When developing the blueprint, NCORR shall incorporate local knowledge, community goals, projections of future flood risk, and the best available science and hydrologic modeling to create a decision tool for flood mitigation investments and strategies from local watersheds up to whole river basins. A successful blueprint should ultimately lead to a prioritized set of projects and funding strategies that the State can implement. NCORR is encouraged to examine examples from other states such as the Louisiana Coastal Master Plan or the flood resiliency planning processes in South Carolina and Virginia. NCORR shall report by July 1, 2022, and annually thereafter to the Joint Legislative

the current year or the higher of the first two months' total prior year average daily membership
would otherwise have made the unit eligible for funds under the schedule in subsection (a) of this
section.

SECTION 7.4.(c) Phase-Out Provision for the 2022-2023 Fiscal Year. – If a local
school administrative unit becomes ineligible for funding under the schedule in subsection (a) of

2021-2022 in any fiscal year. A local school administrative unit shall not become ineligible for
funding if either the highest of the first two months' total projected average daily membership for
the current year or the higher of the first two months' total prior year average daily membership
would otherwise have made the unit eligible for funds under the schedule in subsection (a) of this
section.

SECTION 7.4.(d) Nonsupplant Requirement for the 2021-2023 Fiscal Biennium. –
A county in which a local school administrative unit receives funds under this section shall use

recent data are available, if all of the following criteria apply:

(1) The current expense appropriation per student of the county for the current
year is less than ninety-five percent (95%) of the average of local current
expense appropriation per student for the three prior fiscal years.

(2) The county cannot show (i) that it has remedied the deficiency in funding or
(ii) that extraordinary circumstances caused the county to supplant local
current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement the requirements of this
subsection.

SECTION 7.4.(e) Reports. – For the 2021-2023 fiscal biennium, the State Board of
Education shall report to the Fiscal Research Division prior to May 15 of each fiscal year if it
determines that counties have supplanted funds.

Local school administrative units may also utilize funds allocated under this section
to purchase services that allow for extraction of data from the Education Value-Added
Assessment System (EVAAS).

DISADVANTAGED STUDENT SUPPLEMENTAL FUNDING (DSSF)

SECTION 7.5.(a) Funds appropriated in this act for disadvantaged student

(4) Purchase diagnostic software and progress-monitoring tools.
(5) Provide funds for teacher bonuses and supplements. The State Board of
Education shall set a maximum percentage of the funds that may be used for
this purpose.

The State Board of Education may require local school administrative units receiving
funding under the Disadvantaged Student Supplemental Fund to purchase the Education
Value-Added Assessment System (EVAAS) in order to provide in-depth analysis of student
performance and help identify strategies for improving student achievement. This data shall be
used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.

**SECTION 7.5.(b)** Disadvantaged student supplemental funding (DSSF) shall be allotted to a local school administrative unit based on (i) the unit's eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

4. For local school administrative units that received DSSF funds in fiscal year 2005-2006, a ratio of 1:16. These local school administrative units shall receive no less than the DSSF amount allotted in fiscal year 2006-2007. For the purpose of this subsection, wealth shall be calculated under the low-wealth supplemental formula as provided for in this act.

Article to read:
"Article 82B.
"Management of Aqueous Film-Forming Foams.

§ 58-82B-1. Findings.
The General Assembly finds that certain firefighting foams used to fight Class B fires, often referred to as Aqueous Film-Forming Foams (AFFF), are critical for fire suppression and public safety. However, because many AFFF could contain per- and poly-fluoroalkyl substances, certain foams may require additional research, oversight, and management. The General Assembly further finds that accurate and comprehensive reporting of the use of AFFF by fire departments throughout the State is essential in order to appropriately manage the potential impacts of AFFF on the environment and public health.

§ 58-82B-5. Reporting requirement.
Fire departments operated, regulated, or managed by one or more units of State and local government, including those located at or serving public airports, in partnership with the Office of the State Fire Marshal (OSFM), shall, no later than July 1, 2022, and annually thereafter, do all of the following:

1. Provide an inventory of all AFFF at each department.
2. Identify all AFFF no longer utilized at each department that should be properly disposed of.
3. Report annually in summary form and within 15 days individually every incident where AFFF were deployed. Both the annual summary report and the individual incident reports shall utilize the online portal created as directed by G.S. 58-82B-10.

The Office of the State Fire Marshal (OSFM) shall do all of the following:

1. Educate and inform every fire department it regulates of the reporting requirements imposed by this Article.
2. Assist the North Carolina Policy Collaboratory at the University of North Carolina at Chapel Hill in the development of an online reporting portal for fire departments operated, regulated, or managed by one or more units of State and local government, including those located at or serving public airports, with the requirements of this Article.
3. Adopt rules to implement the requirements of this Article. OSFM may adopt temporary rules and shall adopt permanent rules no later than July 1, 2022.

The Office of the State Fire Marshal (OSFM) shall report annually to the Environmental Review Commission no later than September 1 of each year on the utilization and inventory of AFFF by fire departments across the State during the previous fiscal year based on the reporting requirements of this Article.

SECTION 8.10.(b) The North Carolina Policy Collaboratory at the University of North Carolina at Chapel Hill (Collaboratory), in partnership with the Office of the State Fire Marshal (OSFM) and any unit of State and local government deemed relevant by the Collaboratory, shall develop and maintain the online reporting portal as required by G.S. 58-82B-10, as enacted by subsection (a) of this section. The portal shall consist of an online reporting tool and related database that captures the storage and deployment of Aqueous Film-Forming Foams (AFFF) by fire departments in the State that are operated, managed, or overseen by units of local government, including those located at or serving public airports. The reporting tool shall be easily accessible to firefighters and fire department personnel to upload the data. The required inventory data shall include, at a minimum, the following:

1. The number of trucks at each department that carry AFFF and the volume, trade name, and Chemical Abstract Service (CAS) number of the AFFF on each truck.
The fire station, including street address, where each truck is located.

The volume, trade name, and CAS number of AFFF stored by each fire department or unit of local government at a station or other location, as well as the address of each location where AFFF are stored.

The volume, trade name, and CAS number of AFFF products that are no longer utilized and could be removed from inventory for disposal.

The volume of AFFF used by each fire department annually, including all of the following:

a. The date, time, and location, including street address and global positioning system (GPS) coordinates, where AFFF was deployed and the trade name and CAS number of the AFFF used.

b. The total volume of AFFF deployed, including gallons of foam and gallons of water and total concentration of foam.

c. The reason for the deployment of AFFF, such as firefighting, fire prevention, other emergency response actions intended to protect property or public safety, training, or an accidental spill.

A photograph of the label and the container of the foam. For the purpose of this subdivision, a photograph includes an electronic image produced by the camera of an electronic device.

Any other data deemed relevant by the Collaboratory to establish a statewide inventory of AFFF used for fighting fires or firefighter training.

OSFM and all units of local government shall provide any information or assistance requested by the Collaboratory to acquire, compile, manage, interpret, and maintain the data required by this section. The tool and database required by this section shall be online and operational no later than June 1, 2022.

RAISE BASE REIMBURSEMENT RATES FOR NC PRE-K CHILD CARE CENTERS

SECTION 9C.3. Of the funds appropriated in this act to the Department of Health and Human Services, Division of Child Development and Early Education, funds shall be allocated to raise the base reimbursement rates for child care centers participating in the North Carolina Prekindergarten (NC Pre-K) program by two percent (2%) over 2020-2021 fiscal year rates for the 2021-2022 fiscal year and by an additional two percent (2%) over the 2021-2022 rates for the 2022-2023 fiscal year. It is the intent of the General Assembly that funds allocated pursuant to this section be used to increase the salaries of teachers working in child care centers as a means to address disparities in teacher salaries among teachers working in child care centers versus those working in public schools or Head Start centers.

CHILD CARE SUBSIDY RATES

SECTION 9C.4.(a) The maximum gross annual income for initial eligibility, adjusted annually, for subsidized child care services shall be determined based on a percentage of the federal poverty level as follows:

<table>
<thead>
<tr>
<th>AGE</th>
<th>INCOME PERCENTAGE LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 5</td>
<td>200%</td>
</tr>
<tr>
<td>6 – 12</td>
<td>133%</td>
</tr>
</tbody>
</table>

The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.

SECTION 9C.4.(b) Fees for families who are required to share in the cost of care are established based on ten percent (10%) of gross family income. When care is received at the blended rate, the copayment shall be eighty-three percent (83%) of the full-time copayment. Copayments for part-time care shall be seventy-five percent (75%) of the full-time copayment.

SECTION 9C.4.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:

1. Religious sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.
2. Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.
3. No payments shall be made for transportation services charged by child care facilities.
4. Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment. This shall not be determined before a family's annual recertification period.
5. The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.
SECTION 9C.4.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:

(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.

(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 9C.4.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 9C.4.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star-rated facilities. For those counties with an inadequate number of four- and five-star-rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star-rated facilities for non-star-rated programs, such as religious programs.

SECTION 9C.4.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 9C.4.(h) Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

SECTION 9C.4.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

(1) The child for whom a child care subsidy is sought is receiving child protective services or foster care services.

(2) The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.

(3) The child for whom a child care subsidy is sought is a citizen of the United States.
SECTION 9C.4.(j) The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

SECTION 9C.4.(k) Department of Defense–certified child care facilities licensed pursuant to G.S. 110-106.2 may participate in the State-subsidized child care program that provides for the purchase of care in child care facilities for minor children in needy families, provided that funds allocated from the State-subsidized child care program to Department of Defense–certified child care facilities shall supplement and not supplant funds allocated in accordance with G.S. 143B-168.15(g). Payment rates and fees for military families who choose Department of Defense–certified child care facilities and who are eligible to receive subsidized child care shall be as set forth in this section.

CHILD CARE ALLOCATION FORMULA

SECTION 9C.5.(a) The Department of Health and Human Services, Division of Child Development and Education (Division), shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

(1) Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than the applicable federal poverty level percentage set forth in Section 9C.4(a) of this act.

(2) The Division may withhold up to two percent (2%) of available funds from the allocation formula for (i) preventing termination of services throughout the fiscal year and (ii) repayment of any federal funds identified by counties as overpayments, including overpayments due to fraud. The Division shall allocate to counties any funds withheld before the end of the fiscal year when the Division determines the funds are not needed for the purposes described in this subdivision. The Division shall submit a report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division, which report shall include each of the following:

a. The amount of funds used for preventing termination of services and the repayment of any federal funds.

b. The date the remaining funds were distributed to counties.

c. As a result of funds withheld under this subdivision and after funds have been distributed, any counties that did not receive at least the amount the counties received the previous year and the amount by which funds were decreased.

The Division shall submit a report in each year of the 2021-2023 fiscal biennium 30 days after the funds withheld pursuant to this subdivision are distributed but no later than April 1 of each respective year.

(3) The Division shall set aside four percent (4%) of child care subsidy allocations for vulnerable populations, which include a child identified as having special needs and a child whose application for assistance indicates that the child and the child’s family is experiencing homelessness or is in a temporary living situation. A child identified by this subdivision shall be given priority for
receiving services until such time as set-aside allocations for vulnerable populations are exhausted.

SECTION 9C.5.(b) The Division may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county. Counties shall manage service levels within the funds allocated to the counties. A county with a spending coefficient over one hundred percent (100%) shall submit a plan to the Division for managing the county's allocation before receiving any reallocated funds.

SECTION 9C.5.(c) When implementing the formula under subsection (a) of this section, the Division shall include the market rate increase in the formula process rather than calculating the increases outside of the formula process. Additionally, the Department shall do the following:

1. Deem a county's initial allocation as the county's expenditure in the previous fiscal year or a prorated share of the county's previous fiscal year expenditures if sufficient funds are not available.
2. Effective immediately following the next new decennial census data release, implement (i) one-third of the change in a county's allocation in the year following the data release, (ii) an additional one-third of the change in a county's allocation beginning two years after the initial change under this subdivision, and (iii) the final one-third change in a county's allocation beginning the following two years thereafter.

SECTION 9C.6.(a) Policies. – The North Carolina Partnership for Children, Inc., and its Board shall ensure policies focus on the North Carolina Partnership for Children, Inc.'s mission of improving child care quality in North Carolina for children from birth to 5 years of age. North Carolina Partnership for Children, Inc., funded activities shall include assisting child care facilities with (i) improving quality, including helping one-, two-, and three-star-rated facilities increase their star ratings, and (ii) implementing prekindergarten programs. State funding for local partnerships shall also be used for evidence-based or evidence-informed programs for children from birth to 5 years of age that do the following:

1. Increase children's literacy.
2. Increase the parents' ability to raise healthy, successful children.
3. Improve children's health.
4. Assist four- and five-star-rated facilities in improving and maintaining quality.

SECTION 9C.6.(b) Administration. – Administrative costs shall be equivalent to, on an average statewide basis for all local partnerships, not more than eight percent (8%) of the total statewide allocation to all local partnerships. For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management. The North Carolina Partnership for Children, Inc., shall continue using a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships are required to participate in the contract management system and, directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

SECTION 9C.6.(c) Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for
Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for
Children, Inc., shall base the schedule on the following criteria:

(1) The population of the area serviced by a local partnership.
(2) The amount of State funds administered.
(3) The amount of total funds administered.
(4) The professional experience of the individual to be compensated.
(5) Any other relevant factors pertaining to salary, as determined by the North
Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State
funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit
a local partnership from using non-State funds to supplement an individual's salary in excess of
the amount set by the salary schedule established under this subsection.

**SECTION 9C.6(d) Match Requirements.** – The North Carolina Partnership for
Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred
percent (100%) of the total amount budgeted for the program in each fiscal year of the 2021-2023
biennium. Of the funds that the North Carolina Partnership for Children, Inc., and the local
partnerships are required to match, contributions of cash shall be equal to at least thirteen percent

match requirement of nineteen percent (19%) for each year of the 2021-2023 fiscal biennium.
The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of
the required match for a fiscal year in order to meet the match requirement of the succeeding
fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match
requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the
match requirement of this subsection. Volunteer services that qualify as professional services
shall be valued at the fair market value of those services. All other volunteer service hours shall
be valued at the statewide average wage rate as calculated from data compiled by the Division of
Employment Security of the Department of Commerce in the Employment and Wages in North
Carolina Annual Report for the most recent period for which data are available. Expenses,
including both those paid by cash and in-kind contributions, incurred by other participating
non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local
partnerships also may be considered resources available to meet the required private match. In
order to qualify to meet the required private match, the expenses shall:

(1) Be verifiable from the contractor's records.
(2) If in-kind, other than volunteer services, be quantifiable in accordance with
generally accepted accounting principles for nonprofit organizations.
(3) Not include expenses funded by State funds.
(4) Be supplemental to and not supplant preexisting resources for related program

the Program's objectives.

