(1) All budget codes listed in the Governor's Recommended Base Budget for the 2021-2023 fiscal biennium, submitted pursuant to G.S. 143C-3-5, are appropriated up to the amounts specified, as adjusted by the General Assembly in this act and as delineated in the Committee Report described in Section 43.2 of this act, or in another act of the General Assembly.
(2) Agency receipts up to the amounts needed to implement the legislatively mandated salary increases and employee benefit increases provided in this act for each year of the 2021-2023 fiscal biennium.

SECTION 4.1.(b) Receipts collected in a fiscal year in excess of the amounts appropriated by this section shall remain unexpended and unencumbered until appropriated by the General Assembly, unless the expenditure of overrealized receipts in the fiscal year in which the receipts were collected is authorized by G.S. 143C-6-4. Overrealized receipts are appropriated in the amounts necessary to implement this subsection.

SECTION 4.1.(c) Funds may be expended only for the specified programs, purposes, objects, and line items or as otherwise authorized by the General Assembly.

OTHER RECEIPTS FROM PENDING AWARD GRANTS

SECTION 4.2.(a) Notwithstanding G.S. 143C-6-4, State agencies may, with approval of the Director of the Budget, spend funds received from grants awarded after the enactment of this act for grant awards that are for less than two million five hundred thousand dollars ($2,500,000), do not require State matching funds, and will not be used for a capital project. State agencies shall report to the Joint Legislative Commission on Governmental Operations, the chairs of the Senate Committee on Appropriations/Base Budget, the chairs of the House Appropriations Committee, and the Fiscal Research Division within 30 days of receipt of such funds.

State agencies may spend up to the greater of one percent (1%) or ten million dollars ($10,000,000) of the total amount of grants awarded after the enactment of this act to respond to an emergency, as defined in G.S. 166A-19.3, with the approval of the Director of the Budget. State agencies shall report to the Joint Legislative Commission on Governmental Operations, the chairs of the Senate Committee on Appropriations/Base Budget, the chairs of the House Appropriations Committee, and the Fiscal Research Division within 30 days of receipt of such funds, including specifying the total amount of grants awarded to respond to the emergency.

State agencies may spend all other funds from grants awarded after the enactment of this act only with approval of the Director of the Budget and after consultation with the Joint Legislative Commission on Governmental Operations.

SECTION 4.2.(b) The Office of State Budget and Management shall work with the recipient State agencies to budget grant awards according to the annual program needs and within the parameters of the respective granting entities. Depending on the nature of the award, additional State personnel may be employed on a time-limited basis. Funds received from such grants are hereby appropriated up to the applicable amount set forth in subsection (a) of this section and shall be incorporated into the authorized budget of the recipient State agency.

SECTION 4.2.(c) Notwithstanding the provisions of this section, no State agency may accept a grant not anticipated in this act if acceptance of the grant would obligate the State to make future expenditures relating to the program receiving the grant or would otherwise result in a financial obligation as a consequence of accepting the grant funds.

§ 115C-546.10. Fund created; purpose; prioritization.
There is created the Needs-Based Public School Capital Fund as an interest-bearing, nonreverting special fund in the Department of Public Instruction. The State Treasurer shall be the custodian of the Needs-Based Public School Capital Fund and shall invest its assets in accordance with the provisions of G.S. 147-69.2 and G.S. 147-69.3. The Department of Public Instruction shall award grants from the Fund to counties to assist with their critical public school building capital needs in accordance with the following priorities:
(1) Counties designated as development tier one areas.
(2) Counties with greater need and less ability to generate sales tax and property tax revenue.
(3) Counties with a high debt-to-tax revenue ratio.
(4) The extent to which a project will address critical deficiencies in adequately serving the current and future student population.
(5) Projects with new construction or complete renovation of existing facilities.
(6) Projects that will consolidate two or more schools into one new facility.
(7) Counties that have not received a grant under this Article in the previous three years.

§ 115C-546.11. Matching requirement; use of funds; maximum awards.
(a) An eligible county awarded a grant under this Article shall provide local matching funds from county funds, other non-State funds, or a combination of these sources for the grant as provided in this section. An eligible county is a county with an adjusted market value of taxable
real property of less than forty billion dollars ($40,000,000,000). The adjusted market value of
taxable property in a county is equal to the county's assessed taxable real property value, using
the latest available data published by the Department of Revenue, divided by the county's sales
assessment ratio determined under G.S. 105-289(h). The amount of matching funds for a county
awarded a grant shall be published annually by the Department of Public Instruction prior to any
application period. The local match requirement applied to the project shall be based on the match
requirement effective at the time of the grant award. The local match requirement is calculated
as follows:

for capital improvements to administrative buildings. Grant funds shall be disbursed in a series
of payments based on the progress of the project. To obtain a payment, the grantee shall submit
a request for payment along with documentation of the expenditures for which the payment is

has been met. No portion of grant funds may be used to acquire a Leadership in Energy and

(d) The Department of Public Instruction shall review projected enrollment to evaluate
the reasonableness of a project's size and scope.

   (3) A provision requiring periodic reports to the Department of Public Instruction
       on the use of disbursed grant funds and the progress of the school construction
       project.
   (4) A requirement that matching funds paid by the county pursuant to
       G.S. 115C-546.11 must be derived from non-State and nonfederal funds.

§ 115C-546.13. Lease exception; requirements.
(a) Notwithstanding any provision of this Article to the contrary, a county may utilize
grant funds for a lease agreement if all of the following criteria are met:
   (1) Ownership of the subject property on which the leased school is constructed
       shall be retained by the county.
(2) The lease agreement shall include a repairs and maintenance provision that requires the landlord to bear the entire expense of all repairs, maintenance, alterations, or improvements to the basic structure, fixtures, appurtenances, and grounds of the subject property for the term of the lease.

(3) The lease agreement shall be for a term of at least 15 years and no more than 25 years.

(4) In lieu of the progress payment requirement provided in G.S. 115C-546.11(b), a county that has entered into a lease agreement shall provide a copy of the lease agreement to the Department of Public Instruction and shall be periodically reimbursed upon submission of documentation satisfactory to the Department that the matching requirement of this section has been met.

(b) For the purposes of this section, the term "lease agreement" shall include any ancillary agreements or predevelopment agreements entered into in anticipation of or in accordance with a lease. A lease agreement entered into pursuant to this subsection shall be subject to the requirements of Article 8 of Chapter 159 of the General Statutes. In determining whether the lease agreement is necessary or expedient pursuant to G.S. 159-151(a)(1) and G.S. 159-151(b)(1), the Local Government Commission may consider any other relevant construction and financing methods available to the county.

(a) On or before April 1 of each year, a grant recipient shall submit to the Department of Public Instruction an annual report for the preceding year that describes the progress of the project for which the grant was received. The grant recipient shall submit a final report to the Department of Public Instruction within three months of the completion of the project.

(b) On or before May 1 of each year, the Department of Public Instruction shall submit a report to the chairs of the Senate Appropriations Committee on Education/Higher Education, the chairs of the House Appropriations Committee on Education, and the Fiscal Research Division. The report shall contain at least all of the following information for the fiscal year:

(1) Number and description of projects awarded.
(2) Total cost of each project and amount supported by the Needs-Based Public School Capital Fund.
(3) Projections for local school administrative unit capital needs for the next 30 years based upon present conditions and estimated demographic changes.

b. Compute the percentage that the anticipated total county revenue availability per student is of the anticipated State average revenue availability per student and weight the resulting percentage by a factor of four-tenths.

c. Compute the percentage that the county-adjusted property tax base per square mile is of the State-adjusted property tax base per square mile and weight the resulting percentage by a factor of one-tenth.

d. Add the three weighted percentages to derive the county wealth as a percentage of the State average wealth.

If real property in a county has been revalued one year prior to the most recent sales assessment ratio study, a weighted average of the two most recent sales assessment ratios shall be used. If property has been revalued the year of the most recent sales assessment ratio study, the sales assessment ratio for the year of revaluation shall be used.

SECTION 7.3.(c) Eligibility for Funds. – Except as provided in subsection (g) of this section, the State Board of Education shall allocate these funds to local school administrative units located in whole or in part in counties in which the county wealth as a percentage of the State average wealth is less than one hundred percent (100%).

SECTION 7.3.(d) Allocation of Funds. – Except as provided in subsection (f) of this section, the amount received per average daily membership for a county shall be the difference
between the State average current expense appropriations per student and the current expense
appropriations per student that the county could provide given the county's wealth and an average
effort to fund public schools. To derive the current expense appropriations per student that the
county could be able to provide given the county's wealth and an average effort to fund public
schools, multiply the county's wealth as a percentage of State average wealth by the State average
current expense appropriations per student. The funds for the local school administrative units
located in whole or in part in the county shall be allocated to each local school administrative
unit located in whole or in part in the county based on the average daily membership of the

share of the funds appropriated for supplemental funding.

SECTION 7.3.(e) Formula for Distribution of Supplemental Funding Pursuant to
this Section Only. – The formula in this section is solely a basis for distribution of supplemental
funding for low-wealth counties and is not intended to reflect any measure of the adequacy of
the educational program or funding for public schools. The formula is also not intended to reflect
any commitment by the General Assembly to appropriate any additional supplemental funds for
low-wealth counties.

SECTION 7.3.(f) Minimum Effort Required. – A county shall receive full funding
under this section if the county (i) maintains an effective county tax rate that is at least one
hundred percent (100%) of the effective State average tax rate in the most recent year for which
data are available or (ii) maintains a county appropriation per student to the school local current
expense fund of at least one hundred percent (100%) of the current expense appropriations per
student to the school local current expense fund that the county could provide given the county's
wealth and an average effort to fund public schools. A county that maintains a county
appropriation per student to the school local current expense fund of less than one hundred
percent (100%) of the current expense appropriations per student to the school local current
expense fund that the county could provide given the county's wealth and an average effort to
fund public schools shall receive funding under this section at the same percentage that the
county's appropriation per student to the school local current expense fund is of the current
expense appropriations per student to the school local current expense fund that the county could
provide given the county's wealth and an average effort to fund public schools.

SECTION 7.3.(g) Nonsupplant Requirement. – A county in which a local school
administrative unit receives funds under this section shall use the funds to supplement local
current expense funds and shall not supplant local current expense funds. For the 2021-2023
fiscal biennium, the State Board of Education shall not allocate funds under this section to a
county found to have used these funds to supplant local per student current expense funds. The
State Board of Education shall make a finding that a county has used these funds to supplant
local current expense funds in the prior year, or the year for which the most recent data are
available, if all of the following criteria apply:

(1) The current expense appropriations per student of the county for the current
year is less than ninety-five percent (95%) of the average of local current
expense appropriations per student for the three prior fiscal years.

(2) The county cannot show (i) that it has remedied the deficiency in funding or
(ii) that extraordinary circumstances caused the county to supplant local
current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement the requirements of this
subsection.

SECTION 7.3.(h) Counties Containing a Base of the Armed Forces. –
Notwithstanding any other provision of this section, for the 2021-2023 fiscal biennium, counties

membership of more than 17,000 students shall receive whichever is the higher amount in each
fiscal year as follows: either the amount of supplemental funding the county received as a low-wealth county in the 2012-2013 fiscal year or the amount of supplemental funding the county is eligible to receive as a low-wealth county pursuant to the formula for distribution of supplemental funding under the other provisions of this section.

SECTION 7.3.(i) Funds for EVAAS Data. – Notwithstanding the requirements of subsection (a) of this section, local school administrative units may utilize funds allocated under this section to purchase services that allow for extraction of data from the Education Value-Added Assessment System (EVAAS).

Allotments for eligible local school administrative units under this subsection shall not be reduced by more than twenty percent (20%) of the amount received in fiscal year 2020-2021 in any fiscal year. A local school administrative unit shall not become ineligible for funding if either the highest of the first two months' total projected average daily membership for the current year or the higher of the first two months' total prior year average daily membership would otherwise have made the unit eligible for funds under the schedule in subsection (a) of this section.

SECTION 7.4.(c) Phase-Out Provision for the 2022-2023 Fiscal Year. – If a local school administrative unit becomes ineligible for funding under the schedule in subsection (a) of this section in the 2022-2023 fiscal year, funding for that unit shall be phased out over a five-year period. Funding shall be eliminated in the fifth fiscal year after the local school administrative unit becomes ineligible.
Allotments for eligible local school administrative units under this subsection shall not be reduced by more than twenty percent (20%) of the amount received in fiscal year 2021-2022 in any fiscal year. A local school administrative unit shall not become ineligible for funding if either the highest of the first two months' total projected average daily membership for the current year or the higher of the first two months' total prior year average daily membership would otherwise have made the unit eligible for funds under the schedule in subsection (a) of this section.

SECTION 7.4.(d) Nonsupplant Requirement for the 2021-2023 Fiscal Biennium. – A county in which a local school administrative unit receives funds under this section shall use the funds to supplement local current expense funds and shall not supplant local current expense funds. For the 2021-2023 fiscal biennium, the State Board of Education shall not allocate funds under this section to a county found to have used these funds to supplant local per student current expense funds. The State Board of Education shall make a finding that a county has used these funds to supplant local current expense funds in the prior year or the year for which the most recent data are available, if all of the following criteria apply:

(1) The current expense appropriation per student of the county for the current year is less than ninety-five percent (95%) of the average of local current expense appropriation per student for the three prior fiscal years.

(2) The county cannot show (i) that it has remedied the deficiency in funding or (ii) that extraordinary circumstances caused the county to supplant local current expense funds with funds allocated under this section.

The State Board of Education shall adopt rules to implement the requirements of this subsection.

This data shall be used exclusively for instructional and curriculum decisions made in the best interest of children and for professional development for their teachers and administrators.
SECTION 7.5. (b) Disadvantaged student supplemental funding (DSSF) shall be allotted to a local school administrative unit based on (i) the unit's eligible DSSF population and (ii) the difference between a teacher-to-student ratio of 1:21 and the following teacher-to-student ratios:

GIZELLA ABRAMSON HOLOCAUST EDUCATION ACT

SECTION 7.84.(a) The General Assembly finds that:

(1) Knowledge of the Holocaust is essential to provide students with the fundamental understanding of geography, history, and political systems necessary to make informed choices on issues that affect individuals, communities, states, and nations.

(2) On May 29, 2020, the United States Congress enacted into law the "Never Again Education Act" (P.L. 116-141) recognizing the importance of institutionalizing education about the events of the Holocaust and providing that "Holocaust education provides a context in which to learn about the danger of what can happen when hate goes unchallenged and there is indifference in the face of oppression of others; learning how and why the Holocaust happened is an important component of the education of citizens of the United States."

(3) The term "antisemitism" is defined in the Never Again Education Act as "a certain perception of Jews, which may be expressed as hatred toward Jews. Rhetorical and physical manifestations of antisemitism are directed toward Jewish or non-Jewish individuals or their property, toward Jewish community institutions and religious facilities."

(4) The term "Holocaust" is defined in the Never Again Education Act as "the systematic, bureaucratic, state-sponsored persecution and murder of 6,000,000 Jews by the Nazi regime and its allies and collaborators. During the era of the Holocaust, German authorities also targeted other groups because of their perceived "racial inferiority," such as Roma, the disabled, and Slavs. Other groups were persecuted on political, ideological, and behavioral grounds, among them Communists, Socialists, Jehovah's Witnesses, and homosexuals."

(5) "Holocaust denial and distortion" is defined in the Never Again Education Act as "discourse and propaganda that deny the historical reality and the extent of the extermination of the Jews by the Nazis and their accomplices during World War II, known as the Holocaust. Holocaust denial refers specifically to any attempt to claim that the Holocaust did not take place. Holocaust distortion refers to efforts to excuse or minimize the events of the Holocaust or its principal elements, including collaborators and allies of Nazi Germany, to blame the Jews for causing their own genocide, or to portray the Holocaust as a positive historical event."

(6) The Never Again Education Act recognizes "a national imperative to educate students in the United States so that they may explore the lessons that the Holocaust provides for all people, sensitize communities to the circumstances that gave rise to the Holocaust, and help youth to be less susceptible to the falsehood of Holocaust denial and distortion and to the destructive messages of hate that arise from Holocaust denial and distortion."

(7) While recognizing those states that by law require schools to teach students about the Holocaust, the Never Again Education Act finds that "more schools
and teachers, including those in underserved communities, can and should deliver quality Holocaust education."

(8) To that end, the Never Again Education Act provides for the development and dissemination of accurate, relevant, and accessible digital and other resources to promote understanding about how and why the Holocaust happened, along with the development, dissemination, and implementation of principles of sound pedagogy and best practices for educators for teaching about the Holocaust, and the encouragement of the adoption of resources supported by that Act into curricula across diverse disciplines to educate individuals on the lessons of the Holocaust as a means to raise awareness about the importance of preventing genocide, hate, and bigotry against any group of people.

SECTION 7.84.(b) Part 1 of Article 8 of Chapter 115C of the General Statutes is amended by adding a new section to read:

"§ 115C-81.57. Education on the Holocaust and genocide.

(a) This section shall be known and may be cited as the "Gizella Abramson Holocaust Education Act."

(b) The State Board of Education shall review the middle school and high school standard course of study and, in consultation and coordination with the North Carolina Council on the Holocaust and the North Carolina Center for the Advancement of Teaching, shall (i) integrate into English, social studies courses, and other courses, as appropriate, education on the Holocaust and genocide and (ii) develop a curriculum for a Holocaust Studies elective that may be offered in middle schools and high schools of local school administrative units.

(c) The Department of Public Instruction shall provide or cause to be provided curriculum content, and local boards of education shall provide or cause to be provided professional development to ensure that the intent and provisions of this section are effectively implemented. The North Carolina Council on the Holocaust and the North Carolina Center for the Advancement of Teaching may, in consultation with the Department of Public Instruction and local boards of education, provide curriculum content and professional development.

(d) The State Board of Education and the Department of Public Instruction shall review resources and programs developed pursuant to the Never Again Education Act (P.L. 116-141) in satisfying their obligations under this section.

(e) For any standards, curriculum content, professional development, or other materials developed pursuant to this section, the following terms shall be utilized and defined consistent with their definitions in section 3 of the Never Again Education Act (P.L. 116-141):

(1) Antisemitism.
(2) Holocaust.
(3) Holocaust denial and distortion."

SECTION 7.84.(c) This section is effective when it becomes law and applies beginning with the 2023-2024 school year.

Management of Aqueous Film-Forming Foams.

§ 58-82B-1. Findings.
The General Assembly finds that certain firefighting foams used to fight Class B fires, often
referred to as Aqueous Film-Forming Foams (AFFF), are critical for fire suppression and public
safety. However, because many AFFF could contain per- and poly-fluoroalkyl substances,
certain foams may require additional research, oversight, and management. The General
Assembly further finds that accurate and comprehensive reporting of the use of AFFF by fire
departments throughout the State is essential in order to appropriately manage the potential
impacts of AFFF on the environment and public health.

§ 58-82B-5. Reporting requirement.
Fire departments operated, regulated, or managed by one or more units of State and local
government, including those located at or serving public airports, in partnership with the Office
of the State Fire Marshal (OSFM), shall, no later than July 1, 2022, and annually thereafter, do
all of the following:
(1) Provide an inventory of all AFFF at each department.

(2) Identify all AFFF no longer utilized at each department that should be properly disposed of.

(3) Report annually in summary form and within 15 days individually every incident where AFFF were deployed. Both the annual summary report and the individual incident reports shall utilize the online portal created as directed by G.S. 58-82B-10.

The Office of the State Fire Marshal (OSFM) shall do all of the following:

(1) Educate and inform every fire department it regulates of the reporting requirements imposed by this Article.

(2) Assist the North Carolina Collaboratory, established under G.S. 116-255, in the development of an online reporting portal for fire departments operated, regulated, or managed by one or more units of State and local government, including those located at or serving public airports, with the requirements of this Article.

(3) Adopt rules to implement the requirements of this Article. OSFM may adopt temporary rules and shall adopt permanent rules no later than January 1, 2023.

The Office of the State Fire Marshal (OSFM) shall report annually to the Environmental Review Commission no later than September 1 of each year on the utilization and inventory of AFFF by fire departments across the State during the previous fiscal year based on the reporting requirements of this Article."

SECTION 8.10.(i) The Collaboratory, in partnership with the Office of the State Fire Marshal (OSFM) and any unit of State and local government deemed relevant by the Collaboratory, shall develop and maintain the online reporting portal as required by G.S. 58-82B-10, as enacted by subsection (h) of this section, and G.S. 116-255(b)(6), as enacted by Section 8.8 of this act. The portal shall consist of an online reporting tool and related database that captures the storage and deployment of Aqueous Film-Forming Foams (AFFF) by fire departments in the State that are operated, managed, or overseen by units of local government, including those located at or serving public airports. The reporting tool shall be easily accessible to firefighters and fire department personnel to upload the data. The required inventory data shall include, at a minimum, the following:

(5) The volume of AFFF used by each fire department annually, including all of the following:
   a. The date, time, and location, including street address and GPS coordinates, where AFFF was deployed, and the trade name and CAS number of the AFFF used.
   b. The total volume of AFFF deployed, including gallons of foam and gallons of water and total concentration of foam.
c. The reason for the deployment of AFFF, such as firefighting, fire prevention, other emergency response actions intended to protect property or public safety, training, or an accidental spill.

(6) A photograph of the label and the container of the foam. For the purpose of this subdivision, a photograph includes an electronic image produced by the camera of an electronic device.

(7) Any other data deemed relevant by the Collaboratory to establish a statewide inventory of AFFF used for fighting fires or firefighter training.

OSFM and all units of local government shall provide any information or assistance requested by the Collaboratory to acquire, compile, manage, interpret, and maintain the data required by this section. The tool and database required by this section shall be online and operational no later than January 1, 2023.

(2) Work with the entities identified under subsection (b) of this section to permit the wastewater systems meeting the standards for highly treated wastewater set forth in subsection (a) of this section. The system must be consistent with the action plan developed by the entities as set forth in G.S. 159G-45(b)(3).

SECTION 8.26.(d) No later than December 1, 2024, the Collaboratory, with the assistance of the Department of Environmental Quality, shall provide a report to the Environmental Management Commission and the Environmental Review Commission evaluating the systems permitted under the pilot program established in this section. The report
shall assess the effectiveness of these systems compared to the systems previously operated by
the local government, sanitary district, or public authority, along with suggestions for further
legislation and rulemaking necessary to support the adoption of highly treated wastewater
systems.

SECTION 8.26.(e) The Commission for Public Health shall adopt temporary and
permanent rules to provide for approval of treatment system applications for use in the State and
create benefits for systems producing higher wastewater treatment levels that are proportional
and graduated. These rules shall include, at a minimum, the following:

(1) Subject to the requirements of subdivision (4) of this subsection, applications
for provisional wastewater systems, as defined in G.S. 130A-343(a)(7), from
manufacturers of wastewater systems with certification and listing for one or
more years from a nationally recognized certification body, as defined in
G.S. 130A-343(a)(6), shall be approved within 45 days of receipt of a
complete application. The proposed wastewater system listed in the
application shall be identical in design and features to the wastewater system
certified and listed by the nationally recognized certification body.

