liability of the garnishee under such an order would, as to future pay periods, be contingent upon the actual accrual of the defendant employee's earnings in such future pay period. *Elmwood v. Elmwood*, 295 N.C. 168, 244 S.E.2d 668 (1978).

Petition Need Not Be Served on Responsible Parent's Employer in Advance of Hearing. — Although this section requires a copy of the petition for garnishment to be served on the responsible parent's employer in advance of the hearing thereon, such notice is for the benefit of the employer, rather than the debtor, and can be waived by the party entitled to it. *Champion v. Champion*, 64 N.C. App. 606, 307 S.E.2d 827 (1983).

Applied in *Tate v. Tate*, 95 N.C. App. 774, 384 S.E.2d 48 (1989).

OPINIONS OF ATTORNEY GENERAL

A city does not have immunity from garnishment proceedings brought for child support under this section. See opinion of At-

torney General to Mr. Rufus C. Boutwell, Jr., Assistant City Attorney, City of Durham, Oct. 9, 1979.

§ 110-136.1. Assignment of wages for child support.

Pursuant to G.S. 50-13.4(f) (1), the court may require the responsible parent to execute an assignment of wages, salary, or other income due or to become due whenever his employer's voluntary written acceptance of the wage assignment under G.S. 95-31 is filed with the court. Such acceptance remains effective until the employer files an express written revocation with the court. The amount assigned shall be increased by an additional one dollar (\$1.00) processing fee to be assessed and retained by the employer for each payment under the order. (1981, c. 275, s. 7; 1983 (Reg. Sess., 1984), c. 1047, s. 2.)

§ 110-136.2. Use of unemployment compensation benefits for child support.

(a) A responsible parent may voluntarily assign unemployment compensation benefits to a child support agency to satisfy a child support obligation or a child support enforcement agency may request a responsible parent to voluntarily assign unemployment benefits to satisfy a child support obligation. An assignment of less than the full amount of the support obligation shall not relieve the responsible parent of liability for the remaining amount.

(b) Upon notification of a voluntary assignment by the Department of Health and Human Services, the Employment Security Commission shall deduct and withhold the amount assigned by the responsible parent as provided in G.S. 96-17.

(c) Any amount deducted and withheld shall be paid by the Employment Security Commission to the Department of Health and Human Services for distribution as required by federal law.

(d) Voluntary assignment of unemployment compensation benefits shall remain effective until the Employment Security Commission receives notification from the Department of Health and Human Services of an express written revocation by the responsible parent.

(e) The Department of Health and Human Services shall ensure that payments received under this section are properly credited against the responsible parent's child support obligation.

(f) In the absence of a voluntary assignment of unemployment compensation benefits, the Department of Health and Human Services shall implement income withholding as provided in this Article for IV-D cases. The amount withheld shall not exceed twenty-five percent (25%) of the unemployment compensation benefits. Notice of the requirement to withhold shall be served upon the Employment Security Commission and payment shall be made by the Employment Security Commission directly to the Department of Health and Human Services pursuant to G.S. 96-17 or to another state under G.S. 52C-5-501. Except for the requirement to withhold from unemployment compensation benefits and the forwarding of withheld funds to the Department of Health and Human Services or to another state under G.S. 52C-5-501, the Employment Security Commission is exempt from the provisions of G.S. 110-136.8. (1983, c. 33, s. 1; 1987, c. 764, ss. 1, 2; 1997-443, s. 11A.118(a); 1999-293, s. 6.)

§ 110-136.3. Income withholding procedures; applicability.

(a) Required Contents of Support Orders. All child support orders, civil or criminal, entered or modified in the State in IV-D cases shall include a provision ordering income withholding to take effect immediately. All child support orders, civil or criminal, initially entered in the State in non-IV-D cases on or after January 1, 1994, shall include a provision ordering income withholding to take effect immediately as provided in G.S. 110-136.5(c1), unless one of the exceptions specified in G.S. 110-136.5(c1) applies. A non-IV-D child support order that contains an income withholding requirement and a IV-D child support order shall:

- (1) Require the obligor to keep the clerk of court or IV-D agency informed of the obligor's current residence and mailing address;
- (2) , (2a) Repealed by Session Laws 1993, c. 517, s. 1.
- (3) Require the obligor to cooperate fully with the initiating party in the verification of the amount of the obligor's disposable income;
- (4) Require the custodial party to keep the obligor informed of (i) the custodial party's disposable income and the amount and effective date of any substantial change in this disposable income and (ii) the current residence and mailing address of the child, unless the court has determined that notice to the obligor is inappropriate because the obligor has made verbal or physical threats that constitute domestic violence under Chapter 50B of the General Statutes; and
- (5) Require the obligor to keep the initiating party informed of the name and address of any payor of the obligor's disposable income and of the amount and effective date of any substantial change in this disposable income.

(a1) Payment Plan/Work Requirement for Past-Due Support. In any IV-D case in which an obligor owes past-due support and income withholding has been ordered but cannot be implemented against the obligor, the court may order the obligor to pay the support in accordance with a payment plan approved by the court and, if the obligor is subject to the payment plan and is not incapacitated, the court may order the obligor to participate in such work activities, as defined under 42 U.S.C. § 607, as the court deems appropriate.

(b) When obligor subject to withholding.

- (1) In IV-D cases in which a new or modified child support order is entered on or after October 1, 1989, an obligor is subject to income withholding immediately upon entry of the order. In IV-D cases in which the child support order was entered prior to October 1, 1989, an obligor shall become subject to income withholding on the date on which the obligor fails to make legally obligated child support payments in an amount equal to the support payable for one month, or the date on which the obligor or obligee requests withholding.
- (2) In non-IV-D cases in which the child support order was entered prior to January 1, 1994, an obligor shall be subject to income withholding on the earliest of:
 - a. The date on which the obligor fails to make legally obligated child support payments in an amount equal to the support payable for one month;
 - b. The date on which the obligor requests withholding; or
 - c. The date on which the court determines, pursuant to a motion or independent action filed by the obligee under G.S. 110-136.5(a), that the obligor is or has been delinquent in making child support payments or has been erratic in making child support payments.
- (3) In IV-D child support cases in which an order was issued or modified in this State prior to October 1, 1996, and in which the obligor is not

otherwise subject to withholding, the obligor shall become subject to withholding if the obligor fails to make legally obligated child support payments in an amount equal to the support payable for one month.

- (4) In the enforcement of alimony or postseparation support orders pursuant to G.S. 110-130.2, an obligor shall become subject to income withholding on the earlier of:

- a. The date on which the obligor fails to make legally obligated alimony or postseparation payments; or
- b. The date on which the obligor or obligee requests withholding.

- (c) Repealed by Session Laws 1993, c. 517, s. 1.

(d) Interstate cases. An interstate case is one in which a child support order of one state is to be enforced in another state.

- (1) In interstate cases withholding provisions shall apply to a child support order of this or any other state. A petition addressed to this State to enforce a child support order of another state or a petition from an initiating party in this State addressed to another state to enforce a child support order entered in this State shall include:

- a. A certified copy of the support order with all modifications, including any income withholding notice or order still in effect;
- b. A copy of the income withholding law of the jurisdiction which issued the support order, provided that this jurisdiction has a withholding law;
- c. A sworn statement of arrearages;
- d. The name, address, and social security number of the obligor, if known;
- e. The name and address of the obligor's employer or of any other source of income of the obligor derived in the state in which withholding is sought; and
- f. The name and address of the agency or person to whom support payments collected by income withholding shall be transmitted.

- (2) The law of the state in which the support order was entered shall apply in determining when withholding shall be implemented and interpreting the child support order. The law and procedures of the state where the obligor is employed shall apply in all other respects.

- (3) Except as otherwise provided by subdivision (2), income withholding initiated under this subsection is subject to all of the notice, hearing and other provisions of Chapter 110.

- (4) In all interstate cases notices and orders to withhold shall be served upon the payor by a North Carolina agency or judicial officer. In all interstate non-IV-D cases, the advance notice to the obligor shall be served pursuant to G.S. 1A-1, Rule 4, Rules of Civil Procedure.

- (5) For purposes of enforcing a petition under this subsection, jurisdiction is limited to the purposes of income withholding and Chapter 52A of the General Statutes shall not apply. Nothing in this subsection precludes any remedy otherwise available in a proceeding under Chapter 52A of the General Statutes.

(d1) Recodified as § 110-139(c1) by Session Laws 2001-237, s. 5, effective June 23, 2001.

(e) Procedures and regulations. Procedures, rules, regulations, forms, and instructions necessary to effect the income withholding provisions of this Article shall be established by the Secretary of the Department of Health and Human Services or the Secretary's designee and the Administrative Office of the Courts. Forms and instructions shall be sent with each order or notice of withholding. (1985 (Reg. Sess., 1986), c. 949, s. 2; 1987, c. 589, s. 1; 1989, c. 601, s. 2; 1993, c. 517, s. 1; 1997-433, ss. 3, 6.1; 1997-443, s. 11A.118(a); 1998-17, s. 1; 1998-176, s. 4; 2000-140, s. 20(b); 2001-237, s. 5.)

Editor's Note. — Section 9 of Session Laws 1985 (Reg. Sess., 1986), c. 949, provides: "Nothing in this act shall be construed as affecting any garnishment proceeding heretofore or hereafter instituted."

Session Laws 1999-293, s. 16, effective October 1, 1999, had provided: "Section 16. G.S. 110-36.3 is amended by adding a new subsection to read:" and set out a new subsection (d1). There is no G.S. 110-36.3, and G.S. 110-26 to 110-38 were repealed in 1969. It appears likely that the intent of the act was to add a subsection (d1) to G.S. 110-136.3. Subsequently, Ses-

sion Laws 2000-140, s. 20 (a) repealed Session Laws 1999-293, s. 16, and Session Laws 2000-140, s. 20(b) added a subsection (d1) to G.S. 110-136.3. Session Laws 2001-237, s. 5 recodified (d1) of G.S. 110-136.3 as subsection (c1) of G.S. 110-139.

Effect of Amendments. — Session Laws 2000-140, s. 20(b), effective July 21, 2000, added subsection (d1).

Session Laws 2001-237, s. 5 effective June 23, 2001, recodified subsection (d1) of this section as subsection (c1) of § 110-139.

CASE NOTES

In view of the purposes of this section, there is no distinction between a parent who owes both arrearages and current support payments and one whose total support obligation consists of arrearages. *Griffin v. Griffin*, 103 N.C. App. 65, 404 S.E.2d 478 (1991).

Applicability to Non-IV-D Cases. — The statutory provisions for mandatory income withholding in IV-D cases apply with equal force to orders for current support and to orders directing payment of arrearage. *McGee v. McGee*, 118 N.C. App. 19, 453 S.E.2d 531 (1995).

Subdivision (b)(2)c specifically provides that the withholding provisions apply when the court determines that the obligor is or has been delinquent. This language reveals that the legislature intended income withholding to apply in any case where the obligor has ever fallen behind a month or more in payments. *Griffin v. Griffin*, 103 N.C. App. 65, 404 S.E.2d 478 (1991).

The General Assembly amended the income withholding statute in response to the requirements of the 1984 Amendments to the Social Security Act. The legislative history of the Child Support Enforcement Amendments of 1984 suggests that the purpose of the amendments was to assure that all children in the United States who are in need of assistance in securing financial support from their parents will receive assistance regardless of their circumstances. *Griffin v. Griffin*, 103 N.C. App. 65, 404 S.E.2d 478 (1991).

§ 110-136.4. Implementation of withholding in IV-D cases.

(a) Withholding based on arrearages or obligor's request.

- (1) Advance notice of withholding. When an obligor in a IV-D case becomes subject to income withholding, the obligee shall, after verifying the obligor's current employer or other payor, wages or other disposable income, and mailing address, serve the obligor with advance notice of withholding in accordance with G.S. 1A-1, Rule 4, Rules of Civil Procedure.
- (2) Contents of advance notice. The advance notice to the obligor shall contain, at a minimum, the following information:
 - a. Whether the proposed withholding is based on the obligor's failure to make legally obligated child support, alimony or postseparation support payments on the obligor's request for withholding, on the obligee's request for withholding, or on the obligor's eligibility for withholding under G.S. 110-136.3(b) (3);
 - b. The amount of overdue child support, overdue alimony or postseparation support payments, the total amount to be withheld, and when the withholding will occur;
 - c. The name of each child or person for whose benefit the child support, alimony or postseparation support payments are due

and information sufficient to identify the court order under which the obligor has a duty to support the child, spouse, or former spouse;

- d. The amount and sources of disposable income;
 - e. That the withholding will apply to the obligor's wages or other sources of disposable income from current payors and all subsequent payors once the procedures under this section are invoked;
 - f. An explanation of the obligor's rights and responsibilities pursuant to this section;
 - g. That withholding will be continued until terminated pursuant to G.S. 110-136.10.
- (3) Contested withholding. The obligor may contest the withholding only on the basis of a mistake of fact, except that G.S. 110-129(10) (a) is not applicable if withholding is based on the obligor's or obligee's request for withholding. To contest the withholding, the obligor must, within 10 days of receipt of the advance notice of withholding, request a hearing in the county where the support order was entered before the district court and give notice to the obligee specifying the mistake of fact upon which the hearing request is based. If the asserted mistake of fact can be resolved by agreement between the obligee and the obligor, no hearing shall occur. Otherwise, a hearing shall be held and a determination made, within 30 days of the obligor's receipt of the advance notice of withholding, as to whether the asserted mistake of fact is valid. No withholding shall occur pending the hearing decision. The failure to hold a hearing within 30 days shall not invalidate an otherwise properly entered order. If it is determined that a mistake of fact exists, no withholding shall occur. Otherwise, within 45 days of the obligor's receipt of the advance notice of withholding, the obligee shall serve the payor, pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, with notice of his obligation to withhold, and shall mail a copy of such notice to the obligor and file a copy with the clerk. In the event of appeal, withholding shall not be stayed. If the appeal is concluded in favor of the obligor, the obligee shall promptly repay sums wrongfully withheld and notify the payor to cease withholding.
- (4) Uncontested withholding. If the obligor does not contest the withholding within the 10-day response period, the obligee shall serve the payor, pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, with notice of his obligation to withhold, and shall mail a copy of such notice to the obligor and file a copy with the clerk.
- (5) Payment not a defense to withholding. The payment of overdue support shall not be a basis for terminating or not implementing withholding.
- (6) Inability to implement withholding. When an obligor is subject to withholding, but withholding under this section cannot be implemented because the obligor's location is unknown, because the extent and source of his disposable income cannot be determined, or for any other reason, the obligee shall either request the clerk of superior court to initiate enforcement proceedings under G.S. 15A-1344.1(d) or G.S. 50-13.9(d) or take other appropriate available measures to enforce the support obligation.

(b) Immediate income withholding. When a new or modified child support order is entered, the district court judge shall, after hearing evidence regarding the obligor's disposable income, place the obligor under an order for immediate income withholding. The IV-D agency shall serve the payor pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, with a notice of his obligation to withhold, and shall mail a copy of such notice to the obligor and file a copy

with the clerk. If information is unavailable regarding an obligor's disposable income, or the obligor is unemployed, or an agreement is reached between both parties which provides for an alternative arrangement, immediate income withholding shall not apply. The obligor, however, is subject to income withholding pursuant to G.S. 110-136.4(a).

(c) Subsequent payors. If the obligor changes employment or source of disposable income, notice to subsequent payors of their obligation to withhold shall be served as required by G.S. 1A-1, Rule 5, Rules of Civil Procedure. Copies of such notice shall be filed with the clerk of court and served upon the obligor by first class mail.

(d) Multiple withholdings. The obligor must notify the obligee if the obligor is currently subject to another withholding for child support. In the case of two or more withholdings against one obligor, the obligee or obligees shall attempt to resolve any conflict between the orders in a manner that is fair and equitable to all parties and within the limits specified by G.S. 110-136.6. If the conflict cannot be so resolved, an injured party, upon request, shall be granted a hearing in accordance with the procedure specified in G.S. 110-136.4(c). The conflict between the withholding orders shall be resolved in accordance with G.S. 110-136.7.

(e) Modification of withholding. When an order for withholding has been entered under this section, the obligee may modify the withholding based on changed circumstances. The obligee shall proceed as is provided in this section.

(f) Applicability of section. The provisions of this section apply to IV-D cases only. (1985 (Reg. Sess., 1986), c. 949, s. 2; 1989, c. 601, s. 3; 1997-433, s. 6.2; 1998-17, s. 1; 1998-176, s. 5; 2001-237, s. 4.)

Effect of Amendments. — Session Laws 2001-237, s. 4, effective June 23, 2001, substi-

tuted "Rule 5" for "Rule 4" in subdivisions (a)(3) and (a)(4), and in subsections (b) and (c).

CASE NOTES

Notice Provisions Are Not Contrary to Federal Statute. — The notice provisions of this section which are the basis for wage garnishment proceedings are not contrary to federal statute which mandates advance notice of garnishment to non-custodial parents; the

State is exempt from federal advance notice requirements so long as North Carolina's scheme complies with state due process requirements. Sampson County Child Support Enforcement Agency ex rel. Bolton v. Bolton, 93 N.C. App. 134, 377 S.E.2d 88 (1989).

§ 110-136.5. Implementation of withholding in non-IV-D cases.

(a) Withholding based on delinquent or erratic payments. Notwithstanding any other provision of law, when an obligor is delinquent in making child support payments or has been erratic in making child support payments, the obligee may apply to the court, by motion or in an independent action, for an order for income withholding.

(1) The motion or complaint shall be verified and state, to the extent known:

- a. Whether the obligor is under a court order to provide child support and, if so, information sufficient to identify the order;
- b. Either:
 1. That the obligor is currently delinquent in making child support payments; or
 2. That the obligor has been erratic in making child support payments;
- c. The amount of overdue support and the total amount sought to be withheld;

- d. The name of each child for whose benefit support is payable; and
 - e. The name, location, and mailing address of the payor or payors from whom withholding is sought and the amount of the obligor's monthly disposable income from each payor.
- (2) The motion or complaint shall include or be accompanied by a notice to the obligor, stating:
- a. That withholding, if implemented, will apply to the obligor's current payors and all subsequent payors; and
 - b. That withholding, if implemented, will be continued until terminated pursuant to G.S. 110-136.10.

At any time the parties may agree to income withholding by consent order.

(b) Withholding Based on Obligor's Request. The obligor may request at any time that income withholding be implemented. The request may be made either verbally in open court or by written request.

- (1) A written request for withholding shall state:
- a. That the obligor is under a court order to provide child support, and information sufficient to identify the order;
 - b. Whether the obligor is delinquent and the amount of any overdue support;
 - c. The name of each child for whose benefit support is payable;
 - d. The name, location, and mailing address of the payor or payors from whom the obligor receives disposable income and the amount of the obligor's monthly disposable income from each payor;
 - e. That the obligor understands that withholding, if implemented, will apply to the obligor's current payors and all subsequent payors and will be continued until terminated pursuant to G.S. 110-136.10; and
 - f. That the obligor understands that the amount withheld will include an amount sufficient to pay current child support, an additional amount toward liquidation of any arrearages, and a two dollar (\$2.00) processing fee to be retained by the employer for each withholding, but that the total amount withheld may not exceed the following percent of disposable income:
 - 1. Forty percent (40%) if there is only one order for withholding;
 - 2. Forty-five percent (45%) if there is more than one order for withholding and the obligor is supporting other dependent children or his or her spouse; or
 - 3. Fifty percent (50%) if there is more than one order for withholding and the obligor is not supporting other dependent children or a spouse.
- (2) A written request for withholding shall be filed in the office of the clerk of superior court of the court that entered the order for child support. If the request states and the clerk verifies that the obligor is not delinquent, the court may enter an order for withholding without further notice or hearing. If the request states or the clerk finds that the obligor is delinquent, the matter shall be scheduled for hearing unless the obligor in writing waives his right to a hearing and consents to the entry of an order for withholding of an amount the court determines to be appropriate. The court may require a hearing in any case. Notice of any hearing under this subdivision shall be sent to the obligee.

(c) Order for withholding. If the district court judge finds after hearing evidence that the obligor, at the time of the filing of the motion or complaint was, or at the time of the hearing is, delinquent in child support payments or that the obligor has been erratic in making child support payments in

accordance with G.S. 110-136.5(a), or that the obligor has requested that income withholding begin in accordance with G.S. 110-136.5(b), the court shall enter an order for income withholding, unless:

- (1) The obligor proves a mistake of fact, except that G.S. 110-129(10)(a) is not applicable if withholding is based on the obligee's motion or independent action alleging that the obligor is delinquent or has been erratic in making child support payments; or
- (2) The court finds that the child support obligation can be enforced and the child's right to receive support can be ensured without entry of an order for income withholding; or
- (3) The court finds that the obligor has no disposable income subject to withholding or that withholding is not feasible for any other reason.

If the obligor fails to respond or appear, the court shall hear evidence and enter an order as provided herein.

(c1) Immediate income withholding. In non-IV-D cases in which a child support order is initially entered on or after January 1, 1994, an obligor is subject to income withholding immediately upon entry of the order, unless either of the following applies:

- a. One of the parties demonstrates, and the court finds, that there is good cause not to require immediate income withholding.
- b. A written agreement is reached between the parties that provides for an alternative arrangement.

The term "good cause" as used in this subsection includes a reasonable and workable plan for consistent and timely payments by some means other than income withholding. In considering whether a plan is reasonable, the court may consider the obligor's employment history and record of meeting financial obligations in a timely manner.

In entering an order for immediate income withholding under this subsection, the court shall follow the requirements and procedures as specified in other sections of this Article, including amount to be withheld, multiple withholdings, notice to payor, and termination of withholding.

(d) Notice to payor and obligor. If an order for income withholding is entered, a notice of obligation to withhold shall be served on the payor as required by G.S. 1A-1, Rule 5, Rules of Civil Procedure. Copies of such notice shall be filed with the clerk of court and served upon the obligor by first class mail.

(e) Modification of withholding. When an order for withholding has been entered under this section, any party may file a motion seeking modification of the withholding based on changed circumstances. The clerk or the court on its own motion may initiate a hearing for modification when it appears that modification of the withholding is required or appropriate. (1985 (Reg. Sess., 1986), c. 949, s. 2; 1987, c. 60; 1989, c. 601, s. 4; 1993, c. 517, s. 2; 1999-293, s. 18; 2001-487, s. 72.)

Effect of Amendments. — Session Laws 2001-487, s. 72, effective December 16, 2001, substituted "Rule 5" for "Rule 4" in subsection (d).

CASE NOTES

It was not error for a trial court to enter an order to withhold plaintiff's wages to collect child support arrearages that had been reduced to judgment. *Griffin v. Griffin*, 103 N.C. App. 65, 404 S.E.2d 478 (1991).

Where Illinois judgment incorporating parties' separation agreement was never registered in North Carolina and remained

a valid and fully enforceable judgment of another state entitled to enforcement according to its terms in this State, the trial judge erred in not extending full faith and credit to the judgment by refusing to enforce the automatic adjustment provisions thereof, allowing defendant a credit against his child support obligation, and refusing to award pre-judgment

interest to plaintiff. *Glatz v. Glatz*, 98 N.C. App. 324, 390 S.E.2d 763 (1990).

§ 110-136.6. Amount to be withheld.

(a) Computation of amount. When income withholding is implemented pursuant to this Article, the amount to be withheld shall include:

- (1) An amount sufficient to pay current child support; and
- (2) An additional amount toward liquidation of arrearages; and
- (3) A processing fee of two dollars (\$2.00) to cover the cost of withholding, to be retained by the payor for each withholding unless waived by the payor.

The amount withheld may also include court costs and attorneys fees as may be awarded by the court in non-IV-D cases and as may be awarded by the court in IV-D cases pursuant to G.S. 110-130.1.

(b) Limits on amount withheld. Withholding for current support, arrearages, processing fees, court costs, and attorneys fees shall not exceed forty percent (40%) of the obligor's disposable income for one pay period from the payor when there is one order of withholding. The sum of multiple withholdings, for current support, arrearages, processing fees, court costs, and attorneys fees shall not exceed:

- (1) Forty-five percent (45%) of disposable income for one pay period from the payor in the case of an obligor who is supporting his spouse or other dependent children; or
- (2) Fifty percent (50%) of disposable income for one pay period from the payor in the case of an obligor who is not supporting a spouse or other dependent children.

(b1) When there is an order of income withholding for current or delinquent payments of alimony or postseparation support or for any portion of the payments, the total amount withheld under this Article and under G.S. 50-16.7 shall not exceed the amounts allowed under section 303(b) of the Consumer Credit Protection Act, 15 U.S.C. § 1673(b).

(c) Contents of order and notice. An order or advance notice for withholding and any notice to a payor of his obligation to withhold shall state a specific monetary amount to be withheld and the amount of disposable income from the applicable payor on which the amount to be withheld was determined. The notice shall clearly indicate that in no event shall the amount withheld exceed the appropriate percentage of disposable income paid by a payor as provided in subsection (b). (1985 (Reg. Sess., 1986), c. 949, s. 2; 1998-176, s. 6.)

CASE NOTES

Assertion of Claim for Costs and Attorney's Fees. — The language in subsection (a) of this section allowing court costs and attorney's fees to be included in the amount withheld by the court clearly contemplates that such claims should be asserted prior to the

entry of the withholding order. Therefore, the trial judge had no authority to allow plaintiff's motion for an award of attorney's fees where such motion was filed three months after the entry of the income withholding order. *Glatz v. Glatz*, 98 N.C. App. 324, 390 S.E.2d 763 (1990).

§ 110-136.7. Multiple withholding.

When an obligor is subject to more than one withholding for child support, withholding for current child support shall have priority over past-due support. Where two or more orders for current support exist, each family shall receive a pro rata share of the total amount withheld based on the respective child support orders being enforced. (1985 (Reg. Sess., 1986), c. 949, s. 2.)

§ 110-136.8. Notice to payor; payor's responsibilities.

(a) Contents of notice. Notice to a payor of his obligation to withhold shall include information regarding the payor's rights and responsibilities, the amount of disposable income attributable to that payor on which that withholding is based, the penalties under this section, and the maximum percentages of disposable income that may be withheld as provided in G.S. 110-136.6.

(b) Payor's responsibilities. A payor who has been properly served with a notice to withhold is required to:

- (1) Withhold from the obligor's disposable income and, within 7 business days of the date the obligor is paid, send to the State Child Support Collection and Disbursement Unit the amount specified in the notice and the date the amount was withheld, but in no event more than the amount allowed by G.S. 110-136.6; however, if a lesser amount of disposable income is available for any pay period, the payor shall either:
 - a. Compute, and send the appropriate amount to the State Child Support Collection and Disbursement Unit, using the percentages as provided in G.S. 110-136.6; or
 - b. Request the initiating party to inform the payor of the proper amount to be withheld for that period;
 - (2) Continue withholding until further notice from the IV-D agency, the clerk of superior court, or the State Child Support Collection and Disbursement Unit;
 - (3) Withhold for child support before withholding pursuant to any other legal process under State law against the same disposable income;
 - (4) Begin withholding from the first payment due the obligor in the first pay period that occurs 14 days following the date the notice of the obligation to withhold was served on the payor;
 - (5) Promptly notify the obligee in a IV-D case, or the clerk of superior court or the State Child Support Collection and Disbursement Unit in a non-IV-D case, in writing:
 - a. If there are one or more orders of child support withholding for the obligor;
 - a1. If there are one or more orders of alimony or postseparation support withholding for the obligor;
 - b. When the obligor terminates employment or otherwise ceases to be entitled to disposable income from the payor, and provide the obligor's last known address, and the name and address of his new employer, if known;
 - c. Of the payor's inability to comply with the withholding for any reason; and
 - (6) Cooperate fully with the initiating party in the verification of the amount of the obligor's disposable income.
- (c) Change in obligor's employment. If the obligor changes employment within the State when withholding is in effect, the requirement for withholding shall continue, and
- (1) In a IV-D case, the IV-D obligee shall make any necessary adjustments to the withholding, notify the obligor and his new employer in accordance with this section, and file a copy of the adjusted withholding with the clerk of superior court;
 - (2) In a non-IV-D case, the clerk shall serve a notice of obligation to withhold according to the terms of the withholding order on the new employer and on the obligor; if the obligor or payor gives notice that an adjustment to the withholding order, other than the change in payor, is needed, the matter shall be scheduled for hearing before a child

support hearing officer or district court judge who shall make any necessary adjustments to the withholding.

(d) The payor may combine amounts withheld from obligors' disposable incomes in a single payment to the State Child Support Collection and Disbursement Unit if the payor separately identifies by name and case number the portion of the single payment attributable to each individual obligor and the date that each payment was withheld from the obligor's disposable income.

(e) Prohibited conduct by payor; civil penalty. Notwithstanding any other provision of law, when a court finds, pursuant to a motion in the cause filed by the initiating party joining the payor as a third party defendant, with 30 days notice to answer the motion, that a payor has willfully refused to comply with the provisions of this section, such payor shall be ordered to commence withholding and shall be held liable to the initiating party for any amount which such payor should have withheld, except that such payor shall not be required to vary the normal pay or disbursement cycles in order to comply with these provisions.

A payor shall not discharge from employment, refuse to employ, or otherwise take disciplinary action against any obligor solely because of the withholding. When a court finds that a payor has taken any of these actions, the payor shall be liable for a civil penalty. For a first offense, the civil penalty shall be one hundred dollars (\$100.00). For second and third offenses, the civil penalty shall be five hundred dollars (\$500.00) and one thousand dollars (\$1,000), respectively. Any payor who violates any provision of this paragraph shall be liable in a civil action for reasonable damages suffered by an obligor as a result of the violation, and an obligor discharged or demoted in violation of this paragraph shall be entitled to be reinstated to his former position. The statute of limitations for actions under this subsection shall be one year pursuant to G.S. 1-54.

The clear proceeds of civil penalties provided for in this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2.

(f) Any payor who withholds the sum provided in any notice or order to the payor shall not be liable for any penalties under this section. (1985 (Reg. Sess., 1986), c. 949, s. 2; 1987, c. 589, s. 2; 1991, c. 541, ss. 1, 2; 1997-433, s. 6; 1997-465, s. 27; 1998-17, s. 1; 1998-176, s. 7; 1998-215, s. 76; 1999-293, ss. 19, 20.)

Editor's Note. — Subdivisions (b)(1)(a) and (b)(1)(b) were renumbered as subdivisions (b)(1)(i) and (b)(1)(ii) pursuant to Session Laws 1997-456, s. 27 which authorized the Revisor of

Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer database.

§ 110-136.9. Payment of withheld funds.

In all cases, the State Child Support Collection and Disbursement Unit shall distribute payments received from payors to the appropriate recipient. (1985 (Reg. Sess., 1986), c. 949, s. 2; 1997-443, s. 11A.118(a); 1999-293, s. 21.)

§ 110-136.10. Termination of withholding.

A requirement that income be withheld for child support shall promptly terminate as to prospective payments when the payor receives notice from the court or IV-D agency that:

- (1) The child support order has expired or become invalid; or
- (2) The initiating party, the obligor, and the district court judge agree to termination because there is another adequate means to collect child support or arrearages; or

- (3) The whereabouts of the child and obligee are unknown, except that withholding shall not be terminated until all valid arrearages to the State are paid in full. (1985 (Reg. Sess., 1986), c. 949, s. 2.)

§ 110-136.11. National Medical Support Notice required.

(a) Notice Required. — The National Medical Support Notice shall be used to notify employers and health insurers or health care plan administrators of an order entered pursuant to G.S. 50-13.11 for dependent health benefit plan coverage in a IV-D case. For purposes of this section and G.S. 110-136.12 through G.S. 110-136.14, the terms “health benefit plan” and “health insurer” are as defined in G.S. 108A-69(a).

(b) Exception. — The National Medical Support Notice shall not be used in cases where the court has ordered nonemployment-based health benefit plan coverage or where the parties have stipulated to nonemployment-based health benefit plan coverage. (2001-237, s. 8.)

Editor’s Note. — Session Laws 2001-237, s. 12, made this section effective October 1, 2001.

§ 110-136.12. IV-D agency responsibilities.

(a) Within five business days after the order for dependent health benefit plan coverage has been filed in a IV-D case, the IV-D agency shall serve, pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, the National Medical Support Notice on the employer, if known to the agency, of the noncustodial parent.

(b) In cases where the obligor is a newly hired employee, the agency shall serve, pursuant to G.S. 1A-1, Rule 5, Rules of Civil Procedure, the National Medical Support Notice, along with the income withholding notice pursuant to G.S. 110-136.8, on the employer within two business days after the date of entry of an obligor in the State Directory of New Hires.

(c) The IV-D agency shall notify the employer within 10 business days when there is no longer a current order for medical support for which the agency is responsible.

(d) In cases where the health insurer or health care plan administrator reports that there is more than one health care option available under the health benefit plan, the IV-D agency, in consultation with the custodian, may within 20 business days of the date the insurer or administrator informed the agency of the option, select an option and inform the health insurer or health care plan administrator of the option selected. (2001-237, s. 9.)

Editor’s Note. — Session Laws 2001-237, s. 12, made this section effective October 1, 2001.

§ 110-136.13. Employer responsibilities.

(a) For purposes of this section, G.S. 110-136.11, 110-136.12, and 110-14 [110-136.14], the term “employer” means employer as is defined at 29 U.S.C. § 203(d) in the Fair Labor Standards Act.

(b) Within 20 business days after the date of the National Medical Support Notice, the employer shall transfer the Notice to the health insurer or health care plan administrator that provides health benefit plan coverage for which the child is eligible unless one of following applies:

- (1) The employer does not maintain or contribute to plans providing dependent or family health insurance.

- (2) The employee is among a class of employees that are not eligible for family health benefit plan coverage under any group health plan maintained by the employer or to which the employer contributes.
- (3) Health benefit plan coverage is not available because the employee is no longer employed by this employer.
- (4) State or federal withholding limitations prevent the withholding from the obligor's income of the amount required to obtain insurance under the terms of the plan.

(c) If the employer is not required to transfer the Notice under subsection (b) of this section, then the employer shall, within the 20 business days after the date of the Notice, inform the agency in writing of the reason or reasons the Notice was not transferred.

(d) Upon receipt from the health insurer or health care plan administrator of the cost of dependent coverage, the employer shall withhold this amount from the obligor's wages and transfer this amount directly to the insurer or plan administrator.

(e) In the event the health insurer or health care plan administrator informs the employer that the Notice is not a "qualified medical child support order" (QMCSO), the employer shall notify the agency in writing.

(f) In the event the health insurer or health care plan administrator informs the employer of a waiting period for enrollment, the employer shall inform the insurer or administrator when the employee is eligible to be enrolled in the plan.

(g) An employer obligated to provide health benefit plan coverage pursuant to this section shall inform the IV-D agency upon termination of the noncustodial parent's employment within 10 business days. The notice shall be in writing to the agency and shall include the obligor's last known address and the name and address of the new employer, if known.

(h) In the event the employee contests the withholding order, the employer shall initiate and continue the withholding until the employer receives notice that the contested case is resolved.

(i) An employer shall not discharge from employment, refuse to employ, or otherwise take disciplinary action against any obligor solely because of the withholding.

(j) If a court finds that an employer has failed to comply with this section, the employer is liable as a payor pursuant to G.S. 110-136.8(e). Additionally, an employer who violates this section is liable in a civil action for reasonable damages. (2001-237, s. 10.)

Editor's Note. — Session Laws 2001-237, s. 12, made this section effective October 1, 2001. It would appear that the reference in subsection (a) to § 110-14 was intended to refer to § 110-136.14.

§ 110-136.14. (Effective July 1, 2002) Health insurer or health care plan administrator responsibilities.

(a) Upon receipt of the National Medical Support Notice from the employer, and within 40 business days after the date of the Notice, a health care plan administrator shall determine if the Notice is a "qualified medical child support order" (QMCSO), as defined under the Employee Retirement Income Security Act (ERISA) or the Child Support Performance and Incentive Act (CSPIA). If the Notice is not a qualified medical support order, the plan administrator shall inform the employer within the time set forth in this subsection.

§ 110-136.14 has a delayed effective date. See notes.

(b) Upon receipt of the Notice in a nonqualified ERISA plan, or upon a finding that the Notice constitutes a qualified medical child support order, the health insurer or plan administrator shall enroll the dependent child or children in a health benefit plan, determine the cost of the coverage, and inform the employer of the amount of the employee contribution to be withheld from the obligor's wages, if appropriate. If the child or children are already enrolled in a health benefit plan, the employer shall be so notified. The employer shall also be notified of any applicable enrollment waiting periods.

(c) If there is more than one health benefit plan in which the dependent child or children may be enrolled, the insurer or plan administrator shall so inform the custodian within the time specified in this subsection. If no plan has been selected within 20 days from the date the insurer or administrator informed the agency of the option, the insurer or administrator may enroll the child or children in the insurer's or administrator's default option.

(d) If the obligor is subject to a waiting period for enrollment, the insurer or administrator shall inform the agency, the employer, the obligor, and the custodial parent. Upon the completion of the waiting period, the enrollment shall be instituted.

(e) When a court finds that a health insurer or health care plan administrator has failed to comply with this section, the employer is liable as a payor pursuant to G.S. 110-136.10(e). Additionally, a health insurer or health care plan administrator who violates this section is liable in a civil action for reasonable damages. (2001-237, s. 11.)

Editor's Note. — Session Laws 2001-237, s. 12, makes this section effective July 1, 2002.

§ 110-137. Acceptance of public assistance constitutes assignment of support rights to the State or county.

By accepting public assistance for or on behalf of a dependent child or children, the recipient shall be deemed to have made an assignment to the State or to the county from which such assistance was received of the right to any child support owed for the child or children up to the amount of public assistance paid. The State or county shall be subrogated to the right of the child or children or the person having custody to initiate a support action under this Article and to recover any payments ordered by the court of this or any other state. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, s. 13.)

Legal Periodicals. — For survey of 1980 constitutional law, see 59 N.C.L. Rev. 1097 (1981).

CASE NOTES

Constitutionality. — The requirement that an Aid to Families with Dependent Children applicant must assign the support payments to the State, which then, in effect, remits the amount collected to the custodial parent as part of the AFDC payment to be used for the benefit of the entire family, does not modify the child's interest in the use of the money so dramatically

that it constitutes a taking of the child's property. *Bowen v. Gilliard*, 483 U.S. 587, 107 S. Ct. 3008, 97 L. Ed. 2d 485 (1987).

Limitation of Assignment to Amount of Assistance Paid. — There is no conflict between the federal guidelines and the provision of this section which limits the assignment to the amount of public assistance paid. State ex

rel. Pender County Child Support Enforcement Agency ex rel. Crews v. Parker, 319 N.C. 354, 354 S.E.2d 501 (1987).

Intervention in Support Action Brought by State. — The language of this section operates to assign to the state or county only the right to reimbursement for those amounts of support money provided through AFDC. Thus grandmother who had cared for child since her birth and had applied for assistance from the AFDC program retained her interest in defendant father's support obligation, and was entitled to intervene in an action for child support brought against defendant by the State. State ex rel. Pender County Child Support Enforcement Agency ex rel. Crews v. Parker, 319 N.C. 354, 354 S.E.2d 501 (1987).

Assignee of Right to Child Support Payments May Contest Elimination of Arrearages. — This section clearly provides for assignment of the right to child support payments to the State or county to the extent that they provide support money, and the fact that arrearages accumulated before Social Services rendered aid is of no legal significance; thus, Social Services, as assignee of the right to child support payments, has standing to contest the elimination of arrearages. Tate v. Tate, 95 N.C. App. 774, 384 S.E.2d 48 (1989).

Because mother received Aid to Families with Dependent Children (AFDC) benefits, she partially assigned her right "to any child support owed for the child" to Department of Social Services (DSS). Accordingly, DSS' status as assignee gave it a direct interest in the termination proceeding which will be forever impaired absent its ability to intervene under N.C.R.Civ.P. 24(a)(2). Hill v. Hill, 121 N.C. App. 510, 466 S.E.2d 322 (1996).

Past Public Assistance Debt Owed by Indian. — The exercise of state court jurisdiction over paternity actions, where the mother, the child, and the putative father are all Indians living on the reservation, unduly infringes

on tribal self-governance. However, once paternity is established, the state courts have subject matter jurisdiction over causes of action brought by the State pursuant to requirements of the Aid to Families with Dependent Children program to collect a debt owed to the State for past public assistance and to obtain a judgment for future child support. Jackson County ex rel. Child Support Enforcement Agency ex rel. Jackson v. Swayney, 319 N.C. 52, 352 S.E.2d 413, rehearing denied, 319 N.C. 412, 354 S.E.2d 713, cert. denied, 484 U.S. 826, 108 S. Ct. 93, 98 L. Ed. 2d 54 (1987).

No Privity Between State and County Support Program. — Where the State brings an action seeking to establish paternity and recover public assistance paid on behalf of a State-administered child support enforcement program, the State is not in privity with a county-administered child support enforcement program. State ex rel. Tucker v. Frinzi, 344 N.C. 411, 474 S.E.2d 127 (1996).

In respective actions where county DSS and the State sought to prove that defendant was the father of child and to recover past public assistance paid, the State had no control over the first action, and the interest of the State was not represented in the first action; thus, the state was not in privity with county DSS and the doctrines of res judicata and collateral estoppel did not bar the State's action. State ex rel. Tucker v. Frinzi, 344 N.C. 411, 474 S.E.2d 127 (1996).

Applied in Wilkes County ex rel. Child Support Enforcement Agency ex rel. Nations v. Gentry, 311 N.C. 580, 319 S.E.2d 224 (1984); Cartrette v. Cartrette, 73 N.C. App. 169, 325 S.E.2d 671 (1985).

§ 110-138. Duty of county to obtain support.

Whenever a county department of social services receives an application for public assistance on behalf of a dependent child, and it shall appear to the satisfaction of the county department that the child has been abandoned by one or both responsible parents, or that the responsible parent(s) has failed to provide support for the child, the county department shall without delay notify the designated representative who shall take appropriate action under this Article to provide that the parent(s) responsible supports the child. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, s. 14.)

CASE NOTES

County has the authority and the duty to pursue an action against the responsible parent for the maintenance of the child and recovery of amounts paid by the county for support of the child. The county may bring the action in the name of the mother or in its own name. She is in either case required to cooperate with the county in the trial of the action. *Settle ex rel. Sullivan v. Beasley*, 309 N.C. 616, 308 S.E.2d 288 (1983).

County is the real party in interest in an action to recover amounts paid by the county for support of a child. The child's mother is not the real party in interest. By

accepting public assistance, she assigned her right to child support to the county. *Settle ex rel. Sullivan v. Beasley*, 309 N.C. 616, 308 S.E.2d 288 (1983).

§ 110-138.1. Duty of judicial officials to assist in obtaining support.

Any party to whom child support has been ordered to be paid, and who has failed to receive the ordered support payments for two consecutive months, may make application to a magistrate for issuance of criminal process against the responsible parent for violation of G.S. 14-322. If the magistrate determines that the applicant has failed to receive the ordered support for two consecutive months, and that the responsible parent has willfully neglected or refused to make such payments, he shall make a finding of probable cause and issue criminal process for violation of G.S. 14-322. It shall be the duty of the District Attorney to prosecute such charges according to law. It shall be the duty of the Clerk of Superior Court to assist the applicant in making such application to the magistrate for the issuance of criminal process, and to supply such necessary child support records as are in his possession to the magistrate, District Attorney, and the Court. (1981, c. 613, s. 4.)

§ 110-139. Location of absent parents.

(a) The Department of Health and Human Services shall attempt to locate absent parents for the purpose of establishing paternity of and/or securing support for dependent children. The Department is to serve as a registry for the receipt of information which directly relates to the identity or location of absent parents, to assist any governmental agency or department in locating an absent parent, to answer interstate inquiries concerning deserting parents, and to develop guidelines for coordinating activities with any governmental department, board, commission, bureau or agency in providing information necessary for the location of absent parents.

(b) In order to carry out the responsibilities imposed under this Article, the Department may request from any governmental department, board, commission, bureau or agency information and assistance. All State, county and city agencies, officers and employees shall cooperate with the Department in the location of parents who have abandoned and deserted children with all pertinent information relative to the location, income and property of such parents, notwithstanding any provision of law making such information confidential. All nonjudicial records maintained by the Department pertaining to child-support enforcement shall be confidential, and only duly authorized representatives of social service agencies, public officials with child-support enforcement and related duties, and members of legislative committees shall have access to these records.

(c) Notwithstanding any other provision of law making such information confidential, an employer doing business in this State or incorporated under the laws of this State shall provide the Department with the following information upon certification by the Department that the information is needed to locate a parent for the purpose of collecting child support or to enforce an order for child support: full name, social security account number, date of birth, home address, wages, existing or available medical, hospital, and dental insurance coverage, and number of dependents listed for tax purposes.

(c1) Employment verifications. — For the purpose of establishing, enforcing, or modifying a child support order, the amount of the obligor's gross income may be established by a written statement signed by the obligor's employer or the employer's designee or an Employee Verification form produced by the Automated Collections Tracking System that has been completed and signed by the obligor's employer or the employer's designee. A written statement signed by the employer of the obligor or the employer's designee that sets forth an obligor's gross income, as well as an Employee Verification form signed by the obligor's employer or the employer's designee, shall be admissible evidence in any action establishing, enforcing, or modifying a child support order.

(d) Notwithstanding any other provision of law making this information confidential, including Chapter 53B of the General Statutes, any utility company, cable television company, or financial institution, including federal, State, commercial, or savings banks, savings and loan associations and cooperative banks, federal or State chartered credit unions, benefit associations, insurance companies, safe deposit companies, money market mutual funds, and investment companies doing business in this State or incorporated under the laws of this State shall provide the Department of Health and Human Services with the following information upon certification by the Department that the information is needed to locate a parent for the purpose of collecting child support or to establish or enforce an order for child support: full name, social security number, address, telephone number, account numbers, and other identifying data for any person who maintains an account at the utility company, cable television company, or financial institution. A utility company, cable television company, or financial institution that discloses information pursuant to this subsection in good faith reliance upon certification by the Department is not liable for damages resulting from the disclosure.

(e) Subsection (d) of this section shall not apply to telecommunication utilities or providers of electronic communication service to the general public.

(f) There is established the State Child Support Collection and Disbursement Unit. The duties of the Unit shall be the collection and disbursement of payments under support orders for all cases. The Department may administer and operate the Unit or may contract with another State or private entity for the administration and operation of the Unit. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, s. 15; 1987, c. 591; 1991, c. 419, s. 1; 1995, c. 538, s. 4; 1997-433, ss. 8.1, 9.1; 1997-443, s. 11A.118(a); 1998-17, s. 1; 1999-293, s. 22; 2000-140, s. 20(b); 2001-237, ss. 5, 6.)

Editor's Note. — Session Laws 1999-293, s. 16, effective October 1, 1999, had provided: "Section 16. G.S. 110-36.3 is amended by adding a new subsection to read:" and set out a new subsection (d1). There is no G.S. 110-36.3, and G.S. 110-26 to 110-38 were repealed in 1969. It appears likely that the intent of the act was to add a subsection (d1) to G.S. 110-136.3. Subsequently, Session Laws 2000-140, s. 20 (a) repealed Session Laws 1999-293, s. 16, and Session Laws 2000-140, s. 20(b) added a subsection (d1) to G.S. 110-136.3. Session Laws 2001-237,

s. 5 recodified (d1) of G.S. 110-136.3 as subsection (c1) of G.S. 110-139.

Subsection (c1) was formerly codified as § 110-136.3(d1). It was recodified as subsection (c1) of this section by Session Laws 2001-237, s. 5, effective June 23, 2001.

Effect of Amendments. — Session Laws 2000-140, s. 20(b), effective July 21, 2000, added subsection (d1) of § 110-136.3, which was subsequently recodified by Session Laws 2001-237, s. 5 as subsection (c1) of this section.

Session Laws 2001-237, ss. 5 and 6, effective

June 23, 2001, recodified former subsection (d1) of § 110-136.3 as subsection (c1) of this section,

and inserted "enforcing" following "establishing" twice in subsection (c1).

OPINIONS OF ATTORNEY GENERAL

Public Officials to Furnish Otherwise Confidential Information Concerning Employees. — State, county, and city officials having custody of personnel records of their respective employees (both past and present) must furnish otherwise confidential locational information concerning these employees to the Department of Human Resources when, at the request of a designated local child support

enforcement program representative, the Department is fulfilling its obligations under this section to locate responsible parents for purposes of establishing and enforcing their child support obligations as levied by Article 9, Chapter 110. See opinion of Attorney General to Mr. Philip Powell, Personnel Director, N.C. Department of Agriculture, Raleigh, N.C., 48 N.C.A.G. 85 (1979).

§ 110-139.1. Access to federal parent locator service; parental kidnapping and child custody cases.

(a) Except as otherwise provided in this section, the parent locator service of the Department of Health and Human Services shall transmit, upon payment of the fee prescribed by federal law, requests for information as to the whereabouts of any parent or child to the federal parental locator service when such requests are made by judges, clerks of superior court, district attorneys, or United States attorneys, and when the information is to be used to locate the parent or child for the purpose of enforcing State or federal law with respect to:

- (1) The unlawful taking or restraint of a child;
- (2) Making or enforcing a child custody determination, including visitation orders;
- (3) Establishing paternity; or
- (4) Establishing, setting or modifying the amount of, or enforcing child support obligations.

The Department shall not disclose any information from or through the parent locator service if there is reasonable evidence of domestic violence or child abuse and the disclosure of the information could be harmful to the custodial parent or the child of the custodial parent.

(b) For the purpose of this section, custody determination means a judgment, decree, or other order of the court providing for the custody or visitation of a child and includes permanent or temporary orders, and initial orders and modifications.

(c) All nonjudicial records maintained by the Department pertaining to the unlawful taking or restraint of a child or child custody determinations shall be confidential, and only individuals directly connected with the administration of the child support enforcement program and those authorized herein shall have access to these records. (1983, c. 15, s. 1; 1997-433, s. 8.2; 1997-443, s. 11A.118(a); 1998-17, s. 1.)

§ 110-139.2. Data match system; agreements with financial institutions.

(a) The Department of Health and Human Services and financial institutions doing business in this State shall enter into mutual agreements for the

purpose of facilitating the enforcement of child support obligations. The agreements shall provide for the development and operation of a data match system that will enable the financial institutions to provide to the Department on a quarterly basis the information required under G.S. 110-139(d). Financial institutions shall provide the information upon certification by the Department that the person about whom the information is requested is subject to a child support order and the information is necessary to enforce the order. The Department may pay a reasonable fee to the financial institution for conducting the data match required under this section provided that the fee shall not exceed the actual costs incurred by the financial institution to conduct the match.

(b) A financial institution shall not be liable under any State law, including but not limited to Chapter 53B of the General Statutes, for disclosure of information to the State child support agency under this section, and for any other action taken by the financial institution in good faith to comply with this section or with G.S. 110-139.

(c) As used in this subdivision, a financial institution includes federal, State, commercial, or savings banks, savings and loan associations and cooperative banks, federal or State chartered credit unions, benefit associations, insurance companies, safe deposit companies, money market mutual funds, and investment companies doing business in this State or incorporated under the laws of this State. (1997-433, s. 9; 1997-443, s. 11A.122; 1998-17, s. 1.)

Editor's Note. — Session Laws 1998-17, s. 1 amended Session Laws 1997-433, s. 11.3 to delete the June 30, 1998 expiration date for all

enactments and amendments made by Session Laws 1997-433.

§ 110-139.3. High-volume, automated administrative enforcement in interstate cases (AEI).

Upon request of another state, the Department of Health and Human Services shall use automated data processing to search State databases and determine if information is available regarding a parent who owes a child support obligation and shall seize identified assets using the same techniques as used in intrastate cases. Any request by another state to enforce support orders shall certify the amount of each obligor's debt and that appropriate due process requirements have been met by the requesting state with respect to each obligor. The Department of Health and Human Services shall likewise transmit to other states requests for assistance in enforcing support orders through high-volume, automated administrative enforcement where appropriate. (1999-293, s. 7.)

§ 110-140. Conformity with federal requirements; restriction on options without federal funding.

(a) Nothing in this Article is intended to conflict with any provision of federal law or to result in the loss of federal funds.

(b) Effective July 24, 1997, the Department of Health and Human Services shall not elect any child support distribution option for families receiving cash assistance under the State Plan for the Temporary Assistance for Needy Families (TANF) Block Grant Program for which the federal government does not provide funding to the State to exercise the option. (1975, c. 827, s. 1; 1997-223, s. 1; 1997-443, s. 11A.122.)

Editor's Note. — Session Laws 1997-223, s. 1, was codified as subsection (b) of this section at the direction of the Revisor of Statutes.

§ 110-141. Effectuation of intent of Article.

The North Carolina Department of Health and Human Services shall supervise the administration of this program in accordance with federal law and shall cause the provisions of this Article to be effectuated and to secure child support from absent, deserting, abandoning and nonsupporting parents.

Effective July 1, 1986, the entity, whether the board of county commissioners or the Department of Health and Human Services, that is administering, or providing for the administration of, this program in each county on June 30, 1986, shall continue to administer, or provide for the administration of, this program in that county, with one exception. If a county program is being administered by the Department of Health and Human Services on June 30, 1986, and if the board of county commissioners of this county desires on or after that date to assume responsibility for the administration of the program, the board of county commissioners shall notify the Department of Health and Human Services between July 1 and September 1 of the current fiscal year. The obligations of the board of county commissioners to assume responsibility for the administration of the program shall not commence prior to July 1 of the subsequent fiscal year. Until that time, it is the responsibility of the Department of Health and Human Services to administer or provide for the administration of the program in the county.

A county may negotiate alternative arrangements to the procedure outlined in G.S. 110-130 for designating a local person or agency to administer the provisions of this Article in that county. (1975, c. 827, s. 1; 1977, 2nd Sess., c. 1186, s. 16; 1979, c. 488; 1983 (Reg. Sess., 1984), c. 1034, s. 76; 1985, c. 244; c. 479, s. 103; 1985 (Reg. Sess., 1986), c. 1014, s. 129; 1997-443, s. 11A.118(a).)

§ 110-142. Definitions; suspension and revocation of occupational, professional, or business licenses of obligors who are delinquent in court-ordered child support, or who are not in compliance with subpoenas issued pursuant to child support or paternity establishment proceedings.

The definitions in G.S. 110-129 and G.S. 147-54.12 apply to this section and G.S. 110-142.1, and G.S. 110-142.2. In addition, to these sections the following definitions apply:

- (1) "Applicant" means any person applying for issuance or renewal of a license.
- (2) "Board" means any department, division, agency, officer, board, or other unit of State government that issues licenses.
- (3) "Certified list" means a list provided by the designated representative to the Department of Health and Human Services that verifies, under penalty of perjury, that the names contained therein are obligors who have been found to be out of compliance with a judgment or order for support in a IV-D case.
- (4) "Compliance with an order for support" means that, as set forth in a judgment or order for child support or family support, the obligor is no more than 90 calendar days in arrears in making payments for current support, in making periodic payments on a support arrearage,

or in making periodic payments on a reimbursement for public assistance, has obtained a judicial finding that precludes enforcement of the order, or has entered into a payment schedule, including G.S. 110-142.1(h), for the child support arrearage with the approval of the obligee in a IV-D case.

- (5) "License" means (i) for the purposes of G.S. 110-142.1, a license, certificate, permit, registration, or any other authorization issued by a board that allows a person to engage in a business, occupation, or profession or (ii) for the purposes of G.S. 110-142.2, a license to operate a regular or commercial motor vehicle, or to participate in hunting, fishing, or trapping.
- (6) "Licensee" means any person holding a license.
- (7) "Obligor" means the individual who owes a duty to make child support payments under a court order. (1995, c. 538, s. 1.4; 1997-433, s. 5; 1997-443, s. 11A.118(a); 1998-17, s. 1.)

§ 110-142.1. IV-D notified suspension, revocation, and issuance of occupational, professional, or business licenses of obligors who are delinquent in court-ordered child support or who are not in compliance with subpoenas issued pursuant to child support or paternity establishment proceedings.

(a) Effective July 1, 1996, the Department of Health and Human Services may notify any board that a person licensed by that board is not in compliance with an order for child support or has been found by the court not to be in compliance with a subpoena issued pursuant to child support or paternity establishment proceedings.

(b) The designated representative shall submit a certified list with the names, social security numbers, and last known address of individuals who are not in compliance with a child support order or with a subpoena issued pursuant to a child support or paternity establishment proceeding. The designated representative shall verify, under penalty of perjury, that the individuals listed are subject to an order for the payment of support and are not in compliance with the order, or have been found by the court to be not in compliance with a subpoena issued pursuant to a child support or paternity establishment proceeding. The verification shall include the name, address, and telephone number of the designated representative who certified the list. An updated certified list shall be submitted to the Department on a monthly basis.

The Department of Health and Human Services, Division of Social Services, Child Support Enforcement Office, shall consolidate the certified lists received from the designated representatives and, within 30 calendar days of receipt, shall furnish each board with a certified list of the individuals, as specified in this section.

(c) Each board shall coordinate with the Department of Health and Human Services, Division of Social Services, Child Support Enforcement Office, in the development of forms and procedures to implement this section.

(d) Promptly after receiving the certified list of individuals from the Department of Health and Human Services, each board shall determine whether its applicant or licensee is an individual on the list. If the applicant or licensee is on the list, the board shall immediately send notice as specified in this subsection to the applicant or licensee of the board's intent to revoke or suspend the licensee's license in 20 days from the date of the notice, or that the

board is withholding issuance or renewal of an applicant's license, until the designated representative certifies that the applicant or licensee is entitled to be licensed or reinstated. The notice shall be made personally or by certified mail to the individual's last known mailing address on file with the board.

(e) Unless notified by the designated representative as provided in subsection (h) of this section, the board shall revoke or suspend the individual's license 20 days from the date of the notice to the individual of the board's intent to revoke or suspend the license. In the event that a license is revoked or application is denied pursuant to this section, the board is not required to refund fees paid by the individual.

(f) Notices shall be developed by each board in accordance with guidelines provided by the Department of Health and Human Services and shall be subject to the approval of the Department of Health and Human Services. The notice shall include the address and telephone number of the designated representative who submitted the name on the certified list, and shall emphasize the necessity of obtaining a certification of compliance from the designated representative or the child support enforcement agency as a condition of issuance, renewal, or reinstatement of the license. The notice shall inform the individual that if a license is revoked or application is denied pursuant to this subsection, the board is not required to refund fees paid by the individual. The Department of Health and Human Services shall also develop a form that the individual shall use to request a review by the designated representative. A copy of this form shall be included with every notice sent pursuant to subsection (d) of this section.

(g) The Department of Health and Human Services shall establish review procedures consistent with this section to allow an individual to have the underlying arrearage and any relevant defenses investigated, to provide an individual information on the process of obtaining a modification of a support order, or, if the circumstances so warrant, to provide an individual assistance in the establishment of a payment schedule on arrears.

(h) If the individual wishes to challenge the submission of the individual's name on the certified list, or if the individual wishes to negotiate a payment schedule, the individual shall within 14 days of the date of notice from the board request a review from the designated representative. The designated representative shall within six days of the date of the request for review notify the appropriate board of the request for review and direct the board to stay any action revoking or suspending the individual's license until further notice from the designated representative. The designated representative shall review the case and inform the individual in writing of the representative's findings and decision upon completion of the review. If the findings so warrant, the designated representative shall immediately send a notice to the appropriate board certifying the individual's compliance with this section. The agreement shall also provide for the maintenance of current support obligations and shall be incorporated into a consent order to be entered by the court. If the individual fails to meet the conditions of this subsection, the designated representative shall notify the appropriate board to immediately revoke or suspend the individual's license. Upon receipt of notice from the designated representative, the board shall immediately revoke or suspend the individual's license.

(i) The designated representative shall notify the individual in writing that the individual may, by filing a motion, request any or all of the following:

- (1) Judicial review of the designated representative's decision.
- (2) A judicial determination of compliance.
- (3) A modification of the support order.

The notice shall also contain the name and address of the court in which the individual shall file the motion and inform the individual that the individual's

name shall remain on the certified list unless the judicial review results in a finding by the court that the individual is in compliance with this section. The notice shall also inform the individual that the individual must comply with all statutes and rules of court regarding motions and notices of hearing and that any motion filed under this section is subject to the limitations of G.S. 50-13.10.

(j) The motion for judicial review of the designated representative's decision shall state the grounds for which review is requested and judicial review shall be limited to those stated grounds. After service of the request for review, the court shall hold an evidentiary hearing at the next regularly scheduled session for the hearing of child support matters in civil district court. The request for judicial review shall be served by the individual upon the designated representative who submitted the individual's name on the certified list within seven calendar days of the filing of the motion.

(k) If the judicial review results in a finding by the court that the individual is no longer in arrears or that the individual's license should be reinstated to allow the individual an opportunity to comply with a payment schedule on arrears or reimbursement and current support obligations, the designated representative shall immediately send a notice to the appropriate board certifying the individual's compliance with this section. If the judicial review results in a finding that the individual has complied with or is no longer subject to the subpoena that was the basis for the revocation, then the designated representative shall immediately send a notice to the appropriate board certifying the individual's compliance with this section. In the event of an appeal from judicial review, the license revocation shall not be stayed unless the court specifically provides otherwise.

(l) The Department of Health and Human Services shall prescribe forms for use by the designated representative. When the individual is no longer in arrears or negotiates an agreement with the designated representative for a payment schedule on arrears or reimbursement the designated representative shall mail to the individual and the appropriate board a notice certifying that the individual is in compliance. The receipt of certification shall serve to notify the individual and the board that, for the purposes of this section, the individual is in compliance with the order for support. When the individual has complied with or is no longer subject to a subpoena issued pursuant to a child support or paternity establishment proceeding, the designated representative shall mail to the individual and the appropriate board a notice certifying that the individual is in compliance. The receipt of certification shall serve to notify the individual and the board that the individual is in compliance with this section.

(m) The Department of Health and Human Services may enter into inter-agency agreements with the boards necessary to implement this section.

(n) The procedures specified in Articles 3 and 3A of Chapter 150B of the General Statutes, the Administrative Procedure Act, shall not apply to the denial or failure to issue or renew a license pursuant to this section.

(o) Any board receiving an inquiry as to the licensed status of an applicant or licensee who has had a license denied or revoked under this section shall respond only that the license was denied or revoked pursuant to this section. Information collected pursuant to this section shall be confidential and shall not be disclosed except in accordance with the laws of this State.

(p) If any provision of this section or its application to any person or circumstance is held invalid, that invalidity shall not affect other provisions or applications of this section that can be given effect without the invalid provision or application, and to this end the provisions of this section are severable. (1995, c. 538, s. 1.4; 1997-433, s. 5.1; 1997-443, ss. 11A.118(a), 122; 1998-17, s. 1.)

Editor's Note. — This section was amended by Session Laws 1997-433, s. 5.1, in the coded bill drafting format provided by § 120-20.1. It

has been set out in the form above at the direction of the Revisor of Statutes.

§ 110-142.2. Suspension, revocation, restriction of license to operate a motor vehicle or hunting, fishing, or trapping licenses; refusal of registration of motor vehicle.

(a) Effective December 1, 1996, notwithstanding any other provision of law, when an individual is at least 90 days in arrears in making child support payments, or has been found by the court to be not in compliance with a subpoena issued pursuant to child support or paternity establishment proceedings, the child support enforcement agency may apply to the court, pursuant to the regular show cause and contempt provisions of G.S. 50-13.9(d), for an order doing any of the following:

- (1) Revoking the individual's regular or commercial license to operate a motor vehicle;
- (2) Revoking the individual's hunting, fishing, or trapping licenses;
- (3) Directing the Department of Transportation, Division of Motor Vehicles, to refuse, pursuant to G.S. 20-50.4, to register the individual's motor vehicle.

(b) Upon finding that the individual has willfully failed to comply with the child support order or with a subpoena issued pursuant to child support proceedings, and that the obligor is at least 90 days in arrears, or upon a finding that an individual subject to a subpoena issued pursuant to child support or paternity establishment proceedings has failed to comply with the subpoena, the court may enter an order instituting the sanctions as provided in subsection (a) of this section. If an individual is adjudicated to be in civil or criminal contempt for a third or subsequent time for failure to comply with a child support order, the court shall enter an order instituting any one or more of the sanctions, if applicable, as provided in subsection (a) of this section. The court may stay the effectiveness of the sanctions upon conditions requiring the obligor to make full payment of the delinquency over time. Any court-ordered payment plan under this subsection shall require the individual to extinguish the delinquency within a reasonable period of time. In determining the amount to be applied to the delinquency, the court shall consider the amount of the debt and the individual's financial ability to pay. The payment shall not exceed the limits under G.S. 110-136.6(b). The individual shall make an immediate initial payment representing at least five percent (5%) of the total delinquency or five hundred dollars (\$500.00), whichever is less. Any stay of an order under this subsection shall also be conditioned upon the obligor's maintenance of current child support. The court may stay the effectiveness of the sanctions against an individual subject to a subpoena issued pursuant to child support or paternity establishment proceedings upon a finding that the individual has complied with or is no longer subject to the subpoena. Upon entry of an order pursuant to this section that is not stayed, the individual shall surrender any licenses revoked by the court's order to the child support enforcement agency and the agency shall forward a report to the appropriate licensing authority within 30 days of the order.

(c) If the individual's regular or commercial drivers license is revoked under this section and the court, after the hearing, makes a finding that a license to operate a motor vehicle is necessary to the individual's livelihood, the court may issue a limited driving privilege, with those terms and conditions applying as the court shall prescribe. An individual whose license has been revoked for reasons not related to this section and whose license remains revoked at the

time of the hearing shall not be eligible and may not be issued a limited driving privilege. The court may modify or revoke the limited driving privilege pursuant to G.S. 20-179.3(i).

(d) An individual may file a request with the child support enforcement agency for certification that the individual is no longer delinquent in child support payments upon submission of proof satisfactory to the child support enforcement agency that the individual has paid the delinquent amount in full. An individual subject to a subpoena issued pursuant to a child support or paternity establishment proceeding may file a request with the child support enforcement agency for certification that the individual has complied with or is no longer subject to the subpoena. The child support enforcement agency shall provide a form to be used by the individual for a request for certification. If the child support enforcement agency finds that the individual has met the requirements for reinstatement under this subsection, then the child support enforcement agency shall certify that the individual is no longer delinquent or that the individual has complied with or is no longer subject to a subpoena issued pursuant to child support or paternity establishment proceedings and shall provide a copy of the certification to the individual.

(e) If licensing privileges are revoked under this section, the individual may petition the district court for a reinstatement of such privileges. The court may order the privileges reinstated conditioned upon full payment of the delinquency over time, or, as applicable, may order the reinstatement if the court finds that the individual has complied with or is no longer subject to the subpoena issued pursuant to paternity establishment proceedings. Any order allowing license reinstatement shall additionally require the obligor's maintenance of current child support. Upon reinstatement under this subsection, the child support enforcement agency shall certify that the individual is no longer delinquent, or, as applicable, that the individual has complied with or is no longer subject to the subpoena issued pursuant to child support or paternity establishment proceedings and shall provide a copy of the certification to the individual, as applicable.

(f) Upon receipt of certification under subsection (d) or (e) of this section, the Division of Motor Vehicles shall reinstate the license to operate a motor vehicle in accordance with G.S. 20-24.1, and remove any restriction of the individual's motor vehicle registration.

(g) Upon receipt of certification under subsection (d) or (e) of this section, the licensing board having jurisdiction over the individual's hunting, fishing, or trapping license shall reinstate the license.

(h) If the court imposes sanctions under subdivision (3) of subsection (a) of this section and the sanctions are stayed upon conditions as provided in subsection (b) of this section, the child support enforcement agency may, without any further application to the court, notify the Division of Motor Vehicles if the individual violates the terms and conditions of the stay. The Division shall then take such action as provided in subdivision (3) of subsection (a) of this section. The Division shall not remove any restriction of the individual's motor vehicle registration, until receipt of certification pursuant to subsection (d) or (e) of this section.

(i) The Department of Health and Human Services, the Administrative Office of the Courts, the Division of Motor Vehicles, and the Department of Environment and Natural Resources shall work together to develop the forms and procedures necessary for the implementation of this process. (1995, c. 538, s. 1.4; 1997-433, s. 5.2; 1997-443, ss. 11A.118(a), 11A.119(a); 1998-17, s. 1; 1999-293, s. 2.)

For the Handicapped Persons Protection Act, see Chapter 168A.

Editor's Note. — Session Laws 1973, c. 476, s. 143(a), provides that whenever the words "North Carolina State Commission for the Blind" are used or appear in any statute or law of this State, the same shall be deleted and the words "Department of Human Resources" or "Department," as appropriate, shall be inserted in lieu thereof, unless otherwise provided for in the Executive Organization Act of 1973, with

the exception that in certain specified references the words "North Carolina State Commission for the Blind" shall be deleted and the words "Commission for the Blind" shall be inserted in lieu thereof. In this Chapter as it stood before the 1973 amendments, the North Carolina State Commission for the Blind was variously referred to as the "North Carolina State Commission for the Blind," the "State Commission for the Blind," or simply as the "Commission." In order to carry out the evident intent of the 1973 act, the codifiers have, in the sections set out herein, substituted references to the Department of Human Resources or the Commission for the Blind, as appropriate, for references to the former North Carolina State Commission for the Blind, even where that agency was not referred to by its full title.

§ 111-4. Register of State's blind.

(a) The Department of Health and Human Services shall cause to be maintained a complete register of the blind in the State that shall describe the condition and cause of blindness of each and any other facts that may seem to the Department of Health and Human Services to be of value.

(b) When, upon examination by a physician or optometrist, any person is found to be blind, the examiner shall report the results of the examination to the Department of Health and Human Services within 30 days after the examination is conducted. (1935, c. 53, s. 3; 1973, c. 476, s. 143; 1975, c. 19, s. 35; 1997-443, s. 11A.118(a); 2000-121, s. 1.)

Effect of Amendments. — Session Laws 2000-121, s. 1, effective July 14, 2000, design-

nated the existing paragraph as subsection (a) and rewrote it; and added subsection (b).

§ 111-5: Repealed by Session Laws 2000-121, s. 2, effective July 14, 2000.

§ 111-6. Training schools and workshops; training outside State; sale of products; direct relief; matching of federal funds.

The Department of Health and Human Services may establish one or more training schools and workshops for employment of suitable blind and visually impaired persons, equip and maintain these schools and workshops, pay employees suitable wages, devise means for the sale and distribution of the products of these schools and workshops, and cooperate with shops already established. The Department of Health and Human Services may also pay for lodging, tuition, support and all necessary expenses for blind and visually impaired persons during their training or instruction in any suitable occupation, whether it be in industrial, commercial, professional, or any other establishments, schools or institutions, or through private instruction when in the judgment of the Department of Health and Human Services this instruction or training can be obtained and will contribute to the efficiency or self-support of the blind and visually impaired persons. When special educational opportunities cannot be had within the State, they may be arranged for, at the discretion of the Department of Health and Human Services, outside of the State. The Department of Health and Human Services may also aid individual blind and visually impaired persons or groups of blind and visually impaired persons to become self-supporting by furnishing material or equipment to them and by assisting them in the sale and distribution of their products. Any portion of the funds appropriated to the Department of Health and Human Services under the provisions of this Chapter providing for the rehabilitation of the blind and visually impaired and the prevention of blindness may, when the Commission for the Blind deems wise, be given in direct money payments to the needy blind in accordance with the provisions of G.S. 111-13 through G.S. 111-26. Whenever possible such funds may be matched by funds provided by the federal Social Security Act, 42 U.S.C. § 301, et seq., as amended. (1935, c. 53, s. 5; 1937, c. 124, s. 16; 1973, c. 476, s. 143; 1997-443, s. 11A.118(a); 2000-121, s. 3.)

Effect of Amendments. — Session Laws 2000-121, s. 3, effective July 14, 2000, inserted “and visually impaired” following “blind”

throughout, and otherwise clarified provisions and deleted obsolete language.

§ 111-6.1. Rehabilitation center for the blind and visually impaired.

The Department of Health and Human Services shall establish and operate a rehabilitation center for the blind and visually impaired for the purpose of evaluating and providing instruction in specialized independent living, prevocational, and vocational skills to blind and visually impaired persons to prepare them for obtaining and maintaining employment.

The Commission shall make all rules necessary for this purpose and the Department of Health and Human Services may enter into any agreement or contract; to purchase or lease property, both real and personal, to accept grants and gifts of whatever nature, and to do all other things necessary to carry out the intent and purposes of this rehabilitation center.

The Department of Health and Human Services may receive grants-in-aid from the federal government for carrying out the provisions of this section, as well as for other related rehabilitation programs for blind and visually impaired persons under the provisions of the Rehabilitation Act of 1973, Pub. L. No. 93-112, 87 Stat. 355, 29 U.S.C. § 701, et seq., as amended. Blind and visually impaired persons as defined in G.S. 111-11, who are physically present

in North Carolina may enjoy the benefits of this section or any other related rehabilitation benefits under the Rehabilitation Act of 1973, as amended. (1945, c. 698; 1951, c. 319, s. 4; 1971, c. 1215, s. 2; 1973, c. 476, s. 143; 1997-443, s. 11A.118(a); 2000-121, s. 4.)

Effect of Amendments. — Session Laws 2000-121, s. 4, effective July 14, 2000, rewrote the section.

§ 111-7. In-home services.

The Department of Health and Human Services may foster maximum independence of blind and visually impaired persons through the provision of in-home independent living, development of community-based support groups, and related services as it deems advisable. (1935, c. 53, s. 6; 1973, c. 476, s. 143; 1997-443, s. 11A.118(a); 2000-121, s. 5.)

Effect of Amendments. — Session Laws 2000-121, s. 5, effective July 14, 2000, substituted “foster maximum independence . . . deems advisable” for “ameliorate the condition of the

blind by promotion visits among them and teaching them in their homes as the Department of Health and Human Services may deem advisable.”

§ 111-8. Investigations; eye examination and treatment.

The Department of Health and Human Services shall continue to make inquiries concerning the cause of blindness, to learn what proportion of these cases are preventable, and to inaugurate and cooperate in any measure for the State it deems advisable. The Department of Health and Human Services may arrange for the examination of the eyes of blind and visually impaired persons and may secure and pay for medical and surgical treatment for these persons whenever in the judgment of a qualified ophthalmologist or optometrist the eyes of this person may be benefited by the treatment. (1935, c. 53, s. 7; 1973, c. 476, s. 143; 1997-443, s. 11A.118(a); 2000-121, s. 6.)

Effect of Amendments. — Session Laws 2000-121, s. 6, effective July 14, 2000, substituted “visually impaired” for “partially blind,”

inserted “or optometrist,” and made stylistic changes.

§ 111-8.1: Repealed by Session Laws 2000-121, s. 7, effective July 14, 2000.

Cross References. — For present similar provisions, see § 111-4(b).

§§ 111-9, 111-10: Repealed by Session Laws 1973, c. 476, s. 143.

CASE NOTES

Applicability to Chapter 168. — The restrictive definition of “visually handicapped” in this section should not be applied in a manner which limits the meaning of “visual disability” in § 168-1. The General Assembly did not intend the narrow definition “visually handicapped” in this section to control the meaning of the term “visual disabilities” in § 168-1; rather,

the General Assembly intended that the definition in this section would apply only when the specific term “visually handicapped” was used. *Burgess v. Joseph Schlitz Brewing Co.*, 298 N.C. 520, 259 S.E.2d 248 (1979).

for in G.S. 111-12.5” for “herein provided for,” substituted “blind and visually impaired” for “visually handicapped” in the last sentence, and made three minor wording changes.

(1937, c. 124, s. 4; 1951, c. 319, s. 3; 1961, c. 666, s. 1; 1971, c. 1215, s. 1; 1981, c. 131; 2000-121, s. 13.)

OPINIONS OF ATTORNEY GENERAL

Amount of Funds Appropriated Does Not Affect Duty of Department and County Board to Accept All Qualified Blind Applicants. — The requirement upon the Department of Human Resources and the boards of county commissioners of the individual counties to accept all duly qualified and otherwise eligible applicants for special assis-

tance to the blind remains the same and is not reduced or limited by the amount of funds appropriated by a county or by the General Assembly for that specific purpose. See opinion of Attorney General to L. Earl Jennings, Jr., Director, Division of Services for the Blind, Dep't of Human Resources, 49 N.C.A.G. 110 (1980).

§ 111-16. Application for aid; notice of award; review.

Promptly after an application for aid is made to the board of county commissioners under this Article, the Department of Health and Human Services shall be notified of the application by mail by the county commissioners. One of the duplicate applications for aid made before the board of county commissioners shall be transmitted with this notice.

As soon as any award has been made or any application declined by the board of county commissioners, prompt notice in writing of the award or the declined application shall be forwarded by mail to the Department of Health and Human Services and to the applicant. This notice shall fully state the particulars of the award or the facts of denial. An applicant may appeal an award or denial pursuant to Article 3 of Chapter 150B of the General Statutes. (1937, c. 124, s. 5; 1971, c. 603, s. 1; 1973, c. 476, s. 143; 1997-443, s. 11A.118(a); 2000-121, s. 14.)

Effect of Amendments. — Session Laws 2000-121, s. 14, effective July 14, 2000, rewrote the section.

§ 111-17. Amount and payment of assistance; source of funds.

When the board of county commissioners is satisfied that the applicant is entitled to relief under the provisions of this Article, as provided in G.S. 111-14, they shall order necessary relief to be granted under the rules and regulations prescribed by the Commission for the Blind, to be paid from county, State and federal funds available, said relief to be paid in monthly payments from funds hereinafter mentioned.

At the time of fixing the annual budget for the fiscal year beginning July 1, 1937, and annually thereafter, the board of county commissioners in each county shall, based upon such information as they are able to secure and with such information as may be furnished to them by the Department of Health and Human Services, estimate the number of needy blind persons in such county who shall be entitled to aid under the provisions of this Article and the total amount of such county's part thereof required to be paid by such county. Each county shall make appropriations for the purposes of this Article in an amount sufficient to cover its share of aid to the blind and may fund them by levy of property taxes pursuant to G.S. 153A-149 and by the allocation of other revenues whose use is not otherwise restricted by law. This provision is mandatory on each county in the State. Any court of competent jurisdiction is authorized by mandamus to enforce the foregoing provisions. No funds shall be allocated to any county by the Department of Health and Human Services until the provisions hereof have been fully complied with by such county.

In case such appropriation is exhausted within the year and is found to be insufficient to meet the county's part of the amount required for aid to the needy blind, such deficiency may be borrowed, if within constitutional limitations, at the lowest rate of interest obtainable, not exceeding six percent (6%), and provision for payment thereof shall be made in the next annual budget and tax levy.

The board of county commissioners in the several counties of the State shall cause to be transmitted to the State Treasurer their share of the total amount of relief granted to the blind applicants. Such remittances shall be made by the several counties in equal monthly installments on the first day of each month, beginning July 1, 1937. The State Treasurer shall deposit said funds and credit same to the account of the Department of Health and Human Services to be employed in carrying out the provisions of this Article.

If any otherwise qualified applicant for or recipient of aid to the blind is or shall become unable to manage the assistance payments, or otherwise fails so to manage, to the extent that deprivation or hazard to himself or others results, a petition may be filed by a relative of said blind person, or other interested person, or by the Secretary of Health and Human Services before the appropriate court under G.S. 111-31, in the form of a verified written application for the appointment of a personal representative for the purpose of receiving and managing public assistance payments for any such recipient, which application shall allege one or more of the above grounds for the legal appointment of such personal representative.

Findings of fact shall be made by the court without a jury, and if the court shall find that the applicant for or recipient of aid to the blind is unable to manage the assistance payments, or otherwise fails so to manage, to the extent that deprivation or hazard to himself or others results, the court may thereupon enter an order embracing said findings and appointing some responsible person as personal representative of the applicant or recipient for the purposes set forth herein. He will be responsible for receiving the monthly assistance payment and using the proceeds of such payment for the benefit of the recipient of aid to the blind. Such personal representative shall be responsible to the court for the faithful discharge of the duties of his trust. The court may consider the recommendation of the Secretary of Health and Human Services in the selection of a suitable person for appointment as personal representative for the limited purposes of G.S. 111-30 to 111-33. The personal representative so appointed may be removed by the court, and the proceeding dismissed, or another suitable personal representative appointed. All costs of court with respect to any such proceedings shall be waived.

From the order of the court appointing or removing such personal representative, an appeal may be had to the judge of superior court who shall hear the matter *de novo* without a jury. § 111-33. Sections 111-30 to 111-33 are not to affect provisions for payments for minors.

Nothing in G.S. 111-30 to 111-33 is to be construed as affecting that portion of the State plan for aid to the blind which provides that payments for eligible blind minors should be made to the parent, legal guardian, relatives or other persons "in loco parentis" of the blind minor, and that payments may be made to the minor if he is emancipated. (1961, c. 666, s. 2.)

Any act or function performed by a county director of social services under the authority of this section shall be reported by him to the respective county board of commissioners for its review, and for alternative action or disposition where deemed appropriate by such board. Provided that the respective boards of county commissioners shall make no alternative or different disposition of a matter which the county director of social services is empowered to act upon which would prejudicially affect the status of any aid to the blind recipient without first affording such recipient reasonable notice and opportunity to be heard. § 111-46. Vending facilities operated by those other than blind persons.

Where vending facilities on State property are operated by those other than blind persons on the date of enactment of this Article, the contract of these vending facilities shall not be renewed or extended unless the Secretary of the Department of Health and Human Services is notified of the proposed renewal or extension and the Secretary determines within 30 days of this notification that the vending facilities are not, or cannot become, suited for operation by the blind. If the Secretary of the Department of Health and Human Services within 30 days of the date of this notification fails to provide for the operation of the vending facilities by the blind, the existing contract may be renewed or extended. (1973, c. 1280, s. 1; 1997-443, s. 11A.118(a); 2000-121, s. 25.)

SUBCHAPTER II. STATE FORESTS AND PARKS.

ARTICLE 2.

Acquisition and Control of State Forests and Parks.

§ **113-29. Policy and plan to be inaugurated by Department of Environment and Natural Resources.**

(a) In this Article, unless the context requires otherwise, "Department" means the Department of Environment and Natural Resources; and "Secretary" means the Secretary of Environment and Natural Resources.

(b) The Department of Environment and Natural Resources shall inaugurate the following policy and plan looking to the cooperation with private and public forest owners in this State insofar as funds may be available through legislative appropriation, gifts of money or land, or such cooperation with landowners and public agencies as may be available:

- (1) The extension of the forest fire prevention organization to all counties in the State needing such protection.
- (2) To cooperate with federal and other public agencies in the restoration of forest growth on land unwisely cleared and subsequently neglected.
- (3) To furnish trained and experienced experts in forest management, to inspect private forestlands and to advise with forest landowners with a view to the general observance of recognized and practical rules of growing, cutting and marketing timber. The services of such trained experts of the Department must naturally be restricted to those landowners who agree to carry out so far as possible the recommendations of said Department.
- (4) To prepare and distribute printed and other material for the use of teachers and club leaders and to provide instruction to schools and clubs and other groups of citizens in order to train the younger generation in the principles of wise use of our forest resources.
- (5) To acquire small areas of suitable land in the different regions of the State on which to establish small, model forests which shall be developed and used by the said Department as State demonstration forests for experiment and demonstration in forest management. (1939, c. 317, s. 1; 1969, c. 342, s. 1; 1973, c. 1262, ss. 28, 86; 1977, c. 771, s. 4; 1987, c. 827, s. 90; 1989, c. 727, s. 49; 1991 (Reg. Sess., 1992), c. 890, s. 2; 1997-443, s. 11A.119(a).)

CASE NOTES

Declaratory Judgment Premature. — None of the plaintiffs seeking a declaratory judgment that Article 2 of this Chapter and Article 3 of Chapter 113A are unconstitutional and praying that defendants be permanently enjoined from adopting a “Master Plan” for the Eno River State Park had as yet been directly and adversely affected by the statutes they sought to challenge, and the plaintiffs failed to show the existence of a genuine controversy cognizable under the Declaratory Judgment

Act, where no condemnation proceeding affecting any lands of the plaintiffs had as yet been instituted, and all that had occurred was that employees of the Division of Parks and Recreation had made initial alternative planning proposals for a State park which contemplated ultimate acquisition of certain lands of the plaintiffs for park purposes. *Barbour v. Little*, 37 N.C. App. 686, 247 S.E.2d 252, cert. denied, 295 N.C. 733, 248 S.E.2d 862 (1978).

§ 113-29.1. Growing of timber on unused State lands authorized.

The Department of Administration may allocate to the Department, for management as a State forest, any vacant and unappropriated lands, any marshlands or swamplands, and any other lands title to which is vested in the State or in any State agency or institution, where such lands are not being otherwise used and are not suitable for cultivation. Lands under the supervision of the Wildlife Resources Commission and designated and in use as wildlife management areas, refuges, or fishing access areas and lands used as research stations shall not be subject to the provisions of this section. The Department shall plant timber-producing trees on all lands allocated to it for

that purpose by the Department of Administration. The Secretary may contract with the appropriate prison authorities for the furnishing, upon such conditions as may be agreed upon from time to time between such prison authorities and the Secretary, of prison labor for use in the planting, cutting, and removal of timber from State forests which are under the management of the Department. (1957, c. 584, s. 1; 1969, c. 342, s. 2; 1973, c. 1262, ss. 28, 86; 1977, c. 771, s. 4; 1989, c. 727, s. 50.)

Local Modification. — Granville County:
1983 (Reg. Sess., 1984), c. 1027.

§ 113-30. Use of lands acquired by counties through tax foreclosures as demonstration forests.

The boards of county commissioners of the various counties of North Carolina are herewith authorized to turn over to the said Department title to such tax-delinquent lands as may have been acquired by said counties under tax sale and as in the judgment of the Secretary may be suitable for the purposes named in G.S. 113-29, subdivision (5). (1939, c. 317, s. 2; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, s. 51.)

§ 113-31. Procedure for acquisition of delinquent tax lands from counties.

In the carrying out of the provisions of G.S. 113-30, the several boards of county commissioners shall furnish forthwith on written request of the Department a complete list of all properties acquired by the county under tax sale and which have remained unredeemed for a period of two years or more. On receipt of this list the Secretary shall have the lands examined and if any one or more of these properties is in his judgment suitable for the purposes set forth in G.S. 113-30, request shall be made to the county commissioners for the acquisition of such land by the Department at a price not to exceed the actual amount of taxes due without penalties. On receipt of this request the county commissioners shall make permanent transfer of such tract or tracts of land to the Department through fee-simple deed or other legal transfer, said deed to be approved by the Attorney General of North Carolina, and shall then receive payment from the Department as above outlined. (1939, c. 317, s. 3; 1973, c. 1262, ss. 28, 86; 1977, c. 771, s. 4; 1989, c. 727, s. 52.)

§ 113-32. Purchase of lands for use as demonstration forests.

Where no suitable tax-delinquent lands are available and in the judgment of the Department the establishment of a demonstration forest is advisable, the Department may purchase sufficient land for the establishment of such a demonstration forest at a fair and agreed-upon price, the deed for such land to be subject to approval of the Attorney General, but nothing in G.S. 113-29 to 113-33 shall allow the Department to acquire land under the right of eminent domain. (1939, c. 317, s. 4; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, s. 53.)

§ 113-33. Forest management appropriation.

Necessary funds for carrying out the provisions of G.S. 113-29 and 113-30 to 113-33 shall be set up in the regular budget as an item entitled "forest management." (1939, c. 317, s. 5.)

§ 113-34. Power to acquire lands as State forests, parks, etc.; donations or leases by United States; leases for recreational purposes; rules governing public use.

(a) The Governor of the State is authorized upon recommendation of the Department to accept gifts of land to the State, the same to be held, protected, and administered by the Department as State forests, and to be used so as to demonstrate the practical utility of timber culture and water conservation, and as refuges for game. The gifts of land must be absolute except in cases where the mineral interest on the land has previously been sold. The Department shall have the power to purchase lands in the name of the State, suitable chiefly for the production of timber, as State forests, for experimental, demonstration, educational, park, and protection purposes, using for such purposes any special appropriations or funds available. The Department shall also have the power to acquire by condemnation under the provisions of Chapter 40A of the General Statutes, areas of land in different sections of the State as may in the opinion of the Department be necessary for the purpose of establishing or developing, or both, State forests, State parks and other areas and developments essential to the effective operation of the State forestry and State park activities with which the Department has been or may be entrusted. Condemnation proceedings shall be instituted and prosecuted in the name of the State of North Carolina, and any property so acquired shall be administered, developed and used for experiment and demonstration in forest management, for public recreation and for other purposes authorized or required by law: Provided, that before any action or proceeding under this section can be exercised, the approval of the Governor and Council of State shall be obtained and filed with the clerk of the superior court in the county or counties where the property may be situated, and until approval is obtained, the rights and powers conferred by this section shall not be exercised. The Attorney General of the State is directed to see that all deeds to the State for land mentioned in this section are properly executed before the gift is accepted or payment of the purchase money is made.

(b) The Department may accept as gifts to the State of North Carolina any forest and submarginal farmland acquired by the federal government as may be suitable for the purpose of creating and maintaining State-controlled forests, game refuges, public shooting grounds, State parks, State lakes, and other recreational areas, or to enter into longtime leases with the federal government for such areas and administer them with funds as may be secured from their administration in the best interest of longtime public use, supplemented by any necessary appropriations as may be made by the General Assembly. The Department may segregate State hunting and fishing licenses, use permits, and concessions and other proper revenue secured through the administration of such forests, game refuges, public shooting grounds, State parks, State lakes, and other recreational areas to be deposited in the State treasury to the credit of the Department to be used for the administration of these areas.

(c) The Department, with the approval of the Governor and Council of State, may enter into leases of lands and waters for State parks, State lakes and recreational purposes; and the Department may construct, operate, and maintain on the lands and waters suitable public service facilities and conveniences and may charge and collect reasonable fees for each of the following:

- (1) The erection, maintenance and use of docks, piers and other structures as may be permitted in or on the waters under its own rules.
- (2) Fishing privileges in the waters, provided that the privileges shall be

extended only to holders of bona fide North Carolina fishing licenses, and provided further that all State fishing laws and rules are complied with.

(d) The Department may make reasonable rules for the operation and use of boats or other craft on the surface of the waters but shall not charge or collect fees for the operation or use of boats or other craft.

(e) The Department may make reasonable rules for the regulation of the public use of the lands and waters and of public service facilities and conveniences constructed thereon, and the rules shall have the force and effect of law and any violation of the rules shall constitute a Class 3 misdemeanor.

(f) The authority herein granted is in addition to other authority now held and exercised by the Department. § 113-34.1. Power to acquire conservation lands not included in the State Parks System.

The Department of Administration may acquire and allocate to the Department of Environment and Natural Resources for management by the Division of Parks and Recreation lands that the Department of Environment and Natural Resources finds are important for conservation purposes but which are not included in the State Parks System. Lands acquired pursuant to this section are not subject to Article 2C of Chapter 113 of the General Statutes and may be traded or transferred as necessary to protect, develop, and manage the Mountains to Sea State Park Trail, other State parks, or other conservation lands. This section does not expand the power granted to the Department of Environment and Natural Resources under G.S. 113-34(a) to acquire land by condemnation. (2000-157, s. 3.)

Editor's Note. — Session Laws 2000-157, s. 4, made this section effective August 2, 2000.

Session Laws 2000-157, ss. 1 and 2, authorizes the Department of Environment and Nat-

ural Resources to add the Mountains to Sea State Park Trail to the State Parks System as provided in G.S. 113-44.14(b), to be comprised only of those lands or easements which are or will be allocated for management to the Division of Parks and Recreation for this purpose. The Division is to promote, encourage, and facilitate the establishment of dedicated connecting trails through lands managed by other governmental agencies and nonprofit organizations in order to form a continuous trail across the State. At least five business days prior to initiating condemnation proceedings to acquire land for the Mountains to Sea State Park Trail,

the Department of Administration is to notify the board of commissioners of the county in which the land is located and, if the land is located in a municipality, the board of commissioners of the municipality. Unless a governing body of a county or municipality notifies the Department of Administration within five business days that it objects to the proceedings, the Department of Administration may initiate the proceedings. The Department of Administration is not to initiate proceedings if a governing body of a county or municipality notifies the Department of Administration within five business days that it objects to the proceedings.

§ 113-35. State timber may be sold by Department of Environment and Natural Resources; forest nurseries; control over parks, etc.; operation of public service facilities; concessions to private concerns.

(a) Timber and other products of such State forestlands may be sold, cut and removed under rules of the Department. The Department shall have authority to establish and operate forest tree nurseries and forest tree seed orchards. Forest tree seedlings and seed from these nurseries and seed orchards may be sold to landowners of the State for purposes of forestation under rules of the Department. When the Secretary determines that a surplus of seedlings or seed exists, this surplus may be sold, and such sale shall be in conformity with the following priority of sale: first, to agencies of the federal government for planting in the State of North Carolina; second, to commercial nurseries and nurserymen within this State; and third, without distinction, to federal agencies, to other states, and to recognized research organizations for planting either within or outside of this State. The Department shall make reasonable rules for the regulation of the use by the public of such and all State forests, State parks, State lakes, game refuges and public shooting grounds under its charge, which rules, after having been posted in conspicuous places on and adjacent to such properties of the State and at the courthouse of the county or counties in which such properties are situated shall have the force and effect of law and any violation of such rules shall constitute a Class 3 misdemeanor.

(a1) The Department may adopt rules under which the Secretary may issue a special-use permit authorizing the use of pyrotechnics in State parks in connection with public exhibitions. The rules shall require that experts supervise the use of pyrotechnics and that written authorization for the use of pyrotechnics be obtained from the board of commissioners of the county in which the pyrotechnics are to be used, as provided in G.S. 14-410. The Secretary may impose any conditions on a permit that the Secretary determines to be necessary to protect public health, safety, and welfare. These conditions include, but are not limited to, a requirement that the permittee execute an indemnification agreement with the Department and obtain general liability insurance covering personal injury and property damage that may result from the use of pyrotechnics with policy limits as determined by the Secretary.

(b) The Department may construct and operate within the State forests, State parks, State lakes and any other areas under its charge suitable public service facilities and conveniences, and may charge and collect reasonable fees for the use of same; it may also charge and collect reasonable fees for:

- (1) The erection, maintenance and use of docks, piers and such other structures as may be permitted in or on State lakes under its own rules;
- (2) Hunting privileges on State forests and fishing privileges in State forests, State parks and State lakes, provided that such privileges shall be extended only to holders of bona fide North Carolina hunting and fishing licenses, and provided further that all State game and fish laws are complied with.

(c) The Department may make reasonable rules for the operation and use of boats or other craft on the surface of the said waters but shall not be authorized to charge or collect fees for such operation or use.

(d) The Department may also grant to private individuals or companies concessions for operation of public service facilities for such periods and upon such conditions as the Department shall deem to be in the public interest. The Department may make reasonable rules for the regulation of the use by the public of the public service facilities and conveniences herein authorized, which rules shall have the force and effect of law, and any violation of such rules shall constitute a Class 3 misdemeanor. (1931, c. 111; 1947, c. 697; 1965, c. 1008, s. 2; 1969, c. 343; 1973, c. 547; c. 1262, ss. 28, 86; 1977, c. 771, s. 4; 1987, c. 827, s. 92; 1989, c. 727, s. 55; 1993, c. 539, ss. 830, 831; 1994, Ex. § 113-54. Duties of forest rangers; payment of expenses by State and counties.

Forest rangers shall have charge of measures for controlling forest fires, protection of forests from pests and diseases, and the development and improvement of the forests for maximum production of forest products; shall post along highways and in other conspicuous places copies of the forest fire laws and warnings against fires, which shall be supplied by the Secretary; shall patrol and man lookout towers and other points during dry and dangerous seasons under the direction of the Secretary; and shall perform such other acts and duties as shall be considered necessary by the Secretary in the protection, development and improvement of the forested area of each of the counties within the State. No county may be held liable for any part of the expenses thus incurred unless specifically authorized by the board of county commissioners under prior written agreement with the Secretary; appropriations for meeting the county's share of such expenses so authorized by the board of county commissioners shall be provided annually in the county budget. For each county in which financial participation by the county is authorized, the Secretary shall keep or cause to be kept an itemized account of all expenses thus incurred and shall send such accounts periodically to the board of county commissioners of said county; upon approval by the board of the correctness of such accounts, the county commissioners shall issue or cause to be issued a warrant on the county treasury for the payment of the county's share of such expenditures, said payment to be made within one month after receipt of such statement from the Secretary. Appropriations made by a county for the purposes set out in Articles 4, 4A, 4C and 6A of this Chapter in the cooperative forest protection, development and improvement work are not to replace State and federal funds which may be available to the Secretary for the work in said county, but are to serve as a supplement thereto. Funds appropriated to the Department for a fiscal year for the purposes set out in Articles 4, 4A, 4C and 6A of this Chapter shall not be expended in a county unless that county shall contribute at least twenty-five percent (25%) of the total cost of the forestry program. (a) Forest rangers shall prevent and extinguish forest fires and shall have control and direction of all persons and equipment while engaged in the extinguishing of forest fires. During a season of drought, the Secretary or his designate may establish a fire patrol in any district, and in case of fire in or threatening any forest or woodland, the forest ranger shall attend forthwith and use all necessary means to confine and extinguish such fire. The forest ranger or deputy forest ranger may summon any resident between the ages of 18 and 45 years, inclusive, to assist in extinguishing fires and may require the use of crawler tractors and other property needed for such purposes; any person so summoned and who is physically able who refuses or neglects to assist or to allow the use of equipment and such other property required shall

be guilty of a Class 3 misdemeanor and upon conviction shall only be subject to a fine of not less than fifty dollars (\$50.00) nor more than one hundred dollars (\$100.00). No action for trespass shall lie against any forest ranger, deputy forest ranger, or person summoned by him for crossing lands, backfiring, burning out or performing his duties as a forest ranger or deputy forest ranger.

(b) Forest rangers are authorized to issue and serve citations under the terms of G.S. 15A-302 and warning tickets under the terms of G.S. 113-55.2 for offenses under the forest laws. This subsection may not be interpreted to confer the power of arrest on forest rangers, and does not make them criminal justice officers within the meaning of G.S. 17C-2. CASE NOTES

Workers' Compensation Act Applicable to Person Appointed by Ranger to Assist.

—A forest ranger of a county is given authority by this section to appoint persons between certain ages to assist him in fighting forest fires with pain of penalty upon refusal, and a person so appointed is entitled to receive a small hourly compensation for the services so rendered, and one so appointed is an employee of

the State within the meaning of the Workers' Compensation Act, and is entitled to compensation thereunder for an injury received in the course of and arising out of his duties imposed by such appointment. *Moore v. State*, 200 N.C. 300, 156 S.E. 806 (1931).

§ 113-55.1. Powers of forest law-enforcement officers.

The Secretary is authorized to appoint as many forest law-enforcement officers as he deems necessary to carry out the forest law-enforcement responsibilities of the Department. Forest law-enforcement officers shall have all the powers and the duties of a forest ranger enumerated in G.S. 113-54 and 113-55. Forest law-enforcement officers shall, in addition to their other duties, have the powers of peace officers to enforce the forest laws. Any forest law-enforcement officer may arrest, without warrant, any person or persons committing any crime in his presence or whom such officer has probable cause for believing has committed a crime in his presence and bring such person or persons forthwith before a district court or other officer having jurisdiction. Forest law-enforcement officers shall also have authority to obtain and serve warrants including warrants for violation of any duly promulgated rule of the Department. (1975, c. 620, s. 3; 1977, c. 771, s. 4; 1983, c. 327, s. 5; 1989, c. 727, s. 64.)

§ 113-55.2. Warning tickets for violations of the forest laws.

(a) To encourage the cooperation of the public in achieving the objectives of the forest laws, the Secretary may provide for the issuance of warning tickets instead of the initiation of criminal prosecution by forest rangers and forest law-enforcement officers. Issuance of the warning tickets shall be in accordance with criteria administratively promulgated by the Secretary within the requirements of this section. These criteria are exempt from Article 2A of Chapter 150B of the General Statutes.

(b) No warning ticket may be issued unless all of the following conditions are met:

- (1) The forest ranger or the forest law-enforcement officer must be convinced that the offense was not committed intentionally.

(2) The offense is not one, or a type of offense, for which the Secretary has prohibited the issuance of warning tickets.

(3) At the time of the violation it was not reasonably foreseeable that the conduct of the offender could result in any significant destruction of forests or woodlands or constitute a hazard to the public.

(c) A warning ticket may not be issued if the offender has previously been charged with, or issued a warning ticket for, the same or a similar offense within the preceding three years. A list of persons who have been issued warning tickets under this section within the preceding three years shall be maintained and periodically updated by the Secretary.

(d) This section does not entitle any person who has committed an offense to the right to be issued a warning ticket, and the issuance of a warning ticket does not prohibit the later initiation of criminal prosecution for the same offense for which the warning ticket was issued. (1983, c. 327, s. 6; 1987, c. 827, s. 6; 2000-189, s. 8.)

Effect of Amendments. — Session Laws 2000-189, s. 8, effective August 2, 2000, deleted “but shall be filed in accordance with Article 5 of that Chapter” following “General Statutes” in subsection (a).

Forest rangers shall receive compensation from the Department at a reasonable rate to be fixed by said Department for the time actually engaged in the performance of their duties; and reasonable expenses for equipment, transportation, or food supplies incurred in the performance of their duties, according to an itemized statement to be rendered the Secretary every month, and approved by him. Forest rangers shall render to the Secretary a statement of the services rendered by the men employed by them or their deputy rangers, as provided in this Article, within one month of the date of service, which bill shall show in detail the amount and character of the service performed, the exact duration thereof, the name of each person employed, and any other information required by the Secretary. If said bill be duly approved by the Secretary, it shall be paid by direction of the Department out of any funds provided for that purpose. (1915, c. 243, s. 7; C.S., s. 6138; 1924, c. 60; 1925, c. 106, ss. 1, 3; c. 122, s. 22; 1947, c. 56, s. 2; 1951, c. 575; 1963, c. 312, s. 3; 1973, c. 1262, ss. 28, 86; 1977, c. 771, s. 4; 1989, c. 727, s. 65.)

§ 113-59. Cooperation between counties and State in forest protection and development.

The board of county commissioners of any county is hereby authorized and empowered to cooperate with the Department in the protection, reforestation, and promotion of forest management of their own forests within their respective counties, and to appropriate and pay out of the funds under their control such amount as is provided in G.S. 113-54. (a) It shall be the duty of all district, county, township rangers, and all deputy rangers provided for in this Chapter to distribute in all of the public schools and high schools of the county in which they are serving as such fire rangers all such tracts, books, periodicals and other literature that may, from time to time, be sent out to such rangers by the State and federal forestry agencies touching or dealing with forest preservation, development, and forest management.

(b) It shall be the duty of the various rangers herein mentioned under the direction of the Secretary, and the duty of the teachers of the various schools, both public and high schools, to keep posted at some conspicuous place in the various classrooms of the school buildings such appropriate bulletins and posters as may be sent out from the forestry agencies herein named for that purpose and keep the same constantly before their pupils; and said teachers and rangers shall prepare lectures or talks to be made to the pupils of the various schools on the subject of forest fires, their origin and their destructive effect on the plant life and tree life of the forests of the State, the development and scientific management of the forests of the State, and shall be prepared to give practical instruction to their pupils from time to time and as often as they shall find it possible so to do. (1925, c. 61, s. 3; 1951, c. 575; 1963, c. 312, s. 6; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, s. 69.)