(7) Be required and described in the contractual agreements approved by the
North Carolina Partnership for Children, Inc., or the local partnership.
(8) Be reported to the North Carolina Partnership for Children, Inc., or the local
partnership by the contractor in the same manner as reimbursable expenses.

Failure to obtain a nineteen-percent (19%) match by June 30 of each year of the
2021-2023 fiscal biennium shall result in a dollar-for-dollar reduction in the appropriation for the
Program for a subsequent fiscal year. The North Carolina Partnership for Children, Inc., shall be
responsible for compiling information on the private cash and in-kind contributions into a report,
to be included in its annual report as required under G.S. 143B-168.12(d), in a format that allows
verification by the Department of Revenue. The same match requirements shall apply to any

to one percent (1%) of the funds for statewide program management and up to one percent (1%)
of the funds for program evaluation. Funds allocated under this section shall not be subject to

DHB shall set the standards for documentation that shall be required as verification that the provider used the rate increase in the manner required by this section, and LME/MCOs and PHPs shall use these same standards at a minimum. DHB, LME/MCOs, and PHPs may require verifiable methods of accounting, such as payroll-based journals. Providers receiving a rate increase under this section shall keep documentation of the use of that rate increase and make the documentation available upon request by DHB or by the relevant LME/MCO or PHP.

SECTION 9D.15.(d) In addition to other allowable reasons for recoupment of funds, DHB may recoup part or all of the funds related to the rate increase received by a provider pursuant to this section if DHB determines that the provider did not use at least eighty percent (80%) of the funding that results from that rate increase to increase the rate of pay paid to its direct care employees.

SECTION 9D.15.(e) This section is effective when it becomes law.

demonstrate compliance with those requirements, and (iii) the definition of direct care worker to
be applied.

authorize or maintain the same level of services for any specific individual whose services were
paid for with single-stream funding. This subsection shall not be construed to create a private
right of action for any person or entity against the State of North Carolina or the Department of
Health and Human Services or any of its divisions, agents, or contractors and shall not be used
as authority in any contested case brought pursuant to Chapter 108C of the General Statutes or

The Department of Health and Human Services (DHHS) shall continue to implement a two-tiered system of payment for purchasing these local inpatient psychiatric beds or bed days based on acuity level with an enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels, as defined by DHHS. The enhanced rate of payment for inpatient psychiatric beds or bed days for individuals with higher acuity levels shall not exceed the lowest average cost per patient bed day among the State psychiatric hospitals. In addition, at the discretion of the Secretary of Health and Human Services, existing funds allocated to LME/MCOs for community-based mental health, developmental disabilities, and substance abuse services may be used to purchase additional local inpatient psychiatric beds or bed days.

SECTION 9F.4.(b) Distribution and Management of Beds or Bed Days. – DHHS shall work to ensure that any local inpatient psychiatric beds or bed days purchased in accordance with this section are utilized solely for individuals who are medically indigent, except that DHHS may use up to ten percent (10%) of the funds appropriated in this act to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, for the purchase of local inpatient psychiatric beds or bed days to pay for facility-based crisis services and nonhospital detoxification services for individuals in need of these services, regardless of whether the individuals are medically indigent. For the purposes of this subsection, "medically indigent" shall mean uninsured persons who (i) are financially unable to obtain private insurance coverage, as determined by DHHS, and (ii) are not eligible for government-funded health coverage such as Medicare or Medicaid.

DHHS shall work to ensure that these contracts are awarded equitably around all regions of the State. LME/MCOs shall remit claims for payment to DHHS within 15 working days after receipt of a clean claim from the hospital and shall pay the hospital within 30 working days after receipt of payment from DHHS.

**SECTION 9F.4.(d)** Ineffective LME/MCO Management of Beds or Bed Days. – If DHHS determines that (i) an LME/MCO is not effectively managing the beds or bed days for which it has responsibility, as evidenced by beds or bed days in the local hospital not being utilized while demand for services at the State psychiatric hospitals has not decreased, or (ii) the LME/MCO has failed to comply with the prompt payment provisions of this section, DHHS may contract with another LME/MCO to manage the beds or bed days or, notwithstanding any other provision of law to the contrary, may pay the hospital directly.

**SECTION 9F.4.(e)** Reporting by LME/MCOs. – LME/MCOs shall be required to report to DHHS regarding the utilization of these beds or bed days.

An explanation of the process used by DHHS to ensure that, except as otherwise provided in subsection (a) of this section, local inpatient psychiatric beds or bed days purchased in accordance with this section are utilized solely for individuals who are medically indigent, along with the number of medically indigent individuals served by the purchase of these beds or bed days.
3. The amount of funds used to pay for facility-based crisis services, along with the number of individuals who received these services and the outcomes for each individual.

GROUP HOME STABILIZATION AND TRANSITION INITIATIVE

SECTION 9F.14.(a) Of the funds appropriated to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, the sum of fifteen million dollars ($15,000,000) in recurring funds for each year of the 2021-2023 fiscal biennium shall be used for the following purposes only:

(1) Incentivizing local management entities/managed care organizations (LME/MCOs) to develop and implement new “in-lieu-of” services, or other Medicaid-funded services, to support the residential needs of Medicaid recipients living in licensed, community-based group homes.

(2) Establishing new rate models and rate methodologies to replace the currently inadequate and insufficient State-funded rates supporting residents of licensed, community-based group homes. DHHS shall identify any vacant beds and eligible individuals to fill those beds under the new rate models and rate methodologies and assist with the orderly transition of the eligible individuals into the vacant beds.

(3) Increasing the existing per member per month payments to LME/MCOs to quickly enable and facilitate the transition to a more appropriate and sustainable service-funding model for licensed, community-based group homes by July 1, 2022. Funds expended under this subdivision shall be allocated in per person amounts, to be determined by DHHS, to individuals with intellectual or other developmental disabilities who received State funding prior to July 1, 2022, and who reside in licensed, community-based group homes for eligible individuals with intellectual and other developmental disabilities.

(4) Continuing the existing rate structure at the per person amounts for the 2021-2023 biennium to offset the loss of bridge funds and maintain the current financial conditions of licensed, community-based group homes that serve children or adults whose primary diagnosis is mental illness or an intellectual or developmental disability.

Group homes with only residents who are supported by the North Carolina Innovations Waiver are not eligible to receive any funding under this subsection.

SECTION 9F.14.(b) DHHS shall develop a more appropriate and sustainable service model for residents of licensed, community-based group homes. In developing this service model, DHHS shall do all of the following:

(1) In cooperation with stakeholders and LME/MCOs, develop actuarially sound, needs-based rate models and rate methodologies for new "in-lieu-of" services, or other Medicaid-funded services, that will be specific to the residential support services needed in group homes serving Medicaid recipients with intellectual or other developmental disabilities and to residential support services needed in group homes serving Medicaid recipients with a primary diagnosis of mental illness. The rate methodologies shall be comparable to, or a percentage of, existing rates for similar services currently provided through the North Carolina Innovations Waiver. The new rate structures shall include
wage and hour increases for direct support personnel working in these group homes.

(2) In cooperation with stakeholders and LME/MCOs, develop new model service definitions specific to the residential support services needed by Medicaid recipients with mental health needs living in licensed, community-based group homes. The new service definitions shall require the delivery of new habilitation or rehabilitation support services in the residential setting.

(3) Develop a process whereby all, or a portion of, the State funds used to support Medicaid recipients with mental illness or intellectual or other developmental disabilities living in licensed, community-based group homes prior to the implementation of the new rate structure are used for the new "in-lieu-of" services or other Medicaid services developed pursuant to this subsection. The policy shall ensure an orderly home-by-home transition process. The policy shall ensure that residents who are found to be ineligible for Medicaid services or who do not meet medical necessity criteria for the new "in-lieu-of" services, or other Medicaid-funded services, shall continue to be served using State funds at a need-based rate comparable to the North Carolina Innovations Waiver rate. No resident shall be displaced as a result of being found ineligible for Medicaid services after the implementation of the new "in-lieu-of" services or other Medicaid-funded services. DHHS may use a regional phased-in approach to achieve the goals set forth in this subdivision.

(4) Include a plan to direct LME/MCOs to (i) implement "in-lieu-of" services or other Medicaid-funded services for all eligible residents with mental illness or intellectual or other developmental disabilities living in licensed, community-based group homes receiving State funds and (ii) transition eligible residents to these more sustainable and appropriate Medicaid services.

(5) No later than March 1, 2022, report to the Joint Legislative Oversight Committee on Health and Human Services and the Joint Legislative Oversight Committee on Medicaid and NC Health Choice on the service model for residents of licensed, community-based group homes that has been developed.

**SECTION 9F.15.** Of the funds appropriated in this act from the State Fiscal Recovery Fund to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS), the sum of twenty-five million dollars ($25,000,000) in nonrecurring funds for the 2021-2022 fiscal year is to be allocated, in a manner determined by DMH/DD/SAS, to Forsyth and Mecklenburg Counties to be used for each county's crisis behavioral health program partnership with the applicable county's local hospital system, local behavioral health crisis centers, local emergency services providers, and the local management entities/managed care organizations (LME/MCOs) serving the county. These crisis behavioral health programs shall continue to aid in assisting individuals who are experiencing a behavioral health crisis by diverting the individuals from the local crisis centers.

GENERAL PROVISIONS

SECTION 9L.1.(b) Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

1. A delineation of the proposed allocations by program or activity, including State and federal match requirements.

2. A delineation of the proposed State and local administrative expenditures.

3. An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.

4. A comparison of the proposed allocations by program or activity with two prior years’ program and activity budgets and two prior years’ actual program or activity expenditures.

5. A projection of current year expenditures by program or activity.

6. A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.

7. The required amount of maintenance of effort and the amount of funds qualifying for maintenance of effort in the previous year delineated by program or activity.

SECTION 9L.1.(c) Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this act, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this act.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this act, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2021-2022 and 2022-2023, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used only for the North Carolina Child Care Subsidy program to pay for child care in four- or five-star rated facilities for 4 year old children and shall not be used to supplant State funds.
Prior to allocating the change in federal fund availability, the proposed allocation must be approved by the Office of State Budget and Management. If the Department adjusts the allocation of any Block Grant due to changes in federal fund availability, then a report shall be made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division.

SECTION 9L.1.(d) Except as otherwise provided, appropriations from federal Block Grant funds are made for each year of the fiscal biennium ending June 30, 2023, according to the schedule enacted for State fiscal years 2021-2022 and 2022-2023 or until a new schedule is enacted by the General Assembly.

SECTION 9L.1.(e) All changes to the budgeted allocations to the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services that are not specifically addressed in this section shall be approved by the Office of State Budget and Management. The Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this section. Additionally, if budgeted allocations are decreased, the Office of State Budget and Management shall not approve any reduction of funds designated for subrecipients in subsection (a) of this section under (i) Item 03 of the Substance Abuse Prevention and Treatment Block Grant or (ii) Item 01 of the Maternal and Child Health Block Grant. The Office of State Budget and Management shall consult with the Joint Legislative Oversight Committee on Health and Human Services for review prior to implementing any changes. In consulting, the report shall include an itemized listing of affected programs, including associated changes in budgeted allocations. All changes to the budgeted allocations to the Block Grants shall be reported immediately to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by legislative salary increases and benefit adjustments.

SECTION 9L.1.(f) Except as otherwise provided, the Department of Health and Human Services shall have flexibility to transfer funding between the Temporary Assistance for Needy Families (TANF) Block Grant and the TANF Emergency Contingency Funds Block Grant so long as the total allocation for the line items within those Block Grants remains the same.

MEAT AND SEAFOOD PROCESSING GRANTS

SECTION 10.7.(a) Findings. – The General Assembly finds that the COVID-19 pandemic of 2020-2021 resulted in serious and substantial impacts on the food supply chain and revealed bottlenecks and lack of capacity among the small and independent meat processors who serve small livestock producers. These bottlenecks and lack of capacity have a substantial negative impact on the ability of these small livestock producers to have their livestock slaughtered and processed. In addition, seafood processors lack capacity to meet increased and altered consumer demand for seafood products due to supply chain disruptions and other long-term changes in the market for seafood and seafood products. The General Assembly further finds that financial assistance to these processors for expansion, facility improvements, and workforce development is necessary to reduce disruptions in the supply chain for fresh meat and seafood and to help small producers get their products to market.

SECTION 10.7.(b) Use of Funds and Limitation. – The funds appropriated in this act from the State Fiscal Recovery Fund to the Department of Agriculture and Consumer Services for grants to meat and seafood processors shall be used to provide grants as specified in this section to reduce or prevent impacts on the supply chain for fresh meat in the State and to improve the resiliency of the fresh meat and seafood supply chain to future disruptions. The following limitations and reservations apply:

(1) No more than thirty-five percent (35%) of the funds allocated in this section may be used for grants to seafood processors.

(2) No more than two million dollars ($2,000,000) of the funds allocated in this section may be used to supplement grants previously awarded to reflect construction cost inflation.

