Preface

This Cumulative Supplement to Replacement Volume 3B contains the general laws of a permanent nature enacted by the General Assembly since publication of the replacement volume through the 1983 Regular Session and the 1983 Extra Session which are within the scope of such volume, and brings to date the annotations included therein.

Amendments are inserted under the same section numbers appearing in the General Statutes, and new laws appear under the proper chapter headings.

Chapter analyses show all affected sections except sections for which catchlines are carried for the purpose of notes only. An index to all statutes codified herein will appear in the Replacement Index Volumes.

A majority of the Session Laws are made effective upon ratification, but a few provide for stated effective dates. If the Session Law makes no provision for an effective date, the law becomes effective under G.S. 120-20 "from and after 30 days after the adjournment of the session" in which passed.

Beginning with the opinions issued by the North Carolina Attorney General on July 1, 1969, any opinion which construes a specific statute is cited as an annotation to that statute. For a copy of an opinion or of its headnotes write the Attorney General, P. O. Box 629, Raleigh, N.C. 27602.

The members of the North Carolina Bar are requested to communicate any defects they may find in the General Statutes or in this Supplement and any suggestions they may have for improving the General Statutes, to the Department of Justice of the State of North Carolina, or to The Michie Company, Law Publishers, Charlottesville, Virginia.

"Eligible firemen" shall also mean those persons meeting the other qualifications of this section, not exceeding 25 volunteer firemen plus one additional volunteer fireman per 100 population in the area served by their respective departments. Each department shall annually determine and report the names of those firemen meeting the eligibility qualifications to its respective governing body, which upon determination of the validity and accuracy of the qualification shall promptly certify the list to the board. (1957, c. 1420, s. 1; 1959, c. 1212, s. 1; 1981, c. 1029, s. 1; 1983, c. 416, s. 7.)

Editor's Note. — Section 58-131.1, referred to in this section, was repealed by Session Laws 1977, c. 828, s. 1.

Effect of Amendments. - The 1983 amend-

ment, effective June 2, 1983, substituted "Articles 12B or 13C of General Statutes Chapter 58" for "G.S. 58-131.1" near the middle of the first sentence.

§ 118-39. "Eligible rescue squad worker" defined; determination and certification of eligibility.

"Eligible rescue squad worker" means any member of a rescue squad who is eligible for membership in the North Carolina Association of Rescue Squads, Inc., and who has attended a minimum of 36 hours of training and meetings in the last calendar year. Each rescue squad worker eligible for membership in the North Carolina Association of Rescue Squads, Inc., must file a roster certified by the secretary of the association of those rescue squad workers meeting the association requirements with the State Auditor by January 1 of each calendar year.

"Eligible rescue squad worker" does not mean "eligible fireman" as defined by G.S. 118-38, nor may an "eligible rescue squad worker" qualify also as an "eligible fireman" in order to receive double benefits available under this Article. (1981, c. 1029, s. 1.)

§ 118-40. Firemen's application for membership in fund; monthly payments by members; payments credited to separate accounts of members.

Those firemen who are eligible pursuant to G.S. 118-38 may make application for membership to the board. Each fireman upon becoming a member of the fund shall pay the director of the fund the sum of five dollars (\$5.00) per month. The monthly payments shall be credited to the separate account of the member and shall be kept by the custodian so it is available for payment on withdrawal from membership or retirement. (1957, c. 1420, s. 1; 1959, c. 1212, s. 1; 1981, c. 1029, s. 1.)

§ 118-41. Rescue squad worker's application for membership in funds; monthly payments by members: payments credited to separate accounts of members.

Those rescue squad workers eligible pursuant to G.S. 118-39 may make application to the board for membership. All persons who subsequently become rescue squad workers may make application for membership. Each eligible rescue squad worker upon becoming a member shall pay the director of the fund the sum of five dollars (\$5.00) per month. A rescue squad worker who, on the date of the establishment of the fund, has service as a rescue squad worker certified by the Department of State Auditor, may make a lump sum payment of five dollars (\$5.00) per month for each month of service as an eligible rescue squad worker as defined by G.S. 118-39, on or before December 31, 1983, for as many as 240 months together with interest at an annual rate of six percent

The monthly payments shall be credited to the separate account of the member and shall be kept by the custodian so it is available for payment on withdrawal from membership or retirement. (1981, c. 1029, s. 1; 1983, c. 500, s. 1.)

Effect of Amendments. — The 1983 amendment, effective June 13, 1983, substituted "December 31, 1983" for "July 1, 1983" and "240 months" for "180 months" in the fourth sentence of the first paragraph.

§ 118-42. Monthly pensions upon retirement.

Any member who has served 20 years as an "eligible fireman" or "eligible rescue squad worker" in the State of North Carolina, as provided in G.S. 118-38 and G.S. 118-39, and who has attained the age of 55 years is entitled to be paid a monthly pension from this fund. The monthly pension shall be in the amount of seventy-five dollars (\$75.00) per month. Any retired fireman receiving a pension of fifty dollars (\$50.00) per month shall, effective July 1, 1981, receive a pension of seventy-five dollars (\$75.00) per month.

Members shall pay five dollars (\$5.00) per month as required by G.S. 118-40 and G.S. 118-41 for a period of no longer than 20 years. No "eligible rescue squad member" shall receive a pension prior to July 1, 1983. No person shall be entitled to a pension hereunder until his official duties as a fireman or rescue squad worker shall have been terminated and he shall have retired as

such according to standards or rules fixed by the board of trustees.

Any member who is totally and permanently disabled while in the discharge of his official duties as a result of bodily injuries sustained or as a result of extreme exercise or extreme activity experienced in the course and scope of his official duties and who leaves the fire or rescue squad service because of this

disability shall be entitled to be paid from the fund a monthly benefit in an amount of seventy-five dollars (\$75.00) per month beginning the first month after his fifty-fifth birthday. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of his application, and annually thereafter. Any disabled member shall not be required to make the monthly payment of five dollars (\$5.00) as required by G.S. 118-40 and G.S. 118-41.

Any member who is totally and permanently disabled for any cause, other than line of duty, who leaves the fire or rescue squad service because of this disability and who has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of five dollars (\$5.00) to the fund until he has paid into the fund the sum of one thousand two hundred dollars (\$1,200). The member shall upon attaining the age of fifty-five years be entitled to receive a pension as provided by this section. All applications for disability are subject to the approval of the board who may appoint physicians to examine and evaluate the disabled member prior to approval of his applica-

tion annually thereafter.

Any member who, because his residence is annexed by a city under Part 2 or Part 3 of Article 4 of Chapter 160A of the General Statutes, or whose department is closed because of an annexation by a city under Part 2 or Part 3 of Article 4 of Chapter 160A of the General Statutes, and because of such annexation is unable to perform as a fireman of any status, and if the member has at least 10 years of service with the pension fund, may be permitted to continue making a monthly contribution of five dollars (\$5.00) to the fund until he has paid into the fund the sum of one thousand two hundred dollars (\$1,200). The member upon attaining the age of 55 years and completion of such contributions shall be entitled to receive a pension as provided by this section. Any application to make monthly contributions under this section shall be subject to a finding of eligibility by the Board of Trustees upon application of the member.

The pensions provided shall be in addition to all other pensions or benefits under any other statutes of the State of North Carolina or the United States, notwithstanding any exclusionary provisions of other pensions or retirement systems provided by law. (1957, c. 1420, s. 1; 1959, c. 1212, s. 1; 1961, c. 980; 1971, c. 336; 1977, c. 926, s. 1; 1981, c. 1029, s. 1; 1983, c. 500, s. 2; c. 636, s. 24.)

- (4) Any member withdrawing from the fund shall, upon proper application, be paid all moneys the individual contributed to the fund, provided, if all or any part of the moneys contributed to the fund with respect to the member shall have been paid by any person, firm or corporation other than the member and notification of such action shall have been made to the board at the time of said contribution and each of them, then, upon proper application, by the other person, firm or corporation, the moneys contributed to the fund shall be paid to the other person, firm or corporation originally making the contribution, upon the withdrawal of the member. (1957, c. 1420, s. 1; 1959, c. 1212, s. 1; 1981, c. 1029, s. 1.)

§ 118-47. Length of service not affected by serving in more than one department or squad; transfer from one department or squad to another.

A fireman's or rescue squad worker's length of service shall not be affected by the fact that he may have served with more than one department or squad, and upon transfer from one department or squad to another, notice of the fact shall be given to the board. (1957, c. 1420, s. 1; 1959, c. 1212, s. 1; 1981, c. 1029, s. 1.)

§ 118-49. Exemptions of pensions from attachment; rights nonassignable.

The General Assembly may not delegate to a legislative committee the power to determine whether the State or its agencies will accept the grants nor the authority to determine how the funds will be spent. Advisory Opinion In re Separation of Powers, — N.C. —, 295 S.E.2d 589 (1982).

This section purports to give to a 12-member committee of legislators power

over action proposed to be taken by the Governor with respect to the administration and use of federal block grant funds. Advisory Opinion In re Separation of Powers, — N.C. —, 295 S.E.2d 589 (1982).

In several of the instances set forth in this section the Committee would be exercising legislative functions. In those instances there would be an unlawful delegation of legislative power. In the other instances the Committee would be exercising authority that is executive or administrative in character. In those instances there would be a violation of the separation of powers provisions of the Constitution and an encroachment upon the constitutional power of the Governor. (d) Preservation of Permanently Valuable Records. — Public records certified by the Department of Cultural Resources as being of permanent value shall be preserved in the custody of the agency in which the records are normally kept or of the North Carolina State Archives. Any State, county, municipal, or other public official is hereby authorized and empowered to turn over to the Department of Cultural Resources any State, county, municipal, or other public records no longer in current official use, and the Department of Cultural Resources is authorized in its discretion to accept such records, and having done so shall provide for their administration and preservation in the North Carolina State Archives. When such records have been thus surrendered, photocopies, microfilms, typescripts, or other copies of them shall be made and certified under seal of the Department, upon application of any person, which certification shall have the same force and effect as if made by the official or

agency by which the records were transferred to the Department of Cultural Resources; and the Department may charge reasonable fees for such copies. § 121-6. Historical publications.

(c) It shall be the duty and the responsibility for the Department of Cultural Resources to edit and publish a second or new series of the most significant records of colonial North Carolina. From records which have been compiled in the North Carolina State Archives concerning the colonial period of North Carolina, a selection of the most significant documents shall be made therefrom by a skilled and competent editor. The editor shall edit, according to acceptable scholarly standards, the selected materials which shall be published in documentary volumes not to exceed approximately 700 pages each in length until full and representative published colonial records of North Carolina shall have been achieved. The number of copies of each volume to be so printed shall be determined by the Department of Cultural Resources, and such determination shall be based on the number of copies the Department can reasonably expect to sell in a period of 10 years from the date of publication. In any year during which the Department of Cultural Resources has completed a volume and has it ready for publication, the Department may include in its continuation budget for that year sufficient funds to pay the estimated costs of publishing the volume. In the event that the volume is not published during that year, the appropriation made, or any unencumbered balance, shall revert to the general fund. Area Mental Health, Mental Retardation, and Substance Abuse (Alcohol and Drug Abuse) Programs.

Part 1. Policy Statement; Definitions.

§ 122-35.35. Declaration of policy.

Providing community mental health services of the highest possible quality within available resources is an obligation of government in North Carolina to its citizens. The furnishing of such services requires the cooperation and financial assistance of county, State and federal governments.

In order to maximize mental health services and to maximize utilization of federal funds, area mental health, mental retardation, and substance abuse authorities are urged to comply to the maximum extent possible with federal governmental regulations required as a condition of receipt of federal grants.

In order to provide comprehensive mental health services to all citizens at a reasonable cost, the area mental health, mental retardation, and substance abuse authority shall make every reasonable effort to collect appropriate reimbursement for its cost in providing such services based upon the ability of the person to pay except where prohibited by policy or law; however, no one shall be refused mental health services because of an inability to pay. To insure accountability where such services are rendered, the governing board of the area mental health, mental retardation, and substance abuse program shall be selected by the county commissioners in the area where such services are to be administered.

In order to assure the most appropriate and effective care of clients within the publicly supported mental health, mental retardation and substance abuse services system, area mental health, mental retardation and substance abuse authorities are encouraged to adopt a single portal of entry and exit policy for their catchment area. (1977, c. 568, s. 1; 1979, c. 358, s. 1; 1983, c. 383, s. 1.)

Effect of Amendments. —
The 1983 amendment, effective May 25,

§ 122-35.36. Definitions.

For the purposes of this Article, the following definitions shall apply:

- (1) Area Mental Health, Mental Retardation, and Substance Abuse Authority. The governing unit authorized by the Commission and delegated the authority to serve as the comprehensive planning, budgeting, implementing, and monitoring group for community-based mental health, mental retardation, and substance abuse programs. An area mental health, mental retardation, and substance abuse authority is a local political subdivision of the State except that a single-county area mental health, mental retardation, and substance abuse authority shall be considered a department of the county in which it is located for the purposes of Chapter 159 of the General Statutes.
- (4) Catchment Area. A geographic portion of the State served by a specific area mental health, mental retardation and substance abuse authority.

(5) Repealed by Session Laws 1981, c. 51, s. 4, effective July 1, 1981.

(9) Minimum Standards. — Specifications of the required basic level of activity and required basic levels of human and technical resources necessary for the implementation and operation of mental health programs. Minimum standards are set by the Commission in all areas of mental health not otherwise specified in State statutes and such standards shall be administered by the Department of Human Resources.

(10) Operating Costs. — Expenditures made by an area mental health, mental retardation, and substance abuse authority in the delivery of community mental health services in the areas of general mental health, mental illness, mental retardation, and substance abuse as provided in this Article. Such operating costs shall include the employment of legal counsel on a temporary basis to represent the interest of the area mental health, mental retardation, and substance

abuse authority.

(13) Single Portal of Entry and Exit Policy. — An admissions and discharge policy for treatment facilities which may be adopted by an area mental health, mental retardation and substance abuse authority and must be approved by the Department of Human Resources before it is in force. The policy and its provisions shall be designed to promote quality client care in and between treatment facilities. Furthermore, the policy shall be designed to integrate otherwise independent facilities into a unified and coordinated system wherein the area program shall be responsible for assuring that the individual client can receive services from the facility which is best able to meet his needs.

However, the policy shall not be inconsistent with any other provisions of the General Statutes, nor shall the policy include the complete exclusion of clients from admission to any specific treatment facility.

If an area authority seeks to be designated as a single portal area, the authority shall include a proposal for an admissions and discharge policy for specified treatment facilities in the annual plan as required by G.S. 122-35.43. For this purpose treatment facilities may include: regional mental hospitals, centers for the mentally retarded, mental health facilities for the care and treatment of alcoholism, and facilities for the treatment and education of emotionally disturbed children operated by the Department of Human Resources; area mental health facilities; and, any public or private facilities, hospitals and centers for the services provided under contract pursuant to G.S. 122-35.49.

Once an area is designated by the Department of Human Resources as a single portal area, any changes to the plan must be approved by the Department. However, an approved plan and designation as a single portal area shall remain in force pending approval of any

changes.

(14) Single Portal Area. — The county or counties which comprise the catchment area of an area mental health, mental retardation and substance abuse authority which has been designated by the Department of Human Resources as having adopted an approved single portal of entry and exit policy. Residents of the county or counties in a designated single portal area shall be admitted to or discharged from treatment facilities through the area program as described in the area plan. Effect of Amendments. -

The first 1981 amendment, effective July 1, 1981, substituted "Commission" for "Commission for Mental Health and Mental Retardation Services" in subdivisions (1) and (9) and deleted subdivision (5), which defined the Commission for Mental Health and Mental Retardation Services. CASE NOTES

The 1983 amendment, effective Feb. 10, 1983, deleted "and shall consist of 15 members" at the end of the first sentence of subsection (a) and substituted the present second sentence of subsection (a) for a former sentence authorizing an increase of the number of board members up to 25 for the purpose of meeting federal requirements.

§ 122-35.40B. Liability insurance and waiver of immunity as to torts of agents, employees and board members.

- (a) Any area mental health, mental retardation and substance abuse authority, by securing liability insurance as hereinafter provided, is hereby authorized and empowered to waive its governmental immunity from liability for damage by reason of death or injury to person or property caused by the negligence or tort of any agent, employee or board member of such area mental health, mental retardation and substance abuse authority when acting within the scope of his authority or within the course of his duties or employment. Such immunity shall be deemed to have been waived by the act of obtaining such insurance, but such immunity is waived only to the extent that said authority is indemnified by insurance for such negligence or tort.
- (b) Any contract of insurance purchased pursuant to this section must be issued by a company or corporation duly licensed and authorized to execute insurance contracts in this State and must by its terms adequately insure the area mental health, mental retardation and substance abuse authority against any and all liability for any damages by reason of death or injury to a person or property proximately caused by the negligent acts or torts of the agents, employees and board members of said authority when acting within the course of their duties or employment. The area mental health, mental retardation and substance abuse board shall determine the extent of liability and what agents, employees by class and board members shall be covered by any insurance purchased pursuant to this subsection. Any company or corporation which

enters into a contract of insurance as above described with such authority, by such act waives any defense based upon the governmental immunity of such

authority.

(c) Any persons sustaining damages, or in the case of death, his personal representative may sue an authority insured under this section for the recovery of such damages in any court of competent jurisdiction in this State, but only in a county located within the geographic limits of the authority; and it shall be no defense to any such action that the negligence or tort complained of was in pursuance of governmental, municipal or discretionary function of such authority if, and to the extent, such authority has insurance coverage as

provided by this section.

(d) Except as hereinbefore expressly provided, nothing in this section shall be construed to deprive any such authority of any defense whatsoever to any such action for damages or to restrict, limit, or otherwise affect any such defense which said authority may have at common law or by virtue of any statute and nothing in this section shall be construed to relieve any person sustaining damages or any personal representative of any decedent from any duty to give notice of such claim to said authority or to commence any civil action for the recovery of damages within the applicable period of time prescribed or limited by statute.

(e) Such authority may incur liability pursuant to this section only with respect to a claim arising after such authority has procured liability insurance pursuant to this section and during the time when such insurance is in force.

(f) No part of the pleadings which relate to or allege facts as to a defendant's insurance against liability shall be read or mentioned in the presence of the trial jury in any action brought pursuant to this section. Such liability shall not attach unless the plaintiff shall waive the right to have all issues of law or fact relating to insurance in such an action determined by a jury and such issues shall be heard and determined by the judge without resort to a jury and the jury shall be absent during any motions, arguments, testimony or announcement of findings of fact or conclusions of law with respect to insurance. The defense may be provided by the local board by employing counsel or by purchasing insurance which requires that the insurer provide the defense. Nothing in this section shall be deemed to require any such authority to provide for the defense of any action or proceeding of any nature.
- (b) Any such authority may budget funds for the purpose of paying all or part of the claim made or any civil judgment entered against any of its agents, employees or board members or former agents, employees or board members when such claim is made or such judgment is rendered as damages on account of any act done or omission made, or any act allegedly done or omission

allegedly made, in the scope and course of his duty as an agent, employee or board member of such authority. Nothing in this section shall authorize any authority to budget funds for the purpose of paying any claim made or civil judgment against any of its agents, employees or board members, or former agents, employees or board members, if the authority finds that such agent, employee or board member acted or failed to act because of actual fraud, corruption or actual malice on his part. Any authority may budget for and purchase insurance coverage for payment of claims or judgments pursuant to this section. Nothing in this section shall be deemed to require any authority to pay any claim or judgment referred to herein, and the purchase of insurance coverage for payment of such claim or judgment shall not be deemed an assumption of any liability not covered by such insurance contract, and shall not be deemed an assumption of liability or payment of any claim or judgment in excess of the limits of coverage in such insurance contract.

(c) Subsection (b) of this section shall not authorize any authority to pay all or part of a claim made or civil judgment entered or to provide a defense to a criminal charge unless (i) notice of the claim or litigation is given to the authority prior to the time that the claim is settled or civil judgment is entered and (ii) the authority shall have adopted, and made available for public inspection, uniform standards under which claims made, civil judgments entered, or criminal charges against agents, employees or board members or former

All community-based mental health, mental retardation, and substance abuse programs must meet or exceed minimum standards and no other standards shall apply unless specifically established in State or federal statutes or regulations. Failure to comply with the established standards shall be grounds for the Department of Human Resources to cease participating in the funding of the particular community-based program. Only Part of Section Set Out. — As the rest of the section was not affected by the amendment, it is not set out.

Editor's Note. — Session Laws 1981 (Reg. Sess., 1982), c. 1282, s. 25, establishes a schedule of priorities for allocating funds to local area mental health programs and local education agencies to provide appropriate treatment and education programs to children under the age of 18 who suffer from emotional, mental, or neurological handicaps accompanied by violent or assaultive behavior, identified as a class in the case of Willie M., et al. vs. Hunt, et al. The act appropriates funds to the Division of Mental Health, Mental Retardation, and Substance Abuse, to the Division of Youth Services, and to the Department of Public Education, establishes a reserved fund, and provides

for certain reporting requirements. The act further provides that the prohibitions on use of State funds prescribed by G.S. 122-35.53(c) do not apply to any funds appropriated for the treatment of members of the above named class.

Session Laws 1983, c. 761, s. 77, effective July 1, 1983, sets out legislative findings with regard to funds and programs serving members of the class of Willie M., et al. v. Hunt, et al., provides for the expenditure of funds on behalf of this class, and provides for certain reporting requirements.

Prisoners Not Covered by Subsection (g). — Prisoners receiving mental health care are not covered by subsection (g) of this section and § 122-55.2; the statute applies only to mental health patients who are not imprisoned with the Department of Corrections. § 122-39. Reciprocal agreements with other states to set requirements for State hospital care and release of patients.

The said Department may also enter into reciprocal agreements with another state or states to fix and establish the requirements whereby a patient under hospitalization in a State hospital in this State may be released and go into such other state or states on conditional release from a State hospital in this State. Any such patient so released from a state hospital or other institution in another state or states for the purpose of coming into this State shall not be considered to gain residence in this State by any period of time he resides in this State, and a person or patient released from a State hospital in North Carolina will retain his North Carolina residence during his acceptance in the other state under agreements authorized under this section. No members of the Commission or the Secretary of Human Resources or any physician, psychiatrist, officer, agent, or employee of the Department of Human Resources shall be held personally liable for any acts done or damages sustained by reason of any official acts done or committed under the authority of this section. CASE NOTES

Section Not Applicable to Prisoners. —
Prisoners receiving mental health care are not covered by § 122-36(g) and this section; the statutes apply only to mental health patients

who are not imprisoned with the Department of Corrections. Baugh v. Woodard, 56 N.C. App. 180, 287 S.E.2d 412, cert. denied, 305 N.C. 759, 292 S.E.2d 574 (1982).

With respect to the rights of prisoners receiving care in Department of Human Resources-operated facilities, § 143B-261.1 and the regulations adopted pursuant thereto apply, rather than § 122-36 and this section, as

they do to those prisoners who remain in prison for their mental health care. Baugh v. Woodard, 56 N.C. App. 180, 287 S.E.2d 412, cert. denied, 305 N.C. 759, 292 S.E.2d 574 (1982).

§ 122-55.6. Right to treatment.

Each institutionalized patient shall have the right to receive appropriate treatment for mental and physical ailments and for the prevention of illness or disability. Each patient within 30 days after admission shall have an individual written treatment or habilitation plan formulated by the treatment facility's mental health or mental retardation professionals. Each patient who has been institutionalized in a State hospital shall have, as soon as practical but not later than the time of discharge, an individualized written postinstitutionalization plan setting forth a program of recommended vocational counseling or outpatient care. A copy of such plan shall be furnished to the patient or his guardian and, with the consent of the patient, to his

attorney and his next of kin.

Each patient shall have a right to be free from unnecessary or excessive medication with drugs. Such medication shall not be used as punishment or discipline. No medication shall be administered except upon a written order of a qualified physician. Treatment involving electroshock therapy, the use of experimental drugs or procedures, or surgery, other then emergency surgery, shall not be given without the express and informed written consent of the patient if competent, otherwise of the patient and guardian as hereinafter defined, unless the patient has been adjudicated an incompetent under Chapter 35 of the General Statutes and has not been restored to legal capacity, in which case express and informed written consent of his guardian or trustee appointed pursuant to Chapter 35 of the General Statutes must be obtained. Such consent may be withdrawn at any time by the person who gave such consent. Except in case of transfer for emergency medical treatment, emergency medical evaluation, or emergency surgery, no patient shall be transferred to another treatment facility without receiving reasonable written notice which shall include the reason for the transfer. Such notice shall be given to the patient and to the next of kin or guardian of the patient. When a patient is transferred to another facility solely for medical reasons, the patient shall be returned to the original facility when the medical care is completed. (1973, c. 475, s. 1; c. 1436, ss. 6, 7; 1981, c. 328, ss. 1, 2.)

Effect of Amendments. — The 1981 amendment, in the second paragraph, inserted "medical treatment, emergency medical evaluation,

or emergency" in the sixth sentence and added the last sentence.

§ 122-55.8. Assurance for continuity of care for persons with mental retardation.

- (a) Any person with mental retardation admitted for residential care or treatment to any 24-hour residential facility, operated under the authority of this Chapter and supported all or in part by State appropriated funds, for other than respite or emergency care shall have the right to residential placement in an alternative facility if the person is in need of placement and if the original facility can no longer provide the care or treatment.
- (b) The area mental health, mental retardation and substance abuse authority which serves the county of residence of the person is responsible for the coordination of the placement.

- (c) The Department of Human Resources is responsible for coordinative and financial assistance to the area authority in assuring this continuity of care. (1981, c. 1012.)

CASE NOTES

The North Carolina Special Care Facility for Re-Education of Adolescent Children has been properly designated by the Department of Human Resources a "treatment facility" within the meaning of this Article. State v. Wilkinson, 302 N.C. 393, 275 S.E.2d 836 (1981).

§ 122-56.3. Procedure for voluntary admissions.

(a) Any person who believes himself to be in need of treatment for mental illness or inebriety may seek voluntary admission to a treatment facility by presenting himself for evaluation to the facility. No physician's statement is necessary, but a written application for evaluation or admission, signed by the person seeking admission, is required. The application shall acknowledge that the applicant may be held by the treatment facility for a period of 72 hours subsequent to any written request for release that he may make. At the time of application, the facility shall provide the applicant with the appropriate form for discharge. The application form shall be available at all times at all treatment facilities. However, no one shall be denied admission because application forms are not available. Any person voluntarily seeking admission to a treatment facility must be examined and evaluated by a qualified physician of the facility within 24 hours of presenting himself for admission. The evaluation shall determine whether the person is in need of treatment for mental illness or inebriety, or further psychiatric evaluation by the facility. If the evaluating physician or physicians determine that the person is not in need of treatment or further evaluation by the facility, or that the person will not be benefitted by the treatment available, the person shall not be accepted as a patient.

(b) When a person from a single portal area seeks admission to a treatment facility, as described in G.S. 122-35.36(13) and (14), such admission shall follow the procedures as prescribed in the area plan. Provided however, when a person from a single portal area presents himself for admission to a treatment facility directly, and is in need of an emergency admission, he may be accepted for admission. The treatment facility shall notify the area program within 24 hours of the admission and further treatment planning for the person shall be the joint responsibility of the area program and the treatment facility as prescribed in the area plan. (1973, c. 723, s. 1; c. 1084; 1983, c. 383, s. 4.)

Effect of Amendments. — The 1983 amendment, effective May 25, 1983, designated the first paragraph as subsection (a) and added subsection (b).

§ 122-56.5. Representation of minors and persons adjudicated non compos mentis.

In applying for admission to a treatment facility, in consenting to medical treatment when consent is required, in giving or receiving any legal notice, and in any other legal procedure under this Article, a parent, person standing in loco parentis, or guardian shall act for a minor, and a guardian or trustee shall act for a person adjudicated non compos mentis. In an emergency situation, a minor who is mentally ill or an inebriate and in need of treatment may be admitted to a treatment facility upon his own written application, and such application shall serve as the initiating document for the hearing conducted in accordance with G.S. 122-56.7. Within 24 hours of admission, the responsible parent, guardian or person standing in loco parentis will be notified of the admission unless such notification is impossible due to inability to identify the responsible individual, inability to ascertain the whereabouts of the responsible individual, or inability to contact the responsible individual after all reasonable means to establish contact have been attempted. (1973, c. 1084; 1983, c. 302, s. 1.)

Effect of Amendments. — The 1983 amendment, effective May 13, 1983, added the last two sentences.

Legal Periodicals. — For an article entitled "Civil Commitment of Minors: Due and Undue Process," see 58 N.C.L. Rev. 1133 (1980).

§ 122-56.7. Judicial determination.

(a) When, pursuant to G.S. 122-56.5, a minor or person adjudicated non compos mentis is admitted to any treatment facility wherein the person will be subjected to the restrictions on his freedom of movement present in the State regional mental hospitals and treatment facilities described in G.S. 122-7, G.S. 122-58.21 and G.S. 122-98.2, or to restrictions similar thereto, a hearing shall be held in the District Court in the county in which the treatment facility is located within 10 days of the day that the minor or the person adjudicated non compos mentis is admitted to the treatment facility. The Commission for Mental Health, Mental Retardation and Substance Abuse Services shall promulgate rules and regulations governing procedures for admissions to other treatment facilities as defined by G.S. 122-56.2(b) not falling within the categories of those described in the preceding sentence; these rules and regulations will be designed to insure that no minor is improperly admitted to or remains in such treatment facilities.

(b) In any case requiring the hearing described in subsection (a) of this section, no petition shall be necessary; the written application for voluntary admission shall serve as the initiating document for the hearing. The court shall determine whether such person is mentally ill or an inebriate and is in need of further treatment at the treatment facility. Further treatment at the treatment facility should be undertaken only when lesser measures will be insufficient. If the court finds by clear, cogent, and convincing evidence, that these requirements have been met, the court shall concur with the voluntary admission of the minor or person adjudicated non compos mentis. If the court finds that these requirements have not been met, it shall order that the person be released. A finding of dangerousness to self or others is not necessary to support the determination that further treatment should be undertaken.

ARTICLE 5A.

Involuntary Commitment.

§ 122-58.1. Declaration of policy.

It is the policy of this State that no person shall be committed to an inpatient mental health facility unless he is mentally ill or an inebriate and dangerous to himself or others, or unless he is mentally retarded and, because of an accompanying behavior disorder, is dangerous to others; that a commitment will be accomplished under conditions that protect the dignity and constitutional rights of the person; and that committed persons will be discharged as soon as a less restrictive mode of treatment is appropriate. (1973, c. 726, s. 1; c. 1408, s. 1; 1977, c. 400, s. 1; 1979, c. 915, ss. 2, 11; 1983, c. 638, s. 1; c. 864, s. 4.)

CASE NOTES

Constitutionality. — The statutory scheme for involuntary commitment is constitutional. In re Jackson, — N.C. App. —, 299 S.E.2d 677 (1983).

The North Carolina General Assembly has enacted an excellent legislative scheme which adequately protects the interests of all who may be involved in an involuntary commitment proceeding. In re Jackson, — N.C. App. —, 299 S.E.2d 677 (1983).

Public Policy to Prevent Unnecessary Commitments. — The policy of this State is to prevent the possibility that persons who are not mentally ill or inebriates and dangerous to themselves or others would be involuntarily committed. McLean v. Sale, 54 N.C. App. 538, 284 S.E.2d 160 (1981), cert. denied, 305 N.C. 301, 290 S.E.2d 703 (1982).

Purpose of Involuntary, etc. —

Two purposes for the involuntary commit-

ment statute are (1) to allow temporary withdrawal from society of those who may be dangerous and (2) to provide treatment. In re Medlin, 59 N.C. App. 33, 295 S.E.2d 604 (1982).

Requirements for Entering Commitment Order. — To enter a commitment order, the trial court is required to ultimately find two distinct facts, i.e., that the respondent is

mentally ill and is dangerous to himself or to others. In re Collins, 49 N.C. App. 243, 271 S.E.2d 72 (1980).

§ 122-58.2. Definitions.

As used in this Article:

(8) "Outpatient treatment" may include medication; individual or group therapy; day or partial day programming activities; services and training including educational and vocational activities; supervision of living arrangements; and any other services prescribed to either alleviate the person's illness or disability, to maintain semi-independent functioning, or to prevent further deterioration that may reasonably be predicted to result in the need for inpatient commitment to a mental health facility. CASE NOTES

Statutory language establishes a two prong test for dangerousness to self. The first prong addresses self-care ability regarding one's daily affairs. The second prong, which also must be satisfied for involuntary commitment to result, mandates a specific finding of a probability of serious physical debilitation resulting from the more general finding of lack of self-caring ability. In re Monroe, 49 N.C. App. 23, 270 S.E.2d 537 (1980); In re Crainshaw, 54 N.C. App. 429, 283 S.E.2d 553 (1981).

The language of subdivision (1) of this section establishes a two prong test for dangerousness to self. The first prong deals with self-care ability regarding one's daily affairs. The second prong requires a specific finding of a probability of serious physical debilitation resulting from the more general finding of lack of self-caring ability. The facts supporting this danger must be recorded by the trial court. In re Medlin, 59 N.C. App. 33, 295 S.E.2d 604 (1982).

Failure to Care for Needs as Dangerousness. — Failure of a person to properly care for her medical needs, diet, grooming and general affairs would meet the required test of dangerousness to self. In re Medlin, 59 N.C. App. 33, 295 S.E.2d 604 (1982).

Unusual eating habits alone do not amount to danger as contemplated in this statute. In re Monroe, 49 N.C. App. 23, 270 S.E.2d 537 (1980).

The State may involuntarily commit a person who cannot be relied upon to maintain the proper diet necessary to her welfare and who has no income to cover the expense of food, clothing, fuel or shelter. In re Medlin, 59 N.C. App. 33, 295 S.E.2d 604 (1982).

Trial court must find three elements present in order to find that respondent is dangerous to others: (1) within the recent past (2) respondent has (a) inflicted serious bodily harm on another, or (b) attempted to inflict serious bodily harm on another, or (c) threatened to inflict serious bodily harm on another, or (d) has acted in such a manner as to create a substantial risk of serious bodily harm to another, and (3) there is a reasonable probability that such conduct will be repeated. In re Monroe, 49 N.C. App. 23, 270 S.E.2d 537 (1980).

Present statutory definition of "danger-

ous to others" does not require a finding of overt acts. In re Monroe, 49 N.C. App. 23, 270 S.E.2d 537 (1980).

Applied in In re Collins, 49 N.C. App. 243,

271 S.E.2d 84 (1980); In re Frick, 49 N.C. App. 273, 271 S.E.2d 84 (1980).

§ 122-58.3. Affidavit and petition before clerk or magistrate; custody order.

(b) If the clerk or magistrate finds reasonable grounds to believe that the facts alleged in the affidavit are true and that the respondent is probably mentally ill or inebriate and dangerous to himself or others, or is mentally retarded and, because of an accompanying behavior disorder, is dangerous to others, he shall issue an order to a law-enforcement officer or any other person authorized under G.S. 122-58.14 to take the respondent into custody for exam-

ination by a qualified physician.

(d) If the affiant is a qualified physician, he may execute the affidavit before any official authorized to administer oaths. He is not required to appear before the clerk or magistrate for this purpose. His examination shall comply with the requirements of the initial examination as provided in G.S. 122-58.4(b) and (c). If the physician petitioner's recommendation is for inpatient commitment and the clerk or magistrate finds probable cause to believe that the respondent meets the criteria for inpatient commitment, he shall issue an order for transportation to or custody at a treatment facility described in G.S. 122-58.4(c)(1). If a physician executes an affidavit for inpatient commitment of a respondent, a second qualified physician shall be required to perform the examination required by G.S. 122-58.6.

(d1) Upon receipt of the custody order of the clerk or magistrate or a custody order issued by the court pursuant to G.S. 15A-1003 or G.S. 15A-1321, a law-enforcement officer or other person designated in the order, within 24 hours after the order is signed, shall take the respondent into custody.

Contents and Sufficiency of Affidavit. —
The affidavit must set out facts upon which the

affiant's opinion is based. Such facts must be sufficient to establish to the affiant's satisfaction that the patient is imminently dangerous to himself or others. In re Hernandez, 46 N.C. App. 265, 264 S.E.2d 780 (1980).

§ 122-58.4. Duties of law-enforcement officer; examination by qualified physician.

(a) Without unnecessary delay after assuming custody the person designated by the clerk or magistrate to provide transportation shall take the respondent to a community mental health center for examination by a qualified physician; if a qualified physician is not available in the community mental health center, he shall take the respondent to any qualified physician locally available. If a physician is not immediately available, the respondent may be temporarily detained in a community mental health facility, if one is available; if such facility is not available, he may be detained, under appropriate supervision, in his home, in a private hospital or a clinic, in a general hospital, or in a regional mental health facility, but not in a jail or other penal facility.

(b) The examination set forth in subsection (a) is not required if:

(1) The affiant who obtained the custody order is a qualified physician; or
(2) The custody order states that the respondent was charged with a violent crime, including a crime involving assault with a deadly

violent crime, including a crime involving assault with a deadly weapon, and he was found not guilty by reason of insanity or incapable of proceeding; or

(3) The respondent is in custody under the special emergency procedure

described in G.S. 122-58.18.

In any of these cases, the law-enforcement officer shall take the respondent

directly to a mental health facility described in subsection (c).

(b1) The qualified physician shall examine the respondent as soon as possible, and in any event within 24 hours, after the respondent is presented for examination. The examination shall include but is not limited to an assessment of the respondent's:

(1) Current and previous mental illness, inebriety or mental retardation;

including, if available, previous treatment history;

(2) Dangerousness to self or others as defined in G.S. 122-58.2(1);

(3) Ability to survive safely without hospitalization, including the availability of supervision from family, friends or others; and

(4) Capacity to make an informed decision concerning treatment.

(c) After the conclusion of the examination the physician shall determine

which of the following conditions exist:

(1) If the physician finds that the respondent is mentally ill or an inebriate, and is dangerous to himself or others, or is mentally retarded, and because of an accompanying behavior disorder, is dangerous to others, he shall recommend hospitalization, and he shall so indicate on the physician's examination report. The law-enforcement officer or other designated person shall take the respondent to a community mental health inpatient facility or pubic or private inpatient facility designated or licensed by the Department of Human Resources for temporary custody, observation, and treatment of mentally ill or inebriate persons pending a district court hearing. If there is no community mental health inpatient facility so designated and if the respondent is indigent and unable to pay for his care at a private inpatient facility,

the law-enforcement officer or other designated person shall take the respondent to a regional psychiatric facility designated by the Division of Mental Health, Mental Retardation, and Substance Abuse Services for custody, observation, and treatment, and immediately notify the clerk of superior court of his actions.

(2) If the physician finds that:

a. The respondent is mentally ill, and

b. The respondent is capable of surviving safely in the community with available supervision from family, friends or others, and

c. Based on the respondent's treatment history, the respondent is in need of treatment in order to prevent further disability or deterioration which would predictably result in dangerousness as defined by G.S. 122-58.2(1), and

d. His current mental status or the nature of his illness limits or negates his ability to make an informed decision to voluntarily seek or comply with recommended treatment, the physician shall so indicate on the physician's examination report and shall recommend outpatient commitment. In addition the examining physician shall indicate the name, address, and telephone number of the proposed outpatient treatment physician or center. The person designated in the order to provide transportation shall return the respondent to his regular residence or to the home of a consenting person, and he shall be released from custody.

(3) If the physician finds that neither condition described in subdivisions (1) or (2) of this subsection exists, the respondent shall be released and

the proceedings terminated.

(e) When outpatient commitment is recommended, the examining physician, if different from the proposed outpatient treatment physician, shall give the respondent a written notice listing the name, address, and telephone number of the proposed outpatient treatment physician or center and directing the respondent to appear at the address at a specified date and time. The examining physician before the appointment shall notify by telephone and shall send a copy of the notice and his examination report to the designated treatment physician or center. CASE NOTES

Duty of Physician, etc. -

In accord with 2nd paragraph in original. See McLean v. Sale, 54 N.C. App. 538, 284 S.E.2d 160 (1981), cert. denied, 305 N.C. 301, 290 S.E.2d 703 (1982).

Physical Presence of Person to Be Examined Required. - "Examine" as used in this section requires that the person to be examined be physically in the presence of the qualified physician, so that the physician may actually utilize his five senses, or such of them as he deems necessary, in carrying out the mandate of this section. McLean v. Sale, 54 N.C. App. 538, 284 S.E.2d 160 (1981), cert. denied, 305 N.C. 301, 290 S.E.2d 703 (1982).

The requirement that the law-enforcement officer must take and present the person to be examined to the physician requires that the person must be physically present before the physician for the purpose of the examination. McLean v. Sale, 54 N.C. App. 538, 284 S.E.2d 160 (1981), cert. denied, 305 N.C. 301, 290 S.E.2d 703 (1982).

Relief from Wrongful Certification. -

A physician's failure to perform an examination prior to signing certificate is a violation of the statute, and if plaintiff is involuntarily committed as a result of defendant's actions, a cause of action arises against defendant, and this is true regardless of what may have prompted defendant to fail to make the examination of plaintiff. McLean v. Sale, 54 N.C. App. 538, 284 S.E.2d 160 (1981), cert. denied, 305 N.C. 301, 290 S.E.2d 703 (1982).

Relevance of Reasons for Failing to Examine. — The reasons defendant physician failed to make the required examination prior to signing certificate were competent on the question of punitive damages, but not on the issue of whether defendant violated his statutory duty to plaintiff. McLean v. Sale, 54 N.C. App. 538, 284 S.E.2d 160 (1981), cert. denied, 305 N.C. 301, 290 S.E.2d 703 (1982).

§ 122-58.5. Duties of clerk of superior court.

(a) Upon receipt of a qualified physician's finding that a respondent is mentally ill or an inebriate, and dangerous to himself or others, or is mentally retarded, and because of an accompanying behavior disorder, is dangerous to others, and that hospitalization is recommended, the clerk of superior court of the county where the treatment facility is located shall, upon direction of a district court judge, assign counsel, if necessary, calendar the matter for hearing, and notify the respondent and counsel of the time and place of the hearing. Notice must be given at least 48 hours in advance, unless waived by counsel for the respondent.

(b) Upon receipt of a qualified physician's finding that the respondent meets the criteria of G.S. 122-58.4(c)(2) and that outpatient commitment is recommended, the clerk of superior court of the county where the petition was initiated, upon direction of a district court judge, shall calendar the matter for hearing and shall notify at least 48 hours in advance, the respondent, the proposed outpatient treatment physician or center and the petitioner of the time and place of the hearing. (1973, c. 1408, s. 1; 1977, c. 400, s. 5; 1979, c. 915,

s. 5; 1983, c. 638, s. 8; c. 864, s. 4.)

Editor's Note. — Session Laws 1983, c. 638, s. 27, as amended by Session Laws 1983, c. 864, s. 4, makes c. 638 effective January 1, 1984.

Section 25 of Session Laws 1983, c. 638 is a severability clause.

Effect of Amendments. -

The 1983 amendment, effective Jan. 1, 1984,

designated the first paragraph as subsection (a), in subsection (a) substituted "and that hospitalization is recommended, the clerk of superior court of the county where the treatment facility is located" for "the clerk of superior court," and added subsection (b).

§ 122-58.6. Inpatient commitment; examination treatment pending hearing.

(a) Within 24 hours of arrival at a community or regional mental health facility described in G.S. 122-58.4(c)(1), the respondent shall be examined by a qualified physician. The examination must include but is not limited to the assessment specified in G.S. 122-58.4(b1). If the qualified physician finds that the respondent is mentally ill or an inebriate, and is dangerous to himself or others, or is mentally retarded, and because of an accompanying behavior disorder, is dangerous to others, he shall hold the respondent at the facility pending the district court hearing. If the qualified physician finds that the respondent meets the criteria under G.S. 122-58.4(c)(2), he shall indicate his

findings on the physician's examination report, release the respondent pending the district court hearing and notify the clerk of superior court of the county where the petition was initiated of his findings. In addition the examining physician shall indicate on the examination report the name, address and telephone number of the proposed outpatient treatment physician or center. He shall give the respondent a written notice listing the name, address and telephone number of the proposed outpatient treatment physician or center and directing the respondent to appear at that address at a specified date and time. The examining physician before the appointment shall notify by telephone and shall send a copy of the notice and his examination report to the proposed outpatient treatment physician or center. If the qualified physician finds that the respondent does not meet the criteria for commitment under either G.S. 122-58.4(c)(1) or G.S. 122-58.4(c)(2), he shall release the respondent and the proceedings shall be terminated. If released, the law-enforcement officer or other person designated to provide transportation shall return the respondent to the originating county. If a respondent, so released, fails, upon proper notification, to attend the hearing, and his presence is not waived by his counsel and the court, he may be taken into custody and returned to the releasing facility by any law-enforcement officer on order of the judge. Days the respondent is on release shall not be counted in computing the 10-day period in which the hearing must be held.

(a1) If the custody order states that the respondent was charged with a violent crime, including a crime involving assault with a deadly weapon, and that he was found not guilty by reason of insanity or incapable of proceeding, the physician shall examine him as set forth in subsection (a). However, the physician may not release him from the facility until ordered to do so following

the district court hearing.

The district attorney in the county in which the respondent was found not guilty by reason of insanity or incapable of proceeding may represent the State's interest at the hearing.

CASE NOTES

The North Carolina 10-day, etc. —

In accord with 1st paragraph in original. See In re Hernandez, 46 N.C. App. 265, 264 S.E.2d 780 (1980).

Findings Prerequisite to Commitment. —

In accord with 1st paragraph in original. See In re Monroe, 49 N.C. App. 23, 270 S.E.2d 537 (1980).

To enter a commitment order, the trial court is required to ultimately find two distinct facts, i.e., that the respondent is mentally ill and is dangerous to himself or to others. In re Collins, 49 N.C. App. 243, 271 S.E.2d 72 (1980).

Under this section, two distinct facts must be found by clear, cogent, and convincing evidence: first, that the respondent is mentally ill or inebriate and second, that the respondent is dangerous to himself or others. It is not the court's function to appeal to determine if the evidence offered meets the statutory standard but simply to determine whether there was any competent evidence to support the factual findings made. In re Jackson, — N.C. App. —, 299 S.E.2d 677 (1983).

Trial court must find three elements present in order to find that respondent is dangerous to others: (1) within the recent past (2) respondent has (a) inflicted serious bodily harm on another, or (b) attempted to inflict serious bodily harm on another, or (c) threatened to inflict serious bodily harm on another, or (d) has acted in such a manner as to create a substantial risk of serious bodily harm to another, and (3) there is a reasonable probability that such conduct will be repeated. In re Monroe, 49 N.C. App. 23, 270 S.E.2d 537 (1980).

No Overt Act Required. -

The present statutory definition of "dangerous to others" does not require a finding of overt acts. In re Monroe, 49 N.C. App. 23, 270 S.E.2d 537 (1980).

It is for the trier of fact to, etc. — In accord with original. See In re Monroe, 49 N.C. App. 23, 270 S.E.2d 537 (1980).

The Court of Appeals does not consider whether the evidence of respondent's mental illness and dangerousness was clear, cogent and convincing. It is for the trier of fact to determine whether the competent evidence offered in a particular case met the burden of proof. In re Collins, 49 N.C. App. 243, 271 S.E.2d 72 (1980).

The trier of fact alone must determine whether the evidence presented is clear, cogent and convincing. A court's only function on appeal is to determine whether there was any competent evidence to support the factual findings made. In re Medlin, 59 N.C. App. 33, 295 S.E.2d 604 (1982).

In its order the trial court must record the facts upon which its ultimate findings are based. In re Collins, 49 N.C. App. 243, 271 S.E.2d 72 (1980).

Pursuant to subsection (i) of this section the facts supporting the danger the patient presents to herself and to others must be recorded by the trial court. In re Crainshaw, 54 N.C. App. 429, 283 S.E.2d 553 (1981).

Standards of review. -

In accord with original. See In re Frick, 49 N.C. App. 273, 271 S.E.2d 84 (1980).

On appeal of a commitment order, the function of the Court of Appeals is to determine whether there was any competent evidence to support the facts recorded in the commitment order and whether the trial court's ultimate findings of mental illness and dangerous to self or others were supported by the facts recorded in the order. In re Collins, 49 N.C. App. 243, 271 S.E.2d 72 (1980).

Applied in In re Rogers, 300 N.C. 747, 268 S.E.2d 221 (1980); In re Holt, 54 N.C. App. 352, 283 S.E.2d 413 (1981).

§ 122-58.7A. Venue of district court hearing when respondent held at regional facility pending hearing.

(c) Upon motion of any interested party, the venue of an initial hearing described in G.S. 122-58.7(b1) or a rehearing required by G.S. 122-58.13(b) shall be moved to the county in which the respondent was found not guilty by reason of insanity or incapable of proceeding when the convenience of witnesses and the ends of justice would be promoted by the change. (1975, 2nd Sess., c. 983, s. 133; 1981, c. 537, s. 6; 1983, c. 380, s. 7.)

§ 122-58.7A:1. Outpatient commitment; district court hearing.

(a) A hearing shall be held in district court within 10 days of the day the respondent is taken into custody pursuant to G.S. 122-58.3(e). Upon its own motion or upon motion of the proposed outpatient treatment physician or the respondent, the court may grant a continuance of not more than five days.

(b) The respondent must be present at the hearing. The petitioner and the

proposed outpatient treatment physician or his designee may be present and

may provide testimony.

(c) Certified copies of reports and findings of qualified physicians and medi-

cal records of previous and current treatment are admissible in evidence.

(d) At the hearing to determine the necessity and appropriateness of outpatient commitment, the respondent need not, but may, be represented by counsel. Provided, however, if the court determines that the legal or factual issues raised are of such complexity that the assistance of counsel is necessary for an adequate presentation of the merits or that the respondent is unable to speak for himself the court may continue the case for not more than five days and order the appointment of counsel for an indigent.

(e) Hearings may be held at the community mental health center in which the respondent is being treated, if it is located within the judge's judicial district, or in the judge's chambers. A hearing may not be held in a regular courtroom, over objection of the respondent, if in the discretion of a judge, a

more suitable place is available.

(f) The hearing shall be closed to the public, unless the respondent requests otherwise.

(g) A copy of all documents admitted shall be furnished by the clerk to the

respondent on request.

(h) To support an outpatient commitment order, the court is required to find by clear, cogent and convincing evidence that the respondent meets the criteria specified in G.S. 122-58.4(c)(2). The court shall record the facts which support its findings and shall indicate on the order the center or person who is responsible for the management and supervision of the respondent's outpatient treatment. 122-58.8. Disposition.

(a) If the respondent has been held in an inpatient facility pending the district court hearing, the court may make one of the following dispositions:

(1) If the court finds by clear, cogent, and convincing evidence that the respondent is mentally ill or inebriate and is dangerous to himself or others, or is mentally retarded and, because of an accompanying behavior disorder, is dangerous to others, it may order inpatient treatment or a combination of inpatient treatment and outpatient treatment for a period not in excess of 90 days, at a mental health facility, public or private, designated or licensed by the Department of Human Resources. If the commitment proceedings were initiated as the result of the respondent's being charged with a violent crime, including a crime involving an assault with a deadly weapon, and the respondent was found not guilty by reason of insanity or incapable of proceeding, the commitment order shall so indicate. If the court orders inpatient commitment for a respondent who is under an outpatient commitment order, the outpatient commitment is terminated and the clerk of the superior court of the county where the district court hearing is held shall send a notice of the inpatient commitment to the clerk of superior court where the outpatient commitment was being

supervised. (2) If the court finds by clear, cogent, and convincing evidence that the respondent is mentally ill; that he is capable of surviving safely in the community with available supervision from family, friends or others; that based on respondent's treatment history, the respondent is in need of treatment in order to prevent further disability or deterioration which would predictably result in dangerousness as defined by G.S. 122-58.2(1); and that the respondent's current mental status or the nature of his illness limits or negates his ability to make an informed decision to voluntarily seek or comply with recommended treatment, it may order outpatient commitment for a period not in excess of 90 days. If the commitment proceedings were initiated as the result of the respondent's being charged with a violent crime, including a crime involving an assault with a deadly weapon, and the respondent was found not guilty by reason of insanity or incapable of proceeding, the commitment order shall so indicate.

(3) If the court does not find that the respondent meets either of the commitment criteria set out in subdivisions (1) and (2) of this subsection, the respondent shall be discharged and the facility in which he

was last a patient so notified.

(4) Before ordering any outpatient commitment, the court shall make findings of fact as to the availability of outpatient treatment. The court shall also indicate on the order the outpatient treatment physician or center who is to be responsible for the management and supervision of the respondent's outpatient commitment. The court shall order venue for further court proceedings to be transferred to the county where the outpatient commitment will be supervised. When an outpatient commitment order is issued for a respondent held in an inpatient facility, the court may order the respondent to be held at the facility for no longer than 72 hours in order for the treatment facility to notify the designated outpatient treatment physician or center of the treatment needs of the respondent. The facility shall send a copy of the outpatient commitment order to the designated outpatient treatment physician or center. Upon an order changing venue, the clerk of superior court of the county where the facility is located shall transfer a copy of the order of outpatient commitment to the clerk of superior court of the county where the outpatient treatment is to be supervised.

(b) If an examining physician has recommended outpatient commitment and the respondent has been released pending the district court hearing, the

court may make one of the following dispositions:

(1) If the court finds by clear, cogent, and convincing evidence that the respondent is mentally ill; that he is capable of surviving safely in the community with available supervision from family, friends or others; that based on respondent's treatment history, the respondent is in need of treatment in order to prevent further disability or deterioration which would predictably result in dangerousness as defined in G.S. 122-58.2(1); and that the respondent's current mental status or

the nature of his illness limits or negates his ability to make an informed decision to voluntarily seek or comply with recommended treatment, it may order outpatient treatment for a period not in excess of 90 days.

(2) If the court does not find that the respondent meets the criteria of commitment set out in subdivision (1) of this subsection, the respondent shall be discharged and the facility at which he was last

a patient so notified.

(c) Treatment at a private facility or by a private physician shall be at the expense of the respondent to the extent that such charges are not disposed of by contract between the area mental health, mental retardation, and substance abuse authority and the private facility. The area mental health, mental retardation, and substance abuse authorities are authorized to set fees for inpatient or outpatient treatment services provided under a commitment order in accordance with G.S. 122-35.47. § 122-58.8A. Immunity from liability.

None of the facilities or centers described in G.S. 122-58.2(5), (6) and (7), or any of the officials, staff or employees thereof, or any physician or other individual who is responsible for the management, supervision and treatment of a respondent's outpatient commitment shall be financially liable, personally or otherwise, for actions of the respondent if such entities, physicians or individuals follow accepted professional judgment, practice and standards in the management, supervision and treatment of the respondent. § 122-58.10A. Duties for follow-up on commitment order.

(a) If the commitment order directs inpatient treatment, the qualified physician attending the respondent is authorized to administer to the respondent reasonable and appropriate medication and treatment that is consistent with accepted medical standards. Provided, however, when a respondent refuses medication, he shall be afforded the protections provided by the rules adopted by the Commission for Mental Health, Mental Retardation and Substance Abuse Services in force at the time of providing treatment regarding a patient's right to refuse treatment. The qualified physician attending the respondent shall release or discharge the respondent in accordance with G.S. 122-58.13.

(b) If the commitment order directs outpatient treatment, the outpatient treatment physician is authorized to prescribe or administer to the respondent reasonable and appropriate medication and treatment that is consistent with

accepted medical standards.

(1) If the respondent fails to comply or clearly refuses to comply with all or part of the prescribed treatment, the physician or his designee shall make all reasonable effort to solicit the respondent's compliance. Such efforts shall be documented and reported to the court with a recommendation to the court whether the respondent should (i) have his

case dismissed or (ii) be given a supplemental hearing.

(2) If the respondent fails to comply, but does not clearly refuse to comply, with all or part of the prescribed treatment after reasonable effort to solicit the respondent's compliance, the physician or his designee may request the court to order the respondent taken into custody for the purpose of examination. Upon receipt of such a request, the clerk shall issue an order to a law-enforcement officer to take the respondent into custody and to take him immediately to the designated outpatient treatment physician or center for examination. The law-enforcement officer shall turn the respondent over to the custody of the physician or center who shall conduct the examination and then release the respondent.

(3) In no case may the respondent be physically forced to take medication or forcibly detained for treatment unless he poses an immediate danger to himself or others. In such cases inpatient commitment pro-

ceedings shall be initiated.

(4) At any time that the outpatient treatment physician finds that the respondent no longer meets the criteria set out in G.S. 122-58.4(c)(2), the physician shall so notify the court and the case shall be dismissed. Provided, however, if the respondent was initially committed as a result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, and the respondent was found not guilty by reason of insanity or incapable of proceeding, the designated outpatient treatment physician or center shall notify the clerk that discharge is recommended. The clerk shall calendar a supplemental hearing as provided in G.S. 122-58.10B to determine whether the respondent meets the criteria for outpatient commitment.

(5) Any person who has knowledge that a respondent on outpatient commitment has become dangerous to self or others as defined by G.S. 122-58.2(1) may initiate a new petition for inpatient commitment as

provided in this Article.