- (3) "Forest trees" means only those trees which are a part and constitute a stand of potential immature or mature commercial timber trees, provided that the term "forest trees" shall be deemed to include shade trees of any species around houses, along highways, and within cities and towns, if the same constitute insect and disease menaces to nearby timber trees or timber stands.
- (4) "Infection" means attack by any disease affecting forest trees which is declared by the Secretary to be dangerously injurious thereto.
- (5) "Infestation" means attack by means of any insect, which is by the Secretary declared to be dangerously injurious to forest trees. (1953, c. 910; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, ss. 74, 75.)

If any person refuses to allow the Secretary or his agents to go upon his land, or if any person refuses to adopt adequate means to control or eradicate the insect, infestation or disease infection, the Secretary may apply to the superior court of the county in which the land is located for an injunction or other appropriate remedy to restrain the landowner from interfering with the Secretary or his agents in entering the control zone and adopting measures to control, suppress or eradicate the insect infestation or disease infection, provided the cost of court or control thereof shall not be a liability against the forest landowner nor constitute a lien upon the real property of such infested area. (1953, c. 910; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, s. 77.)

(1953, c. 910; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, s. 79.)

ARTICLE 4B.

Southeastern Interstate Forest Fire Protection Compact.

§ 113-60.11. Execution of Compact authorized; terms of Compact.

The legislature on behalf of this State is hereby authorized to execute a Compact, in substantially the following form, with any one or more of the states of Alabama, Florida, Georgia, Kentucky, Mississippi, South Carolina, Tennessee, Virginia, and West Virginia, and the legislature hereby signifies in advance its approval and ratification of such Compact:

SOUTHEASTERN INTERSTATE FOREST FIRE PROTECTION COMPACT

ARTICLE I.

The purpose of this Compact is to promote effective prevention and control of forest fires in the Southeastern region of the United States by the development of integrated forest fire plans, by the maintenance of adequate forest fire-fighting services by the member states, by providing for mutual aid in fighting forest fires among the compacting states of the region and with states which are party to other regional forest fire protection compacts or agreements, and for more adequate forest protection.

ARTICLE II.

This Compact shall become operative immediately as to those states ratifying it whenever any two or more of the states of Alabama, Florida, Georgia, Kentucky, Mississippi, North Carolina, South Carolina, Tennessee, Virginia, and West Virginia, which are contiguous have ratified it and Congress has given consent thereto. Any state not mentioned in this Article which is contiguous with any member state may become a party to this Compact, subject to approval by the legislature of each of the member states.

ARTICLE III.

In each state, the state forester or officer holding the equivalent position who is responsible for forest fire control shall act as compact administrator for that state and shall consult with like officials of the other member states and shall implement cooperation between such states in forest fire prevention and control.

The compact administrators of the member states shall coordinate the services of the member states and provide administrative integration in carrying out the purposes of this Compact.

There shall be established an advisory committee of legislators, forestry commission representatives, and forestry or forest products industries representatives which shall meet from time to time with the compact administrators. Each member state shall name one member of the Senate and one member of the House of Representatives who shall be designated by that state's commission on interstate cooperation, or if said commission cannot constitutionally designate the said members, they shall be designated in accordance with laws of that state; and the governor of each member state shall appoint two representatives, one of whom shall be associated with forestry or forest products industries to comprise the membership of the advisory committee. Action shall be taken by a majority of the compacting states, and each state shall be entitled to one vote.

The compact administrators shall formulate and, in accordance with need, from time to time, revise a regional forest fire plan for the member states.

It shall be the duty of each member state to formulate and put in effect a forest fire plan for that state and take such measures as may be necessary to integrate such forest fire plan with the regional forest fire plan formulated by the compact administrators.

ARTICLE IV.

Whenever the state forest fire control agency of a member state requests aid from the state forest fire control agency of any other member state in combating, controlling or preventing forest fires, it shall be the duty of the state forest fire control agency of that state to render all possible aid to the requesting agency which is consonant with the maintenance of protection at home.

ARTICLE V.

Whenever the forces of any member state are rendering outside aid pursuant to the request of another member state under this Compact, the employees of such state shall, under the direction of the officers of the state to which they are rendering aid, have the same powers (except the power of arrest), duties, rights, privileges and immunities as comparable employees of the state to which they are rendering aid.

No member state or its officers or employees rendering outside aid pursuant to this Compact shall be liable on account of any act or omission on the part of such forces while so engaged, on account of the maintenance, or use of any equipment or supplies in connection therewith: Provided, that nothing herein shall be construed as relieving any person from liability for his own negligent act or omission, or as imposing liability for such negligent act or omission upon any state.

All liability, except as otherwise provided hereinafter, that may arise either under the laws of the requesting state or under the laws of the aiding state or under the laws of a third state on account of or in connection with a request for aid, shall be assumed and borne by the requesting state.

Any member state rendering outside aid pursuant to this Compact shall be reimbursed by the member state receiving such aid for any loss or damage to, or expense incurred in the operation of any equipment answering a request for aid, and for the cost of all materials, transportation, wages, salaries, and subsistence of employees and maintenance of equipment incurred in connection with such request: Provided, that nothing herein contained shall prevent

any assisting member state from assuming such loss, damage, expense or other cost or from loaning such equipment or from donating such service to the receiving member state without charge or cost.

Each member state shall provide for the payment of compensation and death benefits to injured employees and the representatives of deceased employees in case employees sustain injuries or are killed while rendering outside aid pursuant to this Compact, in the same manner and on the same terms as if the injury or death were sustained within such state.

For the purposes of this Compact the term employee shall include any volunteer or auxiliary legally included within the forest fire fighting forces of the aiding state under the laws thereof.

The compact administrators shall formulate procedures for claims and reimbursement under the provisions of this Article, in accordance with the laws of the member states.

ARTICLE VI.

Ratification of this Compact shall not be construed to affect any existing statute so as to authorize or permit curtailment or diminution of the forest fire fighting forces, equipment, services or facilities of any member state.

Nothing in this Compact shall be construed to limit or restrict the powers of any state ratifying the same to provide for the prevention, control and extinguishment of forest fires, or to prohibit the enactment or enforcement of state laws, rules or regulations intended to aid in such prevention, control and extinguishment in such state.

Nothing in this Compact shall be construed to affect any existing or future cooperative relationship or arrangement between any federal agency and a member state or states.

ARTICLE VII.

The compact administrators may request the United States Forest Service to act as a research and coordinating agency of the Southeastern Interstate Forest Fire Protection Compact in cooperation with the appropriate agencies in each state, and the United States Forest Service may accept responsibility for preparing and presenting to the compact administrators its recommendations with respect to the regional fire plan. Representatives of any federal agency engaged in forest fire prevention and control may attend meetings of the compact administrators.

ARTICLE VIII.

The provisions of Articles IV and V of this Compact which relate to mutual aid in combating, controlling or preventing forest fires shall be operative as between any state party to this Compact and any other state which is party to a regional forest fire protection compact in another region: Provided, that the legislature of such other state shall have given its assent to such mutual aid provisions of this Compact.

ARTICLE IX.

The Compact shall continue in force and remain binding on each state ratifying it until the legislature or the governor of such state, as the laws of such state shall provide, takes action to withdraw therefrom. Such action shall not be effective until six months after notice thereof has been sent by the chief

executive of the state desiring to withdraw to the chief executives of all states then parties to the Compact. (1955, c. 803, s. 1.)

§ 113-60.12. When Compact to become effective; authority of Governor.

When the legislature shall have executed said Compact on behalf of this State and shall have caused a verified copy thereof to be filed with the State Secretary, and when said Compact shall have been ratified by one or more of the states named in G.S. 113-60.11, then said Compact shall become operative and effective as between this State and such other state or states. The Governor is hereby authorized and directed to take such action as may be necessary to complete the exchange of official documents as between this State and any other state ratifying said Compact. (1955, c. 803, s. 2.)

§ 113-60.13. Assent of legislature to mutual aid provisions of other compacts.

The legislature of this State hereby gives its assent to the mutual aid provisions of Articles IV and V of the South Central Interstate Forest Fire Protection Compact in accordance with Article VIII of that Compact relating to interregional mutual aid; and the legislature of this State also hereby gives its assent to the mutual aid provisions of Articles IV and V of the Middle Atlantic Interstate Forest Fire Protection Compact in accordance with Article VIII of that Compact relating to interregional mutual aid. (1955, c. 803, s. 3.)

§ 113-60.14. Compact Administrator; North Carolina members of advisory committee.

The Secretary of Environment and Natural Resources is hereby designated as Compact Administrator for this State and shall consult with like officials of the other member states and shall implement cooperation between such states in forest fire prevention and control.

At some time before the adjournment of each regular session of the General Assembly, the Governor shall choose one person from the membership of the House of Representatives, and shall choose one person from the membership of the Senate, who shall serve on the advisory committee of the Southeastern Interstate Forest Fire Protection Compact as provided for in Article III of said Compact. At the time of the selection of the House and Senate members of such advisory committee, the Governor shall choose one alternate member from the House of Representatives and one from the Senate who shall serve on such advisory committee in case of the death, absence or disability of the regular members so chosen. § 113-60.15. Agreements with noncompact states.

The Department of Environment and Natural Resources is hereby authorized to enter into written agreements with the State forest fire control agency of any other state or any province of Canada which is party to a regional forest fire protection compact. The provisions of any written agreement entered into pursuant to this Article shall be substantially in the form of the authority heretofore granted under the provisions of this Article, Southeastern Interstate Forest Fire Protection Compact. ARTICLE 4C.

Regulation of Open Fires.

§ 113-60.21. Purpose and findings.

The purpose of this Article is to regulate certain open burning in order to protect the public from the hazards of forest fires and air pollution and to adapt such regulation to the needs and circumstances of the different areas of North Carolina. The General Assembly finds that open burning in proximity to woodlands must be regulated in all counties to protect against forest fires and air pollution. The General Assembly further finds that in certain counties a high percentage of the land area contains organic soils or forest types which may pose greater problems of forest fire and air pollution controls, and that in counties in which a great amount of land-clearing operations is taking place on these organic soils or these forest types, additional control of open burning is required. The counties subject to the need for additional control are classified as high hazard counties for purpose of this Article. (1981, c. 1100, s. 2; 1981 (Reg. Sess., 1982), c. 1385, s. 1.)

§ 113-60.22. Definitions.

As used in this Article:

- (1) "Department" means the Department of Environment and Natural Resources.
- (2) "Forest ranger" means the county forest ranger or deputy forest ranger designated under G.S. 113-52.
- (3) "Person" means any individual, firm, partnership, corporation, association, public or private institution, political subdivision, or government agency.
- (4) "Woodland" means woodland as defined in G.S. 113-57. (1981, c. 1100, s. 2; 1989, c. 727, s. 218(53); 1991 (Reg. Sess., 1992), c. 890, s. 3; 1997-443, s. 11A.119(a).)

§ 113-60.23. High hazard counties; permits required; standards.

(a) The provisions of this section apply only to the counties of Beaufort, Bladen, Camden, Carteret, Chowan, Craven, Currituck, Dare, Duplin, Gates, Hyde, Jones, Onslow, Pamlico, Pasquotank, Perquimans, Tyrrell, and Washington which are classified as high hazard counties in accordance with G.S. 113-60.21.

(b) It is unlawful for any person to willfully start or cause to be started any fire in any woodland under the protection of the Department or within 500 feet of any such woodland without first having obtained a permit from the Department. Permits for starting fires may be obtained from forest rangers or other agents authorized by the county forest ranger to issue such permits in the county in which the fire is to be started. Such permits shall be issued by the ranger or other agent unless permits for the area in question have been prohibited or cancelled in accordance with G.S. 113-60.25 or 113-60.27.

(c) It is unlawful for any person to willfully burn any debris, stumps, brush or other flammable materials resulting from ground clearing activities and

involving more than five contiguous acres, regardless of the proximity of the burning to woodland and on which such materials are placed in piles or windrows without first having obtained a special permit from the Department. Areas less than five acres in size will require a regular permit in accordance with G.S. 113-60.23(b).

- (1) Prevailing winds at the time of ignition must be away from any city, town, development, major highway, or other populated area, the ambient air of which may be significantly affected by smoke, fly ash, or other air contaminants from the burning.
- (2) The location of the burning must be at least 1,000 feet from any dwelling or structure located in a predominately residential area other than a dwelling or structure located on the property on which the burning is conducted unless permission is granted by the occupants.
- (3) The amount of dirt or organic soil on or in the material to be burned must be minimized and the material arranged in a way suitable to facilitate rapid burning.
- (4) Burning may not be initiated when it is determined by a forest ranger, based on information supplied by a competent authority that stagnant air conditions or inversions exist or that such conditions may occur during the duration of the burn.
- (5) Heavy oils, asphaltic material, or items containing natural or synthetic rubber may not be used to ignite the material to be burned or to promote the burning of such material.
- (6) Initial burning may be commenced only between the hours of 9:00 A.M. and 3:00 P.M. and no combustible material may be added to the fire between 3:00 P.M. on one day and 9:00 A.M. on the following day, except that when favorable meteorological conditions exist, any forest ranger authorized to issue the permit may authorize in writing a deviation from the restrictions. (1981, c. 1100, s. 2; 1981 (Reg. Sess., 1982), c. 1165; c. 1385, s. 2.)

§ 113-60.24. Open burning in non-high hazard counties; permits required; standards.

(a) The provisions of this section apply only to the counties not designated as high hazard counties in G.S. 113-60.23(a).

(b) It shall be unlawful for any person to start or cause to be started any fire or ignite any material in any woodland under the protection of the Department or within 500 feet of any such woodland during the hours starting at midnight and ending at 4:00 P.M. without first obtaining a permit from the Department. Permits may be obtained from forest rangers or other agents authorized by the forest ranger to issue such permits in the county in which the fire is to be started. Such permits shall be issued by the ranger or other agent unless permits for the area in question have been prohibited or cancelled under G.S. 113-60.25 or 113-60.27. (1981, c. 1100, s. 2.)

§ 113-60.25. Open burning prohibited statewide.

During periods of hazardous forest fire conditions or during air pollution episodes declared pursuant to Article 21B of Chapter 143 of the General Statutes, the secretary is authorized to prohibit all open burning regardless of whether a permit is required under G.S. 113-60.23 or 113-60.24. The secretary shall issue a press release containing relevant details of the prohibition to news media serving the area affected. (1981, c. 1100, s. 2.)

§ 113-60.26. Permit conditions.

Permits issued under this Article shall be issued in the name of the person undertaking the burning and shall specify the specific area in which the burning is to occur, the type and amount of material to be burned, the duration of the permit, and such other factors as are necessary to identify the burning which is allowed under the permit. (1981, c. 1100, s. 2.)

§ 113-60.27. Permit suspension and cancellation.

Upon a determination that hazardous forest fire conditions exist the secretary is authorized to cancel any permit issued under this Article and suspend the issuance of any new permits. Upon a determination by the Environmental Management Commission or its agent that open burning permitted under this Article is causing significant contravention of ambient air quality standards or that an air pollution episode exists pursuant to Article 21B of Chapter 143 of the General Statutes, the secretary shall cancel any permits issued under authority of this Article and shall suspend the issuance of any new permits. (1981, c. 1100, s. 2.)

§ 113-60.28. Control of existing fires.

(a) If a fire is set without a permit required by G.S. 113-60.23, 113-60.24 or 113-60.25 and is set in an area in which permits are prohibited or cancelled at the time the fire is set, the person responsible for setting the fire or causing the fire to be set shall immediately extinguish the fire or take such other action as directed by any forest ranger authorized to issue permits under G.S. 113-60.23(c). In the event that the person responsible does not immediately undertake efforts to extinguish the fire or take such other action as directed by the forest ranger, the Department may enter the property and take reasonable steps to extinguish or control the fire and the person responsible for setting the fire shall reimburse the Department for the expenses incurred by the Department. A showing that a fire is associated with land-clearing activities is prima facie evidence that the person undertaking the land clearing is responsible for setting the fire or causing the fire to be set.

(b) If a fire requiring a permit under G.S. 113-60.23(c) is set without a permit and a forest ranger authorized to issue such permits determines that a permit would not have been issued for the fire at the time it was set, the person responsible for setting the fire or causing the fire to be set shall immediately take such action as the forest ranger directs to extinguish or control the fire. In the event the person responsible does not immediately undertake efforts to extinguish the fire or take such other action as directed by the forest ranger, the Department may enter the property and take reasonable steps to extinguish or control the fire and the person responsible for setting the fire shall reimburse the Department for the expenses incurred by the Department. A showing that a fire is associated with land-clearing activities is prima facie evidence that the person undertaking the land clearing is responsible for setting the fire or causing the fire to be set.

(c) If a fire is set in accordance with a permit but the burning is taking place contrary to the conditions of the permit, any forest ranger with authority to issue permits in the area in question may order the permittee in writing to undertake the steps necessary to comply with the conditions of his permit. If the permittee is not making a reasonable effort to comply with the order, the forest ranger may enter the property and take reasonable steps to extinguish or control the fire and the permittee shall reimburse the Department for the expenses incurred by the Department. (1981, c. 1100, s. 2.)

§ 113-60.29. Penalties.

Any person violating the provisions of this Article or of any permit issued under the authority of this Article shall be guilty of a Class 3 misdemeanor. The penalties imposed by this section shall be separate and apart and not in lieu of any civil or criminal penalties which may be imposed by G.S. 143-215.114A or G.S. 143-215.114B. The penalties imposed are also in addition to any liability the violator incurs as a result of actions taken by the Department under G.S. 113-60.28. (1981, c. 1100, s. 2; 1989 (Reg. Sess., 1990), c. 1045, s. 11; 1993, c. 539, s. 835; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-60.30. Effect on other laws.

This Article shall not be construed as affecting or abridging the lawful authority of local governments to pass ordinances relating to open burning within their boundaries. Nothing in this Article shall relieve any person from compliance with the provisions of Article 21B of Chapter 143 of the General Statutes and regulations adopted thereunder. In the event that permits are required for open burning associated with land clearing under the authority of Article 21B of Chapter 143 of the General Statutes, the authority to issue such permits shall be delegated to forest rangers who are authorized to issue permits under G.S. 113-60.23(c). (1981, c. 1100, s. 2.)

§ 113-60.31. Exempt fires; no permit fees.

(a) This Article shall not apply to any fires started, or caused to be started, within 100 feet of an occupied dwelling house if such fire shall be confined (i) within an enclosure from which burning material may not escape or (ii) within a protected area upon which a watch is being maintained and which is provided with adequate fire protection equipment.

(b) No charge shall be made for the granting of any permit required by this Article. (1981, c. 1100, s. 2.)

ARTICLE 4D.***Fire Fighters on Standby Duty.*****§ 113-60.32. Definitions.**

As used in this Article:

- (1) "Fire fighter" means an employee of the Forest Resources Division of the Department of Environment and Natural Resources who engages in fire suppression duties.
- (2) "Fire suppression duties" means involvement in on-site fire suppression, participation in Project Fire Team while it is mobilized, Operations Room duty during on-going fires or when required by high readiness plans, mop-up activities to secure fire sites, scouting and detecting forest fires, performance of standby duty, and any other activity that directly contributes to the detection, response to, and control of fires. (1985, c. 757, s. 160(a); 1989, c. 727, s. 218(54); 1997-443, s. 11A.119(a).)

§ 113-60.33. Standby duty.

(a) Standby duty is time during which a fire fighter is required to remain within 25 miles of his duty station and be available to return to the duty

station on call. The Department shall provide each fire fighter on standby duty with an electronic paging device that makes the wearer accessible to his duty station.

(b) Notwithstanding subsection (a) of this section, for at least two out of 14 consecutive days that a fire fighter is on duty, the Department of Environment and Natural Resources shall permit the fire fighter to be more than 25 miles from his duty station so long as the fire fighter gives the Department of Environment and Natural Resources a telephone number where he can be reached; each month, the days the fire fighter is permitted to be more than 25 miles from his duty station shall include one full weekend. On the days the fire fighter is permitted to be more than 25 miles from his duty station, the Department of Environment and Natural Resources may call him only when there is a bona fide emergency. (1985, c. 757, s. 160(a); 1989, c. 727, s. 218(55); 1997-443, s. 11A.119(a).)

ARTICLE 4E.

North Carolina Prescribed Burning Act.

§ 113-60.40. Legislative findings.

The General Assembly finds that prescribed burning of forestlands is a management tool that is beneficial to North Carolina's public safety, forest and wildlife resources, environment, and economy. The General Assembly finds that the following are benefits that result from prescribed burning of forestlands:

- (1) Prescribed burning reduces the naturally occurring buildup of vegetative fuels on forestlands, thereby reducing the risk and severity of wildfires and lessening the loss of life and property.
- (2) The State's ever-increasing population is resulting in urban development directly adjacent to fire-prone forestlands, referred to as a woodland-urban interface area. The use of prescribed burning in these woodland-urban interface areas substantially reduces the risk of wildfires that cause damage.
- (3) Many of North Carolina's natural ecosystems require periodic fire for their survival. Prescribed burning is essential to the perpetuation, restoration, and management of many plant and animal communities. Prescribed burning benefits game, nongame, and endangered wildlife species by increasing the growth and yield of plants that provide forage and an area for escape and brooding and that satisfy other habitat needs.
- (4) Forestlands are economic, biological, and aesthetic resources of statewide significance. In addition to reducing the frequency and severity of wildfires, prescribed burning of forestlands helps to prepare sites for replanting and natural seeding, to control insects and diseases, and to increase productivity.
- (5) Prescribed burning enhances the resources on public use lands, such as State and national forests, wildlife refuges, nature preserves, and game lands. Prescribed burning enhances private lands that are managed for wildlife refuges, nature preserves, and game lands. Prescribed burning enhances private lands that are managed for wildlife, recreation, and other purposes.

As North Carolina's population grows, pressures resulting from liability issues and smoke complaints discourage or limit prescribed burning so that these numerous benefits to forestlands often are not attainable. By recognizing the benefits of prescribed burning and by adopting requirements governing prescribed burning, the General Assembly helps to educate the public, avoid misunderstandings, and reduce complaints about this valuable management tool. (1999-121, s. 1.)

Editor's Note. — Session Laws 1999-121, s. 2, made this Article effective January 1, 2000.

§ 113-60.41. Definitions.

As used in this Article:

- (1) "Certified prescribed burner" means an individual who has successfully completed a certification program approved by the Division of Forest Resources of the Department of Environment and Natural Resources.
- (2) "Prescribed burning" means the planned and controlled application of fire to naturally occurring vegetative fuels under safe weather and safe environmental and other conditions, while following appropriate precautionary measures that will confine the fire to a predetermined area and accomplish the intended management objectives.
- (3) "Prescription" means a written plan prepared by a certified prescribed burner for starting, controlling, and extinguishing a prescribed burning. (1999-121, s. 1.)

§ 113-60.42. Immunity from liability.

(a) Any prescribed burning conducted in compliance with G.S. 113-60.43 is in the public interest and does not constitute a public or private nuisance.

(b) A landowner or the landowner's agent who conducts a prescribed burning in compliance with G.S. 113-60.43 shall not be liable in any civil action for any damage or injury caused by or resulting from smoke.

(c) Notwithstanding subsections (a) and (b), this section does not apply when a nuisance or damage results from a negligently or improperly conducted prescribed burning. (1999-121, s. 1.)

§ 113-60.43. Prescribed burning.

(a) Prior to conducting a prescribed burning, the landowner shall obtain a prescription for the prescribed burning prepared by a certified prescribed burner and filed with the Division of Forest Resources, Department of Environment and Natural Resources. A copy of the prescription shall be provided to the landowner. A copy of this prescription shall be in the possession of the responsible burner on site throughout the duration of the prescribed burning. The prescription shall include:

- (1) The landowner's name and address.
- (2) A description of the area to be burned.
- (3) A map of the area to be burned.
- (4) An estimate in tons of the fuel located on the area.
- (5) The objectives of the prescribed burning.
- (6) A list of the acceptable weather conditions and parameters for the prescribed burning sufficient to minimize the likelihood of smoke damage and fire escaping onto adjacent areas.
- (7) The name of the certified prescribed burner responsible for conducting the prescribed burning.

- (8) A summary of the methods that are adequate for the particular circumstances involved to be used to start, control, and extinguish the prescribed burning.
- (9) Provision for reasonable notice of the prescribed burning to be provided to nearby homes and businesses to avoid effects on health and property.

(b) The prescribed burning shall be conducted by a certified prescribed burner in accordance with a prescription that satisfies subsection (a) of this section. The certified prescribed burner shall be present on the site and shall be in charge of the burning throughout the period of the burning. A landowner may conduct a prescribed burning without being a certified prescribed burner if the landowner is burning a tract of forestland of 50 acres or less owned by that landowner and is following all conditions established in a prescription prepared by a certified prescribed burner.

(c) Prior to conducting a prescribed burning, the landowner or the landowner's agent shall obtain an open-burning permit under Article 4C of this Chapter from the Division of Forest Resources, Department of Environment and Natural Resources. This open-burning permit must remain in effect throughout the period of the prescribed burning. The prescribed burning shall be conducted in compliance with all the following:

- (1) The terms and conditions of the open-burning permit under Article 4C of this Chapter.

§ 113-60.44. Adoption of rules.

The Division of Forest Resources, Department of Environment and Natural Resources, may adopt rules that govern prescribed burning under this Article. (1999-121, s. 1.)

§ 113-60.45. Exemption.

This Article does not apply when the Secretary of Environment and Natural Resources has cancelled burning permits pursuant to G.S. 113-60.27 or prohibited all open burning pursuant to G.S. 113-60.25. (1999-121, s. 1.)

Stockholders shall at no time receive or accept from any such corporation in repayment of their investment in its stock any sums in excess of the par value of the stock together with cumulative dividends at the rate set forth in G.S. 113-67 except that nothing in this section contained shall be construed to prohibit the distribution of the assets of such corporation in kind to its stockholders upon dissolution thereof. (1933, c. 178, s. 9.)

§ 113-70. Earnings above dividend requirements payable to State.

Any earnings of such corporation in excess of the amounts necessary to pay dividends to stockholders at the rate set forth in G.S. 113-67 shall be paid over to the State of North Carolina prior to the dissolution of such corporation. Net income or net losses (determined in such manner as the Secretary shall consider properly to show such income or losses) from the sale of the capital assets of such corporation, whether such sale be upon dissolution or otherwise, shall be considered in determining the earnings of such corporation for the purposes of this section. In determining such earnings unrealized appreciation or depreciation of real estate or other fixed assets shall not be considered. (1933, c. 178, s. 10; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, s. 87.)

(e) The Secretary shall maintain and revise twice each year a list of acquisitions made pursuant to this Article. The list shall include the acreage of each tract, the county in which the tract is located, the amount paid from the Fund to acquire the tract, and the State department or division responsible for managing the tract. In addition, the private owners of abutting tracts of land on which a pond not exceeding 10 acres is or has been established may by written agreement cooperate to maintain that pond as a private pond if it otherwise meets the requirements of this definition. If a copy of the agreement has been filed with the Wildlife Resources Commission and the pond in fact meets the requirements of this definition, it attains the status of private pond either 60 days after the agreement has been filed or upon the Commission's approving it as private, whichever occurs first.

Nothing in this definition is intended to abrogate G.S. 113-132(c), confer jurisdiction upon the Wildlife Resources Commission as to any subject exclusively regulated by any other agency, or to authorize the Wildlife Resources Commission by its regulations to supersede valid provision of law or regulation administered by any other agency.
- (15a) Wild Birds. — Migratory game birds; upland game birds; and all undomesticated feathered vertebrates. The Wildlife Resources Commission may by regulation list specific birds or classes of birds excluded from the definition of wild birds based upon the need for protection or regulation in the interests of conservation of wildlife resources.

Unless the context clearly requires otherwise, the definitions of wildlife, wildlife resources, wild animals, wild birds, fish, and the like are deemed to include species normally wild, or indistinguishable from wild species, which are raised or kept in captivity. Nothing in this definition is intended to abrogate the exclusive authority given the Department of Agriculture and Consumer Services to regulate the production and sale of pen-raised quail for food purposes.

(1965, c. 957, s. 2; 1973, c. 1262, ss. 18, 28; 1977, c. 771, s. 4; 1979, c. 830, s. 1; 1979, 2nd Sess., c. 1285; 1987, c. 641, ss. 5, 6; 1991, c. 317, ss. 2, 3; c. 761, ss. 38, 39; 1993, c. 515, s. 6; 1997-142, ss. 2, 3; 1997-261, s. 80; 1997-400, s. 3.5; 1999-339, ss. 1-3.)

Editor's Note. — Session Laws 1997-400, s. 1.1, provides: "This act shall be known as the Fisheries Reform Act of 1997."

Session Laws 1997-400, s. 6.10, provides

that, unless otherwise expressly provided, every agency to which the act applies shall adopt rules to implement the provisions of that act only in accordance with the provisions of Chap-

ter 150B of the General Statutes, that the act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1, that every agency to which the act applies that is authorized to adopt rules to implement the provisions of the act may adopt temporary rules to implement the provisions of the act, and that

s. 6.10 of that act shall continue in effect until all rules necessary to implement the provisions of the act have become effective as either temporary rules or permanent rules.

Session Laws 1997-400, s. 6.13, is a severability clause.

CASE NOTES

Whether a body of water is a "private pond" was not relevant to a prosecution for trespass upon posted property under former § 113-120.1, there being no requirement that a

pond must be a "private pond" in order to post the notices and signs described in former § 113-120.2. *State v. Manning*, 3 N.C. App. 451, 165 S.E.2d 13 (1969).

§ 113-130. Definitions relating to activities of public.

The following definitions and their cognates apply to activities of the public in regard to marine and estuarine and wildlife resources:

- (1) Repealed by Session Laws 1979, c. 830, s. 1.
- (1a) Falconry. — The sport of taking quarry by means of a trained raptor.

Provided, that this definition does not include lessees of property except where the lease arrangement is a security device to facilitate what is in substance a sale of the property to the lessee.
- (3) Person. — Any individual; or any partnership, firm, association, corporation, or other group of individuals capable of suing or being sued as an entity.
- (4) Resident. — In the case of:
 - a. Individuals. — One who at the time in question has resided in North Carolina for the preceding six months or has been domiciled in North Carolina for the preceding 60 days. When domicile in the State for a period of 60 days up to six months is the basis for establishing residence, the individual must sign a certificate on a form supplied by the Department or the Wildlife Resources Commission, as the case may be, stating the necessary facts and the intent to establish domicile here.
 - b. Corporations. — A corporation which is chartered under the laws of North Carolina and has its principal office within the State.
 - c. Partnerships. — A partnership in which all partners are residents of North Carolina and which has its principal office in the State.

CASE NOTES

Term “Owner” Does Not Include Lessee.

— In a prosecution under former § 113-120.1 for a trespass by fishing on properly posted lands and waters of a private club without the written consent of the owner or his agent, defendants’ motion for nonsuit should have been allowed where the State’s evidence disclosed that the private club was the lessee of the land under and around the lake upon which

defendants were fishing, a lessee not being included within the term “owner” as used in this section, and there being no showing that defendants were fishing without the written consent of the actual owner, or that the owner consented to their arrest, or that the private club was the agent of the owner for these purposes. *State v. Manning*, 3 N.C. App. 451, 165 S.E.2d 13 (1969).

OPINIONS OF ATTORNEY GENERAL

For a discussion of whether a person’s participation in a fishing tournament can constitute a sale of fish requiring an endorsement to sell fish, see opinion of Attor-

ney General to Preston P. Pate, Jr., Director Division of Marine Fisheries, 1998 N.C.A.G. 15 (3/4/98).

ARTICLE 13.

Jurisdiction of Conservation Agencies.

§ 113-131. Resources belong to public; stewardship of conservation agencies; grant and delegation of powers; injunctive relief.

(a) The marine and estuarine and wildlife resources of the State belong to the people of the State as a whole. The Department and the Wildlife Resources Commission are charged with stewardship of these resources.

(b) The following powers are hereby granted to the Department and the Wildlife Resources Commission and may be delegated to the Fisheries Director and the Executive Director:

- (1) Comment on and object to permit applications submitted to State agencies which may affect the public trust resources in the land and water areas subject to their respective management duties so as to

conserve and protect the public trust rights in such land and water areas;

- (2) Investigate alleged encroachments upon, usurpations of, or other actions in violation of the public trust rights of the people of the State; and
- (3) Initiate contested case proceedings under Chapter 150B for review of permit decisions by State agencies which will adversely affect the public trust rights of the people of the State or initiate civil actions to remove or restrain any unlawful or unauthorized encroachment upon, usurpation of, or any other violation of the public trust rights of the people of the State or legal rights of access to such public trust areas.

(c) Whenever there exists reasonable cause to believe that any person or other legal entity has unlawfully encroached upon, usurped, or otherwise violated the public trust rights of the people of the State or legal rights of access to such public trust areas, a civil action may be instituted by the responsible agency for injunctive relief to restrain the violation and for a mandatory preliminary injunction to restore the resources to an undisturbed condition. The action shall be brought in the superior court of the county in which the violation occurred. The institution of an action for injunctive relief under this section shall not relieve any party to such proceeding from any civil or criminal penalty otherwise prescribed for the violation.

(d) The Attorney General shall act as the attorney for the agencies and shall initiate actions in the name of and at the request of the Department or the Wildlife Resources Commission.

(e) In this section, the term “public trust resources” means land and water areas, both public and private, subject to public trust rights as that term is defined in G.S. 1-45.1. (1965, c. 957, s. 2; 1973, c. 1262, s. 18; 1987, c. 641, s. 14.)

OPINIONS OF ATTORNEY GENERAL

Public Trust Rights. — A proposed amendment to a lake’s existing conservation easement which would authorize a town to reconstruct a breached dam and allow use of the recreated lake as a public park would not operate to adversely affect any public trust rights under this section and § 1-45.1. See opinion of Attorney General to Mr. Thomas Ashe Lockhart, Jr., The Sanford Holshouser Law Firm, 1998 N.C.A.G. 51 (12/12/98).

As to North Carolina prohibition of the dumping of waste materials such as bags of

medical refuse, especially that which may be hazardous or infectious, into the Atlantic Ocean, as to the authority of North Carolina with respect to dumping beyond three miles in the ocean which results in wastes entering state waters or being deposited on the State shores, and as to the extent state law applies to such events and what departments are responsible for enforcing such laws. See opinion of Attorney General to Mr. Robert B. Jordan, III, Lieutenant Governor, 58 N.C.A.G. 57 (1988).

§ 113-132. Jurisdiction of fisheries agencies.

(a) The Marine Fisheries Commission has jurisdiction over the conservation of marine and estuarine resources. Except as may be otherwise provided by

law, it has jurisdiction over all activities connected with the conservation and regulation of marine and estuarine resources, including the regulation of aquaculture facilities as defined in G.S. 106-758 which cultivate or rear marine and estuarine resources.

(b) The Wildlife Resources Commission has jurisdiction over the conservation of wildlife resources. Except as may be otherwise provided by law, it has jurisdiction over all activities connected with the conservation and regulation of wildlife resources.

(c) Notwithstanding the provisions of this Article, this Subchapter does not give the Marine Fisheries Commission or the Wildlife Resources Commission jurisdiction over matters clearly within the jurisdiction vested in the Department of Agriculture and Consumer Services, the North Carolina Pesticide Board, the Commission for Health Services, the Environmental Management Commission, or other division of the Department regulating air or water pollution.

(d) To the extent that the grant of jurisdiction to the Marine Fisheries Commission and the Wildlife Resources Commission may overlap, the Marine Fisheries Commission and the Wildlife Resources Commission are granted concurrent jurisdiction. In cases of conflict between actions taken or regulations promulgated by either agency, as respects the activities of the other, pursuant to the dominant purpose of such jurisdiction, the Marine Fisheries Commission and the Wildlife Resources Commission are empowered to make agreements concerning the harmonious settlement of such conflict in the best interests of the conservation of the marine and estuarine and wildlife resources of the State. In the event the Marine Fisheries Commission and the Wildlife Resources Commission cannot agree, the Governor is empowered to resolve the differences.

(e) Those coastal fishing waters in which are found a significant number of freshwater fish, as agreed upon by the Marine Fisheries Commission and the Wildlife Resources Commission, may be denominated joint fishing waters. These waters are deemed coastal fishing waters from the standpoint of laws and regulations administered by the Department and are deemed inland fishing waters from the standpoint of laws and regulations administered by the Wildlife Resources Commission. The Marine Fisheries Commission and the Wildlife Resources Commission may make joint regulations governing the responsibilities of each agency and modifying the applicability of licensing and other regulatory provisions as may be necessary for rational and compatible management of the marine and estuarine and wildlife resources in joint fishing waters.

(f) The granting of jurisdiction in this section pertains to the power of agencies to enact regulations and ordinances. Nothing in this section or in G.S. 113-138 is designed to prohibit law-enforcement officers who would otherwise have jurisdiction from making arrests or in any manner enforcing the provisions of this Subchapter. (1965, c. 957, s. 2; 1973, c. 476, s. 128; c. 1262, ss. 18, 28, 38; 1977, c. 771, s. 4; 1979, c. 830, s. 1; 1987, c. 641, s. 5; 1989, c. 281, s. 3; 1997-261, s. 109.)

CASE NOTES

§ 113-133. Abolition of local coastal fishing laws.

The enjoyment of the marine and estuarine resources of the State belongs to the people of the State as a whole and is not properly the subject of local

regulation. As the Department is charged with administering the governing statutes and adopting rules in a manner to reconcile as equitably as may be the various competing interests of the people as regards these resources, considering the interests of those whose livelihood depends upon full and wise use of renewable and nonrenewable resources and also the interests of the many whose approach is recreational, all special, local, and private acts and ordinances regulating the conservation of marine and estuarine resources are repealed. Nothing in this section is intended to invalidate local legislation or local ordinances which exercise valid powers over subjects other than the conservation of marine and estuarine resources, even though an incidental effect may consist of an overlapping or conflict of jurisdiction as to some particular provision not essential to the conservation objectives set out in this Subchapter. (1965, c. 957, s. 2; 1987, c. 827, s. 96.)

OPINIONS OF ATTORNEY GENERAL

Regulation and Control of Marine and Estuarine Resources Is Exclusively Within the State of North Carolina, and Local Regulations or Ordinances Are Not Authorized. — See opinion of Attorney General to Mr. Clifton L. Moore, Jr., 41 N.C.A.G. 642 (1971).

A town municipal ordinance prohibiting

the location of gill nets where they are expressly permitted by State law violates § 160A-174(b)(2) and is, therefore, invalid to the extent of the conflict with State law. See opinion of Attorney General to Preston P. Pate, Jr., Director, Division of Marine Fisheries, 1998 N.C.A.G. 31 (7/22/98).

§ 113-133.1. Limitations upon local regulation of wildlife resources; certain local acts retained.

(a) The enjoyment of the wildlife resources of the State belongs to all of the people of the State.

(b) The Wildlife Resources Commission is charged with administering the governing statutes in a manner to serve as equitably as may be the various competing interests of the people regarding wildlife resources, considering the interests of those whose livelihood depends upon full and wise use of renewable resources and the interests of the many whose approach is recreational. Thus, except as provided in subsection (e), all special, local, and private acts and ordinances enacted prior to the ratification date of the act creating this section regulating the conservation of wildlife resources are repealed. Nothing in this section is intended to invalidate local legislation or local ordinances which exercise valid powers over subjects other than the conservation of wildlife resources, even though an incidental effect may consist of an overlapping or conflict of jurisdiction as to some particular provision not essential to the conservation objectives set out in this Subchapter. In particular, this section does not repeal local acts which restrict hunting primarily for the purpose of protecting travelers on the highway, landowners, or other persons who may be endangered or affected by hunters' weapons or ammunition or whose property may be damaged.

(c) This Subchapter is intended to express State policy relating to the conservation of wildlife resources. Nothing in this section is intended to repeal or prevent the enactment of any city or county ordinance otherwise validly authorized which has only a minor and incidental impact on the conservation of marine and estuarine and wildlife resources. This section does not repeal G.S. 153A-127, G.S. 153A-131, G.S. 160A-182, G.S. 160A-187, and G.S. 160A-188, nor any local act establishing bird sanctuaries, except that local authorities operating bird sanctuaries may not regulate the taking of game or otherwise abrogate valid laws and regulations pertaining to the conservation of wildlife resources.

(d) Nothing in this Subchapter is intended to repeal or abridge the regulatory authority of the Game Commission of Currituck County or the Dare County Game and Wildlife Commission.

(e) **(See editor's note)** Because of strong community interest expressed in their retention, the local acts or portions of local acts listed in this section are not repealed. The following local acts are retained to the extent they apply to the county for which listed:

(f) The Wildlife Resources Commission is directed to review periodically all local acts affecting conservation of wildlife resources and notify local authorities and the General Assembly as to those that:

- (1) Substantially duplicate provisions of this Subchapter.
- (2) Seriously conflict with conservation policies set out in this Subchapter.
- (3) Seriously conflict with conservation policies developed for the people of this State as a whole by the Wildlife Resources Commission.

(g) Notwithstanding G.S. 113-133.1(b), Chapter 565 of the Session Laws of 1977 is retained in effect. The following local conservation acts which specify that they must be specifically repealed are so repealed: Chapters 434 and 441 of the Session Laws of 1977. To provide for their retention or repeal in accordance with provisions applying to all other local wildlife acts, the following acts are amended to repeal the cited sections: Section 11, Chapter 258, Session Laws of 1969; and Section 4, Chapter 585, Session Laws of 1977. (1979, c. 830, ss. 1, 14; 1979, 2nd Sess., c. 1285, ss. 2, 11; c. 1324, s. 2; 1981, c. 249, s. 2; c. 250, s. 2; 1983, c. 109, s. 2; c. 487, s. 2; 1985, c. 112, s. 1; c. 302, s. 1; c. 689, s. 27; 1986, c. 893, s. 4; 1987, c. 33, s. 4; c. 131, ss. 4, 5; c. 245, s. 2; c. 282, s. 16; 1987 (Reg. Sess., 1988), c. 955, s. 4; 1989, c. 80, s. 2; 1989 (Reg. Sess., 1990), c. 837, s. 2; 1993, c. 65, s. 1; c. 221, s. 3; 1995, c. 509, s. 55; 1997-456, s. 26; 1997-496, s. 18.)

OPINIONS OF ATTORNEY GENERAL

Legislature Has Preempted Regulation of Wildlife Resources. — The Legislature has reserved the regulation of wildlife resources to itself and has thus preempted the entire field, to the exclusion of all local ordinances except those which have only a “minor and incidental” impact on wildlife conservation (e.g., an ordinance prohibiting the discharge of firearms

from public roads). See opinion of Attorney General to Mr. H.T. Mullen, Jr., County Attorney, Pasquotank County, 51 N.C.A.G. 85 (1982).

County May Not Regulate Method of Trapping by Ordinance. — In light of the clear legislative intention to preempt the entire field of wildlife regulation, a county may not adopt an ordinance regulating the method of

trapping wildlife. See opinion of Attorney General to Mr. H.T. Mullen, Jr., County Attorney, Pasquotank County, 51 N.C.A.G. 85 (1982).

§ 113-134. Rules.

The Marine Fisheries Commission and the Wildlife Resources Commission may, within their jurisdictional limitations imposed by this Article, adopt rules implementing this Subchapter. (1915, c. 84, s. 21; 1917, c. 290, s. 7; C.S., 1878; 1925, c. 168, s. 2; 1935, c. 35; 1945, c. 776; 1953, cc. 774, 1251; 1963, c. 1097, s. 1; 1965, c. 957, s. 2; 1973, c. 1262, s. 28; 1987, c. 827, s. 97.)

§ 113-134.1. Jurisdiction over marine fisheries resources in Atlantic Ocean.

The Marine Fisheries Commission is directed to exercise all regulatory authority over the conservation of marine fisheries resources in the Atlantic Ocean to the seaward extent of the State jurisdiction over the resources as now or hereafter defined. Marine fisheries inspectors may enforce these regulations and all other provisions of law applicable under the authority granted in this section in the same manner and with the same powers elsewhere granted them as enforcement officers. (1973, c. 1315; 1977, c. 771, s. 4; 1979, c. 830, s. 1; 1987, c. 641, ss. 5, 8.)

OPINIONS OF ATTORNEY GENERAL

The Marine Fisheries Commission has the power to regulate North Carolina vessels in the Exclusive Economic Zone (EEZ), and the Marine Patrol has the power to cite those vessels in the EEZ; the Marine Patrol has both subject matter jurisdiction and terri-

torial jurisdiction over State registered vessels in the EEZ, subject to certain restrictions. See opinion of Attorney General to Colonel B. M. Rivenbark, N.C. Marine Patrol Division of Marine Fisheries, 1998 N.C.A.G. 16 (3/9/98).

§ 113-135. General penalties for violating Subchapter or rules; increased penalty for prior convictions; interpretive provisions.

(a) Any person who violates any provision of this Subchapter or any rule adopted by the Marine Fisheries Commission or the Wildlife Resources Commission, as appropriate, pursuant to the authority of this Subchapter, is guilty of a misdemeanor except that punishment for violation of the rules of the Wildlife Resources Commission is limited as set forth in G.S. 113-135.1. Unless a different level of punishment is elsewhere set out, anyone convicted of a misdemeanor under this section is punishable as follows:

- (1) For a first conviction, as a Class 3 misdemeanor.
- (2) For a second or subsequent conviction within three years, as a Class 2 misdemeanor.

(b) In interpreting this section, provisions elsewhere in this Subchapter making an offense a misdemeanor "punishable in the discretion of the court" must be considered to set a different level of punishment, to be interpreted in the light of G.S. 14-3 or any equivalent or successor statute. Noncriminal sanctions, however, such as license revocation or suspension, and exercise of powers auxiliary to criminal prosecution, such as seizure of property involved in the commission of an offense, do not constitute different levels of punishment so as to oust criminal liability. Any previous conviction of an offense under this Subchapter, or under rules authorized by it, serves to increase the

punishment under subsection (a) even though for a different offense than the second or subsequent one.

(c) For the purposes of this Subchapter, violations of laws or rules administered by the Wildlife Resources Commission under any former general or local law replaced by the present provisions of this Subchapter are deemed to be violations of laws or rules under this Subchapter. (1965, c. 957, s. 2; 1973, c. 1262, s. 28; 1979, c. 830, s. 1; 1987, c. 827, s. 98; 1991, c. 176, s. 1; c. 761, s. 50.5; 1993, c. 539, s. 836; 1994, Ex. Sess., c. 24, s. 14(c); 1995, c. 209, s. 3.)

Cross References. — As to failure to remove posted signs from nonregistered property, see § 113-282. As to hunting or fishing on registered property without permission, see § 113-285.

§ 113-135.1. Limitation upon penalty for offense created by rules of Wildlife Resources Commission in certain instances.

(a) To prevent unsuspecting members of the public from being subject to harsh criminal penalties for offenses created by rules of the Wildlife Resources Commission, the penalty for an offense which is solely a violation of rules of the Wildlife Resources Commission is limited to a fine of ten dollars (\$10.00) except that offenses set out in Section [subsection] (b) are punished as set forth in G.S. 113-135 or other sections.

(b) The limitation upon penalty does not apply to any rule violation:

- (1) Punishable under G.S. 113-294 or otherwise involving aggravating elements which result in a greater punishment than provided by G.S. 113-135;
- (2) Which involves a defendant subject to the collection-license provisions of G.S. 113-272.4 or who is a dealer as defined in G.S. 113-273; or
- (3) Relating to seasons, bag limits, creel limits, taking fish other than with hook and line, buying or selling wildlife, possessing or transporting live wildlife, taking wildlife at night or with the aid of a conveyance, or falconry. (1979, c. 830, s. 1; 1987, c. 827, s. 98.)

§ 113-136. Enforcement authority of inspectors and protectors; refusal to obey or allow inspection by inspectors and protectors.

(a) Inspectors and protectors are granted the powers of peace officers anywhere in this State, and beyond its boundaries to the extent provided by law, in enforcing all matters within their respective subject-matter jurisdiction as set out in this section.

(b) The jurisdiction of inspectors extends to all matters within the jurisdiction of the Department set out in this Subchapter, Part 5D of Article 7 of Chapter 143B of the General Statutes, Article 5 of Chapter 76 of the General Statutes, and Article 2 of Chapter 77 of the General Statutes, and to all other matters within the jurisdiction of the Department which it directs inspectors to enforce. In addition, inspectors have jurisdiction over all offenses involving property of or leased to or managed by the Department in connection with the conservation of marine and estuarine resources.

(c) The jurisdiction of protectors extends to all matters within the jurisdiction of the Wildlife Resources Commission, whether set out in this Chapter, Chapter 75A, Chapter 143, Chapter 143B, or elsewhere. The Wildlife Resources Commission is specifically granted jurisdiction over all aspects of:

- (1) Boating and water safety;

- (2) Hunting and trapping;
- (3) Fishing, exclusive of fishing under the jurisdiction of the Marine Fisheries Commission; and
- (4) Activities in woodlands and on inland waters governed by G.S. 113-60.1 to G.S. 113-60.3.

In addition, protectors have jurisdiction over all offenses involving property of or leased by the Wildlife Resources Commission or occurring on wildlife refuges, game lands, or boating and fishing access areas managed by the Wildlife Resources Commission. The authority of protectors over offenses on public hunting grounds is governed by the jurisdiction granted the Commission in G.S. 113-264(c).

(d) Inspectors and protectors are additionally authorized to arrest without warrant under the terms of G.S. 15A-401(b) for felonies, for breaches of the peace, for assaults upon them or in their presence, and for other offenses evincing a flouting of their authority as enforcement officers or constituting a threat to public peace and order which would tend to subvert the authority of the State if ignored. In particular, they are authorized, subject to the direction of the administrative superiors, to arrest for violations of G.S. 14-223, 14-225, 14-269, and 14-277.

(d1) In addition to law enforcement authority granted elsewhere, a protector has the authority to enforce criminal laws under the following circumstances:

- (1) When the protector has probable cause to believe that a person committed a criminal offense in his presence and at the time of the violation the protector is engaged in the enforcement of laws otherwise within his jurisdiction; or
- (2) When the protector is asked to provide temporary assistance by the head of a State or local law enforcement agency or his designee and the request is within the scope of the agency's subject matter jurisdiction.

While acting pursuant to this subsection, a protector shall have the same powers invested in law enforcement officers by statute or common law. When acting pursuant to (2) of this subsection a protector shall not be considered an officer, employee, or agent for the state or local law enforcement agency or designee asking for temporary assistance. Nothing in this subsection shall be construed to expand the authority of protectors to initiate or conduct an independent investigation into violations of criminal laws outside the scope of their subject matter or territorial jurisdiction.

(e) Inspectors and protectors may serve arrest warrants, search warrants, orders for arrest, criminal summonses, subpoenas, and all other process connected with any cases within their subject-matter jurisdiction. In the exercise of their law enforcement powers, inspectors are subject to provisions relating to police officers in general set out in Chapter 15, Chapter 15A, and elsewhere.

(f) Inspectors and protectors are authorized to stop temporarily any persons they reasonably believe to be engaging in activity regulated by their respective agencies to determine whether such activity is being conducted within the requirements of the law, including license requirements. If the person stopped is in a motor vehicle being driven at the time and the inspector or protector in question is also in a motor vehicle, the inspector or protector is required to sound a siren or activate a special light, bell, horn, or exhaust whistle approved for law-enforcement vehicles under the provisions of G.S. 20-125(b) or 20-125(c).

(g) Protectors may not temporarily stop or inspect vehicles proceeding along primary highways of the State without clear evidence that someone within the vehicle is or has recently been engaged in an activity regulated by the Wildlife

Resources Commission. Inspectors may temporarily stop vehicles, boats, airplanes, and other conveyances upon reasonable grounds to believe that they are transporting seafood products; they are authorized to inspect any seafood products being transported to determine whether they were taken in accordance with law and to require exhibition of any applicable license, receipts, permits, bills of lading, or other identification required to accompany such seafood products.

(h), (i) Repealed by Session Laws 1979, c. 830, s. 1.

(j) The refusal of any person to stop in obedience to the directions of an inspector or protector acting under the authority of this section is unlawful. A violation of this subsection is a Class 3 misdemeanor and may include a fine of not less than fifty dollars (\$50.00).

(k) It is unlawful to refuse to exhibit upon request by any inspector, protector, or other law enforcement officer any item required to be carried by any law or rule as to which inspectors or protectors have enforcement jurisdiction. The items that must be exhibited include boating safety or other equipment or any license, permit, tax receipt, certificate, or identification. It is unlawful to refuse to allow inspectors, protectors, or other law enforcement officers to inspect weapons, equipment, fish, or wildlife that the officer reasonably believes to be possessed incident to an activity regulated by any law or rule as to which inspectors and protectors have enforcement jurisdiction.

(l) Nothing in this section authorizes searches within the curtilage of a dwelling or of the living quarters of a vessel in contravention of constitutional prohibitions against unreasonable searches and seizures. (1915, c. 84, s. 6; 1917, c. 290, s. 2; C.S., s. 1885; 1935, c. 118; 1957, c. 1423, s. 2; 1965, c. 957, s. 2; 1973, c. 1262, ss. 18, 28, 86; c. 1286, s. 17; c. 1297; 1977, c. 771, s. 4; 1979, c. 830, s. 1; 1987, c. 641, ss. 20, 22; c. 827, s. 98; 1991, c. 730, s. 1; 1997-80, s. 5; 1998-225, ss. 3.1, 3.2.)

Editor's Note. — Section 20-125(c), referred to in subsection (f) of this section, was repealed by Session Laws 1979, c. 653. See now § 20-130.1.

Session Laws 1998-225, s. 5.3, provides: "Unless otherwise expressly provided, every agency to which this act applies shall adopt rules to implement the provisions of this act only in accordance with the provisions of Chapter 150B of the General Statutes. This act constitutes a

recent act of the General Assembly within the meaning of G.S. 150B-21.1. Every agency to which this act applies that is authorized to adopt rules to implement the provisions of this act may adopt temporary rules to implement the provisions of this act. This section shall continue in effect until all rules necessary to implement the provisions of this act have become effective as either temporary rules or permanent rules."

Session Laws 1998-225, s. 5.5 contains a severability clause.

CASE NOTES

Test For Reasonable Warrantless Inspection. — Warrantless inspections will be deemed to be reasonable only so long as three criteria are met. First, there must be a "substantial" government interest that informs the regulatory scheme pursuant to which the inspection is made; second, the warrantless inspections must be necessary to further the regulatory scheme; and finally, the statute's inspection program, in terms of the certainty and regularity of its application, must provide a constitutionally adequate substitute for a warrant. Where this test is satisfied and the public interest outweighs a minimal intrusion, the statute does not violate U.S. Const., Amend. IV.

State v. Nobles, 107 N.C. App. 627, 422 S.E.2d 78 (1992), *aff'd per curiam*, 333 N.C. 787, 429 S.E.2d 716 (1993), *cert. denied*, 510 U.S. 946, 114 S. Ct. 387, 126 L. Ed. 2d 335 (1993).

OWI Arrest Resulting from Safety Inspection Stop Held Proper. — A stop by a Wildlife Resources Commission officer, pursuant to this section, for the purpose of conducting a safety inspection of a motor vessel on the waters of North Carolina, without any reasonable, articulable suspicion of criminal activity, was not a violation of U.S. Const., Amendment IV, and the evidence obtained therefrom could not be suppressed in defendant's trial for operating a motor vessel while impaired (OWI), a

violation of this section, where the intrusion on the defendant's rights was reasonable given the state's interest in recreational water safety, the reduced expectation of privacy in a boat, the

breavity of the encounter, and the lack of alternative means, and where the defendant's conduct was in "plain view." *State v. Pike*, 139 N.C. App. 96, 532 S.E.2d 543 (2000).

OPINIONS OF ATTORNEY GENERAL

The Marine Fisheries Commission has the power to regulate North Carolina vessels in the Exclusive Economic Zone (EEZ), and the Marine Patrol has the power to cite those vessels in the EEZ; the Marine Patrol has both subject matter jurisdiction and terri-

torial jurisdiction over State registered vessels in the EEZ, subject to certain restrictions. See opinion of Attorney General to Colonel B. M. Rivenbark, N.C. Marine Patrol Division of Marine Fisheries, 1998 N.C.A.G. 16 (3/9/98).

§ 113-137. Search on arrest; seizure and confiscation of property; disposition of confiscated property.

(a) Every inspector or protector who arrests a person for an offense as to which he has enforcement jurisdiction is authorized to search the person arrested and the surrounding area for weapons and for fruits, instrumentalities, and evidence of any crime for which the person arrested is or might have been arrested.

(b) Every inspector or protector who issues a citation instead of arresting a person, in cases in which the inspector or protector is authorized to arrest, may seize all lawfully discovered evidence, fruits, and instrumentalities of any crime as to which he has arrest jurisdiction and probable cause. When live fish are returned to public fishing bottoms or public waters, the inspector or protector shall state on the citation the quantity returned.

(c) Every inspector or protector who in the lawful pursuit of his duties has probable cause for believing he has discovered a violation of the law over which he has jurisdiction may seize in connection therewith any fish, wildlife, weapons, equipment, vessels, or other evidence, fruits, or instrumentalities of the crime, notwithstanding the absence of any person in the immediate area subject to arrest or the failure or inability of the inspector or protector to capture or otherwise take custody of the person guilty of the violation in question. Where the owner of such property satisfies the Secretary or the Executive Director, as the case may be, of his ownership and that he had no knowledge or culpability in regard to the offense involving the use of his property, such property must be returned to the owner. If after due diligence on the part of employees of the Department or the Wildlife Resources Commission, as the case may be, the identity or whereabouts of the violator or of the owner of the property seized cannot be determined, such property may be sold by the Department or the Wildlife Resources Commission in accordance with the provisions of this section.

(d) The Marine Fisheries Commission and the Wildlife Resources Commission may provide by rule for summary disposition of live or perishable fish or wildlife seized by an inspector or protector. If the property seized consists of live fish which may again be placed to the benefit of the public on public fishing bottoms or in public waters, the inspector or protector may require the person in possession of the seized live fish to transport it the distance necessary to effect placement on appropriate bottoms or waters. In the event of refusal by the person in question to transport the fish, the inspector or protector must take appropriate steps to effect the transportation. The steps may include seizure of any conveyance or vessel of the person refusing to transport the fish if the conveyance or vessel was one on which the fish were located or was used to take or transport the fish. When a conveyance or vessel is seized, it is to be safeguarded by the inspector or protector seizing it pending trial and it

becomes subject to the orders of the court. Transportation costs borne by the Department or by the Wildlife Resources Commission, as the case may be, may be collected by the agency from the proceeds of the sale of any other property of the defendant seized and sold in accordance with the provisions of this section.

Except as provided in subsection (g), when the seizure consists of edible fish or wildlife which is not alive, may not live, or may not otherwise benefit conservation objectives if again placed on open lands, on public fishing bottoms, or in public fishing waters, the inspector or protector must dispose of the property in a charitable or noncommercial manner in accordance with the directions of his administrative superiors.

(e) Except as otherwise specifically provided in this section, all property seized must be safeguarded pending trial by the inspector or protector initiating the prosecution. Upon a conviction the property seized in connection with the offense in question is subject to the disposition ordered by the court. Upon an acquittal, property seized must be returned to the defendant or established owner, except:

- (1) Where the property was summarily disposed of in accordance with subsection (d);
- (2) Where possession of the property by the person to whom it otherwise would be returned would constitute a crime; and
- (3) Where the property seized has been sold in accordance with subsection (g). In this event the net proceeds of the sale must be returned to the defendant or established owner, as the case may be.

Where property seized summarily under subsection (d) is not available for return, an acquitted defendant or established owner is entitled to no compensation where there was probable cause for the action taken. Within 20 days of the final court adjudication of a citation, the Department or the Wildlife Resources Commission shall notify any acquitted defendant or established owner of its duly established procedures whereby reimbursement may be sought for live fish seized summarily under subsection (d) that is not available for return. Any action or proceeding to recover compensation must be begun within 30 days after receipt of the notice of applicable procedures. After the expiration of this period of limitation, no right or action or claim for compensation shall be asserted.

In safeguarding property seized pending trial, an inspector or protector is authorized in his discretion, subject to orders of his administrative superiors, to make his own provisions for storage or safekeeping or to deposit the property with the sheriff of the county in which the trial is to be held for custody pending trial. In the event the mode of safekeeping reasonably selected by the inspector or protector entails a storage or handling charge, such charge is to be paid as follows:

- (1) By the defendant if he is convicted but the court nevertheless orders the return of the property to the defendant;
- (2) From the proceeds of the sale of the property if the property is sold under court order or in accordance with the provisions of this section; or
- (3) By the Department or by the Wildlife Resources Commission, as the case may be, if no other provision for payment exists.

(f) Subject to orders of his administrative superiors, an inspector or protector in his discretion may leave property which he is authorized to seize in the possession of the defendant with the understanding that such property will be subject to the orders of the court upon disposition of the case. Willful failure or inexcusable neglect of the defendant to keep such property subject to the orders of the court is a Class 1 misdemeanor. In exercising his discretion, the inspector or protector should not permit property to be retained by the

defendant if there is any substantial risk of its being used by the defendant in further unlawful activity.

(g) Where a prosecution involving seized saleable fish is pending and such fish are perishable or seasonal, the inspector or protector may apply to the court in which the trial is pending for an order permitting sale prior to trial. As used in this subsection, seasonal fish are those which command a higher price at one season than at another so that economic loss may occur if there is a delay in the time of sale. When ordered by the court, such sale prior to trial must be conducted in accordance with the order of the court or in accordance with the provisions of this section. The net proceeds of such sale are to be deposited with the court and are subject to the same disposition as would have been applicable to other types of property seized. Where sale is not lawful for public health reasons or otherwise not practicable or where prosecution is not pending, disposal of the fish is in accordance with subsection (d).

(h) Pending trial, the defendant or the established owner of any nonperishable and nonconsumable property seized may apply to the court designated to try the offense for return of the property. The property must be returned pending trial if:

- (1) The court is satisfied that return of the property will not facilitate further violations of the law; and
- (2) The claimant posts a bond for return of the property at trial in an amount double the value of the property as assessed by the court.

(i) Upon conviction of any defendant for a violation of the laws or rules administered by the Department or the Wildlife Resources Commission under the authority of this Subchapter, the court in its discretion may order the confiscation of all weapons, equipment, vessels, conveyances, fish, wildlife, and other evidence, fruits, and instrumentalities of the offense in question, whether or not seized or made subject to the orders of the court pending trial. If the confiscated property is lawfully saleable, it must be sold; otherwise it must be disposed of in a manner authorized in this section. Unless otherwise specified in the order of the court, sales are to be held by the Department or the Wildlife Resources Commission, as the case may be.

The Department and the Wildlife Resources Commission may administratively provide for an orderly public sale procedure of property which it may sell under this section. The procedure may include turning the property to be sold over to some other agency for sale, provided that the provisions of subsection (j) are complied with and there is proper accounting for the net proceeds of the sale. In the case of property that cannot lawfully be sold or is unlikely to sell for a sufficient amount to offset the costs of sale, the Department and the Wildlife Resources Commission may provide either for destruction of the property or legitimate utilization of the property by some public agency.

(j) Except as provided in subsection (d), if property is seized under subsection (c) or it appears that a person not a defendant has an interest in any property to be sold, destroyed, or otherwise disposed of, the Department and the Wildlife Resources Commission must provide for public notice of the description of the property and the circumstances of its seizure for a sufficient period prior to the time set for sale or other disposition to allow innocent owners or lienholders to assert their claims. The validity of claims are to be determined by the trial court in the event there is or has been a prosecution in connection with the seizure of the property. If there has been no prosecution and none is pending, the validity of claims must be determined by the Secretary or by the Executive Director, as the case may be. When there has been a sale under subsection (g), the provisions of this subsection apply to the net proceeds of the sale.

(k) Except as provided in subsection (j) and in subdivision (3) of the first paragraph of subsection (e), the net proceeds of all sales made pursuant to this

section must be deposited in the school fund of the county in which the property was seized. Homicide Committed by Wildlife Protector Engaged in Performance of His Official Duties. — See *State v. Ellis*, 241 N.C. 702, 86

S.E.2d 272 (1955), decided under former § 113-91.

§ 113-138. Enforcement jurisdiction of special conservation officers.

(a) The Wildlife Resources Commission by rule may confer law-enforcement powers over matters within its jurisdiction with respect to wildlife resources conservation laws and rules within its jurisdiction upon the employees of the United States Fish and Wildlife Service, and the Marine Fisheries Commission may confer law-enforcement powers over matters within its jurisdiction with respect to marine and estuarine resources conservation laws and rules upon the employees of the National Marine Fisheries Service, who:

- (1) Possess special law-enforcement jurisdiction that would not otherwise extend to the subject matter of this Subchapter;
- (2) Are assigned during the duration of such appointment to duty stations within North Carolina; and
- (3) Take the oath required of public officers before an officer authorized to administer oaths.

These conferred powers do not constitute an appointment of any officer to an additional office.

(b) The Marine Fisheries Commission and Wildlife Resources Commission shall limit the exercise of this authority to situations when:

- (1) The best interests of the conservation of marine and estuarine and wildlife resources managed by the respective State and federal agencies are being adversely affected by restrictions upon jurisdictional subject matter that limit law-enforcement authority; and
- (2) The best interests of the conservation of marine and estuarine and wildlife resources managed by the adopting Commission will benefit by conferring law-enforcement authority on the employees of the United States Fish and Wildlife Service or the National Marine Fisheries Service.

(c) The enabling rule shall specify the particular officers or class of officers upon whom the law-enforcement powers are conferred and the geographic areas within which the special enforcement officers can exercise the law-enforcement powers over matters within the jurisdiction of the adopting Commission. The conferred powers may be used only during the scope of employment of the special conservation officers.

(d) Unless otherwise provided by the enabling rule, such special enforcement officers shall have the same jurisdiction and powers with respect to resource conservation and the same rights, privileges and immunities (including those relating to the defense of civil actions and payment of judgments) as the State officers in addition to those the federal officer normally possesses. (1965, c. 957, s. 2; 1973, c. 1262, ss. 18, 28; 1977, c. 771, s. 4; 1983, c. 484; 1987, c. 827, s. 98; 1991 (Reg. Sess., 1992), c. 890, s. 5.)

§ **113-139:** Repealed by Session Laws 1979, c. 830, s. 1.

§ **113-140. Warning tickets.**

(a) In enforcing the laws and rules within their subject matter jurisdiction, wildlife protectors and marine fisheries inspectors may, in accordance with the criteria of this section, issue warning tickets to offenders instead of initiating criminal prosecutions.

(b) To secure uniformity of enforcement, the Executive Director and the Director of the Division of Marine Fisheries may administratively promulgate standards consistent with subsection (c) providing that warning tickets may or may not be issued with respect to particular offenses, classes of offenses, or ways of committing offenses.

(c) A protector or inspector may issue a warning ticket only if all of the following conditions are met:

- (1) The protector or inspector is convinced that the offense was not intentional.
- (2) The offense is not of a kind or committed in a manner as to which warning tickets have been prohibited by the Executive Director or the Director of the Division of Marine Fisheries.
- (3) The conduct of the offender was not calculated to result in any significant destruction of wildlife or fisheries resources.
- (4) The conduct of the offender did not constitute a hazard to the public.

A warning ticket may not be issued if the offender has previously been charged with or issued a warning ticket for a similar offense.

(d) If any law-enforcement officer with jurisdiction over the offense or if any employee of the Wildlife Resources Commission or the Department learns that under the criteria of this section a warning ticket was inappropriately issued to an offender, he must take action to secure initiation of prosecution for the appropriate charge or charges unless barred by the statute of limitations or unless prosecution is not otherwise feasible because of unavailability of evidence or necessary witnesses.

(e) Before any warning tickets are issued, the Executive Director or the Director of the Division of Marine Fisheries must institute a procedure to ensure an accurate accounting for and recording of all warning tickets issued. This procedure may include use of prenumbered tickets and immediate notation of issuance of the warning ticket on each appropriate license or permit issued by the Wildlife Resources Commission or Department held by the offender. The Executive Director or the Director of the Division of Marine Fisheries may also provide for issuance of new, replacement, or renewal licenses and permits bearing the notation. The licenses covered by this subsection include certificates of number for motorboats.

(f) This section does not entitle any person who has committed an offense with the right to be issued a warning ticket. That issuance of a warning ticket may be appropriate under the criteria of this section does not restrict in any manner the powers of a wildlife protector or marine fisheries inspector or any other law-enforcement officer under G.S. 113-136, 113-137, and other provisions of law in dealing with hunters, fishermen, operators of vessels, and other offenders and suspected offenders.

(g) Issuance of a warning ticket does not constitute evidence of the commission of an offense, but may be used to prevent issuance of a subsequent warning ticket to the same person for a similar offense. (1981, c. 252, s. 1; 1987, c. 827, s. 98; 1989, c. 308.)

ARTICLE 13A.

Clean Water Management Trust Fund.

§ 113-145.1. Purpose.

The General Assembly recognizes that a critical need exists in this State to clean up pollution in the State's surface waters and to protect and conserve those waters that are not yet polluted. The task of cleaning up polluted waters and protecting the State's water resources is multifaceted and requires different approaches that take into account the problems, the type of pollution, the geographical area, and the recognition that the hydrological and ecological values of each resource sought to be upgraded, conserved, and protected are unique.

It is the intent of the General Assembly that moneys from the Fund created under this Article shall be used to help finance projects that specifically address water pollution problems and focus on upgrading surface waters, eliminating pollution, and protecting and conserving unpolluted surface waters, including urban drinking water supplies. It is the further intent of the General Assembly that moneys from the Fund also be used to build a network of riparian buffers and greenways for environmental, educational, and recreational benefits. While the purpose of this Article is to focus on the cleanup and prevention of pollution of the State's surface waters and the establishment of a network of riparian buffers and greenways, the General Assembly believes that the results of these efforts will also be beneficial to wildlife and marine fisheries habitats. (1996, 2nd Ex. Sess., c. 18, s. 27.6(a).)

Priority shall be given to economically distressed units of local government.
- (6) To repair and eliminate failing septic tank systems, to eliminate illegal drainage connections, and to expand waste treatment systems if the system is being expanded as a remedy to eliminate failing septic tank systems or illegal drainage connections. (1996, 2nd Ex. Sess., c. 18, s. 27.6(a); 2001-424, s. 32.17.)

Editor's Note. — Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.5 is a severability clause.

Effect of Amendments. — Session Laws 2001-424, s. 32.17, effective July 1, 2001, substituted "one million two hundred fifty thousand dollars (\$1,250,000), whichever is greater" for "eight hundred fifty thousand dollars (\$850,000), whichever is less" in subsection (d).

OPINIONS OF ATTORNEY GENERAL

Commercial And Sports Fisheries Licenses.

§§ 113-151 through 113-167: Repealed by Session Laws 1997-400, s. 5.4, effective July 1, 1999.

Cross References. — For provisions relating to coastal and estuarine commercial fishing licenses, see now §§ 113-168 to 113-173.

Editor's Note. — Session Laws 1993 (Reg. Sess., 1994), c. 576, ss. 3 to 6 provided for a moratorium on the issuance of new licenses under §§ 113-152, 113-153.1, 113-154, and 113-154.1, effective July 1, 1994, until June 30, 1996, with certain exceptions. Renewal of licenses on and after June 1, 1993, under §§ 113-152, 113-154 and 113-154.1 was allowed. The act created an appeals panel to consider license applications. It provided for a study of the

fishing industry, and for a quarterly report to the Joint Legislative Commission on Seafood and Aquaculture and the Marine Fisheries Commission. In addition, the act limited the authority of the Marine Fisheries Commission during the moratorium.

The date on the moratorium created by Session Laws 1993 (Reg. Sess., 1994), c. 576, ss. 3 to 6 was extended to August 15, 1997, and additional amendments and modifications were made by the following acts: Session Laws 1993 (Reg. Sess., 1994), c. 675, s. 3; c. 769, s. 17.7 (b); c. 770, s. 1; 1995, c. 507, s. 26.5; 1997-256, s. 7;

Editor's Note. — Session Laws 1997-400, s. 6.15, made this Article effective July 1, 1999.

Session Laws 2001-213, s. 2 amends Session Laws 1997-400, s. 6.15 by deleting the former last sentence thereof, which had provided that s. 5.1 (which enacted Article 14A) and s. 5.2 of the 1997 act would expire on September 1, 2003. Hence, Chapter 14A will not expire on September 1, 2003.

§ 113-168.1. General provisions governing licenses and endorsements.

(a) **Duration, Fees.** — Except as provided in G.S. 113-173(f), all licenses and endorsements issued under this Article expire on the last day of the license year. An applicant for any license or endorsement shall pay the full annual fee at the time the applicant applies for the license or endorsement regardless of when application is made.

(b) **Licenses Required to Engage in Commercial Fishing.** — It is unlawful for any person to engage in a commercial fishing operation without holding a license and any endorsements required by this Article. It is unlawful for anyone to command a vessel engaged in a commercial fishing operation without complying with the provisions of this Article and rules adopted by the Commission under this Article.

(c) **Licenses, Assignments, and Endorsements Available for Inspection.** — It is unlawful for any person to engage in a commercial fishing operation in the State without having ready at hand for inspection all valid licenses, assignments, and endorsements required under this Article. To comply with this subsection, a person must have any required endorsements and either a currently valid (i) license issued in the person's true name and bearing the person's current address or (ii) SCFL and an assignment of the SCFL authorized under this Article. It is unlawful for a person to refuse to exhibit any license, assignment, or endorsement required by this Article upon the request of an inspector or other law enforcement officer authorized to enforce federal or State laws, regulations, or rules relating to marine fisheries.

(d) **No Dual Residency.** — It is unlawful for any person to hold any currently valid license issued under this Article to the person as a North Carolina resident if that person holds any currently valid commercial or recreational fishing license issued by another state to the person as a resident of that state.

(e) **License Format.** — Licenses issued under this Article shall be issued in the name of the applicant. Each license shall show the type of license and any endorsements; the name, mailing address, physical or residence address, and date of birth of the licensee; the date on which the license is issued; the date on which the license expires; and any other information that the Commission or the Division determines to be necessary to accomplish the purposes of this Subchapter.

(f) **License Issuance and Renewal.** — Except as provided in G.S. 113-173(d), the Division shall issue licenses and endorsements under this Article to eligible applicants at any office of the Division or by mail from the Morehead City office

of the Division. A license or endorsement may be renewed in person at any office of the Division or by mail to the Morehead City office of the Division. Eligibility to renew an expired SCFL shall end one year after the date of expiration of the SCFL.

(g) **Limitations on Eligibility.** — A person is not eligible to obtain or renew a license or endorsement under this Article if, at the time the person applies for the license or endorsement, any other license or endorsement issued to the person under this Article is suspended or revoked. A person is not eligible to obtain a license or endorsement under this Article if, within the three years prior to the date of application, the person has been determined to be responsible for four or more violations of state laws, regulations, or rules governing the management of marine and estuarine resources. An applicant shall certify that the applicant has not been determined to be responsible for four or more violations of state laws, regulations, or rules governing the management of marine and estuarine resources during the previous three years. The Division may also consider violations of federal law and regulations governing the management of marine and estuarine resources in determining whether an applicant is eligible for a license.

(h) **Replacement Licenses and Endorsements.** — The Division shall issue a replacement license, including any endorsements, to a licensee for a license that has not been suspended or revoked. A licensee may apply for a replacement license for a license that has been lost, stolen, or destroyed and shall apply for a replacement license within 30 days of a change in the licensee's name or address. A licensee may apply for a replacement license in person at any office of the Division or by mail to the Morehead City office of the Division. A licensee may use a copy of the application for a replacement license that has been filed with the Division as a temporary license until the licensee receives the replacement license. The Commission may establish a fee for each type of replacement license, not to exceed ten dollars (\$10.00), that compensates the Division for the administrative costs associated with issuing the replacement license.

(i) **Cancellation.** — The Division may cancel a license or endorsement issued on the basis of an application that contains false information supplied by the applicant. A cancelled license or endorsement is void from the date of issuance. A person in possession of a cancelled license or endorsement shall surrender the cancelled license or endorsement to the Division. It is unlawful to refuse to surrender a cancelled license or endorsement upon demand of any authorized agent of the Division.

(j) **Advance Sale of Licenses, License Revenue.** — To ensure an orderly transition from one license year to the next, the Division may issue a license or endorsement prior to 1 July of the license year for which the license or endorsement is valid. Revenue that the Division receives for the issuance of a license or endorsement prior to the beginning of a license year shall not revert at the end of the fiscal year in which the revenue is received and shall be credited and available to the Division for the license year in which the license or endorsement is valid. (1997-400, s. 5.1; 1998-225, s. 4.10; 1999-209, s. 6; 2001-213, s. 2.)

Fishing License (SCFL) from the pool of available licenses established under Session Laws 1997-400, s. 5.2, as amended by Session Laws 1998-225, s. 4.24, as provided in this section. Notwithstanding Session Laws 1997-400, s. 5.2(c), (e), and (f), as amended by Session Laws 1998-225, s. 4.24, the Marine Fisheries Commission shall increase the number of SCFLs in the pool of available licenses to the extent necessary to allow the Division of Marine Fisheries to issue a SCFL to each person who holds an interim crab license; who applies for a SCFL between August 2, 2000 and October 1, 2000; and who qualifies for a SCFL under the eligibility criteria established pursuant to Session Laws 1997-400, s. 5.2(h), as amended by Session Laws 1998-225, s. 4.24. The Division of Marine Fisheries may issue only one SCFL to a person under this section regardless of the number of interim crab licenses the person holds. The duration of and fee for a SCFL issued pursuant to this section shall be as provided in G.S. 113-168.1 and G.S. 113-168.2, regardless of when the SCFL is issued.

Effect of Amendments. — The 1998 amendment, effective July 1, 1999, substituted “governing” for “for commercial” in the catchline; in subsection (a), added “Except as provided in G.S. 113-173(f),” and twice inserted “or endorsement”; in subsection (b), substituted “holding a license and any endorsements” for “being licensed as”; rewrote subsection (c); in subsection (e), substituted “mailing address, physical or residence address” for “address”; and added subsections (f) through (i).

§ 113-168.2. Standard Commercial Fishing License.

(a) Requirement. — Except as otherwise provided in this Article, it is unlawful for any person to engage in a commercial fishing operation in the coastal fishing waters without holding a SCFL issued by the Division. A person who works as a member of the crew of a vessel engaged in a commercial fishing operation under the direction of a person who holds a valid SCFL is not required to hold a SCFL. A person who holds a SCFL is not authorized to take shellfish unless the SCFL is endorsed as provided in G.S. 113-168.5(d) or the person holds a shellfish license issued pursuant to G.S. 113-169.2.

(a1) Use of Vessels. — The holder of a SCFL is authorized to use only one vessel in a commercial fishing operation at any given time. The Commission may adopt a rule to exempt from this requirement a person in command of a vessel that is auxiliary to a vessel engaged in a pound net operation, long-haul operation, beach seine operation, or menhaden operation.

(b) through (d) Repealed by Session Laws 1998-225, s. 4.11, effective July 1, 1999.

In no event, however, may the fee be less than two hundred dollars (\$200.00).

For purposes of this subsection, a “resident of this State” is a person who is a resident within the meaning of:

- (1) Sub-subdivisions a. through d. of G.S. 113-130(4) and who filed a State income tax return as a resident of North Carolina for the previous calendar or tax year, or
- (2) G.S. 113-130(4)e.

(f) Assignment. — The holder of a SCFL may assign the SCFL to any individual who is eligible to hold a SCFL under this Article. The assignment shall be in writing on a form provided by the Division and shall include the name of the licensee, the license number, any endorsements, the assignee’s name, mailing address, physical or residence address, and the duration of the assignment. If a notarized copy of an assignment is not filed with the Morehead City office of the Division within five days of the date of the assignment, the assignment shall expire. It is unlawful for the assignee of a SCFL to assign the SCFL. The assignment shall terminate:

- (1) Upon written notification by the assignor to the assignee and the Division that the assignment has been terminated.
- (2) Upon written notification by the estate of the assignor to the assignee and the Division that the assignment has been terminated.
- (3) If the Division determines that the assignee is operating in violation of the terms and conditions applicable to the assignment.
- (4) If the assignee becomes ineligible to hold a license under this Article.
- (5) Upon the death of the assignee.
- (6) If the Division suspends or revokes the assigned SCFL.
- (7) At the end of the license year.

(g) Transfer. — A SCFL may be transferred only by the Division. A SCFL may be transferred pursuant to rules adopted by the Commission or upon the request of:

- (1) A licensee, from the licensee to a member of the licensee’s immediate family who is eligible to hold a SCFL under this Article.
- (2) The administrator or executor of the estate of a deceased licensee, to the administrator or executor of the estate if a surviving member of the deceased licensee’s immediate family is eligible to hold a SCFL under this Article. The administrator or executor must request a transfer under this subdivision within six months after the administrator or executor qualifies under Chapter 28A of the General Statutes. An administrator or executor who holds a SCFL under this subdivision may, for the benefit of the estate of the deceased licensee:
 - a. Engage in a commercial fishing operation under the SCFL if the administrator or executor is eligible to hold a SCFL under this Article.
 - b. Assign the SCFL as provided in subsection (f) of this section.
 - c. Renew the SCFL as provided in G.S. 113-168.1.
- (3) An administrator or executor to whom a SCFL was transferred pursuant to subdivision (2) of this subsection, to a surviving member of the deceased licensee’s immediate family who is eligible to hold a SCFL under this Article.
- (4) The surviving member of the deceased licensee’s immediate family to whom a SCFL was transferred pursuant to subdivision (3) of this subsection, to a third-party purchaser of the deceased licensee’s fishing vessel.
- (5) A licensee who is retiring from commercial fishing, to a third-party purchaser of the licensee’s fishing vessel.

(h) Identification as Commercial Fisherman. — The receipt of a current and valid SCFL or shellfish license issued by the Division shall serve as proper identification of the licensee as a commercial fisherman.

(i) **Record-Keeping Requirements.** — The fish dealer shall record each transaction at the time and place of landing on a form provided by the Division. The transaction form shall include the information on the SCFL or shellfish license, the quantity of the fish, the identity of the fish dealer, and other information as the Division deems necessary to accomplish the purposes of this Subchapter. The person who records the transaction shall provide a completed copy of the transaction form to the Division and to the other party of the transaction. The Division's copy of each transaction form shall be transmitted to the Division by the fish dealer on or before the tenth day of the month following the transaction. (1997-400, s. 5.1; 1998-225, s. 4.11; 2001-213, s. 2.)

Cross References. — As to repeal of former sunset provision affecting this Article, see the Editor's Note at § 113-168.

Editor's Note. — The subdivision designations in subsection (f) were redesignated at the direction of the Revisor of Statutes.

Session Laws 1997-400, s. 5.2, as amended by 1998-225, s. 4.24, effective July 1, 1998, provides: "(a) Definitions; Citations. The definitions set out in G.S. 113-168 apply to this section. A citation to a provision of the General Statutes in this section means that provision of the General Statutes as enacted by this act.

"(b) Transitional Provisions. In order to effect an orderly implementation of this part and the transition from the moratorium imposed by subsection (a) of Section 3 of Chapter 576 of the 1993 Session Laws, Regular Session 1994, as amended by Section 3 of Chapter 675 of the 1993 Session Laws, Regular Session 1994; subsection (a) of Section 26.5 of Chapter 507 of the 1995 Session Laws; Section 7 of S.L. 1997-256; Section 3 of S.L. 1997-347; and Section 6.1 of this act, to the licensing provision of Article 14A of Chapter 113 of the General Statutes, the provisions of this section shall apply to the issuance of licenses under Article 14A of Chapter 113 of the General Statutes until all Fishery Management Plans have been adopted as required by G.S. 113-182.1 and G.S. 143B-289.22.

"(c) Temporary Cap. There is hereby imposed a temporary cap on the total number of SCFLs that the Division may issue. The temporary cap equals the total number of endorsements to sell fish that establish eligibility for a SCFL under subsection (g) of this section plus 500 additional SCFLs, authorized by subsection (d) of this section.

"(d) 1999-2000 License Year. For the 1999-2000 license year, the Commission is authorized to issue SCFLs as provided in subsection (g) of this section plus an additional 500 SCFLs using the procedure set out in subsection (h) of this section.

"(e) Subsequent License Years. For license years beginning with the 2000-01 license year, the Commission is authorized to issue SCFLs from the pool of available SCFLs as provided in subsection (f) of this section using the procedure set out in subsection (h) of this section.

"(f) Adjustment of Number of SCFLs. The number of SCFLs in the pool of available SCFLs in license years beginning with the 2000-01 license year is the temporary cap less the number of SCFLs that were issued and renewed during the previous year. The Commission may increase or decrease the number of SCFLs that are issued from the pool of available SCFLs. The Commission may increase the number of SCFLs that are issued from the pool of available SCFLs up to the temporary cap. The Commission may decrease the number of SCFLs that are issued from the pool of available SCFLs but may not refuse to renew a SCFL that is issued during the previous license year and that has not been suspended or revoked. The Commission shall increase or decrease the number of SCFLs that are issued to reflect its determination as to the effort that the fishery can support, based on the best available scientific evidence.

"(g) Eligibility for SCFL. Any person who holds a valid endorsement to sell fish of a vessel license on 30 June 1999 is eligible to receive a SCFL. Any person who holds a valid nonvessel endorsement to sell fish, other than a nonvessel endorsement to sell fish issued for an aquaculture operation or a fishing tournament, on 30 June 1999 is eligible to receive a SCFL. The Division shall issue a SCFL to any person who is eligible under this subsection upon receipt of an application and required fees. If the person held more than one endorsement to sell fish, the person is eligible to receive a SCFL for each endorsement to sell previously held. Eligibility to receive a SCFL under this subsection shall expire 30 June 2000.

"(h) Procedure for Issuing Additional SCFLs. The Commission shall determine a procedure for issuing the 500 additional SCFLs authorized by subsection (d) of this section for the 1999-2000 license year and for issuing SCFLs from the pool of available SCFLs authorized by subsection (e) of this section. The procedure shall set a date on which the Division will begin receiving applications and a date on which the determination by lot of which applicants will receive a SCFL will be made. The Commission shall develop criteria to be used by the SCFL Eligibility Board in determining eligibility for a

SCFL under this subsection. Criteria shall include the past involvement of the applicant and the applicant's family in commercial fishing; the extent to which the applicant has relied on commercial fishing for the applicant's livelihood; the extent to which the applicant has complied with federal and State laws, regulations, and rules relating to coastal fishing and protection of the environment; and any other factors the Commission determines to be relevant. The SCFL Eligibility Board shall review each application for a SCFL that the Division receives during the application period to determine whether the applicant is eligible under the eligibility criteria established by the Commission. The Division shall issue SCFLs under this subsection by lot. All applicants who are determined to be eligible shall have an equal chance of being issued a SCFL."

"(i) SCFL Eligibility Board. There is established a SCFL Eligibility Board. The Board shall apply the eligibility criteria adopted by the Commission to determine whether an applicant for a SCFL is eligible for a SCFL under subsection (h) of this section. The Board shall consist of the Secretary of Environment and Natural Resources or the Secretary's designee, the Fisheries Director or the Director's designee, and the Chair of the Commission or the Chair's designee. The Secretary shall designate one member of the Board to serve as Chair of the Board. The Commission shall adopt rules to govern the operation of the Board. The Board is exempt from the provisions of Article 3 of Chapter 150B of the General Statutes. Decisions of the Board shall be subject to judicial review under the provisions of Article 4 of Chapter 150B of the General Statutes.

of Chapter 150B of the General Statutes. This act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1. Every agency to which this act applies that is authorized to adopt rules to implement the provisions of this act may adopt temporary rules to implement the provisions of this act. This section shall continue in effect until all

rules necessary to implement the provisions of this act have become effective as either temporary rules or permanent rules.”

Effect of Amendments. — The 1998 amendment, effective July 1, 1999, in subsection (a), substituted “at any office” for “in the Morehead City Office”; in subsection (c), made

the former last two sentence the first two sentence; added the subsection (f1) designation and its catchline, and in that subsection, substituted “categories listed in subsection (f) of this section” for “above categories,” and “this section” for “this subsection”; repealed subsection (g), relating to license format; rewrote subsections (h) and (i); and made stylistic changes.

§ 113-169.4. Licensing of ocean fishing piers; fees.

(a) The owner or operator of an ocean fishing pier within the coastal fishing waters who charges the public a fee to fish in any manner from the pier shall secure a current and valid pier license from the Division. An application for a pier license shall disclose the names of all parties involved in the pier operations, including the owner of the property, owner of the pier if different, and all leasehold or other corporate arrangements, and all persons with a substantial financial interest in the pier.

(b) Within 30 days following a change of ownership of a pier, or a change as to the manager, the manager or new manager shall secure a replacement pier license as provided in G.S. 113-168.1(h).

(c) Pier licenses are issued upon payment of fifty cents (50¢) per linear foot, to the nearest foot, that the pier extends into coastal fishing waters beyond the mean high waterline. The length of the pier shall be measured to include all extensions of the pier.

(d) The manager who secures the pier license shall be the individual with the duty of executive-level supervision of pier operations. (1997-400, s. 5.1; 1998-225, s. 4.19; 2001-213, s. 2.)

CASE NOTES

Constitutionality. — This section, requiring managers of ocean fishing piers to obtain a license, satisfies the requirements of uniformity, equal protection and due process under both the State and federal Constitutions, as the opportunity to establish an exclusive zone around ocean piers, pursuant to § 113-185(a), and the cost to the State of enforcing this zone, distinguishes ocean piers from other piers and provides reasonable grounds for their separate license tax classification. *State v. Rippy*, 80 N.C. App. 232, 341 S.E.2d 98 (1986), decided under prior statutory provisions.

This section does not violate N.C. Const., Art. V, § 5, which provides that every act of the General Assembly levying a tax shall state the special object to which it is to be applied and that it shall be applied to no other purpose, as this section is part of Subchapter IV of this chapter, the special purpose of which is the conservation of marine and estuarine and wildlife resources, and it is evident that the license tax is levied and applied for this purpose. *State v. Rippy*, 80 N.C. App. 232, 341 S.E.2d 98 (1986), decided under prior statutory provisions.

§ 113-169.5. Land or sell license; vessels fishing beyond territorial waters.

(a) Persons aboard vessels not having their primary situs in the State that are carrying a cargo of fish taken outside the waters of the State may land or sell their catch in the State by purchasing a land or sell license as set forth in this section with respect to the vessel in question. The Commission may by rule modify the land or sell licensing procedure in order to devise an efficient and convenient procedure for licensing out-of-state vessels to only land, or after landing to permit sale of cargo.

(b) The fee for a land or sell license for a vessel not having its primary situs in North Carolina is two hundred dollars (\$200.00), or an amount equal to the nonresident fee charged by the nonresident's state, whichever is greater. Persons aboard vessels having a primary situs in a jurisdiction that would allow North Carolina vessels without restriction to land or sell their catch, taken outside the jurisdiction, may land or sell their catch in the State without complying with this section if the persons are in possession of a valid license from their state of residence. § 113-170. Exportation and importation of fish and equipment.

The Commission may adopt rules governing the importation and exportation of fish, and equipment that may be used in taking or processing fish, as necessary to enhance the conservation of marine and estuarine resources of the State. These rules may regulate, license, prohibit, or restrict importation into the State and exportation from the State of any and all species of fish that are native to coastal fishing waters or may thrive if introduced into these waters. (1997-400, s. 5.1; 2001-213, s. 2.)

§ 113-170.1. Nonresidents reciprocal agreements.

Persons who are not North Carolina residents are not eligible to obtain licenses under the provisions of this Article except as provided in this section. Residents of jurisdictions that sell commercial fishing licenses to North Carolina residents are eligible to hold North Carolina commercial fishing licenses under the provisions of G.S. 113-168.2. Licenses may be restricted in terms of area, gear, and fishery by the Commission so that the nonresidents are licensed to engage in North Carolina fisheries on the same or similar terms that North Carolina residents can be licensed to engage in the fisheries of other jurisdictions. The Secretary may enter into reciprocal agreements with other jurisdictions as necessary to allow nonresidents to obtain commercial fishing licenses in the State subject to the foregoing provisions. Effect of Amendments. — The 1998 amendment, effective July 1, 1999, substituted "eligible" for "entitled," and "eligible to hold" for "entitled to" in the first sentence.

§ 113-170.2. Fraud or deception as to licenses, permits, or records.

(a) It is unlawful for any person to give any false information or willfully to omit giving required information to the Division or any license agent when the information is material to the securing of any license or permit under this Article. It is unlawful to falsify, fraudulently alter, or counterfeit any license, permit, identification, or record to which this Article applies or otherwise practice any fraud or deception designed to evade the provisions of this Article or reasonable administrative directives made under the authority of this Article.

(b) A violation of this section is punishable by a fine of not less than one hundred dollars (\$100.00) nor more than five hundred dollars (\$500.00). (1997-400, s. 5.1; 2001-213, s. 2.)

§ 113-170.3. Record-keeping requirements.

(a) The Commission may require all licensees under this Article to keep and to exhibit upon the request of an authorized agent of the Department records and accounts as may be necessary to the equitable and efficient administration and enforcement of this Article. In addition, licensees may be required to keep additional information of a statistical nature or relating to location of catch as may be needed to determine conservation policy. Records and accounts required to be kept must be preserved for inspection for not less than three years.

(b) It is unlawful for any licensee to refuse or to neglect without justifiable excuse to keep records and accounts as may be reasonably required. The Department may distribute forms to licensees to aid in securing compliance with its requirements, or it may inform licensees of requirements in other effective ways such as distributing memoranda and sending agents of the Department to consult with licensees who have been remiss. Detailed forms or descriptions of records, accounts, collection and inspection procedures, and the like that reasonably implement the objectives of this Article need not be embodied in rules of the Commission in order to be validly required.

(c) The following records collected and compiled by the Department shall not be considered public records within the meaning of Chapter 132 of the General Statutes, but shall be confidential and shall be used only for the equitable and efficient administration and enforcement of this Article or for determining conservation policy, and shall not be disclosed except when required by the order of a court of competent jurisdiction: all records, accounts, and reports that licensees are required by the Commission to make, keep, and exhibit pursuant to the provisions of this section, and all records, accounts, and

memoranda compiled by the Department from records, accounts, and reports of licensees and from investigations and inspections, containing data and information concerning the business and operations of licensees reflecting their assets, liabilities, inventories, revenues, and profits; the number, capacity, capability, and type of fishing vessels owned and operated; the type and quantity of fishing gear used; the catch of fish or other seafood by species in numbers, size, weight, quality, and value; the areas in which fishing was engaged in; the location of catch; the time of fishing, number of hauls, and the disposition of the fish and other seafood. The Department may compile statistical information in any aggregate or summary form that does not directly or indirectly disclose the identity of any licensee who is a source of the information, and any compilation of statistical information by the Department shall be a public record open to inspection and examination by any person, and may be disseminated to the public by the Department. (1997-400, s. 5.1; 2001-213, s. 2.)

§ 113-170.4. Rules as to possession, transportation, and disposition of fisheries resources.

The Commission may adopt rules governing possession, transportation, and disposition of fisheries resources by all persons, including those not subject to fish dealer licensing requirements, in order that inspectors may adequately distinguish regulated coastal fisheries resources from those not so regulated and enforce the provisions of this Article equitably and efficiently. These rules may include requirements as to giving notice, filing declarations, securing permits, marking packages, and the like. (1997-400, s. 5.1; 2001-213, s. 2.)

§ 113-170.5. Violations with respect to coastal fisheries resources.

It is unlawful to take, possess, transport, process, sell, buy, or in any way deal in coastal fisheries resources without conforming with the provisions of this Article or of rules adopted under the authority of this Article. (1997-400, s. 5.1; 2001-213, s. 2.)

§ 113-171. Suspension, revocation, and reissuance of licenses.

(a) Upon receipt of reliable notice that a person licensed under this Article has had imposed against the person a conviction of a criminal offense within the jurisdiction of the Department under the provisions of this Subchapter or of rules of the Commission adopted under the authority of this Subchapter, the Secretary must suspend or revoke all licenses held by the person in accordance with the terms of this section. Reliable notice includes information furnished

the Secretary in prosecution or other reports from inspectors. As used in this section, a conviction includes a plea of guilty or *nolo contendere*, any other termination of a criminal prosecution unfavorably to the defendant after jeopardy has attached, or any substitute for criminal prosecution whereby the defendant expressly or impliedly confesses the defendant's guilt. In particular, procedures whereby bond forfeitures are accepted in lieu of proceeding to trial and cases indefinitely continued upon arrest of judgment or prayer for judgment continued are deemed convictions. The Secretary may act to suspend or revoke licenses upon the basis of any conviction in which:

- (1) No notice of appeal has been given;
- (2) The time for appeal has expired without an appeal having been perfected; or
- (3) The conviction is sustained on appeal. Where there is a new trial, finality of any subsequent conviction will be determined in the manner set out above.

(b) The Secretary must initiate an administrative procedure designed to give the Secretary systematic notice of all convictions of criminal offenses by licensees covered by subsection (a) of this section above and keep a file of all convictions reported. Upon receipt of notice of conviction, the Secretary must determine whether it is a first, a second, a third, or a fourth or subsequent conviction of some offense covered by subsection (a). In the case of second convictions, the Secretary must suspend all licenses issued to the licensee for a period of 10 days. In the case of third convictions, the Secretary must suspend all licenses issued to the licensee for a period of 30 days. In the case of fourth or subsequent convictions, the Secretary must revoke all licenses issued to the licensee. Where several convictions result from a single transaction or occurrence, they are to be treated as a single conviction so far as suspension or revocation of the licenses of any licensee is concerned. Anyone convicted of taking or of knowingly possessing, transporting, buying, selling, or offering to buy or sell oysters or clams from areas closed because of suspected pollution will be deemed by the Secretary to have been convicted of two separate offenses on different occasions for license suspension or revocation purposes.

(c) Where a license has been suspended or revoked, the former licensee is not eligible to apply for reissuance of license or for any additional license authorized in this Article during the suspension or revocation period. Licenses must be returned to the licensee by the Secretary or the Secretary's agents at the end of a period of suspension. Where there has been a revocation, application for reissuance of license or for an additional license may not be made until six months following the date of revocation. In such case of revocation, the eligible former licensee must satisfy the Secretary that the licensee will strive in the future to conduct the operations for which the license is sought in accord with all applicable laws and rules. Upon the application of an eligible former licensee after revocation, the Secretary, in the Secretary's discretion, may issue one license sought but not another, as deemed necessary to prevent the hazard of recurring violations of the law.

(d) Upon receiving reliable information of a licensee's conviction of a second or subsequent criminal offense covered by subsection (a) of this section, the Secretary shall promptly cause the licensee to be personally served with written notice of suspension or revocation, as the case may be. The written notice may be served upon any responsible individual affiliated with the corporation, partnership, or association where the licensee is not an individual. The notice of suspension or revocation may be served by an inspector or other agent of the Department, must state the ground upon which it is based, and takes effect immediately upon personal service. The agent of the Secretary making service shall then or subsequently, as may be feasible under the

circumstances, collect all license certificates and plates and other forms or records relating to the license as directed by the Secretary. It is unlawful for any licensee willfully to evade the personal service prescribed in this subsection.

(e) A licensee served with a notice of suspension or revocation may obtain an administrative review of the suspension or revocation by filing a petition for a contested case under G.S. 150B-23 within 20 days after receiving the notice. The only issue in the hearing shall be whether the licensee was convicted of a criminal offense for which a license must be suspended or revoked. A license remains suspended or revoked pending the final decision by the Secretary.

(f) If the Secretary refuses to reissue the license of or issue an additional license to an applicant whose license was revoked, the applicant may contest the decision by filing a petition for a contested case under G.S. 150B-23 within 20 days after the Secretary makes the decision. The Commission shall make the final agency decision in a contested case under this subsection. An applicant whose license is denied under this subsection may not reapply for the same license for at least six months.

(g) The Commission may adopt rules to provide for the disclosure of the identity of any individual or individuals in responsible positions of control respecting operations of any licensee that is not an individual. For the purposes of this section, individuals in responsible positions of control are deemed to be individual licensees and subject to suspension and revocation requirements in regard to any applications for license they may make — either as individuals or as persons in responsible positions of control in any corporation, partnership, or association. In the case of individual licensees, the individual applying for a license or licensed under this Article must be the real party in interest.

(h) In determining whether a conviction is a second or subsequent offense under the provisions of this section, the Secretary may not consider convictions for:

- (1) Offenses that occurred three years prior to the effective date of this Article; or
- (2) Offenses that occurred more than three years prior to the time of the latest offense the conviction for which is in issue as a subsequent conviction. (1997-400, s. 5.1; 2001-213, s. 2.)

§ 113-171.1. Use of spotter planes in commercial fishing operations regulated.

(a) **Spotter Plane Defined.** — A “spotter plane” is an aircraft used for aerial identification of the location of fish in coastal fishing waters so that a vessel may be directed to the fish.

(b) **License.** — Before an aircraft is used as a spotter plane in a commercial fishing operation, the owner or operator of the aircraft must obtain a license for the aircraft from the Division. The fee for a license for a spotter plane is one hundred dollars (\$100.00). An applicant for a license for a spotter plane shall include in the application the identity, either by boat or by company, of the specific commercial fishing operations in which the spotter plane will be used during the license year. If, during the course of the license year, the aircraft is used as a spotter plane in a commercial fishing operation that is not identified in the original license application, the owner or operator of the aircraft shall

amend the license application to add the identity of the additional commercial fishing operation.

(c) **Unlawful Activity.** — It shall be unlawful to:

- (1) Use a spotter plane directed at food fish, except in connection with a purse seine operation authorized by a rule of the Commission.
- (2) Use or permit the use of an unlicensed spotter plane or a licensed spotter plane whose license application does not identify the specific commercial fishing operation involved.
- (3) Participate knowingly in a commercial fishing operation that uses an unlicensed spotter plane or a licensed spotter plane whose license application does not identify the specific commercial fishing operation involved.

(d) **Violation a Misdemeanor.** — A violation of subsection (c) of this section is a Class 1 misdemeanor. (1997-400, s. 5.1; 2001-213, s. 2.)

§ 113-172. License agents.

(a) The Secretary shall designate license agents for the Department. At least one license agent shall be designated for each county that contains or borders on coastal fishing waters. The Secretary may designate additional license agents in any county if the Secretary determines that additional agents are needed to provide efficient service to the public. The Division and license agents designated by the Secretary under this section shall issue licenses authorized under this Article in accordance with this Article and the rules of the Commission. The Secretary may require license agents to enter into a contract that provides for their duties and compensation, post a bond, and submit to reasonable inspections and audits. If a license agent violates any provision of this Article, the rules of the Commission, or the terms of the contract, the Secretary may initiate proceedings for the forfeiture of the license agent's bond and may summarily suspend, revoke, or refuse to renew a designation as a license agent and may impound or require the return of all licenses, moneys, record books, reports, license forms and other documents, ledgers, and materials pertinent or apparently pertinent to the license agency. The Secretary shall report evidence or misuse of State property, including license fees, by a license agent to the State Bureau of Investigation as provided by G.S. 114-15.1.