SECTION 10.7.(c) Grant Types and Criteria. – The Department shall develop policies and procedures for the disbursement of the grants authorized by this section that include, at a minimum, the following:

(1) The Department may provide three categories of grants:

a. Capacity enhancement grant. – This grant is available to an eligible meat or seafood processing facility that is experiencing slowdowns in production or has limited capacity to accommodate increased demand for meat or seafood processing. A capacity enhancement grant may be used for expansion of an existing eligible facility and for fixtures or equipment at an existing eligible facility that will expand animal throughput, processing capacity, the amount or type of products produced, or processing speed. A grant under this sub-subdivision may not exceed five hundred thousand dollars ($500,000).
b. Workforce development grant. – This grant is available to an eligible meat or seafood processing facility that is experiencing slowdowns in production or has limited capacity to accommodate increased demand for meat or seafood processing due to workforce limitations or reductions due to a pandemic or other natural disaster. A workforce development grant may be used for educational and workforce training provided either by the facility or by an accredited institution of higher education. A grant under this sub-subdivision may not exceed one hundred thousand dollars ($100,000).

c. Planning grant. – This grant is available to a nonprofit entity or institution of higher education to complete feasibility or siting studies for a new eligible meat processing facility. No more than five percent (5%) of funds allocated by this section may be used for grants under this sub-subdivision.

(2) Eligible facility. – For purposes of this section, an eligible meat or seafood processing facility is a food processing facility that meets both of the following requirements:
   a. The plant contracts with independent livestock producers or seafood harvesters to process animals or seafood.
   b. The United States Department of Agriculture (USDA) contracts with Department inspectors to conduct federal inspection activities authorized by the Talmadge-Aiken Act of 1962 (7 U.S.C. § 1633) at the plant, the plant is otherwise regulated by the USDA or the United States Food and Drug Administration, or the plant is a State-inspected facility.

(3) Prioritization. – The Department may prioritize projects that will create additional jobs.

(4) Cost-sharing. – Recipients shall provide matching funds for a grant under this section in the amount of one dollar ($1.00) from nongrant sources for every two dollars ($2.00) provided by the grant.

(5) Clawback. – If fixtures or equipment purchased with grant funds provided under this Article are disposed of during a period of time as the Department shall specify following the date the fixtures or equipment funded by this act are placed in service, the grant recipient shall repay to the Department a proportionate share of the grant funding received as the Department shall specify. As used in this subdivision, the term "disposed of" means disposed of, taken out of service, or moved out of State.

SWINE AND DAIRY ASSISTANCE PROGRAM

SECTION 10.8.(a) The General Assembly makes the following findings:

(1) The impact of COVID-19 on the global supply chain has been widespread across industries, especially within our country's food supply chain.

(2) Due to COVID-19, at least two swine integrators ended operations resulting in the loss of contracts and income for many family farmers. Dairy producers and processors in the State lost more than half of their market with COVID-19 related shutdowns of the school systems and food service industries, and these markets may never fully recover.

(3) Significant numbers of swine farms have lost contracts, and dairies have been forced out of business due to the COVID-19 pandemic.
(4) The continuous and future pressures on the food supply chain will remain an
issue for North Carolina's number one industry, agriculture, as a result of
COVID-19.

(5) The most effective program for administration of financial assistance to the
swine and dairy industries is a three-fold approach based on verifiable
documentation from producers as specified in this section.

SECTION 10.8.(b) Allocation of Funds. – The funds appropriated in this act from
the State Fiscal Recovery Fund to the Department of Agriculture and Consumer Services for
emergency support of swine and dairy producers shall be allocated by the Department to provide
financial assistance as specified in subsection (e) of this section to compensate eligible swine and
dairy producers for losses incurred as a result of termination of contracts or ceased production
due to the COVID-19 pandemic. These funds may only be used for purposes consistent with the
rules implementing the Coronavirus State Fiscal Recovery Fund established under the American
Rescue Plan Act.

SECTION 10.8.(c) Definitions. – The following definitions shall apply in this
section:

(1) Dairy producer. – A Grade A milk producer who can demonstrate to the
satisfaction of the Department that the producer is or was in compliance with
federal Grade A milk regulations during the time period specified in
sub-subdivision (2)a. of subsection (d) of this section.

(2) Department. – The Department of Agriculture and Consumer Services.

(3) Swine integrator. – A person, other than a grower, who provides 250 or more
animals to a swine farm and who either has an ownership interest in the
animals or otherwise establishes management and production standards for
the permit holder for the maintenance, care, and raising of the animals. An
ownership interest includes a right or option to purchase the animals.

(4) Swine producer. – A person who holds or held a permit for an animal waste
management system under Part 1A of Article 21 of Chapter 143 of the General
Statutes during the time period specified in sub-subdivision (1)a. of subsection
(d) of this section.

SECTION 10.8.(d) Eligibility Requirements. – A swine or dairy producer must
provide to the Department the following information in order to demonstrate the producer's
eligibility for financial assistance pursuant to this section:

(1) For swine producers, all of the following:
   a. A contract termination letter from a swine integrator or other
documentation of contract termination between March 1, 2020, and
   June 30, 2022.
   b. Proof that the swine operation is permitted by the State.
   c. Any other information deemed appropriate by the Department.

(2) For dairy producers, all of the following:
   a. Milk production records, showing ceased production during any time
between March 1, 2020, and June 30, 2022.
   b. Proof that the dairy operation was permitted as a Grade A milk
producer by the Food and Drug Protection Division of the Department
during the time that production was ceased as documented under
sub-subdivision a. of this subdivision.
   c. Any other information deemed appropriate by the Department.

SECTION 10.8.(e) Financial Assistance Procedures. – The Department shall award
financial assistance based on the following procedures:

(1) The Department shall award a one-time financial assistance relief payment of
thirty-one thousand five hundred dollars ($31,500) to each eligible applicant.
(2) In addition to the financial assistance awarded under subdivision (1) of this subsection, the Department shall award either, but not both, of the following to a qualifying eligible applicant:

a. Financial assistance to be administered as follows:
   1. A cost share for closure of swine lagoons for swine operations that will not secure a contract with another swine integrator and will cease swine production, or for closure of dairy waste structures associated with dairy operations that will cease milk production. These cost shares shall be limited to ninety percent (90%) of the lagoon closure cost, not to exceed one hundred thousand dollars ($100,000) per operation.
   2. If an applicant who receives a cost share pursuant to this sub-subdivision demonstrates a need for additional water supply for agricultural uses, then the applicant may request an additional cost share to convert the decommissioned lagoon to an agricultural water supply pond. These cost shares shall be limited to ninety percent (90%) of the actual cost, not to exceed thirty thousand dollars ($30,000) per operation.

b. Financial assistance to swine producers for a fixed dollar amount per head space for producers who are able to secure a production contract with another swine integrator but must invest in upgrades to existing barns or completely rebuild animal housing. The maximum award under this sub-subdivision for renovations shall be ten dollars ($10.00) per head space for renovation to animal housing or twenty dollars ($20.00) per head space for rebuilt animal housing, but no award under this sub-subdivision may exceed ninety percent (90%) of the actual cost of the renovation or construction. A swine producer shall produce documentation of a new contract or letter of intent with a swine integrator to establish eligibility for this financial assistance.

c. The financial assistance provided under sub-subdivision b. of this subdivision is available to the purchaser of a swine operation, provided that the seller otherwise meets the eligibility requirements of this section on the date of the sale.

(3) In determining the amount of financial assistance awarded to applicants pursuant to this section and in reviewing and approving funded activities, the Department shall comply with applicable federal rules and guidance governing the State Fiscal Recovery Fund. (e) Unless the local government requests the permit condition in its permit application, the Environmental Management Commission may not require as a condition of an NPDES stormwater permit issued pursuant to G.S. 143-214.7 that a city implement the measure required by 40 Code of Federal Regulations § 122.34(b)(3)(1 July 2003 Edition) in its extraterritorial jurisdiction."

Provided, however, ordinances and regulations adopted hereunder shall be subject to the same limitations set forth in G.S. 160D-925. Within 90 days after the Commission receives a complete application, the Commission shall review the application and notify the local government whether the application has been approved, approved with modifications, or disapproved. (2) All criminal defendants have the right to court proceedings free from unreasonable delay, a right that is jeopardized when a district court case backlog exists.
(3) The North Carolina court system is bifurcated into the district and superior courts, and due to this bifurcation, the district courts function essentially as a preliminary proceeding that assures that the prosecution of a criminal defendant proceeds without the unreasonable delay that would be unavoidable if the district courts did not exist.
(4) The bifurcation of the North Carolina court system provides a criminal defendant with the unique opportunity to a "second bite of the apple" in the defendant's case.
(5) In superior court a defendant may exercise the defendant's right to a trial by jury, along with other rights, the exercise of which is unavailable in district court.
(6) The legal protections from being placed twice in jeopardy for the same conduct preclude the State from appealing an unfavorable outcome at trial in district court.
(7) A criminal defendant in a case before the district court may request, prior to trial, to have the case transferred to the superior court and may appeal to the superior court for a trial de novo following a final disposition in district court, retaining all rights that had previously been afforded the criminal defendant in district court.
(8) Though preliminary in nature, a district court can issue a final and binding disposition in a case before it.
In a criminal proceeding in district court, the finder of fact is the district court judge presiding over the proceeding, who is legally trained to weigh the credibility, relevance, and veracity of evidence, including witness testimony.

Simultaneous, two-way audio and video remote testimony in real time using state of the art technology allows a defendant to observe and cross-examine a witness, a district court judge to observe and question a witness to weigh the credibility and veracity of the witness's testimony, and a witness to observe a defendant against whom the witness is testifying.

In any court proceeding is one who, being duly sworn or affirmed, testifies as to the witness's knowledge of specific facts relevant to the case for which the witness testifies.

A forensic or chemical analyst, and each person in the chain of custody of evidence produced by the analyst, does not play a role in initiating a criminal charge against a criminal defendant or in deciding whether or not to prosecute a criminal defendant.

The testimony of a forensic or chemical analyst is based upon objective, scientifically based testing that allows the analyst to reach dispassionate conclusions that may be presumed reliable and trustworthy.

In order to safeguard a criminal defendant's right to proceedings free from unreasonable delay, it is reasonable and prudent to allow forensic and chemical analysts, and each person in the chain of custody of evidence produced by the analysts, to provide real-time, remote, two-way audio and video testimony before the district courts of this State using state of the art technology and equipment that enable the criminal defendant, the judge, and the attorneys in the case to observe the demeanor of the forensic analyst throughout the direct examination and cross-examination of the forensic analyst and that enable the forensic analyst to likewise observe the demeanor of the criminal defendant.

SECTION 16.17 (b) G.S. 8-58.20 reads as rewritten:

"§ 8-58.20. Forensic analysis admissible as evidence.

(a) In any criminal prosecution, a laboratory report of a written forensic analysis, including an analysis of the defendant's DNA, or a forensic sample alleged to be the defendant's DNA, as that term is defined in G.S. 15A-266.2(2), that states the results of the analysis and that is signed and sworn to by the person performing the analysis may be admissible in evidence without the testimony of the analyst who prepared the report in accordance with the requirements of this section.

... Procedure for Establishing Chain of Custody of Evidence Subject to Forensic Analysis Without Calling Unnecessary Witnesses.

Nothing in this subsection precludes the right of any party to call any witness or witness, except an analyst regarding the results of forensic testing and the testimony of each person in the associated chain of custody made available via remote testimony in real time in district court pursuant to G.S. 15A-1225.3. (c) Testimony. – The method used for remote testimony authorized by this section shall allow the trier of fact and all parties to observe the demeanor of the analyst and remote witness as the analyst testsifies in a similar manner as if the analyst were testifying in the location where the hearing or trial is being conducted. The court shall ensure that the defendant's attorney,

**REQUEST FOR PROPOSALS FOR STATEWIDE DOMESTIC VIOLENCE VICTIM NOTIFICATION PROGRAM**

**SECTION 16.19.(a)** Findings. – The General Assembly finds that the criminal justice system faces many challenges, including high recidivism rates, increases in domestic violence, escalated alcohol and drug offenses, overcrowding in prisons, backlogs of court cases, and overall reduced public safety. It further finds that alcohol consumption, especially excessive drinking, is a major contributor to the occurrence of domestic violence and increases the risk for other violent offenses. It is the intent of the General Assembly that in order to combat these unprecedented challenges, the Administrative Office of the Courts must have access to new innovative technology, such as global positioning system (GPS) electronic monitoring.

In accordance with the provisions of subsections (c) and (d) of Section 4.2C of Session Law 2020-80, the Program provider shall also operate a 24-hour in-State call monitoring center and shall offer victims access to a tangible GPS notification device that provides victims instantaneous notification if the defendant or offender is within close proximity. The device shall have the ability to automatically switch cellular networks, thus ensuring the device is not dependent upon one particular cellular network provider. The Program shall also be accessible and available for other specialty courts in the State.

**SECTION 16.19.(d)** Administrative. – Of the funds allocated to the Administrative Office of the Courts in this act in the 2021-2022 fiscal year to be used for the Program, the Administrative Office of the Courts may retain up to two hundred thousand dollars ($200,000)
for administrative costs associated with the implementation of the Program. For the 2022-2023 fiscal year and subsequent fiscal years, the Administrative Office of the Courts may retain up to two percent (2%) annually for administrative costs associated with the Program.

**SECTION 16.19.(e) Report.** – Beginning on October 1, 2022, and annually thereafter, the Administrative Office of the Courts shall report to the chairs of the Joint Legislative Oversight Committee on Justice and Public Safety on the results of the Program. PART XXXVIII. INFORMATION TECHNOLOGY

DIT/GREAT ACT CHANGES

SECTION 38.1. G.S. 143B-1373 reads as rewritten:

"§ 143B-1373. Growing Rural Economies with Access to Technology (GREAT) program.
(a) As used in this section, the following definitions apply:

(5) Eligible economically distressed county—area. – A county designated as a development tier one or tier two area, as defined in G.S. 143B-473.08, G.S. 143B-437.08, or a rural census tract, as defined in G.S. 143B-472.127(a)(2), located in any other county.

(6) Eligible project. – An eligible project is a discrete and specific project located in an unserved economically distressed area of an economically distressed county—seeking to provide broadband service to homes, businesses, and community anchor points not currently served. Eligible projects do not include middle mile, backhaul, and other similar projects not directed at broadband service to end users. If a contiguous project area crosses from one eligible county into one or more eligible adjacent counties, for the purposes of this section, the project shall be deemed to be located in the county where the
greatest number of unserved households are proposed to be served. To qualify for an award under this section, no more than an incidental number of households or businesses, not to exceed ten percent (10%) of the total households or businesses within the boundaries of the project area submitted by the applicant, may have terrestrially deployed Internet access service with transmission speeds greater than 10 Mbps download and 1 Mbps upload.