(2) Subject to the requirements of subdivision (4) of this subsection, applications
for proposed wastewater systems without certification and listing from a
nationally recognized certification body, as defined in G.S. 130A-343(a)(6),
shall be approved as provisional and shall allow the issuance of a maximum
of 200 improvement permits and authorizations for wastewater system
construction.

(3) Subject to the requirements of subdivision (4) of this subsection, applications
for innovative status of a wastewater system shall be approved (i) after two
years of certification and listing by a nationally recognized certification body
and one year of field data in this State or other states or countries approved by
DHHS or (ii) if not listed by a nationally recognized body, after completion
of provisional status requirements in accordance with G.S. 130A-343(f). For
systems receiving innovative status as a result of receiving national
certification, those systems shall be identical to the system certified and listed
by the nationally recognized certification body and identical to the systems
installed in this State and approved by DHHS or other states or countries.

(4) Applications for wastewater systems and dispersal products received after the
effective date of this subsection shall demonstrate structural integrity,
including subjecting the trench system to axle load of 16,000 pounds when
covered with 12 inches of compacted soil and 4,000 pounds when covered
with 6 inches of compacted soil without breakage, collapse, fracture, or
compression that prevents the downline distribution of wastewater.
Wastewater treatment devices with identifying surface or above grade access
for operation and maintenance shall be excluded from load testing when
installed and backfilled in accordance with the rules or the product approval.

(5) Wastewater systems found by DHHS to meet standards for reclaimed water
based on (i) field demonstrations over a two-year period in this State or other
states approved by DHHS that the system meets reclaimed water standards or
(ii) certification and listing by a nationally recognized body, such as the
National Sanitation Foundation Standard 350, shall be approved for designs
that eliminate repair area rules in Type I soils. Elimination of repair areas shall
be considered for domestic strength wastewater only. Systems permitted
without repair area under this subsection shall be classified by DHHS as a
Type VI(b) system under DHHS rules and shall be inspected no less than 12
times per year.
(6) Vertical and horizontal restrictions to property lines and limiting conditions for systems approved under this subsection shall be reduced proportionally to the graduated increases in wastewater quality.

SECTION 8.26.(f) The Commission for Public Health and the Department of Health and Human Services shall report quarterly on their implementation of subsection (d) of this section beginning no later than May 1, 2022, and shall continue quarterly reporting until rulemaking activities required by this section have been completed.

SECTION 8.26.(g) This section is effective when it becomes law. Funds allocated by this section that are not spent or encumbered by June 30, 2024, shall revert to the Wastewater Reserve to be used for any of the purposes authorized in G.S. 159G-32(b).

"Part 6. Tuition Grant for High School Graduates of the North Carolina School of Science and Mathematics and the University of North Carolina School of the Arts.

§ 116-209.90. Tuition grants for graduates to attend a constituent institution.
(a) Within the funds available, a high school graduate from the North Carolina School of Science and Mathematics (NCSSM) or the University of North Carolina School of the Arts (UNCSA) in each school year who meets the following conditions shall be eligible for a tuition grant awarded under this Part:
(1) Is a resident for tuition purposes under the criteria set forth in G.S. 116-143.1 and in accordance with the coordinated and centralized residency determination process administered by the Authority.
(2) Enrolls as a full-time student in a constituent institution of The University of North Carolina in the next academic year after graduation.
(b) Students who receive initial tuition grants as a cohort of a high school graduating class of NCSSM or UNCSA shall also be eligible to apply for tuition grants for subsequent academic years for up to a total of four academic years. A student must be continuously enrolled in a constituent institution of The University of North Carolina after the award of the initial tuition grant to be eligible for tuition grants in subsequent academic years. The Authority shall have the discretion to waive this requirement if the student is able to demonstrate that any of the following have substantially disrupted or interrupted the student's pursuit of a degree: (i) a military service obligation, (ii) serious medical debilitation, (iii) a short-term or long-term disability, or (iv) other extraordinary hardship.
The amount of the tuition grant to each graduate shall be determined and distributed as provided in G.S. 116-209.91.

§ 116-209.91. Administration of tuition grants.
(a) The Authority shall administer the tuition grants provided for in this Part pursuant to guidelines and procedures established by the Authority consistent with its practices for administering State-funded financial aid. The guidelines and procedures shall include an application process and schedule, notification and disbursement procedures, standards for reporting, and standards for return of tuition grants when a student withdraws. The Authority shall not approve any grant until it receives proper certification from the appropriate constituent institution that the student applying for the grant is an eligible student. Upon receipt of the certification, the Authority shall remit, at the times it prescribes, the tuition grant to the constituent institution on behalf, and to the credit, of the student. In the event a student on whose behalf a tuition grant has been paid is not enrolled and carrying a minimum academic load as of the tenth classroom day following the beginning of the school term for which the tuition grant was paid, the constituent institution shall refund the full amount of the tuition grant to the Authority.
(b) Except as otherwise provided in this section, the amount of the grant awarded to a student shall cover the tuition cost at the constituent institution in which the student is enrolled. No tuition grant awarded to a student under this section shall exceed the cost of attendance at a constituent institution for which the student is enrolled.
(c) If a student, who is eligible for a tuition grant under this section, also receives a scholarship or other grant covering the cost of attendance at the constituent institution for which the tuition grant is awarded, then the amount of the tuition grant shall be reduced by an appropriate amount determined by the Authority so that the total amount of scholarships and grants received by the student does not exceed the cost of attendance for the institution. The cost of attendance shall be determined by the Authority for each constituent institution.
(d) In the event there are not sufficient funds to provide each eligible student who has applied in accordance with the application process and the schedule established by the Authority with a full tuition grant as provided by this Part, each eligible student shall receive a pro rata share of funds available for the academic year covered by the appropriation in the preceding fiscal year.
(e) The Authority may use up to five percent (5%) of the funds appropriated each year for tuition grants under this Part for administrative costs.

SECTION 8A.1.(b) It is the intent of the General Assembly to appropriate the following additional funds for the purpose of awarding tuition grants for future high school graduating classes of the North Carolina School of Science and Mathematics (NCSSM), including students graduating from the Morganton campus of NCSSM, and the University of North Carolina School of the Arts:

SECTION 9C.1.(c) Building Standards. – Notwithstanding G.S. 110-91(4), private child care facilities and public schools operating NC Pre-K classrooms shall meet the building standards for preschool students as provided in G.S. 115C-521.1.

It is the intent of the General Assembly that funds allocated pursuant to this section be used to increase the salaries of teachers working in child care centers as a means to address disparities in teacher salaries among teachers working in child care centers versus those working in public schools or Head Start centers.

CHILD CARE SUBSIDY RATES

SECTION 9C.4.(a) The maximum gross annual income for initial eligibility, adjusted annually, for subsidized child care services shall be determined based on a percentage of the federal poverty level as follows:

<table>
<thead>
<tr>
<th>AGE</th>
<th>INCOME PERCENTAGE LEVEL</th>
</tr>
</thead>
<tbody>
<tr>
<td>0 – 5</td>
<td>200%</td>
</tr>
<tr>
<td>6 – 12</td>
<td>133%</td>
</tr>
</tbody>
</table>
The eligibility for any child with special needs, including a child who is 13 years of age or older, shall be two hundred percent (200%) of the federal poverty level.

SECTION 9C.4.(b) Fees for families who are required to share in the cost of care are established based on ten percent (10%) of gross family income. When care is received at the blended rate, the copayment shall be eighty-three percent (83%) of the full-time copayment. Copayments for part-time care shall be seventy-five percent (75%) of the full-time copayment.

SECTION 9C.4.(c) Payments for the purchase of child care services for low-income children shall be in accordance with the following requirements:
(1) Religious sponsored child care facilities operating pursuant to G.S. 110-106 and licensed child care centers and homes that meet the minimum licensing standards that are participating in the subsidized child care program shall be paid the one-star county market rate or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (f) of this section.
(2) Licensed child care centers and homes with two or more stars shall receive the market rate for that rated license level for that age group or the rate they charge privately paying parents, whichever is lower, unless prohibited by subsection (g) of this section.
(3) No payments shall be made for transportation services charged by child care facilities.
(4) Payments for subsidized child care services for postsecondary education shall be limited to a maximum of 20 months of enrollment. This shall not be determined before a family's annual recertification period.
(5) The Department of Health and Human Services shall implement necessary rule changes to restructure services, including, but not limited to, targeting benefits to employment.

SECTION 9C.4.(d) Provisions of payment rates for child care providers in counties that do not have at least 50 children in each age group for center-based and home-based care are as follows:
(1) Except as applicable in subdivision (2) of this subsection, payment rates shall be set at the statewide or regional market rate for licensed child care centers and homes.
(2) If it can be demonstrated that the application of the statewide or regional market rate to a county with fewer than 50 children in each age group is lower than the county market rate and would inhibit the ability of the county to purchase child care for low-income children, then the county market rate may be applied.

SECTION 9C.4.(e) A market rate shall be calculated for child care centers and homes at each rated license level for each county and for each age group or age category of enrollees and shall be representative of fees charged to parents for each age group of enrollees within the county. The Division of Child Development and Early Education shall also calculate a statewide rate and regional market rate for each rated license level for each age category.

SECTION 9C.4.(f) The Division of Child Development and Early Education shall continue implementing policies that improve the quality of child care for subsidized children, including a policy in which child care subsidies are paid, to the extent possible, for child care in the higher quality centers and homes only. The Division shall define higher quality, and subsidy funds shall not be paid for one- or two-star-rated facilities. For those counties with an inadequate number of four- and five-star-rated facilities, the Division shall continue a transition period that allows the facilities to continue to receive subsidy funds while the facilities work on the increased star ratings. The Division may allow exemptions in counties where there is an inadequate number of four- and five-star-rated facilities for non-star-rated programs, such as religious programs.
SECTION 9C.4.(g) Facilities licensed pursuant to Article 7 of Chapter 110 of the General Statutes and facilities operated pursuant to G.S. 110-106 may participate in the program that provides for the purchase of care in child care facilities for minor children of needy families. Except as authorized by subsection (f) of this section, no separate licensing requirements shall be used to select facilities to participate. In addition, child care facilities shall be required to meet any additional applicable requirements of federal law or regulations. Child care arrangements exempt from State regulation pursuant to Article 7 of Chapter 110 of the General Statutes shall meet the requirements established by other State law and by the Social Services Commission.

County departments of social services or other local contracting agencies shall not use a provider's failure to comply with requirements in addition to those specified in this subsection as a condition for reducing the provider's subsidized child care rate.

SECTION 9C.4.(h) Payment for subsidized child care services provided with Temporary Assistance for Needy Families Block Grant funds shall comply with all regulations and policies issued by the Division of Child Development and Early Education for the subsidized child care program.

SECTION 9C.4.(i) Noncitizen families who reside in this State legally shall be eligible for child care subsidies if all other conditions of eligibility are met. If all other conditions of eligibility are met, noncitizen families who reside in this State illegally shall be eligible for child care subsidies only if at least one of the following conditions is met:

1. The child for whom a child care subsidy is sought is receiving child protective services or foster care services.
2. The child for whom a child care subsidy is sought is developmentally delayed or at risk of being developmentally delayed.
3. The child for whom a child care subsidy is sought is a citizen of the United States.

SECTION 9C.4.(j) The Department of Health and Human Services, Division of Child Development and Early Education, shall require all county departments of social services to include on any forms used to determine eligibility for child care subsidy whether the family waiting for subsidy is receiving assistance through the NC Pre-K Program or Head Start.

SECTION 9C.4.(k) Department of Defense–certified child care facilities licensed pursuant to G.S. 110-106.2 may participate in the State-subsidized child care program that provides for the purchase of care in child care facilities for minor children in needy families, provided that funds allocated from the State-subsidized child care program to Department of Defense–certified child care facilities shall supplement and not supplant funds allocated in accordance with G.S. 143B-168.15(g). Payment rates and fees for military families who choose Department of Defense–certified child care facilities and who are eligible to receive subsidized child care shall be as set forth in this section.

CHILD CARE ALLOCATION FORMULA

SECTION 9C.5.(a) The Department of Health and Human Services, Division of Child Development and Early Education (Division), shall allocate child care subsidy voucher funds to pay the costs of necessary child care for minor children of needy families. The mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation under G.S. 143B-168.15(g) shall constitute the base amount for each county's child care subsidy allocation. The Department of Health and Human Services shall use the following method when allocating federal and State child care funds, not including the aggregate mandatory thirty percent (30%) North Carolina Partnership for Children, Inc., subsidy allocation:

1. Funds shall be allocated to a county based upon the projected cost of serving children under age 11 in families with all parents working who earn less than the applicable federal poverty level percentage set forth in Section 9C.4(a) of this act.
(2) The Division may withhold up to two percent (2%) of available funds from the allocation formula for (i) preventing termination of services throughout the fiscal year and (ii) repayment of any federal funds identified by counties as overpayments, including overpayments due to fraud. The Division shall allocate to counties any funds withheld before the end of the fiscal year when the Division determines the funds are not needed for the purposes described in this subdivision. The Division shall submit a report to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division, which report shall include each of the following:

a. The amount of funds used for preventing termination of services and the repayment of any federal funds.
b. The date the remaining funds were distributed to counties.
c. As a result of funds withheld under this subdivision and after funds have been distributed, any counties that did not receive at least the amount the counties received the previous year and the amount by which funds were decreased.

The Division shall submit a report in each year of the 2021-2023 fiscal biennium 30 days after the funds withheld pursuant to this subdivision are distributed but no later than April 1 of each respective year.

(3) The Division shall set aside four percent (4%) of child care subsidy allocations for vulnerable populations, which include a child identified as having special needs and a child whose application for assistance indicates that the child and the child's family is experiencing homelessness or is in a temporary living situation. A child identified by this subdivision shall be given priority for receiving services until such time as set-aside allocations for vulnerable populations are exhausted.

SECTION 9C.5.(b) The Division may reallocate unused child care subsidy voucher funds in order to meet the child care needs of low-income families. Any reallocation of funds shall be based upon the expenditures of all child care subsidy voucher funding, including North Carolina Partnership for Children, Inc., funds within a county. Counties shall manage service levels within the funds allocated to the counties. A county with a spending coefficient over one hundred percent (100%) shall submit a plan to the Division for managing the county's allocation before receiving any reallocated funds.

SECTION 9C.5.(c) When implementing the formula under subsection (a) of this section, the Division shall include the market rate increase in the formula process rather than calculating the increases outside of the formula process. Additionally, the Department shall do the following:

(1) Deem a county's initial allocation as the county's expenditure in the previous fiscal year or a prorated share of the county's previous fiscal year expenditures if sufficient funds are not available.
(2) Effective immediately following the next new decennial census data release, implement (i) one-third of the change in a county's allocation in the year following the data release, (ii) an additional one-third of the change in a county's allocation beginning two years after the initial change under this subdivision, and (iii) the final one-third change in a county's allocation beginning the following two years thereafter.

For purposes of this subsection, administrative costs shall include costs associated with partnership oversight, business and financial management, general accounting, human resources, budgeting, purchasing, contracting, and information systems management. The North Carolina Partnership for Children, Inc., shall continue using a single statewide contract management system that incorporates features of the required standard fiscal accountability plan described in G.S. 143B-168.12(a)(4). All local partnerships are required to participate in the contract management system and, directed by the North Carolina Partnership for Children, Inc., to collaborate, to the fullest extent possible, with other local partnerships to increase efficiency and effectiveness.

SECTION 9C.6.(c) Salaries. – The salary schedule developed and implemented by the North Carolina Partnership for Children, Inc., shall set the maximum amount of State funds that may be used for the salary of the Executive Director of the North Carolina Partnership for Children, Inc., and the directors of the local partnerships. The North Carolina Partnership for Children, Inc., shall base the schedule on the following criteria:

1. The population of the area serviced by a local partnership.
2. The amount of State funds administered.
3. The amount of total funds administered.
4. The professional experience of the individual to be compensated.
5. Any other relevant factors pertaining to salary, as determined by the North Carolina Partnership for Children, Inc.

The salary schedule shall be used only to determine the maximum amount of State funds that may be used for compensation. Nothing in this subsection shall be construed to prohibit a local partnership from using non-State funds to supplement an individual’s salary in excess of the amount set by the salary schedule established under this subsection.

SECTION 9C.6.(d) Match Requirements. – The North Carolina Partnership for Children, Inc., and all local partnerships shall, in the aggregate, be required to match one hundred percent (100%) of the total amount budgeted for the program in each fiscal year of the 2021-2023 biennium. Of the funds that the North Carolina Partnership for Children, Inc., and the local partnerships are required to match, contributions of cash shall be equal to at least thirteen percent (13%) and in-kind donated resources shall be equal to no more than six percent (6%) for a total match requirement of nineteen percent (19%) for each year of the 2021-2023 fiscal biennium. The North Carolina Partnership for Children, Inc., may carry forward any amount in excess of the required match for a fiscal year in order to meet the match requirement of the succeeding fiscal year. Only in-kind contributions that are quantifiable shall be applied to the in-kind match requirement. Volunteer services may be treated as an in-kind contribution for the purpose of the match requirement of this subsection. Volunteer services that qualify as professional services shall be valued at the fair market value of those services. All other volunteer service hours shall be valued at the statewide average wage rate as calculated from data compiled by the Division of Employment Security of the Department of Commerce in the Employment and Wages in North Carolina Annual Report for the most recent period for which data are available. Expenses,
including both those paid by cash and in-kind contributions, incurred by other participating
non-State entities contracting with the North Carolina Partnership for Children, Inc., or the local
partnerships also may be considered resources available to meet the required private match. In
order to qualify to meet the required private match, the expenses shall:

(2) If in-kind, other than volunteer services, be quantifiable in accordance with
generally accepted accounting principles for nonprofit organizations.

activities.

(5) Be incurred as a direct result of the Early Childhood Initiatives Program and

(7) Be required and described in the contractual agreements approved by the
North Carolina Partnership for Children, Inc., or the local partnership.

(8) Be reported to the North Carolina Partnership for Children, Inc., or the local
partnership by the contractor in the same manner as reimbursable expenses.

Failure to obtain a nineteen-percent (19%) match by June 30 of each year of the 2021-2023 fiscal biennium shall result in a dollar-for-dollar reduction in the appropriation for the Program for a subsequent fiscal year. **INCREASE RATES TO ICFS FOR DIRECT CARE WORKER WAGE INCREASES**

**SECTION 9D.15.(a)** It is the intent of the General Assembly to assist in increasing the hourly wages of direct care workers in this State to a minimum of fifteen dollars ($15.00) per hour. To that end, the Department of Health and Human Services, Division of Health Benefits (DHB), shall provide a rate increase to intermediate care facilities for individuals with intellectual disabilities (ICF/IIDs), including ICF/IID-level group homes, enrolled in the Medicaid or NC Health Choice program. This rate increase shall be effective on the date approved by the Centers for Medicare and Medicaid Services. Any provider receiving a rate increase under this section shall be required to use at least eighty percent (80%) of the funding that results from that rate increase to increase the rate of pay paid to its direct care employees. This wage increase shall be provided in addition to the rate of pay each employee was receiving as of October 1, 2021. DHB shall determine the amount of the rate increase under this section and the definition of direct care worker to be applied.

These capitation rate adjustments shall include amounts sufficient to implement the same rate increase for providers paid by the LME/MCO or PHP as paid to providers under the Medicaid fee-for-service program, and all LME/MCOs and PHPs shall be required to implement that rate increase. Providers receiving a rate increase under this section shall be subject to the requirements of this section whether paid by an LME/MCO, PHP, or DHB.

**SECTION 9D.15.(c)** Prior to receiving the rate increase under this section, all ICF/IID providers shall attest and provide verification to DHB, or to the relevant LME/MCO or
PHP, that at least eighty percent (80%) of the funding that results from that rate increase is being used to increase the rate of pay paid to its direct care employees. DHB shall set the standards for documentation that shall be required as verification that the provider used the rate increase in the manner required by this section, and LME/MCOs and PHPs shall use these same standards at a minimum. DHB, LME/MCOs, and PHPs may require verifiable methods of accounting, such as payroll-based journals. Providers receiving a rate increase under this section shall keep documentation of the use of that rate increase and make the documentation available upon request by DHB or by the relevant LME/MCO or PHP.

SECTION 9D.15.(d) In addition to other allowable reasons for recoupment of funds, DHB may recoup part or all of the funds related to the rate increase received by a provider pursuant to this section if DHB determines that the provider did not use at least eighty percent (80%) of the funding that results from that rate increase to increase the rate of pay paid to its direct care employees.

SECTION 9D.15.(e) This section is effective when it becomes law.

TEMPORARY ADDITIONAL FUNDING ASSISTANCE FOR INTERMEDIATE CARE FACILITIES FOR INDIVIDUALS WITH INTELLECTUAL DISABILITIES

SECTION 9F.13. Of the funds appropriated in this act from the State Fiscal Recovery Fund to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, the sum of twelve million six hundred thousand dollars ($12,600,000) in nonrecurring funds for the 2021-2022 fiscal year shall be used to distribute a one-time payment to each local management entity/managed care organization (LME/MCO) for the purposes of providing temporary additional funding assistance for intermediate care facilities for individuals with intellectual disabilities (ICF/IID) on a per diem basis to assist with additional costs to these facilities incurred due to the COVID-19 public health emergency.

GROUP HOME STABILIZATION AND TRANSITION INITIATIVE

SECTION 9F.14.(a) Of the funds appropriated to the Department of Health and Human Services, Division of Mental Health, Developmental Disabilities, and Substance Abuse Services, the sum of ten million dollars ($10,000,000) in recurring funds for each year of the 2021-2023 fiscal biennium shall be used for the following purposes only:

1. Incentivizing local management entities/managed care organizations (LME/MCOs) to develop and implement new "in-lieu-of" services, or other Medicaid-funded services, to support the residential needs of Medicaid recipients living in licensed, community-based group homes.

2. Establishing new rate models and rate methodologies to replace the currently inadequate and insufficient State-funded rates supporting residents of licensed, community-based group homes. The Department of Health and Human Services (DHHS) shall identify any vacant beds and eligible individuals to fill those beds under the new rate models and rate methodologies and assist with the orderly transition of the eligible individuals into the vacant beds.

3. Increasing the existing per member per month payments to LME/MCOs to quickly enable and facilitate the transition to a more appropriate and sustainable service-funding model for licensed, community-based group homes by July 1, 2022. Funds expended under this subdivision shall be allocated in per person amounts, to be determined by DHHS, to individuals with intellectual or other developmental disabilities who received State funding prior to July 1, 2022, and who reside in licensed, community-based group homes for eligible individuals with intellectual and other developmental disabilities.

4. Continuing the existing rate structure at the per person amounts for the 2021-2023 biennium to offset the loss of bridge funds and maintain the current financial conditions of licensed, community-based group homes that serve children or adults whose primary diagnosis is mental illness or an intellectual or developmental disability.

