

2025 REPORT ON CRIMINAL COST WAIVERS

G.S. 7A-350

PREPARED BY
NORTH CAROLINA ADMINISTRATIVE OFFICE OF THE COURTS
FEBRUARY 1, 2025

About the North Carolina Judicial Branch

The mission of the North Carolina Judicial Branch is to protect and preserve the rights and liberties of all the people as guaranteed by the Constitutions and laws of the United States and North Carolina by providing a fair, independent and accessible forum for the just, timely and economical resolution of their legal affairs.

About the North Carolina Administrative Office of the Courts

The mission of the North Carolina Administrative Office of the Courts is to provide services to help North Carolina's unified court system operate more efficiently and effectively, taking into account each courthouse's diverse needs, caseloads, and available resources.

Introduction

N.C.G.S. 7A-350 requires the North Carolina Administrative Office of the Courts (NCAOC) to report on criminal cost waivers. Specifically, G.S. 7A-350 provides as follows:

§ 7A-350. Annual report on criminal court cost waivers.

The Administrative Office of the Courts shall maintain records of all cases in which a judge makes a finding of just cause to grant a waiver of criminal court costs under G.S. 7A-304(a) and shall report on those waivers to the chairs of the House of Representatives and Senate Appropriations Committees on Justice and Public Safety and the chairs of the Joint Legislative Oversight Committee on Justice and Public Safety by February 1 of each year. The report shall aggregate the waivers by the district in which the waiver or waivers were granted and by the name of each judge granting a waiver or waivers.

NCAOC respectfully submits this report pursuant to the legislative mandate.

Report Parameters

NCAOC completed statewide implementation of the case disposition component of the Criminal Case Information System, Clerk Component (CCIS-CC version 5.5) in December 2014, and all counties used this new CCIS-CC component beginning with calendar year 2015. On February 13, 2023, NCAOC completed the migration from CCIS-CC to Enterprise Justice (Odyssey) in the four pilot counties of Harnett, Johnston, Lee, and Wake, and in Mecklenburg County on October 9, 2023. NCAOC further migrated another 44 counties across the state in four phases throughout calendar year 2024. This report includes reported money statuses from CCIS-CC and Odyssey during calendar year 2024.

NCAOC is responsible for providing recordkeeping guidelines, training and support to the state's trial courts. During the initial statewide use of the case disposition component in CCIS-CC, system users requested additional clarification and guidelines regarding appropriate selection of criminal court money statuses. NCAOC, after consultation with clerks and relevant NCAOC divisions, issued two memorandums identifying working definitions of the available codes or case event, and providing guidance as to when to use a specific code or create a case event. The memorandum regarding CCIS-CC was issued on March 31, 2015, and a subsequent Odyssey memorandum was issued June 6, 2023, each providing the definitions and proper use of money statuses and case event detailed in the next section of this report.

The money statuses for CCIS-CC include Waived/Remitted, Partially Waived, Not Assessed, Stricken/Entered in Error, and Civil Judgment. In Odyssey, these statuses are consolidated into one case event titled Monies Remitted, Not Assessed, or Partially Waived. The attached Tables 1 (CCIS-CC) and 2 (Odyssey) includes criminal court money statuses by county, while Tables 3 (CCIS-CC) and 4 (Odyssey) includes criminal court money statuses by judge. All money status codes are presented in Tables 1 through 4 to provide all relevant available data, although there may be some slight variation in use among the counties. The number of cases in CCIS-CC in which costs were "Ordered" is included to provide a sense of volume of the dispositions in each non-Odyssey county (Table 1) or by each judge (Table 3) in which costs, fees, or fines were ordered and no cost, fine, or fee line items were reduced or eliminated. Odyssey does not have an "Ordered" case event, and as such, this information is not included in Tables 2 or 4.

Criminal Court Money Statuses

Criminal court money statuses are either generated by CCIS-CC or entered by a clerk in non-Odyssey counties. In Odyssey counties, they are generated by Odyssey or entered by a clerk as a case event. When a defendant pleads guilty or is convicted, based on the convicted offense, CCIS-CC enters most applicable costs, fees, and fines as “Ordered.” In Odyssey, such costs, fees, and fines are automatically applied to the case in the same way as “Ordered” applies them in CCIS-CC. If any individual cost, fee, or fine is reduced or eliminated, a criminal court monetary status other than “Ordered” must be entered in CCIS-CC, and a case event must be created in Odyssey. Based on the order of the presiding judge, the clerk enters changes to the presumptive amounts and enters an applicable money status. The working definitions for money statuses available in CCIS-CC and Odyssey are set forth below.

Ordered: This money status is used when the court orders a monetary obligation due. Ordered is the default money status. If the judge is silent on the issue, then, based on case type or status, Ordered should be used.

Waived/Remitted: This money status is used when the judge waives or remits an individual monetary obligation in its entirety. It is used at a subsequent modification hearing if at the time of the hearing the original monetary obligation is unpaid in its entirety and the judge orders it remitted in its entirety.