... (14) Unserved area. – A designated geographic area that is presently without access to broadband service, as defined in this section, offered by a wireline or fixed wireless provider. Areas where a private provider has been designated to receive funds through other State–or federally funded programs designed specifically for broadband deployment shall be considered served if such funding is intended to result in construction of broadband in the area within 18 months or for the duration of the federal funding program for that area, or if the funding recipient is otherwise in good standing with the funding agency’s regulations governing the funding program.

... (c) Project areas comprised of census blocks, or portions thereof, within which a broadband provider is receiving matching funds to deploy broadband service within the next 18 months are ineligible for the GREAT program. It is essential for the Office to know the location of census blocks, or portions thereof, comprising these areas so it can determine project eligibility. A private provider receiving Universal Service or Connect America Phase II, or nonfederal State or federal funds to deploy broadband service in unserved areas may qualify such area for protection by submitting within 60 days of the application period a listing of the census blocks, or portions thereof, comprising the State–or federally funded project areas meeting this requirement and nothing more to in a manner prescribed by the Office. In future program years, the cutoff date for submitting this census block data shall be established by the Office, but shall be not less than 60 days prior to the beginning date of the application period. This will enable the office to update maps and advise applicants as to the unserved areas of the State that are eligible for consideration in that program year. The Office shall only utilize this data to update maps of census blocks to reflect these census blocks, or portions thereof, as being served. Failure on the part of a provider to submit the listing of census blocks by the cutoff date shall result in those areas being eligible for inclusion under this program during the upcoming subsequent program year–years. The Office shall use the census block data provided only for mapping of unserved areas. Upon expiration of the 18–month reservation period described in this subsection, a project area shall remain protected for a period of 18 months from the submission of the listing information required under this subsection; provided, however, a private provider that has received a reservation of census blocks protection for a project area shall submit written documentation by April 30 of the year following the program year that broadband deployment has begun or been completed, or is otherwise in good standing, in the census blocks, or portions thereof, that have been deemed ineligible by the Office due to the existence of a federally funded project area under this subsection. Upon submission of documentation satisfactory to the Office, a protected project area shall remain protected until project completion. A project area where a private provider has forfeited or otherwise defaulted on an agreement in connection with receipt of funds to deploy broadband service shall be eligible for inclusion in this program in subsequent program years. Information provided to the Office pursuant to this subsection is not a public record, as that term is defined in G.S. 132-1.

... (d1) An application submitted pursuant to this section shall include a project area map that provides location-specific data in a format required by the Office. A provider submitting an application pursuant to this section shall bear the burden of proof that the proposed area to be
served can, in fact, be served using the proposed technology. The burden of proof may be satisfied by the submission of data, maps, and any other information satisfactory to the Office, demonstrating that the area and number of prospective broadband recipients proposed to be served can be provided the minimum upload and download speeds indicated in the application.

(e) Applications shall be made publicly available by posting on the Web site of the Department of Information Technology for a period of at least 30-20 days prior to award. During the 30-20 day period, any interested party may submit comments to the Secretary concerning any pending application. A broadband service provider of broadband services currently providing broadband service in a project area proposed in an application may submit a protest of any application on the grounds the proposed project covers an area that is not an eligible protected area under subsection (c) of this section, or that the proposed project area contains ten percent (10%) or more of total households with access to broadband service as defined in this section. Protests shall be submitted in writing, accompanied by all credible and relevant supporting documentation, and—excluding specific addresses and detailed mapping demonstrating that the protesting broadband provider has installed infrastructure sufficient to provide broadband service to the specific addresses provided in the protest, along with an attestation that broadband service is available in the public right-of-way at the specific addresses indicated. The protest shall be considered by the Office in connection with the review of the application. Upon submission of evidence satisfactory to the Office that the proposed project area includes a protected area or prospective broadband recipients that are presently served, as measured using a methodology satisfactory to the Office, the Office may work with an applicant to amend an application to reduce the number of unserved prospective broadband recipients in the project area to reflect an accurate level of current broadband service. The Office may revise application scores in accordance with amended applications; however, the Office may reject any amended application resulting in a lower application score to the extent that the lower score would have impacted the ranking of the application in the initial scoring process. For applications with filed protests, the Secretary shall issue a written decision to the protesting party at least 15 days prior to the approval of that application. Following a protest that is granted for a portion of the application, the Office may release to an applicant the locations or areas declared ineligible. The information released to the applicant is not a public record, as that term is defined under G.S. 132-1, and shall remain confidential. Any provider submitting a protest shall verify that the information in the protest is accurate and that the protest is submitted in good faith. The Office may deny any protest or application that contains inaccurate information.

As a means of resolving a protest, the Office may utilize speed tests to determine if the protested area or individual households or businesses currently have access to broadband service as defined in this section. The Department shall publish the speed test methodology it uses to assess speed levels pursuant to this section. All decisions regarding the speed test to be utilized and the manner by which the speed tests are applied shall be made by the Secretary or the Secretary's designee.

Applications shall be scored based upon a system that awards a single point for criteria considered to be the minimum level for the provision of broadband service with additional points awarded to criteria that exceed minimum levels. The Office shall score project applications in accordance with the following:

(1) Partnership. – Projects involving proposing a partnership shall be given points in their application score. A proposed partnership shall (i) be in writing, (ii) provide the specific terms and conditions of the partnership, and (iii) be signed and attested to by the parties. A county or nonprofit may enter into proposed agreements with more than one applicant. For the purposes of scoring under this subdivision, a county that provides a portion of the match required by this section or that has entered into an agreement with the applicant to one point
shall be given for a proposed partnership that will make available its existing infrastructure that has been installed for the county’s partner’s enterprise, nonconsumer broadband purposes, or any other property, buildings, or structures owned by the county, partner, for a proposed project under this section shall be considered a partnership. A county may provide a portion of the or nonprofit entity that proposes to provide a financial match required by this section pursuant to G.S. 153A.349.60. Projects involving partnerships shall be given six points in their application score shall be given one point. Notwithstanding Article 8 of Chapter 143 of the General Statutes, or any provision of law to the contrary, a county may use unrestricted general funds or federal funding allocated to it for the purpose of improving broadband infrastructure for a financial match. Funds received from the federal American Rescue Plan Act (P.L. 117-2) may not be used for the purposes of this subdivision. Nothing in this subdivision shall be deemed to authorize a county to provide broadband service.

…

(5) Cost per household or business. – The Office shall give additional points to projects that minimize the infrastructure cost of the proposed project per household or business, based upon information available to the Office. Points shall be given to projects based upon the estimated cost per household or business as follows:

a. For projects proposed in the Piedmont or Coastal Plain Regions:

<table>
<thead>
<tr>
<th>Est. Cost per Household/Business</th>

(6) Base speed multiplier. – Projects that will provide minimum download and minimum upload speeds shall have the aggregate points given under subdivisions (1) through (5) of this subsection multiplied by a factor at the level indicated in the table below:

Applicants awarded grants pursuant to this section shall enter into an agreement with the Office. The agreement shall contain all of the elements outlined in subsection (d) of this section and any other provisions the Office may require. The agreement shall contain a provision governing the time line and minimum requirements and thresholds for disbursement of grant funds measured by the progress of the project. For projects where the application includes a proposed partnership, the agreement shall contain a provision requiring a certification of the existence of the partnership prior to disbursement of grant funds. Grant funds shall be disbursed only upon verification by the Office that the terms of the agreement have been fulfilled according to the progress milestones contained in the agreement. At project completion, the grant recipient shall certify and provide to the Office evidence consistent with Federal Communications Commission attestation that either speeds greater than those identified in the application guidelines or the proposed upstream and downstream broadband speeds identified in the application guidelines, and for which a base speed multiplier was awarded pursuant to subdivision (6) of subsection (g) of this section, are available throughout the project area prior to any end user connections. A single grant award shall not exceed two million dollars ($2,000,000). No more than one grant may be awarded per fiscal year for a project in any one eligible economically distressed county, except that if ($4,000,000). No combination of grant awards under this section involving any single county may exceed eight million dollars ($8,000,000) in a fiscal year. If funds remain available after all top scoring projects have been awarded a grant, then the next highest scoring projects may be awarded a grant even if the project is located in a county where a grant has been awarded in that fiscal year provided the total award associated with that county does not exceed two million dollars ($2,000,000) in that fiscal year.

No more than one-half of the funds appropriated to the fund established in subsection (b) of this section shall be disbursed for eligible projects located in a development tier two or tier three county. If the Office has not received enough grant applications for projects located in a development tier one county to disburse one-half of the funds appropriated to the fund established in subsection (b) of this section as of March 1 of each year, then the Office may allocate any unencumbered funds in the fund for eligible projects located in a development tier two or tier three county.

Any project that is applied for and not funded in an award round under this section shall be eligible for funding under the Completing Access to Broadband program pursuant to G.S. 143B-1373.1.

(j) Grant recipients are required to provide matching funds based upon the application scoring pursuant to this section in the following minimum amounts:

<table>
<thead>
<tr>
<th>Score</th>
<th>Matching Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>12.0 points or less</td>
<td>55%</td>
</tr>
<tr>
<td>Greater than 12.0 points, but less than 17.5 points</td>
<td>50%</td>
</tr>
<tr>
<td>17.5 points, up to 22.0 points</td>
<td>45%</td>
</tr>
<tr>
<td>Greater than 22.0 points</td>
<td>35%</td>
</tr>
</tbody>
</table>

Up to fifty percent (50%) of matching funds paid by the grant recipient may be comprised of third-party funding including funds from other grant programs. Funds from the Universal Service Fund shall not be used for any portion of the required matching funds. Any other current or future federal funds may be used, including any future phase of the Connect America Fund, for the required matching funds within the parameters of this program.

(p) The Department may use up to one percent (1.0%) of the State funds appropriated each fiscal year to administer the GREAT program established under this section.

INTERNAL SERVICE FUND RATE SUBMISSION

SECTION 38.2. G.S. 143B-1333 reads as rewritten:
"§ 143B-1333. Internal Service Fund.

(a) The Internal Service Fund is established within the Department as a fund to provide goods and services to State agencies on a cost-recovery basis. The Department shall establish fees for subscriptions and chargebacks for consumption-based services. The Information Technology Strategic Sourcing Office shall be funded through a combination of administrative fees as part of the IT Supplemental Staffing contract, as well as fees charged to agencies using their services. The State CIO shall establish and annually update consistent, fully transparent, easily understandable fees and rates that reflect industry standards for any good or service for which an agency is charged. These fees and rates shall be prepared by October 1 and shall be approved by the Office of State Budget and Management, and submitted by the Department to the Office of State Budget and Management and Fiscal Research Division on the date agreed upon by the State Budget Director and the Department's Chief Financial Officer. The rates shall be approved by the Office of State Budget and Management. The Office of State Budget and Management shall ensure that State agencies have the opportunity to adjust their budgets based on any rate or fee changes prior to submission of those budget recommendations to the General Assembly. The approved Information Technology Internal Service Fund budget and associated rates shall be included in the Governor's budget recommendations to the General Assembly.

(b) Repealed by Session Laws 2016-94, s. 7.4(d), effective July 1, 2016.

(c) Receipts shall be used solely for the purpose for which they were collected. In coordination with the Office of the State Controller and the Office of State Budget and Management, the State CIO shall ensure processes are established to manage federal receipts, maximize those receipts, and ensure that federal receipts are correctly utilized."

SECTION 38.3. (a) The Department of Information Technology shall develop a plan for its use of funds received for cybersecurity purposes. In developing the cybersecurity plan, the Department shall include the following:

(1) A summary of all cybersecurity funds received and how those funds have been and will be utilized.

(2) The scope of activities and services planned to (i) prevent cybersecurity incidents and significant cybersecurity incidents in the State and (ii) mitigate and address cybersecurity incidents and significant cybersecurity incidents that have occurred.

(3) Potential funding, partnerships, and other resources available to the Department to assist in its role of preventing, mitigating, and addressing cybersecurity issues in the State.

SECTION 38.3. (b) The Department shall submit the cybersecurity plan outlined in this section to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division on or before October 1, 2021.

STATE RECOVERY FUNDS/BROADBAND GRANTS

SECTION 38.4. (a) Of the funds appropriated in this act from the State Fiscal Recovery Fund to the Department of Information Technology for broadband infrastructure grants, and in accordance with applicable federal guidelines, the Department of Information Technology shall administer broadband infrastructure grants through the Growing Rural Economies with Access to Technology (G.R.E.A.T.) grant program. Grant applications shall be submitted and grant funds shall be awarded pursuant to G.S. 143B-1373, with the exception of the following:

(1) The definition of "eligible economically distressed county" in G.S. 143B-1373(a) shall mean a county designated as a development tier one or tier two area, as defined in G.S. 143B-437.08, or a rural census tract, as
defined in G.S. 143B-472.127(a)(2), located in any other county. For the purposes of this subdivision, the tier designation that is in effect as of the beginning of a fiscal year shall be applied for all grants awarded for that fiscal year. With the exception of funds expended under this section or under G.S. 143B-1373.1, as enacted by Section 38.6(a) of this act, a county that has utilized federal funding for broadband infrastructure on or after May 1, 2021, shall be ineligible.

(2) The definition of "eligible project" in G.S. 143B-1373(a) shall be a discrete and specific project located in an unserved economically distressed area seeking to provide broadband service to homes, businesses, and community anchor points not currently served. Eligible projects do not include middle mile, backhaul, and other similar projects not directed at broadband service-to-end users. If a contiguous project area crosses from one eligible county into one or more eligible adjacent counties, for the purposes of this section, the project shall be deemed to be located in the county where the greatest number of unserved households are proposed to be served.

(3) The financial contribution restrictions for partnerships in G.S. 143B-1373(a)(11a) are removed.