(c) If the respondent on outpatient commitment intends to move or moves to another county within the State, the designated outpatient treatment physician or center shall notify the clerk of court in the county where the outpatient commitment is being supervised. The clerk shall calendar a supplemental hearing within 10 days and give notice of the hearing to the petitioner, the

designated outpatient treatment physician or center, and the respondent. At the supplemental hearing, the court shall determine if the respondent meets the criteria for outpatient commitment set out in G.S. 122-58.4(c)(2). If the court determines that the respondent no longer meets the criteria for outpatient commitment, it shall discharge the respondent from the order and dismiss the case. If the court determines that the respondent continues to meet the criteria for outpatient commitment, it shall continue the outpatient commitment but shall designate a physician or center at the respondent's new residence to be responsible for the management or supervision of the respondent's outpatient commitment. The court shall order the respondent to appear for treatment at the address of the newly designated outpatient treatment physician or center and shall order venue for further court proceedings under the outpatient commitment to be transferred to the new county of supervision. Upon an order changing venue, the clerk of court in the county where the outpatient commitment has been supervised shall transfer the records regarding the outpatient commitment to the clerk of court in the county where the commitment will be supervised. Also, the clerk of court in the county where the outpatient commitment has been supervised shall send a copy of the court's order directing the continuation of outpatient treatment under new supervision to the newly designated outpatient treatment physician or center.

If the respondent moves to another state, the designated outpatient treatment physician or center shall notify the clerk of superior court of the county where the outpatient commitment is supervised and the outpatient

commitment shall be terminated.

(d) The clerk of superior court of the county where outpatient commitment is to be supervised shall keep a separate list regarding outpatient commitment and shall prepare quarterly reports listing all active cases, the assigned supervisor and the disposition of all hearings, supplemental hearings and rehearings. 122-58.10B. Outpatient commitment; supplemental hearings.

- (a) Upon receipt of a request for a supplemental hearing, the clerk shall calendar a hearing to be held within 14 days and notify, at least 48 hours in advance of the hearing, the petitioner, the respondent, his attorney, if any, and the designated outpatient treatment physician or center. The respondent shall be notified by personally serving on him an order to appear. The procedures for the hearing shall follow G.S. 122-58.7A:1. In hearings for alleged noncompliance, the court must determine whether the respondent has failed to comply and, if so, the causes for noncompliance. If the court determines that the respondent has failed or refused to comply it may:
 - (1) Upon finding probable cause to believe that the respondent is mentally ill and dangerous to himself or others, order an examination by the same or different qualified physician as provided in G.S. 122-58.4(b1) and (c) in order to determine the necessity for continued outpatient or inpatient commitment;
 - (2) Reissue or modify the outpatient commitment order in compliance with G.S. 122-58.8; or
 - (3) Discharge the respondent from the order and dismiss the case.

(b) At any time during the term of an outpatient commitment order, a respondent may apply to the court for a supplemental hearing for the purpose of discharge from the order. Such application must be made in writing to the clerk of superior court. (1983, c. 638, s. 17; c. 864, s. 4.)

122-58.11. Inpatient commitment; rehearings.

(a) Fifteen days before the end of the initial treatment period, if the chief of medical services of the inpatient facility determines that treatment of a respondent beyond the initial period will be necessary, he shall so notify the clerk of superior court of the county in which the facility is located. The clerk, at least 10 days before the end of the initial period, on order of a district court judge of the judicial district in which the facility is located, shall calendar the rehearing, shall notify the respondent and his counsel of the time and place of the rehearing. If the respondent was initially committed as the result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, and respondent was found not guilty by reason of insanity or incapable of proceeding, the clerk shall also notify the chief district court judge, the clerk of superior court, and the district attorney in the county in which the respondent was found not guilty by reason of insanity or incompetent to proceed, of the time and place of the hearing.

(a1) Fifteen days before the end of the initial treatment period of a respondent who was initially committed as a result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, and such person having been found not guilty by reason of insanity or incapable of proceeding, if the chief of medical services of the inpatient facility determines that treatment of the respondent beyond the initial period will not be necessary, he shall so notify the clerk of superior court for the scheduling of a rehearing as provided in G.S. 122-58.13(b).

(d) At rehearings the court may make the same dispositions authorized in G.S. 122-58.8(a) except a second commitment order may be for an additional

period not in excess of 180 days.

(e) Fifteen days before the end of the second commitment period, and annually thereafter, the chief of medical services of the facility shall review and evaluate the condition of each respondent, and if he determines that a respondent is in continued need of hospitalization or, in the alternative, in need of outpatient treatment, or a combination of both, he shall so notify the respondent, his counsel, and the clerk of superior court of the county in which the facility is located. Unless the respondent through his counsel files with the clerk a written waiver of his right to a rehearing, the clerk, on order of a district court judge of the district in which the facility is located, shall calendar a rehearing for not later than the end of the current commitment period. The procedures and standards for the rehearing are the same as for the first rehearing. No recommitment ordered shall be for a period longer than one year.

(f) Repealed by Session Laws 1983, c. 638, s. 19, effective January 1, 1984. (g) At any and all rehearings the court has the option to order outpatient commitment for a period not in excess of 180 days in accordance with the criteria specified in G.S. 122-58.4(c)(2) and following the procedures as specified in this Article. (1973, c. 726, s. 1; c. 1408, s. 1; 1977, c. 400, s. 9; 1979, c. 915, ss. 9, 17; 1981, c. 537, ss. 2-4; 1983, c. 638, ss. 18, 19; c. 864, s. 4.)

The 1983 amendment, effective Jan. 1, 1984, rewrote subsection (d), deleted subsection (f), which read "There are no rehearings for outpatients," and added subsection (g). The amendment also rewrote the section catchline.

§ 122-58.11A. Outpatient commitment; rehearings.

(a) Fifteen days before the end of the initial or subsequent periods of outpatient commitment if the outpatient treatment physician determines that the respondent continues to meet the criteria specified in G.S. 122-58.4(c)(2), he shall so notify the clerk of superior court of the county where outpatient treatment is supervised. If the respondent no longer meets the criteria, the physician shall so notify the clerk who shall dismiss the case. Provided, however, if the respondent was initially committed as a result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, and the respondent was found not guilty by reason of insanity or incapable of proceeding, the physician shall notify the clerk that discharge is recommended. The clerk shall calendar a supplemental hearing as provided in G.S. 122-58.10B. The clerk, at least 10 days before the end of the commitment period, on order of the district court, shall calendar the rehearing and shall notify the petitioner, the respondent, his attorney, if any, and the designated outpatient treatment physician or center of the time and place of the hearing.

(b) Rehearings are governed by the same procedures as initial hearings, and the respondent has the same rights he had at the initial hearing, including the

right to appeal.

(c) If the court finds that the respondent no longer meets the criteria of G.S. 122-58.4(c)(2), it shall unconditionally discharge him. A copy of the discharge order shall be furnished by the clerk to the designated outpatient treatment physician or center. If the respondent continues to meet the criteria of G.S. 122-58.4(c)(2), the court may order outpatient commitment for an additional period not in excess of 180 days. No mileage or compensation for travel time shall be paid to a counsel appointed pursuant to this subsection. Counsel may also be so assigned when, in the opinion of the Administrative Officer of the Courts, the volume of cases warrants. (1973, c. 47, s. 2; c. 1408, s. 1; 1977, c. 400, s. 11; 1983, c. 275, ss. 1, 2.)

Effect of Amendments. — The 1983 amendment, effective May 6, 1983, deleted "from among those members of the bar who maintain law offices within 20 miles of the regional facility" at the end of the first sentence of subsection (c) and added the present second sentence of that subsection.

§ 122-58.13. Release and conditional release; judicial review.

(a) Except as provided in subsection (b), the chief of medical services of a public or private mental health facility shall discharge a committed respondent unconditionally at any time he determines that the patient is no longer in need of hospitalization. However, if the chief of medical services of the inpatient facility determines that the patient meets the criteria for outpatient commitment as defined in G.S. 122-58.4(c)(2), he may request the clerk to calendar a supplemental hearing to determine whether an outpatient commitment order shall be issued. Except as provided in subsection (b), he may also release a respondent conditionally, for periods not in excess of 30 days, on specified medically appropriate conditions. Violation of the conditions is grounds for return to the releasing facility. A law-enforcement officer, on written request of the chief of medical services of the facility, shall take a conditional releasee into custody and return him to the facility. Notice of discharge and of conditional release shall be furnished to the clerk of superior court of the county of commitment and of the county in which the facility is located.

(b) If the respondent was initially committed as the result of conduct resulting in his being charged with a violent crime, including a crime involving an assault with a deadly weapon, and respondent was found not guilty by reason of insanity or incapable of proceeding, 15 days before the respondent's discharge or conditional release the chief of medical services of a public or private mental health facility shall notify the clerk of superior court of the county in which the facility is located of his determination that the respondent is no longer in need of hospitalization. The clerk must then schedule a rehearing to determine the appropriateness of respondent's release under the standards of commitment set forth in G.S. 122-58.8. The clerk shall give notice as provided in G.S. 122-58.11(a). The district attorney of the district where respondent was found not guilty by reason of insanity or incapable of proceeding may represent the State's interest at the hearing.

(c) If a committed respondent under either subsection (a) or (b) above is from a single portal area, as described in G.S. 122-35.36(13) and (14), the chief of medical services shall plan jointly with the area program as prescribed in the area plan prior to the discharge or release of the respondent. (1973, c. 726, s. 1; c. 1408, s. 1; 1981, c. 537, s. 5; 1983, c. 383, s. 6; c. 638, s. 21; c. 864, s. 4.)

severability clause.

Effect of Amendments. — The 1981 amendment, effective July 1, 1981, designated the former section as subsection (a) and added subsection (b). Within subsection (a), the amendment inserted "Except as provided in subsection (b)" at the beginning of the present first and third sentences and made other minor changes.

(a1) The governing body of a city or county may adopt a plan for transportation of respondents in involuntary commitment proceedings. Law-enforcement personnel, volunteers or other public or private agency personnel may be designated to provide all or parts of the transportation required by this Article. Agencies or persons so designated must be trained and the plan shall assure adequate safety and protections for both the public and the respondent. Law enforcement, other affected agencies and the area mental health, mental retardation and substance abuse authority shall participate in the planning. If an agency or persons other than a law-enforcement agency are designated by a city or county, the agency or persons so designated shall provide the transportation and follow the procedures in this Article, and references in this Article to a law-enforcement officer shall apply to the designated agency or persons.

(c) In providing the transportation required by this section, the law-enforcement officer or designated person or agency may use reasonable force to restrain the respondent if it appears necessary to protect himself, the respondent, or others. (a) A district court judge may take any one or more of the actions specified in subsection (e) if he finds that a person is an alcoholic and is in need of care. A person is an alcoholic if he habitually lacks self-control as to the use of alcoholic beverages, or uses alcoholic beverages to the extent that his health is substantially impaired or endangered or his social or economic function is substantially disrupted. An alcoholic is in need of care if his alcoholism is presently causing him to lose control over his own actions to the extent that he regularly has to depend on others to provide food, clothing, shelter, medical or other essential care for him. The judicial determination that the respondent is an alcoholic in need of care shall be based on clear, cogent and convincing evidence.

(g) The director of a public or private alcoholism treatment facility shall discharge a committed respondent unconditionally at any time he determines that the respondent is no longer in need of care. Notice of discharge shall be furnished to the clerk of superior court of the county of commitment and the county in which the facility is located. Effect of Amendments. -

(1) Who escapes from or is absent without authorization from the facility

prior to being discharged; and

(2) Who is charged with a criminal offense committed after the escape or

during the unauthorized absence; and

(3) Whose involuntary commitment is determined to be still valid by the judge or judicial officer who would make the pretrial release determination regarding the criminal offense under the provisions of G.S. 15A-533 and 15A-534; or

In lieu of pretrial release, however, the individual shall be returned to the treatment facility in which he was residing at the time of the alleged crime or from which he escaped or absented himself for continuation of his treatment pending the

additional proceedings on the criminal offense.

(b) Absent findings of lack of mental responsibility for his criminal offense or lack of competency to stand trial for the criminal offense, the involuntary commitment of an individual as described in subsection (a) shall not be utilized in lieu of nor shall it constitute a bar to proceeding to trial for the criminal offense. At any time that the district court, acting under the provisions of G.S. 122-58.7 and 122-58.8, or 122-58.11, or the chief of medical services of the mental health facility, acting under the provisions of G.S. 122-58.13, finds that the individual should be unconditionally discharged, committed for outpatient treatment, or conditionally released, the mental health facility shall notify the clerk of superior court in the county in which the criminal charge is pending prior to effecting the change in status. At this time, a pretrial release determination pursuant to the provisions of G.S. 15A-533 and 15A-534 shall be made. In this event, arrangements for returning the individual for the pretrial release determination shall be the responsibility of the clerk of superior court.

(c) An individual who has been processed in accordance with subsections (a) and (b) of this section may not later be returned to a mental health facility prior to trial except pursuant to involuntary commitment proceedings by the district court in accordance with the preceding sections of this Article or after proceedings in accordance with the provisions of G.S. 15A-1002 or 15A-1321.

determination.

(7) If he believes it will be of value in making his determination, the district court judge may direct an alcoholism court counselor, if available, to conduct a prehearing review of the alleged alcoholic's drinking history and make recommendations on the proper disposition for the person if he is found to be an alcoholic in need of care. Editor's Note. — Session Laws 1983, c. 717, s. 1, provides: "This act may be cited as the Separation of Powers Act of 1983."

Effect of Amendments. — The 1981 amendment substituted "13" for "14" in the second sentence, deleted the former third sentence, which read: "One member shall be the Secretary of the Department of Natural Resources and Community Development serving ex

officio," substituted "12" for "13" and "thirteenth" for "fourteenth" in the eleventh sentence, and substituted the last eight sentences of the first paragraph for the former last three sentences of the first paragraph, which read: "The Agency shall be placed within the Department of Natural Resources and Community Development; provided, however, that the approval of the Secretary of Natural Resources and Community Development shall not be required for the exercise by the Agency of any

of the powers granted by this Chapter. The Board of Directors shall, subject to the approval of the Secretary of the Department of Natural Resources and Community Development, elect and appoint and prescribe the duties of such other officers as it shall deem necessary or advisable, and the Advisory Budget Commission shall fix the compensation of such officers. The 1981 (Reg. Sess., 1982) amendment (the Separation of Powers Act of 1982) substituted present subsections (a) through (e) for the former first 13 sentences of the former first paragraph. The balance of the former first paragraph has been designated as subsection (f).

Session Laws 1981 (Reg. Sess., 1982), c. 1191, s. 33, provides that nothing in s. 32 of the act, which amended this section, shall be construed as affecting the terms of office or requiring reappointment of the four directors of the Housing Finance Agency appointed by the Governor and serving on June 17, 1982, the effective date thereof.

The first 1983 amendment, effective April 7, 1983, deleted the former third sentence of subsection (f), which read "The Secretary of Natural Resources and Community Development or his designee shall serve as secretary of the Board."

The second 1983 amendment, effective July 11, 1983, rewrote the eighth sentence of the first paragraph of subsection (f), which read "The Board of Directors shall set the salary of the Executive Director and all other staff and employees of the Agency his positions are not designated as secretarial, clerical or admin-

istrative, subject to prior approval by the Advisory Budget Commission," substituted "other than the Executive Director" for "designated as secretarial, clerical, or administrative" in the seventh sentence of subsection (f), and substituted "the General Assembly shall fix the compensation of such officers in the Budget Appropriation Act" for "The Advisory Budget Commission shall fix the compensation of such officers" at the end of the tenth sentence of subsection (f).

§ 122A-5.4. Housing for persons and families of moderate income.

CASE NOTES

This section was enacted for a public purpose, and is, therefore, a valid exercise of the State's power to tax under the N.C. Const., Art. V, § 2. In re Denial of Approval to Issue Hous. Bonds, 307 N.C. 52, 296 S.E.2d 281 (1982).

The reason and justification for the Agency's existence, is to make available decent, safe and sanitary housing to persons and families of lower income who cannot otherwise obtain such housing accommodations. In expanding the Agency's power to help those with moderate

incomes, the legislature is acting with the same public purpose in mind. In re Denial of Approval to Issue Hous. Bonds, 307 N.C. 52, 296 S.E.2d 281 (1982).

In enacting this section the legislature has appropriately responded to the changing conditions in the residential housing market, and the benefits flowing from this section are benefits for the common good of all the people of the State. In re Denial of Approval to Issue Hous. Bonds, 307 N.C. 52, 296 S.E.2d 281 (1982).

§ 122A-5.5. Rehabilitation Loan Authority.

- (a) In order to effectuate the authority of the Agency to participate in commitments to purchase and to purchase mortgage loans for the rehabilitation of existing residential housing the Agency is hereby empowered to adopt, modify or repeal rules and regulations governing the making or participation in the making of mortgage loans and the purchase or participation in commitments for the purchase of mortgage loans for the rehabilitation of existing residential housing.
- (b) The rules and regulations of the Agency adopted pursuant to this section shall provide at a minimum that:

(1) Rehabilitation mortgage loans shall be for the purpose of owner-financed improvements to or renovation of residential housing;

(2) Requirements for eligibility for rehabilitation mortgage loans shall be consistent with all applicable federal laws and regulations governing bonds for rehabilitation mortgage loans in order to insure that such bonds are exempt from taxation. (1981, c. 344, s. 2.)

§ 122A-5.6. Terms and conditions of loans to and by mortgage lenders.

(a) The Agency shall from time to time adopt, modify, amend or repeal rules and regulations governing the making of loans to mortgage lenders and the application of the proceeds thereof. These rules and regulations shall be designed to effectuate the general purposes of this Chapter and the following specific objectives: (i) the construction and rehabilitation of decent, safe and sanitary residential housing available to persons and families of lower income and persons and families of moderate income at prices or rentals that they can afford; (ii) the encouragement of private enterprise and investment to sponsor, build and rehabilitate residential housing for persons and families of lower income and persons and families of moderate income; and (iii) the restriction of the financial return and benefit to the mortgage lenders from such loans to an amount that is necessary to induce their participation and that is not excessive as determined by prevailing market conditions.

(b) Notwithstanding any other provision of this section, the interest rate or rates and other terms of the loans to mortgage lenders made from the proceeds of any issue of bonds of the Agency shall provide that the amounts received by the Agency in repayment of the loans and interest thereon shall be at least sufficient to assure the payment of the principal of and the interest on the

bonds as they become due.

(c) The Agency shall enter into a written agreement with each mortgage lender that shall require as a condition of each loan to such mortgage lender that the mortgage lender shall originate new mortgage loans within a reasonable period of time as determined by the Agency's rules and regulations and that such new mortgage loans shall have such stated maturities as determined

by the Agency's rules and regulations.

(d) The loans to mortgage lenders shall be general obligations of the respective mortgage lenders owing them. The Agency shall require that such loans shall be additionally secured as to payment of both principal and interest by a pledge and lien upon collateral security. The collateral security itself shall be in such amount as the Agency determines will assure the payment of the principal of and the interest on the bonds as they become due. Collateral security shall be deemed to be sufficient if the principal of and the interest on the collateral security, when due, will be sufficient to pay the principal of and the interest on the bonds. The collateral security shall consist of any of the following items: (i) direct obligations of, or obligations guaranteed by, the State or the United States of America; (ii) bonds, debentures, notes or other evidences of indebtedness, satisfactory to the Agency, issued by any of the following federal agencies: Bank for Cooperatives, Federal Intermediate Credit Bank, Federal Home Loan Bank System, Export-Import Bank of Washington, Federal Land Banks, the Federal National Mortgage Association or the Government National Mortgage Association; (iii) direct obligations of or obligations guaranteed by the State; (iv) mortgages insured or guaranteed by the United States of America or an instrumentality of it as to payment of principal and interest; (v) any other mortgages secured by real estate on which there is located a residential structure, the collateral value of which shall be determined by the regulations issued from time to time by the Agency; (vi) obligations of Federal Home Loan Banks; (vii) certificates of deposit of banks or trust companies, including the trustee, organized under the laws of the United States or any state, which have a combined capital and surplus of at least fifteen million dollars (\$15,000,000); (viii) Bankers Acceptances; and (ix) commercial paper that has been classified for rating purposes by Dun & Bradstreet, Inc., as Prime-1 or by Standard & Poor's Corp. as A-1.

(e) The Agency may require as a condition of any loan to a mortgage lender such representations and warranties that it determines to be necessary to secure such loans and to carry out the purposes of this section. (1983, c. 148,

s. 3.)

To achieve this purpose, the Agency may use the Fund to provide additional security for eligible loans, to subsidize down payments, principal payments and interest payments, and to provide any type of mortgage assistance the Agency deems necessary. The Fund shall operate as a revolving fund. The Agency shall adopt rules for the operation and use of the Fund. These funds shall be used for people who otherwise would be unable to receive subsidized loans from the Housing Finance Agency. (1983, c. 923, s. 203.)

The principal of and the interest on such bonds or notes shall be payable solely from the funds herein provided for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues or assets of the Agency. The Agency may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the Agency may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the interchange of registered and coupon bonds or notes. Upon the filing with the Local Government Commission of North Carolina of a resolution of the Agency requesting that its bonds and notes be sold, such bonds or notes may be sold in such manner, either at public or private sale, and for such price as said Commission shall determine to be for the best interest of the Agency and best effectuate the purposes of this Chapter provided that such sale shall be approved by the Agency.

The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the Agency may provide in the resolution authorizing the issuance of such bonds or notes or in the trust agreement hereinafter men-

tioned securing the same.

Prior to the preparation of definitive bonds, the Agency may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds when such bonds shall have been executed and are available for delivery. The Agency may also provide for the replacement of any bonds or notes which shall become mutilated or shall be

§ 122B-13. (Effective upon certification of approval of constitutional amendment) Credit of State not pledged.

Bonds or notes issued under the provisions of this Chapter shall not be secured by a pledge of the faith and credit of the State or of any political subdivision thereof or be deemed to create an indebtedness of the State, or of any such political subdivision thereof, requiring any voter approval, but shall be payable solely from the revenues and other funds provided therefor. Each bond or note issued under this Chapter shall contain on the face thereof a statement to the effect that the agency shall not be obligated to pay the same nor the interest thereon except from the revenues and other funds pledged therefor and that neither the faith and credit nor the taxing power of the State or of any political subdivision thereof is pledged as security for the payment of the principal of, redemption premium, if any, or the interest on such bond or note.

Expenses incurred by the agency in carrying out the provisions of this Chapter may be made payable from funds provided pursuant to, or made available for use under, this Chapter and no liability shall be incurred by the agency hereunder beyond the extent to which moneys shall have been so provided. (1983, c. 789, s. 1.)

§ 122B-14. (Effective upon certification of approval of constitutional amendment) Bonds and notes.

(a) The agency is hereby authorized to provide for the issuance, at one time or from time to time, of bonds, or notes in anticipation of the issuance of bonds, of the agency in an amount not to exceed 200 million dollars to carry out and effectuate its corporate purposes. The principal of and the interest on such bonds or notes shall be payable solely from funds provided under this Chapter for such payment. Any such notes may be made payable from the proceeds of bonds or renewal notes or, in the event bond or renewal note proceeds are not available, such notes may be paid from any available revenues or other funds provided therefor. The bonds or notes of each issue shall be dated and may be made redeemable before maturity at the option of the agency at such price or prices and upon such terms and conditions as may be determined by the agency. Any such bonds or notes shall bear interest at such rate or rates as may be determined by the Local Government Commission of North Carolina with the approval of the agency. Notes shall mature at such time or times not exceeding 10 years from their date or dates and bonds shall mature at such time or times not exceeding 40 years from their date or dates, as may be determined by the agency. The agency shall determine the form and manner of execution of the bonds or notes, including any interest coupons to be attached thereto, and shall fix the denomination or denominations and the place or places of payment of principal and interest, which may be any bank or trust company within or without the State. In case any officer whose signature or a facsimile of whose signature shall appear on any bonds or notes or coupons attached thereto shall cease to be such officer before the delivery thereof, such signature or such facsimile shall nevertheless be valid and sufficient for all purposes the same as if he had remained in office until such delivery. The agency may also provide for the authentication of the bonds or notes by a trustee or fiscal agent. The bonds or notes may be issued in coupon or in registered form, or both, as the agency may determine, and provision may be made for the registration of any coupon bonds or notes as to principal alone and also as to both principal and interest, and for the reconversion into coupon bonds or notes of any bonds or notes registered as to both principal and interest, and for the interchange of registered and coupon bonds or notes. No bonds or notes may be issued by the agency under this Chapter unless the issuance thereof is approved by the Local Government Commission of North Carolina.
(b) The agency shall file with the Secretary of the Local Government Com-

mission an application requesting approval of the issuance of such bonds or notes which shall contain such information and have attached to it such

documents concerning the proposed financing and prospective borrower, vendee or lessee as the Secretary may require.

In determining whether a proposed bond or note issue should be approved, the Local Government Commission may consider, in addition to the criteria and requirements mentioned in this Chapter, the effect of the proposed financing upon any scheduled or proposed sale of tax-exempt obligations by the State or any of its agencies or departments or by any unit of local government in the State.

The Local Government Commission shall approve the issuance of such bonds or notes if, upon the information and evidence it receives, it finds and determines that the proposed financing will effectuate the purposes of this Chapter. Upon the filing with the Local Government Commission of a resolution of the

agency requesting that its bonds or notes be sold, such bonds or notes may be sold in such manner, either at public or private sale, and for such price as the Local Government Commission shall determine to be for the best interest of the agency and shall best effectuate the purposes of this Chapter, provided that such sale shall be approved by the agency.

(c) The proceeds of any bonds or notes shall be used solely for the purposes for which issued and shall be disbursed in such manner and under such restrictions, if any, as the Agency may provide in the resolution authorizing the

issuance of, or any trust agreement securing, such bonds or notes.

(d) Prior to the preparation of definitive bonds, the agency may, under like restrictions, issue interim receipts or temporary bonds, with or without coupons, exchangeable for definitive bonds, when such bonds shall have been executed and are available for delivery. The agency may also provide for the replacement of any bonds or notes which shall become mutilated or shall be destroyed or lost.

(e) Bonds or notes may be issued under the provisions of this Chapter without obtaining, except as otherwise expressly provided in this Chapter, the consent of any department, division, commission, board, body, bureau or agency of the State, and without any other proceedings or the happening of any conditions or things other than those proceedings, conditions or things which are specifically required by this Chapter and the provisions of the resolution authorizing the issuance of, or any trust agreement securing, such bonds or notes. (1983, c. 789, s. 1.)

§ 122B-15. (Effective upon certification of approval of constitutional amendment) Powers of the State Treasurer.

Notwithstanding any other provisions of this Chapter, the State Treasurer shall have the exclusive power to issue bonds and notes authorized under this Chapter upon request of the agency and with the approval of the Local Government Commission.

The State Treasurer in his sole discretion shall determine the interest rates, maturities, and other terms and conditions of the bonds and notes authorized

by this Chapter.

The agency shall cooperate with the State Treasurer in structuring any bond issue in general, and also in soliciting proposals from financial consultants, underwriters and bond attorneys. The State Treasurer shall have the exclusive power to employ and designate the financial consultants, underwriters and bond attorneys to be associated with the bond issue.

Nothing in this Chapter is intended to abrogate or diminish the inherent power of the State Treasurer to negotiate the terms and conditions of the bonds and notes and to issue the bonds and notes authorized by this Chapter. (1983,

c. 789, s. 1.)

§ 122B-16. (Effective upon certification of approval of constitutional amendment) Trust agreement or resolution.

In the discretion of the agency any bonds or notes issued under the provisions of this Chapter may be secured by a trust agreement by and between the agency and a corporate trustee, which may be any trust company or bank having the powers of a trust company within or without the State. Such trust agreement or the resolution authorizing the issuance of such bonds or notes may pledge or assign all or any part of the revenues of the agency received pursuant to this Chapter, including, without limitation, fees, loan repayments, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any project loan and may grant a deed of trust or a mortgage on any project. Such trust agreement or resolution may contain such provisions for protecting and enforcing the rights and remedies

of the holders or any such bonds or notes as may be reasonable and proper and not in violation of law, including covenants setting forth the duties of the agency in relation to the purposes to which bond or note proceeds may be applied, the disposition or pledging of the revenues of the agency, including any payments in respect of any federally guaranteed security or any federally insured mortgage note, the duties, if any, of the agency, with respect to the acquisition, construction, maintenance, repair and operation of any project, the fees, loan repayments, rents and charges to be fixed and collected in connection therewith, the terms and conditions for the issuance of additional bonds or notes, and the custody, safeguarding and application of all moneys. All bonds issued under this Chapter shall be equally and ratably secured by a pledge, charge, and lien upon revenues provided for in such trust agreement or resolution, without priority by reason of number, or of dates of bonds, execution, or delivery, in accordance with the provisions of this Chapter and of such trust agreement or resolution; except that the agency may provide in such trust agreement or resolution that bonds issued pursuant thereto shall to the extent and in the manner prescribed in such trust agreement or resolution be subordinated and junior in standing, with respect to the payment of principal and interest and the security thereof, to any other bonds. It shall be lawful for any bank or trust company incorporated under the laws of the State which may act as depository of the proceeds of bonds or notes, revenues or other money hereunder to furnish such indemnifying bonds or to pledge such securities as may be required by the agency. Any such trust agreement or resolution may set off the rights and remedies, including foreclosure of any deed of trust or mortgage, of the holders of any bonds or notes and of the trustee, and may restrict the individual right of action by any such holders. In addition to the foregoing, any such trust agreement or resolution may contain such other provisions as the agency may deem reasonable and proper for the security of the holders of any bonds or notes. Expenses incurred in carrying out the provisions of such trust agreement or resolution may be treated as a part of the cost of any project or paid from the revenues pledged or assigned to the payment of the principal of and the interest on bonds or notes or from any other funds available to the agency. (1983, c. 789, s. 1.)

§ 122B-17. (Effective upon certification of approval of constitutional amendment) Revenues; pledges of revenues.

(a) The agency is hereby authorized to fix and to collect fees, loan repayments and charges in connection with any project loan, and to contract with any borrower therefor. The agency may require that the borrower shall operate, repair or maintain the project and shall bear the cost thereof and other costs of the agency in connection with the project loan, all as may be provided in a loan agreement or other contract with the agency or a lender, in addition to other obligations imposed under such agreement or contract.

(b) The fees, loan repayments and charges shall be fixed as so to provide a fund sufficient, together with such other funds as may be made available therefor, (i) to pay the costs of operating, repairing and maintaining the project to the extent that adequate provision for the payment of such costs has not otherwise been provided for (ii) to pay the principal of and the interest on all bonds or notes as the same shall become due and payable and (iii) to create and maintain any reserves provided for in the resolution authorizing the issuance of, or any trust agreement securing, such bonds; and such fees, loan repayments and charges may be applied or pledged to the payment of debt service on the bonds prior to the payment of the costs of operating, repairing and maintaining the project.

(c) All pledges of fees, loan repayments, charges and other revenues under the provisions of this Chapter shall be valid and binding from the time when such pledges are made. All such revenues so pledged and thereafter received by the agency shall immediately be subject to the lien of such pledge without any physical delivery thereof or further act, and the lien of any such pledge shall be valid and binding as against all parties having claims of any kind in tort, contract or otherwise against the agency, irrespective of whether such parties have notice thereof. The resolution or any trust agreement by which a pledge is created or any loan agreement, or other agreement need not be filed or recorded except in the records of the agency.

(d) The State of North Carolina does pledge to and agree with the holders of any bonds or notes issued by the agency that so long as any of such bonds or notes are outstanding and unpaid the State will not limit or alter the rights vested in the agency at the time of issuance of the bonds or notes to fix, revise, charge, and collect or cause to be fixed, revised, charged and collected loan repayments, fees and charges in connection with any project loan and in connection with which the bonds or notes were issued, so as to provide a fund sufficient, with such other funds as may be made available therefor, to pay the cost of operating, repairing and maintaining the project, to pay the principal of and the interest on all bonds and notes as the same shall become due and payable and to create and maintain any reserves provided therefor and to fulfill the terms of any agreements made with the bondholders or noteholders, nor will the State in any way impair the rights and remedies of the bondholders or noteholders until the bonds or notes and all costs and expenses in connection with any action or proceedings by or on behalf of the bondholders or noteholders, are fully paid, met and discharged. (1983, c. 789, s. 1.)

§ 122B-18. (Effective upon certification of approval of constitutional amendment) Trust funds.

Notwithstanding any other provisions of law to the contrary, all moneys received pursuant to the authority of this Chapter, including without limitation, fees, loan repayments, charges, insurance proceeds, condemnation awards and any other revenues and funds received in connection with any project loan, shall be deemed to be trust funds to be held and applied solely as provided in this Chapter. The resolution authorizing the issuance of, or any trust agreement securing, any bonds or notes may provide that any of such moneys may be temporarily invested pending the disbursement thereof and shall provide that any officer with whom, or any bank or trust company with which, such moneys shall be deposited shall act as trustee of such moneys and shall hold and apply the same for the purposes of this Chapter, subject to such limitations as this Chapter and such resolution or trust agreement may provide. Any such moneys may be invested as provided in G.S. 159-30, as it may from time to time be amended. (1983, c. 789, s. 1.)

§ 122B-19. (Effective upon certification of approval of constitutional amendment) Remedies.

Any holder of bonds or notes issued under the provisions of this Chapter or any coupons appertaining thereto, and the trustee under any trust agreement or resolution authorizing the issuance of such bonds or notes, except to the extent the rights herein given may be restricted by such trust agreement or resolution, may, either at law or in equity, by suit, action, mandamus or other proceeding, protect and enforce any and all rights under the laws of the State or granted hereunder or under such trust agreement or resolution, or under any other contract executed by the agency pursuant to this Chapter, and may

enforce and compel the performance of all duties required by this Chapter or by such trust agreement or resolution to be performed by the agency or by any officer thereof. (1983, c. 789, s. 1.)

§ 122B-20. (Effective upon certification of approval of constitutional amendment) Investment securities.

All bonds, notes and interest coupons appertaining thereto issued under this Chapter are hereby made investment securities within the meaning of and for all the purposes of Article 8 of the Uniform Commercial Code as enacted in this State, whether or not they are of such form and character as to be investment securities under said Article 8, subject only to the provisions of the bonds and notes pertaining to registration. (1983, c. 789, s. 1.)

§ 122B-21. (Effective upon certification of approval of constitutional amendment) Bonds or notes eligible for investment.

Bonds or notes issued under the provisions of this Chapter are hereby made securities in which all public officers and public bodies of the State and its political subdivisions, all insurance companies, trust companies, banking associations, investment companies, executors, administrators, trustees and other fiduciaries may properly and legally invest funds, including capital in their control or belonging to them. Such bonds or notes are hereby made securities which may properly and legally be deposited with and received by any State or municipal officer or any agency or political subdivision of the State for any purpose for which the deposit of bonds, notes or obligations of this State is now or may hereafter be authorized by law. (1983, c. 789, s. 1.)

§ 122B-22. (Effective upon certification of approval of constitutional amendment) Refunding bonds or notes.

The agency is hereby authorized to provide for the issuance of refunding bonds or notes for the purpose of refunding any bonds or notes then outstanding which shall have been issued under the provisions of this Chapter, including the payment of any redemption premium thereon and any interest accrued or to accrue to the date of redemption of such bonds or notes and, if deemed advisable by the agency, for any corporate purpose of the agency.

The issuance of such bonds or notes, the maturities and other details thereof, the rights of the holders thereof, and the rights, duties and obligations of the agency in respect of the same shall be governed by the provisions of this Chapter which relate to the issuance of bonds or notes, insofar as such provi-

sions may be appropriate therefor.

Refunding bonds or notes may be sold or exchanged for outstanding bonds or notes issued under this Chapter and, if sold, the proceeds thereof may be applied, in addition to any other authorized purposes, to the purchase, redemption or payment of such refunding bonds or notes, with any other available funds, to the payment of the principal, accrued interest and any redemption premium on the bonds or notes being refunded, and, if so provided or permitted in the resolution authorizing the issuance of, or in the trust agreement securing, such bonds or notes, to the payment of any interest on such refunding bonds or notes and any expenses in connection with such refunding, such proceeds may be invested in direct obligations of, or obligations

the principal of and the interest on which are unconditionally guaranteed by, the United States of America which shall mature or which shall be subject to redemption by the holders thereof, at the option of such holders, not later than the respective dates when the proceeds, together with the interest accrued thereon will be required for the purposes intended. (1983, c. 789, s. 1.)

§ 122B-23. (Effective upon certification of approval of constitutional amendment) Annual report.

The agency shall, promptly following the close of each fiscal year, submit an annual report of its activities under this Chapter for the preceding year to the Governor, the State Auditor, the General Assembly, the Advisory Budget Commission and the Local Government Commission. The agency shall cause an audit of its books and accounts relating to its activities under this Chapter to be made at least once in each year by an independent certified public accountant and the cost thereof may be paid from any available moneys of the agency. If any member, officer or employee of the agency shall be interested either directly or indirectly, or shall be an officer or employee of or have an ownership interest in any firm or corporation interested directly or indirectly, in any contract with the agency, such interest shall be disclosed to the agency and shall be set forth in the minutes of the agency, and the member, officer or employee having such interest therein shall not participate on behalf of the agency in the authorization of any such contract. (1983, c. 789, s. 1.)

§ 122B-26. (Effective upon certification of approval of constitutional amendment) Additional method.

The foregoing sections of this Chapter shall be deemed to provide an additional and alternative method for the doing of the things authorized thereby and shall be regarded as supplemental and additional to powers conferred by other laws, and shall not be regarded as in derogation of any powers now existing; Provided, however, that the issuance of bonds or notes under the provisions of this Chapter need not comply with the requirements of any other law applicable to the issuance of bonds or notes. No corporation or company in which the State has or owns any stock or any interest shall sell, lease, mortgage, or otherwise encumber its franchise, right-of-way, or other property, except by and with the approval and consent of the Governor and Council of State. Prior to taking any action under this section between July 1, 1982, and the date of convening of the 1985 Regular Session of the General Assembly, concerning the Atlantic and North Carolina Railroad or the North Carolina Railroad, the Governor and Council of State shall give at least 20 days' notice to the Legislative Research Commission. No extension of any lease to expire December 31, 1994, may be granted to the lessee or the operating company of the railroad during that period ending on convening of the 1985 Regular Session. Effect of Amendments. — The 1981 (Reg. Sess. 1982) amendment added the second and third sentences.

The 1983 amendment, effective July 21, 1983, substituted "the date of convening of the

1985 Regular Session of the General Assembly" for "June 1, 1983" in the second sentence and substituted "period ending on convening of the 1985 Regular Session" for "11-month period" in the last sentence.

CASE NOTES

Prior to dismissal for causes relating to performance of duties, a permanent State employee is entitled to three separate performance that his warnings unsatisfactory, consisting of (1) an oral warning explaining how he is not meeting the job's requirements; (2) a second oral warning outlining his unsatisfactory performance with a follow-up letter reviewing the points covered by the oral warning; (3) a final written warning setting forth in numerical order the specific acts or omissions that are the reasons for the disciplinary action, and the employee's appeal rights. Jones v. Department of Human Resources, 300 N.C. 687, 268 S.E.2d 500 (1980).

Duty of State Agencies to Describe "Specific Acts or Omissions" with Particularity. — This section imposes an affirmative duty on State agencies to inform discharged employees, in writing, of the "specific acts or omissions" that were the reasons for the disciplinary action, and "specific acts or omissions" implies that these incidents should be described with sufficient particularity so that the discharged employee will know precisely what acts or omissions were the basis of his discharge. Employment Security Comm'n v. Wells, 50 N.C. App. 389, 274 S.E.2d 256 (1981).

The Employment Security Commission failed to give respondent proper notice of the reasons for his dismissal as an employee as required by this section where the only information given respondent concerning the reasons for his dismissal was contained in the letter of dismissal, which stated that respondent violated agency procedure in attempting to recruit migrant workers from Florida by phone and personal visit, respondent had forced workers to work for a designated crew leader even though the workers preferred not to work in a crew, and respondent violated agency procedure by not reporting illegal aliens, since the letter did not describe any incidents with sufficient particularity so that respondent could know precisely what acts or omissions were the basis of his discharge. Employment Security Comm'n v. Wells, 50 N.C. App. 389, 274 S.E.2d 256 (1981).

Written Statement of Appeal Rights Required. — Due process under the United States and North Carolina Constitutions requires that a permanent State employee who has been dismissed be provided with a statement in writing setting forth his rights of appeal before the 15- and 30-day time limits for notice of appeal provided in this section and \$126-38 commence to run. CASE NOTES

The ultimate purpose of this section, § 143-422.2, and Title VII (42 U.S.C. 2000e et seq.) is the same; that is, the elimination of discriminatory practices in employment. North Carolina Dep't of Cor. v. Gibson, — N.C. —, 301 S.E.2d 78 (1983).

North Carolina Supreme Court looks to federal decisions for guidance in establishing evidentiary standards and principles of law to be applied in discrimination cases. North Carolina Dep't of Cor. v. Gibson, — N.C. —, 301 S.E.2d 78 (1983).

For case discussing standards applicable to Title VII cases (42 U.S.C. 2000e et seq.) as promulgated by United States Supreme Court and adopted by North Carolina Supreme Court (insofar as they do not conflict with State statute and case law), see North Carolina Dep't of Cor. v. Gibson, — N.C. —, 301 S.E.2d 78 (1983).

Prima facie case raises an inference of discrimination only because the court presumes such acts, if otherwise unexplained, are more likely than not based on the consideration of impermissible factors. Establishment of the prima facie case in effect creates a presumption that the employer unlawfully discriminated against the employee. North Carolina Dep't of Cor. v. Gibson, 58 N.C. App. 241, 293 S.E.2d 664 (1982).

Burden of establishing a prima facie case of disparate treatment is not onerous. North Carolina Dep't of Cor. v. Gibson, 58 N.C. App. 241, 293 S.E.2d 664 (1982).

Employer Has Burden of Production When Prima Facie Case Made. — The burden that shifts to the employer is one of production, not persuasion. To rebut the presumption raised by plaintiff's prima facie case, the

employer's evidence must raise a genuine issue of fact as to whether it discriminated against plaintiff. To accomplish this, the employer must clearly set forth, through the introduction of admissible evidence, the reason for plaintiff's rejection. The explanation provided must be legally sufficient to justify a judgment for the employer. North Carolina Dep't of Cor. v. Gibson, 58 N.C. App. 241, 293 S.E.2d 664 (1982).

Burden and Order of Proof in Racial Discrimination Case. — In racial discrimination cases, the burdens and orders of presentation of proof are as follows: First, the employee carries the initial burden of establishing, by a preponderance of the evidence, a prima facie case of racial discrimination; second, if the employee makes out a prima facie case, the burden then must shift to the employer to articulate some legitimate, nondiscriminatory reason for the employee's rejection; and third, if the employer meets its burden, the employee is given the opportunity to prove that the employer's stated reasons for termination were

in fact a pretext for racial discrimination. North Carolina Dep't of Cor. v. Gibson, 58 N.C. App. 241, 293 S.E.2d 664 (1982).

Use of Evidentiary Standards under Title VII of Civil Rights Act. — Given the similarity of the language of § 143-422.2 and Title VII of the Civil Rights Act of 1964 and the underlying policy of these statutes, it is appropriate for the Commission to use Title VII evidentiary standards in an employment discrimination case. North Carolina Dep't of Cor. v. Gibson, 58 N.C. App. 241, 293 S.E.2d 664 (1982).

Showing That Termination Is Pretext for Discrimination. — Plaintiff may succeed in showing that reasons for termination were a pretext for discrimination either directly by persuading the court that a discriminatory reason more likely motivated the employer or indirectly by showing that the employer's proffered explanation is unworthy of credence. North Carolina Dep't of Cor. v. Gibson, 58 N.C. App. 241, 293 S.E.2d 664 (1982).

§ 126-37. Personnel Director to investigate, hear and recommend settlement; Personnel Commission to hear or review findings and make binding decision.

The State Personnel Director or any other person or persons designated by the Commission shall investigate the disciplinary action or alleged discrimination which is appealed to the Commission. The State Personnel Commission may hear the case or direct the State Personnel Director or other person or persons designated by the Commission to conduct a hearing of the facts and issues. If, following the investigation and hearing, a settlement is agreed to by both parties, the State Personnel Director or the designated agent shall certify the settlement to the Commission. If, following the investigation and hearing, there are issues and facts on which agreement cannot be reached, the Personnel Director or the designated agent shall report his findings to the Commission with his recommendations. The Commission at its next meeting, or as soon as possible thereafter, shall consider the report and modify, alter, set aside or affirm said report and certify its findings to the appointing authority which shall be binding. The State Personnel Commission is hereby authorized to reinstate any employee to the position from which he has been removed, to order the employment, promotion, transfer, or salary adjustment of any individual to whom it has been wrongfully denied or to direct other suitable action to correct the abuse which may include the requirement of payment for any loss of salary which has resulted from the improperly discriminatory action of the appointing authority. The decisions of the State Personnel Commission shall be binding in appeals of local employees subject to this Chapter if the Commission finds that the employee has been subjected to discrimination prohibited by Article 6 of this Chapter or in any case where a binding decision is required by applicable federal standards. However, in all other local employee appeals, the decisions of the State Personnel Commission shall be advisory to the local appointing authority. An action brought in superior court by an employee who is dissatisfied with an advisory decision of the State Personnel Commission or with the action taken by the local appointing authority pursuant to the decision shall be heard upon the record and not as a trial de novo. (1975, c. 667, s. 10; 1981, c. 680, s. 1.)

Effect of Amendments. — The 1981 amendment added the last sentence.

Session Laws 1981, c. 680, s. 2, provides: "This act is effective upon ratification and applies to actions commenced on or after that

date [June 25, 1981]."

The committee is hereby empowered and authorized to adopt policies and procedures to establish and administer an incentive pay program for State employees. The committee shall consist of seven members as follows:

(1) The Secretary of Administration who shall be the chairperson.(2) A representative from the Office of State Budget.

(2) A representative from the Office of State Budget.(3) A representative from the Office of State Personnel.(4) A department head appointed by the Governor.

(5) A non-State government representative appointed by the Governor.

Representatives in accordance with G.S. 120-121.

Each of the non-State government representatives shall have experience in administering incentive pay programs as used in industry. Vacancies in appointments made by the General Assembly shall be filled in accordance with G.S. 120-122. (1979, c. 945, s. 2; 1981 (Reg. Sess., 1982), c. 1191, s. 39; 1983, c. 871, s. 1; c. 913, s. 22.)

Editor's Note. -

Session Laws 1979, c. 945, s. 3, as amended by Session Laws 1983, c. 871, s. 2, provides: "This act shall become effective July 1, 1979, and will expire July 1, 1989. This act does not affect any existing policy during the existing term of the policy."

Effect of Amendments. — The 1981 (Reg. Sess., 1982) amendment (the Separation of Powers Act of 1982), in the section as it existed prior to the 1983 amendment substituted four sentences concerning appointment of committee members by the Governor and General

Assembly for a former sentence of a similar nature.

The first 1983 amendment, effective July 20, 1983, rewrote this section.

The second 1983 amendment, effective July 22, 1983, deleted a reference to the State Auditor from the section as it read prior to enactment of the first 1983 amendment. The section has been set out as rewritten by the first 1983 amendment.

§ 126-65. Application for incentive awards.

With the exception of agencies and offices within the General Assembly, the Governor's Office, the Lieutenant Governor's Office, and the Department of the State Auditor, any agency or office of State government (i) having an identifiable self-contained budget, or (ii) having its financial records maintained according to an accounting system which identifies to the satisfaction of the State Auditor the expenditures and receipts properly attributable to that agency or office may make application to the committee for selection as a candidate for the award of incentive pay to its employees. Such application must be submitted at least three months prior to the beginning of any fiscal year and must have the approval of the head of the State department within which the unit is located.

Applications shall be in the format specified by the committee and shall contain such information as it may require, including but not limited to those evaluation components developed by the applying agency or office which will

provide quantitative measures of program output and performance.

The committee shall evaluate the applications submitted. From those proposals which are considered to be reasonable and practical, and which are found to include developed performance indicators which lend themselves to a judgment of success or failure, the committee shall select the agencies and offices to participate in the incentive pay program for the fiscal year. (1979, c. 945, s. 2; 1983, c. 871, s. 1.)

Effect of Amendments. — The 1983 amendment, effective July 20, 1983, substituted "agencies and offices" for "units" and substituted "agency or office" for "unit" throughout the section, in the second sentence of the first paragraph, inserted "at least three months", and in the third paragraph, substituted the

period at the end of the first sentence for a semicolon and "and," thereby dividing the paragraph into two sentences.

§ 126-66. Qualifications.

(a) To qualify for the award of incentive pay to its employees, an agency or office selected must demonstrate to the satisfaction of the committee that it has met both of the following two criteria in its operations during the fiscal year, after adjustment for inflation or deflation:

(1) Operated at a lower "unit cost." Unit cost shall be defined as expendi-

tures in dollars to complete a measurable unit of work.

a. For first time participants the unit cost for the participating year shall be compared to either the unit cost for the immediately preceding fiscal year or a standard unit cost approved by the committee.

b. For participants with one or more years in the program, the unit cost for the participating year shall be compared to either the average unit cost of prior successful participating years in the program or a standard unit cost approved by the committee; and

(2) Operated at no greater total dollar expenditures, except:

a. In a case where unit cost(s) are reduced but total expenditures increase due to the agency or office maintaining its level of service; or

b. In a case where the legislature or department head specifically

mandates an increase in the workload.

(b) The committee shall satisfy itself that the claimed unit dollar cost of operation is real and not merely apparent, and that it is not, in whole or in part, the result of:

(1) A lowering of the level or quality of the service rendered;

(2) Reduced pass-through on transfer expenditures; (3) Receipts realized in excess of amounts budgeted;

(4) Nonrecurrence of expenditures which were single outlay, or one-time

expenditures, in the preceding fiscal year;
(5) Failure to reward deserving employees through promotions, reclassification, award of merit salary increments, or salary increases authorized by salary range revisions;

(6) Postponement of normal purchases and repairs to a future fiscal year:

(7) Stockpiling inventories in the immediately preceding fiscal year so as to reduce requirements in the eligible fiscal year;

(8) Substitution of federal funds, other receipts, or non-State funds for

State appropriations;

(9) Unreasonable postponement of payments of accounts payable until the fiscal year immediately following the eligible fiscal year;

(10) Shifting of expenses to another agency or office of government;

(11) Any other practice, event, or device which the committee decides has caused a distortion which misrepresents that a savings or increase in level of services has occurred.

(c) Conversely, the committee may consider, but is not limited to considering, as legitimate savings those reductions in expenditures made possible by such items as the following:

(1) Reductions in overtime;

(2) Elimination of consultant fees:

- (3) Less temporary help;(4) Elimination of budgeted positions; (5) Improved methods of communication; (6) Improved systems and procedures;
- (7) Better development and utilization of manpower;

(8) Elimination of unnecessary travel;

(9) Elimination of unnecessary printing and mailing;

(10) Elimination of unnecessary payments for advertising, memberships, dues, subscriptions, etc.;

(11) Elimination of waste, duplication, and operations of doubtful value;

(12) Improved space utilization;

(13) Proven cost reduction techniques;

(14) Any other items considered by the committee as representing true savings. (1979, c. 945, s. 2; 1983, c. 871, s. 1.)

Effect of Amendments. — The 1983 amendment, effective July 20, 1983, in the introductory sentence of subsection (a) substituted "an agency or office" for "a unit," substi-tuted "met both of the following two criteria in its operations" for "operated" and added "after adjustment for inflation or deflation"; rewrote subdivisions (a)(1) and (2); in the introductory sentence of subsection (b) inserted "unit dollar" deleted former subdivision (b)(1), which read "Chance"; renumbered former subdivisions (b)(2) through (12) as present subdivisions (b)(1) through (b)(11); in present subdivision (b)(1), inserted "level or"; in present subdivision (b)(2), substituted "on" for "or"; in present sub-

division (b)(6), deleted "/or" following "and"; in present subdivision (b)(10), substituted "agency or office" for "unit"; in present subdivision (b)(11), substituted "misrepresents" for "makes it falsely appear"; in the introductory sentence of subsection (c), substituted "may" for "shall" and inserted "but is not limited to considering"; in subdivision (c)(7), substituted "development" for "deployment"; inserted present subdivision (c)(13); and renumbered former subdivision (c)(13) as present subdivision (c)(14).

(1980).

§ 126-67. Awards.

At the conclusion of the eligible fiscal year, the committee shall compare the unit dollar expenditures for that year of each agency or office selected against the base year(s) data and, after making such adjustments as in its judgment are required to eliminate distortions, shall determine the amount, if any, that the agency or office has reduced its unit dollar cost of operations or increased its level of services in the eligible fiscal year. Adjustments to eliminate distortions may include any legislative increases in employee compensation and inflationary increases in the cost of services, materials and supplies. If the committee shall also determine that in its judgment an agency or office qualifies for award, it is hereby authorized to award, after consultation with the Advisory Budget Committee, to the employees of that agency or office a sum not in excess of twenty-five percent (25%) of the amount determined to be the total unit dollar savings to the State for the level of services rendered. Incentive pay awards provided under this Chapter shall be exempt from retirement contributions and shall not be included for the purpose of computing a retirement allowance under any public retirement system of this State. The amount awarded shall be divided and distributed in equal shares to the employees of the agency or office except that employees who worked for that unit less than the full 12 months of the fiscal year shall receive only a pro rata share based on the fraction of the year to the day worked for that agency or office. Employees leaving voluntarily to work outside of State government, or employees dismissed for cause will forfeit their share. Funds for this incentive pay shall be drawn from the agency's or office's principal department's ending balance for the eligible fiscal year. (1979, c. 945, s. 2; 1983, c. 717, s. 43; c. 871.

Editor's Note. — Session Laws 1983, c. 717, s. 1, provides: "This act may be cited as the Separation of Powers Act of 1983."

Effect of Amendments. — The first 1983 amendment, effective July 11, 1983, substituted "after consultation with" for "with the approval of" preceding "the Advisory Budget Committee" in the third sentence.

The second 1983 amendment, effective July 20, 1983, made the same change made by the first 1983 amendment, and in addition substituted "agency or office" for "unit" throughout the section; in the first sentence, inserted "unit"

dollar" in two places and substituted "base year(s) data" for "expenditures of that unit for the immediately preceding fiscal year"; in the third sentence, deleted "shall award" following "it" and inserted "total unit dollar"; inserted the present fourth sentence; in the present fifth sentence, inserted "to the day"; inserted the present sixth sentence; and in the present seventh sentence, substituted "agency's or office's" for "unit's."

§ 128-24. Membership.

The membership of this Retirement System shall be composed as follows:

(3a) Repealed by Session Laws 1981 (Regular Session, 1982), c. 1396, s. 1, effective July 1, 1982.

(4) The provisions of this subdivision (4) shall apply to any member whose retirement became effective prior to July 1, 1965, and became entitled to benefits hereunder in accordance with the provisions hereof. Such benefits shall be computed in accordance with the provisions of G.S. 128-27(b1) as in effect at the date of such separation from service.

a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the time he shall have attained the age of 60 years, or if a uniformed policeman or fireman prior to the time he shall have attained the age of 55 years, for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in the Retirement System, shall have the right to retire on a deferred retirement allowance upon the date he shall have attained the age of 60 years, or if a uniformed policeman or fireman upon the date he shall have attained the age of 55 years; provided that such member may retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days next following the date of filing such application, he desires to be retired. Such deferred

retirement allowance shall be computed in accordance with the provisions of G.S. 128-27(b), paragraphs (1), (2) and (3).

b. In lieu of the benefits provided in paragraph a of this subdivision (4), any member who separates from service prior to the time he shall have attained the age of 60 years, or if a uniformed policeman or fireman prior to the time he shall have attained the age of 55 years, for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 30 or more years of creditable service, and who leaves his total accumulated contributions in the Retirement System, may elect to retire on an early retirement allowance; provided that such a member may so retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days next following the date of filing such application, he desires to be retired; provided further that such application shall be duly filed within 60 days following the date of such separation. Such early retirement allowance so elected shall be the actuarial equivalent of the deferred retirement allowance otherwise payable at the attainment of age 60 years, or if a uniformed policeman or fireman at the attainment of age 55 years, upon proper application therefor.

c. Should an employee who retired on an early or service retirement allowance be restored to service prior to the time he shall have attained the age of 62 years, or if a uniformed policeman or fireman prior to the time he shall have attained the age of 55 years, his allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate for his class member. Upon his subsequent retirement, he shall be entitled to an allowance not less than the allowance described in 1 below reduced by the

amount in 2 below.

1. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement, and his creditable service after he was restored to service.

2. The actuarial equivalent of the retirement benefits he previ-

ously received.

d. Should an employee who retired on an early or service retirement allowance be restored to service after the attainment of the age of 62 years, his retirement allowance shall be reduced to the extent necessary (if any) so that the sum of the retirement allowance at the time of retirement and earnings from employment by a unit of the Retirement System for any year (beginning January 1 and ending December 31) will not exceed the member's compensation received for the 12 months of service prior to retirement. Provided, however, that under no circumstances will the member's retirement allowance be reduced below the amount of his annuity as defined in G.S. 128-21(3).