(b) License agents shall be compensated by adding a surcharge of one dollar (\$1.00) to each license sold and retaining the surcharge. If more than one license is listed on a consolidated license form, the license agent shall be compensated as if a single license were sold. It is unlawful for a license agent to add more than the surcharge authorized by this section to the fee for each license sold. (1997-400, s. 5.1; 1999-209, s. 3; 2001-213, s. 2.)

Effect of Amendments. — Session Laws

§ 113-173. Recreational Commercial Gear License.

(a) **License Required.** — Except as provided in subsection (j) of this section, it is unlawful for any person to take or attempt to take fish for recreational

purposes by means of commercial fishing equipment or gear in coastal fishing waters without holding a RCGL. As used in this section, fish are taken for recreational purposes if the fish are not taken for the purpose of sale. The RCGL entitles the licensee to use authorized commercial gear to take fish for personal use subject to recreational possession limits. It is unlawful for any person licensed under this section or fishing under a RCGL to possess fish in excess of recreational possession limits.

(b) Sale of Fish Prohibited. — It is unlawful for the holder of a RCGL or for a person who is exempt under subsection (j) of this section to sell fish taken under the RCGL or pursuant to the exemption.

(c) Authorized Commercial Gear. —

(1) The Commission shall adopt rules authorizing the use of a limited amount of commercial fishing equipment or gear for recreational fishing under a RCGL. The Commission may authorize the limited use of commercial gear on a uniform basis in all coastal fishing waters or may vary the limited use of commercial gear within specified areas of the coastal fishing waters. The Commission shall periodically evaluate and revise the authorized use of commercial gear for recreational fishing. Authorized commercial gear shall be identified by visible colored tags or other means specified by the Commission in order to distinguish between commercial gear used in a commercial operation and commercial gear used for recreational purposes.

(2) A person who holds a RCGL may use up to 100 yards of gill net to take fish for recreational purposes. Two persons who each hold a RCGL and who are fishing from a single vessel may use up to a combined 200 yards of gill net to take fish for recreational purposes. No more than 200 yards of gill net may be used to take fish for recreational purposes from a single vessel regardless of the number of persons aboard the vessel who hold a RCGL.

(d) Purchase; Renewal. — A RCGL may be purchased at designated offices of the Division and from a license agent authorized under G.S. 113-172. A RCGL may be renewed by mail.

(e) Replacement RCGL. — The provisions of G.S. 113-168.1(h) apply to this section.

(f) Duration; Fees. — The RCGL shall be valid for a one-year period from the date of purchase. The fee for a RCGL for a North Carolina resident shall be thirty-five dollars (\$35.00). The fee for a RCGL for an individual who is not a North Carolina resident shall be two hundred fifty dollars (\$250.00).

(g) RCGL Available for Inspection. — It is unlawful for any person to engage in recreational fishing by means of restricted commercial gear in the State without having ready at hand for inspection a valid RCGL. A holder of a RCGL shall not refuse to exhibit the RCGL upon the request of an inspector or any other law enforcement officer authorized to enforce federal or State laws, regulations, or rules relating to marine fisheries.

(h) Assignment and Transfer Prohibited. — A RCGL is not transferable. Except as provided in subsection (j) of this section, it is unlawful to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL, or to attempt to buy, sell, lend, borrow, assign, or otherwise transfer a RCGL.

(i) Reporting Requirements. — The holder of a RCGL shall comply with the biological data sampling and survey programs of the Commission and the Division.

(j) Exemptions. —

(1) A person who is under 16 years of age may take fish for recreational purposes by means of authorized commercial gear without holding a RCGL if the person is accompanied by a parent, grandparent, or guardian who holds a valid RCGL or if the person has in the person's possession a valid RCGL issued to the person's parent, grandparent, or guardian.

- (2) A person may take crabs for recreational purposes by means of one or more crab pots attached to the shore along privately owned land or to a privately owned pier without holding a RCGL provided that the crab pots are attached with the permission of the owner of the land or pier.
- (3) A person who is on a vessel may take fish for recreational purposes by means of authorized commercial gear without holding a RCGL if there is another person on the vessel who holds a valid RCGL. This exemption does not authorize the use of commercial gear in excess of that authorized for use by the person who holds the valid RCGL or, if more than one person on the vessel holds a RCGL, in excess of that authorized for use by those persons.
- (4) A person using nonmechanical means may take shellfish for personal use within the limits specified in G.S. 113-169.2(i) without holding a RCGL.
- (5) A person may take fish for recreational purposes by means of a gig without holding a RCGL. (1997-400, s. 5.1; 1997-456, s. 55.7; 1998-225, s. 4.21; 1999-209, s. 9; 2000-139, s. 1; 2001-213, s. 2.)

Regulation of Coastal Fisheries.

§ 113-181. Duties and powers of Department.

(a) It is the duty of the Department to administer and enforce the provisions of this Subchapter pertaining to the conservation of marine and estuarine

resources. In execution of this duty, the Department may collect such statistics, market information, and research data as is necessary or useful to the promotion of sports and commercial fisheries in North Carolina and the conservation of marine and estuarine resources generally; conduct or contract for research programs or research and development programs applicable to resources generally and to methods of cultivating, harvesting, marketing, or processing fish as may be beneficial in achieving the objectives of this Subchapter; enter into reciprocal agreements with other jurisdictions with regard to the conservation of marine and estuarine resources; and regulate placement of nets and other sports or commercial fishing apparatus in coastal fishing waters with regard to navigational and recreational safety as well as from a conservation standpoint.

(b) The Department is directed to make every reasonable effort to carry out the duties imposed in this Subchapter. (1915, c. 84, s. 5; 1917, c. 290, s. 10; C.S., s. 1883; 1953, c. 1086; 1965, c. 957, s. 2; 1973, c. 1262, s. 28; 1987, c. 827, s. 101.)

§ 113-182. Regulation of fishing and fisheries.

(a) The Marine Fisheries Commission is authorized to authorize, license, regulate, prohibit, prescribe, or restrict all forms of marine and estuarine resources in coastal fishing waters with respect to:

- (1) Time, place, character, or dimensions of any methods or equipment that may be employed in taking fish;

OPINIONS OF ATTORNEY GENERAL

The Marine Fisheries Commission has the power to regulate North Carolina vessels in the Exclusive Economic Zone (EEZ), and the Marine Patrol has the power to cite those vessels in the EEZ; the Marine Patrol has both subject matter jurisdiction and terri-

torial jurisdiction over State registered vessels in the EEZ, subject to certain restrictions. See opinion of Attorney General to Colonel B. M. Rivenbark, N.C. Marine Patrol Division of Marine Fisheries, 1998 N.C.A.G. 16 (3/9/98).

§ 113-182.1. Fishery Management Plans.

(a) The Department shall prepare proposed Fishery Management Plans for adoption by the Marine Fisheries Commission for all commercially or recreationally significant species or fisheries that comprise State marine or estuarine resources. Proposed Fishery Management Plans shall be developed in accordance with the Priority List, Schedule, and guidance criteria established by the Marine Fisheries Commission under G.S. 143B-289.52.

(b) The goal of the plans shall be to ensure the long-term viability of the State's commercially and recreationally significant species or fisheries. Each plan shall be designed to reflect fishing practices so that one plan may apply to a specific fishery, while other plans may be based on gear or geographic areas. Each plan shall:

- (1) Contain necessary information pertaining to the fishery or fisheries, including management goals and objectives, status of relevant fish stocks, stock assessments for multiyear species, fishery habitat and water quality considerations consistent with Coastal Habitat Protection Plans adopted pursuant to G.S. 143B-279.8, social and economic impact of the fishery to the State, and user conflicts.
- (2) Recommend management actions pertaining to the fishery or fisheries.
- (3) Include conservation and management measures that prevent overfishing, while achieving, on a continuing basis, the optimal yield from each fishery.

(c) To assist in the development of each Fishery Management Plan, the Chair of the Marine Fisheries Commission shall appoint a fishery management plan advisory committee. Each fishery management plan advisory committee shall be composed of commercial fishermen, recreational fishermen, and scientists, all with expertise in the fishery for which the Fishery Management Plan is being developed.

(c1) The Department shall consult with the regional advisory committees established pursuant to G.S. 143B-289.57(e) regarding the preparation of each Fishery Management Plan. Before submission of a plan for review by the Joint Legislative Commission on Seafood and Aquaculture or the Environmental Review Commission, the Department shall review any comment or recommendation regarding the plan that a regional advisory committee submits to the Department within the time limits established in the Schedule for the development and adoption of Fishery Management Plans established by G.S. 143B-289.52. The Commission shall consult with the regional advisory committees regarding the development of any temporary management measure that the Commission determines to be necessary to ensure the viability of the species or fishery while the plan is being developed and regarding the development of any management measure to implement the plan. Before the Commission adopts a temporary management measure or a management measure to implement a plan, the Commission shall review any comment or recommendation regarding the management measure that a regional advisory committee submits to the Commission.

(d) Each Fishery Management Plan shall be reviewed at least once every five years. The Marine Fisheries Commission may revise the Priority List and

guidance criteria whenever it determines that a revision of the Priority List or guidance criteria will facilitate or improve the development of Fishery Management Plans or is necessary to restore, conserve, or protect the marine and estuarine resources of the State. The Marine Fisheries Commission may not revise the Schedule for the development of a Fishery Management Plan, once adopted, without the approval of the Secretary of Environment and Natural Resources.

(e) The Secretary of Environment and Natural Resources shall monitor progress in the development and adoption of Fishery Management Plans in relation to the Schedule for development and adoption of the plans established by the Marine Fisheries Commission. The Secretary of Environment and Natural Resources shall report to the Joint Legislative Commission on Seafood and Aquaculture on progress in developing and implementing the Fishery Management Plans on or before 1 September of each year. The Secretary of Environment and Natural Resources shall report to the Joint Legislative Commission on Seafood and Aquaculture within 30 days of the completion or substantial revision of each proposed Fishery Management Plan. The Joint Legislative Commission on Seafood and Aquaculture shall concurrently review each proposed Fishery Management Plan within 30 days of the date the proposed Plan is submitted by the Secretary. The Joint Legislative Commission on Seafood and Aquaculture may submit comments and recommendations on the proposed Plan to the Secretary within 30 days of the date the proposed Plan is submitted by the Secretary.

(f) The Marine Fisheries Commission shall adopt rules to implement Fishery Management Plans in accordance with Chapter 150B of the General Statutes.

(g) To achieve optimal yield under a Fishery Management Plan, the Marine Fisheries Commission may include in the Plan a recommendation that the General Assembly limit the number of fishermen authorized to participate in the fishery. The Commission may recommend that the General Assembly limit participation in a fishery only if the Commission determines that optimal yield cannot otherwise be achieved. In determining whether to recommend that the General Assembly limit participation in a fishery, the Commission shall consider all of the following factors:

- (1) Current participation in and dependence on the fishery.
- (2) Past fishing practices in the fishery.
- (3) Economics of the fishery.
- (4) Capability of fishing vessels used in the fishery to engage in other fisheries.
- (5) Cultural and social factors relevant to the fishery and any affected fishing communities.
- (6) Capacity of the fishery to support biological parameters.
- (7) Equitable resolution of competing social and economic interests.
- (8) Any other relevant considerations. (1997-400, s. 3.4; 1997-443, s. 11A.119(b); 1998-212, s. 14.3; 1998-225, s. 2.1; 2001-213, s. 1; 2001-452, s. 2.1.)

§ 113-183. Unlawful possession, transportation and sale of fish.

(a) It is unlawful to possess, transport, offer to transport, sell, offer to sell, receive, buy, or attempt to buy any fish regulated by the Department with knowledge or reason to believe that such fish are illicit.

(b) Fish are illicit when taken, possessed, or dealt with unlawfully, or when there has occurred at any time with respect to such fish a substantial failure of compliance with the applicable provisions of this Subchapter or of rules made under the authority of this Subchapter. (1961, c. 1189, s. 2; 1965, c. 957, s. 2; 1987, c. 827, s. 98.)

§ 113-184. Possession and transportation of prohibited oyster equipment.

(a) It is unlawful to carry aboard any vessel subject to licensing requirements under Article 14A under way or at anchor in coastal fishing waters during the regular closed oyster season any scoops, scrapes, dredges, or winders such as are usually or can be used for taking oysters. Provided that when such vessels are engaged in lawfully permitted oyster harvesting operations on any privately held shellfish bottom lease under G.S. 113-202 or G.S. 113-205, the vessel shall be exempt from this requirement.

(b) If any vessel has recently been under way or at anchor in coastal fishing waters engaged in activity similar in manner to that in which oysters are taken with scoops, scrapes, or dredges and at a time or place in which the taking of oysters is prohibited, the presence on board of the vessel of wet oysters or scoops, scrapes, dredges, lines, or deck wet, indicating the taking of oysters,

constitutes prima facie evidence that the vessel was engaged in taking oysters unlawfully with scoops, scrapes, or dredges at the time or place prohibited.

(c) Repealed by Session Laws 1991, c. 86, s. 1. (1903, c. 516, ss. 13-15, 28; Rev., ss. 2385, 2397; C.S., s. 1926; 1963, c. 452; 1965, c. 957, s. 2; 1991, c. 86, s. 1; 1991 (Reg. Sess., 1992), c. 788, s. 1; 1998-225, s. 3.3.)

§ 113-185. Fishing near ocean piers; trash or scrap fishing.

(a) It is unlawful to fish in the ocean from vessels or with a net within 750 feet of an ocean pier licensed in accordance with G.S. 113-169.4. The prohibition shall be effective when:

- (1) Buoys or beach markers, placed at the owner's expense in accordance with the rules adopted by the Marine Fisheries Commission, indicate clearly to fishermen in vessels and on the beach the requisite distance of 750 feet from the pier, and
- (2) The public is allowed to fish from the pier for a reasonable fee.

The prohibition shall not apply to littoral proprietors whose property is within 750 feet of a duly licensed ocean pier.

(b) It is unlawful to engage in any fishing operations known as trash fishing or scrap fishing. "Trash fishing" or "scrap fishing" consists of taking the young of edible fish before they are of sufficient size to be of value as individual food fish:

- (1) For commercial disposition as bait; or
- (2) For sale to any dehydrating or nonfood processing plant; or
- (3) For sale or commercial disposition in any manner.

The Marine Fisheries Commission may by rule authorize the disposition of the young of edible fish taken in connection with the legitimate commercial fishing operations, provided that the quantity of such fish that may be disposed of is sufficiently limited, or the taking and disposition is otherwise so regulated, as to discourage any practice of trash or scrap fishing for its own sake. (1965, c. 957, s. 2; 1973, c. 1262, ss. 28, 86; 1985, c. 452, ss. 1-4; 1987, c. 641, s. 5; c. 827, s. 98; 1991, c. 86, s. 2; 1998-225, s. 3.4.)

Effect of Amendments. — The 1998 amendment, effective July 1, 1999, in subsec-

tion (a), substituted "G.S. 113-169.4" for "G.S. 113-156.1."

CASE NOTES

Classification of Ocean Piers. — Section 113-156.1, requiring managers of ocean fishing piers to obtain a license, satisfies the requirements of uniformity, equal protection and due process under both the State and federal Constitutions, as the opportunity to establish an exclusive zone around ocean piers, pursuant to

subsection (a) of this section, and the cost to the State of enforcing this zone, distinguishes ocean piers from other piers and provides reasonable grounds for their separate license tax classification. *State v. Rippy*, 80 N.C. App. 232, 341 S.E.2d 98 (1986).

§ 113-186. Measures for fish scrap and oil.

All persons buying or selling menhaden for the purpose of manufacturing fish scrap and oil within the State must buy or sell according to the measure prescribed in this section: 22,000 cubic inches for every 1,000 fish. Each day of failure to use the prescribed measure constitutes a separate offense. (1911, c. 101; C.S., s. 1963; 1965, c. 957, s. 2.)

§ 113-187. Penalties for violations of Subchapter and rules.

(b) Any owner of a vessel who knowingly permits it to be used in violation of any provision of this Subchapter and its implementing rules is guilty of a Class A1 misdemeanor.

(c) Any person in charge of a commercial fishing operation conducted in violation of any provision of this Subchapter and its implementing rules or in charge of any vessel used in violation of any provision of this Subchapter and its implementing rules is guilty of a Class A1 misdemeanor.

The violations of the statute or the rules for which the penalty is mandatory are:

- (1) Taking or attempting to take, possess, sell, or offer for sale any oysters, mussels, or clams taken from areas closed by statute, rule, or proclamation because of suspected pollution.
- (2) Taking or attempting to take or have in possession aboard a vessel, shrimp taken by the use of a trawl net, in areas not opened to shrimping, pulled by a vessel not showing lights required by G.S. 75A-6 after sunset and before sunrise.
- (3) Using a trawl net in any coastal fishing waters closed by proclamation or rule to trawl nets.
- (4) Violating the provisions of a special permit or gear license issued by the Department.
- (5) Using or attempting to use any trawl net, long haul seine, swipe net, mechanical methods for oyster or clam harvest or dredge in designated primary nursery areas. (1965, c. 957, s. 2; 1973, c. 1102; c. 1262, ss. 28, 86; 1977, c. 771, s. 4; 1979, c. 388, s. 5; 1987, c. 641, s. 6; c. 827,

Editor's Note. — Session Laws 1997-400, s. 1.1, provides: "This act shall be known as the Fisheries Reform Act of 1997."

Session Laws 1997-400, s. 6.10, provides that, unless otherwise expressly provided, every agency to which the act applies shall adopt rules to implement the provisions of that act only in accordance with the provisions of Chapter 150B of the General Statutes, that the act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1, that every agency to which the act applies that is

authorized to adopt rules to implement the provisions of the act may adopt temporary rules to implement the provisions of the act, and that s. 6.10 of that act shall continue in effect until all rules necessary to implement the provisions of the act have become effective as either temporary rules or permanent rules.

§ 113-188. Additional restrictions authorized.

The setting out of particular offenses or requirements with regard to specific species of fish or with regard to certain types of equipment does not affect the authority of the Marine Fisheries Commission to make similar additional restrictions not in conflict with the provisions of this Article under authority granted in this Chapter. (1965, c. 957, s. 2; 1973, c. 1262, s. 28; 1987, c. 827, s. 102.)

(a) Any person who sells fish in violation of G.S. 113-168.4 or a rule of the Marine Fisheries Commission to implement that section is guilty of a Class A1 misdemeanor.

(b) Any person who purchases fish in violation of G.S. 113-169.3 or a rule of the Marine Fisheries Commission to implement that section is guilty of a Class A1 misdemeanor.

Consistent with the limitations in G.S. 143B-289.53(c), remission requests may be resolved by the Secretary and the violator. If the Secretary and the violator are unable to resolve the request, the Secretary shall deliver remission requests and his recommended action to the Committee on Civil Penalty Remissions of the Marine Fisheries Commission appointed pursuant to G.S. 143B-289.53(c).

(g) If any civil penalty has not been paid within 30 days after notice of assessment has been served on the violator, the Secretary shall request the Attorney General to institute a civil action in the superior court of any county in which the violator resides or has his or its principal place of business to recover the amount of the assessment, unless the violator contests the assessment as provided in subsection (e) of this section, or requests remission of the assessment in whole or in part as provided in subsection (f) of this section. If any civil penalty has not been paid within 30 days after the final agency decision or court order has been served on the violator, the Secretary shall request the Attorney General to institute a civil action in the superior court of any county in which the violator resides or has his or its principal place of business to recover the amount of the assessment. § 113-200. Fishery Resource Grant Program.

(a) Creation. — There is created within the Sea Grant College Program at The University of North Carolina, the Fishery Resource Grant Program. The

purpose of the program is to work within priorities established by the Grants Committee to protect and enhance the State's coastal fishery resources through individual grants in the following areas:

- (1) New fisheries equipment or gear.
- (2) Environmental pilot studies, including water quality and fisheries habitat.
- (3) Aquaculture or mariculture of marine dependent species.
- (4) Seafood technology.

(b) Definition; Annual Establishment of Priorities. — For purposes of this section, the term "fishing related industry" means any of the following: (i) commercial fishing; (ii) recreational fishing; (iii) aquaculture; (iv) mariculture; and (v) handling of seafood products, including seafood dealing and seafood processing. The Grants Committee shall, in cooperation with persons involved in fishing related industries, the Division of Marine Fisheries, and the Sea Grant College Program, establish funding priorities effective July 1 of each year for the grant program. In adopting priorities, the Grants Committee is exempt from Article 2A of Chapter 150B of the General Statutes. The Grants Committee shall provide public notice of its proposed priorities at least 30 days before the Grants Committee meeting prior to a final determination of its priorities for the fiscal year.

(c) Procedure to Solicit Proposals. — Following the establishment of priorities by the Grants Committee, the Sea Grant College Program shall hold workshops within the northern, southern, central, and Pamlico coastal regions to solicit applications and to assist persons involved in fishing related industries in writing proposals. The Sea Grant College Program shall encourage preproposal conferences among persons involved in fishing related industries and those with technical or research backgrounds to work as partners in developing and writing the proposals and in writing reports of final results. If the grants approved by the Grants Committee do not utilize all available funds, the Sea Grant College Program may advertise and solicit additional applications during the applicable fiscal year.

(d) Application for Grant Program. — An applicant may apply for grant funds to the Sea Grant College Program. For purposes of this subsection, every proposal shall include substantial involvement of residents of North Carolina who are actively involved in a fishing related industry. A proposal generated by a person not involved in a fishing related industry may be eligible for funding only if the proposal includes written endorsements supporting the project from persons or organizations representing fishing related industries. An application shall include:

- (1) Name and address of the primary applicant.
- (2) List of marine fishing licenses issued under Chapter 113 of the General Statutes to the applicant by the State of North Carolina.
- (3) A description of the project.
- (4) A detailed statement of the projected costs of the project including the cost to plan and design the project.
- (5) An explanation of how the project will enhance the fishery resource.
- (6) List of names and addresses of any other persons who will participate in the project.
- (7) Any other information necessary to make a recommendation on the application.

(e) Review Process. — The Sea Grant College Program shall conduct an anonymous peer review of all applications for fisheries grants. At least one of the peer reviewers shall be a person involved in a fishing related industry. An application is confidential and is not a public record under G.S. 132-1 until after the closing date for submission of applications. Following the review of all proposals, the Sea Grant College Program shall rank proposals in order of

priority and shall present the recommendations to the Grants Committee. The Sea Grant College Program may adopt criteria to rank proposals. In adopting criteria, the Sea Grant College Program is exempt from Article 2A of Chapter 150B of the General Statutes. Criteria adopted pursuant to this subsection are public records within the meaning of G.S. 132-1.

(e1) Grants Committee. — The Grants Committee shall consist of eleven members as follows:

- (1) Three employees of the Sea Grant College Program, appointed by the Director of the Sea Grant College Program.
- (2) Two employees of the Division of Marine Fisheries, appointed by the Fisheries Director.
- (3) Two members of the Marine Fisheries Commission, appointed by the Chair of the Marine Fisheries Commission.
- (4) One member of the Northeast Regional Advisory Committee established pursuant to G.S. 143B-289.57(e), appointed by the Northeast Regional Advisory Committee.
- (5) One member of the Central Regional Advisory Committee established pursuant to G.S. 143B-289.57(e), appointed by the Central Regional Advisory Committee.
- (6) One member of the Southeast Regional Advisory Committee established pursuant to G.S. 143B-289.57(e), appointed by the Southeast Regional Advisory Committee.
- (7) One member of the Inland Regional Advisory Committee established pursuant to G.S. 143B-289.57(e), appointed by the Inland Regional Advisory Committee.

(f) Award Process. — The Grants Committee shall evaluate all grant proposals and the results of the peer review and ranking conducted pursuant to subsection (e) of this section. On the basis of this evaluation, the Grants Committee shall determine the amount of funding, if any, to be awarded to each grant applicant. To the extent practicable, the Grants Committee shall distribute grant funding among the northern, southern, central, and Pamlico coastal regions. Proposals for projects that include involvement of persons involved in a fishing related industry shall be accorded a priority in funding by the Grants Committee. Following approval by the Grants Committee, the Sea Grant College Program shall award the grants.

(g) Restrictions on Grants. — No member of the Grants Committee may benefit financially from a grant. If a grant recipient from a prior year has failed to perform a grant project to the satisfaction of the Sea Grant College Program or the Grants Committee, the Grants Committee may decline to fund any new application involving the principal applicant.

(h) Grant Reports and Funding. — Grant recipients shall provide quarterly progress reports to the Sea Grant College Program and shall submit invoices for expenditures for each quarter. Twenty-five percent (25%) of the total grant award shall be held until the grant recipient has completed the project and submitted a final written report. The remainder of the grant award shall be distributed upon approval of each quarterly report and upon verification of the expenditures.

(i) Report on Grant Program. — The Sea Grant College Program shall report on the Fishery Resource Grant Program to the Marine Fisheries Commission and the Joint Legislative Commission on Seafood and Aquaculture no later than January 1 of each year. (1995 (Reg. Sess., 1996), c. 633, s. 2; 1997-400, s. 6.7; 1999-162, s. 1.)

Editor's Note. — Session Laws 1995 (Reg. Sess., 1996), c. 633, s. 6, provides: "Notwithstanding subsection (b) of Section 2 of this act, the Marine Fisheries Commission may estab-

lish priorities by September 1, 1996, for the 1996-97 fiscal year."

This section, as enacted by Session Laws 1995 (Reg. Sess., 1996), c. 633, s. 2, was for-

merly numbered 113-190. It was recodified as 113-200 by Session Laws 1997-400, s. 6.7, effective August 14, 1997.

Session Laws 1997-400, s. 1.1, provides: "This act shall be known as the 'Fisheries Reform Act of 1997'."

Session Laws 1997-400, s. 6.10, provides that, unless otherwise expressly provided, every agency to which the act applies shall adopt rules to implement the provisions of that act only in accordance with the provisions of Chapter 150B of the General Statutes, that the act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1, that every agency to which the act applies that is authorized to adopt rules to implement the provisions of the act may adopt temporary rules to implement the provisions of the act, and that s. 6.10 of that act shall continue in effect until all rules necessary to implement the provisions of the act have become effective as either temporary rules or permanent rules.

Session Laws 1997-400, s. 6.13, is a severability clause.

Session Laws 1999-162, s. 2 provides that the Sea Grant College Program shall submit the first report required by G.S. 113-200(i), as amended by Session Laws 1999-162, s. 1, no later than January 1, 2000.

Effect of Amendments. — Session Laws 1999-162, s. 1, effective June 8, 1999, substituted "Grants Committee" for "Marine Fisheries Commission" in subsection (a) and deleted "or" following "species" in subdivision (a)(3); rewrote subsections (b) through (e) and (f); added subsection (e1); in subsection (g), substituted "Grants Committee" for "Commission" twice and substituted "Grants Committee" for "Sea Grant College Program"; and in subsection (i), substituted "the Fishery Resource Grant Program" for "an annual basis" and added "no later than January 1 of each year"; and made minor punctuation changes.

§ 113-202. New and renewal leases for shellfish cultivation; termination of leases issued prior to January 1, 1966.

(a) To increase the use of suitable areas underlying coastal fishing waters for the production of shellfish, the Secretary may grant shellfish cultivation leases to persons who reside in North Carolina under the terms of this section when the Secretary determines, in accordance with his duty to conserve the marine and estuarine resources of the State, that the public interest will benefit from issuance of the lease. Suitable areas for the production of shellfish shall meet the following minimum standards:

- (1) The area leased must be suitable for the cultivation and harvesting of shellfish in commercial quantities.
- (2) The area leased must not contain a natural shellfish bed.
- (3) Cultivation of shellfish in the leased area will be compatible with lawful utilization by the public of other marine and estuarine resources. Other public uses which may be considered include, but are not limited to, navigation, fishing and recreation.
- (4) Cultivation of shellfish in the leased area will not impinge upon the rights of riparian owners.
- (5) The area leased must not include an area designated for inclusion in the Department's Shellfish Management Program.
- (6) The area leased must not include an area which the State Health Director has recommended be closed to shellfish harvest by reason of pollution.

(b) The Secretary may delete any part of an area proposed for lease or may condition a lease to protect the public interest with respect to the factors enumerated in subsection (a) of this section. The Secretary may not grant a new lease in an area heavily used for recreational purposes.

(c) No person, including a corporate entity, or single family unit may acquire and hold by lease, lease renewal, or purchase more than 50 acres of public bottoms under shellfish cultivation leases.

(d) Any person desiring to apply for a lease must make written application to the Secretary on forms prepared by the Department containing such information as deemed necessary to determine the desirability of granting or not granting the lease requested. Except in the case of renewal leases, the application must be accompanied by a map or diagram made at the expense of the applicant, showing the area proposed to be leased.

The map or diagram must conform to standards prescribed by the Secretary concerning accuracy of map or diagram and the amount of detail that must be shown. If on the basis of the application information and map or diagram the Secretary deems that granting the lease would benefit the shellfish culture of North Carolina, the Secretary, in the case of initial lease applications, must order an investigation of the bottom proposed to be leased. The investigation is to be made by the Secretary or his authorized agent to determine whether the area proposed to be leased is consistent with the standards in subsection (a) and any other applicable standards under this Article and the rules of the

Marine Fisheries Commission. In the event the Secretary finds the application inconsistent with the applicable standards, the Secretary shall deny the application or propose that a conditional lease be issued that is consistent with the applicable standards. In the event the Secretary authorizes amendment of the application, the applicant must furnish a new map or diagram meeting requisite standards showing the area proposed to be leased under the amended application. At the time of making application for an initial lease, the applicant must pay a filing fee of one hundred dollars (\$100.00).

(e) The area of bottom applied for in the case of an initial lease or amended initial lease must be as compact as possible, taking into consideration the shape of the body of water, the consistency of the bottom, and the desirability of separating the boundaries of a leasehold by a sufficient distance from any known natural shellfish bed to prevent the likelihood of disputes arising between the leaseholder and members of the public taking shellfish from the natural bed.

(f) Within a reasonable time after receipt of an application that complies with subsection (d), the Secretary shall notify the applicant of the intended action on the lease application. If the intended action is approval of the application as submitted or approval with a modification to which the applicant agrees, the Secretary shall conduct a public hearing in the county where the proposed leasehold lies. The Secretary must publish at least two notices of the intention to lease in a newspaper of general circulation in the county in which the proposed leasehold lies. The first publication must precede the public hearing by more than 20 days; the second publication must follow the first by seven to 11 days. The notice of intention to lease must contain a sufficient description of the area of the proposed leasehold that its boundaries may be established with reasonable ease and certainty and must also contain the date, hour and place of the hearing.

(g) After consideration of the public comment received and any additional investigations the Secretary orders to evaluate the comments, the Secretary shall notify the applicant in person or by certified or registered mail of the decision on the lease application. The Secretary shall also notify persons who submitted comments at the public hearing and requested notice of the lease decision. An applicant who is dissatisfied with the Secretary's decision or another person aggrieved by the decision may commence a contested case by filing a petition under G.S. 150B-23 within 20 days after receiving notice of the Secretary's decision. In the event the Secretary's decision is a modification to which the applicant agrees, the lease applicant must furnish an amended map or diagram before the lease can be issued by the Secretary. The Secretary shall make the final agency decision in a contested case.

(h) Repealed by Session Laws 1993, c. 466, s. 1.

(i) After a lease application is approved by the Secretary, the applicant shall submit to the Secretary a survey of the area approved for leasing and define the bounds of the area approved for leasing with markers in accordance with the rules of the Commission. The survey shall conform to standards prescribed by the Secretary concerning accuracy of survey and the amount of detail to be shown. When an acceptable survey is submitted, the boundaries are marked and all fees and rents due in advance are paid, the Secretary shall execute the lease on forms approved by the Attorney General. The Secretary is authorized, with the approval of the lessee, to amend an existing lease by reducing the area under lease or by combining contiguous leases without increasing the total area leased.

(j) Initial leases begin upon the issuance of the lease by the Secretary and expire at noon on the first day of April following the tenth anniversary of the granting of the lease. Renewal leases are issued for a period of 10 years effective from the time of expiration of the previous lease. At the time of

making application for renewal of a lease, the applicant must pay a filing fee of fifty dollars (\$50.00). The rental for initial leases is one dollar (\$1.00) per acre for all leases entered into before July 1, 1965, and for all other leases until noon on the first day of April following the first anniversary of the lease. Thereafter, for initial leases entered into after July 1, 1965, and from the beginning for renewals of leases entered into after said date, the rental is five dollars (\$5.00) per acre per year. Rental must be paid annually in advance prior to the first day of April each year. Upon initial granting of a lease, the pro rata amount for the portion of the year left until the first day of April must be paid in advance at the rate of one dollar (\$1.00) per acre per year; then, on or before the first day of April next, the lessee must pay the rental for the next full year.

(k) Except as restricted by this Subchapter, leaseholds granted under this section are to be treated as if they were real property and are subject to all laws relating to taxation, sale, devise, inheritance, gift, seizure and sale under execution or other legal process, and the like. Leases properly acknowledged and probated are eligible for recordation in the same manner as instruments conveying an estate in real property. Within 30 days after transfer of beneficial ownership of all or any portion of or interest in a leasehold to another, the new owner must notify the Secretary of such fact. Such transfer is not valid until notice is furnished the Secretary. In the event such transferee is a nonresident, the Secretary must initiate proceedings to terminate the lease.

(l) Upon receipt of notice by the Secretary of any of the following occurrences, he must commence action to terminate the leasehold:

- (1) Failure to pay the annual rent in advance.
- (2) Failure to file information required by the Secretary upon annual remittance of rental or filing false information on the form required to accompany the annual remittance of rental.
- (3) Failure by new owner to report a transfer of beneficial ownership of all or any portion of or interest in the leasehold.
- (4) Failure to mark the boundaries in the leasehold and to keep them marked as required in the rules of the Marine Fisheries Commission.
- (5) Failure to utilize the leasehold on a continuing basis for the commercial production of shellfish.
- (6) Transfer of all or part of the beneficial ownership of a leasehold to a nonresident.
- (7) Substantial breach of compliance with the provisions of this Article or of rules of the Marine Fisheries Commission governing use of the leasehold.

The Marine Fisheries Commission is authorized to make rules defining commercial production of shellfish, based upon the productive potential of particular areas climatic or biological conditions at particular areas or particular times, availability of seed shellfish, availability for purchase by lessees of shells or other material to which oyster spat may attach, and the like. Commercial production may be defined in terms of planting effort made as well as in terms of quantities of shellfish harvested. Provided, however, that if a lessee has made a diligent effort to effectively and efficiently manage his lease according to accepted standards and practices in such management, and because of reasons beyond his control, such as acts of God, such lessee has not and cannot meet the requirements set out by the Marine Fisheries Commission under the provisions of this paragraph of this subsection, his leasehold shall not be terminated under subdivision (5) of this subsection.

(m) In the event the leaseholder takes steps within 30 days to remedy the situation upon which the notice of intention to terminate was based and the Secretary is satisfied that continuation of the lease is in the best interests of the shellfish culture of the State, the Secretary may discontinue termination

procedures. Where there is no discontinuance of termination procedures, the leaseholder may initiate a contested case by filing a petition under G.S. 150B-23 within 30 days of receipt of notice of intention to terminate. The Secretary shall make the final agency decision of all lease terminations. Where the leaseholder does not initiate a contested case, or the Secretary's final decision upholds termination, the Secretary must send a final letter of termination to the leaseholder. The final letter of termination may not be mailed sooner than 30 days after receipt by the leaseholder of the Secretary's notice of intention to terminate, or of the Secretary's final agency decision, as appropriate. The lease is terminated effective at midnight on the day the final notice of termination is served on the leaseholder. The final notice of termination may not be issued pending hearing of a contested case initiated by the leaseholder.

Service of any notice required in this subsection may be accomplished by certified mail, return receipt requested; personal service by any law-enforcement officer; or upon the failure of these two methods, publication. Service by publication shall be accomplished by publishing such notices in a newspaper of general circulation within the county where the lease is located for at least once a week for three successive weeks. The format for notice by publication shall be approved by the Attorney General.

(n) Upon final termination of any leasehold, the bottom in question is thrown open to the public for use in accordance with laws and rules governing use of public grounds generally. Within 30 days of final termination of the leasehold, the former leaseholder shall remove all abandoned markers denoting the area of the leasehold as a private bottom. The State may, after 10 days' notice to the owner of the abandoned markers thereof, remove the abandoned structure and have the area cleaned up. The cost of such removal and cleanup shall be payable by the owner of the abandoned markers and the State may bring suit to recover the costs thereof.

(o) Every year between January 1 and February 15 the Secretary must mail to all leaseholders a notice of the annual rental due and include forms designed by him for determining the amount of shellfish or shells planted on the leasehold during the preceding calendar year, and the amount of harvest gathered. Such forms may contain other pertinent questions relating to the utilization of the leasehold in the best interests of the shellfish culture of the State, and must be executed and returned by the leaseholder with the payment of his rental. Any leaseholder or his agent executing such forms for him who knowingly makes a false statement on such forms is guilty of a Class 1 misdemeanor.

(p) All leases and renewal leases granted after the effective date of this Article are made subject to this Article and to reasonable amendment of governing statutes, rules of the Marine Fisheries Commission, and requirements imposed by the Secretary or his agents in regulating the use of the leasehold or in processing applications of rentals. This includes such statutory increase in rentals as may be necessitated by changing conditions and refusal to renew lease after expiration, in the discretion of the Secretary. No increase in rentals, however, may be given retroactive effect.

The General Assembly declares it to be contrary to public policy to the oyster and clam bottoms which were leased prior to January 1, 1966, and which are not being used to produce oysters and clams in commercial quantities to continue to be held by private individuals, thus depriving the public of a resource which belongs to all the people of the State. Therefore, when the Secretary determines, after due notice to the lessee, and after opportunity for the lessee to be heard, that oysters or clams are not being produced in commercial quantities, due to the lessee's failure to make diligent effort to produce oysters and clams in commercial quantities, the Secretary may decline

to renew, at the end of the current term, any oyster or clam bottom lease which was executed prior to January 1, 1966. The lessee may appeal the denial of the Secretary to renew the lease by initiating a contested case pursuant to G.S. 150B-23. In such contested cases, the burden of proof, by the greater weight of the evidence, shall be on the lessee.

(q) Repealed by Session Laws 1983, c. 621, s. 16. (1893, c. 287, s. 1; Rev., s. 2371; 1909, c. 871, ss. 1-9; 1919, c. 333, s. 6; C.S., ss. 1902-1911; Ex. CASE NOTES

Riparian rights are vested property rights that cannot be taken for private or public purposes without compensating the owner, and they arise out of ownership of land bounded or traversed by navigable water. In re Mason ex rel. Huber, 78 N.C. App. 16, 337 S.E.2d 99 (1985), cert. denied, 315 N.C. 588, 341 S.E.2d 27 (1986).

Lease Constitutes Contract That May Not Be Abrogated by Subsequent Statute. — While there is no vested right in the provisions of a statute, where a person has leased the bottom of waters from the State for oyster beds pursuant to former law, the lease constitutes a contract between the lessee and the State, and the State may not by subsequent statute abrogate the terms of the contract, either as to duration and renewals or the amount of rent. *Oglesby v. Adams*, 268 N.C. 272, 150 S.E.2d 383 (1966).

Requested Fee Increase After First Renewal Term Permissible. — Where plaintiff and State, parties to a lease of oyster bottoms, did not intend to create a perpetual lease, a third renewal of the lease was within the discretion of the State, and a requested increase in the rental fee, pursuant to this section, after the first renewal term had ended, was constitutionally permissible and did not impair the State's obligation of its lease contract with plaintiff. *Oglesby v. McCoy*, 41 N.C. App. 735, 255 S.E.2d 773, cert. denied, 298 N.C. 299, 259 S.E.2d 301 (1979).

Lease May Not Impinge upon Riparian

Rights. — The Legislature vested the authority to promote the shellfish industry in the Marine Fisheries Commission, but it also mandated that the Commission may not lease a bottom area if the lease would impinge upon riparian rights. In re Mason ex rel. Huber, 78 N.C. App. 16, 337 S.E.2d 99 (1985), cert. denied, 315 N.C. 588, 341 S.E.2d 27 (1986).

Lease for shellfish cultivation issued under this section did not infringe upon the riparian rights of the landowner. In re Mason ex rel. Huber, 78 N.C. App. 16, 337 S.E.2d 99 (1985), cert. denied, 315 N.C. 588, 341 S.E.2d 27 (1986).

Findings Prerequisite to Lease. — As the Commission's regulations define the term "natural shellfish bed" as an area of public bottom where 10 bushels or more of shellfish per acre are found to be growing, and this section specifically requires that the Commission's regulations, as well as the statutory requirements, be followed in conducting an investigation and in making the determination of acceptability of a proposed site under subsection (a) of this section, before a lease may be approved there must be a finding under the Commission's regulatory standards that the site contains less than 10 bushels of shellfish per acre. In re Mason ex rel. Huber, 78 N.C. App. 16, 337 S.E.2d 99 (1985), cert. denied, 315 N.C. 588, 341 S.E.2d 27 (1986).

This section requires an investigation to determine whether a natural shellfish bed exists within the bounds of the area proposed

to be leased. In re Mason ex rel. Huber, 78 N.C. App. 16, 337 S.E.2d 99 (1985), cert. denied, 315 N.C. 588, 341 S.E.2d 27 (1986).

Survey Required. — Without the results of a proper and timely survey, the Commission's regulations and the minimum requirements of this section cannot be satisfied. In re Mason ex rel. Huber, 78 N.C. App. 16, 337 S.E.2d 99 (1985), cert. denied, 315 N.C. 588, 341 S.E.2d 27 (1986).

Commission May Not Adopt One Standard But Apply Another. — The Commission may not adopt in its regulations one standard (an objective "10 bushels per acre" standard) and then apply another (a subjective standard that considers an area's substrate, vegetation and wind exposure). In re Mason ex rel. Huber, 78 N.C. App. 16, 337 S.E.2d 99 (1985), cert. denied, 315 N.C. 588, 341 S.E.2d 27 (1986).

Planting Must Await Determination. — To allow the unauthorized planting of artificial beds before investigations, and then conclude that there must be no natural beds at the mat-obstructed sites, would defeat the purpose

of this section. Clearly, the planting must await the determination of the absence of a natural bed; otherwise, the determination is a foregone conclusion. In re Mason ex rel. Huber, 78 N.C. App. 16, 337 S.E.2d 99 (1985), cert. denied, 315 N.C. 588, 341 S.E.2d 27 (1986).

Where lease applicant's protective mats prevented a proper investigation, the Commission had insufficient evidence in the record, taken as a whole, to conclude that the area did not contain a natural shellfish bed. Access as Condition of Lease. — The Commission was well within its authority to condition lease for shellfish cultivation on the provision of a zone of access for the owner of the riparian rights. Applied in State ex rel. Rohrer v. Credle, 322 N.C. 522, 369 S.E.2d 825 (1988).

§ 113-202.1. Water column leases for aquaculture.

(a) To increase the productivity of leases for shellfish culture issued under G.S. 113-202, the Secretary may amend shellfish cultivation leases to authorize use of the water column superjacent to the leased bottom under the terms of this section when he determines the public interest will benefit from amendment of the leases. Leases with water column amendments must produce shellfish in commercial quantities at four times the minimum production rate of leases issued under G.S. 113-202, or any higher quantity required by the Marine Fisheries Commission through duly adopted rules.

(b) Suitable areas for the authorization of water column use shall meet the following minimum standards:

- (1) Aquaculture use of the leased area must not significantly impair navigation;
- (2) The leased area must not be within a navigation channel marked or maintained by a state or federal agency;
- (3) The leased area must not be within an area traditionally used and available for fishing or hunting activities incompatible with the activities proposed by the leaseholder, such as trawling or seining;
- (4) Aquaculture use of the leased area must not significantly interfere with the exercise of riparian rights by adjacent property owners including access to navigation channels from piers or other means of access; and
- (5) Any additional standards, established by the Commission in duly adopted rules, to protect the public interest in coastal fishing waters.

(c) The Secretary shall not amend shellfish cultivation leases to authorize use of the water column unless:

- (1) The leaseholder submits an application, accompanied by a nonrefundable application fee of one hundred dollars (\$100.00), which conforms to the standards for lease applications in G.S. 113-202(d) and the duly adopted rules of the Commission;
- (2) The proposed amendment has been noticed consistent with G.S. 113-202(f);
- (3) Public hearings have been conducted consistent with G.S. 113-202(g);

- (4) The aspects of the proposals which require use and dedication of the water column have been documented and are recognized by the Secretary as commercially feasible forms of aquaculture which will enhance shellfish production on the leased area;
- (5) It is not feasible to undertake the aquaculture activity outside of coastal fishing waters; and
- (6) The authorized water column use has the least disruptive effect on other public trust uses of the waters of any available technology to produce the shellfish identified in the proposal.

(d) Amendments of shellfish cultivation leases to authorize use of the water column are issued for a period of five years or the remainder of the term of the lease, whichever is shorter. The annual rental for an initial water column amendment is one hundred dollars (\$100.00) an acre for each of the first four years for which the amendment is issued and five hundred dollars (\$500.00) an acre for the fifth year for which the amendment is issued. The annual rental for a renewed water column amendment is five hundred dollars (\$500.00) an acre. If a year for which a water column amendment is issued is less than a 12-month period, the rental for that year shall be prorated based on the number of months in the year. The annual rental for an amendment is payable at the beginning of the year. The rental is in addition to that required in G.S. 113-202.

(e) Amendments of shellfish cultivation leases to authorize use of the water column are subject to termination in accordance with the procedures established in G.S. 113-202 for the termination of shellfish cultivation leases. Additionally, such amendments may be terminated for unauthorized or unlawful interference with the exercise of public trust rights by the leaseholder, agents and employees of the leaseholder.

(f) Amendments of shellfish cultivation leases to authorize use of the water column are not transferrable except when the Secretary approves the transfer after public notice and hearing consistent with subsection (c) of this section.

(g) After public notice and hearing consistent with subsection (c) of this section, the Secretary may renew an amendment, in whole or in part, when the leaseholder has produced commercial quantities of shellfish and has otherwise complied with the rules of the Commission. Renewals may be denied or reduced in scope when the public interest so requires. Appeal of renewal decisions shall be conducted in accordance with G.S. 113-202(p). Renewals are subject to the lease terms and rates established in subsection (d) of this section.

(h) The procedures and requirements of G.S. 113-202 shall apply to proposed amendments or amendments of shellfish cultivation leases considered under this section except more specific provisions of this section control conflicts between the two sections.

(i) To the extent required by demonstration or research aquaculture development projects, the Secretary may amend existing leases and issue leases that authorize use of the bottom and the water column. Demonstration or research aquaculture development projects may be authorized for two years with no more than one renewal and when the project is proposed or formally sponsored by an educational institution which conducts research or demonstration of aquaculture. Production of shellfish with a sales value in excess of one thousand dollars (\$1,000) per acre per year shall constitute commercial production. Demonstration or research aquaculture development projects shall be exempt for the rental rate in subsection (d) of this section unless commercial production occurs as a result of the project. (1989, c. 423, s. 1; 1989 (Reg. Sess., 1990), c. 1004, s. 4; c. 1024, s. 22; 1993, c. 322, s. 1; c. 466, s. 2.)

§ 113-202.2. Water column leases for aquaculture for perpetual franchises.

(a) To increase the productivity of shellfish grants and perpetual franchises for shellfish culture recognized under G.S. 113-206, the Secretary may lease the water column superjacent to such grants or perpetual franchises (hereinafter "perpetual franchises") under the terms of this section when it determines the public interest will benefit from the lease. Perpetual franchises with water column leases must produce shellfish in commercial quantities at four times the minimum production rate of leases issued under G.S. 113-202, or any higher quantity required by the Marine Fisheries Commission by rule.

(b) Suitable areas for the authorization of water column use shall meet the following minimum standards:

- (1) Aquaculture use of the leased water column area must not significantly impair navigation;
- (2) The leased water column area must not be within a navigation channel marked or maintained by a State or federal agency;
- (3) The leased water column area must not be within an area traditionally used and available for fishing or hunting activities incompatible with the activities proposed by the perpetual franchise holder, such as trawling or seining;
- (4) Aquaculture use of the leased water column area must not significantly interfere with the exercise of riparian rights by adjacent property owners including access to navigation channels from piers or other means of access;
- (5) The leased water column area may not exceed 10 acres for grants or perpetual franchises recognized pursuant to G.S. 113-206;
- (6) The leased water column area must not extend more than one-third of the distance across any body of water or into the channel third of any body of water for grants or perpetual franchises recognized pursuant to G.S. 113-206; and
- (7) Any additional rules to protect the public interest in coastal fishing waters adopted by the Commission.

(c) The Secretary shall not lease the water column superjacent to oyster or other shellfish grants or perpetual franchises unless:

- (1) The perpetual franchise holder submits an application, accompanied by a nonrefundable application fee of one hundred dollars (\$100.00), which conforms to the standards for lease applications in G.S. 113-202(d) and rules adopted by the Commission;
- (2) Notice of the proposed lease has been given consistent with G.S. 113-202(f);
- (3) Public hearings have been conducted consistent with G.S. 113-202(g);
- (4) The aspects of the proposals which require use and dedication of the water column have been documented and are recognized by the Secretary as commercially feasible forms of aquaculture which will enhance shellfish production;
- (5) It is not feasible to undertake the aquaculture activity outside of coastal fishing waters; and
- (6) The authorized water column use has the least disruptive effect on other public trust uses of the waters of any available technology to produce the shellfish identified in the proposal.

(d) Water column leases to perpetual franchises shall be issued for a period of five years and may be renewed pursuant to subsection (g) of this section. The rental for an initial water column lease issued under this section is the same as the rental set in G.S. 113-202.1 for an initial water column amendment issued under that section, and the rental for a renewed water column lease

issued under this section is the same as the rental set in G.S. 113-202.1 for a renewed water column amendment issued under that section.

(e) Water column leases to perpetual franchises may be terminated for unauthorized or unlawful interference with the exercise of public trust rights by the leaseholder or his agents or employees.

(f) Water column leases to perpetual franchises are not transferrable except when the Secretary approves the transfer after public notice and hearing consistent with G.S. 113-202(f) and (g).

(g) After public notice and hearing consistent with G.S. 113-202(f) and (g), the Secretary may renew a water column lease, in whole or in part, if the leaseholder has produced commercial quantities of shellfish and has otherwise complied with this section and the rules of the Commission. Renewals may be denied or reduced in scope when the public interest so requires. Appeal of renewal decisions shall be conducted in accordance with G.S. 113-202(p). Renewals are subject to the lease terms and rates set out in subsection (d) of this section.

(h) The procedures and requirements of G.S. 113-202 shall apply to proposed water column leases or water column leases to perpetual franchises considered under this section except that more specific provisions of this section control conflicts between the two sections.

(i) Demonstration or research aquaculture development projects may be authorized for two years with no more than one renewal and when the project is proposed or formally sponsored by an educational institution which conducts aquaculture research or demonstration projects. Production of shellfish with a sales value in excess of one thousand dollars (\$1,000) per acre per year shall constitute commercial production. Demonstration or research aquaculture development projects shall be exempt from the rental rate in subsection (d) of this section unless commercial production occurs as a result of the project. (1989 (Reg. Sess., 1990), c. 958, s. 1; 1993, c. 322, s. 2; c. 466, s. 3.)

§ 113-203. Transplanting of oysters and clams.

(a) It is unlawful to transplant oysters taken from public grounds to private beds except:

- (1) When lawfully taken during open season and transported directly to a private bed in accordance with rules of the Marine Fisheries Commission;
- (2) When the transplanting is done by a dealer in accordance with the provisions of G.S. 113-169.1(2) and implementing rules; or
- (3) When the transplanting is done in accordance with the provisions of this section and implementing rules.

(b) It is lawful to transplant to private beds oysters or clams taken from polluted waters with a permit from the Secretary setting out the waters from which the oysters or clams may be taken, the quantities which may be taken, the times during which the taking is permissible, and other reasonable restrictions imposed by the Secretary to aid him in his duty of regulating such transplanting operations. Any transplanting operation which does not substantially comply with the restrictions of the permit issued is unlawful.

(c) It is lawful to transplant to private beds oysters taken from public beds managed by the State for the production of seed oysters in accordance with the implementing rules of the Marine Fisheries Commission. Persons taking such seed oysters may, in the discretion of the Marine Fisheries Commission, be required to pay to the Department for oysters taken an amount to reimburse the Department in full or in part for the costs of seed-oyster management operations.

(d) It is lawful to transplant to private beds in North Carolina oysters taken from public beds designated by the Marine Fisheries Commission as natural

seed oyster areas. Such areas shall be designated as natural seed oyster areas in the following manner:

- (1) A petition shall be filed with the Secretary by the board of county commissioners of the county in which such area is located requesting the designation of and describing the area proposed as a natural seed oyster area. Upon the receipt of the petition, the Secretary shall, within six weeks of the receipt by him of such petition, cause an investigation of the area proposed to be designated as a natural seed oyster area. Such investigation shall be made by qualified biologists of the Department. The Secretary shall then make a recommendation to the Marine Fisheries Commission as to whether the area described in the petition should be designated as a natural seed oyster area and such area shall be so designated by the Marine Fisheries Commission only after the Secretary so recommends as being in the best interests of the State.
- (2) The Secretary shall issue permits to all qualified individuals who are residents of North Carolina without regard to county of residence to transplant seed oysters from said designated natural seed oyster areas, setting out the quantity which may be taken, the times which the taking is permissible and other reasonable restrictions imposed to aid him in his duty of regulating such transplanting operations. Any transplanting operation which does not substantially comply with the restrictions of the permit issued is unlawful.

(e) The Marine Fisheries Commission may implement the provisions of this section by rules governing sale, possession, transportation, storage, handling, planting, and harvesting of oysters and clams and setting out any system of marking oysters and clams or of permits or receipts relating to them generally, from both public and private beds, as necessary to regulate the lawful transplanting of seed oysters and oysters or clams taken from or placed on public or private beds. Editor's Note. — Session Laws 1997-400, s. 1.1, provides: "This act shall be known as the Fisheries Reform Act of 1997."

Session Laws 1997-400, s. 6.10, provides that, unless otherwise expressly provided, every agency to which the act applies shall adopt rules to implement the provisions of that act only in accordance with the provisions of Chapter 150B of the General Statutes, that the act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1, that every agency to which the act applies that is authorized to adopt rules to implement the provisions of the act may adopt temporary rules

to implement the provisions of the act, and that s. 6.10 of that act shall continue in effect until all rules necessary to implement the provisions of the act have become effective as either temporary rules or permanent rules.

Session Laws 1997-400, s. 6.13, is a severability clause.

Effect of Amendments. — The 1997 amendment, effective July 1, 1999, substituted "G.S. 113-169.1(2)" for "G.S. 113-158" in subdivision (a)(2).

§ 113-204. Propagation of shellfish.

The Department is authorized to close areas of public bottoms under coastal fishing waters for such time as may be necessary in any program of propagation of shellfish. The Department is authorized to expend State funds planting such areas and to manage them in ways beneficial to the overall productivity of the shellfish industry in North Carolina. The Department in its discretion in accordance with desirable conservation objectives may make shellfish produced by it available to commercial fishermen generally, to those in possession of private shellfish beds, or to selected individuals cooperating with the

Department in demonstration projects concerned with the cultivation, harvesting, or processing of shellfish. (1921, c. 132, s. 1; C.S., s. 1959(a); 1961, c. 1189, s. 1; 1965, c. 957, s. 2; 1973, c. 1262, s. 28; 1977, c. 771, s. 4; 1989, c. 727, s. 101.)

§ 113-205. Registration of grants in navigable waters; exercise of private fishery rights.

(a) Every person claiming to any part of the bed lying under navigable waters of any coastal county of North Carolina or any right of fishery in navigable waters of any coastal county superior to that of the general public must register the grant, charter, or other authorization under which he claims with the Secretary. Such registration must be accompanied by a survey of the claimed area, meeting criteria established by the Secretary for surveys of oyster and clam leases. All rights and titles not registered in accordance with this section on or before January 1, 1970, are hereby declared null and void. The Secretary must give notice of this section at least once each calendar year for three years by publication in a newspaper or newspapers of general circulation throughout all coastal counties of the State. For the purpose of this subsection, "coastal county" shall mean all the following counties: Beaufort, Bertie, Bladen, Brunswick, Camden, Carteret, Chowan, Columbus, Craven, Currituck, Dare, Gates, Halifax, Hertford, Hyde, Martin, New Hanover, Northampton, Onslow, Pamlico, Pasquotank, Pender, Perquimans, Tyrrell, and Washington. The provisions of this section shall not apply to the land lying under any private fish pond or irrigation pond.

(b) The Marine Fisheries Commission may make reasonable rules governing utilization of private fisheries and may require grantees or others with private rights to mark their fishery areas or private beds in navigable waters as a precondition to the right of excluding the public from exercising the private rights claimed to be secured to them. Nothing in this section is to be deemed to confer upon any grantee or other person with private rights the power to impede navigation upon or hinder any other appropriate use of the surface of navigable waters of North Carolina. (1965, c. 957, s. 2; 1971, c. 346, s. 1; 1973, c. 1262, s. 28; 1987, c. 827, s. 98.)

CASE NOTES

Navigable Waters. — If a body of water in its natural condition can be navigated by watercraft, it is navigable in fact and, therefore, navigable in law, even if it has not been used for such purpose. Lands lying beneath such waters that are navigable in law are the subject of the public trust doctrine. *Gwathmey v. State ex rel. Dep't of Env't, Health & Natural Resources*, 342 N.C. 287, 464 S.E.2d 674 (1995).

The superior court is accorded subject matter jurisdiction only over appeals of denial of a claim of title or franchise asserted

pursuant to this section. *Bryant v. Hogarth*, 127 N.C. App. 79, 488 S.E.2d 269 (1997), cert. denied, 347 N.C. 396, 494 S.E.2d 406 (1997).

§ 113-206. Chart of grants, leases and fishery rights; overlapping leases and rights; contest or condemnation of claims; damages for taking of property.

(a) The Secretary must commence to prepare as expeditiously as possible charts of the waters of North Carolina containing the locations of all oyster and clam leaseholds made by the Department under the provisions of this Article and of all existing leaseholds as they are renewed under the provisions of this Article, the locations of all claims of grant of title to portions of the bed under navigable waters registered with him, and the locations of all areas in navigable waters to which a right of private fishery is claimed and registered with him. Charting or registering any claim by the Secretary in no way implies recognition by the State of the validity of the claim.

(a1) If a claim is based on an oyster or other shellfish grantor a perpetual franchise for shellfish cultivation, the Secretary may, to resolve the claim, grant a shellfish lease to the claimant for part or all of the area claimed. If a claim of exclusive shellfishing rights was registered based upon a conveyance by the Literary Fund, the North Carolina Literary Board or the State Board of Education, and the claimant shows that the area had been cultivated by the claimant or his predecessor in title for the seven-year period prior to registration of the claim, the Secretary may, to resolve the claim, grant a shellfish lease to the claimant for all or part of the area claimed, not to exceed ten acres. A shellfish lease granted under this subsection is subject to the restrictions imposed on shellfish leases in G.S. 113-202, except the prohibition against leasing an area that contains a natural shellfish bed in G.S. 113-202(a)(2). This restriction is waived because, due to the cultivation efforts of the claimant, the area is likely to contain a natural shellfish bed.

(b) In the event of any overlapping of areas leased by the Department, the Secretary shall recommend modification of the areas leased as he deems equitable to all parties. Appeal from the recommendation of the Secretary lies for either party in the same manner as for a lease applicant as to which there is a recommendation of denial or modification of lease. If there is no appeal, or upon settlement of the issue upon appeal, the modified leases must be approved by the Marine Fisheries Commission and reissued by the Secretary in the same manner as initial or renewal leases. Leaseholders must furnish the Secretary surveys of the modified leasehold areas, meeting the requisite criteria for surveys established by the Secretary.

(c) In the event of any overlapping of areas leased by the Department and of areas in which title or conflicting private right of fishery is claimed and registered under the provisions of this Article, the Secretary must give preference to the leaseholder engaged in the production of oysters or clams in commercial quantities who received the lease with no notice of the existence of any claimed grant or right of fishery. To this end, the Secretary shall cause a modification of the claim registered with him and its accompanying survey to exclude the leasehold area. Such modification effected by the Secretary has the effect of voiding the grant of title or right of fishing to the extent indicated.

(d) In the interest of conservation of the marine and estuarine resources of North Carolina, the Department may institute an action in the superior court to contest the claim of title or claimed right of fishery in any navigable waters of North Carolina registered with the Secretary. In such proceeding, the burden of showing title or right of fishery, by the preponderance of the evidence, shall be upon the claiming title or right holder. In the event the claiming title or right holder prevails, the trier of fact shall fix the monetary worth of the claim. The Department may elect to condemn the claim upon payment of the established owners or right holders their pro rata shares of the

amount so fixed. The Department may make such payments from such funds as may be available to it. An appeal lies to the appellate division by either party both as to the validity of the claim and as to the fairness of the amount fixed. The Department in such actions may be represented by the Attorney General. In determining the availability of funds to the Department to underwrite the costs of litigation or make condemnation payments, the use which the Department proposes to make of the area in question may be considered; such payments are to be deemed necessary expenses in the course of operations attending such use or of developing or attempting to develop the area in the proposed manner.

(e) A person who claims that the application of G.S. 113-205 or this section has deprived him of his private property rights in land under navigable waters or his right of fishery in navigable waters without just compensation may file a complaint in the superior court of the county in which the property is located to contest the application of G.S. 113-205 or this section. If the plaintiff prevails, the trier of fact shall fix the monetary worth of the claim, and the Department may condemn the claim upon payment of this amount to him if the Secretary considers condemnation appropriate and necessary to conserve the marine and estuarine resources of the State. The Department may pay for a condemned claim from available funds. An action under this subsection is considered a condemnation action and is therefore subject to G.S. 7A-248.

The limitation period for an action brought under this subsection is three years. This period is tolled during the disability of the plaintiff. No action, however, may be instituted under this subsection after December 31, 2006.

(f) In evaluating claims registered pursuant to G.S. 113-205, the Secretary shall favor public ownership of submerged lands and public trust rights. The Secretary's action does not alter or affect in any way the rights of a claimant or the State.

To facilitate resolution of claims registered pursuant to G.S. 113-205, the Secretary, in cooperation with the Secretary of Administration and the Attorney General, shall establish a plan to resolve these claims by December 31, 2003. The Secretary shall notify the Secretary of Administration and the Attorney General of the resolution of each claim. In addition, on or before October 1 of each year, the Secretary shall submit a report to the Joint Legislative Commission on Governmental Operations stating the following:

- (1) The number of claims registered pursuant to G.S. 113-205 that were resolved during the preceding year;
- (2) The cost of resolving these claims;
- (3) The number of unresolved claims; and
- (4) Payments made to acquire claims by condemnation. No Right in Natural Oyster Beds Can Be Gained by Prescription. — The general common law rule is that no right in natural oyster beds can be gained by prescription against the state. State ex rel. Rohrer v. Credle, 322 N.C. 522, 369 S.E.2d 825 (1988).

§ 113-207. Taking shellfish from certain areas forbidden; penalty.

(a) To the extent that funds are available, the Department shall post oyster rocks or appropriate landing sites to forbid the taking of clams upon such rocks by use of rakes or tongs or any other device which will disturb or damage the oysters thereon. As used in this section, "oyster rocks" mean those rocks in the coastal fishing waters upon which oysters grow.

(b) It is unlawful for any person to take clams on oyster rocks posted by the Department by use of rakes, tongs, or any other device which will disturb or damage the oysters growing thereon. This section will not apply to the taking of clams by signing.

(c) It is unlawful for any person to take shellfish within 150 feet of any part of a publically owned pier beneath which the Division of Marine Fisheries has deposited clutch material.

(d) A person who violates this section is guilty of a Class 3 misdemeanor. (1977, c. 515, s. 1; c. 771, s. 4; 1989, c. 727, s. 103; 1993, c. 539, s. 841; 1994, Ex. Sess., c. 24, s. 14(c); 1999-143, s. 1.)

§ 113-208. Protection of private shellfish rights.

(a) It is unlawful for any person, other than the holder of private shellfish rights, to take or attempt to take shellfish from any privately leased, franchised, or deeded shellfish bottom area without written authorization of the holder and with actual knowledge it is a private shellfish bottom area. Actual knowledge will be presumed when the shellfish are taken or attempted to be taken:

- (1) From within the confines of posted boundaries of the area as identified by signs, whether the whole or any part of the area is posted, or
- (2) When the area has been regularly posted and identified and the person knew the area to be the subject of private shellfish rights.

A violation of this section shall constitute a Class A1 misdemeanor, which may include a fine of not more than five thousand dollars (\$5,000). The written authorization shall include the lease number or deed reference, name and address of authorized person, date of issuance, and date of expiration, and it must be signed by the holder of the private shellfish right. Identification signs shall include the lease number or deed reference and the name of the holder.

(b) The prosecutor shall dismiss any case brought for a violation of this section if the defendant produces a notarized written authorization in conformance with subsection (a) which states that the defendant had permission to take oysters or clams from the leased area at the time of the alleged violation; except the prosecutor may refuse to dismiss the case if he has reason to believe that the written authorization is fraudulent. (1979, c. 537; 1987, c. 463; 1989, c. 281, s. 2; 1993, c. 539, s. 842; 1994, Ex. Sess., c. 24, s. 14(c); 1998-225, s. 3.7.)

Editor's Note. — Session Laws 1998-225, s. 5.3, provides: "Unless otherwise expressly provided, every agency to which this act applies

shall adopt rules to implement the provisions of this act only in accordance with the provisions of Chapter 150B of the General Statutes. This

act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1. Every agency to which this act applies that is authorized to adopt rules to implement the provisions of this act may adopt temporary rules to implement the provisions of this act. This section shall continue in effect until all rules necessary to implement the provisions of

this act have become effective as either temporary rules or permanent rules.”

Session Laws 1998-225, s. 5.5 contains a severability clause.

§ 113-209. Taking polluted shellfish at night or with prior conviction forbidden; penalty.

(a) It is unlawful for any person between sunset and sunrise to willfully take or attempt to take shellfish from areas closed to harvest by statute, rule, or proclamation because of suspected pollution.

(b) It is unlawful for any person to willfully possess, sell or offer for sale shellfish taken between sunset and sunrise from areas closed to harvest by statute, rule, or proclamation because of suspected pollution.

(c) It is unlawful for any person who has been convicted of an offense under this Chapter within the preceding two years involving shellfish taken from areas closed because of suspected pollution to willfully take, attempt to take, possess, sell or offer for sale shellfish from areas closed to harvest by statute, rule, or proclamation because of suspected pollution.

(d) Any person violating any provisions of this section shall be guilty of a Class I felony which may include a fine no less than two thousand five hundred dollars (\$2,500). Upon conviction of any person for a violation of this section, the court shall order the confiscation of all weapons, equipment, vessels, vehicles, conveyances, fish, and other evidence, fruit, and instrumentalities of the offense. §§ 113-210 through 113-220: Reserved for future codification purposes.

ARTICLE 17.

Administrative Provisions; Regulatory Authority of Marine Fisheries Commission and Department.

§ 113-221. Rules; proclamations; emergency Commission meetings.

(a) Chapter 150B of the General Statutes governs the adoption of rules under this Article, other than proclamations issued under this Article. Chapter 150B does not apply to proclamations issued under this Article.

(b) Upon purchasing a license, each licensee shall be given a copy of the rules concerning the activities authorized by the license.

(c) The Fisheries Director shall notify licensees of a new rule or change to a rule by sending each licensee either a newsletter containing the text of the rule

or change or an updated codification of the rules of the Marine Fisheries Commission that contains the new rule or change.

(d) Unless there are overriding policy considerations involved, any rule of the Marine Fisheries Commission which will in the judgment of the Marine Fisheries Commission result in severe curtailment of the usefulness or value of equipment in which fishermen have any substantial investment should be given such a future effective date as to minimize undue potential economic loss to fishermen. Whether or not any provision may cause potential economic loss and whether or not a future effective date should be set is a matter within the complete discretion of the Marine Fisheries Commission. The Marine Fisheries Commission need not set any future effective date more than two years in advance of the passage of any rule.

(e) The Marine Fisheries Commission may delegate to the Fisheries Director the authority to issue proclamations suspending or implementing, in whole or in part, particular rules of the Commission which may be affected by variable conditions. Such proclamations are to be issued by the Fisheries Director or by a person designated by the Fisheries Director. All proclamations must state the hour and date upon which they become effective and must be issued at least 48 hours in advance of the effective date and time. In those situations in which the proclamation prohibits the taking of certain fisheries resources for reasons of public health, the proclamation can be made effective immediately upon issuance. Notwithstanding any other provisions of this subsection, a proclamation can be issued at least 12 hours in advance of the effective date and time to reopen the taking of certain fisheries resources closed for reason of public health through a prior proclamation made effective immediately upon issuance. Persons violating any proclamation which is made effective immediately shall not be charged with a criminal offense during the time between the issuance and 48 hours after such issuance unless such person had actual notice of the issuance of such proclamation. Fisheries resources taken or possessed by any person in violation of any proclamation may be seized regardless of whether such person had actual notice of the proclamation. A permanent file of the text of all proclamations shall be maintained in the office of the Fisheries Director. Certified copies of proclamations are entitled to judicial notice in any civil or criminal proceeding.

The Fisheries Director must make every reasonable effort to give actual notice of the terms of any proclamation to the persons who may be affected thereby. Reasonable effort includes press releases to communications media, posting of notices at docks and other places where persons affected may gather, personal communication by inspectors and other agents of the Fisheries Director, and such other measures designed to reach the persons who may be affected. It is a defense to an enforcement action for a violation of a proclamation that a licensee was prevented from receiving notice of the proclamation due to a natural disaster or other act of God occasioned exclusively by violence of nature without interference of any human agency and that could not have been prevented or avoided by the exercise of due care or foresight.

(e1) Pursuant to the request of five or more members of the Marine Fisheries Commission, its chairman may call an emergency meeting of the Commission to review: (1) a proposed issuance or issuance of proclamations under the authority delegated to the Fisheries Director pursuant to (e) of this section, except those proclamations issued for reasons of public health; or (2) the need to issue a proclamation to allow the taking of certain fisheries resources in areas not opened through proclamations issued by the Fisheries Director. At least 48 hours prior to any such meeting, a public announcement of the meeting shall be issued that describes the action requested by the members of the Commission; and the Department must make every reasonable

effort to give actual notice of the meeting to persons who may be affected thereby. After its review is complete, the Marine Fisheries Commission, consistent with its duty to protect, preserve, and enhance the commercial and sports fisheries resources of the State, may (1) approve, cancel, or modify the proposed proclamation or issued proclamation under review; or (2) direct the Fisheries Director to issue a proclamation that allows the taking of certain fisheries resources.

The variable conditions that affect such resource management decisions require that these emergency meetings and any resulting orders by the Commission be exempt from the provisions of Article 2A of Chapter 150B. The decisions of the Marine Fisheries Commission shall be the final decision of the State and shall not be set aside on judicial review unless found to be arbitrary and capricious.

(f) All persons who may be affected by them are under a duty to keep themselves informed of current rules of the Marine Fisheries Commission and proclamations of the Fisheries Director. It is no defense in any criminal prosecution for the defendant to show that he in fact received no notice of a particular rule or proclamation. In any prosecution for violation of the provisions of any rule or proclamation, or in which proof of matter contained in a rule or proclamation is involved, the Department is deemed to have complied with publication procedures and the burden is on the defendant to show by the greater weight of the evidence substantial failure of compliance by the Department with the required publication procedures.

(g) Every court must take judicial notice of any codification of rules issued by the Fisheries Director within two years preceding the date of the offense charged or transaction in issue. In the absence of any indication to the contrary, such codifications are to be deemed accurate and current statements of the text of the rules in question and it is incumbent upon any person asserting that a relevant portion of the codified text is inaccurate, or has been amended or deleted, to satisfy the court as to the text of the rules which is in fact properly applicable.

(h) Repealed by Session Laws 1983, c. 221, s. 1. (1915, c. 84, s. 21; 1917, c. 290, s. 7; C.S., s. 1878; 1925, c. 168, s. 2; 1935, c. 35; 1945, c. 776; 1953, cc. 774, 1134, 1251; 1963, c. 1097, s. 1; 1965, c. 957, s. 2; 1973, c. 1262, ss. 28, 86; c. 1331, s. 3; 1975, 2nd Sess., c. 983, s. 70; 1979, c. 388, s. 6; 1983, cc. 221, 619, 620; 1987, c. 641, ss. 7, 19; c. 827, s. 7; 1997-400, s. 4.3; 1998-225, s. 3.8; 2000-189, s. 9.)

Editor's Note. — Session Laws 1997-400, s. 1.1, provides: "This act shall be known as the Fisheries Reform Act of 1997."

Session Laws 1997-400, s. 6.10, provides that, unless otherwise expressly provided, every agency to which the act applies shall adopt rules to implement the provisions of that act only in accordance with the provisions of Chapter 150B of the General Statutes, that the act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1, that every agency to which the act applies that is authorized to adopt rules to implement the

provisions of the act may adopt temporary rules to implement the provisions of the act, and that s. 6.10 of that act shall continue in effect until all rules necessary to implement the provisions of the act have become effective as either temporary rules or permanent rules.

Session Laws 1997-400, s. 6.13, is a severability clause.

Effect of Amendments. — Session Laws 2000-189, s. 9, effective August 2, 2000, substituted "Article 2A" for "Articles 2 and 5" in the second paragraph in subsection (e1).

§ 113-222. Arrest, service of process and witness fees of inspectors.

All arrest fees and other fees that may be charged in any bill of costs for service of process by inspectors must be paid to the county in which the trial is

held. No witness fee may be taxed in any bill of costs by virtue of the appearance of an inspector as a witness in a criminal case within his enforcement jurisdiction. Acceptance by any inspector of any arrest fee, witness fee, or any other fee to which he is not entitled is a Class 1 misdemeanor. (1965, c. 957, s. 2; 1993, c. 539, s. 843; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-223. Reciprocal agreements by Department generally.

Subject to the specific provisions of G.S. 113-169.5 and G.S. 113-170.1 relating to reciprocal provisions as to landing and selling catch and as to licenses, the Department is empowered to make reciprocal agreements with other jurisdictions respecting any of the matters governed in this Subchapter. Pursuant to such agreements the Department may modify provisions of this Subchapter in order to effectuate the purposes of such agreements, in the overall best interests of the conservation of marine and estuarine resources. (1915, c. 84, s. 5; 1917, c. 290, s. 10; C.S., s. 1883; 1953, c. 1086; 1965, c. 957, s. 2; 1973, c. 1262, s. 28; 1977, c. 771, s. 4; 1989, c. 727, s. 104; 1998-225, s. 4.22.)

§ 113-224. Cooperative agreements by Department.

The Department is empowered to enter into cooperative agreements with public and private agencies and individuals respecting the matters governed in this Subchapter. Pursuant to such agreements the Department may expend funds, assign employees to additional duties within or without the State, assume additional responsibilities, and take other actions that may be required by virtue of such agreements, in the overall best interests of the conservation of marine and estuarine resources. (1965, c. 957, s. 2; 1973, c. 1262, s. 28; 1977, c. 771, s. 4; 1989, c. 727, s. 105.)

§ 113-225. Inspectors not to have financial interest in fisheries.

Except as provided in this Subchapter respecting operations of demonstration and research projects by employees of the Department as part of their employment, no inspector may be financially interested in any fishing industry in the State of North Carolina. (1965, c. 957, s. 2.)

§ 113-226. Administrative authority of Department; administration of funds; delegation of powers.

(a) In the overall best interests of the conservation of marine and estuarine resources, the Department may lease or purchase lands, equipment, and other property; accept gifts and grants on behalf of the State; establish boating and fishing access areas; establish fisheries, fishery processing or storage plants, planted seafood beds, fish farms, and other enterprises related to the conservation of marine and estuarine resources as research or demonstration projects either alone or in cooperation with some individual or agency; sell the catch or processed fish or other marine and estuarine resources resulting from research fishing operations or demonstration projects; provide matching funds for entering into projects with some other governmental agency or with some scientific, educational, or charitable foundation or institution; condemn lands in accordance with the provisions of Chapter 40A of the General Statutes and other governing provisions of law; and sell, lease, or give away property

acquired by it. Provided, that any private person selected to receive gifts or benefits by the Department be selected:

- (1) With regard to the overall public interest that may result, and
- (2) From a defined class upon such a rational basis open to all within the class as to prevent constitutional infirmity with respect to requirements of equal protection of the laws or prohibitions against granting exclusive privileges or emoluments.

(b) All money credited to, held by, or to be received by the Department in respect of the conservation of marine and estuarine resources must be deposited with the Department. In administering such funds and recommending expenditures, the Department must give attention to the sources of the revenues received so as to encourage disbursements to be made on an equitable basis; nevertheless, except as provided in this section, separate funds may not be established and particular projects and programs deemed to be of sufficient importance in the conservation of marine and estuarine resources may receive proportional shares of Department expenditures that are greater than the proportional shares of license and other revenues produced by such projects or programs for the Department.

(c) If as a precondition of receiving funds under any cooperative program there must be a separation of license revenues received from certain classes of licensees and utilization of such revenues for limited purposes, the Department is directed to make such arrangements for separate accounting or for separate funding as may be necessary to insure the use of the revenues for the required purposes and eligibility for the cooperative funds. In such instance, if required, such revenues may be retained by the Department until expended upon the limited purposes in question. This subsection applies whether the cooperative program is with a public or private agency and whether the Department acts alone on behalf of the State or in conjunction with the Wildlife Resources Commission or some other State agency.

(d) Repealed by Session Laws 1973, c. 1262, s. 28. (1965, c. 957, s. 2; 1973, c. 1262, s. 28; 1987, c. 827, s. 103; 1989, c. 727, s. 106.)

§ 113-227: Repealed by Session Laws 1973, c. 1262, s. 28.

§ 113-228. Adoption of federal regulations.

To the extent that the Department is granted authority in this Subchapter over subject matter as to which there is concurrent federal jurisdiction, the Marine Fisheries Commission in its discretion may by reference in its rules adopt relevant provisions of federal laws and regulations as State rules. To prevent confusion or conflict of jurisdiction in enforcement, the Marine Fisheries Commission is exempt from any conflicting limitations in G.S. 150B-21.6 so that it may provide for automatic incorporation by reference into its rules of future changes within any particular set of federal laws or regulations relating to some subject clearly within the jurisdiction of the Department. (1965, c. 957, s. 2; 1973, c. 1262, s. 28; 1987, c. 641, s. 11; c. 827, s. 104; 1991 (Reg. Sess., 1992), c. 890, s. 7.)

§ 113-229. Permits to dredge or fill in or about estuarine waters or State-owned lakes.

(a) Except as hereinafter provided before any excavation or filling project is begun in any estuarine waters, tidelands, marshlands, or State-owned lakes, the party or parties desiring to do such shall first obtain a permit from the Department. Granting of the State permit shall not relieve any party from the necessity of obtaining a permit from the United States Army Corps of

Engineers for work in navigable waters, if the same is required. The Department shall continue to coordinate projects pertaining to navigation with the United States Army Corps of Engineers.

(b) All applications for such permits shall include a plat of the areas in which the proposed work will take place, indicating the location, width, depth and length of any proposed channel, the disposal area, and a copy of the deed or other instrument under which the applicant claims title to the property adjoining the waters in question, (or any land covered by waters), tidelands, or marshlands, or if the applicant is not the owner, then a copy of the deed or other instrument under which the owner claims title plus written permission from the owner to carry out the project on his land.

(c) In lieu of a deed or other instrument referred to in subsection (b) of this section, the agency authorized to issue such permits may accept some other reasonable evidence of ownership of the property in question or other lawful authority to make use of the property.

(c1) The Coastal Resources Commission may, by rule, designate certain classes of major and minor development for which a general or blanket permit may be issued. In developing these rules, the Commission shall consider all of the following:

- (1) The size of the development.
- (2) The impact of the development on areas of environmental concern.
- (3) How often the class of development is carried out.
- (4) The need for on-site oversight of the development.
- (5) The need for public review and comment on individual development projects.

(c2) General permits may be issued by the Commission as rules under the provisions of G.S. 113A-118.1. Individual development carried out under the provisions of general permits shall not be subject to the mandatory notice provisions of this section. The Commission may impose reasonable notice provisions and other appropriate conditions and safeguards on any general permit it issues. The variance, appeals, and enforcement provisions of this Article shall apply to any individual development projects undertaken under a general permit.

(d) An applicant for a permit, other than an emergency permit, shall send a copy of his application to the owner of each tract of riparian property that adjoins that of the applicant. The copy shall be served by certified mail or, if the owner's address is unknown and cannot be ascertained with due diligence or if a diligent but unsuccessful effort has been made to serve the copy by certified mail, by publication in accordance with the rules of the Commission. An owner may file written objections to the permit with the Department for 30 days after he is served with a copy of the application. In the case of a special emergency dredge or fill permit the applicant must certify that he took all reasonable steps to notify adjacent riparian owners of the application for a special emergency dredge and fill permit prior to submission of the application. Upon receipt of this certification, the Secretary shall issue or deny the permit within the time period specified in (e) of this section, upon the express understanding from the applicant that he will be entirely liable and hold the State harmless for all damage to adjacent riparian landowners directly and proximately caused by the dredging or filling for which approval may be given.

(e) Applications for permits except special emergency permit applications shall be circulated by the Department among all State agencies and, in the discretion of the Secretary, appropriate federal agencies having jurisdiction over the subject matter which might be affected by the project so that such agencies will have an opportunity to raise any objections they might have. The Department may deny an application for a dredge or fill permit upon finding:

- (1) that there will be significant adverse effect of the proposed dredging and

filling on the use of the water by the public; or (2) that there will be significant adverse effect on the value and enjoyment of the property of any riparian owners; or (3) that there will be significant adverse effect on public health, safety, and welfare; or (4) that there will be significant adverse effect on the conservation of public and private water supplies; or (5) that there will be significant adverse effect on wildlife or fresh water, estuarine or marine fisheries. In the absence of such findings, a permit shall be granted. Such permit may be conditioned upon the applicant amending his proposal to take whatever measures are reasonably necessary to protect the public interest with respect to the factors enumerated in this subsection. Permits may allow for projects granted a permit the right to maintain such project for a period of up to 10 years. The right to maintain such project shall be granted subject to such conditions as may be reasonably necessary to protect the public interest. The Coastal Resources Commission shall coordinate the issuance of permits under this section and G.S. 113A-118 and the granting of variances under this section and G.S. 113A-120.1 to avoid duplication and to create a single, expedited permitting process. The Coastal Resources Commission may adopt rules interpreting and applying the provisions of this section and rules specifying the procedures for obtaining a permit under this section. Maintenance work as defined in this subsection shall be limited to such activities as are required to maintain the project dimensions as found in the permit granted. The Department shall act on an application for permit within 75 days after the completed application is filed, provided the Department may extend such deadline by not more than an additional 75 days if necessary properly to consider the application, except for applications for a special emergency permit, in which case the Department shall act within two working days after an application is filed, and failure to so act shall automatically approve the application.

(e) The Secretary is empowered to issue special emergency dredge or fill permits upon application. Emergency permits may be issued only when life or structural property is in imminent danger as a result of rapid recent erosion or sudden failure of a man-made structure. The Coastal Resources Commission may elaborate by rule upon what conditions the Secretary may issue a special emergency dredge or fill permit. The Secretary may condition the emergency permit upon any reasonable conditions, consistent with the emergency situation, he feels are necessary to reasonably protect the public interest. Where an application for a special emergency permit includes work beyond which the Secretary, in his discretion, feels necessary to reduce imminent dangers to life or property he shall issue the emergency permit only for that part of the proposed work necessary to reasonably reduce the imminent danger. All further work must be applied for by application for an ordinary dredge or fill permit. The Secretary shall deny an application for a special dredge or fill permit upon a finding that the detriment to the public which would occur on issuance of the permit measured by the five factors in G.S. 113-229(e) clearly outweighs the detriment to the applicant if such permit application should be denied.

(f) A permit applicant who is dissatisfied with a decision on his application may file a petition for a contested case hearing under G.S. 150B-23 within 20 days after the decision is made. Any other person who is dissatisfied with a decision to deny or grant a permit may file a petition for a contested case hearing only if the Coastal Resources Commission determines, in accordance with G.S. 113A-121.1(c), that a hearing is appropriate. A permit is suspended from the time a person seeks administrative review of the decision concerning the permit until the Commission determines that the person seeking the review cannot commence a contested case or the Commission makes a final decision in a contested case, as appropriate, and no action may be taken during that time that would be unlawful in the absence of the permit.

(g) G.S. 113A-122 applies to an appeal of a permit decision under subsection (f).

(h) Repealed by Session Laws 1987, c. 827, s. 105.

(h1) All construction and maintenance dredgings of beach-quality sand may be placed on the downdrift beaches or, if placed elsewhere, an equivalent quality and quantity of sand from another location shall be placed on the downdrift beaches.

(i) Subject to subsection (h1) of this section, all materials excavated pursuant to such permit, regardless of where placed, shall be encased or entrapped in such a manner as to minimize their moving back into the affected water.

(j) None of the provisions of this section shall relieve any riparian owner of the requirements imposed by the applicable laws and regulations of the United States.

(k) Any person, firm, or corporation violating the provisions of this section shall be guilty of a Class 2 misdemeanor. Each day's continued operation after notice by the Department to cease shall constitute a separate offense. A notice to cease shall be served personally or by certified mail.

(l) The Secretary may, either before or after the institution of proceedings under subsection (k) of this section, institute a civil action in the superior court in the name of the State upon the relation of the Secretary, for damages, and injunctive relief, and for such other and further relief in the premises as said court may deem proper, to prevent or recover for any damage to any lands or property which the State holds in the public trust, and to restrain any violation of this section or of any provision of a dredging or filling permit issued under this section. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from the penalty prescribed by this section for any violation of the same.

(m) This section shall apply to all persons, firms, or corporations, their employees, agents, or contractors proposing excavation or filling work in the estuarine waters, tidelands, marshlands and State-owned lakes within the State, and the work to be performed by the State government or local governments. Provided, however, the provisions of this section shall not apply to the activities and functions of the Department and local health departments that are engaged in mosquito control for the protection of the health and welfare of the people of the coastal area of North Carolina as provided under G.S. 130A-346 through G.S. 130A-349. Provided, further, this section shall not impair the riparian right of ingress and egress to navigable waters.

(n) Within the meaning of this section:

- (1) "State-owned lakes" include man-made as well as natural lakes.
- (2) "Estuarine waters" means all the waters of the Atlantic Ocean within the boundary of North Carolina and all the waters of the bays, sounds, rivers, and tributaries thereto seaward of the dividing line between coastal fishing waters and inland fishing waters agreed upon by the Department and the Wildlife Resources Commission, within the meaning of G.S. 113-129.
- (3) "Marshland" means any salt marsh or other marsh subject to regular or occasional flooding by tides, including wind tides (whether or not the tidewaters reach the marshland areas through natural or artificial watercourses), provided this shall not include hurricane or tropical storm tides. Salt marshland or other marsh shall be those areas upon which grow some, but not necessarily all, of the following salt marsh and marsh plant species: Smooth or salt water Cordgrass (*Spartina alterniflora*), Black Needlerush (*Juncus roemerianus*), Glasswort (*Salicornia spp.*), Salt Grass (*Distichlis spicata*), Sea Lavender (*Limonium spp.*), Bulrush (*Scirpus spp.*), Saw Grass (*Cladium jamaicense*), Cattail (*Typha spp.*), Salt-Meadow Grass (*Spartina pat-*

ens), and Salt Reed-Grass (*Spartina cynosuroides*). Session Laws 2000-172, s. 8.2, contains a severability clause.

Effect of Amendments. — Session Laws 2000-172, ss. 3.1 and 3.2, effective August 2, 2000, added "all of the following" in subsection (c1); designated the existing second paragraph in subsection (c1) as present subsection (c2); substituted "G.S. 113A-118.1" for "G.S. 113A-107" in subsection (c2); inserted "and the granting of variances under this section and G.S. 113A-120.1" in the sixth sentence in subsection (e); and made stylistic changes.

CASE NOTES

The purpose of this section is to serve the overall purpose of the public interest in the preservation of the natural resources and to protect the rights of owners of riparian property that may be affected by such project. In re Milliken, 43 N.C. App. 382, 258 S.E.2d 856 (1979).

The purpose of this statute is to conserve our estuarine resources. In re Broad & Gales Creek Community Ass'n, 300 N.C. 267, 266 S.E.2d 645 (1980).

Subdivision (e)(2) Is Not Unlawful Delegation of Legislative Power. — There are adequate statutory guidelines and procedural safeguards relating to the authority of the Department of Natural Resources and Community Development (now the Department of Environment and Natural Resources) and the review commission to deny an application for a permit to dredge or fill in estuarine waters pursuant to subdivision (2) in the second sentence of subsection (e) of this section upon finding "that there will be significant adverse effect on the value and enjoyment of the property of riparian owners," so that clause (2) does not constitute an unlawful delegation of legislative power in violation of N.C. Const., Art. I, § 6. In re Broad & Gales Creek Community Ass'n, 300 N.C. 267, 266 S.E.2d 645 (1980).

And Is Constitutional Exercise of Police Power. — This statute, giving the Department of Natural Resources and Community Develop-

ment (now the Department of Environment and Natural Resources) the authority to deny an application for a dredge or fill permit in estuarine waters upon finding "that there will be significant adverse effect on the value and enjoyment of the property of any riparian owners," does not allow the State to favor private interests over public interests, and is a constitutional exercise of the police power since the denial of a permit where either the water or adjacent private property will be adversely affected is a matter of public interest and is therefore a proper subject for regulatory legislation, the permit application system created by this section is the most feasible and reasonable manner to control dredging and filling activities, and the restriction placed on a landowner is reasonable because it relates only to what the owner may do in the State's estuarine waters and does not interfere with the owner's right to use his own property. In re Broad & Gales Creek Community Ass'n, 300 N.C. 267, 266 S.E.2d 645 (1980).

Right to Trial by Jury. — The Coastal Area Management Act (CAMA) provides for a trial by jury only where a party owning land affected by a final decision of the Coastal Resources Commission petitions the superior court alleging a taking; there is no other statutory authority in CAMA, nor in the Dredge and Fill Act, granting a right to trial by jury. State ex rel. Rhodes v. Simpson, 325 N.C. 514, 385 S.E.2d 329 (1989).

Trial court erred in granting defendant's demand for a jury trial in state-initiated proceeding seeking mandatory injunctive relief under Coastal Area Management Act (CAMA) and the Dredge and Fill Act for the removal of fill material on defendant's property; since such an action neither existed at common law nor by statute at the time of the adoption of the Constitution of 1868, N.C. Const., Art. I, § 25 did not apply. *State ex rel. Rhodes v. Simpson*, 325 N.C. 514, 385 S.E.2d 329 (1989).

Permit Applications Reviewed Prospectively. — The statutory purpose can only be effected by reviewing a project prior to its completion. A request by the Department of the applicant to file an "after-the-fact" application for a permit defies the logic and purpose of the statute. Permit applications must be reviewed prospectively, taking into consideration the work already completed. In *re Milliken*, 43 N.C. App. 382, 258 S.E.2d 856 (1979).

Denial of permits under clause (2) of subsection (e) is proper only when there is evidence that the adjacent riparian landowners have been adversely affected in their enjoyment of those resources, and not when the adverse effect relates solely to the enjoyment and value of their own property. In *re Broad & Gales Creek Community Ass'n*, 300 N.C. 267, 266 S.E.2d 645 (1980).

The restriction of clause (2) of subsection (e) of this section is not a restriction regarding what a landowner may do with his own land but is concerned with what a landowner adjacent to estuarine resources may do as far as dredging and filling in those waters when an adjacent landowner will be adversely affected in the enjoyment and value of his land. In *re Broad & Gales Creek Community Ass'n*, 300 N.C. 267, 266 S.E.2d 645 (1980).

In determining whether to deny an application for a dredge and fill permit in estuarine waters on the ground that there would be a significant adverse effect on the value and enjoyment of the property of riparian owners, the review commission was not limited to a consideration only of the effects of the dredging and filling itself on adjacent landowners but could properly consider the effects of a boat

ramp which was the ultimate purpose of the dredge and fill work. In *re Broad & Gales Creek Community Ass'n*, 300 N.C. 267, 266 S.E.2d 645 (1980).

In determining whether to deny an application for a dredge and fill permit in estuarine waters on the ground that there would be a significant adverse effect on the value and enjoyment of the property of riparian owners, even if the review commission exceeded its statutory authority in considering the effects of a boat ramp which was the ultimate purpose of the dredge and fill work, the commission's denial of a dredge and fill permit would still be upheld where the application stated that the fill from the dredging operation would be placed on the roadbed leading to the boat ramp site; the riparian owners presented evidence that the roadbed has already suffered erosion, that erosion will continue unless adequate drainage measures which the applicant did not propose are taken, and that the erosion will affect the access area and the property of the riparian owners, since the adjacent owners' property will be adversely affected by the dredging and filling itself because of the further erosion that will occur. In *re Broad & Gales Creek Community Ass'n*, 300 N.C. 267, 266 S.E.2d 645 (1980).

Burden of Proof Before Review Commission. — Placing the burden of proof at the hearing before the review commission on the party who lost before the Department of Natural Resources and Community Development (now the Department of Environment and Natural Resources) is simply a proper recognition that it is presumed that the Department will act in accordance with the law and the facts and the losing party should have the burden of showing that the Department erred. In *re Broad & Gales Creek Community Ass'n*, 300 N.C. 267, 266 S.E.2d 645 (1980).

If the record on appeal contains no narrative statement or transcript of the evidence offered before the Board [now Department], its conclusion is presumed to be correct. In *re Seashell Co.*, 25 N.C. App. 470, 213 S.E.2d 374 (1975).

§ 113-230. Orders to control activities in coastal wetlands.

(a) The Secretary, with the approval of the Coastal Resources Commission, may from time to time, for the purpose of promoting the public safety, health, and welfare, and protecting public and private property, wildlife and marine fisheries, adopt, amend, modify, or repeal orders regulating, restricting, or prohibiting dredging, filling, removing or otherwise altering coastal wetlands. In this section, the term "coastal wetlands" shall mean any marsh as defined in G.S. 113-229(n)(3), as amended, and such contiguous land as the Secretary reasonably deems necessary to affect by any such order in carrying out the purposes of this section.

(b) The Secretary shall, before adopting, amending, modifying or repealing any such order, hold a public hearing thereon in the county in which the coastal wetlands to be affected are located, giving notice thereof to interested State agencies and each owner or claimed owner of such wetlands by certified or registered mail at least 21 days prior thereto.

(c) Upon adoption of any such order or any order amending, modifying or repealing the same, the Secretary shall cause a copy thereof, together with a plan of the lands affected and a list of the owners or claimed owners of such lands, to be recorded in the register of deeds office in the county where the land is located, and shall mail a copy of such order and plan to each owner or claimed owner of such lands affected thereby.

(d) Any person, firm or corporation that violates any order issued under the provisions of this section shall be guilty of a Class 2 misdemeanor.

(e) The superior court shall have jurisdiction in equity to restrain violations of such orders.

(f) Any person having a recorded interest in or registered claim to land affected by any such order may, within 90 days after receiving notice thereof, petition the superior court to determine whether the petitioner is the owner of the land in question, and in case he is adjudged the owner of the subject land, whether such order so restricts the use of his property as to deprive him of the practical uses thereof and is therefore an unreasonable exercise of the police power because the order constitutes the equivalent of a taking without compensation. If the court finds the order to be an unreasonable exercise of the police power, as aforesaid, the court shall enter a finding that such order shall not apply to the land of the petitioner; provided, however, that such finding shall not affect any other land than that of the petitioner. The Secretary shall cause a copy of such finding to be recorded forthwith in the register of deeds office in the county where the land is located. The method provided in this subsection for the determination of the issue of whether any such order constitutes a taking without compensation shall be exclusive, and such issue shall not be determined in any other proceeding.

(g) After a finding has been entered that such order shall not apply to certain land as provided in the preceding subsection, the Department of Administration, upon the request of the Coastal Resources Commission, shall take the fee or any lesser interest in such land in the name of the State by eminent domain under the provisions of Chapter 146 of the General Statutes and hold the same for the purposes set forth in this section.

(h) This section shall not repeal the powers, duties and responsibilities of the Department under the provisions of G.S. 113-229. (1971, c. 1159, s. 7; 1973, c. 1262, ss. 28, 86; 1977, c. 771, s. 4; 1979, c. 253, s. 4; 1989, c. 727, s. 108; 1993, c. 539, s. 845; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-252. Atlantic States Marine Fisheries Compact and Commission.

The Governor of this State is hereby authorized and directed to execute a compact on behalf of the State of North Carolina with any one or more of the states of Maine, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, Georgia, and Florida and with such other states as may enter into the compact, legally joining therein in the form substantially as follows:

ATLANTIC STATES MARINE FISHERIES COMPACT

The contracting states solemnly agree:

Article I

The purpose of this Compact is to promote the better utilization of the fisheries, marine, shell and anadromous, of the Atlantic seaboard by the development of a joint program for the promotion and protection of such fisheries, and by the prevention of the physical waste of the fisheries from any cause. It is not the purpose of this Compact to authorize the states joining herein to limit the production of fish or fish products for the purpose of establishing or fixing the price thereof, or creating and perpetuating monopoly.

Article II

This agreement shall become operative immediately as to those states executing it whenever any two or more of the states of Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, North Carolina, Georgia and Florida have executed it in the form that is in accordance with the laws of the executing state and the Congress has given its consent. Any state contiguous with any of the aforementioned states and riparian upon waters frequented by anadromous fish, flowing into waters under the jurisdiction of any of the aforementioned states, may become a party hereto as hereinafter provided.

Article III

Each state joining herein shall appoint three representatives to a commission hereby constituted and designated as the Atlantic States Marine Fisheries Commission. The Board of the North Carolina Department of Conservation and Development shall designate either the director of the Department, the chairman of the committee on commercial fisheries, or the Commissioner of Commercial Fisheries as one member of the Commission, and the Commission on Interstate Cooperation of the State shall designate a member of the North Carolina legislature as one of the members of said Commission, and the third member of said Commission, who shall be a citizen of the State having a knowledge of and interest in marine fisheries, shall be appointed by the Governor. This Commission shall be a body corporate, with the powers and duties set forth herein.

Article IV

The duty of the said Commission shall be to make inquiry and ascertain from time to time such methods, practices, circumstances and conditions as may be disclosed for bringing about the conservation and the prevention of the depletion and physical waste of the fisheries, marine, shell and anadromous, of the Atlantic seaboard. The Commission shall have power to recommend the coordination of the exercise of the police powers of the several states within their respective jurisdictions to promote the preservation of those fisheries and their protection against overfishing, waste, depletion or any abuse whatsoever and to assure a continuing yield from the fisheries resources of the aforementioned states.

To that end the Commission shall draft and, after consultation with the advisory committee hereinafter authorized, recommend to the governors and legislatures of the various signatory states legislation dealing with the conservation of the marine, shell and anadromous fisheries of the Atlantic seaboard. The Commission shall more than one month prior to any regular meeting of the legislature in any signatory state, present to the governor of the state its recommendations relating to enactments to be made by the legislature of that state in furthering the intents and purposes of this Compact.

The Commission shall consult with and advise the pertinent administrative agencies in the states party hereto with regard to problems connected with the fisheries and recommend the adoption of such regulations as it deems advisable.

The Commission shall have power to recommend to the states party hereto the stocking of the waters of such states with fish and fish eggs, or joint stocking by some or all of the states party hereto, and when two or more of the states shall jointly stock waters the Commission shall act as the coordinating agency for such stocking.

Article V

The Commission shall elect from its number a chairman and a vice-chairman and shall appoint and at its pleasure remove or discharge such officers and employees as may be required to carry the provisions of this Compact into effect, and shall fix and determine their duties, qualifications and compensation. Said Commission shall adopt rules and regulations for the conduct of its business. It may establish and maintain one or more offices for the transaction of its business and may meet at any time or place but must meet at least once a year.

Article VI

No action shall be taken by the Commission in regard to its general affairs except by the affirmative vote of a majority of the whole number of compacting states present at any meeting. No recommendation shall be made by the Commission in regard to any species of fish except by the affirmative vote of a majority of the compacting states which have an interest in such species. The Commission shall define what shall be an interest.

Article VII

The Fish and Wildlife Service of the Department of the Interior of the government of the United States shall act as the primary research agency of the Atlantic States Marine Fisheries Commission, cooperating with the research agencies in each state for that purpose. Representatives of the said Fish and Wildlife Service shall attend the meetings of the Commission.

An advisory committee to be representative of the commercial fishermen and the saltwater anglers and such other interests of each state as the Commission deems advisable shall be established by the Commission as soon as practicable for the purpose of advising the Commission upon such recommendations as it may desire to make.

Article VIII

When any state other than those named specifically in Article II of this Compact shall become a party thereto for the purpose of conserving its anadromous fish in accordance with the provisions of Article II the participation of such state in the action of the Commission shall be limited to such species of anadromous fish.

Article IX

Nothing in this Compact shall be construed to limit the powers of any signatory state or to repeal or prevent the enactment of any legislation or the enforcement of any requirement by any signatory state imposing additional conditions and restrictions to conserve its fisheries.

Article X

Continued absence of representation or of any representative on the Commission from any state party hereto shall be brought to the attention of the governor thereof.

Article XI

The states party hereto agree to make annual appropriations to the support of the Commission in proportion to the primary market value of the products of their fisheries, exclusive of cod and haddock, as recorded in the most recently published reports of the Fish and Wildlife Service of the United States Department of the Interior, provided no state shall contribute less than two hundred dollars (\$200.00) per annum and the annual contribution of each state above the minimum shall be figured to the nearest one hundred dollars (\$100.00).

The compacting states agree to appropriate initially the annual amounts

scheduled below, which amounts are calculated in the manner set forth herein, on the basis of the catch record of 1938. Subsequent budgets shall be recommended by a majority of the Commission and the cost thereof allocated equitably among the states in accordance with their respective interests and submitted to the compacting states.

Article XII

This Compact shall continue in force and remain binding upon each compacting state until renounced by it. Renunciation of this Compact must be preceded by sending six months' notice in writing of intention to withdraw from the Compact to the other states party hereto. (1949, c. 1086, s. 1; 1965, c. 957, s. 18.)

State Government Reorganization. — The administration of the Fisheries Compact was transferred to the Department of Natural and Economic Resources by former § 143A-126, enacted by Session Laws 1971, c. 864. A transfer of functions was made to the Depart-

ment of Natural Resources and Community Development by former § 143B-277. As to transfer of functions to the Department of Environment and Natural Resources, see § 143B-279.3.

§ 113-253. Amendment to Compact to establish joint regulation of specific fisheries.

The Governor is authorized to execute on behalf of the State of North Carolina an amendment to the Compact set out in G.S. 113-252 with any one or more of the states of Maine, New Hampshire, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Virginia, South Carolina, Georgia, and Florida or such other states as may become party to that Compact for the purpose of permitting the states that ratify this amendment to establish joint regulation of specific fisheries common to those states through the Atlantic States Marine Fisheries Commission and their representatives on that body. Notice of intention to withdraw from this amendment shall be executed and transmitted by the Governor and shall be in accordance with Article XII of the Atlantic States Marine Fisheries Compact and shall be effective as to this State with those states which similarly ratify this amendment. This amendment shall take effect as to this State with respect to such other of the aforesaid states as take similar action.