(4) The definition of "unserved area" in G.S. 143B-1373(a) shall be a designated geographic area that is presently without access to broadband service, as defined in G.S. 143B-1373(a), or where internet access service does not meet the definition of broadband service. Areas where a private provider has been designated to receive funds through other State- or federally funded programs designed specifically for broadband deployment shall be considered served if such funding is intended to result in construction of broadband in the area within 18 months or for the duration of the federal funding program for that area or if the funding recipient is otherwise in good standing with the funding agency's regulations governing the funding program.

(5) The provisions of G.S. 143B-1373(c) are replaced with the following:

A private provider receiving State or federal funds to deploy broadband service in unserved areas may qualify such area for protection by submitting a listing of the census blocks, or portions thereof, comprising the State- or federally funded project areas in a manner prescribed by the Office. The Office shall only utilize this data to update maps of census blocks to reflect these census blocks, or portions thereof, as being served. Failure on the part of a provider to submit the listing of census blocks by the cutoff date shall result in those areas being eligible for inclusion under the G.R.E.A.T. grant program during subsequent program years. The Office shall use the census block data provided only for mapping of unserved areas. A project area shall remain protected for a period of 18 months from the submission of the listing information required under this subdivision; provided, however, a private provider that has received protection for a project area shall submit written documentation by April 30 of the year following the program year that broadband deployment has begun, been completed, or is otherwise in good standing, in the census blocks, or portions thereof, that have been deemed ineligible by the Office under this subsection. Upon submission of documentation satisfactory to the Office, a protected project area shall remain protected until project completion. A project area where a private provider has forfeited or otherwise defaulted on an agreement in connection with receipt of funds to deploy broadband service shall be eligible for inclusion in this program in subsequent program years. Information provided to the Office
pursuant to this subdivision is not a public record, as that term is defined in G.S. 132-1.

(6) The provisions of G.S. 143B-1373(d1) are replaced with the following:
An application submitted pursuant to this section shall include a project area
map that provides location-specific data in a format required by the Office. A
provider submitting an application pursuant to this section shall bear the
burden of proof that the proposed area to be served can, in fact, be served
using the proposed technology. The burden of proof may be satisfied by the
submission of data, maps, and any other information satisfactory to the Office
demonstrating that the area and number of prospective broadband recipients
proposed to be served can be provided the minimum upload and download
speeds indicated in the application.

(7) The provisions in G.S. 143B-1373(e) are replaced with the following:
Applications shall be made publicly available by posting on the website of the
Department of Information Technology for a period of at least 20 days prior
to award. During the 20-day period, any interested party may submit
comments to the Secretary concerning any pending application. A broadband
service provider currently providing broadband service in a project area
proposed in an application may submit a protest of any application on the
grounds the proposed project covers an area that is a protected area under
subsection (c) of this section or that the proposed project area contains ten
percent (10%) or more of total households with access to broadband service
as defined in this section. Protests shall be submitted in writing, accompanied
by all credible and relevant supporting documentation, including specific
addresses, and detailed mapping demonstrating that the protesting broadband
provider has installed infrastructure sufficient to provide broadband service to
the specific addresses provided in the protest, along with an attestation that
broadband service is available to the exterior of the structure at the specific
addresses indicated. The protest shall be considered by the Office in
connection with the review of the application. Upon submission of evidence
satisfactory to the Office that the proposed project area includes a protected
area or prospective broadband recipients that are presently served, as
measured using a methodology satisfactory to the Office, the Office may work
with an applicant to amend an application to reduce the number of unserved
prospective broadband recipients in the project area to reflect an accurate level
of current broadband service. The Office may revise application scores in
accordance with amended applications; however, the Office may reject any
amended application resulting in a lower application score to the extent that
the lower score would have impacted the ranking of the application in the
initial scoring process. For applications with filed protests, the Secretary shall
issue a written decision to the protesting party at least 15 days prior to the
approval of that application. Following a protest that is granted for a portion
of the application, the Office may release to an applicant the locations or areas
declared ineligible. The information released to the applicant is not a public
record, as that term is defined under G.S. 132-1, and shall remain confidential.
Any provider submitting a protest shall verify that the information in the
protest is accurate and that the protest is submitted in good faith. The Office
may deny any protest or application that contains inaccurate information.
As a means of resolving a protest, the Office may utilize speed tests to
determine if the protested area or individual households or businesses
currently have access to broadband service as defined in this section. The
Department shall publish the speed test methodology it uses to assess speed
levels pursuant to this section. All decisions regarding the speed test to be
utilized and the manner by which the speed tests are applied shall be made by
the Secretary or the Secretary's designee.

(8) The partnership scoring provision in G.S. 143B-1373(g)(1) is replaced with
the following:

Projects proposing a partnership shall be given points in their application
score. A proposed partnership shall (i) be in writing, (ii) provide the specific
terms and conditions of the partnership, and (iii) be signed and attested to by
the parties. A county or nonprofit may enter into proposed agreements with
more than one applicant. For the purposes of scoring under this subdivision,
one point shall be given for a proposed partnership that will make available
existing infrastructure that has been installed for the partner's enterprise,
nonconsumer broadband purposes, or any other property, buildings, or
structures owned by the partner, for a proposed project under this section. A
county or nonprofit entity that proposes to provide a financial match shall be
given one point. Notwithstanding Article 8 of Chapter 143 of the General
Statutes, or any provision of law to the contrary, a county may use unrestricted
general funds or federal American Rescue Plan Act (P.L. 117-1) funds
allocated to it for the purpose of improving broadband infrastructure for a
financial match. An applicant shall receive two additional points for a
proposed partnership where the county's financial match is comprised entirely
from federal American Rescue Plan Act (P.L. 117-2) funds intended for
broadband infrastructure. Nothing in this subdivision shall be deemed to
authorize a county to provide broadband service. For projects where the
application includes a proposed partnership, the agreement shall contain a
provision requiring a certification of the existence of the partnership prior to
disbursement of grant funds.

(9) The scoring model measures contained in G.S. 143B-1373(g)(5) are replaced
with the following:

a. For projects proposed in the Piedmont or Coastal Plain Regions:

<table>
<thead>
<tr>
<th>Est. Cost per Household/Business</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>Up to $3,500</td>
<td>9</td>

<tr>
<td>$6,000, up to $7,000</td>
<td>7</td>
</tr>
<tr>
<td>$7,000 and over</td>
<td>0</td>
</tr>
</tbody>
</table>

(10) The base speed multiplier provided in G.S. 143B-1373(g)(6) shall be
administered as follows:

<table>
<thead>
<tr>
<th>Minimum Download:</th>
<th>Minimum Upload</th>
<th>Score Multiplier</th>
</tr>
</thead>
<tbody>
<tr>
<td>100:20 Mbps. or greater.</td>
<td>100 Mbps., symmetrical.</td>
<td>1.00</td>
</tr>
<tr>
<td>Greater than 100:100 Mbps.</td>
<td>Greater than 100 Mbps.</td>
<td>3.00</td>
</tr>
</tbody>
</table>
An applicant proposing minimum download and minimum upload speeds of less than 100 Mbps., symmetrical, shall provide an attestation to the Office that, upon project completion, the completed infrastructure will be scalable to a minimum of 100 Mbps. download and 100 Mbps. upload on or before December 31, 2026, subject to the return of all federal American Rescue Plan Act (P.L. 117-2) funds received under this section and all of the grant forfeiture provisions in G.S. 143B-1373(l).

(11) Additional points shall be awarded to counties providing a portion of a project's matching funds entirely from federal American Rescue Plan Act (P.L. 117-2) funds the county received directly from the federal government. For counties that received an aggregate of eight million dollars ($8,000,000) or more directly from the federal government, the following points shall be added to the application score:

<table>
<thead>
<tr>
<th>County Match</th>
<th>Points</th>
</tr>

<td>4</td>
</tr>
<tr>
<td>$8,000,000, or greater</td>
<td>5</td>
</tr>
</tbody>
</table>

For counties that (i) received less than an aggregate of eight million dollars ($8,000,000) directly from the federal government from the American Rescue Plan Act (P.L. 117-2) and (ii) are providing a portion of a project's matching funds using the entirety of the federal funds the county received, together with any other unrestricted general fund monies, if needed, the following points shall be added to the application score:

<table>
<thead>
<tr>
<th>County Match</th>
<th>Points</th>
</tr>
</thead>
<tbody>
<tr>
<td>$250,000, up to $6,000,000</td>
<td>6</td>
</tr>
<tr>
<td>$6,000,000, up to $8,000,000</td>
<td>7</td>
</tr>
</tbody>
</table>

(12) The grant limitation amounts in G.S. 143B-1373(i) are changed as follows:
A single grant award shall not exceed four million dollars ($4,000,000). No combination of grant awards involving any single county may exceed eight million dollars ($8,000,000) in a fiscal year. Any project that is applied for and not funded in an award round under this section shall be eligible for funding under the Completing Access to Broadband program pursuant to G.S. 143B-1373.1.

(13) The provisions of G.S. 143B-1373(j) are replaced with the following:
Grant recipients are required to provide matching funds based upon the application scoring pursuant to this section in the following minimum amounts:

<table>
<thead>
<tr>
<th>Score</th>
<th>Matching Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>12.0 points or less</td>
<td>50%</td>
</tr>
<tr>
<td>Greater than 12.0 points, but less than 17.5 points</td>

<tr>
<td>17.5 points, up to 22.0 points</td>
<td>40%</td>
</tr>
<tr>
<td>Greater than 22.0 points</td>
<td>30%</td>
</tr>
</tbody>
</table>

Up to fifty percent (50%) of matching funds paid by the grant recipient may be comprised of third-party funding, including funds from other grant programs or federal funds, to the extent applicable rules permit. A grant recipient receiving a portion of matching funds from a county, where the county portion of matching funds is partially comprised of federal American Rescue Plan Act (P.L. 117-2) funding, may have the grant recipient's portion of the matching requirement imposed under this subdivision reduced to a
maximum of twenty-five percent (25%). A grant recipient receiving a portion of matching funds from a county, where the county portion of matching funds is entirely comprised of federal American Rescue Plan Act (P.L. 117-2) funding, may have the grant recipient's portion of the matching requirement imposed under this subdivision reduced to a maximum of fifteen percent (15%).

SECTION 38.4.(b) The Department of Information Technology shall utilize a portion of the administrative funds authorized in this Part for legal and appraisal services needed to assist the Department of Administration in administering the provisions of G.S. 146-29.2(b1). The Department of Administration shall utilize all available resources to prioritize the review and disposition of requests for collocation, installation, and operation of equipment for broadband providers receiving grants under this Part.

COMPLETING ACCESS TO BROADBAND PROGRAM

SECTION 38.6.(a) Article 15 of Chapter 143B of the General Statutes is amended by adding a new section to read:

"§ 143B-1373.1. Completing Access to Broadband program.

(a) As used in this section, the following definitions apply:

(1) Broadband service. – Terrestrially deployed internet access service with transmission speeds of at least 25 megabits per second (Mbps) download and at least 3 megabits per second upload (25:3).

(2) Department. – The Department of Information Technology.

(3) Eligible area. – An area that is unserved or underserved in a county. A county that has utilized federal funding for broadband infrastructure projects on or after May 1, 2021, is not eligible.

(4) Office. – The Broadband Infrastructure Office within the Department of Information Technology.

(5) Project area. – An eligible area that is jointly determined by a requesting county and the Broadband Infrastructure Office within the Department of Information Technology as requiring project funding under this section to further complete the deployment of broadband service in the county.

(6) Unserved or underserved. – A location within a county that has no deployment of broadband service or that has internet access service that does not meet the definition of broadband service. Areas where a private provider has been designated to receive funds through other State- or federally funded programs designed specifically for broadband deployment shall be considered served if such funding is intended to result in construction of broadband in the area within 18 months or for the duration of the federal funding program for that area, or if the funding recipient is otherwise in good standing with the funding agency's regulations governing the funding program.

(b) The Completing Access to Broadband Fund (CAB Fund) is established as a special revenue fund in the Department of Information Technology. The Secretary may award grants from the CAB Fund projects meeting the criteria established under this section. State funds appropriated to this Fund shall be considered an information technology project within the meaning of G.S. 143C-1-2. The Office shall establish procedures in accordance with this section that allow every county in the State to participate in the Completing Access to Broadband program. Monies awarded from the CAB Fund shall be used for infrastructure and infrastructure costs, as those terms are defined in G.S. 143B-1373(a). The State shall not be obligated for funds committed for project costs from the CAB Fund in excess of those sums appropriated by the General Assembly to the CAB Fund.

Page 528  Senate Bill 105  S105-PCS25004-MGxfrap-5
(c) In collaboration with the Broadband Infrastructure Office, a county may request funding under this section for either a defined eligible project area that is mutually identified by the county and the Office or for a project that was not awarded a grant in the most recent round of grant awards under G.S. 143B-1373. All identified projects shall be subject to the bid process requirements in this subsection. In selecting project areas to receive funding, the Office shall give priority to eligible areas that a county has requested funding for based upon utilizing the Office's Community Broadband Planning Playbook and those counties that meet the criteria established in subsection (e) of this section. The Department shall utilize its authority under Part 4 of this Article to develop competitive bid processes for the procurement of the construction, installation, and operation of broadband infrastructure. Notwithstanding Article 8 of Chapter 143 of the General Statutes, or any other provision of law to the contrary, the Department may delegate to a county the authority to select a provider for the project area in accordance with Part 4 of this Article. The Department shall reserve the authority to approve the selection of a county pursuant to this subsection. Unless the county has bid processes acceptable to the Office, the Office shall utilize customizable forms and procedures developed by the Department for the purposes of this subsection. Selections made pursuant to this subsection are not subject to the Department's administrative review authority under Article 3A of Chapter 150B of the General Statutes or the Department's administrative rules regarding information technology bid protests and contested case procedures. Selection of project areas shall be subject to the protections provided in G.S. 143B-1373(c). In conjunction with the bid process, a proposed project area shall be posted on the Department's website for a period of at least 10 days. Upon submission of credible evidence, a broadband service provider may request a project scope adjustment to the Office in accordance with G.S. 143B-1373(e). Upon a finding that the evidence submitted by the broadband service provider is credible, the Office shall work with the county to amend the scope of the project. The Office shall develop and administer any agreement entered into pursuant to this section. Nothing in this subsection shall be deemed to grant authority for a county to own, operate, or otherwise control broadband infrastructure contracted for under this section.