Note: The Waived/Remitted money status should not be confused with waivers of appearance, which sometimes are referred to as “waived,” “waiver,” or “waivable offenses.” A waiver of appearance is a defendant’s election to plead guilty or admit responsibility in writing in lieu of appearing in court. It is available in limited circumstances as prescribed by the Conference of District Court Judges pursuant to G.S. 7A-148.

Partially Waived: This money status is used when a monetary obligation is reduced but not eliminated. A common example of Partially Waived is when a judge orders probation revoked, activates the suspended sentence, and waives what remains of each cost still owing. In this case, the partial waiver status is used for each line item where money still is owed.

Not Assessed: This money status is used when a fee that should not be assessed appears in the Bill of Costs. An example of the proper use of Not Assessed would be the determination by the presiding judge not to assess an additional \$250.00 for a subsequent assignment to community service because defendant was previously assigned to community service during the same session of court. See G.S. 143B-708(c).

Stricken/Entered in Error: This money status is used when a monetary obligation was recorded in error. It should be used for monetary obligations that would not have accrued but for the error.

Civil Judgment: This money status is used when the judge orders the monetary obligations due through civil rather than criminal enforcement — i.e., the court has ordered that all money obligations due are due through civil enforcement mechanisms only. A civil judgment gives the state an indirect means of collecting the obligation.

Note: If the court elects to simultaneously order monetary obligations due criminally and civilly, then the clerk should use the Ordered status rather than the Civil Judgment.

Monies Remitted, Not Assessed, or Partially Waived (Odyssey): This money status is entered into Odyssey as a case event by the clerk when a judge waives or remits a G.S. 7A-304(a) monetary obligation in its entirety or reduces but does not eliminate the obligation. In 2024, however, NCAOC discovered that some system users were attaching non-G.S. 7A-304(a) monetary obligations to this case event. As a result, the custom report created to aggregate the number of cases and amounts remitted in calendar year 2024, provided a significant over count of both qualifying cases and costs remitted. To prepare a more accurate estimation of actual case numbers and G.S. 7A-304(a) costs remitted, NCAOC analyzed the most frequent case amounts remitted in the report to determine their eligibility, and removed those that were proven to be ineligible, based on either specific case information or the statutory list of eligible costs. **The resulting figures are believed to still be a significant overcount, however, there is not enough evidence in the available data to impute the numbers any further.** In areas where local officials implemented some form of driver's license restoration efforts (for example, in Orange and Chatham counties) in partnership with the North Carolina Equal Access to Justice Commission, there numbers will be disproportionately high. These amounts generally represent very old cases, with little to no prospect of ever being collected. To correct this for 2025 and future years, NCAOC will reinforce training directing system users to utilize this event only for cases in which the judge determines there is just cause, via a written order, to grant a waiver, or partial waiver, of G.S. 7A-304(a) costs only.

In compiling data for Tables 1 and 3, NCAOC Research, Policy, and Planning Division developed a hierarchy for money statuses in the following order: Partially Waived, Not Assessed, Stricken/Entered in Error, Civil Judgment, and Waived/Remitted. For example, if a case has both a "Not Assessed" and a "Partially Waived" money status entered, that case would be counted as a case with a "Partially Waived" money status. This hierarchy used in the current report differs from the hierarchy in previous years' reports; therefore, direct comparisons are not advisable. The change was made to align the meaning of the "Waived" category with a common expectation that the "Waived" category indicates cases where all financial obligations are waived. In Tables 2 and 4, there is only one type of case event in Odyssey and in NCAOC's best estimate, it is inclusive of all money statuses involving a full or partial waiver of G.S. 7A-304(a) costs.

Tables 3 and 4 contains data by judge on number of cases with criminal court money statuses that are entered with one or more G.S. 7A-304(a) money line items reduced or eliminated. The names listed in Tables 3 and 4 reflect the names entered in the judge field of CCIS-CC, or in the Judicial Officer field in Odyssey, which captures the presiding judicial official at the event (judge, magistrate, or clerk). The significant number of "Missing/Unknown" judges in Table 3 is likely because of two possible scenarios. First, dispositions entered in ACIS did not require entry of a judge, so any modifications to judgments entered in ACIS would not have required a judge name to be entered. Second, disposition of infractions entered into CCIS-CC do not require entry of a judge name.

The totals in Table 3 are higher than those in Table 1 because Table 1 reflects a count of cases with a money status by hierarchical order, while Table 3 indicates the number of events in which a judge entered an order with a money status indicator. The totals in Tables 2 and 4 match because there is no money status hierarchical order in Odyssey.

Summary

NCAOC has established six codes to reflect the status of monetary obligations in criminal cases for CCIS-CC counties, and one code for Odyssey counties. This report includes information on criminal court money statuses by county and by judge for calendar year 2024.