(5) The provisions of this subdivision (5) shall apply to any member whose membership is terminated on or after July 1, 1965, and who becomes entitled to benefits hereunder in accordance with the provisions

hereof

a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 15 or more

years of creditable service, and who leaves his total accumulated contributions in said System shall have the right to retire on a deferred retirement allowance upon attaining the age of 60 years; provided that such member may retire only upon written applica-tion to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; and further provided that in the case of a member who so separates from service on or after July 1, 1967, the aforestated requirement of 15 or more years of creditable service shall be reduced to 12 or more years of creditable service; and further provided that in the case of a member who so separates from service on or after July 1, 1971, or whose account is active on July 1, 1971, the aforestated requirement of 12 or more years of creditable service shall be reduced to five or more years of creditable service. Such deferred retirement allowance shall be computed in accordance with the provisions of G.S. 128-27(b1), provided that such benefits will be computed in accordance with subsection (b2) on or after July 1, 1967, but prior to July 1, 1969; and provided further that such benefits will be computed in accordance with subsection (b3) on or after July 1, 1969.

b. In lieu of the benefits provided in paragraph a of this subdivision, any member who separates from service prior to the attainment of the age of 60 years, for any reason other than death or retirement for disability as provided in G.S. 128-27(c), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System may elect to retire on an early retirement allowance upon attaining the age of 50 years or at any time thereafter; provided that such member may so retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired. Such early retirement allowance so elected shall be equal to the deferred retirement allowance otherwise payable at the attainment of the age of 60 years reduced by the percentage thereof indicated below.

c. Should a beneficiary who retired on an early or service retirement allowance be restored to service for a period of time exceeding six calendar months, his retirement allowance shall cease, he shall again become a member of the Retirement System and he shall contribute thereafter at the uniform contribution rate payable by all members. Notwithstanding the foregoing, the beneficiary may irrevocably elect to commence membership immediately upon being restored to service, with cessation of his retirement allowance; and, the acceptance of the first monthly retirement

allowance after being restored to service shall be an election to delay membership for the aforementioned six calendar months.

Upon his subsequent retirement, he shall be entitled to the greater of the two allowances described in 1 and 2 below.

- 1. The allowance to which he would be entitled had he not been restored to service with cessation of retirement allowance, plus the allowance to which he would be entitled on account of his service after restoration to service and membership; Provided, for the sole purpose of determining retirement eligibility on account of his service after restoration, that his creditable service shall be taken as the sum of his creditable service prior to and subsequent to his restoration to service; or
- 2. The allowance to which he would be entitled if his retirement were commencing for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service prior to and subsequent to his restoration to service, reduced by the actuarial equivalent of the retirement allowance he previously received; Provided, in no event may he alter his Election of Optional Allowance as previously made.
- d. Should a beneficiary who retired on an early or service retirement allowance be employed by an employer participating in the Retirement System as an employee meeting less than the definition of service as used in this Chapter or on a contractual or fee basis for a period of time exceeding six calendar months, and if the beneficiary earns compensation for the employment in any calendar year which exceeds an amount equal to sixty percent (60%) of his gross compensation earned as an employee during the 12 consecutive months in the final 48 months of service prior to retirement producing the highest gross compensation excluding any compensation on account of termination, with the amount indexed as hereinafter provided, then the retirement allowance of the beneficiary shall be reduced by the amount of his earned compensation which exceeds the sixty percent (60%) of gross compensation prior to retirement: Provided, in no event shall the retirement allowance of a beneficiary be less than the amount of his annuity as defined in this Chapter. The amount a beneficiary may earn before reduction shall be increased on January 1 each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of a percent (1/10 of

Editor's Note. — Session Laws 1983, c. 556, s. 3, provides as follows: "Any beneficiary in the Local Governmental Employees' Retirement System or the Teachers' and State Employees' Retirement System who was excluded from membership upon return to service on account

of the former G.S. 128-24(5)c. or G.S. 135-3(8)c. may elect to repay all retirement allowances received while so excluded plus an amount equal to the member contributions which would otherwise have been made, to the appropriate Retirement System, and thereby establish retroactive membership service. The election and payment of these amounts must be made by December 31, 1983. The employer of the mem-

ber shall, coincident with the payment by the member, pay to the appropriate Retirement System an amount equal to the employer contributions which would otherwise have been made while the member was so excluded from

membership.'

Effect of Amendments.— The 1981 amendment, in paragraph d of subdivision (4), inserted "at the time of retirement" following "sum of the retirement allowance" near the middle of the first sentence and substituted "compensation received for the 12 months of service prior to retirement" for "average final compensation" at the end of the first sentence.

The 1981 (Reg. Sess., 1982) amendment,

effective July 1, 1982, deleted former subdivision (3a). The amendment also rewrote subdivision (5)c, to the extent that a detailed comparison is not possible.

Session Laws 1981 (Reg. Sess., 1982), c. 1396, s. 5, empowers and directs the Board of Trustees of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System to adjust the employers' rates of contribution to the level necessary to fund the provisions of the act.

The 1983 amendment, effective June 17, 1983, rewrote subdivision (5)c and added subdi-

vision (5)d.

§ 128-26. Allowance for service.

(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of the service certified on his prior service certificate; and if he has sick leave standing to his credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof not to exceed one month of credit for each two years of prior and membership service or fraction thereof, but sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for service retirement, disability retirement, early retirement or for a vested deferred allowance.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 128-24(1a) and who subsequently returns to service for a period of five years, may thereafter repay the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when this account was closed.

On and after July 1, 1973, a member whose account in the Teachers' and State Employees' Retirement System was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently became or becomes a member of this System with credit for five years of service, may thereafter repay in a lump sum the amount withdrawn from the Teachers' and State Employees' Retirement System plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service in this System by the amount of creditable service lost when his account was closed.

Notwithstanding any other provision of this Chapter, any member who entered service or was restored to service prior to July 1, 1982, and was excluded from membership service solely on account of having attained the age of 62 years, in accordance with former G.S. 128-24(3a), may purchase membership service credits for such excluded service by making a lump-sum payment equal to the contributions that would have been deducted pursuant to G.S. 128-30(b) had he been a member of the Retirement System, increased by interest calculated at a rate of seven percent (7%) per annum.

(l) Notwithstanding any other provision of this Chapter, any member may purchase creditable service for periods of employer approved leaves of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. This service shall be purchased by paying a cost calculated in the following manner:

(1) Leaves of Absence Terminated Prior to July 1, 1983. — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminated upon return to service prior to July 1, 1983, shall be a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities, and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the board of trustees upon the advice of the consulting actuary, plus an administrative fee to be set by the board of trustees.

(2) Leaves of Absence Terminating On and After July 1, 1983. — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates upon return to service on and after July 1, 1983, shall be a lump sum amount due and payable to the Annuity Savings Fund within six months from return to service equal to the total employee and employer percentage rates of contribution in effect at the time of purchase and based on the annual rate of compensation of the member immediately prior to the leave of absence; Provided, however, the cost to a member whose amount due is not paid within six months from return to service shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the six-month period. (1939, c. 390, s. 6; 1941, c. 357, s. 5; 1943, c. 535; 1945, c. 526, s. 3; 1951, c. 274, s. 3; 1955, c. 1153, s. 3; 1967, c. 978, ss. 11, 12; 1969, c. 442, s. 6; 1971, c. 325, ss. 9-11, 19; 1973, c. 243, s. 2; c. 667, s. 1; c. 816, s. 3; c. 1310, ss. 1-4; 1975, c. 205, s. 1; c. 485, ss. 1-3; 1977, c. 973; 1979, c. 866, s. 1; c. 868, ss. 1, 2; c. 1059, s. 1; 1981, c. 557, s. 3; 1981 (Reg. Sess., 1982), c. 1283, s. 1; c. 1396, s. 3; 1983, c. 533, s. 2.)

Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Effect of Amendments. — The 1981 amendment, effective September 1, 1981, inserted "not to exceed one month of credit for each two years of membership service or fraction thereof" in the first paragraph of subsection (e).

The first 1981 (Reg. Sess., 1982) amendment inserted "prior and" preceding "membership service" near the middle of the first paragraph of subsection (e).

Session Laws 1981 (Reg. Sess., 1982), c. 1283, s. 2, provides: "This act is effective upon ratification [June 22, 1982] and applies to limit sick

leave as creditable service on or after September 1, 1981."

The second 1981 (Reg. Sess., 1982) amendment, effective July 1, 1982, added the last

paragraph in subsection (e).

Session Laws 1981 (Reg. Sess., 1982), c. 1396, s. 5 empowers and directs the Board of Trustees of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System to adjust the employers' rates of contribution to the level necessary to fund the provisions of the act.

The 1983 amendment, effective July 1, 1983,

added subsection (1).

§ 128-27. Benefits.

- (a) Service Retirement Benefits.
 - (1) Any member may retire upon written application to the Board of Trustees setting forth at what time, as of the first day of a calendar month, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired: Provided, that the said member at the time so specified for his retirement shall have

attained the age of 60 years and have at least five years of creditable service or shall have completed 30 years of creditable service, or if a uniformed policeman or fireman, he shall have attained the age of 55 years and have at least five years of creditable service.

(2) A member in service who attains age 70 shall make timely application for retirement, in accordance with (1) above, to be effective no later than the first of July coincident with or next following his seventieth birthday: Provided that, upon the approval of his employer, any member may be continued in service on a year-to-year basis.

(3) Repealed by Session Laws 1971, c. 325, s. 12.

(4) Any member who was in service October 8, 1981, who had attained 60 years of age, may retire upon written application to the board of trustees setting forth at what time, as of the first day of a calendar month, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired.

(b6) Service Retirement Allowance of Members Retiring on or after July 1, 1978, but prior to July 1, 1983. — Upon retirement from service, in accordance with subsection (a) above, on or after July 1, 1978, but prior to July 1, 1983, a member shall receive a service retirement allowance computed as follows:

(1) If the member's service retirement date occurs on or after his sixty-fifth birthday or after the completion of 30 years of creditable service, such allowance shall be equal to one and fifty-five one-hundredths percent (1.55%) of his average final compensation,

multiplied by the number of years of his creditable service.

(2a) If the member's service retirement date occurs after his sixtieth and before his sixty-fifth birthday and prior to his completion of 30 or more years of creditable service, his retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent (¼ of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.

(2b) If the member's service retirement date occurs before his sixtieth birthday and prior to his completion of 30 or more years of creditable service, his retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (2a) above.

(3) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefits provided by G.S. 128-27(b).

(b7) Service Retirement Allowances of Members Retiring on or after July 1, 1983. — Upon retirement from service, in accordance with subsection (a) above, on or after July 1, 1983, a member shall receive a service retirement

allowance computed as follows:

(1) If the member's service retirement date occurs on or after his sixty-fifth birthday, regardless of his years of creditable service, or after the completion of 30 years of creditable service, such allowance shall be equal to one and fifty-seven one-hundredths percent (1.57%) of his average final compensation, multiplied by the number of years of his creditable service.

(2a) If the member's service retirement date occurs after his sixtieth and before his sixty-fifth birthday and prior to his completion of 30 or more years of creditable service, his retirement allowance shall be computed as in (1) above, but shall be reduced by one quarter of one percent (1/4 of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixth-fifth birthday.

(2b) If the member's service retirement date occurs before his sixtieth birthday and prior to his completion of 30 or more years of creditable service, his retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in (2a) above.

(3) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1965, and uniformed policemen or firemen not covered under the Social Security Act employed thereafter, shall receive not less than the benefits provided

by G.S. 128-27(b).

- (c) Disability Retirement Benefits. Upon the application of a member or of his employer, any member who has had five or more years of creditable service may be retired by the Board of Trustees, on the first day of any calendar month, not less than 30 and not more than 90 days next following the date of filing such application, on a disability retirement allowance: Provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; Provided further the medical board shall determine if the member is able to engage in gainful employment and, if so, the member may still be retired and the disability retirement allowance as a result thereof shall be reduced as in subsection (e) below. Provided further, that the Medical Board shall not certify any member as disabled who:
 - (1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership in the system; or

(2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the retirement system to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls.

(d3) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1971, but prior to July 1, 1982. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1971, but prior to July 1, 1982, a member shall receive a service retirement allowance if he has attained the age of 65 years; otherwise he shall receive a disability retirement allowance which shall be computed as follows:

(1) Such allowance shall be equal to a service retirement allowance calculated on the basis of the member's average final compensation prior to his disability retirement and the creditable service he would have

had at the age of 65 years if he had continued in service.
(2) Notwithstanding the foregoing provisions,

a. Any member whose creditable service commenced prior to July 1, 1971, shall receive not less than the benefit provided by G.S. 128-27(d2):

b. The amount of disability allowance payable from the reserve funds of the Retirement System to any member retiring on or after July 1, 1974, who is eligible for and in receipt of a disability benefit under the Social Security Act shall be seventy percent (70%) of the amount calculated under a above, and the balance shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements; and

c. The amount of disability allowance payable to any member retiring on or after July 1, 1974, who is not eligible for and in receipt of a disability benefit under the Social Security Act shall not be payable from the reserve funds of the Retirement System but shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments as current disbursements.

(d4) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1982. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1982, a member shall receive a service retirement allowance if he has qualified for an unreduced service retirement allowance; otherwise the allowance shall be equal to a service retirement allowance calculated on the member's average final compensation prior to his disability retirement and the creditable service he would have had had he continued in service until the earliest date on which he would have qualified

for an unreduced service retirement allowance.

(e) Reexamination of Beneficiaries Retired on Account of Disability. — Once each year during the first five years following retirement of a member on a disability allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of 60 years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by the physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained the age of 60 years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year, all his rights in and to his pension may be revoked by the Board of Trustees.

rights in and to his pension may be revoked by the Board of Trustees.
(1) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference, as hereinafter indexed, between his disability retirement allowance and the gross compensation earned as an employee during the 12 consecutive months in the final 48 months of service prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of a percent ($^{1}/_{10}$ of 1%). Should the earning capacity of the disability beneficiary later change, the portion of his disability retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his average final compensation and creditable service at the time of disability retirement and his age at the time of conversion to service retirement. This election is irrevocable.

(2) Should a disability beneficiary under the age of 62 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System and he shall contribute thereafter at the contribution rate which is applicable during his

subsequent membership service. Any prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration after June 30, 1951, and the pension that he would have received on account of his service since such last restoration had he entered service at that time as a new entrant.

(3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance prescribed in a below reduced by the amount

in b below.

a. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service.

b. The actuarial equivalent of the retirement benefits he previously

received.

(4) As a condition to the receipt of the disability retirement allowance provided for in G.S. 128-27(d), (d1), (d2) and (d3) each member retired on a disability retirement allowance shall, on or before April 15 of each calendar year, provide the Board of Trustees with a statement of his or her income received as compensation for services, including fees, commissions or similar items, and income received from business, for the previous calendar year. Such statement shall be filed on a form as required by the Board of Trustees.

The Director of the State Retirement Systems shall contact any State or federal agency which can provide information to substantiate the statement required to be submitted by this subdivision and may

enter into agreements for the exchange of information.

(f) Return of Accumulated Contributions. — Should a member cease to be an employee except by death or retirement under the provisions of this Chapter, he shall upon submission of an application be paid, not earlier than 60 days from the date of termination of service, his contributions and, if he has attained at least five years of membership service or if termination of his membership service is involuntary as certified by the employer, the accumulated regular interest thereon, provided that he has not in the meantime returned to service. Upon payment of such sum his membership in the System shall cease and, if he thereafter again becomes a member, no credit shall be allowed for any service previously rendered except as provided in G.S. 128-26; and such payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable hereunder. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member there shall be paid to such person or persons as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the member's death, otherwise to the member's legal representatives, the amount of his accumulated contributions at the time of his death, unless the beneficiary elects to receive the alternate benefit under the provisions of (m) below. Notwithstanding any other provision of Chapter 128, there shall be deducted from any amount otherwise payable hereunder any amount due any participating employer by the member by reason of any outstanding overpayment of salary or by reason of the embezzlement of fees collected by the member for any participating employer; provided that, notwithstanding any other provisions of this Chapter, even if the member fails to demand the return of his accumulated contributions within 90 days from the day he ceases to be an employee, any amount due such participating employer by reason of any outstanding overpayment of salary or embezzlement of fees shall be paid to such participating employer upon demand; provided, further, that such participating employer shall have notified the executive secretary of any amount so due and that the Retirement System shall have no liability for amounts so deducted and transmitted to such participating employer nor for any failure by the Retirement System for any reason to make such deductions.

(1) Death Benefit Plan. — The provisions of this subsection shall become effective for any employer only after an agreement to that effect has been executed by the employer and the Director of the Retirement System. There is hereby created a Group Life Insurance Plan (hereinafter called the "Plan") which is established as an employee welfare benefit plan that is separate and apart from the Retirement System and under which the members of the Retirement System shall participate and be eligible for group life insurance benefits. Upon receipt of proof, satisfactory to the Board of Trustees in their capacity as trustees under the Group Life Insurance Plan, of the death, in service, of a member who had completed at least one full calendar year of membership in the Retirement System, there shall be paid to such person as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit. Such death benefit shall be equal to the greater of:

(1) The compensation on which contributions were made by the member during the calendar year preceding the year in which his death occurs,

or

(2) The compensation on which contributions were made by the member during the 12-month period ending on the last day of the month

preceding the month in which his death occurs, or

(3) If the member had applied for and was entitled to receive a disability retirement allowance under the System and such disability retirement allowance had not been discontinued or revoked within 366 days of his last date of actual service, the compensation on which contributions were made by the member during the 12-month period ending on the last day of the month preceding the month in which his

last day of actual service occurred;

subject to a maximum of twenty thousand dollars (\$20,000). Such death benefit shall be payable apart and separate from the payment of the member's accumulated contributions under the System on his death pursuant to the provisions of subsection (f) of this section. For the purpose of this Plan, a member shall be deemed to be in service at the date of his death if his last day of actual service occurred not more than 90 days before the date of his death or if his last day of actual service occurred not more than 366 days before the date of his death if such member during said one-year period had applied for and was entitled to receive a disability retirement allowance under the System, provided said disability retirement allowance had not been discontinued or revoked during said one-year period.

The death benefit provided in this subsection shall not be payable, notwithstanding the member's compliance with all the conditions set forth in

the preceding paragraph, if his death occurs

(1) After June 30, 1969 and after he has attained age 70; or

(2) After December 31, 1969 and after he has attained age 69; or

(4) After December 31, 1971 and after he has attained age 67; or (5) After December 31, 1972 and after he has attained age 66; or

(6) After December 31, 1973 and after he has attained age 65; or (7) After December 31, 1978 and after he has attained age 70.

Notwithstanding the above provisions, the death benefit shall be payable on account of the death of any member who died or dies on or after January 1, 1974, but before January 1, 1979, after attaining age 65, if he or she had not yet attained age 65, if he or she had not yet attained age 66, was at the time of death completing the work year for those individuals under specific contract, or during the fiscal year for those individuals not under specific contract, in which he or she attained 65, and otherwise met all conditions for payment of the death benefit.

Notwithstanding the above provisions, the Board of Trustees may and is specifically authorized to provide the death benefit according to the terms and conditions otherwise appearing in this Plan in the form of group life insurance, either (i) by purchasing a contract or contracts of group life insurance with any life insurance company or companies licensed and authorized to transact business in this State for the purpose of insuring the lives of members in service, or (ii) by establishing a separate trust fund qualified under section 501(c)(9) of the Internal Revenue Code of 1954, as amended, for such purpose. To that end the Board of Trustees is authorized, empowered and directed to investigate the desirability of utilizing group life insurance by either of the foregoing methods for the purpose of providing the death benefit. If a separate trust fund is established, it shall be operated in accordance with rules and regulations adopted by the Board of Trustees and all investment earnings on the trust fund shall be credited to such fund.

In administration of the death benefit the following shall apply:

(1) For the purpose of determining eligibility only, in this subsection "calendar year" shall mean any period of 12 consecutive months. For all other purposes in this subsection "calendar year" shall mean the 12 months beginning January 1 and ending December 31.
(2) Last day of actual service shall be:

a. When employment has been terminated, the last day the member actually worked.

b. When employment has not been terminated, the date on which an

absent member's sick and annual leave expire.

(3) For a period when a member is on leave of absence, his status with respect to the death benefit will be determined by the provisions of

G.S. 128-26(g).

(4) A member on leave of absence from his position as a local governmental employee for the purpose of serving as a member or officer of the General Assembly shall be deemed to be in service during sessions of the General Assembly and thereby covered by the provisions of the death benefit, if applicable. The amount of the death benefit for such member shall be the equivalent of the salary to which the member would have been entitled as a local governmental employee during the 12-month period immediately prior to the month in which death occurred, not to exceed twenty thousand dollars (\$20,000).

The provisions of the Retirement System pertaining to administration, G.S. 128-28, and management of funds, G.S. 128-29, are hereby made applicable to

the Plan.

(m) Survivor's Alternate Benefit. — Upon the death of a member in service, the principal beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option two of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of his death, provided that all three of the following conditions apply:

183

(1) The member had attained age 50 with at least 20 years of creditable service, or had attained the age of 60 years with at least five years of creditable service, or had credit for at least 30 years of service regardless of age.

(2) The member had designated as the principal beneficiary to receive a return of his accumulated contributions one and only one person who

is living at the time of his death.

(3) The member had not instructed the Board of Trustees in writing that

he did not wish the provisions of this subsection apply.

(y) Notwithstanding the foregoing provisions, the increase in allowance to each beneficiary on the retirement rolls as of July 1, 1980, which shall become payable on January 1, 1982, as otherwise provided in G.S. 128-27(h), shall be the percentage available therefrom plus an additional six and six-tenths percent (6.6%); provided that in no case shall the increase exceed a total of seven percent (7%). The provisions of this subsection shall apply also to the allowance of a surviving annuitant of the beneficiary. (1939, c. 390, s. 7; 1945, c. 526, s. 4; 1951, c. 274, ss. 4-6; 1955, c. 1153, ss. 4-6; 1957, c. 855, ss. 1-4; 1959, c. 491, ss. 5-8; 1961, c. 515, ss. 2, 6, 7; 1965, c. 781; 1967, c. 978, ss. 3-7; 1969, c. 442, ss. 7-14; c. 898; 1971, c. 325, ss. 12-16, 19; c. 326, ss. 3-7; 1973, c. 243, ss. 3-7; c. 244, ss. 1-3; c. 816, s. 4; c. 994, ss. 2, 4; c. 1313, ss. 1, 2; 1975, c. 486, ss. 1, 2; c. 621, ss. 1, 2; 1975, 2nd Sess., c. 983, ss. 126-128; 1977, 2nd Sess., c. 1240; 1979, c. 862, ss. 2, 6, 7; c. 974, s. 1; c. 1063, s. 2; 1979, 2nd Sess., c. 1196, s. 2; cc. 1213, 1240; 1981, c. 672, s. 2; c. 689, s. 1; c. 940, s. 1; c. 975, s. 2; c. 978, ss. 3, 4; c. 980, ss. 1, 2; c. 981, ss. 1, 2; 1981 (Reg. Sess., 1982), c. 1284, ss. 1, 2; 1983, c. 467; c. 761, ss. 226, 227.)

Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Editor's Note. — Session Laws 1983, c. 761, s. 233, provides that the amendment by s. 227 of c. 761 shall not diminish any inchoate or accrued rights of any member in service on the date of ratification of the act. The act was ratified July 15, 1983.

Session Laws 1983, c. 761, s. 259, is a severability clause.

Effect of Amendments. —

Session Laws 1981, c. 672, in the first sentence of subsection (f), substituted "his contributions and, if he has attained at least five years of membership service or if termination of his membership service is involuntary as certified by the employer, the accumulated regular interest thereon" for "the sum of his contributions and the accumulated regular interest thereon." Session Laws 1981, c. 672, s. 5, makes the 1981 amendment effective July 1, 1981, but further provides that "nothing contained in this act shall affect any interest that has accrued to the account of any member prior to the effective date of this act."

Session Laws 1981, c. 689, effective July 1, 1981, added the second proviso in the first paragraph of subsection (c).

Session Laws 1981, c. 940 added the third proviso, including subdivisions (1) and (2), in the first paragraph of subsection (c) and also added the second paragraph of subsection (c).

Session Laws 1981, c. 975 rewrote subdivision (1) of subsection (e).

Session Laws 1981, c. 978 deleted "in service" following "Any member", substituted "what time" for "which time", and inserted "as of the first day of a calendar month", all near the beginning of subdivision (1) of subsection (a), and rewrote the proviso at the end of subdivision (1) of subsection (a). The amendment also deleted "regardless of his years of creditable service" following "sixty-fifth birthday" near the beginning of subdivision (1) of subsection (b6)

Session Laws 1981, c. 980, effective July 1, 1982, inserted "but prior to July 1, 1982" in the catchline and the text of subsection (d3) and added subsection (d4). The amendment also substituted "of this section" for "above" following "subsection (c)" in subsection (d3).

Session Laws 1981, c. 981, added the first sentence of subsection (l), and added subsection (y).

The 1981 (Reg. Sess., 1982) amendment, effective July 1, 1983, in subsection (b6) inserted "but prior to July 1, 1983" in two places and substituted "Allowance" for "Allowances." The amendment also added subsection (b7). In amending subsection (b6), the amendment referred to "rewriting the words prior to the first semi-colon." "The first colon" was plainly intended, and the amendment has been given effect.

Session Laws 1983, c. 467, effective June 8, 1983, substituted "not earlier than 60 days from the date of termination of service" for "not

earlier than 60 days from receipt in the Raleigh offices of the Board of Trustees of an acceptable application on a form provided by the Retirement System" in the first sentence of subsection (f)

Session Laws 1983, c. 761, effective July 1,

1983, in s. 226 of the act added subdivision (a)(4), and in s. 227 of the act substituted "had attained the age of 60 years with at least five years of creditable service" for "had attained age 55 regardless of length of service" in subdivision (m)(1).

§ 128-30. Method of financing.

(b) Annuity Savings Fund. — The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities. Contributions to and payments from the annuity

savings fund shall be made as follows:

(1) Prior to July 1, 1951, each participating employer shall cause to be deducted from the salary of each member of each and every payroll of such employer for each and every payroll period four per centum (4%) of his earnable compensation. On and after such date the rate so deducted shall be five per centum (5%) in the case of a Class A member or a Class C member, and four per centum (4%) in the case of a Class B member; provided, however, that with respect to any member who is covered under the Social Security Act in accordance with the agreement entered into during 1955 in accordance with the provisions of Article 2 of Chapter 135 of Volume 3B of the General Statutes, as amended, such deduction shall, commencing with the first day of the period of service with respect to which such agreement is effective, be at the rate of three per centum (3%) of the part of his actual compensation not in excess of the amount taxable to him under the Federal Insurance Contributions Act as from time to time in effect plus five per centum (5%) of the part of his actual compensation not so taxable; provided that in the case of any member so eligible and receiving compensation from two or more employers such deductions may be adjusted under such rules as the Board of Trustees may establish so as to be as nearly equivalent as practicable to the deductions which would have been made had the member received all of such compensation from one employer. Notwithstanding the foregoing, the Board of Trustees may in its discretion cause such portion as it may determine of deductions made between January 1, 1955, and December 1, 1955, to be transferred into the contribution fund established under G.S. 135-24, such amounts so transferred shall in that event be deemed to be taxes contributed by employees as required under Article 2 of Chapter 135 of Volume 3B of the General Statutes, as amended, and shall be in lieu of contributions otherwise payable in the same amount as so required. In determining the amount earned by a member whose compensation is derived partly or wholly from fees, such member shall submit a sworn statement to his employer monthly, or at least quarterly, each year as to the amount of fees received by such member as compensation during the period, and each month, or at least quarterly, such member shall pay to his employer the proper per centum of such compensation received from fees, which shall be considered as deductions by the employer as provided in subdivisions (1) and (2) of this subsection.

Notwithstanding the foregoing, effective July 1, 1965, with respect to the period of service commencing on July 1, 1965, and ending December 31, 1965, the rates of such deductions shall be four per centum (4%) of the portion of compensation not in excess of forty-eight hundred dollars (\$4,800) and six per centum (6%) of the portion of compensation in excess of forty-eight hundred dollars (\$4,800); and

with respect to the period of service commencing January 1, 1966, and ending June 30, 1967, the rate of such deduction shall be four per centum (4%) of the portion of compensation not in excess of fifty-six hundred dollars (\$5,600) and six per centum (6%) of the portion of compensation in excess of fifty-six hundred dollars (\$5,600); and with respect to the period of service commencing July 1, 1967, and ending June 30, 1976, the rate of such deductions shall be five per centum (5%) of the portion of compensation not in excess of five thousand six hundred dollars (\$5,600) and six per centum (6%) of the portion of compensation in excess of five thousand six hundred dollars (\$5,600). Such rates shall apply uniformly to all members of the Retirement System, irrespective of class.

Notwithstanding the foregoing, effective July 1, 1976, with respect to compensation paid on and after July 1, 1976, the rate of such deductions shall be six per centum (6%) of the compensation received by any member. Such rates shall apply uniformly to all members of

the Retirement System, irrespective of class.

(2) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Article. The employer shall certify to the Board of Trustees on each and every payroll or in such other manner as the Board of Trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited, together with regular interest thereon to the individual account of the member from whose compensation said deduction was made.

(3) The accumulated contributions of a member drawn by him, or paid to his estate or to his designated beneficiary in event of his death as provided in this Article, shall be paid from the annuity savings fund. Upon the retirement of a member his accumulated contributions shall be transferred from the annuity savings fund to the annuity reserve

fund.

(4) The Board of Trustees may approve the purchase of creditable service by any member for leaves of absence or for interrupted service to an employer for the sole purpose of acquiring knowledge, talents, or abilities and to increase the efficiency of service to the employer. This creditable service shall be limited to a career total of four years for

each member and may be obtained in the following manner:

a. Approved leave of absence. — Where the employer grants an approved leave of absence, a member may make monthly contributions to the annuity savings fund on the basis of compensation the member was earning immediately prior to such leave of absence. The employer shall make monthly contributions equal to the normal and accrued liability contribution on such compensation or, in lieu thereof, the member may pay into the annuity savings fund monthly an amount equal to the employer's normal and accrued liability contribution when the policy of the employer is not to make such payment.

b. No educational leave policy. — Where the employer has a policy of not granting educational leaves of absence or the member has

unsuccessfully petitioned for leave of absence and the member has interrupted service for educational purposes, the member may make monthly contributions into the annuity savings fund in an amount equal to the employee contribution plus the employer normal and accrued liability contribution on the basis of the compensation the member was earning immediately prior to the interrupted service.

c. Educational program prior to July 1, 1981. — Creditable service for leaves of absence or interrupted service for educational purposes prior to July 1, 1981, may be purchased by a member, before or after retirement, who returned as a contributing employee or teacher within 12 months after completing the educational program and completed 10 years of subsequent membership service, by making a lump sum payment into the annuity savings fund equal to the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance as determined by the board of trustees upon the advice of the consulting actuary, plus a fee to be determined by the board of trustees.

Payments required to be made by the member under subparagraphs a or b above shall be due by the 15th of the month following the month for which service credit is allowed and payments made after the due date shall be assessed a one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the due date; provided, however, the member shall forfeit the right to continue contributions if any payment is not made within 90 days of the due date and payments made shall be refunded and service credits cancelled if the member does not become a contributing employee within 12 months after completing the educational program and fails to complete three years of subsequent consecutive membership service except in the event of death or disability.

(b1) Pick Up of Employee Contributions. — Anything within this section to the contrary notwithstanding, effective July 1, 1982, an employer, pursuant to the provisions of section 414(h)(2) of the Internal Revenue Code of 1954 as amended, may elect to pick up and pay the contributions which would be payable by the employees as members under subsection (b) of this section with respect to the service of employees after June 30, 1982.

The members' contributions picked up by an employer shall be designated for all purposes of the Retirement System as member contributions, except for the determination of tax upon a distribution from the System. These contributions shall be credited to the annuity savings fund and accumulated within the fund in a member's account which shall be separately established for the purpose of accounting for picked-up contributions.

Member contributions picked up by an employer shall be payable from the same source of funds used for the payment of compensation to a member. A deduction shall be made from a member's compensation equal to the amount of his contributions picked up by his employer. This deduction, however, shall not reduce his compensation as defined in subdivision (7a) of G.S. 128-21. Picked-up contributions shall be transmitted to the System monthly for the preceding month by means of a warrant drawn by the employer and payable to the Local Governmental Employees' Retirement System and shall be accompanied by a schedule of the picked-up contributions on such forms as may be prescribed. In the case of a failure to fulfill these conditions the provisions of subsection (f)(3) [subsection (g)(3)] of this section shall apply.

(d) Pension Accumulation Fund. — The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contributions made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension

accumulation fund shall be made as follows:

(1) Each participating employer shall pay to the pension accumulation fund monthly, or at such other intervals as may be agreed upon with the Board of Trustees, an amount equal to a certain percentage of the actual compensation of each member, to be known as the contribution" and an additional amount equal to a percentage of his actual compensation to be known as the "accrued liability contribution." The rate per centum of such contributions shall be fixed on the basis of the liabilities of the Retirement System as shown by actuarial valuation. Until the first valuation for any employer whose participation commenced prior to July 1, 1951, the normal contribution shall be three percent (3%) for general employees and five percent (5%) for firemen and policemen, and the accrued liability contribution shall be three percent (3%) for general employees and six percent (6%) for firemen and policemen. Until the first valuation for any employer whose participation commenced on or after July 1, 1951, the normal contribution shall be four percent (4%) for general employees and six and two-thirds percent $(6^2/_3\%)$ for firemen and policemen, and the accrued liability contribution shall be four percent (4%) for general employees and eight percent (8%) for firemen and policemen.

(2) On the basis of regular interest and of such mortality and other tables as shall be adopted by the Board of Trustees, the actuary engaged by the Board to make each valuation required by this Article during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the actual compensation of the average new entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account and for the pro rata share of the cost of administration of the Retirement System. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum (1%) of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Board of

Trustees and regular interest. The normal rate of contribution shall be determined by the actuary after each valuation.

(3) The "accrued liability contribution" shall be set for each employer on the basis of the prior service credits allowable to the employees thereof, who are entitled to prior service certificates, and shall be paid for a period of approximately 30 years, provided that the length of the period of payment for each employer after contributions begin shall be the same for all employers and shall be determined by the Board of Trustees as the result of actuarial valuations.

(4) At the end of the first year following the date of participation for each employer, the accrued liability payable by such employer shall be set, by deducting from the present value of the total liability for all pensions payable on account of all members and pensioners of the System

who became participants through service for such employer, the present value of the future normal contributions payable, and the amount of any assets resulting from any contributions previously made by such employer. Then the "accrued liability contribution" rate for such employer shall be the per centum of the total annual compensation of all members employed by such employer which is equivalent to four per centum (4%) of the amount of such accrued liability. The expense of making such actuarial valuation to determine the accrued liability contribution for each employer shall be paid by such employer. The accrued liability contribution rate shall be increased on the basis of subsequent valuation if benefits are increased over those included in the valuations on the basis of which the original accrued liability contribution rate was determined.

(5) The total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total earned compensation of all members during the preceding year: Provided, however, that the amount of each annual accrued liability contribution shall be at least three per centum (3%) greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits payable out of the fund during the year then current.

(6) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value, as actuarially computed and approved by the Board of Trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at that time members.

(7) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employers, shall be paid from the pension accumulation fund.

(8) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from

the pension accumulation fund to the pension reserve fund.

Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Editor's Note. - "Subsection (g)(3)" has been inserted in brackets in subsection (b1) to correct the erroneous reference to subsection (f)(3) in the subsection as enacted.

Effect of Amendments. — The 1981 amendment rewrote subdivision (4) of subsection (b), and deleted the former second sentence of subdivision (1) of subsection (d), which read: "In

addition, such contributions by participating employers will be required for each member on leave of absence who makes monthly contributions in accordance with (b)(4) above, and will be based on the salary or wage the member was receiving at the time the leave of absence was granted.

Definitions, General Provisions and Remedies.

Part 1. General Provisions.

§ 130A-1. Title.

This Chapter shall be known as the Public Health Law of North Carolina. (1983, c. 891, s. 2.)

Editor's Note. — Session Laws 1983, c. 891 repealed most of Chapter 130, and enacted in its place a new Chapter 130A. Session Laws 1983, c. 775 repealed a number of sections of Chapter 130 not repealed by c. 891. Where appropriate, the historical citations to the repealed sections have been added to corresponding sections in new Chapter 130A.

Session Laws 1983, c. 891, ss. 16, 16.1, and 17 provide:

"Sec. 16. This act shall not affect any civil or criminal litigation pending on the effective date of this act. Any act committed prior to the effective date of this act which violated any provision of the statutes repealed or amended by this act shall be subject to enforcement, prosecution, conviction and punishment as if this act had not been enacted. Any claim arising under any provisions of the statutes repealed or amended by this act prior to the effective date of this act

shall remain valid as if this act had not been enacted.

"Sec. 16.1. If any bill ratified by the 1983 General Assembly, whether ratified before or after this bill, amends a part of Chapter 130 of the General Statutes which is repealed by this bill, the bill will be construed to amend the appropriate part of the new Chapter 130A of the General Statutes enacted by this bill.

"Sec. 17. This act shall become effective Jan. 1, 1984, except that the provision in G.S. 130A-185 requiring the vaccination of all cats over four months of age shall become effective July 1, 1984. However, upon ratification of this act, the Commisson for Health Services is authorized to adopt rules under the provisions of this act; provided, the rules shall not be effective before the effective date of the act."

The act was ratified July 20, 1983.

The State is authorized to accept, allocated and expend any grants-in-aid for public health purposes which may be made available to the State by the federal government. This Chapter is to be liberally construed in order that the State and its citizens may benefit fully from these grants-in-aid. The Commission is authorized to adopt rules, not inconsistent with the laws of this State, as required by the federal government for receipt of federal funds. Any federal funds received are to be deposited with the State Treasurer and are to be appropriated by the General Assembly for the public health purposes specified. (1957, c. 1357, s. 1; 1983, c. 891, s. 2.)

§ 130A-8. Counties to recover indirect costs on certain federal public health or mental health grants.

The Department shall allow counties to claim and recover their indirect costs on these grants to the full extent permitted by the Circular.

(b) This section shall not apply to those federal public health or mental health grants which are formula grants to the State or which are otherwise limited as to the maximum amounts receivable on a statewide basis. (1977, c.

876, ss. 1, 2; 1983, c. 891, s. 2.)

§ 130A-9. Standards.

The Commission is authorized to establish reasonable standards governing the nature and scope of public health services rendered by local health departments. (1957, c. 1357, s. 1; 1973, c. 110; 1975, c. 83; 1979, c. 504, s. 15; 1983, c. 891, s. 2.)

§ 130A-10. Advisory Committees.

The Secretary is authorized to establish and appoint as many special advisory committees as may be necessary to advise and confer with the Department concerning the public health. Members of any special advisory committee shall serve without compensation but may be allowed travel and subsistence expenses in accordance with G.S. 138-6. (1957, c. 1357, s. 1; 1975, c. 281; 1983, c. 891, s. 2.)

§ 130A-11. Residencies in public health.

The Department shall establish a residency program designed to attract physicians and dentists into the field of public health and to train them in the specialty of public health practice. The program shall include practical experience in public health principles and practices. (1975, c. 945, s. 1; 1983, c. 891, s. 2.)

§§ 130A-12 to 130A-16: Reserved for future codification purposes.

Part 2. Remedies.

§ 130A-17. Right of entry.

The Secretary and a local health director shall have the right of entry upon the premises of any place where entry is necessary to carry out the provisions of this Chapter or the rules adopted by the Commission or a local board of health. If consent for entry is not obtained, an administrative search and inspection warrant shall be obtained pursuant to G.S. 15-27.2. However, if an imminent hazard exists, no warrant is required for entry upon the premises. (1983, c. 891, s. 2.)

Cross References. — For similar provision, see § 130-204.

§ 130A-18. Injunction.

If a person shall violate any provision of this Chapter or the rules adopted by the Commission or rules adopted by a local board of health, the Secretary or a local health director may institute an action for injunctive relief, irrespective of all other remedies at law, in the superior court of the county where the violation occurred or where a defendant resides. (1983, c. 891, s. 2.)

Cross References. — For similar provision, see § 130-205.

§ 130A-19. Abatement of public health nuisance.

If the Secretary or a local health director determines that a public health nuisance exists, the Secretary or a local health director may issue an order of abatement directing the owner, lessee, operator or other person in control of the property to take any action necessary to abate the public health nuisance. If the person refuses to comply with the order, the Secretary or the local health director may institute an action in the superior court of the county where the public health nuisance exists to enforce the order. The action shall be calendared for trial within 60 days after service of the complaint upon the defendant. The court may order the owner to abate the nuisance or direct the Secretary or the local health director to abate the nuisance. If the Secretary or the local health director is ordered to abate the nuisance, the Department or the local health department shall have a lien on the property for the costs of the abatement of the nuisance in the nature of a mechanic's and materialmen's lien as provided in Chapter 44A of the General Statutes and the lien may be enforced as provided therein. (1893, c. 214, s. 22; Rev., ss. 3446, 4450; 1911, c. 62, ss. 12, 13; 1913, c. 181, s. 3; C.S., ss. 7071, 7072; 1957, c. 1357, s. 1; 1983, c. 891, s. 2.)

CASE NOTES

County May Not Initiate Action. — As the power to initiate action to abate a public nuisance is vested in the local health director, a county may not proceed without him. Warren County v. North Carolina, 528 F. Supp. 276 (E.D.N.C. 1981), decided under former § 130-20.

Use of property by the State may not be enjoined by the courts as a nuisance where the use of the property is in a manner authorized by valid legislative authority. Warren County v. North Carolina, 528 F. Supp. 276 (E.D.N.C. 1981), decided under former § 130-20.

§ 130A-20. Abatement of an imminent hazard.

If the Secretary or a local health director determines that an imminent hazard exists, the Secretary or a local health director may, after notice to or reasonable attempt to notify the owner, enter upon any property and take any action necessary to abate the imminent hazard. The Department or the local health department shall have a lien on the property for the cost of the abatement of the imminent hazard in the nature of a mechanic's and materialmen's lien as provided in Chapter 44A and the lien may be enforced as provided therein. The lien may be defeated by a showing that an imminent hazard did not exist at the time the Secretary or the local health director took the action. (1893, c. 214, s. 22; Rev., ss. 3446, 4450; 1911, c. 62, ss. 12, 13; 1913, c. 181, s. 3; C.S., ss. 7071, 7072; 1957, c. 1357, s. 1; 1983, c. 891, s. 2.)

§ 130A-21. Embargo.

(a) The Secretary and a local health director has authority to exercise embargo authority concerning food or drink pursuant to G.S. 106-125(a), (b) and (c) when delegated the authority by the Commissioner of Agriculture.

(b) If the Secretary or a local health director has probable cause to believe that any milk designated as Grade "A" milk is misbranded or does not satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, the Secretary or a local health director may detain or embargo the milk by affixing a tag to it and warning all persons not to remove or dispose of the milk until permission for removal or disposal is given by the official by whom the milk was detained or embargoed or by the court. It shall be unlawful for any person to remove or dispose of the detained or embargoed milk without that permission.

The official by whom the milk was detained or embargoed shall petition a judge of the district or superior court in whose jurisdiction the milk is detained or embargoed for an order for condemnation of the article. If the court finds that the milk is misbranded or that it does not satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, either the milk shall be destroyed under the supervision of the petitioner or the petitioner shall ensure that the milk will not be used for human consumption as Grade "A" milk. All court costs and fees, storage, expenses of carrying out the court's order and other expense shall be taxed against the claimant of the milk. If, the milk, by proper labelling or processing, can be properly branded and will satisfy the milk sanitation rules adopted pursuant to G.S. 130A-275, the court, after the payment of all costs, fees, and expenses and after the claimant posts an adequate bond, may order that the milk be delivered to the claimant for proper labelling and processing under the supervision of the petitioner. The bond shall be returned to the claimant after the petitioner represents to the court either that the milk is no longer mislabelled or in violation of the milk sanitation rules adopted pursuant to G.S. 130A-275, or that the milk will not be used for human consumption, and that in either case the expenses of supervision have been paid.

(c) If the Secretary or a local health director has probable cause to believe that any scallops, shellfish or crustacea is adulterated or misbranded, the Secretary or a local health director may detain or embargo the article by affixing a tag to it and warning all persons not to remove or dispose of the article until permission for removal or disposal is given by the official by whom it was detained or embargoed or by the court. It shall be unlawful for any person to remove or dispose of the detained or embargoed article without that permission.

The official by whom the scallops, shellfish or crustacea was detained or embargoed shall petition a judge of the district or superior court in whose jurisdiction the article is detained or embargoed for an order for condemnation of the article. If the court finds that the article is adulterated or misbranded, that article shall be destroyed under the supervision of the petitioner. All court costs and fees, storage and other expense shall be taxed against the claimant of the article. If, the article, by proper labelling can be properly branded, the court, after the payment of all costs, fees, expenses, and an adequate bond, may order that the article be delivered to the claimant for proper labelling under the supervision of the petitioner. The bond shall be returned to the claimant after the petitioner represents to the court that the article is no longer mislabelled and that the expenses of supervision have been paid.

(d) Nothing in this section is intended to limit the embargo authority of the Department of Agriculture. The Department of Human Resources and the Department of Agriculture are authorized to enter agreements respecting the duties and responsibilities of each agency in the exercise of their embargo authority.

(e) For the purpose of this section, a food or drink is adulterated if the food or drink is deemed adulterated under G.S. 106-129; and food or drink is misbranded if it is deemed misbranded under G.S. 106-130. (1983, c. 891, s. 2.)

§ 130A-22. Administrative penalties.

(a) The Secretary may impose an administrative penalty on a person who violates Article 9 of this Chapter, rules adopted by the Commission pursuant to Article 9, or any order issued under Article 9. Each day of a continuing violation shall constitute a separate violation. The penalty shall not exceed five hundred dollars (\$500.00) per day in the case of a violation involving nonhazardous waste. The penalty shall not exceed ten thousand dollars (\$10,000) per day in the case of a violation involving hazardous waste.

- (b) The Secretary may impose an administrative penalty on a person who violates G.S. 130A-325. Each day of a continuing violation shall constitute a separate violation. The penalty shall not exceed five thousand dollars (\$5,000) for each day the violation continues.
- (c) The Secretary may impose an administrative penalty on a person who willfully violates Article 11 of this Chapter, rules adopted by the Commission pursuant to Article 11 or any condition imposed upon a permit issued under Article 11. An administrative penalty may not be imposed upon a person who establishes that neither the site nor the system may be improved or a new system installed so as to comply with Article 11 of this Chapter. Each day of a continuing violation shall constitute a separate violation. The penalty shall not exceed fifty dollars (\$50.00) per day in the case of a sewage collection, treatment and disposal system with a design daily flow of no more than 480 gallons or in the case of any system serving a single one-family dwelling. The penalty shall not exceed three hundred dollars (\$300.00) per day in the case of a sewage collection, treatment and disposal system with a design daily flow of more than 480 gallons which does not serve a single one-family dwelling.
- (d) In determining the amount of the penalty in subsections (a), (b) and (c), the Secretary shall consider the degree and extent of the harm caused by the violation and the cost of rectifying the damage.
- (e) A person contesting a penalty shall be entitled to an administrative hearing and judicial review in accordance with Chapter 150A of the General Statutes, the Administrative Procedure Act.
- (f) The Commission shall adopt rules concerning the imposition of administrative penalties under this section.
- (g) The Secretary may bring a civil action in the superior court of the county where the violation occurred or where the defendant resides to recover the amount of the administrative penalty whenever a person:
 - (1) Who has not requested an administrative hearing fails to pay the penalty within 60 days after being notified of the penalty; or
 - (2) Who has requested an administrative hearing fails to pay the penalty within 60 days after service of a written copy of the decision as provided in G.S. 150A-36 of the Administrative Procedure Act.
- (h) A local health director may impose an administrative penalty on any person who willfully violates the sewage collection, treatment, and disposal rules of the local board of health adopted pursuant to G.S. 130A-335(c) or who willfully violates a condition imposed upon a permit issued under the approved local rules. An administrative penalty may not be imposed upon a person who establishes that neither the site nor the system may be improved or a new system installed so as to comply with Article 11 of this Chapter. The local health director shall establish and recover the amount of the administrative penalty in accordance with subsections (d) and (g). Each day of a continuing violation shall constitute a separate violation. The penalty shall not exceed fifty dollars (\$50.00) per day in the case of a sewage collection, treatment and disposal system with a design daily flow of no more than 480 gallons or in the case of any system serving a single one-family dwelling. The penalty shall not exceed three hundred dollars (\$300.00) per day in the case of a sewage collection, treatment and disposal system with a design daily flow of more than 480 gallons which does not serve a single one-family dwelling. A person contesting a penalty imposed under this subsection shall be entitled to an administrative hearing and judicial review in accordance with G.S. 130A-24. A local board of health shall adopt rules concerning the imposition of administrative penalties under this subsection. (1983, c. 891, s. 2.)

§ 130A-23. Suspension and revocation of permits and program participation.

(a) The Secretary may suspend or revoke a permit issued under this Chapter upon a finding that a violation of the applicable provisions of this Chapter, the rules of the Commission or a condition imposed upon the permit has occurred. A permit may also be suspended or revoked upon a finding that its issuance was based upon incorrect or inadequate information that materially affected the decision to issue the permit.

(b) The Secretary may suspend or revoke a person's participation in a program administered under this Chapter upon a finding that a violation of the applicable provisions of this Chapter or the rules of the Commission has occurred. Program participation may also be suspended or revoked upon a finding that participation was based upon incorrect or inadequate information

that materially affected the decision to grant program participation.

(c) A person shall be given notice that there has been a tentative decision to suspend or revoke the permit or program participation and that an administrative hearing will be held in accordance with Chapter 150A of the General Statutes, the Administrative Procedure Act, at which time the person may

challenge the tentative decision.

(d) If a violation of the Chapter or the rules presents an imminent hazard, a permit may be suspended or revoked immediately. The Secretary shall immediately give notice of the revocation and notice that an administrative hearing will be held in accordance with Chapter 150A of the General Statutes, the Administrative Procedure Act, at which time the person may challenge the decision. (1983, c. 891, s. 2.)

§ 130A-24. Appeals procedure.

(a) Appeals concerning the interpretation and enforcement of rules adopted by the Commission, concerning the suspension and revocation of permits and program participation by the Secretary and concerning the imposition of administrative penalties by the Secretary shall be governed by Chapter 150A of the General Statutes, the Administrative Procedure Act, except that judicial review of the imposition of administrative penalties shall be de novo by the

superior court without a jury.

(b) Appeals concerning the interpretation and enforcement of rules adopted by the local board of health and concerning the imposition of administrative penalties by a local health director shall be conducted in accordance with subsections (b), (c) and (d) of this section. The aggrieved person shall give written notice of appeal to the local health director within 30 days of the challenged action. The notice shall contain the name and address of the aggrieved person, a description of the challenged action and a statement of the reasons why the challenged action is incorrect. Upon filing of the notice, the local health director shall, within five working days, transmit to the local board of health the notice of appeal and the papers and materials upon which the challenged action was taken.

(c) The local board of health shall hold a hearing within 15 days of the receipt of the notice of appeal. The board shall give the person not less than 10 days' notice of the date, time and place of the hearing. On appeal, the board shall have authority to affirm, modify or reverse the challenged action. The local board of health shall issue a written decision based on the evidence presented at the hearing. The decision shall contain a concise statement of the

reasons for the decision.

(a) A district health department including more than one county may be formed in lieu of county health departments upon agreement of the county boards of commissioners and local boards of health having jurisdiction over each of the counties involved. A county may join a district health department upon agreement of the boards of commissioners and local boards of health having jurisdiction over each of the counties involved. A district health department shall be a public authority as defined in G.S. 159-7(b)(10).

(b) Upon creation of or addition to a district health department, the existing rules of the former board or boards of health shall continue in effect until amended or repealed by the district board of health. (1957, c. 1357, s. 1; 1969, c. 719, s. 2; 1971, c. 175, s. 2; 1973, c. 143, ss. 1-4; c. 476, s. 128; 1975, c. 396,

§ 130A-37. District board of health.

(a) A district board of health shall be the policy-making, rule-making and adjudicatory body for a district health department and shall be composed of 15 members.

(b) The county board of commissioners of each county in the district shall appoint one county commissioner to the district board of health. The county commissioner members of the district board of health shall appoint the other members of the board, including at least one physician licensed to practice medicine in this State, one licensed dentist, one licensed optometrist, one licensed veterinarian, one registered nurse and one licensed pharmacist. The composition of the board shall reasonably reflect the population makeup of the entire district and provide equitable district-wide representation. All members shall be residents of the district. If there is not a licensed physician, a licensed dentist, a licensed optometrist, a licensed veterinarian, a registered nurse or a licensed pharmacist available for appointment, an additional representative of the general public shall be appointed. If however, one of the six designated professions has only one person residing in the district, the county commissioner members shall have the option of appointing that person or a member of the general public.

(c) Except as provided in this subsection, members of a district board of health shall serve terms of three years. Two of the original members shall serve terms of one year and two of the original members shall serve terms of two years. No member shall serve more than three consecutive three-year terms. County commissioner members shall serve only as long as the member is a county commissioner. When a representative of the general public is appointed due to the unavailability of a licensed physician, a licensed dentist, a licensed optometrist, a licensed veterinarian, a registered nurse or a licensed pharmacist, that member shall serve only until a licensed physician, a licensed dentist, a licensed optometrist, a licensed veterinarian, a registered nurse or a licensed pharmacist becomes available for appointment. The county commissioner members may appoint a member for less than a three-year term to achieve a

staggered term structure.

(d) Whenever a county shall join or withdraw from an existing district health department, the district board of health shall be dissolved and a new board shall be appointed as provided in subsection (c).

(e) Vacancies shall be filled for any unexpired portion of a term.

(f) A chairperson shall be elected annually by a district board of health. The local health director shall serve as secretary to the board.

(h) A member may be removed from office by the district board of health for cause.

(i) A member may receive a per diem and reimbursement for subsistence and travel in an amount established by the county board of commissioners, not to exceed the amount established in G.S. 138-5.

(j) The board shall meet at least quarterly. The chairperson or three of the

members may call a special meeting.

(k) A district board of health is authorized to provide liability insurance for the members of the board and the employees of the district health department. A district board of health is also authorized to contract for the services of an attorney to represent the board, the district health department and its employees, as appropriate. The purchase of liability insurance pursuant to this subsection waives both the district board of health's and the district health department's governmental immunity, to the extent of insurance coverage, for any act or omission occurring in the exercise of a governmental function. By entering into a liability insurance contract with the district board of health, an insurer waives any defense based upon the governmental immunity of the district board of health or the district health department. (1957, c. 1357, s. 1; 1969, c. 719, s. 2; 1971, c. 175, s. 2; c. 940, s. 1; 1973, c. 143, ss. 1-4; c. 476, s. 128: 1975, c. 396, s. 1; 1981, c. 104; c. 238; c. 408; 1983, c. 891, s. 2.)

§ 130A-38. Dissolution of a district health department.

(a) Whenever the board of commissioners of each county constituting a district health department determines that the district health department is not operating in the best health interests of the respective counties, they may direct that the district health department be dissolved. In addition, whenever a board of commissioners of a county which is a member of a district health department determines that the district health department is not operating in the best health interests of that county, it may withdraw from the district health department. Dissolution of a district health department or withdrawal from the district health department by a county shall be effective only at the end of the fiscal year in which the action of dissolution or withdrawal transpired.

(b) Notwithstanding the provisions of subsection (a), no district health department shall be dissolved without prior written notification to the Depart-

ment.

(c) Any budgetary surplus available to a district health department at the time of its dissolution shall be distributed to those counties comprising the district on the same pro rata basis that the counties appropriated and contributed funds to the district health department budget during the current fiscal year. Distribution to the counties shall be determined on the basis of an audit of the financial record of the district health department. The district board of health shall select a certified public accountant or an accountant who is subsequently certified by the Local Government Commission to conduct the audit. The audit shall be performed in accordance with G.S. 159-34. The same method of distribution of funds described above shall apply when one or more counties of a district health department withdraw from a district.

(d) Upon dissolution or withdrawal, all rules adopted by a district board of health shall continue in effect until amended or repealed by the new board or boards of health. (1971, c. 858; 1975, c. 396, s. 2; c. 403; 1983, c. 891, s. 2.)

§ 130A-39. Powers and duties of a local board of health.

(a) A local board of health shall have the responsibility to protect and promote the public health. The board shall have the authority to adopt rules necessary for that purpose.

(b) A local board of health may adopt a more stringent rule in an area regulated by the Commission for Health Services or the Environmental

Management Commission where, in the opinion of the local board of health, a more stringent rule is required to protect the public health; otherwise, the rules of the Commission for Health Services or the rules of the Environmental Management Commission shall prevail over local board of health rules. However, a local board of health may not adopt a rule concerning the grading and permitting of food and lodging facilities as listed in Part 6 of Article 8 of this Chapter and a local board of health may adopt rules concerning sanitary sewage collection, treatment and disposal systems which are not designed to discharge effluent to the land surface or surface waters and which are not public or community systems only in accordance with G.S. 130A-335(c).

(c) The rules of a local board of health shall apply to all municipalities

within the local board's jurisdiction.