(d) A broadband service provider selected for a project under this section may provide up to thirty percent (30%) of the total estimated project cost. The Office may commit up to thirty-five percent (35%) of the total estimated project cost from monies in the CAB Fund. The county requesting the project shall be responsible for at least thirty-five percent (35%) of the total estimated project cost and shall utilize federal American Rescue Plan Act (P.L. 117-2) funds or nonrestricted general funds for that purpose. In the event CAB Fund monies are insufficient to fund a project, a county may increase its share of the total estimated project cost, or the Office may adjust the scope of the project to meet the level of available funding. No county may receive more than four million dollars ($4,000,000) in aggregate funding from the CAB Fund in any single fiscal year.

(e) Notwithstanding the project cost responsibility allocations in subsection (d) of this section, for a county receiving from the federal government less than an aggregate of eight million dollars ($8,000,000) in federal American Rescue Plan Act (P.L. 117-2) funds, a broadband service provider selected for a project shall provide not less than fifteen percent (15%) of the total estimated project cost. If a broadband service provider provides more than fifteen percent (15%) of the total estimated project cost, the State and county cost responsibilities shall be equally apportioned. The following cost responsibility allocations for counties meeting the requirements of this subsection and the State apply:

<tr>
<th>Direct Federal Funds Received</th>
<th>County Responsibility</th>
<th>State Responsibility</th>

<tbody>
<tr>
<td>$250,000, up to $4,000,000</td>

(f) A broadband service provider selected for a project under this section shall enter into an agreement with the Office that shall include the project description, time lines, benchmarks, proposed broadband speeds, and any other information and documentation the Office deems
necessary. All proposed broadband speeds must meet or exceed the federal guidelines for use of American Rescue Plan Act (P.L. 117-2) funds. Upon execution of an agreement, the county shall provide its portion of the total estimated project costs to the Office to be combined with CAB Funds awarded for the project and placed in a separate project account. The Office shall provide project oversight and, upon completion of established benchmarks in the project agreement, the Office shall disburse funds from the project account to the broadband service provider. The forfeiture provisions in G.S. 143B-1373(l) shall apply to agreements entered into under this section."

SEC 38.6(b) The Department may use up to ninety million dollars ($90,000,000) of State Fiscal Recovery Funds appropriated to the Completing Access to Broadband Fund in this act to provide grants to internet service providers, local government entities, and nonprofits for the provision and installation of infrastructure, as that term is defined in G.S. 143B-1373(a), that will expand the provision of broadband service to unserved and underserved households in this State. The Department shall ensure that grant funds are awarded and utilized in compliance with applicable federal guidelines.

EXPANSION OF THE G.R.E.A.T. PROGRAM FOR FIXED WIRELESS AND SATELLITE BROADBAND GRANTS

SEC 38.7.(a) Article 15 of Chapter 143B of the General Statutes is amended by adding a new section to read:

§ 143B-1373.1. G.R.E.A.T. program fixed wireless and satellite broadband grants.

(a) The following definitions apply in this section:

(1) Broadband service. – Internet access service provided by low-orbit geostationary satellites or fixed wireless networks with (i) a latency of 500 milliseconds or less and (ii) transmission speeds that are equal to or greater than the requirements for the minimum performance tier, as provided by the Federal Communications Commission in Paragraph 39 of the report and order adopted January 30, 2020, and released February 7, 2020.

(2) Equipment. – The antenna and any necessary hardware provided by a broadband service provider to a subscriber that enables the subscriber to connect to the broadband service. The term does not include a modem.

(3) Fixed wireless provider. – A broadband service provider that provides internet access to a subscriber via fixed antenna that receives a radio link from the provider's network to the subscriber.

(4) Grantee. – A broadband provider that has been awarded a grant pursuant to this section.

(5) Office. – The Broadband Infrastructure Office in the Department of Information Technology.

(6) Satellite broadband provider. – A broadband service provider that provides Internet access directly to consumers via satellite technology.

(7) Secretary. – The Secretary of the Department of Information Technology.

(8) Unserved household. – A household located in this State that does not have access to broadband service from a wireline or wireless service provider. A household that is included in an area where a grant from the Growing Rural Economies with Access to Technology (GREAT) program pursuant to G.S. 143B-1373 has been awarded is not eligible for a grant under this section.

(b) Applications for grants will be submitted at times designated by and on forms prescribed by the Secretary. Notwithstanding any other provision of law, if the Secretary deems some of the information in an application to contain proprietary information, the Secretary may provide that such information is not a public record, as that term is defined in G.S. 132-1, subject to public records or other laws requiring the disclosure of such information and have that portion
of the application redacted. An application shall include, at a minimum, the following information:

1. The identity of the applicant.
2. The specific address of the subscriber.
3. A description of the services provided, including the upstream and downstream broadband speeds delivered, latency metrics, and any applicable data caps. Any applicant proposing a data cap below 150 Gigabytes of usage per month shall also provide justification to the satisfaction of the Office that the proposed cap is in the public interest and consistent with industry standards.
4. The cost to be charged to the unserved household for the equipment needed to connect to the broadband service for the next two years.
5. Evidence of a contract with the subscriber, including the amount charged for the equipment and the installation of the equipment, necessary for providing broadband service to the subscriber.
6. The terms and conditions imposed upon the subscriber, including restrictions on use and possession of equipment used for broadband service connection.
7. Any other information or supplementary documentation requested by the Office.

(c) The Office shall determine eligibility for a grant pursuant to this section based upon the information provided in the application of a broadband service provider and any other information or supplementary documentation requested by the Office. As a measurement of the provision of broadband equipment to an unserved household, the Office shall award grants to applicants that demonstrate the provision of equipment that has provided broadband service to an unserved household. The Office shall provide grants to eligible broadband service providers for providing broadband service equipment to unserved households as follows:

1. Up to one thousand one hundred dollars ($1,100) for the provision of satellite broadband equipment to any single unserved household, or up to seven hundred dollars ($700.00) for the provision of fixed wireless broadband equipment to any single unserved household, providing broadband speeds of 50 megabits per second download and 3 megabits per second upload or greater.
2. Up to seven hundred dollars ($700.00) for the provision of satellite broadband equipment to any single unserved household, or up to five hundred dollars ($500.00) for the provision of fixed wireless broadband equipment to any single unserved household, providing less than 50 megabits per second download and 3 megabits per second upload.

The grants awarded by the Office shall not exceed the cost of the broadband provider’s equipment, including any installation costs, necessary to provide broadband service to the unserved household.

(d) Eligibility for a grant award is dependent upon the household maintaining broadband service with the grantee for at least 24 consecutive months. No grant shall be awarded for providing broadband service at an address that the Office has previously awarded a grant under this section. A grantee shall submit documentation to the Office annually that will provide information sufficient for the Office to verify eligibility of subscriptions, including that the household was unserved. Payment of grant funds is subject to documentation showing eligibility of subscriptions.

(e) The Office shall require a grantee to enter into an agreement. The agreement shall contain at least all of the following:

1. An address of the household subscribing for broadband service for which the grant is sought.
(2) A provision that requires the grantee to maintain its service for the subscriber for at least 24 consecutive months.

(3) A provision establishing the conditions under which the grant agreement may be terminated and under which grant funds may be recaptured by the Office.

(4) A provision stating that unless the agreement is terminated pursuant to its terms, the agreement is binding and constitutes a continuing contractual obligation of the State and the grantee.

(5) A provision that establishes any allowed variation in the terms of the agreement that will not subject the grantee to grant reduction, amendment, or termination of the agreement.

(6) A provision describing the manner in which the amount of the grant will be measured and administered to ensure compliance with the agreement and this section.

(7) A provision stating that any recapture of a grant and any reduction in the amount of the grant or the term of the agreement must, at a minimum, be proportional to the failure to comply measured relative to the condition or criterion with respect to which the failure occurred.

(8) A provision describing the methodology the Office will use to verify subscriptions and the types of information required to be submitted by the grantee.

(9) A provision stating that the grantee may not impose data caps upon any eligible subscription, for the term of the agreement.

(10) A provision stating that the equipment necessary for a subscriber to receive broadband service from the grantee shall be deemed a fixed asset upon the property of the eligible subscription and shall transfer with the property to any successors.

(11) Any other provision the Office deems necessary.

(f) If the grantee fails to meet or comply with any condition or requirement set forth in an agreement, the Office shall reduce the amount of the grant or the term of the agreement, may terminate the agreement, or both. The reduction in the amount or the term must, at a minimum, be proportional to the failure to comply measured relative to the condition with respect to which the failure occurred. If the Office finds that the grantee has manipulated or attempted to manipulate data with the purpose of increasing the amount of a grant, the Office shall immediately terminate the agreement and take action to recapture any grant funds disbursed in any year in which the Office finds the grantee manipulated or attempted to manipulate data with the purpose of increasing the amount of a grant.

(g) The grantee shall certify and provide to the Office evidence consistent with a Federal Communications Commission attestation that the proposed minimum upstream and minimum downstream broadband speeds and latency metrics identified in the application guidelines are and will be available throughout the project area during the term of the agreement prior to any end user connections. A grantee may receive a disbursement of a grant only after the Office has certified that the grantee has met the terms and conditions of the agreement. A grantee shall submit a certification of compliance with the agreement to the Office. The Office shall require the grantee to provide any necessary evidence of compliance to verify that the terms of the agreement have been met.

(h) The Office shall require that a grantee offer the proposed advertised minimum download and minimum upload speeds and subscription cost identified in the application for the duration of the 24 consecutive months provided in the agreement. Upon request, a grantee shall provide to the Office evidence consistent with a Federal Communications Commission attestation that the grantee is making available the proposed advertised speed, or a faster speed, as contained in the grant agreement.”
SECTION 38.7.(b) The Department may utilize up to one million dollars ($1,000,000) in funds appropriated to the Growing Rural Economies with Access to Technology Fund established in G.S. 143B-1373(b) for grants awarded under this section.

SECTION 38.7.(c) This section becomes effective July 1, 2022.

The Office shall serve as the designated agency for the receipt of all State, federal, and private grants, gifts, or matching funds for broadband mapping, as provided by G.S. 143B-1370(a)(5)h. Funds received under this subsection shall remain unexpended until appropriated by an act of the General Assembly.
FACILITATION OF BROADBAND DEPLOYMENT

SECTION 38.9. Article 15 of Chapter 160A of the General Statutes is amended by adding a new section to read:

(a) Except as provided in G.S. 160D-935, a city shall issue a written decision to approve or deny an application for a permit or encroachment to conduct activities in the city's rights-of-way that has been submitted by an entity deploying broadband service, as defined in G.S. 143B-1373(a), within 30 days of the submission of the application. If a written decision has not been issued within the 30-day period, the application shall be deemed approved by the city. An application submitted pursuant to this section shall include information concerning the identity of the applicant and any contractors for the applicant, the type of installation and related facilities to be installed, the proposed construction time line, and the location or address of the proposed construction or installation. A city may deny an application that fails to meet reasonable guidelines established pursuant to this section and shall provide the reasons for denial to the applicant. An applicant may cure the deficiencies identified in the application denial and resubmit a revised application at no additional cost to the applicant. A city shall review only the portion of a resubmitted application relating to the deficiencies initially identified and shall approve or deny the resubmitted application within 10 days of resubmission. A city shall include a method to designate applications submitted pursuant to this section as being submitted by an entity deploying broadband service.
(b) In administering the provisions of this section, a city may do the following:
(1) Determine reasonable guidelines for the installation of facilities in the city’s rights-of-way to prevent any activities from interfering with or endangering public use of city streets.
(2) Require an applicant to promptly repair any damage caused by the applicant or an agent of the applicant.
(3) Require that an applicant execute an affidavit evidencing financial responsibility or obtain commercially reasonable insurance that demonstrates adequate resources to repair any damage caused by the applicant or an agent of the applicant.

A city may not impose additional conditions or requirements on an applicant beyond those listed in this subsection. A city may not require an entity that has been issued a valid certificate of public convenience by the Public Utilities Commission or a franchise to provide video programming services issued by the Secretary of State to enter into a master encroachment agreement or other similar agreement as a condition of approval of an application under this section."

BROADBAND ACCELERATION

SECTION 38.10.(a) G.S. 153A-459 reads as rewritten:

"§ 153A-459. Authorization to provide grants. County broadband acceleration.
A county may provide grants to unaffiliated qualified private or nonprofit providers of high-speed Internet access service, broadband service, as that term is defined in G.S. 160A-340(4), G.S. 143B-1373(a)(2), for the purpose of expanding broadband service in unserved areas for economic development in the county. The grants shall be awarded on a technology neutral basis, shall be open to qualified applicants—all private or nonprofit providers of broadband service, and may require matching funds by the private provider— or nonprofit providers. A county shall seek and consider requests for proposal from qualified private providers within the county prior to awarding a broadband grant and shall use reasonable means to ensure that potential applicants are made aware of the grant, including, at a minimum, compliance with
the notice procedures set forth in G.S. 143B-1373(a)(14). For any grants awarded pursuant to this section after the date this section becomes effective, the term "unserved area" shall not include any location where a private provider has been designated to receive funds through State- or federally funded programs designed specifically for broadband service deployment if the recipient of the funding is in good standing with the grantor agency’s requirements regarding construction build-out and time lines.

Nothing in this section authorizes a county to provide high-speed Internet broadband service.”

SECTION 38.10.(b) The Broadband Pole Replacement Program (hereinafter “Program”) is hereby established for the purpose of speeding and facilitating the deployment of broadband service to individuals, businesses, agricultural operations, and community access points in unserved areas by reimbursing a portion of eligible pole replacement costs incurred by communications service providers. A communications service provider who pays or incurs the costs of removing and replacing an existing pole in connection with a qualified project may apply to the Department for reimbursement in an amount equal to fifty percent (50%) of eligible pole replacement costs paid or incurred by the applicant or ten thousand dollars ($10,000), whichever is less, for each pole replaced.