AMENDMENT NO. 1 OF THE ATLANTIC STATES
MARINE FISHERIES COMPACT

The states consenting to this amendment agree that any two or more of them may designate the Atlantic States Marine Fisheries Commission as a joint regulatory agency with such powers as they may jointly confer from time to time for the regulation of the fishing operations of the citizens and vessels of such designating states with respect to specific fisheries in which such states have a common interest. The representatives of such states on the Atlantic States Marine Fisheries Commission shall constitute a separate section of such Commission for the exercise of the additional powers so granted, provided that the states so acting shall appropriate additional funds for this purpose. The creation of such section as a joint regulatory agency shall not deprive the states participating therein of any of their privileges or powers or responsibilities in the Atlantic States Marine Fisheries Commission under the general compact. (1949, c. 1086, s. 2; 1965, c. 957, s. 18.)

§ 113-254. North Carolina members of Commission.

In pursuance of Article III of said Compact there shall be three members (hereinafter called commissioners) of the Atlantic States Marine Fisheries Commission (hereinafter called Commission) from the State of North Carolina. The first commissioner from the State of North Carolina shall be the Fisheries Director of the Division of Marine Fisheries of the Department, ex officio, and the term of such ex officio commissioner shall terminate at the time he ceases to hold such office, and his successor as commissioner shall be his successor as Fisheries Director of the Division of Marine Fisheries. The second commissioner from the State of North Carolina shall be a legislator and member of the Commission on Interstate Cooperation of the State of North Carolina, ex officio, designated by said Commission on Interstate Cooperation, and the term of any such ex officio commissioner shall terminate at the time he ceases to hold said legislative office or said office as Commissioner on Interstate Cooperation, and his successor as commissioner shall be named in like manner. The Governor (by and with the advice and consent of the Senate) shall appoint a citizen as a third commissioner who shall have a knowledge of and interest in the marine fisheries problem. The term of said Commissioner shall be three years and he shall hold office until his successor shall be appointed and qualified. Vacancies occurring in the office of such Commissioner from any reason or cause shall be filled by appointment by the Governor (by and with the advice and consent of the Senate) for the unexpired term. The Fisheries Director of the Division of Marine Fisheries appointed pursuant to Article III as ex officio commissioner may delegate, from time to time, to any deputy or other subordinate of the Fisheries Director, the power to be present and participate, including voting, as his representative or substitute at any meeting of or hearing by or other proceedings of the Commission. The terms of each of the initial three members shall begin at the date of the appointment of the appointive commissioner, provided the said Compact shall then have gone into effect in accordance with Article II of the Compact; otherwise they shall begin upon the date upon which said Compact shall become effective in accordance with said Article II.

Any commissioner may be removed from office by the Governor upon charges and after a hearing. (1949, c. 1086, s. 3; 1965, c. 957, s. 18; 1973, c. 1262, ss. 28, 86; 1977, c. 771, s. 4; 1987, c. 641, s. 9; 1989, c. 727, s. 110.)

§ 113-255. Powers of Commission and commissioners.

There is hereby granted to the Commission and the commissioners thereof all the powers provided for in the said Compact and all the powers necessary or incidental to the carrying out of said Compact in every particular. All officers of the State of North Carolina are hereby authorized and directed to do all things falling within their respective provinces and jurisdiction necessary or incidental to the carrying out of said Compact in every particular; it being hereby declared to be the policy of the State of North Carolina to perform and carry out the said Compact and to accomplish the purposes thereof. All officers, bureaus, departments and persons of and in the State government or administration of the State of North Carolina are hereby authorized and directed at convenient times and upon request of the said Commission to furnish the said Commission with information and data possessed by them or any of them and to aid said Commission by loan of personnel or other means lying within their legal rights respectively. (1949, c. 1086, s. 4; 1965, c. 957, s. 18.)

§ 113-256. Powers herein granted to Commission are supplemental.

Any powers herein granted to the Commission shall be regarded as in aid of and supplemental to and in no case a limitation upon any of the powers vested in said Commission by other laws of the State of North Carolina or by the laws of the states of Maine, New Hampshire, Massachusetts, Connecticut, Rhode Island, New York, New Jersey, Delaware, Maryland, Virginia, South Carolina, Georgia and Florida or by the Congress or the terms of said Compact. (1949, c. 1086, s. 5; 1965, c. 957, s. 18.)

§ 113-257. Report of Commission to Governor and legislature; recommendations for legislative action; examination of accounts and books by Auditor.

The Commission shall keep accurate accounts of all receipts and disbursements and shall report to the Governor and the legislature of the State of North Carolina on or before the tenth day of December in each year, setting forth in detail the transactions conducted by it during the 12 months preceding December 1 of that year and shall make recommendations for any legislative action deemed by it advisable, including amendments to the statutes of the State of North Carolina which may be necessary to carry out the intent and purposes of the compact between the signatory states.

The Auditor of the State of North Carolina is hereby authorized and empowered from time to time to examine the accounts and books of the Commission, including its receipts, disbursements and such other items referring to its financial standing as such Auditor may deem proper and to report the results of such examination to the Governor of such State. (1949, c. 1086, s. 6; 1955, c. 236, s. 2; 1965, c. 957, s. 18.)

§ 113-258. Commission subject to provisions of Executive Budget Act.

The Atlantic States Marine Fisheries Commission of the State of North Carolina shall be subject to all the terms and provisions of the Executive Budget Act, Article 1 of Chapter 143 of the General Statutes of North Carolina. (1949, c. 1086, s. 7; 1955, c. 236, s. 1; 1965, c. 957, s. 18.)

Miscellaneous Regulatory Provisions.

§ 113-261. Taking fish and wildlife for scientific purposes; permits to take in normally unauthorized manner; cultural and scientific operations.

(a) The Department, the Wildlife Resources Commission, and agencies of the United States with jurisdiction over fish and wildlife are hereby granted the right to take marine, estuarine, and wildlife resources within the State, to conduct fish cultural operations and scientific investigations in the several waters of North Carolina, to survey fish and wildlife populations in the State, to conduct investigations to determine the status and requirements for survival of resident species of fish and wildlife, to propagate animals, birds, and fish, and to erect fish hatcheries and fish propagating plants without regard to any licensing or permit requirements of this Subchapter.

(b) The Department with respect to fish in coastal fishing waters and the Wildlife Resources Commission with respect to wildlife may provide for the issuance of permits, on such terms as they deem just and in the best interest of conservation, authorizing persons to take such fish or wildlife through the use of drugs, poisons, explosives, electricity, or any other generally prohibited manner. Such permits need not be restricted solely to victims of depredations or to scientific or educational institutions, but should be issued only for good cause. No permit to take wildlife other than fish by means of poison may be issued, however, unless the provisions of Article 22A are met.

(c) The Department, the Wildlife Resources Commission, and agencies of the United States with jurisdiction over fish and wildlife may, as necessary in their legitimate operations, take fish and wildlife in a manner generally prohibited by this Subchapter or by rules made under the authority of this Subchapter. (1915, c. 84, s. 7; C.S., s. 1886; 1965, c. 957, s. 2; 1973, c. 1262, s. 18; 1979, c. 830, s. 1; 1987, c. 827, s. 98.)

§ 113-262. Taking fish or wildlife by poisons, drugs, explosives or electricity prohibited; exceptions; possession of illegally killed fish or wildlife prohibited.

(a) Except as otherwise provided in this Subchapter, or in rules permitting use of electricity to take certain fish, it is a Class 2 misdemeanor to take any fish or wildlife through the use of poisons, drugs, explosives, or electricity. This subsection does not apply to any person lawfully using any poison or pesticide under the Structural Pest Control Act of North Carolina of 1955, as amended, or the North Carolina Pesticide Law of 1971, as amended.

(b) Except under a valid permit it is unlawful to possess any fish or wildlife:

- (1) Bearing evidence of having been taken in violation of subsection (a); or
- (2) With knowledge or reason to believe that the fish or wildlife was taken in violation of subsection (a). (1883, c. 290; Code, s. 1094; Rev., s. 3417; C.S., ss. 1968, 2124; 1927, c. 107; 1935, c. 486, ss. 18-20; 1939, c. 235, s. 1; 1949, c. 1205, ss. 2, 3; 1953, c. 1134; 1955, c. 104; c. 1053, ss. 1, 3, 4; 1957, c. 1056; 1959, c. 207; c. 500; 1961, c. 1182; 1963, c. 381; c. 697, ss. 1, 31/2; 1965, c. 904, s. 1; c. 957, s. 2; 1967, c. 728, s. 1; c. 858, s. 1; c. 1149, s. 1.5; 1969, c. 75; c. 140; 1971, c. 439, ss. 1-3; c. 449, s. 1; c. 461; c. 648, s. 1; c. 899, s. 1; 1973, c. 1096; c. 1210, ss. 1-3, 5; c. 1262, s. 18; 1975, c. 669; c. 728; 1977, c. 493; c. 794, s. 4; 1979, c. 830, s. 1; 1987, c. 827, s. 98; 1993, c. 539, s. 846; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-263. Inspecting plans and specifications of dams.

The Department and the Wildlife Resources Commission, in addition to other agencies primarily responsible, may inspect the plans and specifications of all dams proposed to be built, in North Carolina or elsewhere within the United States, the design or proposed mode of construction of which may have an adverse effect upon fish within the State. The Department or the Wildlife Resources Commission, as the case may be, may be heard before the appropriate agency charged with approving said plans and specifications, and due consideration shall be given to said Department or Wildlife Resources Commission in the approval or disapproval of the plans and specifications of proposed dams by the agencies so charged with said duty. (1965, c. 957, s. 2; 1973, c. 1262, s. 18.)

§ 113-264. Regulatory power over property of agency; public hunting grounds; scheduling of managed big game hunts.

(a) The Department and the Wildlife Resources Commission are granted the power by rule to license, regulate, prohibit, or restrict the public as to use and enjoyment of, or harm to, any property of the Department or the Wildlife Resources Commission, and may charge the public reasonable fees for access to or use of such property. "Property" as the word is used in this section is intended to be broadly interpreted and includes lands, buildings, vessels, vehicles, equipment, markers, stakes, buoys, posted signs and other notices, trees and shrubs and artificial constructions in boating and fishing access areas, game lands, wildlife refuges, public waters, public mountain trout waters, and all other real and personal property owned, leased, controlled, or cooperatively managed by either the Department or the Wildlife Resources Commission.

(a1) Every wildlife protector and every law enforcement officer of this State and its subdivisions shall have the authority within his or her established

jurisdiction to enforce the rules promulgated pursuant to the power granted by this section regarding the willful removal of, damage to, or destruction of any property of the Department or the Wildlife Resources Commission.

(a2) To the extent that subsection (a1) of this section conflicts with any provision of any local act, subsection (a1) of this section prevails.

(b) Unless a different level of punishment is elsewhere set out, willful removal of, damage to, or destruction of any property of the Department or the Wildlife Resources Commission is a Class 1 misdemeanor.

(c) The Wildlife Resources Commission may cooperate with private landowners in the establishment of public hunting grounds. It may provide for the posting of these areas and of restricted zones within them, require that authorized hunters obtain written permission from the owner to hunt, enforce general laws concerning trespass by hunters and concerning damage or injurious activities by hunters and by others carrying weapons on or discharging weapons across public hunting grounds or restricted zones.

(d) The Wildlife Resources Commission may schedule managed hunts for any species of wildlife to be held on game lands. Participants in such hunts shall be selected at random by computer from properly licensed applicants. A nonrefundable fee of five dollars (\$5.00) will be required of each applicant to defray the cost of processing the applications. (1965, c. 957, s. 2; 1973, c. 1262, ss. 18, 28; 1977, c. 771, s. 4; 1979, c. 830, s. 1; 1983, c. 403; 1985 (Reg. Sess., 1986), c. 996, s. 2; 1987, c. 827, s. 98; 1989, c. 221; c. 642, s. 1; 1993, c. 539, s. 847; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-265. Obstructing or polluting flow of water into hatchery; throwing fish offal into waters.

(a) No person may obstruct, pollute, or diminish the natural flow of water into or through any fish hatchery in violation of the requirements of the Environmental Management Commission.

(b) It is unlawful for any person to throw or cause to be thrown into the channel of any navigable waters fish offal in any quantity likely to hinder or prevent the passage of fish along such channel. The Marine Fisheries Commission and the Wildlife Resources Commission may by rule impose further restrictions upon the throwing of fish offal in any coastal fishing waters or inland fishing waters respectively.

(c) to (e) Repealed by Session Laws 1987, c. 636, s. 2. (1883, c. 137, s. 5; Code, ss. 3385, 3386, 3389, 3407, 3418; Rev., ss. 2444, 2465, 2478; C.S., ss. 1969, 1971, 1972; 1959, c. 405; 1965, c. 957, s. 2; 1971, c. 690, s. 4; 1973, c. 1262, ss. 18, 28; 1985 (Reg. Sess., 1986), c. 996, s. 3; 1987, c. 636, s. 2; c. 827, s. 98.)

§ 113-266. Interference with artificial reef marking devices.

It shall be a Class 1 misdemeanor for any person to destroy, injure, relocate, or remove any navigational aids, buoys, markers, or other devices lawfully set out by the Division of Marine Fisheries in connection with the marking of any

artificial reef in the coastal waters of the State and in the Atlantic Ocean to the seaward extent of the State's jurisdiction as now or hereafter defined. (1985 (Reg. Sess., 1986), c. 996, s. 1; 1993, c. 539, s. 848; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-267. Replacement costs of marine, estuarine, and wildlife resources; rules authorized; prima facie evidence.

To provide information to the courts and other officials taking action under G.S. 15A-1343(b1)(5), under G.S. 143-215.3(a)(7), or under any other pertinent authority of law, the Marine Fisheries Commission and the Wildlife Resources Commission are authorized to adopt rules setting forth the factors that should be considered in determining the replacement costs of fish and wildlife and other marine, estuarine, and wildlife resources that have been taken, injured, removed, harmfully altered, damaged, or destroyed. The Marine Fisheries Commission and the Wildlife Resources Commission may make similar rules respecting costs of investigations required by G.S. 143-215.3(a)(7) or which are made pursuant to a court order. For common offenses resulting in the destruction of marine, estuarine, and wildlife resources the Marine Fisheries Commission and the Wildlife Resources Commission may adopt schedules of costs which reasonably state the likely replacement costs and necessary investigative costs when appropriate. Rules of the Marine Fisheries Commission and the Wildlife Resources Commission stating scheduled costs or cost factors must be treated as prima facie evidence of the actual costs, but do not prevent a court or jury from examining the reasonableness of the regulations or from assessing the special factors in a case which may make the true costs either higher or lower than the amount stated in the rules. The term "replacement costs" must be broadly construed to include indirect costs of replacement through habitat improvement or restoration, establishment of sanctuaries, and other recognized conservation techniques when direct stocking or replacement is not feasible. (1979, c. 830, s. 1; 1985, c. 509, s. 7; 1987, c. 827, s. 98.)

§ 113-268. Injuring, destroying, stealing, or stealing from nets, seines, buoys, pots, etc.

(a) It is unlawful for any person without the authority of the owner of the equipment to take fish from nets, traps, pots, and other devices to catch fish which have been lawfully placed in the open waters of the State.

(b) It is unlawful for any master or other person having the management or control of a vessel in the navigable waters of the State to willfully, wantonly, and unnecessarily do injury to any seine, net or pot which may lawfully be hauled, set, or fixed in such waters for the purpose of taking fish except that a net set across a channel may be temporarily moved to accommodate persons engaged in drift netting, provided that no fish are removed and no damage is done to the net moved.

(c) It is unlawful for any person to willfully steal, destroy, or injure any buoys, markers, stakes, nets, pots, or other devices on property lawfully set out in the open waters of the State in connection with any fishing or fishery.

(d) Violation of subsections (a), (b), or (c) is a Class A1 misdemeanor.

(e) The Department may, either before or after the institution of any other action or proceeding authorized by this section, institute a civil action for injunctive relief to restrain a violation or threatened violation of subsections (a), (b), or (c) of this section pursuant to G.S. 113-131. The action shall be brought in the superior court of the county in which the violation or threatened

violation is occurring or about to occur and shall be in the name of the State upon the relation of the Secretary. The court, in issuing any final order in any action brought pursuant to this subsection may, in its discretion, award costs of litigation including reasonable attorney and expert-witness fees to any party. (1987, c. 636, s. 1; 1989, c. 727, s. 112; 1993, c. 539, s. 849; 1994, Ex. Sess., c. 24, s. 14(c); 1998-225, s. 3.9.)

Editor's Note. — Session Laws 1998-225, s. 5.3, provides: "Unless otherwise expressly provided, every agency to which this act applies shall adopt rules to implement the provisions of this act only in accordance with the provisions of Chapter 150B of the General Statutes. This act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1. Every agency to which this act applies

that is authorized to adopt rules to implement the provisions of this act may adopt temporary rules to implement the provisions of this act. This section shall continue in effect until all rules necessary to implement the provisions of this act have become effective as either temporary rules or permanent rules."

Session Laws 1998-225, s. 5.5 contains a severability clause.

§ 113-269. Robbing or injuring hatcheries and other aquaculture operations.

(a) The definitions established in G.S. 106-758 are incorporated by reference into this section. For the purposes of this section, a shellfish lease issued pursuant to G.S. 113-202 is defined as an aquaculture facility only when it has been amended pursuant to G.S. 113-202.1 to authorize use of the water column and when it is or has been regularly posted and identified in accordance with the rules of the Marine Fisheries Commission.

(b) It is unlawful for any person without the authority of the owner of an aquaculture facility to take fish or aquatic species being cultivated or reared by the owner from an aquaculture facility.

(c) It is unlawful for any person to receive or possess fish or aquatic species stolen from an aquaculture facility while knowing or having reasonable grounds to believe that the fish or aquatic species are stolen.

(d) It is unlawful for any person to willfully destroy or injure an aquaculture facility or aquatic species being reared in an aquaculture facility.

(e) Violation of subsections (b) or (c) for fish or aquatic species valued at more than four hundred dollars (\$400.00) is punishable under G.S. 14-72. Violation of subsections (b) or (c) for fish or aquatic species valued at four hundred dollars (\$400.00) or less is a Class 1 misdemeanor.

(f) Violation of subsection (d) is a Class 1 misdemeanor.

(g) In deciding to impose any sentence other than an active prison sentence, the sentencing judge shall consider and may require, in accordance with G.S. 15A-1343, restitution to the victim for the amount of damage to the aquaculture facility or aquatic species or for the value of the stolen fish or aquatic species.

(h) The district attorney shall dismiss any case brought pursuant to subsections (b) and (c) if defendant produces a notarized written authorization for taking fish or aquatic species from the aquaculture facility or if the fish or aquatic species taken from a shellfish lease aquaculture facility was not a shellfish authorized for cultivation on the lease. (1989, c. 281, s. 1; 1993, c. 539, ss. 850, 851; 1994, Ex. Sess., c. 24, s. 14(c).)

ARTICLE 21.

*Licenses and Permits Issued by the Wildlife Resources Commission.***§ 113-270.1. License agents.**

(a) The Wildlife Resources Commission may by rule provide for the annual appointment of persons as license agents to sell licenses which it is authorized to issue by this Subchapter or by any other provisions of law. To facilitate the convenience of the public, the efficiency of administration, the need to keep statistics and records affecting the conservation of wildlife resources, boating, water safety, and other matters within the jurisdiction of the Wildlife Resources Commission, and the need to issue licenses containing special restrictions, the Wildlife Resources Commission may issue licenses in any particular category through:

- (1) License agents.
- (2) The Wildlife Resources Commission's headquarters.
- (3) Employees of the Wildlife Resources Commission.
- (4) Two or more such sources simultaneously.

When there are substantial reasons for differing treatment, the Wildlife Resources Commission may issue a type of license by one method in one locality and by another method in another locality.

(b) License agents may deduct from the amount collected for each license a fee of six percent (6%).

(c) The Wildlife Resources Commission may provide qualifications and standards concerning license agents and delegate to the Executive Director the task of appointment and supervision. Annual appointments run from May 1 to April 30 each year. The Wildlife Resources Commission may require license agents to post bonds, keep records and make reports concerning licenses and receipts, be subject to such audits and inspections as may be necessary, and pay a penalty of five percent (5%) on any worthless checks given the Wildlife Resources Commission. The minimum penalty for a worthless check, however, is five dollars (\$5.00), and the maximum penalty is two hundred dollars (\$200.00). The Wildlife Resources Commission shall require license agents to pay penalties of twenty-five percent (25%) of the agents' fees on any license fees remitted to the Commission after the fifteenth day of the month immediately following the month of sale.

(d) The Wildlife Resources Commission may make rules in implementing the authority granted in subsection (c), but it need not set out in its rules details as to forms of license, records and accounting procedures, and other reasonable requirements that may be administratively promulgated by employees of the Wildlife Resources Commission in implementation of the purposes of this Article in order for such administrative requirements to be deemed validly required. It is a Class 1 misdemeanor for a license agent:

- (1) To withhold or misappropriate funds from the sale of licenses;
- (2) To falsify records of licenses sold;
- (3) Wilfully and knowingly to assist or allow a person to obtain a license for which he is ineligible;
- (4) Wilfully to issue a backdated license;
- (5) Wilfully on records or licenses to include false information or omit material information as to:
 - a. A person's entitlement to a particular license; or
 - b. The applicability or term of a particular license; or
- (6) To refuse to return all consigned licenses, or to remit the net value of consigned licenses sold or unaccounted for, upon demand from an authorized employee of the Wildlife Resources Commission.

(e) The Executive Director may temporarily suspend, revoke, or refuse to renew a person's appointment as a license agent if he fails in a timely manner to submit required reports, remit moneys due the Wildlife Resources Commission, or otherwise comply with the qualifications and standards set by the Wildlife Resources Commission or with reasonable administrative directives of the Executive Director. The temporary suspension is effective immediately upon communication of that fact to the license agent or his representative handling the licenses. The communication as to suspension must state the grounds for suspension and that the license agent may request a hearing within five working days if he contests the grounds for suspension. If not in writing, the communication must be followed by written notice of suspension containing the same information. By personal service of an impoundment order upon a license agent or his representative handling the licenses, an employee or agent of the Wildlife Resources Commission may enter the premises and impound all licenses, moneys, record books, reports, license forms, and other documents, ledgers, and materials pertinent or apparently pertinent to the license agency being suspended. The Executive Director must make the impounded property, or copies of it, available to the licensee during the period of temporary suspension.

(f) If a hearing is requested, it is before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. The temporary suspension remains in effect until the hearing, and after the hearing may be rescinded or continued in effect, as the facts warrant, in the discretion of the Executive Director. A temporary suspension may not last longer than 30 days, but additional suspensions may be imposed if at the end of the suspension period the license agent is still not in compliance with appropriate standards, qualifications, and administrative directives. A license agent may at any time after a hearing appeal his suspension to the Wildlife Resources Commission.

(g) Notice of revocation or nonrenewal of the appointment may be sent the license agent in lieu of or in addition to temporary suspension. The notice must state the grounds for termination of the appointment and the license agent's right to a hearing if he has not previously been afforded one. If the appointment is to be revoked, the notice must state the effective date and hour of revocation. If the appointment is not to be renewed, the notice must state that the appointment expires at midnight on April 30. If he has not been previously afforded a hearing, a license agent is entitled to a hearing within 14 days before the Executive Director or his designee to be held at Raleigh or some other place convenient to the parties specified by the Executive Director. After the hearing, the Executive Director, applying appropriate standards, must take the action with respect to the appointment as license agent that the facts warrant. If the Executive Director upholds the decision to terminate the appointment, a license agent may appeal his termination to the Wildlife Resources Commission. Pending the hearing and any appeal from it, the termination is held in abeyance, but no license sales may be made once the license agent's bond has expired.

(h) Upon termination of the appointment, the former agent must return to the Wildlife Resources Commission all record books, reports, license forms, moneys, and other property pertaining to the license agency, and must allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits required in terminating the license agency. Each day's refusal after termination to return, upon demand, the record books, reports, license forms, moneys, and other property pertaining to the license agency is a separate offense. Each instance of refusal, after termination, to allow agents of the Wildlife Resources Commission to conduct necessary inspections and audits during regular business hours is a separate offense. A violation of this

subsection is a Class 2 misdemeanor. Before termination, violations by license agents are punishable under G.S. 113-135, subsection (d) above, or other provision of this Subchapter, as appropriate.

(i) No person denied appointment or whose appointment was terminated under this section is eligible to apply again for an appointment as a license agent for two years. Upon application, the executive director may not grant the appointment as license agent unless the applicant produces clear evidence, convincing to the Executive Director, that he meets all standards and qualifications and will comply with all requirements of statutes, rules, and reasonable administrative directives pertaining to license agents.

(j) The Executive Director or his designee holding any hearing under this section must keep a written record of evidence considered and findings made. Upon appeal to the Wildlife Resources Commission, the commission chairman or other presiding officer must cause such a written record of evidence and findings to be made and kept. Hearings and appeals under this section are internal matters concerning license agents of the Wildlife Resources Commission and are not governed by the North Carolina Administrative Procedure Act. (1961, c. 352, ss. 4, 9; 1979, c. 830, s. 1; 1985, c. 791, s. 34; 1987, c. 827, s. 98; 1993, c. 539, ss. 852, 853; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-270.1A. Hunter safety course required.

(a) Except as provided in subsection (a1) of this section, on or after July 1, 1991, a person, regardless of age, may not procure a hunting license or hunt in this State without producing a certificate of competency or a hunting license issued prior to July 1, 1991, or signing a statement on a form provided by the Wildlife Resources Commission that he had such a license.

(a1) A person who qualifies for a totally disabled resident combination hunting-fishing license under G.S. 113-270.1C(b)(3) need not comply with the requirements of subsection (a) of this section in order to receive that license, so long as the person does not make use of the license unless:

- (1) The person is accompanied by an adult of at least 21 years of age who is licensed to hunt; and
- (2) The adult hunter maintains a proximity to the disabled hunter which enables the adult to take immediate control of the hunting device at all times.

(b) The Wildlife Resources Commission shall institute and coordinate a statewide course of instruction in hunter ethics, wildlife laws and regulations, and competency and safety in the handling of firearms, and in so doing, may cooperate with any political subdivision, or with any reputable organization having as one of its objectives the promotion of competency and safety in the handling of firearms, including local rod and gun clubs.

- (1) The Wildlife Resources Commission shall designate those persons or agencies authorized to give the course of instruction, and this designation shall be valid until revoked by the Commission. Those designated persons shall submit to the Wildlife Resources Commission validated listings naming all persons who have successfully completed the course of instruction.
- (2) The Wildlife Resources Commission may conduct the course in hunter safety, using Commission personnel or other persons at times and in areas where other competent agencies are unable or unwilling to meet the demand for instruction.
- (3) The Wildlife Resources Commission shall issue a certificate of competency and safety to each person who successfully completes the course of instruction, and the certificate shall be valid until revoked by the Commission.

(4) Any similar certificate issued outside the State by a governmental agency, shall be accepted as complying with the requirements of subsection (a) above, if the privileges are reciprocal for North Carolina residents.

(5) The Wildlife Resources Commission shall adopt rules and regulations to provide for the course of instruction and the issuance of the certificates consistent with the purpose of this section.

(c) On or after July 1, 1991, any person who obtains a hunting license by presenting a fictitious certificate of competency or who attempts to obtain a certificate of competency or hunting license through fraud shall have his hunting privileges revoked by the Wildlife Resources Commission for a period not to exceed one year.

(d) Nothing in this section shall be construed to prohibit the sale of lifetime licenses as provided in G.S. 113-270.1D(b) or G.S. 113-270.2(c)(2). Pending satisfactory completion of the hunter safety course, persons who possess such licenses may exercise the privileges thereof when accompanied by an adult at least 21 years of age who is licensed to hunt in this State. For the purpose of this section, "accompanied" is defined as being able to take immediate control of the hunting device. (1989, c. 324, s. 1; 1991, c. 70, s. 1; 1997-365, s. 1; 1999-456, s. 27.)

Editor's Note. — Session Laws 1997-365, s. 2, provides: "Notwithstanding the provisions of Section 1 of this act, locations where hunting safety is taught shall not be relieved of their

obligation to make the course accessible to persons with disabilities who wish to take the course."

§ 113-270.1B. License required to hunt, fish, or trap.

(a) Except as otherwise specifically provided by law, no person may hunt, fish, trap, or participate in any other activity regulated by the Wildlife Resources Commission for which a license is provided by law without having first procured a current and valid license authorizing the activity.

(b) Except as indicated otherwise, all licenses are annual licenses valid from the date of issue for a period of 12 months. (1993 (Reg. Sess., 1994), c. 684, s. 1.)

§ 113-270.1C. Combination hunting and fishing licenses.

(a) The combination hunting and fishing licenses set forth in subsection (b) of this section entitle the holder to take, except on game lands, all wild birds and wild animals, other than big game and waterfowl, by all lawful methods and in all open seasons, and to fish with hook and line in all inland and joint fishing waters, except public mountain trout waters.

(b) Combination hunting and fishing licenses issued by the Wildlife Resources Commission are:

(1) Resident Annual Combination Hunting and Fishing License — \$20.00.

This license shall be issued only to an individual resident of the State.

(2), (3) Repealed by Session Laws 1997-326, s. 2.

(4) Lifetime Combination Hunting and Fishing License for Disabled Residents — \$10.00. This license shall be issued only to (i) an individual resident of the State who is a fifty percent (50%) or more disabled veteran as determined by the United States Department of Veterans Affairs, remaining valid for the lifetime of the individual so long as the individual remains fifty percent (50%) or more disabled; or (ii) an individual resident of the State who is totally disabled, remaining valid for the lifetime of the individual so long as the individual remains totally disabled. For purposes of this section,

“totally disabled” means physically incapable of being gainfully employed. The application form for this license, to be provided by the Wildlife Resources Commission, allows a person to apply only for the fishing privileges conveyed by the license. This license entitles the holder to fish in public mountain trout waters as provided in G.S. 113-272(a). (1993 (Reg. Sess., 1994), c. 684, s. 1; 1997-326, ss. 2, 3; 2001-91, s. 1.)

Editor’s Note. — Session Laws 1997-326, s. 6, provides that all lifetime combination hunting and fishing licenses issued under subdivisions (b)(2) and (b)(3) prior to October 1, 1997, shall remain valid for the uses for which they were issued.

Effect of Amendments. — Session Laws 2001-91, s. 1, effective July 1, 2001, added the last two sentences in subdivision (b)(4).

§ 113-270.1D. Sportsman licenses.

(a) Annual Sportsman License — \$40.00. This license shall be issued only to an individual resident of the State and entitles the holder to take all wild animals and wild birds, including waterfowl, by all lawful methods in all open seasons, including the use of game lands, and to fish with hook and line for all fish in all inland and joint fishing waters, including public mountain trout waters.

(b) Lifetime Sportsman Licenses. The Wildlife Resources Commission may issue classes of falconry licenses necessary to participate in the federal/State permit system, require necessary examinations before issuing licenses or permits to engage in various authorized activities related to possession and maintenance of raptors and the sport of falconry, and regulate licenses as required by governing federal law and rules. To defray the costs of administering required examinations, the Wildlife Resources Commission may charge reasonable fees upon giving them. To meet minimum federal standards plus other State standards in the interests of conservation of wildlife resources, the Wildlife Resources Commission may impose all necessary controls, including those set out in the sections pertaining to collection licenses and captivity licenses, and may issue permits and require reports, but no collection license or captivity license is needed in addition to the falconry license.

- (5) Migratory Waterfowl Hunting License — \$10.00. This license shall be issued to an individual resident or nonresident of the State and entitles the holder to take migratory waterfowl in accordance with applicable laws and regulations. The Wildlife Resources Commission may implement this license requirement through the sale of an official waterfowl stamp which may be a facsimile, in an appropriate size, of the waterfowl conservation print authorized by G.S. 113-270.2B. An amount not less than one-half of the annual proceeds from the sale of this license shall be used by the Commission for cooperative waterfowl habitat improvement projects through contracts with local waterfowl interests, with the remainder of the proceeds to be used by the Commission in its statewide programs for the conservation of waterfowl.

(c) Any individual who kills any species of big game must report the kill to the Wildlife Resources Commission. The Commission may by rule prescribe the method of making the report, prescribe its contents, and require positive identification of the carcass of the kill, by tagging or otherwise. The Wildlife Resources Commission may administratively provide for the annual issuance of big game tags or other identification for big game authorized by this section to holders of lifetime sportsman licenses and lifetime comprehensive hunting licenses.

(d) Any individual who possesses any of the lifetime sportsman licenses established by G.S. 113-270.1D(b) may engage in specially regulated activities without the licenses required by subdivisions (1), (2), (3), and (5) of subsection (b) of this section. For purposes of this section, “primitive weapons” include bow and arrow, muzzle-loading firearm, and any other primitive weapon specified in the rules of the Wildlife Resources Commission. (1969, c. 1042, s. 7; 1973, c. 1097, s. 1; 1975, c. 171; c. 197, ss. 5, 7; c. 673, s. 1; 1977, c. 746, s. 1; 1979, c. 830, s. 1; 1979, 2nd Sess., c. 1178, ss. 2, 5; 1981, c. 482, s. 7; c. 620, s. 1; 1981 (Reg. § 113-270.4. Hunting and fishing guide license.

(a) No one may serve for hire as a hunting or fishing guide without having first procured a current and valid hunting and fishing guide license. This license is valid only for use by an individual meeting the criteria set by the Wildlife Resources Commission for issuance of the license subject to the limitations set forth in this section. Possession of the hunting and fishing guide license does not relieve the guide from meeting other applicable license requirements.

(b) The hunting and fishing guide licenses issued by the Wildlife Resources are:

- (1) Resident Hunting and Fishing Guide License — \$10.00. This license is valid for use only by an individual resident of the State.
- (2) Nonresident Hunting and Fishing Guide License — \$ 100.00. This license is valid for use by a nonresident individual in the State.

(c) The Wildlife Resources Commission may by rule provide for the qualifications and duties of hunting and fishing guides. (1935, c. 486, s. 12; 1937, c. 45, s. 1; 1945, c. 617; 1949, c. 1203, s. 1; 1957, c. 849, s. 1; 1959, c. 304; 1961, c. 834, s. 1; 1967, c. 790; 1969, c. 1030; c. 1042, ss. 1-5; 1971, c. 242, c. 282, s. 1; c. 705, ss. 1, 2; 1973, c. 1262, s. 18; 1975, c. 197, ss. 1-4; 1977, c. 658; 1979, c. 830, s. 1; 1981 (Reg. Sess., 1982), c. 1201, s. 3; 1983, c. 140, s. 4; 1987, c. 156, s. 6; c. 827, s. 98; 1991 (Reg. Sess., 1992), c. 989, s. 1; 1993, c. 553, s. 32.1; 2001-91, s. 4.)

Effect of Amendments. — Session Laws 2001-91, s. 4, effective July 1, 2001, deleted the former last two sentences in subsection (a), regarding licensing of nonresidents and reciprocal agreements between the Wildlife Resources Commission and other states; substituted “licenses issued by the Wildlife Resources

Commission are” for “license is an annual license issued upon payment of ten dollars (\$10.00) beginning July 1 of each year running until the following June 30” at the end of the present introductory language of subsection (b); and added subdivisions (b)(1) and (b)(2).

§ 113-270.5. Trapping licenses.

(a) Except as otherwise specifically provided by law, no one may take fur-bearing animals by trapping, or by any other authorized special method

that preserves the pelt from injury, without first having procured a current and valid trapping license. When the trapping license is required, it serves in lieu of a hunting license in the taking of fur-bearing animals. If fur-bearing animals are taken as game, at the times and by the hunting methods that may be authorized, hunting license requirements apply.

(b) The trapping licenses issued by the Wildlife Resources Commission are as follows:

- (1) Resident State Trapping License — \$25.00. This license is valid only for use by an individual resident of the State.
- (2) Resident County Trapping License — \$10.00. This license is valid only for use by an individual resident of the State within the county in which he resides.

Effect of Amendments. — Session Laws 2001-91, s. 5, effective July 1, 2001, deleted the former last sentence of (a), which read “All

Except as rules of the Wildlife Resources Commission provide for use of equipment by more than one person, this license is valid only for use by an individual resident of the State. It authorizes the taking of nongame fish from inland fishing waters with four or more special devices authorized by the rules of the Wildlife Resources Commission for use in specified waters. The Wildlife Resources Commission may restrict the user of the license to specified registered equipment, require tagging of items of equipment, charge up to one dollar (\$1.00) per tag issued, and require periodic catch data reports. Nongame fish lawfully taken under this license may be sold.

(2) Nonresident Noncommercial Special Device License — \$50.00. Except as rules of the Wildlife Resources Commission provide for use of equipment by more than one person, this license is valid for use only by an individual within the State. It is otherwise subject to the terms and conditions set out in subdivision (1) of this subsection.

(2a) Nonresident Commercial Special Device License — \$200.00. Except as rules of the Wildlife Resources Commission provide for use of equipment by more than one person, this license is valid only for use by an individual within the State. It is otherwise subject to the terms and conditions set out in subdivision (1a) of this subsection.

(3), (4) Repealed by Session Laws 1987, c. 156, s. 11.

(d) Repealed by Session Laws 1995, c. 36, s. 2. (1979, c. 830, s. 1; 1981, c. 620, s. 2; 1981 (Reg. Sess., 1982), c. 1201, s. 7; 1983, c. 140, s. 8; 1987, c. 156, ss. 11, 12; c. 827, s. 98; 1993 (Reg. Sess., 1994), c. 778, s. 1; 1995, c. 36, s. 2; 2001-91, s. 7.)

Effect of Amendments. — Session Laws 2001-91, s. 7, effective July 1, 2001, deleted subsection (b), which read “All special device licenses are annual licenses issued beginning July 1 each year running until the following June 30”; and substituted “\$200.00” for

“\$100.00 or the amount the nonresident’s state of residence charges a North Carolina resident to engage in the activity authorized by this license, whichever is higher” in subdivision (c)(2a).

§ 113-272.3. Special provisions respecting fishing licenses; grabbling; taking bait fish; use of landing nets; lifetime licenses issued from Wildlife Resources Commission headquarters; personalized lifetime sportsman combination licenses.

(a) The Wildlife Resources Commission by rule may define the meaning of “hook and line” and “special device” as applied to fishing techniques. Any technique of fishing that may be lawfully authorized which employs neither the use of any special device nor hook and line must be pursued under the appropriate hook-and-line fishing license.

(b) In accordance with established fishing customs and the orderly conservation of wildlife resources, the Wildlife Resources Commission may by rule provide for use of nets or other special devices which it may authorize as an incident to hook-and-line fishing or for procuring bait fish without requiring a special device license. In this instance, however, the individual fishing must meet applicable hook-and-line license requirements.

(c) Lifetime licenses are issued from the Wildlife Resources Commission headquarters. Each application for an Infant Lifetime Sportsman or Youth Lifetime Sportsman License must be accompanied by a certified copy of the birth certificate of the individual to be named as the license holder.

(d) In issuing lifetime sportsman combination licenses, the Wildlife Resources Commission is authorized to adopt rules to establish a personalized series and to charge a five dollar (\$5.00) administrative fee, to be deposited in the Wildlife Fund, to defray the cost of issuance of the personalized license. (1979, c. 830, s. 1; 1981, c. 482, s. 8; c. 620, s. 3; 1987, c. 827, s. 98; 1993 (Reg. Sess., 1994), c. 684, s. 6.1.)

§ 113-272.4. Collection licenses.

(a) In the interest of the orderly and efficient conservation of wildlife resources, the Wildlife Resources Commission may provide for the licensing of qualified individuals to take any of the wildlife resources of the State under a collection license that may serve in lieu of any other license required in this Article. This license authorizes incidental transportation and possession of the wildlife resources necessary to implement the authorized purposes of the taking, but the Wildlife Resources Commission in its discretion may additionally impose permit requirements under subsection (d) below and G.S. 113-274.

(b) The Wildlife Resources Commission may delegate to the Executive Director the authority to impose time limits during which the license is valid and restrictions as to what may be taken and method of taking and possession, in the interests of conservation objectives. The Executive Director through his responsible agents must determine whether a particular license applicant meets the standards and qualifications for licensees set by the Wildlife Resources Commission. Methods of taking under a collection license need not be restricted to those applicable to ordinary hunting, trapping, or fishing, but the licensee must observe the restrictions as to taking, transportation, and possession imposed by the Executive Director upon the granting of the license.

(c) When a more limited duration period is not set by the Executive Director in implementing the rules of the Wildlife Resources Commission, collection

licenses are valid from January 1 through December 31 in any year. This license is issued upon payment of five dollars (\$5.00), but the Wildlife Resources Commission may provide for issuance without charge to licensees who represent educational or scientific institutions or some governmental agency.

(d) As necessary, the Executive Director may administratively impose on licensees under this section restrictions upon individuals taking, transporting, or possessing under the license which will permit ready identification and control of those involved in the interest of efficient administration of laws pertaining to wildlife resources. Restrictions may include requirements as to record keeping, tagging, marking packages, cages, or containers and exhibition of additional limited-purpose and limited-time permits that may be issued without charge to cover particular activities and other actions that may be administratively required in the reasonable implementation of the objectives of this Subchapter.

(e) If the Executive Director deems it administratively appropriate and convenient to do so, in the interests of simplifying the administration of licensing requirements, he may grant particular licensees under this section the privilege of utilizing assistants in taking, transporting, or possessing wildlife resources who themselves are not licensed. Any assistants so taking, transporting, or possessing wildlife resources must have readily available for inspection a written authorization from the licensee to engage in the activity in question. The written authorization must contain information administratively required by the Executive Director, and a copy of the authorization must be placed in the mail addressed to the Executive Director or his designated agent before any assistant acts under the authorization. In his discretion the Executive Director may refuse to issue, refuse to renew, or revoke the privilege conferred in this subsection. If this is done, each individual engaged in taking, transporting, or possessing wildlife resources under this section must meet all applicable licensing and permit requirements. (1979, c. 830, s. 1; 1987, c. 827, s. 98.)

§ 113-272.5. Captivity license.

(a) In the interests of humane treatment of wild animals and wild birds that are crippled, tame, or otherwise unfit for immediate release into their natural habitat, the Wildlife Resources Commission may license qualified individuals to hold at a specified location one or more of any particular species of wild animal or wild bird alive in captivity. Before issuing this license, the Executive Director must satisfy himself that issuance of the license is appropriate under the objectives of this Subchapter, and that the wild animal or wild bird was not acquired unlawfully or merely as a pet. Upon refusing to issue the captivity license, the Executive Director may either take possession of the wild animal or wild bird for appropriate disposition or issue a captivity permit under G.S. 113-274(c)(1b) for a limited period until the holder makes proper disposition of the wild animal or wild bird.

(b) Unless a shorter time is set for a license upon its issuance under the provisions of subsection (c), captivity licenses are annual licenses issued beginning January 1 each year and running until the following December 31. This license is issued upon payment of five dollars (\$5.00) to the Wildlife Resources Commission.

(c) The Wildlife Resources Commission may require standards of caging and care and reports to and supervision by employees of the Wildlife Resources Commission as necessary to insure humane treatment and furtherance of the objectives of this Subchapter. The Executive Director in implementing the provisions of this section may administratively impose through responsible

agents and employees restrictions upon the mode of captivity that he deems necessary, including prescribing methods of treatment and handling designed, if possible, to enable the wild animal or wild bird to become self-sufficient and requiring that the wild animal or wild bird be set free when self-sufficiency is attained. To this end, the Executive Director may issue the captivity license with an expiration date earlier than December 31 and may also act to terminate any captivity license earlier than the expiration date for good cause.

(d) Any substantial deviation from reasonable requirements imposed by rule or administratively under the authority of this section renders possession of the wild animal or wild bird unlawful.

(e) No captivity license may be issued for any cougar (*Felis concolor*), except to:

- (1) A bona fide publicly supported zoo.
- (2) An educational or scientific research institution.
- (3) An individual who lawfully possessed the cougar on June 29, 1977. The license may not be granted, however, for possession of a cougar within a municipality which prohibits such possession by ordinance.
- (4) An individual who holds a cougar without caging under conditions simulating a natural habitat, the development of which is in accord with plans and specifications developed by the holder and approved by the Wildlife Resources Commission.

(f) The licensing provisions of this section apply to black bears held in captivity, but, to the extent that it differs from this section, Article 2 of Chapter 19A of the General Statutes governs the keeping of black bears in captivity. (1979, c. 830, s. 1; 1979, 2nd Sess., c. 1285, s. 3; 1981, c. 575, s. 1; 1987, c. 827, s. 98.)

§ 113-273. Dealer licenses.

(a) "Dealer" Defined; All Licenses Annual. — As used in this section, the word "dealer" includes all persons or individuals required to be licensed under the terms of this section. Except when indicated otherwise, dealer licenses are annual licenses issued beginning January 1 each year running until the following December 31.

(b) License Required; Rules Governing Licensee. — Except as otherwise provided, no person may engage in any activity for which a dealer license is provided under this section without first having procured a current and valid dealer license for that activity. In implementing the provisions of this section, the Wildlife Resources Commission may by rule govern every aspect of the licensee's dealings in wildlife resources. Specifically, these rules may require dealers to:

- (1) Implement a system of tagging or otherwise identifying and controlling species regulated under the license and pay a reasonable fee, not to exceed two dollars and twenty-five cents (\$2.25), for each tag furnished by the Wildlife Resources Commission;
 - (2) Keep records and statistics in record books furnished by the Wildlife Resources Commission, and pay a reasonable charge to defray the cost of furnishing the books;
 - (3) Be subject to inspection at reasonable hours and audit of wildlife resources and pertinent records and equipment;
 - (4) Make periodic reports;
 - (5) Post performance bonds payable to the Wildlife Resources Commission conditioned upon faithful compliance with provisions of law; and
 - (6) Otherwise comply with reasonable rules and administrative requirements that may be imposed under the authority of this section.
- (c) Repealed by Session Laws 1993, c. 18, s. 3.

(d) Repealed by Session Laws 1979, c. 830, s. 1.

(e) Repealed by Session Laws 1993, c. 18, s. 3.

(f) Fur-Dealer License. — Except as otherwise provided in this subsection, any individual in this State who deals in furs must obtain an appropriate fur-dealer license. For the purposes of this subsection, “dealing in furs” is engaging in the business of buying or selling fur-bearing animals or other wild animals that may lawfully be sold, the raw furs, pelts, or skins of those animals, or the furs, pelts, or skins of wild animals which may not themselves be sold but whose fur, pelt, or skin may lawfully be sold. A hunter or trapper who has lawfully taken wild animals whose fur, pelt, or skin is permitted to be sold under this subsection is not considered a fur dealer if he exclusively sells the animals or the furs, pelts, and skins, as appropriate, to licensed fur dealers. All fur-dealer licenses are annual licenses issued beginning July 1 each year running until the following June 30. Fur-dealer licenses issued by the Wildlife Resources Commission are as follows:

- (1) Resident fur-dealer license, sixty dollars (\$60.00). Authorizes an individual resident of the State to deal in furs in accordance with the rules of the Wildlife Resources Commission.
- (2) Nonresident fur-dealer license, three hundred dollars (\$300.00). Authorizes an individual within the State to deal in furs in accordance with the rules of the Wildlife Resources Commission.
- (3) Fur-dealer station license, one hundred twenty dollars (\$120.00). Authorizes a person or individual to deal in furs at an established location where fur dealings occur under the supervision of a responsible individual manager named in the license. Individual employees of the business dealing in furs solely at the established location under the supervision of the manager need not acquire an individual license. Any employee who also deals in furs outside the established location must obtain the appropriate individual license. Individuals dealing in furs at an established location may elect to do so under their individual licenses.

The Executive Director may administratively provide for reissuance of a station license without charge for the remainder of the year when either a business continues at an established location under a new supervising manager or the business changes to a new location. Before reissuing the license, however, the Executive Director must satisfy himself that there is a continuation of essentially the same business previously licensed and that any new supervising manager meets the qualifications imposed by rules of the Wildlife Resources Commission. The supervising manager must file the names of all employees of the business covered by a fur-dealer station license, whether temporary or permanent, including employees who process or skin the animals.

The Executive Director must furnish supervising managers and individual licensees with forms or record books for recording required information as to purchase, sale, importation, exportation, and other dealings, and make a reasonable charge to cover the costs of any record books furnished. It is unlawful for anyone dealing in furs to fail to submit reports required by rules or reasonable administrative directives.

(g) Controlled Hunting Preserve Operator License. — The Wildlife Resources Commission is authorized by rule to set standards for and to license the operation of controlled hunting preserves operated by private persons. Controlled hunting preserves are of two types: one is an area marked with appropriate signs along the outside boundaries on which only domestically raised game birds other than wild turkeys are taken; the other is an area enclosed with a dog-proof fence on which foxes may be hunted with dogs only.

A controlled fox hunting preserve operated for private use may be of any size; a controlled hunting preserve operated for commercial purposes shall be an area of not less than 500 acres or of such size as set by regulation of the Wildlife Resources Commission, which shall take into account differences in terrain and topography, as well as the welfare of the foxes.

Operators of controlled fox hunting preserves may purchase live foxes from licensed trappers who live-trap foxes during any open season for trapping them and may, at any time, take live foxes from their preserves for sale to other licensed operators. The controlled hunting preserve operator license may be purchased for a fee of fifty dollars (\$50.00), and is an annual license issued beginning August 1 each year running until the following July 1.

(h) Game Bird Propagation License. — No person may propagate game birds in captivity or possess game birds for propagation without first procuring a license under this subsection. The Wildlife Resources Commission may by rule prescribe the activities to be covered by the propagation license, which species of game birds may be propagated, and the manner of keeping and raising the birds, in accordance with the overall objectives of conservation of wildlife resources. Except as limited by this subsection, propagated game birds may be raised and sold for purposes of propagation, stocking, food, or taking in connection with dog training as authorized in G.S. 113-291.1(d). Migratory game bird operations authorized under this subsection must also comply with any applicable provisions of federal law and rules. The Wildlife Resources Commission may impose requirements as to shipping, marking packages, banding, tagging, or wrapping the propagated birds and other restrictions designed to reduce the change of illicit game birds being disposed of under the cover of licensed operations. The Wildlife Resources Commission may make a reasonable charge for any bands, tags, or wrappers furnished propagators. The game bird propagation license is issued by the Wildlife Resources Commission upon payment of a fee of five dollars (\$5.00). It authorizes a person or individual to propagate and sell game birds designated in the license, in accordance with the rules of the Wildlife Resources Commission, except:

- (1) Wild turkey and ruffed grouse may not be sold for food.
- (2) Production and sale of pen-raised quail for food purposes is under the exclusive control of the Department of Agriculture and Consumer Services. The Wildlife Resources Commission, however, may regulate the possession, propagation, and transportation of live pen-raised quail.

Wild turkey acquired or raised under a game bird propagation license shall be confined in a cage or pen approved by the Wildlife Resources Commission and no such wild turkey shall be released for any purpose or allowed to range free. It is a Class 3 misdemeanor to sell wild turkey or ruffed grouse for food purposes, to sell quail other than lawfully acquired pen-raised quail for food purposes, or to release or allow wild turkey to range free.

(i) Furbearer Propagation License. — No person may engage in propagation in captivity or possess any species of furbearers for propagation for the purpose of selling the animals or their pelts for use as fur without first procuring a license under this subsection. The furbearer propagation license is issued by the Wildlife Resources Commission upon payment of a fee of twenty-five dollars (\$25.00). It authorizes the propagation or sale of the pelts or carcasses of the species of furbearing animals named therein, including bobcats, opossums and raccoons, or red and silver foxes (*Vulpes vulpes*), for use as fur. The Wildlife Resources Commission may by rule prescribe the activities covered by the license, the manner of keeping and raising the animals and the manner of killing them prior to sale, in accordance with overall objectives of conservation of wildlife resources and humane treatment of wild animals raised in captivity. The Wildlife Resources Commission may require tagging of

the pelts or carcasses of the animals prior to sale in accordance with the provisions of G.S. 113-276.1(5) and G.S. 113-291.4(g). It is unlawful for any person licensed under this subsection to sell any pelt or carcass of any furbearing animal or fox to any other person who is not lawfully authorized to buy and possess the same, or to sell or deliver a live specimen of any such animal to any person who is not authorized to buy or receive and to hold the animal in captivity.

(j) [Reserved.]

(k) Taxidermy License. — Any individual who engages in taxidermy involving wildlife for any compensation, including reimbursement for the cost of materials, must first procure a taxidermy license. This license is an annual license issued by the Wildlife Resources Commission for ten dollars (\$10.00). The Wildlife Resources Commission must require a licensee to keep records concerning any wildlife taken or possessed by him; to keep records of the names and addresses of persons bringing him wildlife, the names and addresses of persons taking the wildlife if different, and other information concerning the origin of the wildlife; to inspect any applicable licenses or permits pertaining to the taking and possession of wildlife brought to him; to restrict him to taxidermy upon lawfully acquired wildlife; and to keep other pertinent records. No taxidermist subject to license requirements may sell any game or game fish in which he deals except that a taxidermist may acquire a valid possessory lien upon game or game fish under the terms of Chapter 44A of the General Statutes and, with a permit from the Executive Director, may sell the game or game fish under the procedure authorized in Chapter 44A. Wildlife acquired by a taxidermist is deemed “personal property” for the purposes of Chapter 44A. (1929, c. 333, ss. 1-7; c. 198, ss. 1, 2, 4; 1933, c. 337, ss. 1-4; c. 430, s. 1; 1935, c. 471, ss. 1-3; c. 486, ss. 4, 12, 21; 1937, c. 45, s. 1; 1945, c. 617; 1949, c. 1203, s. 1; 1957, cc. 386, 841; c. 849, s. 1; 1959, c. 304; 1961, c. 311; c. 834, s. 1; c. 1056; 1965, c. 957, s. 2; 1967, c. 790; 1969, c. 1030; c. 1042, ss. 1-5; 1971, c. 242; c. 282, s. 1; c. 515, s. 5; c. 705, ss. 1, 2; 1973, c. 1098; c. 1262, ss. 18, 86; 1975, c. 197, ss. 1-4, 13, 14; 1977, c. 658; 1979, c. 830, s. 1; 1981, c. 620, ss. 4-6; 1983, c. 140, s. 9; 1985, c. 476, s. 1; 1987, c. 133; c. 827, s. 98; 1989, c. 616, s. 3; 1993, c. 18, s. 3; c. 539, s. 854; 1994, Ex. Sess., c. 24, s. 14(c); 1997-261, s. 81.)

Cross References. — As to regulation of pen-raised quail by Department of Agriculture and Wildlife Resources Commission, see § 106-549.94.

§ 113-274. Permits.

(a) As used in this Article, the word “permit” refers to a written authorization issued without charge by an employee or agent of the Wildlife Resources Commission to an individual or a person to conduct some activity over which the Wildlife Resources Commission has jurisdiction. When sale of wildlife resources is permitted, rules or the directives of the Executive Director may require the retention of invoices or copies of invoices in lieu of a permit.

(b) Except as otherwise specifically provided, no one may engage in any activity for which a permit is required without having first procured a current and valid permit.

(c) The Wildlife Resources Commission may issue the following permits:

(1) Repealed by Session Laws 1979, c. 830, s. 1.

(1a) Depredation Permit. — Authorizes the taking, destruction, transfer, removal, transplanting, or driving away of undesirable, harmful, predatory, excess, or surplus wildlife or wildlife resources. The permit must state the manner of taking and the disposition of wildlife or wildlife resources authorized or required and the time for which the permit is valid, plus other restrictions that may be administratively

imposed in accordance with rules of the Wildlife Resources Commission. No depredation permit or any license is needed for the owner or lessee of property to take wildlife while committing depredations upon the property. The Wildlife Resources Commission may regulate the manner of taking and the disposition of wildlife taken without permit or license, including wildlife killed accidentally by motor vehicle or in any other manner.

- (1b) **Captivity Permit.** — Authorizes the possession of live wildlife that may lawfully be permitted to be retained alive, in accordance with governing rules of the Wildlife Resources Commission. This permit may not substitute for any required collection license or captivity license, but may be temporarily issued for possession of wild animals or wild birds pending action on a captivity license or following its denial or termination. If this permit is issued for fish to be held indefinitely, the Wildlife Resources Commission may provide for periodic renewals of the permit, at least once each three years, to insure a review of the circumstances and conditions under which fish are kept. Wild animals and wild birds kept temporarily in captivity under this permit must be humanely treated and in accordance with any stipulations in the permit, but the standards of caging and care applicable to species kept under the captivity license do not apply unless specified in the permit. Any substantial deviation from reasonable requirements imposed by rule or administratively under the authority of this section renders the possession of the wildlife unlawful.
- (1c) **Possession Permit.** — Authorizes the possession of dead wildlife or other wildlife resources lawfully acquired. The Wildlife Resources Commission may by rule implement the issuance and supervision of this permit, in accordance with governing laws and rules respecting the possession of wildlife. Any substantial deviation from reasonable requirements imposed by rule or administratively under the authority of this section renders the possession of the wildlife unlawful.
- (2) **Transportation Permit.** — The Wildlife Resources Commission may require the use of transportation permits by persons required to be licensed under this Article, or by persons and individuals exempt from license requirements, while transporting wildlife resources within the State — as necessary to discourage unlawful taking or dealing in wildlife resources and to control and promote the orderly and systematic transportation of wildlife resources within, into, through, and out of the State. Transportation permits may be issued for wildlife transported either dead or alive, in accordance with restrictions that may be reasonably imposed. When convenient, rules or administrative directives may require the retention and use of an invoice or memorandum of sale, or the license or permit authorizing the taking or acquisition of the wildlife resources, as a transportation permit. When circumstances warrant, however, a separate additional transportation permit may be required. Any substantial deviation from reasonable requirements imposed by rule or administratively under the authority of this section renders the transportation of the wildlife resources unlawful.
- (3) **Exportation or Importation Permit.** — Authorizes the exportation or importation of wildlife resources from or into the State or from county to county. The Wildlife Resources Commission may by rule implement the issuance and supervision of this permit, in accordance with governing laws and rules respecting the exportation and importation of wildlife resources. Any substantial deviation from reasonable

requirements imposed by rule or administratively under the authority of this section renders the importation or exportation of the wildlife resources unlawful.

- (3a) Trophy Wildlife Sale Permit. — Authorizes the owner of lawfully taken and possessed dead wildlife specimens or their parts that are mounted, stuffed, or otherwise permanently preserved to sell identified individual specimens that may lawfully be sold under applicable laws and rules.
- (3b) Repealed by Session Laws 1993, c. 18, s. 4.
- (4) Other Permits. — In implementing the provisions of this Subchapter, the Wildlife Resources Commission may issue permits for taking, purchase, or sale of wildlife resources if the activity is lawfully authorized, if there is a need for control of the activity, and no other license or permit is applicable. In addition, if a specific statute so provides, a permit under this subdivision may be required in addition to a license when there is a need for closer control than provided by the license. (1935, c. 486, ss. 4, 22; 1941, c. 231, s. 1; 1965, c. 957, s. 2; 1971, c. 423, s. 2; c. 809, s. 1; 1973, c. 1262, s. 18; 1977, c. 794, s. 1; 1979, c. 830, s. 1; 1987, c. 827, s. 98; 1993, c. 18, s. 4.)

§ 113-275. General provisions respecting licenses and permits.

(a) The Wildlife Resources Commission is authorized to make agreements with other jurisdictions as to reciprocal honoring of licenses in the best interests of the conservation of wildlife resources.

(a1) Notwithstanding the fees specified for nonresident individuals by G.S. 113-270.2, 113-270.3, 113-270.5, 113-271, 113-272, 113-272.2, and 113-273, if the Wildlife Resources Commission finds that a state has a nonresident license fee related to wildlife resources that exceeds the fee for a comparable nonresident license in North Carolina, the Wildlife Resources Commission may, by resolution in official session, increase the nonresident license fee applicable to citizens of that state to an amount equal to the fee a North Carolina resident is required to pay in that state.

The action of the Wildlife Resources Commission to increase a fee pursuant to this subsection is not subject to the provisions of Article 2A of Chapter 150B of the General Statutes. The action of the Wildlife Resources Commission to increase a fee pursuant to this subsection becomes effective on the date specified by the Wildlife Resources Commission.

(b) Every license issued under the provisions of this Article is effective beginning upon its date of issuance unless the license expressly provides to the contrary, in accordance with rules of the Wildlife Resources Commission and such administrative authority to set future effective dates in particular types of cases as may be delegated by the Wildlife Resources Commission to responsible employees or agents.

(b1) No hunting or fishing license issued to a resident under the provisions of G.S. 113-270.1C, 113-270.1D, 113-270.2, 113-270.3, 113-271, or 113-272 becomes invalid for use during the term for which it is issued by reason of a removal of the residence of the licensee to another state.

(c) Every license issued under the provisions of this Article must be sold for the full prescribed amount notwithstanding that a portion of the prescribed license period may have elapsed prior to the license application.

(c1) Upon receipt of a proper application together with a fee of two dollars (\$2.00), the Wildlife Resources Commission may issue a new license or permit to replace one that has been lost or destroyed before its expiration. The application must be on a form of the Wildlife Resources Commission setting

forth information in sufficient detail to allow ready identification of the lost or destroyed license or permit and ascertainment of the applicant's continued entitlement to it.

(d) In implementing the sale and distribution of licenses issued under this Article, the Wildlife Resources Commission may require license applicants to disclose such information as necessary for determining the applicant's eligibility for a particular license. Such information as deemed desirable to assist in enforcement of license requirements may be required to be recorded on the face of any license. Fixing the form of the license may be by reasonable administrative directive, and requirements as to such form need not be embodied in rules of the Wildlife Resources Commission in order to be validly required.

(e) Where employees of the Wildlife Resources Commission sell licenses of a type also sold through license agents, such employees must sell the licenses for the full amount and remit such full amount to the Wildlife Resources Commission without any deduction of the stipulated license agent's fee.

(f) Except as otherwise specifically provided by statute or except as the Wildlife Resources Commission may by rule prescribe to the contrary:

- (1) All licenses and permits under this Article must be kept ready at hand by or about the person of individual licensees and permittees while engaged in the regulated operations;
- (2) All licenses and permits under this Article are nontransferable; and
- (3) All individuals engaged in operations subject to license or permit requirements must have an individual license or permit — except where such individuals are in the employ of and under the supervision of someone who has the license or permit or acceptable evidence of the same at hand and the activity is one for which a person not an individual may acquire a license.

(g) It is unlawful to buy, sell, lend, borrow, or in any other way transfer or receive or attempt to do any such things with respect to any nontransferable license or permit for the purpose of circumventing the requirements of this Article.

(h) It is unlawful for any person engaged in regulated operations under this Article to refuse to exhibit or display any required license, permit, or identification upon the request of any employee or agent of the Wildlife Resources Commission or of any officer authorized to enforce the provisions of this Article.

(i) It is unlawful to refuse to comply with any provisions of this Article or of rules and administrative requirements reasonably promulgated under the authority of this Article.

(j) It is a Class 1 misdemeanor for any person:

- (1) Knowingly to engage in any activity regulated under this Article with an improper, false, or altered license or permit;
- (2) Knowingly to make any application for a license or permit to which he is not entitled;
- (3) Knowingly to make any false, fraudulent, or misleading statement in applying for a license or permit under this Article; or
- (4) To counterfeit, alter, or falsify any application, license, or permit under this Article.

(k) A person may use a bow and arrow to take nongame fish in inland and joint fishing waters subject to any applicable rule of the Wildlife Resources Commission regarding seasons, creel limits, type of weapon or subsidiary gear, or any other restriction necessary for the conservation of wildlife under the authority of the following licenses:

- (1) All of the combination hunting and fishing licenses issued pursuant to G.S. 113-270.1C;
- (2) All of the sportsman licenses issued pursuant to G.S. 113-270.1D;

- (3) The hunting licenses issued pursuant to G.S. 113-270.2(c)(1), (2), (3), (5), and (6);
- (4) The hook-and-line fishing licenses issued pursuant to G.S. 113-271(d)(1), (2), (3), (4), (5), (6), (8), and (9); and
- (5) All of the special device fishing licenses issued pursuant to G.S. 113-272.2. (1929, c. 335, ss. 6, 10, 11; 1945, c. 567, ss. 5, 6; 1961, c. 329; 1965, c. 957, s. 2; 1973, c. 1262, s. 18; 1979, c. 830, s. 1; 1981, c. 620, ss. 7, 8; 1987, c. 745, s. 1; c. 827, s. 98; 1993, c. 539, s. 855; 1994, Ex. Effect of Amendments. — Session Laws 2000-189, s. 10, effective August 2, 2000, in the second paragraph in subsection (a1), substi-

tuted "Article 2A" for "Article 2" and deleted "Notwithstanding the provisions of G.S. 150B-59(a)" following "General Statutes."

§ 113-276. Exemptions and exceptions to license and permit requirements.

(a), (b) Repealed by Session Laws 1979, c. 830, s. 1.

(c) Except as otherwise provided in this Subchapter, every landholder, his spouse, and dependents under 18 years of age residing with him may take wildlife upon the land held by the landholder without any license required by G.S. 113-270.1B or G.S. 113-270.3(a), except that such persons are not exempt from the falconry license described in G.S. 113-270.3(b)(4).

(d) Except as otherwise provided in this Subchapter, individuals under 16 years of age are exempt from the hunting and trapping license requirements of G.S. 113-270.1B(a) and G.S. 113-270.3(a), except the falconry license described in G.S. 113-270.3(b)(4), and the fishing license requirement of G.S. 113-272, if:

- (1) He is accompanied by a responsible adult who is in compliance with applicable license requirements; or
- (2) He is carrying a current and valid license appropriate to the activity which has been issued to one of his parents or to his guardian.

Individuals under 16 years of age are exempt from the fishing license requirements of G.S. 113-270.1B and G.S. 113-271.

(e) A resident individual fishing with hook and line in the county of his residence using natural bait is exempt from the hook-and-line fishing-license requirements of G.S. 113-270.1B(a). "Natural bait" is bait which may be beneficially digested by fish. Where a municipality is bounded by a boundary river or stream, residents of the county in which the municipality is located may fish in the boundary river or stream from those banks of such river or stream in any adjoining county lying directly opposite to the banks of the municipality in question and be deemed fishing within their county for the purposes of the exemption contained in this subsection. The same is deemed true of fishing from the banks of any island in the boundary river or stream within the area opposite the banks of the municipality or municipalities. For the purposes of this section, a boundary river or stream is such portion of a river or stream which either forms a county boundary line or follows the course of such a line. Such line may follow the middle, thread, some former channel, the edge, or some other course in, along, under, or touching the waters of such river or stream so long as the course of the river or stream substantially represents or follows the course of such boundary line.

(f) A special device license is not required when a landing net is used:

- (1) To take nongame fish in inland fishing waters; or
- (2) To assist in taking fish in inland fishing waters when the initial and primary method of taking is by the use of hook and line — so long as applicable hook-and-line fishing-license requirements are met.

As used in this subsection, a “landing net” is a net with a handle not exceeding eight feet in length and with a hoop or frame to which the net is attached not exceeding 60 inches along its outer perimeter.

(g) Bow nets covered by a special device license may be used in waters and during the seasons authorized in the rules of the Wildlife Resources Commission by an individual other than the licensee with the permission of the licensee. The individual using another’s bow net must also secure the net owner’s special device license and keep it on or about his person while fishing in inland fishing waters.

(h) Repealed by Session Laws 1979, c. 830, s. 1.

(i) A food server may prepare edible wildlife lawfully taken and possessed by a patron for serving to the patron and any guest he may have. The Executive Director may provide for the keeping of records by the food server necessary for administrative control and supervision with respect to wildlife brought in by patrons.

(j) A migrant farm worker who has in his possession a temporary certification of his status as such by the Rural Employment Service of the North Carolina Employment Security Commission on a form provided by the Wildlife Resources Commission is entitled to the privileges of a resident of the State and of the county indicated on such certification during the term thereof for the purposes of:

(1) Purchasing and using the resident fishing licenses provided by G.S. 113-271(d)(2), (4), and (6)a.; and

(2) Utilizing the natural-bait exemption in subsection (e) above.

(k) A person may participate in a field trial for beagles without a hunting license if approved in advance by the Executive Director, conducted without the use or possession of firearms, and on an area of not more than 100 acres of private land which is completely and permanently enclosed with a metal fence through which rabbits may not escape or enter at any time.

(l) The fishing license provisions of this Article do not apply upon the lands held in trust by the United States for the Eastern Band of the Cherokee Indians.

(m) Notwithstanding any other provision of law, the fourth day of July of each year is declared a free fishing day to promote the sport of fishing and no hook-and-line fishing license is required to fish in any of the public waters of the State on this day. All other laws and rules pertaining to hook-and-line fishing still apply. (1929, c. 335, ss. 1, 10; 1935, c. 486, s. 12; 1937, c. 45, s. 1; 1945, c. 567, ss. 1, 6; c. 617; 1949, c. 1203, s. 1; 1951, c. 1112, s. 2; 1957, c. 849, s. 1; 1959, c. 304; 1961, cc. 312, 329; c. 834, s. 1; 1963, c. 170; 1965, c. 957, s. 2; 1967, cc. 127, 654, 790; 1969, c. 1030; c. 1042, ss. 1-5; 1971, c. 242; c. 282, s. 1; c. 705, ss. 1, 2; c. 1231, s. 1; 1973, c. 1262, s. 18; 1975, c. 197, ss. 1-4; 1977, c. 191, s. 1; c. 658; 1979, c. 830, s. 1; 1987, c. 827, s. 98; 1993 (Reg. Sess., 1994), c. 684, ss. 6, 8, 9; 1999-456, ss. 29, 30.)

§ 113-276.1. Regulatory authority of Wildlife Resources Commission as to license requirements and exemptions.

In its discretion and in accordance with the best interests of the conservation of wildlife resources, the Wildlife Resources Commission may implement the provisions of this Article with rules that:

(1) [Reserved.]

(2) Regulate license requirements and exemptions applying to the taking of wildlife on particular waters forming or lying across a county boundary where there may be confusion as to the location of the boundary, hardship imposed as to the location of the boundary, or

difficulty of administering or enforcing the law with respect to the actual boundary location.

- (3) Require persons subject to license requirements, and persons exempt from license requirements, to carry, display, or produce identification that may be necessary to substantiate the person's entitlement to a particular license or to a particular exemption from license requirements.
- (4) Require individuals aboard vessels or carrying weapons or other gear that may be used to take wildlife resources, and in an area at a time wildlife resources may be taken, to exhibit identification that includes the individual's name and current address. More than one piece of identification, including a vehicle driver license, may be required to be exhibited, if available.
- (5) Implement a system of tagging and reporting fur-bearing animals and big game. Upon the implementation of a tagging system for any species of fur-bearing animal, the Wildlife Resources Commission may charge a reasonable fee to defray its costs, not to exceed two dollars twenty-five cents (\$2.25) per tag, for each tag furnished. The price of the big game hunting license includes the cost of big game tags. (1979, c. 830, s. 1; 1987, c. 827, s. 98.)

§ 113-276.2. Licensees and permittees subject to administrative control; refusal to issue or reissue, suspension, and revocation of their licenses and permits; court orders of suspension.

(a) This section applies to the administrative control of:

- (1) Persons, other than individual hunters and fishermen taking wildlife as sportsmen, holding permits under this Article;
- (2) Individuals holding special device licenses under G.S. 113-272.2(c)(1), (1a), (2), and (2a);
- (3) Individuals holding collection licenses under G.S. 113-272.4;
- (4) Individuals holding captivity licenses under G.S. 113-272.5; and
- (5) Persons holding dealer licenses under G.S. 113-273.

(b) Before issuing any license or permit to persons subject to administrative control under this section, the Executive Director must satisfy himself that the person meets the qualifications set by statute, rule, or his administrative guidelines. If the person fails to meet the qualifications or if the Executive Director learns of some other cause for believing that issuing the license or permit would be contrary to the best interests of the conservation of wildlife resources, he must refuse to issue the license or permit.

(c) Before reissuing any license or permit to any person subject to administrative control, the Executive Director must review all available information and apply the same standards that governed initial issuance of the license or permit before he may reissue it.

(d) Upon refusing to issue or reissue a license or permit under this section, the Executive Director must notify the person in writing of the reasons for his action and inform him that if he is dissatisfied with the Executive Director's decision he may commence a contested case on the refusal by filing a petition under G.S. 150B-23 within 10 days of receiving the notice. The notice must be personally served by a law enforcement officer or an agent of the Wildlife Resources Commission or sent by mail with return receipt requested.

(e) The Executive Director shall revoke a license or permit issued to a person subject to administrative control if he finds that the person does not meet the qualifications for the license or permit, has committed a substantial criminal violation of this Subchapter or a rule adopted under the Subchapter,

or has seriously or persistently failed to comply with the terms and conditions upon which the license or permit was issued. Before revoking a license or permit, the Executive Director shall notify the licensee or permittee of his findings and his intention to revoke the license or permit. The notice must be personally served by a law enforcement officer or an agent of the Wildlife Resources Commission or sent by mail with return receipt requested. A licensee or permittee who disagrees with the Executive Director's findings may commence a contested case on revocation by filing a petition under G.S. 150B-23 within 10 days of receiving the notice. Revocation or suspension of a license or permit by a court under G.S. 113-277 runs concurrently with a revocation under this section.

(f) Repealed by Session Laws 1987, c. 827, s. 8.

(g) Upon revocation of a license or permit, the Executive Director or his agent must request return of the license or permit and all associated forms, tags, record books, inventories, invoice blanks, and other property furnished by the Wildlife Resources Commission or required to be kept by the Commission solely in connection with the license or permit. If the person needs to retain a copy of the property returned to the Wildlife Resources Commission for tax purposes or other lawful reason, the person may copy items returned if the copies are clearly marked in a manner that they could not be mistaken for the originals. In securing property to be returned or in otherwise closing out the affairs conducted under the license or permit, agents of the Wildlife Resources Commission may enter at reasonable hours the premises of the person in which wildlife resources or items of property pertaining to the license or permit are kept, or reasonably believed to be kept, to inspect, audit, inventory, remove, or take other appropriate action. Any wildlife resources in the possession of the person which he may no longer possess must be disposed of in accordance with the most nearly appropriate provision of G.S. 113-137. If a person fails to return to an agent of the Wildlife Resources Commission all wildlife resources and other property covered by this subsection; refuses to allow entry by the agent to inspect, audit, remove property, or perform other duties; or otherwise obstructs an agent of the Wildlife Resources Commission in performing his duties under this subsection, he is guilty of a Class 2 misdemeanor. Each day's violation is a separate offense.

(h) No person refused issuance or reissuance of a license or permit under this section, or whose license or permit was revoked, is eligible to apply again for that or any similar license or permit for two years. Upon application, the Executive Director may not grant the license or permit unless the person produces clear evidence, convincing to the Executive Director, that he meets all standards and qualifications and will comply with all requirements of statutes, rules, and reasonable administrative directives pertaining to the license or permit.

(i) The Executive Director is required to make necessary investigations and cause necessary disclosure of information by all persons subject to administrative control, and all applicants for a license or permit that would place them in this category, to determine that the real party in interest is seeking or has been issued the license or permit. Any attempt to circumvent the provisions of this section is a Class 1 misdemeanor.

(j) If the Executive Director determines that the effective conservation of wildlife resources would be seriously impaired by continued unfettered operations or by continued possession of property by the person subject to administrative control, the Executive Director may apply to the appropriate court for an order:

- (1) Placing special reporting and inspection requirements on the person; or
- (2) Impounding some or all of the records or other property associated with the license or permit; or

- (3) Limiting the scope of operations under the license or permit; or
- (4) If there is clear evidence of a serious threat to the conservation of wildlife resources, suspending the operations of the person under the license or permit; or
- (5) Placing other appropriate restrictions, prohibitions, or requirements upon the person. (1979, c. 830, s. 1; 1987, c. 827, ss. 8, 98; 1993, c. 539, ss. 856, 857; 1994, Ex. Sess., c. 24, s. 14(c); 1999-456, s. 31.)

§ 113-276.3. Mandatory suspension of entitlement to license or permit for fixed period upon conviction of specified offenses.

(a) Upon conviction of a suspension offense under this section, the defendant's entitlement to any license or permit applicable to the type of activity he was engaging in that resulted in the conviction is suspended for the period stated in subsection (d). The period of suspension begins:

- (1) Upon the surrender to an authorized agent of the Wildlife Resources Commission of all applicable licenses and permits; or
- (2) If no licenses or permits are possessed, the defendant fails or refuses to surrender all licenses or permits, or any license or permit is lost or destroyed, upon the Executive Director's placing in the mail the notification required by subsection (c).

(b) If the defendant does not wish to appeal, the presiding judge may order surrender of all applicable licenses and permits to an agent of the Wildlife Resources Commission. If the presiding judge does not order the surrender, or if there is for any other reason a failure by the defendant to surrender all applicable licenses and permits, an authorized agent of the Wildlife Resources Commission must demand surrender. Each day's failure or refusal to surrender a license or permit upon demand, in the absence of satisfactorily accounting for the failure to do so, is a separate offense. A charge under this subsection does not affect the power of the court to institute contempt proceedings if a failure or refusal to surrender a license or permit also violates a court order. Any agent of the Wildlife Resources Commission accepting surrender of licenses and permits, in the courtroom or at a subsequent time and place, must transmit them to the Executive Director with a written notation of the date of surrender and a report of other pertinent circumstances required by the Executive Director.

(c) The Executive Director must institute a procedure for the systematic reporting to him by protectors or other authorized agents of the Wildlife Resources Commission of all convictions of suspension offenses under this section. Upon obtaining information concerning conviction of a suspension offense and receiving any surrendered licenses and permits, the Executive Director must determine if all appropriate licenses and permits possessed by the defendant have been surrendered; if not, the Executive Director must notify the appropriate agent of the Wildlife Resources Commission to demand surrender or renew a demand for surrender under the terms of subsection (b) if it is feasible to do so. Upon satisfying himself that he has received all licenses and permits for which surrender may feasibly be obtained, if any, the Executive Director must mail the defendant a notice of the suspension of his entitlement to possess or procure any license or permit of the type applicable to the activity engaged in that resulted in conviction of the suspension offense. The notice must specify the commencement and termination dates of the period of suspension that apply under the terms of this section.

(d) Any violation of this Subchapter or of any rule adopted by the Wildlife Resources Commission under the authority of this Subchapter which is subject to a penalty greater than the one provided in G.S. 113-135(a)(1) is a suspension

offense. Conviction of any of the following suspension offenses results in a suspension for a period of two years:

- (1) A violation of G.S. 113-294(b).
- (2) A violation of G.S. 113-294(c).
- (2a) A violation of G.S. 113-294(c1).
- (3) A violation of G.S. 113-294(e).
- (4) Repealed by Session Laws 1999-120, s. 2, effective October 1, 1999.

A conviction of any other suspension offense results in a suspension for a period of one year.

(e) Unless otherwise provided in the judgment, any action by a court under G.S. 113-277 to suspend entitlement to a license or permit or to suspend or revoke a license or permit supersedes any suspension of entitlement to a license or permit mandated by this section. If the judgment of the court after a conviction for suspension offense does not include any suspension or revocation action, the provisions of this section apply. (1979, c. 830, s. 1; 1981, c. 424, s. 1; 1987, c. 827, s. 98; 1999-120, s. 2.)

§ 113-277. Suspension and revocation of licenses and permits in the discretion of the court; suspension of entitlement; court's power concurrent; definition of "conviction"; penalties.

(a) Upon conviction of any licensee or permittee under this Article of a violation of any law or rule administered by the Wildlife Resources Commission under the authority of this Subchapter, the court in its discretion may order surrender of that license or permit plus any other license or permit issued by the Wildlife Resources Commission. The court may order suspension of any license or permit for some stipulated period or may order revocation of any license or permit for the remainder of the period for which it is valid. A period of suspension may extend past the expiration date of a license or permit, but no period of suspension longer than two years may be imposed. During any period of suspension or revocation, the licensee or permittee is not entitled to purchase or apply for any replacement, renewal, or additional license or permit regulating the same activity covered by the suspended or revoked license or permit. The Wildlife Resources Commission may by administrative action and by rule devise procedures designed to implement license or permit suspensions and revocations that may be ordered by the courts.

(a1) Upon conviction of any person who is not a licensee or permittee under this Article of a violation of any law or rule administered by the Wildlife Resources Commission under the authority of this Subchapter, the court in its discretion may suspend the entitlement of the defendant to possess or procure any specified licenses and permits issued by the Wildlife Resources Commission for a period not to exceed two years.

(a2) A suspension or revocation by a court under this section may be ordered to run concurrently or consecutively with any suspension under G.S. 113-276.3 or any action under G.S. 113-276.2. If no provision is made, G.S. 113-276.3(e) applies, but action by the Executive Director or the Wildlife Resources Commission under G.S. 113-276.2 may not be preempted.

(a3) As used in this Article, the term "conviction" has the same meaning assigned to it in G.S. 113-171.

(a4) The Wildlife Resources Commission shall order the surrender of any license or permit issued under this Article to a person whose licensing privileges have been forfeited under G.S. 15A-1331A for the period specified by the court.

(b) It is a Class 1 misdemeanor for any person during a period of suspension or revocation under the terms of this Article:

- (1) To engage in any activity licensed in this Article without the appropriate license or permit;
- (2) Knowingly to make any application for a license or permit to which he is not entitled;
- (3) Knowingly to make any false, fraudulent, or misleading statement in applying for a license or permit under this Article;
- (4) To counterfeit, alter, or falsify any application, license, or permit under this Article;
- (5) Knowingly to retain and use any license or permit which has been ordered revoked or suspended under the terms of this Article; or
- (6) Willfully to circumvent the terms of suspension or revocation in any manner whatsoever. (1965, c. 957, s. 2; 1973, c. 1262, s. 18; 1979, c. 830, s. 1; 1981, c. 424, s. 2; 1987, c. 827, s. 98; 1993, c. 539, s. 858; 1994, Ex. Sess., c. 20, s. 4; c. 24, s. 14(c); 1998-225, s. 3.10.)

Editor's Note. — Session Laws 1998-225, s. 5.3, provides: "Unless otherwise expressly provided, every agency to which this act applies shall adopt rules to implement the provisions of this act only in accordance with the provisions of Chapter 150B of the General Statutes. This act constitutes a recent act of the General Assembly within the meaning of G.S. 150B-21.1. Every agency to which this act applies

that is authorized to adopt rules to implement the provisions of this act may adopt temporary rules to implement the provisions of this act. This section shall continue in effect until all rules necessary to implement the provisions of this act have become effective as either temporary rules or permanent rules."

Session Laws 1998-225, s. 5.5 contains a severability clause.

ARTICLE 21A.

Regulating Hunting and Fishing on the Registered Property of Another.

§ 113-281. Definitions.

In addition to the definitions in Article 12 of this Chapter, the following definitions apply in this Article:

- (1) Entry Permit. — The permit described in G.S. 113-283.
- (2) Posted Property. — Registered property that is posted in substantial compliance with G.S. 113-282(d).
- (3) Registered Property. — Property that has been accepted for registration by the Wildlife Resources Commission as provided in G.S. 113-282, and has not been deleted from registration.
- (4) Registrant. — A current applicant of record for a tract of registered property. (1981, c. 854, s. 1.)

§ 113-282. Registration and posting of property.

(a) A person who controls the hunting, fishing, or hunting and fishing rights to a tract of property and wishes to register it under this Article must apply to the Wildlife Resources Commission in accordance with this section.

(b) The registration application must contain:

- (1) A statement under oath by the applicant that he has the right to control hunting or fishing, or both, on the tract of property to be registered. If the applicant is not a landholder, he must file a copy of

his lease or other document granting him control of hunting, fishing, or hunting and fishing rights on the tract.

- (2) Three copies of a description of the tract that will allow law-enforcement officers to determine in the field, and prove in court, whether an individual is within the boundaries of the tract. This description may take the form of a map, plat, aerial photograph showing boundaries, diagram keyed to known landmarks, or any other document or description that graphically demarks the boundaries with sufficient accuracy for use by officers in court and in the field. Any amendment of the boundaries of a registered tract must be accomplished by a new registration application meeting the requirements of this subsection.
- (3) An agreement by the applicant to post the tract in accordance with the requirements of this section and to make a continuing effort to maintain posted notices for the tract.
- (4) An agreement by the applicant to issue or cause issuance of an entry permit to all individuals to whom he or his authorized agent gives permission to hunt or fish on the tract. The applicant must file the name and signature of any agent authorized by him to issue the entry permit, and a registrant must amend his application to rescind the agent's authority and to substitute or add an authorized agent.
- (5) A fee of ten dollars (\$10.00) to cover the administrative costs of processing the registration application.

(c) The Executive Director must examine any submitted application to determine whether the requirements of subsection (b) have been fully met. If he determines that these requirements have been met and if his inquiries of persons with knowledge of the locality of the tract corroborate the truthfulness and accuracy of the information in the application, he must register the tract of property and notify the registrant of his action. Registration consists of filing the application in a central registry open to the public with an indication whether the property is registered as to hunting, fishing, or both. Upon registration, the Executive Director must send, for the information of protectors and other law-enforcement officers, the two duplicate copies of the description of the tract as follows: (i) to the sheriff of the county in which the tract is located, or to the chief of the county police department if such a department is the primary agency enforcing the criminal laws in a county; and (ii) to an appropriate protector stationed in the area where the tract is located. The Executive Director must also furnish officers with copies of the signatures of registrants and their authorized agents and other pertinent information for enforcement of this Article.

(d) A registrant must post his registered property as soon as practicable after receiving notice that the tract was accepted for registration. Posted notices must measure at least 120 square inches; contain the word "POSTED" in letters at least three inches high; state that the property is registered with the Wildlife Resources Commission and that hunting or fishing, or both, are prohibited without an entry permit; and set out the name and address and, if feasible, the telephone number of the person to contact for an entry permit. At least one notice must be conspicuously posted on the registered property not more than 200 yards apart close to and along the boundaries. In any event at least one notice must be placed on each side of the registered property, one at each corner, and one at each point of entry. A point of entry is where a roadway, trail, path, or other way likely to be used by entering sportsmen leads into the tract. If registered property is posted only with respect to fishing, it is sufficient if the notices prohibit fishing without permission, and are posted at intervals of not more than 200 yards along the stream or shoreline and at points of entry likely to be used by fishermen. Notices posted along the boundaries of a tract must face in the direction that they will be most likely seen by persons entering

the tract. Notices posted along a stream or shoreline must face in the direction that they will most likely be seen by anyone intending to fish. With respect to any particular hunter or fisherman, or person who has entered to hunt or fish, there is substantial compliance with this subsection, notwithstanding that one or more of the required notices may be absent, illegible, or improperly placed, if any notice is or has been reasonably visible to him while he was within or approaching the registered tract.

(e) If a registrant loses his proprietary interest or his control of the hunting, fishing, or hunting and fishing rights as to which he has registered the property, he must within 20 days notify the Executive Director. If a new person who controls those rights wishes to continue the registration of the tract, he must make application under the terms of subsection (b), except that no copies of the tract's description need be filed if there is no change of boundaries. When the Executive Director receives the notice under this subsection, or otherwise learns that a registrant has lost his proprietary control of the applicable hunting, fishing, or hunting and fishing rights, and there is no pending application to continue registration of the tract, the Executive Director must immediately delete registration of the tract, notify the presently responsible landholder, and require him to remove any remaining posted notices.

(f) A person who controls the hunting, fishing, or hunting and fishing rights to registered property may apply to the Wildlife Resources Commission in writing to delete the registration of the tract. If he is not the registrant, he must satisfy the Executive Director of his present right to control the applicable hunting and fishing rights. If he is the registrant, his statement that he still controls the applicable rights on the tract is sufficient unless the Executive Director has reason to require further evidence on this point. Upon determination that an application to delete is proper, the Executive Director must immediately delete registration of the tract, notify the presently responsible landholder, and require him to remove any remaining posted notices.

(g) Any law-enforcement officer or any employee of the Wildlife Resources Commission who determines that a registrant has failed to keep registered property posted in compliance with subsection (d) must so notify the registrant or his agent. If within a reasonable time after notice the registrant fails to take steps to post or repost the tract, or if without regard to notice a registrant is inexcusably or repeatedly negligent in failing to keep the tract properly posted, the Executive Director must immediately delete registration of the tract, notify the presently responsible landholder, and require him to remove any remaining posted notices.

(h) A landholder's failure to cause the removal of all posted signs within a reasonable time after receipt of notice that the tract has been deleted from registration is a misdemeanor punishable as provided in G.S. 113-135. (1981, c. 854, s. 1.)

§ 113-283. Entry permits furnished by Wildlife Resources Commission.

(a) Upon registration of property, the Executive Director must furnish the registrant with a reasonable number of standardized permit forms to be carried by individuals given permission to hunt or fish on the registered property. The Executive Director must establish a procedure for resupplying registrants with entry permits for their registered property as needed.

(b) To be valid, the entry permit must be issued and dated within the previous 12 months and signed by the registrant or an authorized agent whose signature is on file with the Wildlife Resources Commission. (1981, c. 854, s. 1.)

§ 113-284. Affirmative duty of sportsmen to determine if property is registered and posted.

Every individual who enters the property of another to hunt or fish without first having obtained permission from an authorized person in control of hunting and fishing rights or his agent is under a duty to look for posted notices. In the apparent absence of such notices, the individual intending to enter is nevertheless under a duty to determine if practicable whether the property is registered under the terms of this Article. (1981, c. 854, s. 1.)

§ 113-285. Hunting or fishing on registered property of another without permission.

(a) No one may hunt or fish, or enter to hunt or fish, on the registered and posted property of another without having in possession a valid entry permit issued to him.

(b) No one may hunt or fish, or enter to hunt or fish, on the registered property of another without having in possession a valid entry permit issued to him if he has reason to know the property had been posted.

(c) A violation of this section is a misdemeanor punishable as provided in G.S. 113-135. (1981, c. 854, s. 1.)

§ 113-286. Removal, destruction, or mutilation of posted notices.

Unauthorized removal, destruction, or mutilation of posted notices on registered property is a Class 2 misdemeanor. (1981, c. 854, s. 1; 1993, c. 539, s. 859; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-287. General provisions pertaining to enforcement of Article.

(a) If property is registered, the original or a true copy of the application and all supporting items are admissible in evidence. The registrant's affidavit that he has the right to control hunting, fishing, or hunting and fishing on the registered property constitutes prima facie evidence of the facts so asserted. The description filed with the application constitutes prima facie evidence of the boundaries of the registered property.

(b) If an individual hunts or fishes, or enters to hunt or fish, on registered property that is or had been posted, any registrant or his agent, any landholder of that property, and any protector or other law-enforcement officer may request that the individual produce a valid entry permit.

(c) In addition to protectors, it is the duty of sheriffs and their deputies, county police officers, and other law-enforcement officers with general enforcement jurisdiction to investigate reported violations of this Article and to initiate prosecutions when they determine that violations have occurred.

(d) Any entry permit issued to an individual does not substitute for any required hunting or fishing license. (1981, c. 854, s. 1.)

§§ 113-288, 113-289: Reserved for future codification purposes.

ARTICLE 21B.

*Criminally Negligent Hunting.***§ 113-290. Unlawful use of firearms.**

It is unlawful for any person, while hunting or taking wild animals or wild birds as those terms are defined in G.S. 113-129 and G.S. 113-130, to discharge a firearm:

- (1) Carelessly and heedlessly in wanton disregard for the safety of others;
or
 - (2) Without due caution or circumspection, and in a manner so as to endanger any person or property;
- and resulting in property damage or bodily injury. (1991, c. 748, s. 1.)

§ 113-290.1. Penalties.

(a) A person who violates the provisions of this Article is guilty of a misdemeanor punishable as follows:

- (1) If property damage only results from the unlawful activity, a Class 2 misdemeanor, and the court shall order the payment of restitution to the property owner;
- (2) If bodily injury not leading to the disfigurement or total or partial permanent disability of another person results from the unlawful activity, a Class 1 misdemeanor; if property damage also results from the unlawful activity, the court shall order the payment of restitution to the property owner;
- (3) If bodily injury leading to the disfigurement or total or partial permanent disability of another person results from the unlawful activity, a Class 1 misdemeanor; if property damage also results from the unlawful activity, the court shall order the payment of restitution to the property owner;
- (4) If death results from the unlawful activity, a Class 1 misdemeanor; if property damage also results from the unlawful activity, the court shall order the payment of restitution to the property owner.

(b) The fact that a person was impaired at the time of a violation of this Article shall be an aggravating factor and the court shall impose an additional fine and/or imprisonment in accordance with (a)(2) above in cases not resulting in bodily injury and in accordance with (a)(4) above in cases resulting in bodily injury. For purposes of this section, "impaired" means being under the influence of an impairing substance, or having consumed sufficient alcohol so that the person has, at any relevant time after the offense, an alcohol concentration of .10 or above.

(c) In addition to the penalties provided in (a), upon conviction of a violation of this Article, the Wildlife Resources Commission shall suspend all hunting privileges of:

- (1) A person convicted under (a)(1) for one year;
- (2) A person convicted under (a)(2) for three years; and
- (3) A person convicted under (a)(3) or (a)(4) for five years.

(d) A person convicted of hunting or taking wild animals or wild birds while his hunting license is suspended under this section shall be guilty of a Class 1 misdemeanor, and shall have all hunting privileges suspended for an additional five years. The person shall not be issued another hunting license until he has satisfactorily completed the hunter safety course established in G.S. 113-270.1A.

(e) This Article shall be enforced by law enforcement officers of the Wildlife Resources Commission, by sheriffs and deputy sheriffs, and by peace officers with general subject matter jurisdiction.

(f) A violation of this Article resulting in the death of another person constitutes a separate and distinct offense from, and is not a lesser included offense of, the crime of involuntary manslaughter. (1991, c. 748, s. 1; 1993, c. 539, ss. 860, 861; 1994, Ex. Sess., c. 24, s. 14(c).)

ARTICLE 22.

Regulation of Wildlife.

§ 113-291. General restrictions.

Except as specifically permitted in this Subchapter or in rules made under the authority of this Subchapter, no person may take, possess, buy, sell, or transport any wildlife — whether dead or alive, in whole or in part. Nor may any person take, possess, buy, sell, or transport any nests or eggs of wild birds except as so permitted. No person may take, possess, buy, sell, or transport any wildlife resources in violation of the rules of the Wildlife Resources Commission. (1965, c. 957, s. 2; 1979, c. 830, s. 1; 1987, c. 827, s. 98.)

Local Modification. — (As to Article 22)
Davidson: 1989 (Reg. Sess., 1990), c. 852, s. 1;
Davie: 1989 (Reg. Sess., 1990), c. 929, s. 1.

§ 113-291.1. Manner of taking wild animals and wild birds.

(a) Except as otherwise provided, game may only be taken between a half hour before sunrise and a half hour after sunset and only by one or a combination of the following methods:

- (1) With a rifle, except that rifles may not be used in taking wild turkeys.
- (2) With a shotgun not larger than number 10 gauge.
- (3) With a bow and arrow of a type prescribed in the rules of the Wildlife Resources Commission.
- (4) With the use of dogs.
- (5) By means of falconry.

Fur-bearing animals may be taken at any time during open trapping season with traps authorized under G.S. 113-291.6 and as otherwise authorized pursuant to this subsection, and rabbits may be box-trapped in accordance with rules of the Wildlife Resources Commission. The Wildlife Resources Commission may adopt rules prescribing the manner of taking wild birds and wild animals not classified as game. Use of pistols in taking wildlife is governed by subsection (g). The Wildlife Resources Commission may prescribe the manner of taking wild animals and wild birds on game lands and public hunting grounds.

(b) No wild animals or wild birds may be taken:

- (1) From or with the use of any vehicle; vessel, other than one manually propelled; airplane; or other conveyance except that the use of vehicles and vessels is authorized:
 - a. As hunting stands, subject to the following limitations. No wild animal or wild bird may be taken from any vessel under sail, under power, or with the engine running or while still in motion from such propulsion. No wild animal or wild bird may be taken from any vehicle if it is in motion, the engine is running, or the passenger area of the vehicle is occupied. The prohibition of

occupying the passenger area of a vehicle does not apply to a disabled individual whose mobility is restricted.

b. For transportation incidental to the taking.

- (2) With the use or aid of any artificial light, net, trap, snare, electronic or recorded animal or bird call, or fire, except as may be otherwise provided by statute[;] provided, however, that crows and coyotes may be taken with the aid of electronic calling devices. No wild birds may be taken with the use or aid of salt, grain, fruit, or other bait. No bear or wild boar may be taken with the use or aid of any salt, salt lick, grain, fruit, honey, sugar-based material, animal parts or products, or other bait, and no wild turkey may be taken from an area in which bait has been placed until the expiration of 10 days after the bait has been consumed or otherwise removed. The taking of wild animals and wild birds with poisons, drugs, explosives, and electricity is governed by G.S. 113-261, G.S. 113-262, and Article 22A of this Subchapter. Any person who unlawfully takes bear or wild boar with the use or aid of any type of bait is punishable as provided by G.S. 113-294(c1).

(c) It is a Class 1 misdemeanor for any person taking wildlife to have in his possession any:

- (1) Firearm equipped with a silencer or any device designed to silence, muffle, or minimize the report of the firearm. The firearm is considered equipped with the silencer or device whether it is attached to the firearm or separate but reasonably accessible for attachment during the taking of the wildlife.

- (2) Weapon of mass death and destruction as defined in G.S. 14-288.8.

The Wildlife Resources Commission may prohibit individuals training dogs or taking particular species from carrying axes, saws, tree-climbing equipment, and other implements that may facilitate the unlawful taking of wildlife, except tree-climbing equipment may be carried and used by persons lawfully taking raccoons and opossums during open season.

(d) In accordance with governing rules of the Wildlife Resources Commission imposing further restrictions that may be necessary, hunters may conduct field trials with dogs in areas and at times authorized with the use of approved weapons and ammunition. The Wildlife Resources Commission may authorize organized retriever field trials, utilizing domestically raised pheasants or waterfowl, to be held under its permit.

(d1) Except in areas closed to protect sensitive wildlife populations, hunters may train dogs during the closed season:

- (1) With the use of approved weapons and ammunition; and
(2) If reasonable control is exercised to prevent the dogs from running unsupervised at large and from killing wild animals and wild birds.

(e) Raccoons and opossum may be taken at night with dogs during seasons set by rules of the Wildlife Resources Commission with the use of artificial lights of a type designed or commonly used to aid in taking raccoon and opossum. No conveyance may be used in taking any raccoon or opossum at night, but incidental transportation of hunters and dogs to and from the site of hunting is permitted. The Wildlife Resources Commission may by rule prescribe restrictions respecting the taking of frogs, or other creatures not classified as wildlife which may be found in areas frequented by game, with the use of an artificial light, and may regulate the shining of lights at night in areas frequented by deer as provided in subsection (e1).

(e1) After hearing sufficient evidence and finding as a fact that an area frequented by deer is subject to substantial unlawful night deer hunting or that residents in the area have been greatly inconvenienced by persons shining lights on deer, the Wildlife Resources Commission may by rule prohibit the intentional sweeping of that area with lights, or the intentional shining of lights on deer, during the period either:

(1) From 11:00 p.m. until one-half hour before sunrise; or

(2) From one-half hour after sunset until one-half hour before sunrise.

Before adopting this rule, the Wildlife Resources Commission must propose it at a public hearing in the area to be closed and seek the reactions of the local inhabitants. The rule must exempt necessary shining of lights by landholders, motorists engaged in normal travel on the highway, and campers and others legitimately in the area, who are not attempting to attract wildlife. This subsection does not limit the right of hunters to take raccoon and opossum with dogs lawfully at night with a light under the terms of subsection (e).

(e2) If the Wildlife Resources Commission has enacted a rule under the authority of subsection (e1) prohibiting the shining of lights from 11:00 p.m. until one-half hour before sunrise in any county or area of a county, the Wildlife Resources Commission is authorized, without holding an additional public hearing, to extend the applicability of that rule to the period one-half hour after sunset to one-half hour before sunrise upon receipt of a resolution from the board of commissioners of the county requesting extension of the period.

(f) To keep North Carolina provisions respecting migratory birds in substantial conformity with applicable federal law and rules, the Wildlife Resources Commission may by rule expand or modify provisions of this Article if necessary to achieve such conformity. In particular, the Commission may prohibit the use of rifles, unplugged shotguns, live decoys, and sinkboxes in the taking of migratory game birds; vary shooting hours; adopt specific distances, not less than 300 yards, hunters must maintain from areas that have been baited, and fix the number of days afterwards during which it is still unlawful to take migratory game birds in the area; and adopt similar provisions with regard to the use of live decoys. In the absence of rules of the Wildlife Resources Commission to the contrary, the rules of the United States Department of the Interior prohibiting the use of rifles, unplugged shotguns, toxic shot and sinkboxes in taking migratory game birds in North Carolina shall apply, and any violation of such federal rules is unlawful.

(g) If a season is open permitting such method of taking for the species in question, a hunter may take rabbits, squirrels, opossum, raccoons, fur-bearing animals, and nongame animals and birds open to hunting with a pistol of .22 caliber with a barrel not less than six inches in length and loaded with long-rifle ammunition. In addition, a hunter or trapper lawfully taking a wild animal or wild bird by another lawful method may use a knife, pistol, or other swift method of killing the animal or bird taken. The Wildlife Resources Commission may, however, restrict or prohibit the carrying of firearms during special seasons or in special areas reserved for the taking of wildlife with primitive weapons or other restricted methods.

(g1) The Wildlife Resources Commission may by rule prescribe the types of handguns and handgun ammunition that may be used in taking big game animals other than wild turkey. During the regular gun seasons for taking bear, deer and wild boar these animals may be taken with types of handguns and handgun ammunition that shall be approved for such use by the rules of the Wildlife Resources Commission. The Commission shall not provide any special season for the exclusive use of handguns in taking wildlife.

(h) In the interests of enhancing the enjoyment of sportsmen, and if consistent with conservation objectives, the Wildlife Resources Commission may by rule relax requirements of this section on controlled shooting preserves and in other highly controlled situations.

(i) The intentional destruction or substantial impairment of wildlife nesting or breeding areas or other purposeful acts to render them unfit is unlawful. These prohibitions include cutting down den trees, shooting into nests of wild animals or birds, and despoliation of dens, nests, or rookeries.

(j) It is unlawful to take deer swimming or in water above the knees of the deer. (C.S., s. 2124; 1935, c. 486, s. 20; 1939, c. 235, s. 1; 1949, c. 1205, s. 3; 1955,

CASE NOTES

Editor's Note. — *The cases cited in the following annotation were decided under former § 113-104, similar to this section, and the first sentence of former § 113-109(b), similar to § 113-294(e).*

Constitutionality. — Former § 113-104 and the first sentence of former § 113-109(b) (similar to present § 113-294(e)), protecting and managing wildlife, were within the legitimate interests of the State and in the public interest and were constitutional. *State v. Lassiter*, 13 N.C. App. 292, 185 S.E.2d 478 (1971), cert. denied, 280 N.C. 495, 186 S.E.2d 514, appeal dismissed, 280 N.C. 724, 186 S.E.2d 926 (1972).