(d) Not less than 10 days before the adoption, amendment or repeal of any local board of health rule, the proposed rule shall be made available at the office of each county clerk within the board's jurisdiction, and a notice shall be published in a newspaper having general circulation within the area of the board's jurisdiction. The notice shall contain a statement of the substance of the proposed rule or a description of the subjects and issues involved, the proposed effective date of the rule and a statement that copies of the proposed rule are available at the local health department. A local board of health rule shall become effective upon adoption unless a later effective date is specified in the

(e) Copies of all rules shall be filed with the secretary of the local board of

health.

(f) A local board of health may, in its rules, adopt by reference any code, standard, rule or regulation which has been adopted by any agency of this State, another state, any agency of the United States or by a generally recognized association. Copies of any material adopted by reference shall be

filed with the rules.

(g) A local board of health may contract with any person, including any governmental agency, for the provision or receipt of public health services. A local board of health may impose a fee for services to be rendered by a local health department, except where the imposition of a fee is prohibited by statute or where an employee of the local health department is performing the services as an agent of the State. Notwithstanding any other provisions of law, a local board of health may impose a fee for services performed pursuant to Article 11 of this Chapter, "Sanitary Sewage Systems." Fees shall be based upon a plan recommended by the local health director and approved by the local board of health and the appropriate county board or boards of commissioners. The fees collected under the authority of this subsection are to be deposited to the account of the local health department so that they may be expended for public health purposes in accordance with the provisions of the County Fiscal Control Act. (1901, c. 245, s. 3; Rev., s. 4444; 1911, c. 62, s. 9; C.S., s. 7065; 1957, c. 1357, s. 1; 1959, c. 1024, s. 1; 1963, c. 1087; 1973, c. 476, s. 128; c. 508; 1977, c. 857, s. 2; 1981, c. 130, s. 2; c. 281; c. 949, s. 4; 1983, c. 891, s. 2.)

Part 2. Sanitary Districts.

§ 130A-47. Creation by Commission.

For the purpose of preserving and promoting the public health and welfare, the Commission may create sanitary districts without regard for county, township or municipal lines. However, no municipal corporation or any part of the territory in a municipal corporation shall be included in a sanitary district except at the request of the governing board of the municipal corporation. If the municipal corporation has not levied any tax nor performed any official act nor held any elections within a period of four years preceding the date of the petition for the sanitary district, a request of the governing board shall not be required. (1927, c. 100, s. 1; 1955, c. 1307; 1957, c. 1357, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-48. Procedure for incorporating district.

A sanitary district shall be incorporated as follows. Either fifty-one percent (51%) or more of the resident freeholders within a proposed sanitary district or fifty-one percent (51%) or more of the freeholders within a proposed sanitary district, whether or not the freeholders are residents of the proposed sanitary district, may petition the county board of commissioners of the county in which all or the largest portion of the land of the proposed district is located. This petition shall set forth the boundaries of the proposed sanitary district and the objectives of the proposed district. For the purposes of this Part, the term "freeholder" shall mean a person holding a deed to a tract of land within the district or proposed district, and also shall mean a person who has entered into a contract to purchase a tract of land within the district or proposed district, is making payments pursuant to a contract and will receive a deed upon completion of the contractual payments. The contracting purchaser, rather than the contracting seller, shall be deemed to be the freeholder. Upon receipt of the petition, the county board of commissioners, through its chairperson, shall notify the Department and the chairperson of the county board of commissioners of any other county or counties in which any portion of the proposed district lies of the receipt of the petition. The chairperson shall request that the Department hold a joint public hearing with the county commissioners of all the counties in which a portion of the district lies concerning the creation of the proposed sanitary district. The Secretary and the chairperson of the county board of commissioners shall name a time and place within the proposed district to hold the public hearing. The chairperson of the county board of commissioners shall give prior notice of the hearing by posting a notice at the courthouse door of the county and also by publication at least once a week for four successive weeks in a newspaper published in the county. In the event the hearing is to be before a joint meeting of the county boards of commissioners of more than one county, or in the event the land to be affected lies in more than one county, publication and notice shall be made in each of the affected counties. In the event that all matters pertaining to the creation of this sanitary district cannot be concluded at the hearing, the hearing may be continued at a time and place within the proposed district named by the Department. (1927, c. 100, ss. 2-4; 1951, c. 178, s. 1; 1957, c. 1357, s. 1; 1959, c. 1189, s. 1; 1965, c. 135; 1967, c. 24, s. 21; 1973, c. 476, s. 128; 1975, c. 536; 1983, c. 891, s. 2.)

§ 130A-49. Declaration that district exists; status of industrial villages within boundaries of district.

(a) If, after the required public hearing, the Commission and the county commissioners determine that a district shall be created for the purposes stated in the petition, the Commission shall adopt a resolution defining the boundaries of the district and declaring the territory within the boundaries to be a sanitary district. The Commission may make minor deviation in defining the boundaries from those prescribed in the petition when it determines the change to be in the interest of the public health.

(b) The owner or controller of an industrial plant may make application requesting that the plant or the plant and its contiguous village be included within or excluded from the sanitary district. The application shall be filed with the Commission on or before the date of the public hearing. If an application is properly filed, the Commission shall include or exclude the industrial

plant and contiguous village in accordance with the application.

(c) Each district when created shall be identified by a name or number assigned by the Commission. (1927, c. 100, s. 5; 1957, c. 1357, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-50. Election and terms of office of sanitary district boards.

(a) The Department shall send a copy of the resolution creating the sanitary district to the county board or boards of county commissioners of the county or counties in which all or part of the district is located. The board or boards of commissoners shall hold a meeting or joint meeting for the purpose of electing the members of the sanitary district board.

(b) The sanitary district board shall be composed of either three or five members as the county commissioners in their discretion shall determine. The members first appointed shall serve as the governing body of the sanitary district until the next regular election for municipal and special district officers as provided in G.S. 163-279, which occurs more than 90 days after their appointment. At that election, their successors shall be elected. The terms of the members shall be for two years or four years and may be staggered as determined by the county board of commissioners so that some members are elected at each biennial election. The members of the sanitary district board shall be residents of the district. The county board of commissioners shall notify the county board of elections of any decision made under this subsection.

(c) The election shall be nonpartisan and decided by simple plurality as provided in G.S. 163-292 and shall be held and conducted by the county board of elections in accordance with the applicable provisions of Articles 23 and 24 of Chapter 163 of the General Statutes. If the district is in more than one county, then the county board of elections of the county including the largest part of the district shall conduct the election for the entire district with the assistance and full cooperation of the boards of elections in the other counties.

(d) The board of elections shall certify the results of the election to the clerk of superior court. The clerk of superior court shall take and file the oaths of

office of the board members elected.

(e) The elected members of the board shall take the oath of office on the first Monday in December following their election and shall serve for the term elected and until their successors are elected and qualified. (1927, c. 100, s. 6; 1943, c. 602; 1953, c. 798; 1955, c. 1073; 1957, c. 1357, s. 1; 1963, c. 644; 1973, c. 476, s. 128; 1981, c. 186, s. 1; 1983, c. 891, s. 2.)

§ 130A-51. City governing body acting as sanitary district board.

(a) When the General Assembly incorporates a city or town that includes within its territory fifty percent (50%) or more of the territory of a sanitary district, the governing body of the city or town shall become ex officio the governing board of the sanitary district if the General Assembly provides for this action in the incorporation act and if the existing sanitary district board adopts a final resolution pursuant to this section. The resolution may be adopted at any time within the period beginning on the day of ratification of the incorporation act and ending 270 days after the effective date.

(b) To begin the process leading to the city or town board becoming ex officio the sanitary district board, the board of the sanitary district shall first adopt a preliminary resolution finding that the interests of the citizens of the sanitary district and of the city or town will be best served if both units of local government are governed by a single governing body. This resolution shall also set the time and place for a public hearing on the preliminary resolution.

(c) Upon adoption of this preliminary resolution, the chairperson of the sanitary district board shall publish a notice of the public hearing once at least 10 days before the hearing in a newspaper of general circulation within the sanitary district. This notice shall set forth the time and place of the hearing and shall briefly describe its purpose. At the hearing, the board shall hear any citizen of the sanitary district or of the city or town who wishes to speak to the

subject of the preliminary resolution.

(d) Within 30 days after the day of the public hearing, the sanitary district board may adopt a final resolution finding that the interests of the citizens of the sanitary district and of the city or town will be best served if both units are governed by a single board. This resolution shall set the date on which the terms of office of the members of the sanitary district board end and that board is dissolved and service by the ex officio board begins. This date may be the effective date of the incorporation of the city or town or any date within one year after the effective date. At that time, the sanitary district board is dissolved and the mayor and members of the governing body of the city or town become ex officio the board of the sanitary district. The mayor shall act ex officio as chairperson of the sanitary district board.

(e) The chairperson of the sanitary district board that adopts a final resolution shall within 10 days after the day the resolution is adopted, send a copy of the resolution to the mayor and each member of the city or town governing

board and to the Department. (1981, c. 201; 1983, c. 891, s. 2.)

§ 130A-52. Special election if election not held in November of 1981.

(a) If in a sanitary district, an election of board members was required to be held in November of 1981 under G.S. 130A-50 but was not held, the board of commissioners of the county or counties in which the district is located may by resolution order a special election of all the board members to be held at the same time as the General Election in November of 1982.

(b) The election shall be held under the procedures of Articles 23 and 24 of Chapter 163 of the General Statutes and in accordance with G.S. 130A-50, except that filing shall open at noon on Monday, August 9, 1982, and close at

noon on Monday, August 23, 1982.

(c) In the election held under this section, all of the members of the board shall be elected. If the board of commissioners has provided for two- or four-year terms, the members elected in 1982 shall serve until the 1983 or 1985 election, respectively, and then their successors shall be elected for the two- or four-year terms provided by the county board or boards of commissioners.

(d) Any resolution adopted under subsection (a) of this section shall be filed with the Department. (1981 (Reg. Sess., 1982), c. 1271, s. 1; 1983, c. 891, s. 2.)

§ 130A-53. Actions validated.

Any action of a sanitary district taken prior to June 1, 1982, shall not be invalidated by failure to hold an election for members of the board. (1981 (Reg. Sess., 1982), c. 1271, s. 1; 1983, c. 891, s. 2.)

§ 130A-54. Vacancy appointments to district boards.

Any vacancy in a sanitary district board shall be filled by the county commissioners until the next election for sanitary district board members. If the district is located in more than one county, the vacancy shall be filled by the county commissioners of the county from which the vacancy occurred. (1935, c. 357, s. 2; 1957, c. 1357, s. 1; 1981, c. 186, s. 2; 1983, c. 891, s. 2.)

§ 130A-55. Corporate powers.

A sanitary district board shall be a body politic and corporate and may sue and be sued in matters relating to the sanitary district. Notwithstanding any limitation in the petition under G.S. 13A-48, but subject to the provisions of G.S. 130A-55(17)e., each sanitary district may exercise all of the powers granted to sanitary districts by this Article. In addition, the sanitary district

board shall have the following powers:

(1) To acquire, construct, maintain and operate sewage collection, treatment and disposal systems of all types, including septic tank systems or other on-site collection, treatment or disposal facilities or systems; water supply systems; water purification or treatment plants and other utilities necessary for the preservation and promotion of the public health and sanitary welfare within the district. The utilities shall be constructed, operated and maintained in accordance with

applicable statutes and rules.

(2) To acquire, construct, maintain and operate sewage collection, treatment and disposal systems of all types, including septic tank systems or other on-site collection or disposal facilities or systems, water supply systems; water purification or treatment plants and other utilities, within and outside the corporate limits of the district, as may be necessary for the preservation of the public health and sanitary welfare outside the corporate limits of the district, within reasonable limitation. The utilities shall be constructed, operated and maintained in accordance with applicable statutes and rules.

a. The authority granted to a sanitary district by the provisions of this subsection is supplemental to the authority granted to a sanitary

district by other provisions of law.

b. Actions taken by a sanitary district to acquire, construct, maintain and operate sewage collection, treatment and disposal systems of all types; water supply systems; water purification or treatment plants and other utilities within and outside the corporate limits to provide service outside the corporate limits are approved and validated.

c. This subsection shall apply only in counties with a population of 70,000 or greater, as determined by the most recent decennial

federal census.

(4) To acquire either by purchase, condemnation or otherwise and hold real and personal property, easements, rights-of-way and water rights in the name of the district within or without the corporate limits of the district, necessary or convenient for the construction or maintenance of the works of the district.

(5) To employ and compensate engineers, counsel and other persons as

may be necessary to carry out projects.

(6) To negotiate and enter into agreements with the owners of existing water supplies, sewage systems or other utilities as may be necessary to carry out the intent of this Part.

(7) To adopt rules necessary for the proper functioning of the district. However, these rules shall not conflict with rules adopted by the Commission for Health Services, Environmental Management Commission, or the local board of health having jurisdiction over the area.

a. To contract with any person within or outside the corporate limits of the district to supply raw water without charge to the person in return for an agreement to allow the district to discharge sewage in the person's previous water supply. The district may so contract and construct at its expense all improvements necessary or convenient for the delivery of the water when, in the opinion of the sanitary district board and the Department, it will be for the best of the district.

b. To contract with any person within or outside the corporate limits of the district to supply raw or filtered water and sewer service to the person where the service is available. For service supplied outside the corporate limits of the district, the sanitary district board may fix a different rate from that charged within the corporate limits but shall not be liable for damages for failure to furnish a sufficient supply of water and adequate sewer service.

c. To contract with any person within or outside the corporate limits of the district for the treatment of the district's sewage in a sewage disposal or treatment plant owned and constructed or to

be constructed by that person.

(9) After adoption of a plan as provided in G.S. 130A-60, the sanitary district board may, in its discretion, alter or modify the plan if the Department determines that the alteration or modification does not constitute a material deviation from the objective of the plan and is in the public health interest of the district. The alteration or modification must be approved by the Department. The sanitary district board may appropriate or reappropriate money of the district for carrying out the altered or modified plan.

(10) To take action, subject to the approval of the Department, for the prevention and eradication of diseases transmissible by vectors by

instituting programs for the eradication of the mosquito.

(11) To collect and dispose of garbage, waste and other refuse by contract

or otherwise.

(12) To establish a fire department, or to contract for firefighting apparatus and personnel for the protection of life and property within the district.

(13) To provide or contract for rescue service, ambulance service, rescue squad or other emergency medical services for use in the district. The

sanitary district shall be subject to G.S. 153A-250.

(14) To have privileges and immunities granted to other governmental units in exercise of the governmental functions.

(15) To use the income of the district, and if necessary, to levy and collect taxes upon all the taxable property within the district sufficient to pay the costs of collecting and disposing of garbage, waste and other refuse, and to provide fire protection and rescue services in the district. Taxes shall be levied and collected at the same time and in the same manner as taxes for debt service as provided in G.S. 130A-62.

(16) To adopt rules for the promotion and protection of the public health

and for these purposes to possess the following powers:

a. To require any person owning, occupying or controlling improved real property within the district to connect with either or both the water or sewage systems of the district when the local health director, having jurisdiction over the property, determines that the health of the people residing within the district will be endangered by a failure to connect.

b. To require any person owning, occupying or controlling improved real property within the district where the water or sewage systems of the district are not immediately available or it is impractical with the systems, to install sanitary toilets, septic tanks and other health equipment or installations in accordance with

applicable statutes and rules.

c. To order a person to abate a public health nuisance of the district.

If the person being ordered to abate the nuisance refuses to comply with the order, the sanitary district board may institute an action in the superior court of the county where the public health nuisance exists to enforce the order.

d. To abolish or regulate and control the use and occupancy of all pigsties and other animal stockyards or pens within the district and for an additional distance of 500 feet beyond the outer boundaries of the district, unless the 500 feet is within the corporate

limits of a city of town.

- e. Upon the noncompliance by a person of a rule adopted by the sanitary district board, the board shall notify the person of the rule being violated and the facts constituting the violation. The person shall have a reasonable time to comply with the rule as determined by the local health director of the person's residence. Upon failure to comply within the specified time or within a time extended by the sanitary district board, the person shall be guilty of a misdemeanor.
 - f. The sanitary district board is authorized to enforce the rules adopted pursuant to this Part by criminal action or civil action, including injunctive relief.
- (17) For the purpose of promoting and protecting the public health, safety and the general welfare of the State, a sanitary district board is authorized to establish as zoning units any portions of the sanitary district not under the control of the United States or this State or any agency or instrumentality of either, in accordance with the following:
- a. No sanitary district board shall designate an area a zoning area until a petition signed by two-thirds of the qualified voters in the area, as shown by the registration books used in the last general election, and with a petition signed by two-thirds of the owners of real property in the area, as shown by the records in the office of the register of deeds for the county, is filed with the sanitary district board. The petition must be accompanied by a map of the proposed zoning area. The board shall hold a public hearing to obtain comment on the proposed creation of the zoning area. A notice of public hearing must be published in a newspaper of general circulation in the county at least two times, and a copy of the notice shall be posted at the county courthouse and in three other public places in the sanitary district.

b. When a zoning area is established within a sanitary district, the sanitary district board as to the zoning area shall have all rights, privileges, powers and duties granted to municipal corporations under Part 3, Article 19, Chapter 160A of the General Statutes. However, the sanitary district board shall not be required to appoint any zoning commission or board of adjustment. If neither a zoning commission nor board of adjustment is appointed, the sanitary district board shall have all rights.

c. A sanitary district board may enter into an agreement with any city, town or sanitary district for the establishment of a joint

zoning commission.

d. A sanitary district board is authorized to use the income of the district and levy and collect taxes upon the taxable property within the district necessary to carry out and enforce the rules and provisions of this subsection.

e. This subsection shall apply only to sanitary districts which adjoin and are contiguous to an incorporated city or town and are located within three miles or less of the boundaries of two other cities or

towns

(18) To negotiate for and acquire by contract any distribution system located outside the district when the water for the distribution system is furnished by the district. If the distribution system is acquired by a district, the district may continue the operation of the system even though it remains outside the district.

(19) To accept gifts of real and personal property for the purpose of operating a nonprofit cemetery; to own, operate and maintain cemeteries with the donated property; and to establish perpetual care funds for the cemeteries in the manner provided by G.S. 160A-347.

(20) To dispose of real or personal property belonging to the district according to the procedures prescribed in Article 12 of Chapter 160A of the General Statutes. For purposes of this subsection, references in Article 12 of Chapter 160A to the "city," the "council," or a specific city official refer, respectively, to the sanitary district, the sanitary district board, and the sanitary district official who most nearly performs the same duties performed by the specified city official. For purposes of this subsection, references in G.S. 160A-266(c) to "one or more city officials" are deemed to refer to one or more sanitary district officials designated by the sanitary district board.

(21) To acquire, renovate property for or construct a medical clinic to serve the district, and to maintain real and personal property for a medical

clinic to serve the district.

(22) To make special assessments against benefitted property within the corporate limits of the sanitary district and within the area served or to be served by the sanitary district for the purpose of constructing, reconstructing, extending, or otherwise improving water systems or sanitary collection, treatment, and sewage disposal systems, in the same manner that a county may make special assessments under authority of Article 9 of Chapter 153A of the General Statutes, except that the language appearing in G.S. 153A-185 reading as follows: "A county may not assess property within a city pursuant to subdivision (1) or (2) of this section unless the governing board of the city has by resolution approved the project," shall not apply to assessments levied by sanitary districts. For the purposes of this paragraph, references in Article 9 of Chapter 153A of the General Statutes, to the "county," the "board of county commissioners," "the board" or a specific county official or employee are deemed to refer respectively to the sanitary district and to the official or employee of the sanitary district who

performs most nearly the same duties performed by the specified

county official or employee.

Assessment rolls after being confirmed shall be filed for registration in the office of the Register of Deeds of the county in which the property being assessed is located, and the term "county tax collector" wherever used in G.S. 153A-195 and G.S. 153A-196, shall mean the officer designated by the sanitary district to perform the functions described in said sections of the statute. This subdivision applies only to sanitary districts with a population of 15,000 or over. Sess., 1982), c. 1237; 1983, c. 891, s. 2; c. 925, s. 2.)

Editor's Note. — Subdivision (22) of this section is former § 130-128(23), as added, effective July 22, 1983, by Session Laws 1983, c. 925, s.

1, and recodified by s. 2 of the act, effective Jan. 1, 1984.

§ 130A-55.1. Withdrawal of water.

A sanitary district is empowered to engage in litigation or to join with other parties in litigation opposing the withdrawal of water from a river or other water supply. (1983, c. 55, s. 1.)

Editor's Note. — Session Laws 1983, c. 55, s. 2, makes this section effective upon ratification. The act was ratified on March 10, 1983.

Pursuant to Session Laws 1983, c. 891, s. 16.1, which provided that any bill ratified by

the 1983 General Assembly amending a part of repealed Chapter 130 will be construed to amend the appropriate part of Chapter 130A, the section has been codified as § 130A-55.1.

§ 130A-56. Election of officers; board staff.

- (a) Upon election, a sanitary district board shall meet and elect one of its members as chairperson and another member as secretary. Each member of the board may receive a per diem compensation and other compensation as provided for members of State boards under G.S. 138-5, payable from the funds of the district.
- (b) The board may employ a clerk, stenographer or other assistants as necessary and may fix duties of and compensation for employees. A sanitary district board may remove employees and fill vacancies. (1927, c. 100, s. 8; 1957, c. 1357, s. 1; 1967, c. 723; 1977, c. 183; 1983, c. 891, s. 2.)

§ 130A-57. Power to condemn property.

A sanitary district board may purchase real estate, right-of-way or easement within or outside the corporate limits of the district for improvements authorized by this Part. If a purchase price cannot be agreed upon, the board may condemn the real estate, right-of-way or easement in accordance with Chapter 40A of the General Statutes. (1927, c. 100, s. 9; 1933, c. 8, s. 3; 1957, c. 1357, s. 1; 1981, c. 919, s. 13; 1983, c. 891, s. 2.)

§ 130A-58. Construction of systems by corporations or individuals.

When it is inadvisable or impractical for the sanitary district to build a water supply, sewage system or part of either to serve an area within the sanitary district, a corporation or residents within the sanitary district may build and operate a system at its or their own expense. The system shall be constructed and operated under plans and specifications approved by the district board and by the Department. The system shall also be constructed and operated in accordance with applicable rules and statutes. (1927, c. 100, s. 10; 1957, c. 1357, s. 1: 1973, c. 476, s. 128: 1983, c. 891, s. 2.)

130A-59. Reports.

Upon the election of a sanitary district board, the board shall employ engineers licensed by this State to make a report on the problems of the sanitary district. The report shall be prepared and filed with the sanitary district board and shall include the following:

(1) Comprehensive maps showing the boundaries of the sanitary district and, in a general way, the location of the various parts of the work that is proposed to be done and information as may be useful for a thorough understanding of the proposed undertaking;

(2) A general description of existing facilities for carrying out the purposes

of the district;

(3) A general description of the various plans which might be adopted for

accomplishment of the purposes of the district; (4) General plans and specifications for the work;

(5) General description of property proposed to be acquired or which may be damaged in carrying out the work;

(6) Comparative detail estimates of cost for the various construction plans;

(7) Recommendations. (1927, c. 100, s. 11; 1957, c. 1357, s. 1; 1983, c. 891, s. 2.)

§ 130A-60. Consideration of reports and adoption of a plan.

(a) A report filed by the engineers pursuant to G.S. 130A-59 shall be given consideration by the sanitary district board and the board shall adopt a plan. Before adopting a plan the board may hold a public hearing for the purpose of considering objections to the plan. Once adopted, the sanitary district board shall submit the plan to the Department. The plan shall not become effective

until it is approved by the Department.

(b) The provisions of this section and of G.S. 130A-58 shall apply when the sanitary district board determines that adoption of the plan requires the issuance of bonds. However, these provisions shall not apply to a proposed purchase of firefighting equipment and apparatus. Failure to observe or comply with these provisions shall not, however, affect the validity of the bonds of a sanitary district. (1927, c. 100, s. 12; 1949, c. 880, s. 1; 1951, c. 17, s. 1; 1957, c. 1357, s. 1; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-61. Bonds and notes authorized.

A sanitary district is authorized to issue bonds and notes under the Local Government Finance Act. (1927, c. 100, s. 13; 1949, c. 880, s. 1; 1951, c. 17, s. 1; c. 846, s. 1; 1957, c. 1357, s. 1; 1963, c. 1247, s. 1; 1971, c. 780, s. 27; 1983, c. 891, s. 2.)

§ 130A-62. Annual budget; tax levy.

(a) A sanitary district shall operate under an annual balanced budget adopted in accordance with the Local Government Budget and Fiscal Control Act.

(b) A sanitary district has the option of either collecting its own taxes or having its taxes collected by the county or counties in which it is located. Unless a district takes affirmative action to collect its own taxes, taxes shall

be collected by the county.

(c) For sanitary districts whose taxes are collected by the county, before May 1 of each year, the tax supervisor of each county in which the district is located shall certify to the district board the total assessed value of property in the county subject to taxation by the district, and the county's assessment ratio. By July 1 or upon adoption of its annual budget ordinance, the district board shall certify to the county board of commissioners the rate of ad valorem tax levied by the district on property in that county. If the assessment ratios are not identical in all counties, the district budget ordinance shall levy separate rates of ad valorem taxes for each county. These rates shall be adjusted so that the effective rate is the same for all property located in the district. The "effective rate" is the rate of tax which will produce the same tax liability on property of equal appraised value. Upon receiving the district's certification of its tax levy, the county commissioners shall compute the district tax for each taxpayer and shall separately state the district tax on the county tax receipts for the fiscal year. The county shall collect the district tax in the same manner that county taxes are collected and shall remit these collections to the district at least monthly. Partial payments shall be proportionately divided between the county and the district. The district budget ordinance may include an appropriation to the county for the cost to the county of computing, billing and collecting the district tax. The amount of the appropriation shall be agreed upon by the county and the district, but may not exceed five percent (5%) of the district levy. Any agreement shall remain effective until modified by mutual agreement. The amount due the county for collecting the district tax may be deducted by the county from its monthly remittances to the district or may be paid to the county by the district.

(d) Sanitary districts electing to collect their own taxes shall be deemed cities for the purposes of the Machinery Act. If a district is located in more than one county, the district board may adopt the assessments placed upon property located in the district by the counties in which the district is located if, in the opinion of the board, the same appraisal and assessment standards will apply uniformly throughout the district. If the board determines that adoption of the assessments fixed by the counties will not result in uniform appraisals and assessments throughout the district, the board may, by horizontal adjustments, equalize the appraisal values fixed by the counties and in accordance with the procedure prescribed in the Machinery Act, select and adopt an assessment ratio to be applied to the appraised values of property subject to district taxation as equalized by the board. Taxes levied by the district shall be levied uniformly on the assessments. (1927, c. 100, s. 17; 1935, c. 287, ss. 3, 4; 1949, c. 880, s. 1; 1951, c. 17, s. 1; 1957, c. 1357, s. 1; 1959, c. 994; 1963, c. 1226; 1965.

c. 496, s. 3; 1971, c. 780, s. 29; 1983, c. 891, s. 2.)

§ 130A-63. Engineers to provide plans and supervise work; bids.

(a) The sanitary district board shall retain engineers licensed by this State to provide detailed plans and specifications and to supervise the work undertaken by the district. The work or any portion of the work may be done by the sanitary district board by purchasing the material and letting a contract

for the work or by letting a contract for furnishing all the materials and doing the work.

(b) All contracts for work performed for construction or repair and for the purchase of materials by sanitary districts shall be in accordance with the provisions of Article 8, Chapter 143 of the General Statutes which are applicable to counties and municipal corporations.

(c) All work done shall be in accordance with the plans and specifications prepared by the engineers in conformity with the plan adopted by the sanitary district board. (1927, c. 100, s. 19: 1957, c. 1357, s. 1; 1977, c. 544, s. 1; 1983,

c. 891, s. 2.)

§ 130A-64. Service charges and rates.

A sanitary district board shall apply service charges and rates based upon the exact benefits derived. These service charges and rates shall be sufficient to provide funds for the maintenance, adequate depreciation and operation of the work of the district. If reasonable, the service charges and rates may include an amount sufficient to pay the principal and interest maturing on the outstanding bonds and, to the extent not otherwise provided for, bond anticipation notes of the district. Any surplus from operating revenues shall be set aside as a separate fund to be applied to the payment of interest on or to the retirement of bonds or bond anticipation notes. The sanitary district board may modify and adjust these service charges and rates. (1927, c. 100, s. 20; 1933, c. 8, s. 5; 1957, c. 1357, s. 1; 1965, c. 496, s. 4; 1983, c. 891, s. 2.)

§ 130A-65. Liens for sewer service charges in sanitary districts not operating water distribution system; collection of charges; disconnection of sewer lines.

In sanitary districts which maintain and operate a sewage system but do not maintain and operate a water distribution system, the charges made for sewer service or for use of sewer service facilities shall be a lien upon the property served. If the charges are not paid within 15 days after they become due and payable, suit may be brought in the name of the sanitary district in the county in which the property served is located, or the property, subject to the lien, may be sold by the sanitary district under the same rules, rights of redemption and savings as are prescribed by law for the sale of land for unpaid ad valorem taxes. A sanitary district is authorized to adopt rules for the use of sewage works and the collection of charges. A sanitary district is authorized in accordance with its rules to enter upon the premises of any person using the sewage works and failing to pay the charges, and to disconnect the sewer line of that person from the district sewer line or disposal plant. A person who connects or reconnects with district sewer line or disposal plant without a permit from the sanitary district shall be guilty of a misdemeanor. (1965, c. 920, s. 1; 1983, c. 891, s. 2.)

§ 130A-66. Removal of member of board.

A petition with the signatures of twenty-five percent (25%) or more of the voters within a sanitary district which requests the removal from office of one or more members of a sanitary district board for malfeasance or nonfeasance in office may be filed with the board of commissioners of the county in which all or the greater portion of the voters of a sanitary district are located. "Solid waste management" means purposeful, systematic control of (21)the generation, storage, collection, transport, separation, treatment, processing, recycling, recovery and disposal of solid waste.
"Solid waste management facility" means land, personnel and equipment used in the management of solid waste.

(23) "Storage" means the containment of solid waste, either on a temporary basis or for a period of years, in a manner which does not consti-

tute disposal.

(24) "Treatment" means any method, technique or process, including neutralization, designed to change the physical, chemical or biological character or composition of any solid waste to neutralize the waste or to render the waste nonhazardous, safer for transport, amenable for recovery, amenable for storage or reduced in volume. The term includes any activity or processing designed to change the physical form or chemical composition of solid waste to render it nonhazardous.

§ 130A-291. Solid Waste Unit in Department of Human Resources.

(a) For the purpose of promoting and preserving an environment that is conducive to public health and welfare, and preventing the creation of nuisances and the depletion of our natural resources, the Department of Human Resources shall maintain an appropriate administrative unit to promote sanitary processing, treatment, disposal, and statewide management of solid waste and the greatest possible recycling and recovery of resources, and the Department shall employ and retain such qualified personnel as may be necessary to effect such purposes. It is the purpose and intent of the State to be and remain cognizant not only of its responsibility to authorize and establish the statewide solid waste management program, but also of its responsibility to monitor and supervise, through the Department of Human Resources, the activities and operations of units of local government implementing a permitted solid waste management facility serving a specified geographic area in accordance with a

solid waste management plan.

(b) In furtherance of said purpose and intent, it is hereby determined and declared that it is necessary for the health and welfare of the inhabitants of the State that solid waste management facilities permitted hereunder and serving a specified geographic area shall be used by public or private owners or occupants of all lands, buildings, and premises within said area, and a unit of local government may, by ordinance, require that all solid waste generated within said area and placed in the waste stream for disposal, shall be delivered to the permitted solid waste management facility or facilities serving such geo-graphic area. Actions taken pursuant to this Article shall be deemed to be acts of the sovereign power of the State of North Carolina, and to the extent reasonably necessary to achieve the purposes of this section, a unit of local government may displace competition with public service for solid waste management and disposal. It is further determined and declared that no person, firm, corporation, association or entity within said geographic area shall engage in any activities which would be competitive with this purpose or with ordinances, rules or regulations adopted pursuant to the authority granted herein. (1969, c. 899; 1973, c. 476, s. 128; 1975, c. 311, s. 3; 1977, 2nd Sess., c. 1216; 1983, c. 795, ss. 2, 8.1; c. 891, s. 2.)

Editor's Note. — Session Laws 1983, c. 795, s. 8.1, provides that the amendments made by s. 2 of the act to repealed § 130-166.17 effective July 18, 1983, are made to § 130A-291 effective January 1, 1984. Section 2 of c. 795 rewrote the

section as enaced by Session Laws 1983, c. 891, s. 2. The section is set out as rewritten by c. 795. Session Laws 1983, c. 795, s. 8, contains a severability clause.

§ 130A-292. Conveyance of land used for hazardous waste landfill facility to the State.

(a) No land may be used for a commercial hazardous waste landfill facility until fee simple title to the land has been conveyed to this State. In consideration for the conveyance, the State shall enter into a lease agreement with the grantor for a term equal to the estimated life of the facility in which the State will be the lessor and the grantor the lessee. The lease agreement shall specify that for an annual rent of fifty dollars (\$50.00), the lessee shall be allowed to use the land for the development and operation of a hazardous waste landfill facility. The lease agreement shall provide that the lessor or any person authorized by the lessor shall at all times have the right to enter without a search warrant or permission of the lessee upon any and all parts of the premises for monitoring, inspection and all other purposes necessary to

carry out the provisions of this Article. The lessee shall remain fully liable for all damages, losses, personal injury or property damage which may result or arise out of the lessee's operation of the facility, and for compliance with regulatory requirements concerning insurance, bonding for closure and post-closure costs, monitoring and other financial or health and safety requirements as required by applicable law and rules. The State, as lessor, shall be immune from liability except as otherwise provided by statute. The lease shall be transferable with the written consent of the lessor and the consent will not be unreasonably withheld. In the case of a transfer of the lease, the transferee shall be subject to all terms and conditions that the State deems necessary to ensure compliance with applicable laws and rules. If the lessee or any successor in interest fails in any material respect to comply with any applicable law, rule or permit condition, or with any term or condition of the lease, the State may terminate the lease after giving the lessee written notice specifically describing the failure to comply and upon providing the lessee a reasonable time to comply. If the lessee does not effect compliance within the reasonable time allowed, the State may reenter and take possession of the premises.

(b) Notwithstanding the termination of the lease by either the lessee or the lessor for any reason, the lessee shall remain liable for, and be obligated to perform, all acts necessary or required by law, rule, permit condition or the lease for the permanent closure of the site until the site has either been permanently closed or until a substituted operator has been secured and has assumed

the obligations of the lessee.

(c) In the event of changes in laws or rules applicable to the facility which make continued operation by the lessee impossible or economically infeasible, the lessee shall have the right to terminate the lease upon giving the State reasonable notice of not less than six months, in which case the lessor shall

have the right to secure a substitute lessee and operator.

(d) In the event of termination of the lease by the lessor as provided in subsection (a) of this section, or by the lessee as provided in subsection (c) of this section, the lessee shall be paid the fair market value of any improvements made to the leased premises less the costs to the lessor resulting from termination of the lease and securing a substitute lessee and operator. However, the lessor shall have no obligation to secure a substitute lessee or operator and may require the lessee to permanently close the facility. (1981, c. 704, s. 5; 1983, c. 891, s. 2.)

§ 130A-293. Local ordinances prohibiting hazardous waste facilities invalid; petition to establish facility.

(a) Notwithstanding any authority granted to counties, municipalities or other local authorities to adopt local ordinances, including those regulating land use, any local ordinance which prohibits or has the effect of prohibiting the establishment or operation of a hazardous waste facility or a hazardous waste landfill facility which the Governor's Waste Management Board and the Governor have approved pursuant to subsections (b) and (c) of this section, shall be invalid only to the extent necessary to effectuate the purposes of this Article. For the purpose of this section, the Governor's Waste Management Board shall include, in addition to the members enumerated in G.S. 143B-216.12(a), two members appointed by the local governing body: (1) of the city in which the proposed site is located (if the proposed site is outside city limits). The terms of the members appointed by the local governing body shall end upon the final determination made by the Governor under this section.

(b) When a hazardous waste facility would be prevented from construction or operation by a county, municipal or other local ordinance(s), the developer

or operator of the facility may petition the Governor's Waste Management Board to review the matter. After receipt of a petition, the Board shall hold a hearing in accordance with the procedures in subsection (c) of this section and shall recommend that the Governor either approve or disapprove the establishment and operation of the facility. After receiving a written recommendation from the Board, if the Governor makes the four findings set forth in subsection (c) of this section, the Governor shall approve the establishment or operation of the facility. If the Governor does not make all of the four findings set forth in subsection (c) of this section, the Governor shall disapprove the establishment or operation of the facility. The Governor shall affirm or disaffirm the findings of the Board and may make additional findings. The decision of the Governor shall be final unless a party to the action shall, pursuant to G.S. 7A-29, file a written appeal within 30 days of the date of the decision. The record on appeal shall include all materials and information submitted to or considered by the Governor in accordance with subsection (c) of this section. The scope of judicial review shall be limited to questions of abuse of discretion.

(c) When a petition as described in subsection (b) of this section has been filed with the Governor's Waste Management Board, the Board shall hold a public hearing to consider the petition. The hearing shall be held in the affected locality in accordance with Article 2 of Chapter 150A of the General Statutes within a reasonable time after receipt of the petition by the Board. The Board shall publish notice of the hearing twice a week for two successive weeks in a newspaper of general circulation in the county where the proposed site is located. The final notice shall appear at least 15 days, but not more than 25 days, before the hearing date. Any interested persons may appear before the Board at the hearing to offer testimony. In addition to testimony before the Board, an interested person may submit written material to the Board for its consideration. No later than 60 days after the hearing, the Board shall present its written recommendation to the Governor to approve or disapprove the facility. Before recommending that the Governor approve the facility, the

Board must make the following findings:

(1) That the proposed facility is needed in order to establish adequate capability for the management of hazardous waste generated in this State and serves the interest of the citizens of the State as a whole;

(2) That all legally required State and federal permits or approvals have

been issued by the appropriate State and federal agencies;

(3) That local citizens and elected officials have had adequate opportunity

to participate in the siting process; and

(4) That the construction and operation of the facility will not pose an unreasonable health or environmental risk to the surrounding locality and that the facility developer or operator has taken or consented to take any reasonable measures to avoid or manage foreseeable risks and to comply to the maximum feasible extent with applicable ordinance(s).

The Board's written recommendation shall include a complete transcript of the hearing, all written material presented to the Board regarding the site location and the specific findings required in this subsection and any minority positions on the recommendation and the specific findings required in this subsection. The Governor shall issue a decision within a reasonable time following receipt of the recommendation from the Board and may consider any additional relevant information. The Governor's decision shall be in writing and shall identify the material submitted by the Board plus any additional materials used in arriving at the decision.

(d) The provisions of this section shall not apply to the siting of a hazardous waste landfill facility until the rules for the operation of the facilities have been adopted by the appropriate State agencies. (1981, c. 704, s. 5; 1983, c. 891, s.

OPINIONS OF ATTORNEY GENERAL

A city or county cannot enact an ordinance which prohibits the establishment of a hazardous waste facility within its city or county limits. — See opinion of Attorney General to O.W. Strickland,

Head, Solid & Hazardous Waste Management Branch, Environmental Health Section, 49 N.C.A.G. 178 (1980), rendered under former § 130-166.16 et seq.

§ 130A-294. Solid waste management program.

(a) The Department is authorized and directed to engage in research, conduct investigations and surveys, make inspections and establish a statewide solid waste management program. In establishing a program, the Department shall have authority to:

(1) Develop a comprehensive program for implementation of safe and sani-

tary practices for management of solid waste;

(2) Advise, consult, cooperate and contract with other State agencies, units of local government, the federal government, industries and individuals in the formulation and carrying out of a solid waste

management program;

(3) Develop amd adopt rules to establish standards for qualification as a waste "recycling, reduction or resource recovering facility" or as waste "recycling, reduction or resource recovering equipment" for the purpose of special tax classifications or treatment, and to certify as qualifying those applicants which meet the established standards. The standards shall be developed to qualify only those facilities and equipment exclusively used in the actual waste recycling, reduction or resource recovering process and shall exclude any incidental or sup-

portive facilities and equipment;

(4) Develop a permit system governing the establishment and operation of solid waste management facilities. No permit shall be granted for a solid waste management facility having discharges which are point sources until the Department has referred the complete plans and specifications to the Environmental Management Commission and has received advice in writing that the plans and specifications are approved in accordance with the provisions of G.S. 143-215.1. In any case where the Department denies a permit for a solid waste management facility, it shall state in writing the reason for denial and shall also state its estimate of the changes in the applicant's proposed activities or plans which will be required for the applicant to obtain a permit;

(5) Repealed by Session Laws 1983, c. 795, s. 3.

(5a) Designate a geographic area within which the collection, transportation, storage and disposal of all solid waste generated within said area shall be accomplished in accordance with a solid waste management plan. Such designation may be made only after the Department has received a request from the unit or units of local government having jurisdiction within said geographic area that such designation be made and after receipt by the Department of a solid waste management plan which shall include:

a. The existing and projected population for such area;

b. The quantities of solid waste generated and estimated to be generated in such area;

c. The availability of sanitary landfill sites and the environmental impact of continued landfill of solid waste on surface and subsurface waters;

- d. The method of solid waste disposal to be utilized and the energy or material which shall be recovered from the waste; and
- e. Such other data that the Department may reasonably require.
- (5b) Authorize units of local government to require by ordinance, that all solid waste generated within the designated geographic area that is placed in the waste stream for disposal be collected, transported, stored and disposed of at a permitted solid waste management facility or facilities serving such area. The provisions of such ordinance shall not be construed to prohibit the source separation of materials from solid waste prior to collection of such solid waste for disposal, or prohibit collectors of solid waste from recycling materials or limit access to such materials as an incident to collection of such solid waste; provided such prohibitions do not authorize the construction and operation of a resource recovery facility unless specifically permitted pursuant to an appproved solid waste management plan. If a private solid waste landfill shall be substantially affected by such ordinance then the unit of local government adopting the ordinance shall be required to give the operator of the affected landfill at least two years written notice prior to the effective date of the proposed ordinance.

(5c) Except for the authority to designate a geographic area to be serviced by a solid waste management facility, delegate authority and responsibility to units of local government to perform all or a portion of a solid waste management program within the jurisdictional area of the unit of local government; provided that no authority over or control of the operations or properties of one local government shall be delegated

to any other local government.

(5d) Require that an annual report of the implementation of the solid waste management plan within the designated geographic area be

filed with the Department.

(6) The Department is authorized to charge and collect fees from operators of hazardous waste landfill facilities. The fees shall be used to establish a fund sufficient for each individual facility to defray the anticipated costs to the State for monitoring and care of the facility after the termination of the period during which the facility operator is required by applicable State and federal statutes, regulations or rules to remain responsible for post-closure monitoring and care. In establishing the fees, consideration shall be given to the size of the facility, the nature of the hazardous waste and the projected life of the facility.

(b) The Commission shall adopt and the Department shall enforce rules for the establishment, location, operation, maintenance, use and discontinuance of solid waste management sites and facilities. These rules shall be designed to accomplish the maintenance of safe and sanitary conditions in and around solid waste management sites and facilities, and shall be based on recognized public health practices and procedures, sanitary engineering research and studies, and current technological development in equipment and methods. The rules shall not apply to the management of solid waste that is generated by an individual or individual family or household unit on the individual's property and is disposed of on the individual's property.

(c) The Commission shall adopt and the Department shall enforce rules concerning the management of hazardous waste. These rules shall establish a complete and integrated regulatory scheme in the area of hazardous waste

management and shall provide for:

(1) Establishing criteria for hazardous waste, identifying the characteristics of hazardous waste and listing particular hazardous waste;

(2) Record-keeping and reporting by generators and transporters of hazardous waste and owners and operators of hazardous waste facilities;

(3) Proper labeling of hazardous waste containers;

(4) Use of appropriate containers for hazardous waste;

(5) A manifest system to assure that all hazardous waste is designated for treatment, storage or disposal at a hazardous waste facility to which a permit has been issued;

(6) Proper transportation of hazardous waste;

(7) Treatment, storage and disposal standards of performance and

techniques to be used by hazardous waste facilities;

(8) Location, design, ownership and construction of hazardous waste facilities; provided, however, that no hazardous waste landfill facility or polychlorinated biphenyl landfill facility shall be located within 25 miles of any other hazardous waste landfill facility or polychlorinated biphenyl landfill facility;

(9) Plans to minimize unanticipated damage from treatment, storage or disposal of hazardous waste; and a plan or plans providing for the establishment and/or operation of one or more hazardous waste facilities in the absence of adequate approved hazardous waste facilities established or operated by any person within the State;

- facilities established or operated by any person within the State;
 (10) Proper maintenance and operation of hazardous waste facilities, including requirements for ownership by any person or the State, financial responsibility (including requirements for sufficient availability of funds for facility closure and post-closure monitoring and corrective measures), training of personnel, continuity of operation and procedures for establishing and maintaining hazardous waste facilities;
- (11) Monitoring by owners or operators of hazardous waste facilities;

(12) Inspection or copying of records required to be kept;

(13) Obtaining and analyzing hazardous waste samples and samples of hazardous waste containers and labels from generators and transporters and from owners and operators of hazardous waste facilities;

(14) A permit system governing the establishment and operation of haz-

ardous waste facilities; and

(15) Additional requirements as necessary for the effective management

of hazardous waste.

(16) The operator of the hazardous waste landfill facility shall maintain adequate insurance to cover foreseeable claims arising from the operation of the facility. The Board shall determine what constitutes an adequate amount of insurance.

(17) The bottom of a hazardous waste landfill facility shall be at least 10 feet above the seasonal high water table and more when necessary to

protect the public health and the environment.

(18) The operator of a hazardous waste landfill facility shall make monthly reports to the Governor's Waste Management Board and to the board of county commissioners of the county in which the facility is located on the kinds and amounts of hazardous wastes in the facility.

(d) The Commission is authorized to adopt and the Department is authorized to enforce rules where appropriate for public participation in the consideration, development, revision, implementation and enforcement of any permit rule, guideline, information or program under this Article. Such rules shall not limit in any way the rights of aggrieved parties to judicial review of decisions regarding permits as provided for by Article 4 of Chapter 150A of the General Statutes. For the purposes of such judicial review of permit decisions, "aggrieved persons" shall include, but not be limited to, organizations with members residing in the county where the permitted activity is to take place, and organizations whose members regularly use the area of the permitted activity for recreational purposes.

(e) The rules adopted under this section shall be no less stringent than the most recent regulations adopted under the federal act and may be amended.

(f) Within five days of receiving an application for a permit or for an amendment to an existing permit for a hazardous waste facility, the Department shall notify the clerk to the county board of commissioners or, if the facility is located within a city, the city clerk where the facility is proposed to be located. Prior to the issuance of a permit or an amendment of an existing permit for a hazardous waste facility, the Department shall issue public notice and conduct a public hearing in any county in which a hazardous waste facility is to be located. Notice and public hearings shall be in accordance with the appropriate federal regulations adopted pursuant to the federal act and with Chapter 150A of the General Statutes. Where the provisions of the federal regulations and Chapter 150A of the General Statutes are inconsistent, the federal regulations shall apply. (1969, c. 899; 1973, c. 476, s. 128; 1975, c. 311, s. 4; c. 764, s. 1; 1977, c. 123; 1977, 2nd Sess., c. 1216; 1979, c. 464, s. 2; c. 694, s. 2; 1981, c. 704, s. 6; 1983, c. 795, ss. 3, 8.1; c. 891, s. 2.)

Editor's Note. — Session Laws 1983, c. 795, s. 8.1, provides that the amendments made by s. 3 of the act to repealed § 130-166.18 effective July 18, 1983, are made to § 130A-294 effective January 1, 1984. Section 3 of the act deleted

subdivision (5) of subsection (a) and inserted subdivisions (5a), (5b), (5c), and (5d).

Session Laws 1983, c. 795, s. 8, contains a severability clause.

§ 130A-295. Additional requirements for hazardous waste facilities.

An applicant for a permit for a hazardous waste facility shall satisfy the Department that:

(1) Any hazardous waste facility constructed or operated by the applicant, or any parent or subsidiary corporation if the applicant is a corporation, has been operated in accordance, with sound waste management practices and in substantial compliance with federal and State laws, regulations and rules; and

(2) The applicant, or any parent or subsidiary corporation if the applicant is a corporation, is financially qualified to operate the proposed haz-

ardous waste facility. (1981, c. 704, s. 7; 1983, c. 891, s. 2.)

§ 130A-296. Limitations on powers of local governments.

It is the intent of the General Assembly to prescribe a uniform system for the management of hazardous waste and to place limitations upon the exercise by all units of local government in the State of the power to regulate the management of hazardous waste by means of special, local, or private acts or resolutions, ordinances, property restrictions, zoning regulations, or otherwise, as provided in G.S. 143B-216.10(b). (1981, c. 704, s. 24; 1983, c. 891, s. 2.)

§ 130A-297. Receipt and distribution of funds.

The Department may accept loans and grants from the federal government and other sources for carrying out the purposes of this Article, and shall adopt reasonable policies governing the administration and distribution of funds to units of local government, other State agencies, and private agencies, institutions or individuals for studies, investigations, demonstrations, surveys, planning, training, and construction or establishment of solid waste management facilities. (1969, c. 899; 1973, c. 476, s. 128; 1977, 2nd Sess., c. 1216; 1983, c. 1891, s. 2.)

§ 130A-298. Hazardous waste fund.

A nonreverting hazardous waste fund is established within the Department which shall be available to defray the cost to the State for monitoring and care of hazardous waste landfill facilities after the termination of the period during which the facility operator is required by applicable State and federal statutes, rules or regulations to remain responsible for post-closure monitoring and care. The establishment of this fund shall in no way be construed to relieve or reduce the liability of facility operators or any persons for damages caused by the facility. The fund shall be maintained by fees collected pursuant to the provisions of G.S. 130A-294(a)(6), (1981, c. 704, s. 7; 1983, c. 891, s. 2.)

§ 130A-299. Single agency designation.

The Department is designated as the single State agency for purposes of the federal act or any State or federal legislation enacted to promote the proper management of solid waste. (1969, c. 899; 1973, c. 476, s. 128; 1977, 2nd Sess., c. 1216; 1983, c. 891, s. 2.)

§ 130A-300. Effect on laws applicable to water pollution control.

This Article shall not be construed as amending, repealing or in any manner abridging or interfering with those sections of the General Statutes of North Carolina relative to the control of water pollution as now administered by the Environmental Management Commission nor shall the provisions of this Article be construed as being applicable to or in any way affecting the authority of the Environmental Management Commission to control the discharges of wastes to the waters of the State as provided in Articles 21 and 21A, Chapter 143 of the General Statutes. (1977, 2nd Sess., c. 1216; 1983, c. 891, s. 2.)

§ 130A-301. Recordation of permits for disposal of waste on land.

- (a) Whenever the Department approves a permit for a sanitary landfill or a facility for the disposal of hazardous waste on land, the owner of the facility shall be granted both an original permit and a copy certified by the Secretary. The permit shall include a legal description of the site that would be sufficient as a description in an instrument of conveyance.
- (b) The owner of a facility granted a permit for a sanitary landfill or a facility for the disposal of hazardous waste on land shall file the certified copy of the permit in the register of deeds' office in the county or counties in which the land is located.
- (c) The register of deeds shall record the certified copy of the permit and index it in the grantor index under the name of the owner of the land.
- (d) The permit shall not be effective unless the certified copy is filed as required under subsection (b).
- (e) When a sanitary landfill or a facility for the disposal of hazardous waste on land is sold, leased, conveyed or transferred, the deed or other instrument of transfer shall contain in the description section in no smaller type than that used in the body of the deed or instrument a statement that the property has been used as a sanitary landfill or a disposal site for hazardous waste and a reference by book and page to the recordation of the permit. (1973, c. 444; c. 476, s. 128; 1977, 2nd Sess., c. 1216; 1981, c. 480, s. 3; 1983, c. 891, s. 2.)

§ 130A-302. Sludge deposits at sanitary landfills.

Sludges generated by the treatment of wastewater discharges which are point sources subject to permits granted under Section 402 of the Federal Water Pollution Control Act, as amended (P.L. 92-500), or permits generated under G. S. 143-215.1 by the Environmental Management Commission shall not be deposited in or on a sanitary landfill permitted under this Article unless in a compliance with the rules concerning solid waste adopted under this Article. (1977, 2nd Sess., c. 1216; 1983, c. 891, s. 2.)

§ 130A-303. Imminent hazard.

(a) The judgement of the Secretary that an imminent hazard exists concerning solid waste shall be supported by findings of fact made by the Secre-

tary.

(b) In order to eliminate an imminent hazard, the Secretary may, without notice or hearing, issue an order requiring that immediate action be taken to protect the public health or the environment. This order may be directed to a generator or transporter of solid waste or to the owner or operator of a solid waste management facility. (1977, 2nd Sess., c. 1216; 1981, c. 704, s. 7; 1983, c. 891, s. 2.)

§ 130A-304. Information received pursuant to this Article.

(a) For the purposes of this Article, upon a showing satisfactory to the Department by a person that all or any part of records, reports or information to which the Department has access under G.S. 130A-16, would divulge information entitled to protection under subsection (b), the Department shall consider the information confidential in accordance with the purposes of that subsection, except that the record, report or information may be disclosed to other officers, employees or authorized representatives of the Department concerned with carrying out this Article or when relevant in any proceeding under

this Article.

(b) For the purposes of this Article, if an officer or employee of the Department publishes, divulges, discloses or makes known in any manner or to any extent not authorized by law any information revealed in the course of employment or official duties or by reason of examination or investigation made by, or return, report or record made to or filed with the Department which information concerns or relates to the trade secrets, processes, operations, style of work, or apparatus, or to the identity, confidential statistical data, amount or source of any income, profits, losses, or expenditures of any person, firm, partnership, corporation, or association; or permits any income return or copy or any book containing any abstract or its particulars to be seen or examined by any person except as provided in subsection (a) shall be guilty of a misdemeanor and fined not more than five hundred dollars (\$500.00) or imprisoned not more than two years or both; and shall be removed from office or employment. (1977, 2nd Sess., c. 1216; 1983, c. 891, s. 2.)

§ 130A-305. Construction.

This Article shall be interpreted as enabling the State to obtain federal financial assistance in carrying out its solid waste management program and to obtain the authority needed to assume primary enforcement responsibility for that portion of the solid waste management program concerning the management of hazardous waste. § 130A-314. Scope of the Article.

(a) The provisions of this Article shall apply to each public water system in the State unless the public water system meets all of the following conditions:

(1) Consists only of distribution and storage facilities and does not have

any collection and treatment facilities;

(2) Obtains all of its water from, but is not owned or operated by, a public water system to which the drinking water rules apply;

(b) A provision of any charter granted to a public water system in conflict with the provisions of this Article is repealed. (1979, c. 788, s. 1; 1983, c. 891,

130A-315. Drinking water rules.

(a) The Commission shall adopt and the Secretary shall enforce drinking water rules to regulate public water systems. The rules may distinguish between community water systems and noncommunity water systems.

(b) The rules shall:

(1) Specify contaminants which may have an adverse effect on the public health;

(2) Specify for each contaminant either:

a. A maximum contaminant level which is acceptable in water for human consumption, if it is feasible to establish the level of the

contaminant in water in public water systems; or

b. One or more treatment techniques which lead to a reduction in the level of contaminants sufficient to protect the public health, if it is not feasible to establish the level of the contaminants in water in a public water system; and

(3) Establish criteria and procedures to assure a supply of drinking water which dependably complies with maximum contaminant levels and treatment techniques as determined in paragraph (2) of this subsection. These rules may provide for:

a. The minimum quality of raw water which may be taken into a

public water system;

b. A program of laboratory certification;

c. Monitoring and analysis;

d. Record-keeping and reporting;

e. Notice of noncompliance, failure to perform monitoring, variances and exemptions;

f. Inspection of public water systems; inspection of records required to be kept; and the taking of samples;

g. Criteria for design and construction of new or modified public water

systems:

h. Review and approval of design and construction of new or modified public water systems;

i. Siting of new public water system facilities;

j. Variances and exemptions from the drinking water rules; and

k. Additional criteria and procedures as may be required to carry out the purpose of this Article.

(c) The drinking water rules may be amended as necessary in accordance with required federal regulations. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

130A-316. Department to examine waters.

The Department shall examine all waters and their sources and surroundings which are used as, or proposed to be used as, sources of public water supply to determine whether the waters and their sources are suitable for use as public water supply sources. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

§ 130A-317. Department to provide advice; submission and approval of public water system plans.

(a) The Department shall advise all persons and units of local government locating, constructing, altering or operating or intending to locate, construct, alter or operate a public water system of the most appropriate source of water supply and the best practical method of purifying water from that source having regard to the present and prospective needs and interests of other persons and units of local government which may be affected. The Department shall also advise concerning accepted engineering practices in the location, construction, alteration and operation of public water systems.