Group homes with only residents who are supported by the North Carolina Innovations waiver are not eligible to receive any funding under this subsection.

SECTION 9F.14.(b) DHHS shall develop a more appropriate and sustainable service model for residents of licensed, community-based group homes. In developing this service model, DHHS shall do all of the following:
In cooperation with stakeholders and LME/MCOs, develop actuarially sound, needs-based rate models and rate methodologies for new "in-lieu-of" services, or other Medicaid-funded services, that will be specific to the residential support services needed in group homes serving Medicaid recipients with intellectual or other developmental disabilities and to residential support services needed in group homes serving Medicaid recipients with a primary diagnosis of mental illness. The rate methodologies shall be comparable to, or a percentage of, existing rates for similar services currently provided through the North Carolina Innovations waiver. The new rate structures shall include wage and hour increases for direct support personnel working in these group homes.

In cooperation with stakeholders and LME/MCOs, develop new model service definitions specific to the residential support services needed by Medicaid recipients with mental health needs living in licensed, community-based group homes. The new service definitions shall require the delivery of new habilitation or rehabilitation support services in the residential setting.

Develop a process whereby all, or a portion of, the State funds used to support Medicaid recipients with mental illness or intellectual or other developmental disabilities living in licensed, community-based group homes prior to the implementation of the new rate structure are used for the new "in-lieu-of" services or other Medicaid services developed pursuant to this subsection. The policy shall ensure an orderly home-by-home transition process. The policy shall ensure that residents who are found to be ineligible for Medicaid services or who do not meet medical necessity criteria for the new "in-lieu-of" services, or other Medicaid-funded services, shall continue to be served using State funds at a need-based rate comparable to the North Carolina Innovations waiver rate. No resident shall be displaced as a result of being found ineligible for Medicaid services after the implementation of the new "in-lieu-of" services or other Medicaid-funded services. DHHS may use a regional phased-in approach to achieve the goals set forth in this subdivision.

Include a plan to direct LME/MCOs to (i) implement "in-lieu-of" services or other Medicaid-funded services for all eligible residents with mental illness or intellectual or other developmental disabilities living in licensed, community-based group homes receiving State funds and (ii) transition eligible residents to these more sustainable and appropriate Medicaid services.

No later than March 1, 2022, report to the Joint Legislative Oversight Committee on Health and Human Services and the Joint Legislative Oversight Committee on Medicaid and NC Health Choice on the service model for residents of licensed, community-based group homes that has been developed.

The more appropriate and sustainable service model for residents of licensed, community-based group homes developed in accordance with subsection (b) of this section shall be implemented by July 1, 2022. Once the model is implemented, the State funds that were used to support residents of licensed, community-based group homes prior to implementation shall be reinvested in their entirety in both the new funding model and increased rates to support and equalize wages of direct support personnel serving the residents.

The funds appropriated in this act from the State Fiscal Recovery Fund to the Department of Health and Human Services, Division of Mental Health,
Developmental Disabilities, and Substance Abuse Services (DMH/DD/SAS), the sum of twenty-five million dollars ($25,000,000) in nonrecurring funds for the 2021-2022 fiscal year is to be allocated, in a manner determined by DMH/DD/SAS, to Forsyth and Mecklenburg Counties to be used for each county's crisis behavioral health program partnership with the applicable county's local hospital system, local behavioral health crisis centers, local emergency services providers, and the local management entities/managed care organizations (LME/MCOs) serving the county. These crisis behavioral health programs shall continue to aid in assisting individuals who are experiencing a behavioral health crisis by diverting the individuals from the local hospitals, which are under pressure from the COVID-19 pandemic, to more appropriate settings to address those individuals' needs.

EXEMPT CERTAIN EMPLOYEES OF THE DIVISION OF STATE OPERATED HEALTHCARE FACILITIES FROM MOST PROVISIONS OF THE NC HUMAN RESOURCES ACT

FEDERAL CHILD SUPPORT INCENTIVE PAYMENTS

SECTION 9I.7.(a) Centralized Services. – The North Carolina Child Support
Services Section (NCCSS) of the Department of Health and Human Services, Division of Social
Services, shall retain up to fifteen percent (15%) of the annual federal incentive payments it
receives from the federal government to enhance centralized child support services. To
accomplish this requirement, NCCSS shall do the following:

(1) In consultation with representatives from county child support services
programs, identify how federal incentive funding could improve centralized
services.

(2) Use federal incentive funds to improve the effectiveness of the State's
centralized child support services by supplementing and not supplanting State
expenditures for those services.

(3) Continue to develop and implement rules that explain the State process for
calculating and distributing federal incentive funding to county child support
services programs.

SECTION 9I.7.(b) County Child Support Services Programs. – NCCSS shall
allocate no less than eighty-five percent (85%) of the annual federal incentive payments it
receives from the federal government to county child support services programs to improve
effectiveness and efficiency using the federal performance measures. To that end, NCCSS shall
do the following:

(1) In consultation with representatives from county child support services
programs, examine the current methodology for distributing federal incentive
funding to the county programs and determine whether an alternative formula
would be appropriate. NCCSS shall use its current formula for distributing
federal incentive funding until an alternative formula is adopted.

(2) Upon adopting an alternative formula, develop a process to phase in the
alternative formula for distributing federal incentive funding over a four-year
period.

SECTION 9I.7.(c) Reporting by County Child Support Services Programs. – NCCSS shall
continue implementing guidelines that identify appropriate uses for federal
incentive funding. To ensure those guidelines are properly followed, NCCSS shall require county
child support services programs to comply with each of the following:

(1) Submit an annual plan describing how federal incentive funding would
improve program effectiveness and efficiency as a condition of receiving
federal incentive funding.

(2) Report annually on the following: (i) how federal incentive funding has
improved program effectiveness and efficiency and been reinvested into their
programs, (ii) provide documentation that the funds were spent according to their annual plans, and (iii) explain any deviations from their plans.

SECTION 9I.7.(d) Reporting by NCCSS. – NCCSS shall submit a report on federal child support incentive funding to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal Research Division by November 1 of each year. The report shall describe how federal incentive funds enhanced centralized child support services to benefit county child support services programs and improved the effectiveness and efficiency of county child support services programs. The report shall further include any changes to the State process the NCCSS used in calculating and distributing federal incentive funding to county child support services programs and any recommendations for further changes.

SUCCESSFUL TRANSITION/FOSTER CARE YOUTH

SECTION 9I.8.(a) The Foster Care Transitional Living Initiative Fund shall continue to fund and support transitional living services that demonstrate positive outcomes for youth, attract significant private sector funding, and lead to the development of evidence-based programs to serve the at-risk population described in this section. The Fund shall continue to support a demonstration project with services provided by Youth Villages to (i) improve outcomes for youth ages 17-21 years who transition from foster care through implementation of outcome-based Transitional Living Services, (ii) identify cost-savings in social services and juvenile and adult correction services associated with the provision of Transitional Living Services to youth aging out of foster care, and (iii) take necessary steps to establish an evidence-based transitional living program available to all youth aging out of foster care. In continuing to implement these goals, the Foster Care Transitional Living Initiative Fund shall support the following strategies:

1. Transitional Living Services, which is an outcome-based program that follows the Youth Villages Transitional Living Model. Outcomes on more than 7,000 participants have been tracked since the program's inception. The program has been evaluated through an independent randomized controlled trial. Results indicate that the Youth Villages Transitional Living Model had positive impacts in a variety of areas, including housing stability, earnings, economic hardship, mental health, and intimate partner violence in comparison to the control population.

2. Public-Private Partnership, which is a commitment by private-sector funding partners to match at least twenty-five percent (25%) of the funds appropriated to the Foster Care Transitional Living Initiative Fund for the 2021-2023 fiscal biennium for the purposes of providing Transitional Living Services through the Youth Villages Transitional Living Model to youth aging out of foster care.

3. Impact Measurement and Evaluation, which are services funded through private partners to provide independent measurement and evaluation of the impact the Youth Villages Transitional Living Model has on the youth served, the foster care system, and on other programs and services provided by the State which are utilized by former foster care youth.

4. Advancement of Evidence-Based Process, which is the implementation and ongoing evaluation of the Youth Villages Transitional Living Model for the purposes of establishing the first evidence-based transitional living program in the nation. To establish the evidence-based program, additional randomized controlled trials may be conducted to advance the model.

### GENERAL PROVISIONS

**SECTION 9L.1.(b)** Information to Be Included in Block Grant Plans. – The Department of Health and Human Services shall submit a separate plan for each Block Grant received and administered by the Department, and each plan shall include the following:

1. A delineation of the proposed allocations by program or activity, including State and federal match requirements.
2. A delineation of the proposed State and local administrative expenditures.
3. An identification of all new positions to be established through the Block Grant, including permanent, temporary, and time-limited positions.
4. A comparison of the proposed allocations by program or activity with two prior years' program and activity budgets and two prior years' actual program or activity expenditures.
5. A projection of current year expenditures by program or activity.
6. A projection of federal Block Grant funds available, including unspent federal funds from the current and prior fiscal years.
7. The required amount of maintenance of effort and the amount of funds qualifying for maintenance of effort in the previous year delineated by program or activity.

**SECTION 9L.1.(c)** Changes in Federal Fund Availability. – If the Congress of the United States increases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this act, the Department shall allocate the increase proportionally across the program and activity appropriations identified for that Block Grant in this section. In allocating an increase in federal fund availability, the Office of State Budget and Management shall not approve funding for new programs or activities not appropriated in this act.

If the Congress of the United States decreases the federal fund availability for any of the Block Grants or contingency funds and other grants related to existing Block Grants administered by the Department of Health and Human Services from the amounts appropriated in this act, the Department shall develop a plan to adjust the Block Grants based on reduced federal funding.

Notwithstanding the provisions of this subsection, for fiscal years 2021-2022 and 2022-2023, increases in the federal fund availability for the Temporary Assistance to Needy Families (TANF) Block Grant shall be used only for the North Carolina Child Care Subsidy...
program to pay for child care in four- or five-star rated facilities for 4 year old children and shall
not be used to supplant State funds.

Prior to allocating the change in federal fund availability, the proposed allocation
must be approved by the Office of State Budget and Management. If the Department adjusts the
allocation of any Block Grant due to changes in federal fund availability, then a report shall be
made to the Joint Legislative Oversight Committee on Health and Human Services and the Fiscal
Research Division.

SECTION 9L.1.(d) Except as otherwise provided, appropriations from federal
Block Grant funds are made for each year of the fiscal biennium ending June 30, 2023, according
to the schedule enacted for State fiscal years 2021-2022 and 2022-2023 or until a new schedule
is enacted by the General Assembly.

SECTION 9L.1.(e) All changes to the budgeted allocations to the Block Grants or
contingency funds and other grants related to existing Block Grants administered by the
Department of Health and Human Services that are not specifically addressed in this section shall
be approved by the Office of State Budget and Management. The Office of State Budget and
Management shall not approve funding for new programs or activities not appropriated in this
section. Additionally, if budgeted allocations are decreased, the Office of State Budget and
Management shall not approve any reduction of funds designated for subrecipients in subsection
(a) of this section under (i) Item 03 of the Substance Abuse Prevention and Treatment Block
Grant or (ii) Item 01 of the Maternal and Child Health Block Grant. The Office of State Budget and
Management shall consult with the Joint Legislative Oversight Committee on Health and
Human Services for review prior to implementing any changes. In consulting, the report shall
include an itemized listing of affected programs, including associated changes in budgeted
allocations. All changes to the budgeted allocations to the Block Grants shall be reported
immediately to the Joint Legislative Oversight Committee on Health and Human Services and
the Fiscal Research Division. This subsection does not apply to Block Grant changes caused by
legislative salary increases and benefit adjustments.

SECTION 9L.1.(f) Except as otherwise provided, the Department of Health and
Human Services shall have flexibility to transfer funding between the Temporary Assistance for
Needy Families (TANF) Block Grant and the TANF Emergency Contingency Funds Block Grant
so long as the total allocation for the line items within those Block Grants remains the same.

MEAT AND SEAFOOD PROCESSING GRANTS

SECTION 10.7(a) Findings. – The General Assembly finds that the COVID-19 pandemic of 2020-2021 resulted in serious and substantial impacts on the food supply chain and revealed bottlenecks and lack of capacity among the small and independent meat processors who serve small livestock producers. These bottlenecks and lack of capacity have a substantial
negative impact on the ability of these small livestock producers to have their livestock slaughtered and processed. In addition, seafood processors lack capacity to meet increased and altered consumer demand for seafood products due to supply chain disruptions and other long-term changes in the market for seafood and seafood products. The General Assembly further finds that financial assistance to these processors for expansion, facility improvements, and workforce development is necessary to reduce disruptions in the supply chain for fresh meat and seafood and to help small producers get their products to market.

SECTION 10.7.(b) Use of Funds and Limitation. – The funds appropriated in this act from the State Fiscal Recovery Fund to the Department of Agriculture and Consumer Services for grants to meat and seafood processors shall be used to provide grants as specified in this section to reduce or prevent impacts on the supply chain for fresh meat in the State and to improve the resiliency of the fresh meat and seafood supply chain to future disruptions. The following limitations and reservations apply:

1. No more than thirty-five percent (35%) of the funds allocated in this section may be used for grants to seafood processors.
2. No more than two million dollars ($2,000,000) of the funds allocated in this section may be used to supplement grants previously awarded to reflect construction cost inflation.
3. No more than three percent (3%) of the total funds allocated in this section may be used for technical and administrative support.

SECTION 10.7.(c) Grant Types and Criteria. – The Department shall develop policies and procedures for the disbursement of the grants authorized by this section that include, at a minimum, the following:

1. The Department may provide three categories of grants:
   a. Capacity enhancement grant. – This grant is available to an eligible meat or seafood processing facility that is experiencing slowdowns in production or has limited capacity to accommodate increased demand for meat or seafood processing. A capacity enhancement grant may be used for expansion of an existing eligible facility and for fixtures or equipment at an existing eligible facility that will expand animal throughput, processing capacity, the amount or type of products produced, or processing speed. A grant under this sub-subdivision may not exceed five hundred thousand dollars ($500,000).
   b. Workforce development grant. – This grant is available to an eligible meat or seafood processing facility that is experiencing slowdowns in production or has limited capacity to accommodate increased demand for meat or seafood processing due to workforce limitations or reductions due to a pandemic or other natural disaster. A workforce development grant may be used for educational and workforce training provided either by the facility or by an accredited institution of higher education. A grant under this sub-subdivision may not exceed one hundred thousand dollars ($100,000).
   c. Planning grant. – This grant is available to a nonprofit entity or institution of higher education to complete feasibility or siting studies for a new eligible meat processing facility. No more than five percent (5%) of funds allocated by this section may be used for grants under this sub-subdivision.

2. Eligible facility. – For purposes of this section, an eligible meat or seafood processing facility is a food processing facility that meets both of the following requirements:
a. The plant contracts with independent livestock producers or seafood harvesters to process animals or seafood.

b. The United States Department of Agriculture (USDA) contracts with Department inspectors to conduct federal inspection activities authorized by the Talmadge-Aiken Act of 1962 (7 U.S.C. § 1633) at the plant, the plant is otherwise regulated by the USDA or the United States Food and Drug Administration, or the plant is a State-inspected facility.

(3) Prioritization. – The Department may prioritize projects that will create additional jobs.

(4) Cost-sharing. – Recipients shall provide matching funds for a grant under this section in the amount of one dollar ($1.00) from nongrant sources for every two dollars ($2.00) provided by the grant.

(5) Clawback. – If fixtures or equipment purchased with grant funds provided under this Article are disposed of during a period of time as the Department shall specify following the date the fixtures or equipment funded by this act are placed in service, the grant recipient shall repay to the Department a proportionate share of the grant funding received as the Department shall specify. As used in this subdivision, the term "disposed of" means disposed of, taken out of service, or moved out of State.

SWINE AND DAIRY ASSISTANCE PROGRAM

SECTION 10.8.(a) The General Assembly makes the following findings:

(1) The impact of COVID-19 on the global supply chain has been widespread across industries, especially within our country's food supply chain.

(2) Due to COVID-19, at least two swine integrators ended operations resulting in the loss of contracts and income for many family farmers. Dairy producers and processors in the State lost more than half of their market with COVID-19 related shutdowns of the school systems and food service industries, and these markets may never fully recover.

(3) Significant numbers of swine farms have lost contracts, and dairies have been forced out of business due to the COVID-19 pandemic.

(4) The continuous and future pressures on the food supply chain will remain an issue for North Carolina's number one industry, agriculture, as a result of COVID-19.

(5) The most effective program for administration of financial assistance to the swine and dairy industries is a three-fold approach based on verifiable documentation from producers as specified in this section.

of Commerce may use up to three percent (3%) of funds allocated in this subsection for
administration of the motorsports grant program described in this subsection.

SECTION 11.14.(c) Small Venue Support. – Of the funds appropriated in this act

a. For calendar years 2017, 2018, 2019, and 2021, the venue annually
   held at least two racing events for motorsports vehicles powered by
   engines with at least four cylinders, for which event admissions were

applications timely filed under this subsection. If the total amount of grants
requested exceeds the maximum amount of funds available, the Department
must (i) first, proportionately reduce or eliminate grants under this subsection
to recipient venues receiving grants under subsections (a) and (b) of this
section and (ii) second, if grants requested still exceed the maximum amount

"(h) Exception for Certain Multijurisdictional Industrial Parks. – An eligible industrial
park created by interlocal agreement under G.S. 158-7.4, and parcels of land located within the
industrial park that are subsequently transferred and used for industrial or commercial purposes
authorized for cities and counties under G.S. 158-7.1, have the lowest development tier
designation of the designations of the counties in which they are located if all of the following
conditions are satisfied:

1. The industrial park is located, at one or more sites, in three or more contiguous
   counties.
2. At least one of the counties in which the industrial park is located is a
dev elopment tier one area.
3. The industrial park is owned by three or more units of local government or a
   nonprofit corporation owned or controlled by three or more units of local
government.
4. In each county with the lowest development tier designation of the
designations of the counties in which the industrial park is located, the park
has at least 250 developable acres. In any other county in which the
industrial park is located, the park has at least 250 developable acres. A
transfer of acreage that reduces the number of developable acres below 250
the required developable acres in a county does not affect an industrial park's
eligibility under this subsection if the transfer is to an owner who uses or
develops the acreage for industrial or commercial purposes authorized for
cities and counties under G.S. 158-7.1. For the purposes of this subdivision,
"developable acres" includes acreage that is owned directly by the industrial
park or its owners or that is the subject of a development agreement between
the industrial park or its owners and a third-party owner.

(5) The total population of all of the counties in which the industrial park is
located is less than 200,000 based on the 2010 federal decennial census.

(6) In each county in which the industrial park is located, at least sixteen and
eight-tenths percent (16.8%) of the population was Medicaid eligible for the
2003-2004 fiscal year based on 2003 population estimates."

SECTION 11.17.(b) This section is effective when it becomes law.

OUTDOOR RECREATION INDUSTRY ACTION PLAN AND MAPPING TOOL

SECTION 11.18.(a) Of the funds appropriated in this act to the Department of
Commerce for the nonprofit corporation with which the Department contracts pursuant to
G.S. 143B-431.01(b), the sum of one hundred thousand dollars ($100,000) in nonrecurring funds
for the 2021-2022 fiscal year shall be used by the Director of the Outdoor Recreation Industry
Office to develop a statewide outdoor recreation industry action plan. The plan shall include
recommendations for (i) growing the State's existing outdoor recreation companies and for
recruiting new outdoor recreation companies to locate in the State, (ii) increasing access to
outdoor recreation through additional investments in the State's public lands, including State and
local parks, greenways, game lands, and other public lands, (iii) growing the talent pool for the
outdoor recreation industry through workforce development initiatives, and (iv) encouraging
healthy lifestyles through outdoor recreation activities. As part of the plan, the Director shall
develop a statewide mapping tool of the State's outdoor recreation assets. In creating the action
plan and mapping tool, the Director shall work with the Department of Natural and Cultural
Resources, the Department of Commerce, the Department of Health and Human Services, the
Wildlife Resources Commission, and any other relevant State agencies.

SECTION 11.18.(b) The Department shall include in the report required by
G.S. 143B-431.01(f) information regarding the nonprofit's development of the action plan and
mapping tool required by this section.

ECONOMIC DEVELOPMENT PROJECT APPROPRIATION

SECTION 11.19.(a) The General Assembly finds that the megasite industrial park
in Randolph County was originally identified in 2011. Since that time, the State, local
governments, The Golden L.E.A.F. (Long Term Economic Advancement Foundation), Inc., the
North Carolina Railroad, and other entities have invested millions of dollars on property
acquisition and infrastructure improvement on the vacant property for the purpose of recruiting
a large-scale, high-impact manufacturing project resulting in considerable job creation and
private investment. In addition, the General Assembly finds that the COVID-19 pandemic has
disproportionately affected employment in Randolph County, resulting in the county declining
from a multiyear development tier two area ranking to a development tier one area ranking in
2021. Given the opportunity to improve the local property tax base, utilize most or all of a suitable
megasite that has been identified as a long-term investment, and bring thousands of jobs to an
area experiencing an asymmetric impact from the COVID-19 pandemic, the General Assembly
finds that additional investment in the site is timely and needed, furthers both statewide and
regional economic goals in the short- and long-term, is consonant with the State's strategic
economic development plan, and warrants the site improvement expenditures authorized in this
section.
SECTION 11.19.(b) Provided the Economic Investment Committee awards a Job Development Investment Grant for a qualifying project in Randolph County while the county is classified as a development tier one area, as defined in G.S. 143B-437.08, to a manufacturer, there is appropriated from the Economic Development Project Reserve established in Section 2.2(m) of this act to the Department of Commerce (Department) for the 2021-2022 fiscal year the sum of one hundred thirty-five million dollars ($135,000,000) in nonrecurring funds to be transferred to the Department of Transportation for improvements at the project site. Notwithstanding any other provision of law, the Department of Transportation is authorized to utilize Progressive Design Build, Construction Management General Contractor, or any other procurement methodology to contract for the delivery of improvements for which funds are provided in a subdivision of this subsection. As used in this section, (i) the project site is the portion of the industrial park referenced in subsection (a) of this section where a qualifying project is to be located and used by the manufacturer referenced in this subsection and (ii) a qualifying project is a project for which the agreement requires that the business invest at least one billion dollars ($1,000,000,000) in private funds and create at least 1,750 eligible positions, as defined in G.S. 143B-437.51. The funds allocated in this subsection shall be used as follows:

1. One hundred million dollars ($100,000,000) for site work and associated wetlands mitigation needed at the project site.
2. Thirty-five million dollars ($35,000,000) for roadwork and associated wetlands mitigation needed within Randolph County.