SECTION 38.10.(c) The funds appropriated in this act for the Program shall be held by the Department in a special fund and shall not revert to the General Fund but shall remain available to reimburse communications service providers as authorized in this section until December 30, 2026, provided that reimbursements shall comply with applicable federal guidelines for the use of these recovery funds. The Department may use up to one percent (1%) of the funds appropriated for the Program, not to exceed the sum of one hundred thousand dollars ($100,000) in each fiscal year, to administer the Program. The Department shall issue guidelines for the implementation of the Program and shall take all actions necessary to obtain access to the Coronavirus Capital Projects Fund for such purpose, including applying for such funding to the United States Treasury and promulgating any additional program requirements required by the United States Treasury as a condition of obtaining access to such funding.

SECTION 38.10.(d) Each applicant for reimbursement under the Program shall provide the following in a form specified by the Department:

1. Information sufficient to establish the number, cost, and eligibility of pole replacements and the identity of the communications service provider attaching the broadband facilities.
2. Documentation sufficient to establish that the pole replacements have been completed or are scheduled for completion not later than 90 days after the applicant has been reimbursed as authorized by this section.
3. The amount of reimbursement requested and documentation or information justifying the amount requested.
4. A verified statement from an officer or agent of the applicant declaring that the contents of the application are true and accurate.
5. Any other information the Department deems necessary for final review of the application and award of reimbursement.

SECTION 38.10.(e) No later than 60 days after the date the Department receives a completed application for reimbursement under the Program, the Department shall review the application and, if the application establishes that the applicant has paid or incurred costs eligible for reimbursement under the Program and there are sufficient funds in the Program special fund,
shall reimburse the applicant as authorized in this section. The Department shall reimburse an
applicant no later than 30 days after the date the Department determines reimbursement can be
made as provided in this subsection. If a communications service provider incurs eligible pole
replacement costs, the pole owner shall cooperate and coordinate with the provider to supply all
information required by the Department to aid the provider in promptly completing and
submitting an application for reimbursement under the Program. A pole owner shall reasonably
and promptly cooperate with any request by the Department for substantiation of charges
assessed by the pole owner.

SECTION 38.10.(f) If there are insufficient funds in the Program special fund to
reimburse an applicant, the application for reimbursement shall be denied. However, the
applicant may resubmit the application for reimbursement if sufficient funds are appropriated by
the General Assembly to the Program special fund. If there are insufficient funds in the Program
special fund to reimburse an applicant, and the communications service provider must reimburse
"reasonable and actual cost" of the pole owner under G.S. 62-350(a), the term "reasonable and
actual cost" shall mean the reasonable cost of advancing the retirement of the pole that would
have occurred in the absence of the attachment, which presumptively is capped at the sum of the
following:

(1) The net book value of the existing pole being retired as a result of the attachment.

(2) The incremental cost, if any, of installing a pole with greater capacity relative
to the average installation cost of a new pole installed by the municipality or
membership corporation.

(3) Any other incremental costs proved by the municipality or membership
corporation of advancing the retirement, except that the incremental costs
shall not include any costs associated with the future installation of a pole the
municipality or membership corporation would have installed if there was no
attachment being made. If the pole owner lacks records sufficient to establish
reasonable and actual cost as defined in this subsection, a portion of the total
cost associated with the pole replacement shall be presumptively assigned to
the communications service provider based on the age of the pole being
replaced, as follows:

a. 0, up to 12 years – 90%.

b. 12, up to 22 years – 45%.

c. 22, up to 35 years, or pole age unknown – 25%.

d. 35 years and up – 10%.

SECTION 38.10.(g) A pole owner shall perform or allow providers to perform all
actions to facilitate access to poles for qualified projects in the same time lines and pursuant to
the same procedures to provide access to utility poles as provided in 47 C.F.R. § 1.1411, as such
regulation existed on the date this section becomes effective. For purposes of complying with the
time lines and procedures described in this subsection, replacement of a pole shall be considered
work above the communications space.

SECTION 38.10.(h) A party subject to a dispute arising under subsection (f) or (g)
of this section may invoke the dispute procedures authorized in G.S. 62-350 in the same manner
as a party seeking resolution of a dispute under G.S. 62-350(c), and the Utilities Commission
shall issue a final order resolving the dispute within 120 days of the date the proceedings were
initiated; provided, however, the Commission may extend the time for issuance of a final order
for good cause and with the agreement of all parties. In such a dispute, the Commission shall
apply the provisions of this section notwithstanding any contrary provisions of any existing
agreement.
SECTION 38.10.(i) No later than 60 days after the date funds are appropriated to the Program special fund, and on a quarterly basis thereafter, the Department shall maintain and publish on its website all of the following:

1. The number of applications for reimbursement received, processed, and rejected, including the reasons applications were rejected.
2. The amount of each reimbursement, the total number of reimbursements, and the status of any pending reimbursements.
3. The estimated remaining balance in the Program special fund.

SECTION 38.10.(j) The following definitions apply in this section:

1. Broadband service. – As defined in G.S. 143B-1373(a).
2. Communications service provider. – As defined in G.S. 62-350(e).
3. Department. – The Department of Information Technology.
4. Eligible pole replacement cost. – The actual and reasonable costs paid or incurred by a party after June 1, 2021, to remove and replace a pole, including the amount of any expenditures to remove and dispose of the existing pole, purchase and install a replacement pole, and transfer any existing facilities to the new pole. The term includes costs paid or incurred by the party responsible for the costs of a pole replacement to reimburse the party that performs the pole replacement. The term does not include costs that the party incurs initially that have been reimbursed to the party by another party ultimately responsible for the costs.
5. Pole. – Any pole used, wholly or partly, for any wire communications or electric distribution, irrespective of who owns or operates the pole.
6. Pole owner. – A city or cooperatively organized entity that owns utility poles.
7. Qualifying project. – A project undertaken by a communications service provider that is not affiliated with a pole owner seeking to provide qualifying internet access service on a retail basis to one or more households, businesses, agricultural operations, or community access points in an unserved area.
8. Qualifying internet access service. – Fixed, terrestrial internet access service with such speeds and technical capabilities required by the United States Treasury for projects under the Coronavirus Capital Projects Fund established by section 9901 of the American Rescue Plan Act and codified at section 604 of the Social Security Act, provided that if the United States Treasury does not establish such requirements, qualifying internet access shall mean service offered over a network that is capable of speeds of 100 megabits per second or faster in both the downstream and upstream directions.
9. Unserved area. – An area in which, according to the most recent map of fixed broadband internet access service made available by the Federal Communications Commission, fixed, terrestrial broadband service at speeds of at least 25 megabits per second download and at least 3 megabits per second upload is unavailable at the time the communications service provider requests access. A pole shall be presumed to be located in an unserved area if the pole is located in an area that is the subject of a federal or State grant to deploy broadband service, the conditions of which limit the availability of a grant to unserved areas.

SECTION 38.10.(k) If any provision of this section or its application is held invalid, the invalidity does not affect other provisions or applications of this section that can be given effect without the invalid provisions or application, and to this end, the provisions of this section are severable.

SECTION 38.10.(l) G.S. 160D-931 reads as rewritten:

"§ 160D-931. Definitions."
The following definitions apply in this Part:

(7) City utility pole. – A pole owned by a city (i) in the city right-of-way that provides lighting, traffic control, or a similar function and (ii) as part of a public enterprise owned or operated by a city pursuant to Article 16 of Chapter 160A of the General Statutes consisting of an electric power generation, transmission, or distribution system.

SECTION 38.10.(m) G.S. 160D-935 reads as rewritten: 
"§ 160D-935. Collocation of small wireless facilities.
...
(a1) A city may not charge a wireless provider who is taxed under G.S. 105-164.4(a)(4c) and submits an application under G.S. 160D-935(d) or G.S. 160D-936(i) either of the following:
(1) A fee for the collocation of a small wireless facility or the installation, modification, or replacement of a utility pole or city utility pole in the city right-of-way, including, without limitation, a fee under subsections (e) and (f) of this section or a fee for a building permit, electrical permit, inspection, lane closure, or work permit of any kind.
(2) Except for recurring charges assessed under G.S. 160D-937(a), (c), and (d), a recurring charge for the collocation of a small wireless facility in the city right-of-way or the installation, modification, or replacement of a utility pole or city utility pole in the city right-of-way, including, without limitation, a recurring charge under G.S. 160D-936(f).
...
(e) Subject to the limitations provided in G.S. 160A-296(a)(6), a city may charge an application fee that shall not exceed the lesser of (i) the actual, direct, and reasonable costs to process and review applications for collocated small wireless facilities, (ii) the amount charged by the city for permitting of any similar activity, or (iii) one hundred dollars ($100.00) per facility for the first five small wireless facilities addressed in an application, plus fifty dollars ($50.00) for each additional small wireless facility addressed in the application. In any dispute concerning the appropriateness of a fee, the city has the burden of proving that the fee meets the requirements of this subsection.
(f) Subject to the limitations provided in G.S. 160A-296(a)(6), a city may impose a technical consulting fee for each application, not to exceed five hundred dollars ($500.00), to offset the cost of reviewing and processing applications required by this section. The fee must be based on the actual, direct, and reasonable administrative costs incurred for the review, processing, and approval of an application. A city may engage an outside consultant for technical consultation and the review of an application. The fee imposed by a city for the review of the application shall not be used for either of the following:
...

SECTION 38.10.(n) G.S. 160D-936 reads as rewritten: 
"§ 160D-936. Use of public right-of-way.
...
(f) Except as provided in this Part, a city may assess a right-of-way charge under this section for use or occupation of the right-of-way by a wireless provider, subject to the restrictions set forth under G.S. 160A-296(a)(6), provider. In addition, charges authorized by this section shall meet all of the following requirements:

SECTION 38.10.(o) G.S. 160D-937 reads as rewritten: 
"§ 160D-937. Access to city utility poles to install small wireless facilities.
...
(i) This section shall not apply to an excluded entity. SECTION 38.12. The Joint Legislative Oversight Committee on Information Technology (JLOCIT) shall conduct a study of best practices and make recommendations for legislative proposals to formulate a new budget and cost accounting model for State information technology goods and services provided to State agencies by the Department of Information Technology (DIT). The JLOCIT shall do at least the following in conducting this examination:

(1) Evaluate the current internal service fund rate structure under G.S. 143B-1333, including the methodologies used by DIT in setting rates and fees and whether industry standards are reflected for the goods and services for which State agencies are charged. The specific matters for review include, but are not limited to, whether those rates and fees are (i) understandable, (ii) priced on usage, (iii) predictable for planning purposes, (iv) related to value received, (v) priced competitively with open market services, and (vi) readily adjustable to factor in unplanned events.

(2) Focus on the internal service rates and fees charged by DIT for State agency internet service, Wide Area Network costs, and any other costs of information technology goods and services that the JLOCIT deems appropriate.

(3) Review alternative ways to capture and recover the costs of information technology goods and services that DIT provides to State agencies.

(4) Examine how replacement costs are accounted for and built into State agency operating budgets.

(5) Review whether some State agencies should pay for information technology using the current or a similar rate system or if some should have information technology charges and costs funded differently.

The JLOCIT may make an interim report of its findings, conclusions, and legislative recommendations to the 2022 Regular Session and shall make a final report to the 2023 General Assembly.

SECTION 40.1.(f) There is created within the Community Colleges System Office the Community Colleges Building Fund as an interest-bearing capital project fund. At the beginning of each fiscal year, the Office of State Budget and Management shall transfer an amount equal to the amount allocated for community college capital projects in the most recent Current Operations Appropriations Act to the Community Colleges Building Fund. Proceeds disbursed from the Fund shall be used for new construction or rehabilitation of existing facilities, repairs and renovations, building of technology infrastructure, and the purchase of measures to ensure building security. Projects for facilities for centralized administration, trailers, relocatable classrooms, or mobile classrooms are not eligible for funding. Any items purchased with such proceeds and installed or replaced as part of a renovation or rehabilitation must have a useful life of at least 10 years or must extend the life of the facility by at least 10 years once renovated or rehabilitated. The Community Colleges System Office shall develop a priority list of projects and capital needs to administer the proceeds from the Community Colleges Building Fund and shall prioritize allocation of funds among projects for new construction and repairs and renovations by ranking the projects for the various community colleges according to greatest need and the ability for disbursed funds to be expended and projects completed expeditiously.

A county that is a development tier three area, as provided in the annual ranking performed by the Department of Commerce pursuant to G.S. 143B-437.08 for the 2020 calendar year, shall provide local matching funds from county funds, other non-State funds, or a combination of these sources for such proceeds in the amount of one dollar ($1.00) of local matching funds for every one dollar ($1.00) of such proceeds. The provisions of G.S. 115D-31, or any other provision of law permitting prior expenditures to be used for match purposes, do not apply for purposes of meeting the matching funds requirements of this section. **TOTAL AMOUNT OF NON-GENERAL FUND CAPITAL PROJECTS AUTHORIZED**: $144,919,873

**STATE CONSTRUCTION CHANGES**

**SECTION 40.6.** G.S. 143-341 reads as rewritten:

"§ 143-341. Powers and duties of Department."
The Department of Administration has the following powers and duties:

(3) Architecture and Engineering:

a. To examine and approve all plans and specifications for the construction or renovation of the following:

1. All State buildings or buildings located on State lands, except those buildings over which a local building code inspection department has and exercises jurisdiction. For the purposes of this sub-sub-subdivision, buildings, facilities, or projects located on State lands that are (i) privately owned or privately leased and (ii) located within the North Carolina Global TransPark are exempt.

2. All community college buildings requiring the estimated expenditure of public money for construction or repair work for which public bidding is required under G.S. 143-129 of two million dollars ($2,000,000) or more prior to the awarding of a contract for such work; and to examine and approve all changes in those plans and specifications made after the contract for such work has been awarded.

c. To supervise the letting of all contracts for the design, construction or renovation of all State buildings and all community college buildings whose plans and specifications must be examined and approved under a.2. of this subdivision.

d. To supervise and inspect all work done and materials used in the construction or renovation of all State buildings and all community college buildings whose plans and specifications must be examined and approved under a.2. of this subdivision; to act as the appropriate official inspector or inspection department for purposes of G.S. 143-143.2; and no such work may be accepted by the State or by any State agency until it has been approved by the Department.