(b) All persons and units of local government constructing or altering a public water system shall give prior notice and submit plans, specifications and other information to the Department. The Commission shall adopt rules providing for the amount of prior notice required to be given and the nature and detail of the plans, specifications and other information required to be submitted. The Commission shall take into consideration the complexity of the construction or alteration which may be involved and the resources of the Department to review the plans, specifications and other information. The Department shall review the plans, specifications and other information, and notify the person, Utilities Commission and unit of local government of compliance or lack of compliance with applicable statutes and rules of the Commis-

(c) No person or unit of local government shall begin construction or alteration of a public water system or award a contract for construction or alteration

unless:

(1) The plans for construction or alteration have been prepared by an engineer licensed by this State;

(2) The Department has determined that the system, as constructed or altered, will be capable of compliance with the drinking water rules;

(3) The Department has determined that the system is capable of interconnection at an appropriate time with an expanding municipal, county or regional system;

(4) The Department has determined that adequate arrangements have been made for the continued operation, service and maintenance of the

public water system; and

(5) The Department has approved the plans and specifications. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

§ 130A-318. Disinfection of public water systems.

(a) The Department is authorized to require disinfection of:

(1) Public water systems introduced on or after January 1, 1972; and
(2) All public water systems, regardless of the date introduced, whenever:
a. The maximum microbiological contaminant level is exceeded; or

b. Conditions exist which make continued use of the water potentially hazardous to public health.

(b) Public water systems shall employ disinfection methods and procedures approved by the Department. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

§ 130A-319. Condemnation of lands for public water systems.

All units of local government operating public water systems and all water companies operating under franchise from the State or units of local government, may acquire by condemnation lands and rights in lands and water necessary for the successful operation and protection of their systems. Condemnation proceedings under this section shall be the same as prescribed by law under Chapter 40A of the General Statutes. (1979, c. 788, s. 1; 1981, c. 919, s. 14; 1983, c. 891, s. 2.)

§ 130A-320. Sanitation of watersheds; rules; inspections.

(a) The Commission shall adopt rules governing the sanitation of watersheds from which public drinking water supplies are obtained. In adopting these rules the Commission is authorized to consider the different classes of watersheds, taking into account general topography, nature of watershed development, density of population and need for frequency of sampling of raw water. The rules shall govern the keeping of livestock, operation of recreational areas, maintenance of residences and places of business, disposal of sewage, establishment of cemeteries or burying grounds, and any other factors which would endanger the public water supply.

(b) Any person operating a public water system and furnishing water from unfiltered surface supplies shall inspect the watershed area at least quarterly, and more often when the Department determines that more frequent inspec-

tions are necessary. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

§ 130A-321. Variances and exemptions; considerations; duration; condition; notice and hearing.

(a) The Secretary may authorize variances from the drinking water rules.(1) The Secretary may grant one or more variances to a public water system from any requirement respecting a maximum contaminant

level of an applicable drinking water rule upon a finding that:

a. Because of characteristics of the raw water sources reasonably available to the system, the system cannot meet the requirements respecting the maximum contaminant levels of the drinking water rules despite application of the best technology, treatment techniques or other means which the Secretary finds are generally available (taking costs into consideration); and

b. The granting of a variance will not result in an unreasonable risk to public health when considering the population exposed, the projected duration of the requested variance and the degree to which the maximum contaminant level is being or will be exceeded.

(2) The Secretary may grant one or more variances to a public water system from any requirement of a specified treatment technique of an applicable drinking water rule upon a finding that the public water system applying for the variance has demonstrated that the treatment technique is not necessary to protect the public health because of the nature of the raw water source of the system.

(3) In consideration of whether the public water system is unable to comply with a contaminant level required by the drinking water rules because of the nature of the raw water sources, the Secretary shall

consider factors such as:

a. The availability and effectiveness of treatment methods for the contaminant for which the variance is requested; and

b. Costs of implementing the best treatment(s), improving the quality of the raw water by the best means or using an alternate source.

(4) In consideration of whether a public water system should be granted a variance from a required treatment technique because the treatment is unnecessary to protect the public health, the Secretary shall consider factors such as:

a. Quality of the water source including water quality data and

pertinent sources of pollution; and

b. Source protection measures employed by the public water system.
(b) The Secretary may authorize exemptions from the drinking water rules.

(1) The Secretary may exempt a public water system from any requirement respecting a maximum contaminant level or any treatment technique requirement, or from both, of an applicable drinking water rule upon a finding that:

a. Due to compelling factors, including economic factors, the public water system is unable to comply with the contaminant level or

treatment technique requirement;

b. The public water system was in operation on the effective date of the contaminant level or treatment technique requirement or, for a system that was not in operation on that date, only if no reasonable alternative source of drinking water is available to the new system; and

c. The granting of the exemption will not result in an unreasonable risk to public health when considering the population exposed, the projected duration of the requested exemption and the degree to which the maximum contaminant level is being or will be

exceeded.

(2) In consideration of whether the public water system is unable to comply due to compelling factors, the Secretary shall consider factors such as:

 a. Construction, installation or modification of treatment equipment or systems;

b. The time needed to put into operation a new treatment facility to replace an existing system which is not in compliance; and

c. Economic feasibility of immediate compliance.

(c) As a condition of issuance of either a variance or an exemption, the Secretary shall require that the public water system adhere to a schedule of compliance, including increments of progress with each drinking water rule for which the variance or exemption was issued. As a further condition of the variance or exemption, the Secretary shall require implementation by the public water system of any necessary control measures prescribed by the Secretary during the period ending on the date of compliance with the requirement. The schedules of compliance must be prescribed within one year of the date the

variance or exemption has been granted. The compliance schedule for an exemption shall require compliance as expeditiously as practical but no later than January 1, 1984, for the initial drinking water rules, and no later than seven years after the date of revised drinking water regulations setting new maximum contaminant levels or treatment techniques. Compliance dates can be extended two years if the public water supply has entered into an enforceable agreement to become part of a regional water system.

(d) The Secretary shall provide notice and opportunity for public hearing on proposed variances and proposed variance and exemption schedules. (1979, c.

788, s. 1; 1981, c. 353, ss. 1, 2; 1983, c. 891, s. 2.)

§ 130A-322. Imminent hazard; power of the Secretary.

(a) The Secretary shall judge whether an imminent hazard exists concerning

a present or potential condition in a public water system.

(b) In order to eliminate an imminent hazard, the Secretary may, without notice or hearing, issue an order requiring the person or persons involved to immediately take action necessary to protect the public health. A copy of the order shall be delivered by certified mail or personal service. The order shall become effective immediately and shall remain in effect until modified or rescinded by the Secretary or by a court of competent jurisdiction. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

§ 130A-323. Emergency plan for drinking water; emergency circumstances defined.

(a) The Secretary shall develop and implement an adequate plan for the provision of drinking water under emergency circumstances. When the Secretary determines that emergency circumstances exist with respect to a need for drinking water, the Secretary may take action in accordance with the plan as necessary in order to provide drinking water.

(b) Emergency circumstances shall exist whenever the available supply of

drinking water is inadequate. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

§ 130A-324. Notice of noncompliance; failure to perform monitoring; variances and exemptions.

Whenever a public water system:

(1) Is not in compliance with the drinking water rules;

(2) Fails to perform an applicable testing procedure or monitoring required by the drinking water rules;

(3) Is subject to a variance granted for inability to meet a maximum

contaminant level requirement;

(4) Is subject to an exemption; or

(5) Fails to comply with the requirements prescribed by a variance or

exemption,

the supplier shall as soon as possible, but not later than 48 hours after discovery, notify the Department and give public notification as prescribed by the drinking water rules. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

§ 130A-325. Prohibited acts.

The following acts are prohibited:

(1) Failure by a supplier of water to comply with this Article, an order issued under this Article, or the drinking water rules;

(2) Failure by a supplier of water to comply with the requirements of G.S. 130A-324 or the dissemination by a supplier of any false or misleading

information with respect to remedial actions being undertaken to achieve compliance with the drinking water rules;

(3) Refusal by a supplier of water to allow the Department or local health department to inspect a public water system as provided for in G.S. 130A-16:

(4) The willful defiling by any person of any water supply of a public water system or the willful damaging of any pipe or other part of a public water system:

(5) The discharge by any person of sewage or other waste above the intake of a public water system, unless the sewage or waste has been passed through a system of purification approved by the Department and the Department of Natural Resources and Community Development; and

(6) The failure by a person to maintain a system approved by the Department for collecting and disposing of all accumulations of human excrement located on the watershed of a public water system. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

§ 130A-326. Powers of the Secretary.

To carry out the provisions of this Article, the Secretary is authorized to:

(1) Administer and enforce the provisions of this Article, the drinking

water rules and orders issued under this Article;

(2) Enter into agreements or cooperative arrangements with, or participate in related programs of other states, other state agencies, federal or interstate agencies, units of local government, educational institutions, local health departments or other organizations or individuals;

(3) Receive financial and technical assistance from the federal govern-

ment and other public or private agencies;

(4) Require public water systems to take actions or make modifications as necessary to comply with the requirements of this Article or the drinking water rules;

(5) Prescribe policies and procedures necessary or appropriate to carry out

the Secretary's function under this Article; and

(6) Establish and collect fees to recover the costs of laboratory analyses performed for compliance with this Article. The fees shall not exceed two hundred dollars (\$200.00) for each analysis. (1979, c. 788, s. 1; 1981, c. 562, s. 9; 1983, c. 891, s. 2.)

§ 130A-327. Construction.

This Article shall be interpreted as giving the State the authority needed to assume primary enforcement responsibility under the federal act. (1979, c. 788, s. 1; 1983, c. 891, s. 2.)

§§ 130A-328 to 130A-332: Reserved for future codification purposes.

ARTICLE 11.

Sanitary Sewage Systems.

§ 130A-333. Purpose.

The General Assembly finds and declares that continued installation, at a rapidly and constantly accelerating rate, of septic tank systems and other types of sanitary sewage systems in a faulty or improper manner and in areas where unsuitable soil and population density adversely affect the efficiency and

functioning of these systems, has a detrimental effect on the public health and environment through contamination of land, groundwater and surface waters. Recognizing, however, that sewage can be rendered ecologically safe and the public health protected if methods of sewage collection, treatment and disposal are properly regulated and recognizing that sanitary sewage collection, treatment and disposal will continue to be necessary to meet the needs of an expanding population, the General Assembly intends to ensure the regulation of sewage collection, treatment and disposal systems so that these systems may continue to be used, where appropriate, without jeopardizing the public health. (1973, c. 452, s. 3; 1981, c. 949, s. 3; 1983, c. 891, s. 2.)

§ 130A-334. Definitions.

The following definitions shall apply throughout this Article:

(1) "Construction" means any work at the site of placement done for the purpose of preparing a residence, place of business or place of public assembly for initial occupancy, or subsequent additions or modifica-

tions which increase sewage flow.

(2) "Land sales business" means a business engaged in sales of land where a sanitary sewage collection, treatment and disposal system may be required. This definition shall not include sales of land upon which any residence, place of business or place of public assembly is being or has been constructed and for which an improvement permit has been issued pursuant to G.S. 130A-336.

(3) "Location" means the initial placement for occupancy of a residence,

place of business or place of public assembly. "Mobile home dealer" means a person or firm offering mobile homes for sale or lease within the State.

"Mobile home sales lot" means a place where two or more mobile

homes are displayed and offered for sale or lease.

"Place of business" means a store, warehouse, manufacturing establishment, place of amusement or recreation, service station, office building or any other place where people work.
(7) "Place of public assembly" means a fairground, auditorium, stadium,

church, campground, theater or any other place where people

assemble.

(8) "Public or community sewage system" means a single system of sewage collection, treatment and disposal owned and operated by a sanitary district, a metropolitan sewage district, a water and sewer authority, a county or municipality or a public utility.

(9) "Relocation" means the displacement of a residence or place of business

from one site to another.

(10) "Residence" means a private home, dwelling unit in a multiple family structure, hotel, motel, summer camp, labor work camp, mobile home,

institution or any other place where people reside.
(11) "Sanitary sewage system" means a complete system of sewage collection, treatment and disposal including approved privies, septic tank systems, connection to public or community sewage systems, sewage reuse or recycle systems, mechanical or biological treatment systems, or other such systems.

(12) "Septic tank system" means a subsurface sanitary sewage system consisting of a settling tank and a subsurface disposal field.

(13) "Sewage" means the liquid and solid human body waste and liquid waste generated by water-using fixtures and appliances, including those associated with foodhandling. The term does not include industrial process wastewater or sewage that is combined with industrial process wastewater. (1973, c. 452, s. 4; 1981, c. 949, s. 3; 1983, c. 891,

§ 130A-335. Sanitary sewage collection, treatment and disposal; rules.

(a) A person owning or controlling a residence, place of business or a place of public assembly shall provide a sanitary sewage system. A sanitary sewage system may include components for collection, treatment and disposal of

sewage.

(b) Any public or community sanitary sewage system and any sanitary sewage system which is designed to discharge effluent to the land surface or surface waters shall be approved by the Department of Natural Resources and Community Development under rules adopted by the Environmental Management Commission. All other sanitary sewage systems shall be approved by the Department of Human Resources under rules adopted by the Commission for Health Services.

(c) A sanitary sewage system subject to approval under rules of the Commission shall be reviewed and approved under rules of a local board of health in

the following circumstances:

(1) The local board of health, on its own motion, has requested the Department to review its proposed rules concerning sanitary sewage sys-

tems; and

(2) The Department has found that the rules of the local board of health concerning sanitary sewage collection, treatment and disposal systems are at least as stringent as the Commission's rules, and are sufficient and necessary to safeguard the public health.

(d) The Department may, upon its own motion, upon the request of a local board of health or upon the request of a citizen of an affected county, review

its findings under subsection (c) of this section.

(e) The rules of the Commission and the rules of the local board of health shall address at least the following: Sewage characteristics; Design unit; Design capacity; Design volume; Criteria for the design, installation, operation, maintenance and performance of sanitary sewage collection, treatment and disposal systems; Soil morphology and drainage; Topography and landscape position; Depth to seasonally high water table, rock and water impeding formations; Proximity to water supply wells, shellfish waters, estuaries, marshes, wetlands, areas subject to frequent flooding, streams, lakes, swamps and other bodies of surface or groundwaters; Density of sanitary sewage collection, treatment and disposal systems in a geographical area; Requirements for issuance, suspension and revocation of permits; and Other factors which affect the effective operation and performance of sanitary sewage collection, treatment and disposal systems. The rules regarding required design capacity and required design volume for sanitary sewage systems shall provide that exceptions may be granted upon a showing that a system is adequate to meet actual daily water consumption.

(f) The rules of the Commission and the rules of the local board of health shall classify sanitary systems of sewage collection, treatment and disposal according to size, type of treatment and any other appropriate factors. The rules shall provide construction requirements, standards for operation and ownership requirements for each classification of sanitary systems of sewage collection, treatment and disposal in order to prevent, as far as reasonably possible, any contamination of the land, groundwater and surface waters. The Department and local health departments may impose conditions on the issuance of permits and may revoke the permits for failure of the system to satisfy the conditions, the rules or this Article. The permits shall be valid for a period prescribed by the rules and may be renewed upon a showing satisfactory to the Department or the local health department that the system is in compliance with the current rules and this Article. (1957, c. 1357, s. 1; 1973, c. 471, s. 1;

c. 476, s. 128; c. 860; 1977, c. 857, s. 1; 1979, c. 788, s. 2; 1981, c. 949, s. 3; c. 1127, s. 47; 1983, c. 891, s. 2.)

OPINIONS OF ATTORNEY GENERAL

Effect of Commission Rules on Local Rules. — The rules and regulations of a local board of health may permit the installation of a septic tank system or an alternative ground absorption sewage disposal system in soil classified as "unsuitable" if such installation will not have a detrimental effect on the public

health. However, after the effective date of the rules and regulations of the Commission for Health Services governing sewage disposal, the provisions of such rules may apply. See opinion of Attorney General to Mr. Howard B. Campbell, 23 July 1975, rendered under former § 130-166.25.

§ 130A-336. Improvement permit required.

(a) No person shall commence or assist in the construction, location or relocation of a residence, place of business or place of public assembly in an area not served by an approved sanitary sewage system unless an improvement permit is obtained from the local health department. This requirement shall not apply to a residence exhibited for sale or stored for later sale and

intended to be located at another site after sale.

(b) The local health department shall issue an improvement permit authorizing work to proceed and the installation or repair of a sanitary sewage system when it has determined after a field investigation that the system can be installed and operated in compliance with the rules and this Article. The Department and the local health department may impose conditions on the issuance of an improvement permit. (1973, c. 452, s. 5; c. 476, s. 128; 1981, c. 949, s. 3; 1983, c. 891, s. 2.)

OPINIONS OF ATTORNEY GENERAL

Mobile Home Placed on Lot for Storage or Sale or Occupied for Business Purposes.

— Former § 130-166.25 required any person who located, relocated or caused to be located or relocated any mobile home to first obtain an improvements permit and required a certificate of completion to be obtained before any person occupied a mobile home. The section did not require an improvements permit and a certif-

icate of completion before a mobile home was placed on a lot for storage and for sale or before a mobile home was occupied for business purposes. See opinion of Attorney General to Mr. Ben Eaton, Division of Health Services, Department of Human Resources, 43 N.C.A.G. 410 (1974), opinion rendered under former § 130-166.25.

§ 130A-337. Inspection; operation permit or certificate of completion required.

(a) No sanitary system of sewage collection, treatment and disposal shall be covered or placed into use by any person until an inspection by the local health department has determined that the system has been installed or repaired in accordance with any conditions of the improvement permit, the rules and this Article.

(b) Upon determining that the system is properly installed or repaired and that the system is capable of being operated in accordance with the conditions of the improvement permit, the rules, this Article and any conditions to be imposed in the operation permit, the local health department shall issue an operation permit authorizing the residence, place of business or place of public

assembly to be occupied and for the system to be placed into use. However, if the system is limited to a single septic tank system without a pump or other appurtenances serving a single one-family dwelling, then a certificate of completion shall be issued instead of an operation permit; also, if the system is limited to a single septic tank system without a pump or other appurtenances serving a single residence other than a one-family dwelling, or serving a place of business or a place of public assembly and having a design daily flow of not more than 480 gallons, then a certificate of completion shall be issued instead of an operation permit. A certificate of completion shall be issued when the septic tank system is properly installed or repaired and is capable of being operated in accordance with the conditions of the improvement permit, the rules and this Article.

(c) Upon determination that an existing sanitary sewage system has a valid operation permit or a valid certificate of completion and is operating properly in a mobile home park, the local health department shall issue authorization in writing for a mobile home to be connected to the existing system and to be occupied. Notwithstanding G.S. 130A-336, an improvement permit is not required for the connection of a mobile home to an existing system with a valid operation permit or a valid certificate of completion in a mobile home park.

(d) No person shall occupy a residence, place of business or place of public assembly, or place a sanitary sewage system into use or reuse for a residence, place of business or place of public assembly until an operation permit or a certificate of completion has been issued or authorization has been obtained pursuant to G.S. 130A-337(c). (1973, c. 452, s. 6; 1981, c. 949, s. 3; 1983, c. 891, s. 2.)

§ 130A-338. Improvement permit or authorization required before other permits to be issued.

Where construction, location or relocation is proposed to be done upon a residence, place of business or place of public assembly, no permit required for electrical, plumbing, heating, air conditioning or other construction, location or relocation activity under any provision of general or special law shall be issued until an improvement permit has been issued under G.S. 130A-336 or authorization has been obtained under G.S. 130A-337(c). (1973, c. 452, s. 7; 1981, c. 949, s. 3; 1983, c. 891, s. 2.)

§ 130A-339. Limitation on electrical service.

No person shall allow permanent electrical service to a residence, place of business or place of public assembly upon construction, location or relocation until the official electrical inspector with jurisdiction as provided in G.S. 143-143.2 certifies to the electrical supplier that the required improvement permit and an operation permit, a certificate of completion or authorization under G.S. 130A-337(c) has been obtained. Temporary electrical service necessary for constructing a residence, place of business or place of public assembly can be provided upon compliance with G.S. 130A-338. (1973, c. 452, s. 8; 1981, c. 949, s. 3; 1983, c. 891, s. 2.)

§§ 130A-340 to 130A-345: Reserved for future codification purposes.

ARTICLE 12.

Mosquito and Vector Control.

Part 1. Mosquito and Vector Control Program.

§ 130A-346. Mosquito and vector control program.

- (a) The Department shall establish and administer a vector control program to protect the public health and to promote an environment suitable for habitation. A vector is a living transporter and transmitter of the causative agent of a disease. The program shall address the problems presented by vectors and other arthropods and rodents of public health significance in this State, including, but not limited to, mosquitoes, ticks, rodents, fleas and flies. The Department is authorized to engage in research, conduct investigations and surveillance, implement a vector control program and take other actions necessary to control vectors.
- (b) The Commission shall adopt rules necessary to implement the program including rules for the control of vectors and other arthropods and rodents. (1957, c. 832, ss. 1, 2; 1973, c. 476, s. 128; 1983, c. 891, s. 2.)

§ 130A-347. Mosquito control funds.

Part 2. Mosquito Control Districts.

§ 130A-352. Creation and purpose of mosquito control districts.

§ 130A-353. Nature of district; procedure for forming districts.

(a) A mosquito control district shall be a body politic and corporate and a political subdivision of the State. A mosquito control district may sue and be

sued in its corporate name.

(b) If the proposed district lies wholly within a county, ten percent (10%) or more of the resident freeholders within the proposed district may petition the board of commissioners of the county in which the proposed district lies setting forth the boundaries of the district and a suggested name for the district. For the purposes of this Part, the term "freeholders" shall mean persons holding a deed to a tract of land within the district or proposed district, and also shall mean a person who has entered into a contract to purchase a tract of land within the district or proposed district, is making payments pursuant to a contract, and will receive a deed upon completion of the contractual payments. If the county board of commissioners considers the formation of the district to be in the interest of the public health, the board shall forward the petition to the Department. If the Department considers the formation of the district to be in the interest of the public health, the Department shall notify the county board of commissioners. Upon notification, the board shall give notice of a public hearing on the question of the formation of the district by advertising the time, place and purpose of the hearing once a week for four successive weeks prior to the hearing in a newspaper either published in the county or having a general circulation in the county. Upon determining that the district should be created and established, and prior to the submission of the question of the formation of the district to the voters of the proposed district, the county board of commissioners may determine the maximum amount of special tax to be levied for mosquito control purposes should the formation of the district be approved by the voters. In no event shall the maximum authorized levy exceed thirty-five cents (35¢) upon the one hundred dollar (\$100.00) assessed valuation. If the county board of commissioners determines that the maximum amount of special tax to be levied for mosquito control purposes is to be less than thirty-five cents (35¢) on the one hundred dollar (\$100.00) valuation, the maximum amount must appear on the ballot to be used by the voters on the question of the creation of the district.

(c) Prior to the election, the county board of commissioners may make minor deviations in defining the boundaries of the proposed district if: (1) the board determines that minor deviation from the boundaries described in the petition is in the interest of public health; and (2) ten percent (10%) of the resident freeholders within the revised boundaries have signed the petition proposing the creation of the district or additional resident freeholders within the revised boundaries of the proposed district sign the petition to bring the total number of petitioners within the proposed revised boundaries to not less than ten percent (10%) of the voters therein.

(d) The county board of commissioners shall request the county board of elections to hold the election and shall pay the expense of the election. The election shall be held in accordance with the applicable provisions of Chapter

The affirmative and negative forms shall be printed on one ballot and the voters shall make a mark of an "X" in one of the squares preceding the form.

(f) If a majority of the voters voting at the election vote in favor of creation of the district and the levy of the special tax, the county board of commissioners shall declare the district created and shall adopt a resolution to that effect.

(g) In the event the proposed mosquito control district shall embrace lands lying in two or more counties, the petition signed by the requisite number of resident freeholders within the proposed district shall be addressed to the Department. If the Department deems the formation of the proposed district to be in the interest of the public health, the Department shall hold public hearings within the proposed district after first giving notice of the time and place of the hearings by publication once a week for four successive weeks in a newspaper published or circulated in the proposed district. A public hearing shall be held in the courthouse of each of the counties in which any part of the proposed district is situated. After the hearing, if the Department deems the formation of the district to be in the interest of the public health, the Department shall order an election to be held upon the question of the formation of the district after first advertising the time of the election in the manner provided in subsection (d). At the request of the Commission, the county commissioners of the counties in which the proposed district lies shall request the

This subsection shall not apply to deaths occurring less than 24 hours after birth or to deaths of patients resulting only from natural disease and occurring in a licensed hospital unless the death falls within the jurisdiction of the medical examiner under G.S. 130A-383 or 130A-384. If the will is not probated, or if it is declared invalid for testamentary purposes, the gift, to the extent that it has been acted upon in good faith, is valid and effective.
- (b) A gift of all or part of the body under G.S. 130A-404(a) may also be made by a document other than a will. The gift becomes effective upon the death of the donor. The document, which may be a card designed to be carried on the individual, must be signed by the donor in the presence of two witnesses who must sign the document in the donor's presence. If the donor cannot sign, the document may be signed for the donor at the direction and in the presence of the donor and in the presence of two witnesses who must sign the document in the donor's presence. - (f) A gift by a person designated in G.S. 130A-404(b) shall be made by a document signed by the donor or made by the donor's telegraphic, recorded telephonic, or other recorded message. However, a guardian of the person of a ward who makes a gift of all or any part of the ward's body prior to the ward's death shall make the gift by a document signed by the guardian and filed with the clerk of court having jurisdiction over the guardian.
- (g) The making of a gift shall be deemed to include an authorization to the donee to review any medical records of the donor after the death of the donor. (1969, c. 84, s. 1; 1971, c. 873, s. 2; 1975, c. 32, s. 3; 1977, c. 166, s. 2; 1979, c. 525, s. 11; 1983, c. 891, s. 2.)

The will, card or other document or executed copy may be deposited in a hospital, bank or storage facility, or registry office that accepts it for safekeeping or for facilitation of procedures after death. On request of any interested party upon or after the donor's or ward's death, the person in possession shall produce the document for examination. - (3) A statement during a terminal illness or injury addressed to an attending physician and communicated to the donee; or

(4) A signed card or document found on the individual or in the individual's effects, and made known to the donee.

to the donee of a signed statement.

(c) Any document of gift which has not been delivered to the done may be revoked by the donor or guardian in the manner set out in subsection (a) or by destruction, cancellation or mutilation of the document and all executed copies.

If the gift is of a part of the body, the donee, upon the death of the donor or ward and prior to embalming, shall, within 24 hours, cause the part to be removed without unnecessary mutilation. After removal of the part, custody of the remainder of the body vests in the surviving spouse, next-of-kin or other persons under obligation to dispose of the body.

(b) The time of death shall be determined by a physician who attends the donor or ward at death, or, if none, the physician who certifies the death. The physician shall not participate in the procedures for removing or transplanting

a nart

The procurement, processing, distribution or use of whole blood, plasma, blood products, blood derivatives and other human tissues such as corneas, bones or organs for the purpose of injecting, transfusing or transplanting any of them into the human body is declared to be, for all purposes, the rendition of a service by every participating person or institution. Whether or not any remuneration is paid, the service is declared not to be a sale of whole blood, plasma, blood products, blood derivatives or other human tissues, for any purpose. No person or institution shall be liable in warranty, express or implied, for the procurement, processing, distribution or use of these items but nothing in this section shall alter or restrict the liability of a person or institution in negligence or tort in consequence of these services. § 130A-413. Coordinated human tissue donation program; legislative findings and purpose; program established.

- (a) The General Assembly finds that there is an increasing need for human tissues for transplantation purposes; that there is a continuing need for human tissues for the purposes of medical education and research; and that these needs are not being sufficiently filled at the present because of a shortage of human tissue donors. The General Assembly establishes a coordinated human tissue donation program to facilitate the acquisition and distribution of human tissues to promote the public health. For the purposes of this Part, the term "human tissue" includes cadavers.
- (b) The Department shall establish and administer a coordinated program among departments and agencies of the State and all groups, both public and private, involved in the acquisition and distribution of human tissue to:

(a) All officers, employees and agents of the State or of any unit of local government in the State; all undertakers doing business within the State; or any person having charge or control of an unclaimed body shall immediately notify and, upon the request of the Commission of Anatomy, deliver the dead body to the Commission of Anatomy. The Commission of Anatomy may take and remove the dead body. No reward or fee shall be paid for notifying the Commission of Anatomy. The person having charge or control of an unclaimed body shall make reasonable efforts to notify any interested person of the decedent's death. The recipient to which the Commission of Anatomy delivers the body shall pay all expenses for the embalming and delivery of the body, and

for the reasonable efforts made to notify the persons.

(b) For the purposes of this Part, an unclaimed body means a dead body which is not claimed for final disposition and which, as determined by the person having charge or control of the dead body, probably will not be claimed for final disposition within 10 days of the deceased's death. The unclaimed body shall remain in the charge or control of the person for a period of 10 days unless the period is shortened by the county director of social services upon determination that the dead body will not be claimed for final disposition within 10 days of the decedent's death. Upon expiration of the period, the person having charge or control of the unclaimed body will deliver it to the Commission of Anatomy at a time and place specified by the Commission of Anatomy or

permit the Commission of Anatomy to take and remove the body.

(c) All dead bodies not claimed for final disposition within 10 days of the decedent's death may be received and delivered by the Commission of Anatomy pursuant to the authority contained in G.S. 143B-204 and this Part and in accordance with its rules. All interests in and rights to dead bodies unclaimed for final disposition within 10 days of the decedent's death and received by the

Commission of Anatomy shall vest in the Commission of Anatomy.

(d) No autopsy shall be performed on an unclaimed body without the written consent of the Commission of Anatomy except that written consent is not required for an autopsy performed pursuant to Part 2 of this Article.

(e) Due caution shall be taken to shield the unclaimed body from public

view.

- (f) Notwithstanding anything contained in this section, an unclaimed body shall not mean a dead body for which the deceased has made a gift pursuant to Part 3 of this Article.
- (g) Nothing in this Part shall require the officers, employees or agents of a county to notify the Commission of Anatomy regarding the bodies of minors who were in the custody of the county at the time of death and whose final disposition will be arranged by the county. In the absence of notification, the expenses of the final disposition shall be a charge upon the county having custody.

(h) The provisions of this Part shall not apply to bodies within the jurisdiction of the medical examiner under G.S. 130A-383 or 130A-384. (1975, c. 694,

s. 3; 1977, s. 458; 1983, c. 891, s. 2.)

§ 130A-416. Commission of Anatomy rules.

The Commission of Anatomy is authorized to adopt rules necessary to implement the provisions of this Part. (1983, c. 891, s. 2.)

Part 6. Final Disposition or Transportation of Deceased Migrant Agricultural Workers and Their Dependents.

§ 130A-417. Definitions.

The following definitions shall apply throughout this Part:

(1) "Dependent" means child, grandchild, spouse or parent of a migrant agricultural worker who moves with the migrant agricultural worker in response to the demand for seasonal agricultural labor.

(2) "Migrant agricultural worker" means a worker who moves in response to the demand for seasonal agricultural labor. (1983, c. 891, s. 2.)

§ 130A-418. Deceased migrant agricultural workers and their dependents.

- (a) Notwithstanding any other provisions of law, a person having knowledge of the death of a migrant agricultural worker or a worker's dependent shall without delay report the death to the department of social services in the county in which the body is located together with any information regarding the deceased including identity, place of employment, permanent residence, and the name, address and telephone number of any relative and any interested person. The county department of social services shall, within a reasonable time of receiving this report, transmit to the Department notice of the death and information received upon notification. The Department shall make reasonable effort to inform the next-of-kin and any interested person of the death.
- (b) If the identity of the person cannot be determined within a reasonable period of time, or if the body is unclaimed 10 days after death, the body shall be offered to the Commission of Anatomy and, upon its request, shall be delivered to the Commission of Anatomy. If the Commission of Anatomy does not request an unclaimed body offered it or the estate, and if the relatives or other interested persons claiming the body are unable to provide for the final

disposition of the migrant agricultural worker or dependent, the Department is authorized and directed to arrange for the final disposition of the decedent.

(c) If the estate, relatives or interested persons are able to provide for final disposition but are unable to effect the transportation of the decedent to the decedent's legal residence or the legal residence of the relatives or interested persons, the Department is authorized and directed to allocate a sum of not more than two hundred dollars (\$200.00) to defray the transportation expenses.

(d) The Secretary is authorized to adopt rules necessary to implement this

section. (1975, c. 891; 1977, c. 648; 1983, c. 891, s. 2.)

(b) Facilities subject to the provisions of this section shall include:

(1) Institutions or homes maintained for the purpose of receiving pregnant

women for care before, during, and after delivery, and (2) Institutions or lying-in homes maintained for the purpose of receiving

pregnant women for care before and after delivery, when delivery takes place in a licensed hospital. Editor's Note. — This Article is Part 2 of Article 3 of Chapter 108, as recodified pursuant to Session Laws 1981, c. 275, s. 2, effective Oct. 1, 1981. Session Laws 1981, c. 275, s. 10, provides: "The provisions of Chapter 108 shall remain in full force and effect from the date of

ratification of this act [April 27, 1981] until October 1, 1981. This act shall not affect any litigation pending under the existing provisions of Chapter 108."

Session Laws 1981, c. 275, s. 9, contains a

severability clause.

§ 131D-2. Licensing of domiciliary homes for the aged and disabled.

(a) The following definitions will apply in the interpretation of this section:
(1) "Abuse" means the willful or grossly negligent infliction of physical pain, injury or mental anguish, unreasonable confinement, or the willful or grossly negligent deprivation by the administrator or staff of a domiciliary home of services which are necessary to maintain

mental and physical health.

(2) "Developmentally disabled adult" means a person who has attained the age of 18 years and who has a developmental disability defined as a severe, chronic disability of a person which:

a. Is attributed to a mental or physical impairment or combination of

mental and physical impairments;

b. Is manifested before the person attains age 22;

c. Is likely to continue indefinitely;

d. Results in substantial functional limitations in three or more of the following areas of major life activity: (i) self-care, (ii) receptive and expressive language, (iii) learning, (iv) mobility, (v) self-direction, (vi) capacity for independent living, and (vii) economic self-sufficiency; and

e. Reflects the person's need for a combination and sequence of special, interdisciplinary, or generic care, treatment, or other services which are of lifelong or extended duration and are

individully planned and coordinated.

(3) "Domiciliary home" means any facility, by whatever name it is called, which provides residential care for aged or disabled persons whose principal need is a home which provides the supervision and personal care appropriate to their age or disability. Medical care at a domiciliary home is only occasional or incidental, such as may be given in the home of any individual or family, but medication is administered by designated staff of the home. Personal care given in a domiciliary home includes direct assistance, by designated staff, to residents in personal grooming, bathing, dressing, feeding, shopping, laundering clothes, handling personal finances, arranging transportation, scheduling medical or business appointments, as well as attending to any personal needs residents may be incapable of or unable to attend for themselves. Domiciliary homes are to be distinguished from nursing homes subject to licensure under G.S. 131E-102. The three types of domiciliary homes are homes for the aged and disabled, family care homes and group homes for developmentally disabled adults.

4) "Exploitation" means the illegal or improper use of an aged or disabled

resident or his resources for another's profit or advantage.

(5) "Family care home" means a domiciliary home having two to six residents. The structure of a family care home may be no more than two stories high and none of the aged or physically disabled persons being served there may be housed in the upper story without provision for two direct exterior ground-level accesses to the upper story.

(6) "Group home for developmentally disabled adults" means a domiciliary home which has two to nine developmentally disabled adult resi-

dents.

(7) "Home for the aged and disabled" means a domiciliary home which has seven or more residents.

(8) "Neglect" means the failure to provide the services necessary to maintain a resident's physical or mental health.

(b) Licensure; inspections. —

(1) The Department of Human Resources shall inspect and license, under rules adopted by the Social Services Commission, all domiciliary homes for persons who are aged or mentally or physically disabled except those exempt in subsection (d) of this section. Licenses issued under the authority of this section shall be valid for one year from the date of issuance unless revoked earlier by the Secretary of Human Resources for failure to comply with any part of this section or any rules adopted hereunder.

(2) Any individual or corporation that establishes, conducts, manages, or operates a facility subject to licensure under this section without a license is guilty of a misdemeanor, and upon conviction shall be punishable by a fine of not more than fifty dollars (\$50.00) for the first offense and not more than five hundred dollars (\$500.00) for each subsequent offense. Each day of a continuing violation after conviction

shall be considered a separate offense.

(3) In addition, the Department may summarily suspend a license pursuant to G.S. 150A-3(c) whenever it finds substantial evidence of abuse, neglect, exploitation or any condition which presents an imminent danger to the health and safety of any resident of the home.

(4) Notwithstanding G.S. 8-53 or any other law relating to confidentiality of communications between physician and patient, in the course of an

inspection conducted under subsection (b):

a. Department representatives may review any writing or other record concerning the admission, discharge, medication, care, medical condition, or history of any person who is or has been a resident of the facility being inspected, and

b. Any person involved in giving care or treament at or through the facility may disclose information to Department representatives; unless the resident objects in writing to review of his records or disclo-

sure of such information.

The facility, its employees and any other person interviewed in the course of an inspection shall be immune from liability for damages resulting from disclosure of any information to the Department.

The Department shall not disclose:

 Any confidential or privileged information obtained under this subsection unless the resident or his legal representative authorizes disclosure in writing or unless a court of competent jurisdiction orders disclosure, or

b. The name of anyone who has furnished information concerning a

facility without that person's consent.

The Department shall institute appropriate policies and procedures to ensure that unauthorized disclosure does not occur. All confidential or privileged information obtained under this section and the names of persons providing such information shall be exempt from Chapter 132 of the General Statutes.

(c) The following facilities are exempt from this section and shall not be required to obtain a license hereunder:

(1) Those which care for one person only;

(2) Those which care for two or more persons, all of whom are related or connected by blood or by marriage to the operator of the facility;

(3) Those which make no charges for care, either directly or indirectly;

(4) Those which care for no more than four persons, all of whom are under the supervision of the United States Veterans Administration.

(d) This section does not apply to any institution which is established, maintained or operated by any unit of government, by any commercial inn or hotel, or to any facility licensed by the Medical Care Commission under the provisions of G.S. 131E-102, entitled "Licensure requirements." If any nursing home licensed under G.S. 131E-102 also functions as a domiciliary home, then the domiciliary home component must comply with regulations adopted by the Medical Care Commission.

(e) The Department of Human Resources shall provide the method of evaluation of residents in domiciliary homes in order to determine when any of those residents are in need of the professional medical and nursing care provided in

licensed nursing homes.

(f) If any provisions of this section or the application of it to any person or circumstance is held invalid, the invalidity does not affect other provisions or applications of the section which can be given effect without the invalid provision or application, and to this end the provisions of this section are severable.

(g) In order for a domiciliary home to maintain its license, it shall not hinder or interfere with the proper performance of duty of a lawfully appointed community advisory committee, as defined by G.S. 131D-31 and G.S. 131D-32.

(h) Suspension of admissions to domiciliary home:

(1) In addition to the administrative penalties described in subsection (b), the Secretary may suspend the admission of any new residents to a domiciliary home, where the conditions of the domiciliary home are detrimental to the health or safety of the residents. This suspension shall be for the period determined by the Secretary and shall remain in effect until the Secretary is satisfied that conditions or circumstances merit removing the suspension.

(2) In imposing a suspension under this subsection, the Secretary shall

consider the following factors:

a. The degree of sanctions necessary to ensure compliance with this section and rules adopted hereunder; and b. The character and degree of impact of the conditions at the home

on the health or safety of its residents.

(3) The Secretary of Human Resources shall adopt rules to implement this subsection.

(i) Notwithstanding the existence or pursuit of any other remedy, the Department of Human Resources may, in the manner provided by law, maintain an action in the name of the State for injunction or other process against any person to restrain or prevent the establishment, conduct, management or operation of a domiciliary home without a license. Such action shall be instituted in the superior court of the county in which any unlicensed activity has occurred or is occurring.

If any person shall hinder the proper performance of duty of the Secretary or his representative in carrying out this section, the Secretary may institute an action in the superior court of the county in which the hindrance has occurred for injunctive relief against the continued hindrance, irrespective of

all other remedies at law.

Actions under this subsection shall be in accordance with Article 37 of Chapter 1 of the General Statutes and Rule 65 of the Rules of Civil Procedure. (1868-9, c. 170, s. 3; Code, ss. 2332, 2333; Rev., ss. 3914, 3915; 1917, c. 170, s. 1; 1919, c. 46, ss. 1, 2; C. additional facilities, including beds for any such home. Section 20.2A provides, however, that nothing in s. 20.1 shall apply to a facility owned or operated by an organization that is exempt from taxation under section 501(C)(3) of the Internal Revenue Code.

corporation or other business entity operated for profit.

A municipality may lease any hospital facility, or part, to any corporation, foreign or domestic, authorized to do business in North Carolina on terms and conditions consistent with the purposes of this Part and with G.S. 160A-272. For purposes of this subsection, "surplus" means any building, land or equipment which is not required for use in the delivery of necessary health care services by a hospital facility at the time of the sale, conveyance of ownership

rights, or lease.

This subsection shall not be construed to affect any pending litigation nor to reflect any legislative intent as to any prior authorized or executed agreements. This subsection shall be effective from January 1, 1984 until June

30, 1984.

(f) In addition to the general and special powers conferred by this Part, a municipality is authorized to exercise powers necessary to implement the powers under this Part. (1983, c. 775, s. 1.)

§ 131E-8. Sale of hospital facilities to nonprofit corporations.

(a) A municipality as defined in G.S. 131E-6(5) or hospital authority as defined in G.S. 131E-16(14), upon such terms and conditions as it deems wise, with or without monetary consideration, may sell or convey to a nonprofit corporation organized under Chapter 55A of the General Statutes any rights of ownership the municipality or hospital authority has in a hospital facility including the building, land and equipment associated with the hospital, if the nonprofit corporation is legally committed to continue to operate the facility as a community general hospital open to the general public, free of discrimination based upon race, creed, color, sex or national origin. The nonprofit corporation shall also agree, as a condition of the municipality or hospital authority's conveying ownership, to provide such services to indigent patients as the municipality or hospital authority and the nonprofit corporation shall agree. The nonprofit corporation shall further agree that should it fail to operate the facility as a community general hospital open to the general public or should the nonprofit corporation dissolve without a successor nonprofit corporation to carry out the terms and conditions of the agreement of conveyance, all ownership rights in the hospital facility, including the building, land and equipment associated with the hospital, shall revert to the municipality or hospital authority or successor entity originally conveying the hospital.

(b) When either general obligation bonds or revenue bonds issued for the benefit of the hospital to be conveyed are outstanding at the time of sale or conveyance, then the nonprofit corporation must agree to the following:

By the effective date of sale or conveyance, the nonprofit corporation shall place into an escrow fund money or direct obligations of, or obligations the principal of and interest on which, are unconditionally guaranteed by the United States of America (as approved by the Local Government Commission), the principal of and interest on which, when due and payable, will provide sufficient money to pay the principal of and the interest and redemption premium, if any, on all bonds then outstanding to the maturity date or dates of such bonds or to the date or dates specified for the redemption thereof. The nonprofit corporation shall furnish to the Local Government Commission such evidence as the Commission may require that the securities purchased will satisfy the requirements of this section. A hospital which has placed funds in escrow to retire outstanding general obligation or revenue bonds, as provided in this section, shall not be considered a public hospital, and G.S. 159-39(a)(3) shall be inapplicable to such hospitals.

- (c) Any sale or conveyance under this section must be approved by the municipality or hospital authority by a resolution adopted at a regular meeting of the governing body on 10 days' public notice. Notice shall be given by publication describing the hospital facility to be conveyed, the proposed monetary consideration or lack thereof, and the governing body's intent to authorize the sale or conveyance.
- (d) Neither G.S. 153A-176 nor Article 12 of Chapter 160A of the General Statutes shall apply to sales or conveyances pursuant to this section. (1983, c. 775, s. 1.)

§ 131E-9. Governing authority of hospital facilities.

- (a) The governing body of a municipality may establish by resolution an office, board, or other municipal agency to plan, establish, construct, maintain, or operate a hospital facility. The resolution shall prescribe the powers, duties, compensation, and tenure of the members of the governing authority. The municipality shall remain responsible for the expenses of planning, establishment, construction, maintenance and operation of the hospital facilities.
 - (b) (1) The county board of commissioners of a county may establish by resolution a county hospital authority to plan, establish, construct, maintain, or operate a hospital facility. The authority shall be referred to as "..... County Hospital Authority."
 - (2) The county hospital authority shall consist of six appointed members and one ex officio member.
 - (3) The appointed members of the authority shall be appointed by the county board of commissioners. All appointed members shall be residents of the county. Three of the members shall be residents of a city in the county and the remaining three members shall not be residents of the same city or cities in which the other three members appointed under this subdivision reside.
 - (4) For the initial appointments to the county hospital authority, two of the members shall be appointed for a term of three years, two for a term of four years, and two for a term of five years to achieve staggered terms. All subsequent appointments shall be for five-year terms.
 - (5) The ex officio member of the county hospital authority shall be a member of the county board of commissioners. The ex officio member's term on the hospital authority shall be commensurate with his or her term as a member of the county board of commissioners.
 - (6) When any member of the county hospital authority resigns or is removed from office before the expiration of the member's term, the county board of commissioners shall appoint a person to serve the unexpired portion of the term.
- (c) Any authority vested in a county under this Part or any authority or power that may be exercised by a hospital authority under the Hospital Authorities Act, Chapter 131E, Article 2, Part B, may be vested by resolution of the county board of commissioners in a county hospital authority established under this section. However, a county hospital authority shall exercise only the powers and duties prescribed in the county board of commissioners' resolution. The county board of commissioners shall determine in the resolution the compensation, traveling and any other expenses which shall be paid to each member of the county hospital authority. However, the expenses to plan, establish, construct and operate the hospital facility shall remain the responsibility of the county. (1983, c. 775, s. 1.)

§ 131E-10. Condemnation.

Every municipality is authorized to condemn property to carry out the purposes of this Part. In condemning property, a municipality shall proceed in the manner provided in Chapter 40A of the General Statutes or in the charter of the municipality. A municipality or its agents is authorized to enter upon land, provided no unnecessary damage is done, to make surveys and examinations relative to any condemnation proceeding. Notwithstanding the provisions of any other statute or of any applicable municipal charter, the municipality may take possession of property to be condemned at any time after the commencement of the condemnation proceeding. The municipality shall not be precluded from abandonment of the condemnation of property in any case where possession has not taken place. (1983, c. 775, s. 1.)

§ 131E-11. Federal and State aid.

Every municipality or nonprofit association is authorized to accept and disburse federal and State moneys, whether made available by grant, loan, gift or devise, to carry out the purposes of this Part. All federal moneys shall be accepted and disbursed upon the terms and conditions prescribed by the United States, if the terms and conditions are consistent with State law. All State moneys shall be accepted and disbursed upon the terms and conditions prescribed by either or both the State and the North Carolina Medical Care Commission. Unless the terms and conditions provide otherwise, the chief financial officer of the municipality shall deposit all moneys received under this section and keep them in separate trust funds. (1983, c. 775, s. 1.)

§ 131E-12. Public purposes.

The exercise of the powers, privileges, and authorities conferred on municipalities by this Part are public and government functions, exercised for a public purpose and matters of public necessity. In the case of a county, the exercise of the powers, privileges and authorities conferred by this Part is a county function and purpose, as well as a public and governmental function. In the case of any municipality other than a county, the exercise of the powers, privileges, and authorities conferred by this Part is a municipal function and purpose, as well as a public and governmental function. (1983, c. 775, s. 1.)

Part B. Hospital Authority.

§ 131E-15. Title and purpose.

(a) This Part shall be known as the "Hospital Authorities Act."

(b) The General Assembly finds and declares that in order to protect the public health, safety, and welfare, including that of low income persons, it is necessary that counties and cities be authorized to provide adequate hospital, medical, and health care and that the provision of such care is a public purpose. Therefore, the purpose of this Part is to provide an alternate method for counties and cities to provide hospital, medical, and health care. Articles are inconsistent with this Chapter. § 131E-19. Incorporation of a hospital authority.

(a) After the commissioners are appinted, they shall present to the Secretary of State an application for incorporation as a hospital authority. The application shall be signed by each of the commissioners and shall set forth:

hospital authority;

(2) That the mayor or the chairman of the county board of commissioners has appointed them as commissioners;

(3) The name and official residence of each of the commissioners:

(4) A certified copy of the appointment evidencing the commissioners' right to office, and the date and place of induction into and taking of office:

(5) That they desire the hospital authority to become a public body and a body corporate and politic under this Part;

(6) The term of office of each of the commissioners;

(7) The name which is proposed for the corporation; and (8) The location and principal office of the corporation.

The application shall be subscribed and sworn to by each of the commissioners before an officer authorized by the laws of this State to take and certify oaths. This officer shall certify upon the application that he or she personally knows the commissioners and knows them to be the officers as asserted in the application, and that each subscribed to the application and took the oath in the

officer's presence.

(b) The Secretary of State shall examine the application. If he or she finds that the name proposed for the corporation is not identical with that of a person or of any other corporation in this State or so nearly similar so as to lead to confusion and uncertainty, the application shall be filed and recorded in the appropriate book of record in the Secretary of State's office. The Secretary of State shall then make and issue to the commissioners a certificate of incorporation pursuant to this Part, under the Seal of the State, and shall

record the certificate with the application.

(c) A hospital authority's name or the location or principal office of the corporation may be changed by the adoption of a resolution by the majority of the authority's commissioners. A copy of the resolution, duly verified by the chair and secretary of the commission before an officer authorized by the laws of this State to take and certify oaths, shall be delivered to the Secretary of State, along with a conformed copy. If the Secretary of State finds that the proposed name is not identical with that of a person or any corporation of this State, or so nearly similar as to lead to confusion and uncertainty, the resolution shall be filed and recorded in the appropriate book of record in the Secretary of State's office. A resolution changing the location or principal office of the hospital authority shall be filed and recorded in the appropriate book of record in the Secretary of State's office. The Secretary of State shall then return to the authority the conformed copy, together with a certificate stating that the attached copy is a true copy of the document in the Secretary of State's office, that shows the date of filing.

(d) In any legal proceeding, a copy of the certificate of incorporation, certified by the Secretary of State, shall be admissible in evidence and shall be conclusive proof of its filing and contents and the incorporation of the hospital authority in accordance with this Part. (1943, c. 780, s. 4; 1966, c. 988, s. 1;

1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-20. Boundaries of the authority.

(a) The territorial boundaries of a hospital authority shall include the city or county creating the authority and the area within 10 miles from the territorial boundaries of that city or county. In no event shall the territorial boundaries of a hospital authority include, in whole or in part, the area of any previously existing hospital authority. All priorities shall be determined on the basis of the time of issuance of the certificates of incorporation by the Secretary of State.

(b) After the creation of an authority, the subsequent existence within its territorial boundaries of more than one city or county shall in no way affect the territorial boundaries of the authority. (1943, c. 780, s. 4; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-21. Conflict of interest.

No commissioner or employee of the hospital authority shall:

- Acquire any interest, direct or indirect, in any hospital facility or in any property included or planned to be included in a hospital facility; or
- (2) Have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used in connection with any hospital facility, except an employment contract for an employee. The foregoing restriction shall not apply to any contract, undertaking, or other transaction with a bank or banking institution, savings and loan association or public utility in the regular course of its business; Provided that any such contract, undertaking, or other transaction shall be authorized by the commissioners by specific resolution on which no commissioner having an interest, direct or indirect, shall vote.

If a commissioner or employee of an authority owns or controls an interest, direct or indirect, in any property included or planned to be included in any hospital facility, the commissioner or employee shall immediately disclose the same in writing to the authority and the disclosure shall be entered upon the minutes of the authority. Failure to disclose shall constitute misconduct in office and shall be grounds for a commissioner's removal from office under G.S. 131E-22. (1943, c. 780, s. 7; 1971, c. 749; 1983, c. 775, s. 1.)

§ 131E-22. Removal of commissioners.

- (a) The appointing authority, as stated in G.S. 131E-18, may remove a commissioner for inefficiency, neglect of duty, or misconduct in office. A commissioner may be removed only after he or she has been given a copy of the charges and provided the opportunity to be heard in person or by counsel. A commissioner is entitled to at least 10 days after receipt of the notice to prepare for a hearing before the mayor or the chairman of the county.
- (b) An obligee of the authority may file with the mayor or the chairman of the county board of commissioners written charges that the authority is willfully violating the laws of the State or a term, provision, or covenant to any contract to which the authority is a party. The mayor or the chairman of the county board of commissioners shall give each of the commissioners a copy of the charges at least 10 days prior to the hearing on the charges. The commissioners shall be provided an opportunity to be heard in person or by counsel. The mayor or the chairman of the county board of commissioners shall, within 15 days after receipt of the charges, remove any commissioners of the authority who are found to have acquiesced in any willful violation. If a commissioner has not filed a written statement before the hearing with the authority stating his or her objections to or lack of participation in the violation, the commissioner shall be deemed to have acquiesced in a willful violation.
- (c) If, after due and diligent search, a commissioner to whom charges are required to be delivered cannot be found within the county where the authority is located, the charges shall be deemed to be served upon the commissioner when it is mailed to the commissioner at the commissioner's last known address as the same appears on the records of the authority.
- (d) In the event of the removal of any commissioner, the mayor shall file in the office of the city clerk, or the chairman of the county board of commissioners shall file with the county clerk, a record of the proceedings together with the charges against the commissioner and the findings. (1943, c. 780, s. 8; 1971, c. 799; 1983, c. 775, s. 1.)

A hospital authority may lease any hospital facility or part to any corporation, foreign or domestic, authorized to do business in North Carolina, on terms and conditions consistent with the purposes of this Park. The hospital authority shall determine the length of the lease; however, no lease under this subsection shall be longer than 10 years, including options to renew or extend the original term of the lease, except that leases of surplus buildings, land or equipment may be for any length of time determined by the hospital authority. The proceedings leading up to issuing of the certificate of public convenience and necessity, and the right of appeal from the proceedings shall be governed by the Public Utilities Act, Chapter 62 of the General Statutes, and the rights under that act are hereby expressly reserved to all interested parties in the proceedings. In addition to the powers now granted by law to the North Carolina Utilities Commission, the Utilities Commission is authorized to investigate and examine all facilities set

up or attempted to be set up under this Part and to determine the question of public convenience and necessity for the facility. (1943, s. 780, s. 10; 1971, c. 799; 1981, c. 919, s. 18; 1983, c. 775, s. 1.)

operating hospital facilities.

(b) A hospital authority shall have the power to borrow for the purposes above enumerated upon its notes or other evidences of indebtedness, subject to the approval of the Local Government Commission as provided in G.S. 131E-32(c). Such approval shall be required regardless of the amount of any such borrowing. Any borrowing by a hospital authority before the date of ratification of Part B of Article 2 of this Chapter, whether or not approved by the Local Government Commission, is valid, ratified and confirmed. (1983, c. 775, s. 1.)

§ 131E-27. Contracts with federal government.

A hospital authority is authorized:

(1) To borrow money and accept grants from the federal government for or to aid in the construction of a hospital facility;

by the federal government.

To these ends, a hospital authority is authorized to enter into contracts, mortgages, trust indentures, leases or other agreements giving the federal government the right to supervise and approve the construction, maintenance and operation of the hospital facility. It is the purpose and intent of this Part to authorize every hospital authority to do any and all things necessary to secure the financial aid and cooperation of the federal government in the construction, maintenance, and operation of hospital facilities. (1943, c. 780, s. 19; 1971, c. 799; 1983, c. 775, s. 1.)

an authority shall be deemed to be a municipal corporation.

(c) Bonds, notes, debentures, or other evidences of indebtedness of a hospital authority issued under the Local Government Revenue Bond Act, Chapter 159 of the General Statutes, Article 5, or issued pursuant to the bond and revenue

anticipation provisions of Chapter 159 of the General Statutes, Article 9, or issued pursuant to G.S. 131E-26(b) or contracted pursuant to G.S. 131E-32 and the transfer of and income from such instruments, including profits on sales, shall at all times be free from taxation by the State or any of its subdivisions, except for inheritance or gift taxes. (1943, c. 780, s. 21; 1971, c. 799; 1973, c. 695, s. 6; 1977, c. 268; 1983, c. 775, s. 1.)

§ 131E-29. Audits and recommendations.

Each hospital authority shall file with the mayor of the city or the chairman of the county board of commissioners at least annually an audit report by a certified public accountant of its activities for the preceding year, and shall make any recommendations necessary to carry out the purposes of this Part. (1943, c. 780, s. 22; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-30. Appropriations.

Each year the governing body of a city or county in which the hospital authority is located may appropriate and transfer funds to the authority. The appropriations shall be from the General Fund and may not exceed five percent (5%) of the General Fund. Money appropriated and paid to the hospital authority by a city or county shall be deemed a necessary expense of the city or county. However, the appropriations shall not be deemed to be a revenue of the authority for the purpose of bonds of the hospital authority issued under the Local Government Revenue Bond Act, Chapter 159 of the General Statutes, Article 5. (1943, c. 780, s. 25; 1971, c. 780, s. 23; c. 799; 1983, c. 775, s. 1.)

§ 131E-31. Transfers of property by a city or county to a hospital authority.

(a) A city or county may lease, sell, convey, or otherwise transfer, with or without consideration or with nominal consideration, any property, whether real or personal or mixed, to a hospital authority whose territorial boundaries include at least part of the city or county. A hospital authority is authorized to accept such lease, transfer, assignment or conveyance and to bind itself to the performance and observation of any agreements and conditions required by

the city or county.