Purpose. — Former § 113-104 and the first sentence of former § 113-109(b) (similar to present § 113-294(e)) had the purpose of controlling and managing the use and methods of taking wildlife. *State v. Lassiter*, 13 N.C. App. 292, 185 S.E.2d 478 (1971), cert. denied, 280 N.C. 495, 186 S.E.2d 514, appeal dismissed, 280 N.C. 724, 186 S.E.2d 926 (1972).

Pursuit of Deer by Aid of Artificial Light. — One violated former § 113-104 when he

pursued or attempted to kill a deer by aid of or with the use of any artificial light, because this activity fell within the statutory definitions of "taking" and "game animal." *State v. Lassiter*, 13 N.C. App. 292, 185 S.E.2d 478 (1971), cert. denied, 280 N.C. 495, 186 S.E.2d 514, appeal dismissed, 280 N.C. 724, 186 S.E.2d 926 (1972).

Warrant Sufficient. — Warrants charging that defendants unlawfully and willfully attempted to take deer with the aid of an artificial light between the hours of sunset and sunrise in an area known to be inhabited and frequented by deer, were sufficient to charge the offense defined by former § 113-104, the words "in an area known to be inhabited and frequented by deer" were mere surplusage and could be disregarded. *State v. Lassiter*, 9 N.C. App. 255, 175 S.E.2d 689 (1970).

In a prosecution charging defendants with the unlawful hunting of deer by artificial light, it was incumbent upon the defendants to ask for a bill of particulars if they desired to know in what area of the county the offense took place. *State v. Lassiter*, 9 N.C. App. 255, 175 S.E.2d 689 (1970).

§ 113-291.2. Seasons and bag limits on wild animals and birds; including animals and birds taken in bag; possession and transportation of wildlife after taking.

(a) In accordance with the supply of wildlife and other factors it determines to be of public importance, the Wildlife Resources Commission may fix seasons and bag limits upon the wild animals and wild birds authorized to be taken that it deems necessary or desirable in the interests of the conservation of wildlife resources. The authority to fix seasons includes the closing of seasons completely when necessary and fixing the hours of hunting. The authority to fix bag limits includes the setting of season and possession limits. Different seasons and bag limits may be set in differing areas; early or extended seasons and different or unlimited bag limits may be authorized on controlled shooting preserves, game lands, and public hunting grounds; and special or extended seasons may be fixed for those engaging in falconry, using primitive weapons, or taking wildlife under other special conditions.

Unless modified by rules of the Wildlife Resources Commission, the seasons, shooting hours, bag limits, and possession limits fixed by the United States Department of Interior or any successor agency for migratory game birds in North Carolina must be followed, and a violation of the applicable federal rules is hereby made unlawful. When the applicable federal rules require that the State limit participation in seasons and/or bag limits for migratory game birds, the Wildlife Resources Commission may schedule managed hunts for migratory game birds. Participants in such hunts shall be selected at random by computer from properly licensed applicants, and each applicant shall provide proof satisfactory to the Wildlife Resources Commission that the applicant is the lawful holder of a North Carolina hunting license that has the applicable migratory game bird hunting privilege. A nonrefundable fee of ten dollars (\$10.00) shall be required of each applicant to defray the cost of processing the applications.

Where there is a muzzle-loading firearm season for deer, with a bag limit of five or more, one antlerless deer may be taken. Dogs may not be used for hunting deer during such season.

(a1) When the Executive Director of the Wildlife Resources Commission receives a petition from the State Health Director declaring a rabies emergency for a particular county or district pursuant to G.S. 130A-201, the Executive Director of the Wildlife Resources Commission shall develop a plan to reduce the threat of rabies exposure to humans and domestic animals by foxes, raccoons, skunks, or bobcats in the county or district. The plan shall be based upon the best veterinary and wildlife management information and techniques available. The plan may involve a suspension or liberalization of any regulatory restriction on the taking of foxes, raccoons, skunks, or bobcats, except that the use of poisons, other than those used with dart guns, shall not be permitted under any circumstance. If the plan involves a suspension or liberalization of any regulatory restriction on the taking of foxes, raccoons, skunks, or bobcats, the Executive Director of the Wildlife Resources Commission shall prepare and adopt temporary rules setting out the suspension or liberalization pursuant to G.S. 150B-21.1(a) (1). The Executive Director shall publicize the plan and the temporary rules in the major news outlets that serve the county or district to inform the public of the actions being taken and the reasons for them. Upon notification by the State Health Director that the rabies emergency no longer exists, the Executive Director of the Wildlife Resources Commission shall cancel the plan and repeal any rules adopted to implement the plan. The Executive Director of the Wildlife Resources Commission shall publicize the cancellation of the plan and the repeal of any rules in the major news outlets that serve the county or district.

(b) Any individual hunter or trapper who in taking a wild animal or bird has wounded or otherwise disabled it must make a reasonable effort to capture and kill the animal or bird. All animals and birds taken that can be retrieved must be retrieved and counted with respect to any applicable bag limits governing the individual taking the animal or bird.

(c) An individual who has lawfully taken game within applicable bag, possession, and season limits may, after the game is dead, possess and personally transport it for his own use by virtue of his hunting license, and without any additional permit, subject to tagging and reporting requirements that may apply to the fox and big game, as follows:

- (1) In an area in which the season is open for the species, the game may be possessed and transported without restriction.
- (2) The individual may possess and transport the game lawfully taken on a trip:
 - a. To his residence;
 - b. To a preservation or processing facility that keeps adequate records as prescribed in G.S. 113-291.3(b)(3) or a licensed taxidermist;

- c. From a place authorized in subparagraph b to his residence.
- (3) The individual may possess the game indefinitely at his residence, and may there accumulate lawfully-acquired game up to the greater of:
 - a. The applicable possession limit for each species; or
 - b. One half of the applicable season limit for each species.

The above subdivisions apply to an individual hunter under 16 years of age covered by the license issued to his parent or guardian, if he is using that license, or by the license of an adult accompanying him. An individual who has lawfully taken game as a landholder without a license may possess and transport the dead game, taken within applicable bag, possession, and season limits, to his residence. He may indefinitely retain possession of such game, within aggregate possession limits for the species in question, in his residence.

(d) Except in the situations specifically provided for above, the Wildlife Resources Commission may by rule impose reporting, permit, and tagging requirements that may be necessary upon persons:

- (1) Possessing dead wildlife taken in open season after the close of that season.
- (2) Transporting dead wildlife from an area having an open season to an area with a closed season.
- (3) Transporting dead wildlife lawfully taken in another state into this State.
- (4) Possessing dead wildlife after such transportation.

The Wildlife Resources Commission in its discretion may substitute written declarations to be filed with agents of the Commission for permit and tagging requirements.

(e) Upon application of any landholder or agent of a landholder accompanied by a fee of fifty dollars (\$50.00), the Executive Director may require a survey of the deer population on the land of such landholder. If as a result of the survey it is determined that there is an overpopulation of deer in relation to the carrying capacity of the land, that the herd is substantially dependent on such land for its food and cover, and that the imbalance in the deer population is not readily correctable by an either-sex deer season of reasonable length, the Executive Director may issue to such landholder or agent a number of special antlerless deer tags that in the judgment of the Executive Director is sufficient to correct or alleviate the population imbalance. Subject to applicable hunting license requirements, the special deer tags may be used by any person or persons selected by the landholder or his agent as authority to take antlerless deer, including male deer with "buttons" or spikes not readily visible, on the tract of land concerned during any established deer hunting season. Each antlerless deer killed shall be affixed immediately with a special antlerless deer tag and shall be reported immediately in the wildlife cooperator tagging book supplied with the special antlerless deer tags. This tagging book and any unused tags shall be returned to the Commission within 15 days of the close of the season. Antlerless deer taken under this program and tagged with the special antlerless tags provided shall not count as part of the daily bag, possession, and season limits of the person taking the deer. (1935, c. 486, ss. 16, 17; 1949, c. 1205, s. 1; 1973, c. 1262, s. 18; 1977, c. 499, s. 1; 1979, c. 830, s. 1; 1979, 2nd Sess., c. 1285, s. 7; 1981, c. 681, s. 1; 1987, c. 38; c. 827, s. 98; 1989, c. 642, s. 2; 1995, c. 181, s. 1; 1997-402, s. 2; 1999-339, s. 7.)

Local Modification. — Anson: 1987, c. 231, s. 3; 1995, c. 55, s. 1; Beaufort, Hyde: 1997-132, ss. 1-3; 1999-86, s. 1; 2001-19, s. 1.

§ 113-291.3. Possession, sale, and transportation of wildlife.

(a) Live wildlife and the nests and eggs of wild birds may be taken, possessed, transported, bought, sold, imported, exported, or otherwise acquired or disposed of only as specifically authorized in this Subchapter or its implementing rules. The Wildlife Resources Commission may impose necessary reporting, permit, and tagging requirements in regulating activities involving live wildlife and the nests and eggs of wild birds. The Wildlife Resources Commission may charge a reasonable fee to defray the cost of any tagging procedure.

(b) With respect to dead wildlife:

- (1) Lawfully taken wildlife may be possessed and transported as provided in G.S. 113-291.2. Wildlife possessed under any dealer license may be possessed and transported in accordance with the provisions of law and rules applicable to the license, and wildlife may be sold to qualified persons if authorized under provisions governing the license. In other situations, except as this Subchapter may expressly provide, possession and transportation of wildlife may be regulated by the Wildlife Resources Commission.
- (2) Unless there is a specific restriction on the transfer of the species in question, an individual may accept the gift of wildlife lawfully taken within North Carolina if taking possession does not cause him to exceed applicable possession limits. If he notes and preserves in writing the name and address of the donor and under what license or exemption from license requirements the wildlife was taken, he may possess that wildlife without a permit in the places possession without a permit would be authorized in G.S. 113-291.2 had he taken the wildlife.
- (3) A licensed taxidermist or other licensed dealer taking temporary possession of wildlife of another may possess the wildlife that he is authorized to handle under his license in accordance with the rules of the Wildlife Resources Commission. A person not a dealer operating a preservation or processing facility, whether commercially or not, may possess the wildlife owned by another without any permit or license if he ascertains that the wildlife was lawfully taken within the State and keeps a written record of:
 - a. The name and address of the owner of the wildlife and an adequate description of the wildlife left with him. If the description of the wildlife changes as the result of processing, the new description must be recorded.
 - b. The date, serial number, and type of the license under which the wildlife was taken or the applicable exemption from license requirements which the taker met.
 - c. The date all wildlife left with him is received and returned to the owner. If the receiving or returning of possession is to an agent or common carrier or otherwise occurs under circumstances in which permit requirements may apply, the type and date of the permit which authorizes the transaction must also be recorded.
- (4) The sale of rabbits and squirrels and their edible parts not for resale is permitted. If the Wildlife Resources Commission finds that affected game populations would not be endangered, it may authorize the sale of heads, antlers, horns, hides, skins, plumes, feet, and claws of one or more game animals or birds. In addition, it may authorize the sale of bobcats, opossums, and raccoons, and their parts, following their taking as game animals. No part of any bear or wild turkey may be

sold under the above provisions, however, and no part of any fox taken in North Carolina may be sold except as provided in G.S. 113-291.4. In regulating sales, the Wildlife Resources Commission may impose necessary permit requirements.

- (5) Lawfully taken fur-bearing animals and their parts, including furs and pelts, may, subject to any tagging and reporting requirements, be possessed, transported, bought, sold, given or received as a gift, or otherwise disposed of without restriction. The Wildlife Resources Commission may regulate the importation of wildlife from without the State by fur dealers, and may regulate the sale of fox fur and other wildlife hides taken within the State if sale of them is authorized. Fox furs lawfully taken without the State may be imported, possessed, transported, bought, sold, and exported in accordance with reasonable rules of the Wildlife Resources Commission. Processed furs acquired through lawful channels within or without the State by persons other than fur dealers are not subject to rule.
- (6) Nongame animals and birds open to hunting and nongame fish lawfully taken, except as this Subchapter and its implementing rules expressly provide otherwise, may be possessed, transported, bought, sold, given or received as a gift, or otherwise disposed of without restriction.
- (7) The possession and disposition of wild animals and wild birds killed accidentally or to prevent or halt depredations to property are governed by G.S. 113-274(c)(1a).
- (8) The edible parts of deer raised domestically in another state may be transported into this State and resold as a meat product for human consumption when the edible parts have passed inspection in the other state by that state's inspection agency or the United States Department of Agriculture.

(c) The Wildlife Resources Commission may make reasonable rules governing the marking of packages, crates, and other containers in which wildlife may be shipped.

(d) Any person hiring a hunter or trapper to take game is deemed to be buying game. Any hunter or trapper who may be hired is deemed to be selling game. (1935, c. 486, ss. 19, 22; 1941, c. 231, s. 1; 1973, c. 1262, s. 18; 1979, c. 830, s. 1; 1979, 2nd Sess., c. 1285, s. 8; 1987, c. 827, s. 98; 1997-142, s. 15; 1997-456, s. 44.)

CASE NOTES

A charge that the accused violated the game laws "by taking and possessing" a game animal during closed season did not charge the offense of possessing a dead game

animal in violation of former § 113-103. *State v. Cole*, 33 N.C. App. 48, 234 S.E.2d 191 (1977), rev'd on other grounds and action dismissed, 294 N.C. 304, 240 S.E.2d 355 (1978).

§ 113-291.4. Regulation of foxes; study of fox and fur-bearer populations.

(a) All of the regulatory powers granted the Wildlife Resources Commission generally with respect to game, wild animals, and wildlife apply to foxes unless there are specific overriding restrictions in this section.

(b) Except for any closed season under subsection (h), foxes may be taken with dogs both night and day on a year-round basis.

(c) Foxes may not be taken with firearms except:

- (1) As provided in subsection (f) or (i) of this section or G.S. 113-291.4A(a).

(2) As an incidental method of humanely killing them following any lawful method of taking that does not result in death.

(3) When they are lawfully shot under laws and rules pertaining to the destruction of animals committing depredations to property.

(d) Foxes may not be taken with the aid of any electronic calling device.

(e) The Wildlife Resources Commission is directed to improve its capabilities for studying fox and fur-bearer populations generally and, on the basis of its present knowledge and future studies, to implement management methods and impose controls designed to produce optimum fox and fur-bearer populations in the various areas of the State.

(f) If, on the basis of its studies and other information available, the Wildlife Resources Commission determines the population of foxes in an area is fully adequate to support a harvesting of that population, the Wildlife Resources Commission may, upon passage of local legislation permitting same, open a season for taking foxes by trapping. When the season is open for trapping, foxes may also be taken by the use of methods lawful for taking game animals, including the use of firearms. Any bag, possession, or season limits imposed on foxes taken from the area in question will apply in the aggregate to all foxes killed without regard to the method of taking.

(f1) In those counties in which open seasons for taking foxes with weapons and by trapping were established between June 18, 1982, and July 1, 1987, in accordance with the procedure then set forth in subsection (f) of this section, the Wildlife Resources Commission is authorized to continue such seasons from year to year so long as the fox populations of such counties remain adequate to support the resulting harvest. The counties referred to in this subsection are as follows: Caswell, Clay, Graham, Henderson, Hyde, Macon, Stokes and Tyrrell.

(g) The Wildlife Resources Commission may provide for the sale of foxes lawfully taken in areas of open season as provided in subsection (f), under a system providing strict controls. The Wildlife Resources Commission must implement a system of tagging foxes and fox furs with a special fox tag, and the Commission may charge two dollars and twenty-five cents (\$2.25) for each tag furnished to hunters, trappers, and fur dealers. The fox tag or tags must be procured before taking foxes by any method designed to kill foxes or when the intent is to harvest foxes. The number of tags furnished to any individual may be limited as to area and as to number in accordance with area, bag, possession, or season limits that may be imposed on foxes. No person may continue to hunt or trap foxes under this fox harvesting provision unless he still has at least one valid unused fox tag lawful for use in the area in question. A person hunting foxes with dogs not intending to kill them need not have any fox tag, but any fox accidentally killed by that hunter must be disposed of without sale as provided below, and no foxes not tagged may be sold. The Wildlife Resources Commission may by rule provide reporting and controlled-disposition requirements, not including sale, of foxes killed accidentally by dog hunters, motor vehicles, and in other situations; it may also impose strict controls on the disposition of foxes taken by owners of property under the laws and rules relating to depredations, and authorize sale under controlled conditions of foxes taken under depredation permits.

(h) In any area of the State in which the Wildlife Resources Commission determines that hunting of foxes with dogs has an appreciably harmful effect upon turkey restoration projects, it may declare a closed season for an appropriate length of time upon the taking with dogs of all species of wild animals and birds. Except as otherwise provided in G.S. 113-291.1(d) or (d1), this subsection does not prohibit lawful field trials or the training of dogs.

(i) Upon notification by the State Health Director of the presence of a contagious animal disease in a local fox population, the Commission is

authorized to establish such population control measures as are appropriate until notified by public health authorities that the problem is deemed to have passed. (1979, c. 830, s. 1; 1981 (Reg. Sess., 1982), c. 1203, ss. 1-3; 1985, c. 476, s. 2; 1987, c. 726, s. 1; c. 827, s. 98; 1989, c. 504, s. 2; c. 616, s. 4; c. 727, s. 113; 1991, c. 483, s. 1(a), (b); 1993, c. 208, s. 4.)

Editor's Note. — Session Laws 1987, c. 726, which added subsection (f1) and was applicable to the counties of Alexander, Anson, Avery, Brunswick, Camden, Caswell, Clay, Currituck, Edgecombe, Graham, Granville, Henderson, Hyde, Johnston, Macon, Moore, Northampton, Perquimans, Sampson, Stanly, Stokes and Tyrrell, provided in s. 3 that the act would expire July 1, 1989. Session Laws 1989, c. 504, amended subsection (f1) by extending the expiration date to July 1, 1991, for the counties of

Brunswick, Caswell, Clay, Graham, Henderson, Hyde, Johnston, Macon, Sampson, Stokes, and Tyrrell. Session Laws 1991, c. 483, s. 1, effective July 2, 1991, deleted the expiration provision for the counties of Brunswick, Caswell, Clay, Graham, Henderson, Hyde, Macon, Stokes, and Tyrrell.

Session Laws 1993, c. 208, s. 4, deleted "Brunswick" from the list of counties in subsection (f1).

§ 113-291.4A. Open seasons for taking foxes with firearms.

(a) There is an open season for the taking of foxes with firearms in all areas of the State east of Interstate Highway 77 and in Mitchell and Caldwell Counties from the beginning of the season established by the Wildlife Resources Commission for the taking of rabbits and quail through January 1 of each year. The selling, buying, or possessing for sale of any fox or fox part taken pursuant to this subsection is prohibited, and is punishable as provided by G.S. 113-294(a) or (j).

(b) The Wildlife Resources Commission shall establish appropriate bag and season limits that may be imposed upon the taking of foxes pursuant to this act, and may make reasonable rules governing the possession of foxes killed by motor vehicles or other accidental means. (1989, c. 616, s. 1; 1989 (Reg. Sess., 1990), c. 811; 1995, c. 32, s. 1; 1999-456, s. 32.)

§ 113-291.5. Regulation of dogs used in hunting; limitations on authority of Wildlife Resources Commission; control of dogs on game lands; control of dogs chasing deer; other restrictions.

(a) Except as provided in G.S. 113-291.4, in the area described below, the Wildlife Resources Commission may regulate the use of dogs taking wildlife with respect to seasons, times, and places of use. The area covered by this subsection is that part of the State in and west of the following counties or parts of counties: Rockingham; Guilford; that part of Alamance and Orange lying south of Interstate Highway 85; Chatham; that part of Wake lying south of N.C. Highway 98; Lee; Randolph; Montgomery; Stanly; Union; and that part of Anson lying west of N.C. Highway 742.

(b) In the area of the State lying east of that described in subsection (a), the Wildlife Resources Commission may not restrict or prohibit the use of dogs in hunting or the training of dogs, in season or out, except during the breeding and raising seasons for game during the period April 15 through June 15.

(c) On game lands, wildlife refuges, and public hunting grounds the Wildlife Resources Commission may regulate the possession and use of dogs and may impound dogs found running at large without supervision or, if unsupervised, without means of identification.

(d) The Wildlife Resources Commission may not by its rules anywhere in the State restrict the number of dogs used in hunting or require that any particular breed of dog be used in hunting.

(e) It is unlawful to allow dogs not under the control of the owner or the individual in possession of the dogs to run or chase deer during the closed deer season.

(f) Nothing in this section is intended to require the leashing or confining of pet dogs. (1979, c. 830, s. 1; 1987, c. 827, s. 98.)

§ 113-291.6. Regulation of trapping.

(a) No one may take wild animals by trapping upon the land of another without having in his possession written permission issued and dated within the previous year by the owner of the land or his agent. This subsection does not apply to public lands on which trapping is not specifically prohibited, including tidelands, marshlands, and any other untitled land.

(b) No one may take wild animals by trapping with any steel-jaw, leghold, or connibear trap unless it:

- (1) Has a jaw spread of not more than seven and one-half inches.
- (2) Is horizontally offset with closed jaw spread of at least three sixteenths of an inch for a trap with a jaw spread of more than five and one-half inches. This subdivision does not apply if the trap is set in the water with quick-drown type of set.
- (3) Is smooth edged and without teeth or spikes.
- (4) Has a weather-resistant permanent tag attached legibly giving the trapper's name and address.

A steel-jaw or leghold trap set on dry land with solid anchor may not have a trap chain longer than eight inches from trap to anchor unless fitted with a shock-absorbing device approved by the Wildlife Resources Commission.

(c) No person may set or otherwise use a trap so that animals or birds when caught will be suspended. No hook of any type may be used to take wild animals or wild birds by trapping.

(d) Trap number 330 of the connibear type or size may only be set in the water and in areas in which beaver and otter may be lawfully trapped. For the purposes of this section:

- (1) A water-set trap is one totally covered by water with the anchor secured in water deep enough to drown the animal trapped quickly.
- (2) In areas of tidal waters, the mean high water is considered covering water.
- (3) In reservoir areas, covering water is the low water level prevailing during the preceding 24 hours.
- (4) Marshland, as defined in G.S. 113-229(n)(3), is not considered dry land.

(e) With respect to any lawfully placed trap of another set in compliance with the provisions of this section, no one without the express permission of the trapper may:

- (1) Remove or disturb any trap; or
- (2) Remove any fur-bearing animal from the trap.

This subsection does not apply to wildlife protectors or other law-enforcement officers acting in the performance of their duties.

(f) Nothing in this section prohibits the use of steel- or metal-jaw traps by county or State public health officials or their agents to control the spread of disease when the use of these traps has been declared necessary by the State Health Director.

(g) The Wildlife Resources Commission must include the trapping requirements of this section in its annual digest of hunting and trapping rules provided to each person upon purchase of a license. (1977, c. 933, ss. 2, 7; 1979, c. 830, s. 1; 1981, c. 729; 1987, c. 827, s. 98; 1989, c. 727, s. 114; 1997-418, s. 5.)

Local Modification. — Camden: 1981, c. 436.

§ 113-291.7. Regulation of bears; limited retention of local acts closing bear seasons.

Local acts closing the season on bears are exempted from the provisions of G.S. 113-133.1(b) until July 1, 1981. After that date any local acts setting a year-round closed season on bears which have not by their terms expired are temporarily retained until the Wildlife Resources Commission supersedes them by adopting rules either opening a season in the county affected or carrying forward the closed-season provision. (1979, c. 830, s. 1; 1987, c. 827, s. 98.)

§ 113-291.8. Requirement to display hunter orange.

(a) Any person hunting game animals other than foxes, bobcats, raccoons, and opossum, or hunting upland game birds other than wild turkeys, with the use of firearms, must wear a cap or hat on his head made of hunter orange material or an outer garment of hunter orange visible from all sides. Hunter orange material is a material that is a daylight fluorescent orange color.

This section does not apply to a landholder, his spouse, or children, who are hunting on land held by the landholder. This subsection shall be enforced by warning ticket only until October 1, 1992, with respect to those hunting rabbit, squirrel, grouse, pheasant, and quail.

(b) Any person violating this section during the 1987 big game hunting season shall be given a warning of violation only. Thereafter, any person violating this section has committed an infraction and shall pay a fine of twenty-five dollars (\$25.00). An infraction is an unlawful act that is not a crime. The procedure for charging and trying an infraction is the same as for a misdemeanor, but conviction of an infraction has no consequence other than payment of a fine. A person convicted of an infraction may not be assessed court costs.

Wildlife Enforcement Officers are authorized to charge persons with the infraction created by this section.

(c) Failure to wear hunter orange material in violation of this section shall not constitute negligence per se or contributory negligence per se. (1987, c. 72, s. 1; 1991, c. 71, s. 1.)

§ 113-291.9. Taking of beaver.

(a) Notwithstanding any other law, there is an open season for taking beaver with firearms during any open season for the taking of wild animals, provided that permission has been obtained from the owner or lessee of the land on which the beaver is being taken.

(b) Notwithstanding any other law, it is lawful to use or sell beaver parts taken under a depredation permit issued by the Wildlife Resources Commission.

(c) Notwithstanding G.S. 113-291.6(d) or any other law, it is lawful to set traps number 330 of the conibear type or size, if at least one-half of the trap is covered by water, when trapping beaver during the season for trapping beaver as established by the Wildlife Resources Commission.

(d) Notwithstanding G.S. 113-291.1(b)(2) or any other law, it is lawful to use snares when trapping beaver during the season for trapping beaver as established by the Wildlife Resources Commission.

(e) Repealed by Session Laws 1993, c. 33, s. 1.

(f) Notwithstanding any other provision of law, landowners whose property is or has been damaged or destroyed by beaver may take beaver on their property by any lawful method without obtaining a depredation permit from the Wildlife Resources Commission, and may obtain assistance from other persons in taking the depredating beaver by giving those persons permission to take beaver on the landowner's property.

(g) Repealed by Session Laws 1997-456, s. 53. (1991, c. 483, s. 3; 1993, c. 33, s. 1; 1995, c. 509, s. 56; 1997-97, s. 1; 1997-456, s. 53.)

Editor's Note. — The subsection designations for present subsections (f) and (g) were assigned by the Revisor of Statutes, the subsec-

tion designations in Session Laws 1993, c. 33, s. 1 having been (e) and (f), respectively.

§ 113-291.10. Beaver Damage Control Advisory Board.

(a) There is established the Beaver Damage Control Advisory Board. The Board shall consist of nine members, as follows:

- (1) The Executive Director of the North Carolina Wildlife Resources Commission, or his designee, who shall serve as chair;
- (2) The Commissioner of Agriculture and Consumer Services, or a designee;
- (3) The Director of the Division of Forest Resources of the Department of Environment and Natural Resources, or a designee;
- (4) The Director of the Soil and Water Conservation Division of the Department of Environment and Natural Resources, or a designee;
- (5) The Director of the North Carolina Cooperative Extension Service, or a designee;
- (6) The Secretary of Transportation, or a designee;
- (7) The State Director of the Wildlife Services Division of the Animal and Plant Health Inspection Service, U.S. Department of Agriculture, or a designee;
- (8) The President of the North Carolina Farm Bureau Federation, Inc., or a designee, representing private landowners; and
- (9) A representative of the North Carolina Forestry Association.

(b) The Beaver Damage Control Advisory Board shall develop a statewide program to control beaver damage on private and public lands. The Beaver Damage Control Advisory Board shall act in an advisory capacity to the Wildlife Resources Commission in the implementation of the program. In developing the program, the Board shall:

- (1) Orient the program primarily toward public health and safety and toward landowner assistance, providing some relief to landowners through beaver control and management rather than eradication;
- (2) Develop a priority system for responding to complaints about beaver damage;
- (3) Develop a system for documenting all activities associated with beaver damage control, so as to facilitate evaluation of the program;
- (4) Provide educational activities as a part of the program, such as printed materials, on-site instructions, and local workshops; and
- (5) Provide for the hiring of personnel necessary to implement beaver damage control activities, administer the program, and set salaries of personnel.

No later than March 15 of each year, the Board shall issue a report to the Wildlife Resources Commission, the Senate and House Appropriations Subcommittees on Natural and Economic Resources, and the Fiscal Research Division on the results of the program during the preceding year.

(c) The Wildlife Resources Commission shall implement the program, and may enter a cooperative agreement with the Wildlife Services Division of the

Animal and Plant Health Inspection Service, United States Department of Agriculture, to accomplish the program.

(d) Notwithstanding G.S. 113-291.6(d) or any other law, it is lawful to use snares when trapping beaver pursuant to the beaver damage control program developed pursuant to this section. The provisions of Chapter 218 of the 1975 Session Laws; Chapter 492 of the 1951 Session Laws, as amended by Chapter 506 of the 1955 Session Laws; and Chapter 1011 of the 1983 Session Laws do not apply to trapping carried out in implementing the beaver damage control program developed pursuant to this section.

(e) In case of any conflict between G.S. 113-291.6(a) and G.S. 113-291.6(b) and this section, this section prevails.

(f) Each county that volunteers to participate in this program for a given fiscal year shall provide written notification of its wish to participate no later than September 30 of that year and shall commit the sum of four thousand dollars (\$4,000) in local funds no later than September 30 of that year. (1991 (Reg. Sess., 1992), c. 1044, s. 69; 1993, c. 561, s. 111; 1993 (Reg. Sess., 1994), c. 769, s. 27.3; 1995, c. 358, s. 7; c. 437, s. 5; c. 467, s. 4; c. 507, s. 26.6; 1996 Second Ex. Sess., c. 18, s. 27.15; 1997-256, s. 10; 1997-347, s. 6; 1997-401, s. 6; 1997-418, s. 5; 1997-443, c. 15.44; 1998-23, s. 16; 1998-212, s. 14.18(a)-(c), (e); 1999-237, s. 15.1(b), (c).)

Editor's Note. — Session Laws 2001-424, s. 19.1, provides: "Of the funds appropriated in this act [Session Laws 2001-424] to the Wildlife Resources Commission, the sum of five hundred thousand dollars (\$500,000) for the 2001-2002 fiscal year and the sum of five hundred thousand dollars (\$500,000) for the 2002-2003 fiscal year shall be used to provide the State share necessary to support the beaver damage control program established in G.S. 113-291.10, provided the sum of at least twenty-five thousand dollars (\$25,000) in federal funds is available each fiscal year of the biennium to provide the federal share."

Session Laws 2001-424, s. 1.2, provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 2001'."

Session Laws 2001-424, s. 36.5 is a severability clause.

Session Laws 2001-424, s. 36.3, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium."

§ 113-292. Authority of the Wildlife Resources Commission in regulation of inland fishing and the introduction of exotic species.

(a) The Wildlife Resources Commission is authorized to authorize, license, regulate, prohibit, prescribe, or restrict all fishing in inland fishing waters, and the taking of inland game fish in coastal fishing waters, with respect to:

- (1) Time, place, character, or dimensions of any methods or equipment that may be employed in taking fish;
- (2) Seasons for taking fish;
- (3) Size limits on and maximum quantities of fish that may be taken, possessed, bailed to another, transported, bought, sold, or given away.

(b) The Wildlife Resources Commission is authorized to authorize, license, regulate, prohibit, prescribe, or restrict:

- (1) The opening and closing of inland fishing waters, whether entirely or only as to the taking of particular classes of fish, use of particular equipment, or as to other activities within the jurisdiction of the Wildlife Resources Commission; and
- (2) The possession, cultivation, transportation, importation, exportation, sale, purchase, acquisition, and disposition of all inland fisheries resources and all related equipment, implements, vessels, and con-

veyances as necessary to implement the work of the Wildlife Resources Commission in carrying out its duties.

To the extent not in conflict with provisions enforced by the Department, the Wildlife Resources Commission may exercise the powers conferred in this subsection in coastal fishing waters pursuant to its rule of inland game fish in such waters.

(c) The Wildlife Resources Commission is authorized to make such rules pertaining to the acquisition, disposition, transportation, and possession of fish in connection with private ponds as may be necessary in carrying out the provisions of this Subchapter and the overall objectives of the conservation of wildlife resources.

(c1) The Wildlife Resources Commission is authorized to issue proclamations suspending or extending the hook-and-line season for striped bass in the inland and joint waters of coastal rivers and their tributaries, and the Commission may delegate this authority to the Executive Director. Each proclamation shall state the hour and date upon which it becomes effective, and shall be issued at least 48 hours prior to the effective date and time. A permanent file of the text of all proclamations shall be maintained in the office of the Executive Director. Certified copies of proclamations are entitled to judicial notice in any civil or criminal proceeding.

The Executive Director shall make reasonable effort to give notice of the terms of any proclamation to persons who may be affected by it. This effort shall include press releases to communications media, posting of notices at boating access areas and other places where persons affected may gather, personal communication by agents of the Wildlife Resources Commission, and other measures designed to reach persons who may be affected. Proclamations under this subsection shall remain in force until rescinded following the same procedure established for enactment.

(d) The Wildlife Resources Commission is authorized to authorize, license, regulate, prohibit, prescribe, or restrict anywhere in the State the acquisition, importation, possession, transportation, disposition, or release into public or private waters or the environment of exotic zoological or botanical species or specimens that may create a danger to or an imbalance in the environment inimical to the conservation of wildlife resources. This subsection is not intended to give the Wildlife Resources Commission the authority to supplant, enact any conflicting rules, or otherwise take any action inconsistent with that of any other State agency acting within its jurisdiction.

(e) It is unlawful for any person to:

- (1) Release or place exotic species of wild animals or wild birds in an area for the purpose of stocking the area for hunting or trapping;
- (2) Release or place species of wild animals or wild birds not indigenous to that area in an area for the purpose of stocking the area for hunting or trapping;
- (3) Take by hunting or trapping any animal or bird released or placed in an area in contravention of subdivisions (1) and (2) of this subsection, except under a permit to hunt or trap which may be issued by the Wildlife Resources Commission for the purpose of eradicating or controlling the population of any species of wildlife that has been so released or placed in the area. (1965, c. 957, s. 2; 1973, c. 1262, s. 18; 1979, c. 830, s. 1; 1983, cc. 555, 615; 1987, c. 827, s. 98; 1991, c. 104, s. 1; c. 636, s. 8.)

CASE NOTES

Commission May Prohibit Certain Method of Taking Fish. — The Commission may seek to prohibit by regulation and in the public interest a reprehensible method of tak-

ing or attempting to take fish. This they have the authority to do, but only if they use language which specifically defines and describes the act or equipment they seek to prohibit. *State v. Martin*, 7 N.C. App. 532, 173 S.E.2d 47 (1970).

A regulation of the Commission making it unlawful "to snag fish," with no definition of the term "snag," is void for vagueness and uncertainty. *State v. Martin*, 7 N.C. App. 532, 173 S.E.2d 47 (1970).

§ 113-293. Obstructing rivers or creeks; keeping open fishways in dams.

(a), (b) Repealed by Session Laws 1979, c. 830, s. 1.

(c) It is unlawful for any person in inland fishing waters:

- (1) To set a net of any description across the main channel of any river or creek;
- (2) To erect so as to extend more than three fourths of the distance across any river or creek any stand, dam, weir, hedge, or other obstruction to the passage of fish;
- (3) To erect any stand, dam, weir, or hedge in any part of a river or creek required to be left open for the passage of fish; or,
- (4) Having erected any dam where the same was allowed, to fail to make and keep open such slope or fishway as may be required by law to be kept open for the free passage of fish.

The provisions of this section may not be construed to conflict in any way with the laws and rules of any other agency with jurisdiction over the activity or subject matter in question. CASE NOTES

Constitutionality. — Former § 113-104, similar to § 113-291, and the first sentence of former § 113-109(b), similar to subsection (e) of this section, protecting and managing wildlife, were within the legitimate interests of the State and in the public interest and are consti-

tutional. *State v. Lassiter*, 13 N.C. App. 292, 185 S.E.2d 478 (1971), cert. denied, 280 N.C. 495, 186 S.E.2d 514, appeal dismissed, 280 N.C. 724, 186 S.E.2d 926 (1972).

Purpose. — Former § 113-104 and the first sentence of former § 113-109(b) had the pur-

pose of controlling and managing the use and methods of taking wildlife. *State v. Lassiter*, 13 N.C. App. 292, 185 S.E.2d 478 (1971), cert. denied, 280 N.C. 495, 186 S.E.2d 514, appeal dismissed, 280 N.C. 724, 186 S.E.2d 926 (1972).

“Taking”. — The shooting and killing of a deer with a rifle was a “taking” within the intent and meaning of former § 113-294(b). *State v. Link*, 13 N.C. App. 568, 186 S.E.2d 634 (1972).

This Section Requires Specificity. — The

warrant allegedly charging defendant with the crime of taking bear with bait, in violation of this section, was invalid because it did not adequately apprise the defendant of the specific offense with which he was being charged; although it charged him with aiding and abetting another individual, it did not specify the underlying offense committed by the other individual. *State v. Madry*, 140 N.C. App. 600, 537 S.E.2d 827 (2000).

§ 113-295. Unlawful harassment of persons taking wildlife resources.

(a) It is unlawful for a person to interfere intentionally with the lawful taking of wildlife resources or to drive, harass, or intentionally disturb any wildlife resources for the purpose of disrupting the lawful taking of wildlife resources. It is unlawful to take or abuse property, equipment, or hunting dogs that are being used for the lawful taking of wildlife resources. This subsection does not apply to a person who incidentally interferes with the taking of wildlife resources while using the land for other lawful activity such as agriculture, mining, or recreation. This subsection also does not apply to activity by a person on land he owns or leases.

Violation of this subsection is a Class 2 misdemeanor for a first conviction and a Class 1 misdemeanor for a second or subsequent conviction.

(b) The Wildlife Resources Commission may, either before or after the institution of any other action or proceeding authorized by this section, institute a civil action for injunctive relief to restrain a violation or threatened violation of subsection (a) of this section pursuant to G.S. 113-131. The action shall be brought in the superior court of the county in which the violation or threatened violation is occurring or about to occur and shall be in the name of the State upon the relation of the Wildlife Resources Commission. The court, in issuing any final order in any action brought pursuant to this subsection may, in its discretion, award costs of litigation including reasonable attorney and expert-witness fees to any party. (1987, c. 636, s. 3; 1993, c. 539, s. 864; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-296. Disabled Sportsman Program.

(a) The Disabled Sportsman Program is established, to be developed and administered by the Wildlife Resources Commission. The Disabled Sportsman Program shall consist of special hunting and fishing activities adapted to the needs of persons with the disabilities described in subsection (b) of this section.

(b) In order to be eligible for participation in the Disabled Sportsman Program established by this section, a person must be able to certify through competent medical evidence one of the following disabilities:

- (1) Amputation of one or more limbs;
- (2) Paralysis of one or more limbs;
- (3) Dysfunction of one or more limbs rendering the person unable to perform the tasks of grasping and lifting with the hands and arms or unable to walk without mechanical assistance, other than a cane;
- (4) Disease, injury, or defect confining the person to a wheelchair, walker, or crutches;
- (5) Legal deafness; or
- (6) Legal blindness, for purposes of participation in disabled fishing only.

The disability must be permanent, and a person loses eligibility to participate in the Disabled Sportsman Program when the specified disability ceases to exist.

(c) A person who qualifies under subsection (b) of this section may apply for participation in the Disabled Sportsman Program by completing an application supplied by the Wildlife Resources Commission and by supplying the medical evidence necessary to confirm the person's disability. In order to participate in activities under the Program, each disabled participant may be accompanied by an able-bodied companion, who may also participate in the hunting, fishing, or other activity. The Commission shall charge each disabled participant an annual fee of ten dollars (\$10.00) to defray the cost of processing the application and administering the special activities provided under the Program. The participant and the participant's companion shall also obtain any applicable hunting, fishing, or other special license required for the activities.

(d) In developing the Disabled Sportsman Program, the Wildlife Resources Commission shall:

- (1) Establish special seasons and bag limits for hunting all or selected species of wildlife;
- (2) Authorize the manner for taking wildlife, consistent with State law;
- (3) Permit the use of vehicles and other means of conveyance in areas normally closed to such use;
- (4) Set special fishing seasons and size and creel limits for inland fish; and
- (5) Permit the use of crossbows or other specially equipped bows by persons incapable of arm movement sufficient to operate a longbow, recurve bow, or compound bow, but only during a season for hunting with bow and arrow and only during a special hunt organized and supervised by the Wildlife Resources Commission for the Disabled Sportsman Program; and
- (6) Alter any other established rules of the Wildlife Resources Commission pertaining to hunting, fishing, or special activities, as generally applicable or as applicable to game lands, for the purpose of providing access to disabled persons participating in the Disabled Sportsman Program.

The Wildlife Resources Commission may use its game lands for purposes of conducting special activities for the Disabled Sportsman Program, and may enter into agreements with other landholders for purposes of conducting special activities on private lands.

(e) The Wildlife Resources Commission may establish special activities under the Disabled Sportsman Program for any class or classes of disability described in subsection (b) of this section. The Commission shall publicize these activities through the public media and in the Commission's publications to ensure that disabled persons are notified of the activities and informed about the application process.

(f) The Wildlife Resources Commission shall hold at least four special hunting activities under the Disabled Sportsman Program per calendar year, at least two during the season for taking deer with bow and arrow, and at least two during the season for taking deer with guns. The Commission shall alternate the location of these special activities so as to provide equal access to disabled persons in all regions of the State. (1993 (Reg. Sess., 1994), c. 557, s. 1.)

§ 113-297. Method exemptions for disabled persons.

(a) Any person whose physical disability makes it impossible for the person to hunt or fish by conventional methods for one year or more may apply to the Wildlife Resources Commission for a hunting or fishing methods exemption allowing that person to hunt or fish in a manner that would otherwise be prohibited by rules adopted by the Commission. The application shall be

accompanied by a signed statement from a physician containing the following information:

- (1) The nature of the person's disability;
- (2) The necessity of the exemption in order to allow the person to hunt or fish; and
- (3) Whether the disability is permanent or temporary and, if temporary, the length of time after which the physician anticipates that the person may be able to hunt or fish without the exemption.

The Wildlife Resources Commission may authorize any reasonable exemption in order to permit a disabled person complying with the requirements of this section to hunt or fish and may issue a permit describing the exemption made in each case. The permit may be permanent or, if the disability is temporary, the permit may coincide with the length of time the signed physician's statement indicates the disability is expected to last. A person issued a permit under this section shall possess the permit while hunting or fishing in the exempted manner.

(b) In addition to providing disabled persons reasonable exemptions from rules adopted by the Wildlife Resources Commission, the Commission may permit a person complying with the application procedure outlined in subsection (a) of this section to use a crossbow or other specially equipped bow if the physician's statement indicates that the person is incapable of arm movement sufficient to operate a longbow, recurve bow, or compound bow. (1995, c. 62, s. 1.)

§ 113-298. Unlawful use of facilities provided for disabled sportsman.

Any person who knowingly uses facilities or participates in activities provided by the Wildlife Resources Commission for disabled sportsmen, when that person does not meet the qualifications for use of those facilities or participation in those activities, is guilty of a Class 3 misdemeanor. (1997-326, s. 5.)

Editor's Note. — Session Laws 1997-326, s. 5, enacted as § 113-297, was codified as this section at the direction of the Revisor of Statutes.

ARTICLE 22A.

Use of Poisons and Pesticides.

§ 113-300.1. Use of poisons and pesticides in general.

No one may take any wild animal or bird with the use of any poison or pesticide except as provided in this Article. The taking of fish by the use of poison is governed by G.S. 113-261 and G.S. 113-262, and the prohibitions of those sections against the taking of wildlife by poison apply unless specifically permitted under this Article. Otherwise, the Wildlife Resources Commission may, by rules consistent with the North Carolina Pesticide Law of 1971 and the Structural Pest Control Act of 1955, regulate, prohibit, or restrict the use of poisons or pesticides upon or severely affecting wildlife resources. (1979, c. 830, s. 1; 1979, 2nd Sess., c. 1285, s. 9; 1987, c. 827, s. 98.)

§ 113-300.2. Declaring wild animal or bird a pest; concurrence of Wildlife Resources Commission required before poison or pesticide may be used.

(a) When there is a factual basis for the declaration, any wild animal or bird may be declared a pest by:

- (1) The Commissioner of Agriculture under the Structural Pest Control Act of North Carolina of 1955, as amended, in Article 4C of Chapter 106 of the General Statutes, in accordance with any regulations or restrictions imposed by the Structural Pest Control Committee; or
- (2) The Pesticide Board under the North Carolina Pesticide Law of 1971, as amended, in Article 52 of Chapter 143 of the General Statutes.

(b) When a wild animal or bird is declared a pest, the Commissioner of Agriculture or the Pesticide Board, as the case may be, must notify the Wildlife Resources Commission in writing of the action taken; the areas in which the declaration is effective; the type, amount, and mode of application of any poison or pesticide proposed for use against the pest; and other information pertinent to the declaration.

(c) Upon receiving notification under subsection (b), the Wildlife Resources Commission may:

- (1) Hold a timely public hearing on the question whether it should concur in the declaration that the wild animal or bird is a pest and should be open to taking with the type or types of poison or pesticide specified or authorized in the notice, in the areas and under the circumstances specified. After holding the public hearing the Wildlife Resources Commission must decide, within 60 days after receiving the notice under subsection (b), whether it concurs or refuses to concur in the declaration that the wild animal or bird is a pest.
- (2) Take no action. In this event, 60 days after the Wildlife Resources Commission receives notice of the declaration under subsection (b), the concurrence of the Wildlife Resources Commission will occur automatically.

(d) Upon the concurrence of the Wildlife Resources Commission in the declaration under subsection (b), the wild animal or bird may be taken with the use of any poison or pesticide specified in the notice in accordance with applicable restrictions in statutes and regulations and in accordance with any special restrictions imposed by the Commissioner of Agriculture, the Structural Pest Control Committee, or the Pesticide Board. If the Wildlife Resources Commission refuses to concur, no poison or pesticide may be used to take the wild animal or bird.

(e) After holding a public hearing on the subject, the Wildlife Resources Commission may rescind its concurrence to a declaration under subsection (b) or grant its concurrence previously withheld.

(f) With the approval of the Structural Pest Control Committee or the Pesticide Board, as the case may be, the Wildlife Resources Commission may grant a qualified concurrence to a declaration, imposing further restrictions as to the use of poison or pesticide in taking the wild animal or bird in question. (1979, c. 830, s. 1.)

§ 113-300.3. Penalties for violations of Article; repeated offenses.

(a) Each day in which poisons or pesticides are used unlawfully in taking wild animals or birds constitutes a separate offense.

(b) Any taking of a wild animal or bird in willful violation of this Article or in willful violation of any restrictions imposed by the Commissioner of

Agriculture, the Structural Pest Control Committee, the Pesticide Board, or the Wildlife Resources Commission is punishable under G.S. 113-262(a). For the purposes of prosecutions under that subsection, the term "poison" includes pesticides.

(c) Any person taking a wild animal or bird declared a pest with the use of poison or pesticide who neglects to observe applicable restrictions imposed by the Commissioner of Agriculture, the Structural Pest Control Committee, the Pesticide Board, or the Wildlife Resources Commission is guilty of a Class 3 misdemeanor, unless a greater penalty is prescribed for the offense in question. (1979, c. 830, s. 1; 1993, c. 539, s. 865; 1994, Ex. Sess., c. 24, s. 14(c).)

ARTICLE 23.

Administrative Provisions; Regulatory Authority of Wildlife Resources Commission.

§ 113-301: Repealed by Session Laws 1979, c. 830, s. 1.

§ 113-301.1. Wildlife Resources Commission obligated to make efforts to notify members of the public who may be affected by operative provisions of statutes and regulations.

(a) The Wildlife Resources Commission must prepare and distribute to license agents informational materials relating to hunting, fishing, trapping, and boating laws and regulations administered by the Wildlife Resources Commission. The materials furnished an agent should be appropriate to the types of licenses he customarily handles, and in a quantity reasonably anticipated to be sufficient to meet the needs of licensees obtaining licenses from the agent.

(b) In issuing new licenses and permits from the Raleigh office by mail, the Wildlife Resources Commission must generally inform the licensee or permittee of governing provisions of law and regulations applicable to the type of license or permit secured. In issuing renewal licenses and permits by mail, the Wildlife Resources Commission must inform the licensee or permittee of any substantial changes in the law or regulations which may affect the activities of the licensee or permittee.

(c) After adopting regulations which impose new restrictions upon the activities of members of the public who do not normally hold licenses or permits to engage in the activity in question, the Wildlife Resources Commission must take appropriate steps to publicize the new restrictions. These steps may include press releases to the media, informing local authorities, and other forms of communication that give promise of reaching the segment of the public affected.

(d) After adopting new restrictions on hunting, fishing, trapping, or boating at a time other than when usual annual changes in the regulations affecting those activities are adopted, the Wildlife Resources Commission must take appropriate steps to publicize the new restrictions in a manner designed to reach persons who may be affected.

(e) Repealed by Session Laws 1987, c. 827, s. 9. (1979, c. 830, s. 1; 1979, 2nd Sess., c. 1285, s. 10; 1987, c. 827, s. 9.)

Editor's Note. — Session Laws 1987, c. 827, s. 98, amended several sections in Chapter 113 by deleting the words "regulations", "Regulations", and "regulation" each time they ap-

peared, including the catchlines, and substituting the words "rules", "Rules", and "rule" respectively, but did not amend this section.

§ 113-302. Prima facie evidence provisions.

(a) Except as provided below, possession of game or game fish in any hotel, restaurant, cafe, market, or store, or by any produce dealer, constitutes prima facie evidence of possession for the purpose of sale. This subsection does not apply to:

- (1) Possession of propagated game birds or hatchery-reared trout that is in accordance with licensing requirements and wrapping or tagging provisions that may apply; or
- (2) Game or game fish brought in by patrons in accordance with G.S. 113-276(i).

(b) The flashing or display of any artificial light between a half hour after sunset and a half hour before sunrise in any area which is frequented or inhabited by wild deer by any person who has accessible to him a firearm, crossbow, or other bow and arrow constitutes prima facie evidence of taking deer with the aid of an artificial light. This subsection does not apply to the headlights of any vehicle driven normally along any highway or other public or private roadway. (1965, c. 957, s. 2; 1979, c. 830, s. 1.)

CASE NOTES

Editor's Note. — *The case cited in the following annotations was decided under former § 113-109(b), similar to subsection (b) of this section.*

Constitutionality of Subsection (b). — The prima facie evidence rule of former § 113-109(b), similar to subsection (b) of this section, was constitutional and met the requirement for constitutionality that there be a rational connection between the fact proved and the ultimate fact presumed so that the inference of one from proof of the other is not unreasonable and arbitrary. *State v. Lassiter*, 13 N.C. App. 292, 185 S.E.2d 478 (1971), cert. denied, 280 N.C. 495, 186 S.E.2d 514, appeal dismissed, 280 N.C. 724, 186 S.E.2d 926 (1972).

Presumption Not Conclusive. — The presumption in former § 113-109(b) was not con-

clusive upon the jury; they could still under the law return a verdict in favor of the defendant. *State v. Lassiter*, 13 N.C. App. 292, 185 S.E.2d 478 (1971), cert. denied, 280 N.C. 495, 186 S.E.2d 514, appeal dismissed, 280 N.C. 724, 186 S.E.2d 926 (1972).

It Does Not Deprive Defendants of Rights. — The presumption in former § 113-109(b) did not shift the burden of proof from the State to the defendants, or deprive them of due process of law or the presumption of innocence, which remained with them until overcome by evidence of guilt beyond a reasonable doubt. *State v. Lassiter*, 13 N.C. App. 292, 185 S.E.2d 478 (1971), cert. denied, 280 N.C. 495, 186 S.E.2d 514, appeal dismissed, 280 N.C. 724, 186 S.E.2d 926 (1972).

§ 113-302.1. Inspection of licensed or commercial premises; authority to secure inspection warrants.

(a) Protectors are authorized to enter and make a reasonable inspection at an appropriate time of day of any premises in which a person subject to administrative control under G.S. 113-276.2 conducts his operations to determine whether any wildlife on the premises is possessed in accordance with applicable laws and rules, required records are being kept, and other legal requirements are being observed. It is an appropriate time of day for inspection if the establishment is open for business or if a proprietor or employee is on the premises.

(b) In cases not controlled by subsection (a), protectors who believe that wildlife may be on the premises of any public refrigeration storage plant, meat shop, store, produce market, hotel, restaurant, or other public food-storage or

eating place may request permission to enter the nonpublic areas of the premises to make a reasonable inspection to determine whether any wildlife on the premises is possessed in accordance with applicable laws and rules. If the person in charge of the premises refuses the inspection request of a protector, he is authorized to procure and execute an administrative search warrant issued under the terms of Article 4A of Chapter 15 of the General Statutes or under any successor legislation.

(c) In cases controlled by subsection (a), an administrative search warrant may be secured in the protector's discretion or if case law requires it. Nothing in this section is intended to prevent a lawful search of premises, with or without a search warrant under Chapter 15A of the General Statutes, when the circumstances so justify. (1979, c. 830, s. 1; 1987, c. 827, s. 98.)

§ 113-303. Arrest, service of process and witness fees of protectors.

All arrest fees and other fees that may be charged in any bill of costs for service of process by protectors must be paid to the county in which the trial is held. No witness fee may be taxed in any bill of costs by virtue of the appearance of a protector as a witness in a criminal case within his enforcement jurisdiction. Acceptance by any protector of any arrest fee, witness fee, or any other fee to which he is not entitled is a Class 1 misdemeanor. (1965, c. 957, s. 2; 1993, c. 539, s. 866; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-304. Reciprocal agreements by Wildlife Resources Commission.

The Wildlife Resources Commission is empowered to make reciprocal agreements with other jurisdictions respecting the matters governed in this Subchapter. Pursuant to such agreements the Wildlife Resources Commission may by rule modify provisions of this Subchapter in order to effectuate the purposes of such agreements, in the overall best interests of the conservation of wildlife resources. (1965, c. 957, s. 2; 1973, c. 1262, s. 18; 1987, c. 827, s. 98.)

§ 113-305. Cooperative agreements by Wildlife Resources Commission.

The Wildlife Resources Commission is empowered to enter into cooperative agreements with public and private agencies and individuals respecting the matters governed in this Subchapter. Pursuant to such agreements the Wildlife Resources Commission may expend funds, assign employees to additional duties within or without the State, assume additional responsibilities, and take other actions that may be required by virtue of such agreements, in the overall best interests of the conservation of wildlife resources. (1965, c. 957, s. 2; 1973, c. 1262, s. 18.)

§ 113-306. Administrative authority of Wildlife Resources Commission; disposition of license funds; delegation of powers; injunctive relief.

(a) In the overall best interests of the conservation of wildlife resources, the Wildlife Resources Commission may lease or purchase lands, equipment, and other property; accept gifts and grants on behalf of the State; establish wildlife refuges, management areas, and boating and fishing access areas, either alone or in cooperation with others; provide matching funds for entering into projects

with some other governmental agency or with some scientific, educational, or charitable foundation or institution; condemn lands in accordance with the provisions of Chapter 40A of the General Statutes and other governing provisions of law; and sell, lease, or give away property acquired by it. Provided, that any private person selected to receive gifts or benefits by the Wildlife Resources Commission be selected:

- (1) With regard to the overall public interest that may result; and
- (2) From a defined class upon such a rational basis open to all within the class as to prevent constitutional infirmity with respect to requirements of equal protection of the laws or prohibitions against granting exclusive privileges or emoluments.

(b) Except as otherwise specifically provided by law, all money credited to, held by, or to be received by the Wildlife Resources Commission from the sale of licenses authorized by this Subchapter must be consolidated and placed in the Wildlife Resources Fund.

(c) The Wildlife Resources Commission may, within the terms of policies set by rule, delegate to the Executive Director all administrative powers granted to it.

(d) The Wildlife Resources Commission is hereby authorized and directed to develop a plan and policy of wildlife management for all lands owned by the State of North Carolina which are suitable for this purpose. The Division of State Property and Construction of the Department of Administration shall determine which lands are suitable for the purpose of wildlife management. Nothing in the wildlife management plan shall prohibit, restrict, or require the change in use of State property which is presently being used or will in the future be used to carry out the goals and objectives of the State agency utilizing such land. Each plan of wildlife management developed by the Wildlife Resources Commission shall consider the question of public hunting; and whenever and wherever possible and consistent with the primary land use of the controlling agency, public hunting shall be allowed under cooperative agreement with the Wildlife Resources Commission. Any dispute over the question of public hunting shall be resolved by the Division of State Property and Construction.

(e) Subject to any policy directives adopted by the members of the Wildlife Resources Commission, the Executive Director in his discretion may institute an action in the name of the Wildlife Resources Commission in the appropriate court for injunctive relief to prevent irreparable injury to wildlife resources or to prevent or regulate any activity within the jurisdiction of the Wildlife Resources Commission which constitutes a public nuisance or presents a threat to public health or safety. CASE NOTES

Condemnation of Land Interest. — State had express statutory authority, and its statement of public use was sufficient, to condemn defendant's one-fifth land interest, held as tenant in common with State, as necessary and

convenient for the operation and maintenance of government-owned impoundments. *State v. Coastland Corp.*, 134 N.C. App. 269, 517 S.E.2d 655 (1999), cert. denied, 351 N.C. 111, 540 S.E.2d 371 (1999).

§ 113-307. Adoption of federal laws and regulations.

To the extent that the Wildlife Resources Commission is granted authority under this Chapter or under any other provision of law, including Chapter 75A of the General Statutes, over subject matter as to which there is concurrent federal jurisdiction, the Wildlife Resources Commission in its discretion may by reference in its rules adopt relevant provisions of federal law and regula-

tions as State rules. To prevent confusion or conflict of jurisdiction in enforcement, the Wildlife Resources Commission may provide for an automatic incorporation by reference into its rules of future changes within any particular set of federal laws or regulations relating to some subject clearly within the jurisdiction of the Wildlife Resources Commission. (1965, c. 957, s. 2; 1973, c. 1262, s. 18; 1987, c. 827, s. 107.)

§ 113-307.1. Legislative assent to specific federal acts.

(a) The consent of the General Assembly of North Carolina is hereby given to the making by the Congress of the United States, or under its authority, of all such rules and regulations as the federal government shall determine to be needful in respect to game animals, game and nongame birds, and fish on such lands in the western part of North Carolina as shall have been, or may hereafter be, purchased by the United States under the terms of the act of Congress of March 1, 1911, entitled "An act to enable any state to cooperate with any other state or states, or with the United States, for the protection of the watersheds of navigable streams, and to appoint a commission for the acquisition of lands for the purposes of conserving the navigability of navigable rivers" (36 Stat. 961), and acts of Congress supplementary thereto and amendatory thereof, and in or on the waters thereon.

Nothing in this subsection shall be construed as conveying the ownership of wildlife from the State of North Carolina or permit the trapping, hunting, or transportation of any game animals, game or nongame birds, or fish by any person, including any agency, department, or instrumentality of the United States or agents thereof, on the lands in North Carolina, as shall have been or may hereafter be purchased by the United States under the terms of any act of Congress, except in accordance with the provisions of this Subchapter and its implementing regulations. Provided, that the provisions of G.S. 113-39 apply with respect to licenses.

Any person, including employees or agents of any department or instrumentality of the United States, violating the provisions of this subsection is guilty of a Class 1 misdemeanor.

(b) The State of North Carolina hereby assents to the provisions of the act of Congress entitled "An act to provide that the United States shall aid the states in wildlife restoration projects, and for other purposes," approved September 2, 1937 (Public Law 415, 75th Congress), and the Wildlife Resources Commission is hereby authorized, empowered, and directed to perform such acts as may be necessary to the conduct and establishment of cooperative wildlife restoration projects, as defined in said act of Congress, in compliance with said act and rules and regulations promulgated by the Secretary of Agriculture thereunder; and no funds accruing to the State of North Carolina from license fees paid by hunters shall be diverted for any other purpose than the protection and propagation of game and wildlife in North Carolina and administration of the laws enacted for such purposes, which laws are and shall be administered by the Wildlife Resources Commission.

(c) Assent is hereby given to the provisions of the act of Congress entitled "An act to provide that the United States shall aid the states in fish restoration and management projects, and for other purposes," approved August 9, 1950 (Public Law 681, 81st Congress), and the Wildlife Resources Commission is hereby authorized, empowered, and directed to perform such acts as may be necessary to the conduct and establishment of cooperative fish restoration projects, as defined in said act of Congress, in compliance with said act and rules and regulations promulgated by the Secretary of the Interior thereunder; and no funds accruing to the State of North Carolina from license fees paid by fishermen shall be directed for any other purpose than the administration of

the Wildlife Resources Commission and for the protection, propagation, preservation, and investigation of fish and wildlife.

(d) If as a precondition to receiving funds under any cooperative program there must be a separation of license revenues received from certain classes of licensees and utilization of such revenues for limited purposes, the Wildlife Resources Commission is directed to make such arrangements for separate accounting within the Wildlife Resources Fund, or for separate funding, as may be necessary to insure the use of the revenues for the required purposes and eligibility for the cooperative funds. This subsection applies whether the cooperative program is with a public or private agency and whether the Wildlife Resources Commission acts alone on behalf of the State or in conjunction with some other State agency. (1915, c. 205; C.S., s. 2099; 1939, c. 79, ss. 1, 2; 1979, c. 830, s. 1; 1993, c. 539, s. 867; 1994, Ex. Sess., c. 24, s. 14(c).)

CASE NOTES

Editor's Note. — *The case cited in the following annotations was decided under former § 113-113, similar to subsection (a) of this section.*

Acceptance May Be Presumed. — Acceptance of such a grant as was made by former § 113-113 may be presumed. *Chalk v. United States*, 114 F.2d 207 (4th Cir. 1940), cert. denied, 312 U.S. 679, 61 S. Ct. 449, 85 L. Ed. 1118 (1941).

Acceptance of Jurisdiction over Pisgah National Forest and Pisgah National Game Preserve. — A federal statute authorizing the President of the United States to designate areas set aside for protection of game and fish on lands purchased by the United States, and punishing the unlawful taking of game or fish, constituted an acceptance by the United States of the cession to it of jurisdiction over the Pisgah National Forest and the Pisgah Na-

tional Game Preserve by a prior act of the legislature of North Carolina. *Chalk v. United States*, 114 F.2d 207 (4th Cir. 1940), cert. denied, 312 U.S. 679, 61 S. Ct. 449, 85 L. Ed. 1118 (1941).

Limitation on Number of Deer Therein. — Where the United States acquired land by grant from North Carolina for the Pisgah National Forest and the Pisgah National Game Preserve, and the legislature of North Carolina enacted an act consenting that Congress should make rules and regulations with respect to animals, birds, and fish, and it was established that the deer herd on the Preserve was so large as to damage the Preserve, the United States could, without regard to State laws, limit the number of deer thereon. *Chalk v. United States*, 114 F.2d 207 (4th Cir. 1940), cert. denied, 312 U.S. 679, 61 S. Ct. 449, 85 L. Ed. 1118 (1941).

(b) A pledge of the net revenues derived from the operation of said properties and facilities, all or any of them, shall be made to secure the payment of said bonds as and when they mature.

(c) Revenue bonds issued under the provisions of this Article shall not be deemed to constitute a debt of the State of North Carolina or a pledge of the faith and credit of the State. The issuance of such revenue bonds shall not directly or indirectly or contingently obligate the State to levy or to pledge any form of taxation whatever therefor or to make any appropriation for their payment.

(d) Such bonds and the income thereof shall be exempt from all taxation within the State.

(e) Notwithstanding any other provisions of this Article, the State Treasurer shall have the exclusive power to issue bonds and notes authorized under the act upon request of the Authority and with the approval of the Governor after receiving the advice of the Local Government Commission. Any person violating any of the provisions of said Chapter in or on such streets, alleys or driveways shall, upon conviction thereof, be punished as therein prescribed. Nothing herein contained shall be construed as in any way interfering with the ownership and control of such streets, alleys and driveways on the properties of said Authority as is now vested by law in the said Authority.

(c) The Authority shall post copies of rules concerning traffic and parking at appropriate places on property of the Authority. Violation of a rule concerning traffic or parking on property of the Authority is a Class 3 misdemeanor.

(d) The Secretary of Commerce is authorized to appoint such number of employees of the Authority as he may think proper as special policemen, who, when so appointed, shall have within the jurisdiction of the Authority all the powers of policemen of incorporated towns. § 113-315.37. Liberal construction of Article.

It is intended that the provisions of this Article shall be liberally construed to accomplish the purposes provided for, or intended to be provided for, herein, and where strict construction would result in the defeat of the accomplishment of any of the acts authorized herein, and a liberal construction would permit or assist in the accomplishment thereof, the liberal construction shall be chosen. (1979, c. 459, s. 13.)

§ 113-315.38. Warehouses, wharves, etc., on property abutting navigable waters.

*Endangered and Threatened Wildlife and Wildlife Species of Special Concern.***§ 113-331. Definitions.**

All of the definitions contained in Article 12 of this Chapter 113 shall apply in this Article except to the extent that they may be herein modified for the purpose of this Article 25. As used in this Article, unless the context requires otherwise:

- (1) "Conserve" and "conservation" mean the use and application of all methods, procedures and biological information for the purpose of bringing populations of native and once-native species of wildlife in balance with the optimum carrying capacity of their habitat, and maintaining such balance. These methods and procedures include all activities associated with scientific resource management such as research; census; law enforcement; habitat protection, acquisition, and enhancement; and restoration of species to unoccupied parts of historic range. With respect to endangered and threatened species, the terms means the use of methods and procedures to bring the species to the point at which the measures provided are no longer necessary.
- (2) "Endangered species" means any native or once-native species of wild animal whose continued existence as a viable component of the State's fauna is determined by the Wildlife Resources Commission to be in jeopardy or any species of wild animal determined to be an "endangered species" pursuant to the Endangered Species Act.
- (3) "Endangered Species Act" means the Endangered Species Act of 1973, Public Law 93-205 (87 Stat. 884), as it may be subsequently amended.
- (4) "Advisory Committee" means the North Carolina Nongame Wildlife Advisory Committee which is the advisory body of knowledgeable and representative citizens established by resolution of the Wildlife Resources Commission and charged to consider matters relating to nongame wildlife conservation and to advise the Commission in such matters.
- (5) "Protected animal" means a species of wild animal designated by the Wildlife Resources Commission as endangered, threatened, or of special concern.
- (6) "Protected animal list" means any one of the lists of North Carolina animal species that are endangered, threatened, or of special concern.
- (7) "Scientific council" means the group of scientists identified and assembled by the Advisory Committee to review the scientific evidence and to evaluate the status of wildlife species that are candidates for inclusion on a protected animal list.
- (8) "Special concern species" means any species of wild animal native or once-native to North Carolina which is determined by the Wildlife Resources Commission to require monitoring but which may be taken under regulations adopted under the provisions of this Article.
- (9) "Threatened species" means any native or once-native species of wild animal which is likely to become an endangered species within the foreseeable future throughout all or a significant portion of its range, or one that is designated as a threatened species pursuant to the Endangered Species Act.
- (10) "Wild animal" means any native or once-native nongame amphibian, bird, crustacean, fish, mammal, mollusk or reptile not otherwise legally classified by statute or regulation such as game and fur bearing animals, except those inhabiting and depending upon coastal fishing waters, marine and estuarine resources, marine mammals found in coastal fishing waters, sea turtles found in coastal fishing waters, and those declared to be pests under the Structural Pest Control Act of North Carolina of 1955 or the North Carolina Pesticide Law of 1971. Nothing in this definition is intended to abrogate G.S. 113-132(a) or (c), confer jurisdiction upon the Wildlife Resources Commission as to any subject exclusively regulated by any other agency, or to authorize the Wildlife Resources Commission by its regulations to supersede any valid provision of law or regulation administered by any other agency. (1987, c. 382, s. 1.)

§ 113-332. Declaration of policy.

The General Assembly finds that the recreation and aesthetic needs of the people, the interests of science, the quality of the environment, and the best interests of the State require that endangered and threatened species of wild animals and wild animals of special concern be protected and conserved, that their numbers should be enhanced and that conservation techniques be developed for them; however, nothing in this Article shall be construed to limit the rights of a landholder in the management of his lands for agriculture, forestry, development or any other lawful purpose without his consent. The North Carolina Zoological Park is not subject to the provisions of this Article. (1987, c. 382, s. 1.)

§ 113-333. Powers and duties of the Commission.

(a) In the administration of this Article, the Wildlife Resources Commission shall have the following powers and duties:

- (1) To adopt and publish an endangered species list, a threatened species list, and a list of species of special concern, as provided for in G.S. 113-334, identifying each entry by its scientific and common name.
- (2) To reconsider and revise the lists from time to time in response to public proposals or as the Commission deems necessary.
- (3) To coordinate development and implementation of conservation programs and plans for endangered and threatened species of wild animals and for species of special concern.
- (4) To adopt and implement conservation programs for endangered, threatened, and special concern species and to limit, regulate, or prevent the taking, collection, or sale of protected animals.
- (5) To conduct investigations to determine whether a wild animal should be on a protected animal list and to determine the requirements for conservation of protected wild animal species.

(b) Using the procedures set out in Article 2A of Chapter 150B of the General Statutes, the Wildlife Resources Commission shall develop a conservation plan for the recovery of protected wild animal species. In developing a conservation plan for a protected wild animal species, the Wildlife Resources Commission shall consider the range of conservation, protection, and management measures that may be applied to benefit the species and its habitat. The conservation plan shall include a comprehensive analysis of all factors that have been identified as causing the decline of the protected wild animal species and all measures that could be taken to restore the species. The analysis shall consider the costs of measures to protect and restore the species and the impact of those measures on the local economy, units of local government, and the use and development of private property. The analysis shall consider reasonably available options for minimizing the costs and adverse economic impacts of measures to protect and restore the species.

(c) In implementing a conservation plan under this Article, the Wildlife Resources Commission shall not adopt any rule that restricts the use or development of private property. If a conservation plan identifies a conservation, protection, or restoration measure the implementation of which is beyond the scope of the authority of the Wildlife Resources Commission, the Commission may petition the General Assembly, any agency that has regulatory authority to implement the measure, a unit of local government, or any other public or private entity and request the assistance of that agency or entity in implementing the measure. (1987, c. 382, s. 1; 1995, c. 392, s. 1.)

§ 113-334. Criteria and procedures for placing animals on protected animal lists.

(a) All native or resident wild animals which are on the federal lists of endangered or threatened species pursuant to the Endangered Species Act have the same status on the North Carolina protected animals lists.

(b) The Advisory Committee, after considering a report on the status of a candidate species from the Scientific Council, may by resolution propose to the Wildlife Resources Commission that a species of wild animal be added to or removed from a protected animal list.

(c) If the Commission, with the advice of the Advisory Committee, finds there is probably merit in the proposal, it shall examine relevant scientific and economic data and factual information necessary to determine:

- (1) Whether any other state or federal agency or private entity is taking steps to protect the wild animal which is the subject of the proposal;
- (2) Whether there is present or threatened destruction, modification, or curtailment of its habitat;
- (3) If there is over-utilization for commercial, recreational, scientific, or educational purposes;
- (4) Whether there is critical population depletion from disease, predation, or other mortality factors;
- (5) Whether alternative regulatory mechanisms exist; and
- (6) The existence of other man-made factors affecting continued viability of the animal in North Carolina.

(d) The Commission, with the advice of the Advisory Committee, shall tentatively determine whether any regulatory action is warranted with regard to the proposal and, if so, the specific regulatory action to be proposed by it. Notice of its proposed rulemaking shall be published in the North Carolina Register and the subsequent proceedings shall conform with the Administrative Procedure Act. (1987, c. 382, s. 1.)

§ 113-335. North Carolina Nongame Wildlife Advisory Committee.

The North Carolina Nongame Wildlife Advisory Committee is created subject to constitution, organization, and function as determined appropriate and advisable by resolution of the Wildlife Resources Commission. The Advisory Committee is to be comprised of knowledgeable and representative citizens of North Carolina whose responsibility shall be to advise the Commission on matters related to conservation of nongame wildlife including creation of protected animal lists and development of conservation programs for endangered, threatened, and special concern species.

Members of the Advisory Committee shall receive necessary travel and subsistence expenses while on official business of the Committee in accordance with G.S. 138-5 and G.S. 138-6, to be paid from the Nongame Account of the Wildlife Resources Fund. (1987, c. 382, s. 1; 1989 (Reg. Sess., 1990), c. 1066, s. 48.)

§ 113-336. Powers and duties of the Advisory Committee.

The Advisory Committee shall have the following powers and duties:

- (1) To gather and provide information and data and advise the Wildlife Resources Commission with respect to all aspects of the biology and ecology of endangered, threatened, and special concern species;

- (2) To investigate and make recommendations to the Commission as to the status of endangered, threatened, and special concern species;
- (3) To identify and assemble experts from the disciplines of ornithology, mammalogy, herpetology, ichthyology, taxonomy, ecology and other fields as necessary to serve as the Scientific Council and to charge the Scientific Council to review the scientific evidence, to evaluate the status of candidate species, and to report back their findings with recommendations;
- (4) To develop and present to the Commission management and conservation practices for preserving endangered, threatened, and special concern species;
- (5) To recommend critical habitat areas for protection or acquisition;
- (6) To advise the Commission on matters submitted to it by the Commission which involve technical zoological questions or the development of pertinent regulations, and to make any recommendations as deemed by the Advisory Committee to be worthy of the Commission's attention. (1987, c. 382, s. 1.)

Editor's Note. — Subchapter IV-A was redesignated as subchapter IVA pursuant to Session Laws 1997-456, s. 27, which authorized the Revisor of Statutes to renumber or reletter sections and parts of sections having a number or letter designation that is incompatible with the General Assembly's computer program database.

The words "Special Laws" in the last three lines of the first paragraph were apparently intended to read "Session Laws."

Because this section relates to past events, no changes have been made in it pursuant to Session Laws 1973, c. 1262, which reorganized the former Department of Natural and Economic Resources.

SUBCHAPTER V. OIL AND GAS CONSERVATION.

ARTICLE 27.

Oil and Gas Conservation.

Part 1. General Provisions.

§ 113-378. Persons drilling for oil or gas to register and furnish bond.

Any person, firm or corporation before making any drilling exploration in this State for oil or natural gas shall register with the Department of Environment and Natural Resources or such other State agency as may hereafter be established to control the conservation of oil or gas in this State. To provide for such registration, the drilling operator must furnish the name and address of such person, firm or corporation, and the location of the proposed drilling operations, and file with the aforesaid Department a bond in the amount of five thousand dollars (\$5,000) running to the State of North Carolina, conditioned that any well opened by the drilling operator upon abandonment shall be plugged in accordance with the rules of said Department. (1945, c. 765, s. 2; 1971, c. 813, s. 1; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1987, c. 827, s. 110; 1989, c. 727, s. 118; 1997-443, s. 11A.119(a).)

§ 113-379. Filing log of drilling and development of each well.

Upon the completion or shutting down of any abandoned well, the drilling operator shall file with the Department or other State agency, or with any division thereof hereinafter created for the regulation of drilling for oil or natural gas, a complete log of the drilling and development of each well. (1945, c. 765, s. 3; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, s. 119.)

§ 113-380. Violation a misdemeanor.

Any person, firm or officer of a corporation violating any of the provisions of G.S. 113-378 or 113-379, shall upon conviction thereof be guilty of a Class 1 misdemeanor. (1945, c. 765, s. 4; 1971, c. 813, s. 2; 1993, c. 539, s. 870; 1994, Ex. Sess., c. 24, s. 14(c).)

Part 2. The Oil and Gas Conservation Act.

§ 113-381. Title.

This law shall be designated and known as the Oil and Gas Conservation Act. (1945, c. 702, s. 1.)

Legal Periodicals. — For discussion of Session Laws 1945, c. 702, from which this Part derives, see 23 N.C.L. Rev. 332 (1945).

§ 113-382. Declaration of policy.

In recognition of imminent evils that can occur in the production and use and waste of natural oil and/or gas in the absence of equal or correlative rights of owners of crude oil or natural gas in a common source of supply to produce and use the same, and in the absence of adequate measures for the protection of the environment, this law is enacted for the protection of public interests against such evils by prohibiting waste and compelling ratable production and authorizing regulations for the protection of the environment. (1945, c. 702, s. 2; 1971, c. 813, ss. 3, 4.)

opinion of Attorney General to Mr. Roy G.

§§ 113-383 through 113-386: Repealed by Session Laws 1973, c. 1262, s. 86.

§ 113-387. Production of crude oil and gas regulated; tax assessments.

All common sources of supply of crude oil discovered after January 1, 1945, if so found necessary by the Department, shall have the production of oil therefrom controlled or regulated in accordance with the provisions of this law, and the Department is hereby authorized to assess from time to time against each barrel of oil produced and saved a tax not to exceed five mills on each barrel. All moneys so collected shall be used solely to pay the expenses and other costs in connection with the administration of this law.

All common sources of supply of natural gas discovered after January 1, 1945, if so found necessary by the Department, shall have the production of gas therefrom controlled or regulated in accordance with the provisions of this law, and the Department is hereby authorized to assess from time to time against each 1000 cubic feet of gas produced and saved from a gas well a tax not to exceed one-half mill on each 1000 cubic feet of gas. All moneys so collected shall

be used solely to pay the expenses and other costs in connection with the administration of this law. (1945, c. 702, s. 7; 1973, c. 1262, s. 86.)

§ 113-388. Collection of assessments.

Any person purchasing oil or gas in this State at the well, under any contract or agreement requiring payment for such production to the respective owners thereof, in respect of which production any sums assessed under the provisions of G.S. 113-387 are payable to the Department, is hereby authorized, empowered and required to deduct from any sums so payable to any such person the amount due the Department by virtue of any such assessment and remit that sum to the Department.

Further, any person taking oil or gas from any well in this State for use or resale, in respect of which production any sums assessed under the provisions of G.S. 113-387 are payable to the Department, shall remit any sums so due to the Department in accordance with those rules of the Department which may be adopted in regard thereto. (1945, c. 702, s. 8; 1973, c. 1262, s. 86; 1987, c. 827, s. 110.)

§ 113-389. Definitions.

Unless the context otherwise requires, the words defined in this section shall have the following meaning when found in this law:

- (1) "Department" shall mean the "Department of Environment and Natural Resources," as created by this law.
- (2) "Field" shall mean the general area which is underlaid or appears to be underlaid by at least one pool; and "field" shall include the underground reservoir or reservoirs containing crude petroleum oil or natural gas, or both. The words "field" and "pool" mean the same thing when only one underground reservoir is involved; "field," unlike "pool," may relate to two or more pools.
- (3) "Gas" shall mean all natural gas, including casing-head gas, and all other hydrocarbons not defined as oil in subdivision (7).
- (4) "Illegal gas" shall mean gas which has been produced within the State of North Carolina from any well during any time that well has produced in excess of the amount allowed by any rule, regulation or order of the Department, as distinguished from gas produced within the State of North Carolina from a well not producing in excess of the amount so allowed, which is "legal gas."
- (5) "Illegal oil" shall mean oil which has been produced within the State of North Carolina from any well during any time that that well has produced in excess of the amount allowed by rule, regulation or order of the Department, as distinguished from oil produced within the State of North Carolina from a well not producing in excess of the amount so allowed, which is "legal oil."
- (6) "Illegal product" shall mean any product of oil or gas, any part of which was processed or derived, in whole or in part, from illegal oil or illegal gas or from any product thereof, as distinguished from "legal product," which is a product processed or derived to no extent from illegal oil or illegal gas.
- (7) "Oil" shall mean crude petroleum oil, and other hydrocarbons, regardless of gravity, which are produced at the well in liquid form by ordinary production methods, and which are not the result of condensation of gas after it leaves the reservoir.

- (8) "Owner" shall mean the person who has the right to drill into and to produce from any pool, and to appropriate the production either for himself or for himself and others.
- (9) "Person" shall mean any natural person, corporation, association, partnership, receiver, trustee, guardian, executor, administrator, fiduciary or representative of any kind.
- (10) "Pool" shall mean an underground reservoir containing a common accumulation of crude petroleum oil or natural gas or both. Each zone of a general structure which is completely separated from the other zone in the structure is covered by the term "pool" as used herein.
- (11) "Producer" shall mean the owner of a well or wells capable of producing oil or gas, or both.
- (12) "Product" means any commodity made from oil or gas and shall include refined crude oil, crude tops, topped crude, processed crude petroleum, residue from crude petroleum, cracking stock, uncracked fuel oil, fuel oil, treated crude oil, residuum, gas oil, casing-head gasoline, natural gas gasoline, naphtha, distillate, gasoline, kerosene, benzine, wash oil, waste oil, blended gasoline, lubricating oil, blends or mixtures of oil with one or more liquid products or by-products derived from oil or gas, and blends or mixtures of two or more liquid products or by-products derived from oil or gas, whether hereinabove enumerated or not.
- (13) "Tender" shall mean a permit or certificate of clearance for the transportation of oil, gas or products, approved and issued or registered under the authority of the Department.
- (14) "Waste" in addition to its ordinary meaning, shall mean "physical waste" as that term is generally understood in the oil and gas industry. It shall include:
 - a. The inefficient, excessive or improper use or dissipation of reservoir energy; and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner which results, or tends to result, in reducing inefficiently the quantity of oil or gas ultimately to be recovered from any pool in this State.
 - b. The inefficient storing of oil, and the locating, spacing, drilling, equipping, operating or producing of any oil or gas well or wells in a manner causing, or tending to cause, unnecessary or excessive surface loss or destruction of oil or gas.
 - c. Abuse of the correlative rights and opportunities of each owner of oil and gas in a common reservoir due to nonuniform, disproportionate, and unratable withdrawals causing undue drainage between tracts of land.
 - d. Producing oil or gas in such manner as to cause unnecessary water channelling or coning.
 - e. The operation of any oil well or wells with an inefficient gas-oil ratio.
 - f. The drowning with water of any stratum or part thereof capable of producing oil or gas.
 - g. Underground waste however caused and whether or not defined.
 - h. The creation of unnecessary fire hazards.
 - i. The escape into the open air, from a well producing both oil and gas, of gas in excess of the amount which is necessary in the efficient drilling or operation of the well.
 - j. Permitting gas produced from a gas well to escape into the air. (1945, c. 702, s. 9; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, s. 218(59); 1997-443, s. 11A.119(a).)

§ 113-390. Waste prohibited.

Waste of oil or gas as defined in this law is hereby prohibited. (1945, c. 702, s. 10.)

§ 113-391. Jurisdiction and authority; rules and orders.

(a) The Department shall have jurisdiction and authority of and over all persons and property necessary to administer and enforce effectively the provisions of this law and all other laws relating to the conservation of oil and gas.

(b) The Department shall have the authority and it shall be its duty to make such inquiries as it may think proper to determine whether or not waste over which it has jurisdiction exists or is imminent. In the exercise of such power the Department shall have the authority to collect data; to make investigations and inspections; to examine properties, leases, papers, books and records; to examine, check, test and gauge oil and gas wells, tanks, refineries, and means of transportation; to hold hearings; and to provide for the keeping of records and the making of reports; and to take such action as may be reasonably necessary to enforce this law.

(c) The Department may make rules and orders as may be necessary from time to time in the proper administration and enforcement of this law, including rules or orders for the following purposes:

- (1) To require the drilling, operation, casing and plugging of wells to be done in such manner as to prevent the escape of oil or gas out of one stratum to another; to prevent the intrusion of water into an oil or gas stratum from a separate stratum; to prevent the pollution of fresh-water supplies by oil, gas or salt water, or to protect the quality of the water, air, soil or any other environmental resource against injury or damage or impairment; and to require reasonable bond condition for the performance of the duty to plug each dry or abandoned well.
- (2) To require directional surveys upon application of any owner who has reason to believe that a well or wells of others has or have been drilled into the lands owned by him or held by him under lease. In the event such surveys are required, the costs thereof shall be borne by the owners making the request.
- (3) To require the making of reports showing the location of oil and gas wells, and the filing of logs and drilling records.
- (4) To prevent the drowning by water of any stratum or part thereof capable of producing oil or gas in paying quantities, and to prevent the premature and irregular encroachment of water which reduces, or tends to reduce, the total ultimate recovery of oil or gas from any pool.
- (5) To require the operation of wells with efficient gas-oil ratios, and to fix such ratios.
- (6) To prevent "blow-outs," "caving" and "seepage" in the sense that conditions indicated by such terms are generally understood in the oil and gas business.
- (7) To prevent fires.
- (8) To identify the ownership of all oil or gas wells, producing leases, refineries, tanks, plants, structures and all storage and transportation equipment and facilities.
- (9) To regulate the "shooting," perforating, and chemical treatment of wells.
- (10) To regulate secondary recovery methods, including the introduction of gas, air, water or other substances into producing formations.

- (11) To limit and prorate the production of oil or gas, or both, from any pool or field for the prevention of waste as herein defined.
- (12) To require, either generally or in or from particular areas, certificates of clearance or tenders in connection with the transportation of oil or gas.
- (13) To regulate the spacing of wells and to establish drilling units.
- (14) To prevent, so far as is practicable, reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage.
- (15) To prevent where necessary the use of gas for the manufacture of carbon black.
- (16) To regulate and, if necessary in its judgment for the protection of unique environmental values, to prohibit the location of wells in the interest of protecting the quality of the water, air, soil or any other environmental resource against injury, or damage or impairment. (1945, c. 702, s. 11; 1971, c. 813, ss. 5, 6; 1973, c. 1262, s. 86; 1987, c. 827, s. 111; 1989, c. 727, s. 120.)

§ 113-392. Protecting pool owners; drilling units in pools; location of wells; shares in pools.

(a) Whether or not the total production from a pool be limited or prorated, no rule or order of the Department shall be such in terms or effect

- (1) That it shall be necessary at any time for the producer from, or the owner of, a tract of land in the pool, in order that he may obtain such tract's just and equitable share of the production of such pool, as such share is set forth in this section, to drill and operate any well or wells on such tract in addition to such well or wells as can produce without waste such share, or

- (2) As to occasion net drainage from a tract unless there be drilled and operated upon such tract a well or wells in addition to such well or wells thereon as can produce without waste such tract's just and equitable share, as set forth in this section, of the production of such pool.

(b) For the prevention of waste and to avoid the augmenting and accumulation of risks arising from the drilling of an excessive number of wells, the Department shall, after a hearing, establish a drilling unit or units for each pool. The Department may establish drainage units of uniform size for the entire pool or may, if the facts so justify, divide into zones any pool, establish a drainage unit for each zone, which unit may differ in size from that established in any other zone; and the Department may from time to time, if the facts so justify, change the size of the unit established for the entire pool or for any zone or zones, or part thereof, establishing new zones and units if the facts justify their establishment.

(c) Each well permitted to be drilled upon any drilling unit shall be drilled approximately in the center thereof, with such exception as may reasonably be necessary where it is shown, after notice and upon hearing, and the Department finds that the unit is partly outside the pool or, for some other reason, a well approximately in the center of the unit would be nonproductive or where topographical conditions are such as to make the drilling approximately in the center of the unit unduly burdensome. Whenever an exception is granted, the Department shall take such action as will offset any advantage which the person securing the exception may have over producers by reason of the drilling of the well as an exception, and so that drainage from developed units to the tract with respect to which the exception is granted will be prevented or

minimized and the producer of the well drilled as an exception will be allowed to produce no more than his just and equitable share of the oil and gas in the pool, as such share is set forth in this section.

(d) Subject to the reasonable requirements for prevention of waste, a producer's just and equitable share of the oil and gas in the pool (also sometimes referred to as a tract's just and equitable share) is that part of the authorized production for the pool (whether it be the total which could be produced without any restriction on the amount of production, or whether it be an amount less than that which the pool could produce if no restriction on the amount were imposed) which is substantially in the proportion that the quantity of recoverable oil and gas in the developed area of his tract in the pool bears to the recoverable oil and gas in the total developed area of the pool, insofar as these amounts can be ascertained practically; and to that end, the rules, permits and orders of the Department shall be such as will prevent or minimize reasonably avoidable net drainage from each developed unit (that is, drainage which is not equalized by counter-drainage), and will give to each producer the opportunity to use his just and equitable share of the reservoir energy. (1945, c. 702, s. 12; 1973, c. 1262, s. 86; 1987, c. 827, s. 112.)

§ 113-393. Development of lands as drilling unit by agreement or order of Department.

(a) Integration of Interests and Shares in Drilling Unit. — When two or more separately owned tracts of land are embraced within an established drilling unit, the owners thereof may agree validly to integrate their interests and to develop their lands as a drilling unit. Where, however, such owners have not agreed to integrate their interests, the Department shall, for the prevention of waste or to avoid drilling of unnecessary wells, require such owners to do so and to develop their lands as a drilling unit. All orders requiring such integration shall be made after notice and hearing, and shall be upon terms and conditions that are just and reasonable, and will afford to the owner of each tract the opportunity to recover or receive his just and equitable share of the oil and gas in the pool without unnecessary expense, and will prevent or minimize reasonably avoidable drainage from each developed unit which is not equalized by counter-drainage. The portion of the production allocated to the owner of each tract included in a drilling unit formed by an integration order shall, when produced, be considered as if it had been produced from such tract by a well drilled thereon.

In the event such integration is required, and provided also that after due notice to all the owners of tracts within such drilling unit of the creation of such drilling unit, and provided further that the Department has received no protest thereto, or request for hearing thereon, whether or not 10 days have elapsed after notice has been given of the creation of the drilling unit, the operator designated by the Department to develop and operate the integrated unit shall have the right to charge to each other interested owner the actual expenditures required for such purpose not in excess of what are reasonable, including a reasonable charge for supervision, and the operator shall have the right to receive the first production from the well drilled by him thereon, which otherwise would be delivered or paid to the other parties jointly interested in the drilling of the well, so that the amount due by each of them for his shares of the expense of drilling, equipping, and operating the well may be paid to the operator of the well out of production; with the value of the production calculated at the market price in the field at the time such production is received by the operator or placed to his credit. After being reimbursed for the

actual expenditures for drilling and equipping and operating expenses incurred during the drilling operations and until the operator is reimbursed, the operator shall thereafter pay to the owner of each tract within the pool his ratable share of the production calculated at the market price in the field at the time of such production less the reasonable expense of operating the well. In the event of any dispute relative to such costs, the Department shall determine the proper costs.

(b) When Each Owner May Drill. — Should the owners of separate tracts embraced within a drilling unit fail to agree upon the integration of the tracts and the drilling of a well on the unit, and should it be established that the Department is without authority to require integration as provided for in subsection (a) of this section, then, subject to all other applicable provisions of this law, the owner of each tract embraced within the drilling unit may drill on his tract, but the allowable production from each tract shall be such proportion of the allowable for the full drilling unit as the area of such separately owned tract bears to the full drilling unit.

(c) Cooperative Development Not in Restraint of Trade. — Agreements made in the interests of conservation of oil or gas, or both, or for the prevention of waste, between and among owners or operators, or both, owning separate holdings in the same oil or gas pool, or in any area that appears from geological or other data to be underlaid by a common accumulation of oil or gas, or both, or between and among such owners or operators, or both, and royalty owners therein, of a pool or area, or any part thereof, as a unit for establishing and carrying out a plan for the cooperative development and operation thereof, when such agreements are approved by the Department, are hereby authorized and shall not be held or construed to violate any of the statutes of this State relating to trusts, monopolies, or contracts and combinations in restraining of trade.

(d) Variation from Vertical. — Whenever the Department fixes the location of any well or wells on the surface, the point at which the maximum penetration of such wells into the producing formation is reached shall not unreasonably vary from the vertical drawn from the center of the hole at the surface, provided, that the Department shall prescribe rules and orders governing the reasonableness of such variation. (1945, c. 702, s. 13; 1973, c. 1262, s. 86; 1987, c. 827, s. 112.)

§ 113-394. Limitations on production; allocating and pro-rating “allowables.”

(a) Whenever the total amount of oil, including condensate, which all the pools in the State can produce, exceeds the amount reasonably required to meet the reasonable market demand for oil, including condensate, produced in this State, then the Department shall limit the total amount of oil, including condensate, which may be produced in the State by fixing an amount which shall be designated “allowable” for this State, which will not exceed the reasonable market demand for oil, including condensate, produced in this State. The Department shall then allocate or distribute the “allowable” for the State among the pools on a reasonable basis and in such manner as to avoid undue discrimination, and so that waste will be prevented. In allocating the “allowable” for the State, and in fixing “allowables” for pools producing oil or hydrocarbons forming condensate, or both oil and such hydrocarbons, the Department shall take into account the producing conditions and other relevant facts with respect to such pools, including the separate needs for oil, gas and condensate, and shall formulate rules setting forth standards or a program for the distribution of the “allowable” for the State, and shall distribute the “allowable” for the State in accordance with such standards or

program, and where conditions in one pool or area are substantially similar to those in another pool or area, then the same standards or programs shall be applied to such pools and areas so that as far as practicable a uniform program will be followed; provided, however, the Department shall permit the production of a sufficient amount of natural gas from any pool to supply adequately the reasonable market demand for such gas for light and fuel purposes if such production can be obtained without waste, and the condensate "allowable" for such pool shall not be less than the total amount of condensate produced or obtained in connection with the production of the gas "allowable" for light and fuel purposes, and provided further that, if the amount allocated to pool as its share of the "allowable" for the State is in excess of the amount which the pool should produce to prevent waste, then the Department shall fix the "allowable" for the pool so that waste will be prevented.

(b) The Department shall not be required to determine the reasonable market demand applicable to any single pool except in relation to all pools producing oil of similar kind and quality and in relation to the demand applicable to the State, and in relation to the effect of limiting the production of pools in the State. In allocating "allowables" to pools, the Department shall not be bound by nominations or desires of purchasers to purchase oil from particular fields or areas, and the Department shall allocate the "allowable" for the State in such manner as will prevent undue discrimination against any pool or area in favor of another or others which would result from selective buying or nominating by purchasers of oil, as such term "selective buying or nominating" is understood in the oil business.

(c) Whenever the Department limits the total amount of oil or gas which may be produced in any pool in this State to an amount less than that which the pool could produce if no restrictions were imposed (which limitation may be imposed either incidental to, or without, a limitation of the total amount of oil or gas which may be produced in the State), the Department shall prorate or distribute the "allowable" production among the producers in the pool on a reasonable basis, and so that each producer will have the opportunity to produce or receive his just and equitable share, as such share is set forth in subsection G.S. 113-392(d), subject to the reasonable necessities for the prevention of waste.

(d) Whenever the total amount of gas which can be produced from any pool in this State exceeds the amount of gas reasonably required to meet the reasonable market demand therefrom, the Department shall limit the total amount of gas which may be produced from such pool. The Department shall then allocate or distribute the allowable production among the developed areas in the pool on a reasonable basis, so that each producer will have the opportunity to produce his just and equitable share, as such share is set forth in subsection G.S. 113-392(d), whether the restriction for the pool as a whole is accomplished by order or by the automatic operation of the prohibitory provisions of this law. As far as applicable, the provisions of subsection (a) of this section shall be followed in allocating any "allowable" of gas for the State.

(e) After the effective date of any rule or order of the Department fixing the "allowable" production of oil or gas, or both, or condensate, no person shall produce from any well, lease, or property more than the "allowable" production which is fixed, nor shall such amount be produced in a different manner than that which may be authorized. (1945, c. 702, s. 14; 1973, c. 1262, s. 86; 1975, c. 19, ss. 37, 38; 1987, c. 827, s. 112.)

§ 113-395. Notice and payment of fee to Department before drilling or abandoning well; plugging abandoned well.

Before any well, in search of oil or gas, shall be drilled, the person desiring to drill the same shall notify the Department upon such form as it may

prescribe and shall pay a fee of fifty dollars (\$50.00) for each well. The drilling of any well is hereby prohibited until such notice is given and such fee has been paid and permit granted.

Each abandoned well and each dry hole promptly shall be plugged in the manner and within the time required by rules to be prescribed by the Department, and the owner of such well shall give notice, upon such form as the Department may prescribe, of the abandonment of each dry hole and of the owner's intention to abandon, and shall pay a fee of fifteen dollars (\$15.00). No well shall be abandoned until such notice has been given and such fee has been paid. (1945, c. 702, s. 15; 1973, c. 1262, s. 86; 1987, c. 827, s. 113.)

§ 113-396. Wells to be kept under control.

In order to protect further the natural gas fields and oil fields in this State, it is hereby declared to be unlawful for any person to permit negligently any gas or oil well to go wild or to get out of control. The owner of any such well shall, after 24 hours' written notice by the Department given to him or to the person in possession of such well, make reasonable effort to control such well.

In the event of the failure of the owner of such well within 24 hours after service of the notice above provided for, to control the same, if such can be done within the period, or to begin in good faith upon service of such notice, operations to control such well, or upon failure to prosecute diligently such operations, then the Department shall have the right to take charge of the work of controlling such well, and it shall have the right to proceed, through its own agents or by contract with a responsible contractor, to control the well or otherwise to prevent the escape or loss of gas or oil from such well all at the reasonable expense of the owner of the well. In order to secure to the Department the payment of the reasonable cost and expense of controlling or plugging such well, the Department shall retain the possession of the same and shall be entitled to receive and retain the rents, revenues and income therefrom until the costs and expenses incurred by the Department shall be repaid. When all such costs and expenses have been repaid, the Department shall restore possession of such well to the owner; provided, that in the event the income received by the Department shall not be sufficient to reimburse the Department as provided for in this section, the Department shall have a lien or privilege upon all of the property of the owner of such well, except such as is exempt by law, and the Department shall proceed to enforce such lien or privilege by suit brought in any court of competent jurisdiction, the same as any other civil action, and the judgment so obtained shall be executed in the same manner now provided by law for execution of judgments. Any excess over the amount due the Department which the property seized and sold may bring, after payment of court costs, shall be paid over to the owner of such well. (1945, c. 702, s. 16; 1973, c. 1262, s. 86.)

§ 113-397. Hearing in emergency.

If an emergency situation, as defined by the Department, arises under this Article, the Department may conduct a hearing to determine the appropriate course of action after giving any notice it considers practicable. Chapter 150B of the General Statutes does not apply to a hearing under this section. The rules of evidence apply in a hearing under this section. (1945, c. 702, s. 17; 1973, c. 1262, s. 86; 1987, c. 827, s. 114.)

§ 113-398. Procedure and powers in hearings by Department.

In the exercise and enforcement of its jurisdiction, the said Department is authorized to summon witnesses, administer oaths, make ancillary orders and require the production of records and books for the purpose of examination at any hearing or investigation conducted by it. In connection with the exercise and enforcement of its jurisdiction, the Department shall also have the right and authority to certify as for contempt, to the court of any county having jurisdiction, violations by any person of any of the provisions of this Article or of the rules or orders of the Department, and if it be found by said court that such person has knowingly and willfully violated same, then such person shall be punished as for contempt in the same manner and to the same extent and with like effect as if said contempt had been of an order, judgment or decree of the court to which said certification is made. (1945, c. 702, s. 18; 1973, c. 1262, s. 86; 1987, c. 827, s. 115.)

§ 113-399. Suits by Department.

The Department may bring an action in any court of competent jurisdiction in the State to enforce, by injunction or another remedy, an order issued or rule adopted by the Department under this Article. The court may enter any judgment or order necessary to enforce an order issued or rule adopted by the Department under this Article. (1945, c. 702, s. 19; 1973, c. 1262, s. 86; 1987, c. 827, s. 116.)

§ 113-400. Assessing costs of hearings.

The said Department is hereby authorized and directed to tax and assess against the parties involved in any hearing the costs incurred therein. (1945, c. 702, s. 20; 1973, c. 1262, s. 86.)

§ 113-401. Party to hearings; review.

The term "party" as used in this Article shall include any person, firm, corporation or association. In proceedings for review of an order or decision of said Department, the Department shall have all rights and privileges granted by this Article to any other party to such proceedings. (1945, c. 702, s. 21; 1973, c. 1262, s. 86.)

§ 113-402. Administrative review.

A party who is dissatisfied with a decision or order of the Department under this Article may obtain administrative review of the decision by filing a petition for a contested case hearing under G.S. 150B-23 within 10 days after the decision or order is made. (1945, c. 702, s. 22; 1973, c. 1262, s. 86; 1987, c. 827, s. 117.)

§ 113-403. Judicial review.

Article 4 of Chapter 150B of the General Statutes governs judicial review of a decision or order made under this Article. (1945, c. 702, s. 23; 1973, c. 1262, s. 86; 1987, c. 827, s. 118.)

§§ 113-404, 113-405: Repealed by Session Laws 1987, c. 827, s. 119.

§ 113-406. Effect of pendency of judicial review; stay of proceedings.

The filing or pendency of the application for judicial review provided for in this Article shall not in itself stay or suspend the operation of any order or decision of the Department, but, during the pendency of such proceeding the court, in its discretion, may stay or suspend, in whole or in part, the operation of the order or decision of the Department. No order so staying or suspending an order or decision of the Department shall be made by any court of this State otherwise than on five days' notice and, after a hearing, and if a stay or suspension is allowed the order granting the same shall contain a specific finding, based upon evidence submitted to the court and identified by reference thereto, that great or irreparable damage would otherwise result to the petitioner and specifying the nature of the damage. (1945, c. 702, s. 26; 1973, c. 1262, s. 86; 1987, c. 827, s. 120.)

§ 113-407. Stay bond.

In case the order or decision of the Department is stayed or suspended, the order or judgment of the court shall not become effective until a bond shall have been executed and filed with and approved by the court, payable to the Department, sufficient in amount and security to secure the prompt payment, by the party petitioning for the stay, of all damages caused by the delay in the enforcement of the order or decision of the Department. (1945, c. 702, s. 27; 1973, c. 1262, s. 86.)

§ 113-408. Enjoining violation of laws and rules; service of process; application for drilling well to include residence address of applicant.

Whenever it shall appear that any person is violating, or threatening to violate, any statute of this State with respect to the conservation of oil or gas, or both, or any provision of this law, or any rule or order made thereunder by any act done in the operation of any well producing oil or gas, or by omitting any act required to be done thereunder, the Department, through the Attorney General, may bring suit against such person in the superior court in the county in which the well in question is located, to restrain such person or persons from continuing such violation or from carrying out the threat of violation. In such suit the Department may obtain injunctions, prohibitory and mandatory, including temporary restraining orders and temporary injunctions, as the facts may warrant, including, when appropriate, an injunction restraining any person from moving or disposing of illegal oil, illegal gas or illegal product, and any or all such commodities may be ordered to be impounded or placed under the control of an agent appointed by the court if, in the judgment of the court, such action is advisable.

If any such defendant cannot be personally served with summons in that county, personal jurisdiction of that defendant in such suit may be obtained by service made on any employee or agent of that defendant working on or about the oil or gas well involved in such suit, and by the Department mailing a copy of the complaint in the action to the defendant at the address of the defendant then recorded with the director of production and conservation.

Each application for the drilling of a well in search of oil or gas in this State shall include the address of the residence of the applicant or each applicant,

which address shall be the address of each person involved in accordance with the records of the director of production and conservation, until such address is changed on the records of the Department after written request. (1945, c. 702, s. 28; 1973, c. 1262, s. 86; 1987, c. 827, s. 121.)

§ 113-409. Punishment for making false entries, etc.