SECTION 11.19.(c) Provided the manufacturer referenced in subsection (b) of this section timely elects, under the economic development agreement, to exercise the option in writing to the Department to increase the jobs created and private investment made to qualify the project as a Phase II transitional project at the project site, as those terms are defined and those requirements are provided in G.S. 143B-437.51, there is appropriated from the Economic Development Project Reserve established in Section 2.2(m) of this act to the Department of Commerce (Department) for the 2021-2022 fiscal year the sum of one hundred eighty-five million dollars ($185,000,000) in nonrecurring funds to reimburse the manufacturer for costs incurred by the manufacturer for site work, roadwork, and wetlands mitigation associated with such works needed at the project site. In order to facilitate the contracting of work at the industrial park, the Department of Transportation may contract with a site developer and the manufacturer referenced in subsection (b) of this section for all work needed under this section at the park; provided that the contract clearly sets for liability for costs incurred in the event the requirements of this subsection are not met.

SECTION 11.19.(d) The Department shall enter into an agreement with the manufacturer identified in subsection (b) of this section. No agreement may be entered into that, when considered together with other existing agreements governing grants awarded during a single calendar year, could cause the State's potential total annual liability for grants awarded in a single calendar year to exceed the applicable amount. The Department shall make every effort to ensure that the average percentage of withholdings of eligible positions for grants awarded under this Part does not exceed the average of the range provided in G.S. 143B-437.56(a). "§ 143B-437.56. Calculation of minimum and maximum grants; factors considered.

(a) Maximum Percentage. – Subject to the provisions of subsections (a1) and subsection (d) of this section, the amount of the grant awarded in each case shall be a percentage of the withholdings of eligible positions governed by the agreement for a period of years. The percentage used to determine the amount of the grant shall be based on criteria developed by the Committee, in consultation with the Attorney General, after considering, at a minimum, (i) the number of positions governed by the agreement to be created, (ii) the expected duration of those positions, (iii) the type of contribution the business can make to the long-term growth of the State's economy, (iv) the amount of other financial assistance the project will receive from the
State or local governments, (v) the total dollar investment the business is making in the project, (vi) whether the project utilizes existing infrastructure and resources in the community, (vii) whether the project is located in a development zone, (viii) the number of positions governed by the agreement that would be filled by residents of a development zone, and (ix) the extent to which the project will mitigate unemployment in the State and locality. The percentage shall be no more than eighty percent (80%) for a development tier one area and no more than seventy-five percent (75%) for any other area. If the project will be located in more than one area designation, the location with the highest area designation determines the maximum percentage to be used. The percentage used to determine the amount of the grant shall be based on criteria developed by the Committee, in consultation with the Attorney General, after considering at least the following:

(1) General rule. – Eighty percent (80%) of the withholdings of eligible positions for a development tier one area and seventy-five percent (75%) of the withholdings of eligible positions for any other area.

(2) High-yield project. – Notwithstanding the percentage in subdivision (1) of this subsection, if the project is a high-yield project, the business has met the investment and job creation requirements, and, for three consecutive years, the business has met all terms of the agreement, the amount of the grant awarded shall be no more than one hundred percent (100%) of the withholdings of eligible positions for each year the business maintains the minimum job creation requirement and meets all terms of the agreement. A business that fails to maintain the minimum job creation requirement or meet all terms of the agreement required to qualify as a high-yield project will be disqualified from receiving the enhanced percentage of withholdings under this subdivision and will have the applicable percentage set forth in subdivision (1) of this subsection applied in the year in which the failure occurs and all remaining years of the grant term.

(3) Transitional project. – Notwithstanding the percentage in subdivision (1) of this subsection, a transitional project shall be treated as a high-yield project pursuant to subdivision (2) of this subsection until the business meets the requirements for Phase II, at which time the amount of the grant awarded shall be no more than one hundred percent (100%) of the withholdings of eligible and expansion positions for each year the business maintains the minimum job creation requirement for Phase II and meets all terms of the agreement. A business that fails to maintain the minimum job creation requirement for Phase II but remains in compliance with the requirements for Phase I will be disqualified from receiving the enhanced percentage of withholdings under this subdivision and will have the applicable percentage set forth in subdivision (2) of this subsection applied in the year in which the failure occurs and all remaining years of the grant term; provided that, if the business fails to meet the requirements for Phase I, the business is disqualified from receiving an enhanced percentage of withholdings, and the percentage set forth in subdivision (1) of this subsection shall be applied in the year in which the failure occurs and all remaining years of the grant term.

(4) Transformative project. – If the project is a transformative project and the business has met the investment and job creation requirements and all terms of the agreement, the amount of the grant awarded shall be no more than one hundred percent (100%) of the withholdings of eligible and expansion positions for each year the business maintains the minimum job creation requirement and meets all terms of the agreement. A business that fails to
maintain the minimum job creation requirement or meet all terms of the agreement required to qualify as a transformative project will be disqualified from receiving the enhanced percentage of withholdings under this subsection and will have the applicable percentage set forth in subdivision (1) of this subsection applied in the year in which the failure occurs and all remaining years of the grant term.

1. The number of eligible positions to be created.
2. The expected duration of those positions.
3. The type of contribution the business can make to the long-term growth of the State's economy.
4. The amount of other financial assistance the project will receive from the State or local governments.
5. The total dollar investment the business is making in the project.
6. Whether the project utilizes existing infrastructure and resources in the community.
7. Whether the project is located in a development zone.
8. The number of eligible positions that would be filled by residents of a development zone.
9. The extent to which the project will mitigate unemployment in the State and locality.

(a1) Notwithstanding the percentage specified by subsection (a) of this section, the amount of the grant awarded for a high-yield or transformative project shall be enhanced as provided in this subsection if the applicable conditions of this subsection are met. A business receiving an enhanced percentage of withholdings under this subsection that fails to maintain the minimum job creation requirement or meet all terms of the agreement will be disqualified from receiving the enhanced percentage and will have the applicable percentage set forth in subsection (a) of this section applied in the year in which the failure occurs and all remaining years of the grant term. The enhanced percentages are as follows:

1. If the project is a high-yield project, the business has met the investment and job creation requirements, and, for three consecutive years, the business has met all terms of the agreement, the amount of the grant awarded shall be no more than one hundred percent (100%) of the withholdings of eligible positions for each year the business maintains the minimum job creation requirement and meets all terms of the agreement. Ninety percent (90%) of the annual grant approved for disbursement shall be payable to the business, and ten percent (10%) shall be payable to the Utility Account pursuant to G.S. 143B-437.61.

2. If the project is a transformative project and the business has met the investment and job creation requirements and all terms of the agreement, the amount of the grant awarded shall be no more than one hundred percent (100%) of the withholdings of eligible and expansion positions for each year the business maintains the minimum job creation requirement and meets all terms of the agreement. Ninety percent (90%) of the annual grant approved for disbursement shall be payable to the business, and ten percent (10%) shall be payable to the Utility Account pursuant to G.S. 143B-437.61.

(b) Base Period. – The maximum number of years in the base period for which grant payments may be made shall not exceed the following:

1. For transformative projects, 10 years.
2. For transitional projects, five years for purposes of eligible positions required for Phase I of the project and 10 years for purposes of the additional positions required for Phase II of the project under the agreement.
(3) For all other projects, five years.

(b1) Grant Term. – The term of the grant shall not exceed the duration listed in this subsection. The first grant payment must be made within six years after the date on which the grant was awarded. For projects other than transformative projects, the number of years in the base period for which grant payments may be made shall not exceed five years. For transformative projects, the number of years in the base period for which grant payments may be made shall not exceed 10 years. Maximum durations are as follows:

(1) For high-yield projects in which the business receives the enhanced percentage pursuant to subsection (a1) (a) of this section, 20 years starting with the first year a grant payment is made. If a business is disqualified from the enhanced percentage in one of the first 12 years, the term of the grant shall not exceed 12 years starting with the first year a grant payment is made. If a business is disqualified from receiving the enhanced percentage after the first 12 years, the term of the grant ends in the year the disqualification occurs.

(1a) For transitional projects in which the business receives the enhanced percentage for Phase II pursuant to subsection (a) of this section, the base period plus 30 years starting with the first year a grant payment is made. If a business is disqualified from the enhanced percentage allowed for Phase II but meets the requirements for Phase I, the term of the grant shall not exceed 20 years starting with the first year a grant payment is made. If a business is disqualified from the enhanced percentage allowed for Phase I, the term of the grant shall not exceed 12 years starting with the first year a grant payment is made. If a disqualification occurs after the maximum term provided in this subdivision, the term of the grant ends in the year the disqualification occurs.

(1b) For transformative projects in which the business receives the enhanced percentage pursuant to subsection (a1) (a) of this section, the base period plus 30 years starting with the first year a grant payment is made. If a business is disqualified from the enhanced percentage in one of the first 12 years, the term of the grant shall not exceed 12 years starting with the first year a grant payment is made. If a business is disqualified from receiving the enhanced percentage after the first 12 years, the term of the grant ends in the year the disqualification occurs.

(2) For all other projects, 12 years starting with the first year a grant payment is made.

(c) Except as provided in subsection (a1) of this section, the grant may be based only on eligible positions created during the base period.

(d) Utility Account. – For any eligible position that is located in a development tier three area, seventy-five percent (75%) of the annual grant approved for disbursement shall be payable to the business, and twenty-five percent (25%) shall be payable to the Utility Account pursuant to G.S. 143B-437.61. For (i) any business that receives an enhanced percentage pursuant to subsection (a) of this section and (ii) any eligible position that is located in a development tier two area, ninety percent (90%) of the annual grant approved for disbursement shall be payable to the business, and ten percent (10%) shall be payable to the Utility Account pursuant to G.S. 143B-437.61. A position is located in the development tier area that has been assigned to the county in which the project is located at the time the application is filed with the Committee. This subsection does not apply to a high-yield or transformative project in years in which the business receives the enhanced percentage pursuant to subsection (a1) of this section.

(e) Grant Coordination. – A business that is receiving any other grant by operation of State law may not receive an amount as a grant pursuant to this Part that, when combined with any other grants, exceeds the applicable maximum percentage of the withholdings of the
business, as provided in subsections (a) and (a1) of this section, unless the Committee makes an explicit finding that the additional grant is necessary to secure the project.

(f) **Per Job Maximum.** – For projects other than transformative projects, the amount of a.

grant associated with any specific eligible position, including any amount transferred to the Utility Account pursuant to G.S. 143B-437.61, may not exceed sixteen thousand dollars ($16,000) in any year."

**SECTION 11.19.(f)** Provided the condition for the appropriation in subsection (b) of this section is met and provided the electric public utility providing retail electric service to the site identified in subsection (a) of this section (i) determines development of the site necessitates movement of transmission line infrastructure within the site, (ii) determines relocation within the site can be accomplished without undermining the safety and reliability of the electrical system and without requiring easements or other property rights outside of the site, and (iii) undertakes relocation of the infrastructure within the site, there is appropriated from the Economic Development Project Reserve established in Section 2.2(m) of this act to the Department of Commerce (Department) for the 2021-2022 fiscal year the sum of eighteen million dollars ($18,000,000) in nonrecurring funds to be used for a grant to the electric public utility to offset the cost of undertaking the relocation of the line infrastructure within the site. To the extent that the electric public utility incurs any prudent and reasonable direct and indirect costs, including financing costs, associated with such relocation that are not offset by the appropriation authorized under this subsection or any revenue credits to which the project is entitled, the Utilities Commission shall allow the electric public utility to establish a regulatory asset and to defer and recover all such costs through base rates established pursuant to G.S. 62-133 et seq. The reasonable and prudent direct and indirect costs, including financing costs, incurred for the relocation of a transmission line pursuant to this section that are not offset by the appropriation authorized under this subsection or any revenue credits to which the project is entitled shall be entirely assigned to the utility's North Carolina retail jurisdictional customers. In the event that the appropriation authorized under this subsection combined with the revenue credits to which the project is entitled exceeds the total direct and indirect costs, including financing costs, incurred by the electric public utility in connection with relocation of the transmission line, the electric public utility shall, subject to review and approval by the Utilities Commission, remit the excess amount to the State.

**SECTION 11.19.(f1)** With respect to an "eligible customer," which for purposes of this section means any customer of an electric public utility that locates a new manufacturing facility at a project site that is subject to an agreement with the Department of Commerce pursuant to subsection (d) of this section, the following modifications shall be made to the renewable energy procurement program for major military installations, public universities, and large customers established under G.S. 62-159.2 as follows:

(1) Notwithstanding the requirements established under G.S. 62-110.8(b) that at least 100 MW of new renewable energy facility capacity offered under the program shall be reserved for participation by major military installations, and at least 250 MW of new renewable energy facility capacity offered under the program shall be reserved for participation by The University of North Carolina, comprising a total reserved amount of 350 MW, this reserved amount shall be made available to an eligible customer; provided, however, that the total amount of reserved capacity available to an eligible customer shall be reduced by any amount subscribed to by major military installations or The University of North Carolina in accordance with the time lines set forth in G.S. 62-159.2(d). Upon any subscription by an eligible customer, such portion of the reserved capacity shall no longer be available to the major military installations or The University of North Carolina or to any other customer. Notwithstanding G.S. 62-159.2(d), the reserved capacity shall not
be made available to any other eligible program participants or included in a competitive procurement in accordance with G.S. 62-110.8(a), but instead shall continue to be available to an eligible customer in accordance with this subsection until January 1, 2028.

(2) Notwithstanding G.S. 62-159.2(c), an eligible customer shall be entitled to subscribe to a capacity amount sufficient to produce on an annual basis one hundred percent (100%) of the eligible customer's actual annual electricity usage or reasonably projected annual electricity usage over the immediately subsequent annual period, in either case, at the project site, but in no event shall the capacity amount to which the eligible customer is entitled exceed 350 MW, as may be reduced in the event of any subscriptions by a major military installation or The University of North Carolina. The amount of capacity that is available to an eligible customer pursuant to this subsection shall be revaluated on an annual basis as the eligible customer expands operations at the project site.

In addition to the foregoing, an eligible customer shall also be entitled to participate in any future customer programs approved by the Commission.

SECTION 11.19.(f2) G.S. 62-159.2 reads as rewritten:

"§ 62-159.2. Direct renewable energy procurement for major military installations, public universities, and large customers.

(c) Each contracted amount of capacity shall be limited to no more than one hundred twenty-five percent (125%) of the maximum annual peak demand of the eligible customer premises. Each public utility shall establish reasonable credit requirements for financial assurance for eligible customers that are consistent with the Uniform Commercial Code of North Carolina. Major military installations and The University of North Carolina are exempt from the financial assurance requirements of this section. The requirements of this subsection shall apply except as otherwise provided by law.

(d) The program shall be offered by the electric public utilities subject to this section for a period of five years or until December 31, 2022, whichever is later, and shall not exceed a combined 600 megawatts (MW) of total capacity. For the public utilities subject to this section, where a major military installation is located within its Commission-assigned service territory, at least 100 megawatts (MW) of new renewable energy facility capacity offered under the program shall be reserved for participation by major military installations. At least 250 megawatts (MW) of new renewable energy facility capacity offered under the programs shall also be reserved for participation by The University of North Carolina. Major military installations and The University of North Carolina must fully subscribe to all their allocations prior to December 31, 2020, or a period of no more than three years after approval of the program, whichever is later. If any portion of total capacity set aside to major military installations or The University of North Carolina is not used, it shall be reallocated for use by any eligible program participant. If any portion of the 600 megawatts (MW) of renewable energy capacity provided for in this section is not awarded prior to the expiration of the program, it shall be reallocated to and included in a competitive procurement in accordance with G.S. 62-110.8(a). The requirements of this subsection shall apply except as otherwise provided by law.

JUDICIAL DEPARTMENT/USE OF OUTSIDE COUNSEL

SECTION 16.10.(a) G.S. 7A-343 is amended by adding a new subdivision to read:
"(17) Review requests for private counsel for the defense of a Judicial Department official or employee. The Director may approve the expenditure of lapsed salary savings to retain private counsel to provide litigation services for the defense of an official or employee of the Judicial Department in any action arising from conduct undertaken in the course of the official's or employee's official duties and in which the Attorney General has declined to provide the litigation services. For purposes of this subdivision, the terms "litigation services" and "private counsel" are as defined in G.S. 147-17 and G.S. 114-2.3."

In any case or proceeding, civil or criminal, in or before any court or agency of this State or any other state or the United States, or in any other matter in which the State of North Carolina is interested, the Governor may employ private counsel as he may deem proper or necessary to represent the interest of the State, and may fix the compensation for their services, subject to the provisions of subsection (c1) of this section. Only upon entry of a written order, supported by findings of fact and conclusions of law, determining that there is just cause, the court may (i) waive costs assessed under this section or (ii) waive or reduce costs assessed under subdivision (7), (8), (8a), (11), (12), or (13) of this section. No court may waive or remit all or part of any court fines or costs without providing notice and opportunity to be heard by all government entities directly affected. SECTION 16.15.(b) This section becomes effective February 1, 2022, and applies to costs assessed on or after that date.

EVIDENCE AND DISTRICT COURT SPEEDY TRIALS

SECTION 16.17.(a) The General Assembly finds all of the following:

(1) All criminal defendants have the right to court proceedings free from unreasonable delay, a right that is in jeopardy due to a perpetual district court case backlog, one which has been exacerbated by the COVID-19 pandemic.

(2) All criminal defendants have the right to court proceedings free from unreasonable delay, a right that is jeopardized when a district court case backlog exists.

(3) The North Carolina court system is bifurcated into the district and superior courts, and due to this bifurcation, the district courts function essentially as a preliminary proceeding that assures that the prosecution of a criminal defendant proceeds without the unreasonable delay that would be unavoidable if the district courts did not exist.

(4) The bifurcation of the North Carolina court system provides a criminal defendant with the unique opportunity to a "second bite of the apple" in the defendant's case.

(5) In superior court a defendant may exercise the defendant's right to a trial by jury, along with other rights, the exercise of which is unavailable in district court.

(6) The legal protections from being placed twice in jeopardy for the same conduct preclude the State from appealing an unfavorable outcome at trial in district court.

(7) A criminal defendant in a case before the district court may request, prior to trial, to have the case transferred to the superior court and may appeal to the superior court for a trial de novo following a final disposition in district court, retaining all rights that had previously been afforded the criminal defendant in district court.

(8) Though preliminary in nature, a district court can issue a final and binding disposition in a case before it.

(9) In a criminal proceeding in district court, the finder of fact is the district court judge presiding over the proceeding, who is legally trained to weigh the credibility, relevance, and veracity of evidence, including witness testimony.

(10) Simultaneous, two-way audio and video remote testimony in real time using state of the art technology allows a defendant to observe and cross-examine a witness, a district court judge to observe and question a witness to weigh the credibility and veracity of the witness's testimony, and a witness to observe a defendant against whom the witness is testifying.

(11) A witness in any court proceeding is one who, being duly sworn or affirmed, testifies as to the witness's knowledge of specific facts relevant to the case for which the witness testifies.

(12) A forensic or chemical analyst, and each person in the chain of custody of evidence produced by the analyst, does not play a role in initiating a criminal
charge against a criminal defendant or in deciding whether or not to prosecute a criminal defendant.

(13) The testimony of a forensic or chemical analyst is based upon objective, scientifically based testing that allows the analyst to reach dispassionate conclusions that may be presumed reliable and trustworthy.

(14) The testimony of a witness called to establish the chain of custody of evidence is not adversarial in nature and merely conveys the fact of a ministerial function performed by the witness in the course of the witness's work.

(15) In order to safeguard a criminal defendant's right to proceedings free from unreasonable delay, it is reasonable and prudent to allow forensic and chemical analysts, and each person in the chain of custody of evidence produced by the analysts, to provide real-time, remote, two-way audio and video testimony before the district courts of this State using state of the art technology and equipment that enable the criminal defendant, the judge, and the attorneys in the case to observe the demeanor of the forensic analyst throughout the direct examination and cross-examination of the forensic analyst and that enable the forensic analyst to likewise observe the demeanor of the criminal defendant.

SECTION 16.17.(b) G.S. 8-58.20 reads as rewritten:

"§ 8-58.20. Forensic analysis admissible as evidence.

(a) In any criminal prosecution, a laboratory report of a written forensic analysis, including an analysis of the defendant's DNA, or a forensic sample alleged to be the defendant's DNA, as that term is defined in G.S. 15A-266.2(2), that states the results of the analysis and that is signed and sworn to by the person performing the analysis may shall be admissible in evidence without the testimony of the analyst who prepared the report in accordance with the requirements of this section.

...  

(g) Procedure for Establishing Chain of Custody of Evidence Subject to Forensic Analysis Without Calling Unnecessary Witnesses. –

Nothing in this subsection precludes the right of any party to call any witness or witness, except an analyst regarding the results of forensic testing and the testimony of each person in the associated chain of custody made available via remote testimony in real time in district court pursuant to G.S. 15A-1225.3. Nothing in this subsection precludes the right of any party to introduce any evidence supporting or contradicting the evidence contained in the statement.

..."

SECTION 16.17.(c) G.S. 15A-1225.3 reads as rewritten:

"§ 15A-1225.3. Forensic analyst remote testimony.

(a) Definitions. – The following definitions apply to this section:

(1) Criminal proceeding. – Any hearing or trial in superior court in a prosecution of a person charged with violating a criminal law of this State and any hearing or proceeding conducted under Subchapter II of Chapter 7B of the General Statutes where a juvenile is alleged to have committed an offense that would be a criminal offense if committed by an adult.

(1a) District court proceeding. – Any hearing or trial in district court in a prosecution of a person charged with violating a criminal law of this State.

(2) Remote testimony. – A method by which a forensic analyst testifies from a location other than the location where the hearing or trial is being conducted and outside the physical presence of a party or parties.

(b) Remote Testimony Authorized. in Real Time Authorized for Criminal Proceeding. –

In any criminal proceeding, the testimony of an analyst regarding the results of forensic testing
admissible pursuant to G.S. 8-58.20, and reported by that analyst, shall be permitted by remote

testimony if all of the following occur:

(1) The State has provided a copy of the report to the attorney of record for the
defendant, or to the defendant if that person has no attorney, as required by
G.S. 8-58.20(d). For purposes of this subdivision, "report" means the full
laboratory report package provided to the district attorney.

(2) The State notifies the attorney of record for the defendant, or the defendant if
that person has no attorney, at least 15 business days before the proceeding at
which the evidence would be used of its intention to introduce the testimony
regarding the results of forensic testing into evidence using remote testimony.

(3) The defendant's attorney of record, or the defendant if that person has no
attorney, fails to file a written objection with the court, with a copy to the
State, at least five business days before the proceeding at which the testimony
will be presented that the defendant objects to the introduction of the remote
testimony.

If the defendant's attorney of record, or the defendant if that person has no attorney, fails to
file a written objection as provided in this subsection, then the objection shall be deemed waived
and the analyst shall be allowed to testify by remote testimony.