(b) If a city or county sells, conveys, or otherwise irrevocably transfers to a hospital authority property with a market value in excess of two hundred fifty thousand dollars (\$250,000), and if the hospital authority accepts this property, the mayor of the city or the chairman of the county board of commissioners shall have the right to name additional commissioners to serve on the authority. The number of additional commissioners shall be such that the proportion of additional commissioners to existing commissioners is approximately equal to the proportion of the total value being transferred to the hospital authority to the total value of property already held by the authority. The determination of the ratios will be made solely by the governing body of the city or county transferring the property to the hospital authority; however, in no event shall fewer than two nor more than nine commissioners be added to the hospital authority. The total number of commissioners shall be increased by the number of commissioners added under this subsection. The times of commencement and expiration of the initial terms of the commissioners being added shall be determined by agreement between the hospital authority and the governing body of the city or county. After the expiration of the initial terms, subsequent terms will be three years. Copies of the agreement setting out the number of persons being added and the terms of each shall be filed with the clerk of the city or the clerk of the county board of commissioners making the transfer and,

thereafter, copies of the reports referred to in G.S. 131E-29 shall be filed with the clerk of the city or the clerk of the county board of commissioners. (1943, c. 780, s. 26; 1961, c. 988, s. 2; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-32. Purchase money security interests.

(a) An authority shall have the power and authority to purchase real or personal property under installment contracts, purchase money mortgages or deeds of trust, or other instruments, which create in the property purchased a security interest to secure payment of the purchase price and interest thereon. No deficiency judgment may be rendered against any authority for breach of an obligation authorized by this section. Any contract made or entered into by an authority before the date of ratification of Part B of Article 2 of this Chapter which would have been valid hereunder is valid, ratified and confirmed.

(b) A hospital authority may contract pursuant to this section in an amount of less than seven hundred fifty thousand dollars (\$750,000), adjusted, as hereinafter provided, in any single transaction without the approval of the Local Government Commission: Provided, however, that the approval of the Local Government Commission shall be required for any single contract pursuant to this section if the aggregate dollar amount of all such contracts outstanding after any such single transaction, exclusive of revenue bonds issued pursuant to G.S. 131E-26 and federal contracts entered pursuant to G.S. 131E-27, would exceed ten percent (10%) of the total operating revenues, as hereinafter defined, of the hospital authority for its most recently completed fiscal year as set forth in the audited financial statements of such authority for such fiscal year. The approval of the Local Government Commission shall be required with respect to any single contract pursuant to this section in an amount of seven hundred fifty thousand dollars (\$750,000) or more, adjusted

as hereinafter provided.

(c) Approval of the Local Government Commission under this section or as required by G.S. 131E-26(b) shall be obtained in accordance with such rules and regulations as the Local Government Commission may prescribe and shall be evidenced by the secretary's certificate on the contract or note or other evidence of indebtedness. In determining whether to approve any such contract or borrowing, the Local Government Commission shall consider whether the hospital authority can demonstrate the financial responsibility and capability of the hospital authority to fulfill its obligations with respect to such contract or borrowing. The Local Government Commission may approve the application without other findings, if it finds that (i) the proposed project or the purpose of the borrowing is necessary and expedient, (ii) the contract or the borrowing, under the circumstances, is preferable to a bond issue for the same purpose, (iii) the sums to fall due under the contract or borrowing are adequate and not excessive for the proposed purpose, (iv) the authority's debt management procedures are good, or that reasonable assurances have been given that its debt will henceforth be managed in strict compliance with law and (v) the authority is not in default on any of its debt service obligations. Any contract or borrowing subject to this subsection requiring the approval of the Local Government Commission that does not bear the secretary's certificate thereon shall be void, and it shall be unlawful for any officer, employee or agent of a hospital authority to make any payments of money thereunder. An order of the Local Government Commission approving any such contract or borrowing shall not be regarded as an approval of the legality of the contract or borrowing in any

(d) The seven hundred fifty thousand dollars (\$750,000) amount referred to in G.S. 131E-32(b) shall be in effect from July 15, 1983 through September 30, 1984. For each twelve-month period thereafter, the seven hundred fifty thousand dollar (\$750,000) amount shall be the figure in effect for the

preceding twelve-month period, adjusted to reflect the change in the preceding twelve-month period in the Department of Commerce Composite Construction Cost Index.

(e) For purposes of G.S. 131E-32(b), the "total operating revenues" of a hospital authority for a fiscal year means patient revenue, less provisions for contractual adjustments, uncompensated care and bad debts, plus other operating revenues, all as determined in accordance with generally accepted accounting principles. (1983, c. 775, s. 1.)

§ 131E-33. Part controlling.

Insofar as the provisions of this Part are inconsistent with the provisions of any other law, the provisions of this Part shall be controlling; however this Part shall not be construed as preventing a city, town, or county from establishing and operating a hospital under the authority of any other law now or hereafter in effect. (1943, c. 780, s. 28; 1971, c. 799; 1983, c. 775, s. 1.)

§ 131E-34. Part applicable to City of High Point.

All the provisions of this Part shall apply to the City of High Point, Guilford County, North Carolina, as fully as if the population of the city exceeded 75,000 inhabitants. (1947, c. 349; 1971, c. 799; 1983, c. 775, s. 1.)

However, a unit of government that has been operating a hospital pursuant to those Articles may choose to continue operations under the provisions of one of the Parts of Article 2 of this Chapter by adopting an appropriate resolution and by satisfying all other requirements of the relevant Part of Article 2 of this Chapter."

§ 131E-41. Methods of creation of a hospital district.

(a) The voters of an area may petition their county board of commissioners and the North Carolina Medical Care Commission for the creation of a hospital district. All of the area proposed to be included within a hospital district must be located within one county. The petition shall be signed by at least 500 voters of the area described in the petition. (2) The names of all municipalities located in whole or in part in the

proposed hospital district;
(3) The names of all publicly owned hospitals in the proposed hospital district:

(4) The purpose or purposes sought to be accomplished by the creation of the hospital district; and

(b) In the alternative, the county board of commissioners, in its discretion, may create a hospital district by resolution. This authority exists only when one hospital district already exists in the county, or when a special tax levy for hospital purposes has been authorized or is now authorized with respect to a portion of the county. This power is limited to establishing a hospital district in the area lying outside the existing hospital district or outside the portion of the county in which a hospital tax levy has been or is now authorized. When a county board of commissioners exercises its power under this subsection, all other provisions of this Part shall be applicable, except as modified by this subsection. In addition, notice of hearing shall be published at least once for three successive weeks in a newspaper circulating in the proposed district. The notice of hearing shall specify:

persons, and, if necessary, adjourn and reconvene at a later time.

(c) After the hearing, the North Carolina Medical Care Commission shall determine if it is in the public interest and beneficial to the residents of the area to create a hospital district, and, if it is, shall adopt a resolution creating the hospital district. The resolution shall define the area to be included in the hospital district. The area shall either be the one described in the petition or a part of that area. However, no municipality, in whole or in part, shall be included in a hospital district unless the governing body of the municipality shall have approved by resolution the inclusion and shall have filed a certified copy of the resolution with the North Carolina Medical Care Commission.

(d) Each hospital district shall be designated by the North Carolina Medical Care Commission as the "........ Hospital District of County," inserting in the blank spaces a name identifying the locality and the name of

Department.

(f) The operator shall post the license on the licensed premises in an area accessible to the public. (1947, c. 933, s. 6; 1949, c. 920, ss. 3, 4; 1963, c. 66; 1973, c. 476, s. 152; c. 1090, s. 1; 1975, c. 718, s. 2; 1983, c. 775, s. 1.)

131E-78. Adverse action on a license.

(a) The Department shall have the authority to deny, suspend, revoke, annul, withdraw, recall, cancel, or amend a license in any case when it finds a substantial failure to comply with the provisions of this Part or any rule promulgated under this Part.

(b) The Department shall conduct a hearing in accordance with Chapter

150A of the General Statutes, the Administrative Procedure Act, when:

(1) The Department denies an application and the applicant requests a hearing; or

(2) The Department initiates proceedings under subsection (a).

(c) Any applicant or operator who is dissatisfied with the decision of the Department as a result of the hearing provided in this section and after a written copy of the decision is served, may request a judicial review under Chapter 150A of the General Statutes, the Administrative Procedure Act. (1947, c. 933, s. 6; 1973, c. 476, s. 152; c. 1090, s. 1; 1981, c. 614, ss. 16, 17; 1983, c. 775, s. 1.)

§ 131E-79. Rules and enforcement.

- (a) The Commission shall promulgate rules necessary to implement this Article.
- (b) The Department shall enforce this Article and the rules of the Commission. (1947, c. 933, s. 6; 1973, c. 476, s. 152; 1983, c. 775, s. 1.)

§ 131E-80. Inspections.

(a) The Department shall make or cause to be made inspections as it may deem necessary. Any hospital licensed under this Part shall at all times be subject to inspections by the Department according to the rules of the Commission.

(b) The Department may delegate to any state officer or agency the authority to inspect hospitals. The Department may revoke this delegated authority

at its discretion and make its own inspections.

(c) Authorized representatives of the Department shall have at all times the right of proper entry upon any and all parts of the premises of any place in which entry is necessary to carry out the provisions of this Part or the rules adopted by the Commission; and it shall be unlawful for any person to resist a proper entry by such authorized representative upon any premises other than a private dwelling. However, no representative shall, by this entry onto the premises, endanger the health or well being of any patient being treated in the

(d) To enable the Department to determine compliance with this Part and the rules promulgated under the authority of this Part and to investigate complaints made against a hospital licensed under this Part, while maintaining the confidentiality of the complainant, the Department shall have the authority to review any writing or other record in any recording medium which pertains to the admission, discharge, medication, treatment, medical condition, or history of persons who are or have been patients of the hospital licensed under this Part and the personnel records of those individuals employed by the The examinations of these records hospital. notwithstanding the provisions of G.S. 8-53, "Communications between physician and patient," or any other provision of law relating to the confidentiality of communications between physician and patient. Proceedings of medical review committees are exempt from the provisions of this section. The hospital, its employees, and any person interviewed during these inspections shall be immune from liability for damages resulting from the disclosure of any information to the Department. Any confidential or privileged information received from review of records or interviews shall be kept confidential by the Department and not disclosed without written authorization of the patient, employee or legal representative, or unless disclosure is ordered by a court of competent jurisdiction. The Department shall institute appropriate policies and procedures to ensure that this information shall not be disclosed without authorization or court order. The Department shall not disclose the name of anyone who has furnished information concerning a hospital without the

consent of that person. Any officer, administrator, or employee of the Department who willfully discloses confidential or privileged information without appropriate authorization or court order shall be guilty of a misdemeanor and upon conviction shall be fined in the discretion of the court but not in excess of five hundred dollars (\$500.00). Neither the names of persons furnishing information nor any confidential or privileged information obtained from records or interviews shall be considered "public records" within the meaning of G.S. 132-1, "Public Records" defined.

(e) Information received by the Commission and the Department through filed reports, license applications, or inspections that are required or authorized by the provisions of this Part, may be disclosed publicly except where this disclosure would violate the confidential relationship existing between physician and patient. However, no such public disclosure shall identify the patient involved without permission of the patient or court order. (1947, c. 933, s. 6; 1973, c. 476, s. 152; c. 1090, s. 1; 1981, c. 586, s. 3; 1983, c. 775, s. 1.)

§ 131E-81. Penalties.

(a) Any person establishing, conducting, managing, or operating any hospital without a license shall be guilty of a misdemeanor, and upon conviction shall be liable for a fine of not more than fifty dollars (\$50.00) for the first offense and not more than five hundred dollars (\$500.00) for each subsequent offense. Each day of a continuing violation after conviction shall be considered

a separate offense.

(b) Except as otherwise provided in this Part, any person who willfully violates any provision of this Part or who willfully fails to perform any act required, or who willfully performs any act prohibited by this Part, shall be guilty of a misdemeanor and upon conviction thereof shall be punished by a fine or by imprisonment for a period not to exceed two years or by both such fine and imprisonment in the discretion of the court. However, any person who willfully violates any rule adopted by the Commission under this Part or who willfully fails to perform any act required by, or who willfully does any act prohibited by, these rules shall be guilty of a misdemeanor and upon conviction shall be punished by a fine not to exceed fifty dollars (\$50.00) or by imprisonment for a period not to exceed 30 days. (1947, c. 933, s. 6; 1983, c. 775, s. 1.)

§ 131E-82. Injunction.

(a) Notwithstanding the existence or pursuit of any other remedy, the Department may, in the manner provided by law, maintain an action in the name of the State for injunction or other process against any person or governmental unit to restrain or prevent the establishment, conduct, management or operation of a hospital without a license.

(b) If any person shall hinder the proper performance of duty of the Secretary or a representative in carrying out the provisions of this Part, the Secretary may institute an action in the superior court of the county in which the hindrance occurred for injunctive relief against the continued hindrance, irre-

spective of all other remedies at law.

(c) Actions under this section shall be in accordance with Article 37 of Chapter 1 of the General Statutes, and Rule 65 of the Rules of Civil Procedure. (1947, c. 933, s. 6; 1973, c. 476, s. 152; 1983, c. 775, s. 1.)

§§ 131E-83, 131E-84: Reserved for future codification purposes.

Part B. Hospital Privileges.

§ 131E-85. Hospital privileges and procedures.

(a) The granting or denial of privileges to practice in hospitals to physicians licensed under Chapter 90 of the General Statutes, Article 1, dentists and podiatrists and the scope and delineation of such privileges shall be determined by the governing body of the hospital. Such determinations shall be based upon the applicant's education, training, experience, demonstrated competence and ability, and judgment and character of the applicant, and the reasonable objectives and regulations of the hospital, including, but not limited to appropriate utilization of hospital facilities, in which privileges are sought. Nothing in this Part shall be deemed to mandate hospitals to grant or deny to any such individuals or others privileges to practice in hospitals.

(b) The procedures to be followed by a licensed hospital in considering applications of dentists and podiatrists for privileges to practice in such hospitals shall be similar to those applicable to applications of physicians licensed under Chapter 90 of the General Statutes, Article 1. Such procedures shall be avail-

able upon request.

(c) In addition to the granting or denial of privileges, the governing body of

each hospital may suspend, revoke, or modify privileges.

(d) All applicants or individuals who have privileges shall comply with all applicable medical staff bylaws, rules and regulations, including the policies and procedures governing the qualifications of applicants and the scope and delineation of privileges. (1981, c. 659, s. 10; 1983, c. 775, s. 1.)

CASE NOTES

Reasonableness of Qualifications Is Only Question before Court. - The court is charged with the narrow responsibility of assuring that the qualifications imposed by the board are reasonably related to the operation of the hospital and fairly administered. In short, so long as staff selections are administered with fairness, geared by a rationale compatible with hospital responsibility, and unencumbered with irrelevant considerations, a court should not interfere. Cameron v. New Hanover Mem. Hosp., 58 N.C. App. 414, 293 S.E.2d 901, appeal dismissed & cert. denied, 307 N.C. 127, 297 S.E.2d 399 (1982), decided under former §§ 131-126.11A, 131-126.11B.

No court should substitute its evaluation for that of the hospital board. It is the board, not the court, which is charged with the responsibility of providing a competent staff of doctors. Cameron v. New Hanover Mem. Hosp., 58 N.C. App. 414, 293 S.E.2d 901, appeal dismissed & cert. denied, 307 N.C. 127, 297

S.E.2d 399 (1982), decided under former §§ 131-126.11A, 131-126.11B.

Patient's Freedom of Choice Subject to Hospital's Staff Privilege Standards. - The right to enjoy hospital staff privileges is not absolute; it is subject to the standards set by the hospital's governing body. This is implicit in the language of § 90-202.12, especially in view of the policy of this State as currently stated by this section. Section 90-202.12 does not require a hospital to grant staff privileges regardless of the standards set by its board of trustees which are reasonably related to the operation of the hospital. Generally, the protection offered by § 90-202.12 is for patients to have the freedom to choose a qualified "provider of care or service." Cameron v. New Hanover Mem. Hosp., 58 N.C. App. 414. 293 S.E.2d 901, appeal dismissed & cert. denied, 307 N.C. 127, 297 S.E.2d 399 (1982), decided under former §§ 131-126.11A, 131-126.11B.

§ 131E-86. Limited privileges.

(a) It shall be unlawful for an individual who is not licensed under Chapter 90 of the General Statutes, Article 1, to admit a patient to a hospital without written proof in accordance with the policy of the governing body of the hospital that a physician licensed under Chapter 90 of the General Statutes, Article 1, who is a member of the medical staff will be responsible for the performance of a basic medical appraisal and for the medical needs of the patient. The governing body of a hospital may waive this requirement for a dentist licensed under Chapter 90 of the General Statutes, Article 2, to the extent authorized by this statute, who has successfully completed a postgraduate program in oral and maxillofacial surgery accredited by the American Dental Association.

(b) The governing body of each hospital shall not grant privileges that exceed the scope of a license. (1983, c. 775, s. 1.)

§ 131E-87. Reports of disciplinary action; immunity from liability.

The chief administrative officer of every licensed hospital in the State shall report to the appropriate occupational licensing board any revocation, suspension, or limitation of privileges to practice in that hospital. Each hospital shall also report to the board its medical staff resignations. Any person making a report required by this section shall be immune from any resulting criminal prosecution or civil liability unless the person knew the report was false or acted in reckless disregard of whether the report was false. (1983, c. 775, s. 1.)

§§ 131E-88, 131E-89: Reserved for future codification purposes.

Part C. Discharge from Hospital.

131E-90. Authority of administrator; refusal to leave after discharge.

The case of a patient who refuses or fails to leave the hospital upon discharge by the attending physician shall be reviewed by two physicians licensed to practice medicine in this State, one of whom may be the attending physician. If in the opinion of the physicians, the patient should be discharged as cured or as no longer needing treatment or for the reason that treatment cannot benefit the patient's case or for other good and sufficient reasons, the patient's refusal to leave shall constitute a trespass. The patient shall be guilty of a misdemeanor, and upon conviction shall be punished by a fine not to exceed fifty dollars (\$50.00) or imprisoned not more than 30 days. (1965, c. 258; 1983, c. 775, s. 1.)

§§ 131E-91 to 131E-94: Reserved for future codification purposes.

Part D. Medical Review Committee.

§ 131E-95. Medical review committee.

(a) A member of a duly appointed medical review committee who acts without malice or fraud shall not be subject to liability for damages in any civil action on account of any act, statement or proceeding undertaken, made, or

performed within the scope of the functions of the committee.

(b) The proceedings of a medical review committee, the records and materials it produces and the materials it considers shall be confidential and not considered public records within the meaning of G.S. 132-1, "'Public records' defined," and shall not be subject to discovery or introduction into evidence in any civil action against a hospital or a provider of professional health services which results from matters which are the subject of evaluation and review by the committee. No person who was in attendance at a meeting of the committee shall be required to testify in any civil action as to any evidence or other matters produced or presented during the proceedings of the committee or as to any findings, recommendations, evaluations, opinions, or other actions of the committee or its members. However, information, documents, or records otherwise available are not immune from discovery or use in a civil action merely because they were presented during proceedings of the committee. A member of the committee or a person who testifies before the committee may testify in a civil action but cannot be asked about his testimony before the committee or any opinions formed as a result of the committee hearings. (1973, c. 1111; 1981, c. 725; 1983, c. 775, s. 1.)

CASE NOTES

Purpose. — Former § 131-170 (similar to subsection (b) of this section) was enacted upon the theory that external access to peer investigations conducted by staff committees stifles candor and inhibits objectivity. It represents a legislative choice between competing public concerns. It embraces the goal of medical staff candor at the cost of impairing plaintiffs' access to evidence. Cameron v. New Hanover Mem. Hosp., 58 N.C. App. 414, 293 S.E.2d 901, appeal

dismissed & cert. denied, 307 N.C. 127, 297 S.E.2d 399 (1982).

Policy Grounded in Common Law. — Policy enunciated by former § 131-170 (similar to subsection (b) of this section) is grounded in the common law. Cameron v. New Hanover Mem. Hosp., 58 N.C. App. 414, 293 S.E.2d 901, appeal dismissed & cert. denied, 307 N.C. 127, 297 S.E.2d 399 (1982).

ARTICLE 6.

Health Care Facility Licensure Act.

Part A. Nursing Home Licensure Act.

§ 131E-100. Title; purpose.

(a) This Part shall be known as the "Nursing Home Licensure Act."

(b) The purpose of the Nursing Home Licensure Act is to establish authority and duty for the Department to inspect and license private nursing homes. (1983, c. 775, s. 1.)

Editor's Note. — Session Laws 1983, c. 835, s. 1, provides: "Notwithstanding any other law to the contrary, including Chapter 1127, Section 31 of the 1981 Session Laws and any other similar or special provision found in the 1983 Session Laws, if a county has a population of 25,000 or more and if no nursing home licensed under G.S. 130-9(e) [see now § 131E-100 et seq.] is located in such county, the Department of Human Resources may issue a certificate of need under Article 18 of Chapter 131 [Article 9

of Chapter 131E] of the General Statutes for the establishment of one nursing home in the county; provided that the proposal meets all the relevant review criteria set forth in Article 18 of Chapter 131 [Article 9 of Chapter 131E] of the General Statutes and the regulations promulgated thereunder, including the State Medical Facilities Plan."

Session Laws 1983, c. 835, s. 2, provides that the act is effective upon ratification. The act was ratified July 20, 1983.

§ 131E-101. Definitions.

As used in this Part, unless otherwise specified:

(1) "Combination home" means a nursing home offering one or more levels of care, including any combination of skilled nursing, intermediate care, and domiciliary home.

(2) "Commission" means the North Carolina Medical Care Commission.

(3) "Community advisory committee" means a nursing home advisory committee established for the statutory purpose of working to carry out the intent of the Nursing Home Patients' Bill of Rights (Chapter 131E, Article 6, Part B) in accordance with G.S. 143B-181.1.

(4) "Domiciliary home," as distinguished from a nursing home, means a facility operated as a part of a nursing home and which provides residential care for aged or disabled persons whose principal need is a home with the sheltered or personal care their age or disability requires. Medical care in a domiciliary home is usually occasional or incidental, such as may be required in the home of any individual or family, but the administration of medication is supervised. Continuing planned medical and nursing care to meet the resident's needs may be provided under the direct supervision of a physician, nurse, or home health agency. Domiciliary homes are to be distinguished from nursing homes subject to licensure under this Part. The three types of domiciliary homes are homes for the aged and disabled, family care homes and group homes for developmentally disabled adults.

(5) "Medical review committee" means a committee of a State or local professional society, of a medical staff of a licensed hospital, of physicians having privileges within the nursing home or of a peer review corporation or organization which is formed for the purpose of evaluating the quality, cost of or necessity for health care services

under applicable federal statutes.

(6) "Nursing home" means a facility, however named, which is advertised, announced, or maintained for the express or implied purpose of providing nursing or convalescent care for three or more persons unrelated to the licensee. A "nursing home" is a home for chronic or convalescent patients, who, on admission, are not as a rule, acutely ill and who do not usually require special facilities such as an operating room, X-ray facilities, laboratory facilities, and obstetrical facilities. A "nursing home" provides care for persons who have remedial ailments or other ailments, for which medical and nursing care are indicated; who, however, are not sick enough to require general hospital care. Nursing care is their primary need, but they will require continuing medical supervision.

(7) "Peer review committee" means any committee appointed in accordance with G.S. 131E-108, "Peer review." (1961, c. 51, s. 3; 1981, c.

833; 1983, c. 775, s. 1.)

§ 131E-102. Licensure requirements.

(a) No person shall operate a nursing home without a license obtained from the Department. Any person may operate a nursing home or a combination home, as defined in this Part, in the same building or in two or more buildings adjoining or next to each other on the same site. Both a nursing home and a combination home must be licensed by the Department under this Part.

(b) Applications shall be available from the Department, and each application filed with the Department shall contain all necessary and reasonable information that the Department may by rule require. A license shall be

granted to the applicant upon a determination by the Department that the applicant has complied with the provisions of this Part and the rules promulgated under this Part.

(c) A license to operate a nursing home shall be annually renewed upon the filing and the Department's approval of the renewal application. The renewal application shall be available from the Department and shall contain all necessary and reasonable information that the Department may by rule require.

(d) Each license shall be issued only for the premises and persons named in the application and shall not be transferable or assignable except with the

written approval of the Department.

(e) In order for a nursing home to maintain its license it shall not intentionally impede the proper performance of the duties of a lawfully appointed community advisory committee as set forth in G.S. 131E-128(h). (1961, c. 51, s. 3; 1963, c. 859; 1983, c. 775, s. 1.)

§ 131E-103. Adverse action on a license.

(a) Subject to subsection (b), the Department shall have the authority to deny a new or renewal application for a license, and to amend, recall, suspend or revoke an existing license upon a determination that there has been a substantial failure to comply with the provisions of this Part or the rules promulgated under this Part.

(b) The provisions of Chapter 150A of the General Statutes, the Administrative Procedure Act, shall govern all administrative action and judicial review in cases where the Department has taken the action described in subsection (a).

(1961, c. 51, s. 3; 1983, c. 775, s. 1.)

§ 131E-104. Rules and enforcement.

(a) The Commission is authorized to adopt, amend, and repeal all rules

necessary for the implementation of this Part.

(b) The Commission shall adopt rules for the operation of the domiciliary portion of a combination home that are equal to the rules adopted by the Social Services Commission for the operation of freestanding domiciliary homes. The domiciliary portion of a combination home in existence on January 1, 1982, shall be exempt from physical plant minimum standards, unless the Department determines the exemption to be an imminent hazard to health, safety and welfare of the residents.

(c) The Department shall enforce the rules adopted or amended by the Commission with respect to nursing homes. (1961, c. 51, s. 3; 1973, c. 476, s. 128;

1981, c. 614, s. 1; 1983, c. 775, s. 1.)

§ 131E-105. Inspections.

(a) The Department shall inspect any nursing home and any domiciliary home operated as a part of a nursing home in accordance with rules adopted

by the Commission.

(b) Notwithstanding the provisions of G.S. 8-53, "Communications between physician and patient," or any other provision of law relating to the confidentiality of communications between physician and patient, the representatives of the Department, when necessary for investigating compliance with this Part or rules promulgated by the Commission, may review any writing or other record in any recording medium which pertains to the admission, discharge, medication, treatment, medical condition, or history of persons who are or have been patients of the facility being inspected unless that patient objects in writing to review of that patient's records. Physicians, psychologists, psychiatrists, nurses, and anyone else interviewed by representatives of the Depart-

ment may disclose to these representatives information related to any inquiry, notwithstanding the existence of the physician-patient privilege in G.S. 8-53, "Communications between physician and patient," or any other rules of law, if the patient has not made written objection to this disclosure. The facility, its employees, and any person interviewed during these inspections shall be immune from liability for damages resulting from the disclosure of any information which is provided without malice or fraud to the Department. Any confidential or privileged information received from review of records or interviews shall be kept confidential by the Department and not disclosed without written authorization of the patient or legal representative or unless disclosure is ordered by a court of competent jurisdiction. The Department shall institute appropriate policies and procedures to ensure that this information shall not be disclosed without authorization or court order. The Department shall not disclose the name of anyone who has furnished information concerning a facility without consent of that person. Neither the names of persons furnishing information nor any confidential or privileged information obtained from records or interviews shall be considered "public records" within the meaning of G.S. 132-1, "'Public records' defined." Prior to releasing any information or allowing any inspections referred to in this subsection, the patient must upon admission be advised in writing by the facility that the patient has the right to object in writing to the release of information or review of the records and that by an objection in writing the patient may prohibit the inspection or release of the records.

(c) Authorized representatives of the Department with identification to this effect shall have at all times the right of proper entry upon any and all parts of the premises of any place in which entry is necessary to carry out the provisions of this Part or the rules adopted by the Commission. It shall be unlawful for any person to resist a proper entry by an authorized representative upon any premises other than a private dwelling. (1981, c. 586, s.

1; c. 614, s. 1; 1983, c. 775, s. 1.)

§ 131E-106. Evaluation of residents in domiciliary homes.

The Department shall prescribe the method of evaluation of residents in the domiciliary portion of a combination home in order to determine when any of these residents is in need of professional medical and nursing care as provided in licensed nursing homes. (1963, c. 859; 1981, c. 833; 1983, c. 775, s. 1.)

§ 131E-107. Medical or peer review committees.

A member of a duly appointed medical or peer review committee shall not be subject to liability for damages in any civil action on account of any act, statement or proceeding undertaken, made, or performed within the scope of the functions of the committee, if the committee member acts without malice or fraud, and if such peer review committee is approved and operates in accordance with G.S. 131E-108. (1983, c. 775, s. 1.)

§ 131E-108. Peer review.

It is not a violation of G.S. 131E-117(5) for medical records to be disclosed to a private peer review committee if:

(1) The peer review committee has been approved by the Department;

(2) The purposes of the peer review committee are to:

(a) Survey facilities to verify a high level of quality care through evaluation and peer assistance;

(b) Resolve written complaints in a responsible and professional manner; and

(c) Develop a basic core of knowledge and standards useful in establishing a means of measuring quality of care; and

(3) The peer review committee keeps such records confidential. (1979. c. 707: 1983. c. 775, s. 1.)

§ 131E-109. Penalties.

(a) Any person establishing, conducting, managing or operating any nursing home without a license shall be guilty of a misdemeanor, and upon conviction shall be liable for a fine of not more than five hundred dollars (\$500.00) for the first offense and not more than five hundred dollars (\$500.00) for each subsequent offense. Each day of a continuing violation after conviction shall be considered a separate offense.

(b) Any person acting under the authority of the Department who gives advance notice to an operator of a nursing home of the date or time that the nursing home is to be inspected shall be guilty of a misdemeanor, and upon conviction shall be liable for a fine of not more than five hundred dollars (\$500.00) or imprisonment for a period not to exceed 30 days, or both. The inspection of a nursing home for initial licensure shall be exempt from the prohibition of prior notice. All subsequent inspections must comply with the

provisions of this subsection.

(c) The Secretary or a designee may suspend the admission of any new patients or residents at any nursing home or domiciliary home where the conditions of the nursing home or domiciliary home are detrimental to the health or safety of the patient or resident. This suspension shall remain in effect until the Secretary is satisfied that conditions or circumstances merit the removal of the suspension. This subsection shall be in addition to authority to

suspend or revoke the license of the home.

(d) Except as otherwise provided in this Part, any person who violates any provision of this Part or who willfully fails to perform any act required, or who willfully performs any act prohibited by this Part, shall be guilty of a misdemeanor and upon conviction shall be punished by a fine or by imprisonment for a period not to exceed two years or by both such fine and imprisonment in the discretion of the court; Provided, however, that any person who willfully violates any rule adopted by the Commission under this Part or who willfully fails to perform any act required by, or who willfully performs any act prohibited by, these rules shall be guilty of a misdemeanor and upon conviction shall be punished by a fine not to exceed fifty dollars (\$50.00) or by imprisonment for a period not to exceed 30 days. (1977, c. 656, ss. 1, 2; 1981, c. 667, ss. 1, 2; 1983, c. 775, s. 1.)

§ 131E-110. Injunction.

(a) Notwithstanding the existence or pursuit of any other remedy, the Department may, in the manner provided by law, maintain an action in the name of the State for injunction or other process against any person to restrain or prevent the establishment, conduct, management or operation of a nursing home without a license.

(b) If any person shall hinder the proper performance of duty of the Secretary or a representative in carrying out the provisions of this Part, the Secretary may institute an action in the superior court of the county in which the hindrance occurred for injunctive relief against the continued hindrance, irrespective of all other remedies at law.

(c) Actions under this section shall be in accordance with Article 37 of Chapter 1 of the General Statutes and Rule 65 of the Rules of Civil Procedure. (1983,

c. 775, s. 1.)

§§ 131E-111 to 131E-114: Reserved for future codification purposes.

Part B. Nursing Home Patients' Bill of Rights.

§ 131E-115. Legislative intent.

It is the intent of the General Assembly to promote the interests and well-being of the patients in nursing homes and homes for the aged and disabled licensed pursuant to G.S. 131E-102, and patients in a nursing home operated by a hospital which is licensed under Article 5 of G.S. Chapter 131E. It is the intent of the General Assembly that every patient's civil and religious liberties, including the right to independent personal decisions and knowledge of available choices, shall not be infringed and that the facility shall encourage and assist the patient in the fullest possible exercise of these rights. (1977, c. 897, s. 1; 1983, c. 143, s. 2; c. 775, s. 1.)

Editor's Note. — Session Laws 1983, c. 143, s. 2, effective July 1, 1983, added "and patients in a nursing home operated by a hospital which is licensed under Article 13A of Chapter 131 of the General Statutes" at the end of the first sentence of repealed § 130-264. Pursuant to

(c) A license to operate an ambulatory surgical facility shall be annually renewed upon the filing and the department's approval of a renewal application. The renewal application shall be available from the Department and shall contain all necessary and reasonable information that the Department may by

Physicians, psychologists, psychiatrists, nurses, and anyone else involved in giving treatment at or through a facility who may be interviewed by representatives of the Department may disclose to these representatives information related to an inquiry, notwithstanding the existence of the physician-patient privilege in G.S. 8-53, "Communication between physician and patient," or any other rule of law; Provided the patient has not made written objection to this disclosure. The facility, its employees, and any person interviewed during these inspections shall be immune from liability for damages resulting from the disclosure of any information to the Department. Any confidential or privileged information received from review of records or interviews shall be kept confidential by the Department and not disclosed without written authorization of the patient or legal representative, or unless disclosure is ordered by a court of competent jurisdiction. The Department shall institute appropriate policies and procedures to ensure that this information shall not be disclosed without authorization or court order. The Department shall not disclose the name of anyone who has furnished information concerning a facility without the consent of that person. Neither the names of persons furnishing information nor any confidential or privileged information obtained from records or interviews shall be considered "public records" within the meaning of G.S. 132-1, "'Public records' defined." Prior to releasing any information or allowing any inspections referred to in this section, the patient must be advised in writing by the facility that the patient has the right to object in writing to this release of information or review of the records and that by objecting in writing, the patient may prohibit the inspection or release of the records. (1977, 2nd Sess., c. 1214, s. 1; 1981, c. 586, s. 5; 1983, c. 775, s. 1.)

OPINIONS OF ATTORNEY GENERAL

Each day of continuing violation after conviction is considered a separate offense. (1977, 2nd Sess., c. 1214, s. 1; 1983, c. 775, s. 1.)

§ 131E-152. Injunction.

ARTICLE 9.

Certificate of Need.

§ 131E-175. Findings of fact.

The General Assembly of North Carolina makes the following findings:

(1) That, because of the manner in which health care is financed, the forces of free market competition are largely absent and that government regulation is therefore necessary to control the cost, utilization, and distribution of health services.

(2) That the continuously increasing cost of health care services threatens the health and welfare of the citizens of this State in that citizens need

assurance of economical and readily available health care.

(3) That the current system of planning for health care facilities and equipment has led to the proliferation of new inpatient acute care facilities and medical equipment beyond the need of many localities in this State and an inadequate supply of health personnel and of resources for long term, intermediate, and ambulatory care in many localities.

(4) That this trend of proliferation of unnecessary health care facilities and equipment results in costly duplication and underuse of facilities, with the availability of excess capacity leading to unnecessary use of expensive resources and overutilization of acute care hospital services

by physicians.

(5) That a certificate of need law is required by Title XV of the Public Health Service Act as a condition for receipt of federal funds. If these funds were withdrawn the State of North Carolina would lose in excess of fifty-five million dollars (\$55,000,000).

(6) That excess capacity of health facilities places an enormous economic burden on the public who pay for the construction and operation of these facilities as patients, health insurance subscribers, health plan

contributors, and taxpayers.

(7) That the general welfare and protection of lives, health, and property of the people of this State require that new institutional health services to be offered within this State be subject to review and evaluation as to type, level, quality of care, feasibility, and other criteria as determined by provisions of this Article or by the North Carolina Department of Human Resources pursuant to provisions of this Article prior to such services being offered or developed in order that only appropriate and needed institutional health services are made available in the area to be served. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 1; 1983, c. 775, s. 1.)

Editor's Note. — Session Laws 1977, 2nd Sess., c. 1182, which enacted repealed §§ 131-175 to 131-188, predecessors to this Article, provided in s. 4, as amended by Session Laws 1981, c. 1127, s. 30, and Session Laws 1981 (Reg. Sess., 1982), c. 1242, s. 1(a):

"This act shall not apply to any project which has received approval under the Section 1122, P.L. 92-603 program prior to January 1, 1979, as long as construction has commenced before January 1, 1980.

" Se Se."

"This act shall not apply to any project for which application is made under this Section 1122, P.L. 92-603 program between July 1, 1978, and January 1, 1979, if such application is approved, and construction has commenced before January 1, 1980.

"Rules and Regulations under this act may be issued at any time after the date of ratification of this act [June 16, 1978], but shall not become

effective prior to January 1, 1979.

"Provided, that, notwithstanding the previous two paragraphs, this act shall apply to any project described in either of those two paragraphs or exempt from this act because construction had commenced prior to June 16, 1978, unless, prior to January 1, 1983:

"(1) Sufficient land has been acquired for the

project;

"(2) All necessary building permits and zoning or subdivision approval has been obtained;

"(3) A construction contract has been awarded and payments have been made on the construction contract; and

"(4) Either foundation walls for the project have been raised above grade level, or if a building or buildings existed on that site on January 1, 1983, a contract has been signed to raze them and total or partial demolition has taken place.

"Provided further, that this paragraph does not apply to any project required to be licensed under Article 13A of Chapter 131 of the General Statutes."

Session Laws 1981 (Reg. Sess., 1982), c. 1242, s. 1(b), provided:

"Any beds released as a result of tests set forth in subsection (a) of this section shall be placed in a statewide pool, from which allocations can be made, with first priority being given to those counties which do not have at least one skilled care or one intermediate care facility."

Session Laws 1981, c. 1127, s. 89, and 1981 (Reg. Sess., 1982), c. 1242, s. 2, contain severability clauses.

Session Laws 1983, c. 775, s. 2, provides:

"Sec. 2. Section 4 of Chapter 1182, Session Laws of 1977 (Second Session 1978), as amended by Section 30 of Chapter 1127, Session Laws of 1981, and as amended by Section 1(a) of Chapter 1242, Session Laws of 1981 (Regular Session, 1982), is not repealed and is hereby reenacted to apply to Article 9 of Chapter 1242, Session Laws of 1981 (Regular Session, 1982), is not repealed and is hereby reenacted to apply to Article 9 of Chapter 131E of the General Statutes as of the effective date of this act. Session 1(b) of Chapter 1242, Session Laws of 1981 (Regular Session, 1982) is not repealed and is hereby reenacted to apply to Article 9 of Chapter 131E of the General Statutes as of the effective date of this act."

Session Laws 1983, c. 415, provides for a one-year freeze on the granting of certificates of need for alcohol treatment beds, drug treatment beds, or both. Sections 1 through 4 of the act provide as follows:

"Section 1. Notwithstanding any law to the contrary, beginning with the effective date of this act the North Carolina Department of Human Resources shall not issue any certificate of need under Article 18 of Chapter 131 [Article 9 of Chapter 131E] of the General Statutes for any alcohol treatment beds, drug treatment beds, or both unless the governing body of the applicable health systems agency has rendered or decided not to render, by April 30, 1983, a recommendation on the application for alcohol treatment beds, drug treatment beds, or both. This prohibition will expire June 30, 1984. For reviews commenced after June 30, 1984, new applications must be submitted and the State shall not accept any such applications prior to April 1, 1984.

"Sec. 2. Prior to the end of this limitation the Department of Human Resources is directed to review and revise "policy, criteria and standards for health care facilities" for alcohol and drug abuse treatment as required by G.S. 131-177(4) [131E-177(4)] with the specific objective of limiting expansion in this area to the most cost effective treatment alternatives.

"Sec. 3. The North Carolina Mental Health Study Commission is directed to appoint an Ad Hoc Committee of recognized specialists in the field of Alcohol and Drug Rehabilitation Treatment. The Ad Hoc Committee shall be of the size and composition as determined by the Study Commission and members of the committee shall be responsible for their own expenses.

"This Ad Hoc Committee shall study, but not be limited to, development of criteria for defining the appropriate place of treatment, i.e., ambulatory or inpatient care; and define the optimal method(s) of treatment including appropriate mix of professional and supportive personnel. These and other related issues shall be studied particularly as they pertain to the most cost effective treatment of the client within the public and private sectors.

"This Ad Hoc Committee shall report its recommendations on proposed State policies and any needed statutory revisions to the Study

Commission by February 1, 1984.

"Sec. 4. This act is effective upon ratifica-

The Act was ratified June 2, 1983.

Session Laws 1983, c. 835, s. 1, provides: "Notwithstanding any other law to the contrary, including Chapter 1127, Section 31 of the 1981 Session Laws and any other similar or special provision found in the 1983 Session Laws, if a county has a population of 25,000 or more and if no nursing home licensed under G.S. 130-9(e) [see now § 131E-100 et seq.] is

located in such county, the Department of Human Resources may issue a certificate of need under Article 18 of Chapter 131 [Article 9 of Chapter 131E] of the General Statutes and the regulations promulgated thereunder, including the State Medical Facilities Plan.

Session Laws 1983, c. 835, s. 2, provides that the act is effective upon ratification. The act was ratified July 20, 1983.

§ 131E-176. Definitions.

As used in this Article, unless the context clearly requires otherwise, the

following terms have the meanings specified:

'Ambulatory surgical facility" means a public or private facility, not a part of a hospital, which provides surgical treatment to patients not requiring hospitalizaion. Such term does not include the offices of private physicians or dentists, whether for individual or group practice, unless they elect to apply for licensure under Chapter 131E. Article 6. Part D of the General Statutes.

(2) "Bed capacity" means space used exclusively for inpatient care, including space designed or remodeled for licensed inpatient beds even though temporarily not used for such purposes. The number of beds to be counted in any patient room shall be the maximum number for which adequate square footage is provided as established by regulations of the Department except that single beds in single rooms are counted even if the room contains inadequate square footage.

(2a) "Capital expenditure" means an expenditure which under generally accepted accounting principles is not properly chargeable as an

expense of operation and maintenance.

"Certificate of need" means a written order of the Department setting forth the affirmative findings that a proposed project sufficiently satisfies the plans, standards, and criteria prescribed for such projects by this Article and by rules and regulations of the Department as provided in G.S. 131E-183(a) and which affords the person so designated as the legal proponent of the proposed project the opportunity to proceed with the development of such project.

(4) "Certified cost estimate" means an estimate of the total cost of a project certified by the proponent of the project within 60 days prior to or subsequent to the date of submission of the proposed new institutional

health service to the Department and which is based on:

a. Preliminary plans and specifications;

b. Estimates of the cost of equipment certified by the manufacturer or vendor; and

c. Estimates of the cost of management and administration of the

project.

(3) Substantially change the medical or other patient care services of the

(a) The Department in its rules and regulations shall establish schedules for submission and review of completed applications. The schedules, which shall be consistent with federal law and regulations, shall provide that applications for similar proposals in the same health service area will be reviewed together.

(b) An application for a certificate of need shall be made on forms provided by the Department. The application forms, which may vary according to the type of proposal, shall require such information as the Department, by its rules and regulations, deems necessary to conduct the review. (3a) In the case of a reduction or elimination of a service, including the relocation of a facility or a service, the need that the population presently served has for the service, the extent to which that need will be met adequately by the proposed relocation or by alternative arrangements, and the effect of the reduction, elimination or relocation of the service on the ability of low income persons, racial and ethnic minorities, women, handicapped persons, and other underserved groups and the elderly to obtain needed health care.

(4) The availability of less costly or more effective alternative methods of providing the services to be offered, expanded, reduced, relocated or

eliminated.

(5) The immediate and long-term financial feasibility of the proposal, as well as the probable impact of the proposal on the costs of and charges for providing health services by the person proposing the service.

(6) The relationship of the services proposed to be provided to the existing health care system of the area in which such services are proposed to

be provided.

- availability of resources, including health manpower, management personnel, and funds for capital and operating needs, for the provision of the services proposed to be provided and the need for alternative uses of these resources as identified by the applicable health systems plan, annual implementation plan or State Health
- (8) The relationship, including the organizational relationship, of the health services proposed to be provided to ancillary or support services.
- (9) Special needs and circumstances of those entities which provide a substantial portion of their services or resources, or both, to individuals not residing in the health service areas in which the entities are located or in adjacent health service areas. Such entities may include medical and other health professions schools, multidisciplinary clinics and specialty centers.

(10) The special needs and circumstances of HMOs. These needs and cir-

cumstances shall be limited to:

a. The needs of enrolled members and reasonably anticipated new members of the HMO for the health service to be provided by the

organization; and

b. The availability of new health services from non-HMO providers or other HMOs in a reasonable and cost-effective manner which is consistent with the basic method of operation of the HMO. In assessing the availability of these health services from these providers, the Department shall consider only whether the services from these providers:

- 1. Would be available under a contract of at least five years' duration:
- 2. Would be available and conveniently accessible through physicians and other health professionals associated with the HMO:
- 3. Would cost no more than if the services were provided by the HMO: and
- 4. Would be available in a manner which is administratively feasible to the HMO.
- (11) The special needs and circumstances of biomedical and behavioral research projects which are designed to meet a national need and for which local conditions offer special advantages.

(12) In the case of a construction project, the costs and methods of the proposed construction, including the costs and methods of energy provision, and the probable impact of the construction project reviewed on the costs of providing health services by the person proposing the construction project and on the costs and charges to the public of

providing health services by other persons.

(13) The contribution of the proposed service in meeting the health-related needs of members of medically underserved groups. such as low income persons, racial and ethnic minorities, women, and handicapped persons, which have traditionally experienced diffi-culties in obtaining equal access to health services, particularly those needs identified in the applicable health systems plan, annual implementation plan, and State Health Plan as deserving of priority. For the purpose of determining the extent to which the proposed service will be accessible, the Department shall consider:

a. The extent to which medically underserved populations currently use the applicant's proposed services in comparison to the percentage of the population in the applicant's service area which is medically underserved, and the extent to which medically underserved populations are expected to use the proposed services

if approved:

b. The performance of the applicant in meeting its obligation, if any, under any applicable regulations requiring provision of uncompensated care, community service, or access by minorities and handicapped persons to programs receiving federal assistance, including the existence of any civil rights access complaints against the applicant;

c. The extent to which Medicare, Medicaid and medically indigent

patients are served by the applicant; and

d. The extent to which the applicant offers a range of means by which a person will have access to its services. Examples of a range of means are outpatient services, admission by house staff, and admission by personal physicians.

(14) The effect of the means proposed for delivery of the health services on the clinical needs of health professional training programs in the area

in which the services are to be provided.

(15) If the proposed health services are to be available in a limited number of facilities, the extent to which the health professions schools in the area will have access to the services for training purposes.

(16) The special circumstances of health care facilities with respect to the

need for conserving energy.

(17) In accordance with Section 1502(b) of the Public Health Service Act, 42 U.S.C. 300k-2(b), the factors which influence the effect of competition on the supply of the health services being reviewed.

(18) Improvements or innovations in the financing and delivery of health services which foster competition, in accordance with Section 1502(b) of the Public Health Service Act, 42 U.S.C. 300k-2(b), and serve to promote quality assurance and cost effectiveness.

(19) In the case of proposed health services or facilities, the efficiency and appropriateness of the use of existing, similar services and facilities.

(20) In the case of existing services or facilities, the quality of care pro-

vided in the past.

(21) When an application is made by an osteopathic or allopathic facility for a certificate of need to construct, expand, or modernize a health care facility, acquire major medical equipment, or add services, the need for that construction, expansion, modernization, acquisition of equipment, or addition of services shall be considered on the bases of the need for and availability in the community of services and facilities for osteopathic and allopathic physicians and their patients. The Department shall consider the application in terms of its impact on existing and proposed institutional training programs for doctors of osteopathy and medicine at the student, internship, and residency training levels.

(b) Criteria adopted for reviews in accordance with subsection (a) of this section may vary according to the purpose for which a particular review is

being conducted or the type of health service reviewed.

(c) (See Editor's Note for Applicability and Effective Date). — In reviewing applications for skilled nursing facilities or intermediate care facilities to be provided within a "life care" or "care for life" institution, the evaluation of the need shall not include the relationship of the proposed project to the need for such services specified in the State Medical Facilities Plan or State Health Plan provided that (i) the use of the proposed facilities is to be limited to resident members of the "life care" or "care for life" institution, (ii) the facilities are not to be certified for participation in either the Medicare or Medicaid programs, (iii) the ratio of skilled nursing facility beds and intermediate care facility beds to domiciliary care beds and other residential arrangements shall not exceed one to four, and (iv) the facilities are to be developed after residential housing has been established or be developed as a part of a total housing construction program which shall document that the entire complex is one inseparable project. Facilities developed under this provision shall not be included in the statewide inventory for purposes of developing the State Medical Facilities Plan. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 7; 1983, c. 775, s. 1; c. 920, s. 2.)

Editor's Note. — Session Laws 1983, c. 920, s. 2, amended repealed § 131-181 by adding a new subsection (c). Pursuant to Session Laws 1983, c. 775, s. 6, the new subsection (c) has been inserted in this section.

Session Laws 1983, c. 920, s. 3, makes the act applicable only to facilities owned and operated by a nonprofit organization (including a corporation, association, or religious organization) with a membership of 5,000 or more, or by a corporation which is totally controlled by such an organization. Section 3 further provides that

before such a facility obtaining a certificate of need under the act may be operated other than as part of a "life care" or "care for life" institution, a certificate of need must be obtained without regard to subsection (c), and that no certificate of need may be granted under the act after June 30, 1984.

Section 4 of Session Laws 1983, c. 920, makes the act effective upon ratification, except that item (i) of the first sentence of subdivision (c) is made effective January 1, 1986.

§ 131E-184. Required approvals.

- (a) Except as provided in subsection (b), the Department shall issue a certificate of need for a proposed capital expenditure if:
 - (1) The capital expenditure is required (i) to eliminate or prevent imminent safety hazards as defined in federal, State, or local fire, building, or life safety codes or regulations, or (ii) to comply with State licensure standards, or (iii) to comply with accreditation or certification standards which must be met to receive reimbursement under Title XVIII of the Social Security Act or payments under a State plan for medical assistance approved under Title XIX of that act; and
 - (2) The Department determines that (i) the facility or services for which the capital expenditure is proposed is needed, and (ii) the obligation of the capital expenditure is consistent with the State Health Plan. Even though the proposal is inconsistent with the State Health Plan, the Department may issue a certificate of need if emergency circumstances pose an imminent threat to public health.
- (b) Those portions of a proposed project which are not to eliminate or prevent safety hazards or to comply with certain licensure, certification, or accreditation standards are subject to review under the criteria developed under G.S. 131E-183. (1983, c. 775, s. 1.)

§ 131E-185. Review process.

- (a) Except as provided in subsection (c) of this section there shall be a time limit of 90 days for review of the project beginning on the day the Department declares the application "complete for review," as established by departmental regulations.
- (1) The appropriate health systems agency or agencies shall have 60 days to review each application as to consistency with duly adopted plans, standards, and criteria. Following the review the health systems agency shall submit to the Department its comments and recommendations. The comments may include a recommendation to approve the application, to approve the application with conditions, to defer the application, or to deny the application. Suggested modifications, if any, shall relate directly to the project under review.
 - (2) The appropriate health systems agency shall, during the course of its review, provide an opportunity for a public meeting at which interested persons may introduce testimony and exhibits.
- (3) Any person may file written comments and exhibits concerning a proposal under review with the appropriate health systems agency and the Department.
- (b) The Department shall issue as provided in this Article a certificate of need with or without conditions or reject the application within the review period.
- (c) The Department shall promulgate rules establishing criteria for determining when it would not be practicable to complete a review within 90 days from receipt of a completed application. If the Department finds that these criteria are met for a particular project, it may extend the review period for a period not to exceed 60 days and provide notice of such extension to all affected persons. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, ss. 9, 10; 1983, c. 775, s. 1.)

§ 131E-186. Final decision.

The Department shall send its decision along with written findings to the person proposing the new institutional health service and to the Health Systems Agency for the health service area in which the new service is proposed to be offered or developed. In the case of a final decision to "approve" or "approve with conditions" a proposal for a new institutional health service, the Department shall issue a certificate of need to the person proposing the new institutional health service. (1977, 2nd Sess., c. 1182, s. 2; 1983, c. 775, s. 1.)

§ 131E-187. Written notice of decision.

The Department shall, within 15 days after it makes a final decision on an application, provide in writing to the applicant, to the appropriate Health Systems Agency and, upon request to affected persons, the findings and conclusions on which it based its decision, including but not limited to, the criteria used by the Department in making its decision. (1977, 2nd Sess., c. 1182, s. 2; 1983, c. 775, s. 1.)

§ 131E-188. Administrative and judicial review.

(a) After a decision of the Department to issue, deny or withdraw a certificate of need or exemption, any affected person shall be entitled to a contested case hearing under Article 3 of Chapter 150A of the General Statutes, if the Department receives a request therefor within 30 days after its decision.

(b) Any affected person who was a party in a contested case hearing shall be entitled to judicial review of the final agency decision pursuant to Article 4 of

Chapter 150A of the General Statutes.

(c) The term "affected persons" includes: the applicant; the health systems agency for the health service area in which the proposed project is to be located; health systems agencies serving contiguous health service areas or located within the same standard metropolitan statistical area; any person residing within the geographic area served or to be served by the applicant; any person who regularly uses health care facilities within that geographic area; health care facilities and health maintenance organizations (HMOs) located in the health service area in which the project is proposed to be located, which provide services similar to the services of the facility under review; health care facilities and HMOs which, prior to receipt by the agency of the proposal being reviewed, have formally indicated an intention to provide similar services in the future; third party payers who reimburse health care facilities for services in the health service area in which the project is proposed to be located; and any agency which establishes rates for health care facilities or HMOs located in the health service area in which the project is proposed to be located. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 11; 1983, c. 775, s. 1.)

§ 131E-189. Withdrawal of a certificate of need.

(a) The Department shall specify in each certificate of need the time the holder has to make the service or equipment available or to complete the project and the timetable to be followed. The timetable shall be the one proposed by the holder of the certificate of need unless at the time the certificate of need is issued the Department determines by a preponderance of the evidence that the timetable proposed by the holder is unreasonable and that a different timetable should be followed by the holder. The holder of the certificate shall submit such periodic reports on his progress in meeting the timetable as may be required by the Department. If, after reviewing the progress, the Department determines that the holder of the certificate is not

meeting the timetable and not making a good faith effort to meet it, the Department may, after considering any recommendation made by the appropriate health systems agency, withdraw the certificate.

(b) The Department may withdraw any certificate of need which was issued subject to a condition or conditions, if the holder of the certificate fails to satisfy

such condition or conditions.

(c) The Department may withdraw any certificate of need if the holder of the certificate, before completion of the project or operation of the facility, transfers ownership or control of the facility. Transfers resulting from personal illness or other good cause, as determined by the Department, shall not result in withdrawal if the Department receives prior written notice of the transfer and finds good cause. Transfers resulting from death shall not result in withdrawal. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 12; 1983, c. 775, s. 1.)

§ 131E-190. Enforcement and sanctions.

(a) Only those new institutional health services which are found by the Department to be needed as provided in this Article and granted certificates of need shall be offered or developed within the State.

(b) No formal commitments made for financing, construction, or acquisition regarding the offering or development of a new institutional health service shall be made by any person unless a certificate of need for such service or

activities has been granted.

(c) Nothing in this Article shall be construed as terminating the P.L. 92-603, Section 1122, capital expenditure program or the contract between the State of North Carolina and the United States under that program. The sanctions available under that program and contract, with regard to the determination or whether the amounts attributable to an applicable project or capital expenditure project should be included or excluded in determining payments to the proponent under Titles V, XVIII, and XIX of the Social Security Act, shall remain available to the State.

(d) If any health care facility proceeds to offer or develop a new institutional health service without having first obtained a certificate of need for such services, the penalty for such violation of this Article and rules and regulations hereunder is the withholding of federal and State funds under Titles V, XVIII, and XIX of the Social Security Act for reimbursement of capital and operating expenses related to the provision of the new institutional health service.

(e) If any health care facility proceeds to offer or develop a new institutional health service without having first obtained a certificate of need for such services, the licensure for such facility may be revoked or suspended by the Medical Care Commission, or the Commission for Health Services, as appropriate

(f) A civil penalty of not more than twenty thousand dollars (\$20,000) may be assessed by the Department against any person who knowingly offers or develops any new institutional health service within the meaning of this Article without a certificate of need issued under this Article and the rules and regulations pertaining thereto, or in violation of the terms of such a certificate. In determining the amount of the penalty the Department shall consider the degree and extent of harm caused by the violation and the cost of rectifying the damage. The Department may assess the penalties provided for in this subsection. Any person assessed shall be notified of the assessment by registered or certified mail, and the notice shall specify the reasons for the assessment. If the person assessed fails to pay the amount of the assessment to the Department within 30 days after receipt of notice, or such longer period, not to exceed 180 days, as the Department may specify, the Department may institute a civil action in the superior court of the county in which the violation occurred or, in the discretion of the Department, in the superior court of the county in which

the person assessed has his principal place of business, to recover the amount of the assessment. In any such civil action, the scope of the court's review of the Department's action (which shall include a review of the amount of the assessment), shall be as provided in Chapter 150a of the General Statutes. For the purpose of this subsection, the word "person" shall not include an individual in his capacity as an officer, director, or employee of a person as otherwise defined in this Article.