Any person who, for the purpose of evading this law, or of evading any rule or order made thereunder, shall intentionally make or cause to be made any false entry or statement of fact in any report required to be made by this law or by any rule or order made hereunder; or who, for such purpose, shall make or cause to be made any false entry in any account, record, or memorandum kept by any person in connection with the provisions of this law or of any rule or order made thereunder; or who, for such purpose, shall omit to make, or cause to be omitted, full, true and correct entries in such accounts, records, or memoranda, of all facts and transactions pertaining to the interest or activities in the petroleum industry of such person as may be required by the Department under authority given in this law or by any rule or order made hereunder; or who, for such purpose shall remove out of the jurisdiction of the State, or who shall mutilate, alter, or by any other means falsify, any book, record, or other paper, pertaining to the transactions regulated by this law, or by any rule or order made hereunder, shall be deemed guilty of a Class 2 misdemeanor. (1945, c. 702, s. 29; 1973, c. 1262, s. 86; 1987, c. 827, s. 122; 1993, c. 539, s. 871; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113-410. Penalties for other violations.

Any person who knowingly and willfully violates any provision of this law, or any rule or order of the Department made hereunder, shall, in the event a penalty for such violation is not otherwise provided for herein, be subject to a penalty of not to exceed one thousand dollars (\$1,000) a day for each and every day of such violation, and for each and every act of violation, such penalty to be recovered in a suit in the superior court of the county where the defendant resides, or in the county of the residence of any defendant if there be more than one defendant, or in the superior court of the county where the violation took place. The place of suit shall be selected by the Department, and such suit, by direction of the Department, shall be instituted and conducted in the name of the Department by the Attorney General. The payment of any penalty as provided for herein shall not have the effect of changing illegal oil into legal oil, illegal gas into legal gas, or illegal product into legal product, nor shall such payment have the effect of authorizing the sale or purchase or acquisition, or the transportation, refining, processing, or handling in any other way, of such illegal oil, illegal gas or illegal product, but, to the contrary, penalty shall be imposed for each prohibited transaction relating to such illegal oil, illegal gas or illegal product.

Any person knowingly and willfully aiding or abetting any other person in the violation of any statute of this State relating to the conservation of oil or gas, or the violation of any provisions of this law, or any rule or order made thereunder, shall be subject to the same penalties as prescribed herein for the violation by such other person.

The clear proceeds of penalties provided for in this section shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1945, c. 702, s. 30; 1973, c. 1262, s. 86; 1987, c. 827, s. 122; 1998-215, s. 50.)

§ 113-411. Dealing in or handling of illegal oil, gas or product prohibited.

(a) The sale, purchase or acquisition, or the transportation, refining, processing or handling in any other way of illegal oil, illegal gas or illegal product is hereby prohibited. All persons purchasing any petroleum product must first be licensed to do so by the Department.

(b) Unless and until the Department provides for certificates of clearance or tenders, or some other method, so that any person may have an opportunity to determine whether any contemplated transaction of sale, purchase or acquisition, or transportation, refining, processing or handling in any other way, involves illegal oil, illegal gas or illegal product, no penalty shall be imposed for the sale, purchase or acquisition, or the transportation, refining, processing or handling in any other way of illegal oil, illegal gas or illegal product, except under circumstances hereinafter stated. Penalties shall be imposed for the commission of each transaction prohibited in this section when the person committing the same knows that illegal oil, illegal gas or illegal product is involved in such transaction, or when such person could have known or determined such fact by the exercise of reasonable diligence or from facts within his knowledge. However, regardless of lack of actual notice or knowledge, penalties as provided in this law shall apply to any sale, purchase or acquisition, and to the transportation, refining, processing or handling in any other way, of illegal oil, illegal gas or illegal product, where administrative provision is made for identifying the character of the commodity as to its legality. It shall likewise be a violation for which penalties shall be imposed for any person to sell, purchase or acquire, or to transport, refine, process or handle in any other way any oil, gas or any product without complying with any rule or order of the Department relating thereto. (1945, c. 702, s. 31; 1973, c. 1262, s. 86; 1987, c. 827, s. 122.)

§ 113-412. Seizure and sale of contraband oil, gas and product.

Apart from, and in addition to, any other remedy or procedure which may be available to the Department, or any penalty which may be sought against or imposed upon any person with respect to violations relating to illegal oil, illegal gas, or illegal product, all illegal oil, illegal gas and illegal product shall, except under such circumstances as are stated herein, be contraband and shall be seized and sold. Such sale shall not take place unless the court shall find, in the proceeding provided for in this paragraph, that the commodity involved is contraband. Whenever the Department believes that illegal oil, illegal gas or illegal product is subject to seizure and sale, as provided herein, it shall, through the Attorney General, have issued a warrant of attachment and bring a civil action in rem for that purpose in the superior court of the county where the commodity is found, or the action may be maintained in connection with any suit or cross bill for injunction or for penalty relating to any prohibited transaction involving such illegal oil, illegal gas or illegal product. Any interested person who may show himself to be adversely affected by any such seizure and sale shall have the right to intervene in such suit to protect his rights.

The action referred to above shall be strictly in rem and shall proceed in the name of the State as plaintiff against the illegal oil, illegal gas or illegal product mentioned in the complaint, as defendant, and no bond or bonds shall be required of the plaintiff in connection therewith. Upon the filing of the complaint, the clerk of the court shall issue a summons directed to the sheriff of the county, or to such other officer or person as the court may authorize to

serve process, requiring him to summon any and all persons (without undertaking to name them) who may be interested in the illegal oil, illegal gas, or illegal product mentioned in the complaint to appear and answer within 30 days after the issuance and service of such summons. The summons shall contain the style and number of the suit and a very brief statement of the nature of the cause of action. It shall be served by posting one copy thereof at the courthouse door of the county where the commodity involved in the suit is alleged to be located and by posting another copy thereof near the place where the commodity is alleged to be located. Copy of such summons shall be posted at least five days before the return day stated therein, and the posting of such copy shall constitute constructive possession of such commodity by the State. A copy of the summons shall also be published once each week for four weeks in some newspaper published in the county where the suit is pending and having a bona fide circulation therein. No judgment shall be pronounced by any court condemning such commodity as contraband until after the lapse of five days from the last publication of said summons. Proof of service of said summons, and the manner thereof, shall be as provided by general law.

Where it appears by a verified pleading on the part of the plaintiff, or by affidavit, or affidavits, or by oral testimony, that grounds for the seizure and sale exist, the clerk, in addition to the summons or warning order, shall issue a warrant of attachment, which shall be signed by the clerk and bear the seal of the court. Such warrant of attachment shall specifically describe the illegal oil, illegal gas or illegal product, so that the same may be identified with reasonable certainty. It shall direct the sheriff to whom it is addressed to take into his custody, actual or constructive, the illegal oil, illegal gas or illegal product, described therein, and to hold the same subject to the orders of the court. Said warrant of attachment shall be executed as a writ of attachment is executed. No bond shall be required before the issuance of such warrant of attachment, and the sheriff shall be responsible upon his official bond for the proper execution thereof.

In a proper case, the court may direct the sheriff to deliver the custody of any illegal oil, illegal gas or illegal product seized by him under a warrant of attachment, to a commissioner to be appointed by the court, which commissioner shall act as the agent of the court and shall give bond with such approved surety as the court may direct, conditioned that he will faithfully conserve such illegal oil, illegal gas or illegal product, as may come into his custody and possession in accordance with the orders of the court; provided, that the court may in its discretion appoint any member of the Department or any agent of the Department as such commissioner of the court.

Sales of illegal oil, illegal gas or illegal product seized under the authority of this law, and notices of such sales, shall be in accordance with the laws of this State relating to the sale and disposition of attached property; provided, however, that where the property is in custody of a commissioner of the court, the sale shall be held by said commissioner and not by the sheriff. For his services hereunder, such commissioner shall receive a reasonable fee to be paid out of the proceeds of the sale or sales to be fixed by the court ordering such sale.

The court may order that the commodity be sold in specified lots or portions, and at specified intervals, instead of being sold at one time. Title to the amount sold shall pass as of the date of the law which is found by the court to make the commodity contraband. The judgment shall provide for the clear proceeds of the sales to be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. The amount sold shall be treated as legal oil, legal gas or legal product, as the case may be, in the hands of the purchaser, but the purchaser and the commodity shall be subject to all applicable laws, rules, and orders with respect to further sale or purchase or acquisition, and with respect

to the transportation, refining, processing, or handling in any other way, of the commodity purchased.

Nothing in this section shall deny or abridge any cause of action a royalty owner, or a lienholder, or any other claimant, may have, because of the forfeiture of the illegal oil, illegal gas, or illegal product, against the person whose act resulted in such forfeiture. No illegal oil, illegal gas or illegal product shall be sold for less than the average market value at the time of sale of similar products of like grade and character. (1945, c. 702, s. 32; 1973, c. 1262, s. 86; 1987, c. 827, s. 123; 1998-215, s. 51.)

§ **113-413:** Repealed by Session Laws 1987, c. 827, s. 124.

§ **113-414. Filing list of renewed leases in office of register of deeds.**

On December 31 of each year, or within 10 days thereafter, every person, firm or corporation holding petroleum leases shall file in the office of the register of deeds of the county within which the land covered by such leases is located, a list showing the leases which have been renewed for the ensuing year. (1945, c. 702, s. 34.)

§ **113-415. Conflicting laws.**

No provision of this Article shall be construed to repeal, amend, abridge or otherwise affect the authority and responsibility vested in the Environmental Management Commission by Article 7 of Chapter 87, pertaining to the location, construction, repair, operation and abandonment of wells, or the authority or responsibility vested in the Department and the Commission for Health Services by Article 10 of Chapter 130A of the General Statutes pertaining to public water-supply requirements. (1971, c. 813, s. 7; 1973, c. 476, s. 128; c. 1262, s. 23; 1989, c. 727, s. 121.)

Session Laws 2001-452, s. 1.1, effective October 28, 2001, repeals Session Laws 1999-237,

Session Laws 1999-237, s. 15.14(h), provides: "Of the funds appropriated by this act to the Department of Environment and Natural Resources, the sum of one million two hundred thousand dollars (\$1,200,000) for the 1999-2000 fiscal year and the sum of seven hundred thousand dollars (\$700,000) for the 2000-2001 fiscal year shall be used to implement this section. "(2) \$500,000 for the 1999-2000 fiscal year only shall be transferred to the Board of Governors of The University of North Carolina to

be used by North Carolina State University for the purchase of monitoring equipment, installation of the data transfer network, and for installation of the computer hardware and software to archive the data and sustain the web-based data system.

Monies in the fund shall be used only for research projects recommended by the North Carolina Water Quality Workgroup. The Workgroup shall consider only new studies that promote collaborative work among the Department of Environment and Natural Resources and any constituent institution of the University of North Carolina to collectively close knowledge policy gaps with regard to the State's water quality and the nutrient levels of impaired waters."

Session Laws 1999-237, s. 30.2 provides: "Except for statutory or other provisions that clearly indicate an intention to have effects beyond the 1999-2001 biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 1999-2001 biennium."

Session Laws 1999-237, s. 1.1 provides: "This act shall be known as the 'Current Operations and Capital Improvements Appropriations Act of 1999'."

CASE NOTES

The North Carolina State Environmental Policy Act (SEPA) requires preparation of an environmental impact statement (EIS) for publicly funded actions that significantly affect the environment. For the same reasons that an EIS is required under the National Environmental Policy Act (NEPA), one must be prepared in accordance with SEPA. *Mullin v. Skinner*, 756 F. Supp. 904 (E.D.N.C. 1990).

The General Assembly of North Carolina, recognizing the profound influence of man's activity on the natural environment, and desiring, in its role as trustee for future generations, to assure that an environment of high quality will be maintained for the health and well-being of all, declares that it shall be the continuing policy of the State of North Carolina to conserve and protect its natural resources and to create and maintain conditions under which man and nature can exist in productive harmony. Further, it shall be the policy of the State to seek, for all of its citizens, safe, healthful, productive and aesthetically pleasing surroundings; to attain the widest range of beneficial uses of the environment without degradation, risk to health or safety; and to preserve the important historic and cultural elements of our common inheritance. The General Assembly authorizes and directs that, to the fullest extent possible:

- (1) The policies, rules, and public laws of this State shall be interpreted and administered in accordance with the policies set forth in this Article; and
- (2) Every State agency shall include in every recommendation or report on any action involving expenditure of public moneys or use of public land for projects and programs significantly affecting the quality of the environment of this State, a detailed statement by the responsible official setting forth the following:
 - a. The environmental impact of the proposed action;
 - b. Any significant adverse environmental effects which cannot be avoided should the proposal be implemented;
 - c. Mitigation measures proposed to minimize the impact;
 - d. Alternatives to the proposed action;
 - e. The relationship between the short-term uses of the environment involved in the proposed action and the maintenance and enhancement of long-term productivity; and
 - f. Any irreversible and irretrievable environmental changes which would be involved in the proposed action should it be implemented.
- (2a) Prior to making any detailed statement, the responsible official shall consult with and obtain the comments of any agency which has either jurisdiction by law or special expertise with respect to any environmental impact involved. Any unit of local government or other interested party that may be adversely affected by the proposed action may submit written comment. The responsible official shall consider written comment from units of local government and interested parties that is received within the established comment period. Copies of such detailed statement and such comments shall be made available to the Governor, to such agency or agencies as he may designate, and to the appropriate multi-county regional agency as certified by the Secretary of Administration, shall be placed in the public file of the agency and shall accompany the proposal through the existing agency review processes. A copy of such detailed statement shall be made available to the public and to counties, municipalities, institutions and individuals, upon request.

I. GENERAL CONSIDERATION.

Reasons for State Environmental Impact Statements Are the Same as under Federal Law. — The North Carolina State Environmental Policy Act (SEPA) requires preparation of an environmental impact statement (EIS) for publicly funded actions that significantly affect the environment. For the same reasons that an EIS is required under the National Environmental Policy Act (NEPA), one must be prepared in accordance with SEPA. *Mullin v. Skinner*, 756 F. Supp. 904 (E.D.N.C. 1990).

Quoted in *Orange County Sensible Hwys. & Protected Env'ts, Inc. v. North Carolina DOT*, 46 N.C. App. 350, 265 S.E.2d 890 (1980).

Stated in *State v. Williams & Hessee*, 53 N.C. App. 674, 281 S.E.2d 721 (1981).

North Carolina Low-Level Radioactive Waste Mgt. Auth.*, 335 N.C. 77, 436 S.E.2d 113 (1993); *Greene Citizens for Responsible Growth, Inc. v. Greene County Bd. of Comm'rs*, 143 N.C. App. 702, 547 S.E.2d 480 (2001), cert. denied, 354 N.C. 69, — S.E.2d — (2001), review denied, 354 N.C. 69, 553 S.E.2d 41 (2001).

II. ENVIRONMENTAL IMPACT STATEMENTS.

A. In General.

Purpose. — The purpose of an environmental impact statement is to provide the responsible State agency with a useful decision-making tool. In re *Environmental Mgt. Comm'n*, 53 N.C. App. 135, 280 S.E.2d 520 (1981).

The requirement of the impact statement is designed to provide a mechanism by which all affected State agencies raise and consider environmental factors of proposed projects. In re *Environmental Mgt. Comm'n*, 53 N.C. App. 135, 280 S.E.2d 520 (1981).

Statement Must Be Before Decisionmaker. — In order for a statement to be a decisionmaking tool, the responsible State agency must have the statement before it when it is determining the action it is going to take or recommend. In re *Environmental Mgt. Comm'n*, 53 N.C. App. 135, 280 S.E.2d 520 (1981).

"Rule of Reason" Measures Adequacy. —

In determining the adequacy of an environmental impact statement under this section, the federal courts' "rule of reason" is sufficient to determine if the statement was compiled with objective good faith and whether the resulting statement would permit a decisionmaker to consider and balance fully environmental factors. *Warren County v. North Carolina*, 528 F. Supp. 276 (E.D.N.C. 1981).

B. Contents.

Method of Quality Control for Toxic Waste Site. — There is no requirement under this section for the State to set forth in an environmental impact statement how quality control of a toxic waste disposal site will be done. The reporting requirements of this Article insure that it is done. *Warren County v. North Carolina*, 528 F. Supp. 276 (E.D.N.C. 1981).

C. Agency Actions Requiring Statement.

Authorization for Acquisition of Land for Reservoir. — The issuance of a certificate by the Environmental Management Commission authorizing acquisition of land for the construction of a reservoir constitutes a "recommendation or report on proposals for legislation and actions involving expenditure of public moneys for projects and programs significantly affecting the quality of the environment," thereby necessitating an environmental impact statement. In re *Environmental Mgt. Comm'n*, 53 N.C. App. 135, 280 S.E.2d 520 (1981).

Construction of Building for Which State Funds Appropriated. — Nothing in this Chapter makes the filing of a statement a condition precedent to the commencement of construction of a building for which State funds have been appropriated. *Lewis v. White*, 287 N.C. 625, 216 S.E.2d 134 (1975).

Need for Statement Became Moot. — Where plaintiff's sought declaratory and injunctive relief regarding the selection and testing of potential sites for a disposal facility for dangerous waste, alleging violations of state law in the selection process and raising due process claims, because the characterization of both sites became virtually complete while appeal of the trial court was pending, plaintiff's claim seeking to require the preparation by the defendants of a precharacterization environ-

mental impact statement was moot. *Richmond County v. North Carolina Low-level Radioactive Waste Mgt. Auth.*, 108 N.C. App. 700, 425

S.E.2d 468, aff'd, 335 N.C. 77, 436 S.E.2d 113 (1993).

OPINIONS OF ATTORNEY GENERAL

Environmental Impact Statements. — Neither the development of a fishery management plan nor the subsequent adoption of rules to implement the plan is an “action” involving the expenditure of public monies or use of public lands within the meaning of the North

Carolina Environmental Policy Act, and therefore does not require preparation of an environmental document pursuant to this section. See opinion of Attorney General to Preston P. Pate, Jr., Director Division of Marine Fisheries, 1998 N.C.A.G. 13 (2/25/98).

§ 113A-5. Review of agency actions involving major adverse changes or conflicts.

Whenever, in the judgment of the responsible State official, the information obtained in preparing the statement indicates that a major adverse change in the environment, or conflicts concerning alternative uses of available natural resources, would result from a specific program, project or action, and that an appropriate alternative cannot be developed, such information shall be presented to the Governor for review and final decision by him or by such agency as he may designate, in the exercise of the powers of the Governor. (1971, c. 1203, s. 5.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-6. Title.

All agencies of the State shall periodically review their statutory authority, administrative rules, and current policies and procedures for the purpose of determining whether there are any deficiencies or inconsistencies therein which prohibit or hinder full compliance with the purposes and provisions of this Article and shall propose to the Governor such measures as may be necessary to bring their authority, rules, policies and procedures into conformity with the intent, purposes and procedures set forth in this Article. § 113A-8. Major development projects.

(a) The governing bodies of all cities, counties, and towns acting individually, or collectively, may by ordinance require any special-purpose unit of government or private developer of a major development project to submit detailed statements, as defined in G.S. 113A-4(2), of the impact of such projects for consideration by those governing bodies in matters within their jurisdiction. Any such ordinance may not be designed to apply to only a particular major development project, and shall be applied consistently.

(b) Any ordinance adopted pursuant to this section shall exempt those major development projects for which a detailed statement of the environmental impact of the project or a functionally equivalent permitting process is required by federal or State law, regulation, or rule.

(c) Any ordinance adopted pursuant to this section shall establish minimum criteria to be used in determining whether a statement of environmental impact is required. A detailed statement of environmental impact may not be required for a project that does not exceed the minimum criteria and any exceptions to the minimum criteria established by the ordinance. ARTICLE 2.

Interstate Environmental Compact.

§ 113A-21. Title.

This Article shall be known and cited as "The Interstate Environmental Compact Act of 1971." (1971, c. 805, s. 1.)

§ 113A-22. Purpose.

The General Assembly of North Carolina recognizes and declares:

- (1) The concern for the purity and life-giving qualities of our environment is of primary interest to every citizen of North Carolina and to all Americans.
- (2) The quality of our environment depends upon the management of the air, water, and land resources upon which our lives depend.
- (3) The ultimate responsibility for the health, safety, and welfare of the citizens of North Carolina rests upon the State government.
- (4) The environment of every state is affected with local, state, regional, and national interests since ecological systems cross state boundaries.
- (5) The discharge of this responsibility of environmental protection can be enhanced by acting in concert and cooperation with other states and with the federal government. (1971, c. 805, s. 2.)

§ 113A-23. Compact provisions.

The Interstate Environmental Compact is hereby enacted into law and entered into with all other jurisdictions legally joining herein in the form substantially as follows:

Article 1. Findings, Purposes and Reservations of Power.

- (1) Findings. — Signatory states hereby find and declare:
 - (a) The environment of every state is affected with local, state, regional, and national interests and its protection, under appropriate arrangements for intergovernmental cooperation, are public purposes of the respective signatories.

- (b) Certain environmental pollution problems transcend state boundaries and thereby become common to adjacent states requiring cooperative efforts.
- (c) The environment of each state is subject to the effective control of the signatories, and coordinated, cooperative or joint exercise of control measures is in their common interests.
- (2) Purposes. — The purposes of the signatories in enacting this Compact are:
 - (a) To assist and participate in the national environment protection programs as set forth in federal legislation; to promote intergovernmental cooperation for multi-state action relating to environmental protection through interstate agreements; and to encourage cooperative and coordinated environmental protection by the signatories and the federal government;
 - (b) To preserve and utilize the functions, powers, and duties of existing state agencies of government to the maximum extent possible consistent with the purposes of the Compact.
- (3) Powers of the United States. — (a) Nothing contained in this Compact shall impair, affect or extend the constitutional authority of the United States. (b) The signatories hereby recognize the power and right of the Congress of the United States at any time by any statute expressly enacted for that purpose to revise the terms and conditions of its content.
- (4) Powers of the States. — Nothing contained in this Compact shall impair or extend the constitutional authority of any signatory state, nor shall the police powers of any signatory state be affected.

Article 2. Short Title, Definitions, Purposes and Limitations.

- (1) Short Title. — This Compact shall be known and may be cited as the Interstate Environmental Compact.
- (2) Definitions. — For the purpose of this Compact and of any supplemental or concurring legislation enacted pursuant or in relation hereto, except as may be otherwise required by the context:
 - (a) “State” shall mean any one of the 50 states of the United States of America, the Commonwealth of Puerto Rico and the Territory of the Virgin Islands, but shall not include the District of Columbia.
 - (b) “Interstate environment pollution” shall mean any pollution of a stream or body of water crossing or marking a state boundary, interstate air quality control region designated by an appropriate federal agency or solid waste collection and disposal district or program involving the jurisdiction or territories of more than one state.
 - (c) “Government” shall mean the governments of the United States and the signatory states.

Article 3. Intergovernmental Cooperation.

Article 4. Supplementary Agreements, Jurisdiction and Enforcement.

(1) Signatories may enter into agreements for the purpose of controlling interstate environmental problems in accordance with applicable federal legislation and under terms and conditions as deemed appropriate by the agreeing states under paragraph (6) and paragraph (8) of this Article 4.

(2) Recognition of Existing Nonenvironmental Intergovernmental Arrangements. — The signatories agree that existing federal-state, interstate or intergovernmental arrangements which are not primarily directed to environmental protection purposes as defined herein are not affected by this Compact.

(3) Recognition of Existing Intergovernmental Agreements Directed to Environmental Objectives. — All existing interstate compacts directly relating to environmental protection are hereby expressly recognized and nothing in this Compact shall be construed to diminish or supersede the powers and functions of such existing intergovernmental agreements and the organizations created by them.

(4) Modification of Existing Commissions and Compacts. — Recognition herein of multi-state commissions and compacts shall not be construed to limit directly or indirectly the creation of additional multi-state organizations or interstate compacts, nor to prevent termination, modification, extension, or supplementation of such multi-state organizations and interstate compacts recognized herein by the federal government or states party thereto.

(5) Recognition of Future Multi-State Commissions and Interstate Compacts. — Nothing in this Compact shall be construed to prevent signatories from entering into multi-state organizations or other interstate compacts which do not conflict with their obligations under this Compact.

(6) Supplementary Agreements. — Any two or more signatories may enter into supplementary agreements for joint, coordinated or mutual environmental management activities relating to interstate pollution problems common to the territories of such states and for the establishment of common or joint regulations, management, services, agencies or facilities for such purposes or may designate an appropriate agency to act as their joint agency in regard thereto. No supplementary agreement shall be valid to the extent that it conflicts with the purposes of this Compact and the creation of a joint agency by supplementary agreement shall not affect the privileges, powers, responsibilities or duties under this Compact of signatories participating therein as embodied in this Compact.

(7) Execution of Supplementary Agreements and Effective Date. — The Governor is authorized to enter into supplementary agreements for the State and his official signature shall render the agreement immediately binding upon the State; provided that:

(a) The legislature of any signatory entering into such a supplementary agreement shall at any subsequent legislative session by concurrent resolution bring the supplementary agreement before it and by appropriate legislative action approve, reverse, modify, or condition the agreement of that state.

(b) Nothing in this agreement shall be construed to limit the right of Congress by act of law expressly enacted for that purpose to disapprove or condition such a supplementary agreement.

(8) Special Supplementary Agreements. — Signatories may enter into special supplementary agreements with the District of Columbia or foreign nations for the same purposes and with the same powers as under paragraph (6), Article 4, upon the conditions that such nonsignatory party accept the general obligations of signatories under this Compact. Provided, that such special supplementary agreements shall become effective only after being consented to by the Congress.

(9) Jurisdiction of Signatories Reserved. — Nothing in this Compact or in any supplementary agreement thereunder shall be construed to restrict, relinquish or be in derogation of, any power or authority constitutionally possessed by any signatory within its jurisdiction.

(10) Complementary Legislation by Signatories. — Signatories may enact such additional legislation as may be deemed appropriate to enable its officers and governmental agencies to accomplish effectively the purposes of this Compact and supplementary agreements recognized or entered into under the terms of this Article.

(11) Legal Rights of Signatories. — Nothing in this Compact shall impair the exercise by any signatory of its legal rights or remedies established by the United States Constitution or any other laws of this nation.

Article 5. Construction, Amendment, and Effective Date.

(1) Construction. — It is the intent of the signatories that no provision of this Compact or supplementary agreement entered into hereunder shall be construed as invalidating any provision of law of any signatory and that nothing in this Compact shall be construed to modify or qualify the authority of any signatory to enact or enforce environmental protection legislation within its jurisdiction.

(2) Severability. — The provisions of this Compact or of agreements hereunder shall be severable and if any phrase, clause, sentence or provisions of this Compact, or such an agreement is declared to be contrary to the constitutionality of the remainder of this Compact or of any agreement and the applicability thereof to any participating jurisdiction, agency, person or circumstance shall not be affected thereby and shall remain in full force and effect as to the remaining participating jurisdictions and in full force and effect as to the signatory affected as to all severable matters. It is the intent of the signatories that the provisions of this Compact shall be reasonably and liberally construed in the context of its purposes.

(3) Amendments. — Amendments to this Compact may be initiated by legislative action of any signatory and become effective when concurred in by all signatories and approved by Congress.

(4) Effective Date. — This Compact shall become binding on a state when enacted by it into law and such state shall thereafter become a signatory and party hereto with any and all states legally joining herein. (1971, c. 805, s. 3.)

ARTICLE 3.

Natural and Scenic Rivers System.

§ 113A-30. Short title.

This Article shall be known and may be cited as the “Natural and Scenic Rivers Act of 1971.” (1971, c. 1167, s. 2.)

CASE NOTES

Declaratory Judgment Premature. — Article 3 of Chapter 113A are unconstitutional and praying that defendants be permanently enjoined from adopting a “Master Plan” for the

Eno River State Park had as yet been directly and adversely affected by the statutes they sought to challenge, and the plaintiffs failed to show the existence of a genuine controversy cognizable under the Declaratory Judgment Act, where no condemnation proceeding affecting any lands of the plaintiffs had as yet been instituted, and all that had occurred was that

employees of the Division of Parks and Recreation had been preparing initial alternative planning proposals for a State park which contemplated ultimate acquisition of certain lands of the plaintiffs for park purposes. *Barbour v. Little*, 37 N.C. App. 686, 247 S.E.2d 252, cert. denied, 295 N.C. 733, 248 S.E.2d 862 (1978).

§ 113A-31. Declaration of policy.

The General Assembly finds that certain rivers of North Carolina possess outstanding natural, scenic, educational, geological, recreational, historic, fish and wildlife, scientific and cultural values of great present and future benefit to the people. The General Assembly further finds as policy the necessity for a rational balance between the conduct of man and the preservation of the natural beauty along the many rivers of the State. This policy includes retaining the natural and scenic conditions in some of the State's valuable rivers by maintaining them in a free-flowing state and to protect their water quality and adjacent lands by retaining these natural and scenic conditions. It is further declared that the preservation of certain rivers or segments of rivers in their natural and scenic condition constitutes a beneficial public purpose. (1971, c. 1167, s. 2.)

§ 113A-32. Declaration of purpose.

The purpose of this Article is to implement the policy as set out in G.S. 113A-31 by instituting a North Carolina natural and scenic rivers system, and by prescribing methods for inclusion of components to the system from time to time. (1971, c. 1167, s. 2.)

§ 113A-33. Definitions.

As used in this Article, unless the context requires otherwise:

- (1) "Department" means the Department of Environment and Natural Resources.
- (2) "Free-flowing," as applied to any river or section of a river, means existing or flowing in natural condition without substantial impoundment, diversion, straightening, rip-rapping, or other modification of the waterway. The existence of low dams, diversion works, and other minor structures at the time any river is proposed for inclusion in the North Carolina natural and scenic rivers system shall not automatically bar its consideration for such inclusion: Provided, that this shall not be construed to authorize, intend, or encourage future construction of such structures within components of the system.
- (3) "River" means a flowing body of water or estuary or a section, portion, or tributary thereof, including rivers, streams, creeks, runs, kills, rills, and small lakes.
- (4) "Road" means public or private highway, hard-surface road, dirt road, or railroad.
- (5) "Scenic easement" means a perpetual easement in land which (i) is held for the benefit of the people of North Carolina, (ii) is specifically enforceable by its holder or beneficiary, and (iii) limits or obligates the holder of the servient estate, his heirs, and assigns with respect to their use and management of the land and activities conducted thereon. The object of such limitations and obligations is the maintenance or enhancement of the natural beauty of the land in question or of the areas affected by it.

- (6) "Secretary" means the Secretary of Environment and Natural Resources. (1971, c. 1167, s. 2; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1989, c. 727, s. 122; 1989 (Reg. Sess., 1990), c. 1004, s. 19(b); 1997-443, s. 11A.119(a).)

§ 113A-34. Types of scenic rivers.

The following types of rivers are eligible for inclusion in the North Carolina natural and scenic rivers system:

Class I. Natural river areas. Those free-flowing rivers or segments of rivers and adjacent lands existing in a natural condition. Those rivers or segments of rivers that are free of man-made impoundments and generally inaccessible except by trail, with the lands within the boundaries essentially primitive and the waters essentially unpolluted. These represent vestiges of primitive America.

Class II. Scenic river areas. Those rivers or segments of rivers that are largely free of impoundments, with the lands within the boundaries largely primitive and largely undeveloped, but accessible in places by roads.

Class III. Recreational river areas. Those rivers or segments of rivers that offer outstanding recreation and scenic values and that are largely free of impoundments. They may have some development along their shorelines and have more extensive public access than natural or scenic river segments. Recreational river segments may also link two or more natural and/or scenic river segments to provide a contiguous designated river area. No provision of this section shall interfere with flood control measures; provided that recreational river users can continue to travel the river. (1971, c. 1167, s. 2; 1989, c. 752, s. 156(a).)

§ 113A-35. Criteria for system.

For the inclusion of any river or segment of river in the natural and scenic river system, the following criteria must be present:

- (1) River segment length — must be no less than one mile.
- (2) Boundaries — of the system shall be the visual horizon or such distance from each shoreline as may be determined to be necessary by the Secretary, but shall not be less than 20 feet.
- (3) Water quality — shall not be less than that required for Class "C" waters as established by the North Carolina Environmental Management Commission.
- (4) Water flow — shall be sufficient to assure a continuous flow and shall not be subjected to withdrawal or regulation to the extent of substantially altering the natural ecology of the stream.
- (5) Public access — shall be limited, but may be permitted to the extent deemed proper by the Secretary, and in keeping with the property interest acquired by the Department and the purpose of this Article. (1971, c. 1167, s. 2; 1973, c. 1262, ss. 23, 86; 1989, c. 654, s. 1.)

§ 113A-35.1. Components of system; management plan; acquisition of land and easements; inclusion in national system.

(a) That segment of the south fork of the New River extending from its confluence with Dog Creek in Ashe County downstream through Ashe and Alleghany Counties to its confluence with the north fork of the New River and the main fork of the New River in Ashe and Alleghany Counties downstream

to the Virginia State line shall be a scenic river area and shall be included in the North Carolina Natural and Scenic Rivers System.

The Department shall prepare and implement a management plan for this river section. This management plan shall recognize and provide for the protection of the existing undeveloped scenic and pastoral features of the river. Furthermore, it shall specifically provide for continued use of the lands adjacent to the river for normal agricultural activities, including, but not limited to, cultivation of crops, raising of cattle, growing of trees and other practices necessary to these agricultural pursuits.

For purposes of implementing this section and the management plan, the Department may acquire lands or interests in lands, provide for protection of scenic values as described in G.S. 113A-38, and provide for public access. Easements obtained for the purpose of implementing this section and the management plan shall not abridge the water rights being exercised on May 26, 1975.

Should the Governor seek inclusion of this river segment in the National System of Wild and Scenic Rivers by action of the Secretary of Interior, such inclusion shall be at no cost to the federal government, as prescribed in the National Wild and Scenic Rivers Act, and therefore shall be under the terms described in this section of the North Carolina Wild and Scenic Rivers Act and in the management plan developed pursuant thereto.

(b) The Department shall prepare an annual status report on the progress made in implementing the management plan required pursuant to subsection (a) of this section and the progress in implementing the management plan submitted by the Department in support of the request to the Secretary of the Interior for the river's inclusion in the National System of Wild and Scenic Rivers. The status report shall evaluate the extent to which current implementation of the management plans has in fact maintained the river's free-flowing state and protected the scenic conditions of the river and the adjacent lands consistent with the purpose of this Article. If implementation of either management plan is incomplete at the time the report is filed, the Secretary shall submit a schedule for implementing the remainder of the plan. The status report shall be filed with the General Assembly no later than January 15 of each year, beginning in 1990. CASE NOTES

As to State's attempts to stay federal Power Commission order regarding dam on New River, see North Carolina v. Federal Power Comm'n, 393 F. Supp. 1116 (M.D.N.C. 1975).

§ 113A-35.2. Additional components.

That segment of the Linville River beginning at the State Highway 183 bridge over the Linville River and extending approximately 13 miles downstream to the boundary between the United States Forest Service lands and lands of Duke Power Company (latitude 35° 50' 20") shall be a natural river area and shall be included in the North Carolina Natural and Scenic River System.

That segment of the Horsepasture River in Transylvania County extending downstream from Bohaynee Road (N.C. 281) to Lake Jocassee shall be a

natural river and shall be included in the North Carolina Natural and Scenic Rivers System.

That segment of the Lumber River extending from county road 1412 in Scotland County downstream to the North Carolina-South Carolina state line, a distance of approximately 102 river miles, shall be included in the Natural and Scenic Rivers System and classified as follows: from county road 1412 in Scotland County downstream to the junction of the Lumber River and Back Swamp shall be classified as scenic; from the junction of the Lumber River and Back Swamp downstream to the junction of the Lumber River and Jacob Branch and the river within the Fair Bluff town limits shall be classified as recreational; and from the junction of the Lumber River and Jacob Branch downstream to the North Carolina-South Carolina state line, excepting the Fair Bluff town limits, shall be classified as natural. (1975, c. 698; 1985, c. 344, s. 1; 1989, c. 752, s. 156(b).)

§ 113A-36. Administrative agency; federal grants; additions to the system; regulations.

(a) The Department is the agency of the State of North Carolina with the duties and responsibilities to administer and control the North Carolina natural and scenic rivers system.

(b) The Department shall be the agency of the State with the authority to accept federal grants of assistance in planning, developing (which would include the acquisition of land or an interest in land), and administering the natural and scenic rivers system.

(c) The Secretary of the Department shall study and from time to time submit to the Governor and to the General Assembly proposals for the additions to the system of rivers and segments of rivers which, in his judgment, fall within one or more of the categories set out in G.S. 113A-34. Each proposal shall specify the category of the proposed addition and shall be accompanied by a detailed report of the facts which, in the Secretary's judgment, makes the area a worthy addition to the system.

Before submitting any proposal to the Governor or the General Assembly for the addition to the system of a river or segment of a river, the Secretary or his authorized representative, shall hold a public hearing in the county or counties where said river or segment of river is situated. Notice of such public hearing shall be given by publishing a notice once each week for two consecutive weeks in a newspaper having general circulation in the county where said hearing is to be held, the second of said notices appearing not less than 10 days before said hearing. Any person attending said hearing shall be given an opportunity to be heard. Notwithstanding the provisions of the foregoing, no public hearing shall be required with respect to a river bounded solely by the property of one owner, who consents in writing to the addition of such river to the system.

The Department shall also conduct an investigation on the feasibility of the inclusion of a river or a segment of river within the system and file a written report with the Governor when submitting a proposal.

The Department shall also, before submitting such a proposal to the Governor or the General Assembly, notify in writing the owner, lessee, or tenant of any lands adjoining said river or segment of river of its intention to make such proposal. In the event the Department, after due diligence, is unable to determine the owner or lessee of any such land, the Department may publish a notice for four successive weeks in a newspaper having general circulation in the county where the land is situated of its intention to make a proposal to the Governor or General Assembly for the addition of a river or segment of river to the system.

(c1) Upon receipt of a request in the form of a resolution from the commissioners of the county or counties in which a river segment is located

and upon studying the segment and determining that it meets the criteria set forth in G.S. 113A-35, the Secretary may designate the segment a potential component of the natural and scenic rivers system. The designation as a potential component shall be transmitted to the Governor and all appropriate State agencies. Any segment so designated is subject to the provisions of this Article applicable to designated rivers, except for acquisition by condemnation or otherwise, and to any rules adopted pursuant to this Article. The Secretary shall make a full report and, if appropriate, a proposal for an addition to the natural and scenic rivers system to the General Assembly within 90 days after the convening of the next session following issuance of the designation, and the General Assembly shall determine whether to designate the segment as a component of the natural and scenic rivers system. If the next session of the General Assembly fails to take affirmative action on the designation, the designation as a potential component shall expire.

(d) The Department may adopt rules to implement this Article. (1971, c. 1167, s. 2; 1973, c. 911; c. 1262, ss. 28, 86; 1977, c. 771, s. 4; 1985, c. 129, s. 1; 1987, c. 827, ss. 125, 128; 1989, c. 727, s. 123.)

§ 113A-37. Raising the status of an area.

Whenever in the judgment of the Secretary of the Department a scenic river segment has been sufficiently restored and enhanced in its natural scenic and recreational qualities, such segment may be reclassified with the approval of the Department, to a natural river area status and thereafter administered accordingly. (1971, c. 1167, s. 2; 1973, c. 1262, ss. 28, 86.)

§ 113A-38. Land acquisition.

(a) The Department of Administration is authorized to acquire for the Department, within the boundaries of a river or segment of river as set out in G.S. 113A-35 on behalf of the State of North Carolina, lands in fee title or a lesser interest in land, preferably "scenic easements." Acquisition of land or interest therein may be by donation, purchase with donated or appropriated funds, exchange or otherwise.

(b) The Department of Administration in acquiring real property or a property interest therein as set out in this Article shall have and may exercise the power of eminent domain in accordance with Article 3 of Chapter 40A of the General Statutes, as amended. (1971, c. 1167, s. 2; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1987, c. 827, ss. 127, 129.)

Legal Periodicals. — For article, "The in North Carolina," see 12 Campbell L. Rev. 23 Pearl in the Oyster: The Public Trust Doctrine (1989).

§ 113A-39. Claim and allowance of charitable deduction for contribution or gift of easement.

The contribution or donation of a "scenic easement," right-of-way or any other easement or interest in land to the State of North Carolina, as provided in this Article, shall be deemed a contribution to the State of North Carolina within the provisions of G.S. 105-130.9 and section 170(c)(1) of the Internal Revenue Code. The value of the contribution or donation shall be the fair market value of the easement or other interest in land when the contribution or donation is made. (1971, c. 1167, s. 2; 1991, c. 45, s. 23.)

§ 113A-40. Component as part of State park, wildlife refuge, etc.

Any component of the State natural and scenic rivers system that is or shall become a part of any State park, wildlife refuge, or state-owned area shall be subject to the provisions of this Article and the Articles under which the other areas may be administered, and in the case of conflict between the provisions of these Articles the more restrictive provisions shall apply. (1971, c. 1167, s. 2.)

§ 113A-41. Component as part of national wild and scenic river system.

Nothing in this Article shall preclude a river or segment of a river from becoming part of the national wild and scenic river system. The Secretary of the Department is directed to encourage and assist any federal studies for the inclusion of North Carolina rivers in the national system. The Secretary may enter into cooperative agreements for joint federal-state administration of a North Carolina river or segment of river: Provided, that such agreements relating to water and land use are not less restrictive than the requirements of this Article. (1971, c. 1167, s. 2; 1973, c. 1262, s. 86.)

§ 113A-42. Violations.

(a) Civil Action. — Whoever violates, fails, neglects or refuses to obey any provision of this Article or rule or order of the Secretary may be compelled to comply with or obey the same by injunction, mandamus, or other appropriate remedy.

(b) Penalties. — Whoever violates, fails, neglects or refuses to obey any provision of this Article or rule or order of the Secretary is guilty of a Class 3 misdemeanor and may be punished only by a fine of not more than fifty dollars (\$50.00) for each violation, and each day such person shall fail to comply, where feasible, after having been officially notified by the Department shall constitute a separate offense subject to the foregoing penalty. (1971, c. 1167, s. 2; 1973, c. 1262, s. 86; 1977, c. 771, s. 4; 1987, c. 827, s. 125; 1989, c. 727, s. 124; 1993, c. 539, s. 872; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113A-43. Authorization of advances.

The Department of Administration is hereby authorized to advance from land-purchase appropriations necessary amounts for the purchase of land in those cases where reimbursement will be later effected by the Bureau of Outdoor Recreation of the United States Department of the Interior. (1971, c. 1167, s. 2.)

§ 113A-44. Restrictions on project works on natural or scenic river.

The State Utilities Commission may not permit the construction of any dam, water conduit, reservoir, powerhouse transmission line, or any other project works on or directly affecting any river that is designated as a component or potential component of the State Natural and Scenic Rivers System. No department or agency of the State may assist by loan, grant, license, permit, or otherwise in the construction of any water resources project that would have a direct and adverse effect on any river that is designated as a component or potential component of the State Natural and Scenic Rivers System. This section shall not, however, preclude licensing of or assistance to a development

below or above a designated or potential component. No department or agency of the State may recommend authorization of any water resources project that would have a direct and adverse effect on any river that is designated as a component or potential component of the State Natural and Scenic Rivers System, or request appropriations to begin construction of any such project, regardless of when authorized, without advising the Secretary in writing of its intention to do so at least 60 days in advance. Such department or agency making such recommendation or request shall submit a written impact statement to the General Assembly to accompany the recommendation or request specifically describing how construction of the project would be in conflict with the purposes of this act and how it would affect the component or potential component. (1985, c. 129, s. 2.)

ARTICLE 4.

Sedimentation Pollution Control Act of 1973.

§ 113A-50. Short title.

This Article shall be known as and may be cited as the “Sedimentation Pollution Control Act of 1973.” (1973, c. 392, s. 1.)

Editor’s Note. — For conditional or temporary exemptions to this section, see the Editor’s notes under § 113A-1.

Session Laws 2001-424, s. 19.8, provides: “The Department of Environment and Natural Resources shall study the feasibility of transferring the program within the Department of Environment and Natural Resources under the Sedimentation Pollution Control Act of 1973, Article 4 of Chapter 113A of the General Statutes, to local governments. The Department of Environment and Natural Resources shall consider the economic impact that the proposed transfer would have on local governments, any savings that would be generated for the State by the proposed transfer, and any statutory changes that would be needed to implement such a transfer. The Department of Environment and Natural Resources shall report its findings and recommendations, including legis-

lative proposals, to the Appropriations Subcommittees on Natural and Economic Resources in both the Senate and the House of Representatives no later than April 1, 2002.”

Session Laws 2001-424, s. 1.2, provides: “This act shall be known as the ‘Current Operations and Capital Improvements Appropriations Act of 2001.’”

CASE NOTES

Constitutional Considerations in Implementation of Regulatory Scheme. — A major purpose of N.C. Const., Art. IV, § 3, is to reconcile the retention of judicial power in the judicial branch required by N.C. Const., Art. IV, § 1, with the recognized need to utilize administrative expertise in implementing complicated regulatory schemes such as this Article, the Sedimentation Pollution Control Act. In re Appeal from Civil Penalty Assessed for Viola-

tions of Sedimentation Pollution Control Act, 92 N.C. App. 1, 373 S.E.2d 572 (1988), rev’d on other grounds, 324 N.C. 373, 379 S.E.2d 30 (1989).

The purpose of this Article is to control erosion and sedimentation, rather than only land-disturbing activities. Cox v. State ex rel. Summers, 81 N.C. App. 612, 344 S.E.2d 808, cert. denied, 318 N.C. 413, 349 S.E.2d 592 (1986).

This Article Provides Sufficient Guidance for Promulgation of Penalty Factors.

— This Article in general, and § 113A-64 in particular, provides sufficient guidance for the department's promulgation of penalty factors based on its experience and expertise in enforcing the Article; it is enough if general policies and standards have been articulated which are sufficient to provide direction to an administrative body possessing the expertise to adapt the legislative goals to varying circumstances. In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act, 92 N.C. App. 1, 373 S.E.2d 572 (1988), rev'd on other grounds, 324 N.C. 373, 379 S.E.2d 30 (1989).

Applicability of Article to Activities Occurring Before Article and Regulations Became Effective. — To accomplish the purpose of this Article, the Article and the regulations enacted pursuant to it may be applied to land-disturbing activities which occurred before the Article and regulations became effective. Cox v. State ex rel. Summers, 81 N.C. App. 612, 344 S.E.2d 808, cert. denied, 318 N.C. 413, 349 S.E.2d 592 (1986).

Under this Article and the regulations enacted pursuant thereto, the developers of land, who still owned the roadway over which lot owners had an easement, could be held responsible for permanent erosion and sediment control measures in that roadway, even though the

land-disturbing activity of the developers in developing the land occurred before the effective date of the regulations in question. Cox v. State ex rel. Summers, 81 N.C. App. 612, 344 S.E.2d 808, cert. denied, 318 N.C. 413, 349 S.E.2d 592 (1986).

Existence of Act is Evidence That Sedimentation is Considered a Pollutant.

— Based on the existence of the Sedimentation Pollution Control Act, reasonable persons in the grading and paving business should recognize that sedimentation is considered a pollutant and thus would fall within an exclusion in a commercial general liability policy and a commercial umbrella liability policy for pollution-related claims. Pennsylvania Nat'l Mut. Cas. Ins. Co. v. Triangle Paving, Inc., 973 F. Supp. 560 (E.D.N.C. 1996), aff'd, 121 F.3d 699 (4th Cir. 1997).

§ 113A-51. Preamble.

The sedimentation of streams, lakes and other waters of this State constitutes a major pollution problem. Sedimentation occurs from the erosion or depositing of soil and other materials into the waters, principally from construction sites and road maintenance. The continued development of this State will result in an intensification of pollution through sedimentation unless timely and appropriate action is taken. Control of erosion and sedimentation is deemed vital to the public interest and necessary to the public health and welfare, and expenditures of funds for erosion and sedimentation control programs shall be deemed for a public purpose. It is the purpose of this Article to provide for the creation, administration, and enforcement of a program and for the adoption of minimal mandatory standards which will permit development of this State to continue with the least detrimental effects from pollution by sedimentation. In recognition of the desirability of early coordination of sedimentation control planning, it is the intention of the General Assembly that preconstruction conferences be held among the affected parties, subject to the availability of staff. (1973, c. 392, s. 2; 1975, c. 647, s. 3.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

CASE NOTES

Assessment of Civil Penalty Held Constitutional. — N.C. Const., Art. IV, § 3 did not prohibit the legislature from conferring on the North Carolina Department of Natural Resources and Community Development (now Environment, Health, and Natural Resources) the power to exercise discretion in determining civil penalties within an authorized range; plenary guiding standards existed to check the exercise of the Department's discretion in its assessment of civil penalties in varying amounts, commensurate with the seriousness of the violations of this Article, the Sedimentation Pollution Control Act. In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act, 324 N.C. 373, 379 S.E.2d 30 (1989).

Application to Activities Occurring

Prior to Effective Date of Article. — Application of this Article, the Sedimentation Pollution Control Act of 1973, to prevent erosion and sedimentation of public waters resulting from "land-disturbing" activities which occurred before the Article became effective does not constitute an unlawful retroactive application of the Article, since the purpose of the Article is to control erosion and sedimentation rather than only land-disturbing activities. State ex rel. Lee v. Penland-Bailey Co., 50 N.C. App. 498, 274 S.E.2d 348 (1981).

Legislative Intent. — The stated legislative intent behind the enactment of the SPCA is to protect against the sedimentation of waterways. McHugh v. North Carolina Dep't of Env'tl., Health & Natural Resources, 126 N.C. App. 469, 485 S.E.2d 861 (1997).

 - (3) Develop recommended methods of control of sedimentation and prepare and make available for distribution publications and other materials dealing with sedimentation control techniques appropriate for use by persons engaged in land-disturbing activities, general educational materials on erosion and sedimentation control, and instructional materials for persons involved in the enforcement of this Article and erosion control rules, ordinances, regulations, and plans.
 - (4) Require submission of erosion control plans by those responsible for initiating land-disturbing activities for approval prior to commencement of the activities.
- (e) To assist it in developing the erosion and sedimentation control program required by this Article, the Commission is authorized to appoint an advisory committee consisting of technical experts in the fields of water resources, soil science, engineering, and landscape architecture.
- (f) Repealed by Session Laws 1987, c. 827, s. 10, effective August 13, 1987. CASE NOTES

Applicability of Article to Activities Occurring Before Article and Regulations Became Effective. — To accomplish the purpose of this Article, the Article and the regulations enacted pursuant to it may be applied to land-disturbing activities which occurred before the Article and regulations became effective. *Cox v. State ex rel. Summers*, 81 N.C. App. 612, 344 S.E.2d 808, cert. denied, 318 N.C. 413, 349 S.E.2d 592 (1986).

Under this Article and the regulations enacted pursuant thereto, the developers of land, who still owned the roadway over which lot owners had an easement, could be held respon-

sible for permanent erosion and sediment control measures in that roadway, even though the land-disturbing activity of the developers in developing the land occurred before the effective date of the regulations in question. *Cox v. State ex rel. Summers*, 81 N.C. App. 612, 344 S.E.2d 808, cert. denied, 318 N.C. 413, 349 S.E.2d 592 (1986).

§ 113A-54.1. Approval of erosion control plans.

(a) A draft erosion control plan must contain the applicant's address and, if the applicant is not a resident of North Carolina, designate a North Carolina agent for the purpose of receiving notice from the Commission or the Secretary of compliance or noncompliance with the plan, this Article, or any rules adopted pursuant to this Article. The Commission shall approve, approve with modifications, or disapprove a draft erosion control plan for those land-disturbing activities for which prior plan approval is required within 30 days of receipt. The Commission shall condition approval of a draft erosion control plan upon the applicant's compliance with federal and State water quality laws, regulations, and rules. Failure to approve, approve with modifications, or disapprove a completed draft erosion control plan within 30 days of receipt shall be deemed approval of the plan. If the Commission disapproves a draft erosion control plan or a revised erosion control plan, it must state in writing the specific reasons that the plan was disapproved. Failure to approve, approve with modifications, or disapprove a revised erosion control plan within 15 days of receipt shall be deemed approval of the plan. The Commission may establish an expiration date for erosion control plans approved under this Article.

(b) If, following commencement of a land-disturbing activity pursuant to an approved erosion control plan, the Commission determines that the plan is inadequate to meet the requirements of this Article, the Commission may require any revision of the plan that is necessary to comply with this Article. Failure to approve, approve with modifications, or disapprove a revised erosion control plan within 15 days of receipt shall be deemed approval of the plan.

(c) The Commission shall disapprove an erosion control plan if implementation of the plan would result in a violation of rules adopted by the Environmental Management Commission to protect riparian buffers along surface waters. The Director of the Division of Land Resources may disapprove an erosion control plan upon finding that an applicant or a parent, subsidiary, or other affiliate of the applicant:

- (1) Is conducting or has conducted land-disturbing activity without an approved plan, or has received notice of violation of a plan previously approved by the Commission or a local government pursuant to this Article and has not complied with the notice within the time specified in the notice;
- (2) Has failed to pay a civil penalty assessed pursuant to this Article or a local ordinance adopted pursuant to this Article by the time the payment is due;
- (3) Has been convicted of a misdemeanor pursuant to G.S. 113A-64(b) or any criminal provision of a local ordinance adopted pursuant to this Article; or
- (4) Has failed to substantially comply with State rules or local ordinances and regulations adopted pursuant to this Article.

(d) In the event that an erosion control plan is disapproved by the Director pursuant to subsection (c) of this section, the Director shall state in writing the specific reasons that the plan was disapproved. The applicant may appeal the Director's disapproval of the plan to the Commission. For purposes of this subsection and subsection (c) of this section, an applicant's record may be considered for only the two years prior to the application date. (1989, c. 676, s. 2; 1993 (Reg. Sess., 1994), c. 776, s. 4; 1998-221, s. 1.11(a); 1999-379, s. 1.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-54.2. Approval Fees.

(a) The Commission may establish a fee schedule for the review and approval of erosion control plans under this Article. In establishing the fee schedule, the Commission shall consider the administrative and personnel costs incurred by the Department for reviewing the plans and for related compliance activities. An application fee may not exceed fifty dollars (\$50.00) per acre of disturbed land shown on an erosion control plan or of land actually disturbed during the life of the project.

(b) The Sedimentation Account is established as a nonreverting account within the Department. Fees collected under this section shall be credited to the Account and shall be applied to the costs of administering this Article.

(c) Repealed by Session Laws 1991 (Reg. Sess., 1992), c. 1039, s. 3.

(d) This section may not limit the existing authority of local programs approved pursuant to this Article to assess fees for the approval of erosion control plans. (1989 (Reg. Sess., 1990), c. 906, s. 1; 1991 (Reg. Sess., 1992), c. 1039, s. 3; 1993 (Reg. Sess., 1994), c. 776, s. 5; 1999-379, s. 5.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-55. Authority of the Secretary.

The sedimentation control program developed by the Commission shall be administered by the Secretary under the direction of the Commission. To this end the Secretary shall employ the necessary clerical, technical, and administrative personnel, and assign tasks to the various divisions of the Department for the purpose of implementing this Article. The Secretary may bring enforcement actions pursuant to G.S. 113A-64 and G.S. 113A-65. The Secretary shall make final agency decisions in contested cases that arise from civil penalty assessments pursuant to G.S. 113A-64. (1973, c. 392, s. 6; c. 1417, s. 3; 1993 (Reg. Sess., 1994), c. 776, s. 6.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-56. Jurisdiction of the Commission.

(a) The Commission shall have jurisdiction, to the exclusion of local governments, to adopt rules concerning land-disturbing activities that are:

- (1) Conducted by the State;
- (2) Conducted by the United States;
- (3) Conducted by persons having the power of eminent domain;
- (4) Conducted by local governments; or
- (5) Funded in whole or in part by the State or the United States.

(b) The Commission may delegate the jurisdiction conferred by G.S. 113A-56(a), in whole or in part, to any other State agency that has submitted an erosion control program to be administered by it, if such program has been approved by the Commission as being in conformity with the general State program.

(c) The Commission shall have concurrent jurisdiction with local governments over all other land-disturbing activities. (1973, c. 392, s. 7; c. 1417, s. 4; 1987, c. 827, s. 130; 1987 (Reg. Sess., 1988), c. 1000, s. 4.)

Local Modification. — City of Raleigh: 1989 (Reg. Sess., 1990), c. 1043, s. 1.

Editor's Note. — Subsection (a) was amended by Session Laws 1987 (Reg. Sess., 1988), c. 1000, s. 4, in the coded bill drafting format provided by § 120-20.1. It has been set

out in the form above at the direction of the Revisor of Statutes.

For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

CASE NOTES

Funded by Governmental Entity. — If the state or United States provides a sum of money to be used for the purpose of construction, which involves some "land-disturbing activity," the governmental entity has "funded" that "land-disturbing activity" within the meaning of subdivision (a)(5). *City of Asheville v. Woodberry Assocs.*, 114 N.C. App. 377, 442 S.E.2d 328 (1994).

Use of Funds. — Even though construction project received a \$15,000 grant from the North Carolina Housing Finance Agency, the project was not partially "funded" by the United States; although a grant, funded with either federal or state monies, does qualify as funding, in this instance, however, the grant monies were not used to fund any "land-disturbing"

activities on the project site. The money from the grant was to be used, and was, in fact, used to install water and sewer lines to the project site. *City of Asheville v. Woodberry Assocs.*, 114 N.C. App. 377, 442 S.E.2d 328 (1994).

Loan Insured by HUD. — Even though the loan on project site was insured by United States Department of Housing and Urban Development (HUD) it was not "funded" by the United States; HUD's insuring of the loan involved some federal spending but that money was not used for the construction of the project but was instead used to induce some other party to provide money for the construction of the project. *City of Asheville v. Woodberry Assocs.*, 114 N.C. App. 377, 442 S.E.2d 328 (1994).

§ 113A-57. Mandatory standards for land-disturbing activity.

No land-disturbing activity subject to this Article shall be undertaken except in accordance with the following mandatory requirements:

- (1) No land-disturbing activity during periods of construction or improvement to land shall be permitted in proximity to a lake or natural watercourse unless a buffer zone is provided along the margin of the watercourse of sufficient width to confine visible siltation within the twenty-five percent (25%) of the buffer zone nearest the land-disturbing activity. Waters that have been classified as trout waters by the Environmental Management Commission shall have an undisturbed buffer zone 25 feet wide or of sufficient width to confine visible siltation within the twenty-five percent (25%) of the buffer zone nearest the land-disturbing activity, whichever is greater. Provided, however, that the Sedimentation Control Commission may approve plans which include land-disturbing activity along trout waters when the duration of said disturbance would be temporary and the extent of said disturbance would be minimal. This subdivision shall not apply to a land-disturbing activity in connection with the construction of facilities to be located on, over, or under a lake or natural watercourse.
- (2) The angle for graded slopes and fills shall be no greater than the angle which can be retained by vegetative cover or other adequate erosion-control devices or structures. In any event, slopes left exposed will, within 15 working days or 30 calendar days of completion of any phase of grading, whichever period is shorter, be planted or otherwise provided with ground cover, devices, or structures sufficient to restrain erosion.
- (3) Whenever land-disturbing activity is undertaken on a tract comprising more than one acre, if more than one acre is uncovered, the person conducting the land-disturbing activity shall install such sedimenta-

tion and erosion control devices and practices as are sufficient to retain the sediment generated by the land-disturbing activity within the boundaries of the tract during construction upon and development of said tract, and shall plant or otherwise provide a permanent ground cover sufficient to restrain erosion after completion of construction or development within a time period to be specified by rule of the Commission.

- (4) No person shall initiate any land-disturbing activity on a tract if more than one acre is to be uncovered unless, 30 or more days prior to initiating the activity, an erosion and sedimentation control plan for such activity is filed with the agency having jurisdiction. The agency having jurisdiction shall forward to the Director of the Division of Water Quality a copy of each erosion and sedimentation control plan for a land-disturbing activity that involves the utilization of ditches for the purpose of de-watering or lowering the water table of the tract. (1973, c. 392, s. 8; c. 1417, s. 5; 1975, c. 647, s. 2; 1979, c. 564; 1983 (Reg. Sess., 1984), c. 1014, s. 3; 1987, c. 827, s. 131; 1989, c. 676, s. 3; 1991, c. 275, s. 2; 1998-99, s. 1; 1999-379, s. 2.)

CASE NOTES

Legislative Intent. — Had the General assembly also wished subsections (1) and (2) to contain a one acre requirement they could have added it to these sections. *McHugh v. North Carolina Dep't of Env'tl., Health & Natural Resources*, 126 N.C. App. 469, 485 S.E.2d 861 (1997).

Applicability of One Acre Requirement. — Although subsections (3) and (4) contain a requirement that more than one acre of land must be uncovered before a violation will be found, the one acre requirement does not apply to subsections (1) and (2). *McHugh v. North Carolina Dep't of Env'tl., Health & Natural Resources*, 126 N.C. App. 469, 485 S.E.2d 861 (1997).

Application to Activities Occurring Prior to Effective Date of Article. — Application of this Article, the Sedimentation Pollution Control Act of 1973, to prevent erosion and sedimentation of public waters resulting from "land-disturbing" activities which occurred be-

fore the Article became effective does not constitute an unlawful retroactive application of the Article, since the purpose of the Article is to control erosion and sedimentation rather than only land-disturbing activities. *State ex rel. Lee v. Penland-Bailey Co.*, 50 N.C. App. 498, 274 S.E.2d 348 (1981).

Ownership of Land. — This section does not require that the party causing the disturbance has to own more than one acre of the land being uncovered. *Midway Grading Co. v. North Carolina Dep't of Env't, Health & Natural Resources*, 123 N.C. App. 501, 473 S.E.2d 20 (1996).

Applied in *In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act*, 324 N.C. 373, 379 S.E.2d 30 (1989); *Cramer Mt. Country Club & Properties, Inc. v. North Carolina Dep't of Natural Resources & Community Dev., Div. of Land Resources*, 102 N.C. App. 236, 401 S.E.2d 851 (1991).

§ 113A-58. Enforcement authority of the Commission.

In implementing the provisions of this Article the Commission is authorized and directed to:

- (1) Inspect or cause to be inspected the sites of land-disturbing activities to determine whether applicable laws, regulations or erosion control plans are being complied with;
- (2) Make requests, or delegate to the Secretary authority to make requests, of the Attorney General or solicitors for prosecutions of violations of this Article. (1973, c. 392, s. 9.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-59. Educational activities.

The Commission in conjunction with the soil and water conservation districts, the North Carolina Agricultural Extension Service, and other appropriate State and federal agencies shall conduct educational programs in erosion and sedimentation control, such programs to be directed towards State and local governmental officials, persons engaged in land-disturbing activities, and interested citizen groups. (1973, c. 392, s. 10.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-60. Local erosion control programs.

(a) Any local government may submit to the Commission for its approval an erosion and sediment control program for its jurisdiction, and to this end local governments are authorized to adopt ordinances and regulations necessary to establish and enforce erosion and sediment control programs. Local governments are authorized to create or designate agencies or subdivisions of local government to administer and enforce the programs. An ordinance adopted by a local government shall at least meet and may exceed the minimum requirements of this Article and the rules adopted pursuant to this Article. Two or more units of local government are authorized to establish a joint program and to enter into any agreements that are necessary for the proper administration and enforcement of the program. The resolutions establishing any joint program must be duly recorded in the minutes of the governing body of each unit of local government participating in the program, and a certified copy of each resolution must be filed with the Commission.

(b) The Commission shall review each program submitted and within 90 days of receipt thereof shall notify the local government submitting the program that it has been approved, approved with modifications, or disapproved. The Commission shall only approve a program upon determining that its standards equal or exceed those of this Article and rules adopted pursuant to this Article.

(c) If the Commission determines that any local government is failing to administer or enforce an approved erosion and sediment control program, it shall notify the local government in writing and shall specify the deficiencies of administration and enforcement. If the local government has not taken corrective action within 30 days of receipt of notification from the Commission, the Commission shall assume enforcement of the program until such time as the local government indicates its willingness and ability to resume administration and enforcement of the program. (1973, c. 392, s. 11; 1993 (Reg. Sess., 1994), c. 776, s. 7.)

§ 113A-61. Local approval of erosion control plans.

(a) For those land-disturbing activities for which prior approval of an erosion control plan is required, the Commission may require that a local government that administers an erosion and sediment control program approved under G.S. 113A-60 require the applicant to submit a copy of the erosion control plan to the appropriate soil and water conservation district or districts at the same time the applicant submits the erosion control plan to the local government for approval. The soil and water conservation district or districts shall review the plan and submit any comments and recommendations to the local government within 20 days after the soil and water conservation district received the erosion control plan or within any shorter period of time as may be agreed upon by the soil and water conservation district and the local government. Failure of a soil and water conservation district to submit comments and recommendations within 20 days or within agreed upon shorter period of time shall not delay final action on the proposed plan by the local government.

(b) Local governments shall review each erosion control plan submitted to them and within 30 days of receipt thereof shall notify the person submitting the plan that it has been approved, approved with modifications, or disapproved. A local government shall only approve a plan upon determining that it complies with all applicable State and local regulations for erosion and sediment control.

(b1) A local government shall condition approval of a draft erosion control plan upon the applicant's compliance with federal and State water quality laws, regulations, and rules. A local government shall disapprove an erosion control plan if implementation of the plan would result in a violation of rules adopted by the Environmental Management Commission to protect riparian buffers along surface waters. A local government may disapprove an erosion control plan upon finding that an applicant or a parent, subsidiary, or other affiliate of the applicant:

- (1) Is conducting or has conducted land-disturbing activity without an approved plan, or has received notice of violation of a plan previously approved by the Commission or a local government pursuant to this Article and has not complied with the notice within the time specified in the notice;
- (2) Has failed to pay a civil penalty assessed pursuant to this Article or a local ordinance adopted pursuant to this Article by the time the payment is due;
- (3) Has been convicted of a misdemeanor pursuant to G.S. 113A-64(b) or any criminal provision of a local ordinance adopted pursuant to this Article; or
- (4) Has failed to substantially comply with State rules or local ordinances and regulations adopted pursuant to this Article.

(b2) In the event that an erosion control plan is disapproved by a local government pursuant to subsection (b1) of this section, the local government shall so notify the Director of the Division of Land Resources within 10 days of such disapproval. The local government shall advise the applicant and the Director in writing as to the specific reasons that the plan was disapproved. Notwithstanding the provisions of subsection (c) of this section, the applicant may appeal the local government's disapproval of the plan directly to the Commission. For purposes of this subsection and subsection (b1) of this section, an applicant's record may be considered for only the two years prior to the application date.

(c) The disapproval or modification of any proposed erosion control plan by a local government shall entitle the person submitting the plan to a public

hearing if such person submits written demand for a hearing within 15 days after receipt of written notice of the disapproval or modification. The hearings shall be conducted pursuant to procedures adopted by the local government. If the local government upholds the disapproval or modification of a proposed erosion control plan following the public hearing, the person submitting the erosion control plan shall be entitled to appeal the local government's action disapproving or modifying the plan to the Commission. The Commission, by regulation, shall direct the Secretary to appoint such employees of the Department as may be necessary to hear appeals from the disapproval or modification of erosion control plans by local governments. In addition to providing for the appeal of local government decisions disapproving or modifying erosion control plans to designated employees of the Department, the Commission shall designate an erosion control plan review committee consisting of three members of the Commission. The person submitting the erosion control plan may appeal the decision of an employee of the Department who has heard an appeal of a local government action disapproving or modifying an erosion control plan to the erosion plan review committee of the Commission. Judicial review of the final action of the erosion plan review committee of the Commission may be had in the superior court of the county in which the local government is situated.

(d) Repealed by Session Laws 1989, c. 676, s. 4. (1973, c. 392, s. 12; 1979, c. 922, s. 1; 1989, c. 676, s. 4; 1993 (Reg. Sess., 1994), c. 776, ss. 8, 9; 1998-221, s. 1.11(b); 1999-379, s. 3.)

§ 113A-61.1. Inspection of land-disturbing activity; notice of violation.

(a) The Commission, a local government that administers an erosion and sediment control program approved under G.S. 113A-60, or other approving authority shall provide for inspection of land-disturbing activities to ensure compliance with this Article and to determine whether the measures required in an erosion control plan are effective in controlling erosion and sediment resulting from the land-disturbing activity. Notice of this right of inspection shall be included in the certificate of approval of each erosion control plan.

(b) No person shall willfully resist, delay, or obstruct an authorized representative of the Commission, an authorized representative of a local government, or an employee or an agent of the Department while the representative, employee, or agent is inspecting or attempting to inspect a land-disturbing activity under this section.

(c) If the Secretary, a local government that administers an erosion and sediment control program approved under G.S. 113A-60, or other approving authority determines that the person engaged in the land-disturbing activity has failed to comply with this Article, the Secretary, local government, or other approving authority shall immediately serve a notice of violation upon that person. The notice may be served by any means authorized under G.S. 1A-1, Rule 4. A notice of violation shall specify a date by which the person must comply with this Article and inform the person of the actions that need to be taken to comply with this Article. Any person who fails to comply within the time specified is subject to additional civil and criminal penalties for a continuing violation as provided in G.S. 113A-64. (1989, c. 676, s. 5; 1993 (Reg. Sess., 1994), c. 776, s. 10; 1999-379, s. 6.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-62. Cooperation with the United States.

The Commission is authorized to cooperate and enter into agreements with any agency of the United States government in connection with plans for erosion control with respect to land-disturbing activities on lands that are under the jurisdiction of such agency. (1973, c. 392, s. 13.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-63. Financial and other assistance.

The Commission and local governments are authorized to receive from federal, State, and other public and private sources financial, technical, and other assistance for use in accomplishing the purposes of this Article. (1973, c. 392, s. 14.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-64. Penalties.

(a) Civil Penalties. —

- (1) Any person who violates any of the provisions of this Article or any ordinance, rule, or order adopted or issued pursuant to this Article by the Commission or by a local government, or who initiates or continues a land-disturbing activity for which an erosion control plan is required except in accordance with the terms, conditions, and provisions of an approved plan, is subject to a civil penalty. The maximum civil penalty for a violation is five thousand dollars (\$5,000). A civil penalty may be assessed from the date of the violation. Each day of a continuing violation shall constitute a separate violation.
- (2) The Secretary or a local government that administers an erosion and sediment control program approved under G.S. 113A-60 shall determine the amount of the civil penalty and shall notify the person who is assessed the civil penalty of the amount of the penalty and the reason for assessing the penalty. The notice of assessment shall be served by any means authorized under G.S. 1A-1, Rule 4, and shall direct the violator to either pay the assessment or contest the assessment within 30 days by filing a petition for a contested case under Article 3 of Chapter 150B of the General Statutes. If a violator does not pay a civil penalty assessed by the Secretary within 30 days after it is due, the Department shall request the Attorney General to institute a civil action to recover the amount of the assessment. If a violator does not pay a civil penalty assessed by a local government within 30 days after it is due, the local government may institute a civil action to recover the amount of the assessment. The civil action may be brought in the superior court of any county where the violation occurred or the violator's residence or principal place of business is located. A civil action must be filed within three years of the date the assessment was due. An assessment that is not contested is due when

the violator is served with a notice of assessment. An assessment that is contested is due at the conclusion of the administrative and judicial review of the assessment.

- (3) In determining the amount of the penalty, the Secretary shall consider the degree and extent of harm caused by the violation, the cost of rectifying the damage, the amount of money the violator saved by noncompliance, whether the violation was committed willfully and the prior record of the violator in complying or failing to comply with this Article.
- (4) Repealed by Session Laws 1993 (Reg. Sess., 1994), c. 776, s. 11.
- (5) The clear proceeds of civil penalties collected by the Department or other State agency under this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. Civil penalties collected by a local government under this subsection shall be credited to the general fund of the local government as nontax revenue.

(b) **Criminal Penalties.** — Any person who knowingly or willfully violates any provision of this Article or any ordinance, rule, regulation, or order duly adopted or issued by the Commission or a local government, or who knowingly or willfully initiates or continues a land-disturbing activity for which an erosion control plan is required, except in accordance with the terms, conditions, and provisions of an approved plan, shall be guilty of a Class 2 misdemeanor which may include a fine not to exceed five thousand dollars (\$5,000). (1973, c. 392, s. 15; 1977, c. 852; 1987, c. 246, s. 3; 1987 (Reg. Sess., 1988), c. 1000, s. 5; 1989, c. 676, s. 6; 1991, c. 412, s. 2; c. 725, s. 5; 1993, c. 539, s. 873; 1994, Ex. CASE NOTES

Administrative Agencies' Power to Assess Civil Penalties Is Constitutional. — N.C. Const., Art. IV, § 3 does not prohibit the legislature from conferring the power on administrative agencies to assess civil penalties. In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act, 324 N.C. 373, 379 S.E.2d 30 (1989).

Administrative Agencies' Power to Exercise Discretion in Determining Civil Penalties. — N.C. Const., Art. IV, § 3 does not prohibit the legislature from conferring on administrative agencies the power to exercise discretion in determining civil penalties within an authorized range, provided that adequate guiding standards accompany that discretion. In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act, 324 N.C. 373, 379 S.E.2d 30 (1989).

Lack of Formally Adopted Guidelines Did Not Affect Substantial Right. — No substantial right of petitioners would have been prejudiced by a civil penalty based upon the secretary's application of the stated penalty

factors absent formally adopted guidelines; petitioners did not have a substantial right to calculate in advance, to the penny, whether the financial benefits of violating this Article would outweigh the possible expense of civil penalties. In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act, 92 N.C. App. 1, 373 S.E.2d 572 (1988), rev'd on other grounds, 324 N.C. 373, 379 S.E.2d 30 (1989).

Defendant Entitled to Jury Trial in Civil Action under Subdivision (a)(2). — Where the Attorney General, on behalf of the Department, filed action for the collection of civil penalties under subdivision (a)(2) of this section and for the imposition of an order enforcing compliance with this Article and an injunction under § 113A-66, the action was a civil action, not one for review of a final agency decision, and defendant, who requested a jury trial in his answer, was therefore entitled to jury trial on all factual issues. State ex rel. Lee v. Williams, 55 N.C. App. 80, 284 S.E.2d 572 (1981).

This Section Provides Sufficient Guid-

ance for Promulgation of Penalty Factors.

— This Article in general, and this section in particular, provides sufficient guidance for department's promulgation of penalty factors based on its experience and expertise in enforcing the Article; it is enough if general policies and standards have been articulated which are sufficient to provide direction to an administrative body possessing the expertise to adapt the legislative goals to varying circumstances. In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act, 92 N.C. App. 1, 373 S.E.2d 572 (1988), rev'd on other grounds, 324 N.C. 373, 379 S.E.2d 30 (1989).

Penalty Factors Reasonably Related to Administration and Enforcement of Article.

— Department's assessment was not based upon the secretary's "absolute" discretion, but instead upon numerous penalty factors which were reasonably related to the Article's administration and enforcement and resulted in a fair and reasoned penalty assessment. In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act, 92 N.C. App. 1, 373 S.E.2d 572 (1988), rev'd on other grounds, 324 N.C. 373, 379 S.E.2d 30 (1989).

Penalty Held Not Arbitrary or Capricious. — Where the penalty assessed by the Department of Natural Resources and Community Development (now Environment, Health, and Natural Resources) was within the statutory limits provided in this section, and the record evidenced the secretary's reasoned weighing of the penalty factors announced in 15

N.C. Adm. Code 4C.006, which were reasonably related to the Article's administration and enforcement, the department's assessment of the monetary penalty was not arbitrary and capricious. In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act, 92 N.C. App. 1, 373 S.E.2d 572 (1988), rev'd on other grounds, 324 N.C. 373, 379 S.E.2d 30 (1989).

The department's assessment was not rendered arbitrary and capricious because it was based on penalty factors set forth in a properly adopted administrative regulation rather than in this section itself. In re Appeal from Civil Penalty Assessed for Violations of Sedimentation Pollution Control Act, 92 N.C. App. 1, 373 S.E.2d 572 (1988), rev'd on other grounds, 324 N.C. 373, 379 S.E.2d 30 (1989).

Applicable Statute of Limitations. — The one-year statute of limitations contained in § 1-54(2) does not apply to the assessment of a civil penalty by the Secretary of the Department of Environment, Health and Natural Resources (now the Secretary of Environment and Natural Resources) pursuant to subdivision (a) because the assessment of the penalty is not an "action or proceeding" as those terms are used in § 1-54. *Ocean Hill Joint Venture v. North Carolina Dep't of Environment, Health & Natural Resources*, 333 N.C. 318, 426 S.E.2d 274 (1993).

§ 113A-64.1. Restoration of areas affected by failure to comply.

The Secretary or a local government that administers a local erosion and sediment control program approved under G.S. 113A-60 may require a person who engaged in a land-disturbing activity and failed to retain sediment generated by the activity, as required by G.S. 113A-57(3), to restore the waters and land affected by the failure so as to minimize the detrimental effects of the resulting pollution by sedimentation. This authority is in addition to any other civil or criminal penalty or injunctive relief authorized under this Article. (1993 (Reg. Sess., 1994), c. 776, s. 12.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-65. Injunctive relief.

(a) **Violation of State Program.** — Whenever the Secretary has reasonable cause to believe that any person is violating or is threatening to violate the requirements of this Article he may, either before or after the institution of any other action or proceeding authorized by this Article, institute a civil action for injunctive relief to restrain the violation or threatened violation. The action shall be brought in the superior court of the county in which the violation or

threatened violation is occurring or about to occur, and shall be in the name of the State upon the relation of the Secretary.

(b) Violation of Local Program. — Whenever the governing body of a local government having jurisdiction has reasonable cause to believe that any person is violating or is threatening to violate any ordinance, rule, regulation, or order adopted or issued by the local government pursuant to this Article, or any term, condition or provision of an erosion control plan over which it has jurisdiction, may, either before or after the institution of any other action or proceeding authorized by this Article, institute a civil action in the name of the local government for injunctive relief to restrain the violation or threatened violation. The action shall be brought in the superior court of the county in which the violation is occurring or is threatened.

(c) Abatement, etc., of Violation. — Upon determination by a court that an alleged violation is occurring or is threatened, the court shall enter any order or judgment that is necessary to abate the violation, to ensure that restoration is performed, or to prevent the threatened violation. The institution of an action for injunctive relief under subsections (a) or (b) of this section shall not relieve any party to the proceeding from any civil or criminal penalty prescribed for violations of this Article. (1973, c. 392, s. 16; 1993 (Reg. Sess., 1994), c. 776, s. 13.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

§ 113A-65.1. Stop-work orders.

(a) The Secretary may issue a stop-work order if he finds that a land-disturbing activity is being conducted in violation of this Article or of any rule adopted or order issued pursuant to this Article, that the violation is knowing and willful, and that either:

- (1) Off-site sedimentation has eliminated or severely degraded a use in a lake or natural watercourse or that such degradation is imminent.
- (2) Off-site sedimentation has caused severe damage to adjacent land or that such damage is imminent.
- (3) The land-disturbing activity is being conducted without an approved plan.

(b) The stop-work order shall be in writing and shall state what work is to be stopped and what measures are required to abate the violation. The order shall include a statement of the findings made by the Secretary pursuant to subsection (a) of this section, and shall list the conditions under which work that has been stopped by the order may be resumed. The delivery of equipment and materials which does not contribute to the violation may continue while the stop-work order is in effect. A copy of this section shall be attached to the order.

(c) The stop-work order shall be served by the sheriff of the county in which the land-disturbing activity is being conducted or by some other person duly authorized by law to serve process as provided by G.S. 1A-1, Rule 4, and shall be served on the person at the site of the land-disturbing activity who is in operational control of the land-disturbing activity. The sheriff or other person duly authorized by law to serve process shall post a copy of the stop-work order in a conspicuous place at the site of the land-disturbing activity. The Department shall also deliver a copy of the stop-work order to any person that the Department has reason to believe may be responsible for the violation.

(d) The directives of a stop-work order become effective upon service of the order. Thereafter, any person notified of the stop-work order who violates any

of the directives set out in the order may be assessed a civil penalty as provided in G.S. 113A-64(a). A stop-work order issued pursuant to this section may be issued for a period not to exceed five days.

(e) The Secretary shall designate an employee of the Department to monitor compliance with the stop-work order. The name of the employee so designated shall be included in the stop-work order. The employee so designated, or the Secretary, shall rescind the stop-work order if all the violations for which the stop-work order are issued are corrected, no other violations have occurred, and all measures necessary to abate the violations have been taken. The Secretary shall rescind a stop-work order that is issued in error.

(f) The issuance of a stop-work order shall be a final agency decision subject to judicial review in the same manner as an order in a contested case pursuant to Article 4 of Chapter 150B of the General Statutes. The petition for judicial review shall be filed in the superior court of the county in which the land-disturbing activity is being conducted.

(g) As used in this section, days are computed as provided in G.S. 1A-1, Rule 6. Except as otherwise provided, the Secretary may delegate any power or duty under this section to the Director of the Division of Land Resources of the Department or to any person who has supervisory authority over the Director. The Director may delegate any power or duty so delegated only to a person who is designated as acting Director.

(h) The Attorney General shall file a cause of action to abate the violations which resulted in the issuance of a stop-work order within two days of the service of the stop-work order. The cause of action shall include a motion for an ex parte temporary restraining order to abate the violation and to effect necessary remedial measures. The resident superior court judge, or any judge assigned to hear the motion for the temporary restraining order, shall hear and determine the motion within two days of the filing of the complaint. The clerk of superior court shall accept complaints filed pursuant to this section without the payment of filing fees. Filing fees shall be paid to the clerk of superior court within 30 days of the filing of the complaint. (1991, c. 412, s. 1; 1998-99, s. 2.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

CASE NOTES

The authority to assess civil penalties under § 113A-64 is still necessary to the enforcement of the Sedimentation Pollution Con-

trol Act (SPCA). *State ex rel. Cobey v. Cook*, 118 N.C. App. 70, 453 S.E.2d 553 (1995).

§ 113A-66. Civil relief.

(a) Any person injured by a violation of this Article or any ordinance, rule, or order duly adopted by the Secretary or a local government, or by the initiation or continuation of a land-disturbing activity for which an erosion control plan is required other than in accordance with the terms, conditions, and provisions of an approved plan, may bring a civil action against the person alleged to be in violation (including the State and any local government). The action may seek:

- (1) Injunctive relief;
- (2) An order enforcing the law, rule, ordinance, order, or erosion control plan violated; or
- (3) Damages caused by the violation; or
- (4) Both damages and an enforcement order.

If the amount of actual damages as found by the court or jury in suits brought under this subsection is five thousand dollars (\$5,000) or less, the plaintiff shall be awarded costs of litigation including reasonable attorneys fees and expert witness fees.

(b) Civil actions under this section shall be brought in the superior court of the county in which the alleged violations occurred.

(c) The court, in issuing any final order in any action brought pursuant to this section may award costs of litigation (including reasonable attorney and expert-witness fees) to any party, whenever it determines that such an award is appropriate. The court may, if a temporary restraining order or preliminary injunction is sought, require, the filing of a bond or equivalent security, the amount of such bond or security to be determined by the court.

(d) Nothing in this section shall restrict any right which any person (or class of persons) may have under any statute or common law to seek injunctive or other relief. (1973, c. 392, s. 17; 1987 (Reg. Sess., 1988), c. 1000, s. 6.)

Editor's Note. — For conditional or temporary exemptions to this section, see the Editor's notes under § 113A-1.

CASE NOTES

Defendant Held Entitled to Jury Trial.

— Where the Attorney General, on behalf of the Department, filed an action for the collection of civil penalties under § 113A-64(a)(2) and for the imposition of an order enforcing compliance with this Article and an injunction under this section, the action was a civil action, not one for review of a final agency decision, and defendant, who requested a jury trial in his answer, was therefore entitled to jury trial on all factual issues. *State ex rel. Lee v. Williams*, 55 N.C. App. 80, 284 S.E.2d 572 (1981).

Downstream landowner could recover for damages caused by sediment runoff from an upstream landowner's property into a stream and a lake where there was substantial evidence that the upstream landowner's development was found to be out of compliance with the North Carolina Sedimentation Pollution Control Act of 1973, § 113A-50 et seq. *Whiteside Estates, Inc. v. Highlands Cove, L.L.C.*, — N.C. App. —, 553 S.E.2d 431, 2001 N.C. App. LEXIS 970 (2001).

Punitive Damages Not Recoverable. — The Act only provides for the recovery of "damages caused by the violation," and because

punitive damages are designed to punish a party and are not awarded as compensation, they are not recoverable under the Act. *Huberth v. Holly*, 120 N.C. App. 348, 462 S.E.2d 239 (1995).

Attorney Fees. — Where a landowner sued a neighboring landowner for nuisance, trespass, and violation of the North Carolina Sedimentation Pollution Control Act of 1973, § 113A-50 et seq., based on damages caused by the neighboring landowner's construction activity, no apportionment of attorney fees was required. *Whiteside Estates, Inc. v. Highlands Cove, L.L.C.*, — N.C. App. —, 553 S.E.2d 431, 2001 N.C. App. LEXIS 970 (2001).

Expert Witness Fees. — Trial court erred in awarding expert witness fees under § 113A-66(c), where there was no showing that the expert witnesses appeared under subpoena as required by § 7A-314. *Whiteside Estates, Inc. v. ARTICLE 5.

*North Carolina Appalachian Trails System Act.***§ 113A-72. Short title.**

This Article may be cited as the North Carolina Appalachian Trails System Act. (1973, c. 545, s. 1.)

§ 113A-73. Policy and purpose.

(a) In order to provide for the ever-increasing outdoor recreation needs of an expanded population and in order to promote public access to, travel within, and enjoyment and appreciation of the open-air, outdoor areas of the State, the Appalachian Trail should be protected in North Carolina as a segment of the National Scenic Trails System.

(b) The purpose of this Article is to provide the means for attaining these objectives by instituting a North Carolina Appalachian Trail System, designating the Appalachian Trail lying or located in the North Carolina Counties of Avery, Mitchell, Yancey, Madison, Haywood, Swain, Graham, Macon, and Clay, as defined in the Federal Register of the National Trails Act as the basic component of that System, and by prescribing the methods by which, and standards according to which, additional connecting trails may be added to the System. (1973, c. 545, s. 2.)

§ 113A-74. Appalachian Trails System; connecting or side trails; coordination with the National Trails System Act.

Connecting or side trails may be established, designated and marked as components of the Appalachian Trail System by the Department of Environment and Natural Resources in consultation with the federal agencies charged with the responsibility for the administration and management of the Appalachian Trail in North Carolina. Criteria and standards of establishment will coincide with those set forth in the National Trails System Act (PL 90-543). (1973, c. 545, s. 3; 1977, c. 771, s. 4; 1989, c. 727, s. 218(61); 1997-443, s. 11A.119(a).)

§ 113A-75. Assistance under this Article with the National Trails System Act (PL 90-543).

(a) The Department of Administration in cooperation with other appropriate State departments shall consult with the federal agencies charged with the administration of the Appalachian Trail in North Carolina and develop a mutually agreeable plan for the orderly and coordinated acquisition of Appalachian Trail right-of-way and the associated tracts, as needed, to provide a suitable environment for the Appalachian Trail in North Carolina.

(b) The Department of Environment and Natural Resources and the federal agencies charged with the responsibility of the administration of the Appalachian Trail in North Carolina shall give due consideration to the conservation of the environment of the Appalachian Trail and, in accordance with the National Trails System Act, may obtain advice and assistance from local

governments, Carolina Mountain Club, Nantahala Hiking Club, Piedmont Appalachian Trail Hikers, Appalachian Trail Conference, other interested organizations and individuals, landowners and land users concerned.

(c) The Board of Transportation shall cooperate and assist in carrying out the purposes of this Article and the National Trails System Act where their highway projects cross or may be adjacent to any component of the Appalachian Trail System.

(d) Lands acquired by the State of North Carolina within the 200-foot right-of-way of the Appalachian Trail and within the exterior boundaries of the Pisgah or Nantahala National Forests, will be conveyed to the United States Forest Service as the federal agency charged with the responsibility for the administration and management of the Appalachian Trail within these specific areas.

(e) Lands acquired by the State of North Carolina outside of the boundaries of the Appalachian Trail right-of-way will be administered by the appropriate State department in such a manner as to preserve and enhance the environment of the Appalachian Trail.

(f) In consultation with the Department of Environment and Natural Resources, the federal agency charged with the responsibility of the administration of the Appalachian Trail in North Carolina shall establish use regulations in accordance with the National Trails System Act.

(g) The use of motor vehicles on the trails of the North Carolina Appalachian Trail System may be authorized when such use is necessary to meet emergencies or to enable adjacent landowners to have reasonable access to their lands and timber rights provided that the granting of this access is in accordance with limitations and conditions of such use set forth in the National Trails System Act. (1973, c. 507, s. 5; c. 545, s. 4; 1977, c. 771, s. 4; 1989, c. 727, s. 218(62); 1997-443, s. 11A.119(a).)

§ 113A-76. Acquisition of rights-of-way and lands; manner of acquiring.

The State of North Carolina may use lands for trail purposes within the boundaries of areas under its administration that are included in the rights-of-way selected for the Appalachian Trail System. The Department of Administration may acquire lands or easements by donation or purchase with funds donated or appropriated for such purpose. (1973, c. 545, s. 5.)

§ 113A-77. Expenditures authorized.

The Department is authorized to spend any federal, State, local or private funds available for this purpose to the Department for acquisition and development of the Appalachian Trail System. (1973, c. 545, s. 6; 1977, c. 771, s. 4; 1989, c. 727, s. 125.)

§§ 113A-78 through 113A-82: Reserved for future codification purposes.

ARTICLE 6.

*North Carolina Trails System.***§ 113A-83. Short title.**

This Article shall be known and may be cited as the “North Carolina Trails System Act.” (1973, c. 670, s. 1.)

(b) The purpose of this Article is to provide the means for attaining these objectives by instituting a State system of scenic and recreation trails, coordinated with and complemented by existing and future local trail segments or systems, and by prescribing the methods by which, and standards according to which, components may be added to the State trails system. (1973, c. 670, s. 1; c. 1262, s. 82; 1987, c. 827, s. 132.)

Cross References. — As to the creation, Carolina Trails Committee, see §§ 143B-333, composition, powers and duties of the North 143B-334.

§ 113A-89. Location of trails.

The process of locating routes of designated trails to be added to the system shall be as follows:

For State scenic trails, the Secretary or a designee, after consulting with the Committee, shall recommend a route. For State recreation trails and for connecting or side trails, the Secretary or a designee, after consulting with the Committee, shall select the route. The Secretary may provide technical assistance to political subdivisions or private, nonprofit organizations that develop, construct, or maintain designated trails or other public trails that complement the State trails system. When a route shall traverse land within the jurisdiction of a governmental unit or political subdivision, the Department shall consult with such unit or such subdivision prior to its final determination of the location of the route. The selected route shall be compatible with preservation or enhancement of the environment it traverses. Reasonable effort shall be made to minimize any adverse effects upon adjacent landowners and users. Notice of the selected route shall be published by the Department in a newspaper of general circulation in the area in which the trail is located, together with appropriate maps and descriptions to be conspicuously posted at the appropriate courthouse. Such publication shall be prior to the designation of the trail by the Secretary. (1973, c. 670, s. 1; 1993, c. 184, s. 5.)

§ 113A-90. Scenic easements within right-of-way.

Within the boundaries of the right-of-way, the Secretary of the North Carolina Department of Administration may acquire, on behalf of the State of North Carolina, lands in fee title, or interest in land in the form of scenic easements, cooperative agreements, easements of surface ingress and egress running with the land, leases, or less than fee estates. Acquisition of land or of interest therein may be by gift, purchased with donated funds or funds appropriated by the governmental agencies for this purpose, proceeds from the sale of bonds or exchange. Any change in value of land resulting from the grant of an easement shall be taken into consideration in the assessment of the land for tax purposes. (1973, c. 670, s. 1.)

§ 113A-91. Trails within parks; conflict of laws.

Any component of the System that is or shall become a part of any State park, recreation area, wildlife management area, or similar area shall be subject to the provisions of this Article as well as any other laws under which the other areas are administered, and in the case of conflict between the provisions the more restrictive provisions shall apply. (1973, c. 670, s. 1.)

§ 113A-92. Uniform trail markers.

The Department, in consultation with the Committee, shall establish a uniform marker for trails contained in the System. An additional appropriate symbol characterizing specific trails may be included on the marker. The markers shall be placed at all access points, together with signs indicating the modes of locomotion that are prohibited for the trail, provided that where the trail constitutes a portion of a national scenic trail, use of the national scenic trail uniform marker shall be considered sufficient. The route of the trail and the boundaries of the right-of-way shall be adequately marked. (1973, c. 670, s. 1.)

§ 113A-92.1. Adopt-A-Trail Program.

The Department shall establish an Adopt-A-Trail Program to coordinate with the Trails Committee and local groups or persons on trail development and maintenance. Local involvement shall be encouraged, and interested groups are authorized to “adopt-a-trail” for such purposes as placing trail markers, trail building, trail blazing, litter control, resource protection, and any other activities related to the policies and purposes of this Article. (1987, c. 738, s. 153(a).)

§ 113A-93. Administrative policy.

The North Carolina Trails System shall be administered by the Department according to the policies and criteria set forth in this Article. The Department shall, in addition, have or designate the responsibility for maintaining the trails, building bridges, campsites, shelters, and related public-use facilities where required. (1973, c. 670, s. 1.)

§ 113A-94. Incorporation in National Trails System.

Nothing in this Article shall preclude a component of the State Trails System from becoming a part of the National Trails System. The Secretary shall coordinate the State Trails System with the National Trails System and is directed to encourage and assist any federal studies for inclusion of North Carolina trails in the National Trails System. The Department may enter into written cooperative agreements for joint federal-State administration of a North Carolina component of the National Trails System, provided such agreements for administration of land uses are not less restrictive than those set forth in this Article. (1973, c. 670, s. 1.)

§ 113A-95. Trail use liability.

(a) Any person, as an owner, lessee, occupant, or otherwise in control of land, who allows without compensation another person to use the land for designated trail or other public trail purposes or to construct, maintain, or cause to be constructed or maintained a designated trail or other public trail owes the person the same duty of care he owes a trespasser.

(b) Any person who without compensation has constructed, maintained, or caused to be constructed or maintained a designated trail or other public trail pursuant to a written agreement with any person who is an owner, lessee, occupant, or otherwise in control of land on which a trail is located shall owe a person using the trail the same duty of care owed a trespasser.

(c) Repealed by Session Laws 1993, c. 184, s. 6, effective July 21, 1993. (1987, c. 498, s. 1; 1991, c. 38, s. 1; 1993, c. 184, s. 6.)

§§ 113A-96 through 113A-99: Reserved for future codification purposes.

ARTICLE 7.

Coastal Area Management.

Part 1. Organization and Goals.

§ 113A-100. Short title.

This Article shall be known as the Coastal Area Management Act of 1974. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1981, c. 932, s. 2.1.)

Temporary Rules Regarding Exceptions to Setback. — Session Laws 2000-142, s. 3, provides that, notwithstanding G.S. 150B-21.3(a) and 26 NCAC 2C.0102(11), the Coastal Resources Commission may adopt a temporary rule to establish criteria for exceptions to the regulatory requirement, effective August 1, 2000, of a 30-foot development setback along public trust and estuarine waters to allow construction of residences on previously platted undeveloped lots of 5,000 square feet or less that are located in intensively developed areas and that would otherwise be prohibited under rules adopted by the Commission pursuant to Article 7 of Chapter 113A of the General Statutes. The temporary rule shall become effective upon its adoption by the Commission and shall remain in effect until a permanent rule that replaces the temporary rule becomes effective.

Session Laws 2001-418, ss. 1 to 3, authorize the Coastal Resources Commission to adopt temporary rules to establish additional exceptions to the 30-foot buffer requirement along public trust and estuarine waters in certain circumstances and to allow structural modifications to piers to prevent or minimize storm damage.

Study of Environmental Rules. — Session Laws 2001-491, ss. 25.1 to 25.9, creates the House Select Study Committee on Various Environmental Rules.

Section 25.1 of Session Laws 2001-491 states: "The purpose of the House Select Study Committee on Various Environmental Rules is to determine:

"(1) The effect of certain environmental impacts upon tourism in the State.

"(2) The involvement of appropriate locally elected officials in the rule-making process regarding the environmental rules subject to study under Section 25.3 of this part, whether there should be more involvement by locally elected officials, and, if so, what specific acts of involvement.

"(3) Whether an economic impact statement

should be prepared for any proposed rule that is subject to study under Section 25.3 of this part [s. 25.3 of Session Laws 2001-491], and, if so, whether an economic impact statement should take into account the county or the region of the State affected by the proposed rule.

"(4) The working relationships among boards, commissions, or authorities that adopt any rules subject to study under Section 25.3 of this part [s. 25.3 of Session Laws 2001-491].

"(5) The extent to which property owners are unduly burdened by rules subject to study under Section 25.3 of this part [s. 25.3 of Session Laws 2001-491]."

Section 25.3 of Session Laws 2001-491 provides: "The House Select Study Committee on Various Environmental Rules may study any current rule adopted by, or any rule proposed by, the Environmental Management Commission or by the Coastal Resources Commission under the Coastal Area Management Act of 1974, Article 7 of Chapter 113A of the General Statutes, regarding the following subjects as well as the process whereby any such rule is adopted:

"(1) The creation, preservation, maintenance, and restoration of riparian buffers, buffers along lake shorelines, or buffers along the North Carolina coast.

"(2) Control of erosion and sedimentation resulting from the Department of Transportation engaging in land-disturbing activities.

"(3) The process of obtaining an air quality permit.

"(4) Any other current rule adopted by, or any rule proposed by, the Environmental Management Commission or by the Coastal Resources Commission under the Coastal Area Management Act of 1974, Article 7 of Chapter 113A of the General Statutes, that the Committee determines is appropriate for study."

Section 25.4 of Session Laws 2001-491 provides that the Committee is to submit a final report of its findings and recommendations by February 1, 2003, and may also make an in-

terim report, including recommended legislation, to the 2002 Regular Session of the 2001 General Assembly. The report may include draft legislation to implement its recommendations along with an analysis of the fiscal impact of each recommendation. The Committee shall terminate upon filing its final report.

Session Laws 2001-491, s. 1, provides: "This act shall be known as 'The Studies Act of 2001.'"

Development Within Buffer Under Certain Criteria. — Session Laws 2001-494, ss. 1 to 5, provide: "Section 1. Where application of the buffer requirement set out in 15A NCAC 7H.0209(d)(10) (North Carolina Register; Volume 16, Issue 1, Pages 8 through 14; 2 July 2001) would preclude placement of a residential structure on an undeveloped lot platted prior to 1 June 1999 that is 5,000 square feet or less that does not require an on-site septic system, or on an undeveloped lot that is 7,500 feet or less that requires an on-site septic system, development may be permitted within the buffer if all the following criteria are met:

"(1) The lot on which the proposed residential structure is to be located is located between:

"a. Two existing waterfront residential structures, both of which are within 100 feet of the center of the lot and at least one of which encroaches into the buffer, or

"b. An existing waterfront residential structure that encroaches into the buffer and a road, canal, or other open body of water, both of which are within 100 feet of the center of the lot.

"(2) Development of the lot shall minimize the impacts to the buffer and reduce runoff by limiting land disturbance to only so much as is necessary to construct and provide access to the residence and to allow installation or connection of utilities.

"(3) Placement of the residential structure and pervious decking may be aligned no further into the buffer than the existing residential structures and existing pervious decking on adjoining lots.

"(4) The first one and one-half inches of rainfall from all impervious surfaces on the lot shall be collected and contained on-site in accordance with the design standards for stormwater management for coastal counties as specified in 15A NCAC 2H.1005. The stormwater management system shall be designed by an individual who meets applicable State occupational licensing requirements for the type of system proposed and approved during the permit application process. If the residential structure encroaches into the buffer, then no other impervious surfaces will be allowed within the buffer.

"(5) The lot must not be adjacent to waters designated as approved or conditionally approved shellfish waters by the Shellfish Sanita-

tion Section of the Division of Environmental Health of the Department of Environment and Natural Resources.

"Section 2. The Coastal Resources Commission may grant a variance from the provisions of Section 1 of this act [s. 1 of Session Laws 2001-494] as provided in G.S. 113A-120.1.

"Section 3. The Coastal Resources Commission may adopt a temporary rule to amend 15A NCAC 7H.0209 that incorporates the provision of Section 1 of this act [s. 1 of Session Laws 2001-494]. Notwithstanding G.S. 150B-21.1(d), a temporary rule adopted in accordance with this section shall remain in effect until the permanent rule that incorporates the temporary rule becomes effective. Notwithstanding G.S. 150B-21.1(a) (2), this act [Session Laws 2001-494] shall not be construed to authorize the adoption of temporary rules except as specifically provided in this section [s. 3 of Session Laws 2001-494].

"Section 4. Except as provided by Section 1 of this act [s. 1 of Session Laws 2001-494], this act [Session Laws 2001-494] does not limit the authority of the Coastal Resources Commission to adopt rules regulating coastal shoreline development or development within areas of environmental concern pursuant to Chapter 113A of the General Statutes.

"Section 5. The Environmental Review Commission may study the standards for the granting of variances under G.S. 113A-120.1 by the Coastal Resources Commission under the Coastal Area Management Act of 1974. In conducting this study, the Environmental Review Commission may consider the decision of the Court of Appeals in *Williams v. North Carolina Department of Environment and Natural Resources et al.* (548 S.E.2d 793, 3 July 2001) and any subsequent proceedings. The Environmental Review Commission may report its findings and recommendations, if any, to the 2002 Regular Session of the 2001 General Assembly."

Editor's Note. — Session Laws 2001-494, s. 7, provides that if the Coastal Resources Commission adopts a temporary rule as provided in s. 3 of the act, s. 1 of the act expires when the temporary rule becomes effective.

CASE NOTES

Right to Trial by Jury. — This Article, the Coastal Area Management Act (CAMA) provides for a trial by jury only where a party owning land affected by a final decision of the Coastal Resources Commission petitions the superior court alleging a taking; there is no other statutory authority in CAMA, nor in the Dredge and Fill Act, granting a right to trial by jury. State ex rel. Rhodes v. Simpson, 325 N.C. 514, 385 S.E.2d 329 (1989).

Trial court erred in granting defendant's demand for a jury trial in state-initiated proceeding seeking mandatory injunctive relief under this Article, the Coastal Area Management Act (CAMA) and the Dredge and Fill Act for the removal of fill material on defendant's property. Since such an action neither existed at common law nor by statute at the time of the adoption of the Constitution of 1868, N.C. Const., Art. I, § 25 did not apply. State ex rel. Rhodes v. Simpson, 325 N.C. 514, 385 S.E.2d 329 (1989).

In an action brought by the State seeking preliminary injunction to require removal of sign and compliance with Coastal Area Management Act (CAMA), sign company was not entitled to trial by jury since it had not asserted a "right and remedy" existing when State Constitution was adopted and since CAMA did not provide statutory right to jury trial. State ex rel. Rhodes v. Givens, 101 N.C. App. 695, 400 S.E.2d 745 (1991).

The basic thrust of this Article is directed toward protecting areas of environmental concern by requiring permits for development in those areas. Rankin v. Coleman, 394 F. Supp. 647 (E.D.N.C. 1975), modified on other grounds, 401 F. Supp. 664 (E.D.N.C. 1975).