(b1) Remote Testimony in Real Time Authorized in District Court. – In any district court

proceeding, the testimony of an analyst regarding the results of forensic testing admissible
pursuant to G.S. 8-58.20, and reported by that analyst, and the testimony of each person in the
associated chain of custody admissible pursuant to G.S. 8-58.20(g) shall be permitted by remote
testimony if each of the following occurs:

(1) The State has provided a copy of the report to the attorney of record for the
defendant, or to the defendant if that person has no attorney, as required by
G.S. 8-58.20(d) and (g). For purposes of this subdivision, "report" means the
full laboratory report package provided to the district attorney.

(2) The State notifies the attorney of record for the defendant, or the defendant if
that person has no attorney, at least 15 business days before the proceeding at
which the evidence would be used of its intention to introduce the testimony
regarding the results of forensic testing into evidence using remote testimony
in real time.

Nothing in this subsection shall be construed to determine the admissibility of evidence in a
criminal proceeding in superior court, including a trial de novo pursuant to G.S. 15A-1431.

(c) Testimony. – The method used for remote testimony authorized by this section shall
allow the trier of fact and all parties to observe the demeanor of the analyst remote witness as the
analyst-witness testifies in a similar manner as if the analyst witness were testifying in the location
where the hearing or trial is being conducted. The court shall ensure that the defendant's attorney,
or the defendant if that person has no attorney, has a full and fair opportunity for examination
and cross-examination of the analyst-witness.

(d) Nothing in this section shall preclude the right of any party to call any witness, witness,
except an analyst regarding the results of forensic testing and the testimony of each person in the
associated chain of custody made available via remote testimony in real time in a district court
proceeding pursuant to subsection (b1) of this section.

(e) Nothing in this section shall obligate the Administrative Office of the Courts or the
State Crime Laboratory to incur expenses related to remote testimony absent an appropriation of
funds for that purpose."

SECTION 16.17.(d) G.S. 20-139.1 reads as rewritten:

"§ 20-139.1. Procedures governing chemical analyses; admissibility; evidentiary
provisions; controlled-drinking programs.

...
(c1) Admissibility. – The results of a chemical analysis of blood or urine reported by the
North Carolina State Crime Laboratory, the Charlotte, North Carolina, Police Department
Laboratory, or any other laboratory approved for chemical analysis by the Department of Health
and Human Services (DHHS), are admissible as evidence in all administrative hearings, and in
any court, without further authentication and without the testimony of the analyst. For the
purposes of this section, a "laboratory approved for chemical analysis" by the DHHS includes,
but is not limited to, any hospital laboratory approved by DHHS pursuant to the program resulting
from the federal Clinical Laboratory Improvement Amendments of 1988 (CLIA).

The results shall be certified by the person who performed the analysis. The provisions of
this subsection may be utilized in any administrative hearing, but can only be utilized in cases
tried in the district and superior court divisions, or in an adjudicatory hearing in juvenile court, if:

The Secretary may, after notice to or reasonable attempt to notify the owners, operators, or other persons in control of a specific property not complying with the order of abatement, enter upon the property and take any action necessary to abate the imminent hazard. If the Secretary's orders under this subsection would extend the application of the class or categories of properties in areas, when combined, to statewide application, the Secretary shall notify the Governor, and the Governor shall seek the concurrence of the Council of State in accordance with this subsection prior to extension of any of the orders.

(b) No person other than a person authorized by the State Health Director or local health director shall enter quarantine or isolation premises. Nothing in this subsection shall be construed to restrict the access of authorized health care, law enforcement, or emergency medical services personnel to quarantine or isolation premises as necessary in conducting their duties.

(c) Before applying quarantine or isolation authority to livestock or poultry for the purpose of preventing the direct or indirect conveyance of an infectious agent to persons, the State Health Director or a local health director shall consult with the State Veterinarian in the Department of Agriculture and Consumer Services.

(d) When quarantine or isolation limits the freedom of movement of a person or animal or of access to a person or animal whose freedom of movement is limited, the period of limited freedom of movement or access shall not exceed 30 calendar days. Any person substantially affected by that limitation may institute in superior court in Wake County or in the county in which the limitation is imposed an action to review that limitation. The official who exercises the quarantine or isolation authority shall give the persons known by the official to be substantially affected by the limitation reasonable notice under the circumstances of the right to institute an action to review the limitation. If a person or a person's representative requests a hearing, the hearing shall be held within 72 hours of the filing of that request, excluding Saturdays and Sundays. The person substantially affected by that limitation is entitled to be represented by counsel of the person's own choice or if the person is indigent, the person shall be represented by counsel appointed in accordance with Article 36 of Chapter 7A of the General Statutes and the rules adopted by the Office of Indigent Defense Services. The court shall reduce or terminate the limitation unless it determines, by the preponderance of the evidence, that the limitation is reasonably necessary to prevent or limit the conveyance of a communicable disease or condition to others.
(e) If the State Health Director or the local health director determines that a 30-calendar-day limitation on freedom of movement or access is not adequate to protect the public health, the State Health Director or local health director must institute in superior court in the county in which the limitation is imposed an action to obtain an order extending the period of limitation of freedom of movement or access. If the person substantially affected by the limitation has already instituted an action in superior court in Wake County, the State Health Director must institute the action in superior court in Wake County or as a counterclaim in the pending case. Except as provided below for persons with tuberculosis, the court shall continue the limitation for a period not to exceed 30 days if it determines, by the preponderance of the evidence, that the limitation is reasonably necessary to prevent or limit the conveyance of a communicable disease or condition to others. The court order shall specify the period of time the limitation is to be continued and shall provide for automatic termination of the order upon written determination by the State Health Director or local health director that the quarantine or isolation is no longer necessary to protect the public health. In addition, where the petitioner can prove by a preponderance of the evidence that quarantine or isolation was not or is no longer needed for protection of the public health, the person quarantined or isolated may move the trial court to reconsider its order extending quarantine or isolation before the time for the order otherwise expires and may seek immediate or expedited termination of the order. Before the expiration of an order issued under this section, the State Health Director or local health director may move to continue the order for additional periods not to exceed 30 days each. If the person whose freedom of movement has been limited has tuberculosis, the court shall continue the limitation for a period not to exceed one calendar year if it determines, by a preponderance of the evidence, that the limitation is reasonably necessary to prevent or limit the conveyance of tuberculosis to others. The court order shall specify the period of time the limitation is to be continued and shall provide for automatic termination of the order upon written determination by the State Health Director or local health director that the quarantine or isolation is no longer necessary to protect the public health. In addition, where the petitioner can prove by a preponderance of the evidence that quarantine or isolation was not or is no longer needed for protection of the public health, the person quarantined or isolated may move the trial court to reconsider its order extending quarantine or isolation before the time for the order otherwise expires and may seek immediate or expedited termination of the order. Before the expiration of an order limiting the freedom of movement of a person with tuberculosis, the State Health Director or local health director may move to continue the order for additional periods not to exceed one calendar year each.

(f) Notwithstanding the first sentence of subsection (d) of this section, for a period of no more than seven calendar days, the State Health Director shall have the authority to determine and order that a class or category of persons need to be quarantined or isolated to protect the public health. If such an order under this section applies statewide, the State Health Director may move the court for extensions of the order in accordance with subsection (e) of this section after the State Health Director has notified the Governor, and the Governor has received the concurrence of the Council of State. If such an order applies less than statewide, the State Health Director may move the court for extension of the order in accordance with subsection (e) of this section. If the State Health Director's orders under this subsection would extend the application of the class or categories in areas, when combined, to statewide application, the State Health Director shall notify the Governor, and the Governor shall seek the concurrence of the Council of State in accordance with this subsection prior to moving the court for the extension of any of the orders.

reports submitted on or after that date.

PART XXXVIII. INFORMATION TECHNOLOGY
DIT/GREAT ACT CHANGES

SECTION 38.1.(a) G.S. 143B-1373 reads as rewritten:

"§ 143B-1373. Growing Rural Economies with Access to Technology (GREAT) program. (a) As used in this section, the following definitions apply:

(5) Eligible economically distressed county—area. – A county designated as a development tier one or tier two area, as defined in G.S. 143B-472.08, G.S. 143B-437.08, or a rural census tract, as defined in G.S. 143B-472.127(a)(2), located in any other county. For the purposes of this section, the tier designation that is in effect as of the beginning of a fiscal year shall be applied for all grants awarded for that fiscal year.

(6) Eligible project. – An eligible project is a discrete and specific project located in an unserved economically distressed area of an economically distressed county seeking to provide broadband service to homes, businesses, and community anchor points not currently served. Eligible projects do not include middle mile, backhaul, and other similar projects not directed at broadband service to end users. If a contiguous project area crosses from one eligible county into one or more eligible adjacent counties, for the purposes of this section, the project shall be deemed to be located in the county where the greatest number of unserved households are proposed to be served. To qualify for an award under this section, no more than an incidental number of households or businesses, not to exceed ten percent (10%) of the total households or businesses within the boundaries of the project area submitted by the applicant, may have terrestrial deployed Internet access service with transmission speeds greater than 10 Mbps download and 1 Mbps upload.

(14) Unserved area. – A designated geographic area that is presently without access to broadband service, as defined in this section, offered by a wireline or fixed wireless provider. Areas where a private provider has been designated to receive funds through other State–State- or federally funded programs designed specifically for broadband deployment shall be considered served if such funding is intended to result in construction of broadband in the area within 18 months or for the duration of the federal funding program for that area, or if the funding recipient is otherwise in good standing with the funding agency’s regulations governing the funding program.

(c) Project areas comprised of census blocks, or portions thereof, within which a broadband provider is receiving matching funds to deploy broadband service within the next 18 months are ineligible for the GREAT program. It is essential for the Office to know the location of census blocks, or portions thereof, comprising these areas so it can determine project eligibility. A private provider receiving Universal Service or Connect America Phase II, or nonfederal State or federal funds to deploy broadband service in unserved areas may qualify such area for protection by submitting within 60 days of the application period a listing of the census blocks, or portions thereof, comprising the State- or federally funded project areas meeting this requirement and nothing more to in a manner prescribed by the Office. In future program years, the cutoff date for submitting this census block data shall be established by the Office, but shall be not less than 60 days prior to the beginning date of the application period. This will enable the office to update maps and advise applicants as to the unserved areas of the State that are eligible for consideration in that program year. The Office shall only utilize this data to update maps of census blocks to reflect these census blocks, or portions thereof, as being served. Failure on the
part of a provider to submit the listing of census blocks by the cutoff date shall result in those areas being eligible for inclusion under this program during the upcoming subsequent program year-years. The Office shall use the census block data provided only for mapping of unserved areas. Upon expiration of the 18-month reservation period described in this subsection, a project area shall remain protected for a period of 18 months from the submission of the listing information required under this subsection; provided, however, a private provider that has received a reservation of census blocks protection for a project area shall submit written documentation by April 30 of the year following the program year that broadband deployment has begun or been completed, or is otherwise in good standing, in the census blocks, or portions thereof, that have been deemed ineligible by the Office due to the existence of a federally funded project area under this subsection. Upon submission of documentation satisfactory to the Office, a protected project area shall remain protected until project completion. A project area where a private provider has forfeited or otherwise defaulted on an agreement in connection with receipt of funds to deploy broadband service shall be eligible for inclusion in this program in subsequent program years. Information provided to the Office pursuant to this subsection is not a public record, as that term is defined in G.S. 132-1.

... (d1) An application submitted pursuant to this section shall include a project area map that provides location-specific data in a format required by the Office. A provider submitting an application pursuant to this section shall bear the burden of proof that the proposed area to be served can, in fact, be served using the proposed technology. The burden of proof may be satisfied by the submission of data, maps, and any other information satisfactory to the Office, demonstrating that the area and number of prospective broadband recipients proposed to be served can be provided the minimum upload and download speeds indicated in the application.

(e) Applications shall be made publicly available by posting on the Web site of the Department of Information Technology for a period of at least 30 days prior to award. During the 30-day period, any interested party may submit comments to the Secretary concerning any pending application. A broadband service provider of broadband services currently providing broadband service in a project area proposed in an application may submit a protest of any application on the grounds the proposed project covers an area that is not an eligible protected area under subsection (c) of this section, or that the proposed project area contains ten percent (10%) or more of total households with access to broadband service as defined in this section. Protests shall be submitted in writing, accompanied by all credible and relevant supporting documentation, and including specific addresses, and detailed mapping demonstrating that the protesting broadband provider has installed infrastructure sufficient to provide broadband service to the specific addresses provided in the protest, along with an attestation that broadband service is available in the public right-of-way at the specific addresses indicated. The protest shall be considered by the Office in connection with the review of the application. Upon submission of evidence satisfactory to the Office that the proposed project area includes a protected area or prospective broadband recipients that are presently served, as measured using a methodology satisfactory to the Office, the Office may work with an applicant to amend an application to reduce the number of unserved prospective broadband recipients in the project area to reflect an accurate level of current broadband service. The Office may revise application scores in accordance with amended applications; however, the Office may reject any amended application resulting in a lower application score to the extent that the lower score would have impacted the ranking of the application in the initial scoring process. For applications with filed protests, the Secretary shall issue a written decision to the protesting party at least 15 days prior to the approval of that application. Following a protest that is granted for a portion of the application, the Office may release to an applicant the locations or areas declared ineligible. The information released to the applicant is not a public record, as that term is defined under G.S. 132-1, and shall remain confidential. Any provider submitting a protest shall verify that the...
information in the protest is accurate and that the protest is submitted in good faith. The Office may deny any protest or application that contains inaccurate information.

As a means of resolving a protest, the Office may utilize speed tests to determine if the protested area or individual households or businesses currently have access to broadband service as defined in this section. The Department shall publish the speed test methodology it uses to assess speed levels pursuant to this section. All decisions regarding the speed test to be utilized and the manner by which the speed tests are applied shall be made by the Secretary or the Secretary's designee.

…

(g) Applications shall be scored based upon a system that awards a single point for criteria considered to be the minimum level for the provision of broadband service with additional points awarded to criteria that exceed minimum levels. The Office shall score project applications in accordance with the following:

(1) Partnership. – Projects involving proposing a partnership shall be given points in their application score. A proposed partnership shall (i) be in writing, (ii) provide the specific terms and conditions of the partnership, and (iii) be signed and attested to by the parties. A county or nonprofit may enter into proposed agreements with more than one applicant. For the purposes of scoring under this subdivision, a county that provides a portion of the match required by this section or that has entered into an agreement with the applicant to one point shall be given for a proposed partnership that will make available its existing infrastructure that has been installed for the county’s partner’s enterprise, nonconsumer broadband purposes, or any other property, buildings, or structures owned by the county’s partner, for a proposed project under this section shall be considered a partnership section. A county may provide a portion of the nonprofit entity that proposes to provide a financial match required by this section pursuant to G.S. 153A-349.60. Projects involving partnerships shall be given six points in their application score. shall be given one point. Notwithstanding Article 8 of Chapter 143 of the General Statutes, or any provision of law to the contrary, a county may use unrestricted general funds or federal funding allocated to it for the purpose of improving broadband infrastructure for a financial match. Funds received from the federal American Rescue Plan Act (P.L. 117-2) may not be used for the purposes of this subdivision. Nothing in this subdivision shall be deemed to authorize a county to provide broadband service.

…

(5) Cost per household or business. – The Office shall give additional points to projects that minimize the infrastructure cost of the proposed project per household or business, based upon information available to the Office. Points shall be given to projects based upon the estimated cost per household or business as follows:

a. For projects proposed in the Piedmont or Coastal Plain Regions:

Applications receiving the highest score shall receive priority status for the awarding of grants pursuant to this section. As a means of breaking a tie for applications receiving the same score, the Office shall give priority to the application proposing to serve the highest number of new households at the lowest cost per household or business. Applicants awarded grants pursuant to this section shall enter into an agreement with the Office. The agreement shall contain all of the elements outlined in subsection (d) of this section and any other provisions the Office may require. The agreement shall contain a provision governing the time line and minimum requirements and thresholds for disbursement of grant funds measured by the progress of the project. For projects where the application includes a proposed partnership, the agreement shall contain a provision requiring a certification of the existence of the partnership prior to disbursement of grant funds. Grant funds shall be disbursed only upon verification by the Office that the terms of the agreement have been fulfilled according to the progress milestones contained in the agreement. At project completion, the grant recipient shall certify and provide to the Office evidence consistent with Federal Communications Commission attestation that either speeds greater than those identified in the application guidelines or the proposed upstream and downstream broadband speeds identified in the application guidelines, and for which a base speed multiplier was awarded pursuant to subdivision (6) of subsection (g) of this section, are available throughout the project area prior to any end user connections. A single grant award shall not exceed two-four million dollars ($2,000,000). No more than one grant may be awarded per fiscal year for a project in any one eligible economically distressed county; except that if ($4,000,000). No combination of grant awards under this section involving any single county may exceed eight million dollars ($8,000,000) in a fiscal year. If funds remain available after all top scoring projects have been awarded a grant, then the next highest scoring projects may be awarded a grant even if the project is located in a county where a grant has been awarded in that fiscal year provided the total award associated with that county does not exceed two-eight million dollars ($2,000,000)($8,000,000) in that fiscal year.

No more than one-half of the funds appropriated to the fund established in subsection (b) of this section shall be disbursed for eligible projects located in a development tier two or tier three county. If the Office has not received enough grant applications for projects located in a development tier one county to disburse one-half of the funds appropriated to the fund established in subsection (b) of this section as of March 1 of each year, then the Office may allocate any unencumbered funds in the fund for eligible projects located in a development tier two or tier three county.
Any project that is applied for and not funded in an award round under this section shall be eligible for funding under the Completing Access to Broadband program pursuant to G.S. 143B-1373.1.

(j) Grant recipients are required to provide matching funds based upon the application scoring pursuant to this section in the following minimum amounts:

<table>
<thead>
<tr>
<th>Score</th>
<th>Matching Requirement</th>
</tr>
</thead>
<tbody>
<tr>
<td>12.0 points or less</td>
<td>55%</td>
</tr>
<tr>
<td>Greater than 12.0 points, but less than 17.5 points</td>
<td>50%</td>
</tr>
<tr>
<td>17.5 points, up to 22.0 points</td>
<td>45%</td>
</tr>
<tr>
<td>Greater than 22.0 points</td>
<td>35%</td>
</tr>
</tbody>
</table>

Up to fifty percent (50%) of matching funds paid by the grant recipient may be comprised of third-party funding including funds from other grant programs. Funds from the Universal Service Fund shall not be used for any portion of the required matching funds. Any other current or future federal funds may be used, including any future phase of the Connect America Fund, for the required matching funds within the parameters of this program.

(p) The Department may use up to one percent (1.0%) of the State funds appropriated funds each fiscal year to administer the GREAT program established under this section.

SECTION 38.1.(b) This section is effective when it becomes law.

INTERNAL SERVICE FUND RATE SUBMISSION

SECTION 38.2. G.S. 143B-1333 reads as rewritten:

(a) The Internal Service Fund is established within the Department as a fund to provide goods and services to State agencies on a cost-recovery basis. The Department shall establish fees for subscriptions and chargebacks for consumption-based services. The Information Technology Strategic Sourcing Office shall be funded through a combination of administrative fees as part of the IT Supplemental Staffing contract, as well as fees charged to agencies using their services. The State CIO shall establish and annually update consistent, fully transparent, easily understandable fees and rates that reflect industry standards for any good or service for which an agency is charged. These fees and rates shall be prepared by October 1 and shall be approved by the Office of State Budget and Management. The rates shall be approved by the Office of State Budget and Management. The Office of State Budget and Management shall ensure that State agencies have the opportunity to adjust their budgets based on any rate or fee changes prior to submission of those budget recommendations to the General Assembly. The approved Information Technology Internal Service Fund budget and associated rates shall be included in the Governor's budget recommendations to the General Assembly.

(b) Repealed by Session Laws 2016-94, s. 7.4(d), effective July 1, 2016.

(c) Receipts shall be used solely for the purpose for which they were collected. In coordination with the Office of the State Controller and the Office of State Budget and Management, the State CIO shall ensure processes are established to manage federal receipts, maximize those receipts, and ensure that federal receipts are correctly utilized."

CYBERSECURITY REPORTING

SECTION 38.3.(a) The Department of Information Technology shall develop a plan for its use of funds received for cybersecurity purposes. In developing the cybersecurity plan, the Department shall include the following:
A summary of all cybersecurity funds received and how those funds have been utilized, current gaps in funding, and how prospective funding will be spent.

The scope of activities and services planned to do the following:

a. Reduce the risks of cybersecurity incidents and significant cybersecurity incidents in the State.
b. Mitigate and address cybersecurity incidents and significant cybersecurity incidents that have occurred.
c. Support business application modernization efforts.

Potential funding, partnerships, and other resources available to the Department to assist in its role of preventing, mitigating, and addressing cybersecurity issues in the State.

SECTION 38.3.(b) The Department shall submit the cybersecurity plan outlined in this section to the Joint Legislative Oversight Committee on Information Technology and the Fiscal Research Division on or before February 1, 2022.

STATE RECOVERY FUNDS/BROADBAND GRANTS

SECTION 38.4.(a) Of the funds appropriated in this act from the State Fiscal Recovery Fund to the Department of Information Technology for broadband infrastructure grants, and in accordance with applicable federal guidelines, the Department of Information Technology shall administer broadband infrastructure grants through the Growing Rural Economies with Access to Technology (G.R.E.A.T.) grant program. Grant applications shall be submitted and grant funds shall be awarded pursuant to G.S. 143B-1373, with the exception of the following:

(1) The definition of "eligible economically distressed county" in G.S. 143B-1373(a) shall mean a county designated as a development tier one or tier two area, as defined in G.S. 143B-437.08, or a rural census tract, as defined in G.S. 143B-472.127(a)(2), located in any other county. For the purposes of this subdivision, the tier designation that is in effect as of the beginning of a fiscal year shall be applied for all grants awarded for that fiscal year. With the exception of funds expended under this section or under G.S. 143B-1373.1, as enacted by Section 38.6(a) of this act, a county that has utilized federal funding for broadband infrastructure on or after May 1, 2021, shall be ineligible.

(2) The definition of "eligible project" in G.S. 143B-1373(a) shall be a discrete and specific project located in an unserved economically distressed area seeking to provide broadband service to homes, businesses, and community anchor points not currently served. Eligible projects do not include middle mile, backhaul, and other similar projects not directed at broadband service-to-end users. If a contiguous project area crosses from one eligible county into one or more eligible adjacent counties, for the purposes of this section, the project shall be deemed to be located in the county where the greatest number of unserved households are proposed to be served.

(3) The financial contribution restrictions for partnerships in G.S. 143B-1373(a)(11a) are removed.

(4) The definition of "unserved area" in G.S. 143B-1373(a) shall be a designated geographic area that is presently without access to broadband service, as defined in G.S. 143B-1373(a), or where internet access service does not meet the definition of broadband service. Areas where a private provider has been designated to receive funds through other State- or federally funded programs
designed specifically for broadband deployment shall be considered served if such funding is intended to result in construction of broadband in the area within 18 months or for the duration of the federal funding program for that area or if the funding recipient is otherwise in good standing with the funding agency's regulations governing the funding program.