(g) No agency of the State or any of its political subdivisions may appropriate or grant funds or financially assist in any way a person, applicant, or

facility which is or whose project is in violation of this Article.

(h) If any health care facility proceeds to offer or develop a new institutional health service without having first obtained a certificate of need for such services, the Secretary of Human Resources or any person aggrieved, as defined by G.S. 150A-2(6), may bring a civil action for injunctive relief, temporary or permanent, against the person offering, developing or operating any new institutional health service. (1977, 2nd Sess., c. 1182, s. 2; 1981, c. 651, s. 13; 1983, c. 775, s. 1.)

§ 131E-191. Venue.

(a) Any action brought by a "person aggrieved" as defined by G.S. 150A-2(6), to enforce the provisions of this Article against any health care facility as defined in G.S. 131E-176(9), or its agents or employees, may be brought in the superior court of any county in which the cause of action arose or in the county

in which the health care facility is located, or in Wake County.

(b) An action brought by a "party" as defined by G.S. 150A-2(5), who has exhausted all administrative remedies made available to that party by statute or rules and regulations, may be brought in the Superior Court of Wake County at any time after a final decision by the Department. Such action must be filed not later than 30 days after a written copy of the final decision by the Department is given by personal service or registered or certified mail to the person seeking judicial review. (1977, 2nd Sess., c. 1182, s. 2; 1983, c. 775, s. 1.)

CASE NOTES

Chapter Contemplates Disclosure as Well as Storage. — A presumed legislative intent to mandate the extensive preservation of public records prescribed by this Chapter, with storage at public expense, but to which the public is denied access, is untenable. Preservation for its own sake, absent access, would be an absurdity. Advance Publications, Inc. v. City of Elizabeth City, 53 N.C. App. 504, 281 S.E.2d 69 (1981).

The phrase "pursuant to law or ordinance in connection with the transaction of public business," should include, in addition to those records required by law, those records that are kept in carrying out lawful duties. News & Observer Publishing Co. v. Wake County Hosp. Sys., 55 N.C. App. 1, 284 S.E.2d 542 (1981), appeal dismissed and cert. denied, — U.S. —, 103 S. Ct. 26, 74 L. Ed. 2d 42 (1982).

"Agency of North Carolina government or its subdivisions". — The phrase "agency of North Carolina government or its subdivisions" in this section need be construed only upon the plain meaning of this section and in the context of the public records statutes. News & Observer Publishing Co. v. Wake County Hosp. Sys., 55 N.C. App. 1, 284 S.E.2d 542 (1981), appeal dismissed and cert. denied, — U.S. —, 103 S. Ct. 26, 74 L. Ed. 2d 42 (1982).

Letter from Engineer Consulting for City.

— A letter received by the manager of defen-

dant-city from a consulting engineer whom defendant-city employed to inspect construction work on additions and modifications to its water treatment plant is a public record subject to disclosure. Advance Publications, Inc. v. City of Elizabeth City, 53 N.C. App. 504, 281 S.E.2d 69 (1981).

Wake County Hospital System is an agency of the county under the North Carolina public records statutes. News & Observer Publishing Co. v. Wake County Hosp. Sys., 55 N.C. App. 1, 284 S.E.2d 542 (1981), appeal dismissed and cert. denied, — U.S. —, 103 S. Ct. 26, 74 L. Ed. 2d 42 (1982).

By virtue of the definitions in \$\\$ 143-318.10(b) and 159-39(a), the Wake County Hospital System is a "public body" that must, by law, record settlement terms considered in executive sessions; in addition, the public has the right to know the terms of settlements made by the system in actions for wrongful terminations of its agreements, since the funds from which the settlements were paid must be considered the county's funds. News & Observer Publishing Co. v. Wake County Hosp. Sys., 55 N.C. App. 1, 284 S.E.2d 542 (1981), appeal dismissed and cert. denied, — U.S. —, 103 S. Ct. 26, 74 L. Ed. 2d 42 (1982).

§ 133-1.1. Certain buildings involving public funds to be designed, etc., by architect or engineer.

ARTICLE 2.

Relocation Assistance.

§ 133-9. Replacement housing for homeowners.

(a) In addition to payments otherwise authorized by this Article and subject to the provisions of G.S. 133-10.1 the agency may make an additional payment not in excess of fifteen thousand dollars (\$15,000) to any displaced person who is displaced from a dwelling actually owned and occupied by such displaced person for not less than 180 days prior to the initiation of negotiations for the acquisition of the property. Such additional payment shall include the following elements:

(1) The amount, if any, which when added to the acquisition cost of the dwelling acquired by the agency, equals the reasonable cost of a comparable replacement dwelling which is a decent, safe, and sanitary dwelling adequate to accommodate such displaced person, reasonably accessible to public services and places of employment and available on the private market. All determinations required to carry out this section shall be made in accordance with standards established by the

agency making the additional payment.

(2) The amount, if any, shall be the amount which will compensate such displaced person for any increased interest costs which such person is required to pay for financing the acquisition of any such comparable replacement dwelling. Such amount shall be paid only if the dwelling acquired by the agency was encumbered by a bona fide mortgage which was a valid lien on such dwelling for not less than 180 days prior to the initiation of negotiations for the acquisition of such dwelling. The governmental agency is authorized to pay to the informant up to twenty-five percent (25%) of any civil damages that it collects from the violator named by the informant by reason of the information furnished by the informant. The information and knowledge to be reported includes but is not limited to any agreement or proposed agreement or offer or request for agreement among contractors, subcontractors or suppliers to rotate bids, to share the profits with a contractor not the low bidder, to sublet work in advance of bidding as a means of preventing competition, to refrain from bidding, to submit prearranged bids, to submit complimentary bids, to set up territories to restrict competition, or to alternate bidding. However, all such gifts knowingly made or received are required to be reported by the donee to the agency head if the gifts are made by a contractor, subcontractor, or supplier doing business directly or indirectly with the governmental agency employing the recipient of such a gift. If the agency's rules require that such information be kept confidential, an employee or officer of the agency who divulges such information to any unauthorized person shall be subject to disciplinary action. This section shall not be construed to require that cost estimates or bidders' lists be kept confidential. (1981, c. 764, s. 1.)

CASE NOTES

The intent of this Chapter is not to exclude, but to include, State employees under an umbrella of protections designed to provide maximum security in their work environment and to afford a measure of freedom

from apprehension of old age and disability. Stanley v. Retirement & Health Benefits Div., 55 N.C. App. 588, 286 S.E.2d 643, cert. denied, 305 N.C. 587, 292 S.E.2d 571 (1982).

§ 135-1.1. Licensing and examining boards.

Any State board or agency charged with the duty of administering any law relating to the examination and licensing of persons to practice a profession, trade or occupation, in its discretion, may elect on or before July 1, 1983, by an appropriate resolution of said board, to cause its employees so employed prior to July 1, 1983 to become members of the Teachers' and State Employees' Retirement System. Such Retirement System coverage shall be conditioned on such board's paying all of the employer's contributions or matching funds from funds of the board and on such board's collecting from its employees the employees' contributions, at such rates as may be fixed by law and by the regulations of the Board of Trustees of the Retirement System, all of such funds to be paid to the Retirement System and placed in the appropriate funds. Retroactive coverage of the employees of any such board may also be effected to the extent that such board requests provided the board pays all of the employer's contributions or matching funds necessary for such purpose and provided said board collects from its employees all employees' contributions necessary for such purpose, computed at such rates and in such amount as the Board of Trustees of the Retirement System determines, all of such funds to be paid to the Retirement System, together with such interest as may be due, and placed in the appropriate funds. proper application therefor.

d. Should a teacher or employee who retired on an early or service retirement allowance be restored to service prior to the attainment of the age of 62 years, his allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate payable by all members. Upon his subsequent retirement, he shall be entitled to the allowance described in 1 below reduced by the amount in 2 below.

1. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement, and his creditable

service after he was restored to service.

2. The actuarial equivalent of the retirement benefits he previ-

ously received.

e. Should a teacher or employee who retired on an early or service retirement allowance be restored to service after the attainment of the age of 62 years, his retirement allowance shall be reduced to the extent necessary (if any) so that the sum of the retirement allowance at the time of his retirement and earnings from employment by a unit of the Retirement System for any year (beginning January 1, and ending December 31) will not exceed the member's compensation received for the 12 months of service prior to retirement. Provided, however, that under no circumstances will the member's retirement allowance be reduced below the amount of his annuity as defined in G.S. 135-1(3).

(8) The provisions of this subsection (8) shall apply to any member whose membership is terminated on or after July 1, 1963 and who becomes entitled to benefits hereunder in accordance with the provisions entitled hereof.

a. Notwithstanding any other provision of this Chapter, any member who separates from service prior to the attainment of the age of 60 years for any reason other than death or retirement for disability as provided in G.S. 135-5(c), after completing 15 or more years of creditable service, and who leaves his total accumulated contributions in said System shall have the right to retire on a deferred retirement allowance upon attaining the age of 60 years; provided that such member may retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired; and further provided that in the case of a member who so separates from service on or after July 1, 1967 or whose account is active on July 1, 1967, or has not withdrawn his contributions, the aforestated requirement of 15 or more years of creditable service shall be reduced to 12 or more years of creditable service; and further provided that in the case of a member who so separates from service on or after July 1, 1971, or whose account is active on July 1, 1971, the aforestated requirement of 12 or more years of creditable service shall be reduced to five or more years of creditable service. Such deferred retirement allowance shall be computed in accordance with the provisions of G.S. 135-5(b1); provided that such benefits will be computed in accordance with (b2) on or after July 1, 1967, but

prior to July 1, 1969; and provided further that such benefits will be computed in accordance with (b3) on or after July 1, 1969. Notwithstanding the foregoing, any member whose services as a teacher or employee are terminated for any reason other than retirement, who becomes employed by a nonprofit, nonsectarian private school in North Carolina below the college level within one year after such teacher or employee has ceased to be a teacher or employee, may elect to leave his total accumulated contributions in the Teachers' and State Employees' Retirement System during the period he is in the employment of such employer; provided that he files notice thereof in writing with the Board of Trustees of the Retirement System within five years after separation from service as a public school teacher or State employee; such member shall be deemed to have met the requirements of the above provisions of this subdivision upon attainment of age 60 while in such employment provided that he is otherwise vested.

b. In lieu of the benefits provided in paragraph a of this subdivision (8), any member who separates from service prior to the attainment of the age of 60 years, for any reason other than death or retirement for disability as provided in G.S. 135-5(c), after completing 20 or more years of creditable service, and who leaves his total accumulated contributions in said System, may elect to retire on an early retirement allowance upon attaining the age of 50 years or at any time thereafter; provided that such member may so retire only upon written application to the Board of Trustees setting forth at what time, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired. Such early retirement allowance so elected shall be equal to the deferred retirement allowance otherwise payable at the attainment of the age of 60 years reduced by the percentage thereof indicated below.

c. Should a beneficiary who retired on an early or service retirement allowance be restored to service for a period of time exceeding six calendar months, his retirement allowance shall cease, he shall again become a member of the Retirement System and he shall contribute thereafter at the uniform contribution rate payable by all members. Notwithstanding the foregoing, the beneficiary may irrevocably elect to commence membership immediately upon being restored to service, with cessation of his retirement allowance; and, the acceptance of the first monthly retirement allowance after being restored to service shall be an election to delay membership for the aforementioned six calendar months. Upon his subsequent retirement, he shall be entitled to the greater of the two allowances described in 1 and 2 below.

- 1. The allowance to which he would be entitled had he not been restored to service with cessation of retirement allowance, plus the allowance to which he would be entitled on account of his service after restoration to service and membership; Provided, for the sole purpose of determining retirement eligibility on account of his service after restoration, that his creditable service shall be taken as the sum of his creditable service prior to and subsequent to his restoration to service; or
- 2. The allowance to which he would be entitled if his retirement were commencing for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service prior to and subsequent to his restoration to service, reduced by the actuarial equivalent of the retirement allowance he previously received; provided, in no event may he alter his Election of Optional Allowance as previously made.
- d. Should a beneficiary who retired on an early or service retirement allowance be employed by an employer participating in the Retirement System as an employee meeting less than the definition of service as used in this Chapter or on a contractual or fee basis for a period of time exceeding six calendar months, and if the beneficiary earns compensation for the employment in any calendar year which exceeds an amount equal to sixty percent (60%) of his gross compensation earned as an employee during the 12 consecutive months in the final 48 months of service prior to retirement producing the highest gross compensation excluding compensation on account of termination, with the amount indexed as hereinafter provided, then the retirement allowance of the beneficiary shall be reduced by the amount of his earned compensation which exceeds the sixty percent (60%) of gross compensation prior to retirement; Provided, in no event shall the retirement allowance of a beneficiary be less than the amount of his annuity as defined in this Chapter. The amount a beneficiary may earn before reduction shall be increased on January 1 each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of a percent $(\frac{1}{10})$ of

Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Editor's Note. -

Session Laws 1983, c. 556, s. 3, provides as follows: "Any beneficiary in the Local Governmental Employees' Retirement System or the Teachers' and State Employees' Retirement System who was excluded from membership upon return to service on account of former G.S. 128-24(5)c. or G.S. 135-3(8)c. may elect to repay all retirement allowances received while so

excluded plus an amount equal to the member contributions which would otherwise have been made, to the appropriate Retirement System, and thereby establish retroactive membership service. The election and payment of these amounts must be made by December 31, 1983. The employer of the member shall, coincident with the payment by the member, pay to the appropriate Retirement System an amount equal to the employer contributions which would otherwise have been made while the member was so excluded from membership."

Effect of Amendments. -

The 1981 amendment substituted "compensation received for the 12 months of service prior to retirement" for "average final compensation" at the end of the first sentence of paragraph 7(e).

The 1981 (Reg. Sess., 1982) amendment, effective July 1, 1982, deleted subdivision (6). The amendments also rewrote subdivision (8)c, to the extent that a detailed comparison is not

possible.

Session Laws 1981 (Reg. Sess., 1982), c. 1396, s. 5 empowers and directs the Board of Trustees of the Teachers' and State Employees' Retirement System and the Local Governmental Employees' Retirement System to adjust the employers' rates of contribution to the level necessary to fund the provisions of the act.

The 1983 amendment, effective June 17, 1983, rewrote subdivision (8)c and added subdi-

vision (8)d.

§ 135-4. Creditable service.

(e) Creditable service at retirement on which the retirement allowance of a member shall be based shall consist of the membership service rendered by him since he last became a member, and also if he has a prior service certificate which is in full force and effect, the amount of service certified on his prior service certificate; and if he has sick leave standing to his credit upon retirement on or after July 1, 1971, one month of credit for each 20 days or portion thereof not to exceed one month of credit for each two years of membership service or fraction thereof, but sick leave shall not be counted in computing creditable service for the purpose of determining eligibility for service retirement, disability retirement, early retirement or for a vested deferred allowance.

On and after July 1, 1971, a member whose account was closed on account of absence from service under the provisions of G.S. 135-3(3) and who subsequently returns to service for a period of five years, may thereafter repay in a lump sum the amount withdrawn plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service by the amount of creditable service lost when his account was closed.

On and after July 1, 1973, a member whose account in the North Carolina Local Governmental Employees' Retirement System was closed on account of absence from service under the provisions of G.S. 128-24(1a) and who subsequently became or becomes a member of this System with credit for five years of service, may thereafter repay in a lump sum the amount withdrawn from the North Carolina Local Governmental Employees' Retirement System plus regular interest thereon from the date of withdrawal through the year of repayment and thereby increase his creditable service in this System by the amount of creditable service lost when his account was closed.

On or after July 1, 1979, a member who has obtained 60 months of aggregate service, or five years of membership service, as an employee of the North Carolina General Assembly, except legislators, participants in the Legislative Intern Program and pages, may make a lump sum payment together with interest, and an administrative fee for such service, to the Teachers' and State Employees' Retirement System of an amount equal to what he would have contributed had he been a member on his first day of employment.

(f) Armed Service Credit. -

(1) Teachers and other State employees who entered the armed services of the United States on or after September 16, 1940, and prior to February 17, 1941, and who returned to the service of the State within a period of two years after they were first eligible to be separated or released from such armed services under other than dishonorable conditions shall be entitled to full credit for all prior service.

(2) Teachers and other State employees who entered the armed services of the United States on or after September 16, 1940, and who returned to the service of the State prior to October 1, 1952, or who devote not less than 10 years of service to the State after they are separated or released from such armed services under other than dishonorable conditions, shall be entitled to full credit for all prior service, and, in addition they shall receive membership service credit for the period of service in such armed services up to the date they were first eligible to be separated or released therefrom, occurring after the date of establishment of the Retirement System.

(3) Teachers and other State employees who enter the armed services of the United States on or after July 1, 1950, or who engage in active military service on or after July 1, 1950, and who return to the service of the State within a period of two years after they are first eligible to be separated or released from such active military service under other than dishonorable conditions shall be entitled to full membership service credit for the period of such active service in the armed

services

(4) Under such rules as the board of trustees shall adopt, credit will be provided by the Retirement System with respect to each such teacher or other State employee in the amounts that he would have been paid during such service in such armed services on the basis of his earnable compensation when such service commenced. Such contributions shall be credited to the individual account of the member in the annuity savings fund, in such manner as the board of trustees shall determine. but any such contributions so credited and any regular interest thereon shall be available to the member only in the form of an annuity, or benefit in lieu thereof, upon his retirement on a service, disability or special retirement allowance; and in the event of cessation of membership or death prior thereto, any such contributions so credited and regular interest thereon shall not be payable to him or on his account, but shall be transferred from the annuity savings fund to the pension accumulation fund. If any payments were made by a member on account of such service as provided by subdivision (5) of subsection (b) of G.S. 135-8, the Board of Trustees shall refund to or reimburse such member for such payments.

(5) The provisions of this subsection shall also apply to members of the national guard with respect to teachers and State employees who are called into federal service or who are called into State service, to the extent that such persons fail to receive compensation for performance of the duties of their employment other than for service in the national

guard.

(6) Repealed by Session Laws 1981, c. 636, s. 1. (1) Repealed by Session Laws 1981, c. 636, s. 1. (n), (o) Repealed by Session Laws 1981, c. 636, s. 1

(n), (o) Repealed by Session Laws 1981, c. 636, s. 1.

(p) Credit for prior temporary State employment. — Notwithstanding any other provision of this Chapter, a member may purchase service credit for temporary State employment upon completion of 10 years of membership service and subject to the condition that the member had been classified as a temporary employee for more than three years. Each employer shall certify to the Board of Trustees that an employee is eligible to purchase this service credit prior to the member making payment. Payment for the service credit shall be in a single lump sum based upon the amount the member would have contributed if he had been properly classified as a permanent employee and been a member of this retirement system.

(q) Notwithstanding any other provision of this Chapter, any member who entered service or was restored to service prior to July 1, 1982, and was excluded from membership service solely on account of having attained the age of 62 years, in accordance with former G.S. 135-3(6), may purchase mem-

bership service credits of such excluded service by making a lump-sum payment equal to the contributions that would have been deducted pursuant to G.S. 135-8(b) had he been a member of the Retirement System, increased by interest calculated at a rate of seven percent (7%) per annum

interest calculated at a rate of seven percent (7%) per annum.

(r) Notwithstanding any other provision of this Chapter, any member may purchase creditable service for periods of employer approved leaves of absence when in receipt of benefits under the North Carolina Workers' Compensation Act. This service shall be purchased by paying a cost calculated in the following

manner:

(1) Leaves of Absence Terminated Prior to July 1, 1983. — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminated upon return to service prior to July 1, 1983, shall be a lump sum amount payable to the Annuity Savings Fund equal to the full liability of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities, and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance, as determined by the board of trustees upon the advice of the consulting actuary, plus an administrative fee to be set

by the board of trustees.

(2) Leaves of Absence Terminating On and After July 1, 1983. — The cost to a member whose employer approved leave of absence, when in receipt of benefits under the North Carolina Workers' Compensation Act, terminates upon return to service on and after July 1, 1983, shall be a lump sum amount due and payable to the Annuity Savings Fund within six months from return to service equal to the total employee and employer percentage rates of contribution in effect at the time of purchase and based on the annual rate of compensation of the member immediately prior to the leave of absence; Provided, however, the cost to a member whose amount due is not paid within six months from return to service shall be the amount due plus one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the six-month period.

(s) Credit at Full Cost for Temporary State Employment. — In addition to the provisions of subsection (p) above, any member may purchase creditable service for State employment when classified as a temporary teacher or

(2) A member in service who attains age 70 shall make timely application for retirement, in accordance with (1) above, to be effective no later than the first of July coincident with or next following his seventieth birthday: Provided that, upon the approval of his employer, any member may be continued in service on a year-to-year basis.

(3) Any member who was in service October 8, 1981, who had attained 60 years of age, may retire upon written application to the board of trustees setting forth at what time, as of the first day of a calendar month, not less than 30 days nor more than 90 days subsequent to the

execution and filing thereof, he desires to be retired.

(b7) Service Retirement Allowance of Members Retiring on or after July 1, 1980. — Upon retirement from service, in accordance with subsection (a) above, on or after July 1, 1980, a member shall receive a service retirement allowance computed as follows:

(1) If the member's service retirement date occurs on or after his sixty-fifth birthday or after the completion of 30 years of creditable service, such allowance shall be equal to one and fifty-seven hundredths percent (1.57%) of his average final compensation, multiplied

by the number of years of his creditable service.

(2) If the member's service retirement date occurs after his sixtieth and before his sixty-fifth birthday and prior to his completion of 30 or more years of creditable service, his retirement allowance shall be computed as in (1) above but shall be reduced by one-quarter of one percent (1/4 of 1%) thereof for each month by which his retirement date precedes the first day of the month coincident with or next following his sixty-fifth birthday.

(3) If the member's service retirement date occurs before his sixtieth birthday and prior to his completion of 30 or more years of creditable service, his service retirement allowance shall be the actuarial equivalent of the allowance payable at the age of 60 years as computed in

(2) above

(4) Notwithstanding the foregoing provisions, any member whose creditable service commenced prior to July 1, 1963, shall receive not

less than the benefit provided by G.S. 135-5(b).

(c) Disability Retirement Benefits. — Upon the application of a member or of his employer, any member who has had five or more years of creditable service may be retired by the board of trustees, on the first day of any calendar month, not less than 30 and not more than 90 days next following the date of filing such application, on a disability retirement allowance: Provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; Provided further the medical board shall determine if the member is able to engage in gainful employment and, if so, the member may still be retired and the disability retirement allowance as a result thereof shall be reduced as in subsection (e) below. Provided further, that the medical board shall not certify any member as disabled who:

(1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership

in the system; or

(2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the retirement system to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls.

Supplemental disability benefits heretofore provided are hereby made a permanent part of disability benefits after age 65, and shall not be discontinued

at age 65.

(d3) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1971, but prior to July 1, 1982. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1971, but prior to July 1, 1982, a member shall receive a service retirement allowance if he has attained the age of 65 years; otherwise he shall receive a disability retirement allowance which shall be computed as follows:

(1) Such allowance shall be equal to a service retirement allowance calculated on the basis of the member's average final compensation prior to his disability retirement and the creditable service he would have

had at the age of 65 years if he had continued in service.

(2) Notwithstanding the foregoing provisions,

a. Any member whose creditable service commenced prior to July 1, 1971, shall receive not less than the benefit provided by G.S. 135-5(d2):

b. c. The amount of disability allowance payable to any member retiring on or after July 1, 1974, who is not eligible for and in receipt of a disability benefit under the Social Security Act shall not be payable from the reserve funds of the Retirement System but shall be provided by the employer from time to time during each year in such amounts as may be required to cover such payments

as current disbursements.

(d4) Allowance on Disability Retirement of Persons Retiring on or after July 1, 1982. — Upon retirement for disability, in accordance with subsection (c) of this section on or after July 1, 1982, a member shall receive a service retirement allowance if he has qualified for an unreduced service retirement allowance; otherwise the allowance shall be equal to a service retirement allowance calculated on the member's average final compensation prior to his disability retirement and the creditable service he would have had had he continued in service until the earliest date on which he would have qualified

for an unreduced service retirement allowance.

(e) Reexamination of Beneficiaries Retired for Disability. — Once each year during the first five years following retirement of a member on a disability retirement allowance, and once in every three-year period thereafter, the Board of Trustees may, and upon his application shall, require any disability beneficiary who has not yet attained the age of 60 years to undergo a medical examination, such examination to be made at the place of residence of said beneficiary or other place mutually agreed upon, by a physician or physicians designated by the Board of Trustees. Should any disability beneficiary who has not yet attained the age of 60 years refuse to submit to at least one medical examination in any such year by a physician or physicians designated by the Board of Trustees, his allowance may be discontinued until his withdrawal of such refusal, and should his refusal continue for one year all his rights in and to his pension may be revoked by the Board of Trustees.

(1) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference, as hereinafter indexed, between his disability

retirement allowance and the gross compensation earned as an employee during the 12 consecutive months of service in the final 48 months prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of one percent (1/10th of 1%). Should the earning capacity of the disability beneficiary later change, the portion of his disability retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his average final compensation and creditable service at the time of disability and his age at the time of conversion to service retirement. This election is irrevocable.

(2) Should a disability beneficiary under the age of 60 years be restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the same rate he paid prior to disability; provided that, on and after July 1, 1971, if a disability beneficiary under the age of 62 years is restored to active service at a compensation not less than his average final compensation, his retirement allowance shall cease, he shall again become a member of the Retirement System, and he shall contribute thereafter at the uniform contribution rate payable by all members. Any such prior service certificate on the basis of which his service was computed at the time of his retirement shall be restored to full force and effect, and, in addition, upon his subsequent retirement he shall be credited with all his service as a member, but should he be restored to active service on or after the attainment of the age of 50 years his pension upon subsequent retirement shall not exceed the sum of the pension which he was receiving immediately prior to his last restoration and the pension that he would have received on account of his service since his last restoration had he entered service at the time as a new entrant.

(3) Notwithstanding the foregoing, a member retired on a disability retirement allowance who is restored to service and subsequently retires on or after July 1, 1971, shall be entitled to an allowance not less than the allowance described in a below reduced by the amount

in b below:

a. The allowance to which he would have been entitled if he were retiring for the first time, calculated on the basis of his total creditable service represented by the sum of his creditable service at the time of his first retirement and his creditable service after he was restored to service.

b. The actuarial equivalent of the retirement benefits he previously

received.

(4) As a condition to the receipt of the disability retirement allowance provided for in G.S. 135-5(d), (d1), (d2) and (d3) each member retired on a disability retirement allowance shall, on or before April 15 of each calendar year, provide the Board of Trustees with a statement of

his or her income received as compensation for services, including fees, commissions or similar items, and income received from business, for the previous calendar year. Such statement shall be filed on a form as required by the Board of Trustees.

The Director of the State Retirement System shall contact any State

or federal agency which can provide information to substantiate the statement required to be submitted by this subdivision and may enter

into agreements for the exchange of information.

(f) Return of Accumulated Contributions. — Should a member cease to be a teacher or State employee except by death or retirement under the provisions of this Chapter, he shall upon submission of an application be paid, not earlier than 60 days from the date of termination of service, his contributions, and if he has attained at least five years of membership service or if termination of his membership service is involuntary as certified by the employer, the accumulated regular interest thereon, provided that he has not in the meantime returned to service. Upon payment of such sum his membership in the System shall cease and, if he thereafter again becomes a member, no credit shall be allowed for any service previously rendered except as provided in G.S. 135-4, and such payment shall be in full and complete discharge of any rights in or to any benefits otherwise payable hereunder. Upon receipt of proof satisfactory to the Board of Trustees of the death, prior to retirement, of a member or former member there shall be paid to such person or persons as he shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person or persons are living at the time of the member's death, otherwise to the member's legal representatives, the amount of his accumulated contributions at the time of his death, unless the beneficiary elects to receive the alternate benefit under the provisions of (m) below. Notwithstanding any other provision of Chapter 135, there shall be deducted from any amount otherwise payable hereunder any amount due any agency or subdivision of the State by the member by reason of any outstanding overpayment of salary or by reason of the embezzlement of fees collected by the member for any agency or subdivision of the State; provided that, notwithstanding any other provisions of this Chapter, even if the member fails to demand the return of his accumulated contributions within 90 days from the day he ceases to be a teacher or State employee, any amount due such agency or subdivision by reason of any outstanding overpayment of salary or embezzlement of fees shall be paid to such agency or subdivision by the Retirement System upon demand; Provided, further, that such agency or subdivision shall have notified the executive director of any amount so due and that the Retirement System shall have no liability for amounts so deducted and transmitted to such agency or subdivision nor for any failure by the Retirement System for any reason to make such deductions.

(m) Survivor's Alternate Benefit. — Upon the death of a member in service, the principal beneficiary designated to receive a return of accumulated contributions shall have the right to elect to receive in lieu thereof the reduced retirement allowance provided by Option 2 of subsection (g) above computed by assuming that the member had retired on the first day of the month following the date of his death, provided that all three of the following conditions apply:

(1) The member had attained age 50 with at least 20 years of creditable service, or had attained the age of 60 years with at least five years of creditable service, or had credit for at least 30 years of service regardless of age.

(2) The member had designated as the principal beneficiary to receive a return of his accumulated contributions one and only one person who was living at the time of this death.

(3) The member had not instructed the Board of Trustees in writing that he did not wish the provisions of this subsection to apply.

(o) Post-Retirement Increases in Allowances. — As of December 31, 1969, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase that equals or exceeds three per centum (3%), each beneficiary receiving a retirement allowance as of December 31, 1968, shall be entitled to have his allowance increased three per centum (3%) effective July 1, 1970.

As of December 31, 1970, the ratio of the Consumer Price Index to such index one year earlier shall be determined. If such ratio indicates an increase of at least one per centum (1%), each beneficiary on the retirement rolls as of July 1, 1970, shall be entitled to have his allowance increased effective July 1, 1971

as follows:

Increase In Index	Increase In Allowance
1.00 to 1.49%	1%
1.50 to 2.49%	2%
2.50 to 3.49%	3%
3.50% or more	4%

As of December 31, 1971, an increase in retirement allowances shall be calculated and made effective July 1, 1972, in the manner described in the preceding paragraph. As of December 31 of each year after 1971, the ratio (R) of the Consumer Price Index to such index one year earlier shall be determined, and each beneficiary on the retirement rolls as of July 1 of the year of determination shall be entitled to have his allowance increased effective on July 1 of the year following the year of determination by the same percentage of increase indicated by the ratio (R) calculated to the nearest tenth of one per centum, but not more than four per centum (4%); provided that any such increase in allowances shall become effective only if the additional liabilities on account of such increase do not require an increase in the total employer rate of contributions.

The allowance of a surviving annuitant of a beneficiary whose allowance is increased under this subsection shall, when and if payable, be increased by the

same per centum.

Any increase in allowance granted hereunder shall be permanent, irrespective of any subsequent decrease in the Consumer Price Index, and shall be included in determining any subsequent increase.

For purposes of this subsection, Consumer Price Index shall mean the Consumer Price Index (all items — United States city average), as published by the

United States Department of Labor, Bureau of Labor Statistics.

Notwithstanding the above paragraphs, retired members and beneficiaries may receive cost-of-living increases in retirement allowances if active members of the system receive across-the-board cost-of-living salary increases. Such increases in post-retirement allowances shall be comparable to cost-of-living salary increases for active members in light of the differences between the statutory payroll deductions for State retirement contributions, Social Security taxes, State income withholding taxes, and federal income withholding taxes required of each group. The increases for retired members shall include the cost-of-living increases provided in this section. The cost-of-living increases allowed retired and active members of the system shall be comparable when each group receives an increase that has the same relative impact upon the net disposable income of each group.

(bb) Notwithstanding the foregoing provisions, the increase in allowance to each beneficiary on the retirement rolls as of July 1, 1979, which shall become payable on July 1, 1980, as otherwise provided in G.S. 135-5(o), shall be the current maximum four percent (4%) plus an additional three percent (3%) computed on the retirement allowance prior to any increase authorized by

paragraph (cc) of this section. Provisions of this subsection shall apply also to

the allowance of a surviving annuitant of a beneficiary.

(dd) From and after July 1, 1981, the retirement allowance to or on account of the beneficiaries whose retirement commenced prior to July 1, 1980, shall be increased by three percent (3%). These increases shall be calculated on the basis of the allowance payable and in effect on June 30, 1980, so as not to compound on the increases otherwise payable under paragraphs (bb), (cc) and (ee) of this section.

(ee) Adjustment in Allowances Paid Beneficiaries Whose Retirement Commenced Prior to July 1, 1980. — From and after July 1, 1981, the retirement allowance to or on account of beneficiaries whose retirement commenced prior to July 1, 1980, shall be adjusted by an increase of one and three-tenths percent (1.3%). This adjustment shall be calculated on the basis of the allowance payable and in effect on June 30, 1980, so as not to compound on the increases otherwise payable under paragraphs (bb), (cc) and (dd) of this section.

(ff) From and after July 1, 1982, the retirement allowance to or on account of beneficiaries on the retirement rolls as of July 1, 1981, shall be increased by one-tenth of one percent (0.1%) of the allowance payable on July 1, 1981.

(gg) From and after July 1, 1983, the retirement allowance to or on account of beneficiaries on the retirement rolls as of July 1, 1982, shall be increased by two and one-half percent (2.5%) of the allowance payable on July 1, 1982, provided the increase in retirement allowances shall be payable in accordance with all requirements, stipulations and conditions set forth in subsection (o) of this section, plus an additional one and one-half percent (1.5%) of the allowance payable on July 1, 1982, in order to supplement the increase payable in accor-

dance with subsection (o) of this section.

(hh) Notwithstanding any other provision of this Chapter, from and after July 1, 1983, the retirement allowance payable to each teacher and State employee, who retired prior to July 1, 1973, and who is in receipt of a reduced retirement allowance based upon 30 or more years of contributing membership service, shall be increased by the elimination of the reduction factors applicable at the time of their retirement under G.S. 135-3(8) or G.S. 135-5(b3). The provisions of this subsection shall apply equally to the allowance of a surviving annuitant of a beneficiary. Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Editor's Note. —

Session Laws 1983, c. 761, s. 233, provides that s. 229 of the act, which amended subdivision (m)(1) of § 135-5, shall not diminish any inchoate or accrued rights of any member in service on the date of ratification of the act. The act was ratified July 15, 1983.

Session Laws 1983, c. 761, s. 259, is a severability clause.

Session Laws 1983, c. 902, ss. 2 and 3, provide:

"Sec. 2. Whereas Chapter 242 of the 1973 Session Laws enacted the 30-year unreduced retirement benefit for teachers and State employees who retired on and after July 1, 1973, without requiring any increase in the employer contribution rate; and whereas undistributed gains in the Teachers' and State

Employees' Retirement System have been at least \$25 million per year since December 31, 1977, and averaging almost \$40 million per year since December 31, 1977; now therefore, the total present value cost of this act shall be funded by undistributed gains in the Teachers' and State Employees' Retirement System for the year ending December 31, 1982, without requiring any increase in the employer contribution rate.

"Sec. 3. This act shall become effective July 1, 1983, and the increased benefit shall be payable on the first of the month following a determination by the System's consulting actuary that sufficient gains are available in the System to pay the total present value actuarial cost of the increased benefit."

Effect of Amendments. —

Session Laws 1981, c. 672, in the first sentence of subsection (f), substituted "his contributions, and if he has attained at least five years of membership service or if termination of his membership service is involuntary as certified by the employer, the accumulated regular interest thereon" for "the sum of his contributions and the accumulated regular interest thereon." Session Laws 1981, c. 672, s. 5, makes the amendment effective July 1, 1981, but further provides that "nothing contained in this act shall affect any interest that has accrued to the account of any member prior to the effective date of this act."

Session Laws 1981, c. 689, effective July 1, 1981, added the second proviso in the first para-

graph of subsection (c).

Session Laws 1981, c. 859, effective on and after July 1, 1980, substituted "(cc)" for "(x4)" near the end of the first sentence in subsection (bb), and added subsections (dd) and (ee).

Session Laws 1981, c. 940, added the third proviso in subsection (c), containing subdivisions (1) and (2), and added the second paragraph of subsection (c).

Session Laws 1981, c. 975, rewrote subdi-

vision (1) of subsection (e).

Session Laws 1981, c. 978, deleted "in service" following "Any member" near the beginning of subdivision (1) of subsection (a). and substituted "60 years and have at least 5 years of membership service or shall have completed 30 years of creditable service" for "60 years or shall have completed 30 years of service, and notwithstanding that, during such period of notification, he may have separated from service" at the end of the proviso at the end of subdivision (1) of subsection (a). The amendment also deleted "regardless of his years of creditable service" following "sixty-fifth birthday" near the beginning of subdivision (1) of subsection (b7).

Session Laws 1981, c. 980, effective July 1, 1982, inserted "but prior to July 1, 1982" in the catchline and the text of subsection (d3) and added subsection (d4). The amendment also substituted "of this section" for "above" following "subsection (c)" in subsection (d3).

The 1981 (Reg. Sess., 1982) amendment, effective July 1, 1982, added subsection (ff).

Session Laws 1981, c. 859, s. 97, and Session Laws 1981 (Reg. Sess., 1982), c. 1282, s. 81, contain severability clauses.

The first 1983 amendment, effective June 8, 1983, substituted "not earlier than 60 days from the date of termination of service" for "not earlier than 60 days from receipt in the Raleigh offices of the Board of Trustees of an acceptable application on a form provided by the Retirement System" in the first sentence of subsection (f).

The second 1983 amendment, effective July 1, 1983, added subdivision (a)(3); substituted "had attained the age of 60 years with at least five years of creditable service" for "had attained age 55 regardless of length of service" in subdivision (m)(1); added the last paragraph of subsection (o); and added subsection (gg).

The third 1983 amendment, effective July 1,

1983, added subsection (hh).

CASE NOTES

Constitutionality. — Subsection (l) of this section, as in effect in 1974, was constitutional on its face. Stanley v. Retirement & Health Benefits Div., 55 N.C. App. 588, 286 S.E.2d 643, cert. denied, 305 N.C. 587, 292 S.E.2d 571 (1982).

Grant of Disability Retirement Benefits Terminated Status as "Career Teacher".— The granting of a career teacher's application for disability retirement benefits under the Teachers' and State Employees' Retirement System operated as an acceptance of her resignation by implication and terminated her status as a "career teacher" under former § 115-142, since a finding that her disability was "likely to be permanent" was implicit in the granting of her application for disability retirement benefits (subsection (c)) and this finding rendered her status as a disabled retiree wholly inconsistent with her former status as a "career teacher." (b) Membership of Board; Terms. — The Board shall consist of 13 members, as follows:

(1) The State Treasurer, ex officio;

- (2) The Superintendent of Public Instruction, ex officio;
- (3) Nine members to be appointed by the Governor and confirmed by the Senate of North Carolina. One of the appointive members shall be a member of the teaching profession of the State; one of the appointive members shall be an employee of the Board of Transportation, who shall be appointed by the Governor for a term of four years commencing April 1, 1947, and quadrennially thereafter; one of the appointive members shall be a representative of higher education appointed by the Governor for a term of four years commencing July 1, 1969, and quadrennially thereafter; one of the appointive members shall be a retired teacher who is drawing a retirement allowance, appointed by the Governor for a term of four years commencing July 1, 1969, and quadrennially thereafter; one shall be a retired State employee who is drawing a retirement allowance, appointed by the Governor for a term of four years commencing July 1, 1977, and quadrennially thereafter; one to be a general State employee, and three who are not members of the teaching profession or State employees; two to be appointed for a term of two years, two for a term of three years and one for a term of four years. At the expiration of these terms of office the appointment shall be for a term of four years.
- (4) Two members appointed by the General Assembly, one appointed upon the recommendation of the Speaker of the House of Representatives, and one appointed upon the recommendation of the President of the Senate in accordance with G.S. 120-121. Neither of these members may be an active or retired teacher or State employee or an employee of a unit of local government. The initial members appointed by the General Assembly shall serve for terms expiring June 30, 1983. Thereafter, their successors shall serve for two-year terms beginning July 1 of odd-numbered years. Vacancies in appointments made by the General Assembly shall be filled in accordance with G.S. 120-122.

(1981 (Reg. Sess., 1982), c. 1191, s. 11.)

Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Effect of Amendments. —

The 1981 (Reg. Sess., 1982) amendment (the Separation of Powers Act of 1982) rewrote sub-

division (4) of subsection (b), which formerly provided for two members, one to be a member of the House of Representatives appointed by the Speaker of the House and one to be a member of the Senate appointed by the President thereof.

CASE NOTES

Board without Power to Waive Statutory Deadlines. — The Board of Trustees of the Retirement System does not have discretionary power to extend or waive statutory deadlines for the reinstatement of a withdrawn account or for purchase of out-of-state service, since a

waiver would not be a rule or regulation to prevent injustice and inequality across the board but simply a waiver in a specific instance. In re Ford, 52 N.C. App. 569, 279 S.E.2d 122 (1981).

§ 135-8. Method of financing.

(b) Annuity Savings Fund. — The annuity savings fund shall be a fund in which shall be accumulated contributions from the compensation of members to provide for their annuities. Contributions to any payments from the annuity

savings fund shall be made as follows:

(1) Prior to the first day of July, 1947, each employer shall cause to be deducted from the salary of each member on each and every payroll of such employer for each and every payroll period four per centum (4%) of his actual compensation; and the employer also shall deduct four per centum (4%) of any compensation received by any member for teaching in public schools, or in any of the institutions, agencies or departments of the State, from salaries other than the appropriations from the State of North Carolina. On and after such date the rate so deducted shall be five per centum (5%) of actual compensation except that, with respect to each member who is eligible for coverage under the Social Security Act in accordance with the agreement entered into during 1955 in accordance with the provisions of Article 2 of Chapter 135 of Volume 3B of the General Statutes, as amended, and with respect to members covered under G.S. 135-27, with such coverage retroactive to January 1, 1955, such deduction shall, commencing with the first day of the period of service with respect to which such agreement is effective, be at the rate of three per centum (3%) of the part of his actual compensation not in excess of the amount taxable to him under the Federal Insurance Contributions Act as from time to time in effect plus five per centum (5%) of the part of his earnable compensation not so taxable; provided that in the case of any member so eligible and receiving compensation from two or more employers such deductions may be adjusted under such rules as the Board of Trustees may establish so as to be as nearly equivalent as practicable to the deductions which would have been made had the member received all of such compensation from one employer. Notwithstanding the foregoing, the Board of Trustees may in its discretion cause such portion as it may determine of deductions made between January 1, 1955, and December 1, 1955, to be transferred into the contribution fund established under G.S. 135-24; such amounts so transferred shall in that event be deemed to be taxes contributed by employees as required under Article 2, Chapter 135 of Volume 3B of the General Statutes as amended, and shall be in lieu of contributions otherwise payable in the same amount as so required.

Notwithstanding the foregoing, effective July 1, 1963, with respect to the period of service commencing on July 1, 1963, and ending December 31, 1965, the rates of such deduction shall be four per centum (4%) of the portion of compensation not in excess of forty-eight hundred dollars (\$4,800) and six per centum (6%) of the portion of compensation in excess of forty-eight hundred dollars (\$4,800); and with respect to the period of service commencing January 1, 1966, and ending June 30, 1967, the rate of such deductions shall be four per centum (4%) of the portion of compensation not in excess of fifty-six hundred

dollars (\$5,600) and six per centum (6%) of the portion of compensation in excess of fifty-six hundred dollars (\$5,600); and with respect to the period of service commencing July 1, 1967, and ending June 30, 1975, the rate of such deductions shall be five per centum (5%) of the portion of compensation not in excess of fifty-six hundred dollars (\$5,600) and six per centum (6%) of the portion of compensation in excess of fifty-six hundred dollars (\$5,600). Such rates shall apply uniformly to all members of the Retirement System, without regard to their coverage under the Social Security Act.

Notwithstanding the foregoing, effective July 1, 1975, with respect to the period of service commencing on July 1, 1975, the rate of such deductions shall be six per centum (6%) of the compensation received by any member. Such rates shall apply uniformly to all members of the Retirement System, without

regard to their coverage under the Social Security Act.

(2) The deductions provided for herein shall be made notwithstanding that the minimum compensation provided for by law for any member shall be reduced thereby. Every member shall be deemed to consent and agree to the deductions made and provided for herein and shall receipt for his full salary or compensation, and payment of salary or compensation less said deduction shall be a full and complete discharge and acquittance of all claims and demands whatsoever for the services rendered by such person during the period covered by such payment, except as to the benefits provided under this Chapter. The employer shall certify to the Board of Trustees on each and every payroll or in such other manner as the Board of Trustees may prescribe, the amounts to be deducted; and each of said amounts shall be deducted, and when deducted shall be paid into said annuity savings fund, and shall be credited, together with regular interest thereon, to the individual account of the member from whose compensation said

deduction was made.

(3) Each board of education of each county and each board of education of each city, and the employer in any department, agency or institution of the State, in which any teacher receives compensation from sources other than appropriations of the State of North Carolina shall deduct from the salaries of these teachers paid from sources other than State appropriations an amount equal to that deducted from the salaries of the teachers whose salaries are paid from State funds, and remit this amount to the State Retirement System. City boards of education and county boards of education in each and every county and city which has employees compensated from other than the State appropriation shall pay to the State Retirement System the same per centum of the compensation that the State of North Carolina pays and shall transmit same to the State Retirement System monthly: Provided, that for the purpose of enabling the boards of education to make such payment, the tax-levying authorities are hereby authorized, empowered and directed to provide the necessary funds therefor. In case the salary is paid in part from State funds and in part from local funds, the local authorities shall not be relieved of providing and remitting the same per centum of the salary paid from local funds as is paid from State funds. In case the entire salary of any teacher, as defined in this Chapter, is paid from county or local funds, the county or city paying such salary shall provide and remit to the Retirement System the same per centum that would be required if the salary were provided by the State of North Carolina.

(4) In addition to contributions deducted from compensation hereinbefore provided, subject to the approval of the Board of Trustees, any member may redeposit in the annuity savings fund by a single payment an amount equal to the total amount which he

previously withdrew therefrom, as provided in this Chapter. Such amounts so redeposited shall become a part of his accumulated contributions as if such amounts had initially been contributed within the calendar year of such redeposit. In no event, however, shall any member be permitted to redeposit any amount withdrawn after July 1, 1959, except as provided for in G.S. 135-4(e).

(5) The Board of Trustees may approve the purchase of creditable service by any member for leaves of absence or for interrupted service to an employer for the sole purpose of acquiring knowledge, talents, or abilities and to increase the efficiency of service to the employer. This creditable service shall be limited to a career total of four years for

each member and may be obtained in the following manner:

a. Approved leave of absence. — Where the employer grants an approved leave of absence, a member may make monthly contributions to the annuity savings fund on the basis of compensation the member was earning immediately prior to such leave of absence. The employer shall make monthly contributions equal to the normal and accrued liability contribution on such compensation or, in lieu thereof, the member may pay into the annuity savings fund monthly an amount equal to the employer's normal and accrued liability contribution when the policy of the employer is not to make such payment.

b. No educational leave policy. — Where the employer has a policy of not granting educational leaves of absence or the member has unsuccessfully petitioned for leave of absence and the member has interrupted service for educational purposes, the member may make monthly contributions into the annuity savings fund in an amount equal to the employee contribution plus the employer normal and accrued liability contribution on the basis of the compensation the member was earning immediately prior to the

interrupted service.

c. Educational program prior to July 1, 1981. — Creditable service for leaves of absence or interrupted service for educational purposes prior to July 1, 1981, may be purchased by a member, before or after retirement, who returned as a contributing employee or teacher within 12 months after completing the educational program and completed 10 years of subsequent membership service, by making a lump sum payment into the annuity savings fund equal to the full cost of the service credits calculated on the basis of the assumptions used for purposes of the actuarial valuation of the system's liabilities and shall take into account the retirement allowance arising on account of the additional service credit commencing at the earliest age at which the member could retire on an unreduced retirement allowance as determined by the Board of Trustees upon the advice of the consulting actuary, plus a fee to be determined by the Board of Trustees.

Payments required to be made by the member under subparagraphs a or b above shall be due by the 15th of the month following the month for which service credit is allowed and payments made after the due date shall be assessed a one percent (1%) per month penalty for each month or fraction thereof the payment is made beyond the due date; provided, however, the member shall forfeit the right to continue contributions if any payment is not made within 90 days of the due date and payments made shall be refunded and service credits cancelled if the member does not become a contributing employee within 12 months after completing the educational program and fails to complete three years of subsequent consecutive membership service except in the

event of death or disability.

(6) The contributions of a member, and such interest as may be allowed thereon, paid upon his death or withdrawn by him as provided in this Chapter, shall be paid from the annuity savings fund, and any balance of the accumulated contributions of such a member shall be transferred to the pension accumulation fund.

(b1) Pick Up of Employee Contributions. — Anything within this section to the contrary notwithstanding, effective July 1, 1982, an employer, pursuant to the provisions of section 414(h)(2) of the Internal Revenue Code of 1954 as amended, shall pick up and pay the contributions which would be payable by the employees as members under subsection (b) of this section with respect to

the service of employees after June 30, 1982.

The members' contributions picked up by an employer shall be designated for all purposes of the Retirement System as member contributions, except for the determination of tax upon a distribution from the System. These contributions shall be credited to the annuity savings fund and accumulated within the fund in a member's account which shall be separately established for the purpose of

accounting for picked-up contributions.

Member contributions picked up by an employer shall be payable from the same source of funds used for the payment of compensation to a member. A deduction shall be made from a member's compensation equal to the amount of his contributions picked up by his employer. This deduction, however, shall not reduce his compensation as defined in subdivision (7a) of G.S. 135-1. Picked up contributions shall be transmitted to the System monthly for the preceding month by means of a warrant drawn by the employer and payable to the Teachers' and State Employees' Retirement System and shall be accompanied by a schedule of the picked-up contributions on such forms as may be prescribed. In the case of a failure to fulfill these conditions, the provisions of subsection (f)(3) of this section shall apply.

The pick up of employee contributions by an employer as provided for hereunder shall be equally applicable to participant contributions required under the optional retirement program as specified in G.S. 135-5.1(c).

(d) Pension Accumulation Fund. — The pension accumulation fund shall be the fund in which shall be accumulated all reserves for the payment of all pensions and other benefits payable from contribution made by employers and from which shall be paid all pensions and other benefits on account of members with prior service credit. Contributions to and payments from the pension

accumulation fund shall be made as follows:

(1) On account of each member there shall be paid in the pension accumulation fund by employers an amount equal to a certain percentage of the actual compensation of each member to be known as the "normal contribution," and an additional amount equal to a percentage of his actual compensation to be known as the "accrued liability contribution." The rate per centum of such contributions shall be fixed on the basis of the liabilities of the Retirement System as shown by actuarial valuation. Until the first valuation the normal contribution shall be two and fifty-seven one-hundredths percent (2.57%) for teachers, and one and fifty-seven one-hundredths percent (1.57%) for State employees, and the accrued liability contribution shall be two and ninety-four one-hundredths percent (2.94%) for teachers and one and fifty-nine one-hundredths percent (1.59%) of the salary of other State employees.

(2) On the basis of regular interest and of such mortality and other tables as shall be adopted by the Board of Trustees, the actuary engaged by the Board to make each valuation required by this Chapter during the period over which the accrued liability contribution is payable, immediately after making such valuation, shall determine the uniform and constant percentage of the earnable compensation of the average new

entrant throughout his entire period of active service which would be sufficient to provide for the payment of any pension payable on his account. The rate per centum so determined shall be known as the "normal contribution" rate. After the accrued liability contribution has ceased to be payable, the normal contribution rate shall be the rate per centum of the earnable salary of all members obtained by deducting from the total liabilities of the pension accumulation fund the amount of the funds in hand to the credit of that fund and dividing the remainder by one per centum of the present value of the prospective future salaries of all members as computed on the basis of the mortality and service tables adopted by the Board of Trustees and regular interest. The normal rate of contribution shall be determined

by the actuary after each valuation.

(3) Immediately succeeding the first valuation the actuary engaged by the Board of Trustees shall compute the rate per centum of the total annual compensation of all members which is equivalent to four percent (4%) of the amount of the total pension liability on account of all members and beneficiaries which is not dischargeable by the aforesaid normal contribution made on account of such members during the remainder of their active service. The rate per centum originally so determined shall be known as the "accrued liability contribution" rate. Such rate shall be increased on the basis of subsequent valuations if benefits are increased over those included in the valuation on the basis of which the original accrued liability contribution rate was determined. Upon certification by the actuary engaged by the Board of Trustees that the accrued liability contribution rate may be reduced without impairing the Retirement System, the Board of Trustees may cause the accrued liability contribution rate to be reduced.

(4) The total amount payable in each year to the pension accumulation fund shall not be less than the sum of the rate per centum known as the normal contribution rate and the accrued liability contribution rate of the total actual compensation of all members during the preceding year: Provided, however, that, subject to the provisions of subdivision (3) of this subsection the amount of each annual accrued liability contribution shall be at least three percent (3%) greater than the preceding annual accrued liability payment, and that the aggregate payment by employers shall be sufficient, when combined with the amount in the fund, to provide the pensions and other benefits

payable out of the fund during the year then current.

(5) The accrued liability contribution shall be discontinued as soon as the accumulated reserve in the pension accumulation fund shall equal the present value as actuarially computed and approved by the Board of Trustees, of the total liability of such fund less the present value, computed on the basis of the normal contribution rate then in force, of the prospective normal contributions to be received on account of all persons who are at the time members.

(6) All pensions, and benefits in lieu thereof, with the exception of those payable on account of members who received no prior service allowance, payable from contributions of employer shall be paid from

the pension accumulation fund.

(7) Upon the retirement of a member not entitled to credit for prior service, an amount equal to his pension reserve shall be transferred from

the pension accumulation fund to the pension reserve fund.

Effect of Amendments. — The first 1981 amendment, effective July 1, 1981, deleted the second sentence of subdivision (b)(5), which provided for the purchase of credit by employees for periods of absence for purposes of education which increased the employee's efficiency on his or her return to state employment in cases where the employee had unsuccessfully petitioned for an official leave of absence.

Session Laws 1981, c. 636, s. 1, provides that any inchoate or accrued rights of any member on July 1, 1981, shall not be diminished.

The second 1981 amendment rewrote subdivision (5) of subsection (b), and deleted the former second sentence of subdivision (1) of subsection (d), which read: "In addition, such contributions by employers will be required for each member on leave of absence who makes monthly contributions in accordance with (b)(5) above, and will be based on the salary or wage the member was receiving at the time the leave of absence was granted."

The 1981 (Reg. Sess., 1982) amendment, effective July 1, 1982, added subsection (b1).

Session Laws 1981 (Reg. Sess., 1982), c. 1282, s. 81, contains a severability clause.

Covered expenses incurred during the last three months of a calendar year and used toward satisfying the deductible in that calendar year may be reused toward satisfying the deductible for the next

The deductible applies separately to each covered individual in each calendar year, subject to an aggregate maximum of three hundred dollars (\$300.00) per family (employee or retiree and his or her covered dependents) in any calendar year.

Dependent child shall also include any child under age 19 who has reached his or her 18th birthday, provided the employee was legally responsible for such child's maintenance and support on his or her 18th birthday.

A foster child is covered (i) if living in a regular parent-child relationship with the expectation that the employee will continue to rear the child into adulthood, (ii) if at the time of enrollment, or at the time a foster child relationship is established, whichever occurs first, the employee applies for coverage for such child and submits evidence of a bona fide foster child relationship, identifying the foster child by name and setting forth all relevant aspects of the relationship, (iii) if

the Plan Administrator accepts the foster child as a participant through a separate written document identifying the foster child by name and specifically recognizing the foster child relationship, and (iv) if at the time a claim is incurred, the foster child relationship, as identified by the employee, continues to exist. Children placed in a home by a welfare agency which obtains control of, and provides for maintenance of, the child(ren), are not eligible participants.

Coverage may be extended beyond the 19th birthday under the

following conditions:

a. If the dependent is a full-time student, between the ages of 19 and 26, who is pursuing a course of study that represents at least the normal workload of a full-time student at a school or college

(19) Usual, Customary and Reasonable. — The meaning of the term "UCR" shall be developed from criteria used for determining reasonable charges for services, including usual preoperative examination and customary postoperative care and care of usual complications, and shall be based on the usual charge made by an individual doctor for his or her private patients for a particular service, or the customary charge within the range of usual fees charged by most doctors of similar skill and training in North Carolina for the comparable service, whichever is the lower. A fee is reasonable if it meets the above two criteria. In cases of unusual complexity and cases involving supplemental skills of two or more doctors, reasonable charges will be determined by the Plan Administrator upon advice of its medical advisors. (15) Admissions for diagnostic tests or procedures which could be, and generally are, performed on an outpatient basis and inpatient services or supplies which are not consistent with the diagnosis, for which

admitted.

(16) Costs denied by the Plan Administrator as part of its overall program of claim review and cost containment. (1981 (Reg. Sess., 1982), c. 1398, s. 6; 1983, c. 922, ss. 15, 21.4.)