GRANTS TO NON-STATE ENTITIES

SECTION 40.8. Requirements. – For purposes of this Part, nonrecurring funds allocated from the State Capital and Infrastructure Fund as grants to non-State entities, as defined by G.S. 143C-1-1(d), are subject to all of the following requirements:

(1) As soon as practicable after the effective date of this act, each State agency administering grants shall begin disbursement of funds to each grantee non-State entity when all applicable requirements are met. However, disbursement of grant funds allocated for the 2021-2022 fiscal year shall commence no later than 100 days after the date this act becomes law and disbursement in full to all grantees shall be completed no later than nine months after the date this act becomes law. Disbursement of grants allocated for the 2022-2023 fiscal year shall be completed no later than 100 days after the beginning of the 2022-2023 fiscal year.

(2) G.S. 143C-6-23(b) through (f) and (f2) through (k) apply to the grants.

(3) Notwithstanding any provision of G.S. 143C-1-2(b) to the contrary, unless otherwise indicated, nonrecurring funds appropriated in this Part as grants shall not revert until expended or the particular project has been completed.
Grants to each grantee non-State entity shall be used for nonsectarian, nonreligious purposes only.

By October 1, 2021, and then quarterly thereafter, the Office of State Budget and Management shall report to the Fiscal Research Division on the schedule for and status of grant disbursement. At a minimum, the report shall include the following for each grant:

- The date when the disbursing agency issued the initial contract.
- The date when the contract was sent to the grantee non-State entity.
- The date when the fully executed contract was returned to the disbursing agency.
- The date when the contract was executed.
- The date when a grant was disbursed in full.

CONNECT NC BOND CHANGE/DEBT AVOIDANCE

SECTION 40.9.(a) The General Assembly finds the following:

1. The use of general obligation bonds can be an efficient method for financing needs of the State.
2. Debt service, even on general obligation bonds, is a cost that can be avoided if the State has funds to directly pay for capital needs.
3. Where the State provides a general obligation bond question to the voters, it is tantamount to representing both that capital improvements covered by the debt question are needed by the State and that the incurrence of debt for those purposes is the most responsible, cost-effective way of meeting those needs.
4. If subsequent economic changes affect the validity of those representations, including where, as here, management of State resources has resulted in having sufficient funding for such capital improvements, thereby obviating the need to incur debt service costs, then such changes also affect the representations and assumptions on which the voters rely in voting for the issuance of the debt. Stated alternatively, voters make assumptions on the need for debt based on the amount and uses set forth in the ballot question, and, if circumstances change those assumptions, the State has an obligation to avoid associated costs if it would be inefficient to incur them.
5. This section allocates funds to satisfy the needs and purposes for which indebtedness was originally authorized by the voters of this State pursuant to S.L. 2015-280. Accordingly, funding and debt service costs using the general obligation debt for such purposes would be redundant and would frustrate the assumptions made by (and the representations made to) the voters of this State at the time the debt obligation was approved by the voters as to the State's need.

SECTION 40.9.(b) For project code CNC21, the Office of State Budget and Management shall allocate the sum of two hundred fifty-eight million dollars ($258,000,000) for the purposes described in Section 1(f) of S.L. 2015-280, as amended by Section 36.7(a) of S.L. 2018-5. Funds allocated pursuant to this subsection will be used to fully fund all projects authorized and listed in S.L. 2015-280, and further debt authorized by that Session Law may not be used to increase the total funding for any project authorized above the applicable project amount provided in S.L. 2015-280.

SECTION 40.9.(c) The State Treasurer shall not issue more than an aggregate principal amount of one billion six hundred million dollars ($1,600,000,000) of general obligation bonds of the State authorized pursuant to Section 1 of S.L. 2015-280. The authority to issue additional bonds or notes previously authorized under S.L. 2015-280 above the amount provided in this subsection is repealed, and the bond referendum authorized by and held pursuant
to S.L. 2015-280 no longer provides authority to issue further debt, other than refunding bonds, authorized by that act.

SECTION 40.9.(d) Subdivision (3) of Section 1(f) of S.L. 2015-280 is repealed.

SECTION 40.9.(e) Section 4(b) of S.L. 2015-280 reads as rewritten:

"SECTION 4(b) Any funds retained by the Office of State Budget and Management pursuant to subsection (a) of this section at the time a project is completed shall be retained by the Office of State Budget and Management until reallocated for other purposes by the General Assembly. The Office of State Budget and Management shall report to the Joint Legislative Oversight Committee on Capital Improvements on any funds retained pursuant to this subsection within 90 days of a project's completion."

With the exception of the statutory requirements contained in G.S. 143C-8-14, any reporting requirements imposed on capital improvement projects for State agencies authorized by a previous act of the General Assembly are hereby repealed.

SECTION 40.10.(b) G.S. 143C-8-13 reads as rewritten:

(1) Any project that receives an allocation or reallocation satisfies the requirements of subsection (a) of this section.

(2) If the allocation or reallocation of funds from one project to another under this section is two million five hundred thousand dollars ($2,500,000) or more for a particular project, the Office of State Budget and Management or the Board of Governors, as appropriate, consults with shall report to the Joint Legislative Commission on Governmental Operations–Fiscal Research Division on the initial allocation prior to the expenditure or reallocation of funds.

(3) If the allocation or reallocation of funds from one project to another under this section is less than two million five hundred thousand dollars ($2,500,000) for a particular project, On or before August 1 each year, the Office of State Budget and Management or the Board of Governors, as appropriate, shall submit a final report showing the allocation or reallocation of funds is reported during the preceding fiscal year to the Joint Legislative Commission on Governmental Operations within 60 days of the expenditure or reallocation of funds. The Joint Legislative Capital Improvements Oversight Committee and the Fiscal Research Division.

(4) If the funds were previously allocated for a repairs and renovations project that was not specifically allocated for by an act of the General Assembly; provided, however, if a project specifically allocated for by the General Assembly has been completed, then funds may be reallocated pursuant to this subsection.

..."

   in scope are funded entirely with non-General Fund money and non-State
   Capital and Infrastructure Fund monies.

Nothing in this subsection shall be construed to prohibit expenditures for planning for a
project that has been authorized by an act of the General Assembly and funded with an allocation
from the State Capital and Infrastructure Fund.

(b) Carryforward Funds. – For purposes of this section, the term "non-General Fund
money" and non-State Capital and Infrastructure Fund monies" includes funds carried forward
from one fiscal year to another pursuant to G.S. 116-30.3 and G.S. 116-30.3B. These funds shall
only be used for projects listed in G.S. 143C-8-13(a).

ENGINEERING NC'S FUTURE

SECTION 40.11.(a) The General Assembly finds that the STEM Program Needs
Assessment published by The University of North Carolina in 2019 highlighted the importance
of STEM programs as drivers of economic investment, expansion, and employment throughout

programming with funding for capital improvement projects at the University of North Carolina
at Chapel Hill, the University of North Carolina at Pembroke, and East Carolina University. In

among North Carolina State University, the University of North Carolina at Charlotte, and North

be used by each recipient institution for capital improvements to existing buildings on that
institution's campus that will allow for expanded offerings and enrollments related to that campus'
engineering program. The Board of Governors may determine the priority and timing of funds
allocated to the constituent institutions listed in this subsection.

(d) If an owner exhibits documents evidencing the release of a security interest as provided in subsection (c) of this section but is unable to furnish the certificate of title to the Division, or a commission contractor of the Division, because it is in possession of a prior secured party, the Division, when satisfied as to the genuineness and regularity of the release, shall procure the certificate of title from the person in possession thereof for the sole purpose of noting thereon the release of the subsequent security interest, following which the Division shall return the certificate of title to the person from whom it was obtained and notify the owner that the release has been noted on the certificate of title.

(e) If the vehicle is a manufactured home, the owner may proceed in accordance with subsection (e) of this section or may, in the alternative, provide the Division with a sworn affidavit by the owner stating that the debt has been satisfied and that either:

The application may be signed by electronic signature by the debtor without notarization, provided the application is submitted by a licensed or regulated lender in this State having a lienholder identification number issued by the Division. The application must be accompanied by the existing certificate of title unless in the possession of a prior secured party or in the event the manufacturer's statement of origin or existing certificate of title (i) was not delivered to the dealer or (ii) was lost or misplaced on the date the dealer sells or transfers the motor vehicle. If there is an existing certificate of title issued by this or any other jurisdiction in the possession of a prior secured party, the application for notation of the security interest shall in addition contain the name and address of such prior secured party. An application for notation of a security interest may be signed by the secured party instead of the debtor when the application is accompanied by documentary evidence of the applicant's security interest in that motor vehicle signed by the debtor and by affidavit of the applicant stating the reason the debtor did not sign the application. An application for a notation of a security interest submitted to the Division signed by the secured party instead of the debtor does not require documentary evidence of the applicant's security interest in that motor vehicle signed by the debtor, provided the application is submitted by a licensed or regulated lender in this State having a lienholder identification number issued by the Division. In the event the certificate cannot be obtained for recordation of the security interest, when title remains in the name of the debtor, the Division shall cancel the certificate and issue a new certificate of title listing all the respective security interests. Neither the Division nor its commission contractors shall be liable for any cause of action arising from a notation of security interest placed on a certificate of title pursuant to applications submitted to the Division fraudulently or erroneously by a licensed or regulated lender in this State having a lienholder identification number issued by the Division. Any entity offering an electronic signature process for applications submitted pursuant to this subdivision assumes all responsibility and liability for the accuracy of the signature. The Division and its commission contractors shall be held harmless from any liability to a claim arising from applications submitted with an inaccurate electronic signature pursuant to this subdivision."

REVISIONS TO OUTDOOR ADVERTISING CONTROL ACT

SECTION 41.47.(a) G.S. 136-128 is amended by adding a new subdivision to read:

"(5e) "Sign not conforming to State standards" shall mean a sign which was legally erected but does not conform to the zoning, size, lighting, and spacing criteria established in State law, or State rules and regulations of the Department authorized by this Article and promulgated at a later date, or a sign which was legally erected but later fails to conform to the zoning, size, lighting, and spacing criteria established in State law, or State rules and regulations of the Department authorized by this Article."

SECTION 41.47.(b) Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"§ 136-131.5. Relocation of lawfully existing outdoor advertising sign.

(a) Subject to subsection (c) of this section, in order to minimize the amount of just compensation due, whenever property on which a lawfully erected outdoor advertising sign is located is acquired by a public or private condemnor, as defined in G.S. 40A-3, or the Department of Transportation, and the acquiring party requires removal of the sign, or whenever the construction of a sound barrier wall would impair the visibility of a lawfully erected outdoor advertising sign, the eligible sign is permitted to be relocated and reconstructed, subject to all of the following requirements:

(1) The new site for relocation is permitted to be any area within 660 feet of the nearest edge of the right-of-way of a highway on the National System of Interstate and Defense Highways or the federal aid primary highway system within the same zoning jurisdiction as the relocated site or, if the relocated site is within an unzoned city or county, then within the same territorial limits.

(2) The new site for relocation must be conforming to State standards as set forth in this Article and pursuant to rules and regulations promulgated by the Department as authorized by this Article."
The new site for relocation must be along a highway on the interstate system or primary systems that has the same route number and letter or one of the same route numbers and letters as the highway adjacent to the relocated site.

The reconstruction of the outdoor advertising sign at the new site shall comply with G.S. 136-131.2.

The new site for relocation shall not be within an historic district lawfully established by a local city or county government pursuant to Part 4 of Article 9 of Chapter 160D of the General Statutes, unless consented to by a resolution adopted by the applicable local governing board.

The new site for relocation shall not be adjacent to any scenic highway as provided in G.S. 136-129.2; provided, however, if a relocated sign is already adjacent to a scenic highway, it may be relocated within the same parcel.

The construction work related to the relocation of the outdoor advertising sign shall commence within one year after the date of removal.

The express allowances of relocation and reconstruction in this section shall apply to any lawfully erected outdoor advertising sign anywhere within this State that is required to be removed as a result of action taken by a public or private condemnor, as defined in G.S. 40A-3, or the Department of Transportation, including such signs that are not subject to the jurisdiction of the Department of Transportation.

(b) Subject to subsection (c) of this section, any outdoor advertising sign that does not otherwise qualify for relocation as provided in subsection (a) of this section and for which there is in effect a valid permit issued by the Department of Transportation pursuant to this Article is permitted to be relocated and reconstructed subject to all of the requirements listed in subdivisions (1) through (7) of subsection (a) of this section within the same parcel or an adjoining conforming parcel. No sign shall be relocated pursuant to this subsection within 10 years from the date of the last relocation pursuant to this subsection, however, this temporal limitation does not apply to relocations within the same parcel.

(c) A sign not conforming to State standards shall not be relocated pursuant to this section unless the nonconformity is removed as part of the relocation.

(d) The Department shall not require additional permits, nor revoke any existing permits, for any action taken pursuant to this section. The Department may require within 30 days of the completion of any action taken pursuant to this section an addendum to an existing permit showing or describing the changes to the conditions of the outdoor advertising sign. The rights set forth in this section shall attach to a permit issued by the Department of Transportation and shall expire with the voluntary cancellation of such permit or after the permit has been lawfully revoked and any appeals pursuant to G.S. 136-134.1 have been exhausted. The rights set forth in this section do not run with or attach to the land.

SECTION 41.47.(c) This section becomes effective January 1, 2022, and applies to signs legally erected or that require removal on or after that date.

An S Corporation must pass through to its shareholders any credit required to be taken in installments by this Chapter if the first installment was taken in a taxable period that the election under subsection (a) of this section was not in effect. An S Corporation shall not pass through to its shareholders any of the following:

The Secretary must issue a notice of collection for the amount of tax debt to the taxed S Corporation. If the tax debt is not paid to the Secretary within 60 days of the date the notice of collection is mailed to the taxed S Corporation, the shareholders of the S Corporation are not allowed the deduction provided in G.S. 105-153.5(c3)(1). For purposes of the preceding sentence, the term "net income tax" means any tax imposed on or measured by a corporation's net income."