The provisions of G.S. 143B-1373(c) are replaced with the following:

A private provider receiving State or federal funds to deploy broadband service in unserved areas may qualify such area for protection by submitting a listing of the census blocks, or portions thereof, comprising the State- or federally funded project areas in a manner prescribed by the Office. The Office shall only utilize this data to update maps of census blocks to reflect these census blocks, or portions thereof, as being served. Failure on the part of a provider to submit the listing of census blocks by the cutoff date shall result in those areas being eligible for inclusion under the G.R.E.A.T. grant program during subsequent program years. The Office shall use the census block data provided only for mapping of unserved areas. A project area shall remain protected for a period of 18 months from the submission of the listing information required under this subdivision; provided, however, a private provider that has received protection for a project area shall submit written documentation by April 30 of the year following the program year that broadband deployment has begun, been completed, or is otherwise in good standing, in the census blocks, or portions thereof, that have been deemed ineligible by the Office under this subsection. Upon submission of documentation satisfactory to the Office, a protected project area shall remain protected until project completion. A project area where a private provider has forfeited or otherwise defaulted on an agreement in connection with receipt of funds to deploy broadband service shall be eligible for inclusion in this program in subsequent program years. Information provided to the Office pursuant to this subdivision is not a public record, as that term is defined in G.S. 132-1.

The provisions of G.S. 143B-1373(d1) are replaced with the following:

An application submitted pursuant to this section shall include a project area map that provides location-specific data in a format required by the Office. A provider submitting an application pursuant to this section shall bear the burden of proof that the proposed area to be served can, in fact, be served using the proposed technology. The burden of proof may be satisfied by the submission of data, maps, and any other information satisfactory to the Office demonstrating that the area and number of prospective broadband recipients proposed to be served can be provided the minimum upload and download speeds indicated in the application.

The provisions in G.S. 143B-1373(e) are replaced with the following:

Applications shall be made publicly available by posting on the website of the Department of Information Technology for a period of at least 20 days prior to award. During the 20-day period, any interested party may submit comments to the Secretary concerning any pending application. A broadband service provider currently providing broadband service in a project area proposed in an application may submit a protest of any application on the grounds the proposed project covers an area that is a protected area under subsection (c) of this section or that the proposed project area contains ten percent (10%) or more of total households with access to broadband service as defined in this section. Protests shall be submitted in writing, accompanied
by all credible and relevant supporting documentation, including specific addresses, and detailed mapping demonstrating that the protesting broadband provider has installed infrastructure sufficient to provide broadband service to the specific addresses provided in the protest, along with an attestation that broadband service is available to the exterior of the structure at the specific addresses indicated. The protest shall be considered by the Office in connection with the review of the application. Upon submission of evidence satisfactory to the Office that the proposed project area includes a protected area or prospective broadband recipients that are presently served, as measured using a methodology satisfactory to the Office, the Office may work with an applicant to amend an application to reduce the number of unserved prospective broadband recipients in the project area to reflect an accurate level of current broadband service. The Office may revise application scores in accordance with amended applications; however, the Office may reject any amended application resulting in a lower application score to the extent that the lower score would have impacted the ranking of the application in the initial scoring process. For applications with filed protests, the Secretary shall issue a written decision to the protesting party at least 15 days prior to the approval of that application. Following a protest that is granted for a portion of the application, the Office may release to an applicant the locations or areas declared ineligible. The information released to the applicant is not a public record, as that term is defined under G.S. 132-1, and shall remain confidential. Any provider submitting a protest shall verify that the information in the protest is accurate and that the protest is submitted in good faith. The Office may deny any protest or application that contains inaccurate information. As a means of resolving a protest, the Office may utilize speed tests to determine if the protested area or individual households or businesses currently have access to broadband service as defined in this section. The Department shall publish the speed test methodology it uses to assess speed levels pursuant to this section. All decisions regarding the speed test to be utilized and the manner by which the speed tests are applied shall be made by the Secretary or the Secretary's designee.

(8) The partnership scoring provision in G.S. 143B-1373(g)(1) is replaced with the following:

Projects proposing a partnership shall be given points in their application score. A proposed partnership shall (i) be in writing, (ii) provide the specific terms and conditions of the partnership, and (iii) be signed and attested to by the parties. A county or nonprofit may enter into proposed agreements with more than one applicant. For the purposes of scoring under this subdivision, one point shall be given for a proposed partnership that will make available existing infrastructure that has been installed for the partner's enterprise, nonconsumer broadband purposes, or any other property, buildings, or structures owned by the partner, for a proposed project under this section. A county or nonprofit entity that proposes to provide a financial match shall be given one point. Notwithstanding Article 8 of Chapter 143 of the General Statutes, or any provision of law to the contrary, a county may use unrestricted general funds or federal American Rescue Plan Act (P.L. 117-1) funds allocated to it for the purpose of improving broadband infrastructure for a financial match. An applicant shall receive two additional points for a proposed partnership where the county's financial match is comprised entirely from federal American Rescue Plan Act (P.L. 117-2) funds intended for
broadband infrastructure. Nothing in this subdivision shall be deemed to authorize a county to provide broadband service. For projects where the application includes a proposed partnership, the agreement shall contain a provision requiring a certification of the existence of the partnership prior to disbursement of grant funds.

(9) The scoring model measures contained in G.S. 143B-1373(g)(5) are replaced with the following:

(10) The base speed multiplier provided in G.S. 143B-1373(g)(6) shall be administered as follows:

- **Minimum Download:**
  - 100:20 Mbps. or greater: 1.00
  - 100 Mbps., symmetrical: 2.00
  - Greater than 100:100 Mbps.: 3.00

An applicant proposing minimum download and minimum upload speeds of less than 100 Mbps., symmetrical, shall provide an attestation to the Office that, upon project completion, the completed infrastructure will be scalable to a minimum of 100 Mbps. download and 100 Mbps. upload on or before December 31, 2026, subject to the return of all federal American Rescue Plan Act (P.L. 117-2) funds received under this section and all of the grant forfeiture provisions in G.S. 143B-1373(f).

(11) Additional points shall be awarded to counties providing a portion of a project's matching funds entirely from federal American Rescue Plan Act (P.L. 117-2) funds received directly from the federal government. For counties that received an aggregate of eight million dollars ($8,000,000) or more directly from the federal government, the following points shall be added to the application score:

(12) The grant limitation amounts in G.S. 143B-1373(i) are changed as follows:
A single grant award shall not exceed four million dollars ($4,000,000). No combination of grant awards involving any single county may exceed eight million dollars ($8,000,000) in a fiscal year. Any project that is applied for and not funded in an award round under this section shall be eligible for funding under the Completing Access to Broadband program pursuant to G.S. 143B-1373.1.

(13) The provisions of G.S. 143B-1373(j) are replaced with the following:
Grant recipients are required to provide matching funds based upon the application scoring pursuant to this section in the following minimum amounts:

Up to fifty percent (50%) of matching funds paid by the grant recipient may be comprised of third-party funding, including funds from other grant programs or federal funds, to the extent applicable rules permit. A grant recipient receiving a portion of matching funds from a county, where the county portion of matching funds is partially comprised of federal American Rescue Plan Act (P.L. 117-2) funding, may have the grant recipient's portion of the matching requirement imposed under this subdivision reduced to a maximum of twenty-five percent (25%). A grant recipient receiving a portion of matching funds from a county, where the county portion of matching funds is entirely comprised of federal American Rescue Plan Act (P.L. 117-2) funding, may have the grant recipient's portion of the matching requirement imposed under this subdivision reduced to a maximum of fifteen percent (15%).

SECTION 38.4.(b) The Department of Information Technology shall utilize a portion of the administrative funds authorized in this Part for legal and appraisal services needed to assist the Department of Administration in administering the provisions of G.S. 146-29.2(b1). The Department of Administration shall utilize all available resources to prioritize the review and disposition of requests for collocation, installation, and operation of equipment for broadband providers receiving grants under this Part.

STATE RECOVERY FUNDS/BROADBAND STOPGAP SOLUTIONS

SECTION 38.5. The Department of Information Technology shall use the funds appropriated in this act from the State Fiscal Recovery Fund for Stopgap Solutions–Federal Broadband Funds to provide grants to internet service providers, local government entities, and nonprofits for the provision and installation of infrastructure, as that term is defined in G.S. 143B-1373(a), that will expand the provision of broadband service to unserved and underserved households in this State. The Department shall ensure that grant funds are awarded and utilized in compliance with applicable federal guidelines. No more than ten percent (10%) of the funds described in this section may be granted for broadband projects located in any single county.
COMPLETING ACCESS TO BROADBAND PROGRAM

SECTION 38.6. Article 15 of Chapter 143B of the General Statutes is amended by
adding a new section to read:

"§ 143B-1373.1. Completing Access to Broadband program.

(a) As used in this section, the following definitions apply:

(1) Broadband service. – Terrestrially deployed internet access service with
transmission speeds of at least 25 megabits per second (Mbps) download and
at least 3 megabits per second upload (25:3).

(2) Department. – The Department of Information Technology.

(3) Eligible area. – An area that is unserved or underserved in a county. A county
that has utilized federal funding for broadband infrastructure projects on or
after May 1, 2021, is not eligible.

(4) Office. – The Broadband Infrastructure Office within the Department of
Information Technology.

(5) Project area. – An eligible area that is jointly determined by a requesting
county and the Broadband Infrastructure Office within the Department of
Information Technology as requiring project funding under this section to
further complete the deployment of broadband service in the county.

(6) Unserved or underserved. – A location within a county that has no deployment
of broadband service or that has internet access service that does not meet the
definition of broadband service. Areas where a private provider has been
designated to receive funds through other State- or federally funded programs
designed specifically for broadband deployment shall be considered served if
such funding is intended to result in construction of broadband in the area
within 18 months or for the duration of the federal funding program for that
area, or if the funding recipient is otherwise in good standing with the funding
agency's regulations governing the funding program.

(b) The Completing Access to Broadband Fund (CAB Fund) is established as a special
revenue fund in the Department of Information Technology. The Secretary may award grants
from the CAB Fund projects meeting the criteria established under this section. State funds
appropriated to this Fund shall be considered an information technology project within the
meaning of G.S. 143C-1-2. The Office shall establish procedures in accordance with this section
that allow every county in the State to participate in the Completing Access to Broadband
program. Monies awarded from the CAB Fund shall be used for infrastructure and infrastructure
costs, as those terms are defined in G.S. 143B-1373(a). The State shall not be obligated for funds
committed for project costs from the CAB Fund in excess of those sums appropriated by the
General Assembly to the CAB Fund.

(c) In collaboration with the Broadband Infrastructure Office, a county may request
funding under this section for either a defined eligible project area that is mutually identified by
the county and the Office or for a project that was not awarded a grant in the most recent round
of grant awards under G.S. 143B-1373. All identified projects shall be subject to the bid process
requirements in this subsection. In selecting project areas to receive funding, the Office shall give
priority to eligible areas that a county has requested funding for based upon utilizing the Office's
Community Broadband Planning Playbook and those counties that meet the criteria established
in subsection (e) of this section. The Department shall utilize its authority under Part 4 of this
Article to develop competitive bid processes for the procurement of the construction, installation,
and operation of broadband infrastructure. Notwithstanding Article 8 of Chapter 143 of the
General Statutes, or any other provision of law to the contrary, the Department may delegate to
a county the authority to select a provider for the project area in accordance with Part 4 of this
Article. The Department shall reserve the authority to approve the selection of a county pursuant
to this subsection. Unless the county has bid processes acceptable to the Office, the Office shall utilize customizable forms and procedures developed by the Department for the purposes of this subsection. Selections made pursuant to this subsection are not subject to the Department's administrative review authority under Article 3A of Chapter 150B of the General Statutes or the Department's administrative rules regarding information technology bid protests and contested case procedures. Selection of project areas shall be subject to the protections provided in G.S. 143B-1373(c). In conjunction with the bid process, a proposed project area shall be posted on the Department's website for a period of at least 10 days. Upon submission of credible evidence, a broadband service provider may request a project scope adjustment to the Office in accordance with G.S. 143B-1373(e). Upon a finding that the evidence submitted by the broadband service provider is credible, the Office shall work with the county to amend the scope of the project. The Office shall develop and administer any agreement entered into pursuant to this section. Nothing in this subsection shall be deemed to grant authority for a county to own, operate, or otherwise control broadband infrastructure contracted for under this section.

(d) A broadband service provider selected for a project under this section may provide up to thirty percent (30%) of the total estimated project cost. The Office may commit up to thirty-five percent (35%) of the total estimated project cost from monies in the CAB Fund. The county requesting the project shall be responsible for at least thirty-five percent (35%) of the total estimated project cost and shall utilize federal American Rescue Plan Act (P.L. 117-2) funds or nonrestricted general funds for that purpose. In the event CAB Fund monies are insufficient to fund a project, a county may increase its share of the total estimated project cost, or the Office may adjust the scope of the project to meet the level of available funding. No county may receive more than four million dollars ($4,000,000) in aggregate funding from the CAB Fund in any single fiscal year.

(e) Notwithstanding the project cost responsibility allocations in subsection (d) of this section, for a county receiving from the federal government less than an aggregate of eight million dollars ($8,000,000) in federal American Rescue Plan Act (P.L. 117-2) funds, a broadband service provider selected for a project shall provide not less than fifteen percent (15%) of the total estimated project cost. If a broadband service provider provides more than fifteen percent (15%) of the total estimated project cost, the State and county cost responsibilities shall be equally apportioned. The following cost responsibility allocations for counties meeting the requirements of this subsection and the State apply:

(f) A broadband service provider selected for a project under this section shall enter into an agreement with the Office that shall include the project description, timelines, benchmarks, proposed broadband speeds, and any other information and documentation the Office deems necessary. All proposed broadband speeds must meet or exceed the federal guidelines for use of American Rescue Plan Act (P.L. 117-2) funds. Upon execution of an agreement, the county shall provide its portion of the total estimated project costs to the Office to be combined with CAB Funds awarded for the project and placed in a separate project account. The Office shall provide project oversight, and, upon completion of established benchmarks in the project agreement, the Office shall disburse funds from the project account to the broadband service provider. The forfeiture provisions in G.S. 143B-1373(l) shall apply to agreements entered into under this section.

EXPANSION OF THE G.R.E.A.T. PROGRAM FOR FIXED WIRELESS AND SATELLITE BROADBAND GRANTS

SECTION 38.7.(a) Article 15 of Chapter 143B of the General Statutes is amended by adding a new section to read:
§ 143B-1373.1. G.R.E.A.T. program fixed wireless and satellite broadband grants.

(a) The following definitions apply in this section:

1. **Broadband service.** — Internet access service provided by low-orbit geostationary satellites or fixed wireless networks with (i) a latency of 500 milliseconds or less and (ii) transmission speeds that are equal to or greater than the requirements for the minimum performance tier, as provided by the Federal Communications Commission in Paragraph 39 of the report and order adopted January 30, 2020, and released February 7, 2020.

2. **Equipment.** — The antenna and any necessary hardware provided by a broadband service provider to a subscriber that enables the subscriber to connect to the broadband service. The term does not include a modem.

3. **Fixed wireless provider.** — A broadband service provider that provides internet access to a subscriber via fixed antenna that receives a radio link from the provider's network to the subscriber.

4. **Grantee.** — A broadband provider that has been awarded a grant pursuant to this section.

5. **Office.** — The Broadband Infrastructure Office in the Department of Information Technology.

6. **Satellite broadband provider.** — A broadband service provider that provides Internet access directly to consumers via satellite technology.

7. **Secretary.** — The Secretary of the Department of Information Technology.

8. **Unserved household.** — A household located in this State that does not have access to broadband service from a wireline or wireless service provider. A household that is included in an area where a grant from the Growing Rural Economies with Access to Technology (GREAT) program pursuant to G.S. 143B-1373 has been awarded is not eligible for a grant under this section.

(b) Applications for grants will be submitted at times designated by and on forms prescribed by the Secretary. Notwithstanding any other provision of law, if the Secretary deems some of the information in an application to contain proprietary information, the Secretary may provide that such information is not a public record, as that term is defined in G.S. 132-1, subject to public records or other laws requiring the disclosure of such information and have that portion of the application redacted. An application shall include, at a minimum, the following information:

1. The identity of the applicant.

2. The specific address of the subscriber.

3. A description of the services provided, including the upstream and downstream broadband speeds delivered, latency metrics, and any applicable data caps. Any applicant proposing a data cap below 150 Gigabytes of usage per month shall also provide justification to the satisfaction of the Office that the proposed cap is in the public interest and consistent with industry standards.

4. The cost to be charged to the unserved household for the equipment needed to connect to the broadband service for the next two years.

5. Evidence of a contract with the subscriber, including the amount charged for the equipment and the installation of the equipment, necessary for providing broadband service to the subscriber.

6. The terms and conditions imposed upon the subscriber, including restrictions on use and possession of equipment used for broadband service connection.

7. Any other information or supplementary documentation requested by the Office.
(c) The Office shall determine eligibility for a grant pursuant to this section based upon the information provided in the application of a broadband service provider and any other information or supplementary documentation requested by the Office. As a measurement of the provision of broadband equipment to an unserved household, the Office shall award grants to applicants that demonstrate the provision of equipment that has provided broadband service to an unserved household. The Office shall provide grants to eligible broadband service providers for providing broadband service equipment to unserved households as follows:

(1) Up to one thousand one hundred dollars ($1,100) for the provision of satellite broadband equipment to any single unserved household, or up to seven hundred dollars ($700.00) for the provision of fixed wireless broadband equipment to any single unserved household, providing broadband speeds of 50 megabits per second download and 3 megabits per second upload or greater.

(2) Up to seven hundred dollars ($700.00) for the provision of satellite broadband equipment to any single unserved household, or up to five hundred dollars ($500.00) for the provision of fixed wireless broadband equipment to any single unserved household, providing less than 50 megabits per second download and 3 megabits per second upload.

The grants awarded by the Office shall not exceed the cost of the broadband provider's equipment, including any installation costs, necessary to provide broadband service to the unserved household.

(d) Eligibility for a grant award is dependent upon the household maintaining broadband service with the grantee for at least 24 consecutive months. No grant shall be awarded for providing broadband service at an address that the Office has previously awarded a grant under this section. A grantee shall submit documentation to the Office annually that will provide information sufficient for the Office to verify eligibility of subscriptions, including that the household was unserved. Payment of grant funds is subject to documentation showing eligibility of subscriptions.

(e) The Office shall require a grantee to enter into an agreement. The agreement shall contain at least all of the following:

(1) An address of the household subscribing for broadband service for which the grant is sought.

(2) A provision that requires the grantee to maintain its service for the subscriber for at least 24 consecutive months.

(3) A provision establishing the conditions under which the grant agreement may be terminated and under which grant funds may be recaptured by the Office.

(4) A provision stating that unless the agreement is terminated pursuant to its terms, the agreement is binding and constitutes a continuing contractual obligation of the State and the grantee.

(5) A provision that establishes any allowed variation in the terms of the agreement that will not subject the grantee to grant reduction, amendment, or termination of the agreement.

(6) A provision describing the manner in which the amount of the grant will be measured and administered to ensure compliance with the agreement and this section.

(7) A provision stating that any recapture of a grant and any reduction in the amount of the grant or the term of the agreement must, at a minimum, be proportional to the failure to comply measured relative to the condition or criterion with respect to which the failure occurred.
(8) A provision describing the methodology the Office will use to verify subscriptions and the types of information required to be submitted by the grantee.

(9) A provision stating that the grantee may not impose data caps upon any eligible subscription, for the term of the agreement.

(10) A provision stating that the equipment necessary for a subscriber to receive broadband service from the grantee shall be deemed a fixed asset upon the property of the eligible subscription and shall transfer with the property to any successors.

(11) Any other provision the Office deems necessary.

(f) If the grantee fails to meet or comply with any condition or requirement set forth in an agreement, the Office shall reduce the amount of the grant or the term of the agreement, may terminate the agreement, or both. The reduction in the amount or the term must, at a minimum, be proportional to the failure to comply measured relative to the condition with respect to which the failure occurred. If the Office finds that the grantee has manipulated or attempted to manipulate data with the purpose of increasing the amount of a grant, the Office shall immediately terminate the agreement and take action to recapture any grant funds disbursed in any year in which the Office finds the grantee manipulated or attempted to manipulate data with the purpose of increasing the amount of a grant.

(g) The grantee shall certify and provide to the Office evidence consistent with a Federal Communications Commission attestation that the proposed minimum upstream and minimum downstream broadband speeds and latency metrics identified in the application guidelines are and will be available throughout the project area during the term of the agreement prior to any end user connections. A grantee may receive a disbursement of a grant only after the Office has certified that the grantee has met the terms and conditions of the agreement. A grantee shall submit a certification of compliance with the agreement to the Office. The Office shall require the grantee to provide any necessary evidence of compliance to verify that the terms of the agreement have been met.

(h) The Office shall require that a grantee offer the proposed advertised minimum download and minimum upload speeds and subscription cost identified in the application for the duration of the 24 consecutive months provided in the agreement. Upon request, a grantee shall provide to the Office evidence consistent with a Federal Communications Commission attestation that the grantee is making available the proposed advertised speed, or a faster speed, as contained in the grant agreement.

SECTION 38.7.(b) The Department may utilize up to one million dollars ($1,000,000) in funds appropriated to the Growing Rural Economies with Access to Technology Fund established in G.S. 143B-1373(b) for grants awarded under this section.

SECTION 38.7.(c) This section becomes effective July 1, 2022.

FACILITATION OF BROADBAND DEPLOYMENT

SECTION 38.9.(a) Article 15 of Chapter 160A of the General Statutes is amended by adding a new section to read:

(a) Except as provided in G.S. 160D-935, a city shall issue a written decision to approve or deny an application for a permit or encroachment to conduct activities in the city's rights-of-way that has been submitted by an entity deploying broadband service, as defined in G.S. 143B-1373(a), within 30 days of the submission of the application. If a written decision has not been issued within the 30-day period, the application shall be deemed approved by the city. An application submitted pursuant to this section shall include information concerning the identity of the applicant and any contractors for the applicant, the type of installation and related facilities to be installed, the proposed construction time line, and the location or address of the proposed construction or installation. A city may deny an application that fails to meet reasonable guidelines established pursuant to this section and shall provide the reasons for denial to the applicant. An applicant may cure the deficiencies identified in the application denial and resubmit..."
a revised application at no additional cost to the applicant. A city shall review only the portion
of a resubmitted application relating to the deficiencies initially identified and shall approve or
deny the resubmitted application within 10 days of resubmission. A city shall include a method
to designate applications submitted pursuant to this section as being submitted by an entity
deploying broadband service.