Effect of Amendments.—The 1983 amendment, effective retroactive to Oct. 1, 1982, deleted the last sentence of subdivision (11), which read "This exclusion also applies to any

orthognathic procedures," and inserted "or other corrective lenses (except for cataract lenses certified as medically necessary for aphakia persons)" in subdivision (13).

§ 135-40.8. Out-of-pocket expenditures.

(a) For the balance of any calendar year after each eligible employee, retired employee, or dependent satisfies the cash deductible, the Plan pays ninety-five percent (95%) of the eligible expenses outlined in G.S. 135-40.6. The covered individual is then responsible for the remaining five percent (5%) until one hundred dollars (\$100.00), in excess of the deductible, has been paid out-of-pocket. The Plan then pays one hundred percent (100%) of the remaining covered expenses.

(b) Where a covered individual fails to obtain a second surgical opinion as required under the Plan, the covered individual shall be responsible for twenty percent (20%) of the eligible expenses, provided, however, that no covered individual shall be required to pay out of pocket in excess of one thousand dollars (\$1,000). (1981 (Reg. Sess., 1982), c. 1398, s. 6; 1983, c. 922, s. 16.)

Effect of Amendments. — The 1983 amend- designated the first paragraph as subsection (a) ment, effective retroactive to Oct. 1, 1982, and added subsection (b).

§ 135-40.9. Maximum benefits.

The maximum lifetime benefit for each covered individual will be five hundred thousand dollars (\$500,000). (1981 (Reg. Sess., 1982), c. 1398, s. 6.)

§ 135-40.10. Persons eligible for Medicare.

(a) Benefits payable for covered expenses under this Plan in G.S. 135-40.5 through G.S. 135-40.9 will be reduced by any benefits payable for the same covered expenses under Medicare, so that Medicare will be the primary carrier.

(b) For those participants eligible for Medicare, the State's new Plan will be administered on a "carve out" basis. The provisions of the new Plan are applied to the charges not paid by Medicare (Parts A & B). In other words, those charges not paid by Medicare would be subject to the deductible and coinsurance of the new Plan just as if the charges not paid by Medicare were the total bill.

All charges for outpatient surgery, preadmission testing and accidents are covered at one hundred percent (100%) subject to the Plan's provisions. Of course all payments are subject to usual, customary, and reasonable charges.

course all payments are subject to usual, customary, and reasonable charges. (c) For those individuals eligible for Part A (at no cost to them), benefits under this program will be reduced by the amounts to which the covered individuals would be entitled to under Parts A and B of Medicare, even if they choose not to enroll for Part B. (1981 (Reg. Sess., 1982), c. 1398, s. 6.)

§ 135-40.11. Cessation of coverage.

(a) Coverage under this Plan of an employee and his or her dependents or of a retired employee and his or her dependents shall cease on the earliest of

the following dates:

(1) The day after the employee or retired employee dies. Any surviving dependents may then elect to continue the same coverage under the Plan by submitting written application within 30 days after the death of the employee or retired employee, to the Plan Administrator and by paying the cost for such coverage when due at the applicable fees. Such

coverage shall cease on the last day of the month in which such surviving dependent dies.

(2) The last day of the month in which an employee's employment with the State is terminated as provided in subsection (c) of this section.

(3) The day a divorce becomes final.

(4) The last day of the month in which an employee or retired employee requests cancellation of coverage.

(5) The last day of the month in which a covered individual enters active

military service.

- (b) Coverage under this Plan as a dependent child shall cease as of the last day of the month in which such person marries, attains age 19 and is not a full-time student, ceases to be physically or mentally incapacitated after he or she was certified to be covered beyond age 19, or ceases to be a full-time student.
- (c) Termination of employment shall mean termination for any reason, including layoff and leave of absence, except as provided in (a)(1) and (2) of this section, but shall not, for purposes of this Plan, include retirement upon which the employee is granted an immediate service or disability pension under and pursuant to the Teachers' and State Employees' Retirement System of North Carolina.
- (1) In the event of termination for any reason, coverage under this Plan for an employee and his or her dependents may be continued for a period of not more than six months, provided that the first three months shall be on a fully contributory basis, and the premium for the second three months shall be fifty percent (50%) of the total amount calculated by adding the fully contributory premium to the applicable premium for conversion coverage under G.S. 135-40.12 but in any case the premium for the second three months shall not be less than the fully contributory premium. The employee must have been covered under this Part for at least three months in order to be eligible for this extension. The employee must pay in advance to the employer the total cost of the Plan for up to a three-month extension, and if the employee has elected such three-month extension and desires to elect a second extension of up to three months as provided in this subdivision, the employee shall pay in advance to the employer the total cost of such second extension in advance of the beginning of the second three-month period.

This provision will be preempted when the individual becomes eligi-

ble for any other employer-sponsored group coverage.

(2) In the event of layoff, coverage under this Plan for an employee and his or her dependents may be continued for a period of not more than 12 months by the employee's paying one hundred percent (100%) of the

(3) In the event of approved leave of absence without pay, other than for active duty in the armed forces of the United States, coverage under this Plan for an employee and his or her dependents may be continued during the period of such leave of absence by the employee's paying

one hundred percent (100%) of the cost.

(4) If employment is terminated in the second half of a calendar month and the covered individual has made the required contribution for any coverage in the following month, that coverage will be continued to the end of the calendar month following the month in which employment was terminated.

(5) Employees paid for less than 12 months in a year, who are terminated at the end of the work year and who have made contributions for the non-work months, will continue to be covered to the end of the period for which they have made contributions, with the understanding that if they are not employed by another State-covered employer under this Plan at the beginning of the next work year, the employee will refund to the ex-employer the amount of the employer's cost paid for them

during the non-paycheck months.

(d) No benefits will be paid by this Plan for any expenses incurred or treatment received after cessation of coverage as provided in subsections (a) or (b) of this section, except that in the event of hospital confinement at that time, hospitalization benefits as described in G.S. 135-40.6 will continue to the extent provided therein. (1981 (Reg. Sess., 1982), c. 1398, s. 6; 1983, c. 922, ss. 17, 19-21.)

Effect of Amendments. — Session Laws 1983, c. 922, s. 17, effective retroactive to Oct. 1, 1982, substituted "approved" for "approval" in subdivision (c)(3).

Session Laws 1983, c. 922, ss. 19-21, effective July 22, 1983, substituted the language beginning "six months" for "three months" at the end of the first sentence of the first para-

graph of subdivision (c)(1), rewrote the third sentence of the first paragraph of subdivision (c)(1), which read "Also, the employee must pay in advance to the employer the total cost of the Plan for the length of the extension," and inserted "employer-sponsored" in the second paragraph of subdivision (c)(1).

§ 135-40.12. Conversion.

(a) Upon a cessation of group coverage under the Plan, an employee or dependent shall be entitled to a conversion to nongroup coverage without the necessity of a physical examination. Such conversion coverage shall include hospitalization, surgical, and medical benefits as contained in the major medical and alternative plan conversion provisions of Article 26C of Chapter 58 of the General Statutes. The Board of Trustees in its sole discretion shall approve the conversion coverage, which shall be administered by the Plan Administrator through an insurance contract arranged by the Plan Administrator, or administered as otherwise directed by the Board of Trustees. An eligible employee or dependent must apply for conversion coverage within 30 days after termination of group eligibility.

(b) The Board of Trustees shall provide for the continuation of conversion

(b) The Board of Trustees shall provide for the continuation of conversion privilege exercised under the predecessor plan, on a fully contributory basis. The Board of Trustees shall consult with the Committee on Employee Hospital and Medical Benefits before taking action under this subsection. (1981 (Reg.

Sess., 1982), c. 1398, s. 6; 1983, c. 922, s. 21.6.)

Editor's Note. — Session Laws 1983, c. 922, s. 22, provides in part that s. 21.6, which rewrote subsection (a), is effective Oct. 1, 1983, but that any otherwise qualified person covered under the Plan at any time from Oct. 1, 1982 through Sept. 30, 1983 may obtain coverage under that section beginning Oct. 1, 1983.

Session Laws 1983, c. 922, s. 21.12, provides: "In order to provide a Reserve for Conversion pursuant to G.S. 135-40.12, every current employee enrolled in the Plan shall have deducted from his monthly salary the amount of twenty-five cents $(25 \wp)$ to be paid to the Board of Trustees of the Teachers' and State

Employees' Comprehensive Major Medical Plan. Every employing agency of the enrolled employee shall also pay to the Board of Trustees a like monthly amount to be used to provide a Reserve for Conversion. Once an employee or dependent converts to nongroup coverage in accordance with G.S. 135-40.12, premiums shall be on a fully contributory basis."

Session Laws 1983, c. 922, s. 22, makes s. 21.12 of the act effective Oct. 1, 1983.

Effect of Amendments. — The 1983 amendment, effective Oct. 1, 1983, rewrote subsection (a).

§ 135-40.13. Coordination of benefits.

(a) Benefits Subject to This Provision. — All of the benefits provided under this Comprehensive Major Medical Plan.

(b) Definitions. —

(1) "Plan" means any Plan providing benefits or services for or by reason of medical or dental care or treatment, which benefits or services are provided by (i) group, blanket or franchise insured or uninsured coverage, (ii) hospital services prepayment Plan on a group basis, medical service prepayment Plan on a group basis, group practice, or other prepayment coverage on a group basis, (iii) any coverage under labor-management trusteed plans, union welfare plans, employer organization plans, or employee benefit organization plans, and (iv) any coverage under governmental programs except Medicare, or any coverage required or provided by any statute, which coverage is not otherwise excluded from the calculation of benefits under this Plan, but the term "Plan" shall not include any individual policies.

The term "Plan" shall be construed separately with respect to each policy, contract, or other arrangement for benefits or services and separately with respect to that portion of any such policy, contract, or other arrangement which reserves the right to take the benefits or services of other plans into consideration in determining its benefits

and that portion which does not.

(2) "Covered services" means any necessary, reasonable and customary item of expense at least a portion of which is covered under at least one of the plans covering the person for whom claim is made. To the extent legally possible, it shall be synonymous with allowable expenses. When a Plan provides benefits in the form of services rather than cash payments, the reasonable cash value of each service rendered shall be deemed to be both an allowable expense and a benefit paid.

(3) "Claim determination period" means any period of time during which

a person covered by this Plan is eligible to receive benefits.

(c) Effect on Benefits. —

(1) This provision shall apply in determining the benefits as to a person covered under this Plan for any claim determination period if, for the covered services incurred as to such a person during such claim determination period, the sum of:

a. The benefits that would be payable under this Plan in the absence

of this provision, and

b. The benefits that would be payable under all other plans in the absence therein of provisions of similar purpose of this provision would exceed the usual and customary charges for such covered services.

(2) As to any claim determination period with respect to which this provision is applicable, the benefits that would be payable under this Plan in the absence of this provision for the covered services incurred as to such person during such claim determination period shall be reduced to the extent necessary so that the sum of such reduced benefit and all the benefits payable for such covered services under all other plans, except as provided in Item (3) immediately below, shall not exceed the total of such covered services. Benefits payable under another Plan include the benefits that would have been payable had claim been duly made therefor. In the case of another Plan which does not contain a provision coordinating its benefits, the benefits of such other Plan shall be determined before the benefits of this Plan. A Plan without a coordination of benefits provision shall be deemed to be the primary carrier within the meaning of this Plan.

(3) If:

a. Another Plan which is involved in Item (2) immediately above and which contains provisions coordinating its benefits with those of this Plan would, according to its rules, determine its benefits after the benefits of this Plan have been determined, and
b. The rules set forth in Item (4) immediately below would require

this Plan to determine its benefits before such other Plan, then the benefits of such other plan will be ignored for the purposes of

determining the benefits under this Plan.

(4) For the purposes of Item (3) immediately above, the rules establishing

the order of benefit determination are:

a. The benefits of a Plan which covers the person on whose covered services claim is based other than as a dependent shall be determined before the benefits of a Plan which covers such person as a dependent;

b. The benefits of a Plan which covers the person on whose covered services claim is based as a dependent of a male person shall be determined before the benefits of a Plan which covers such person

as a dependent of a female person;

- c. When roles [rules] a and b immediately above do not establish an order of benefit determination, the benefits of a Plan which has covered the person on whose covered services claim is based for the longer period of time shall be determined before the benefits of a Plan which had covered such person for the shorter period of time
- (5) When this provision operates to reduce the total amount of benefits otherwise payable as to a person covered under this Plan during any claim determination period, each benefit that would be payable in the absence of this provision shall be reduced proportionately, and such reduced amount shall be charged against any applicable benefit limit of this Plan.

(d) Medicare Participants' Eligibility. — In the case of employees eligible under the Plan who are also eligible for Medicare benefits, benefits under the Plan will be paid in coordination with Medicare benefits in a manner consis-

tent with federal law.

(e) Right to Receive and Release Necessary Information. — For the purpose of determining the applicability of and implementing the terms of this provision of this Plan or any provision of similar purpose of any other Plan, the Plan Administrator may, without the consent of or notice to any person, release to or obtain from any insurance company or other organization or person any information, with respect to any person, which the Plan Administrator deems to be necessary for such purposes. Any person claiming benefits under this Plan shall furnish to the Plan Administrator such information as may be necessary to implement the provision.

(f) Facility of Payment. — Whenever payments which should have been made under this Plan, in accordance with this provision, have been made under any other plans, the Plan Administrator shall have the right, exercisable alone and in its sole discretion, to pay over to any organizations making such other payments any amounts it shall determine to be warranted in order to satisfy the intent of this provision, and amounts to be paid shall be deemed to be benefits paid under this Plan, and, to the extent of such payments, the Plan Administrator shall be fully discharged from liability under the Plan.

(g) Right of Recovery. — Whenever payments have been made by the Plan Administrator with respect to covered services in a total amount which is, at any time, in excess of the maximum amount of payment necessary at that time to satisfy the intent of this provision, irrespective of to whom paid, the Plan Administrator shall have the right to recover such payments, to the extent of

such excess, from among one or more of the following, as the Plan Administrator shall determine: any persons to or for or with respect to whom such payments were made, any insurance companies, or any other organizations. (1981 (Reg. Sess., 1982), c. 1398, s. 6; 1983, c. 922, s. 18.)

Effect of Amendments. — The 1983 amendment, effective retroactive to Oct. 1, 1982, rewrote subsection (d), which read "Medicare Participants' Eligibility. — For participants eli-

gible for Medicare, Medicare benefits will be paid in coordination with benefits hereunder so that Medicare benefits will be primary."

§ 135-40.14. Right to amend.

The General Assembly reserves the right to alter, amend, or repeal this Part. (1981 (Reg. Sess., 1982), c. 1398, s. 6.)

§§ 135-41 to 135-49: Reserved for future codification purposes.

ARTICLE 4.

Uniform Judicial Retirement Act of 1973.

§ 135-57. Service retirement.

(a) Any member on or after January 1, 1974, who has attained his fiftieth birthday and five years of membership service may retire upon written application to the board of trustees setting forth at what time, as of the first day of a calendar month, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired.

(d) Any member who was in service October 8, 1981, who had attained 50 years of age, may retire upon written application to the board of trustees setting forth at what time, as of the first day of a calendar month, not less than 30 days nor more than 90 days subsequent to the execution and filing thereof, he desires to be retired. (1973, c. 640, s. 1; 1981, c. 378, s. 6; 1983, c. 761, s. 230.)

Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Editor's Note. — Session Laws 1983, c. 761,

s. 259, is a severability clause.

Effect of Amendments. — The 1981 amendment deleted "in service" following "Any mem-

ber" and inserted "and five years of membership service" near the beginning of subsection (a), and substituted "execution and filing" for "execution of and the filing" near the end of subsection (a).

The 1983 amendment, effective July 1, 1983,

added subsection (d).

§ 135-59. Disability retirement.

Upon application by or on behalf of the member, any member in service who has completed five or more years of creditable service and who has not attained his sixty-fifth birthday may be retired by the Board of Trustees, on the first day of any calendar month, not less than 30 and not more than 90 days next following the date of filing such application, on a disability retirement allowance; provided, that the medical board, after a medical examination of such member, shall certify that such member is mentally or physically incapacitated for the further performance of duty, that such incapacity was incurred at the time of active employment and has been continuous thereafter, that such incapacity is likely to be permanent, and that such member should be retired; and, provided further, that if a member is removed by the Supreme

Court for mental or physical incapacity under the provisions of G.S. 7A-376, no action is required by the medical board under this section and, provided further, the medical board shall determine if the member is able to engage in gainful employment and, if so, the member shall still be retired and the disability retirement allowance as a result thereof shall be reduced as in G.S. 135-60(d). Provided further, that the medical board shall not certify any member as disabled who:

(1) Applies for disability retirement based upon a mental or physical incapacity which existed when the member first established membership

in the system; or

(2) Is in receipt of any payments on account of the same disability which existed when the member first established membership in the system.

The Board of Trustees shall require each employee upon enrolling in the Retirement System to provide information on the membership application concerning any mental or physical incapacities existing at the time the member enrolls. (1973, c. 640, s. 1; 1981, c. 689, s. 3; c. 940, s. 2.)

Effect of Amendments. — The first 1981 amendment, effective July 1, 1981, added the last proviso in the first sentence.

The second 1981 amendment added the second sentence, containing subdivisions (1) and (2), and added the second paragraph.

§ 135-60. Disability retirement benefits.

- (a) Upon retirement for disability in accordance with G.S. 135-59, a member shall receive a disability retirement allowance computed and payable as provided for service retirement in G.S. 135-58(a) except that the member's creditable service shall be taken as the creditable service he would have had had he continued in service to the earliest date he could have retired on an unreduced service retirement allowance as a judge in the same division of the General Court of Justice in which he was serving on his disability retirement date.
- (d) The Board of Trustees shall determine whether a disability beneficiary is engaged in or is able to engage in a gainful occupation paying more than the difference, as hereinafter indexed, between his disability retirement allowance and the gross compensation earned as an employee during the 12 consecutive months in the final 48 months of service prior to retirement producing the highest gross compensation excluding any compensation received on account of termination. If the disability beneficiary is earning or is able to earn more than the difference, the portion of his disability retirement allowance not provided by his contributions shall be reduced to an amount which, together with the portion of the disability retirement allowance provided by his contributions and the amount earnable by him shall equal the amount of his gross compensation prior to retirement. This difference shall be increased on January 1 of each year by the ratio of the Consumer Price Index to the Index one year earlier, calculated to the nearest tenth of one percent (1/10th of 1%). Should the earning capacity of the disability beneficiary later change, the portion of his disability retirement allowance not provided by his contributions may be further modified. In lieu of the reductions on account of a disability beneficiary earning more than the aforesaid difference, he may elect to convert his disability retirement allowance to a service retirement allowance calculated on the basis of his final compensation and creditable service at the time of disability retirement and his age at the time of conversion to service retirement. This election is irrevocable. (1973, c. 640, s. 1; 1981, c. 975, s. 4; c. 980,

Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Effect of Amendments. — The first 1981 amendment added subsection (d).

The second 1981 amendment, effective July

1, 1982, substituted, in subsection (a), "had had he continued in service to the earliest date he could have retired on an unreduced service retirement allowance" for "completed at his sixty-fifth birthday if he had continued in service to such birthday."

§ 135-62. Return of accumulated contributions.

(a) Should a member cease to be a judge otherwise than by death or retirement under the provisions of this Article, he shall, upon submission of an application, be paid, not earlier than 60 days from the date of termination of service, his contributions and, if he has attained at least five years of membership service or if termination of his membership service is involuntary as certified by the employer, the accumulated regular interest thereon, provided that he has not in the meantime returned to service as a judge. Upon payment of such accumulated contributions his membership in the Retirement System shall cease and, if he thereafter again becomes a member, no credit shall be allowed for any service previously rendered, except as otherwise provided in G.S. 135-56(b). Any such payment of a member's accumulated contributions shall be in full and complete discharge of any rights in or to any benefits otherwise payable under this Article.

(1973, c. 640, s. 1; 1981, c. 672, s. 4; 1983, c. 467.)

Only Part of Section Set Out. — As the rest of the section was not affected by the amendment, it is not set out.

Effect of Amendments. — The 1981 amendment, in the first sentence of subsection (a), substituted "his contributions and, if he has attained at least five years of membership service or if termination of his membership service is involuntary as certified by the employer, the accumulated regular interest thereon" for "the amount of his accumulated contributions." Session Laws 1981, c. 672, s. 5, makes the 1981

amendment effective July 1, 1981, but further provides that "nothing contained in this act shall affect any interest that has accrued to the account of any member prior to the effective date of this act."

The 1983 amendment, effective June 8, 1983, substituted "not earlier than 60 days from the date of termination of service" for "not earlier than 60 days from receipt in the Raleigh offices of the Board of Trustees of an acceptable application on a form provided by the Retirement System" in the first sentence of subsection (a).

§ 135-63. Benefits on death before retirement.

(a) Upon receipt of proof, satisfactory to the Board of Trustees, of the death of a member in service, there shall be paid in a lump sum to such person as the member shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time of the member's death, otherwise to the member's legal representatives, a death benefit equal to the sum of (i) the member's accumulated contributions, plus (ii) the member's final compensation; provided, however, that if the member has attained his fiftieth birthday with at least five years of membership service at his date of death, and if the designated recipient of the death benefits is the member's spouse who survives him, and if the spouse so elects, then the lump-sum death benefit provided for herein shall consist only of a payment equal to the member's final compensation and there shall be paid to the surviving spouse an annual retirement allowance, payable monthly, which shall commence on the first day of the calendar month coinciding with or next following the death of the member and shall be continued on the first day of each month thereafter until the remarriage or death of the spouse. The amount of any such retirement allowance shall be equal to one half of the amount of the retirement allowance to which the member would have been entitled had he retired under the provisions of G.S. 135-57(a) on the first day of the calendar

month coinciding with or next following his date of death, reduced by two (2%) thereof for each full year, if any, by which the age of the member at his date of death exceeds that of his spouse. If the retirement allowance to the spouse shall terminate on the remarriage or death of the spouse before the total of the retirement allowance payments made equals the amount of the member's accumulated contributions at date of death, the excess of such accumulated contributions over the total of the retirement allowances paid to the spouse shall be paid in a lump sum to such person as the member shall have nominated by written designation duly acknowledged and filed with the Board of Trustees, if such person is living at the time such payment falls due, otherwise to the former member's legal representatives.

(d) Notwithstanding the provisions of G.S. 7A-376, there shall be paid to the surviving spouse of any former judge whose death occurred prior to July 1, 1983, who had not withdrawn his contributions pursuant to G.S. 135-62, an annual retirement allowance which shall commence on July 1, 1983, and shall be continued on the first day of each month thereafter until the death or remarriage of the spouse. If the spouse dies or remarries before the total of the retirement allowance paid equals the amount of the former judge's accumulated contributions, the excess of the accumulated contributions over the total of the retirement allowance paid to the spouse shall be paid in a lump sum to the person the spouse has nominated by written designation duly acknowledged and filed with the Board of Trustees, if the person is living at the time the payment falls due, otherwise to the spouse's legal representative. The amount of any such retirement allowance shall be computed in accordance with the provisions of subsection (a) above. This subsection does not authorize allowances to surviving spouses of former judges convicted of crimes related to the performance of their judicial duties. (1973, c. 640, s. 1; c. 1385; 1983, c. 761, ss. 231, 234.)

Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Editor's Note. — Session Laws 1983, c. 761, s. 233, provides that s. 231 of the act, which amended subsection (a) of this section, shall not diminish any inchoate or accrued rights of any member in service on the date of ratification of the act. The act was ratified July 15, 1983.

Session Laws 1983, c. 761, s. 259, is a severability clause.

Effect of Amendments. — The 1983 amendment, effective July 1, 1983, inserted "with at least five years of membership service" following "his fiftieth birthday" in the first sentence of subsection (a) and added subsection (d).

§ 135-65. Post-retirement increases in allowances.

(d) Increases in Benefits Paid to Members Retired Prior to July 1, 1982. — From and after July 1, 1983, the retirement allowance to or on account of beneficiaries on the retirement rolls as of July 1, 1982, shall be increased by four percent (4%) of the allowance payable on July 1, 1982, provided the increase in retirement allowances shall be payable in accordance with all requirements, stipulations and conditions set forth in subsection (a) of this section. (1973, c. 640, s. 1; 1979, c. 838, s. 104; 1979, 2nd Sess., c. 1137, s. 69; 1983, c. 761, s. 221.)

Only Part of Section Set Out. — As the rest of the section was not affected by the amendment, it is not set out.

Editor's Note. — Session Laws 1983, c. 761,

s. 259, is a severability clause. Effect of Amendments. —

The 1983 amendment, effective July 1, 1983, added subsection (d).

§ 135-68. Contributions by the members.

(a) Each member shall contribute by payroll deduction for each pay period for which he receives compensation six percent (6%) of his compensation for

such period.

(b) Anything within this Article to the contrary notwithstanding, the State, pursuant to the provisions of section 414(h)(2) of the Internal Revenue Code of 1954 as amended, shall pick up and pay the contributions which would be payable by the members under subsection (a) of this section with respect to the services of such members rendered after the effective date of this subsection.

The members' contributions picked up by the State shall be designated for all purposes of the Retirement System as member contributions, except for the determination of tax upon a distribution from the System. These contributions shall be credited to the annuity savings fund and accumulated within the fund in a member's account which shall be separately established for the purpose of

accounting for picked-up contributions.

Member contributions picked up by the State shall be payable from the same source of funds used for the payment of compensation to a member. A deduction shall be made from a member's compensation equal to the amount of his contributions picked up by the State. This deduction, however, shall not reduce a member's compensation as defined in subdivision (5) of G.S. 135-53. Picked up contributions shall be transmitted to the Retirement System monthly for the preceding month by means of a warrant drawn by the State payable to the Retirement System and shall be accompanied by a schedule of the picked-up contributions on such forms as may be prescribed. (1973, c. 640, s. 1; 1983, c. 469, s. 1.)

A favorable Internal Revenue Service determination for the Uniform Judicial and Clerks of Superior Court Retirement Systems was filed on July 29, 1983, and made effective on August 1, 1983. A favorable Internal Revenue Service determination for the Solicitorial Retirement System was filed on August 2, 1983, and made effective on September 1, 1983.

Effect of Amendments. — The 1983 amendment designated the first sentence of this section as subsection (a) and added subsection (b). As to the effective date of the amendment, see

the Editor's note above.

§ 135-72. Benefits of members appointed to serve in United States courts.

- (a) Members who are appointed to serve as a justice, judge or magistrate in the United States courts shall not be eligible for benefits under this Article while actively serving as a justice, judge or magistrate in the United States courts.
- (b) Should a retired former member be appointed to serve as a justice, judge or magistrate in the United States courts or be in receipt of a retirement allowance from service as a justice, judge or magistrate in the United States courts, his retirement allowance provided under the provisions of this Article shall be reduced so that the sum of his retirement allowance and the salary or retirement allowance from service as a justice, judge or magistrate in the United States courts does not exceed the salary for the office last held by the retired member in the General Court of Justice of North Carolina. The right to reject any and all bids shall be reserved to the Board of Transportation.

(b) In those cases in which the amount of the work to be let to contract for highway construction or repair is thirty thousand dollars (\$30,000) or less, at least three informal bids shall be solicited. All such contracts shall be awarded to the lowest responsible bidder, taking into consideration quality, performance, and the time specified in the bids for the performance of the contract. The Secretary of Transportation shall keep a record of all bids submitted,

which record shall be subject to public inspection at any time.

(f) The Department of Transportation is required to solicit proposals under rules and regulations published by the Department of Transportation for all contracts for professional engineering services and other kinds of professional or specialized services necessary in connection with highway construction or repair that are over ten thousand dollars (\$10,000). Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Editor's Note. -

Session Laws 1983, c. 761, s. 259, is a severability clause.

Effect of Amendments. -

third sentences of subsection (b) for a sentence which permitted waiver of the requirement for solicitation of bids where solicitation of such bids was not feasible and was not in the public interest.

The second 1981 amendment, effective July 1, 1981, rewrote subsection (f).

Session Laws 1981, c. 859, s. 97, contains a severability clause.

All State agencies, institutions and political subdivisions shall cooperate with the Department of Transportation and all other State agencies, institutions and political subdivisions in efforts to encourage and promote the use of small, minority, physically handicapped and women contractors in such State construction, alteration, maintenance and procurement. (1983, c. 692, s. 3.)

Editor's Note. — Session Laws 1983, c. 692, s. 4, makes this section effective upon ratification. The act was ratified July 6, 1983.

provided in G.S. 143-135.5.

(d) The submission of the claim to the State Highway Administrator within the time and as set out in subsection (a) of this section and the filing of an action in the superior court within the time as set out in subsection (b) of this section or the filing of a notice of appeal to the Board of State Contract Appeals as set out in subsection (c1) shall be a condition precedent to bringing such an action under this section and shall not be a statute of limitations.

Session Laws 1983, c. 761, s. 259, is a severability clause.

CASE NOTES

Section Constitutes Remedy In Action on Contract. — Subsection (e) of this section provides that the statute is deemed to be a part of "every contract" between Department of Transportation and "any contractor," and this section is therefore a remedy in an action upon such contract. Huyck Corp. v. C.C. Mangum, Inc., 58 N.C. App. 532, 293 S.E.2d 846 (1982).

Third Party Complaint against Department of Transportation. — This section does not prohibit a contractor from filing a third party complaint against Department of Transportation, arising out of the same transaction or occurrence, ancillary to an action brought by a party not privy to the contract. To compel a contractor to proceed first upon the settlement procedure of this section before joining the State and Department of Transportation in an action already filed could result in a forfeiture of that remedy under these circumstances. Huyck Corp. v. C.C. Mangum, Inc., 58 N.C. App. 532, 293 S.E.2d 846 (1982).

Categorization of Claims. — Where plaintiff contractor submitted in its verified claim letter a claim for increased compensation due to the encountering of changed conditions, and where plaintiff, while identifying and categorizing certain claims for the benefit of the defendant, made it abundantly clear that any such claims not recognized in the separate categories as presented were to be included in an overall "changed conditions" claim, it was held that plaintiff did not pursue or recover at trial on a theory which had not been previously presented to the State Highway Administrator. S.J. Groves & Sons & Co. v. State, 50 N.C. App. 1, 273 S.E.2d 465 (1980), cert. denied, 302 N.C. 396, 279 S.E.2d 353 (1981).

§ 136-41.1. Appropriation to municipalities; allocation of funds generally; allocation to Butner.

(a) There is hereby annually appropriated out of the State Highway Fund a sum equal to the net amount after refunds that was produced during the fiscal year by a one and three-eighths cents (13/8¢) tax on each gallon of motor fuel as taxed by G.S. 105-434 and 105-435, to be allocated in cash on or before October 1 of each year to the cities and towns of the State in accordance with

the following formula:

Seventy-five percent (75%) of said funds shall be distributed among the several eligible municipalities of the State in the percentage proportion that the population of each eligible municipality bears to the total population of all eligible municipalities according to the most recent annual estimates of population as certified to the Secretary of Revenue by the State Budget Officer. This annual estimation of population shall include increases in the population within the municipalities caused by annexations accomplished through July 1 of the calendar year in which these funds are distributed. Twenty-five percent (25%) of said fund shall be distributed among the several eligible municipalities of the State in the percentage proportion that the mileage of public streets in each eligible municipality which does not form a part of the highway system bears to the total mileage of the public streets in all eligible municipalities which do not constitute a part of the State highway system.

It shall be the duty of the mayor of each municipality to report to the Department of Transportation such information as it may request for its guidance in determining the eligibility of each municipality to receive funds by virtue of G.S. 136-41.1 and 136-41.2 and in determining the amount of allocation to which each is entitled. Upon failure of any municipality to make such report within the time prescribed by the Department of Transportation, the Department of Transportation may disregard such defaulting unit in making

said allotment.

The funds to be allocated under this section shall be paid in cash to the various eligible municipalities on or before October 1 each year after March 15, 1951. Provided that eligible municipalities are authorized within the discre-

tion of their governing bodies to enter into contracts for the purpose of maintenance, repair, construction, reconstruction, widening, or improving streets of such municipalities at any time after January 1 of any calendar year in total amounts not to exceed ninety percent (90%) of the amount received by such municipality during the preceding fiscal year, in anticipation of the receipt of funds under this section during the next fiscal year, to be paid for out of such funds when received.

No allocation to cities and towns shall be made under the provisions of this section from the one cent $(1\mathfrak{p})$ per gallon additional tax on gasoline imposed by Chapter 46 of the Session Laws of 1965, unless and until said additional one cent $(1\mathfrak{p})$ per gallon tax produces funds which are not needed for or committed by said Chapter 46 of the Session Laws of 1965, to the payment of the principal of or the interest on the secondary road bonds issued pursuant to the provisions of said Chapter 46 of the Session Laws of 1965. The Department of Transportation is hereby authorized to withhold each year an amount not to exceed one percent (1%) of the total amount appropriated in G.S. 136-41.1 for the purpose of correcting errors in allocations: Provided, that the amount so withheld and not used for correcting errors will be carried over and added to the amount to be allocated for the following year.

The word "street" as used in this section is hereby defined as any public road maintained by a municipality and open to use by the general public, and having an average width of not less than 16 feet. In order to obtain the necessary information to distribute the funds herein allocated, the Department of Transportation may require that each municipality eligible to receive funds under G.S. 136-41.1 and 136-41.2 submit to it a statement, certified by a registered engineer or surveyor of the total number of miles of streets in such municipality. The Department of Transportation may in its discretion require

the certification of mileage on a biennial basis.

(c) Notwithstanding the provisions of subsections (a) and (b) of this section and of G.S. 136-41.2, the unincorporated area known as Butner qualifies in all respects for allocation of funds under this section and certification of the population and street mileage of Butner by the North Carolina Department of Human Resources is acceptable. Funds allocated to the area for this purpose shall be administered by the member of the State Board of Transportation administering the Highway Fund in Granville County. (1951, c. 260, s. 2; c. 948, ss. 2, 3; 1953, c. 1127; 1957, c. 65, s. 11; 1963, c. 854, ss. 1, 2; 1969, c. 665, ss. 1, 2; 1971, c. 182, ss. 1-3; 1973, c. 476, s. 193; c. 500, s. 1; c. 507, s. 5; c. 537, s. 6; 1975, c. 513; 1977, c. 464, s. 7.1; 1979, 2nd Sess., c. 1137, s. 50; 1981, c. 690, s. 4; c. 859, s. 9.2; c. 1127, s. 54.)

Only Part of Section Set Out. — As the rest of the section was not affected by the amendments, it is not set out.

Effect of Amendments. —

The first 1981 amendment, effective July 1, 1981, substituted "one and three-eighth cents $(1\%\varphi)$ " for "one cent (1φ) " in the first paragraph of subsection (a).

Session Laws 1981, c. 690, s. 35, provides: "Section 4 [amending this section] shall become effective July 1, 1981, provided that the allocation made on October 1, 1981, shall not be affected."

The second 1981 amendment, effective July 1, 1981, added subsection (c).

Session Laws 1981, c. 859, s. 97, contains a severability clause.

The third 1981 amendment, ratified October 10, 1981 and effective on ratification, substituted "member of the State Board of Transportation administering the Highway Fund in Granville County" for "Department of Human Resources" in subsection (c) as added by the first 1981 amendment.

CASE NOTES

In order to create an easement or public roadway, the evidence must disclose that travel was confined to a definite and specific line. While there may be slight deviations in the line of travel, there must be substantial identity of the easement claimed. West v. Slick, — N.C. App. —, 299 S.E.2d 657 (1983).

§ 136-69. Cartways, tramways, etc., laid out; procedure.

If any person, firm, association, or corporation shall be engaged in the cultivation of any land or the cutting and removing of any standing timber, or the working of any quarries, mines, or minerals, or the operating of any industrial or manufacturing plants, or public or private cemetery, or taking action preparatory to the operation of any such enterprises, to which there is leading no public road or other adequate means of transportation, other than a navigable waterway, affording necessary and proper means of ingress thereto and egress therefrom, such person, firm, association, or corporation may institute a special proceeding as set out in the preceding section (G.S. 136-68), and if it shall be made to appear to the court necessary, reasonable and just that such person shall have a private way to a public road or watercourse or railroad over the lands of other persons, the court shall appoint a jury of view of three disinterested freeholders to view the premises and lay off a cartway, tramway, or railway of not less than 18 feet in width, or cableways, chutes, and flumes, and assess the damages the owner or owners of the land crossed may sustain thereby, and make report of their findings in writing to the clerk of the superior court. Exceptions to said report may be filed by any interested party and such exceptions shall be heard and determined by the clerk of the superior court. The clerk of the superior court may affirm or modify said report, or set the same aside and order a new jury of view. All damages assessed by a judgment of the clerk, together with the cost of the proceeding, shall be paid into the clerk's office before the petitioners shall acquire any rights under said proceeding.

Where a tract of land lies partly in one county and partly in an adjoining county, or where a tract of land lies wholly within one county and the public road nearest or from which the most practical roadway to said land would run, lies in an adjoining county and the practical way for a cartway to said land would lead over lands in an adjoining county, then and in that event the proceeding for the laying out and establishing of a cartway may be commenced in either the county in which the land is located or the adjoining county through which said cartway would extend to the public road, and upon the filing of such petition in either county the clerk of the court shall have jurisdiction to proceed for the appointment of a jury from the county in which the petition is filed and proceed for the laying out and establishing of a cartway as if the tract of land to be reached by the cartway and the entire length of the cartway are all located within the bounds of said county in which the petition may be filed. The Department shall initiate a bridge replacement program as soon as possible and shall complete the replacement program of all such bridges by June 30, 1980. All such bridges now on the State highway system shall be replaced except those on roads where the traffic volume is low and the elimination of the bridge would be a minimum inconvenience to the public and the replacement cannot be justified. "Frontage Road." -

An access road from old U.S. 29 to the property of a third party did not meet the statutory definition of a "frontage road" as that term is used in this Article, where the disputed access road, located as it was in an area remote from and not connecting to or entering at any point on U.S. 29, did not serve to facilitate access by

the public or by the third party to U.S. 29, was not necessary to provide access because all other access had been denied, and was intended to serve a private and not public purpose. CASE NOTES

North Carolina recognizes the fundamental right to just compensation as so grounded in natural law and justice that it is part of the fundamental law of this State, and imposes upon a governmental agency taking private property for public use a correlative duty to make just compensation to the owner of the property taken. This principle is considered in North Carolina as an integral part of the law of the land within the meaning of N.C. Const., art. I, § 19. The requirement that just compensation be paid for land taken for a public use is likewise guaranteed by the Fourteenth Amendment to the federal Constitution. Department of Transp. v. Harkey, -N.C. —, 301 S.E.2d 64 (1983).

Although North Carolina does not have an express constitutional provision against the taking of private property without just compensation, it is a prohibition firmly imbedded in State law. Department of Transp. v. Harkey, -N.C. —, 301 S.E.2d 64 (1983).

Abutting Owner, etc. -

An owner of land abutting a highway or street has the right of direct access from his property to the traffic lanes of the highway. This is a right in the street beyond that which is enjoyed by the general public, or by himself as a member of the public, and different in kind, since egress from or ingress to his own property is a necessity peculiar to himself. Department of Transp. v. Harkey, - N.C. -, 301 S.E.2d 64 (1983).

Access Cannot Be Taken, etc. -

This right of direct access is an easement appurtenant which cannot be damaged or taken from him without compensation. Department of Transp. v. Harkey, - N.C. -, 301 S.E.2d 64

§ 136-89.56. Commercial enterprises.

No commercial enterprises or activities shall be authorized or conducted by the Department of Transportation, or the governing body of any city or town, within or on the property acquired for or designated as a controlled-access facility, as defined in this Article. In order to permit the establishment of adequate fuel and other service facilities by private owners or their lessees for the users of a controlled-access facility, the Department of Transportation shall permit access to service or frontage roads within the publicly owned right-of-way of any controlled-access facility established or designated as provided in this Article, at points which, in the opinion of the Department of Transportation, will best serve the public interest. The location of such fuel and other service facilities may be indicated to the users of the controlled-access facilities by appropriate signs, the size, style, and specifications of which shall be determined by the Department of Transportation.

The location of fuel and other service facilities may be indicated to the users of the controlled access facilities by appropriate logos placed on signs owned, controlled, and erected by the Department of Transportation. The owners, operators or lessees of fuel and other service facilities who wish to place a logo identifying their business or service on a sign shall furnish a logo meeting the size, style and specifications determined by the Department of Transportation and shall pay the Department for the costs of initial installation and subsequent maintenance. The fees for logo sign installation and maintenance shall be set by the Board of Transportation based on cost and shall not exceed the

Initial installation fee \$150.00 Annual renewal fee 150.00

Replacement fee for damaged sign or substituted sign 35.00. If the cost of installing or maintaining a logo sign exceeds the maximum fee authorized by this section, the Department may not perform the installation or maintenance. (1957, c. 993, s. 9; 1973, c. 507, s. 5; 1977, c. 464, s. 7.1; 1981, c. 481, s. 1; 1983, c. 604, s. 1.)

Effect of Amendments. — The 1981 amendment added the second paragraph.

Session Laws 1981, c. 481, s. 2, provided that the act should become effective at such time as sufficient money should be appropriated, but in no event until July 1, 1981.

The 1983 amendment, effective July 1, 1983,

substituted the language beginning "The fees for logo sign installation and maintenance" at the end of the second paragraph for a former last sentence which read "The Board of Transportation shall have the authority to set an annual fee not less than the estimated cost of installation and maintenance."

§ 136-89.59. Highway rest area refreshments.

All civic, nonprofit, or charitable corporations and organizations are authorized to serve nonalcoholic refreshments to motorists at rest areas and welcome centers located on control-access facilities in accordance with the following conditions:

(1) Thirty-day permits shall be issued without cost by the Highway Division Engineer. Permits shall be subject to revocation by the State Highway Administrator for violations of this section. The applicant must be a nonprofit organization showing a record of concern for automotive, highway, or driver safety.

(4) The refreshment and any other service offered must be free of charge

to the motorist.

(1973, c. 1346; 1977, c. 464, s. 7.1; 1981, c. 545, ss. 1, 2.)

Only Part of Section Set Out. - As the rest of the section was not affected by the amendment, it is not set out.

Effect of Amendments. - The 1981 amend-

ment added the third sentence of subdivision (1) and deleted "and solicitation of contributions. donations, etc., shall not be permitted" at the end of subdivision (4).

Any person named in and served with a complaint and declaration of taking shall have 12 months from the date of service thereof to file answer. Failure to answer within said time shall constitute an admission that the amount deposited is just compensation and shall be a waiver of any further proceeding to determine just compensation; in such event the judge shall enter final judgment in the amount deposited and order disbursement of the money deposited to the owner. Provided, however, at any time prior to the entry of the final judgment the judge may, for good cause shown and after notice to the plaintiff, extend the time for filing answer for 30 days. Provided that when the procedures of Article 9 of Chapter 136 are employed by the Department of Administration, any person named in or served with a complaint and declaration of taking shall have 120 days from the date of service thereof within which to file an answer. (1959, c. 1025, s. 2; 1973, c. 507, s. 5; 1975, c. 625; 1981, c. 245, s. 2.)

ulations. — A court has no authority to alter the requirements of this section but there is no reason why parties may not make reasonable stipulations concerning matters to which the section is addressed. Pelham Realty Corp. v. Board of Transp., 303 N.C. 424, 279 S.E.2d 826 (1981).

CASE NOTES

Relative Liabilities of Department and Contractor For Damages From Blasting Operations. — Because of the inherently dangerous or ultrahazardous nature of blasting, when a contractor employed by the Department of Transportation uses explosives in the performance of his work, he is primarily and strictly liable for any damages proximately resulting therefrom. Cody v. North Carolina Dep't of Transp., 45 N.C. App. 471, 263 S.E.2d 334 (1980).

A contractor employed by the Department of Transportation cannot be held liable to a property owner for damages resulting from the work done with proper skill and care. The owner's remedy is against the Department of Transportation on the theory of condemnation. Cody v. North Carolina Dep't of Transp., 45 N.C. App. 471, 263 S.E.2d 334 (1980).

An agreement between the Department of Transportation and a contractor that the contractor would indemnify the Department of Transportation for any claims arising out of the performance of a highway reconstruction contract, including any claims caused by the contractor's blasting operations, did not affect plaintiff's right to sue the Department of Transportation or the contractor or both for loss of a building on their property allegedly caused by the contractor's blasting operations. CASE NOTES

I. GENERAL CONSIDERATION.

Special and General Benefits Distinguished.—"Special benefits have been defined as those which arise from the peculiar relation of the land in question to the public improvement. "General benefits" are those accruing to the public at large by reason of increased community property resulting from the project. Department of Transp. v. McDarris, — N.C. App. —, 302 S.E.2d 277 (1983).

Real Estate Appraisers Not Restricted by Subdivision (1). — Subdivision (1) of this section speaks only to the exclusive measure of damages to be employed by the commissioner, jury or judge. It in no way attempts to restrict expert real estate appraisers to any particular method of determining the fair market value of property. Department of Transp. v. McDarris, — N.C. App. —, 302 S.E.2d 277 (1983).

Real estate appraisers are not required to use the before and after formula in determining damages. Department of Transp. v. McDarris, — N.C. App. —, 302 S.E.2d 277 (1983).

The formula in subdivision (1) of this section contemplates a particular date; that is, the date of taking. It does not contemplate consideration of damages that might later arise during construction. Department of Transp. v. Bragg, 59 N.C. App. 344, 296 S.E.2d 657 (1982), cert. granted, — N.C. —, 299 S.E.2d 646 (1983).

Compensation must be determined as of the time of the taking. Occurrences or events which may affect the value of the property after the date of the taking are not cognizable in an assessment of damages in an eminent domain proceeding. Department of Transp. v. Bragg, 59 N.C. App. 344, 296 S.E.2d 657 (1982), cert. granted, — N.C. —, 299 S.E.2d 646 (1983).

In condemnation proceedings, the determinative question is: In its condition on the day of taking, what was the value of the land for the highest and best use to which it would be put by owners possessed of prudence, wisdom and adequate means? The owner's actual plans or hopes for the future are completely irrelevant. Such aspirations are regarded as too remote and speculative to merit consideration. City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

Valid Traffic Regulations Not Amounting to Compensable Taking. — The enactment of valid traffic regulations which change traffic patterns and cause circuity of travel but do not foreclose reasonable access to the roadway from abutting property are proper exercises of the police power for which no compensation need be made by the State or its agencies. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

The dead-ending and reclassification of the roadway on which property abutted are valid traffic regulations for which no compensation is ordinarily required. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

Noncompensable injuries to property values resulting from enactment of valid traffic regulations do not become compensable merely because some property was coincidentally taken in connection with project which put the regulations into effect. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

Frequency of flooding is not, in itself, determinative of a taking. Lea Co. v. North Carolina Bd. of Transp., 59 N.C. App. 392, 291 S.E.2d 844, cert. granted, 306 N.C. 557, 294 S.E.2d 371 (1982).

Recurring Flood Is Permanent Invasion If Structure Causing It Is Permanent. — As a 100-year flood is, by statistical definition, an inevitably recurring event, thus, if the structures causing the overflow are permanent, the overflow which occurs with the 100-year flood constitutes a permanent invasion. Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844, cert. granted, 306 N.C. 557, 294 S.E.2d 371 (1982).

Reasonable use rule, pursuant to which possessor of land incurs liability for interference with flow of surface waters only when such interference is unreasonable and causes substantial damage, governs disposal of surface waters among private parties and has no application in condemnation proceedings, since the principle of reasonable use is superseded by the constitutional mandate that just compensation must be paid when private property is taken for public use. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

Whether expert testifying from personal knowledge must first relate underlying facts before giving his opinion is matter left to sound discretion of trial judge. Board of Transp. v. Terminal Whse. Corp., 300 N.C. 700, 268 S.E.2d 180 (1980).

Cited in City of Winston-Salem v. Tickle, 53 N.C. App. 516, 281 S.E.2d 667 (1981); Department of Transp. v. Bragg, — N.C. —, 302 S.E.2d 227 (1983).

II. DAMAGES WHERE PART OF TRACT TAKEN.

The factors for determining whether the parcels are one tract or several tracts are "unity if ownership, physical unity and unity of use." City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

Subdivision (1) states the, etc. -

Subdivision (1) of this section provides a landowner compensation only for damages arising from a taking of property and which flow directly from the use to which the land taken is put. No compensation is awarded for damages which are shared by neighboring property owners and the public, and which arise regardless of whether the landowner's property has been condemned. Board of Transp. v. Bryant, 59 N.C. App. 256, 296 S.E.2d 814 (1982).

Only damages proximately and directly caused by the taking at the time of the taking are recoverable. Department of Transp. v. Bragg, 59 N.C. App. 344, 296 S.E.2d 657 (1982), cert. granted, — N.C. —, 299 S.E.2d 646 (1983).

But Damage Must Result from, etc. -

As long as a landowner is afforded reasonable access to an abutting street or highway, he is not entitled to compensation. Mere inconvenience resulting from circuity of travel is not compensable. Board of Transp. v. Bryant, 59 N.C. App. 256, 296 S.E.2d 814 (1982).

Damages Not Resulting from Taking,

Damages for unreasonable interference with access to defendants' remaining property during construction on a public road project do not arise from the taking of the right-of-way or from the use to which the taken property is put. These damages are noncompensable because they are not unique to defendants. They are shared by defendants in common with the public at large, and the fact that a taking occurs does not make all other damages automatically compensable. Board of Transp. v. Bryant, 59 N.C. App. 256, 296 S.E.2d 814 (1982).

III. PLEADING AND PRACTICE.

Rules as to Admissibility of Evidence of Purchase Price. — See City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

In general, purchase price is admissible if it is relevant to the value of the land at the time of condemnation. City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

Where condemnees bought the property at a voluntary sale only four years before the con-

demnation action and there was no evidence of extensive changes to the condemned parcel or to the surrounding area, the purchase price was admissible. City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

The price paid at voluntary sales of land, similar in nature, location, and condition to the condemnee's land, is admissible as independent evidence of the value of the land taken if the prior sale was not too remote in time. Whether two properties are sufficiently similar to admit evidence of the purchase price of one as a guide to the value of the other is a question to be determined by the trial judge in the exercise of a sound discretion guided by law. City of Winston-Salem v. Davis, 59 N.C. App. 172, 296 S.E.2d 21, cert. denied, 307 N.C. 269, 299 S.E.2d 214 (1982).

Prima facie showing of substantial physical damage measurable in monetary terms is required. Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844, cert. granted, 306 N.C. 557, 294 S.E.2d 371 (1982).

Proof of Monetary Loss Sufficient. — In inverse condemnation action seeking compensation for a flood easement allegedly taken by defendant when its highway structures foreseeably increased the level of flooding on plaintiff's property, resulting in substantial damage to apartments thereon, plaintiff adequately demonstrated its monetary loss through evidence of repair costs, lost present and future rental income, and an estimate of the value of the property immediately before and immediately after the taking by a person familiar with the property. Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844, cert. granted, 306 N.C. 557, 294 S.E.2d 371 (1982).

Right of Action Accrues When Damage Occurs. — Where there has been a taking of property by the construction and maintenance of a nuisance, the right of action does not accrue until damage has occurred. And ordinarily the applicable statute of limitations begins to run against the landowner at the time the first damage arises from the nuisance. Lea Co. v. North Carolina Bd. of Transp., 57 N.C. App. 392, 291 S.E.2d 844, cert. granted, 306 N.C. 557, 294 S.E.2d 371 (1982).

§ 136-113. Interest as a part of just compensation.

To said amount awarded as damages by the commissioners or a jury or judge, the judge shall, as a part of just compensation, add interest at the legal rate as provided in G.S. 24-1 on said amount from the date of taking to the date of judgment; but interest shall not be allowed from the date of deposit on so much thereof as shall have been paid into court as provided in this Article. (1959, c. 1025, s. 2; 1983, c. 812.)

Effect of Amendments. - The 1983 amendment, effective 10 days after ratification, substituted "legal rate as provided in G.S. 24-1" for

"rate of six percent (6%) per annum." The act was ratified July 19, 1983.

§ 136-117. Payment of compensation.

CASE NOTES

Section is directed at adverse and conflicting claims to a specific sum. State Hwy. Comm'n v. Cape, 49 N.C. App. 137, 270 S.E.2d 555 (1980).

§ 136-119. Costs and appeal. CASE NOTES

Litigation expenses and costs incurred by landowner in condemnation proceeding do not constitute part of the "just compensation" required to be paid by the Fifth Amendment and may be taxed as part of the costs only if authorized by statute. Department of Transp. v. Winston Container Co., 45 N.C. App. 638, 263 S.E.2d 830 (1980).

When Reimbursement For Attorney, Appraisal and Engineering Fees Authorized. - This section authorizes the court having jurisdiction of a condemnation action instituted by the Department of Transportation to award the landowner reimbursement for reasonable attorney, appraisal, and engineering fees actually incurred because of the condemnation proceedings only if: (1) "the final judgment is that the Department of Transportation cannot acquire real property by condemnation"; (2) "the proceeding is abandoned by the Department of Transportation"; or (3) judgment is rendered for the plaintiff in an inverse condemnation proceeding brought under § 136-111. Department of Transp. v. Winston Container Co., 45 N.C. App. 638, 263 S.E.2d 830

A judgment entered by the trial court dismissing a condemnation action brought by

the Department of Transportation because the court was of the opinion that it lacked jurisdiction for the reason that the resolution of the State Board of Transportation authorizing condemnation of defendant's property was insufficient did not constitute a final judgment that the Department of Transportation could not acquire defendant's real property by condemnation within the purview of this section, and this section did not authorize the trial court to award defendant reimbursement for attorney. appraisal and engineering fees incurred because of the condemnation proceeding. Department of Transp. v. Winston Container Co., 45 N.C. App. 638, 263 S.E.2d 830 (1980).

The award of attorney fees is in the sound discretion of the trial judge and is unappealable unless there is an abuse of discretion. Cody v. Department of Transp., -N.C. App. -, 300 S.E.2d 25 (1983).

When a statute provides for attorney fees to be awarded as a part of the costs to be paid by the governmental authority which is appropriating the property, it is not a contingent fee, but an amount equal to the actual reasonable value of the attorney services. Cody v. Department of Transp., - N.C. App. -, 300 S.E.2d 25 (1983).

ARTICLE 11.

Outdoor Advertising Control Act.

§ 136-126. Title of Article.

CASE NOTES

This Article does not affect signs located and nothing in it prohibits municipalities from in areas zoned commercial or industrial regulating advertising which falls outside its

provisions. This interpretation is supported by § 160A-174(b) which expressly provides that the fact that "a State or federal law, standing alone, makes a given act, omission or condition unlawful shall not preclude city ordinances requiring a higher standard of conduct or condition." Thus, a town is authorized to outlaw outdoor advertising which is not regulated by State law and to provide compensation by amortization since in such instance this Article's compensation provision has no relevance. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

Off-premises advertising restriction is within the police power of a municipal government. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

A town's prohibition of off-premise commercial signs, while permitting on-premise signs does not violate equal protection. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

"Esthetics" constitute a legitimate consideration in the exercise of police power. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

No individual rights are created under 23 U.S.C. § 131, pertaining to control of outdoor advertising, since it does not impose

regulation, but only authorizes federal-State agreements pursuant to which State regulatory statutes may be adopted. Therefore, it does not furnish a basis for an action under 42 U.S.C. § 1983 for violation of a federal statutory right. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E.2d 388, cert. denied, 307 N.C. 127, 297 S.E.2d 400 (1982).

Nature of Administrative Appeal to Secretary of Transportation. — There was no provision within the Outdoor Advertising Control Act or the administrative regulations published pursuant to the act which required or provided for anything other than a written administrative appeal to the Secretary of Transportation, and there is no provision for an administrative hearing by the secretary. National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816, cert. denied and appeal dismissed, 301 N.C. 400, 273 S.E.2d 446 (1980).

Administrative Procedure Act does not apply to Outdoor Advertising Control Act or regulations published pursuant to the act because there was no statute or administrative rule which required the Department of Transportation to make an agency decision after providing an opportunity for an adjudicatory hearing, and the subject controversy was therefore not a contested case within the meaning of § 150A-23. National Adv. Co. v. Bradshaw, 48 N.C. App. 10, 268 S.E.2d 816, cert. denied and appeal dismissed, 301 N.C. 400, 273 S.E.2d 446 (1980).

§ 136-127. Declaration of policy.

Regulation for Aesthestic Reasons. -Police power may be broad enough to include reasonable regulation of property use for aesthetic reasons only. County of Cumberland v. Eastern Fed. Corp., 48 N.C. App. 518, 269 S.E.2d 672, cert. denied, 301 N.C. 527, 273

§ 136-131. Removal of existing nonconforming advertising.

CASE NOTES

Cash Compensation Required for Removal of Certain Signs Located in Noncommercial or Industrial Areas. — With respect to advertising signs which are not located in areas zoned commercial or industrial, this section and 23 U.S.C. § 131 specifically require cash compensation to sign owners whose signs are removed pursuant to those acts. R.O. Givens, Inc. v. Town of Nags Head, 58 N.C. App. 697, 294 S.E. 2d 388, cert. denied, 307 N.C. 127, 297 S.E. 2d 400 (1982).

However, in order to be compensable, this section requires that a sign be lawfully
