## ***MANAGEMENT'S DISCUSSION AND ANALYSIS***

### **Introduction**

The North Carolina Interpreter and Transliterators Licensing Board (the "Board") is an independent State board. It is an occupational licensing board and is authorized by Chapter 90D of the North Carolina General Statutes. The Board is established to maintain minimum standards for services provided by interpreters and transliterators. The Board's operations are financed with self-generated revenues from fees charged to licensees.

This section of the Board's financial report represents Management's analysis of the Board's financial performance during the years ended September 30, 2024 and 2023. Please read it in conjunction with the financial statements which follow this section.

### **Overview of the Financial Statements**

This financial report consists of two sections: Management's Discussion and Analysis and the Financial Statements. The Board has no other supplementary information required by the Governmental Accounting Standards Board (GASB). The Financial Statements also include notes to the financial statements that provide detail of the information included in the financial statements.

The financial statements of the Board report information about the Board using accounting methods similar to those used by private sector companies. These statements offer short and long-term financial information about the activities of the Board.

The Statements of Net Position present the current and long-term portions of assets and liabilities separately. The Statements of Revenues, Expenses, and Changes in Net Position present information on how the Board's assets changed as a result of its operations. The Statements of Cash Flows present information on how the Board's cash changed as a result of its financial activities.

## MANAGEMENT'S DISCUSSION AND ANALYSIS

This section of the Board's financial report represents Management's analysis of the Board's financial performance during the years ended September 30, 2024 and 2023. Please read it in conjunction with the financial statements which follow this section.

### Financial Analysis

Net position is an indicator of the fiscal health of the Board. Assets exceeded liabilities by \$121,809 for the year ended September 30, 2024; and \$149,274 for the year ended September 30, 2023. The largest component of net position was cash and cash equivalents. Cash and cash equivalents represented 151.85% of total net position for the year ended September 30, 2024; and 151.08% of total net position for the year ended September 30, 2023. During 2024, the Board's net position decreased by \$27,465, or 18.40%, due primarily to expenses in excess of revenues. During 2023, the Board's net position decreased by \$21,051, or 12.36%, due primarily to expenses in excess of revenues.

Noncurrent assets consist of capital assets (net of accumulated depreciation) and a right-to-use subscription asset (net of accumulated amortization) for the years ended September 30, 2024 and 2023. During the fiscal year ended September 30, 2023, the Board entered a SBITA for the right-to-use information technology software and cloud computing arrangement (network) asset from an external party. The subscription liability and the related right-to-use subscription asset are recorded based on the present value of expected payments over the term of the respective SBITA. Liabilities consist of accounts payable, subscription software payable, and unearned revenue. Net position consists of net assets invested in capital assets and unrestricted net assets. Net investment in capital assets is a component of net position and consists of capital assets (net of accumulated depreciation) and a right-to-use subscription asset (net of accumulated amortization) and reduced by outstanding liabilities related to those capital assets.

The following is a summary of the Statements of Net Position.

	Current Year as of September 30, 2024	Prior Year as of September 30, 2023	Amount of Change	Percentage Change

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### Financial Analysis (Continued)

During 2024, the operating revenues of the Board decreased by \$9,188, or 10.43%, due primarily to a decrease in initial and renewal fees. During 2023, the operating revenues of the Board decreased by \$3,751, or 4.08%, due primarily to a decrease in renewal fees.

The following is a breakdown of operating revenues by source.

	The year ended September 30, 2024	The year ended September 30, 2023	Amount of Change	Percentage Change
Initial license fees	\$ 7,650	\$ 12,150	\$ (4,500)	-37.04%

## MANAGEMENT'S DISCUSSION AND ANALYSIS

### Financial Analysis (Continued)

During 2024, the non-operating revenues and expenses of the Board decreased by \$26, or 162.50%, due primarily to a decrease in interest income. During 2023, the non-operating revenues and expenses of the Board decreased by \$193, or 92.34%, due primarily to interest expense related to the Board entering into a SBITA for the right-to-use information technology software and cloud computing arrangement (network) asset from an external party.

The following is a breakdown of non-operating revenues and expenses.

	The year ended September 30, 2024	The year ended September 30, 2023	Amount of Change	Percentage Change

**INDEPENDENT AUDITOR'S REPORT**

Members of the Board  
North Carolina Interpreter and Transliterator Licensing Board  
Raleigh, North Carolina

**Report on the Audit of the Financial Statements**

***Opinion***

We have audited the financial statements of the North Carolina Interpreter and Transliterator Licensing Board (Board), an independent state board which is a nonmajor enterprise fund of the primary government of the State of North Carolina, as of and for the years ended September 30, 2024 and 2023, and the related notes to the financial statements, which comprise the Board's basic financial statements as listed in the table of contents.

In our opinion, based on our audit, the accompanying financial statements present fairly, in all material respects, the respective financial position of the North Carolina Interpreter and Transliterator Licensing Board as of September 30, 2024 and 2023, and the results of its operations, changes in financial position, and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Board and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

***Responsibilities of Management for the Financial Statements***

The Board's management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board's ability to continue as a going concern for one year after the date that the financial statements are issued.