(b) In administering the provisions of this section, a city may do the following:

1. Determine reasonable guidelines for the installation of facilities in the city's
   rights-of-way to prevent any activities from interfering with or endangering
   public use of city streets.
2. Require an applicant to promptly repair any damage caused by the applicant
   or an agent of the applicant.
3. Require that an applicant execute an affidavit evidencing financial
   responsibility or obtain commercially reasonable insurance that demonstrates
   adequate resources to repair any damage caused by the applicant or an agent
   of the applicant.

A city may not impose additional conditions or requirements on an applicant beyond those
listed in this subsection. A city may not require an entity that has been issued a valid certificate
of public convenience by the Public Utilities Commission or a franchise to provide video
programming services issued by the Secretary of State to enter into a master encroachment
agreement or other similar agreement as a condition of approval of an application under this
section.

SECTION 38.9.(b) This section is effective when it becomes law.

BROADBAND ACCELERATION

SECTION 38.10.(a) G.S. 153A-459 reads as rewritten:

"§ 153A-459. Authorization to provide grants. County broadband acceleration.

A county may provide grants to unaffiliated qualified private or nonprofit providers of
high-speed Internet access service, broadband service, as that term is defined in
G.S. 160A-340(4), G.S. 143B-1373(a)(2), for the purpose of expanding broadband service in
unserved areas for economic development in the county. The grants shall be awarded on a
technology neutral basis, shall be open to qualified applicants, all private or nonprofit providers
of broadband service, and may require matching funds by the private provider or nonprofit
providers. A county shall seek and consider requests for proposal from qualified private providers
within the county prior to awarding a broadband grant and shall use reasonable means to ensure
that potential applicants are made aware of the grant, including, at a minimum, compliance with
the notice procedures set forth in G.S. 160A-340.6(c). grant; provided, however, a county is not
required to seek and consider requests for proposal when providing financial or other support in
connection with an application from a private provider for a broadband service grant under
G.S. 143B-1373. The county shall may use only unrestricted general fund revenue as well as
State or federal funds for the grants. For the purposes of this section, a qualified private provider
is a private provider of high-speed Internet access service in the State prior to the issuance of the
grant proposal. For purposes of this section, the term "unserved area" has the same meaning as
in G.S. 143B-1373(a)(14). For any grants awarded pursuant to this section after the date this
section becomes effective, the term "unserved area" shall not include any location where a private
provider has been designated to receive funds through State- or federally funded programs
designed specifically for broadband service deployment if the recipient of the funding is in good
standing with the grantor agency's requirements regarding construction build-out and time lines.
Nothing in this section authorizes a county to provide high-speed Internet broadband service."

SECTION 38.10.(b) The Broadband Pole Replacement Program (hereinafter
"Program") is hereby established for the purpose of speeding and facilitating the deployment of
broadband service to individuals, businesses, agricultural operations, and community access
points in unserved areas by reimbursing a portion of eligible pole replacement costs incurred by communications service providers. A communications service provider who pays or incurs the costs of removing and replacing an existing pole in connection with a qualified project may apply to the Department for reimbursement in an amount equal to fifty percent (50%) of eligible pole replacement costs paid or incurred by the applicant or ten thousand dollars ($10,000), whichever is less, for each pole replaced.

**SECTION 38.10.(c)** The funds appropriated in this act for the Program shall be held by the Department in a special fund and shall not revert to the General Fund but shall remain available to reimburse communications service providers as authorized in this section until December 30, 2026, provided that reimbursements shall comply with applicable federal guidelines for the use of these recovery funds. The Department may use up to one percent (1%) of the funds appropriated for the Program, not to exceed the total sum of one hundred thousand dollars ($100,000) in each fiscal year, to administer the Program. The Department shall issue guidelines for the implementation of the Program and shall take all actions necessary to obtain access to the Coronavirus Capital Projects Fund for such purpose, including applying for such funding to the United States Treasury and promulgating any additional program requirements required by the United States Treasury as a condition of obtaining access to such funding.

**SECTION 38.10.(d)** Each applicant for reimbursement under the Program shall provide the following in a form specified by the Department:

1. Information sufficient to establish the number, cost, and eligibility of pole replacements and the identity of the communications service provider attaching the broadband facilities.
2. Documentation sufficient to establish that the pole replacements have been completed or are scheduled for completion not later than 90 days after the applicant has been reimbursed as authorized by this section.
3. The amount of reimbursement requested and documentation or information justifying the amount requested.
4. A verified statement from an officer or agent of the applicant declaring that the contents of the application are true and accurate.
5. Any other information the Department deems necessary for final review of the application and award of reimbursement.

**SECTION 38.10.(e)** No later than 60 days after the date the Department receives a completed application for reimbursement under the Program, the Department shall review the application and, if the application establishes that the applicant has paid or incurred costs eligible for reimbursement under the Program and there are sufficient funds in the Program special fund, shall reimburse the applicant as authorized in this section. The Department shall reimburse an applicant no later than 30 days after the date the Department determines reimbursement can be made as provided in this subsection. If a communications service provider incurs eligible pole replacement costs, the pole owner shall cooperate and coordinate with the provider to supply all information required by the Department to aid the provider in promptly completing and submitting an application for reimbursement under the Program. A pole owner shall reasonably and promptly cooperate with any request by the Department for substantiation of charges assessed by the pole owner.

**SECTION 38.10.(g)** A pole owner shall promptly review a request for access, perform surveys, provide estimates and final invoices, and complete, or require the completion by other attaching entities of, any make-ready work necessary for purposes of offering broadband service in an unserved area. A pole owner shall provide a good-faith estimate for any make-ready costs to the communications service provider within 60 days after receipt of a complete application for access. If requested by the communications service provider, the pole owner shall provide accompanying documentation indicating the basis of all estimated fees or other charges, including, but not limited to, administrative costs, that form the basis of its estimate. A good-faith
estimate shall remain valid for 14 days. To accept a good-faith estimate, a communications
service provider must provide the pole owner with written acceptance and payment of the
good-faith estimate. For a request for access affecting up to 30 utility poles for the purpose of
providing broadband service to an unserved area, make-ready work shall be completed within 90
days of written acceptance and payment of the good-faith estimate by the communications
service provider. For a request for access affecting more than 30 utility poles for the purpose of
providing broadband service to an unserved area, make-ready work shall be conditioned upon
payment of the good-faith estimate and shall be completed within a reasonable time frame
mutually agreed to by the communications service provider and the pole owner. A pole owner
may treat multiple requests from a single communications service provider as one application for
access when the requests are filed within 90 days of one another. A pole owner may deviate from
the time limits specified in this subsection during performance of make-ready work for good and
sufficient cause that renders it infeasible to complete make-ready work within the time limits
specified in this subsection. Any deviation from the time limits specified in this subsection shall
extend for a period no longer than necessary. A communications service provider shall promptly
be notified, in writing, of the reason for a deviation and the new completion date estimate. A
communications service provider shall provide notice, in writing, to the pole owner no later than
14 days after attaching equipment to a pole in an unserved area.

SECTION 38.10.(h) A party subject to a dispute arising under subsection (g) of this
section may invoke the dispute procedures authorized in G.S. 62-350 in the same manner as a
party seeking resolution of a dispute under G.S. 62-350(c), and the Utilities Commission shall
issue a final order resolving the dispute within 120 days of the date the proceedings were initiated;
provided, however, the Commission may extend the time for issuance of a final order for good
cause and with the agreement of all parties. In such a dispute, the Commission shall apply the
provisions of this section notwithstanding any contrary provisions of any existing agreement.

SECTION 38.10.(i) No later than 60 days after the date funds are appropriated to
the Program special fund, and on a quarterly basis thereafter, the Department shall maintain and
publish on its website all of the following:

(1) The number of applications for reimbursement received, processed, and
rejected, including the reasons applications were rejected.

(2) The amount of each reimbursement, the total number of reimbursements, and
the status of any pending reimbursements.

(3) The estimated remaining balance in the Program special fund.

SECTION 38.10.(j) The following definitions apply in this section:

(1) Broadband service. – As defined in G.S. 143B-1373(a).

(2) Communications service provider. – As defined in G.S. 62-350(e).

(3) Department. – The Department of Information Technology.

incurred by a party after June 1, 2021, to remove and replace a pole, including
the amount of any expenditures to remove and dispose of the existing pole,
purchase and install a replacement pole, and transfer any existing facilities to
the new pole. The term includes costs paid or incurred by the party responsible
for the costs of a pole replacement to reimburse the party that performs the
pole replacement. The term does not include costs that the party incurs initially
that have been reimbursed to the party by another party ultimately responsible
for the costs.

(5) Pole. – Any pole used, wholly or partly, for any wire communications or
electric distribution, irrespective of who owns or operates the pole.

(6) Pole owner. – A city or cooperatively organized entity that owns utility poles.

(7) Qualified project. – A project undertaken by a communications service
provider that is not affiliated with a pole owner seeking to provide qualifying
internet access service on a retail basis to one or more households, businesses, agricultural operations, or community access points in an unserved area.

(8) Qualifying internet access service. – Fixed, terrestrial internet access service with such speeds and technical capabilities required by the United States Treasury for projects under the Coronavirus Capital Projects Fund established by section 9901 of the American Rescue Plan Act and codified at section 604 of the Social Security Act, provided that if the United States Treasury does not establish such requirements, qualifying internet access shall mean service offered over a network that is capable of speeds of 100 megabits per second or faster in both the downstream and upstream directions.

(9) Unserved area. – An area in which, according to the most recent map of fixed broadband internet access service made available by the Federal Communications Commission, fixed, terrestrial broadband service at speeds of at least 25 megabits per second download and at least 3 megabits per second upload is unavailable at the time the communications service provider requests access. A pole shall be presumed to be located in an unserved area if the pole is located in an area that is the subject of a federal or State grant to deploy broadband service, the conditions of which limit the availability of a grant to unserved areas.

SECTION 38.10.(k) If any provision of this section or its application is held invalid, the invalidity does not affect other provisions or applications of this section that can be given effect without the invalid provisions or application, and to this end, the provisions of this section are severable.

SECTION 38.10.(l) G.S. 160D-931 reads as rewritten:

…"

SECTION 38.10.(m) G.S. 160D-935 reads as rewritten:

"§ 160D-935. Collocation of small wireless facilities.

…

(a1) A city may not charge a wireless provider who is taxed under G.S. 105-164.4(a)(4c) and submits an application under G.S. 160D-935(d) or G.S. 160D-936(j) either of the following:

(1) A fee for the collocation of a small wireless facility or the installation, modification, or replacement of a utility pole or city utility pole in the city right-of-way, including, without limitation, a fee under subsections (e) and (f) of this section or a fee for a building permit, electrical permit, inspection, lane closure, or work permit of any kind.

(2) Except for recurring charges assessed under G.S. 160D-937(a), (c), and (d), a recurring charge for the collocation of a small wireless facility in the city right-of-way or the installation, modification, or replacement of a utility pole or city utility pole in the city right-of-way, including, without limitation, a recurring charge under G.S. 160D-936(f).

…

(e) Subject to the limitations provided in G.S. 160A-296(a)(6), a city may charge an application fee that shall not exceed the lesser of (i) the actual, direct, and reasonable costs to

In any dispute concerning the appropriateness of a fee, the city has the burden of proving that the fee meets the requirements of this subsection.

(f) Subject to the limitations provided in G.S. 160A-296(a)(6), a city may impose a technical consulting fee for each application, not to exceed five hundred dollars ($500.00), to offset the cost of reviewing and processing applications required by this section. The fee must be based on the actual, direct, and reasonable administrative costs incurred for the review, processing, and approval of an application. A city may engage an outside consultant for technical consultation and the review of an application. The fee imposed by a city for the review of the application shall not be used for either of the following:

SECTION 38.10.(n) G.S. 160D-936 reads as rewritten:

..."
(1) Sell all State owned supplies, materials, and equipment that are surplus, obsolete, or unused and sell all seized vehicles and other conveyances that the State Surplus Property Agency is authorized to sell;

(2) Warehouse such property; and

(3) Distribute such property to tax-supported or nonprofit tax-exempt organizations.

(b) The State Surplus Property Agency is authorized and empowered to act as a clearinghouse of information for agencies and private nonprofit tax-exempt organizations, to locate property available for acquisition from State agencies, to ascertain the terms and conditions under which the property may be obtained, to receive requests from agencies and private nonprofit tax-exempt organizations, and transmit all available information about the property, and to aid and assist the agencies and private nonprofit tax-exempt organizations in transactions for the acquisition of State surplus property. When prioritization should be given to distributing computer equipment to nonprofit entities that refurbish computers and donate them to low-income students or households in this State, the State Surplus Property Agency shall distribute the computer equipment at no cost or the lowest possible cost to the nonprofit entities and must give consideration to the counties where the computer equipment will be donated to ensure that all geographic regions of the State benefit from the distributions.

(b1) Nothing in this Article, or any administrative rules promulgated under this Article, shall be deemed to prohibit The University of North Carolina from conveying surplus computer equipment at no cost and The University of North Carolina is encouraged to prioritize distribution to nonprofit entities that refurbish computers to donate to low-income students or households in the State. Any conveyance to a nonprofit under this subsection shall be conditioned upon, and in consideration of, the nonprofit's promise to refurbish the computer equipment and its donation to low-income students or households in the State and the nonprofit's reporting of information required by this subsection. After an initial conveyance, The University of North Carolina shall not convey additional surplus computer equipment to a nonprofit, unless that nonprofit has reported the information required by this subsection for prior conveyances.

When making a distribution under this subsection, The University of North Carolina shall keep records on the type of computer equipment distributed, the number distributed, the name of the nonprofit that received the distributions, and the nonprofit's report on donations of refurbished computers to low-income students or households in the State. If the nonprofit is unable to refurbish computer equipment for any reason, its report shall include the disposition of such computer equipment. A nonprofit shall provide a report to the Board of Governors of The University of North Carolina by February 1, 2022, and by February 1 of each year thereafter. The report shall contain the information required by this subsection and any other information the Board of Governors deems reasonably necessary to ensure the conditions required under this subsection are satisfied. The Board of Governors of The University of North Carolina shall submit a report containing the information required to be collected under this subsection to the Joint Legislative Education Oversight Committee by December 1, 2022, and by December 1 of each year thereafter.

(1) Evaluate the current internal service fund rate structure under G.S. 143B-1333, including the methodologies used by DIT in setting rates and fees and whether industry standards are reflected for the goods and services for which State agencies are charged. The specific matters for review include, but are not limited to, whether those rates and fees are (i) understandable, (ii) priced on usage, (iii) predictable for planning purposes, (iv) related to value received, (v) priced competitively with open market services, and (vi) readily adjustable to factor in unplanned events.

(2) Focus on the internal service rates and fees charged by DIT for State agency internet service, Wide Area Network costs, and any other costs of information technology goods and services that the JLOCIT deems appropriate.

(3) Review alternative ways to capture and recover the costs of information technology goods and services that DIT provides to State agencies.

(4) Examine how replacement costs are accounted for and built into State agency operating budgets.

(5) Review whether some State agencies should pay for information technology using the current or a similar rate system or if some should have information technology charges and costs funded differently.

The JLOCIT may make an interim report of its findings, conclusions, and legislative recommendations to the 2022 Regular Session of the 2021 General Assembly and shall make a final report to the 2023 General Assembly.

PANDEMIC

SECTION 39.2.(a) The General Assembly finds that North Carolina's response
efforts to the COVID-19 pandemic have included the extraordinary work of State employees and
local school employees at all levels and in all agencies. Essential services were continuously
provided throughout the pandemic to the citizens of North Carolina, including, but not limited
to, public health, public safety, transportation, education, and public recreation. Therefore, it is
appropriate that State employees and local education employees who worked to continue the
operations and services of government during the pandemic receive additional pay for their
efforts during the emergency.

SECTION 39.2.(b) Further, the General Assembly finds that certain employees were
at increased risk of exposure to COVID-19 due to job duties that required significant in-person
interaction. These employees should receive additional pay due to the increased personal risk
involved in providing the essential services associated with their job duties.

SECTION 39.2.(c) By January 31, 2022, employers of State employees and local

SECTION 39.2.(g) The premium pay bonuses awarded by this section:

SECTION 39.21.(a) One-Time Bonus. – Of the funds appropriated in this act to the
Department of Health and Human Services (DHHS) from the State Fiscal Recovery Fund, one
hundred thirty-three million dollars ($133,000,000) shall be used to distribute a one-time
payment to eligible providers to be passed along as a one-time bonus payment to each of the
eligible direct care workers employed by the eligible provider for continuing to provide critical
services during the COVID-19 pandemic. Up to one million dollars ($1,000,000) of these funds
may be used by DHHS to administer this one-time bonus payment program.

SECTION 39.21.(b) Eligible Provider. – For the purposes of this section, the term
"eligible provider" means a provider that is enrolled in the Medicaid or NC Health Choice
program in any of the following provider categories:

(1) Providers who provide services through the following Medicaid waiver
programs:
   b. The Community Alternatives Program for Disabled Adults
      (CAP/DA).
   c. The North Carolina Innovations waiver.
   d. The Traumatic Brain Injury (TBI) waiver.

(2) Personal care services (PCS) providers.

(3) Intermediate care facilities for individuals with intellectual disabilities
   (ICF/IID), including ICF/IID-level group homes.

   residential treatment facilities, psychiatric residential treatment facilities
   (PRTFs), medical management and crisis stabilization facilities, and facilities

SECTION 39.21.(c) Eligible Direct Care Workers. – An eligible provider shall
designate its employees who are direct care workers eligible for the one-time bonus payment
program authorized by this section. Only employees who meet all of the following criteria may
be so designated by an eligible provider:

(1) The employee is a direct care worker as determined by DHHS. DHHS shall
    include workers who do at least one of the following in the definition of direct
care worker:
    a. Interact directly with patients or clients.
    b. Provide direct care support services at a licensed health care facility.

(2) The employee has been employed by the same eligible provider since March
    10, 2020, through August 1, 2021.

(3) The employee has worked at least 1,000 hours providing direct care services
    between March 10, 2020, and August 1, 2021.

(4) The employee is not an employee of the State or otherwise eligible for any
    employment-related bonus under this act.
SECTION 39.21.(d) Procedure to Participate. – To participate in the one-time bonus payment program, each eligible provider shall submit the number of direct care workers the provider has designated as eligible, including a description of the position held by any direct care worker the provider has designated as eligible that supports designation that the position meets the criteria of direct care worker, to DHHS by no later than January 31, 2022. Prior to receiving any funds, the eligible provider shall submit an attestation that any funds received in accordance with this section shall be provided directly to designated eligible direct care workers.

Upon receipt of the information required by this subsection from an eligible provider, DHHS shall review the submitted information provided against historical Medicaid and NC Health Choice claims data of that eligible provider to evaluate the reasonableness of the submitted number of direct care workers designated as eligible for the one-time bonus payment under this section. No payment shall be made to an eligible employer until all information submitted is reviewed, the required attestation is received, and the total number of potential eligible direct care workers is ascertained. If, based upon the information submitted by a provider, DHHS determines that the number of direct care workers designated is not correct or that the provider is not an eligible provider, then, by no later than March 1, 2022, DHHS shall provide notice to the provider and include the reason for the determination and the number of eligible direct care workers determined to be correct by DHHS, if applicable. If DHHS makes any determination of ineligibility, then DHHS shall reserve funds in the amount necessary to make full payment as was applied for in case that determination is later modified.

No later than March 1, 2022, DHHS shall issue a one-time payment, including associated payroll costs, to each eligible provider in the amount required to provide bonuses to eligible direct workers, subject to the other requirements of this section.

SECTION 39.21.(e) Bonus Amount Calculation. – Subject to the requirements of subsection (d) of this section, the amount of the one-time bonus available for eligible direct care workers shall be calculated as the lesser of the following amounts:

(1) One hundred thirty-three million dollars ($133,000,000) minus both the amount used by DHHS for administration of this one-time bonus payment program and the amount determined to be necessary to cover the associated payroll costs for each eligible provider divided by the total number of direct care workers designated by eligible providers as eligible employees.

(2) Two thousand dollars ($2,000).

SECTION 39.21.(f) Any funds remaining after all payments are made to eligible providers in accordance with this section shall be credited to the State Fiscal Recovery Fund.

SECTION 39.21.(g) Nothing in this section shall be construed to create an entitlement to the distribution of funds by DHHS under this section.

SECTION 39.22.(a) Effective for the 2021-2023 fiscal biennium, required employer salary-related contributions for employees whose salaries are paid from department, office, institution, or agency receipts shall be paid from the same source as the source of the employee’s salary. If an employee’s salary is paid in part from the General Fund or Highway Fund and in part from department, office, institution, or agency receipts, required employer salary-related contributions may be paid from the General Fund or Highway Fund only to the extent of the proportionate part paid from the General Fund or Highway Fund in support of the salary of the employee, and the remainder of the employer's requirements shall be paid from the source that supplies the remainder of the employee's salary. SECTION 40.1.(f) There is created within the Community Colleges System Office the Community Colleges Building Fund as an interest-bearing capital project fund. At the beginning of each fiscal year, the Office of State Budget and Management shall transfer an amount equal to the amount allocated for community college capital projects in the most recent Current Operations Appropriations Act to the Community Colleges Building Fund. Proceeds disbursed from the Fund shall be used for new construction or rehabilitation of existing facilities, repairs and renovations, building of technology infrastructure, and the purchase of measures to ensure building security. Projects for facilities for centralized administration, trailers, relocatable classrooms, or mobile classrooms are not eligible for funding. Any items purchased with such proceeds and installed or replaced as part of a renovation or rehabilitation must have a useful life of at least 10 years or must extend the life of the facility by at least 10 years once renovated or rehabilitated. The Community Colleges System Office shall develop a process to allocate the proceeds from the Community Colleges Building Fund. A county that is a development tier three area, as provided in the annual ranking performed by the Department of Commerce pursuant to G.S. 143B-437.08 for the 2020 calendar year, shall provide local matching funds from county funds, other non-State funds, or a combination of these sources for such proceeds in the amount of one dollar ($1.00) of local matching funds for every one dollar ($1.00) of such proceeds. The provisions of G.S. 115D-31, or any other provision of law permitting prior expenditures to be used for match purposes, do not apply for purposes of meeting the matching funds requirements of this section. For rehabilitation of existing facilities and repairs and renovations, community colleges are not required to match proceeds allocated in this section. Each community college receiving the proceeds allocated pursuant to subsection (e) of this section shall report by January 1, and quarterly thereafter, to the Community Colleges System Office on the projects funded from those allocations, and the Community Colleges System Office shall combine the reports and submit them in accordance with G.S. 143C-8-14. Allocations from the fund shall not be used to retire debt issued or authorized prior to July 1, 2021. The amount distributed to any single community college shall not exceed the amount listed in the allocation schedule in subsection (e) of this section. Interest credited to the Community Colleges Building Fund shall revert to the State Capital and Infrastructure Fund.