The coastal counties constitute a valid legislative class for the purpose of addressing the special and urgent environmental problems found in the coastal zone. Adams v. North Carolina Dep't of Natural & Economic Resources, 295 N.C. 683, 249 S.E.2d 402 (1978).

This Article, the Coastal Area Management Act of 1974, is a general law which the General Assembly had power to enact. Adams v. North Carolina Dep't of Natural & Economic Resources, 295 N.C. 683, 249 S.E.2d 402 (1978).

This Article, the Coastal Area Management Act of 1974, properly delegates au-

thority to the Coastal Resources Commission to develop, adopt and amend State guidelines for the coastal area. Adams v. North Carolina Dep't of Natural & Economic Resources, 295 N.C. 683, 249 S.E.2d 402 (1978).

The authority delegated to the Coastal Resources Commission is accompanied by adequate guiding standards in the form of legislative declarations of goals and policies and procedural safeguards. The General Assembly properly delegated to the Commission the authority to prepare and adopt State guidelines for the coastal area. Adams v. North Carolina Dep't of Natural & Economic Resources, 295 N.C. 683, 249 S.E.2d 402 (1978).

Balancing of Costs and Benefits Not Appropriate. — In enacting the Coastal Area Management Act, the General Assembly has established its priorities through a comprehensive regulatory scheme, completely prohibiting, e.g., construction of bulkheads and other stabilization structures in wetlands, or the filling of wetlands therein; in that context, it is inappropriate, under the statute and the rules promulgated pursuant to it, for the courts to attempt to balance the private costs of restoration against the benefits of the coastal wetlands environment. State ex rel. Cobey v. Simpson, 333 N.C. 81, 423 S.E.2d 759 (1992).

§ 113A-101. Cooperative State-local program.

This Article establishes a cooperative program of coastal area management between local and State governments. Local government shall have the initiative for planning. State government shall establish areas of environmental concern. With regard to planning, State government shall act primarily in a supportive standard-setting and review capacity, except where local governments do not elect to exercise their initiative. Enforcement shall be a concurrent State-local responsibility. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1981, c. 932, s. 2.1.)

§ 113A-102. Legislative findings and goals.

(a) Findings. — It is hereby determined and declared as a matter of legislative finding that among North Carolina's most valuable resources are its coastal lands and waters. The coastal area, and in particular the estuaries, are among the most biologically productive regions of this State and of the nation. Coastal and estuarine waters and marshlands provide almost ninety percent (90%) of the most productive sport fisheries on the east coast of the United States. North Carolina's coastal area has an extremely high recreational and esthetic value which should be preserved and enhanced.

In recent years the coastal area has been subjected to increasing pressures which are the result of the often-conflicting needs of a society expanding in industrial development, in population, and in the recreational aspirations of its citizens. Unless these pressures are controlled by coordinated management, the very features of the coast which make it economically, esthetically, and ecologically rich will be destroyed. The General Assembly therefore finds that an immediate and pressing need exists to establish a comprehensive plan for the protection, preservation, orderly development, and management of the coastal area of North Carolina.

In the implementation of the coastal area management plan, the public's opportunity to enjoy the physical, esthetic, cultural, and recreational qualities of the natural shorelines of the State shall be preserved to the greatest extent feasible; water resources shall be managed in order to preserve and enhance water quality and to provide optimum utilization of water resources; land resources shall be managed in order to guide growth and development and to minimize damage to the natural environment; and private property rights shall be preserved in accord with the Constitution of this State and of the United States.

(b) Goals. — The goals of the coastal area management system to be created pursuant to this Article are as follows:

- (1) To provide a management system capable of preserving and managing the natural ecological conditions of the estuarine system, the barrier dune system, and the beaches, so as to safeguard and perpetuate their natural productivity and their biological, economic and esthetic values;
- (2) To insure that the development or preservation of the land and water resources of the coastal area proceeds in a manner consistent with the capability of the land and water for development, use, or preservation based on ecological considerations;

- (3) To insure the orderly and balanced use and preservation of our coastal resources on behalf of the people of North Carolina and the nation;
- (4) To establish policies, guidelines and standards for:
 - a. Protection, preservation, and conservation of natural resources including but not limited to water use, scenic vistas, and fish and wildlife; and management of transitional or intensely developed areas and areas especially suited to intensive use or development, as well as areas of significant natural value;
 - b. The economic development of the coastal area, including but not limited to construction, location and design of industries, port facilities, commercial establishments and other developments;
 - c. Recreation and tourist facilities and parklands;
 - d. Transportation and circulation patterns for the coastal area including major thoroughfares, transportation routes, navigation channels and harbors, and other public utilities and facilities;
 - e. Preservation and enhancement of the historic, cultural, and scientific aspects of the coastal area;
 - f. Protection of present common-law and statutory public rights in the lands and waters of the coastal area;
 - g. Any other purposes deemed necessary or appropriate to effectuate the policy of this Article. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1981, c. 932, s. 2.1.)

CASE NOTES

Commission Has Been Given Adequate Guidelines. — The goals, policies and criteria outlined in this section and § 113A-113 provide the members of the Coastal Resources Commission with an adequate notion of the legislative parameters within which they are to operate in the exercise of their delegated powers. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

The declarations of legislative findings and goals articulated in this section and the criteria for designating areas of environmental concern in § 113A-113 are as specific as the circumstances permit. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

Scope of Regulation. — The Coastal Area Management Act does not merely regulate sig-

nificant development, but all development in North Carolina's coastal wetlands. *State ex rel. Cobey v. Simpson*, 333 N.C. 81, 423 S.E.2d 759 (1992).

Revised zoning ordinance which prohibited further development of wet and dry boat storage at marinas was within the police power of the State and consistent with this Article, the Coastal Area Management Act. *Issuance of Cama Minor Dev. § 113A-103. Definitions.

As used in this Article:

- (1) "Advisory Council" means the Coastal Resources Advisory Council created by G.S. 113A-105.
- (1a) "Boat" means a vessel or watercraft of any type or size specifically designed to be self-propelled, whether by engine, sail, oar, or paddle or other means, which is used to travel from place to place by water.
- (2) "Coastal area" means the counties that (in whole or in part) are adjacent to, adjoining, intersected by or bounded by the Atlantic Ocean (extending offshore to the limits of State jurisdiction, as may be identified by rule of the Commission for purposes of this Article, but in no event less than three geographical miles offshore) or any coastal sound. The Governor, in accordance with the standards set forth in

this subdivision and in subdivision (3) of this section, shall designate the counties that constitute the "coastal area," as defined by this section, and his designation shall be final and conclusive. On or before May 1, 1974, the Governor shall file copies of a list of said coastal-area counties with the chairmen of the boards of commissioners of each county in the coastal area, with the mayors of each incorporated city within the coastal area (as so defined) having a population of 2,000 or more and of each incorporated city having a population of less than 2,000 whose corporate boundaries are contiguous with the Atlantic Ocean, and with the Secretary of State. The said coastal-area counties and cities shall thereafter transmit nominations to the Governor of members of the Coastal Resources Commission as provided in G.S. 113A-104(d).

- (3) "Coastal sound" means Albemarle, Bogue, Core, Croatan, Currituck, Pamlico and Roanoke Sounds. For purposes of this Article, the inland limits of a sound on a tributary river shall be defined as the limits of seawater encroachment on said tributary river under normal conditions. "Normal conditions" shall be understood to include regularly occurring conditions of low stream flow and high tide, but shall not include unusual conditions such as those associated with hurricane and other storm tides. Unless otherwise determined by the Commission, the limits of seawater encroachment shall be considered to be the confluence of a sound's tributary river with the river or creek entering it nearest to the farthest inland movement of oceanic salt water under normal conditions. For purposes of this Article, the aforementioned points of confluence with tributary rivers shall include the following:
- a. On the Chowan River, its confluence with the Meherrin River;
 - b. On the Roanoke River, its confluence with the northeast branch of the Cashie River;
 - c. On the Tar River, its confluence with Tranters Creek;
 - d. On the Neuse River, its confluence with Swift Creek;
 - e. On the Trent River, its confluence with Ready Branch.

Provided, however, that no county shall be considered to be within the coastal area which: (i) is adjacent to, adjoining or bounded by any of the above points of confluence and lies entirely west of said point of confluence; or (ii) is not bounded by the Atlantic Ocean and lies entirely west of the westernmost of the above points of confluence.

- (4) "Commission" means the Coastal Resources Commission created by G.S. 113A-104.
- (4a) "Department" means the Department of Environment and Natural Resources.
- (5)a. "Development" means any activity in a duly designated area of environmental concern (except as provided in paragraph b of this subdivision) involving, requiring, or consisting of the construction or enlargement of a structure; excavation; dredging; filling; dumping; removal of clay, silt, sand, gravel or minerals; bulkheading, driving of pilings; clearing or alteration of land as an adjunct of construction; alteration or removal of sand dunes; alteration of the shore, bank, or bottom of the Atlantic Ocean or any sound, bay, river, creek, stream, lake, or canal; or placement of a floating structure in an area of environmental concern identified in G.S. 113A-113(b)(2) or (b)(5).
- b. The following activities including the normal and incidental operations associated therewith shall not be deemed to be development under this section:

1. Work by a highway or road agency for the maintenance of an existing road, if the work is carried out on land within the boundaries of the existing right-of-way;
2. Work by any railroad company or by any utility and other persons engaged in the distribution and transmission of petroleum products, water, telephone or telegraph messages, or electricity for the purpose of inspecting, repairing, maintaining, or upgrading any existing substations, sewers, mains, pipes, cables, utility tunnels, lines, towers, poles, tracks, and the like on any of its existing railroad or utility property or rights-of-way, or the extension of any of the above distribution-related facilities to serve development approved pursuant to G.S. 113A-121 or 113A-122;
3. Work by any utility and other persons for the purpose of construction of facilities for the development, generation, and transmission of energy to the extent that such activities are regulated by other law or by present or future rules of the State Utilities Commission regulating the siting of such facilities (including environmental aspects of such siting), and work on facilities used directly in connection with the above facilities;
4. The use of any land for the purposes of planting, growing, or harvesting plants, crops, trees, or other agricultural or forestry products, including normal private road construction, raising livestock or poultry, or for other agricultural purposes except where excavation or filling affecting estuarine waters (as defined in G.S. 113-229) or navigable waters is involved;
5. Maintenance or repairs (excluding replacement) necessary to repair damage to structures caused by the elements or to prevent damage to imminently threatened structures by the creation of protective sand dunes.
6. The construction of any accessory building customarily incident to an existing structure if the work does not involve filling, excavation, or the alteration of any sand dune or beach;
7. Completion of any development, not otherwise in violation of law, for which a valid building or zoning permit was issued prior to ratification of this Article and which development was initiated prior to the ratification of this Article;
8. Completion of installation of any utilities or roads or related facilities not otherwise in violation of law, within a subdivision that was duly approved and recorded prior to the ratification of this Article and which installation was initiated prior to the ratification of this Article;
9. Construction or installation of any development, not otherwise in violation of law, for which an application for a building or zoning permit was pending prior to the ratification of this Article and for which a loan commitment (evidenced by a notarized document signed by both parties) had been made prior to the ratification of this Article; provided, said building or zoning application is granted by July 1, 1974;
10. It is the intention of the General Assembly that if the provisions of any of the foregoing subparagraphs 1 to 10 of this paragraph are held invalid as a grant of an exclusive or separate emolument or privilege or as a denial of the equal protection of the laws, within the meaning of Article I, Secs.

19 and 32 of the North Carolina Constitution, the remainder of this Article shall be given effect without the invalid provision or provisions.

- c. The Commission shall define by rule (and may revise from time to time) certain classes of minor maintenance and improvements which shall be exempted from the permit requirements of this Article, in addition to the exclusions set forth in paragraph b of this subdivision. In developing such rules the Commission shall consider, with regard to the class or classes of units to be exempted:
 1. The size of the improved or scope of the maintenance work;
 2. The location of the improvement or work in proximity to dunes, waters, marshlands, areas of high seismic activity, areas of unstable soils or geologic formations, and areas enumerated in G.S. 113A-113(b)(3); and
 3. Whether or not dredging or filling is involved in the maintenance or improvement.

A structure shall be considered a floating structure when it is inhabited or used for commercial purposes for more than thirty days in any one location. A boat may be considered a floating structure when its means of propulsion has been removed or rendered inoperative.
- (6) "Key facilities" include the site location and the location of major improvement and major access features of key facilities, and mean:
 - a. Public facilities, as determined by the Commission, on nonfederal lands which tend to induce development and urbanization of more than local impact, including but not limited to:
 1. Any major airport designed to serve as a terminal for regularly scheduled air passenger service or one of State concern;
 2. Major interchanges between the interstate highway system and frontage-access streets or highways; major interchanges between other limited-access highways and frontage-access streets or highways;

- (10) Repealed by Session Laws 1987, c. 827, s. 133.
- (11) "Secretary" means the Secretary of Environment and Natural Resources, except where otherwise specified in this Article. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1981, c. 913, s. 1; c. 932, s. 2.1; 1987, c. 827,

sor of Statutes, the subdivisions in the act having been designated (12) and (13), respectively.

CASE NOTES

“Coastal Area.” — The boundaries of the coastal area could not be formulated with mathematical exactness. The criterion ultimately chosen by the General Assembly to distinguish the salty coastal sounds from the fresh water coastal rivers which fed into the sounds was “the limit of seawater encroachment” on a given coastal river under normal conditions. The western boundary of the coastal zone as determined by use of the seawater encroachment criterion is reasonably related to the purpose of this Article. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

The definition in subdivision (2) accurately reflects the unique geography of the coastal area. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

The coastal counties constitute a valid legislative class for the purpose of addressing the special and urgent environmental problems found in the coastal zone. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

Inland Limits of Coastal Sounds Are Western Boundary of Coastal Zone. — The inland limits of the coastal sounds in effect constitute the western boundaries of the coastal zone for purposes of this Article. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

Jones and Pitt Counties Excluded. — Two counties, Jones and Pitt, were excluded from this Article as the result of the General Assembly excluding from the coverage of this Article all counties which adjoined a point of

confluence and lay entirely west of said point. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

The slight extent of seawater encroachment into Jones and Pitt counties was of no significance to an accurate and reasonable definition of the coastal area. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

The purpose of the exception of subparagraph (5)b7 was to exempt projects that were already underway and were so far along in their development that to require a permit under this Article would be unfair and possibly a denial of constitutionally protected vested private property rights. *Pamlico Marine Co. v. North Carolina Dep't of Natural Resources & Community Dev.*, 80 N.C. App. 201, 341 S.E.2d 108 (1986).

Applicability of Subparagraph (5)b7. — The exception in subparagraph (5)b7 did not apply to replacement of decking merely because original marina and pilings were built before the ratification of this Article, the Coastal Area Management Act, as petitioner had to obtain a new building permit from the Town of Bath prior to building this decking, which permit was issued after the ratification of CAMA. *Pamlico Marine Co. v. North Carolina Dep't of Natural Resources & Community Dev.*, 80 N.C. App. 201, 341 S.E.2d 108 (1986).

§ 113A-104. Coastal Resources Commission.

(a) Established. — The General Assembly hereby establishes within the Department of Environment and Natural Resources a commission to be designated the Coastal Resources Commission.

(b) Composition. — The Coastal Resources Commission shall consist of 15 members appointed by the Governor, as follows:

- (1) One who shall at the time of appointment be actively connected with or have experience in commercial fishing.
- (2) One who shall at the time of appointment be actively connected with or have experience in wildlife or sports fishing.

- (3) One who shall at the time of appointment be actively connected with or have experience in marine ecology.
- (4) One who shall at the time of appointment be actively connected with or have experience in coastal agriculture.
- (5) One who shall at the time of appointment be actively connected with or have experience in coastal forestry.
- (6) One who shall at the time of appointment be actively connected with or have experience in coastal land development.
- (7) One who shall at the time of appointment be actively connected with or have experience in marine-related business (other than fishing and wildlife).
- (8) One who shall at the time of appointment be actively connected with or have experience in engineering in the coastal area.
- (9) One who shall at the time of appointment be actively associated with a State or national conservation organization.
- (10) One who shall at the time of appointment be actively connected with or have experience in financing of coastal land development.
- (11) Two who shall at the time of appointment be actively connected with or have experience in local government within the coastal area.
- (12) Three at-large members.

(c) Appointment of Members. — Appointments to the Commission shall be made to provide knowledge and experience in a diverse range of coastal interests. The members of the Commission shall serve and act on the Commission solely for the best interests of the public and public trust, and shall bring their particular knowledge and experience to the Commission for that end alone.

The Governor shall appoint in his sole discretion those members of the Commission whose qualifications are described in subdivisions (6) and (10), and one of the three members described in subdivision (12) of subsection (b) of this section.

The remaining members of the Commission shall be appointed by the Governor after completion of the nominating procedures prescribed by subsection (d) of this section. The members of the Commission whose qualifications are described in subdivisions (1) through (5), (9), and (11), shall be persons who do not derive any significant portion of their income from land development, construction, real estate sales, or lobbying and do not otherwise serve as agents for development-related business activities. The Governor shall require adequate disclosure of potential conflicts of interest by members. The Governor, by executive order, shall promulgate criteria regarding conflicts of interest and disclosure thereof for determining the eligibility of persons under this section.

(d) Nominations for Membership. — On or before May 1 in every even-numbered year the Governor shall designate and transmit to the board of commissioners in each county in the coastal area four nominating categories applicable to that county for that year. Said nominating categories shall be selected by the Governor from among the categories represented, respectively by subdivisions (1), (2), (3), (4), (5), (7), (8), (9), (11) — two persons, and (12) — two persons, of subsection (b) of this section (or so many of the above-listed paragraphs as may correspond to vacancies by expiration of term that are subject to being filled in that year). On or before June 1 in every even-numbered year the board of commissioners of each county in the coastal area shall nominate (and transmit to the Governor the names of) one qualified person in each of the four nominating categories that was designated by the Governor for that county for that year. In designating nominating categories from biennium to biennium, the Governor shall equitably rotate said categories among the several counties of the coastal area as in his judgment he deems

best; and he shall assign, as near as may be, an even number of nominees to each nominating category and shall assign in his best judgment any excess above such even number of nominees. On or before June 1 in every even-numbered year the governing body of each incorporated city within the coastal area shall nominate and transmit to the Governor the name of one person as a nominee to the Commission. In making nominations, the boards of county commissioners and city governing bodies shall give due consideration to the nomination of women and minorities. The Governor shall appoint 12 persons from among said city and county nominees to the Commission. The several boards of county commissioners and city governing bodies shall transmit the names, addresses, and a brief summary of the qualifications of their nominees to the Governor on or before June 1 in each even-numbered year, beginning in 1974; provided, that the Governor, by registered or certified mail, shall notify the chairman or the mayors of the said local governing boards by May 20 in each such even-numbered year of the duties of local governing boards under this sentence. If any board of commissioners or city governing body fails to transmit its list of nominations to the Governor by June 1, the Governor may add to the nominations a list of qualified nominees in lieu of those that were not transmitted by the board of commissioners or city governing body; Provided however, the Governor may not add to the list a nominee in lieu of one not transmitted by an incorporated city within the coastal area that neither has a population of 2,000 or more nor is contiguous with the Atlantic Ocean. Within the meaning of this section, the "governing body" is the mayor and council of a city as defined in G.S. 160A-66. The population of cities shall be determined according to the most recent annual estimates of population as certified to the Secretary of Revenue by the Secretary of Administration.

(e) Residential Qualifications. — All nominees of the several boards of county commissioners and city governing bodies must reside within the coastal area, but need not reside in the county from which they were nominated. No more than one of those members appointed by the Governor from among said nominees may reside in a particular county. No more than two members of the entire Commission, at any time, may reside in a particular county. No more than two members of the entire Commission, at any time, may reside outside the coastal area.

(f) Office May Be Held Concurrently with Others. — Membership on the Coastal Resources Commission is hereby declared to be an office that may be held concurrently with other elective or appointive offices in addition to the maximum number of offices permitted to be held by one person under G.S. 128-1.1.

(g) Terms. — The members shall serve staggered terms of office of four years. At the expiration of each member's term, the Governor shall reappoint or replace the member with a new member of like qualification (as specified in subsection (b) of this section), in the manner provided by subsections (c) and (d) of this section. The initial term shall be determined by the Governor in accordance with customary practice but eight of the initial members shall be appointed for two years and seven for four years.

(h) Vacancies. — In the event of a vacancy arising otherwise than by expiration of term, the Governor shall appoint a successor of like qualification (as specified in subsection (b) of this section) who shall then serve the remainder of his predecessor's term. When any such vacancy arises, the Governor shall immediately notify the board of commissioners of each county in the coastal area and the governing body of each incorporated city within the coastal area. Within 30 days after receipt of such notification each such county board and city governing body shall nominate and transmit to the Governor the name and address of one person who is qualified in the category represented by the position to be filled, together with a brief summary of the

qualifications of the nominee. The Governor shall make the appointment from among said city and county nominees. If any county board or city governing body fails to make a timely transmittal of its nominee, the Governor may add to the nominations a qualified person in lieu of said nominee; Provided however, the Governor may not add to the list a nominee in lieu of one not transmitted by an incorporated city within the coastal area that neither has a population of 2,000 or more nor is contiguous with the Atlantic Ocean.

(i) Officers. — The chairman shall be designated by the Governor from among the members of the Commission to serve as chairman at the pleasure of the Governor. The vice-chairman shall be elected by and from the members of the Commission and shall serve for a term of two years or until the expiration of his regularly appointed term.

(j) Compensation. — The members of the Commission shall receive per diem and necessary travel and subsistence expenses in accordance with the provisions of G.S. 138-5.

(k) In making appointments to and filling vacancies upon the Commission, the Governor shall give due consideration to securing appropriate representation of women and minorities.

(l) Regular attendance at Commission meetings is a duty of each member. The Commission shall develop procedures for declaring any seat on the Commission to be vacant upon failure by a member to perform this duty. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1977, c. 771, s. 4; c. 486, ss. 1-6; 1981, c. 932, s. 2.1; 1989, c. 505; c. 727, s. 218(64); 1997-443, s. 11A.119(a).)

Temporary Rules Regarding Exceptions to Setback. — Session Laws 2001-418, ss. 1 to 3, authorize the Coastal Resources Commission to adopt temporary rules to establish additional exceptions to the 30-foot buffer requirement along public trust and estuarine waters in certain circumstances and to allow structural modifications to piers to prevent or minimize storm damage.

Development Within Buffer Under Certain Criteria. — Session Laws 2001-494, ss. 1 to 5, provide: "Section 1. Where application of the buffer requirement set out in 15A NCAC 7H.0209(d)(10) (North Carolina Register; Volume 16, Issue 1, Pages 8 through 14; 2 July 2001) would preclude placement of a residential structure on an undeveloped lot platted prior to 1 June 1999 that is 5,000 square feet or less that does not require an on-site septic system, or on an undeveloped lot that is 7,500 feet or less that requires an on-site septic system, development may be permitted within the buffer if all the following criteria are met:

"(1) The lot on which the proposed residential structure is to be located is located between:

"a. Two existing waterfront residential structures, both of which are within 100 feet of the center of the lot and at least one of which encroaches into the buffer, or

"b. An existing waterfront residential structure that encroaches into the buffer and a road, canal, or other open body of water, both of which are within 100 feet of the center of the lot.

"(2) Development of the lot shall minimize the impacts to the buffer and reduce runoff by limiting land disturbance to only so much as is necessary to construct and provide access to the residence and to allow installation or connection of utilities.

"(3) Placement of the residential structure and pervious decking may be aligned no further into the buffer than the existing residential structures and existing pervious decking on adjoining lots.

"(4) The first one and one-half inches of rainfall from all impervious surfaces on the lot shall be collected and contained on-site in accordance with the design standards for stormwater management for coastal counties as specified in 15A NCAC 2H.1005. The stormwater management system shall be designed by an individual who meets applicable State occupational licensing requirements for the type of system proposed and approved during the permit application process. If the residential structure encroaches into the buffer, then no other impervious surfaces will be allowed within the buffer.

"(5) The lot must not be adjacent to waters designated as approved or conditionally approved shellfish waters by the Shellfish Sanitation Section of the Division of Environmental Health of the Department of Environment and Natural Resources.

"Section 2. The Coastal Resources Commission may grant a variance from the provisions of Section 1 of this act [s. 1 of Session Laws 2001-494] as provided in G.S. 113A-120.1.

"Section 3. The Coastal Resources Commis-

sion may adopt a temporary rule to amend 15A NCAC 7H.0209 that incorporates the provision of Section 1 of this act [s. 1 of Session Laws 2001-494]. Notwithstanding G.S. 150B-21.1(d), a temporary rule adopted in accordance with this section shall remain in effect until the permanent rule that incorporates the temporary rule becomes effective. Notwithstanding G.S. 150B-21.1(a) (2), this act [Session Laws 2001-494] shall not be construed to authorize the adoption of temporary rules except as specifically provided in this section [s. 3 of Session Laws 2001-494].

"Section 4. Except as provided by Section 1 of this act [s. 1 of Session Laws 2001-494], this act [Session Laws 2001-494] does not limit the authority of the Coastal Resources Commission to adopt rules regulating coastal shoreline development or development within areas of environmental concern pursuant to Chapter 113A

of the General Statutes.

"Section 5. The Environmental Review Commission may study the standards for the granting of variances under G.S. 113A-120.1 by the Coastal Resources Commission under the Coastal Area Management Act of 1974. In conducting this study, the Environmental Review Commission may consider the decision of the Court of Appeals in *Williams v. North Carolina Department of Environment and Natural Resources et al.* (548 S.E.2d 793, 3 July 2001) and any subsequent proceedings. The Environmental Review Commission may report its findings and recommendations, if any, to the 2002 Regular Session of the 2001 General Assembly."

Session Laws 2001-494, s. 7, provides that if the Coastal Resources Commission adopts a temporary rule as provided in s. 3 of the act, s. 1 of the act expires when the temporary rule becomes effective.

The Commission shall approve Coastal Habitat Protection Plans as provided in G.S. 143B-279.8. (1997-400, s. 3.3.)

Editor's Note. — Session Laws 1997-400, s. 6.15, made this section effective July 1, 1998.

Session Laws 1997-400, s. 1.1, provides: "This act shall be known as the Fisheries Reform Act of 1997."

Session Laws 1997-400, s. 6.13, is a severability clause.

§ 113A-107. State guidelines for the coastal area.

(a) State guidelines for the coastal area shall consist of statements of objectives, policies, and standards to be followed in public and private use of land and water areas within the coastal area. Such guidelines shall be consistent with the goals of the coastal area management system as set forth in G.S. 113A-102. They shall give particular attention to the nature of development which shall be appropriate within the various types of areas of environmental concern that may be designated by the Commission under Part 3. Land and water areas addressed in the State guidelines may include underground areas and resources, and airspace above the land and water, as well as the surface of the land and surface waters. Such guidelines shall be used in the review of applications for permits issued pursuant to this Article and for review of and comment on proposed public, private and federal agency activities that are subject to review for consistency with State guidelines for the coastal area. Such comments shall be consistent with federal laws and regulations.

(b) The Commission shall be responsible for the preparation, adoption, and amendment of the State guidelines. A person who receives a proposed rule may send written comments on the proposed rule to the Commission within 30 days after receiving the proposed rule. The Commission shall consider any comments received in determining whether to adopt the proposed rule.

(d), (e) Repealed by Session Laws 1987, c. 827, s. 134.

CASE NOTES

Legislative Intent — Amendment of Rules. — Commission offered no support for its argument that recodified § 113A-107 did not apply to amendment of existing guidelines; the legislature did not intend to create differing obligations to give notice in the adoption of new rules and the amendment of existing rules. *Conservation Council v. Haste*, 102 N.C. App. 411, 402 S.E.2d 447 (1991).

Authority Properly Delegated. — This Article, the Coastal Area Management Act of 1974, properly delegates authority to the Coastal Resources Commission to develop, adopt and amend State guidelines for the coastal area. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

The authority delegated to the Coastal Resources Commission is accompanied by adequate guiding standards in the form of legislative declarations of goals and policies and procedural safeguards. The General Assembly properly delegated to the Commission the authority to prepare and adopt State guidelines for the coastal area. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

The purpose of CAMA's input and review provisions is to curb arbitrary and unreasoned action by the CRC. *Conservation Council v. Haste*, 102 N.C. App. 411, 402 S.E.2d 447 (1991).

Input and Review Provisions Guard Against Arbitrary Commission Action. — The broad provisions in this section for input and review by groups representing all levels and types of agencies and interests provide a substantial curb against arbitrary and unreasoned action by the Coastal Resources Commission. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

Commission Rules Subject to Review. — Pursuant to former § 120-30.24 et seq., all rules adopted by the Coastal Resources Commission are subject to review by a permanent committee of the Legislative Research Commission known as the Administrative Rules Committee. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

Construction with Administrative Procedure Act. — The mandatory provisions of the Administrative Procedure Act, § 150B-1 et seq., must be read as complementing the procedural safeguards in this Article, the Coastal Area Management Act of 1974. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

Amendments to the State guidelines by the Coastal Resources Commission are considered administrative rulemaking and are thus subject to the comprehensive additional safeguards contained in § 150B-1 et seq., the Administrative Procedure Act. *Adams v. North Carolina Dep't of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978).

Temporary Rules Must Comply with APA and CAMA. — A temporary rule issued under former § 150B-13 of the Administrative Procedure Act (APA) failed to comply with Coastal Area Management Act's (CAMA's) notice and comment provisions; the mandatory provisions of the APA complement the procedural safeguards in the CAMA; the temporary rule provisions of § 150B-13 exempt agencies only from the APA notice and comment requirements; clearly, the General Assembly did not intend that the Commission use APA temporary rules to circumvent public review and comment on major projects that could affect the State's coastal resources. *Conservation Council v. Haste*, 102 N.C. App. 411, 402 S.E.2d 447 (1991).

§ 113A-108. Effect of State guidelines.

All local land-use plans adopted pursuant to this Article within the coastal area shall be consistent with the State guidelines. No permit shall be issued under Part 4 of this Article which is inconsistent with the State guidelines. Any State land policies governing the acquisition, use and disposition of land by State departments and agencies shall take account of and be consistent with the State guidelines adopted under this Article, insofar as lands within the coastal area are concerned. Any State land classification system which shall be promulgated shall take account of and be consistent with the State guidelines adopted under this Article, insofar as it applies to lands within the coastal area. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1981, c. 932, s. 2.1.)

§ 113A-109. County letter of intent; timetable for preparation of land-use plan.

Within 120 days after July 1, 1974, each county within the coastal area shall submit to the Commission a written statement of its intent to develop a land-use plan under this Article or its intent not to develop such a plan. If any county states its intent not to develop a land-use plan or fails to submit a statement of intent within the required period, the Commission shall prepare and adopt a land-use plan for that county. If a county states its intent to develop a land-use plan, it shall complete the preparation and adoption of such plan within 480 days after adoption of the State guidelines. In the event of failure by any county to complete its required plan within this time, the Commission shall promptly prepare and adopt such a plan.

In any case where the Commission has adopted a land-use plan for a county that county may prepare its own land-use plan in accordance with the procedures of this Article, and upon approval of such plan by the Commission it shall supersede the Commission's plan on a date specified by the Commission. (1973, c. 1284, s. 1; 1975, c. 452, ss. 1, 5; 1981, c. 932, s. 2.1.)

§ 113A-110. Land-use plans.

(a) A land-use plan for a county shall, for the purpose of this Article, consist of statements of objectives, policies, and standards to be followed in public and private use of land within the county, which shall be supplemented by maps showing the appropriate location of particular types of land or water use and their relationships to each other and to public facilities and by specific criteria for particular types of land or water use in particular areas. The plan shall give special attention to the protection and appropriate development of areas of environmental concern designated under Part 3. The plan shall be consistent with the goals of the coastal area management system as set forth in G.S. 113A-102 and with the State guidelines adopted by the Commission under G.S. 113A-107. The plan shall be adopted, and may be amended from time to time, in accordance with the procedures set forth in this section.

(b) The body charged with preparation and adoption of a county's land-use plan (whether the county government or the Commission) may delegate some or all of its responsibilities to the lead regional organization for the region of

which the county is a part. Any such delegation shall become effective upon the acceptance thereof by the lead regional organization. Any county proposing a delegation to the lead regional organization shall give written notice thereof to the Commission at least two weeks prior to the date on which such action is to be taken. Any city or county within the coastal area may also seek the assistance or advice of its lead regional organization in carrying out any planning activity under this Article.

(c) The body charged with preparation and adoption of a county's land-use plan (whether the county or the Commission or a unit delegated such responsibility) may either (i) delegate to a city within the county responsibility for preparing those portions of the land-use plan which affect land within the city's zoning jurisdiction or (ii) receive recommendations from the city concerning those portions of the land-use plan which affect land within the city's zoning jurisdiction, prior to finally adopting the plan or any amendments thereto or (iii) delegate responsibility to some cities and receive recommendations from other cities in the county. The body shall give written notice to the Commission of its election among these alternatives. On written application from a city to the Commission, the Commission shall require the body to delegate plan-making authority to that city for land within the city's zoning jurisdiction if the Commission finds that the city is currently enforcing its zoning ordinance, its subdivision regulations, and the State Building Code within such jurisdiction.

(d) The body charged with adoption of a land-use plan may either adopt it as a whole by a single resolution or adopt it in parts by successive resolutions; said parts may either correspond with major geographical sections or divisions of the county or with functional subdivisions of the subject matters of the plan. Amendments and extensions to the plan may be adopted in the same manner.

(e) Prior to adoption or subsequent amendment of any land-use plan, the body charged with its preparation and adoption (whether the county or the Commission or a unit delegated such responsibility) shall hold a public hearing at which public and private parties shall have the opportunity to present comments and recommendations. Notice of the hearing shall be given not less than 30 days before the date of the hearing and shall state the date, time, and place of the hearing; the subject of the hearing; the action which is proposed; and that copies of the proposed plan or amendment are available for public inspection at a designated office in the county courthouse during designated hours. Any such notice shall be published at least once in a newspaper of general circulation in the county.

(f) No land-use plan shall become finally effective until it has been approved by the Commission. The county or other unit adopting the plan shall transmit it, when adopted, to the Commission for review. The Commission shall afford interested persons an opportunity to present objections and comments regarding the plan, and shall review and consider each county land-use plan in light of such objections and comments, the State guidelines, the requirements of this Article, and any generally applicable standards of review adopted by rule of the Commission. Within 45 days after receipt of a county land-use plan the Commission shall either approve the plan or notify the county of the specific changes which must be made in order for it to be approved. Following such changes, the plan may be resubmitted in the same manner as the original plan.

(g) Copies of each county land-use plan which has been approved, and as it may have been amended from time to time, shall be maintained in a form available for public inspection by (i) the county, (ii) the Commission, and (iii) the lead regional organization of the region which includes the county. § 113A-111. Effect of land-use plan.

No permit shall be issued under Part 4 of this Article for development which is inconsistent with the approved land-use plan for the county in which it is proposed. No local ordinance or other local regulation shall be adopted which, within an area of environmental concern, is inconsistent with the land-use plan of the county or city in which it is effective; any existing local ordinances and regulations within areas of environmental concern shall be reviewed in light of the applicable local land-use plan and modified as may be necessary to make them consistent therewith. All local ordinances and other local regulations affecting a county within the coastal area, but not affecting an area of environmental concern, shall be reviewed by the Commission for consistency with the applicable county and city land-use plans and, if the Commission finds any such ordinance or regulation to be inconsistent with the applicable land-use plan, it shall transmit recommendations for modification to the adopting local government. § 113A-112. Planning grants.

The Secretary is authorized to make grants to local governmental units for the purpose of assisting in the development of local plans and management programs under this Article. The Secretary shall develop and administer generally applicable criteria under which local governments may qualify for such assistance. The Secretary may condition payment of a grant on the completion of the local plan or management program and may pay the grant in installments based on satisfactory completion of specific elements of the plan or program and on approval of the plan or program by the Commission. Of the funds appropriated to the Department to make grants under this section, the Department may carry forward to the next fiscal year funds in the amount necessary to pay grants awarded or extended in any fiscal year. Part 3. Areas of Environmental Concern.

§ 113A-113. Areas of environmental concern; in general.

(a) The Coastal Resources Commission shall by rule designate geographic areas of the coastal area as areas of environmental concern and specify the boundaries thereof, in the manner provided in this Part.

(b) The Commission may designate as areas of environmental concern any one or more of the following, singly or in combination:

- (1) Coastal wetlands as defined in G.S. 113-229(n)(3) and contiguous areas necessary to protect those wetlands;
- (2) Estuarine waters, that is, all the water of the Atlantic Ocean within the boundary of North Carolina and all the waters of the bays, sounds, rivers, and tributaries thereto seaward of the dividing line between coastal fishing waters and inland fishing waters, as set forth in the most recent official published agreement adopted by the Wildlife Resources Commission and the Department of Environment and Natural Resources;
- (3) Renewable resource areas where uncontrolled or incompatible development which results in the loss or reduction of continued long-range productivity could jeopardize future water, food or fiber requirements of more than local concern, which may include:
 - a. Watersheds or aquifers that are present sources of public water supply, as identified by the Department or the Environmental Management Commission, or that are classified for water-supply use pursuant to G.S. 143-214.1;
 - b. Capacity use areas that have been declared by the Environmental Management Commission pursuant to G.S. 143-215.13(c) and areas wherein said Environmental Management Commission (pursuant to G.S. 143-215.3(d) or 143-215.3(a)(8)) has determined that a generalized condition of water depletion or water or air pollution exists;
 - c. Prime forestry land (sites capable of producing 85 cubic feet per acre-year, or more, of marketable timber), as identified by the Department.
- (4) Fragile or historic areas, and other areas containing environmental or natural resources of more than local significance, where uncontrolled or incompatible development could result in major or irreversible damage to important historic, cultural, scientific or scenic values or natural systems, which may include:
 - a. Existing national or State parks or forests, wilderness areas, the State Nature and Historic Preserve, or public recreation areas; existing sites that have been acquired for any of the same, as identified by the Secretary; and proposed sites for any of the same, as identified by the Secretary, provided that the proposed site has been formally designated for acquisition by the governmental agency having jurisdiction;
 - b. Present sections of the natural and scenic rivers system;

- c. Stream segments that have been classified for scientific or research uses by the Environmental Management Commission, or that are proposed to be so classified in a proceeding that is pending before said Environmental Management Commission pursuant to G.S. 143-214.1 at the time of the designation of the area of environmental concern;
 - d. Existing wildlife refuges, preserves or management areas, and proposed sites for the same, as identified by the Wildlife Resources Commission, provided that the proposed site has been formally designated for acquisition (as hereinafter defined) or for inclusion in a cooperative agreement by the governmental agency having jurisdiction;
 - e. Complex natural areas surrounded by modified landscapes that do not drastically alter the landscape, such as virgin forest stands within a commercially managed forest, or bogs in an urban complex;
 - f. Areas that sustain remnant species or aberrations in the landscape produced by natural forces, such as rare and endangered botanical or animal species;
 - g. Areas containing unique geological formations, as identified by the State Geologist; and
 - h. Historic places that are listed, or have been approved for listing by the North Carolina Historical Commission, in the National Register of Historic Places pursuant to the National Historic Preservation Act of 1966; historical, archaeological, and other places and properties owned, managed or assisted by the State of North Carolina pursuant to Chapter 121; and properties or areas that are or may be designated by the Secretary of the Interior as registered natural landmarks or as national historic landmarks;
- (5) Areas such as waterways and lands under or flowed by tidal waters or navigable waters, to which the public may have rights of access or public trust rights, and areas which the State of North Carolina may be authorized to preserve, conserve, or protect under Article XIV, Sec. 5 of the North Carolina Constitution;
- (6) Natural-hazard areas where uncontrolled or incompatible development could unreasonably endanger life or property, and other areas especially vulnerable to erosion, flooding, or other adverse effects of sand, wind and water, which may include:
- a. Sand dunes along the Outer Banks;
 - b. Ocean and estuarine beaches and the shoreline of estuarine and public trust waters;
 - c. Floodways and floodplains;
 - d. Areas where geologic and soil conditions are such that there is a substantial possibility of excessive erosion or seismic activity, as identified by the State Geologist;
 - e. Areas with a significant potential for air inversions, as identified by the Environmental Management Commission.
- (7) Areas which are or may be impacted by key facilities.
- (8) Outstanding Resource Waters as designated by the Environmental Management Commission and such contiguous land as the Coastal Resources Commission reasonably deems necessary for the purpose of maintaining the exceptional water quality and outstanding resource values identified in the designation.
- (9) Primary Nursery Areas as designated by the Marine Fisheries Commission and such contiguous land as the Coastal Resources Commission reasonably deems necessary to protect the resource values

identified in the designation including, but not limited to, those values contributing to the continued productivity of estuarine and marine fisheries and thereby promoting the public health, safety and welfare.

(c) In those instances where subsection (b) of this section refers to locations identified by a specified agency, said agency is hereby authorized to make the indicated identification from time to time and is directed to transmit the identification to the Commission; provided, however, that no designation of an area of environmental concern based solely on an agency identification of a proposed location may remain effective for longer than three years unless, in the case of paragraphs (4)a and d of subsection (b) of this section, the proposed site has been at least seventy-five percent (75%) acquired. Within the meaning of this section, "formal designation for acquisition" means designation in a formal resolution adopted by the governing body of the agency having jurisdiction (or by its chief executive, if it has no governing body), together with a direction in said resolution that the initial step in the land acquisition process be taken (as by filing an application with the Department of Administration to acquire property pursuant to G.S. 146-23).

(d) Additional grounds for designation of areas of environmental concern are prohibited unless enacted into law by an act of the General Assembly. (1973, c. 476, s. 128; c. 1262, ss. 23, 86; c. 1284, s. 1; 1975, c. 452, s. 5; 1977, c. 771, s. 4; 1981, c. 932, s. 2.1; 1983, c. 518, s. 1; 1989, c. 217, s. 1; c. 727, s. 128; 1997-443, s. 11A.119(a).)

§ 113A-114: Repealed by Session Laws 1983, c. 518, s. 2.

§ 113A-115. Designation of areas of environmental concern.

(a) Prior to adopting any rule permanently designating any area of environmental concern the Secretary and the Commission shall hold a public hearing in each county in which lands to be affected are located, at which public and private parties shall have the opportunity to present comments and views. Hearings required by this section are in addition to the hearing required

by Article 2A of Chapter 150B of the General Statutes. The following provisions shall apply for all such hearings:

- (1) Notice of any such hearing shall be given not less than 30 days before the date of such hearing and shall state the date, time and place of the hearing, the subject of the hearing, and the action to be taken. The notice shall specify that a copy of the description of the area or areas of environmental concern proposed by the Secretary is available for public inspection at the county courthouse of each county affected.
- (2) Any such notice shall be published at least once in one newspaper of general circulation in the county or counties affected at least 30 days before the date on which the public hearing is scheduled to begin.
- (3) Any person who desires to be heard at such public hearing shall give notice thereof in writing to the Secretary on or before the first date set for the hearing. The Secretary is authorized to set reasonable time limits for the oral presentation of views by any one person at any such hearing. The Secretary shall permit anyone who so desires to file a written argument or other statement with him in relation to any proposed plan any time within 30 days following the conclusion of any public hearing or within such additional time as he may allow by notice given as prescribed in this section.
- (4) Upon completion of the hearing and consideration of submitted evidence and arguments with respect to any proposed action pursuant to this section, the Commission shall adopt its final action with respect thereto and shall file a duly certified copy thereof with the Attorney General and with the board of commissioners of each county affected thereby.

(b) In addition to the notice required by G.S. 113A-115(a)(2) notice shall be given to any interested State agency and to any citizen or group that has filed a request to be notified of a public hearing to be held under this section.

(c) The Commission shall review the designated areas of environmental concern at least biennially. New areas may be designated and designated areas may be deleted, in accordance with the same procedures as apply to the original designations of areas under this section. Areas shall not be deleted unless it is found that the conditions upon which the original designation was based shall have been found to be substantially altered. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1975, 2nd Sess., c. 983, s. 78; 1981, c. 932, s. 2.1; 1987, c. 827, s. 135; 2000-189, s. 11.)

Effect of Amendments. — Session Laws 2000-189, s. 11, effective August 2, 2000, substituted “Article 2A” for “Article 2” in subsection (a).

CASE NOTES

There was no justiciable controversy in a declaratory judgment action on the question of whether there was an unconstitutional taking of the plaintiffs’ land as the result of the designation of their land as an interim area of environmental concern where, at the time the case was tried, the plaintiffs had no occasion to seek development permits, variances, or exemptions from coverage, and could only speculate as to the effect the act would have on the usefulness and value of their specific plots of land. *Adams v. North Carolina Dep’t of Natural*

& Economic Resources, 295 N.C. 683, 249 S.E.2d 402 (1978), decided under former § 113A-114.

The designation of land as an interim area of environmental concern does not subject development to a permit requirement; it merely requires the developer to give the State 60 days notice before undertaking the proposed activity. *Adams v. North Carolina Dep’t of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978), decided under former § 113A-114.

Part 4. Permit Letting and Enforcement.

§ 113A-116. Local government letter of intent.

Within two years after July 1, 1974, each county and city within the coastal area shall submit to the Commission a written statement of its intent to act, or not to act, as a permit-letting agency under G.S. 113A-121. If any city or county states its intent not to act as a permit-letting agency or fails to submit a statement of intent within the required period, the Secretary shall issue permits therein under G.S. 113A-121; provided that a county may submit a letter of intent to issue permits in any city within said county that disclaims its intent to issue permits or fails to submit a letter of intent. Provided, however, should any city or county fail to become a permit-letting agency for any reason, but shall later express its desire to do so, it shall be permitted by the Coastal Resources Commission to qualify as such an agency by following the procedure herein set forth for qualification in the first instance. (1973, c. 1284, s. 1; 1975, c. 452, ss. 2, 5; 1977, c. 771, s. 4; 1981, c. 932, s. 2.1; 1989, c. 727, s. 129.)

§ 113A-117. Implementation and enforcement programs.

(a) The Secretary shall develop and present to the Commission for consideration and to all cities and counties and lead regional organizations within the coastal area for comment a set of criteria for local implementation and enforcement programs. In the preparation of such criteria, the Secretary shall emphasize the necessity for the expeditious processing of permit applications. Said criteria may contain recommendations and guidelines as to the procedures to be followed in developing local implementation and enforcement programs, the scope and coverage of said programs, minimum standards to be prescribed in said programs, staffing of permit-letting agencies, permit-letting procedures, and priorities of regional or statewide concern. Within 20 months after July 1, 1974, the Commission shall adopt and transmit said criteria (with any revisions) to each coastal-area county and city that has filed an applicable letter of intent, for its guidance.

(b) The governing body of each city in the coastal area that filed an affirmative letter of intent shall adopt an implementation and enforcement plan with respect to its zoning area within 36 months after July 1, 1974. The board of commissioners of each coastal-area county that filed an affirmative letter of intent shall adopt an implementation plan with respect to portions of the county outside city zoning areas within 36 months after July 1, 1974, provided, however, that a county implementation and enforcement plan may also cover city jurisdictions for those cities within the counties that have not filed affirmative letters of intent pursuant to G.S. 113A-116. Prior to adopting the implementation and enforcement program the local governing body shall hold a public hearing at which public and private parties shall have the opportunity to present comments and views. Notice of the hearing shall be given not less than 15 days before the date of the hearing, and shall state the date, time and place of the hearing, the subject of the hearing, and the action which is to be taken. The notice shall state that copies of the proposed implementation and enforcement program are available for public inspection at the county courthouse. Any such notice shall be published at least once in one newspaper of general circulation in the county at least 15 days before the date on which the public hearing is scheduled to begin.

(c) Each coastal-area county and city shall transmit its implementation and enforcement program when adopted to the Commission for review. The Commission shall afford interested persons an opportunity to present objections and comments regarding the program, and shall review and consider each local implementation and enforcement program submitted in light of such objections and comments, the Commission's criteria and any general standards of review applicable throughout the coastal area as may be adopted by the Commission. Within 45 days after receipt of a local implementation and enforcement program the Commission shall either approve the program or notify the county or city of the specific changes that must be made in order for it to be approved. Following such changes, the program may be resubmitted in the same manner as the original program.

(d) If the Commission determines that any local government is failing to administer or enforce an approved implementation and enforcement program, it shall notify the local government in writing and shall specify the deficiencies of administration and enforcement. If the local government has not taken corrective action within 90 days of receipt of notification from the Commission, the Commission shall assume enforcement of the program until such time as the local government indicates its willingness and ability to resume administration and enforcement of the program. (1973, c. 1284, s. 1; 1975, c. 452, ss. 3, 5; 1977, c. 771, s. 4; 1981, c. 932, s. 2.1; 1989, c. 727, s. 130.)

§ 113A-118. Permit required.

(a) After the date designated by the Secretary pursuant to G.S. 113A-125, every person before undertaking any development in any area of environmental concern shall obtain (in addition to any other required State or local permit) a permit pursuant to the provisions of this Part.

(b) Under the expedited procedure provided for by G.S. 113A-121, the permit shall be obtained from the appropriate city or county for any minor development; provided, that if the city or county has not developed an approved implementation and enforcement program, the permit shall be obtained from the Secretary.

(c) Permits shall be obtained from the Commission or its duly authorized agent.

(d) Within the meaning of this Part:

(1) A "major development" is any development which requires permission, licensing, approval, certification or authorization in any form from the Environmental Management Commission, the Department of Environment and Natural Resources, the Department of Administration, the North Carolina Mining Commission, the North Carolina Pesticides Board, the North Carolina Sedimentation Control Board, or any federal agency or authority; or which occupies a land or water area in excess of 20 acres; or which contemplates drilling for or excavating natural resources on land or under water; or which occupies on a single parcel a structure or structures in excess of a ground area of 60,000 square feet.

(2) A "minor development" is any development other than a "major development."

(e) If, within the meaning of G.S. 113A-103(5)b3, the siting of any utility facility for the development, generation or transmission of energy is subject to regulation under this Article rather than by the State Utilities Commission or by other law, permits for such facilities shall be obtained from the Coastal Resources Commission rather than from the appropriate city or county.

(f) The Secretary may issue special emergency permits under this Article. These permits may only be issued in those extraordinary situations in which

life or structural property is in imminent danger as a result of storms, sudden failure of man-made structures, or similar occurrence. These permits may carry any conditions necessary to protect the public interest, consistent with the emergency situation and the impact of the proposed development. If an application for an emergency permit includes work beyond that necessary to reduce imminent dangers to life or property, the emergency permit shall be limited to that development reasonably necessary to reduce the imminent danger; all further development shall be considered under ordinary permit procedures. This emergency permit authority of the Secretary shall extend to all development in areas of environmental concern, whether major or minor development, and the mandatory notice provisions of G.S. 113A-119(b) shall not apply to these emergency permits. To the extent feasible, these emergency permits shall be coordinated with any emergency permits required under G.S. 113-229(e1). CASE NOTES

The designation of land as an interim area of environmental concern does not subject development to a permit requirement; it merely requires the developer to give the State 60 days notice before undertaking the proposed activity. *Adams v. North Carolina Dep’t of Natural & Economic Resources*, 295 N.C. 683, 249 S.E.2d 402 (1978), decided under former § 113A-114.

Rescission of Permit Upheld. — Trial court’s rescission of Coastal Area Management Act Development permit was affirmed where there were a variety of ecological concerns, potential environmental damage, and interference with public access to and use of the affected waters, and the whole record showed that the only basis for issuing the permit was that it would make the public waters adjacent

to the permittee’s condominium project more convenient for the permittee’s use. *Ballance v. North Carolina Coastal Resources Comm’n*, 108 N.C. App. 288, 423 S.E.2d 815 (1992), petition for reconsideration dismissed, 333 N.C. 789, 431 S.E.2d 21 (1993).

§ 113A-118.1. General permits.

(a) The Commission may, by rule, designate certain classes of major and minor development for which a general or blanket permit may be issued. In developing these rules, the Commission shall consider:

- (1) The size of the development;
- (2) The impact of the development on areas of environmental concern;
- (3) How often the class of development is carried out;
- (4) The need for onsite oversight of the development; and
- (5) The need for public review and comment on individual development projects.

(b) General permits may be issued by the Commission. Individual developments carried out under the provisions of general permits shall not be subject to the mandatory notice provisions of G.S. 113A-119.

(c) The Commission may impose reasonable notice provisions and other appropriate conditions and safeguards on any general permit it issues.

(d) The variance, appeals, and enforcement provisions of this Article shall apply to any individual development projects undertaken under a general permit. (1983, c. 171; c. 442, s. 1; 1987, c. 827, s. 137.)

§ 113A-118.2. Development in Primary Nursery Areas and Outstanding Resource Waters areas of environmental concern.

Public notice, opportunity for public comment, and agency review shall be required for all development within the Primary Nursery Areas or Outstanding Resource Waters areas of environmental concern. Provided, however, that the Coastal Resources Commission may by rule exempt or issue general permits for minor maintenance and improvement projects as defined in G.S. 113A-103(5)c and for single-family residential development pursuant to use standards or conditions adopted by the Coastal Resources Commission. (1989, c. 217, s. 2.)

§ 113A-119. Permit applications generally.

(a) Any person required to obtain a permit under this Part shall file with the Secretary and (in the case of a permit sought from a city or county) with the designated local official an application for a permit in accordance with the form and content designated by the Secretary and approved by the Commission. The applicant must submit with the application a check or money order payable to the Department or the city or county, as the case may be, constituting a fee set by the Commission pursuant to G.S. 113A-119.1.

(b) Upon receipt of any application, a significant modification to an application for a major permit, or an application to modify substantially a previously issued major permit, the Secretary shall issue public notice of the proposed development (i) by mailing a copy of the application or modification, or a brief description thereof together with a statement indicating where a detailed copy of the proposed development may be inspected, to any citizen or group which has filed a request to be notified of the proposed development, and to any interested State agency; (ii) by posting or causing to be posted a notice at the location of the proposed development stating that an application, a modification of an application for a major permit, or an application to modify a previously issued major permit for development has been made, where the application or modification may be inspected, and the time period for comments; and (iii) by publishing notice of the application or modification at least once in one newspaper of general circulation in the county or counties wherein the development would be located at least 20 days before final action on a major permit and at least seven days before final action on a permit under G.S. 113A-121 or before the beginning of the hearing on a permit under G.S. 113A-122. The notice shall set out that any comments on the development should be submitted to the Secretary by a specified date, not less than 15 days

from the date of the newspaper publication of the notice or 15 days after mailing of the mailed notice, whichever is later. Public notice under this subsection is mandatory, except for a proposed modification to an application for a minor permit or proposed modification of a previously issued minor permit that does not substantially alter the original project.

(c) Within the meaning of this Part, the “designated local official” is the official who has been designated by the local governing body to receive and consider permit applications under this Part. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1977, c. 771, s. 4; 1981, c. 932, s. 2.1; 1983, c. 307; 1985, c. 372; 1989, c. 53; c. 727, s. 132; 1989 (Reg. Sess., 1990), c. 987, s. 1.)

§ 113A-119.1. Permit fees.

(a) The Commission shall have the power to establish a graduated fee schedule for the processing of applications for permits, renewals of permits, modifications of permits, or transfers of permits issued pursuant to this Article. In determining the fee schedule, the Commission shall consider the administrative and personnel costs incurred by the Department for processing the applications, related compliance activities, and the complexity of the development sought to be undertaken for which a permit is required under this Article. The fee to be charged for processing an application may not exceed four hundred dollars (\$400.00). The total funds collected from fees authorized by the Commission pursuant to this section in any fiscal year shall not exceed thirty-three and one-third percent (33 1/3%) of the total personnel and administrative costs incurred by the Department for permit processing and compliance programs within the Division of Coastal Area Management.

(b) Fees collected under this section shall be applied to the costs of administering this Article.

(c) Repealed by Session Laws 1991 (Regular Session, 1992), c. 1039, s. 4. (1989 (Reg. Sess., 1990), c. 987, s. 2; 1991 (Reg. Sess., 1992), c. 1039, s. 4.)

§ 113A-120. Grant or denial of permits.

(a) The responsible official or body shall deny an application for a permit upon finding:

- (1) In the case of coastal wetlands, that the development would contravene an order that has been or could be issued pursuant to G.S. 113-230.
- (2) In the case of estuarine waters, that a permit for the development would be denied pursuant to G.S. 113-229(e).
- (3) In the case of a renewable resource area, that the development will result in loss or significant reduction of continued long-range productivity that would jeopardize one or more of the water, food or fiber requirements of more than local concern identified in subdivisions a through c of G.S. 113A-113(b)(3).
- (4) In the case of a fragile or historic area, or other area containing environmental or natural resources of more than local significance, that the development will result in major or irreversible damage to one or more of the historic, cultural, scientific, environmental or scenic values or natural systems identified in subdivisions a through h of G.S. 113A-113(b)(4).
- (5) In the case of areas covered by G.S. 113A-113(b)(5), that the development will jeopardize the public rights or interests specified in said subdivision.
- (6) In the case of natural hazard areas, that the development would occur in one or more of the areas identified in subdivisions a through e of

G.S. 113A-113(b)(6) in such a manner as to unreasonably endanger life or property.

- (7) In the case of areas which are or may be impacted by key facilities, that the development is inconsistent with the State guidelines or the local land-use plans, or would contravene any of the provisions of subdivisions (1) to (6) of this subsection.
- (8) In any case, that the development is inconsistent with the State guidelines or the local land-use plans.
- (9) In any case, that considering engineering requirements and all economic costs there is a practicable alternative that would accomplish the overall project purposes with less adverse impact on the public resources.
- (10) In any case, that the proposed development would contribute to cumulative effects that would be inconsistent with the guidelines set forth in subdivisions (1) through (9) of this subsection. Cumulative effects are impacts attributable to the collective effects of a number of projects and include the effects of additional projects similar to the requested permit in areas available for development in the vicinity.

(b) In the absence of such findings, a permit shall be granted. The permit may be conditioned upon the applicant's amending his proposal to take whatever measures or agreeing to carry out whatever terms of operation or use of the development that are reasonably necessary to protect the public interest with respect to the factors enumerated in subsection (a) of this section.

(b1) In addition to those factors set out in subsection (a) of this section, and notwithstanding the provisions of subsection (b) of this section, the responsible official or body may deny an application for a permit upon finding that an applicant, or any parent or subsidiary corporation if the applicant is a corporation:

- (1) Is conducting or has conducted any activity causing significant environmental damage for which a major development permit is required under this Article without having previously obtained such permit or has received a notice of violation with respect to any activity governed by this Article and has not complied with the notice within the time specified in the notice;
- (2) Has failed to pay a civil penalty assessed pursuant to this Article, a local ordinance adopted pursuant to this Article, or Article 17 of Chapter 113 of the General Statutes which is due and for which no appeal is pending;
- (3) Has been convicted of a misdemeanor pursuant to G.S. 113A-126, G.S. 113-229(k), or any criminal provision of a local ordinance adopted pursuant to this Article; or
- (4) Has failed to substantially comply with State rules or local ordinances and regulations adopted pursuant to this Article or with other federal and state laws, regulations, and rules for the protection of the environment.

(b2) For purposes of subsection (b1) of this section, an applicant's record may be considered for only the two years prior to the application date.

(c) Repealed by Session Laws 1989, c. 676, s. 7. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1981, c. 932, s. 2.1; 1983, c. 518, ss. 4, 5; 1987, c. 827, s. 138; 1989, c. 51; c. 676, s. 7; 1997-337, s. 2; 1997-456, s. 55.2B; 1997-496, s. 2; 2000-172, s. 2.1.)

Editor's Note. — The first instance of the word "State" in both versions of subdivision (b1)(4) above was designated as "state" in Session Laws 1997-496, s. 2; it has been capitalized at the direction of the Revisor of Statutes.

Session Laws 1997-337, s. 3, as amended by Session Laws 1997-456, s. 55.2B, and Session Laws 2000-172, s. 2.1, provides that the 1997 amendment to this section, which amended subsection (b1), is effective July 25, 1997, ex-

pires April 1, 2001, and is applicable to permits granted or applications submitted prior to April 1, 2001, which shall be transferable.

Session Laws 2000-172, s. 8.2, contains a severability clause.

Evidence Required When Opposing Issuance of Permit. — The failure to include evidence supporting Division of Coastal Management’s (DCM’s) decision to issue a permit in the DCM record is not relevant on the issue before Coastal Resources Commission (CRC) of whether an organization opposed to issuance of the permit was entitled to a contested case hearing. § 113A-120.1. Variances.

Any person may petition the Commission for a variance granting permission to use his land in a manner otherwise prohibited by rules, standards, or limitations prescribed by the Commission, or orders issued by the Commission, pursuant to this Article. When it finds that (i) practical difficulties or unnecessary hardships would result from strict application of the guidelines, rules, standards, or other restrictions applicable to the property, (ii) such difficulties or hardships result from conditions which are peculiar to the property involved, (iii) such conditions could not reasonably have been anticipated when the applicable guidelines, rules, standards, or restrictions were adopted or amended, the Commission may vary or modify the application of the restrictions to the property so that the spirit, purpose, and intent of the restrictions are preserved, public safety and welfare secured, and substantial justice preserved. In granting a variance, the Commission may impose reasonable and appropriate conditions and safeguards upon any permit it issues. The Commission may conduct a hearing within 45 days from the receipt of the petition and shall notify such persons and agencies that may have an interest in the subject matter of the time and place of the hearing. (1989, c. 676, s. 8.)

Development Within Buffer Under Certain Criteria. — Session Laws 2001-494, ss. 1 to 5, provide: “Section 1. Where application of the buffer requirement set out in 15A NCAC 7H.0209(d)(10) (North Carolina Register; Volume 16, Issue 1, Pages 8 through 14; 2 July 2001) would preclude placement of a residential structure on an undeveloped lot platted prior to 1 June 1999 that is 5,000 square feet or less that does not require an on-site septic system, or on an undeveloped lot that is 7,500

feet or less that requires an on-site septic system, development may be permitted within the buffer if all the following criteria are met:

“(1) The lot on which the proposed residential structure is to be located is located between:

“a. Two existing waterfront residential structures, both of which are within 100 feet of the center of the lot and at least one of which encroaches into the buffer, or

“b. An existing waterfront residential structure that encroaches into the buffer and a road,

canal, or other open body of water, both of which are within 100 feet of the center of the lot.

“(2) Development of the lot shall minimize the impacts to the buffer and reduce runoff by limiting land disturbance to only so much as is necessary to construct and provide access to the residence and to allow installation or connection of utilities.

“(3) Placement of the residential structure and pervious decking may be aligned no further into the buffer than the existing residential structures and existing pervious decking on adjoining lots.

“(4) The first one and one-half inches of rainfall from all impervious surfaces on the lot shall be collected and contained on-site in accordance with the design standards for stormwater management for coastal counties as specified in 15A NCAC 2H.1005. The stormwater management system shall be designed by an individual who meets applicable State occupational licensing requirements for the type of system proposed and approved during the permit application process. If the residential structure encroaches into the buffer, then no other impervious surfaces will be allowed within the buffer.

“(5) The lot must not be adjacent to waters designated as approved or conditionally approved shellfish waters by the Shellfish Sanitation Section of the Division of Environmental Health of the Department of Environment and Natural Resources.

“Section 2. The Coastal Resources Commission may grant a variance from the provisions of Section 1 of this act [s. 1 of Session Laws 2001-494] as provided in G.S. 113A-120.1.

“Section 3. The Coastal Resources Commission may adopt a temporary rule to amend 15A

NCAC 7H.0209 that incorporates the provision of Section 1 of this act [s. 1 of Session Laws 2001-494]. Notwithstanding G.S. 150B-21.1(d), a temporary rule adopted in accordance with this section shall remain in effect until the permanent rule that incorporates the temporary rule becomes effective. Notwithstanding G.S. 150B-21.1(a) (2), this act [Session Laws 2001-494] shall not be construed to authorize the adoption of temporary rules except as specifically provided in this section [s. 3 of Session Laws 2001-494].

“Section 4. Except as provided by Section 1 of this act [s. 1 of Session Laws 2001-494], this act [Session Laws 2001-494] does not limit the authority of the Coastal Resources Commission to adopt rules regulating coastal shoreline development or development within areas of environmental concern pursuant to Chapter 113A of the General Statutes.

“Section 5. The Environmental Review Commission may study the standards for the granting of variances under G.S. 113A-120.1 by the Coastal Resources Commission under the Coastal Area Management Act of 1974. In conducting this study, the Environmental Review Commission may consider the decision of the Court of Appeals in *Williams v. North Carolina Department of Environment and Natural Resources et al.* (548 S.E.2d 793, 3 July 2001) and any subsequent proceedings. The Environmental Review Commission may report its findings and recommendations, if any, to the 2002 Regular Session of the 2001 General Assembly.”

Session Laws 2001-494, s. 7, provides that if the Coastal Resources Commission adopts a temporary rule as provided in s. 3 of the act, s. 1 of the act expires when the temporary rule becomes effective.

§ 113A-120.2. Expired April 1, 2001.

Editor’s Note. — Session Laws 1997-337, s. 3, as amended by Session Laws 1997-456, s. 55.2B, and Session Laws 2000-172, s. 2.1, provided that this section, relating to permits for urban waterfront redevelopment in historically urban areas, and the allowance of certain nonwater dependent uses, was effective July

25, 1997, would expire April 1, 2001, and was applicable to permits granted or applications submitted prior to April 1, 2001, which were to be transferable.

Session Laws 2000-172, s. 2.2, as amended by Session Laws 2000-140, s. 92.1(b), effective August 2, 2000, provided that notwithstanding

G.S. 150B-21.3(a) and 26 NCAC 2C.0102(11), the Coastal Resources Commission was to adopt a temporary rule to establish use standards for waterfront development in urban areas, to replace G.S. 113A-120.2 when it expired. The rule was to become effective April 1, 2001

and was to remain in effect until a permanent rule to replace the temporary rule becomes effective.

Session Laws 2000-172, s. 8.2, contains a severability clause.

§ 113A-121. Permits for minor developments under expedited procedures.

(a) Applications for permits for minor developments shall be expeditiously processed so as to enable their promptest feasible disposition.

(b) In cities and counties that have developed approved implementation and enforcement programs, applications for permits for minor developments shall be considered and determined by the designated local official of the city or county as the case may be. In cities and counties that have not developed approved implementation and enforcement programs, such applications shall be considered and determined by the Secretary. Minor development projects proposed to be undertaken by a local government within its own permit-letting jurisdiction shall be considered and determined by the Secretary.

(c) Failure of the Secretary or the designated local official (as the case may be) to approve or deny an application for a minor permit within 25 days from receipt of application shall be treated as approval of the application, except that the Secretary or the designated local official (as the case may be) may extend the deadline by not more than an additional 25 days in exceptional cases. No waiver of the foregoing time limitation (or of the time limitation established in G.S. 113A-122(c)) shall be required of any applicant.

(d) Repealed by Session Laws 1981, c. 913, s. 2. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1977, c. 771, s. 4; 1981, c. 913, s. 2; c. 932, s. 2.1; 1983, c. 172, s. 1; c. 399; 1989, c. 727, s. 133.)

§ 113A-121.1. Administrative review of permit decisions.

(a) An applicant for a minor or major development permit who is dissatisfied with the decision on his application may file a petition for a contested case hearing under G.S. 150B-23 within 20 days after the decision is made. When a local official makes a decision to grant or deny a minor development permit and the Secretary is dissatisfied with the decision, the Secretary may file a petition for a contested case within 20 days after the decision is made.

(b) A person other than a permit applicant or the Secretary who is dissatisfied with a decision to deny or grant a minor or major development permit may file a petition for a contested case hearing only if the Commission determines that a hearing is appropriate. A request for a determination of the appropriateness of a contested case hearing shall be made in writing and received by the Commission within 20 days after the disputed permit decision is made. A determination of the appropriateness of a contested case shall be made within 15 days after a request for a determination is received and shall be based on whether the person seeking to commence a contested case:

- (1) Has alleged that the decision is contrary to a statute or rule;
- (2) Is directly affected by the decision; and

- (3) Has alleged facts or made legal arguments that demonstrate that the request for the hearing is not frivolous.

If the Commission determines a contested case is appropriate, the petition for a contested case shall be filed within 20 days after the Commission makes its determination. A determination that a person may not commence a contested case is a final agency decision and is subject to judicial review under Article 4 of Chapter 150B of the General Statutes. If, on judicial review, the court determines that the Commission erred in determining that a contested case would not be appropriate, the court shall remand the matter for a contested case hearing under G.S. 150B-23 and final Commission decision on the permit pursuant to G.S. 113A-122. Decisions in such cases shall be rendered pursuant to those rules, regulations, and other applicable laws in effect at the time of the commencement of the contested case.

(c) A permit is suspended from the time a person seeks administrative review of the decision concerning the permit until the Commission determines that the person seeking the review cannot commence a contested case or the Commission makes a final decision in a contested case, as appropriate, and no action may be taken during that time that would be unlawful in the absence of a permit. (1981, c. 913, s. 3; 1983, c. 400, ss. 1, 2; 1987, c. 827, s. 139; 1995, c. 409, s. 1.)

CASE NOTES

Section 150B-43 provides no authority for permitting plaintiff to bypass the requirements of this section because by enacting the provisions for administrative review of rules, the legislature wisely determined that the agency itself should have the first opportunity to review the propriety and applicability of its own rules, and so long as the statutory procedures provide an effective means of review of the agency action, the courts will require parties to exhaust their administrative remedies. *Leeuwenburg v. Waterway Inv. Ltd. Partnership*, 115 N.C. App. 541, 445 S.E.2d 614 (1994).

Final Decision by Coastal Resources Commission Required. — This section requires that a party entitled to its provisions must first challenge a decision to deny or grant a permit by way of a petition to the Coastal Resources Commission, and only after a final decision by the Coastal Resources Commission, may a party invoke the jurisdiction of the superior court. *Leeuwenburg v. Waterway Inv. Ltd. Partnership*, 115 N.C. App. 541, 445 S.E.2d 614 (1994).

Burden of Proof. — If a party other than the applicant or Secretary is dissatisfied with the decision to issue a permit, the party may request a contested case hearing. The party requesting the hearing has the burden of alleging that the permit decision is contrary to a statute or rule, of showing that the party is directly affected by the permit decision, and of

showing that the party has a substantial likelihood of prevailing in a contested case. *Pamlico Tar River Found., Inc. v. Coastal Resources Comm'n*, 103 N.C. App. 24, 404 S.E.2d 167 (1991).

In order to obtain a modification or reversal of an agency decision, the party alleging error has the burden of showing that the agency's final decision may have prejudiced that party's substantial rights in that the agency's findings, inferences, conclusions, or decisions are defective because of one of the six reasons stated under § 150B-51. *Pamlico Tar River Found., Inc. v. Coastal Resources Comm'n*, 103 N.C. App. 24, 404 S.E.2d 167 (1991).

Relevant Evidence for Entitlement to Contested Case Hearing. — The failure to include evidence supporting Division of Coastal Management's (DCM's) decision to issue a permit in the DCM record is not relevant on the issue before Coastal Resources Commission (CRC) of whether an organization opposed to issuance of the permit was entitled to a contested case hearing. The only relevant evidence on this issue is evidence of whether there has been a violation of some substantive statute, rule or regulation. *Pamlico Tar River Found., Inc. v. Coastal Resources Comm'n*, 103 N.C. App. 24, 404 S.E.2d 167 (1991).

Commission's Denial of Contested Case Hearing Held Contrary to Subsection (b). — Where petitioners argued that the North

Carolina Coastal Resources Commission (CRC) failed to comply with the procedures for adopting a temporary rule under former § 150B-13, vice-chairman's order was arbitrary and capricious because it required petitioners to specifically allege that the CRC either acted arbitrarily and capriciously or abused its discretion; this finding did not address the merits of petitioners' claim and imposed on petitioners an additional burden that subsection (b) of this section did not require. *Conservation Council v. Haste*, 102 N.C. App. 411, 402 S.E.2d 447 (1991).

Appellants were entitled to a contested case hearing under the Coastal Area Management Act (CAMA) to contest the Department of

Transportation's decisions as to what measures would be appropriate to protect the southern end of the Herbert C. Bonner Bridge from erosion. *Conservation Council v. Haste*, 102 N.C. App. 411, 402 S.E.2d 447 (1991).

(b) The following provisions shall be applicable in connection with hearings pursuant to this section:

(1), (2) Repealed by Session Laws 1987, c. 827, s. 140.

(3) A full and complete record of all proceedings at any hearing under this section shall be taken by a reporter appointed by the Commission or by other method approved by the Attorney General. Any party to a proceeding shall be entitled to a copy of such record upon the payment of the reasonable cost thereof as determined by the Commission.

(4) to (6) Repealed by Session Laws 1987, c. 827, s. 140.

(7) The burden of proof at any hearing on a decision granting a permit shall be upon the person who requested the hearing.

(8), (9) Repealed by Session Laws 1987, c. 827, s. 140.

(10) The Commission shall grant or deny the permit in accordance with the provisions of G.S. 113A-120. All such orders and decisions of the Commission shall set forth separately the Commission's findings of fact and conclusions of law and shall, wherever necessary, cite the appropriate provision of law or other source of authority on which any action or decision of the Commission is based.

(11) The Commission shall have the authority to adopt a seal which shall be the seal of said Commission and which shall be judicially noticed by the courts of the State. Any document, proceeding, order, decree, special order, rule, rule of procedure or any other official act or records of the Commission or its minutes may be certified by the Executive Director under his hand and the seal of the Commission and when so certified shall be received in evidence in all actions or proceedings in the courts of the State without further proof of the identity of the same if such records are competent, relevant and material in any such action to proceedings. The Commission shall have the right to take official notice of all studies, reports, statistical data or any other official reports or records of the federal government or of any sister state and all such records, reports and data may be placed in evidence by the Commission or by any other person or interested party where material, relevant and competent.

(c) Failure of the Commission to approve or deny an application for a permit pursuant to this section within 75 days from receipt of application shall be treated as approval of the application, except the Commission may extend the deadline by not more than an additional 75 days in exceptional cases.

Failure of the Commission to dispose of an appeal pursuant to this section within 90 days from notice of appeal shall be treated as approval of the action

appealed from, except that the Commission may extend the deadline by not more than an additional 90 days if necessary to properly consider the appeal.

(d) All notices which are required to be given by the Secretary or Commission or by any party to a proceeding under this section shall be given by registered or certified mail to all persons entitled thereto. The date of receipt or refusal for such registered or certified mail shall be the date when such notice is deemed to have been given. Notice by the Commission may be given to any person upon whom a summons may be served in accordance with the provisions of law covering civil actions in the superior courts of this State. The Commission may prescribe the form and content of any particular notice. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1979, c. 253, s. 6; 1981, c. 913, ss. 4-6; 1981, c. 932, s. 2.1; 1983, c. 172, s. 2; 1987, c. 827, s. 140.)

§ 113A-123. Judicial review.

(a) Any person directly affected by any final decision or order of the Commission under this Part may appeal such decision or order to the superior court of the county where the land or any part thereof is located, pursuant to the provisions of Chapter 150B of the General Statutes. Pending final disposition of any appeal, no action shall be taken which would be unlawful in the absence of a permit issued under this Part.

(b) Any person having a recorded interest or interest by operation of law in or registered claim to land within an area of environmental concern affected by any final decision or order of the Commission under this Part may, within 90 days after receiving notice thereof, petition the superior court to determine whether the petitioner is the owner of the land in question, or an interest, therein, and in case he is adjudged the owner of the subject land, or an interest therein, the court shall determine whether such order so restricts the use of his property as to deprive him of the practical uses thereof, being not otherwise authorized by law, and is therefore an unreasonable exercise of the police power because the order constitutes the equivalent of taking without compensation. The burden of proof shall be on petitioner as to ownership and the burden of proof shall be on the Commission to prove that the order is not an unreasonable exercise of the police power, as aforesaid. Either party shall be entitled to a jury trial on all issues of fact, and the court shall enter a judgment in accordance with the issues, as to whether the Commission order shall apply to the land of the petitioner. The Secretary shall cause a copy of such finding to be recorded forthwith in the register of deeds office in the county where the land is located. The method provided in this subsection for the determination of the issue of whether such order constitutes a taking without compensation shall be exclusive and such issue shall not be determined in any other proceeding. Any action authorized by this subsection shall be calendared for trial at the next civil session of superior court after the summons and complaint have been served for 30 days, regardless of whether issues were joined more than 10 days before the session. It is the duty of the presiding judge to expedite the trial of these actions and to give them a preemptory setting over all others, civil or criminal. From any decision of the superior court either party may appeal to the court of appeals as a matter of right.

(c) After a finding has been entered that such order shall not apply to certain land as provided in the preceding subsection, the Department of

Administration, upon the request of the Commission and upon finding that sufficient funds are available therefor, and with the consent of the Governor and Council of State may take the fee or any lesser interest in such land in the name of the State by eminent domain under the provisions of Chapter 146 of the General Statutes and hold the same for the purposes set forth in this Article. (1973, c. 1284, s. 1; c. 1331, s. 3; 1975, c. 452, s. 5; 1977, c. 771, s. 4; 1981, c. 932, s. 2.1; 1987, c. 827, s. 1; 1989, c. 727, s. 134.)

CASE NOTES

Construction with Other Provisions. — This section does not set forth the scope of review but instead provides that judicial review is available pursuant to the provisions of Chapter 150B of the Administrative Procedure Act. *Friends of Hatteras Island Nat'l Historic Maritime Forest Land Trust for Preservation, Inc. v. Coastal Resources Comm'n*, 117 N.C. App. 556, 452 S.E.2d 337 (1995).

Right to Trial by Jury. — This Article, the Coastal Area Management Act (CAMA), provides for a trial by jury only where a party owning land affected by a final decision of the Coastal Resources Commission petitions the superior court alleging a taking. There is no other statutory authority in CAMA, nor in the Dredge and Fill Act, granting a right to trial by jury. *State ex rel. Rhodes v. Simpson*, 325 N.C. 514, 385 S.E.2d 329 (1989).

Summary judgment is consistent with this section and does not render the statute meaningless. *Weeks v. North Carolina Dep't of Natural Resources & Community Dev.*, 97 N.C. App. 215, 388 S.E.2d 228, cert. denied, 326 N.C. 601, 393 S.E.2d 890 (1990).

Failure to Object or Seek Review of Findings. — Where plaintiff failed to object to or seek judicial review of commission's findings of fact pursuant to subsection (a) of this section, the findings were binding on plaintiff in a proceeding filed pursuant to subsection (b) of this section. *Weeks v. North Carolina Dep't of Natural Resources & Community Dev.*, 97 N.C. App. 215, 388 S.E.2d 228, cert. denied, 326 N.C. 601, 393 S.E.2d 890 (1990).

Review of Commission Decisions. — Argument that subsection (a) of this section provides adequate procedure for judicial review of

final decisions or orders of Coastal Resources Commission is without merit; adequate procedure for judicial review would exist under subsection (a) only if the scope of review provided therein were at least equal to that provided by Article 4 of chapter 150B. *Friends of Hatteras Island Nat'l Historic Maritime Forest Land Trust for Preservation, Inc. v. Coastal Resources Comm'n*, 117 N.C. App. 556, 452 S.E.2d 337 (1995).

Issue Rendered Moot. — Action of the Coastal Resources Commission, granting plaintiffs'/condo owners' fourth variance request for construction of erosion control structure, rendered moot issues relating to earlier denials of requests for variances under this section, and court denied plaintiffs who had failed to seek administrative review of its claims the opportunity to assert that those claims had evaded effective review. *Shell Island Homeowners Ass'n v. Tomlinson*, 134 N.C. App. 286, 517 S.E.2d 401 (1999).

In addition, the said secretaries may contract with any local governmental unit or lead regional organization to carry out the planning provisions of this Article.

(c) The Commission shall have the following additional powers and duties under this Article:

- (7) To delegate the power to grant or deny requests for declaratory rulings under G.S. 150B-4 in accordance with standards adopted by the Commission.
- (8) To adopt rules to implement this Article.

(d) The Attorney General shall act as attorney for the Commission and shall initiate actions in the name of, and at the request of, the Commission, and shall represent the Commission in the hearing of any appeal from or other review of any order of the Commission. (1973, c. 1284, s. 1; 1975, c. 452, s. 5;

§ 113A-125. Transitional provisions.

(a) Existing regulatory permits shall continue to be administered within the coastal area by the agencies presently responsible for their administration until a date (not later than 44 months after July 1, 1974), to be designated by the Secretary of Natural and Economic Resources as the permit changeover date. Said designation shall be effective from and after its filing with the Secretary of State.

(b) From and after the "permit changeover date," all existing regulatory permits within the coastal area shall be administered in coordination and consultation with (but not subject to the veto of) the Commission. No such existing permit within the coastal area shall be issued, modified, renewed or terminated except after consultation with the Commission. The provisions of this subsection concerning consultation and coordination shall not be interpreted to authorize or require the extension of any deadline established by this Article or any other law for completion of any permit, licensing, certification or other regulatory proceedings.

(c) Within the meaning of this section, "existing regulatory permits" include dredge and fill permits issued pursuant to G.S. 113-229; sand dune permits issued pursuant to G.S. 104B-4; air pollution control and water pollution control permits, special orders or certificates issued pursuant to G.S. 143-215.1 and 143-215.2, or any other permits, licenses, authorizations, approvals or certificates issued by the Board of Water and Air Resources pursuant to Chapter 143; capacity use area permits issued pursuant to G.S. 143-215.15; final approval of dams pursuant to G.S. 143-215.30; floodway permits issued pursuant to G.S. 143-215.54; water diversion authorizations issued pursuant to G.S. 143-354(c); oil refinery permits issued pursuant to G.S. 143-215.99; mining operating permits issued pursuant to G.S. 74-51; permissions for construction of wells issued pursuant to G.S. 87-88; and rules concerning pesticide application within the coastal area issued pursuant to G.S. 143-458; approvals by the Department of Health and Human Services of plans for water supply, drainage or sewerage, pursuant to G.S. 130-161.1 and 130-161.2; standards and approvals for solid waste disposal sites and facilities, adopted by the Department of Health and Human Services pursuant to Chapter 130, Article 13B; permits relating to sanitation of shellfish, crustacea or scallops issued pursuant to Chapter 130, Articles 14A or 14B; permits, approvals, authorizations and rules issued by the Department of Health and Human Services pursuant to Articles 23 or 24 of Chapter 130 with reference to mosquito control programs or districts; any permits, licenses, authorizations, rules, approvals or certificates issued by the Department of Health and Human Services relating to septic tanks or water wells; oil or gas well rules and orders issued for the protection of environmental values or resources pursuant to G.S. 113-391; a certificate of public convenience and necessity issued by the State Utilities Commission pursuant to Chapter 62 for any public utility plant or system, other than a carrier of persons or property; permits, licenses, leases, options, authorization or approvals relating to the use of State forestlands, State parks or other state-owned land issued by the State Department of Administration, the State Department of Natural and Economic Resources or any other State department, agency or institution; any approvals of erosion control plans that may be issued by the North Carolina Sedimentation Control Commission pursuant to G.S. 113A-60 or 113A-61; and any permits, licenses, authorizations, rules, approvals or certificates issued by any State agency pursuant to any environmental protection legislation not specified in this subsection that may be enacted prior to the permit changeover date.

(d) The Commission shall conduct continuing studies addressed to developing a better coordinated and more unified system of environmental and land-use permits in the coastal area, and shall report its recommendations thereon from time to time to the General Assembly. (1973, c. 1284, s. 1; 1975, c. 452, ss. 4, 5; 1979, c. 299; 1981, c. 932, s. 2.1; 1987, c. 827, ss. 125, 142; 1997-443, s. 11A.122.)

§ 113A-126. Injunctive relief and penalties.

(a) Upon violation of any of the provisions of this Article or of any rule or order adopted under the authority of this Article the Secretary may, either before or after the institution of proceedings for the collection of any penalty imposed by this Article for such violation, institute a civil action in the General Court of Justice in the name of the State upon the relation of the Secretary for injunctive relief to restrain the violation and for a preliminary and permanent mandatory injunction to restore the resources consistent with this Article and rules of the Commission. If the court finds that a violation is threatened or has occurred, the court shall, at a minimum, order the relief necessary to prevent the threatened violation or to abate the violation consistent with this Article and rules of the Commission. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from any penalty prescribed by this Article for any violation of same.

(b) Upon violation of any of the provisions of this Article relating to permits for minor developments issued by a local government, or of any rule or order adopted under the authority of this Article relating to such permits, the designated local official may, either before or after the institution of proceedings for the collection of any penalty imposed by this Article for such violation, institute a civil action in the General Court of Justice in the name of the affected local government upon the relation of the designated local official for injunctive relief to restrain the violation and for a preliminary and permanent mandatory injunction to restore the resources consistent with this Article and rules of the Commission. If the court finds that a violation is threatened or has occurred, the court shall, at a minimum, order the relief necessary to prevent the threatened violation or to abate the violation consistent with this Article and rules of the Commission. Neither the institution of the action nor any of the proceedings thereon shall relieve any party to such proceedings from any penalty prescribed by this Article for any violation of same.

(c) Any person who shall be adjudged to have knowingly or willfully violated any provision of this Article, or any rule or order adopted pursuant to this Article, shall be guilty of a Class 2 misdemeanor. In addition, if any person continues to violate or further violates, any such provision, rule or order after written notice from the Secretary or (in the case of a permit for a minor development issued by a local government) written notice from the designated local official, the court may determine that each day during which the violation continues or is repeated constitutes a separate violation subject to the foregoing penalties.

(d)(1) A civil penalty of not more than two hundred fifty dollars (\$250.00) for a minor development violation and two thousand five hundred dollars (\$2,500) for a major development violation may be assessed by the Commission against any person who:

- a. Is required but fails to apply for or to secure a permit required by G.S. 113A-118, or who violates or fails to act in accordance with the terms, conditions, or requirements of such permit.
 - b. Fails to file, submit, or make available, as the case may be, any documents, data or reports required by the Commission pursuant to this Article.
 - c. Refuses access to the Commission or its duly designated representative, who has sufficiently identified himself by displaying official credentials, to any premises, not including any occupied dwelling house or curtilage, for the purpose of conducting any investigations provided for in this Article.
 - d. Violates a rule of the Commission implementing this Article.
- (2) For each willful action or failure to act for which a penalty may be assessed under this subsection, the Commission may consider each day the action or inaction continues after notice is given of the violation as a separate violation; a separate penalty may be assessed for each such separate violation.
 - (3) The Commission may assess the penalties provided for in this subsection. The Commission shall notify a person who is assessed a penalty by registered or certified mail. The notice shall state the reasons for the penalty. A person may contest a penalty by filing a petition for a contested case under G.S. 150B-23 within 20 days after receiving the notice of assessment. If a person fails to pay a penalty, the Commission shall refer the matter to the Attorney General for collection. An action to collect a penalty must be filed within three years after the date the final agency decision was served on the violator.
 - (4) In determining the amount of the penalty the Commission shall consider the degree and extent of harm caused by the violation and the cost of rectifying the damage.
 - (5) The clear proceeds of penalties assessed pursuant to this subsection shall be remitted to the Civil Penalty and Forfeiture Fund in accordance with G.S. 115C-457.2. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1977, c. 771, s. 4; 1981, c. 932, s. 2.1; 1983, c. 485, ss. 1-3; c. 518, s. 6; 1987, c. 827, ss. 11, 143; 1991, c. 725, s. 6; 1991 (Reg. CASE NOTES

Legislative Intent. — In enacting the 1992 amendment, the legislature intended to clarify, not change, the meaning of subsection (a) of this section. *State ex rel. Cobey v. Simpson*, 333 N.C. 81, 423 S.E.2d 759 (1992).

Trial Court Without Jurisdiction. — The trial court was without jurisdiction in a declaratory judgment action to pass upon the question of whether subdivision (d)(1)c of this section authorizes warrantless searches in violation of U.S. Const., Amend. XIV where the plaintiffs did not allege that they had been subject to actual searches or that they had been fined for refusing access to investigators.

Adams v. North Carolina Dep't of Natural & Economic Resources, 295 N.C. 683, 249 S.E.2d 402 (1978).

Violation Held Willful. — Evidence was sufficient to support Commission's finding that unlawful filling of estuarine waters for 19 days after deadline prescribed in Division of Coastal Management Notice of Violation constituted a willful violation of this Article where, among other things, violator received a certified letter notifying him of the violation at least a month prior to the deadline, only partial work on a dam had been completed five days after the deadline, and a final working dam was not in

place until 21 days after the deadline. In re Coastal Resources Comm'n, 96 N.C. App. 468, 386 S.E.2d 92 (1989), cert. denied, 326 N.C. 364, 389 S.E.2d 810 (1990).

§ 113A-127. Coordination with the federal government.

All State agencies shall keep informed of federal and interstate agency plans, activities, and procedures within their area of expertise that affect the coastal area. Where federal or interstate agency plans, activities or procedures conflict with State policies, all reasonable steps shall be taken by the State to preserve the integrity of its policies. § 113A-128. Protection of landowners' rights.

Nothing in this Article authorizes any governmental agency to adopt a rule or issue any order that constitutes a taking of property in violation of the Constitution of this State or of the United States. (1973, c. 1284, s. 1; 1975, c. 452, s. 5; 1981, c. 932, s. 2.1; 1987, c. 827, s. 144.)

CASE NOTES

No Constitutional Right to Erosion Control. — Plaintiffs' claims that hardened structure rules, promulgated by defendants, effected a taking of property without just compensation and violated this section were properly dismissed, because plaintiffs failed to cite any persuasive authority for the proposition that a littoral or riparian landowner has a right to

erect hardened structures in statutorily designated areas of environmental concern to protect their property from erosion or migration. *Shell Island Homeowners Ass'n v. Tomlinson*, 134 N.C. App. 217, 517 S.E.2d 406 (1999).

Part 5. Coastal Reserves.

§ 113A-129.1. Legislative findings and purposes.

(a) Findings. — It is hereby determined and declared as a matter of legislative finding that the coastal area of North Carolina contains a number of important undeveloped natural areas. These areas are vital to continued fishery and wildlife protection, water quality maintenance and improvement, preservation of unique and important coastal natural areas, aesthetic enjoyment, and public trust rights such as hunting, fishing, navigation, and recreation. Such land and water areas are necessary for the preservation of estuarine areas of the State, constitute important research facilities, and provide public access to waters of the State.

(b) Purposes. — Important public purposes will be served by the preservation of certain of these areas in an undeveloped state. Such areas would thereafter be available for research, education, and other consistent public uses. These areas would also continue to contribute perpetually to the natural productivity and biological, economic, and aesthetic values of North Carolina's coastal area. (1989, c. 344, s. 1.)

CASE NOTES

Public Trust Rights. — The legislature recognized public trust rights in its legislative finding that the undeveloped natural areas on the North Carolina coast are vital to ... public trust rights such as hunting, fishing, navigation and recreation. *Friends of Hatteras Island Nat’l Historic Maritime Forest Land Trust for Preservation, Inc. v. Coastal Resources Comm’n*, 117 N.C. App. 556, 452 S.E.2d 337 (1995).

Public Uses. — The term “other public uses” means uses in the nature of public trust rights, such as those enumerated in this section and § 113A-129.2(e), thus, the placement of nine wells, together with associated underground utilities and access roads, is not a use in the nature of public trust rights and is prohibited by § 113A-129.2(e). *Friends of Hatteras Island*

Nat’l Historic Maritime Forest Land Trust for Preservation, Inc. v. Coastal Resources Comm’n, 117 N.C. App. 556, 452 S.E.2d 337 (1995).

Recreational Activities. — Like research and education, hunting, fishing, navigation, and recreation are activities which preserve the land in an undeveloped and natural state; these activities require only a temporary presence on the reserve and do not necessitate alteration of the undeveloped and natural state, they are recreational activities enjoyed by individuals, thus the impact of these activities on the natural resources of the area is minimal. *Friends of Hatteras Island Nat’l Historic Maritime Forest Land Trust for Preservation, Inc. v. Coastal Resources Comm’n*, 117 N.C. App. 556, 452 S.E.2d 337 (1995).

§ 113A-129.2. Coastal Reserve Program.

(a) There is hereby created a North Carolina Coastal Reserve System for the purpose of acquiring, improving, and maintaining undeveloped coastal land and water areas in a natural state.

(b) This system shall be established and administered by the Department of Environment and Natural Resources. In so doing the Department shall consult with and seek the ongoing advice of the Coastal Resources Commission. The Department may by rule define the areas to be included in this system and set standards for its use.

(c) This system shall be established within the coastal area as defined by G.S. 113A-103(2).

(d) All acquisitions or dispositions of property for lands within this system shall be in accordance with the provisions of Chapter 146 of the General Statutes.

(e) All lands and waters within the system shall be used primarily for research and education. Other public uses, such as hunting, fishing, navigation, and recreation, shall be allowed to the extent consistent with these primary uses. Improvements and alterations to the lands shall be limited to those consistent with these uses. (1989, c. 344, s. 1; c. 727, s. 218(58); 1997-443, s. 11A.119(a).)

CASE NOTES

Purpose. — The purpose of subsection (e) of this section, as gleaned from § 113A-129.1 and subsection (a) of this section, is to preserve, improve, and maintain undeveloped coastal land and water areas in an undeveloped and natural state so that these areas can serve important public purposes; the primary public purpose or use served by the preservation of these areas in an undeveloped state is research and education. *Friends of Hatteras Island Nat’l*

Public Use. — Like research and education, hunting, fishing, navigation, and recreation are activities which preserve the land in an undeveloped and natural state; these activities require only a temporary presence on the reserve and do not necessitate alteration of the undeveloped and natural state, they are recreational

activities enjoyed by individuals, thus the impact of these activities on the natural resources of the area is minimal. *Friends of Hatteras Island Nat'l Historic Maritime Forest Land Trust for Preservation, Inc. v. Coastal Resources Comm'n*, 117 N.C. App. 556, 452 S.E.2d 337 (1995).

Other Public Uses. — The term “other public uses” means uses in the nature of public trust rights, such as those enumerated in sub-

section (e) and § 113A-129.1(a), thus, the placement of nine wells, together with associated underground utilities and access roads, is not a use in the nature of public trust rights and is prohibited by this section. *Friends of Hatteras Island Nat'l Historic Maritime Forest Land Trust for Preservation, Inc. v. Coastal Resources Comm'n*, 117 N.C. App. 556, 452 S.E.2d 337 (1995).

§ 113A-129.3. Coordination.

(a) To the extent feasible, this system shall be carried out in coordination with the National Estuarine Reserve Research System established by 16 U.S.C. § 1461.

(b) To the extent feasible, lands and waters within this system shall be dedicated as components of the “State Nature and Historic Preserve” as provided in Article XIV, Section 5, of the Constitution and as nature reserves pursuant to G.S. 113A-164.1 to G.S. 113A-164.11. (1989, c. 344, s. 1; c. 770, s. 47.)

Part 6. Public Beach and Coastal Waterfront Access Program.

§ 113A-134.1. Legislative findings.

(a) The General Assembly finds that there are many privately owned lots or tracts of land in close proximity to the Atlantic Ocean and the coastal waters in North Carolina that have been and will be adversely affected by hazards such as erosion, flooding, and storm damage. The sand dunes on many of these lots provide valuable protective functions for public and private property and serve as an integral part of the beach sand supply system. Placement of permanent substantial structures on these lots will lead to increased risks of loss of life and property, increased public costs, and potential eventual encroachment of structures onto the beach.

(b) The public has traditionally fully enjoyed the State's beaches and coastal waters and public access to and use of the beaches and coastal waters. The beaches provide a recreational resource of great importance to North Carolina and its citizens and this makes a significant contribution to the economic well-being of the State. The General Assembly finds that the beaches and coastal waters are resources of statewide significance and have been customarily freely used and enjoyed by people throughout the State. Public access to beaches and coastal waters in North Carolina is, however, becoming severely limited in some areas. Also, the lack of public parking is increasingly making the use of existing public access difficult or impractical in some areas. The public interest would best be served by providing increased access to beaches and coastal waters and by making available additional public parking facilities. There is therefore, a pressing need in North Carolina to establish a comprehensive program for the identification, acquisition, improvement, and maintenance of public accessways to the beaches and coastal waters. (1981, c. 925, s. 1; 1983, c. 751, s. 13; 1989, c. 344, s. 2; 1995, c. 183, s. 2.)

§ 113A-134.2. Creation of program; administration; purpose; definitions.

(a) There is created the Public Beach and Coastal Waterfront Access Program, to be administered by the Commission and the Department, for the purpose of acquiring, improving, and maintaining property along the Atlantic Ocean and coastal waterways to which the public has rights-of-access or public trust rights as provided in this Part.

(b) As used in this Part:

- (1) "Public trust resources" has the same meaning as in G.S. 113-131(e).
- (2) "Public trust rights" has the same meaning as in G.S. 1-45.1. (1981, c. 925, s. 1; 1983, c. 757, s. 13; 1989, c. 344, s. 2; c. 727, s. 136; c. 751, s. 13; 1995, c. 183, s. 3.)

§ 113A-134.3. Standards for public access program.

(a) The Commission, with the support of the Department, shall establish and carry out a program to assure the acquisition, improvement, and maintenance of a system of public access to coastal beaches and public trust waters. This public access program shall include standards to be adopted by the Commission for the acquisition of property and the use and maintenance of the property. The standards shall be written to assure that land acquisition funds shall only be used to purchase interests in property that will be of benefit to the general public. Priority shall be given to acquisition of lands that due to adverse effects of natural hazards, such as past and potential erosion, flooding, and storm damage, are unsuitable for the placement of permanent structures, including lands for which a permit for improvements has been denied under rules adopted pursuant to State law. The program shall be designed to provide and maintain reasonable public access and necessary parking, within the limitations of the resources available, to all coastal beaches and public trust waters where access is compatible with the natural resources involved and where reasonable access is not available.

(b) To the maximum extent possible, this program shall be coordinated with State and local beach and coastal water management and recreational programs and shall be carried out in cooperation with local governments. Prior to the purchase of any interests in property, the Secretary or his designee shall make a written finding of the public purpose to be served by the acquisition. Once property is purchased, the Department may allow property, without

charge, to be controlled and operated by the county or municipality in which the property is located, subject to an agreement requiring that the local government use and maintain the property for its intended public purpose.

(c) Subject to any restrictions imposed by law, any funds appropriated or otherwise made available to the Public Beach and Coastal Waterfront Access Program may be used to meet matching requirements for federal or other funds. The Department shall make every effort to obtain funds from sources other than the General Fund to implement this program. Funds may be used to acquire or develop land for pedestrian access including parking and to make grants to local governments to accomplish the purposes of this Part. All acquisitions or dispositions of property made pursuant to this Part shall be in accordance with the provisions of Chapter 146 of the General Statutes. All grants to local governments pursuant to this Part for land acquisitions shall be made on the condition that the local government agrees to transfer title to any real property acquired with the grant funds to the State if the local government uses the property for a purpose other than beach or coastal waters access. (1981, c. 925, s. 1; 1983, c. 334; c. 757, s. 13; 1987, c. 827, s. 145; 1989, c. 344, s. 2; c. 727, s. 137; c. 751, s. 13; 1995, c. 183, s. 4.)

Editor's Note. — Session Laws 1995, c. 183, s. 4, amended this section by adding subsection (b) and (c) designations, but failed to add a subsection (a) designation; the subsection (a) designation was added at the direction of the Revisor of Statutes.

Beach Management Plan.

§ 113A-134.11. Department to compile and evaluate information.

The Department of Environment and Natural Resources shall compile and evaluate information on the current conditions and erosion rates of beaches, on coastal geology, and on storm and erosion hazards for use in developing a State plan and strategy for beach management and restoration. The Department of Environment and Natural Resources shall make this information available to local governments for use in land-use planning. (2000-67, s. 13.9(b).)

Editor's Note. — Session Laws 2000-67, s. 13.9 was codified as Chapter 113A, Article 7C, with s. 13.9(b) codified as G.S. 113A-134.11, and ss. 13.9(c) and 13.9(d) codified as G.S. 113A-134.12 at the direction of the Revisor of Statutes.

Session Laws 2000-67, s. 28.5, makes the Article effective July 1, 2000.

Session Laws 2000-67, s. 1.1, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2000'."

Session Laws 2000-67, s. 13.9 (a), provides: "The General Assembly makes the following findings:

"(1) North Carolina has 320 miles of ocean beach, including some of the most pristine and attractive beaches in the country.

"(2) The balance between economic development and quality of life in North Carolina has made our coast one of the most desirable along the Atlantic Seaboard.

"(3) North Carolina's beaches are vital to the State's tourism industry.

"(4) North Carolina's beaches belong to all the State's citizens and provide recreational and economic benefits to our residents statewide.

"(5) Beach erosion can threaten the economic viability of coastal communities and can significantly affect State tax revenues.

"(6) The Atlantic Seaboard is vulnerable to hurricanes and other storms, and it is prudent to take precautions such as beach nourishment that protect and conserve the State's beaches and reduce property damage and flooding.

"(7) Beach renourishment as an erosion control method provides hurricane flood protec-

tion, enhances the attractiveness of beaches to tourists, restores habitat for turtles, shorebirds, and plants, and provides additional public access to beaches.

"(8) Federal policy previously favored and assisted voluntary movement of structures threatened by erosion, but this assistance is no longer available.

"(9) Relocation of structures threatened by erosion is sometimes the best available remedy for the property owner and is in the public interest.

"(10) Public parking and public access areas are needed for use by the general public to enable their enjoyment of North Carolina's beaches.

"(11) Acquisition of high erosion hazard property by local or State agencies can reduce risk to citizens and property, reduce costs to insurance policyholders, improve public access to beaches and waterways, and protect the environment.

"(12) Beach nourishment projects such as those at Wrightsville Beach and Carolina Beach have been very successful and greatly reduced property damage during Hurricane Fran.

"(13) Because local beach communities derive the primary benefits from the presence of adequate beaches, a program of beach management and restoration should not be accomplished without a commitment of local funds to combat the problem of beach erosion.

"(14) The State of North Carolina prohibits seawalls and hardening the shoreline to prevent destroying the public's beaches.

"(15) Beach nourishment is encouraged by both the Coastal Resources Commission and

the U.S. Army Corps of Engineers as a method to control beach erosion.

“(16) The Department of Environment and Natural Resources has statutory authority to assist local governments in financing beach nourishment projects and is the sponsor of several federal navigation projects that result in dredging beach-quality sand.

“(17) It is declared to be a necessary governmental responsibility to properly manage and protect North Carolina’s beaches from erosion and that good planning is needed to assure a cost-effective and equitable approach to beach management and restoration, and that as part of a comprehensive response to beach erosion, sound policies are needed to facilitate the ability of landowners to move threatened structures and to allow public acquisition of appropriate parcels of land for public beach access.”

Session Laws 2000-67, s. 13.9(e), provides: “The Department of Environment and Natural Resources shall submit the first plan required by this act, no later than May 1, 2001. With the first plan, the Department shall:

“(1) Provide to the General Assembly a report on alternative State and local government sources of funding for beach nourishment.

“(2) Review State, federal, and local policies on enabling and assisting property owners to move structures that are threatened by immi-

nent erosion damage and shall recommend policies, legislative changes, and actions to make moving structures more feasible for landowners.