## INDEPENDENT AUDITOR'S REPORT (CONTINUED)

### *Auditor's Responsibilities for the Audit of the Financial Statements*

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Board's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Board's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

## INDEPENDENT AUDITOR'S REPORT (CONCLUDED)

### *Required Supplementary Information*

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis, be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Note 1 - Nature of Activities and Significant Accounting Policies

*Description of Organization and Purpose*

The North Carolina Interpreter and Transliterators Licensing Board (the "Board") is an independent State board. It is an occupational licensing board and is authorized by Chapter 90D of the North Carolina General Statutes. The Board is composed of nine members who are appointed by the Governor and the General Assembly of the State of North Carolina. It is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's Annual Comprehensive Financial Report (ACFR).

The Board is established to maintain minimum standards for services provided by interpreters and transliterators.

The Board's operations are financed with self-generated revenues from fees charged to licensees.

*Financial Reporting Entity*

The concept underlying the definition of the financial reporting entity is that elected officials are accountable to their constituents for their actions. As required by accounting principles generally accepted in the United States of America (GAAP), the financial reporting entity includes both the primary government and all of its component units. An organization other than a primary government serves as a nucleus for a reporting entity when it issues separate financial statements. The accompanying financial statements present all funds and activities for which the Board is responsible.

For financial reporting purposes, the Board is a nonmajor enterprise fund of the primary government of the State of North Carolina and is reported as such in the State's Annual Comprehensive Financial Report (ACFR). These financial statements for the Board are separate and apart from those of the State of North Carolina and do not present the financial position of the State nor changes in the State's financial position and cash flows.

*Basis of Presentation*

The accompanying financial statements have been prepared in accordance with accounting principles generally accepted in the United States of America. The Governmental Accounting Standards Board (GASB) is the accepted standard setting body for establishing governmental accounting principles and reporting standards.

All activities of the Board are accounted for within a single proprietary (enterprise) fund. Proprietary funds are used to account for operations that are financed and operated in a manner similar to private business enterprises where the intent of the governing body is that the cost of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges.

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

*Basis of Accounting*

The basic financial statements of the Board are prepared using the economic resource measurement focus and the accrual basis of accounting. The economic resource measurement focus measures all assets that are available to the entity, not only cash or soon to be assets. Both long-term assets and long-term liabilities are measured and depreciation is recorded as a cost of operations. Under the accrual basis of accounting, revenues are recognized when earned, and expenses are recorded when a liability has been incurred, regardless of the timing of cash flows. Fees received for the various licenses are deemed earned when the license period begins.

The Statement of Revenues, Expenses, and Changes in Net Position classifies the Board's revenues as operating or non-operating revenues. Operating revenues and expenses consist of those revenues and expenses that result from the ongoing principal operations of the Board. Operating revenues consist primarily of license fees and includes activities that have characteristics of exchange transactions. Operating expenses are all expense transactions incurred other than those related to capital and noncapital financing or investing activities as defined by GASB Statement No. 9, *Reporting Cash Flows of Proprietary and Nonexpendable Trust Funds and Governmental Entities That Use Proprietary Fund Accounting*. Non-operating revenues and expenses consist of those revenues and expenses that are related to investing, capital, and non-capital financing activities; and are classified as non-operating in the financial statements.

*Cash and Cash Equivalents*

This classification includes undeposited receipts, petty cash, checking accounts, and time deposits (if any) held by the Board.

*Prepaid Expense*

This classification includes management agency fees and telephone expense which were prepaid at year end.

*Capital Assets*

Capital assets are stated at cost and are being depreciated over their useful lives on a straight-line basis. The Board capitalizes assets that have a value or cost of \$500 or greater at the date of acquisition and an estimated useful life of more than one year. Depreciation is computed using the straight-line method of depreciation over the estimated useful lives of the assets, generally estimated as follows: office furniture and equipment, 5 to 7 years.

Right-to-use subscription assets are recorded at the present value of payments expected to be made during the subscription term, plus any up-front payments and ancillary charges paid to place the underlying right-to-use asset into service. Subscription liabilities are capitalized as a right-to-use asset when the underlying subscription asset has a cost of \$10,000 or greater and an estimated useful life of more than one year. Amortization for subscription assets is computed using the straight-line method over the shorter of the subscription term or the underlying asset's estimated useful life, generally estimated as follows: right-to-use subscription asset, 2-30 years.

**NOTES TO FINANCIAL STATEMENTS**  
**YEARS ENDED SEPTEMBER 30, 2024 AND 2023**

---

Note 1 - Nature of Activities and Significant Accounting Policies (Continued)

*Unearned Revenue*

The Board's fees are assessed and collected on an annual basis for the period October 1<sup>st</sup> through September 30<sup>th</sup>, which corresponds with the Board's accounting period. License renewal fees received in the latter part of the fiscal year are deferred and recognized as revenue over the one year period to which they relate.

*Noncurrent Liability*

Noncurrent liability includes principal amounts that will not be paid within the next fiscal year for subscription software payable.