SECTION 40.1.(g) For project code NCGA21-2, the Legislative Services Office shall utilize funds appropriated for the 2021-2022 fiscal year to expand upon the Government Facilities Master Plan initiated pursuant to Section 36.2(a) of S.L. 2018-5, with an emphasis on potential remodeling expenditures and the use of temporary workspace options to more effectively renovate and remodel State-owned property. The expanded Government Facilities Master Plan may also consider the cost and feasibility of leasing and leasing alternatives, including the use of privately owned structures, and potential energy efficiency savings. The expanded Government Facilities Master Plan shall focus on the following State-owned properties in the downtown government complex:

Any federal funds received for this purpose are hereby appropriated.

**STATE CONSTRUCTION CHANGES**

**SECTION 40.6.** G.S. 143-341 reads as rewritten:

"§ 143-341. Powers and duties of Department.

The Department of Administration has the following powers and duties:

…

(3) Architecture and Engineering:

a. To examine and approve all plans and specifications for the construction or renovation of the following:

1. All State buildings or buildings located on State lands, except those buildings over which a local building code inspection department has and exercises jurisdiction. For the purposes of this sub-sub-subdivision, buildings, facilities, or projects located on State lands that are (i) privately owned or privately leased and (ii) located within the North Carolina Global TransPark are exempt.

2. All community college buildings requiring the estimated expenditure of public money for construction or repair work
for which public bidding is required under G.S. 143-129 of two million dollars ($2,000,000) or more prior to the awarding of a contract for such work; and to examine and approve all changes in those plans and specifications made after the contract for such work has been awarded.

... To supervise the letting of all contracts for the design, construction or renovation of all State buildings and all community college buildings whose plans and specifications must be examined and approved under a.2. of this subdivision.

d. To supervise and inspect all work done and materials used in the construction or renovation of all State buildings and all community college buildings whose plans and specifications must be examined and approved under a.2. of this subdivision; to act as the appropriate official inspector or inspection department for purposes of G.S. 143-143.2; and no such work may be accepted by the State or by any State agency until it has been approved by the Department.

STREAM DEBRIS REMOVAL

SECTION 40.7.(a) Funds transferred from the State Capital and Infrastructure Fund to the Department of Environmental Quality (Department) for stream debris removal shall be used for the removal and disposal of waterway debris from waters of the State located in a targeted river basin. The Department shall develop a schedule for the removal and disposal of waterway debris from waters of the State located in a targeted river basin and shall contract with one or more appropriate and qualified private entities to carry out the debris removal and disposal activities.

SECTION 40.7.(b) Stream debris removal projects funded under this section shall be exempt from the requirements of Articles 1, 4, and 7 of Chapter 113 of the General Statutes, as well as requirements for stormwater or water quality permits under Article 21 of Chapter 143 of the General Statutes. The Department is directed to waive any right of certification under section 401 of the federal Clean Water Act with respect to projects funded by this act.

SECTION 40.7.(b1) No funds allocated by this section may be expended by the Department until the initial draft of the Flood Resiliency Blueprint required pursuant to Section 5.9(c) of this act has been completed.

SECTION 40.7.(c) Funds allocated by this section for the 2021-2023 fiscal biennium shall not revert but shall remain available for nonrecurring expenses until the funds have been spent or encumbered. The Department may utilize up to three percent (3%) of the funds allocated by this section for administration of the stream debris removal projects authorized under this section.

SECTION 40.7.(d) The Department shall report within 30 days of the end of each fiscal quarter in which funds are expended to the chairs of the Joint Legislative Oversight Committee on Agriculture and Environment and Natural Resources and the Fiscal Research Division regarding uses of the funds appropriated by this section. The report shall include a cumulative and quarterly listing of projects funded, counties where funded projects were located, and linear feet of streams cleared.

SECTION 40.7.(e) Definitions. – The following definitions apply in this section:

(1) Acute incident. – A natural event such as a hurricane, tornado, or extreme rain event that results in the release of large amounts of waterway debris.
(2) Targeted river basins. – The Neuse River basin, the Cape Fear River basin, the Lumber River basin, the Tar-Pamlico River basin, and the White Oak River basin.

(3) Vegetative debris. – Vegetative matter resulting from landscaping, maintenance, right-of-way or land-clearing operations, including whole trees, tree limbs, tree stumps, limbs or leaves, shrubbery, grass clippings, and other plant material.

(4) Waters of the State. – Any surface body or accumulation of water, whether publicly or privately owned and whether naturally occurring or artificially created, which is contained within, flows through, or borders upon any part of this State.

(5) Waterway debris. – Any solid material, including, but not limited to, vegetative debris and debris exposed to or that has the potential to release oil, hazardous substances, pollutants, or contaminants, that enters a waterway in a targeted basin following an acute incident and poses a threat to the natural or man-made environment or has the potential to increase the risk or severity of future flood events. This may include shoreline and wetland debris and debris in inland, non-tidal waterways of a targeted river basin.

GRANTS TO NON-STATE ENTITIES

SECTION 40.8. Requirements. – For purposes of this Part, nonrecurring funds allocated from the State Capital and Infrastructure Fund as grants to non-State entities, as defined by G.S. 143C-1-1(d), are subject to all of the following requirements:

(1) As soon as practicable after the effective date of this act, each State agency administering grants shall begin disbursement of funds to each grantee non-State entity when all applicable requirements are met. However, disbursement of grant funds allocated for the 2021-2022 fiscal year shall commence no later than 100 days after the date this act becomes law, and disbursement in full to all grantees shall be completed no later than nine months after the date this act becomes law. Disbursement of grants allocated for the 2022-2023 fiscal year shall be completed no later than 100 days after the beginning of the 2022-2023 fiscal year.

(2) G.S. 143C-6-23(b) through (f) and (f2) through (k) apply to the grants.

(3) Notwithstanding any provision of G.S. 143C-1-2(b) to the contrary, unless otherwise indicated, nonrecurring funds appropriated in this Part as grants shall not revert until expended or the particular project has been completed.

(4) Grants to each grantee non-State entity shall be used for nonsectarian, nonreligious purposes only.

(5) By January 1, 2022, and then quarterly thereafter, the Office of State Budget and Management shall report to the Fiscal Research Division on the schedule for and status of grant disbursement. At a minimum, the report shall include the following for each grant:

a. The date when the disbursing agency issued the initial contract.
b. The date when the contract was sent to the grantee non-State entity.
c. The date when the fully executed contract was returned to the disbursing agency.
d. The date when the contract was executed.
e. The date when a grant was disbursed in full.

CONNECT NC BOND CHANGE/DEBT AVOIDANCE

SECTION 40.9.(a) The General Assembly finds the following:
(1) The use of general obligation bonds can be an efficient method for financing needs of the State.

(2) Debt service, even on general obligation bonds, is a cost that can be avoided if the State has funds to directly pay for capital needs.

(3) Where the State provides a general obligation bond question to the voters, it is tantamount to representing both that capital improvements covered by the debt question are needed by the State and that the incurrence of debt for those purposes is the most responsible, cost-effective way of meeting those needs.

(4) If subsequent economic changes affect the validity of those representations, including where, as here, management of State resources has resulted in having sufficient funding for such capital improvements, thereby obviating the need to incur debt service costs, then such changes also affect the representations and assumptions on which the voters rely in voting for the issuance of the debt. Stated alternatively, voters make assumptions on the need for debt based on the amount and uses set forth in the ballot question, and, if circumstances change those assumptions, the State has an obligation to avoid associated costs if it would be inefficient to incur them.

(5) This section allocates funds to satisfy the needs and purposes for which indebtedness was originally authorized by the voters of this State pursuant to S.L. 2015-280. Accordingly, funding and debt service costs using the general obligation debt for such purposes would be redundant and would frustrate the assumptions made by (and the representations made to) the voters of this State at the time the debt obligation was approved by the voters as to the State's need.

SECTION 40.9.(b) For project code CNC21, the Office of State Budget and Management shall allocate the sum of two hundred fifty-eight million dollars ($258,000,000) for the purposes described in Section 1(f) of S.L. 2015-280, as amended by Section 36.7(a) of S.L. 2018-5. Funds allocated pursuant to this subsection will be used to fully fund all projects authorized and listed in S.L. 2015-280, and further debt authorized by that Session Law may not be used to increase the total funding for any project authorized above the applicable project amount provided in S.L. 2015-280.

SECTION 40.9.(c) The State Treasurer shall not issue more than an aggregate principal amount of one billion six hundred million dollars ($1,600,000,000) of general obligation bonds of the State authorized pursuant to Section 1 of S.L. 2015-280. The authority to issue additional bonds or notes previously authorized under S.L. 2015-280 above the amount provided in this subsection is repealed, and the bond referendum authorized by and held pursuant to S.L. 2015-280 no longer provides authority to issue further debt, other than refunding bonds, authorized by that act.

SECTION 40.9.(d) Subdivision (3) of Section 1(f) of S.L. 2015-280 is repealed.

SECTION 40.9.(e) Section 4(b) of S.L. 2015-280 reads as rewritten:

"SECTION 4.(b) Any funds retained by the Office of State Budget and Management pursuant to subsection (a) of this section at the time a project is completed shall be retained by the Office of State Budget and Management until reallocated for other purposes by the General Assembly. The Office of State Budget and Management shall report to the Joint Legislative Oversight Committee on Capital Improvements on any funds retained pursuant to this subsection within 90 days of a project's completion."

CAPITAL PROJECT REPORTING/OTHER CHANGES

SECTION 40.10.(a) It is the intent of the General Assembly to consolidate reporting for capital improvement projects. With the exception of the statutory requirements contained in
G.S. 143C-8-14, any reporting requirements imposed on capital improvement projects for State agencies authorized by a previous act of the General Assembly are hereby repealed.

SECTION 40.10.(b) G.S. 143C-8-13 reads as rewritten:

"§ 143C-8-13. Repairs and Renovations.

(1) Any project that receives an allocation or reallocation satisfies the requirements of subsection (a) of this section.

(2) If the allocation or reallocation of funds from one project to another under this section is two million five hundred thousand dollars ($2,500,000) or more for a particular project, the Office of State Budget and Management or the Board of Governors, as appropriate, shall consult with the Joint Legislative Commission on Governmental Operations—Fiscal Research Division on the initial allocation prior to the expenditure or reallocation of funds.

(3) If the allocation or reallocation of funds from one project to another under this section is less than two million five hundred thousand dollars ($2,500,000) for a particular project, On or before August 1 each year, the Office of State Budget and Management or the Board of Governors, as appropriate, shall submit a final report showing the allocation or reallocation of funds is reported during the preceding fiscal year to the Joint Legislative Commission on Governmental Operations and the Fiscal Research Division.

(4) If the funds were previously allocated for a repairs and renovations project that was not specifically allocated for by an act of the General Assembly; provided, however, if a project specifically allocated for by the General Assembly has been completed, then funds may be reallocated pursuant to this subsection.

..."

SECTION 40.10.(c) G.S. 143C-8-12 reads as rewritten:

"§ 143C-8-12. Capital improvement projects from sources other than the General Fund.

(a) University Projects. – Notwithstanding any other provision of this Chapter, the Board of Governors of The University of North Carolina may approve any of the following:

(1) Expenditures to plan a capital improvement project of The University of North Carolina, the planning for which is to be funded entirely with non-General Fund money and non-State Capital and Infrastructure Fund monies.

(2) Expenditures for a capital improvement project of The University of North Carolina that is to be funded and operated entirely with non-General Fund money and non-State Capital and Infrastructure Fund monies.

(3) A change in the scope of any previously approved capital improvement project of The University of North Carolina provided that both the project and change in scope are funded entirely with non-General Fund money and non-State Capital and Infrastructure Fund monies.

Nothing in this subsection shall be construed to prohibit expenditures for planning for a project that has been authorized by an act of the General Assembly and funded with an allocation from the State Capital and Infrastructure Fund.
(b) Carryforward Funds. – For purposes of this section, the term "non-General Fund money" and non-State Capital and Infrastructure Fund monies" includes funds carried forward from one fiscal year to another pursuant to G.S. 116-30.3 and G.S. 116-30.3B. These funds shall only be used for projects listed in G.S. 143C-8-13(a).

"...

ENGINEERING NC'S FUTURE

SECTION 40.11.(a) The General Assembly finds that the STEM Program Needs Assessment published by The University of North Carolina in 2019 highlighted the importance of STEM programs as drivers of economic investment, expansion, and employment throughout the State. The General Assembly has made significant investments to bolster health science programming with funding for capital improvement projects at the University of North Carolina at Chapel Hill, the University of North Carolina at Pembroke, and East Carolina University. In addition to the investments in the health sciences, the General Assembly is initiating Engineering N.C.’s Future with significant investments in key engineering programs at North Carolina State University, North Carolina Agricultural and Technical University, and the University of North Carolina at Charlotte. The investments in Engineering N.C.’s Future will support the continued growth of related economic investments and job opportunities in the State by expanding enrollment opportunities at these constituent institutions to enable more students to pursue an education in engineering fields. Engineering N.C.’s Future provides thirty-five million dollars ($35,000,000) among these constituent institutions for curriculum improvements, research equipment, and administration in this act. In addition, the General Assembly intends to provide ninety million dollars ($90,000,000) in funding for capital improvements at these constituent institutions over the next two years.

SECTION 40.11.(b) The funds allocated for project code UNC/ENG21 shall be allocated by the Board of Governors of The University of North Carolina in equal amounts among North Carolina State University, the University of North Carolina at Charlotte, and North Carolina Agricultural and Technical University. Funds allocated by the Board of Governors may be used by each recipient institution for capital improvements to existing buildings on that institution's campus that will allow for expanded offerings and enrollments related to that campus' engineering program. The Board of Governors may determine the priority and timing of funds allocated to the constituent institutions listed in this subsection.

SECTION 40.12. G.S. 143C-4-3.1(e) reads as rewritten:

SECTION 41.47.(a) G.S. 136-128 is amended by adding a new subdivision to read:

"(5e) "Sign not conforming to State standards" shall mean a sign which was legally erected but does not conform to the zoning, size, lighting, and spacing criteria established in State law, or State rules and regulations of the Department authorized by this Article and promulgated at a later date, or a sign which was legally erected but later fails to conform to the zoning, size, lighting, and spacing criteria established in State law, or State rules and regulations of the Department authorized by this Article."

SECTION 41.47.(b) Article 11 of Chapter 136 of the General Statutes is amended by adding a new section to read:

"§ 136-131.5. Relocation of lawfully existing outdoor advertising sign."

(a) Subject to subsection (c) of this section, in order to minimize the amount of just compensation due, whenever property on which a lawfully erected outdoor advertising sign is located is acquired by a public or private condemnor, as defined in G.S. 40A-3, or the Department of Transportation, and the acquiring party requires removal of the sign, or whenever the construction of a sound barrier wall would impair the visibility of a lawfully erected outdoor advertising sign, the eligible sign is permitted to be relocated and reconstructed, subject to all of the following requirements:

1. The new site for relocation is permitted to be any area within 660 feet of the nearest edge of the right-of-way of a highway on the National System of Interstate and Defense Highways or the federal aid primary highway system within the same zoning jurisdiction as the relocated site or, if the relocated site is within an unzoned city or county, then within the same territorial limits.

2. The new site for relocation must be conforming to State standards as set forth in this Article and pursuant to rules and regulations promulgated by the Department as authorized by this Article.

3. The new site for relocation must be along a highway on the interstate system or primary systems that has the same route number and letter or one of the same route numbers and letters as the highway adjacent to the relocated site.

4. The reconstruction of the outdoor advertising sign at the new site shall comply with G.S. 136-131.2.

5. The new site for relocation shall not be within an historic district lawfully established by a local city or county government pursuant to Part 4 of Article 41 of Chapter 136 of the General Statutes.
9 of Chapter 160D of the General Statutes, unless consented to by a resolution
adopted by the applicable local governing board.

(6) The new site for relocation shall not be adjacent to any scenic highway as
provided in G.S. 136-129.2; provided, however, if a relocated sign is already
adjacent to a scenic highway, it may be relocated within the same parcel.

(7) The construction work related to the relocation of the outdoor advertising sign
shall commence within one year after the date of removal.

The express allowances of relocation and reconstruction in this section shall apply to any
lawfully erected outdoor advertising sign anywhere within this State that is required to be
removed as a result of action taken by a public or private condemnor, as defined in G.S. 40A-3,
or the Department of Transportation, including such signs that are not subject to the jurisdiction
of the Department of Transportation.

(b) Subject to subsection (c) of this section, any outdoor advertising sign that does not
otherwise qualify for relocation as provided in subsection (a) of this section and for which there
is in effect a valid permit issued by the Department of Transportation pursuant to this Article is
permitted to be relocated and reconstructed subject to all of the requirements listed in
subdivisions (1) through (7) of subsection (a) of this section within the same parcel or an
adjoining conforming parcel. No sign shall be relocated pursuant to this subsection within 10
years from the date of the last relocation pursuant to this subsection, however, this temporal
limitation does not apply to relocations within the same parcel.

(c) A sign not conforming to State standards shall not be relocated pursuant to this section
unless the nonconformity is removed as part of the relocation.

(d) The Department shall not require additional permits, nor revoke any existing permits,
for any action taken pursuant to this section. The Department may require within 30 days of the
completion of any action taken pursuant to this section an addendum to an existing permit
showing or describing the changes to the conditions of the outdoor advertising sign. The rights
set forth in this section shall attach to a permit issued by the Department of Transportation and
shall expire with the voluntary cancellation of such permit or after the permit has been lawfully
revoked and any appeals pursuant to G.S. 136-134.1 have been exhausted. The rights set forth in
this section do not run with or attach to the land."

SECTION 41.47.(c) This section becomes effective January 1, 2022, and applies to
signs legally erected or that require removal on or after that date.

SECTION 42.4.(b) G.S. 105-153.5(a)(2) reads as rewritten: "(2) Itemized deduction amount. – An amount equal to the sum of the items listed in this subdivision. The amounts allowed under this subdivision are not
subject to the overall limitation on itemized deductions under section 68 of the Code:

a. **Charitable Contribution.** – The amount allowed as a deduction for charitable contributions under section 170 of the Code for that taxable year, subject to the following provisions:

1. **Distributions from IRAs.** – For taxable years 2014 through 2018, a taxpayer who elected to take the income exclusion under section 408(d)(8) of the Code for a qualified charitable distribution from an individual retirement plan by a person who has attained the age of 70 1/2 may deduct the amount that would have been allowed as a charitable deduction under section 170 of the Code had the taxpayer not elected to take the income exclusion.

2. **Charitable Giving During COVID-19.** – For taxable year 2020, years 2020 and 2021, notwithstanding G.S. 105-228.90(b)(7), G.S. 105-228.90(b)(7) and for purposes of this sub-subdivision, the term "Code" means the Internal Revenue Code as enacted as of January 1, 2020. For taxable years beginning on or after January 1, 2021, a taxpayer may only carry forward the charitable contributions from taxable years 2020 and 2021 that exceed the applicable percentage limitation for the 2020 and 2021 taxable years allowed under this sub-subdivision. The purpose for defining the Internal Revenue Code differently for the 2020 and 2021 taxable years is to decouple from the modification of limitations on charitable contributions during 2020 allowed under section 2205 of the CARES Act and section 213 of the Consolidated Appropriations Act, 2021.

b. **Mortgage Expense and Property Tax.** – The amount allowed as a deduction for interest paid or accrued during the taxable year under section 163(h) of the Code with respect to any qualified residence plus the amount allowed as a deduction for property taxes paid or accrued on real estate under section 164 of the Code for that taxable year. For taxable years 2014 through 2020, the amount allowed as a deduction for interest paid or accrued during the taxable year under section 163(h) of the Code with respect to any qualified residence shall not include the amount for mortgage insurance premiums treated as qualified residence interest. The amount allowed under this sub-subdivision may not exceed twenty thousand dollars ($20,000). For spouses filing as married filing separately or married filing jointly, the total mortgage interest and real estate taxes claimed by both spouses combined may not exceed twenty thousand dollars ($20,000). For spouses filing as married filing separately with a joint obligation for mortgage interest and real estate taxes, the deduction for these items is allowable to the spouse who actually paid them. If the amount of the mortgage interest and real estate taxes paid by both spouses exceeds twenty thousand dollars ($20,000), these deductions must be prorated based on the percentage paid by each spouse. For joint obligations paid from joint accounts, the proration is based on the income reported by each spouse for that taxable year.
SECTION 42.4.(c) G.S. 105-153.5(c2) reads as rewritten:

"(c2) Decoupling Adjustments. – In calculating North Carolina taxable income, a taxpayer must make the following adjustments to the taxpayer's adjusted gross income:

(1) For taxable years 2014 through 2025, the taxpayer must add the amount excluded from the taxpayer's gross income for the discharge of qualified principal residence indebtedness under section 108 of the Code. The purpose of this subdivision is to decouple from the income exclusion available under federal tax law. If the taxpayer is insolvent, as defined in section 108(d)(3) of the Code, then the addition required under this subdivision is limited to the amount of discharge of qualified principal residence indebtedness excluded from adjusted gross income under section 108(a)(1)(E) of the Code that exceeds the amount of discharge of indebtedness that would have been excluded under section 108(a)(1)(B) of the Code.

(18) For taxable years 2020 through 2025, a taxpayer must add the amount excluded from the taxpayer's gross income for payment by an employer, whether paid to the taxpayer or to a lender, of principal or interest on any qualified education loan, as defined in section 221(d)(1) of the Code, incurred by the taxpayer for education of the taxpayer. The purpose of this subdivision is to decouple from the exclusion for certain employer payments of student loans under section 2206 of the CARES Act or under the Consolidated Appropriations Act, 2021.

(20) For taxable years beginning on or after January 1, 2023, a taxpayer must add the amount of any expense deducted under the Code to the extent that payment of the expense results in forgiveness of a covered loan pursuant to section 1106(b) of the CARES Act, and the income associated with the forgiveness is excluded from gross income pursuant to section 1106(i) of the CARES Act. The term "covered loan" has the same meaning as defined in section 1106 of the CARES Act; the expense is allocable to income that is either wholly excluded from gross income or wholly exempt from the taxes imposed by this Part.

(21) For taxable years 2021 and 2022, a taxpayer must add an amount equal to the amount by which the taxpayer's deduction under section 274(n) of the Code exceeds the deduction that would have been allowed under the Internal Revenue Code as enacted as of May 1, 2020. The purpose of this subdivision is to decouple from the increased deduction under the Consolidated Appropriations Act, 2021, for business-related expenses for food and beverages provided by a restaurant.

(22) For taxable years 2021 through 2025, a taxpayer must add the amount excluded from the taxpayer's gross income for the discharge of a student loan under section 108(f)(5) of the Code. The purpose of this subdivision is to decouple from the exclusion from income for the discharge of a student loan under section 9675 of the American Rescue Plan Act of 2021.

(23) For taxable year 2020, a taxpayer must add the amount excluded from the taxpayer's gross income for unemployment compensation received by the taxpayer under section 85(c) of the Code. The purpose of this subdivision is to decouple from the exclusion from income for unemployment compensation under section 9042 of the American Rescue Plan Act of 2021."