“(3) Review existing programs for the acquisition and management of public land for beach access areas and open space, including identifying high-hazard, erosion-prone, or unbuildable parcels of land that may be used for this purpose, and shall recommend any policy and legislative changes needed to improve public beach access. The Department shall recommend priorities for land acquisition for public beach access, open space, and hazard-reduction purposes.”

Session Laws 2000-67, s. 13.9(f) provides that in the event that federal funds become available for planning and developing shore protection projects, the State shall match those funds in accordance with the funding guidelines set out in G.S. 143-215.71.

Session Laws 2000-67, s. 28.2, provides: “Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2000-2001 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2000-2001 fiscal year.”

Session Laws 2000-67, s. 28.4, contains a severability clause.

§ 113A-134.12. Multiyear beach management and restoration strategy and plan.

(a) The Department of Environment and Natural Resources shall develop a multiyear beach management and restoration strategy and plan that does all of the following:

- (1) Utilizes the data and expertise available in the Divisions of Water Resources, Coastal Management, and Land Resources.
- (2) Identifies the erosion rate at each beach community and estimates the degree of vulnerability to storm and hurricane damage.
- (3) Uses the best available geological and geographical information to determine the need for and probable effectiveness of beach nourishment.
- (4) Provides for coordination with the U.S. Army Corps of Engineers, the North Carolina Department of Transportation, the North Carolina Division of Emergency Management, and other State and federal agencies concerned with beach management issues.
- (5) Provides a status report on all U.S. Army Corps of Engineers’ beach protection projects in the planning, construction, or operational stages.
- (6) Makes maximum feasible use of suitable sand dredged from navigation channels for beach nourishment to avoid the loss of this resource and to reduce equipment mobilization costs.
- (7) Promotes inlet sand bypassing where needed to replicate the natural flow of sand interrupted by inlets.
- (8) Provides for geological and environmental assessments to locate suitable materials for beach nourishment.
- (9) Considers the regional context of beach communities to determine the most cost-effective approach to beach nourishment.

- (10) Provides for and requires adequate public beach access, including handicapped access.
 - (11) Recommends priorities for State funding for beach nourishment projects, based on the amount of erosion occurring, the potential damage to property and to the economy, the benefits for recreation and tourism, the adequacy of public access, the availability of local government matching funds, the status of project planning, the adequacy of project engineering, the cost-effectiveness of the project, and the environmental impacts.
 - (12) Includes recommendations on obtaining the maximum available federal financial assistance for beach nourishment.
 - (13) Is subject to a public hearing to receive citizen input.
- (b) Each plan shall be as complete as resources and available information allow. The Department of Environment and Natural Resources shall revise the plan every two years and shall submit the revised plan to the General Assembly no later than March 1 of each odd-numbered year. The Department may issue a supplement to the plan in even-numbered years if significant new information becomes available. (2000-67, s. 13.9(c), (d).)

Editor's Note. — Session Laws 2000-67, ss. 134.12 at the direction of the Revisor of Statutes. 13.9(c) and (d), were codified as G.S. 113A-134.12.

Land Policy Act.

§ 113A-150. Short title.

This Article shall be known as the Land Policy Act of 1974. (1973, c. 1306, s. 1.)

Legal Periodicals. — For an article on statutory easements by necessity or cartways, see 75 N.C.L. Rev. 1943 (1997).

§ 113A-151. Findings, intent and purpose.

(a) Findings. — The General Assembly hereby finds that:

- (1) The land of North Carolina is a resource basic to the welfare of her people.
- (2) A lack of coordination of governmental action; a lack of clearly stated, sound, and widely understood guidelines for planning; and a lack of systematic collection, classification, and utilization of information regarding the land resource have led to inconsistencies in policy and inadequacies in planning for the present and future uses of the land resource.
- (3) Governmental agencies responsible for controlling land use and private and public users of the land resource are often unable to

independently develop guidelines for land-use practices which provide adequate and meaningful provision for future demands on the land resource, while allowing current needs to be met.

- (4) Systematic and sound decisions as to the location and nature of major public investments in key facilities cannot be made without a comprehensive State policy regarding the land resource.
- (5) Those affected by State land-use policy and decisions must be given an opportunity for full participation in the policy- and decision-making process. Such a process must allow for the final implementation of policy by local governments. The State should take whatever steps necessary to encourage and assist local governments in meeting their obligation to control current uses and plan for future uses of the land resource.

(b) **Intent and Purpose.** — The General Assembly declares that it is the intent of this Article to undertake the continuing development and implementation of a State land-use policy, incorporating environmental, esthetic, economic, social, and other factors so as to promote the public interest, to preserve and enhance environmental quality, to protect areas of natural beauty and historic sites, to encourage beneficial economic development, and to protect and promote the public health, safety, and welfare. Such policy shall serve as a guide for decision-making in State and federally assisted programs which affect land use, and shall provide a framework for the development of land-use policies and programs by local governments. It is the purpose of this Article to:

- (1) Promote patterns of land use which are in accord with a State land-use policy which encourages the wise and balanced use of the State's resources;
- (2) Establish a State policy to give local governments guidance and assistance in the establishment and implementation of local land planning and management programs so as to effectively meet their responsibilities for economically and environmentally sound land-use management;
- (3) Establish a State land-use policy which seeks to provide essential public services equitably to all persons within the State and to assure that citizens shall have, consistent with sound principles of land resource use, maximum freedom and opportunity to live and conduct their activities in locations of their personal choice;
- (4) Condition the distribution of certain federal and State funds on meeting reasonable and flexible State requirements for basic land planning; such conditions to include a clear statement of the State's authority and responsibility for review of planning and management by local governments;
- (5) Develop and maintain coordination of all State programs having a land-use impact, including joint planning and management of State lands with adjacent nonstate lands, so as to ensure consistency with the purposes of this Article;
- (6) Promote the development of systematic methods for the exchange of land-use, environmental, economic, and social information among all levels of government, and among agencies at all levels of government. (1973, c. 1306, s. 1.)

Nature Preserves Act.

§ **113A-164.1. Short title.**

This Article shall be known as the Nature Preserves Act. (1985, c. 216, s. 1.)

Cross References. — As to the Coastal Reserve Program, see § 113A-129.2.

§ **113A-164.2. Declaration of policy and purpose.**

(a) The continued population growth and land development in North Carolina have made it necessary and desirable that areas of natural significance be identified and preserved before they are destroyed. These natural areas are irreplaceable as laboratories for scientific research, as reservoirs of natural materials for uses that may not now be known, as habitats for plant and animal species and biotic communities, as living museums where people may observe natural biotic and environmental systems and the interdependence of all forms of life, and as reminders of the vital dependence of the health of the human community on the health of the other natural communities.

(b) It is important to the people of North Carolina that they retain the opportunity to maintain contact with these natural communities and environmental systems of the earth and to benefit from the scientific, aesthetic, cultural, and spiritual values they possess. The purpose of this Article is to establish and maintain a State Registry of Natural Heritage Areas and to prescribe methods by which nature preserves may be dedicated for the benefit of present and future citizens of the State. (1985, c. 216, s. 1.)

§ **113A-164.3. Definitions.**

As used in this Article, unless the context requires otherwise:

- (3) "Natural area" means an area of land, water, or both land and water, whether publicly or privately owned, that (i) retains or has reestablished its natural character, (ii) provides habitat for rare or endangered species of plants or animals, (iii) or has biotic, geological, scenic, or paleontological features of scientific or educational value.
- (4) "Nature preserve" means a natural area that has been dedicated pursuant to G.S. 113A-164.6.
- (5) "Owner" means any individual, corporation, partnership, trust, or association, and all governmental units except the State, its departments, agencies or institutions.
- (6) "Registration" means an agreement between the Secretary and the owner of a natural area to protect and manage the natural area for its specified natural heritage resource values.
- (7) "Secretary" means the Secretary of Environment and Natural Resources. (1985, c. 216, s. 1; 1989, c. 727, s. 218(68); 1989 (Reg. Sess., 1990), c. 1004, s. 19(b); 1997-443, s. 11A.119(a).)

§ 113A-164.4. Powers and duties of the Secretary.

The Secretary shall:

- (1) Establish by rule the criteria for selection, registration, and dedication of natural areas and nature preserves.
- (2) Cooperate or contract with any federal, State, or local government agency, private conservation organization, or person in carrying out the purposes of this Article.
- (3) Maintain a Natural Heritage Program to provide assistance in the selection and nomination for registration or dedication of natural areas. The Program shall include classification of natural heritage resources, an inventory of their locations, and a data bank for that information. The Program shall cooperate with the Department of Agriculture and Consumer Services in the selection and nomination of areas that contain habitats for endangered and rare plant species, and shall cooperate with the Wildlife Resources Commission in the selection and nomination of areas that contain habitats for endangered and rare animal species. Information from the natural heritage data bank may be made available to public agencies and private persons for environmental assessment and land management purposes. Use of the inventory data for any purpose inconsistent with the Natural Heritage Program may not be authorized. The Program shall include other functions as may be assigned for registration, dedication, and protection of natural areas and nature preserves.
- (4) Prepare a Natural Heritage Plan that shall govern the Natural Heritage Program in the creation of a system of registered and dedicated natural areas.

the improvement of the Program. (1985, c. 216, s. 1; 1987, c. 827, s. 152; 1997-261, s. 82.)

Registration of natural areas shall be accomplished through voluntary agreement between the owner of the natural area and the Secretary. State-owned lands may be registered by agreement with the agency to which the land is allocated. Registration agreements may be terminated by either party at any time, and termination removes the area from the Registry.

(b) A natural area shall be registered when an agreement to protect and manage the natural area for its specified natural heritage resource value has been signed by the owner and the Secretary. The owner of a registered natural area shall be given a certificate signifying the inclusion of the area in the Registry. (1985, c. 216, s. 1.)

§ 113A-164.6. Dedication of nature preserves.

The owner of a qualified natural area may transfer fee simple title or other interest in land to the State. Nature preserves may be acquired by gift, grant, or purchase. Dedication of a preserve shall become effective only upon acceptance of the articles of dedication by the State. Articles of dedication shall be recorded in the office of the register of deeds in the county or counties in which the natural area is located.

(b) Articles of dedication may:

- (1) Contain restrictions and other provisions relating to management, use, development, transfer, and public access, and may contain any other restrictions and provisions as may be necessary or advisable to further the purposes of this Article;
- (2) Define, consistently with the purposes of this Article, the respective rights and duties of the owner and of the State and provide procedures to be followed in case of violation of the restrictions;
- (3) Recognize and create reversionary rights, transfers upon conditions or with limitations, and gifts over; and
- (4) Vary in provisions from one nature preserve to another in accordance with differences in the characteristics and conditions of the several areas.

(c) Subject to the approval of the Governor and Council of State, the State may enter into amendments of any articles of dedication upon finding that the amendment will not permit an impairment, disturbance, use, or development of the area inconsistent with the purposes of this Article. If the fee simple estate in the nature preserve is not held by the State under this Article, no amendment may be made without the written consent of the owner of the other interests therein. (1985, c. 216, s. 1.)

§ 113A-164.7. Nature preserves held in trust.

Lands dedicated for nature preserves pursuant to this Article are held in trust by the State for those uses and purposes expressed in this Article for the benefit of the people of North Carolina. These lands shall be managed and protected according to regulations adopted by the Secretary. Lands dedicated

as a nature preserve pursuant to G.S. 113A-164.6 may not be used for any purpose inconsistent with the provisions of this Article, or disposed of, by the State without a finding by the Governor and Council of State that the other use or disposition is in the best interest of the State. § 113A-164.11. Assessment of land subject to permanent dedication agreement.

Forest Development Act.

§ 113A-176. Title.

This Article shall be known as the "Forest Development Act." (1977, c. 562, s. 1.)

§ 113A-177. Statement of purpose.

- (a) The General Assembly finds that:
- (1) It is in the public interest of the State of North Carolina to encourage the development of the State's forest resources and the protection and improvement of the forest environment.
 - (2) Unfavorable environmental impacts, although currently of a local and sporadic nature, are occurring as a result of forest operations. It is in the State's interest that corrective action be developed now to prevent more serious problems in the future.
 - (3) Regeneration of potentially productive forest land is a high-priority problem requiring prompt attention and action.
 - (4) Growing demands on forests and related land resources cannot be met by intensive management of public and industrial forest lands alone.
- (b) The purpose of this Article is to direct the Secretary of Environment and Natural Resources to implement a forest development program to:
- (1) Provide financial assistance to eligible landowners to increase the productivity of the privately owned forests of the State through the application of forest renewal practices;
 - (2) Insure that forest operations in the State are conducted in a manner designed to protect the soil, air, and water resources, including but not limited to streams, lakes and estuaries through actions of landowners on lands for which assistance is sought under provisions in this Article;
 - (3) Implement a program of voluntary landowner participation through the use of a forest development fund to meet the above goals.
- (c) It is the intent of the General Assembly that in implementing the program under this Article, the Secretary will cause it to be coordinated with other related programs in such a manner as to encourage the utilization of private agencies, firms and individuals furnishing services and materials needed in the application of practices included in the forest development program. (1977, c. 562, s. 2; c. 771, s. 4; 1989, c. 727, s. 218(73); 1989 (Reg. Sess., 1990), c. 1004, s. 19(b); 1997-443, s. 11A.119(a).)

§ 113A-178. Definitions.

As used in this Article:

- (1) "Approved forest management plan" means the forest management plan submitted by the eligible landowner and approved by the Secretary. Such plan shall include forest management practices to insure both maximum forest productivity and environmental protection of the lands to be treated under the management plan.
- (2) "Approved practices" mean those silvicultural practices approved by the Secretary for the purpose of commercially growing timber through

the establishment of forest stands, or of insuring the proper regeneration of forest stands to commercial production levels following the harvest of mature timber. Such practices shall include those required to accomplish site preparation, natural and artificial forestation, noncommercial removal of residual stands for silvicultural purposes, and cultivation of established young growth of desirable trees. In each case, approved practices will be determined by the needs of the individual forest stand. These practices shall include existing practices and such practices as are developed in the future to insure both maximum forest productivity and environmental protection.

- (3) "Department" means the Department of Environment and Natural Resources.
- (3a) "Eligible land" means land owned by an eligible landowner.
- (4) "Eligible landowner" means a private individual, group, association or corporation owning land suitable for forestry purposes. Where forest land is owned jointly by more than one individual, group, association or corporation, as tenants in common, tenants by the entirety, or otherwise, the joint owners shall be considered, for the purpose of this Article, as one eligible landowner and entitled to receive cost-sharing payments as provided herein only once during each fiscal year.
- (5) Recodified as § 113A-178(3a).
- (6) "Forest development assessment" means an assessment on primary forest products from timber severed in North Carolina for the funding of the provisions of this Article, as authorized by the General Assembly.

§ 113A-179. Powers and duties.

(a) The Secretary shall have the powers and duties to administer the provisions of this Article.

(b) The Department shall serve as the disbursing agency for funds to be expended from and deposited to the credit of the Forest Development Fund.

(c) Subject to the limitations set forth in G.S. 113A-183(d), the Secretary is authorized to employ administrative, clerical and field personnel to support the program created by this Article and to compensate such employees from the Forest Development Fund for services rendered in direct support of the program.

(d) The Secretary is authorized to purchase equipment for the implementation of this program from the Forest Development Fund subject to the limitations of G.S. 113A-183(e). All equipment purchased with these funds will

be assigned to and used only for the forest development program, except for emergency use in forest fire suppression and other activities relating to the protection of life or property. The Forest Development Fund will be reimbursed from other program funds for equipment costs incurred during such emergency use. (1977, c. 562, s. 4.)

§ 113A-180. Administration of cost sharing.

The Secretary shall have authority to administer the cost sharing provisions of this Article, including but not limited to the following:

- (1) Prescribe the manner and requirements of making application for cost sharing funds.
- (2) Identify those approved forestry practices as defined in G.S. 113A-178(2) which shall be approved for cost sharing under the provisions of this Article.
- (3) Review periodically the cost of forest development practices and establish allowable ranges for cost sharing purposes for approved practices under varying conditions throughout the State.
- (4) Determine, prior to approving forest development cost sharing payments to any landowner, that all proposed practices are appropriate and are comparable in cost to the prevailing cost of those practices in the general area in which the land is located. Should the Secretary determine that the submitted cost of any practice is excessive, he shall approve forest development cost sharing payments based upon an allowable cost established under G.S. 113A-180(3).
- (5) Determine, prior to approving forest development cost sharing payments, that an approved forest management plan as defined in G.S. 113A-178(1) for the eligible land has been filed with the Secretary and that the landowner has indicated in writing his intent to comply with the terms of such management plan.
- (6) Determine, prior to approving forest development cost sharing payments, that the approved practices for which payment is requested have been completed in a satisfactory manner, conform to the approved forest management plan submitted under G.S. 113A-180(5), and otherwise meet the requirements of this Article.
- (7) Disburse from the Forest Development Fund to eligible landowners cost sharing payments for satisfactory completion of practices provided for by this Article and the Secretary shall, insofar as is practicable, disburse the funds from the State's appropriation on a matching basis with the funds generated by the Primary Forest Product Assessment. (1977, c. 562, s. 5.)

§ 113A-180.1. Cost-share agreements.

(a) In order to receive forest development cost-share payments, an eligible landowner shall enter into a written agreement with the Department describing the eligible land, setting forth the approved practices implemented for the area and covered by the approved forest management plan, and agreeing to maintain those practices for a 10-year period.

(b) In the absence of Vis major or Act of God or other factors beyond the landowner's control, a landowner who fails to maintain the practice or practices for a 10-year period in accordance with the agreement set forth in subsection (a) of this section shall repay to the Fund all cost-sharing funds received for that area.

(c) If the landowner voluntarily relinquishes control or title to the land on which the approved practices have been established, the landowner shall:

- (1) Obtain a written statement, or a form approved by the Department, from the new owner or transferee in which the new owner or transferee agrees to maintain the approved practices for the remainder of the 10-year period; or
- (2) Repay to the Fund all cost-sharing funds received for implementing the approved practices on the land.

If a written statement is obtained from the new owner or transferee, the original landowner will no longer be responsible for maintaining the approved practices or repaying the cost-sharing funds. The responsibility for maintaining those practices for the remainder of the 10 years shall devolve to the new owner or transferee. (1997-352, s. 2.)

§ 113A-181. Limitation of payments.

(a) An eligible landowner may receive forest development cost sharing payments for satisfactory completion of approved practices as determined by the Secretary, except that the Secretary shall approve no assistance in an amount exceeding the lesser of (i) a sum equal to sixty percent (60%) of the landowner's actual per acre cost incurred in implementing the approved practice or (ii) a sum equal to sixty percent (60%) of the prevailing per acre cost as determined by the Secretary under G.S. 113A-180(3) for implementing that approved practice.

(b) The maximum amount of forest development cost sharing funds allowed to any landowner in one fiscal year will be the amount required to complete all approved practices on 100 acres of land at the prevailing cost sharing rate established under G.S. 113A-181(a).

(c) Eligible landowners may not use State cost sharing funds if funds from any federal cost sharing program are used on the same acreage for forestry practices during the same fiscal year. (1977, c. 562, s. 6.)

§ 113A-182. Participation by government political subdivisions.

No governmental agency, federal, State or local, will be eligible for forest development payments under the provision of this Article. (1977, c. 562, s. 7.)

§ 113A-183. Forest Development Fund.

(a) The Forest Development Fund is created in the Department of Environment and Natural Resources as a special fund. Revenue in the Fund does not revert at the end of a fiscal year, and interest and other investment income earned by the Fund accrues to it. The Fund is created to provide revenue to implement this Article. The Fund consists of the following revenue:

- (1) Assessments on primary forest products collected under Article 12 of Chapter 113A of the General Statutes.
- (2) General Fund appropriations.
- (3) Gifts and grants made to the Fund.

(b), (c) Repealed by Sessions Laws 1997-352, s. 3.

(d) In any fiscal year, no more than five percent (5%) of the available funds generated by the Primary Forest Product Processor Assessment Act may be used for program support under the provisions of G.S. 113A-179(c).

(e) Funds used for the purchase of equipment under the provisions of G.S. 113A-179(d) shall be limited to appropriations from the General Fund to the Forest Development Fund designated specifically for equipment purchase. (1977, c. 562, s. 8; c. 771, s. 4; 1981, c. 1127, s. 45; 1989, c. 727, s. 218(75); 1997-352, s. 3; 1997-443, s. 11A.119(a).)

ARTICLE 12.

Primary Forest Product Assessment Act.

§ 113A-189. Short title.

This Article shall be known as the Primary Forest Product Assessment Act. (1977, c. 573, s. 1.)

§ 113A-190. Statement of purpose.

(a) The purpose of this Article is to create an assessment on primary forest products processed from North Carolina timber to provide a source of funds to finance the forestry operations provided for in the Forest Development Act of 1977.

(b) All assessments levied under the provisions of this Article shall be used only for the purposes specified in G.S. 113A-193(c) and in the Forest Development Act. (1977, c. 573, s. 2.)

§ 113A-191. Definitions.

The following words, terms and phrases hereinafter used for the purpose of this Article are defined as follows:

- (1) "Primary forest product" shall include those products of the tree after it is severed from the stump and cut to its first roundwood product for further conversion. These products include but are not limited to whole trees for chipping, whole tree logs, sawlogs, pulpwood, veneer bolts, and posts, poles and piling.
 - (2) "Processor" shall mean the individual, group, association, or corporation that procures primary forest products at their initial point of concentration for conversion to secondary products or for shipment to others for such conversion.
 - (3) "Forest Development Fund" shall mean the special fund established by the Forest Development Act of 1977.
 - (4) For the purpose of this Article, the following are not considered "primary forest products":
 - a. Christmas trees and associated greens;
 - b. Material harvested from an individual's own land and used on said land for the construction of fences, buildings or other personal use developments;
 - c. Fuel wood harvested for personal use or use in individual homes.
- (1977, c. 573, s. 3.)

§ 113A-192. Operation of assessment system.

(a) The General Assembly hereby levies an assessment on all primary forest products harvested from lands within the State of North Carolina.

(b) This assessment shall be at the rates as established in G.S. 113A-194(b) and the proceeds of such assessment shall be deposited in the Forest Development Fund.

(c) The collection of the assessment shall be suspended in any fiscal year in which the General Assembly fails to make general fund appropriations to the Forest Development Fund.

(d) The collection of the assessment shall be suspended in any fiscal year in which there is carried forward from previous years a balance of unobligated funds in the Forest Development Fund greater than twice the amount appropriated from the general fund for that fiscal year.

(e) If the assessment is suspended because of either clause (c) or (d) above that suspension shall cease when the condition causing the suspension no longer exists. (1977, c. 573, s. 4.)

§ 113A-193. Duties of Secretaries.

(a) The Secretary, Department of Revenue, shall:

- (1) Develop the necessary administrative procedures to collect the assessment;
- (2) Collect the assessment from the primary forest product processors;

The report shall include the information by forestry district and statewide and shall be for the two fiscal years prior to the date of the report.

(c) The Secretary of Revenue shall be reimbursed for those actual expenditures incurred as a cost of collecting the assessment for the Forest Development Fund. This amount shall be transferred from the Forest Development Fund in equal increments at the end of each quarter of the fiscal year to the Department of Revenue. This amount shall not exceed five percent (5%) of the total assessments collected on primary forest products during the preceding fiscal year. (1977, c. 573, s. 5; c. 771, s. 4; 1983, c. 761, s. 120; 1985, c. 526; 1989, c. 727, s. 218(76); 1989 (Reg. Sess., 1990), c. 1004, s. 19(b); 1997-443, s. 11A.119(a).)

§ 113A-194. Assessment rates.

(a) The assessment rates shall be based on the following standards:

- (1) For primary forest products customarily measured in board feet, the "International 1/4 Inch Log Rule" or equivalent will be used;
- (2) For primary forest products customarily measured in cords, the standard cord of 128 cubic feet or equivalent will be used;
- (3) For any other type of forest product separated from the soil, the Secretary of Environment and Natural Resources shall determine a

fair unit assessment rate, based on the cubic foot volume of one thousand foot board measure, International ¼ Inch Log Rule or one standard cord, 128 cubic feet.

(b) The assessment levied on primary forest products shall be at the following rates:

- (1) Fifty cents (50¢) per thousand board feet for softwood sawtimber, veneer logs and bolts, and all other softwood products normally measured in board feet;
- (2) Forty cents (40¢) per thousand board feet for hardwood and bald cypress sawtimber, veneer, and all other hardwood and bald cypress products normally measured in board feet;
- (3) Twenty cents (20¢) per cord for softwood pulpwood and other softwood products normally measured in cords;
- (4) Twelve cents (12¢) per cord for hardwood pulpwood and other hardwood and bald cypress products normally measured in cords;
- (5) All material harvested within North Carolina for shipment outside the State for primary processing will be assessed at a percentage of the invoice value. This percentage will be established to yield rates equal to those if the material were processed within the State. (1977, c. 573, s. 6; c. 771, s. 4; 1989, c. 727, s. 218(77); 1989 (Reg. (d) The processor shall maintain for a period of three fiscal years and make available to the Secretary, Department of Revenue, such production records necessary to verify proper reporting and payment of revenue due the Forest Development Fund.

(e) The production reports of the various processors shall be used only for assessment purposes. Production information will not be made a part of the public record on an individual processor basis.

(f) Any official or employee of the State who discloses information obtained from a production report, except as may be necessary for administration and collection of the assessment, or in the performance of official duties, or in administration or judicial proceedings related to the levy or collection of the assessment, shall be guilty of a Class 3 misdemeanor punishable only by a fine not to exceed fifty dollars (\$50.00). (1977, c. 573, s. 7; 1987, c. 523; 1993, c. 539, s. 876; 1994, Ex. Sess., c. 24, s. 14(c).)

§ 113A-206. Definitions.

Within the meaning of this Article:

- (1) The word "person" includes any individual, partnership, firm, association, joint venture, public or private corporation, trust, estate, commission, board, public or private institution, utility, cooperative, interstate body, the State of North Carolina and its agencies and political subdivisions, or other legal entity.
- (2) A person, as defined in this section, doing business or maintaining an office within a county is a resident of the county.
- (3) "Tall buildings or structures" include any building, structure or unit within a multiunit building with a vertical height of more than 40 feet measured from the top of the foundation of said building, structure or unit and the uppermost point of said building, structure or unit; provided, however, that where such foundation measured from the natural finished grade of the crest or the natural finished grade of the high side of the slope of a ridge exceeds 3 feet, then such measurement in excess of 3 feet shall be included in the 40-foot limitation described herein; provided, further, that no such building, structure or unit shall protrude at its uppermost point above the crest of the ridge by more than 35 feet. "Tall buildings or structures" do not include:
 - a. Water, radio, telephone or television towers or any equipment for the transmission of electricity or communications or both.

- b. Structures of a relatively slender nature and minor vertical projections of a parent building, including chimneys, flagpoles, flues, spires, steeples, belfries, cupolas, antennas, poles, wires, or windmills.
 - c. Buildings and structures designated as National Historic Sites on the National Archives Registry.
- (4) "Construction" includes reconstruction, alteration, or expansion.
 - (5) "Ridge" means the elongated crest or series of crests at the apex or uppermost point of intersection between two opposite slopes or sides of a mountain, and includes all land within 100 feet below the elevation of any portion of such line or surface along the crest.
 - (6) "Protected mountain ridges" are all mountain ridges whose elevation is 3,000 feet and whose elevation is 500 or more feet above the elevation of an adjacent valley floor; provided, however, that a county, or a city with a population of fifty thousand (50,000) or more, may elect to eliminate the requirement for an elevation of 3,000 feet, and such election shall apply both to an ordinance adopted under G.S. 113A-208 and the prohibition against construction under G.S. 113A-209; provided, further, that such ordinance shall be adopted pursuant to the procedures of G.S. 113A-208.
 - (7) "Crest" means the uppermost line of a mountain or chain of mountains from which the land falls away on at least two sides to a lower elevation or elevations. (1983, c. 676, s. 1; 1985, c. 713, s. 1.)

§ 113A-207. Legislative findings.

The construction of tall or major buildings and structures on the ridges and higher elevations of North Carolina's mountains in an inappropriate or badly designed manner can cause unusual problems and hazards to the residents of and to visitors to the mountains. Supplying water to, and disposing of the sewage from, buildings at high elevations with significant numbers of residents may infringe on the ground water rights and endanger the health of those persons living at lower elevations. Providing fire protection may be difficult given the lack of water supply and pressure and the possibility that fire will be fanned by high winds. Extremes of weather can endanger buildings, structures, vehicles, and persons. Tall or major buildings and structures located on ridges are a hazard to air navigation and persons on the ground and detract from the natural beauty of the mountains. (1983, c. 676, s. 1.)

§ 113A-208. Regulation of mountain ridge construction by counties and cities.

(a) Any county or city may adopt, effective not later than January 1, 1984, and may enforce an ordinance that regulates the construction of tall buildings or structures on protected mountain ridges by any person. The ordinance may provide for the issuance of permits to construct tall buildings on protected mountain ridges, the conditioning of such permits, and the denial of permits for such construction. Any ordinance adopted hereunder shall be based upon studies of the mountain ridges within the county, a statement of objectives to be sought by the ordinance, and plans for achieving these objectives. Any such county ordinance shall apply countywide except as otherwise provided in G.S. 160A-360, and any such city ordinance shall apply citywide, to construction of tall buildings on protected mountain ridges within the city or county, as the case may be.

A city with a population of 50,000 or more may adopt, prior to January 1, 1986, an ordinance eliminating the requirement for an elevation of 3,000 feet, as permitted by G.S. 113A-206(6).

(b) Under the ordinance, permits shall be denied if a permit application (and shall be revoked if a project) fails to provide for:

- (1) Sewering that meets the requirements of a public wastewater disposal system that it discharges into, or that is part of a separate system that meets applicable State and federal standards;
- (2) A water supply system that is adequate for fire protection, drinking water and other projected system needs; that meets the requirements of any public water supply system that it interconnects with; and that meets any applicable State standards, requirements and approvals;
- (3) Compliance with applicable State and local sedimentation control regulations and requirements; and
- (4) Adequate consideration to protecting the natural beauty of the mountains, as determined by the local governing body.

(c) Permits may be conditioned to insure proper operation, to avoid or mitigate any of the problems or hazards recited in the findings of G.S. 113A-207, to protect natural areas or the public health, and to prevent badly designed, unsafe or inappropriate construction.

(d) An ordinance adopted under the authority of this section applies to all protected mountain ridges as defined in G.S. 113A-206. A county or city may apply the ordinance to other mountain ridges within its jurisdiction if it finds that this application is reasonably necessary to protect against some or all of the hazards or problems set forth in G.S. 113A-207. Additionally, a city with a population of 50,000 or more may apply the ordinance to other mountain ridges within its extraterritorial planning jurisdiction if it finds that this application is reasonably necessary to protect against some or all of the hazards or problems set forth in G.S. 113A-207.

(e) Determinations by the county or city governing board of heights or elevations under this Article shall be conclusive in the absence of fraud. Any county or city that adopts a ridge ordinance under the authority of this section or other authority shall send a copy of the ordinance to the Secretary of Environment and Natural Resources.

(f) Any county or city that adopts an ordinance pursuant to this section must hold a public hearing before adopting the ordinance upon the question of adopting the ordinance or of allowing the construction of tall buildings on protected mountain ridges to be governed by G.S. 113A-209. The public hearing required by this section shall be held upon at least 10 days' notice in a newspaper of general circulation in the unit adopting the ordinance. Testimony at the hearing shall be recorded and any and all exhibits shall be preserved within the custody of the governing body. The testimony and evidence shall be made available for inspection and scrutiny by any person.

(g) Any resident of a county or city that adopted an ordinance pursuant to this section, or of an adjoining county, may bring a civil action against the ordinance-adopting unit, contesting the ordinance as not meeting the requirements of this section. If the ordinance is found not to meet all of the requirements of this section, the county or city shall be enjoined from enforcing the ordinance and the provisions of G.S. 113A-209 shall apply. Nothing in this Article authorizes the State of North Carolina or any of its agencies to bring a civil action to contest an ordinance, or for a violation of this Article or of an ordinance adopted pursuant to this Article. (1983, c. 676, s. 1; 1985, c. 713, ss. 2, 4; 1989, c. 727, s. 218(78); 1997-443, s. 11A.119(a).)

§ 113A-209. Certain buildings prohibited.

(a) This section applies beginning January 1, 1984, in any county or city that has failed to adopt a ridge protection ordinance pursuant to G.S. 113A-208 by January 1, 1984.

(b) No county or city may authorize the construction of, and no person may construct, a tall building or structure on any protected mountain ridge.

(c) No county or city may authorize the providing of the following utility services to any building or structure constructed in violation of subsection (b) of this section: electricity, telephone, gas, water, sewer, or septic system. (1983, c. 676, s. 1.)

§ 113A-210. Application to existing buildings.

General Statutes 113A-208 and 113A-209 apply to buildings that existed upon the effective date of this Article as follows:

- (1) No reconstruction, alteration or expansion may aggravate or intensify a violation by an existing building or structure that did not comply (a) with G.S. 113A-209 upon its effective date, or (b) with an ordinance adopted under G.S. 113A-208 upon its effective date.
- (2) No reconstruction, alteration or expansion may cause or create a violation by an existing building or structure that did comply (a) with G.S. 113A-209 upon its effective date, or (b) with an ordinance adopted under G.S. 113A-208 upon its effective date. (1983, c. 676, s. 1.)

Editor's Note. — The effective date of this Article, referred to in this section, is July 5, 1983. As to the applicability of §§ 113A-208 and 113A-209, see those sections.

§ 113A-211. Enforcement and penalties.

(a) Violations of this Article shall be subject to the same criminal sanctions, civil penalties and equitable remedies as violations of county ordinances under G.S. 153A-123.

(b) Any person injured by a violation of this Article or any person who resides in the county in which the violation occurred may bring a civil action against the person alleged to be in violation. The action may seek:

- (1) Injunctive relief; or
- (2) An order enforcing the provision violated; or
- (3) Damages caused by the violation; or
- (4) Both damages and injunctive relief; or
- (5) Both damages and an enforcement order; or
- (6) Both an enforcement order and injunctive relief.

If actual damages as found by the court or jury in suits brought under this subsection are five hundred dollars (\$500.00) or less, the plaintiff shall be awarded double the amount of actual damages; if the amount of actual damages as found by the court or jury is greater than five hundred dollars (\$500.00), the plaintiff shall receive damages in the amount so found. Injunctive relief or an enforcement order under this subsection may be based upon a threatened injury, an actual injury, or both.

Civil actions under this subsection shall be brought in the General Court of Justice of the county in which the alleged violation occurred. The court, in issuing any final order in any action brought pursuant to this section may award costs of litigation, including reasonable attorney and expert-witness fees, to any party, whenever it determines that such an award is appropriate. The court may, if a temporary restraining order or preliminary injunction is sought, require the filing of a bond or equivalent security, the amount of such bond or security to be determined by the court. Nothing in this section shall restrict any right which any person or class of persons may have under the common law or under any statute to seek injunctive or other relief.

(c) Within the meaning of this section, violations of this Article include violations of local ordinances adopted pursuant to G.S. 113A-208. (1983, c. 676, s. 1.)

§ 113A-212. Assistance to counties and cities under ridge law.

(a) The Secretary of Environment Natural Resources shall provide assistance upon request to the counties and cities in carrying out their functions pursuant to this Article, such as by providing model studies, plans, and ordinances for their consideration.

(b) The Secretary of Environment and Natural Resources shall identify the protected mountain ridge crests in each county by showing them on a map or drawing, describing them in a document, or any combination thereof. Such maps, drawings, or documents shall identify the protected mountain ridges as defined in G.S. 113A-206 and such other mountain ridges as any county may request, and shall specify those protected mountain ridges that serve as all or part of the boundary line between two counties. By November 1, 1983, the map, drawing, or document tentatively identifying the protected mountain ridge crests of each county shall be filed with the board of county commissioners and with the city governing body of each city that requests it. By January 1, 1984, the map, drawing, or document identifying the protected mountain ridge crests shall be permanently filed by the Secretary with the register of deeds in the county where the land lies, and made available for inspection at the Secretary's office in Raleigh. Copies of the maps, drawings, or documents certified by the register of deeds, shall be admitted in evidence in all courts and shall have the same force and effect as would the original.

(b1) By January 1, 1986, a map, drawing, or document tentatively identifying the protected mountain ridge crests of each city with a population of fifty thousand (50,000) or more that has eliminated the requirement for a minimum elevation of 3,000 feet, shall be filed by the Secretary of Environment and Natural Resources with the board of county commissioners and with the city governing body. By March 1, 1986, the map, drawing, or document identifying the protected mountain ridge crests in the city with a population of fifty thousand (50,000) or more shall be permanently filed by the Secretary with the register of deeds in the county where the land within that city with a population of fifty thousand (50,000) or more lies, and shall be made available for inspection at the Secretary's office in Raleigh. Copies of the maps, drawings, or documents certified by the register of deeds shall be admitted in evidence in all courts and shall have the same force and effect as would the original.

(c) Determinations by the Secretary of elevations under this section shall be conclusive in the absence of fraud. (1983, c. 676, s. 1; 1985, c. 713, s. 3; 1989, c. 727, s. 218(79); 1997-443, s. 11A.119(a).)

§ 113A-213. Article is supplemental.

This Article provides a supplemental source of authority in addition to other present or future legislation and shall not be construed as prescribing an exclusive procedure or as granting exclusive powers. (1983, c. 676, s. 1.)

§ 113A-214. Choosing coverage or removal from coverage of this Article.

(a) This Article shall apply in all counties and cities unless and until the jurisdiction adopts an ordinance exempting itself from the coverage of this Article.

This exemption shall only be effective after a binding referendum, in which all registered voters in the jurisdiction are eligible to vote, which shall be held on or before May 8, 1984. The binding referendum shall be held either as a result of a resolution passed by the governing body of the jurisdiction or as a

result of an initiative petition signed by fifteen percent (15%) of the registered voters in the jurisdiction and filed with the Board of Elections of that county not later than 60 days before the election is to be held. At that referendum, each qualified voter desiring to vote shall be provided a ballot on which shall be printed the following:

☐ FOR coverage under the Mountain Ridge Protection Act of 1983.

☐ AGAINST coverage under the Mountain Ridge Protection Act of 1983.

(b) If a jurisdiction removes itself from the coverage of this Article, by means of a binding referendum, as provided for in subsection (a) of this section, then it shall have until May 13, 1986 to place itself again under the coverage of this Article by means of an ordinance passed after a similar binding referendum. Once a jurisdiction opts out and then opts back under the Article, it may not take any further action to again remove itself from the coverage of the Article.

(c) If a county has chosen the permit procedure authorized by G.S. 113A-208, and then opts out of and either the county or any city in the county opts back under the coverage of this Article, then that jurisdiction may choose the permit procedure even after January 1, 1984.

(d) When a county removes itself from the coverage of this Article all cities within the county shall be removed from the coverage of this Article. Provided, however, a city in a county that has removed itself from coverage may, under the procedure set forth in subsection (b) of this section, place itself again under the coverage of this Article.

(e) When a protected mountain ridge is any part of the boundary between two jurisdictions then that part of the ridge shall be covered by this Article unless both jurisdictions remove themselves from the coverage of this Article. (1983, c. 676, s. 1.)

ARTICLE 16.

Conservation Easements Program.

§ 113A-230. Legislative findings; intent.

The General Assembly finds that a statewide network of protected natural areas, riparian buffers, and greenways can best be accomplished through a

conservation easements program. The General Assembly further finds that other public conservation and use programs, such as natural area protection, beach access, trail systems, historic landscape protection, and agricultural preservation, can benefit from increased conservation tools. In this Article, the General Assembly therefore intends to extend the ability of the Department of Environment and Natural Resources to achieve these purposes and to strengthen the capability of private nonprofit land trusts to participate in land and water conservation. (1997-226, s. 6; 1997-443, s. 11A.119(b).)

§ 113A-231. Program to accomplish conservation purposes.

The Department of Environment and Natural Resources shall develop a nonregulatory program that uses conservation tax credits as a prominent tool to accomplish conservation purposes, including the maintenance of ecological systems. (1997-226, s. 6; 1997-443, s. 11A.119(b).)

§ 113A-232. Conservation Grant Fund.

(a) Fund Created. — The Conservation Grant Fund is created within the Department of Environment and Natural Resources. The Fund shall be administered by that Department. The purpose of the Fund is to stimulate the use of conservation easements, to improve the capacity of private nonprofit land trusts to successfully accomplish conservation projects, to better equip real estate related professionals to pursue opportunities for conservation, to increase citizen participation in land and water conservation, and to provide an opportunity to leverage private and other public monies for conservation easements.

(b) Fund Sources. — The Conservation Grant Fund shall consist of any monies appropriated to it by the General Assembly and any monies received from public or private sources. Unexpended monies in the Fund that were appropriated from the General Fund by the General Assembly shall revert at the end of the fiscal year unless the General Assembly otherwise provides. Unexpended monies in the Fund from other sources shall not revert and shall remain available for expenditure in accordance with this Article.

(c) Eligibility. — In order for land to be the subject of a grant under this Article, the land must possess or have a high potential to possess ecological value, must be reasonably restorable, and must qualify for tax credits under G.S. 105-130.34 or G.S. 105-151.12. Private nonprofit land trust organizations must be qualified pursuant to G.S. 105-130.34 and G.S. 105-151.12 and must be certified under section 501(c)(3) of the Internal Revenue Code.

(d) Use of Revenue. — Revenue in the Conservation Grant Fund may be used only for the following purposes:

- (1) The administrative costs of the Department in administering the Fund.
- (2) Conservation grants made in accordance with this Article.
- (3) To establish an endowment account, the interest from which will be used for a purpose described in G.S. 113A-233(a)(3) or (a)(5). (1997-226, s. 6; 1997-443, s. 11A.119(b).)

§ 113A-233. Uses of a grant from the Conservation Grant Fund.

(a) Allowable Uses. — A grant from the Conservation Grant Fund may be used only to pay for one or more of the following costs:

- (1) Reimbursement for total or partial transaction costs for donations from individuals or corporations satisfying either of the following:
 - a. Insufficient financial ability to pay all costs or insufficient taxable income to allow these costs to be included in the donated value.
 - b. Insufficient tax burdens to allow these costs to be offset by the value of tax credits under G.S. 105-130.34 or G.S. 105-151.12 or by charitable deductions.
- (2) Management support, including initial baseline inventory and planning.
- (3) Monitoring compliance with conservation easements, the related use of riparian buffers, natural areas, and greenways, and the presence of ecological integrity.
- (4) Education on conservation, including information materials intended for landowners and education for staff and volunteers.
- (5) Stewardship of land.
- (6) Transaction costs, including legal expenses, closing and title costs, and unusual direct costs, such as overnight travel.
- (7) Administrative costs for short-term growth or for building capacity.
- (b) Prohibition. — The Fund shall not be used to pay the purchase price for any interest in land. (1997-226, s. 6.)

§ 113A-234. Administration of grants.

The Secretary of Environment and Natural Resources shall establish the procedures and criteria for awarding grants from the Conservation Grant Fund. The criteria shall focus grants on those areas, approaches, and techniques that are likely to provide the optimum positive effect on environmental protection. The Secretary shall make the final decision on the award of grants and shall announce the award publicly in a timely manner.

The Secretary may administer the grants under this Article or may contract for selected activities under this Article. If administrative services are contracted, the Department shall establish guidance and criteria for its operation and contract with a statewide nonprofit land trust service organization. (1997-226, s. 6; 1997-443, s. 11A.119(b).)

§ 113A-235. Conservation easements.

(a) Ecological systems and appropriate public use of these systems may be protected through conservation easements, including conservation agreements under Article 4 of Chapter 121 of the General Statutes, the Conservation and Historic Preservation Agreements Act, and conservation easements under the Conservation Reserve Enhancement Program. The Department of Environment and Natural Resources shall work cooperatively with State and local agencies and qualified nonprofit organizations to monitor compliance with conservation easements and conservation agreements and to ensure the continued viability of the protected ecosystems. Soil and water conservation districts established under Chapter 139 of the General Statutes may acquire easements under the Conservation Reserve Enhancement Program by purchase or gift.

(b) The Department may convey real property or an interest in real property that has been acquired under the Conservation Reserve Enhancement Program to a federal or State agency, a local government, or a private, nonprofit conservation organization to acquire, manage, and maintain real property or an interest in real property for the purposes set out in subsection (a) of this section. A grantee of real property or an interest in real property under this subsection shall grant a conservation easement in the real property or interest

in real property to the Department in a form that is acceptable to the Department.

(c) The Department shall report on the implementation of this Article to the Environmental Review Commission no later than 1 November of each year. The Department shall maintain an inventory of all conservation easements held by the Department. The inventory shall be included in the report required by this subsection. (1997-226, s. 6; 1997-443, s. 11A.119(b); 1999-329, s. 6.3.)

Editor's Note. — Session Laws 1999-329, s. 13.7 provides: "This act shall not be construed to obligate the General Assembly to appropriate funds to implement the provisions of this

act. Every State agency to which this act applies shall implement the provisions of this act from funds otherwise appropriated or available to that agency."

§§ 113A-236 through 113A-239: Reserved for future codification purposes.

ARTICLE 17.

Conservation, Farmland, And Open Space Protection And Coordination.

§ 113A-240. Intent.

(a) It is the intent of the General Assembly to continue to support and accelerate the State's programs of land conservation and protection, to find means to assure and increase funding for these programs, to support the long-term management of conservation lands acquired by the State, and to improve the coordination, efficiency, and implementation of the various State and local land protection programs operating in North Carolina.

(b) It is the further intent of the General Assembly that the State's lands should be protected in a manner that minimizes any adverse impacts on the ability of local governments to carry out their broad mandates. (2000-23, s. 2.)

Editor's Note. — Session Laws 2000-23, s. 1, provides: "The General Assembly reaffirms the strong desire of the State and its citizens to conserve and protect the lands needed to provide a high-quality environment for present

and future generations, while also preserving, to the maximum extent possible, the liberty of each individual to pursue their interests."

Session Laws 2000-23, s. 4, made this Article effective June 28, 2000.

§ 113A-241. State to Preserve One Million Acres; Annual Report.

(a) The State of North Carolina shall encourage, facilitate, plan, coordinate, and support appropriate federal, State, local, and private land protection efforts so that an additional one million acres of farmland, open space, and conservation lands in the State are permanently protected by December 31, 2009. These lands shall be protected by acquisition in fee simple or by acquisition of perpetual conservation easements by public conservation organizations or by private entities that are organized to receive and administer lands for conservation purposes.

(b) The Secretary of Environment and Natural Resources shall lead the effort to add one million acres to the State's protected lands and shall plan and coordinate with other public and private organizations and entities that are receiving and administering lands for conservation purposes.

(c) The Secretary of Environment and Natural Resources shall report to the Governor and the Environmental Review Commission on or before 1 September of each year on the State's progress towards attaining the goal established in this section. (2000-23, ss. 2, 3; 2001-452, s. 2.2.)

Editor's Note. — Session Laws 2000-23, s. 3, was codified as subsection (c) of this section and "this Article" was substituted for "this act" in that subsection at the direction of the Revisor of Statutes.

Effect of Amendments. — Session Laws

2001-452, s. 2.2, effective October 28, 2001, in subsection (c), substituted "on or before 1 September of each year" for "annually beginning on September 1, 2000" and substituted "this section" for "Section 2 of this Article" at the end of the subsection.

Energy Policy Council.

§ 113B-1. Legislative findings and purpose.

Upon investigation the General Assembly hereby finds that:

- (1) Energy is essential to the health, safety and welfare of the people of this State and to the workings of the State economy;
- (2) Growth in the consumption of energy resources is in some part due to wasteful, uneconomic and inefficient uses of energy and a continuation of this trend will adversely affect the future social, economic and environmental development of North Carolina;
- (3) It is the responsibility of State government to encourage a reliable and adequate supply of energy for North Carolina at a level consistent with such energy needs required for the protection of public health and safety, and for the promotion of the general welfare; and
- (4) The State has not provided the basis for development of a long-range unified energy policy to encompass comprehensive energy resource planning and efficient management of the rate of consumption of existing energy resources in relation to economic growth, to effectively meet an energy crisis, to encourage development of alternative sources of energy, and to prudently conserve energy resources in a manner consistent with assuring a reliable and adequate supply of energy for North Carolina.
- (5) It is the expressed intent of this Chapter to provide for development of such a unified energy policy for the State of North Carolina. (1975, c. 877, s. 3.)

§ 113B-2. Creation of Energy Policy Council; purpose of Council.

(a) There is hereby created a council to advise and make recommendations on energy policy to the Governor and the General Assembly to be known as the Energy Policy Council which shall be located within the Department of Administration.

(b) The Energy Efficiency Program shall be designed to assure the public health and safety of the people of North Carolina and to encourage and promote conservation of energy through reducing wasteful, inefficient or uneconomical uses of energy resources.

(c) The Energy Efficiency Program shall include but not be limited to the following recommendations:

- (1) Recommendations to the Building Code Council for lighting, insulation, climate control systems and other building design and construction standards which increase the efficient use of energy and are economically feasible to implement;
- (2) Recommendations to the Building Code Council for per unit energy requirement allotments based upon square footage for various classes of buildings which would reduce energy consumption, yet are both technically and economically feasible and not injurious to public health and safety;
- (3) Recommendations for minimum levels of operating efficiency for all appliances whose use requires a significant amount of energy based upon both technical and economic feasibility considerations;

Upon approval, the Governor shall assign administrative responsibility for such implementation as can be carried

out by executive order to appropriate agencies of State government, and submit to the General Assembly such proposals which require legislative action for implementation. The Governor shall have the authority to accept, administer, and enforce federal programs, program measures and permissive delegations of authority delegated to the Governor by the President of the United States, Congress, or the United States Department of Energy, on behalf of the State of North Carolina, which pertain to the conservation of energy resources.

(f) The Governor shall transmit the approved Energy Efficiency Program to the President of the Senate, to the Speaker of the House of Representatives, to the heads of all State agencies and shall further seek to publicize such plan and make it available to all units of local government and to the public at large.

(g) At least every two years and whenever such changes take place as would significantly affect energy supply or demand in North Carolina, the Energy Policy Council shall review and, if necessary, revise the Energy Efficiency Program, transmitting such revised plan to the Governor pursuant to the procedures contained in subsections (e) and (f) of this section. (1975, c. 877, s. 4; 1981, c. 701, s. 1; 2000-140, s. 76(c).)

Editor's Note. — Session Laws 2000-67, s. 1.1, provides: "This act shall be known as 'The Current Operations and Capital Improvements Appropriations Act of 2000'."

Session Laws 2000-67, s. 14.18(a)-(e), re-names the State Energy Conservation Plan as the State Energy Efficiency Program. Effective September 30, 2000, the statutory authority, powers, duties and functions, records, property, funds, etc., of the Residential Energy Conservation Assistance Program in the Energy Division of the Department of Commerce are transferred from the Department of Commerce to the Department of Health and Human Services. Similarly, effective September 30, 2000, the statutory authority, powers, duties and functions, records, property, funds, etc., of the Energy Policy Council and State Energy Efficiency Program in the Energy Division of the Department of Commerce are transferred from the

Department of Commerce to the Department of Administration. Effective July 1, 2000, all vacant positions in the Energy Division of the Department of Commerce are abolished.

Session Laws 2000-67, s. 28.2, provides: "Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2000-2001 fiscal year, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2000-2001 fiscal year."

Session Laws 2000-67, s. 28.4, contains a severability clause.

Effect of Amendments. — Session Laws 2000-140, s. 76(c), effective September 30, 2000, substituted "Efficiency Program" for "Conservation Plan" in the catchline and throughout the section; substituted "program" for "plan" throughout the section; and made a minor wording change.

§ 113B-8. Energy Management Plan; components.

(a) The Energy Policy Council shall prepare a recommended Energy Management Plan for transmittal to the Governor, the initial plan to be completed by June 30, 1976.

(b) The Energy Management Plan shall be designed to encourage the most efficient use of all sources of energy available to meet the needs of the State and to avoid undue dependence upon relatively limited, unreliable or uneconomical sources of energy.

(c) The Energy Management Plan shall include but not be limited to the following:

- (1) An analysis of the current pattern of consumption of energy throughout the State by category of energy user and by sources of energy supply;
- (2) An assessment of the effect of demand and supply of different forms of energy upon the current pattern of consumption;
- (3) An independent analysis, in five-, 10- and 20-year forecasts, of future energy production, supplies and consumption for North Carolina in

relation to forecasts of statewide population growth and economic expansion;

- (4) An analysis of the anticipated effects of recommended conservation measures upon the consumption of energy in the State;
- (5) An assessment of the possible effects of national energy and economic policy and international economic and political conditions upon an adequate and reliable supply of different forms of energy for North Carolina;
- (6) An assessment of the social, economic and environmental effects of alternative future consumption patterns on energy usage in North Carolina, including the potentially disruptive effects of supply limitations;
- (7) Recommendations on the use of different future energy sources that seem most appropriate and feasible for North Carolina in meeting expected energy needs during the next five-, 10- and 20-year periods, with consideration given to growth trends in North Carolina industry and possible adverse economic impact on such trends.

(d) In addition to the above, the Energy Management Plan shall contain proposals for the implementation of such recommendations as can be carried out by executive order. Upon completion of a draft recommended plan, the Council shall arrange for its distribution to interested parties and shall make such plan available to the public and the Council further shall set a date for public hearing on said plan.

(e) Upon completion of the Energy Management Plan, the Council and the Governor shall follow the procedures as outlined in G.S. 113B-7(e) and (f).

(f) The Council shall update such plan upon a finding by it that an update is justified and shall follow the procedures for adoption pursuant to G.S. 113B-7(e) and (f).

(g) The Governor shall have the authority to accept, administer and enforce federal programs, program measures, and permissive delegations of authority delegated to the Governor by the President of the United States, Congress, or the United States Department of Energy, on behalf of the State of North Carolina, which pertain to management of energy resources.

(h) The Governor shall have the authority to accept, administer and enforce the delegation of authority delegated to the State by the Emergency Petroleum Allocation Act and the Emergency Energy Conservation Act of 1979 and any orders, rules, and regulations issued pursuant to those acts as well as any succeeding federal programs, program measures, laws, orders, or regulations relating to the allocation, conservation, consumption, management or rationing of energy resources. (1975, c. 877, s. 4; 1981, c. 701, s. 2.)

§ 113B-9. Emergency Energy Program; components.

(a) The Energy Policy Council shall, in accordance with the provisions of this Article, develop contingency and emergency plans to deal with possible shortages of energy to protect public health, safety and welfare, such plans to be compiled into an Emergency Energy Program.

(b) Within four months of July 1, 1975:

- (1) Each electric utility and natural gas utility in the State shall prepare and submit to the Energy Policy Council a proposed emergency curtailment plan setting forth proposals for identifying priority loads or users in the event of the declaration of an energy crisis pursuant to G.S. 113B-20, and proposals for supply allocation to such priority loads or users.
- (2) Each major oil producer doing business in this State as determined by the Energy Policy Council shall prepare and submit to the Energy

Policy Council an analysis of how any national supply curtailment pursuant to federal regulations shall affect the supply for North Carolina and how priority users will be determined and available supplies allocated to such users.

(c) The Energy Policy Council shall encourage the preparation of joint emergency curtailment plans and analyses. If such cooperative plans and analyses are developed between two or more utilities, major producers or by an association of such companies, the joint plans or analyses may be submitted to the Energy Policy Council in lieu of information required pursuant to subsection (b) of this section.

(d) The Energy Policy Council shall collect from all relevant governmental agencies any existing contingency plans for dealing with sudden energy shortages or information related thereto.

(e) The Energy Policy Council shall hold one or more public hearings, investigate and review the plans submitted pursuant to this section, and, within nine months after July 1, 1975, the Energy Policy Council shall approve and recommend to the Governor guidelines for emergency curtailment to be known as the Emergency Energy Program and to be implemented upon adoption by the Governor after the declaration of an energy crisis and pursuant to G.S. 113B-20 and 113B-23. Said program shall be based upon the plans presented to the Energy Policy Council, upon independent analysis and study by the Council, and upon information provided at the hearing or hearings, provided, however, that they are consistent with such federal programs and regulations as are already in effect at that time.

(f) The Emergency Energy Program shall provide for the maintenance of essential services, the protection of public health, safety, and welfare, and the maintenance of a sound basic State economy. Provisions also shall be made in said program to differentiate curtailment of energy consumption by users on the basis of ability to accommodate such curtailments, and shall also include, but not be limited to, the following:

- (1) A variety of strategies and staged conservation measures of increasing intensity and authority to reduce energy use during an energy crisis, as defined in G.S. 113B-20 and guidelines and criteria for allocation of energy sources to priority users. The program shall contain alternative conservation actions and allocation plans to reasonably meet various foreseeable shortage circumstances and to allow a choice of appropriate responses;
- (2) Evidence that the program is consistent with requirements of federal emergency energy conservation and allocation laws and regulations;
- (3) Proposals to assist such individuals, institutions, agriculture and businesses which have engaged in energy saving measures;
- (4) Repealed by Session Laws 1981, c. 701, s. 3.

(g) The Energy Policy Council shall carry out such investigations and studies as are necessary to determine if and when potentially serious shortages of energy are likely to affect North Carolina and the Council shall make recommendations to the Governor concerning administrative and legislative actions required to avert such shortages, such recommendations to be included as a section of the Emergency Energy Program.

(h) In addition to the above information and recommendations, the program shall contain proposals for implementation of such recommendations which include procedures, rules and regulations and agency administrative responsibilities for implementation, and shall further contain procedures for fair and equitable review of complaints and requests for special exemptions from emergency conservation measures or emergency allocations. Upon completion of a draft recommended plan, the Council shall arrange for its distribution to interested parties and shall make such plan available to the public and the Council further shall set a date for public hearing on said plan.

(i) Upon completion of the Emergency Energy Allocation Program, the Council and the Governor shall follow the procedures as outlined in G.S. 113B-7(e) and (f).

(j) The Council shall update said program upon a finding by it that an update is justified and shall follow the procedures for adoption pursuant to G.S. 113B-7(e) and (f).

(k) The Governor shall have the authority to accept, administer and enforce federal programs, program measures and permissive delegations of authority delegated to the Governor by the President of the United States, Congress, or the United States Department of Energy, on behalf of the State of North Carolina, which pertain to actions necessary to deal with an actual or impending energy shortage. (1975, c. 877, s. 4; 1979, c. 514, s. 2; 1981; c. 701, s. 3.)

§ 113B-10. Energy Research and Development Program; information gathering; coordination of energy research and planning.

(a) The Energy Policy Council shall encourage, through its activities, research studies and projects which are related to energy conservation and management and to the development of alternative energy technologies.

(b) The Council shall develop and coordinate a statewide program of research and development in energy related matters and shall give priority in encouraging and supporting such efforts to those areas of energy research and development which are of particular importance to North Carolina.

(c) The Council shall serve as the central repository within State government for the collection and storage of data and information on energy-related matters. To this end the Council shall develop an energy information reporting system for use by all governmental agencies and by the general public.

(d) The Council shall review and coordinate all State agency research and planning relating to energy in an effort to reduce duplication of work and shall be the lead State agency for coordination of energy matters with local government, regional organizations, other states and the federal government.

(e) The Council may request and utilize the advice, information and services of all State, regional, local and federal agencies and shall cooperate with the President of the United States and all said agencies in matters relating to energy research, programs and policy. (1975, c. 877, s. 4.)

§ 113B-11. Powers and authority.

(a) The Energy Policy Council is authorized to secure directly from any officer, office, department, commission, board, bureau, institution and other agency of the State and its political subdivisions any information it deems necessary to carry out its functions; and all such officers and agencies shall cooperate with the Council and, to the extent permitted by law, furnish such information to the Council as it may request.

(b) To assure the adequate development of relevant energy information, as provided in G.S. 113B-10, the Council may require all energy producers and major energy consumers, as determined by the Council, to file such reports and forecasts and at such dates as the Council may request; provided, however, that the Council may request only specific energy-related information which it deems necessary to carry out its duties as defined in Articles 1 and 2 of this Chapter.

(c) The Council shall have authority to apply for and utilize grants, contributions and appropriations in order to carry out its duties as defined in Articles 1 and 2 of this Chapter, provided, however, that all such applications

and requests are made through and administered by the Department of Administration.

(d) The Council shall have authority to request said Department to allocate and dispense any funds made available to the Council for energy research and related work efforts in such a manner as the Council desires subject only to the stipulation that said funds be reasonably used in furtherance of the purposes of this Article.

(e) The Department of Administration shall provide the staffing capability to the Energy Policy Council so as to fully and effectively develop recommendations for a comprehensive State energy policy as contained in the provisions of this Article. The Utilities Commission is hereby authorized to make its staff available to the Council to assist in the development of a State energy policy. (1975, c. 877, s. 4; 1977, c. 23, s. 1; 1989, c. 751, s. 7(10); 1991 (Reg. Sess., 1992), c. 959, s. 28; 2000-140, s. 76(d).)

Effect of Amendments. — Session Laws 2000-140, s. 76(d), effective September 30, 2000, substituted “The Department” for “The Energy Division of the Department” in subsection (e) and substituted “Administration” for “Commerce” in subsections (c) and (e).

§ 113B-12. Annual reports; contents.

(a) Beginning January 1, 1977, and every year thereafter, the Energy Policy Council shall transmit to the Governor, the Speaker of the House of Representatives, the President of the Senate, the chairman of the Utilities Commission and the appropriate chairmen of the House and Senate committees concerned with energy matters, a comprehensive report providing a general overview of energy conditions in the State. On January 1, 1976, the Energy Policy Council shall transmit a progress report to the public officials named above.

(b) The report shall include, but not be limited to, the following:

- (1) An overview of statewide growth and development as they relate to future requirements for energy, including patterns of urban and metropolitan expansion, shifts in transportation modes, modifications in building types and design, and other trends and factors which, as determined by the Council, will significantly affect energy needs;
- (2) The level of statewide and multi-county regional energy demand for a five-, 10- and 20-year forecast period which, in the judgment of the Council, can reasonably be met, with proposals as to possible energy supply sources;
- (3) An assessment of growth trends in energy consumption and production and an identification of potential adverse social, economic, or environmental impacts which might be imposed by continuation of the present trends, including energy costs to consumers, significant increases in air, water, and other forms of pollution, threats to public health and safety, and loss of scenic and natural areas;
- (4) An analysis and evaluation of the means by which the projected annual growth rate of energy demand may be reduced, together with an estimate of the amount of such reduction to be obtained by each of the means analyzed and evaluated;
- (5) The status of the Council's ongoing energy research and development program and an assessment of the energy research and planning efforts carried out in North Carolina;
- (6) Recommendations to the Governor and the General Assembly for additional administrative and legislative actions on energy matters;
- (7) A summary of the Council's activities since its inception, a description of major plans developed by the Council, an assessment of plan implementation, and a review of Council plans and programs for the coming biennium. (1975, c. 877, s. 4.)

§§ 113B-13 through 113B-19: Reserved for future codification purposes.

ARTICLE 2.

Energy Crisis Administration.

§ 113B-20. Definition; declaration of energy crisis.

(a) "Energy crisis". — An energy crisis exists when the health, welfare or safety of the citizens of North Carolina are threatened by reason of an actual or impending acute shortage in usable, necessary energy resources.

(b) Declaration by Governor. — Upon a finding by the Governor that the conditions stated in subsection (a) do exist, the Governor may declare the existence of an energy crisis. (1975, c. 877, s. 4.)

§ 113B-21. Creation of Legislative Committee on Energy Crisis Management.

(a) There is hereby created a Legislative Committee on Energy Crisis Management to consist of the Speaker, as chairman, the Speaker pro tempore of the House of Representatives and the President pro tempore and the majority leader of the Senate. The Lieutenant Governor shall serve as a nonvoting ex officio member, provided, however, that he shall vote to break a tie.

(b) The Legislative Committee shall convene within 24 hours following the declaration of an energy crisis, as provided in G.S. 113B-20.

(c) Members of the Legislative Committee shall be reimbursed for their services pursuant to the provisions of G.S. 138-5. (1975, c. 877, s. 4; 1977, c. 23, s. 1; 1983 (Reg. Sess., 1984), c. 1034, s. 135.)

§ 113B-22. Procedures for adopting emergency proposals; emergency powers.

(a) Upon the declaration of an energy crisis, the Governor shall submit to the Legislative Committee for its prompt consideration such emergency orders, rules and regulations as deemed necessary to alleviate the effects of the energy crisis.

(b) The Governor shall immediately consult with the Legislative Committee about the emergency proposals. The emergency orders, rules, or regulations shall become effective at a time specified by the Governor, but no earlier than 48 hours after submission to the Legislative Committee, provided that they may take effect at an earlier time if approved by a majority vote of the Council of State after the Council makes a finding that the crisis is of such immediacy as to make delay for legislative review cause for probable harm to the public.

(c) No order, rule, or regulation promulgated under the provisions of this section shall remain in effect for more than 30 days unless the Governor consults with the Legislative Committee. Such consultation is separate and apart from the consultation required by subsection (a) of this section, and may not take place until the order, rule, or regulation has been in effect for at least seven days.

(d) The Governor's orders, rules and regulations, promulgated, subject to consultation with the Legislative Committee, pursuant to this section, may also include, by way of further enumerated example rather than limitation, provisions for the establishment and implementation of programs, controls,

standards, priorities, and quotas for the allocation, conservation and consumption of energy resources; the suspension and modification of existing standards and requirements affecting or affected by the use of energy resources, including those relating to air quality control and the hours and days during which public buildings may or may not be required to remain open; and the establishment and implementation of regional programs and agreements for the purposes of coordinating the energy resource programs and actions of the State with those of the federal government and of other states and localities. (1975, c. 877, s. 4; 1983 (Reg. Sess., 1984), c. 1034, ss. 136, 137.)

§ 113B-23. Administration of plans and procedures.

(a) Upon the declaration of an energy crisis, pursuant to G.S. 113B-20, the Energy Policy Council shall become the emergency energy coordinating body for the State and shall carry out the following duties:

- (1) Identify and determine the nature and severity of expected energy shortages;
- (2) Provide for daily communications with and gather information from significant energy producers, distributors, transporters and major consumers, as determined by the Energy Policy Council, to carry out its responsibilities pursuant to this section;
- (3) Provide data, carry out continuing assessments of the crisis situation, and make recommendations to the Governor and to the Legislative Committee for further action.

(b) Upon the declaration of an energy crisis, the Governor shall order the Energy Policy Council, the Utilities Commission, the Attorney General and other appropriate State and local agencies to implement and enforce the Emergency Energy Program pursuant to G.S. 113B-9 and any emergency rules, orders or regulations approved pursuant to G.S. 113B-22.

(c) Upon the declaration of an energy crisis, the Governor may employ such measures and give such direction to State and local offices and agencies as may be reasonable and necessary for the purpose of securing compliance with the provisions of this Article and with emergency rules, orders and regulations issued pursuant to G.S. 113B-22. (1975, c. 877, s. 4; 1983 (Reg. Sess., 1984), c. 1034, s. 138.)

§ 113B-24. Enforcement; penalties for violations.

(a) The Attorney General and the law-enforcement authorities of the State and its political subdivisions shall enforce the provisions of this Article and all orders, rules and regulations promulgated pursuant to G.S. 113B-22.

(b) Any person who violates this Article or any rules, orders or regulations promulgated pursuant to G.S. 113B-22 or knowingly or willfully submits false information in any report required herein shall be guilty of a Class 1 misdemeanor.

(c) The provisions of this Article or any rules, orders or regulations promulgated pursuant to G.S. 113B-22 may be enforced by bringing an action to enjoin such acts or practices as may be in violation and, upon a proper showing, a temporary restraining order or a preliminary or permanent injunction shall be issued. The relief sought may include a mandatory injunction commanding any person to comply with any such order, rule or regulation and restitution of money received in violation of any such order, rule or regulation. The Attorney General shall bring any action under this subsection upon the request of the Governor, the Legislative Committee on Energy Crisis Management, the Energy Policy Council, or upon his direction if he deems such action advisable and in the public interest. The Attorney General may institute such action in

the Superior Court of Wake County, or, in his discretion, in the superior court of the county in which the acts or practices constituting a violation occurred, are occurring or may occur. (1975, c. 877, s. 4; 1993, c. 539, s. 878; 1994, Ex. Sess., c. 24, s. 14(c).)

ARTICLE 1.

Attorney General.

§ 114-1. Creation of Department of Justice under supervision of Attorney General.

There is hereby created a Department of Justice which shall be under the supervision and direction of the Attorney General, as authorized by Article III, Sec. 7, of the Constitution of North Carolina. (1939, c. 315, s. 1; 1973, c. 702, s. 1.)

Legal Periodicals. — For comment, see 17 N.C.L. Rev. 375 (1939).

For article, "The Common Law Powers of the

Attorney General of North Carolina," see 9 N.C. Cent. L.J. 1 (1977).

CASE NOTES

Legislative Intent. — The constitutional independence of the executive offices, and their differing functions and duties, create clear potential for conflict between their respective holders. In the event of such conflict, power in the Attorney General to resolve, without their consent, controversies involving agencies or departments under the supervision of the Govern-

nor could be abused by exercise in a manner effectively derogative of the Governor's constitutional duties to exercise executive power and to supervise the official conduct of all executive officers. The General Assembly, in the enactment of § 114-2(2), did not intend to create such potential. *Tice v. DOT*, 67 N.C. App. 48, 312 S.E.2d 241 (1984).

§ 114-1.1. Common-law powers.

The General Assembly reaffirms that the Attorney General has had and continues to be vested with those powers of the Attorney General that existed at the common law, that are not repugnant to or inconsistent with the Constitution or laws of North Carolina. (1985, c. 479, s. 137.)

Legal Periodicals. — For article, “Changes in the State’s Law Firm: The Powers, Duties and Operations of the Office of the Attorney General,” see 12 Campbell L. Rev. 343 (1990).

CASE NOTES

The duties of the Attorney General in this State as prescribed by statutory and common law include the duty to appear for and to defend the State or its agencies in all actions in which the State may be a party or interested. *Martin v. Thornburg*, 320 N.C. 533, 359 S.E.2d 472 (1987).

The Attorney General’s common law powers did not allow him as a party to challenge class action attorneys’ fees as “excessive.” *Bailey v. North Carolina Dep’t of Revenue*, 353 N.C. 142, 540 S.E.2d 313 (2000).

§ 114-2. Duties.

It shall be the duty of the Attorney General:

- (1) To defend all actions in the appellate division in which the State shall be interested, or a party, and to appear for the State in any other court or tribunal in any cause or matter, civil or criminal, in which the State may be a party or interested.
- (2) To represent all State departments, agencies, institutions, commissions, bureaus or other organized activities of the State which receive support in whole or in part from the State.
- (3) Repealed by Session Laws 1973, c. 702, s. 2.
- (4) To consult with and advise the prosecutors, when requested by them, in all matters pertaining to the duties of their office.
- (5) To give, when required, his opinion upon all questions of law submitted to him by the General Assembly, or by either branch thereof, or by the Governor, Auditor, Treasurer, or any other State officer.
- (6) To pay all moneys received for debts due or penalties to the State immediately after the receipt thereof into the treasury.
- (7) To compare the warrants drawn on the State treasury with the laws under which they purport to be drawn.
- (8) Subject to the provisions of G.S. 62-20:
 - a. he is authorized to file responsive pleadings and to appear before such agency either in a representative capacity in behalf of the using and consuming public of this State or in behalf of the State or any of its agencies. CASE NOTES

Constitutionality. — The duty of the Attorney General to appear for the State in any court proceeding in which the State may be a party as provided in subdivision (1) of this section does not violate N.C. Const., Art. III, § 1. *Martin v. Thornburg*, 320 N.C. 533, 359 S.E.2d 472 (1987).

Derivation. — Pursuant to the authority under Article III, section 18 of the North Carolina Constitution, the General Assembly enacted this section, which prescribes the duties of the Attorney General. *Sotelo v. Drew*, 123 N.C. App. 464, 473 S.E.2d 379 (1996), *aff'd*, 345 N.C. 750, 483 S.E.2d 439 (1997).

Statutory and Common Law Duties. — The duties of the Attorney General in this State as prescribed by statutory and common law include the duty to appear for and to defend the State or its agencies in all actions in which the State may be a party or interested. *Martin v. Thornburg*, 320 N.C. 533, 359 S.E.2d 472 (1987).

Legislative Intent. — The constitutional independence of the executive offices, and their differing functions and duties, create clear potential for conflict between their respective holders. In the event of such conflict, power in the Attorney General to resolve, without their consent, controversies involving agencies or departments under the supervision of the Governor could be abused by exercise in a manner effectively derogative of the Governor's constitutional duties to exercise executive power and to supervise the official conduct of all executive officers. The General Assembly, in the enactment of subdivision (2) of this section, did not intend to create such potential. *Tice v. DOT*, 67

N.C. App. 48, 312 S.E.2d 241 (1984).

Opinions Advisory Only. — An opinion of the Attorney General, given in the performance of his statutory duty under subdivision (5) of this section, is advisory only. *Lawrence v. Shaw*, 210 N.C. 352, 186 S.E. 504 (1936), *rev'd* on other grounds, 300 U.S. 245, 57 S. Ct. 443, 81 L. Ed. 623 (1937).

Directives as to Legal Duties of Constitutional Officers. — The Attorney General has no constitutional authority to issue a directive to any other constitutional officer concerning his legal duties. *State v. Loesch*, 237 N.C. 611, 75 S.E.2d 654 (1953).

The responsibility for interpreting a tax statute is placed on the Commissioner of Revenue (now Secretary) by § 105-264, and the Attorney General's opinion in regard thereto is advisory only. *In re Virginia-Carolina Chem. Corp.*, 248 N.C. 531, 103 S.E.2d 823 (1958).

Advisory Duty as to District Attorneys. — The duty of the Attorney General as to the solicitors (now district attorneys) of the State is purely advisory. *State v. Loesch*, 237 N.C. 611, 75 S.E.2d 654 (1953).

As to duties of Attorney General and district attorney in case on appeal, see *State v. Hickman*, 2 N.C. App. 627, 163 S.E.2d 632 (1968).

In passing § 114-11.6, the General Assembly made it clear that even upon a proper request and authorization by a district attorney, the Special Prosecution Division is to participate in criminal prosecutions only if the Attorney General, in his sole discretion as an independent constitutional officer, approves.

Thus trial court exceeded its authority when it ordered that "the Attorney General's Office shall immediately assume the prosecution of" a capital case. *State v. Camacho*, 329 N.C. 589, 406 S.E.2d 868 (1991).

Subdivision (1) of this section does not contemplate the Attorney General's initiating an action under Article 2 of Chapter 128, where language therein has specifically set out who may file a petition for removal of a sheriff or police officer from office. *State v. Felts*, 79 N.C. App. 205, 339 S.E.2d 99, cert. denied, 316 N.C. 555, 344 S.E.2d 11 (1986).

The Attorney General of North Carolina had standing to file a brief on behalf of appellant-mother, a New York resident, in a case involving the enforcement of orders rendered in an action to register a foreign child support order. *New York v. Paugh*, 135 N.C. App. 434, 521 S.E.2d 475 (1999).

The duty to "consult with and advise the prosecutors, when requested by them, in all matters pertaining to the duties of their office" gives the Attorney General the authority to advise the prosecutors, not to completely replace them or act instead of them, unless there is an express statutory provision authorizing the Attorney General to initiate a particular action. *State v. Felts*, 79 N.C. App. 205, 339 S.E.2d 99, cert. denied, 316 N.C. 555, 344 S.E.2d 11 (1986).

The Attorney General is bound by the traditional rule governing the attorney-client relationship when representing the departments, agencies, institutions, commissions, bureaus or other organized activities of the State. *Tice v. DOT*, 67 N.C. App. 48, 312 S.E.2d 241 (1984).

And cannot enter a consent judgment without the consent of a duly authorized department official. *Tice v. DOT*, 67 N.C. App. 48, 312 S.E.2d 241 (1984).

An agency or department of the State should have the right possessed by other litigants to determine whether its counsel, whether the Attorney General or otherwise, can enter a consent judgment on its behalf. Such a right is also consonant with fulfillment by the respective agencies and departments of the State of their statutorily assigned duties. *Tice v. DOT*, 67 N.C. App. 48, 312 S.E.2d 241 (1984).

There is nothing in the common-law powers of the Attorney General which grants him authority to enter consent judgments binding the agencies and departments of the State without their consent. North Carolina statutes do not expressly grant such power. The assignment of specific responsibilities and duties to the various agencies and departments would appear to indicate legislative intent to the contrary. Given the constitutional and statutory structure of State government, and the assignment of duties and responsibilities between and

among its officers, agencies, and departments, considerations of sound public policy also suggest the contrary rule. *Tice v. DOT*, 67 N.C. App. 48, 312 S.E.2d 241 (1984).

But a State department's authority is not plenary, nor is the Attorney General's role as limited as that of an attorney for an ordinary litigant. *Hendon v. North Carolina State Bd. of Elections*, 633 F. Supp. 454 (W.D.N.C. 1986).

And Attorney General May Refuse to Confess Judgment as to Challenged Statute. — The Attorney General, in representing a State agency, has the power to reject his client agency's directive to enter into a judgment confessing that a certain act of the General Assembly is unconstitutional and continue the litigation. *Hendon v. North Carolina State Bd. of Elections*, 633 F. Supp. 454 (W.D.N.C. 1986).

To permit State agencies to independently determine the constitutionality of acts to the exclusion of the Attorney General would effectively undermine the lawful authority of the Attorney General. *Hendon v. North Carolina State Bd. of Elections*, 633 F. Supp. 454 (W.D.N.C. 1986).

Dual Role of Attorney General's Office. — Plaintiff offered no evidence to support the claim that the dual role served by the Attorney General's Office both in representing defendant institution and being legal advisor to State Personnel Commission caused actual bias or unfair prejudice to plaintiff, nor that it created any delay in the disposition of her claims. *Dorsey v. UNC-Wilmington*, 122 N.C. App. 58, 468 S.E.2d 557 (1996).

§ 114-2.1. Consent judgments.

In litigation in which the State is interested or is a party, no consent judgment shall be entered into by the State unless and no consent judgment shall be binding on the State except to the extent that the State's entire obligation for the current and for future fiscal years will be satisfied with funds that are available for that purpose for the current fiscal year, including funds that the Council of State agrees to allot from the Contingency and Emergency Fund, provided that for payments of tort claims and workers' compensation claims it shall not be binding on the State except to the extent that the State's entire obligation for the current and for future fiscal years can be satisfied with funds that are available for the current fiscal year, including funds that the Council of State agrees to allot from the Contingency and Emergency Fund. The Director of the Budget shall report to the appropriation committees of the General Assembly concerning all funds made available during the preceding fiscal year from the Contingency and Emergency Fund for the purpose of carrying out consent judgments. CASE NOTES

The Attorney General is bound by the traditional rule governing the attorney-client relationship when representing the departments, agencies, institutions, commissions, bureaus or other organized activities of the State. *Tice v. DOT*, 67 N.C. App. 48, 312 S.E.2d 241 (1984).

And cannot enter a consent judgment without the consent of the entity represented. *Tice v. DOT*, 67 N.C. App. 48, 312 S.E.2d 241 (1984).

There is nothing in the common-law powers of the Attorney General which grants him authority to enter consent judgments binding the agencies and departments of the State without their consent. gest the contrary rule. *Tice v. DOT*, 67 N.C. App. 48, 312 S.E.2d 241 (1984).

§ 114-2.2. Attorney General to approve consent judgments.

(a) To be effective against the State, a consent judgment entered into by the State, a State department, State agency, State institution, or a State officer who is a party in his official capacity must be signed personally by the Attorney General. This power of approval may not be delegated to a deputy or assistant Attorney General or to any other subordinate.

(b) The provisions of this section are supplemental to G.S. 114-2.1.

(c) Notwithstanding subsection (a) of this section, the Attorney General by rule may delegate to a deputy or assistant Attorney General or to another subordinate the power to sign consent judgments in condemnation or eminent domain actions brought under the provisions of Chapters 40A or 136 of the General Statutes and consent judgments under the provision of Article 31 of Chapter 143 (Tort Claims Act) and Chapter 97 (Workers' Compensation Act) of the General Statutes. Participation at Board Meetings as Delegates. — Those members of the Council of State who have statutory authority to delegate duties may, in conformity with such statutes, attend and vote at meetings of Boards of which they are *ex officio* members through delegates or designated subordinates. The remaining members of the Council of State may make similar delegations or designations where, in

the member's judgment, other duties necessitate his absence and the statute creating his *ex officio* membership does not express or clearly imply an intent of the General Assembly that the powers of such membership be exercised personally. See opinion of Attorney General to the honorable James E. Long, Commissioner of Insurance, 55 N.C.A.G. 116 (1986).

§ 114-5. Additional clerical help.

The Attorney General shall be allowed such additional clerical help as shall be necessary; the amount of such help and the salary therefor shall be fixed by the Department of Administration and the Attorney General. (1925, c. 207, s. 2; 1957, c. 269, s. 1.)

§ 114-6. Duties of Attorney General as to civil litigation.

The Attorney General shall continue to perform all duties now required of his office by law and to exercise the duties now prescribed by law as to civil litigation affecting the State, or any agency or department thereof, and shall assign to the members of the staff all duties to be performed in connection with criminal prosecutions and civil litigation authorized by this Article or by existing laws. - (2) To supervise the recodification of all the statute law of North Carolina and supervise the keeping of such recodifications current by including therein all laws hereafter enacted by supplements thereto issued periodically, all of which recodifications and supplements shall be appropriately annotated.
- (3) In order that the laws of North Carolina, as set out in the General Statutes of North Carolina, may be made and kept as simple, as clear, as concise and as complete as possible, and in order that the amount of construction and interpretation of the statutes required of the

courts may be reduced to a minimum, it shall also be the duty of the Division of Legislative Drafting and Codification of Statutes to establish and maintain a system of continuous statute research and correction. To that end the Division shall:

- a. Make a systematic study of the general statutes of the State, as set out in the General Statutes and as hereafter enacted by the General Assembly, for the purpose of ascertaining what ambiguities, conflicts, duplications and other imperfections of form and expression exist therein and how these defects may be corrected.
- b. Consider such suggestions as may be submitted to the Division with respect to the existence of such defects and the proper correction thereof.
- c. Prepare for submission to the General Assembly from time to time bills to correct such defects in the statutes as its research discloses. (1939, c. 315, s. 5; 1941, c. 35; 1943, c. 382.)

ARTICLE 3.

Division of Criminal Statistics.

§ 114-10. Division of Criminal Statistics.

The Attorney General shall set up in the Department of Justice a division to be designated as the Division of Criminal Statistics. There shall be assigned to this Division by the Attorney General duties as follows:

- (1) To collect and correlate information in criminal law administration, including crimes committed, arrests made, dispositions on preliminary hearings, prosecutions, convictions, acquittals, punishment, appeals, together with the age, race, and sex of the offender, the necessary data to make a trace regarding all firearms seized, forfeited, found, or otherwise coming into the possession of any State or local law enforcement agency of the State that are believed to have been used in the commission of a crime, and such other information concerning crime and criminals as may appear significant or helpful. To correlate such information with the operations of agencies and institutions charged with the supervision of offenders on probation, in penal and correctional institutions, on parole and pardon, so as to show the volume, variety and tendencies of crime and criminals and the workings of successive links in the machinery set up for the

administration of the criminal law in connection with the arrests, trial, punishment, probation, prison parole and pardon of all criminals in North Carolina.

- (2) To collect, correlate, and maintain access to information that will assist in the performance of duties required in the administration of criminal justice throughout the State. This information may include, but is not limited to, motor vehicle registration, drivers' licenses, wanted and missing persons, stolen property, warrants, stolen vehicles, firearms registration, sexual offender registration as provided under Article 27A of Chapter 14 of the General Statutes, drugs, drug users and parole and probation histories. In performing this function, the Division may arrange to use information available in other agencies and units of State, local and federal government, but shall provide security measures to insure that such information shall be made available only to those whose duties, relating to the administration of justice, require such information.
- (2a) To collect, correlate, and maintain the following information regarding traffic law enforcement by law enforcement officers:
 - a. The number of drivers stopped for routine traffic enforcement by law enforcement officers, the officer making each stop, the date each stop was made, the agency of the officer making each stop, and whether or not a citation or warning was issued;
 - b. Identifying characteristics of the drivers stopped, including the race or ethnicity, approximate age, and gender;
 - c. The alleged traffic violation that led to the stop;
 - d. Whether a search was instituted as a result of the stop;
 - e. Whether the vehicle, personal effects, driver, or passenger or passengers were searched, and the race or ethnicity, approximate age, and gender of each person searched;
 - f. Whether the search was conducted pursuant to consent, probable cause, or reasonable suspicion to suspect a crime, including the basis for the request for consent, or the circumstances establishing probable cause or reasonable suspicion;
 - g. Whether any contraband was found and the type and amount of any such contraband;
 - h. Whether any written citation or any oral or written warning was issued as a result of the stop;
 - i. Whether an arrest was made as a result of either the stop or the search;
 - j. Whether any property was seized, with a description of that property;
 - k. Whether the officers making the stop encountered any physical resistance from the driver or passenger or passengers;
 - l. Whether the officers making the stop engaged in the use of force against the driver, passenger, or passengers for any reason;
 - m. Whether any injuries resulted from the stop;
 - n. Whether the circumstances surrounding the stop were the subject of any investigation, and the results of that investigation; and
 - o. The geographic location of the stop; if the officer making the stop is a member of the State Highway Patrol, the location shall be the Highway Patrol District in which the stop was made; for all other law enforcement officers, the location shall be the city or county in which the stop was made.

For purposes of this subdivision, "law enforcement officer" means:

1. All State law enforcement officers;
2. Law enforcement officers employed by county sheriffs or county police departments;

3. Law enforcement officers employed by police departments in municipalities with a population of 10,000 or more and persons; and
4. Law enforcement officers employed by police departments in municipalities employing five or more full-time sworn officers for every 1,000 in population, as calculated by the Division for the calendar year in which the stop was made.

The information required by this subdivision need not be collected in connection with impaired driving checks under G.S. 20-16.3A or other types of roadblocks, vehicle checks, or checkpoints that are consistent with the laws of this State and with the State and federal constitutions, except when those stops result in a warning, search, seizure, arrest, or any of the other activity described in sub-subdivisions d. through n. of this subdivision.

The identity of the law enforcement officer making the stop required by sub-subdivision a. of this subdivision may be accomplished by assigning anonymous identification numbers to each officer in an agency. The correlation between the identification numbers and the names of the officers shall not be a public record, and shall not be disclosed by the agency except when required by order of a court of competent jurisdiction to resolve a claim or defense properly before the court.

The Division shall publish and distribute by December 1 of each year a list indicating the law enforcement officers that will be subject to the provisions of this subdivision during the calendar year commencing on the following January 1.

- (3) To make scientific study, analysis and comparison from the information so collected and correlated with similar information gathered by federal agencies, and to provide the Governor and the General Assembly with the information so collected biennially, or more often if required by the Governor.
- (4) To perform all the duties heretofore imposed by law upon the Attorney General with respect to criminal statistics.
- (5) To perform such other duties as may be from time to time prescribed by the Attorney General.
- (6) To promulgate rules and regulations for the administration of this Article. (1939, c. 315, s. 2; 1955, c. 1257, ss. 1, 2; 1969, c. 1267, s. 1; 1995, c. 545, s. 2; 1999-26, s. 1; 1999-225, s. 1; 2000-67, s. 17.2(a); 2001-424, s. 23.7(a).)

Editor's Note. — Session Laws 1998-202, s. 16, provides: "The Department of Justice shall revise the Division of Criminal Information's juvenile arrest form that is used by State and local law enforcement agencies to provide more realistic reporting options and case disposition information. The Department of Justice shall rename the 'Juvenile Arrest' form the 'Juvenile Contact Report', with instructions to law enforcement 'Use to Record the Handling of Juveniles Who Commit Criminal Offenses' and shall amend the report based on the form included with Recommendation 51 of the March 10, 1998, final report of the Governor's Commission on Juvenile Crime and Justice."

Session Laws 1998-202, s. 36, contains a severability clause.

Session Laws 1999-26, s. 2, provides that the

act shall not be construed to obligate the General Assembly to make any appropriation to implement its provisions. Each department and agency to which the act applies shall implement the provisions of the act from funds otherwise appropriated to that department or agency.

Session Laws 2001-424, s. 1.2, provides: “This act shall be known as the ‘Current Operations and Capital Improvements Appropriations Act of 2001.’”

Session Laws 2001-424, s. 36.5 is a severability clause.

Session Laws 2001-424, s. 36.3, provides: “Except for statutory changes or other provisions that clearly indicate an intention to have effects beyond the 2001-2003 fiscal biennium, the textual provisions of this act apply only to funds appropriated for, and activities occurring during, the 2001-2003 fiscal biennium.”

Effect of Amendments. — Session Laws 1999-26, s. 1, effective January 1, 2000, and applicable to law enforcement actions occurring

on or after that date, added subdivision (2a).

Session Laws 2000-67, s. 17.2(a), effective August 1, 2000, substituted “officers, the officer making each stop, the date each stop was made, the agency of the officer making each stop” for “officers” in subdivision (2a)a; added subdivision (2a)o; added the last paragraph under (2a); and made minor stylistic changes.

(a) The Division of Criminal Statistics is authorized to establish, devise, maintain and operate, under the control and supervision of the Attorney General, a system for receiving and disseminating to participating agencies information collected, maintained and correlated under authority of G.S. 114-10 of this Article. The system shall be known as the Police Information Network.

(b) The Attorney General is authorized to cooperate with the Division of Motor Vehicles, Department of Administration, Department of Correction and other State, local and federal agencies and organizations in carrying out the purpose and intent of this section, and to utilize, in cooperation with other State agencies and to the extent as may be practical, computers and related equipment as may be operated by other State agencies.

(c) The Attorney General, after consultation with participating agencies, shall adopt rules and regulations governing the organization and administration of the Police Information Network, including rules and regulations governing the types of information relating to the administration of criminal justice to be entered into the system, and who shall have access to such information. The rules and regulations governing access to the Police Information Network shall not prohibit an attorney who has entered a criminal proceeding in accordance with G.S. 15A-141 from obtaining information relevant to that criminal proceeding. The rules and regulations governing access to the Police Information Network shall not prohibit an attorney who represents a person in adjudicatory or dispositional proceedings for an infraction from obtaining the person’s driving record or criminal history. ARTICLE 3A.

Special Prosecution Division.

§ 114-11.6. Division established; duties.

There is hereby established in the office of the Attorney General of North Carolina, a Special Prosecution Division. The attorneys assigned to this Division shall be available to prosecute or assist in the prosecution of criminal cases when requested to do so by a district attorney and the Attorney General approves. In addition, these attorneys assigned to this Division shall serve as legal advisers to the State Bureau of Investigation and the Police Information Network and perform any other duties assigned to them by the Attorney General. (1973, c. 47, s. 2; c. 813.)

CASE NOTES

Provision authorizing attorneys in the Special Prosecution Division to "perform any other duties assigned to them by the Attorney General" merely authorizes the Attorney General to delegate those duties which he is elsewhere authorized to perform. It creates no independent authority in its own right. *State v. Felts*, 79 N.C. App. 205, 339 S.E.2d 99, cert. denied, 316 N.C. 555, 344 S.E.2d 11 (1986).

When this section is read in pari materia with N.C. Const., Art. IV, § 18, it is apparent that our Constitution and statutes give the district attorneys of the State the exclusive discretion and authority to determine whether to request, and thus permit, the prosecution of any individual case by the Special Prosecution Division. *State v. Camacho*, 329 N.C. 589, 406 S.E.2d 868 (1991).

This section authorizes the several elected district attorneys of the State to permit the Special Prosecution Division of the Office of the Attorney General to prosecute individual criminal cases in their prosecutorial districts. *State v. Camacho*, 329 N.C. 589, 406 S.E.2d 868 (1991).

This section allows special prosecutors to prosecute or assist district attorneys in the prosecution of criminal cases only. It does not authorize the Attorney General or his designate to bring a proceeding, under § 128-16 et seq., for removal of a sheriff or police officer. *State v. Felts*, 79 N.C. App. 205, 339

S.E.2d 99, cert. denied, 316 N.C. 555, 344 S.E.2d 11 (1986).

The trial court exceeded its authority and invaded the province of an independent constitutional officer when it ordered the district attorney to request that the Attorney General prosecute defendant in a capital case. *State v. Camacho*, 329 N.C. 589, 406 S.E.2d 868 (1991).

Authority of Trial Court Exceeded. — In passing this section, the General Assembly made it clear that even upon a proper request and authorization by a district attorney, the Special Prosecution Division is to participate in criminal prosecutions only if the Attorney General, in his sole discretion as an independent constitutional officer, approves. Thus trial court exceeded its authority when it ordered that "the Attorney General's Office shall immediately assume the prosecution of" a capital case. *State v. Camacho*, 329 N.C. 589, 406 S.E.2d 868 (1991).

The trial court exceeded its authority by ordering that in order to avoid the possibility or impression of any conflict of interest, the district attorney and his entire staff must withdraw from a capital case and have no further participation either directly or indirectly with regard to the case. *State v. Camacho*, 329 N.C. 589, 406 S.E.2d 868 (1991).

Applied in *State v. Sexton*, 352 N.C. 336, 532 S.E.2d 179 (2000).

ARTICLE 4.

*State Bureau of Investigation.***§ 114-12. Bureau of Investigation created; powers and duties.**

In order to secure a more effective administration of the criminal laws of the State, to prevent crime, and to procure the speedy apprehension of criminals, the Attorney General shall set up in the Department of Justice a division to be designated as the State Bureau of Investigation. The Division shall have charge of and administer the agencies and activities herein set up for the identification of criminals, for their apprehension, for the scientific analysis of evidence of crime, and investigation and preparation of evidence to be used in criminal courts; and the said Bureau shall have charge of investigation of criminal matters herein especially mentioned, and of such other crimes and criminal procedure as the Governor may direct. (1937, c. 349, s. 1; 1939, c. 315, s. 6.)

State Government Reorganization. — referred to the Department of Justice by § 143A-51, enacted by Session Laws 1971, c. 864.

§ 114-13. Director of the Bureau; personnel.

The Attorney General shall appoint a Director of the Bureau of Investigation, who shall serve at the will of the Attorney General, and whose salary shall be fixed by the Department of Administration under G.S. 143-36 et seq. He may further appoint a sufficient number of assistants and stenographic and clerical help, who shall be competent and qualified to do the work of the Bureau. The salaries of such assistants shall be fixed by the Department of Administration under G.S. 143-36 et seq. The salaries of clerical and stenographic help shall be the same as now provided for similar employees in other State departments and bureaus. (1937, c. 349, s. 4; 1939, c. 315, s. 6; 1955, c. 1185, s. 1; 1957, c. 269, s. 1; 1979, 2nd Sess., c. 1272, s. 3.)

Cross References. — As to payment of salaries of certain State law-enforcement officers incapacitated as the result of injury by accident or occupational disease arising out of and in the course of performance of their duties, see § 143-166.13 et seq.

Editor's Note. — Section 143-36 et seq., referred to in this section, was repealed by Session Laws 1965, c. 640, s. 1. For present provisions as to the State Personnel System, see § 126-1 et seq.

§ 114-14. General powers and duties of Director and assistants.

The Director of the Bureau and his assistants are given the same power of arrest as is now vested in the sheriffs of the several counties, and their jurisdiction shall be statewide. The Director of the Bureau and his assistants shall, at the request of the Governor, give assistance to sheriffs, police officers, district attorneys, and judges when called upon by them and so directed. They shall also give assistance, when requested, to the office of the Department of

Correction in the investigation of cases pending before the parole office and of complaints lodged against parolees, when so directed by the Governor. (1937, c. 349, s. 5; 1973, c. 47, s. 2; c. 1262, s. 10.)

§ 114-14.1. Transfer of personnel.

The Director of the State Bureau of Investigation shall have authority to transfer members of the Bureau from one locality in the State to another as he may deem necessary. When any member of the State Bureau of Investigation is transferred from one point to another for the convenience of the State, or otherwise than upon the request of the employee, the Bureau shall be responsible for transporting the household goods, furniture, and personal effects of the employee and members of his household. (1955, c. 1185, s. 2.)

§ 114-15. Investigations of lynchings, election frauds, etc.; services subject to call of Governor; witness fees and mileage for Director and assistants.

(a) The Bureau shall, through its Director and upon request of the Governor, investigate and prepare evidence in the event of any lynching or mob violence in the State; shall investigate all cases arising from frauds in connection with elections when requested to do so by the Board of Elections, and when so directed by the Governor. Such investigation, however, shall in nowise interfere with the power of the Attorney General to make such investigation as he is authorized to make under the laws of the State. The Bureau is authorized further, at the request of the Governor, to investigate cases of frauds arising under the Social Security Laws of the State, of violations of the gaming laws, and lottery laws, and matters of similar kind when called upon by the Governor so to do. In all such cases it shall be the duty of the Department to keep such records as may be necessary and to prepare evidence in the cases investigated, for the use of enforcement officers and for the trial of causes. The services of the Director of the Bureau, and of his assistants, may be required by the Governor in connection with the investigation of any crime committed anywhere in the State when called upon by the enforcement officers of the State, and when, in the judgment of the Governor, such services may be rendered with advantage to the enforcement of the criminal law. The State Bureau of Investigation is hereby authorized to investigate without request the attempted arson of, or arson of, damage of, theft from, or theft of, or misuse of, any State-owned personal property, buildings, or other real property or any assault upon or threats against any legislative officer named in G.S. 147-2(1), (2), or (3), any executive officer named in G.S. 147-3(c), or any court officer as defined in G.S. 14-16.10(1). The Bureau also is authorized at the request of the Governor to conduct a background investigation on a person that the Governor plans to nominate for a position that must be confirmed by the General Assembly, the Senate, or the House of Representatives. The background investigation of the proposed nominee shall be limited to an investigation of the person's criminal record, educational background, employment record, records concerning the listing and payment of taxes, and credit record, and to a requirement that the person provide the information contained in the statements of economic interest required to be filed by persons subject to Executive Order Number 1, filed on January 31, 1985, as contained on pages 1405 through 1419 of the 1985 Session Laws (First Session, 1985). The Governor must give the person being investigated written notice that he intends to request a background investigation at least 10 days prior to the date that he requests the State Bureau of Investigation to conduct the background investigation. The written notice shall be sent by regular mail, and there is created a rebuttable presumption that the person received the notice if the Governor has a copy of the notice.

(b) The State Bureau of Investigation is further authorized, upon request of the Governor or the Attorney General, to investigate the commission or attempted commission of the crimes defined in the following statutes:

- (1) All sections of Article 4A of Chapter 14 of the General Statutes;
- (2) G.S. 14-277.1;

CASE NOTES

This section was intended to limit the broad scope of the Public Records Act (§§ 132-1 through 132-9). *News & Observer Publishing Co. v. State ex rel. Starling*, 312 N.C. 276, 322 S.E.2d 133 (1984).

State Bureau of Investigation records are not public records and access to them is not available under the Public Records Act (§§ 132-1 through 132-9). Instead, access to S.B.I. records is controlled entirely by this section. *News & Observer Publishing Co. v. State ex rel. Starling*, 312 N.C. 276, 322 S.E.2d 133 (1984).

And Such Restriction Is Not a Constitutional Violation. — The restrictions embodied in this section, limiting disclosure of State Bureau of Investigation records, do not violate any rights guaranteed by U.S. Const., Amend.

I. News & Observer Publishing Co. v. State ex rel. Starling, 312 N.C. 276, 322 S.E.2d 133 (1984).

This section grants no new right whatsoever to access to State Bureau of Investigation records. The statute makes it clear that S.B.I. records are not public records, and access to them by parties, other than district attorneys, may be permitted only upon an order of a court of competent jurisdiction when those parties are otherwise entitled by statute to access. Such access is available only under the statutory procedures for discovery in civil or criminal cases. *News & Observer Publishing Co. v. State ex rel. Starling*, 312 N.C. 276, 322 S.E.2d 133 (1984).

Limited Access to Records by District Attorneys. — The district attorneys who have

the constitutional and statutory duty to prosecute criminal cases in this State have a right of access to S.B.I. records, but only if such records concern persons or investigations in their respective districts. *News & Observer Publishing Co. v. State ex rel. Starling*, 312 N.C. 276, 322 S.E.2d 133 (1984).

SBI Reports That Become Part of a Public Agency's Records. — When State Bureau of Investigation investigative reports become part of the records of a public agency subject to the Public Records Act, they are protected only to the extent that agency's records are protected. *News & Observer Publishing Co. v. Poole*, 330 N.C. 465, 412 S.E.2d 7 (1992).

When the State Bureau of Investigation submitted investigative reports to an investigative Commission appointed by the president of The University of North Carolina system of higher education, they became Commission records.

As such they were subject to the Public Records Act and had to be disclosed to the same extent that other Commission materials had to be disclosed under that law. *News & Observer Publishing Co. v. Poole*, 330 N.C. 465, 412 S.E.2d 7 (1992).

State v. Goldberg Disapproved. — To the extent that *State v. Goldberg*, 261 N.C. 181, 134 S.E.2d 334, cert. denied, 377 U.S. 978, 84 S. Ct. 1884, 12 L. Ed. 2d 747 (1964) can be read as implying that trial courts are given unfettered discretion by this section to make State Bureau of Investigation records and evidence public, that opinion is expressly disapproved. The discretion possessed by trial courts in this regard is limited to that necessary to the performance of their duties in applying the statutory procedures for civil and criminal discovery. *News & Observer Publishing Co. v. State ex rel. Starling*, 312 N.C. 276, 322 S.E.2d 133 (1984).

Such requests shall not be due to a person’s age, sex, race, color, national origin, religion, creed, political affiliation, or handicapping condition as defined by G.S. 168A-3. For requests for a State criminal history record

All of the information either department receives through the checking of the criminal history is privileged information and for the exclusive use of that department.

(d) If the covered person's verified criminal history record check reveals one or more convictions covered under subsection (a) of this section, then the conviction shall constitute just cause for not selecting the person for employment, or for dismissing the person from current employment with the Department of Health and Human Services or the Department of Juvenile Justice and Delinquency Prevention. The conviction shall not automatically prohibit employment; however, the following factors shall be considered by the Department of Health and Human Services or the Department of Juvenile Justice and Delinquency Prevention in determining whether employment shall be denied:

- (1) The level and seriousness of the crime;
- (2) The date of the crime;
- (3) The age of the person at the time of the conviction;
- (4) The circumstances surrounding the commission of the crime, if known;
- (5) The nexus between the criminal conduct of the person and job duties of the person;
- (6) The prison, jail, probation, parole, rehabilitation, and employment records of the person since the date the crime was committed; and
- (7) The subsequent commission by the person of a crime listed in subsection (a) of this section.

(e) The Department of Health and Human Services and the Department of Juvenile Justice and Delinquency Prevention may deny employment to or dismiss a covered person who refuses to consent to a criminal history record check or use of fingerprints or other identifying information required by the State or National Repositories of Criminal Histories. Any such refusal shall constitute just cause for the employment denial or the dismissal from employment.

employment pending the results of a criminal history record check authorized by this section. (1997-260, s. 1; 1997-443, s. 11A.118(b); 1998-202, s. 4(f); 2000-137, s. 4(h).)