*Net Position*

Net investment in capital assets - This component of net position consists of capital assets (net of accumulated depreciation), and right-to-use subscription asset (net of accumulated amortization) and reduced by outstanding liabilities related to those capital assets.

Restricted net position - This component of net position consists of net position which the Board is legally or contractually obligated to spend in accordance with restrictions imposed by external parties. The Board had no restricted net position at year end.

Unrestricted net position - This component of net position consists of net position that does not meet the definition of *restricted or net investment in capital assets*.

*Use of Estimates*

The preparation of financial statements in conformity with generally accepted accounting principles in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Note 2 - Deposits

All of the Board's deposits which are uninsured are uncollateralized [unless collateralized pursuant to NC Administrative Code (20 NCAC 7)] by the financial institution holding said deposits. For deposits, custodial credit risk is the risk that in the event of the failure of the depository (or counterparty), the Board will not be able to recover the value of its deposits that are in the possession of the outside party. The Board does not have formal written policies regarding custodial credit risk for deposits.

At September 30, 2024, the Board's deposits (including undeposited receipts on hand, if any) had a carrying amount of \$184,966; and a bank balance of \$178,992, which was covered by federal depository insurance. At September 30, 2023, the Board's deposits (including undeposited receipts on hand, if any) had a carrying amount of \$225,528; and a bank balance of \$210,758, which was covered by federal depository insurance.

Note 5 - Long Term Liability

*Changes in Long-Term Liability*

During the preceding fiscal year ended September 30, 2023, the Board recognized a beginning right-to-use subscription asset and beginning subscription liability in the amount of \$29,121. A subscription payment in the amount of \$9,900 (consisting of \$9,707 in principal and \$193 in interest) was made during the fiscal year ended September 30, 2023 which reduced the subscription liability to \$19,414 as of September 30, 2023.

A summary of changes in the long-term liability for the year ended September 30, 2024 is presented as follows:

	Balance at 09-30-2023	Additions	Reductions	Balance at 09-30-2024	Current	Noncurrent

Note 5 - Long Term Liability (Continued)

Future subscription payments have been discounted using a rate of 2%. The subscription payments will result in the reduction of the subscription liability payable, amortization of the right-to-use subscription asset, and interest expense for the use of the asset.

The future requirements to pay principal and interest on SBITA at September 30, 2024, are as follows:

Fiscal Year	Annual Requirements		
	Subscription (SBITA) Liability		
	Principal	Interest	Payment
2025	\$ 9,711	\$ 189	\$ 9,900

Note 6 - Contractual Management Services

The Board does not have any employees. The Board contracts with a management consultant service to provide services for the Board. The contract includes all services related to the process of licensure application and renewal and various other administrative duties. The Board also occasionally reimburses the management service for printing, copying, postage, travel and miscellaneous office supplies and expenses. Payments to the management service totaled \$49,553 [consisting of contractual management services in the amount of \$49,100 and travel reimbursement in the amount of \$453) during the fiscal year ended September 30, 2024. Payments to the management service totaled \$48,764 [consisting of contractual management services in the amount of \$48,600 and travel reimbursement in the amount of \$164) during the fiscal year ended September 30, 2023.

Note 7 - Subscription-Based Information Technology Arrangement (SBITA)

The Board entered a SBITA for the right to use information technology software and cloud computing arrangement (network) asset from an external party. The subscription liability and the related right-to-use subscription asset are recorded based on the present value of expected payments over the term of the respective SBITA. The expected payments are discounted using the interest rate stated per the SBITA contract, or the Board's estimated incremental borrowing rate if there is no stated contractual interest rate.

Measurement of the subscription liability excluded the following variable payment amounts: (1) the increase or decrease in payments after the initial measurement of the subscription liability that depend on changes in an index or rate (such as the Consumer Price Index), and (2) payments based on future performance or usage of the underlying assets. During the year the Board did not recognize any variable payment amounts.

Note 8 - Risk Management

The Board is exposed to various risks of loss related to torts; theft of, damage to, and the destruction of assets; errors and omissions; injuries to employees; and natural disasters. These exposures to loss are handled by participation in certain state-administered risk programs and self retention of certain risks. The Board has not purchased any commercial insurance coverage. There have been no significant reductions in insurance coverage from coverage in the prior year, and no insurance claims were filed during the last three fiscal years.

Note 9 - Contingencies

The Board is involved in occasional disciplinary hearings throughout the year which arise in the ordinary course of its operations. In the opinion of management of the Board, the results of such actions during the years under audit do not materially affect the Board's operations, changes in financial position, or cash flows for the years herein ended.

Note 10 - Reclassifications

Certain prior year amounts have been reclassified to conform to the current year presentation. These reclassifications had no effect on the reported results of operations.

Note 11 - Subsequent Events

Subsequent events have been evaluated through January 31, 2025, the date the financial statements were available to be issued. Events occurring after that date have not been evaluated to determine whether a change in the financial statements would be required.

This audit required approximately 48 audit hours at a cost of \$4,995.
